

Mokapu Carnival Saturday & Sunday

Lieutenant Commander James Forrest, Chairman of the Entertainment Committee for the Mokapu School PTA Carnival to be held tomorrow and Sunday on the school grounds announced the complete entertainment schedule this week.

Heading the entertainment acts will be the 1st Marine Brigade Band; a Hula Troupe; Dog Obedience Trials; and appearances by Sheriff Ken and Miss Kailua plus many other attractions.

The Carnival will get underway tomorrow, Nov. 22 at 11 a.m. when Sheriff Ken will be on hand to greet all his western partners and sign autographs. At the same time, from the stage erected at the center of the school grounds, there will be a Hula Hoop demonstration put on by the recent winners of the Hula Hoop Contest held at the Mokapu School.

Twirlers will include: Lynn Kilduff, Georgia Roueche, Janet Woten, David Del Rosario, Patty O'Neil, Donna Boyd, Mike Corretti, Paul Lay, and Lee Rottsoik.

Beginning at 1:30 p.m., and continuing for an hour, Dog Obedience

Trials will be held. At 3 p.m., the children of Mokapu School will present an hour long program including singers, dancers, and specialty acts. Duets will be sung by Linda Heyer and Virginia Marshbanks; Peggy McHugh and Christine Whitcomb; and George Knapp and David Hattaway.

Solo singers will include Debora Sullivan, Betsy Silverthorne, Wayne Watson and Donna Allen. In addition there will be accordian selections by Linda Bruton; Clarinet solo by Barbara Beckner, and Ukulele numbers by Royanne Delaney, Marilyn Draugham, and Todd Hansen.

Indian tribal dances will be presented by Phil Zimmer and Paul Cash.

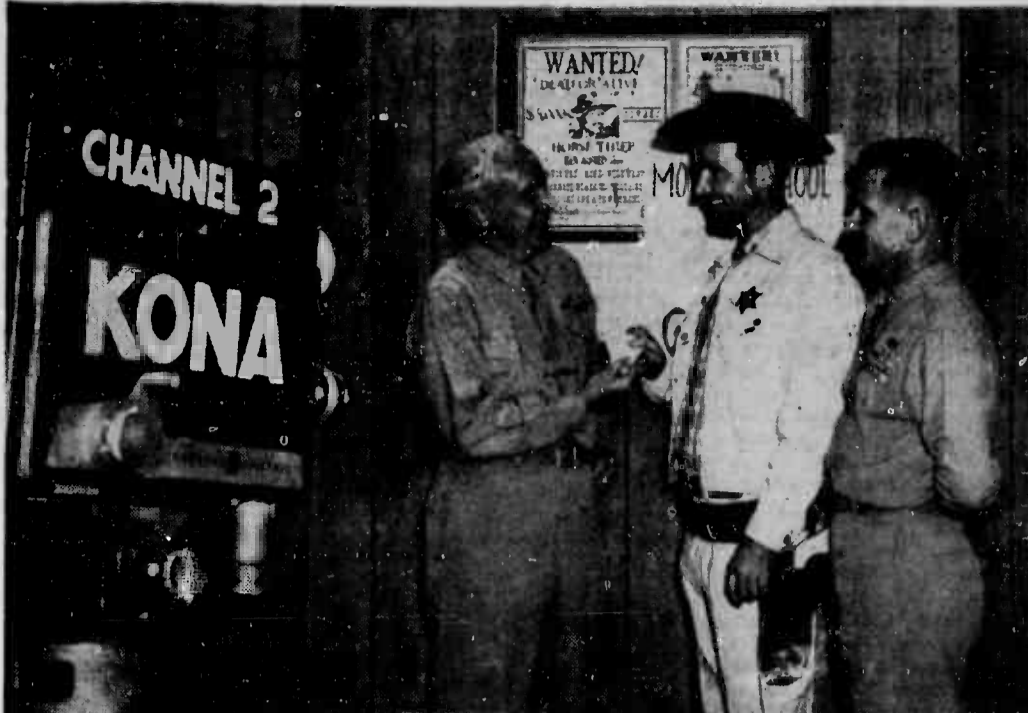

On Saturday evening at 7:30 p.m., the Brigade Drum and Bugle Corps will present a demonstration in drill precision followed by an hour long Band Concert by the 1st Marine Brigade Band.

No carnival would be complete without a beauty queen, and "Miss Kailua," (Phyllis Kekoaunui), will add the necessary charm during an appearance at 8:30 p.m.

On Sunday afternoon, the carnival will get underway again beginning at 12 noon, and continuing through 6 p.m.

At 2:30 p.m., the Kanoe Lum Hula Troupe will take over the school ground stage to present a variety of Hawaiian, Samoan, Maori

MARINE CORPS SETS POLICY FOR FY59 PRO PAY PROGRAM

Headquarters Marine Corps has published Marine Corps Order 7220.12 which oils the administrative machinery that will soon start the much talked about proficiency pay. Laying down the regulations for Fiscal Year 59 proficiency pay program, the order divides critical MOS's into three categories and sets the percentage of personnel to be selected in each critical skill. It also sets up the methods and criteria of selection of personnel.

Proficiency pay will consist of a monthly sum to be paid in addition to any basic pay, allowance and special or incentive pay to which an individual may be otherwise entitled. Its purpose is to improve retention of trained personnel, particularly in skills re-

quiring a significant training investment.

The FY59 program, which covers the period from Dec. 1, 1958, through June 30, 1959, is the first of four phases. In this phase, the number of awards is limited with special pay going to pay grades E-3 (with over 24 months of service), E-4 and E-5.

Public Law 422, 85th Congress, provides for three increments of proficiency pay to be designated as P-1, P-2 and P-3. The present program utilizes only P-1, which is a \$30 monthly payment.

Ranks and MOS's in which personnel will be eligible under this plan were selected in accordance with Department of Defense regulations and those in which the greatest improvement in retention is needed and in which there is significant training investment. Some ranks and MOS's with these characteristics are not included in the present program because there is no shortage or projected shortage of personnel in them.

Commanding officers are authorized to make proficiency pay awards. To be eligible for the pay, an individual must be designated as fully qualified in a certain MOS which is assigned as his primary MOS, or meet other specified requirements. It is intended that proficiency pay awards go to the best qualified individuals. Emphasis is placed on formalized procedures to include competitive examinations conducted on local levels. Duties prescribed in the MOS Manual will be used as a guide in preparing examinations and practical application will be emphasized.

An individual will retain his proficiency pay, unless terminated. See PRO PAY-P-4

Christmas Mailings Available Sat. A.M.

The finance section of the Station Post Office will be open Saturday mornings, beginning tomorrow, up to and including Dec. 20 for the mailing of packages and sale of stamps.

Saturday hours for the Christmas rush period will be 8 a.m. to noon. Money orders will not be sold on Saturdays.

Corps Adopts 8-Man Drill With Changeover By Mar. 1

Eight-man squad drill is officially back. Headquarters Marine Corps has ordered commands now using the 13-man squad drill to shift to the new drill as soon as practicable and not later than Mar. 1, 1959.

In the same order it was stated that the Landing Party Manual drill may be used for utility movement of troops. This drill was adopted by the Marine Corps in late 1939 when mobilization required simplified drill for instructional purposes and movement of troops.

Beginning on Dec. 2, all Station personnel will start receiving instructions in the new drill. No definite date has been set for Brigade conversion.

After Jan. 1, commanding officers will be required to schedule a minimum of 50 per cent of drill training to the 8-man squad drill.

Adopted in 1956, the 13-man squad drill became the official Marine Corps Drill and was taught in both recruit depots. However, experience throughout the Marine Corps has indicated the undesirability of continuing its use. Exhaustive studies made at re-

cruit depots and at Headquarters Marine Corps indicated two objectionable aspects of the drill:

(1) 13-man squad drill is too complicated and as such requires too much time to get the training objective across.

(2) Many recruits know only one position of the drill upon graduation and are completely lost upon arrival at a duty station.

Both recruit depots started the change-over to the 8-man squad drill Nov. 10. On that date the drill instructor school at Parris Island began the transition and all ensuing classes will receive instructions in the new drill.

A target date of Dec. 15 has been set by Parris Island for all recruits to be receiving instructions in the new drill. San Diego announced that all recruits would start the new drill immediately. In addition, the LPM drill will be taught all recruits.

THANKSGIVING SERVICES

Special Thanksgiving Day Church services will be held at 9 a.m., Thursday in Trinity and St. Michael's Chapels.

