# Windward Marine

Vol. III, No. 14

U. S. MARINE CORPS AIR STATION KANEOHE BAY, T. H.

Friday, July 16, 1954

## LT. COL. PHILLIPS IS NEW MCAS DISBURSING OFFICER; HAS 37 YEARS MARINE SERVICE

Lt. Col. Clinton A. Phillips, a veteran of 37 years service, this week took over duties as disbursing officer at the Air Station.

The officer, who just arrived here after serving with the 1st Marine Air Wing in Korea for more than a year, entered the service as an enlisted man in July, 1917, at Seattle, Wash., and has since served in such far flung

## MARINES MAY WEAR KOREAN PUC RIBBON

Members and former members of the Marine Corps and Navy may now wear individual foreign awards and the Korean Presidential Unit Citation for service in Korea provided they meet certain qualifications. It is announced.

ACCORDING TO A recent Bureau of Personnel instruction, in order to be eligible for these awards, personnel must have served subsequent to June 26, 1950, within the territorial limits of Korea or in waters immediately adjacent thereto during the period of hostilities in Korea and for one year thereafter. Personnel of the government of the foreign nation tendering the decorations must be participating with or under the United Nations Command in Korea. The awards must be those which are conferred by such governments upon members

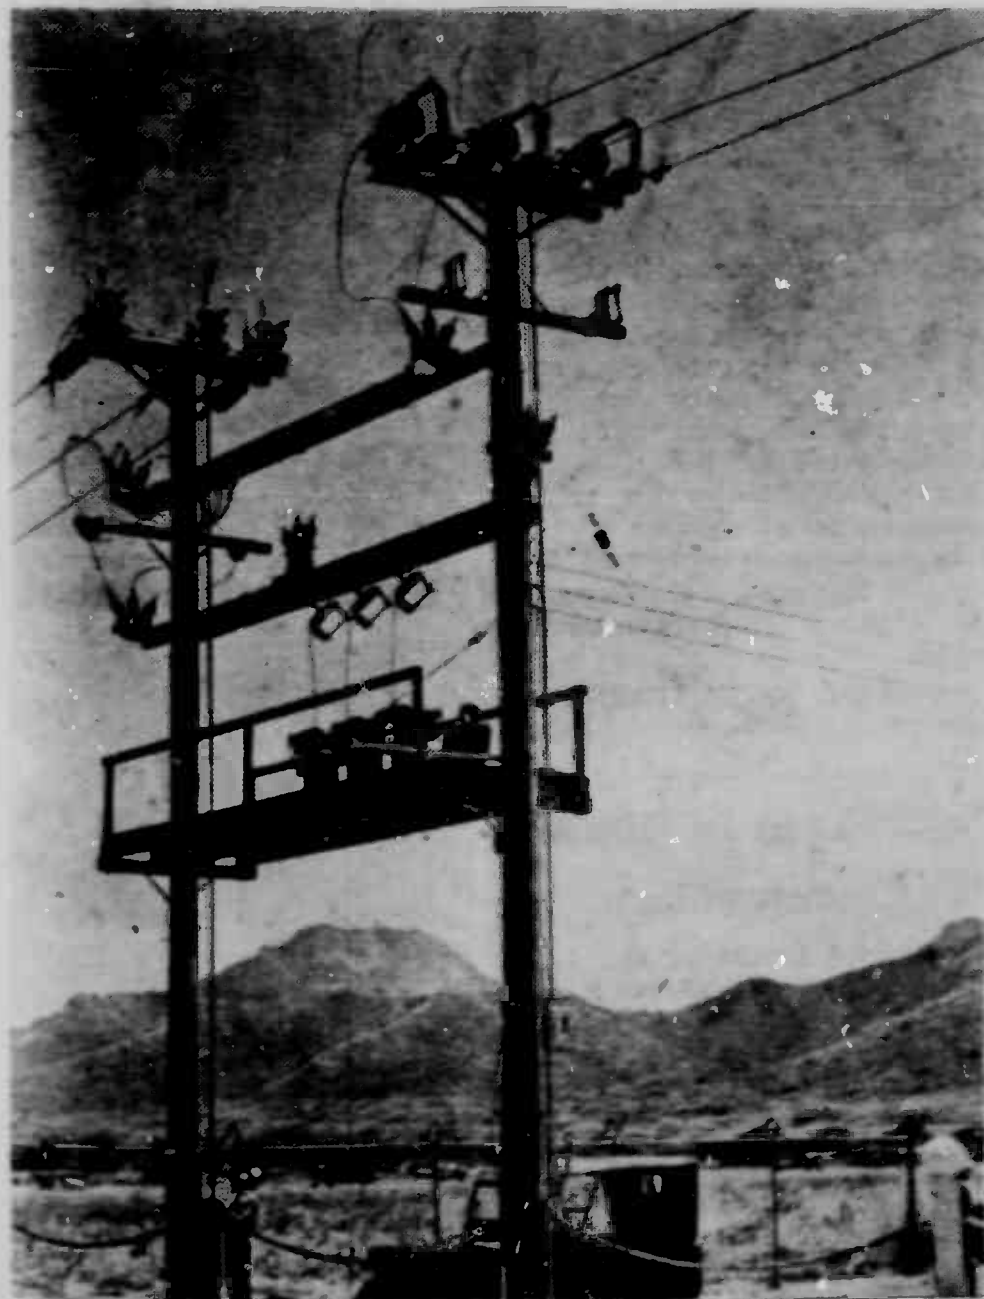

LT. COL. PHILLIPS  
Is "Old Corps" Marine

campaigns as Nicaragua in 1930, Saipan during World War II and the Occupation of Japan by the Second Marine Division, as well

(Continued on page 2)

## NEW "H" FRAME IS CONSTRUCTED

FOR POWER—Pictured above is the completed version of the new switching arrangement, called the "H" frame, which has been installed at the main gate of the air station by the public works department. The structure is the first switching point in the main power service to the station and the transformer station for security lighting at the main gate. Having been lifted into place in one piece, the operation required interruption of the main source for only one day.

## CMC Extends Congratulations For Local Drive

Lt. Gen. Franklin A. Hart, commanding general of Fleet Marine Force, Pacific, this week received a dispatch from the Commandant of the Marine Corps, extending congratulations for the success achieved in the Marine Corps Memorial drive.

The dispatch read as follows: "I extend to you and all Marines of your command my sincere thanks and hearty congratulations for outstanding success achieved in the current memorial project drive. This generous response, which exceeded the goal of one dollar per man, is truly indicative of loyalty of your officers and men and their desire to meet our responsibility to complete this worthy project. A well done to all." The dispatch was signed by Gen. Lemuel C. Shepherd, Jr.

According to Maj. William Zaro, who was a representative in the local drive, Kaneohe donated a total of \$2,334.76, which was included in the total donations from Fleet Marine Force, Pacific.

## "E" Stickers Revoked July 21

CWO Lewis C. Riddle, assistant provost marshal, announced this week that motor vehicle stickers for enlisted personnel will be voided on July 21 in the 21000 and 22000 series.

