U. S. MARINE CORPS AIR STATION, KANEOHE BAY, T. H.

June 15, 1956

Brigade Command Change Ceremony Next Saturday

Command of the 1st Marine Brigade, FMF, will change next Saturday morning at 10 a.m.

In ceremonies, including an aerial fly-by, Brig. Gen. Edward C. Dyer, commanding general of the Brigade, will pass his command to Col. George R. E. Shell, Col. Shell, formerly Chief of Staff, FMFLant, Norfolk, has been selected for brigadier general.

On Oct. 15, 1954, Brig. Gen. Dyer, then colonel, assumed command of the 1st Provisional Marine Air-Ground Task Force. In April, 1955, the general was advanced to his present rank.

During the 20 months that Gen. Dyer has commanded this unique air-ground team, it has grown from a training organization with frequent rotation of units to a full-fledged combat organization constantly prepared to accomplish its mission as part of the nation's force-in-readiness.

With the assignment and home-porting of the 4th Marines, with the reinforcing of both the regiment and Marine Aircraft Group 13, the training in latest concepts of amphibious warfare in the atomic age progressed rapidly from company-sized exercises to the full 1st Provisional Marine Air-Ground Task Force Operation MAUKA in April.

Shortly after this flexing of its muscles, the Task Force was redesignated the 1st Marine Brigade, FMF. Already, the nature of this organization and the state of its training are adding to the lustre of the historic title that has for 55 years identified Marine Corps units brigaded for a specific purpose, a purpose that has always been accomplished, as the 16 battle streamers and 37 silver bands on the battle color attest.

So it is as a pioneer in advanced air-ground concepts, as well as development of night fighters, air warning systems and use of helicopters, that Brig. Gen. Edward C. Dyer leaves Kaneohe to assume new duties as Assistant Director of Marine Corps Aviation.

The colorful parade and review June 23 will have participation by Headquarters Co., 1st Marine Brigade; FMF; 4th Marines (Reinf); MAC-13; Co. "C" (Reinf), 7th Engineer Bn. FMF; U. S. Naval Base, Pearl Harbor Band; and the 4th Marines (Reinf) Drum and Bugle Corps.

Commanding Officer of Troops will be Col. Frederick A. Ramsey, Jr., 1st Marine Brigade Chief of Staff. The colonel, a veteran of three WW II Campaigns and a former Commanding Officer of the 4th Marines, is being relieved by Col. John H. Earle, Jr., and is being assigned to the Armed Forces Industrial College, Washington, D. C. Col. Ramsey has been C/S since February, 1955.

All Marines not participating in the parade, families, friends and guests have been invited to witness the 10 a.m. ceremonies next Saturday on the regimental parade ground.

Aloha Reception Set

An Aloha reception in honor of Brig. Gen. and Mrs. Edward C. Dyer, and Col. and Mrs. George R. E. Shell, will be held at the Commissioned Officers' Mess from 5:30 to 7:30 p.m., Sat., June 23.

All officers and their ladies at Kaneohe MCAS are invited to attend. They will not receive formal invitations, it was announced.

Uniform will be whites.

Maj. Gen. Wilson Visits K-Bay, Observes HANG Summer Training

Maj. Gen. Winston P. Wilson, Deputy Chief, National Guard Bureau and Chief, Air Division of the Bureau, visited Kaneohe Wednesday and Thursday of this week, accompanied by three senior National Guard officers and an Air Force official.

Here to observe National Guard field training, Maj. Gen. Wilson arrived early Wednesday evening from Hickam Field in a C-47. He was greeted by HANG unit commander, Lt. Col. James R. Ashford, unit executive officer, Maj. Walter F. Judd, Lt. Cdr. John D. Miller, MCAS representative, and other HANG unit officers.

Arriving here with Maj. Gen. Wilson were Brig. Gen. Royal Hatch, Deputy Commander for National Guard Affairs, CONAC, Col. Charles B. Morford, Air Comptroller, National Guard Bureau, and Mr. Herbert Surfit, Officer of the Director of the Budget, USAF. Col. V. A. Siefertman, HANG Chief of Staff, piloted the visitor's transport to Kaneohe.

Following the greetings, Maj. Gen. Wilson inspected a HANG honor guard at the edge of the airfield and was saluted by a half a dozen F-86, Sabrejets, trailing plumes of smoke overhead in a well-timed flyby.

Expected to remain in the islands for approximately a week, Gen. Wilson had an informal gathering with HANG pilots Wednesday evening at the MCAS Officers' Club.

After departing Kaneohe Thursday afternoon, Maj. Gen. Wilson and his party were expected to visit other National Guard units in training on Oahu.

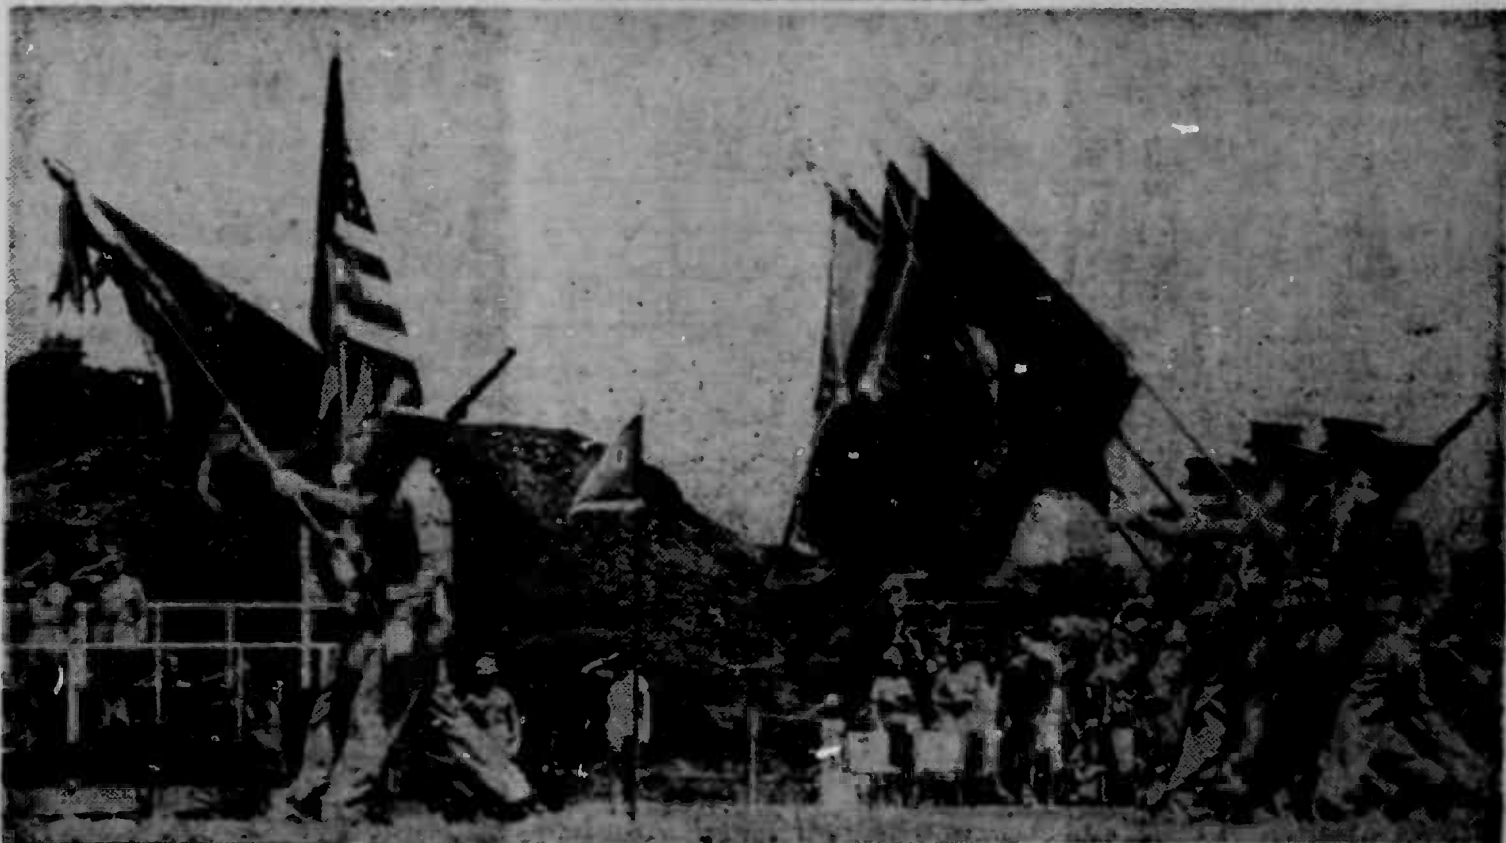

Guests of the MCAS here for the past two years, the 199th Interceptor Squadron and the 8199th Replacement Training Squadron, returned to Kaneohe Air Station again last Saturday for their annual field training and for the past week have flown about 85 pilot hours each day. Emphasizing aerial gunnery and ground controlled interception, HANG pilots have flown about 24 aerial gunnery sorties in their Sabres each day since arrival.

Availability of the unit's F-86 Sabres has been about 70 per cent thus far in their two-week training period.

According to Maj. Walter F.

Judd, 100 per cent of the officers are attending the summer training and 98 per cent of the airmen are participating.