Corps' G-1 Gives Optimistic Report On Cordiner Plans

On Nov. 13, Maj. Gen. Donald M. Weller, Assistant Chief of Staff, G-1, Headquarters Marine Corps, spoke before the members of the former Cordiner Committee as part of a series of presentations by all services and the Department of Defense relating to the DOD's efforts to carry out the committee's recommendations.

Gen. Weller explained that the action the Marine Corps is taking and is planning to take will pay dividends to the service on a continuing basis. He pointed out that the over-all reenlistment rate has increased by 10 per cent, the caliber of men was improving and that new men were enlisting for four-year terms. He further praised the Committee for the significant part it played in making these improvements possible.

As the presentation given by Gen. Weller is of interest to all career officers and enlisted men, the text is printed for information.

Provost Marshal Cautions Drivers On Legal Turns

An extremely dangerous traffic situation exists at the old approach road leading from Kaneohe Bay Dr. to Mokapu Rd. since the revamping of the intersection, according to Maj. E. R. Reed, Jr., Station Provost Marshal.

Some Kaneohe motorists, inbound to the station, have been observed still using the old approach road to Mokapu Rd. and while doing so have driven directly into Station outbound traffic for a short distance.

The old Kaneohe approach road is for outbound traffic only. Under the new system, motorists, inbound from Kaneohe to the Station, should pass the old approach road and execute a left turn onto Mokapu Rd., at the new traffic lights.

A one-way sign at the old approach road intersection with Kaneohe Bay Dr. is now set back some distance from the road and will be relocated for easier viewing within the next few days.

Dependents May Dine In Messhall Thanksgiving

Thursday will again be the scene of the Marine Corps' traditional Thanksgiving dinner at which time Marines may host their dependents with a military menu.

Reservations for the holiday meal are now available at the Food Services Office for personnel on commuted rations and military dependents.

Prices will be as follows: commuted rations personnel, \$1.00; adult military dependents, \$1.20 and dependents under 12, 60 cents. Chits will be on sale today, Monday, Tuesday and Wednesday from 7:30 a.m. to 4 p.m. The Food Services Office is located in Building 243, next to the Hobby Shop.

Dependents will be served the Thanksgiving meal in the messhall in which their sponsor normally eats. MAG-13 dependents will dine in Mess 1.

Dinner will be served from 2 to 5 p.m. at each messhall.

Further information may be obtained by calling the Food Services Office at 72515.

Mokapu School Carnival

This weekend the Air Station takes on a carnival atmosphere, complete with the noise of midway merriment and the aroma of appetizing foods, as the Mokapu School PTA Carnival is held here.

Committee members have worked long and hard on elaborate programs for all ages in which local and professional talents are combined. The old West is relived in a series of rides and there are many events to keep everyone entertained throughout both days of the carnival.

Funds raised during the two-day event will be used to buy training aids, to improve playground facilities and the library and for other miscellaneous school improvements.

Join us at the carnival, Saturday or Sunday, for fun and gaiety. It's a worthy cause—one which deserves your support.

Think It Over

Don't laugh it off, friend! You may not care if you're recommended for reenlistment, but your future employer will.

The key to your future can very well rest on "Report of Separation, DD Form 214" which every man and woman receives upon discharge or release. A copy of that vital form is sent to the Reserve and Recruitment District within which you reside—**WHETHER YOU REMAIN IN THE RESERVE OR NOT.**

When you apply for a job, your future employer will want to see this form—and if it doesn't contain the words "honorable" AND "recommended for reenlistment" your chances of getting a good job are mighty slim.

If you don't believe it—a visit to the Veterans Contact Section of any Reserve District will bring the point home with shocking force.

A stream of former Marines who "laughed it off" when they went up for the reenlistment interview have found out the hard, bitter truth—employers look for men who served their country honorably and faithfully and who were **GOOD ENOUGH TO BE RECOMMENDED FOR REENLISTMENT.**

And employers depend on that vital form in determining whether they will hire you.

Think it over! Your whole future may depend on it.

Chaplain's Corner

By **CHAPLAIN CONNELL J. MAGUIRE**

Once there was a little boy who was playing in his back yard. Beforehand, his mother had told him to stay there and not to leave under any circumstances. But he became tired of just staying in one place. He crept away, disobeying his mother, and went to a river near his home.

Being engrossed there in making mud pies, he became careless of his footing. He slipped on a mossy stone and fell into the stream, cutting and bruising his arms and legs on protruding rocks. He scrambled out again wet and bruised, surveyed the damage and started home.

The little boy's shock and pain and grief seemed to increase as soon as he came within hearing distance of his mother. When his mother met him and tried to comfort him, his sobs became more violent.

We smile at these antics of this child. We realize that his crying was partly an appeal for sympathy and partly to prevent his mother from punishing him for disobedience. But do grown-ups always act differently?

Often when corrected, we complain bitterly to our friends, looking for sympathy and comfort. We are often tempted too to press our responsibilities on others to avoid blame. In short, even adults often behave as the little boy did. Our emotional outbursts are frequently as insincere.

We have a constant need of self-examination. Many great men have set aside a few moments of the day to examine their thoughts and actions of that day and all their faults in general. In this way what we might call weeds in their lives were identified and rooted out. And there is a Divine guidance and help assured us if we follow this wise example.

'O' Wives

The O-Wives' December luncheon will be held Tuesday, Dec. 2, at the O-Club. Social hour will be from 11:30 a.m. to 12:30 p.m., and luncheon will be served at 12:30 p.m. The price will be \$1.75, which includes sherry.

A Christmas musical variety program called "Fun With Music" will be presented by Mrs. George Whaley. Mrs. Whaley, whose husband is with PAA, has been in the islands for about two years. She is a recognized pianist and composer who has made recordings on the Mainland and has composed popular music which has been published. She also wrote the words and music for a composition called "Song of the North" which is based on authentic Eskimo dances. It was sung by a 120 voice chorus at the Anchorage, Alaska, Music Festival to which Mrs. Whaley was invited as an honored guest.

Make your reservations for the luncheon by noon Monday, Dec. 1, by calling Lorene Phillips at 72698 or Dee Hughes at 241-242. Don't wait; make your reservations now!

NCO Wives Club

The social meeting last Tuesday evening was undoubtedly one of the best Hawaiian shows any of us will see in a long time. Bella Richards and her troupe did a total of 13 numbers. Bella played the ukulele and sang while the girls danced to such songs as "Keaioha, Song of Old Hawaii;" "Cockeyed Mayor;" and "The Hawaiian War Chant." Some of the troupe had only been taking lessons for six months, and some 10 years. For the finale of the evening, Bella, who seldom dances in public, danced and sang "Manaloa." Fifty-five members attended. Congratulations to Peg Wilson, who won the Thanksgiving turkey.

There will be a meeting Tuesday morning at 9:30 a.m. at the Hobby Shop for any wives who are still interested in joining the Red Cross Motor Corps.

The Inquiring Photographer

By **SGT. SAM ZAGARELLA**

Your Inquiring Photographer travelled this week to Brigade Headquarters Co. and asked, "How did you benefit or what did you learn while participating in the Mount-out exercise conducted this week?"

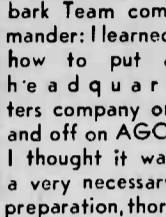

MSGT. EARL C. HODGES: The primary benefit was the fact that we had certain minor discrepancies that were noted and brought to light during this problem. Now that the difficulties are known, steps are being taken to correct them.

1st SGT. L. K. SEPULVEDA: I thought the mount out went very well. The objective of the problem was to correct any discrepancies that might occur in case of an actual mount out. Action has already been taken to correct errors noted.

1st LT. R. T. SHIGLEG, AGC Embark Team commander: I learned how to put a headquarters company on and off on AGC. I thought it was a very necessary preparation, thoroughly planned and properly executed.

MAJ. D. H. BLANCHARD, CO. Hq. Co.: The higher the headquarters the more difficult it is to accomplish a successful and smooth running operation but this problem was excellent and all hands profited by the experience gained. I thought the attitude displayed by all hands was fine.

SGT. EDWARD J. PAURAZAS: I learned quite a bit and found out what supplies and equipment we will need in case of an actual mount out. The problem was a success. I think everyone in the outfit gained more "know-how" because of the exercise.

CAPT. G. L. FENENGA: As far as my section is concerned the mount out ran smoothly and with very little difficulty. Problems of this type will enable us to move out rapidly, in line with our mission.

K-TOWER OBSERVATIONS

According to LtCol. Frank H. Simonds, Station Special Services Officer, there's still some thoughtful and thankful people left in the world, despite popular beliefs to the contrary. It seems Col. Simonds received a phone call the other day from a woman driver who had nothing but praise for the Marine Corps. While driving over the Pali, the woman had a flat tire. Standing there hoping that someone would stop to offer a helping hand, she estimated that nearly 200 cars raced by before the courteous driver of a special services vehicle stopped to lend assistance. The tire changed, the lady went on her way with a thankful smile, but not before making a mental note to call the colonel and express her appreciation.