AS A RESULT, automobiles must be re-registered with the provost marshal's office from July 19 through 21. The registration office will be open until 6 p.m. each of these days for this purpose, Mr. Riddle said.

The following requirements must be met for the vehicle to be re-registered:

- (1) Either proof of ownership or a conditional sales contract.
- (2) A valid operator's permit (This must be a Territorial permit if the operator has been in the Islands for 90 days or more.)
- (3) Proof of insurance with minimum coverage of \$5,000/\$10,000 public liability and \$1,000 property damage.
- (4) The vehicle must bear a current Territorial safety sticker.

Reason for the re-registration, according to CWO Riddle, is the fact that approximately 25 vehicles are being picked up each week which are improperly registered or the operators have failed to meet the above qualifications.

## EXCHANGE PATIO STUDIO NOW OPEN ONLY 3 DAYS

During the duration of July, the Marine exchange photo studio will be open on Thursday, Friday and Saturday of each week only, according to 2nd Lt. Ronald B. Slepik, exchange officer.

Throughout the month of August, the shop will be open on Monday through Wednesday only. Regular hours will be maintained during these days, however.

## PACK HOWITZER MARINE GETS CITIZENSHIP PAPERS; ENDS LONG STRUGGLE FOR LIBERTY

From a Siberian labor camp to citizenship in the United States via the Marine Corps is the story of 20-year-old Pfc Marian Golonka.

The Marine received his final citizenship papers on July 12 at Honolulu, T.H., some 15 miles from here where he is serving with the pack howitzer battery attached to the 1st Provisional Marine Air-Ground Task Force's amphibious reconnaissance group.

## Ex "Big Switch" Officer Is New Task Force C/S

An officer who was decorated for his part in "Operation Big Switch," the exchange of war prisoners in Korea, has reported to the 1st Provisional Marine Air-Ground Task Force to as-

GOLONKA WAS SIX years old when the Germans and Russians turned his Polish homeland into a battlefield. His father, an officer in the Polish army, was massacred as one of the 10,000 Polish officers who were killed at Katyn. For many years, the crime was credited to the Germans but later investigations showed it had been carried out by Russian soldiers.

Shortly after, the Marine, his mother, an older brother and two sisters were sent to Siberia. Being too young for physical labor, Marian and his younger sister were sent to a Russian school, while his mother and brother

LT. COL. DEMOSTHENES

sume duties as chief of staff.

Marine Lt. Col. Theodore A. Demosthenes, who just arrived from the Far East where he served with the 1st Marine Division, will relieve Lt. Col. George R. Stallings. The latter officer is being transferred to the Naval Ammunition Depot, Hawthorne, Nev., where he will command that installation's Marine detachment.

Lt. Col. Demosthenes was awarded the Commendation Medal with Combat "V" prior to departing from Korea. As commanding officer of a battalion of the Fifth Marine Regiment, he was responsible for maintaining Marine lines through which prisoners were brought back to friendly hands during the prisoner exchange. A former football star at the University of Nevada, he is a veteran of 52 months overseas duty, having enlisted in January, 1941.

In addition to combat in Korea, he also served in the Okinawa campaign during World War II.

## MX Cafeteria Will Close Two Weeks

The Marine Corps exchange cafeteria will be closed for two weeks, according to Richard Shelley, director.

SHELLEY SAID that the cafeteria would undergo renovation and would be closed during the period July 19 through Aug. 1.

During the two weeks, the Patio Snack Bar will be open from 7 a.m. each day. No lunches will be carried on the mobile units, Mr. Shelley revealed.

PFC GOLONKA

"I can quit running now."

toiled in the Communist coal mines. For the next two years, it was a succession of one mine

(Continued on page 2)

## WINS MACS AWARD

MARINE OF MONTH—Marine Sgt. Raymundo G. Gutierrez has been named June's Marine of the Month by MACS-2. The sergeant, who entered the Marine Corps in June 1952, received a commending letter from Maj. Gen. Christian F. Schilt, commanding general of Aircraft, Fleet Marine Force, Pacific. The award was based upon his outstanding performance of duty.

## NOT INVADERS FROM MARS

**TRAINING PERIOD**—Headquarters of the 1st Provisional Marine Air Ground Task Force is currently undergoing gas mask training as part of its basic training course. Above, M/Sgt. James Newell, first sergeant for the headquarters company, gives the trainees a lecture on the proper method of putting the gas mask on. The men could be mistaken for invaders from another planet.

## On the Cuff . . .

By Sgt. Don Fergusson

Peek in the door of Barracks 222, where live the men of the headquarters section of the 1st Provisional Marine Air-Ground Task Force, and you'll swear that Long John Silver slept there.

It all began when a corporal by the name of Dick Chenney was transferred to the unit. Some of his clothes fit his six foot, six inch frame and some didn't. A number of his trousers were so short he was forced to get high-top stockings to hide his bare ankles.

But, at least, the problem of non-fitting garments could be solved by a special clothing requisition, but the problem of how to sleep could not.

When the dismayed lad hit the rack in the evening time, it was necessary for him to dangle his tootsies off the end of the bunk. It was either that or stick his noggin through the cross bars at the other end. And, Dick preferred to have his toes bitten by the "skeeties" rather than suffer an itchy nose.

Dick was too long, or the bunk was too short. Should they survey Dick or the bunk? It was a confusing problem, but finally a solution was reached and now Long John Chenney again sleeps like a babe in arms.

A few of his friends got together and constructed a monstrosity made from two bunks. The bunk alignment in Barracks 222 is as straight as eternity, except, that is, in one place. And that is where Dick hits the pad.

"My feet got pretty lonesome out there by themselves, but now they're happy being inside the bed with the rest of me."

That's all Dick had to say.

Another job well done by your 1st Provisional Bunk Building Battalion.

Dear Mom . . .

You know, the most wonderful person in all the World is YOUR mom. She's always been that person who rubbed your head when you were sick and stood up for you when others put thumbs down. As would an angel, she's watched over you ever since you can remember.

And now that you're in Hawaii, have you forgotten her? We'll bet there's only one thing she wants right now. That one thing is a letter from her son.

It isn't Mother's Day. But it should be. Every day.

Went to training this week and M/Sgt. Robert Mason was giving instruction on the M-1. We proceeded to field strip the pieces, under his direction, as we noticed him sneak around to the rear of the room.

It happened when the weapons were completely torn down. He switched out lights and said, "Alright now, put 'em back together."

When the lights came back, I found the strangest looking thing lying on my lap.

I now have the only M-1 in existence that can fire both semi-automatic and full automatic from the butt plate well.

## Director Uses Combat Vets For Saipan Movie

**HOLLYWOOD, CALIF.** (AFPS)—Director Raoul Walsh thinks that for a combat picture you need combat men. For his latest picture, "Battle Cry," he selected a cast with fine fighting records.

**VAN HEFLIN** WAS an AAF lieutenant in Europe during WW-II. Aldo Ray, an underwater demolition man, and James Whitmore, a machine gun officer, both participated in the Saipan invasion depicted in the film.

Glenn Denning, a Marine lieutenant, fought in the Marshalls, the Carolinas and the Philippines. He was recommended for the Silver Star for heroism in Korea. He returned from Korea only a few weeks before production began on "Battle Cry."