A highlight of the week's training has been air-sea rescue practice with an Air Force helicopter. Maj. Judd stated that plans called for all pilots to take this training. He termed it "very realistic and valuable," noting that the practice so far has been held in the open sea which has been whipped by rather strong tradewinds this week.

CHANGE OF COMMAND (top photo)—Col. James M. Masters, Sr. (left), departing commanding officer of the 4th Marines (Reinf.), passes the 4th Marines battle color with 13 battle streamers to Col. Bryghte D. Godbold, who assumed command of the reinforced regiment during ceremonies last Friday. Col. Masters has been reassigned to Fleet Marine Force, Pacific. Col. Godbold, who received the Legion of Merit for his Wake Island service, had been assistant chief of staff, G-4, Fleet Marine Force Pacific. PASS IN REVIEW (bottom photo)—The National Colors and massed colors of the 4th Marines (Reinf.) pass in review as (left to right), Col. James M. Masters, Sr., and Col. Bryghte D. Godbold salute from the reviewing stand. In lauding the men of the regiment, Col. Masters said, "I have called on you often, you have always responded; you have always risen to the occasion. I will never forget it."

15th. InfBn, MCR, At Bellows Today

Meat salesman, pin boys, lawyers, firemen and service station attendants gathered at Puuloa Rifle Range last Saturday to review and actively practice the arts and crafts of war. Members of the 15th Infantry Battalion, Marine Corps Reserve, commanded by Col. Louis B. Blissard, launched into a two weeks training schedule that called for qualification with the M-1 rifle this week, up-to-date field training at Bellows Field next week.

Ready to help the citizen-soldiers sharpen their combat skills were 81 officers and men of the 3rd Bn., 4th Marines (Reinf), the Inspector-Instructor team of Maj. Richard R. Breen, and the permanent personnel of Puuloa who are in charge of the range itself.

Administratively, the 15th Infantry Battalion is made up of H&S Co. which includes the recruit platoon and "A" Co. which is made up of regular line company units. Most noticeable were the 65 members of the recruit platoon.

They ranged in experience from men who had been in the reserve for eight months to Pvt. Paul M. Victor who joined the reserve unit early Sunday morning on his seventeenth birthday.

The 65 recruits are getting two weeks of concentrated boot camp with all the trimmings. Three seasoned, Parris Island drill instructors are making sure of that.

Instruction in drill, courtesy and discipline, clothing and equipment displays and firing of the rifle were

all included in the first day's training.

In charge of this intensive schedule is SSgt John P. Schwartz, senior drill instructor and a member of Weapons Co., 3rd Bn., 4th Marines, who the reserve unit specifically requested because of the excellent job he had done with the recruits last year. By the third day, the members of Sgt. Schwartz's platoon were drilling like old hands.

While the recruit platoon was being put through its paces, the veteran members of "A" Co. reviewed the basic weapons and received instruction in fire team and squad tactics. Reserve officers were drilled in staff planning and amphibious doctrine.

The 15th Infantry Battalion fired the M-1 rifle for record yesterday morning and is expected to arrive at Bellows Field this afternoon. They will commence field training early Monday morning.

Flag Day Message

"A thoughtful mind when it sees a nation's flag, sees not the flag but the nation itself."—Henry Ward Beecher.

Progressing from early designs, many crude and of wide variation, the Stars and Stripes today is the epitome of simplicity and beauty. Floating full against a bright sky, Old Glory is a sight to warm the heart, and quicken the pulse, of even the most blasé citizen. Evolution of a nation has changed the face of our flag, yet today with its 13 stripes and 48 stars, Old Glory embodies the same principles for which men and women through the years have suffered, endured, and died. Alternately a symbol of hope, of defiance, of courage, and faith, Old Glory has earned the day of dedication which we accord each year on June 14th.

EDITOR'S CORNER

DEATH SITS BESIDE YOU

Death narrowly missed a tiny two-year-old girl in Rainbow Village late Sunday afternoon.

The child nearly died beneath the wheels of an automobile when she suddenly stepped into the street from in front of another automobile parked at the curb.

Fortunately, she stepped into the street from the left, or driver's side, and was seen in time. Screeching brakes and lengthy black tire marks on the pavement indicate the driver's efforts to stop. The youngster suffered only minor abrasions and shock when she was knocked down.

Children will be children. Despite parental supervision, they cannot be observed every minute of the waking day. Their memories are short lived, and despite instructions to stay out of the street, they will disregard warnings and wander into danger areas.

Funds have been requested to enlarge all off-street parking areas in Rainbow. The project is currently underway, and eventually all cars will be removed from thoroughfares bisecting the quarters area. The hazard of children stepping out from behind parked cars will be removed.

Meanwhile, drivers are urged to maintain extreme caution in driving through Rainbow Village—and all areas where children are at play.

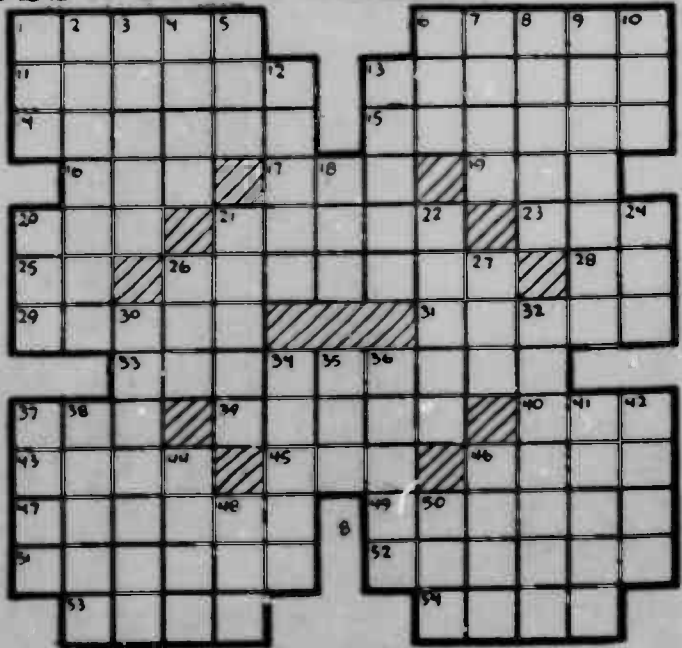

Parents, for the love of their children, must exercise every precaution and care to prevent their children from playing in or entering streets.

Lack of diligent observance of every safety rule by drivers and parents alike can make the next accident a real tragedy.

Don't let that next one happen.—R. G. C.

Officer Program Available Again For Career NCO's

Washington, D. C.—Career non-commissioned officers are once again offered the opportunity to apply for appointment to unrestricted commissioned officer rank in the regular Marine Corps, Headquarters announced recently.

The program, the second of its kind, is intended for regular meritorious NCO's who have served at least three years active duty but not more than eight and who are sergeants or above. Application will be for appointment to permanent officer status.

Personnel interested may submit applications through their commanding officers, who will convene a board consisting of at least three officers to interview each applicant. This board will make recommendations based on the NCO's officer potential and characteristics. All applications must be received at Headquarters Marine Corps by Sept. 1, 1956.

For further information on the qualifications required for application, consult Marine Corps Order 1040.3.

RULES OF THE ROAD

(TRAFFIC SAFETY COMMISSION)

THE LEGAL SPEED

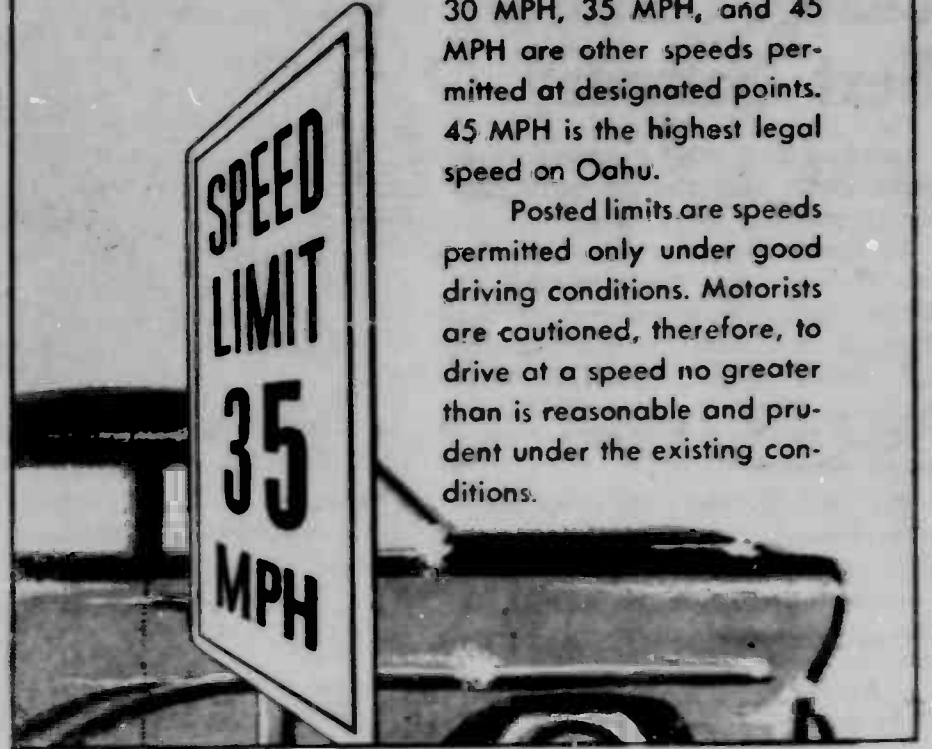

Official signs designate the legal speeds on all City and County streets and highways. Permissible speeds are:

15 MPH: On roadways 18 feet and under in width, and through Ala Moana and Kailua beach parks.

25 MPH: All other thoroughfares except where higher speed limits are indicated by signs.

30 MPH, 35 MPH, and 45 MPH are other speeds permitted at designated points. 45 MPH is the highest legal speed on Oahu.

Posted limits are speeds permitted only under good driving conditions. Motorists are cautioned, therefore, to drive at a speed no greater than is reasonable and prudent under the existing conditions.