The small fry set had a field day, the doctors at the Station Dispensary a busy afternoon, and the MP Motor Patrol a hectic watch here last Thursday. Whether it was the weather, the water or what, it's hard to say, but in a period of about an hour and a half, three tows had to be rushed to the dispensary with an M.P. escort to have assorted bumps and cuts receive emergency treatment.

Many favorable things can be said for our Honolulu Police Department, but last week according to a young Marine, they have added a bit of flattery to their detecting. Seems this Marine was driving along Kam Highway when he was stopped for passing on a curve. After issuing the Marine a citation, the police officer proceeded with his little lecture which usually accompanies a ticket. When he had finished telling the Marine of the dangers of passing on a curve, he ended up by saying, "If you don't think anything about yourself, think about that pretty little girl you have in the car, she is very nice looking."

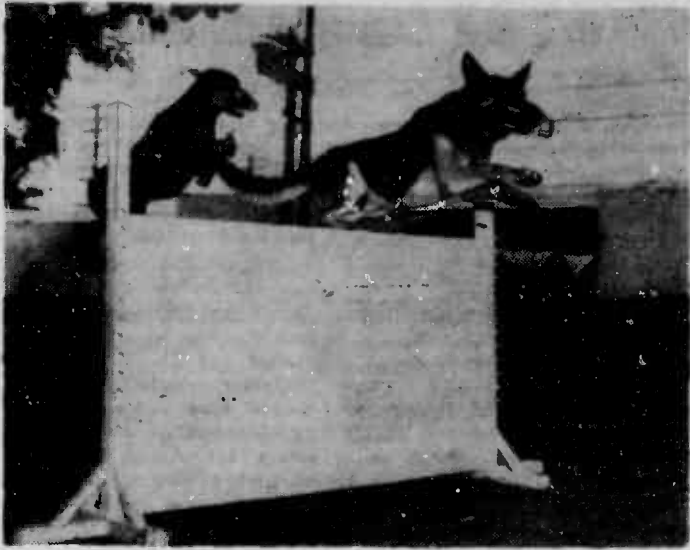

Until recently, MSgt. Bruce, Manager of the Staff NCO Club, considered himself an authority on bowl games. He thought he could tell you where every bowl is located, the seating capacity, cost of tickets, etc. During a conversation at the club the other night, the Sun Bowl game was mentioned. Bruce had to raise an eyebrow at this one, after all, he was an authority on the subject, and there was no such bowl. Ten minutes later a wager was decided and Bruce is back to the books again trying to find out if there's any other bowl games that he should know about.

OVER THE TOP—"Kanaka Piki" leads "Lady Adele of Manoa Vale" over a hurdle as the two dogs practice for the Dog Obedience Demonstrations to be held at the carnival Saturday afternoon. This canine pair will join with a number of other breeds at 1:30 p.m. in an hour-long show.—Star-Bulletin Photo.

OBEDIENCE EXHIBITION SHOWS HAVE TOPS IN CANINE TALENT

MSgt. Paul Cohen, chairman of the Dog Obedience Demonstration committee, has lined up an array of the best canine talent in Hawaii for the show Saturday afternoon. Top dog trainers will put their animals through various obedience exhibitions in the hour-long show beginning at 1:30 p.m.

Among the dogs demonstrated will be the Doberman Pinschers "Lady Adele of Manoa Vale," trained and handled by Mrs. Stewart Shellaby, and "Duchess," trained and handled by Mrs. Regina Chung. "Lady," the first dog in the Territory to attain the UD degree of the American Kennel Club, was recently voted one of the top obedience Dobermans in the nation.

"Duchess," still a young dog, recently completed her CDX Degree, has placed consistently in competition and has earned the reputation of being a willing and flashy performer.

DOG TITLES

"CD"—Companion Dog is the title given a dog who has completed a qualifying score in three different obedience shows. This is the first step in dog obedience training and a dog working on his CD can be compared to a child attending grade school.

"CDX"—Companion Dog Excellent is the title given to a dog after it has earned its CD Degree and is the "high school" training in dogdom.

"UD"—Utility Dog is given to a dog after the completion of the aforementioned three titles. UD's are the "collegians" of the canine kingdom.

Jose Cardoza's two Dalmatians, "Sunny" and "Kimo," constitute the only father-son combination of dogs in Territory competition today. This is considered a rarity even on the mainland. Sunny, the sire, is on the verge of becoming the first Dalmation to complete his UD Degree locally, while Kimo is working hard on his CDX title.

Poodles will be represented by Dr. Howard Furumoto's "Pikake O'Kalmaahila," a perennial winner, and who recently went High Scoring Dog in the Trial. Pikake will be handled by Herbert Jardin, Kailua instructor. Another poodle will be Cheryl Cruver's "King's Jester Boo," a young dog who has just completed his first

Corral For Strays

Arrangements have been made to establish a lost-and-found room at the Carnival this Saturday and Sunday for youngsters who might stray from their parents.

The strays will be corralled in the school library which is also the carnival committee headquarters. It is requested that parents claim their children as soon as possible in order to relieve carnival volunteers of the baby sitting chores.

title and is working for more.

A miniature poodle belonging to Mr. and Mrs. William R. Hunt, members of the Kaneohe Club, will also be demonstrated.

Cockers will be represented by Mrs. Dorothy Fantasia's "Folly's Hi-Fi," a young working dog working toward his CDX title.

Mrs. Fern Wyse's miniature pinscher "Goliath" will demonstrate the ability of toy dogs. Another local trainee, Mrs. Suzanne Witt, will demonstrate the trainability of terriers with her airedale, "Witt's Captain Bounce."

German Shepherds will be represented in the show by "Ch. Flora von Alewabang," CDX, and "Ch. Kanakapiki O'Halekou," owned and handled by Jimmie Gau and Martin Amidon, respectively. These two, the only conformation champions competing in obedience in the Territory today, have each completed CDX titles, and are working toward their UD degree.

Flora has at least one "High Score in the Trial" to her credit, in addition to a "Best in Show," a conformation win, and has consistently placed high in competition. Kana also has one "High Score" to his credit and in 1955 earned the Castle Trophy for high score of the year with a total of 595½ points out of a possible 600. Flora is high in points this year and stands an excellent chance of making the same title this year.

Tote Your Guns, Young Wrangler

Hey there you young wranglers, if you're planning on attending the First Annual Mokapu School PTA Carnival at the Kaneohe Marine Corps Air Station on Saturday and Sunday, you're in for a real western treat.

If you're there at 11 a.m. on Saturday, you'll get the chance to meet a sheriff from out of the West.

Sheriff Ken of the KONA-TV program, "Sheriff Ken and His Rangers," will be on hand to greet young wranglers and sign autographs for all his western partners.

Then, too, you don't want to miss taking a ride on the stakecoach and covered wagon. Outlaw cowboys and renegade Indians will attack both rides. Watch out for those cowboys, they will be firing real live blanks. Bring your shootin' irons and help the stage driver stand-off the attack.

Another ride you don't want to miss is the bus tour of the Station which will include a stop at Kansas Tower. Here's a ride to ask your parents and friends to take with you. From the tower you can see the whole Air Station, and the entire side of Windward Oahu.

For fun and entertainment, attend the Mokapu PTA Carnival this weekend.

Musical Selections, Precision Drill Are Carnival Highlights

Members of the 1st Marine Brigade Band and Drum and Bugle Corps under the direction of WO George D. Durham will entertain spectators both Saturday and Sunday at the PTA Carnival.

At 7:30 p.m. Saturday the Drum and Bugle Corps led by drum major SSgt. Raymond Bess, will put on a demonstration of precision drill guaranteed to hold the attention of young and old alike. Included in the marching routine will be the British Slow March which has pleased thousands at previous exhibitions.

Following the precision drill of the Drum and Bugle Corps Saturday will be an onstage concert by the Brigade Band. Featured selections Saturday will be Souza marches, including "Stars and Stripes," a number of tunes from "My Fair Lady," as well as novelty tunes designed for children. One of the highlights of the Saturday concert will be the selection "76 Trombones" from the musical "Music Man," with a special arrangement by MSgt. Bill Tosh.

The Drum and Bugle Corps will go through its precision marching routine again Sunday on the midway beginning at 4 p.m. Musical entertainment will be provided by the Sports Band under the baton of SSgt. Ralph Gale during an hour long concert. The Sports Band is composed of 12 members of the Brigade Band and will play a variety of specialty numbers, German band selections, Dixie and popular tunes as well as college melodies.