**DIRECTOR WALSH** TOOK no chances that his actors would slip out of character while battle scenes were being filmed during Marine maneuvers on Vieques Island. The actors lived in tents at the Marine camp, made their own beds, stood in the chow line and took marching and gunnery drills.

## RADIO CLUB PICKS NEW OFFICERS

The Kaneohe Bay Amateur Radio club this week announced the election of new officers.

**REPLACING WO ROY DAWSON**, MAG-13, as prexy was Merle Kime who is adjutant of MAG-13. Cpl. Perry Pederson, H&MS-13, relieved T/Sgt. William Berlet of HMR-361 of the vice-president position. Elected to the post of secretary was Cpl. John Kostin of H&MS-13. The fourth executive office, treasurer-trustee, was filled by WO Tom Creighton of H&MS-13, relieving Mr. Russ Fillinger, Raytheon field engineer and one of the originators of the club.

A new standing committee was appointed by President Kime during the club's last meeting. The committee consisted of Cpl. Pederson, chairman, and Mr. Fillinger, Lt. Edwin Ackley and S/Sgt. Gerald Dawson, members.

## Musical Quizzer

**PIXIE**—Betty Ann Grove, star attraction of NBC-TV's "Big Pay-off," poses prettily before letting loose with some of her talent on the quiz show. Betty Ann sings, dances and pantomimes musical questions to entertain contestants on stage and viewers at home.

## COMMISSARY INVENTORY

The station commissary store will be closed for inventory July 28, according to a station bulletin published this week. The facility will resume business at 12 noon on July 29.

## HOWITZER MARINE Marines May Wear

(Continued from page 1)

after another, first in Siberia, then Kazakhstan, and finally in the city of Buzauku. Before leaving Siberia, his younger sister became ill and died as a result of inadequate medication.

**AT BUZAUKU**, THE Polish army was being reorganized, since the Russians and Germans had become locked in mortal combat in other areas and had lost immediate interest in this sector. At the age of nine, young Golonka became a member of the Polish army and was sent to Iran, where he served for six months. Released from the army, he and his family managed to get to India, where they spent five months in Karachi, before moving on to Mexico in search of a new life. The Golonka family spent seven years in Mexico and finally entered the United States under a displaced persons quota.

After three years at Holy Trinity high school in Chicago, Golonka entered the Marine Corps. This was in June, 1953. After recruit training at Marine Corps Recruit Depot, San Diego, Calif., he found himself at Twenty-Nine Palms, the Marine Corps training center in the desert-like Imperial Valley. There he sought aid from a sympathetic officer, 1st Lt. R. J. Dennis, and began working toward the day when he would become a citizen.

**TRANSFERRED** here in April, 1954, he sought help from 1st Lt. Edwin J. Walbert, executive officer of the howitzer battery to which he was assigned. Transfer of citizenship proceedings from the Mainland was carried out and Pfc Marian Golonka came to know the full meaning of the words: UNITED STATES Marine Corps, which follow his name, rank and serial number.

As the document declaring him a citizen was presented, the youth had only one short statement to make:

"I CAN QUIT RUNNING NOW."

## Task Force Is Filmed For Documentary

Ground troops of the 1st Provisional Amphibious Recon Group and jet aircraft of Marine Air Group 13 were filmed this week for inclusion in a documentary film on Hawaii which is being produced by Avis Films of Hollywood, Calif.

**NORRIS EWING**, producer for the company, requested action footage of both air and ground elements here. The air-ground demonstration presented Wednesday for guests of the Secretary of the Navy makes up the greater part of the color film footage.

(Continued from page 1)

of their own military forces. The Navy instruction listed the following units of the Marine Corps as having been awarded the Korean Presidential Unit Citation for service in Korea:

**1ST PROVISIONAL MARINE BRIGADE**, Aug. 2, 1950—Sept. 27, 1950; 1st Marine Aircraft Wing, Aug. 3, 1950—Feb. 26, 1951; 1st Marine Division, Sept. 15, 1950—July 27, 1953 and the 1st Marine Aircraft Wing, Feb. 27, 1951—June 11, 1953.

The instruction pointed out that personnel eligible for individual decorations or the Korean PUC for service in Korea, are authorized to purchase and wear the appropriate ribbons on the uniform.

The ribbons, the instruction said, are to be worn after all United States and United Nations ribbons, and after all other foreign awards. Oak leaf clusters are to be worn on the ribbon for second awards.

## LT. COL. PHILLIPS

(Continued from page 1)

as the Korean War. In the Far East, he was awarded the Legion of Merit for outstanding performance of duty.

**THE DISBURSING OFFICER** was appointed as a warrant officer in 1926, raised to commissioned warrant officer in 1932, and was commissioned as a first lieutenant in 1942.

He served as Marine Corps allotment officer in Marine headquarters in 1948, 1952 and 1953, prior to reassignment to Korea.

**THE "OLD CORPS"** Marine relieves Maj. Mitchell O. Sadler, who is being transferred to Camp Lejeune, N.C., following two years here.

## 'Copter Makes Debut

**"PINWHEEL"**—The Navy RH-1, the first U.S. rocket-powered helicopter, hovers over Los Alamitos Naval Air Station, Calif., in its 1st public demonstration. The "Pinwheel," under development for four years, is propelled by two thumb-size rocket engines in the tips of the rotor blades.

# The Sea-Searching Sailors-----

By SGT. DON FERGUSON

Marine Corps Photos By Sgt. Dave Krum

**AN EAR-SPLITTING ALARM** is sounded. A pilot is down at sea.

**EVERY SECOND IS** precious from then on and Navy Chief William J. McDonough and crew of the Marine Corps Air Station operations boat house know how to use that valuable time.

**THEIR PRIME MISSION** is search and rescue in the waters off Kaneohe Bay.

**THEIR BIG 63-FOOT AVR** search and rescue boat, which is tied up in the boat house, is ready for use 24 hours a day due to the efforts of the crew which watches over her like a mother hen over its chicks. Chief McDonough teaches his men the necessity of keeping the boat ship-shape.

**"IF WE CAN** save a life out there in the sea, it's worth the trouble," the chief declared. "We don't like to hear that alarm, because it means there's a pilot down wondering whether he's going to live or drown. When we do hear it, however, we're fully prepared."

**DURING PAST MONTHS**, crashes have been at a minimum here at the air station, but the boat crew has not slacked off on its readiness program.

**DURING CARRIER LANDING** exercises, the boats from the boat house are placed in the orbit of flight of the aircraft. If one of the planes should happen to fall into the sea, the rescue crew is there, ready to pull the pilot of the aircraft to safety. Inside the hull of the vessel, room is provided for six downed pilots. Medical gear is available on the craft and its personnel are trained for emergencies.

**ONE** of McDonough's crew is considered the spunkiest sailor that ever hoisted a sail.

**McDONOUGH** says this particular crew member, when hearing the roar of the motors, is always first on board, and always first off. This is Rear Rear Admiral Bing, the crew's mascot.

**"HE** might be a dog," the chief admits, "but he's like part of the crew."

**CHIEF** McDonough reveals that Bing was a full admiral at one time, but after pulling one of his pranks, was busted at a court-martial.