MARINE BARRACKS, PEARL HARBOR DEC. 7, 1941

Series VI

An entry made in the Sergeant of the Guard's Log Dec. 7, 1941, at the Marine Barracks, read, "0755—Attacked by Japanese Planes." Col. H. C. Pickett, the commanding officer of the Marine Barracks, states in his report of Dec. 7:

"Immediately upon the first raid by hostile planes, all sentry posts were doubled and the remainder of the command present were alerted. . . ."

"The defense battalions immediately went into action with anti-aircraft machine guns with telling effect. Two gun batteries were employed in the Navy yard, but were not ready for action until ammunition could be trucked from the Naval Ammunition depot. They were ready at 1100."

"All motor transportation was pooled for general use and was active throughout the day. Among the services rendered was to assist in collecting and hauling casualties from the waterfront to the Naval Hospital."

"One set of barracks (100 men type), the Noncommissioned Officers' Club and the Post Exchange were vacated and prepared for caring for casualties. The medical officers set up an operating and dressing room in the Post Exchange."

"The three general messes were thrown open and served food, on a 24-hour basis, to all comers. It is estimated that during the first 24 hours, about 6,000 meals were served to civilian workmen of the navy yard. . . ."

"The only damage sustained was a 3" shell which crashed through the roof of a storehouse. This shell was apparently a dud from one of the defense battalions. The damage was very slight. The shell struck the concrete floor, tearing out a section of concrete, a piece of which struck Cpl. Byron J. Hoskins . . . in the leg, causing a superficial wound. . . ."

" . . . It is recommended that if any recognition is taken of the performance of duty of this command that it be in the form of a commendation for all hands."

The Marine Corps casualties suffered in the Japanese attack on Pearl Harbor, including the Marines at Ewa, ships' detachments, etc., were as follows: Killed in action: two officers, 99 enlisted. Died of wounds: seven enlisted. Wounded in action: two officers, 74 enlisted. Missing, presumed dead: one enlisted. TOTAL: four officers and 181 enlisted.

Dec. 13, 1941, Marine Forces, 14th Naval District, was organized and Col. Harry K. Pickett was designated as Commanding Officer as well as District Marine Officer.

Geographically, the Marine Forces, 14th N. D., covered the Marine Barracks, Guard Detachments, and outlying stations in close proximity. The Headquarters Staff functions provided for the coordination of all administrative matters within the command of the Marine Forces. The following units comprised Marine Forces, 14th N. D., at its activation:

- Headquarters, Marine Forces, 14th Naval District, (Pearl Harbor).
- Marine Barracks, Navy Yard, (Pearl Harbor).
- 1st Defense Battalion, FMF, (Wake, Johnston, Palmyra, Pearl Harbor).
- 3d Defense Battalion, FMF, (Pearl Harbor).
- 4th Defense Battalion, FMF, (Pearl Harbor).
- 6th Defense Battalion, FMF, (Midway).
- 2d Engineering Battalion, (temporarily attached from the 2d Marine Division).

Marine Barracks, Naval Ammunition Depot, (Oahu).

Marine Barracks, Naval Air Station, (Pearl Harbor).

Marine Barracks, Naval Air Station, Kaneohe Bay, (Oahu).

(Editor's note: Next week Series VII will conclude the Marines in Hawaii feature with an account of Marine activities in the Islands during World War II).

TANKS BUT NO TANKS—Col. James M. Masters, Sr., former commanding officer of the 4th Marines (Reinf.), congratulates the men of the Anti-Tank Company who completed building their tank mock-up last Friday. Left to right, they are 1st Lt. Charles R. Stiffler, company executive officer who was in charge of the project, Capt. Rollie D. Newsom, company commander, and Sgts. John Slimak and William R. Kilcrease who helped in the building of the tank. Sgt. John M. Feist, section leader with the AT company, mans the turret. The mock-up tank which has already been used in training exercises with the 1st Bn., 4th Marines this week, is jeep-propelled from underneath.

3rd. Bn., 12th Has Enviably Safety Record

Completing 1,337,000 miles of accident-free driving in the past six months, Marines of the 3rd Bn. 12th Marines, artillery unit of the 4th Marines (Reinf.), paused here Tuesday to take note of their safety consciousness.

Lt. Col. James P. Rathbun, the battalion's commanding officer, called his men into formation to give proper recognition to the unit's safety success. He told the assembled Marines he thought the driving safety record was "a fine job, well done", but added that he was looking forward to a half million miles or more of safe driving.

Twenty-four Marines received special recognition at the formation in the form of safe driving certificates, presented for one year of accident-free driving. Each was also awarded an Oahu Safe Driver's Award, to be mounted on the windshield of each Marine's vehicle in recognition of his safety record.

The battalion has 78 vehicles, as well as four tracked machines, in operation for the continuous training program of the 1st Marine Brigade, FMF.

If it's news—call the WINDWARD MARINE, extension 72104.

Radio Amateurs Plan Field Day At Skeet Range

The Windward Oahu Amateur Radio Club will stage its 1956 Field Day at the Air Station skeet range June 24-25, according to information received this week from a member of the club.

Sponsored by the Amateur Radio Relay League, the annual event is designed as a test of emergency powered equipment under simulated emergency conditions. Members of the ARRL throughout the United States, Hawaii, Alaska, the West Indies, the Canal Zone and Canada will participate in the test, operating under the same emergency conditions.

Using personal equipment, the Windward Oahu Club will set up in bivouac shelters on the skeet range and from 2 p.m. June 24 to 2 p.m. June 25, will establish communications with as many clubs and individual operators as time and operating techniques permit. A record is kept of each contact with another station and the results at the end of the Field Day are sent to headquarters of the ARRL. This organization determines the rating of each participant and this rating is a yardstick of the efficiency of both equipment and operator.

Since the amateur radio operator plays a vital and necessary role in time of disaster or national emergency, these annual tests are of interest and importance to everyone.

Earth Movers Are Providing Recreation Zone

First tangible results of the Air Station's new taxiway extension are to be seen at the swamp which until a short time ago existed between the Station and regimental areas. Here the first building of a large recreation zone is being erected.

A roofless, indoor handball court measuring 50 by 100 feet is under construction at the edge of the former swamp. Preliminary work on the courts began May 10 and visible progress is now being made day by day. Completion is expected early in August.

More than 225,000 cubic yards of earth and rock have been removed from the taxiway and used to fill the swamp as well as Kaneohe Bay at the southeast end of the main runway.

At the runway, the taxiway fill will be used as a base for the eventual realignment of the flight line taxiway. Earth removal is still going on at the taxiway and grading and filling are in progress from 6 a.m. to 11:30 p.m. each weekday.

Pending now is a request by the Station for additional funds to change the grade of the main runway to match it with the new taxiway. The taxiway, more than 40% complete, is expected to be finished in December and will cost \$640,000. The lengthened taxiway will facilitate jet traffic here.

Personnel on a 48 Can Mess at Bellows

Personnel desiring to spend weekends at Bellows Air Force Base may have their rations transferred to the Camp Kyle Mess, according to Regimental Order 1720.4.

Recreational facilities at Bellows include: swimming, fishing, skin-diving and camping. Sporting equipment may be checked out at Special Services, building 1090, during working hours and at the Recreation Center, building 1058, Saturdays, Sundays and holidays from noon to 9 p.m.

All athletic and recreation equipment is issued on a temporary loan basis for a period of 72 hours.

SPORTSMEN PLAN NEW CLUB

Nimrods who are interested in joining with other faithful of the field and stream are invited to attend an organizational meeting of the "Rod & Gun" club tomorrow at 11 a.m. in the FRA building near Station Dispensary.

Purpose of the meeting is to select officers and outline a program for development of the club. Further information may be obtained by contacting TSgt. Arval Newberry at Mess hall #1.

Marines Upset In Near Upset, Place Third In Kam Day Regatta

Kaneohe Marine outrigger paddlers gave the seasoned Waikiki Surf Club a scare and thrilling competition before hundreds of onlookers during the top racing event of the Kamehameha Day Regatta held at Kailua Beach last Sunday.

Entered in the Senior Six three mile Blue Ribbon event, the six Marines, members of the Kai Oni Canoe Club, surprised the cheering crowd on the shoreline when they pulled away from seven other experienced clubs and established a strong lead.

Due to strong winds and choppy seas the Marine team swamped at the mile-and-a-half mark. Using teamwork and stamina they righted the canoe, bailed it out and continued the grueling race to place third in the event.

Coach Joseph (Stu) Kalama, Public Works Transportation, commented, "I'm extremely proud of the Marine team. They have worked very hard training for this race, and gave the top clubs on the Island some real tough competition."

"They know we are here now," continued Stu, and I'm looking forward to the next regatta. We're paddling for first place."