Midway Booths Line Playground

Workmen at the Kaneohe Marine Corps Air Station have completed finishing touches to the many booths that will line the midway during the First Annual Mokapu School PTA Carnival scheduled to be held here Saturday and Sunday.

Refreshment stands, auction booth, game booths, country store, Christmas store, and a cake bake sale booth will all add to the carnival atmosphere.

The carnival entertainment committee has planned a program which will provide almost continuous entertainment from the huge stage erected at the center of the school compound.

Tickets for the carnival concessions are now on sale and will also be available at the school grounds during both days of the carnival. Admission to the school grounds is free, and the ticket strips may be exchanged at any of the booths and at all rides.

All profits derived from the carnival will be used for school improvements. The public has been invited to attend the two-day event.

and Tahitian dances. The Hula Dancers, all school children between the ages of 5 and 16 will include, Heidi Hansen; Elaine Britt; Lynn Tegman; Peggy Ball; Janice Menard; Joan Durham; Susan Bowman and Nancy Buzzelli. In addition, there will be a modern dance number presented by Connie Shelton.

The dancers are all students in the Kaneohe Hula Studio of Kaneohe. Music for the dances will be furnished by the "Hawaiian Echos" featuring Eddie Agawa, Arthur Hew Len, and Peter Mendiola.

Following the Hula Troupe entertainment, the Brigade Drum and Bugle Corps will make its second carnival appearance to present a demonstration in precision drill.

A highlight of the Sunday afternoon entertainment beginning at 4 p.m. will be an hour long show by the "Brigade Sports Band," a 12-piece band from the 1st Marine Brigade Band.

"HAWAIIAN ECHOS"—One of the featured attractions of the Sunday afternoon entertainment schedule at the First Mokapu School PTA Carnival will be an hour long hula show with music by the Hawaiian Echos. Left to right, Eddie Agawa, Arthur Hew Len, Kanoe Lum and Peter Mendiola.

CARNIVAL TO FEATURE FOOD, MILITARY EQUIPMENT DISPLAY

Customers at the Mokapu PTA Carnival this Saturday and Sunday will have their appetites satisfied by a variety of foodstuffs running from teriyaki-steak-on-a-stick to cotton candy.

CWO A. P. Ciampa has assumed the duties as food chairman from Capt. O. D. Gustafson who suffered a leg injury and is recuperating at Tripler Army Hospital, Assisting CWO Ciampa will be TSgt. R. R. Rosenthal of Mess #2.

The main food both on the midway will carry hamburgers, hot dogs, teriyaki-on-a-stick, French fries, soft drinks and coffee.

Other booths will feature shaved ice, pop corn and cotton candy.

The ten-cent stubs on the Carnival tickets are acceptable at all food booths as well as cash.

Students Make Posters

Posters advertising the PTA Carnival were made by Mokapu School students to do their share toward the success of the two-day festivities.

LtCol. Raymond F. Garraty, executive chairman of the Carnival, announced that prizes will be awarded for the five best posters.

Have you ever wondered what the inside of the deadly tank-killing ONTOS, or a helicopter looks like? Just how big is the business end of a 155mm artillery piece, and what makes it fire?

What makes that huge green monster, the Amphibian Tractor speed through the surf, and yet crasn through swamps and woods?

If these questions have ever started you wondering, then you don't want to miss the military equipment display at the Mokapu School PTA Carnival Saturday and Sunday at the Kaneohe Marine Corps Air Station.

The equipment display will be on exhibit during both days of the carnival from 11 a.m. until 11 p.m. on Saturday, Nov. 22, and from 12 noon until 6 p.m. on Sunday, Nov. 23.

The equipment display will be set up in the vicinity of the Pony League Baseball Field.

For fun at the Carnival be sure to visit the following booths and games: basketball throw; country store, Christmas store; drive the nail, bean bag pitch; ring the parakeet; cake bake sale; auction booth; baseball throw and cake walk

Sunset Parade Ceremony Marks Sgt Maj. Transfer

Sergeant Maj. Robert R. Harvey will assume the senior enlisted post at 3rd Battalion, 12th Marines, 1st Marine Brigade headquarters during a formal sunset parade and review this evening on Dewey Square. He will relieve Sgt. Maj. Vernon L. Cullman who is slated for state-

side rotation. Before reporting to the Brigade, Harvey served as the anti-aircraft artillery group sergeant-major at 29-Palms, Calif.

A combat veteran of over 19 years service, he became a distinguished marksman last year when he won his third leg (expert honors) as a member of the Marine Corps Rifle Team. The distinguished badge is awarded to personnel who have fired three times with Marine rifle teams in National matches.

The new sergeant major was also a member of the Marine detachment aboard the battleship USS Missouri when Japanese officials representing the Emperor affixed signatures to the World War II surrender documents.

In addition, Harvey saw bombardment action on Okinawa, Iwo Jima and Japan by the "Mighty Mo" and her sister ships during World War II and later in Korea as a member of the 1st 90mm AAA Bn. in support of UN ground forces.

A triple-winner of the Navy Commendation Medal with Combat "V", Cullman reported to the Brigade three years ago from Marine Barracks, Norfolk (Va.) Naval Base. The old artillery unit sergeant major participated in the Peleliu, New Britain, Okinawa and New Guinea campaigns of WWII and also in Korea with the 1st Marine Division.

Cullman will depart with his family Dec. 10 for Marine Corps Schools, Quantico, Va.

21 Brigade Men Take NCO Class

Sgt. Michael R. Bruzessi of "C" Co. 1/4 with an average of 91.07% edged out Sgt. E. J. Gubala of "A" Co, 1st AmTracBn with a 90.85 score to take the honor spot in the Brigade's NCO Leadership Class 7-58 which graduated last Saturday. Cpl. H. G. Oelke of "A" Co. 1/4 came in third with a 90.56 average.

LtCol. R. H. Currin, commanding officer of 1st Bn., 4th Marines presented diplomas to the 21 graduates at a formal ceremony held at the school last Saturday.

This course, attended by many NCOs of the Brigade throughout the year, is planned and run almost exclusively by the staff NCOs on the staff.

The four-week course is designed to develop professional knowledge, leadership ability and prestige among the non-commissioned officers.

Subjects stressed in the curriculum are leadership, map reading and tactics on a platoon level.

AmTrac Corporal Tops ABCD Class

The 1st Marine Brigade's ABCD School (Atomic, Biological and Chemical Defense) graduated its tenth class of the year last Friday with 100 per cent of its 29-man class completing the course.

Cpl. Robert E. Dunn, Jr., of "A" Co., 1stAmTracBn, posted a 92.7 average to become top honor man. Sgt. Donald L. Steigmen of 3rd Recon Bn was second and Cpl. Frederick D. Mabry of "I" Co., 3rd Bn, 4th Marines was third.

Maj. Richard E. Smith, assistant G-4, was guest speaker for the graduation ceremony held last Friday at the school.

2nd Bn, 4th Marines graduates included: Sgts. B. A. Wolder and R. P. Carter, Cpls. J. J. Keane, J. A. Lutes, L. R. Mena, J. L. Moyes, E. G. Pailan, J. E. Rutledge and J. P. Wooten.

From 3rd Bn 4th Marines were: Sgt. H. L. Gatlin and Cpls. R. J. Covert, D. L. Kelly, M. J. Pelouquin, D. D. Severson, K. L. Suffrage, R. W. Weeks and W. J. White.

Service Battalion had two graduates, Cpls. W. R. Bruch and R. G. Wade and HMR-161 had two, Sgts. C. M. Bass and T. C. Chernouskas.

From 3rd Recon Bn were HM3 A. J. Halmage and Cpl. K. E. Austin. Sgt. R. R. Dailey and Cpl. A. V. Vinoskey represented 1st AmTrac-Bn and Cpl. P. Falcone was the lone student from 3rd Pioneer Bn.

Brig. 'Mount Out' Checks Readiness

The ability to assemble quickly, equip, and move out troops, the basic concept of the Marine Corps' "force in readiness," was tested by Headquarters Co. of the 1st Marine Brigade during a one-day embarkation training exercise here Tuesday.

Named "Operation MOUNT OUT," the logistical exercise tested and trained command post Marines in mounting out readiness which included planning and execution of embarkation plans up to the actual loading of troops and equipment on vessels.

Artificiality was kept to a minimum as troops moved with equipment to pre-assigned assembly and staging areas.

Marine Corps Air Station facilities aided the Brigade headquarters unit by collecting garrison property for storage. Teams from Marine Corps Services Division, Public Works and Special Services departments made a cursory inventory.