**REASON** for disciplinary action was the fact that the mascot insisted upon unceremoniously nipping the heels of a visiting admiral. The dog has since resigned itself to catching mice in the boat house.

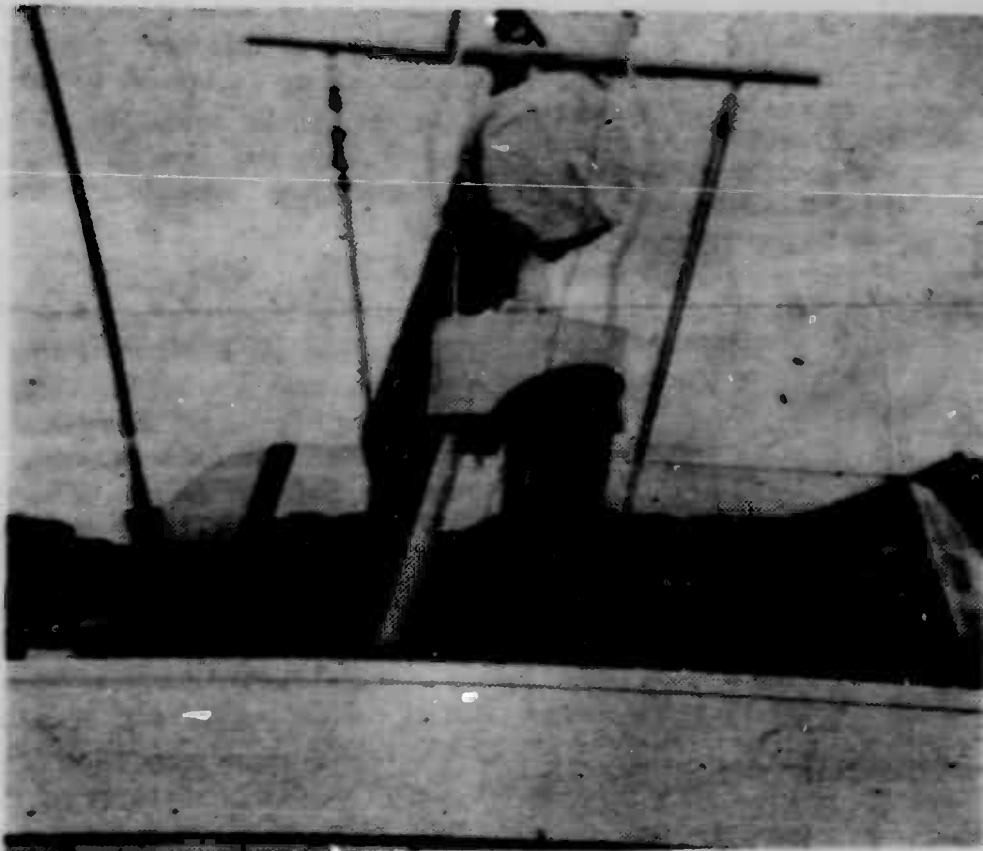

**IN ADDITION** to the 63-foot AVR, the chief's group also mans an AVR 36, which is used for inshore rescue, and an LCS which sweeps the bay area prior to seaplane landings. In addition, the AVR 36 and the LCS are used to guide larger boats into the bay.

**EACH** time there is an exercise in which jet planes of Kaneohe-based units zoom over the surrounding waters. McDonough's group is ready and waiting for what could happen if a pilot should suddenly be carried below with his falling aircraft. And if the worse should happen, the pilot's chances of making it back are good.

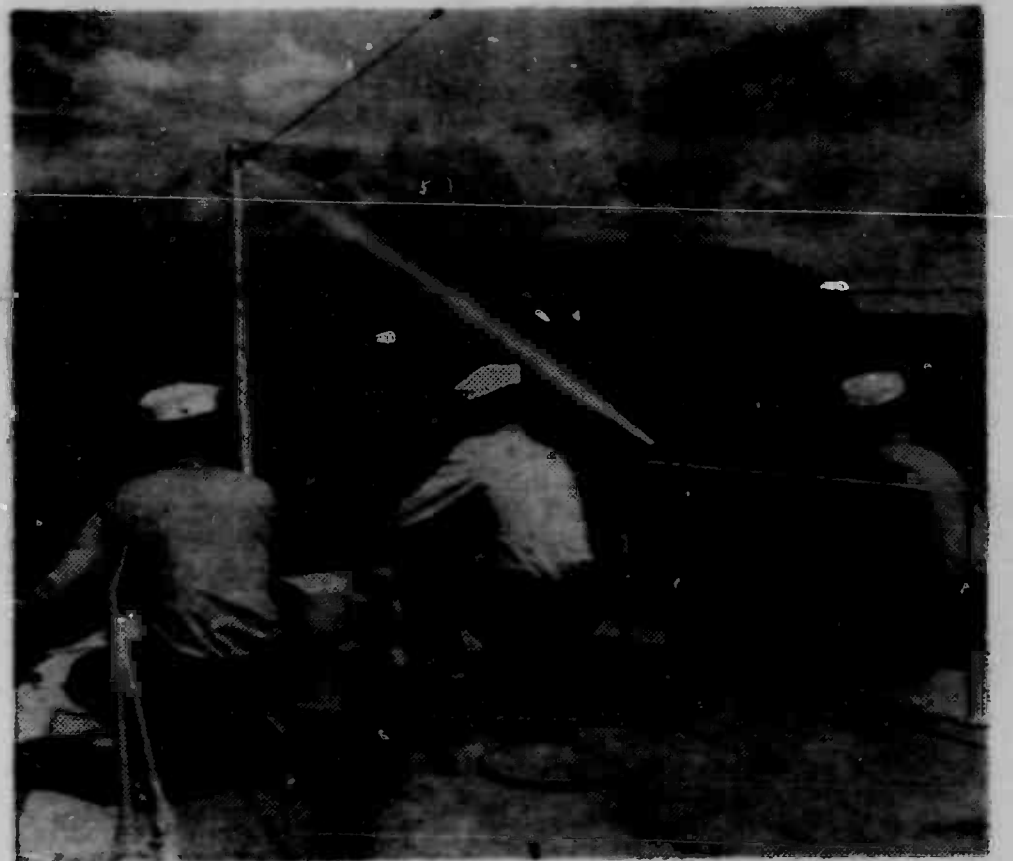

**MANY** have put their trust in the "salty" rescue chief.

Above, is the 63 foot AVR search and rescue boat used by the crew of Navy Chief William J. McDonough, who is in charge of the MCAS operations boat house. The AVR is gasoline driven, holds six downed pilots, plus crew, and will travel at a speed of 34 knots.

Chief McDonough is always at the wheel. Above, he steers the vessel into the waters of Kaneohe Bay where he and his crew practice readiness drills. The chief preaches to his men to keep in shape, for any moment of the day a pilot's life may depend on quick action from the rescue boat.

Three crew members, BMI Buford Scaff (left), SA R. J. Martin (center) and SN R. A. Stripe practice with the water monitors which are attached to the bow of the ship at the port and starboard and used for fighting fires.