Kai Oni Club's Marine crew, all members of the 3rd Bn., 12th Marines, 4th Marines (Reinf.), were PFC R. Mullens, "I" Bty; Cpl. J. S. Goddard, H&S; Sgt. J. W. Lucas, H&S; Sgt. F. S. Breznick, "I" Bty; Sgt. R. I. Diffen, H&S; and Sgt. J. A. Wright, H&S.

School Program Needs Enrollment

Parents are urgently requested to register their children for the Mokapu PTA Summer Fun Program.

A recent survey indicated approximately 165 children would enroll and plans have been made for that number. Early registration is desired so supplies can be purchased and teachers will be assured of their salaries.

To date only 78 children have enrolled. Unless there is an immediate enrollment increase, the entire program as outlined cannot be carried out.

Final registration will be held Monday, June 18, 1 p.m. to 4:30 p.m., Mokapu School, Rm. No. 133. Applicants will not be accepted after this date, unless they are new arrivals.

Summer Fun is for children 6 to 14. The younger children, 6-7 will be under experienced supervision and will receive a varied program of indoor and outdoor activities.

Swimming instruction will be available for the 8-14 group as well as hula, ukulele, arts and crafts.

The program is from June 25 to Aug. 3, 9 to 11:30 a.m. Mondays through Fridays.

Cost is \$1.00 a week for one child, and \$.75 for additional children. Only other charge is the \$.50 supply for the six-week period.

The success of the program is entirely dependent on the parents and without their support the entire schedule will have to be cancelled.

STING RAY—Lt. Col. James R. Ashford, commanding officer of Hawaiian Air National Guard units here, and SSgt. Antone R. Bacalso, crew chief, smile a greeting minutes after Lt. Col. Ashford landed his gleaming Sabrejet here last Saturday morning. Making this three years in a row they have trained as guests of the Kaneohe MCAS, the Air Guardsmen reach the half-way mark in their annual training tomorrow. This first week has been devoted to work on ground controlled interception, aerial gunnery, and air-sea rescue practice. Incidentally, HUI MANU does refer to a Sting Ray.

Reenlistments Discussed Here By HQMC Team

"The job of reenlistment is not only for those assigned the duty but is the responsibility of all officers and staff NCOs in the Marine Corps," said Lt. Col. D. Foos, Jr., in closing the reenlistment advisory conferences held here this week.

Composed of Lt. Col. R. G. McMasters and Lt. Col. Foos, the Reenlistment Advisory Team from Headquarters, Marine Corps visited Kaneohe June 11 to 13.

While here they conducted orientation conferences with commanding officers and personnel concerned with reenlistments.

During the first day, conferences were held at the Station Theatre, morning sessions were for commanding officers, afternoon lectures included all reenlistment officers, counselors, unit sergeants major and first sergeants.

In the conferences, members of the command were briefed on the critical personnel fluctuation during fiscal year 1956-57.

The Team also discussed measures that have been taken by CMC to start a strong reenlistment program designed to retain more qualified enlisted personnel on active duty. Marine Corps reenlistment policies as well as contemplated policy changes also were reviewed.

In concluding the conference portion of their visitation, the Advisory Team thoroughly emphasized all reference materials, and tools that were available to implement the reenlistment program.

The final two days of their stay were devoted to visits with all commands of the battalion and squadron level here.

ALIENS URGED TO REGISTER

To insure a continuation of their privileges, Marine and civilian personnel concerned are reminded that Federal law makes a periodic registration of alien residents mandatory.

The Immigration and Nationality Act of 1952 requires that all foreign citizens, living in the United States, or its possessions and territories, report their address to the Immigration and Naturalization Service in January of each year.

An address report form can be obtained at any post office or Immigration Service Office, which should be completed and returned to the same source.

BIRTHDAY PRESENT—Col. Louis B. Blissard, commanding officer of the 15th Infantry Battalion, Marine Corps Reserve, presents Pvt. Paul M. Victor with his M-1 rifle. Pvt. Victor, who celebrated his seventeenth birthday on Sunday, joined the reserves at 6 a.m. that morning and became a member of the recruit platoon that is undergoing two weeks summer training with the rest of the reserve battalion. SSgt. Schwartz, senior drill instructor for the recruit platoon, looks on.

MCAS Communications--K-Bay Nerve Center

Station Comm Doing 24-Hour Job; Chore Vital To K-Bay Activities

STORY BY PFC BRYCE EASTBURN
PHOTOS BY TSGT. GARRY CAMERON

Station Communications might well be termed the nervous system of Kaneohe MCAS, and like its counterpart in a healthy human body, the job of Station Comm is to link the tissue, bone, and vital organs into one integrated whole.

Necessarily shrouded by a security veil, many facets of communications are barred to the average person or, if not classified, they often are of such a technical nature as to deny comprehension by the layman.

With an eye to promoting a better general knowledge of Station Communications, its functions and scope, Capt. Veo S. Yon, MCAS Communications Officer, invited a WINDWARD MARINE writer-photographer team to tour all major aspects of the communications system.

Guided by MSgt. Charles P. Whelan, the tour began in the heart of station communications center at Radio Central. Here, in vault-like rooms beneath the ground level, are located the radio and teletype circuits, the cryptocenter (where classified messages are processed), a central command post and command switchboard, a giant power plant for emergency use, and the control panel for magneto-powered phones which are designed to furnish command communications in a defense emergency.

Located in a hillside structure near the Station Theatre, radio central is topped by comfortable living

quarters for communications personnel and is made distinctive by a pent-house type lawn, sprouting from the flat roof of the second story. Living here are communication personnel who stand 'round-the-clock' watches on the subterranean radio and teletype equipment, and render 24 hour maintenance to electronic gear.

Acting as communication and crypto guard for all FMF units based at Kaneohe, the Comm Center handles approximately 5,000 messages per month, more than half of which are incoming. In addition it is the core of a local teletype net for the various units at Kaneohe.

A phase of Station Communications utilized by every Kaneohe Marine, and dependents as well, is the Station Telephone Exchange. A paradise for the gadget fan, the exchange is supervised by Benjamin (Barney) Pang, and is the focal point for every telephone line on the Air Station.

Government owned, the exchange is linked to Pearl Harbor by some 39 trunk lines. Ten trunk lines connect with the Hawaiian Telephone Co. in Kailua, and ten additional trunks are planned.

Operated at an annual cost of

electronics gear used on the Station, with the exception of dial telephones. This includes transmitters, receivers, remote equipment, public address systems, teletypewriters, and the telephone systems other than automatic dial equipment.

Guarded by three 150 foot orange and white transmitter towers, the building also houses most of the Station's transmitters. On the roomy second floor are steel cabinets containing the powerful tubes and condensers needed for long-range communications.

From each of these transmitters extends a heavy copper wire, connecting it with the lofty antenna towers outside. When in use, the lethal charge of electric current carried by the antennas is made apparent through a flickering neon tube. These tubes are devoid of any direct connection with the antenna, but receive their energy from proximity to the powerful electric field. A blunt reminder of ever-present hazards, the tubes are mounted on cardboard signs which read, "Death Is Permanent."

A vital function of Station Communications is to furnish adequate equipment for air operations. At Kansas Tower and at Station Airfield Operations atop Hanger 105,

TICKER TAPE—Not a stock broker's office, this is the teletype section of Station Comm center. Scanning an incoming message tape is Sgt. Charles A. Sauer (right), while Sgt. John S. McInnes cuts a similar tape on a perforating machine preparatory to dispatching a message via the teletype land line. These paper strips are perforated with tiny holes in order to stimulate an electronic action when fed into a teletype printer.

TROUBLE SHOOTER — Barney Pang searches for an ailing circuit among the nearly 1000 possibilities confronting him on this "Main Frame" at the Station Telephone Exchange building. Shown is only a portion of the mass of vari-colored wires which connect each Station telephone to the automatic dial system in the building.

TUNING IN—Sgt. Julian R. Choats dials a frequency on one of the huge transmitters used in transoceanic communications. Capable of transmitting either voice or CW (continuous wave) signals many thousands of miles, the transmitters are as simple to tune as the radio in a modern automobile. Each of these transmitters is linked with the soaring steel antenna towers by a finger-thick copper wire.

TAPE RECORDER—Tanilau (Tony) Dias adjusts one of the four magnetic tape recorders used to monitor all radio communications between the Station Control Tower and aircraft. Located in the communications equipment room beneath the control tower on Hanger 105, the recorders are tuned to ultra-high, very-high, and medium-high frequencies on a 24-hour basis. Here also are receivers and transmitters used for communications with harbor traffic and commercial aircraft.

AIR CONTROL—Illustrating the importance of communications in aircraft operations and traffic control, SSgt. Jimmie K. Smith (left), radios landing instructions to an airborne pilot, while Sgt. David E. Bright (right), talks with a flier making his final approach to a landing. In the center is Cpl. Rosemary Beaty, who is occupied with recording the arrivals and departures of aircraft in the Kaneohe control area.

\$100,000, the exchange is located in a massive block-house structure adjacent to the Station and 1st Marine Brigade, FMF, administration building. It handles some 20,000 calls daily between 8 a.m. and 4:30 p.m. from more than 900 phones and nearly 500 extensions on the Station.

Inside the building is a bewilderingly complex array of line relays, group relays, line feeds, and trunk selectors. Extending in tiers from floor to ceiling, the equipment is fully automatic. Employing both mechanical and electronic principles of operation, the equipment is not infallible and the observer becomes more tolerant of those occasional busy signals or wrong numbers which telephone users find so exasperating.