The mount out exercise was designed to test the ability of the Brigade command echelon to embark, complete with supplies, within 48 hours after receiving an order to execute movement.

PRO PAY

(Continued from P-1)

tion is published by unit special order, regardless of transfer from one command to another. There are several circumstances under which the pay may be terminated.

Proficiency pay may be stopped at any time the commanding officer determines that the individual is not maintaining the expected level of proficiency or performance. Also, if the individual is assigned primary duties not requiring the skill of the critical MOS on the basis of which he was awarded the pay, termination will be effected.

Other reasons for termination of pay may be the promotion of an individual to grade E-6, confinement by court martial or as non-judicial punishment, or upon reclassification or assignment outside his specialty for which the pay was awarded. Pay continues while an individual is attending schools (related to his MOS), and while on TAD, leave and transfer status.

REPORT ON CORDINER PLANS

The Marine Corps considers that the recommendations of the Cordiner Committee include valuable tools for an increase in the over-all effectiveness of the Service. Enactment of the substance of Committee recommendations on military pay into legislation by Congress will have a decided influence on our future effectiveness. The research, analysis, and constructive thought of the Committee have greatly accelerated our capability for progressive planning in the field of manpower management. My remarks this afternoon are limited to a brief statement of our actions on four Committee recommendations to improve the enlisted manpower picture.

LEADERSHIP RECOGNITION IN THE ENLISTED RANKS

Recommendation 5 was to select and promote enlisted personnel to new pay grades E-8 and E-9. Since 1955, the Marine Corps has had a program of placing its most outstanding noncommissioned officers in the ranks of first sergeant and sergeant major. These are leadership ranks of the command assistant type, and are limited in number. We have phased in the planned number gradually.

Under the old rank structure, it was necessary to include these two ranks in pay grade E-7, along with master sergeants, even though we did differentiate on seniority, responsibility, prerogatives and prestige.

When it became apparent that the Cordiner Committee would recommend new top pay grades, we planned to place these two ranks in the new grades.

As the situation developed and legislation was written, it became apparent that we would be able to establish other ranks in these new pay grades. Because of the nature of our organization and our prescribed missions, and because of tradition and time-tested personnel policy, we have considered these leadership ranks to be of the first priority. At the same time, the requirement for specialist ranks in the top pay grades was recognized. Planning the concept and requirements for these other ranks began at a later date, and the ranks are being established at a later date.

On June 1, 1958, as soon as the recommendations of your committee were enacted into law, we advanced 344 sergeants major to pay grade E-9, and 667 first sergeants to grade E-8. By the end of this fiscal year, we will have 418 Marines serving in the rank of sergeant major, and 1039 in the rank of first sergeant. This is our full requirement for these ranks under present circumstances.

MODERNIZATION OF THE ENLISTED RANK STRUCTURE

The new law enabled us to modernize our rank structure throughout. We have added the rank of lance corporal as a non-commissioned officer in pay grade E-3, and upgraded the ranks of corporal, sergeant, and staff sergeant one grade each. The old rank of technical sergeant has been deleted, and the rank of gunnery sergeant instituted in its place, in grade E-7. Our master sergeants will be integrated into this rank through a transition period, which is designed to provide for conversion of all ranks over a period of time without loss of stripes to individuals. The ranks of master sergeant and master gunnery sergeant have been established in grades E-8 and E-9 for people in the specialist billets.

We are making the first promotions to master sergeants, E-8, this coming December. This will be a small number—only about 75. An additional 300 promotions to this rank will be made in January. No promotions to master gunnery sergeant are planned for this year. By June 30, 1959, we will have 418 Marines in pay grade E-9 and 1400 in E-8.

Under the law we are authorized 1588 in E-9 and 3176 in E-8. We are still studying actual requirements for the number of personnel to fill billets appropriate to these ranks, and have not yet determined the final number. At present we do not expect to reach the number authorized by law; the eventual number will more probably be about that recommended by your Committee.

SELECTIVE CONTROL OR REENLISTMENTS

Recommendation 6 was to exercise effective reenlistment controls. You recommended selective control of reenlistments to combat imbalances in various fields and maintain quality over-all. Marine Corps policy for some time has been to require that an individual demonstrate leadership qualities for further advancement in order to qualify for reenlistment, and that he meet minimum average proficiency and conduct standards. Further, that he be of good character, not a chronic offender, and not have undesirable traits.

Guidance indicates that reenlistees must be potential noncommissioned officers. No control related to strength of a specialty has been imposed. At present none is contemplated on a formal basis, since our significant imbalances can be corrected by retraining. 9.2 per cent of all Marines reaching expiration of enlistment are not recommended for reenlistment. We are screening staff noncommissioned officers at the 20-year point, and staff noncommissioned officer selection boards are now screening to identify staff noncommissioned officers whose performance is substandard. Also, fitness reports of staff noncommissioned officers are screened on a current basis, and appropriate action taken to place individuals on probation if necessary.

INCREASED UTILIZATION OF THE RETRAINING PROGRAM

Recommendation 7 was to increase utilization of retraining programs. We have had a retraining program in effect for some time, and are placing more emphasis on it. This retraining is accomplished in two ways: on-the-job, and in formal schools. From time to time specific sub-programs have been conducted to meet new requirements. As guidance to the field, periodic instructions as to which skills are critically short are published with a view to encouraging retraining into these fields and preventing retraining out of them. Some forced retraining out of overage fields has been accomplished. This action is continuing. We are also reviewing our MOS structure with a view to bringing it closer in line with current requirements. Completion of this action will facilitate effective retraining. Continuing study and emphasis to this program is contemplated.

(Recommendation 10, on which Gen. Weller commented, referred to the proficiency pay program for enlisted men. A complete story, with a list of the MOS's effected, is carried in this issue.—Editor)

OFFICER PROMOTIONS AND ATTRITION

Recommendation 11 was to promote only those officers with the best qualifications, and separate substandard officers. All selections in the Marine Corps of regular officers for promotion to ranks above first lieutenant are on a best-fitted basis. This system has been in effect for many years. We also have provisions to remove officers from the active list upon approved recommendations of selection boards. Officers compete for promotion against each other, rather than against an arbitrary standard.

Promotion attrition among officers is levied at such rate that only the most exceptionally qualified are promoted to the senior grades. Current attrition in promotion to major is 20 per cent, and to brigadier general, about 88 per cent.

Current attrition rates are very high, and result from the World War II

USS Edson Commissioned; Honors WWII Raider Hero

Destroyer USS Edson, named in honor of the late Maj. Gen. Merritt A. Edson, USMC, was commissioned November 7 at the Charlestown Navy Yard, Boston, Mass.

Gen. Edson, winner of the Medal of Honor and two Navy Crosses, commanded the famed 1st Marine Raider Battalion in World War II.

Mrs. Ethel Edson, widow of the general, was guest of honor at the commissioning. She presented the ship with an oil painting of Gen. Edson.

The general's two sons also attended. They are Merritt A., Jr., a former Marine captain who served in Korea, and Herbert R., a Marine first lieutenant currently stationed aboard the carrier Valley Forge.

Gen. Gerald C. Thomas, USMC (ret.), represented the Commandant of the Marine Corps and was the principal speaker. He was joined at the ceremonies by Brig. Gen. Chester A. Allen, USMC, and Brig. Gen. S. B. Griffith, USMC (ret.).

Many former Raiders attended the commissioning.

They included four former company commanders: Col. John Antonelli, Col. Edward Dupras and Col. Lewis W. Walt, all of Headquarters Marine Corps, and retired Col. Justice M. Chambers, Medal of Honor holder from Washington, D.C.

Former Battalion Sgt. Maj. E. C. Clarke, now a retired captain, and Mr. Henry Poppell, President of Edson's Raiders Association, were among the many former Raiders attending.

FRA CHRISTMAS PARTY PLANNED

Branch 175, Fleet Reserve Association, will hold a family Christmas party for all members at 1 p.m., Saturday, Dec. 13, in the Branch meeting halls.

Questionnaires are being distributed to members requesting information on the age and sex of children in order that appropriate gifts may be procured. Anyone who does not receive a questionnaire, particularly wives of members whose husbands are on TAD, are encouraged to contact one of the branch officers to ensure that they are included.

REPORT ON CORDINER PLANS

(Continued from P-4)

Hump Promotion flow has been ahead of the normal promotion points and OPA statutory retirement points, and as a result we have been unable to involuntarily retire twice-passed over officers due to the fact that they have not attained the years of service guaranteed for each grade.