The deck of the craft is large and provides ample space to move around in as Bing demonstrates. Below deck, the crew's quarters are roomy and are provided with ample locker space. Also, officer's quarters and sick bay are included below the main deck.

Chief McDonough talks it over with one of his crew. They call him the spunkiest sailor that ever hoisted a sail. He's their mascot, Rear Rear Admiral Bing. He listens intently to any orders from the chief, but receives only a dog biscuit.

Listen Each Saturday

LEATHERNECK SHOW  
1 p.m. over Radio KANI (1150)

# Windward Marine

**BASEBALL SCHEDULE**  
July 17: Hickam, here 2 p.m.  
July 18: SubPac, here 2 p.m.

## SOFTBALLERS END SEASON IN FOURTH PLACE; WHIP NB 3-2

Frank Reeve's Kaneohe softball team closed out its 1954 softball season Tuesday night on the Air Station diamond by derailing a top-notch Naval Base club 3-2.

John Moore and John Shellito hit homers in the fourth frame to help the Windward Leathernecks to a well-earned victory. John Boden, K-Bay star pitcher, turned in one of his best performances of the year for Kaneohe by allowing the Bluejackets only one hit.

**THE LEATHERNECK** softballers went out in front with Moore and Shellito racking Pitcher Dick Beyers in the fourth for two successive homers.

It didn't take the Bluejackets long to knot the count. In the fifth inning, Boden's outside throws let Catcher Bill Heffelfinger take an evening stroll to the first sack.

**AT THIS POINT**, however, things looked dim for the Marine team as bases were loaded on K-Bay miscues in the outfield. Boden, fanned two, but Bob Plate, first sacker for Naval Base, hit a "shakey" line drive down the first base line to score Heffelfinger and Jim Paul. The Bluejackets couldn't keep up the pace in this inning and their threat ended.

Shellito came on the scene, again, as he walked to first, then stole second on a wild pitch. Art Roberts smacked a double which was much needed to score the third baseman.

**BODEN WAS THE** winning pitcher, while Pete Holley of the Bluejackets was charged with the loss. He relieved Beyers on the hill in the fourth. The Windward Leathernecks captured fourth place in the loop with a 12-9 won and lost record.

## DIAMOND NINE STILL IN CELLAR WITH .183 AVERAGE; SUBPAC LEADS

The Kaneohe Marine baseball team, which in the cellar of the Armed Forces baseball loop, has a team batting average of .183, according to the league statistician, Doug Duitzman. Sub Pac paces the league with a .285 mark.

In individual figures, Al Moore, SubPac outfielder, leads the circuit with a .367 mark. Statistics follow:

TEAM BATTING				
Team	AB	H	R	Pct.
SubPac	1,278	364	201	.285
Army	1,249	352	222	.282
CinCServPac	1,181	293	207	.248
Barber's Point	1,180	264	134	.224
P.H. Marines	1,129	241	148	.213
Hickam	1,160	244	139	.210
Naval Base	1,139	229	123	.201
Coast Guard	1,039	200	129	.193
KANEOHE	1,140	209	103	.183

INDIVIDUAL BATTING				
	AB	H	R	Pct.
Moore, SubPac	139	51	19	.367
Peiler, Army	139	48	19	.356
Kupper, SubPac	141	42	24	.348
Miyamoto, Army	147	50	35	.340
Taylor, CinCServPac	136	44	23	.324
Hubacek, P.H. Marines	84	27	19	.321
Webb, Barber's Point	135	42	16	.311
Good, SubPac	148	45	16	.304
Gonzales, SubPac	142	42	32	.296
Roger, Coast Guard	126	37	17	.294
Olick, P.H. Marines	109	32	14	.294
Kam, Army	82	24	8	.293
Northam, ServPac	134	39	41	.291
Bunda, Army	134	39	26	.291
Sterger, ServPac	138	39	27	.283
Stewart, Kaneohe	139	39	21	.281

(Includes all players who have been at bat at least 70 times through June 30.)

## MARINE GOLFER

**TEAM HOPEFUL**—Maj. Gordon Hodde, VMF-232, is being counted on by his Marine teammates to bring them out of a slump in the Inter-Service Golf championships which got underway this week. Hodde fired an 81 in the first round Tuesday afternoon, but the Leatherneck team is still in fourth place with 510 strokes. Army with a six-man team, leads with 460 strokes.

## RIFLE TEAM WILL COMPETE AT HILO TOMORROW, SUN.

The Air Station's rifle team will engage in the Sixth Annual All-Service Rifle Tournament tomorrow and Sunday at the 299th RCT range, Hilo, Hawaii.

**THE WINDWARD SHOOTERS**, led by Delmar Cooley and Chuck Millsap, are competing against 100 or more entrants. Other team members who are participating in the matches are Kenneth Jones, Bill McLaughlin and Vince Villaverde.

The tournament, sponsored by the Hawaii National Guard, will feature the territory's best riflemen. The high individual winner will be awarded the Governor of Hawaii trophy, while the team champions will receive the Adjutant General's trophy.

## PGA OF HAWAII TROPHY TOURNNEY

Jimmy Ukauka, pro-golfer here at the Air Station, won the PGA of Hawaii's trophy tournament Monday afternoon on the station links. Jimmy carded a 35-34-69 score for top honors.

Tied for second with 73s were Guinea Kop, Ala Wai, and Pete Draksler, Navy-Marine.

## BOW IS NOT AN OBSOLETE WEAPON, SAYS KBHC

By CPL. HAL PIERCE

The atom bomb and some of the other more modern devices of war have failed to impress a group of ardent Kaneohe sportsmen who are certain that the bow and arrow are here to stay.

**ACCORDING TO SGT.** Bob Madero of the Kaneohe Bowhunters club, Robin Hood was no one to fool with and a sizeable group of Kaneoheans have taken a tip from him and the rest of the Merry Men who used to harrass the poor sheriff of Nottingham with nothing more than a handful of feathered shafts.

Last weekend, six members of the KBHC—with the wife of one member—set out to prove that the bow is not an obsolete weapon. This group, supported by another half dozen would-be Howard Hills from Hickam Air Force Base, journeyed to the

Pohakaloa game refuge on Hawaii, each armed with his own favorite rustic weapon.

**KANEOHE'S OPTIMISTIC** crew, headed by Maj. John W. Ruhsam and Capt. John G. Freeman, failed to bag its quarry but were present at the kill made by Air Force M/Sgt. Smith, who downed a ram, which, after dressing, weighed in at 100 pounds. They readily admit that the ram stood little chance, since all but two of the bowmen were laying down a curtain of fire that would have sent even such highly-touted arrow dodgers as Ghengis Khan and the Mongol Horde whipping back to the so-called impenetrable wastes of Inner Mongolia.

The entire hunt was carried on under the auspices of the Armed

Forces Field Archery club of Oahu and the special services section of the 14th Naval district. Others representing Kaneohe were Mrs. Bobbie Ruhsam, M/Sgt. R. A. Lippner, Sgt. N. L. Koss, Sgt. Madero and Cpl. W. J. Smith.

