(1600 hrs-2100 hrs)

Wings, Munchie Baskets, Burgers, Salads, Sandwiches
We play sporting events on our large TV's.

COMMAND SERGEANT MAJOR'S CORNER

Be careful out there...

South Mississippi's weather is starting to warm up. That means for us motorcycle riders, it's time to pull our two-wheeled motor vehicles out of the garage and burn up the highways.

Take note that safety should be your top priority before and during your ride. I came across this safety article on a privately-owned motorcycle crash that claimed one Soldier's life and wanted to share it with you:

"A Fort Bragg Soldier died from injuries sustained in a two-vehicle crash. The Staff Sgt. was riding his Kawasaki Ninja ZX 10R 1K when he attempted to pass a dump truck in front of him. As he was passing to the left of the dump truck, a Honda Civic in front of the truck turned left into the Soldier's path. He struck the Honda and was thrown from the motorcycle.

The Staff Sgt. was pronounced dead at the scene, according to police. Both the Soldier and driver of the Civic used turn signals. The civilian driver will not face charges in connection with the incident. Police confirmed that the Staff Sgt. was licensed, insured and wearing all his required protective gear."

I pray for this Soldier and his/her Family. This Soldier was probably in a hurry and paid the ultimate price for it. And even though this Soldier was wearing all required Personal Protective Equipment, it still wasn't enough. Because of his/her careless decision, the Family must live day-to-

day without their loved one. Don't be this Soldier. Drive responsibly and always think "safety first."

This month we observe Asian-Pacific Islander Month and we'll be raising money for the Muscular Dystrophy Association (Cool and Casual Day Program).

Asian-Pacific Americans have been part the United States for more than 150 years. The common American perception tends to lump all Asians together into one racial group, without distinct ethnic and cultural differences. There are many differences in language, food and religion among Asian-Pacific Americans as among other ethnic groups or nationalities.

This month, Camp Shelby will participate once again, in the MDA's Cool and Casual Day Program to help raise funds for the MDA. The MDA is a non-profit organization dedicated to the cure and treatment of over 43 neuromuscular diseases. This is a fun program that allows employees to purchase t-shirts or bracelets from MDA to dress down for the day. The funds that we raise will stay in Mississippi to provide wheelchairs, braces, clinic visits, summer camps for children and vital research. Note that, participation in this event is on voluntary basis. But I know we will have a great turnout in participation like we do every year.

The case lot sale that was held April 25 and 26 was a huge success. I hope you participated in the event and were there to catch some good deals. We have had numerous case lot sales before and it doesn't surprise me that we had a great turn-out. Thanks to the MWR staff for their coordination on this event and other elements of the planning process.

And lastly, thanks to the University of Southern Mississippi baseball team for having their Military Appreciation Game to honor us. The command staff was on hand for the event and even Col. Smith was selected to throw out the first pitch. I can't speak highly enough about our relationship with the community. We value our relationship and partnership with local agencies and communities that surrounds Camp Shelby.

May God continue to bless you, your Families and all of our brothers and sisters in arms, wherever they may be.

Godspeed and SOLDIERS FIRST!

Cmd. Sgt. Maj Steven Chancellor

Meet Charles Mitchell...

By **DANA ELISE SMITH**
CSJFTC Public Affairs

Specialist Charles J. Mitchell serves in the Headquarters and Headquarters Detachment supply section at Camp Shelby Joint Forces Training Center. His job is to assist in issuing everything from clothing and meal cards to equipment and weapons. He is also responsible for keeping detailed records of issued supplies and providing office supplies to other sections and directorates at CSJFTC.

"I really enjoy working in this unit because of the professional and personal standards that I find here on a consistent basis," said Mitchell. "My coworkers, despite position or rank, are more like family members who share their lives to each other with everyone working towards a common goal to see each mission through."

Mitchell

PERSONNEL PROFILE ENLISTED

The Petal native has more than 18 years of military service. He served in the U. S. Navy as a Hospital Corpsman and with the U.S. Marine Corps as part of the Fleet Marine Force where he received Marine Corps battlefield training on weapons, tactics, and specialized field medicine.

He earned a degree in nursing from the University of Southern Mississippi and works as a Registered Nurse at Wesley Medical Center. He worked in various departments to include the emergency room, medical surgery, cardio and pulmonary, labor and delivery, nursery and hospice.

In his spare time he enjoys riding his motorcycle, fishing, SCUBA diving and visiting beaches and mountains. Most of all, he enjoys time with his daughter, Lauren, 16.