Out at the transmitter building, near the Station Golf Course, is the electronics maintenance workshop. Under the direction of Capt. Robin R. Edwards, station electronics officer, personnel working here are responsible for the installation, repair, and maintenance of all the

are equipment rooms containing transmitters, receivers, and other special electronic gear necessary for the guidance and control of aircraft.

The sector homing navigation equipment is located on the ground level at Kansas Tower. Its sweeping, radar-type antenna sends an identifying signal to all compass points, making it possible for aircraft or ships to plot their positions in relation to a sector bearing from MCAS.

Kansas Tower is completely equipped to handle aircraft traffic on the Station. The necessary equipment is ready but the use would be limited to an emergency.

In addition to equipment needed for air traffic control, Station Airfield Operations at Hanger 105 has an interesting innovation in the form of an electronic finger. This device points to the source of any radio voice signal coming in on a selected frequency and enables the operator to establish the direction of aircraft or ships at sea who are transmitting.

COLONEL'S INSPECTION—Sgt. Bruce T. Dunn of Marine Helicopter Squadron 161 stands rifle and personnel inspection Saturday morning for Col. T. C. Mattison, AirFMFPac Inspector, as the colonel concludes a four day administrative and material inspection of Marine Aircraft Group 13. Col. Max J. Volcansek, Jr. (center), MAG-13 commanding officer accompanied Col. Mattison. The Group was given a "highly satisfactory" rating by the AirFMFPac inspection team headed by Col. Mattison. Saturday morning's program included a MAG-13 parade-review for Col. Mattison, a change of command ceremony in which Maj. Hubbard D. Kuokka turned over Marine Air Base Squadron 13 to Maj. David Riley and closed with a personnel inspection of Marine Fighter Squadron 232 and HMR-161 by Col. Mattison. During the four-day inspection of the Group, inspectors made working inspections of all of the Group's squadrons.

Absentee Voting Assistance Provided Here For K-Bay Voters

Marines, Navy personnel and their dependents who are otherwise eligible to vote under the laws of their respective States of voting residence, will be afforded the opportunity to vote for Federal, State and local officials, by using the absentee balloting procedure, according to Brigade Order Number 1742.

Voting officers will be assigned by unit commanders for the purpose of expediting the individual voting procedure.

Voting information charts, 1956, were recently distributed to units and contain information on elections and absentee registration and voting for the States and Territories of the United States.

Federal post card applications

(standard form 76) for use by individuals desiring to obtain the absentee ballots are furnished by the unit voting officers.

Voting officers will be able to inform personnel on State requirements, give ballot assistance, and provide general instructions for absentee voting procedure as required by law.

Toastmasters meeting.

THURSDAY

Dancing class. . . . Movies at the Stag Bar.

Fourth Marines Bible Students Receive Awards

Recently 15 men from the 4th Marines (Reinf) were presented awards for completing a bible class led by Chaplain Frederick A. Ruder, regimental chaplain.

The award, which was a copy of Walter Russell Bowie's *THE STORY OF THE BIBLE*, was presented to the men who had attended four consecutive bible classes. The classes dealt with both the Old and New Testaments.

The presentations were made by Lt. Col. Frank E. Garrettson, executive officer of the 4th Marines (Reinf).

If it's news—call the WINDWARD MARINE, extension 72104.

Five Generals Retire In June

Headquarters Marine Corps recently announced that five brigadier generals will retire on June 30 and five colonels, previously selected, will be promoted to one-star rank.

Retiring at the end of this month are: Brig. Gens. Arthur H. Butler, stationed at Headquarters Marine Corps pending retirement; Lenard B. Cresswell, Director of the Staff, Inter-American Defense Board; Matthew C. Horner, Commanding General of the Landing Force Training Unit, Norfolk; William G. Manley, Marine Corps, Air Station, Miami, Fla.; and Nels H. Nelson, Commanding General, Landing Force Training Unit, Coronado, Calif. All five generals will be promoted to major general upon retirement.

Slated for promotion to brigadier general are Cols. August Larson, who will become Deputy Base Commander, Marine Corps Base, Camp Pendleton, Calif.; Richard C. Mangrum, who will be Deputy G-3, Headquarters Marine Corps; Lewis C. Hudson, who will replace Gen. Horner; Frederick L. Wieseman, who becomes Fiscal Director of the Marine Corps; and George R. E. Shell, who will relieve Brig. Gen. Edward C. Dyer as Commanding General of the 1st Marine Brigade FMF here June 23.

TOASTMASTERS CLUBS

By BILL LAIMBEER

A Marine without a camera is almost as rare a sight as a Marine without a rifle. For the informal part of their meeting June 12, the EM Toastmasters Club gave two of its camera enthusiasts a chance to show their color slides.

Toastmaster Walt MacKenzie took the members from the early hours of D-Day to the completion of Operation Mawka in a very realistic account of a Marine exercise while Toastmaster Ski Nowicki, in contrast, showed the Marines invading the more beautiful scenic spots on Oahu.

Leading off the more formal side of the meeting, Toastmaster Roy Kruzell had no trouble convincing every one of the expediency of two year enlistments. Jim Clifton and Art James gave their initial "Breaking the Ice" speeches and Jim copped the Best Speaker's award.

In his role of Chief Critic, Toastmaster Bob Gallagher gave his parting advice. As past president and a charter member he has rendered great service to the club.

OFFICERS CLUB

With the recent resignation of President Bud Gratton, the Officers Toastmasters installed George Herlihy to finish out Gratton's term in office. Herlihy accepted the position, then launched into his 12th speech and received the best speaker's award for his masterful delivery on the testing system which shows job suitability.

STAFF NCO CLUB

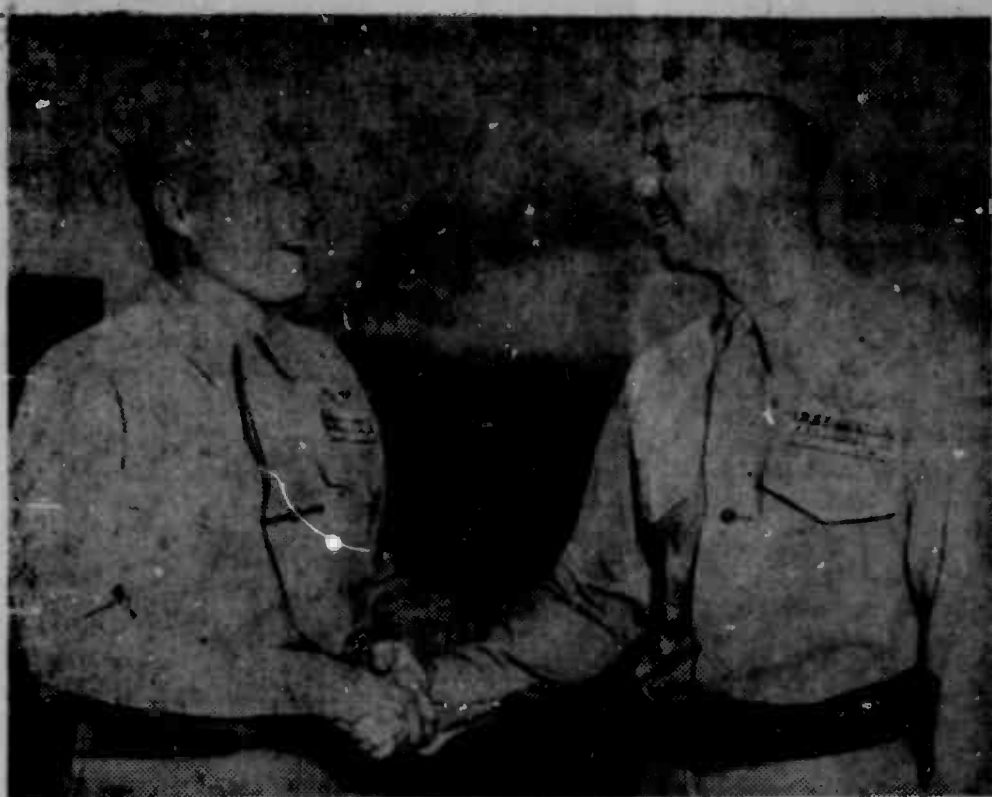

"The Seven Year Itch" was the subject for table topics at the meeting of the Staff NCO Toastmasters Club held June 6. Topicmaster John Felder with his usual high humor oversaw their lively discussion.

Ship Wishall, a new member of the club, and incidentally a Toastmaster from way back, won the best speakers award with an impromptu speech on criticism. Jack Harcher also speaking "off the cuff" was runnerup.

The meeting ended with a short prayer by Bill Zahn, the local politician.

DIFFERENT TYPE SHOTS

CHARLESTON, W. VA. (AFPS)—These were the wrong kind of shots. A man here told the judge that when cops picked him up he wasn't really drunk—just groggy from shots of novocaine at the dentist's. "Novocaine has no odor like bay rum. Fifteen days," said the judge.