**PERSONS INTERESTED** in joining either the KBHC or the Armed Forces archery group are asked to contact M/Sgt. Lippner at 72004. Many improvements are planned by the Kaneohe club in the immediate future as a means of stimulating enthusiasm and outside interest.

## WE WANT NEWS

**The WINDWARD MARINE** wants news stories of general interest. Contributions should be addressed to the Editor, type-written, double spaced and in to the office, Bldg. 221, prior to 9 a.m. each Wednesday morning. Suggestions, feature stories and photos are also accepted.

## for record

by  
TOM CREACHBAUM

And then there's a game referred to as tennis.

This is where a couple of men, women, or a team of two against an opposing team of two, bat a small ball at each other with a racquet held in the right or left hand, as may befit the player. They swat the thing at each other over a net that halves the court on which they play. Some people like tennis; some don't. But one thing, it's a national sport which has gained momentum in past years, and, for the amateur who plays for the sport of playing, it's beneficial to the old frame.

*Ever watch a hot tennis match? Afterwards, you had to go home, toddle inside the garage, where you keep your workshop, and put your head inside a vice, didn't you? The only solution to keep your noggin from rocking back and forth like a clock pendulum.*

Here at Kaneohe we have a tennis team. Maj. Vernon Bruce, who would rather test parachutes, is the coach. The major was a little dismayed when asked to take on the job, but now back in the swing of things, says he enjoys it. A former star on the court at Chico State college in California, fans will find Maj. Bruce a capable handler.

*Unfortunately, however, Bruce is not coaching at Seabright or Wimbledon. He is not dealing with full-time tennis players. He is dealing with Marines who, in addition to being tennis enthusiasts, have an eight-hour or more job to handle during the day. Therefore, we cannot expect them to win every game they play. Tennis is a game which requires long, hard hours of practice.*

From the game, men can gain social companionship, exercise and mental relaxation. Those are the important things. And, if the team members compare with their parachute-testing coach, the group is bound to be a winning one.

On the station squad, in addition to Bruce, are Don Smith, Ramsey V. Harris, Lou Bullock, Horace Sanders and Dave Nixon. Smith was a standout racquet swinger for the University of Texas, 1951.

Good luck, coach!

\* \* \* \*

*Over at Barber's Point we learned that Jerry Allison, star softball slinger, has departed Mainland way for discharge. Jerry has left behind him one of the most fabulous pitching records in the Armed Forces Softball league. The books say he hurled 19 victories against three defeats. The 160-pounder appeared in 22 games and never stepped off the hill without striking out an average of six batters a game.*

Understudy Stan Scroggins will replace Allison in the pitcher's box. Coach Chick Garza has confidence in this lad, too.

\* \* \* \*

There's a man who should get a pat on the back. He's Don Klopff, associate director of the "Y" athletic setup. Don is the man who has given special attention to Kaneohe personnel who want to compete in sport activities. Klopff has spent part of his full schedule in getting K-Bay Marines down to the "Y" for basketball and softball play in the Armed Forces league. He says he enjoys having Kaneohe Marines down because they're a credit to Armed Forces competition and have shown high caliber sportsmanship.

Currently, the air station is represented by HAMS in the summer basketball league at the "Y". Two wins and one loss is the team's present slate.

## INTRAMURAL PROGRAM

After a short delay, the new intramural quarter is underway with softball being the only sport that will be played during the months of July and August. Fans say MACS-2 will wind up champion.

**THE INTERCEPT** squadron didn't take the title last quarter, but came close to edging out its arch-rival, TASK FORCE. Player-coach Jim Ray of MACS added a new member to his team in the person of Frank Webb. According to Coach Ray, Webb is a good hitter and should prove valuable to the team.

In this week's only contest, the intercept squadron dropped MABS 14-8. MACS Hurler Ray was the deciding factor in the route, holding the air base squadron to a mere six hits.

**MACS WENT OUT** in front early as Webb, Butierrez, Rockhold and Bastian all racked pitcher Jim Hawkins for hits.

After the intercept squadron led in convincing fashion at the top of the fourth 5-2, MABS threw

a scare and knotted the count on the strength of infield miscues by MACS. Omoto, Habash and Henderson were the big guns for MABS in tying the score 5-5 in the fifth.

**IT DIDN'T TAKE** long for MACS to break the tie, though. In the sixth Webb started hitting against the losers almost at will with two doubles, one triple and a single to his credit. A total of eight runs were scored for MACS in this frame.

MABS tried desperately to take the lead, but the good fielding and excellent pitching of MACS ruined chances for an upset by the losers.

### LEAGUE STANDINGS

	Points	Games Played
MACS	30	2
MABS	20	2
HMR-361	15	1
HAMS	15	2
HQ-HQSQ	5	2
TASK FORCE	0	1
VMF-232	0	0
VMF-214	0	0

## Restricted Fishing Open to Officers And Staff NCO's

Officers and Staff NCOs of this station have been authorized to fish in certain restricted areas if they obtain a pass signed by the provost marshal, according to a newly-issued station memorandum.

**THE MEMORANDUM** points out that, prior to entering the restricted area, the fishing party must check with the corporal of the guard in person or call 72073. The restricted area fishing pass will be surrendered to the corporal of the guard at the completion of the fishing party or at the termination time stated on the pass.

Restricted area fishing passes are one-time passes only and will not be issued on a permanent or semi-permanent basis. Requests for passes must be submitted to the provost marshal by 12 noon on the day preceding the date of the passes, and 12 noon Friday for weekend passes, the memorandum states.

**THE NOTICE** grants officers and staff NCOs the privilege of having three adult fishing guests. Guests must be accompanied at all times.

## Personnel Invited To Get Acquainted With Rule Changes

Coaches, officials and any persons, interested in football, will have an opportunity to acquaint themselves this summer with the 1954 National Collegiate Athletic Assn. rule changes.

Isle grid personnel are invited to attend a special clinic to be conducted by Ted Nobriga, veteran official, tomorrow morning. The sessions will be held at the Board of Public Parks and the recreation board room beginning at 9:30 a.m. There will be no fee.

Registration may be made by calling Henry Yamasaki at the recreation office, 63711, Honolulu. Providing those interested want it, the classes may be changed to nights or another day. Nobriga hopes for a good turnout, as it may make smoother sailing for the coming season.

### TRANSFERRED

Capt. Dennis Clyde, formerly of Marine Air Control Squadron 2 has recently been transferred to Marine Fighter Squadron 232.

## Ken Semith To Mainland For Discharge

Lefthander Ken Semith, who has been a star pitcher for the Kaneohe baseball team for two seasons, departed this week for the Mainland to receive his discharge.

The K-Bay hurler has been one of the mainstays of the K-Bay club ever since the station was reactivated. Semith was excellent in hitting and fielding.

He not only pitched but was used effectively as first baseman, outfielder and third baseman.

Selected by sports officials in the Islands to play in the Armed Forces All-Star game last May 30 in Honolulu Stadium, Ken hopes to continue his baseball career upon date of discharge from the Leatherneck service.

## LIFE SAVING CLASS TO BEGIN JULY 19

Maj. Patrick Harrison, Station special services officer, announced late this week that classes in swimming and senior life saving will be held for interested personnel at the Waikiki Beach Natatorium beginning July 19.