We have sought to overcome this problem by taking every possible administrative action to reduce the number of reserve and temporary officers in and above the hump area, and by spreading the necessary increase of forced attrition throughout the same area. We have also sought legislation which would require the involuntary retirement of colonels and lieutenant colonels who have twice failed of selection and who have 26 and 20 years of service respectively. It is our intention to continue to press for such legislation.

The USS Edson, which will have a complement of 336 officers and men, was launched December 7, 1957, at Bath, Me.

Gen. Edson, popularly known as "Red Mike" throughout the Corps, served 30 years as a Marine officer. Besides completing 44 months of continuous service in the Pacific Theater during World War II, he also served more than a year in France during World War I.

Throughout his career, the General was closely associated with the development of small arms marksmanship. He was a member, captain and coach of many champion Marine National Rifle and Pistol teams. Upon retirement in 1947, he became Commissioner of Public Safety for his native state of Vermont, and later was President of the National Rifle Association.

K-Bay Teen Club

By VICKI BRUCE

Well, Cats, we finally got the Teen Club going again. So far we've had two business meetings and one dance. The attire for the dance was school clothes and it was a huge success, with approximately 80 teenagers there.

We have planned four more meetings for this year. They are: Nov. 21—"Orders say they go", so on this night, because we will lose our secretary and president, we will have an election of new officers. The meeting will be from 7 to 10 p.m. Dancing will follow the elections; dress is casual.

Dec. 5—This is "Aloha Nite" for Peggy Jones, president, and Harriet Jones, secretary. Wear Hawaiian clothes. This is also the night to bring dues (50 cents a month or \$5.00 a year). There will be a short jam session, so drag along your instruments.

Dec. 22—This is our big Xmas dance. Ken Alford and his Dixie Cats will play from 7:30 to 10:30. There will be entertainment during intermission and also refreshments. The attire will be semi-formal.

Dec. 29—Sack hop with prizes for the most original sacks.

If it's news, call the WINDWARD MARINE at 72104.

PW BIDS "ALOHA" TO LCDR STACEY

Public Works Department employees and their guests bade "aloha" to LCDr. and Mrs. Ernest R. Stacey at a farewell dinner last Saturday night at the Queen's Surf. Aloha speeches were given by Cdr. Graham, junior officers, and division heads who spoke on behalf of many friends of the Staceys. Cdr. and Mrs. Graham presented the honored guests with leis. Hawaiian entertainment in the Barefoot Bar and dancing on the patio completed a very enjoyable evening.

LCDr. Stacey served as the Assistant Public Works Officer for the past two years. He will leave with Mrs. Stacey and daughter Julie, next Wednesday on a MATS charter flight.

Public Works Department employees will miss you, LCDr Stacey, and wish you much luck in your next tour of duty in Washington, D. O.

BLOODMOBILE HERE ON DEC. 9, 10, & 11

Arrangements have been made for the Bloodmobile Unit of the Blood Bank of Hawaii to visit the station on December 9, 10 and 11. The exact schedule for all donors will be announced in the near future.

It is hoped that all personnel who possibly can will donate a pint of their blood. Please take this opportunity to help your fellow man with

Personnel Chief Lauded By Bn CO

Outstanding performance of duty while serving as personnel chief of the 3rd Bn., 12th Marines, earned SSgt. James M. O'Rourke Jr. a meritorious mast before his commanding officer, Lt. Col. B. H. Elliott. The ceremonies were held Wednesday, Nov. 12.

SSgt. O'Rourke's citation read in part: "As Personnel Chief of this Battalion for the past three years your technical skill and aggressive attitude in the performance of your duties has been a deciding factor in the operating efficiency of this organization."

SSgt. O'Rourke

"Noteworthy among your outstanding efforts has been your training of new personnel in the nuances of administration. This required many of your off duty hours in order to insure maximum efficiency for this command. Your ready acceptance of increased responsibilities and demonstrated loyalty to the Battalion and the Corps have been exemplary."

"Your cooperation, initiative and meticulous attention to duty has invoked complimentary and commendable comments from officers and non-commissioned officers of the batteries, battalion headquarters, the Commanding General, 1st Marine Brigade, and the Commanding General, Fleet Marine Force, Pacific."

Congressman In Brief Visit Here

Congressman Frank J. Becker, representative from New York's 3rd Congressional District and member of the House Armed Services Committee, visited here yesterday.

Upon arrival he was taken on a tour of Station facilities. This was followed with a briefing by Brigade officers at Kansas Tower.

During his brief stay Rep. Becker also met with several Marines from his New York district.

After luncheon with Brig. Gen. A. R. Kler, Brigade commanding general, the Congressman departed for the Leeward side.

the assurance that you, in turn, will receive help when the need arises. If you haven't already signed up and would like to make a donation, please contact your Blood Bank Chairman, Mrs. Souza, at 72851. Civil Service personnel will be excused from work without charge to leave for the time required to donate blood.

Best wishes for a speedy recovery to Harold Lau, Comptroller Dept., who underwent minor surgery last week at Queen's Hospital. He is now recuperating at home and expects to be back to work the 1st of December. Flowers were sent to Harold on behalf of civilian employees.

BLUE COLLAR WORKERS TO GET PAY HIKES FASTER

A bill, recently signed into law by President Eisenhower, will hasten pay raises for blue collar workers. It authorizes per diem pay increases to become effective not later than 45 days after a wage survey is begun by a department.

Under the old method, it took months, even a year, before the findings of a survey were officially approved. This, of course meant the blue collar workers lost money, but with the passage of the new law, this will no longer happen.

Local Toys Drive Begun Saturday

Collection of usable toys for the "Toys for Tots" drive got under way on the Windward side last Saturday with Waimanalo Cub Pack No. 72 asking their neighbors for contributions.

The drive, sponsored by the 15th Infantry Bn, will continue through Dec. 8.

Kaneohe Bay residents will have an opportunity to contribute on Dec. 4 when a pickup will be made in all housing areas. Barrels are also being placed in many convenient locations throughout the Station.

Through the cooperation of the reserve unit and several civic organizations the toys will be reconditioned for distribution to needy children on Oahu.

Fellow workers bade "aloha" to Ruben Hough, Automotive Machinist, in Public Works, Ruben, who retired on disability last Friday, will be missed by his many friends at Kaneohe.

POSITION CLASSIFICATION—THE MAN VERSUS THE JOB

In the military structure, both the position and the person are classified. Each have MOS's assigned. Upon qualifying for the higher skill level, a Marine may be promoted in grade and yet stay in the same authorized position.

But in the civilian grade structure, it is only the position that is classified—not the man. Each group of duties and responsibilities making up a position are evaluated against the allocation standards that apply and are assigned the proper grade according to the standards. In civilian positions, the government pays for the job that is done and not what the employee has done in the past, can do, or may do in the future.

Classification does not prescribe the duties and responsibilities of positions. That is the prerogative of management. Classification enters the picture only after management has determined what those duties and responsibilities are. Positions are not graded on the basis of the quality and quantity of work produced, or on the higher qualifications of the employee doing the work. Recognition for superior or outstanding work performance is given through the Incentive Awards Program. Employees with higher qualifications are considered for promotion to higher grade positions when they become vacant.

Congratulations to Richard J. Y. Lum, Supply Department, for having completed the basic 60-hour supervisory development course, as well as the homestudy course "Fundamentals of Supervision for Navy Civilians." The Supply Officer will present training certificates to Richard.

The employees of the Marine Corps Air Station wish to extend their condolences to Alfred Oliveira and Albert Hackbarth of Public Works during their recent bereavement. Both employees lost their fathers.

'Jug' Willman Engineers Victory Push To Tie For 1958 Conference Baubles

NO HOLE—Hawaii Marine quarterback Jug Willman (No. 12) gets ready to drop the Rams' Jerry Jester who is being held by tackle Robert Hall of his own squad. Jim Westmoreland (No. 50) moves in from the left to aid in the tackle while Ram fullback Venn Tennant (No. 32) moves in to block for Jester. Jester played brilliantly for the Rams throughout the fray but became the "goat" when he scooped up a punt in his end zone and fumbled when hit an instant later to provide the Leathernecks with a loose ball they recovered in the end zone for a touchdown.—Photo by SSgt. D. C. Collins, Jr.

An alert Hawaii Marine eleven converted a pair of fourth period breaks into touchdowns Sunday afternoon at Dailey Field and registered a 19-6 upset of the favored Hawaiian Rams.

The Leatherneck triumph, witnessed by some 3,500 fans turned the University-Armed Forces conference race into a three-way deadlock with the University of Hawaii, Rams and Marines sporting identical 2-2 records for the season.

Out-gunned by the Rams through the first half, the Marines rallied in the third period to post the game's initial tally when quarterback Jug Willman fired a pass to Hank Talementez from the Marine 33. Talementez, formerly of Baylor University, gathered in the aerial at the Ram 35 and eluded three tacklers on his way to the end zone.