MARINE AIR BASE SQUADRON 13 CHANGES HANDS—Maj. Hubbard D. Kuokka (left), turns over command of MABS-13 to Maj. David Riley, former commanding officer of Marine Helicopter Squadron 161, in a brief ceremony Saturday morning. Maj. Kuokka, who is being transferred to Headquarters Marine Corps, bid farewell to the assembled Marines of the squadron, whom he described as a "hard-working, charging bunch of tigers" with the thought that the ten months with the squadron "will always stand high in my memory". Maj. Kuokka went on to say that "your work during . . . Operation Mawka . . . was most gratifying." Maj. Riley who had spent the preceding two weeks as executive officer of MABS-13, told the squadron that as executive officer he had had a chance to see the important part which the squadron plays in Marine Aircraft Group 13. He expressed his pleasure at being able to take over the fine command. Witnessing the change of command ceremony were Col. Max J. Volcansek Jr., Commanding Officer of MAG-13 and Col. T. F. Mattison, AirFMFPac Inspector who had spent several days here with his staff inspecting MAG-13.

Fifth MarDiv. Having Reunion In Miami Beach

WASHINGTON, D. C. — Former Marines of the famed 5th Marine Division, which stormed the beaches of Iwo Jima over 11 years ago to participate in one of the most bitterly-fought battles of World War II, will gather July 6, 7, and 8 in sunny Miami Beach for their annual Division Reunion.

The reunion, which will be attended by members and their families, will make its headquarters in the famous Roney-Plaza Hotel.

This reunion is a yearly event devoted to keeping alive the memory and spirit of the famous "Spearhead" Division.

In the first 36 days after the landing at Iwo Jima the 5th Division saw continuous combat, during which it captured more than half of the island. This action included capturing the vital objective, Mount Suribachi, where a patrol from the 28th Marines raised the first American flag to fly over the island.

It was these flag raisers of Mount Suribachi who are now depicted in the famous Marine Corps Memorial that overlooks Washington, D. C., from the Arlington side of the Potomac River.

The 5th Marine Division had been in existence about a year-and-a-half at the end of the war. It was disbanded Feb. 6, 1946, after a short period of occupation duty in Japan.

Persons desiring additional information about the reunion's program and activities may write CWO S. McMichael, Secretary - Treasurer, 5th Marine Division Assn., Headquarters Marine Corps, Washington 25, D. C.

Dad Rates Assist

CLEVELAND (AFPS)—The way things are shaping up, the future Mrs. Sorci shouldn't have any in-law trouble.

The future Mrs. Sorci's future husband, PFC Gerald Sorci, 18, is on duty with Marines in Japan.

Gerald phoned his dad, Charles, 46, here and asked him to "take my place and propose to Amy."

The elder Sorci, ring and orchids in hand, made the pitch to Amy Raber, 18, and she accepted.

The later-day John Alden wiped his brow after the young lady had accepted his son and admitted he was "more nervous than I was when I proposed to my wife."

Service Hopper To End His 20 In Marine Corps

An Army-Air Force veteran here is rounding out a career in the Marine Corps that began 21 years ago in the Army's Coast Artillery.

SSgt. Roy A. Shadel, who has been assigned to MACS-2, MAG-13, as an aviation electronics operator, joined the Army at 18, in 1935. He reported here from MCAF, Santa Ana, last week.

Switching to the combat engineers from the coast artillery during WW II, Shadel served in the bitter December, 1944, Battle of the Bulge, and won the Silver Star medal for knocking out a German machine gun nest during the St. Lo break-through.

Serving continuously with the Army until 1948, Shadel switched to the Air Force, when that branch of the Armed Forces became an independent service. Discharged in

SSGT. SHADEL

1953, he enlisted in the Marine Corps Reserve the following year and was ordered to active duty in May, 1954. He integrated into the regular Marines Corps a year later, to "finish out his 20."

His Army service took him to Panama, England, France, Germany and Puerto Rico. A Coast Artilleryman for many years, it was only accident that prevented his assignment to Hawaii before World War II. Fts. DeRussy, Armstrong, Ruger and Kamehameha were all coastal defense posts.

If it's news—call the WINDWARD MARINE, extension 72104.

Craig Captures 4th Marines Golf Tournament

TSgt. George W. Craig, of 3rd Bn., 12th Marines, copped top honors last weekend in the first annual J. M. Masters, Sr. golf tournament held by the 4th Marines (Reinf.).

Col. James M. Masters, Sr., who was relieved as commanding officer of the 4th Marines (Reinf.) last week by Col. Bryghte D. Godbold, presented the winner's trophy to

Sgt. Craig, following the 36-hole tournament at the K-Bay course.

Firing a 93-22-71 for the first round and 88-22-66 for the second, Craig bested 33 other competitors with his 137 total.

Cpl. John W. Lee, of 1st Bn. won second-place honors with 84-17-67 and 89-17-72 for a total of 139.

Lt. J. J. Lang, of H&S Co., 4th Marines and Sgt. Fred W. Allsop, of 2nd Bn., tied for third place with 141 totals.

Lang fired 84-12-72 and 81-12-69. Allsop chalked up 87-11-76 and 76-11-65.

Sgt. Craig received an individual trophy and his unit, 3rd Bn., 12th Marines, received a rotating trophy.

The tournament will be a yearly event in honor of Col. Masters.

4th MARINES GOLF TOURNEY WINNER—TSgt. George W. Craig (right) of 3rd Bn., 12th Marines is congratulated by Col. James M. Masters, Sr., after winning the first annual J. M. Masters, Sr., golf tournament held last weekend. Shooting a 137 total for the 36 holes, Craig bested 33 other golfers. The tourney was held in honor of Col. Masters who was relieved as commanding officer of the 4th Marines (Reinf.) last week by Col. Bryghte D. Godbold.

Marines Edge Asahis, 5-4 In Last Frame

After trailing 4-0 most of the contest, the Hawaii Marine baseball team snapped back with rallies in the eighth and ninth innings to defeat the Asahis 5-4 Sunday afternoon.

The Asahis were tied with the Red Sox for first place in the Hawaii Major League before the loss.

The Asahi nine scored two runs in the fourth, one in the sixth and one in the seventh to build up a four-run lead on the Leathernecks.

Hal Jackson walked in the eighth and Les Akeo hit a three-and-two pitch over the centerfield fence to make it 4-2 as he pinch-hit for the

FLASH!

The Hawaii Marines trounced the Braves 12-2 Wednesday night behind the seven-hit pitching of Bill McCauley.

Rusty Gates hit a two-run homer for the Leathernecks in the eighth. He and Joe McNamara had three hits apiece.

The Marines pounded out 16 hits off three Braves hurlers.

Marines' starting hurler Bob Denison.

Ben Addiego pinch-hit for Art Barba to begin the ninth-frame rally for the Marines.

Gary Earnest hit his second single of the game, Mike Savino singled, Rusty Gates singled, scoring Addiego and Earnest.

MacNamara hit to right-center to bring in Savino with the winning tally.

Denison started for the Marines and gave up four bingles, two of them homers, and struck out eight.

Pete Cherinko relieved him in the ninth and received credit for the win. He now has a 2-1 record.

Gates and Earnest each collected two hits for the Marines.

Plans Underway To Form First K-Bay Gun Club

Efforts are now being made to form a Kaneohe Marine Gun Club, according to Capt. D. C. Danielson, MCAS range officer.

The move is being made due to the strong interest shown by all personnel here in organized rifle, pistol and skeet shooting, Capt. Danielson stated.

The objects of the club, he added, would be:

1. The promotion of target practice.

2. The proper development of small arms firing techniques and methods of marksmanship instruction.

3. The encouragement of small arms competition among military organizations, law enforcement agencies, and civilian marksmen contributing to the best interest of national defense.

4. Proper instruction in the sensible handling of small arms for all interested military personnel, dependents and civilians with specific concentration on youthful dependents of military and civilian personnel in the interest of public safety.

5. Organization and control of recreational firing on the Station.

6. The promotion and advancement of good sportsmanship.

Any member of the Armed Forces stationed here is eligible to join the club.

It is pointed out that it is not necessary that people be accomplished shooters to join the club; one of the purposes of the club is to teach people to shoot.

The first organizational meeting of the club will take place Monday, June 18, at the staff NCO club patio.

The meeting will begin at 7 p.m. All interested persons are urged to attend, regardless of rank.

Lejeune Wil Honor Late Red Sox Player

CAMP LEJEUNE, N. C. (AFPS)—The Marine Corps Base, Camp Lejeune, N. C., will honor the late Boston Red Sox first baseman Harry Agganis June 19 with the dedication of Harry Agganis Field.

Final 36 Holes

Hawaii All-Marine Golf Tournament To be Concluded Here This Weekend

The final 36 holes of the 1956 Hawaii All-Marine golf tournament will be played tomorrow and Sunday at the K-Bay course. One hundred entrants registered for the tourney, which began Thursday morning at the Navy-Marine links. Teeing off times for this weekend will be 9 a.m.

11-0 Record Set By Softballers In Early Rounds

The third Inter-Service softball championship is staring the Hawaii Marines in the face at the end of the second round of play.

Defeating Wahiawa last Thursday 4-1 and Communication Station 1-0 Tuesday night, the Leathernecks have maintained their perfect slate in 11 games.

Led by home runs in the sixth inning by Clyde Miller and Carl Rohnke, the Hawaii Marines defeated Wahiawa 4-1 for their tenth straight win in the Inter-Service softball league.

Leroy Wenzel was the winning hurler, striking out 11, walking one, and giving up three hits.

A run in the fourth frame by Wahiawa's Al Larson spoiled a 31-inning no-run record by Wenzel.

Losing pitcher was Bob Lippert, giving up six bingles, fanning nine and walking three.