**THE MAJOR REVEALED** that upon completion of the classes, personnel will be issued life saving and qualified swimmer certificates if they meet certain qualifications.

Interested personnel should contact special services not later than noon on July 19. Maj. Harrison said that transportation will be provided for personnel who sign up for the course.

## ARCHERY RANGE TO REOPEN MON.

Maj. Patrick Harrison, station special services officer, announced yesterday that the archery range beside Barracks 1096 will be open to all dependents and Marine personnel on Monday, Wednesday and Friday from 4:30 p.m. to dusk and Saturday and Sunday from 12:30 p.m. to dusk.

**MAJ. HARRISON STATES** that the special services department has purchased new equipment. The range will be under the supervision of Sgt. Tom Barney, HqCo, Task Force, who volunteered to offer instruction to those interested in the sport.

## That Gal Again

**HOBNOBBER**—Mrs. Joseph DiMaggio, wife of a retired baseball player, spent considerable time in the Far East hobnobbing with the EM. After she left, personnel called her, "the greatest thing to hit Korea since the Inchon landing."

## MIXED BOWLING

Last week's newspaper stated that Imua had captured the Mixed Bowling League title. However, it was discovered that the championship has not yet been decided.

**IN MONDAY NIGHT'S** action at the Kailua Bowling Center, Imua took team high series scoring 2,458 points and team high game with 913.

Jim Gettemey, Dreamer's star pin-pounder, racked up 636 points for high men's series. In addition, the Dreamer player bowled over a total of 232 points and went home with high men's game.

**TAKING TEAM HIGH** series and high game on the women's side was Imua's girl, Abbie Okerstrom. Abbie tallied a 572 series and a 240 game.

Imua is now four games ahead of the Strikers in the bowling league. The Champs team is only four and one-half games away from first slot.

### LEAGUE STANDINGS

Imua	50½	25½
Strikers	47	29
Champs	45½	30½
Square Circles	43	33
King Pins	42½	33½
Pin Pounders	41	35
Low Rollers	36	40
Lancers	33	43
Raiders	32	44
Chaplain's	30½	45½
Dreamers	28	48
Yankee Rebels	27	49

## Pistoleers Win

The Kaneohe pistol team came out on top last Saturday in the 14th Naval District Pistol meet by bringing home 13 awards. The Windward shooters won the match after piling up a total of 127 points.

**IN THE AGGREGATE** division, Charlie Millsap was the individual match winner, with second place honors going to Bob McLaughlin. In the expert class, Delmar Cooley had no trouble in capturing first place, with his teammate, Nat Pratt, taking second place.

The 22 National Match will go to Millsap and McLaughlin. First place in the expert class went to Pratt with Cooley capturing second spot.

**BEN VINSON** WAS hard-pressed in the sharpshooting class and had to settle for second. In the 45 National Match course, Millsap took first place in the master class, while McLaughlin and Cooley took first and second respectively in the expert class. Vinson took first in the sharpshooter class.

## Kaneohe Muffs Four More Tries In Past Week; Goes Under NB, Coast Guard, CinCServPac, PH

Kaneohe's diamond nine lost four straight games over the past week. The heartbreaking loss to Naval Base on the Bluejackets' home field Wednesday night went fifteen innings. The K-Bay team went down to defeat 4-3, but Red Handzo turned in a brilliant pitching performance for the Windward team. The big righthander allowed the Bluejackets only 5 hits.

**LAST SUNDAY, THEY** suffered a 5-3 loss to Coast Guard on the air station diamond. The K-Bay baseballers let the Guardsmen have four runs in the second inning which later proved to be the turning point of the contest.

Bill Wermuth relieved Chuck Holland on the hill in the third after Coast Guard had eased out in front in the second 4-0. Chuck retired to the dugout after allowing the visiting club three hits.

**COAST GUARD SCORED** its four runs against Holland when the big hurler let Jack Hawkins, Bob Smith and Dick Johnson walk to the sacks. Bill Rorer, Coast Guard outfielder, stepped up and smacked a single through shortstop and first to score two of his teammates. The Guardsmen still didn't let up as Holland's fast ball was racked by Roger Cummings for a double. Both Johnson and Rorer came storming home for two more well-earned runs.

**K-BAY THREATENED** in the second also when Denny Harwood, first time up, hit a hard single to right field. Tom Jackson, first sacker for Kaneohe, walked, moving Harwood to second. The always reliable Holland did the trick. He hit a long high fly to left field and to the amazement of the fans, Jack Hawkins fumbled the almost certain catch. This enabled Kaneohe to get back into the ball game as Harwood and Jackson ambled homeward.

## Kid Flagmakers To Get Special Party

All children who have completed their 49th State Fair Booster flags may turn them in to Mrs. Aaron M. Rottenberg July 19 through July 23.

Mrs. Rottenberg will present each child with a ticket and membership card if he has finished the flag successfully.

She stated that there will be a special party sponsored by the Windward Oahu 49th State Fair Booster club, on August 3 at the Kailua theater.

Mrs. Rottenberg may be contacted at 527 Hilltop or by calling 72667.

CAPTAINED GYM-NASTS AND WON 3 LETTERS.

NEXT CHALLENGE '56 OLYMPICS

**WITH THE SCORE** at 4-2 in favor of Coast Guard in the fourth, Ed Bilinovic singled to left and finally got around to third on two Guardsmen errors. Ernie, "The Eye," scored with the aid of Harwood's single.

Coast Guard scored its last run to ice the game when Tony Perry clouted a double to right-center bringing home Dick Johnson.

**PERRY WAS THE** winning pitcher, going the full nine innings. Chuck Holland, K-Bay hurler, was charged with the loss. Kaneohe's other two losses were with CinCServPac on July 9, 5-2, and Pearl Harbor on July 10, 2-1.

## Sword-Eater Challenges Sport Setup

Sgt. Joe Baumer of Marine Air-Group 13 is conducting a one-man campaign for something new in the field of organized athletics.

**THE SERGEANT**, a genuine professional sword swallower before entering the Marine Corps, feels that his personal "sport" might offer a challenge to even the best-conditioned athletes.

"This is one sport, at least, in which you don't do any drinking and still come out a winner," he declares with a grimace. "Not without cutting your tonsils out, at least."

**ACTUALLY, BAUMER** isn't serious about introducing the ungente art of steel-gulping into the local intramural sports program, but, as he puts it, "It's always good for starting conversations."

Joe began his dubious hobby while still in his teens. At that

SGT. BAUMER

time, he was intrigued by a young lady who seemed to derive pleasure from swallowing a lighted neon tube.

"I STARTED BY learning to swallow soda straws and went on from there," he explains. His current favorite audience thriller is swallowing a 24-inch blade to the hilt, then allowing someone else to withdraw it from his gullet.

He once mastered the neon tube act but gave it up.

"That's something that takes daily practice and I no longer have the time nor the nerve. If the neon tube should break while inside one's body, there's nothing that can be done. The poison from the gas as well as the broken glass are certain death."