Willman's conversion pass skidded away from Bruno Stanistawski in the end zone and the Marines led 6-0 with 5:30 remaining in the quarter.

As the fourth period opened an exchange of punts left the Rams in possession on the Marine 35. From this point, Ram quarterback Alex Kane completed passes to flanker Mercer Vicens for 12 and to Jerry Jester for six, capped by a nine yard ramble of his own.

From a first and goal on the Marine seven, two plays had netted zero yardage when Kane faded wide to his right and shot a picture pass to left end Mervyn Lopes in the end zone.

Venn Tennant's kick was slapped down by Chuck Atwater and the tally stood 6-6 with 12:30 left to play in the game.

Five minutes later the Marines got the first of two crucial breaks when Willman's punt from the Ram 44 was fumbled by Jerry Jester in the end zone and recovered by Hank Talementez for a touchdown.

Jester, who played a brilliant game for the Rams, lost the ball when hit by Marine flanker Frank Gallagher an instant after picking up the punt.

Willman's pass on the conversion attempt was batted down and the Leathernecks led 12-6.

Marine halfback Eddie Post set

up the final score when he intercepted Alex Kane's aerial at the Ram 40 and blasted back to the 19 before sliding out of bounds.

From this point halfback Phil Harris drove for nine and Willman for three to give the Marines a first and goal on the Ram seven yard marker.

With left guard Fred Weise cracking holes in the Ram forward wall, the Marines moved to the Ram one in two plays.

Willman sneaked it to the six inch marker on third down and a Ram offside infraction split the distance, giving the Marines fourth down and less than the width of the stripe.

From here Willman smashed over center for the final tally with two minutes remaining in the game.

Halfback Welles Bacon's kick was good and the Leathernecks had it, 19-6.

The Marines' kickoff was grounded on the Ram four by quarterback Lloyd Karratti and two plays later Eddie Post again intercepted for the Marines.

With a first and goal the Marines had time for two plays before the gun sounded, leaving them with a second and three as time ran out.

Second Quarter Matches Slated

A schedule of Kaneohe Marine high-power rifle and pistol matches has been set up for the second quarter, fiscal year 1959. The Windward and inter-league intramural matches and practice dates are as follows:

Rifle practice will be held at Puuloa Point on Dec. 3rd and 4th beginning at 12 noon. Pistol practice will be held at the K-Bay range at 1 p.m. on Nov. 24th and 25th.

There will be a rifle match on Dec. 5 at 12 noon at Puuloa Point range.

Pistol matches are slated for the K-Bay range on Nov. 21 and 26, beginning at 1 p.m.

The Windward-Leeward Rifle Match will be held at Puuloa on Dec. 12 at 12 noon. The inter-league pistol match is slated for K-Bay on Dec. 10 at 12 noon.

Marine Belters Runners-Up In Three Territorial Bouts

Hawaii Marine boxers gained four final berths in the "On to Mexico" amateur boxing tournament at Civic Auditorium last Friday night but managed to snare only one title. Marine light-heavy James Adams uncorked a lethal left hook to kayo Midway's Wesley Wambold at 2:25

The Leathernecks suffered a bad break when knockout artist Gabriel Terronez came down with an attack of tonsillitis on the night of the finals. A tourney doctor examined the Marine slugger and awarded Army's Andy Hielman the 156 pound crown on a medical default.

Adams, the only Marine victor, brought the crowd to its feet with his sensational one punch knockout over Wambold who had just finished scoring with a combination. Adams took charge in the early

part of the first round and did most of the leading. Wambold warmed up mid-way in the heat however, and staged a strong rally in the closing seconds with looping rights and lefts to the head.

Both fighters seemed strong and traded punches on even terms in the second round with Adams securing to bide his time. The sailor had just finished one of his lunging flurries when Adams spotted a low-held right hand and stepped in with the long count blow.

Marine welterweight Don Gordon squared off with Clarence Petty of the Army in the 147 pound final. Gordon boxed well though rarely throwing his power hand, and Petty took the unanimous nod on harder punching.

Middleweight Ray Phillips of the Leathernecks dropped a decision to aggressive Antonio Pascua of the Veterans AA in the 165 pound title bout.

Both battlers displayed respect during two slow rounds. Pascua forced the action in the third with Phillips counter-punching well. The unanimous decision went to Pascua, the 1958 Territorial Champion.

Marines vs. Rams In Tie Breaker

The Hawaii Marines are slated to clash with the Hawaiian Rams Wednesday night at Honolulu Stadium to decide a U-AF Conference champion for 1958 after the title race ended in a three way tie for first with the Marine victory Sunday afternoon at Dailey Field. The University of Hawaii is also involved in the tie.

It is anticipated that the winner of Wednesday night's fray will challenge the Rainbows to a final rubber match in a title showdown.

General's Cup Race Standings

Current standings of teams in the 1st Marine Brigade Commanding General's Cup Race have been published by Brigade Special Services.

Symbolic of local intramural athletic supremacy, the Commanding General's Cup is awarded semi-annually to the unit which scores the most points in Brigade league sports competition.

The standings are:

	Points
1. 2nd Bn., 4th Marines	83
2. Service Bn.	73
3. MAG-13 Champions	60
4. 3rd Bn., 12th Marines	50
5. 3rd Bn., 4th Marines	38
6. MCAS	20
7. 1st Bn., 4th Marines	10

KAYO WINNER—James Adams of the Hawaii Marine Boxing team lines up his "bomber's sights" on the heavy bag during a workout at the boxing gym here. Adams was the only Marine to cop a title in the "On to Mexico" Territorial smoker held at the Civic Auditorium in Honolulu last week. All tourney champions from 165 lbs. down will make the Mexico trip with Adams, the light-heavy champ and Navy's Jim Partee, the heavyweight kingpin, too big for the Mexico line-up.

HIT HARD—Marine defenders close in on hard running Hawaiian Ram halfback Jerry Jester during last Sunday afternoon's 19-6 Leatherneck victory at Dailey Field. Richard Haggard (No. 52) a 225 pound center comes up fast to lend a hand in making the tackle. FUTURE ALL STARS—MCAS footballers entered in the Pop Warner League are (left to right, front row) Jim Fegley, Lanikai; Jim Vander-Mate, Kaneohe; Clint Hubbard, MCAS; Jerry Cody, Andrew Silvertorn, Phil Zimmer, Ricky Dean and Ray Johnson, all of Kailua. In the center row: Jay Delaney, MCAS; John Hansen, Kailua; Johnny McKee, Billy Graham, Buddy McKonly, Richard Wortham, all of MCAS; Terry Robl, Kailua; Brisband Wortham, MCAS, and Cpl. Barker, coach. Top row: SSgt. Hugh Prince, coach; Reid Carlock, team captain; Tommy Ray, Kailua; Mark Magruder, MCAS; Paul Prestridge, Kailua; Bob Bolt, MCAS; Fred McKonoly, MCAS; SSgt. Stanley Kaluahine, coach; Peyton Harris, Kailua; Howard Boyd, Kailua; Garry Glenewinkle, Kaneohe; David Schmidt, Kailua; Bill Garrett, assistant captain, Waimanalo, and Cpl. Trophy Shoot Held at Station Range By New Leatherneck Skeet Club

By MSgt. EDWARD M. GREEN

Recent revival of interest in skeet shooting on station resulted in the first trophy shoot in many months being held on the local range last Sunday.

An organizational meeting of shooters was held immediately prior to the match at which the Kaneohe Marine Skeet Club was formed and officers were elected.

Col. J. H. Masters was voted in as president and Capt. B. McClintock as vice president/secretary. 2nd Lt. S. C. Bartlett was elected treasurer.

The express purpose of the club will be to encourage and develop new shooters as well as to draw the more experienced shooters out to the range for regular shooting.

Sunday's meet brought out 15 unclassified gunners from the station. Camp Smith and Hickam Air Force Base. P. W. Elsen, who has been shooting only two months, was top gun among them with 47 dead birds. He was followed in order by F. C. Hodges and B. McClintock of G-3, S. C. Bartlett of HMR-161 and S. D. Thomaidas of H&SCo, 2/4. All will receive trophies.

Highlight of the unclassified competition was the sudden-death shoot-off between Hodges and McClintock for the runnerup spot. After shooting around twice with a 45 tie, they shot double birds from the fourth position with Hodges topping his opponent with a double

Brigade Harriers Slated to Compete In Three Mile Run

A 10 man 1st Marine Brigade Cross Country team will compete in a three mile Hawaiian AAU Invitational run sponsored by the Church College of Hawaii tomorrow afternoon at 3.