Line scores:

| | H | R | E |
|---------|-----|-----|---------|
| MARINES | 001 | 012 | 0-6 4 0 |
| Wahiawa | 00 | 100 | 0-3 1 0 |

The local Leathernecks blanked Communications Station 1-0 Tuesday night at Pearl Harbor.

John Boden was winning hurler, giving up six hits while loser Jerry McConnell gave up five bingles.

Boden was also heavy hitter for the evening with a pair of hits including a triple. He scored the game's only run.

STANDINGS

| Coast Guard | 1-11 |

The Hawaii Marines softball team will host Coast Guard here Monday night, Hickam Wednesday night and Wahiawa Friday night.

All games will begin at 8 p.m.

OMIGOSH! — Susan Watson, daughter of TSgt. Art Watson, ogles a 75-pound turtle caught by Aku-Marines Willard Mitchell and Tracy Hubbell here recently. Despite the turtle's cumbersome appearance, the skindivers state the husky sea animals are able to swim at unbelievable speeds when chased and struggle like eels when caught. P.S. Turtle steaks were enjoyed by all. PHOTO BY RUSS PFAFF.

K-Bay's defending champion, Jim Hoops, heads the list of entries and strong opposition is expected from Walter Lawson, who last week emerged victor of the Kaneohe Marine golf championship, defeating Hoops seven and five for the 36 holes.

Also in the running for the crown are Ben Martin, Bill Gardner, Paul Ocha, Perry Jensen, George Shouse and Steve Warren.

The tourney is medal play to determine the Hawaii All-Marine champ. However, play is in four flights championship, "A", "B" and "C" flights.

The eight low scorers in the championship flight will be selected to compete in the Hawaii Inter-Service golf tournament next month.

Immediately following the tourney Sunday afternoon, a banquet will be held at the K-Bay club house and awards and presentations will be made.

The awards will be given in the championship flight (low gross) and three in the low net, "A", "B" and "C" flights.

Aku-Marines

By JACK FISHER

As part of the new stepped-up safety and education program recently initiated by the Aku-Marines, Doc McCoy gave a very fine talk after last Monday night's club meeting on a difficult subject, divers' diseases.

Doc's handling of the subject was thorough, covering cause and effect of such ailments as "the bends", air embolism, CO2 build-up, nitrogen narcosis, oxygen poisoning, etc.

Oddly enough, oxygen which is so necessary to life on the land, becomes dangerous, even deadly, when breathed undiluted at pressures experienced in water depths of 33 feet or more.

For this reason, SCUBA (Self Contained Underwater Breathing Apparatus) is always filled with either compressed air or a mixture of gases no greater percentage of oxygen than the normal amount found in the atmosphere.

THE ONE THAT GOT AWAY

Tracy Hubbell, Larry Windlev, Russ Pfaff and Willard Mitchell had a 10 minute chase with a two-and-one-half foot leopard ray last Saturday afternoon, but were unable to get close enough to launch a spear.

Russ conjectured that victory was almost within "sights", as the ray was within near range and the interval in between was lessening, but the ray took on a surge of power and pulled away.

At the risk of inviting accusations of "sour grapes", we'll write off the leopard ray as a potentially unsuitable living room trophy.

Anyway, the boys were chasing (See AKU-MARINES, P-7)

GOLF

By JIMMY UKAUKA

Only one change on the golf ladder this week; Ben Martin took the measure over Paul Ochs and is now in the number three spot on the ladder. Ochs now rests in number nine.

And "Wes" Corman continues to hang doggedly on to the 12th rung, having warded off another challenger Ralph Whitney in a 19-hole match.

100 PLAYERS ENTER HAWAII ALL-MARINE TOURNEY

One Hundred golfers teed off yesterday in the opening round of the All-Marine golf championship tournament. A tremendous amount of interest is being shown in this year's event and it promises to be a gala affair.

The first 36 holes are being played at the Navy-Marine Golf Course and the final 36 holes will be played here at the Kaneohe Klipper.

A banquet will be held Sunday afternoon during which the presentation of awards and the crowning of the champions will be made.

The low scorers (gross) in the All-Marine tournament will comprise the Marine golf team that will compete in the Inter-Service golf championships.

Spectators are welcome to view the matches as they are being played here at Kaneohe. So, come one, come all!

LADIES GOLF RESULTS

The medal play tournament last Thursday wound up in a tie between Lucy Martin and Betty Humphreys. Both lassies wound up

(See GOLF, P-7)

in the cards

by JERRY SELLERS

At the time of this writing, the Hawaii Marine softball team has gone undefeated in 11 starts.

It's nothing new. . . .

The story's been the same for the past two years, when the softballers copped the 14th Naval District honors.

But an interesting sidelight turned up Tuesday night when second-place Hickam downed Coast Guard 4-3 in 12 innings.

Hal James fanned 31 men! As the guy who writes the movie column on page eight would say, "And he's two years older than the crack in the Liberty Bell!"

James has been pitching service ball for almost 10 years, so go the tales.

But one thing's for sure—he's good.

And he's older than John Boden. . . .

Public Relations

While still on softball, the Hawaii Marines have taken a good step in the direction of service-civilian relations.

Wednesday afternoon, the softballers, journeyed over the Pali to the Palama Settlement to conduct a softball clinic.

Palama is a settlement—or rather a club—for under-privileged boys.

The Hawaii Marine basketball team did it last season and received a warm reception and many, many thanks for the clinic.

It all goes back to the old saying: If you have an appreciative audience, you enjoy doing things for them.

The Kentuckian

Talked to Lt. Al Stevens the other day.

The '55-'56 Hawaii Marine basketball coach is special services officer at Camp Smith now.

He's received orders to Quantico and is slated to depart the Islands sometime this summer.

The lanky lieutenant, a graduate of Eastern Kentucky Teachers College; received his Bachelor of Science degree one month and his Master's the next!

Takes some doing. . . .

Makes Sense

Johnny Podres, hero of the '55 World Series for the Brooklyn Dodgers who was drafted a while back and shipped to the Navy, will be assigned to the athletic officer at Norfolk, Va., when he completes boot training.

What'll he do? The ex-Bum southpaw will teach baseball, natch!

Backyard Recreation

A gentleman (who doesn't want his name mentioned) called the other day to pay a compliment. And those we always like to get.

A few weeks back this column suggested a miniature golf course which could be built in a backyard, using sunken tin cans, obstacles, etc.

Well, this person has a 22-hole course, complete with traps, small lakes, and bushes. Par is 61.

Says he did it over one weekend and it's furnished the family with recreation and will save him the price of movie ducats many many times over.

Name _____ Base _____

The 1956 All-Star baseball game will be played at Griffith Stadium in Washington, D.C., July 10. If you want to nominate your favorite American and National League players, excluding pitchers, for the classic, fill out the above ballot and forward it to: Sports Editor, Armed Forces Press Service, 250 W. 57th St., New York 19, N.Y. The voting officially opened June 1 and closes at the local level (AFPS) at midnight, June 22. AFPS will tally the votes and submit them to the office of Baseball Commissioner Ford Frick.

INTRASTATION FOOTBALL VICTORS—Col. James M. Masters, Sr. (left), former 4th Marines (Reinf.) CO, presents the Intra-Station touch football first-place trophy to Lt. Col. James G. Jutt, 3rd Bn., 4th Marines CO, and coaches Lt. Jack Holmes and G. H. Van Gordon (center). Immediately following the final tourney game last Thursday afternoon, Col. William B. Steiner, Station CO, presented the team and individual trophies to Col. Masters for further presentation to the winning team and to the second place 1st Bn., 4th Marines team.

AKU-MARINES

(Continued from P-6)

him just for exercise.

MORAY EELS

Most of the Aku-Marines use a spear gun when hunting moray eels, except when recently Matilde Gomez and Vic Sevilla beat one into submission with a knife and a stick.

Willard Mitchell attempted to go one step further, however, when he snatched a moray from a reef with his hands.

Mitch almost secured him, but the eel, in keeping with its reputation as a slick character, slipped loose and away.

In fairness to this particular eel, it must be admitted that it would have measured less than a foot in length, and only a hungry feline would have appreciated it.

Mitch did somewhat better when he used his spear gun, capturing a four-foot moray eel and a 15-pound conger eel.

The conger eel has a grey-blue appearance on top and sides and is white underneath. Unlike the moray which has a mouthful of needle like teeth, the conger has jaws which are serrated much like a steak knife.

At maturity they may weigh 50 or 60 pounds and in rare cases as much as 100 pounds although in local waters, a 10-pounder is generally considered a good catch.

GOLF

(Continued from P-6)

with 75 nets.

The "B" flight action of this event was won by Dot Conger who fired a net 80.

Lucy Martin also won the last "Ringer" tournament with a 52 net in the "A" flight while Georgia Kelloq copped top honors in the "B" flight with 49 net.

SCOTCH FOURSOME DATE SET

A "Scotch Foursome" tourney has been scheduled for Sunday June 24, so prepare to take part in a day of hilarity.

ALOHA BOB GREEN

Next week we bid adieu to Robert "Silas" Green, one of the faithful attendants at the Kaneohe Klipper Golf Shop. The cross-handed swinger, cool as a cucumber in all of his dealings, and a favorite with all who knew him, will be sorely missed.

We can only say that there will always be a soft spot in our hearts for the cross-handed wizard.

Aloha and good luck!