**UNITED**—Miss Sevilla Kiefer of San Francisco, Calif., became the bride of M/Sgt. Woody Jones July 10 at Honolulu's St. Augustine church. Sgt. Jones serves here as section chief of the public information section. A reception followed the wedding at the air station staff club. The couple left Sunday for a brief honeymoon.

## AT THE CLUBS

### "O" CLUB

**July 16—**  
Happy Hour 4 to 6 p.m. Dining room open from 6 to 9:30 p.m.

**July 17—**  
Dinner dance. Music by Ed Villaruel and his Schofield orchestra. Prime rib roast beef—\$1.45—SPECIAL.

**July 18—**  
Hawaiian music for your pleasure in the dining room starting at 6 p.m.

**July 20—**  
Fight movies and the USN series of "Victory at Sea."

**July 21—**  
Bingo starting at 8 p.m. with a buffet dinner being served at 6 p.m.

### STAFF NCO CLUB HAPPY HOUR

Every Friday—from 4 to 5 p.m.

**July 16—**  
Bingo starting at 8:15 p.m. Dance to the music of the "Holiday Quartet" from 10 p.m. to 1 a.m.

**July 17—**  
Fine entertainment with music provided by the "Harmony Lads" from 11 p.m. to 1 a.m.

**July 21—**  
Listen to Jean Maupin at the piano playing ballroom music or popular numbers by your request beginning at 8 p.m.

**July 22—**  
Fight movies beginning at 8 p.m.

## KOREA BOUND

**PINUPS FOR MPs**—The Pinup Restaurant in New York is sending a huge collection of photos to MPs of the 1st Marine Division in Korea. Model Marjorie Vann signs one of the set which included four life-size pinups. Capt. Lillian Drazek, USMCR, engineered the project, collecting about 300 pictures.

## COL. QUILICI IS MAINLAND BOUND

Lt. Col. Clifford F. Quilici, assistant chief of staff (G-3) for the 1st Provisional Marine Air-Ground Task Force for the past year, departed for the Mainland yesterday for reassignment.

The officer is being ordered to Fort Leavenworth, Kans., where he will attend the Army General Staff college. He is succeeded in his task force capacity by Maj. William N. Case.

## NEWS IN BRIEF

2nd Lt. James Moore and 2nd Lt. Kenneth Middaugh arrived this week from Air Pacific headquarters at El Toro. The two officers have been assigned to Marine Fighter Squadron 232.

Four officers from Marine Air Control Squadron 2 recently completed courses at Air Controller's school at Barber's Point. They are: Capt. M. E. Stevens, 2nd Lt. W. F. Rowe, 2nd Lt. D. V. Archiero and 2nd Lt. Robert Wyde.

2nd Lt. J. B. Hering of MACS-2 has been reassigned as Station BOQ officer.

Capt. Alva S. Bailey has assumed duties as supply officer for MACS-2.

## TRAFFIC VIOLATION

The following persons appeared in traffic court during the period July 6 through July 12.

BERMEA, J. D., Cpl., MABS-13—Negligent driving; involved in accident.  
MUELLER, Alvin R., M/Sgt., HMR-361 — Reckless driving; heedless driving.  
GREEN, Telosir, Pfc, H&MS-13—Illegal parking.  
CUMMINGS, L. E. T/Sgt., VMF-214—Illegal parking.  
REDMAN, C. B., Capt., Task Force HqCo—Running stop sign.  
DISHAM, Billy J., Pfc, Recon 75 Pac How—Driving without driver's license.

PAHIA, Samuel, Civ., Public Works—Speeding 40 mph in 25 mph zone.

HOLLAND, Clarence, Pfc, MABS-13—Speeding 50 mph in 35 mph zone.

SHEALL, Carl W., Sgt., H&MS-13—Speeding 50 mph in 35 mph zone.

## STAFF NCO WIVES TO HOLD FIRST SOCIAL JULY 20

During the 1st meeting of the Staff NCO Wives Club, a revision was made to the constitution which was otherwise approved by all members present.

THE REVISION was the instigation of two meetings a month, allowing one of the meetings to be set aside for a social hour.

The first social hour will be held on July 20 at the club. Mrs. Sam Scherr will present a brief lecture on charm, the subject which she taught Mokapu children this year.

FOLLOWING THE MEETING, refreshments were served, with baked goods being donated by Mrs. Gloria Garcia, Mrs. Mary Martin, Mrs. Betty Fudger, Mrs. Billie Bounds and Mrs. Norma Dobyns.

The group cordially invites all wives of staff grade Marine and Navy men to attend the first social hour.

## Navy Plans to Alter Catapult Mechanisms On Aircraft Carriers

NEW YORK (AFPS)—Modifications will be made on the plane-launching catapults of Navy aircraft carriers as a result of the May 26 explosion aboard the USS Bennington.

EVIDENCE BEFORE a Naval court of inquiry has indicated that the carrier's catapult mechanism probably had caused the accident, which killed 103 men.

Capt. William F. Raborn, USN, skipper of the carrier, said "modifications will be made to the catapult that will make extremely remote a repetition of the accident on the Bennington."

OFFICIALS AT the New York Naval Shipyard in Brooklyn, where the 27,000-ton vessel is undergoing repairs, did not disclose details of the catapult changes. All carriers in service—with the exception of the Intrepid and the Hancock, which have steam catapults—will have their catapults altered.

Major repairs and improvements, including the installation of a new canted flight deck, are being made on the Bennington. It is expected that the carrier will go on sea trials early next year.

## Special Service Activities

### GOLF COURSE:

8 a.m. until sunset.

### INDOOR MOVIE:

5:45 to 8 p.m.—10 cents.

### OUTDOOR MOVIE:

8 p.m.

ha chapel, Moanalua Housing,

Pearl Harbor, T.H.

## THE STORK IS HERE

### HALEN

Born, to 2nd Lt. and Mrs. James Halen, a boy, at Tripler Army hospital. The child was christened Steven Gregory at birth.

### COMEAU

Born to T/Sgt. and Mrs. R. A. Comeau, a boy, Larry, at Tripler Army hospital. At birth, the child weighed six pounds, three ounces. Sgt. Comeau is presently serving as supply chief for the 1st Provisional Marine Air-Ground Task Force. The Comeaus reside at 417 E Jaros st., Termitte village.

## ONE FOR THE BOOKS

### MASTER OF THE DAUNTLESS.

By Frank Robb. The story of a shipwreck told in flashbacks which show the hard dangerous lives of the fishermen, who like the name of their ship, are dauntless.

### TIRPITZ AND THE BATTLE FOR THE NORTH ATLANTIC.

By David Woodward. This book throws a good deal of light on German naval strategy in World War II.

## K-BAY CAKE BAKING QUEENS

**WINNERS**—Pictured above are the four ladies who came out winners in the air station cake baking contest which was held last Friday evening at the indoor theater. Left to right are: Mrs. Sandy Walker, first prize winner; Mrs. Billie Schoolcraft, second prize winner; Mrs. Marjorie Peters, third prize winner and Mrs. Helen Maloney who came in fourth. The contest was sponsored by the special services department with prizes being donated by the Foodland stores of Honolulu and the Hawaiian Electric company.