Golf Day Set For Gen. Dyer

An "Aloha Golf Day" has been set for Brig. Gen. Edward C. Dyer, 1st Marine Brigade, FMF, commander, who will be leaving shortly for Washington, D.C.

The event was formulated by his many golfing friends, and will take place Thursday, June 21 at the K-Bay golf course.

Everyone interested is eligible to participate.

For further details, contact Jimmy Fukauka at the golf course or call ext. 72630.

Intra-Station SCOREBOARD

Bowling League Starts June 27

Twelve teams will begin the 1956 Intramural bowling league June 27 at Kailua bowling alley. It was learned this week from the Intra-Station sports office.

The 1st Marine Brigade will furnish one team, five will come from the 4th Marines (Reinf.), four from MAG-13 and two from Hq&HqSq.

The season will last 11 weeks, with double round-robin play.

It is slated as an Intramural league, rather than Intra-Station because all units aboard the Station will not be competing.

Names of team captains and members must be received by Lt. Ted Fling, I-S sports director, by June 29.

Team captains will meet in the I-S office June 22 at 9:30 a.m.

The bowling league will not be counted toward Commanding General's Cup standings.

For further information, contact Lt. Fling, ext. 72968.

WM Softballers Edge Hickam WAFs, 16-15

The Women's Marine softball team edged the Hickam WAF's 16-15 Wednesday night at the losers' field.

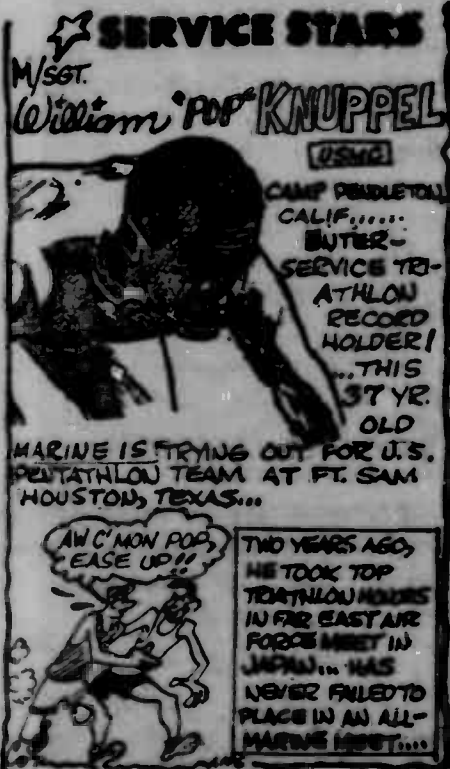

Winning pitcher was Mary Tease, who went the route for the victorious WMs.

The K-Bay women were trailing 14-1 in the fourth inning, after a rather disastrous first three frames, when they began to click.

They piled up four runs in the fifth stanza and 10 in the seventh to cop the close contest.

MARINE CORPS FIRST

On June 10, 1871, U. S. Marines under Rear Adm. John Rodgers, USN landed for the FIRST time in Korea.

Theater Schedule and Reviews

By MSGT. FRANK FORSYTH

TONIGHT—

BANDITS OF CORSICA

Richard Greene-Paula Raymond
This is one of those noble pictures. Siamese twins are separated by surgery. One joins the gypsies and is induced by a nasty king to pose as his brother. He does, he's killed and everything ends well.

RATING: GOOD. What a horrible way to start off a new week.

SATURDAY—

MACAO

Robert Mitchum-Jane Russell
Adventurer, headed for Macao, runs into a singer, a detective and a crime chief wanted by the police. He aids the international police in getting their man.

RATING: GOOD. The police get their man, no doubt Russell gets her man and the customers get headaches from watching this little jewel.

SUNDAY—

THE KINGS THIEF

Edmund Purdom-Ann Blyth
Gentleman turns highwayman, steals the crown jewels in order to get an audience with the king so he can expose the "Nogoodnicks."

RATING: FAIR. Swashbuckling adventure, Flaming Love, Spectacular Drama, Hollywood Jargon for "It Stinks."

MONDAY—

THREE BAD SISTERS

Kathleen Hughes-Maria English
One sister wants to get rid of the other two. One is driven to suicide but in the end the bad sister dies. Happy ending?

RATING: FAIR. This is a happy little gem that should send you home singing. To cut somebody's throat. If you must go, leave the kids home.

TUESDAY—

TARGET ZERO

Richard Conte-Peggie Castle
As a general rule we have two stinkers on Tuesday but this week all that is changed. We have one that smells just as bad as two ordinary small stinkers.

RATING: POOR. If you have any doubts, go see for yourself.

WEDNESDAY—

SQUARE JUNGLE

Tony Curtis-Pat Crowley
Story about the boxing game. Trials, tribulations and eventual rise to the championship.

RATING: GOOD. It is true that we do believe in Santa Claus, the stork and other assorted fables but even for us it is just a little hard to visualize Tony Curtis as Middleweight Champion of the world.

THURSDAY—

FOREVER DARLING

Dezi Arnez-Lucille Ball
Marriage of Lucille Ball and Dezi Arnez headed for a crackup until Lucille's guardian Angel appears. Yup, that's what we said. This one has angels yet.

RATING: GOOD. This one might be the bright spot in an otherwise dismal week.

NOTE: From what information we have been able to find we believe that the two kiddie shows are safe for the little angels.

Special Service Activities

GOLF COURSE:

8 a.m. until sunset,
Driving Range:
7-10 p.m. daily except Monday.

INDOOR MOVIE:

(RCT and Station)

With The ... WOMEN

Pat Crowley left Kaneohe June 2 for Treasure Island and discharge.

Pat, who arrived here in August, 1954 served with the Station disbursing office.

Upon discharge, she will return to her home in Schenectady, N.Y.

Also on the Mainland is Zilla Cooper who left last week for 30 days reenlistment leave.

She will visit her family in Lovettsville, Va. and also friends in Washington, D.C.

Janet Horner will return today from Pearl Harbor where she attended a week's course in Military Justice.

NCO in charge of Station education, Janet will also take over the WM's column upon her return.

STAFF NCO WIVES CLUB

The Staff NCO Wives Club extends an invitation to all wives of Staff NCO's to attend the social meeting to be held Tuesday, June 19, at the club patio, at 7:30 p.m.

A beautician will speak and show a film on cosmetics.

Also a reminder to all members to bring their golden books for the station infirmary to the social meeting.

The club bids aloha to Sylvia Buck who is departing soon for the Mainland.

"O" WIVES CLUB

Because of very windy weather, the Commissioned Officers Wives Club held its box lunch social in doors Tuesday afternoon, instead of by the pool.

One of the highlights of the luncheon was the fancy hat contest. A variety of colorful and creative fashions, including floral gardens, palm boat canoes, landing strips complete with airplanes and golf courses, plus an array of other millinery styles.

A water ballet group from Puna-hou Girls School received much applause as they presented several numbers in synchronized swimming.

Edith Claus' dancing troupe also performed several numbers around the pool.

Mrs. L. R. Bendell presented a lei to Mrs. E. C. Dyer who is departing for Washington, D.C.

Navy relief baby layettes were

Mary Ann, daughter of Maj. and Mrs. Nicasio J. Zagone, 411 Kaipihia St., May 28.

MAN

George Kwock On, son of Sgt. and Mrs. Herbert W. T. Man, 45-567 Pahia Road, May 29.

MASTIN

Terry Lee, son of PFC and Mrs. Norman P. Mastin, 237 Kalama St., May 29.

ROBERSON

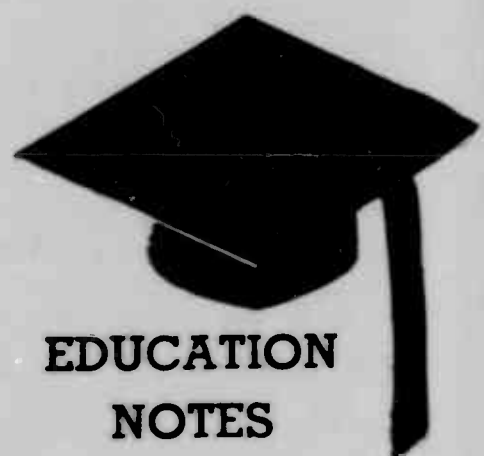

Mary Anne, daughter of SSgt. and Mrs. Elmer L. Roberson, 646 Minter St., May 29.

HIVELEY

Chuck Robert, son of Sgt. and Mrs. Charles E. Hiveley, 436-B Ulu-niu St., May 30.

WORCESTER

James Todd, son of Cpl. and Mrs. James T. Worcester, 1901 Kaloo Drive, May 30.

By Cpl. JAN HORNER

Have you been wondering what to do with your "free" time lately, when the sun isn't shining, the movie is "zlich" and you don't have two coins to rub together? Well, all it not lost because there is something you can do which is interesting and profitable.

Remember that USAFI course you paid \$2.00 for, worked on for awhile and then threw into your footlocker? Why don't you dig it out and finish that second lesson and drop it in the mail? It's only by finishing the lessons that you can get your money's worth. Really, that course in English literature might include some good stories if you really sat down and read the text. And every American should know United States history.

You know education isn't just a way of keeping young energetic children out of a mother's hair, it's a process for developing your own capabilities to your own benefit. Education can put money in your pocket and pleasure into your leisure hours. Whether you are eighteen or eighty there are things you don't know, but can find out.

Don't give up. Pay a visit to your education office. It could prove to be a very profitable interruption in your daily routine.