The Brigade team is made up mainly of runners who placed well in the recent Brigade Championship Cross Country event held at the Station rifle range road. Team members include Pfc. C. A. Burke and B. E. Worrell of 2nd Bn., 4th Marines. Cpl. C. R. Kane of Brigade Hq Co., Pfc. J. S. Davis, Tom Long, and Cpl. Ed Woods of Hq&HqSq, MCAS, Pfc. H. E. Ellis of Service Bn., and Pfc. H. E. Jenkins, D. R. Henderson and 1st Lt. L. Beatty of 3rd Bn., 12th Marines.

The run will start at the Church College administration building and continue through the village of Laie, the surrounding cane fields and around the historic Mormon Temple.

Conducted under the sanction of the Hawaiian AAU the meet will be a first for the Laie community.

YMCA BOXING CLASSES SET

Boxing classes for enlisted military personnel will be offered in the near future at the Armed Services "Y". The course will stress basic fundamentals, and will not include competitive boxing.

Lem Miller, popular Honolulu professional welterweight, will act as instructor for the class. Lem has won the third Army Lightweight title and has challenged Stan Harrington for the Hawaii welterweight crown.

Interested military personnel may obtain more information from Robert H. West at the "Y", or by calling 6-3735.

Six Man Football League Battle Neck and Neck After Four Tilts

Action in the 1st Marine Brigade Six Man football league featured four thrillers during the past week. On Thursday the Cannoneers of 3rd Bn., 12th Marines beat MCAS 37-30 and 2nd Bn., 4th Marines edged MB Pearl Harbor by a 68-66 count. Friday afternoon's games saw Camp Smith beat 1st Bn., 4th Marines 28-16 and Service Bn. over 3rd Bn., 4th Marines, 42-35.

In the 2nd Bn. win over MB Pearl Harbor, the losers led until the final 20 seconds when Bob Davis of 2nd Bn. grabbed a Pearl punt and ran it back 50 yards to paydirt and a 68-66 victory for the defending league champions.

"Doc" Vann, 2nd Bn.'s crafty quarterback, was cited as outstanding in mixing up his plays and leading 2nd Bn. to victory. "Doc" is a 2nd Bn. corpsman.

Pearl Harbor displayed an outstanding passing attack but could gain only small yardage on the ground.

Today's six man fray here be-

tween the Cannoneers of 3rd Bn., 12th Marines and 1st Bn., 4th Marines has been changed from 3 p.m. to 1:30 p.m.

Defending champion 2nd Bn., 4th Marines has pushed out to the front in league action thus far with a record of four wins and no losses. Service Bn., last year's runner-up, is also undefeated with a three win streak.

The two top ranked teams clashed in a battle of the Windward giants yesterday afternoon here with results unavailable at press time.

Standings of teams in the Brigade Six Man football league are as follows:

	Won	Lost
1. 2nd Bn., 4th Marines	4	0
2. Service Bn.	3	0
3. 3rd Bn., 12th Marines	2	1
4. MB Pearl Harbor	2	2
5. 3rd Bn., 4th Marines	1	2
6. Camp Smith	1	2
7. 1st Bn., 4th Marines	0	2
8. Marine Corps Air Station 0	4	

'NECK CAGERS WIN OVER MAUI GREEKS

By SGT. BILL EASTBURN

Coach Jack Fannon and his Hawaii Marine cagers notched an impressive 111-63 victory over the Independent "Greeks" at Wailuku, Maui last Saturday in a pre-season exhibition tilt.

Arranged as a warm-up for the Marines prior to their season opener against ServPac, Nov. 28, the exhibition game was played at Wailuku Community Gym and drew a crowd of about 600 fans.

A top ranking club in the Maui Independent Circuit, the Greeks put up a stiff battle in the first half and were trailing by only six points, 49-43 at the intermission buzzer.

The two teams were tied ten times in the first half after the Greeks broke to a 3-0 lead minutes after the opening whistle.

Storming back in the second half, the Leathernecks raced to a 20 point bulge with Al Dillard and George Waddleton sparking the fireworks.

Dillard, a 6 ft. 4 in. pivot-man, turned in a fine performance on the backboards and won game scoring honors with 27 counters.

Guard George Waddleton, a former Holy Cross varsity cager, bucketed 21 points while playing scarcely half a game.

Bill Shuman, Chris Neace and Roland Cahalane all hit in double figures for the Leathernecks, with

Shuman getting 17 while Neace and Cahalane tallied 10 markers each.

Leading shot-maker for the Greeks was forward Ned Viela with 20 points. H. Capio ranked second for the Independents with 15 while teammates P. Tladera and B. Gonzales each scored 10 points.

QUANTICO, BOLLING PLAYERS FIGHT TO SCORELESS DEADLOCK

The Quantico Marines and the Bolling AFB Generals played to the first tie game in the 12 year series of the two teams, at Hag Arnold Field Sat., Nov. 10. The final score of the game was Quantico 0, Bolling 0.

The game was a frustrating one for both teams, as Bolling, who dominated the first half could not cash in on two scoring opportunities. Quantico, who took over in the final two periods, could not cash in in five scoring chances, four of them in the final period.

In the first quarter, Bolling after receiving the kickoff, used the running of George Rice, Blake Tucker, and Don Shaeffer, to move to the Quantico 18 before the Marine defense caught hold and stopped them.

Later, with those same backs, along with the passing and running of John Roach, Bolling drove to the Quantico two yard line where the Marine defense again took hold to repel the scoring threat.

The last half, however, was all Quantico as the Marines stayed within scoring distance of the Bolling goal line a large part of the final two quarters.

Four different times in the last

half, Quantico drove to within the Bolling 25 yard line. Those drives carried them to the 25, 17, 9, and 2 yard lines.

The drives to the 25 and 17 were stopped by Bolling on downs while the drive to the nine was stopped by an intercepted pass by halfback Joe Heap.

The drive to the two was stopped on a 15 yard penalty to the 17 where All-American Sam Valentine from Penn State was wide with a field goal attempt. Earlier in the game Valentine had missed with a field goal from the 19 yard line.

Don Shaeffer led the Bolling backs with 60 yards gained in 14 carries, while Harry Jefferson picked up 64 yards in 11 carries for the Marines.

The 64 yards by Jefferson gave him a total of 687 yards in 79 rush attempts for a carrying average of 8.7 yards per carry.

Guards Tony Stremic and Tony Santaniello, along with tackle Greg Thomasson and ends Nick Germanos and Bob Timberlake were defensive standouts for Quantico.

Guard Tony Sardisco and tackle Bob Skoronski were the defensive standouts for Bolling.

IN THE CLEAR—A hard-running back from the 3rd Bn., 12th Marines Six Man football squad gets ahead of the MCAS defense during last Thursday afternoon's game here to complete a touchdown play. The evenly matched squads battled on even terms throughout most of the action with the Cannoneers gaining the win on a close 37-30 decision. The Cannoneers have now won two and lost one while MCAS sports an O-4 slate.—Photo by Cpl. R. C. Snow.

OFFICERS' CLUB NOW FEATURES SUNDAY BRUNCH

Sunday Brunch, featuring a wide range of breakfast dishes, will be served at the Kaneohe Commissioned Officers Mess (Open) beginning Nov. 23, and each Sunday thereafter, from 9 a.m. to 1 p.m.

A menu ranging from light to hearty, will be featured according to Maj. C. E. Street, officer in charge of the club.

Menu items will include eggs, any style, with bacon or ham, hot cakes, French toast, a breakfast steak and a varied selection of omelettes. Hash brown potatoes, toast and coffee are included with most orders.

Another innovation will be the self-service fresh fruit and juice bar.

Theater Schedule

By SGT. SAM ZAGARELLA
Two shows daily—6:05 p.m. and 8:20 p.m. at both Main Theater and 4th Marines. Movies at 4th Marines Theater are one day later than scheduled below. Matinees on Saturdays, Sundays and holidays at the Main Theater at 1 p.m. only.

TONIGHT
TROUBLE WITH HARRY — The ratings on this flicker have been great but the plot of the story cannot be revealed at this time. An excellent movie but please leave the bubble gum brigade at home.

SATURDAY MATINEE
Information unavailable at press time.

SATURDAY
STRANGER IN TOWN—Another mystery movie making the scene at Kaneohe. Alex Nicol and Ann Paige in 90 minutes of drama recommended for adults only.

SUNDAY MATINEE
Information unavailable at press time.

SUNDAY
FINGER OF GUILT—An adult drama that is good even if it was released a few years back. Richard Basehart and Mary Murphy combine talents.

MONDAY
GUNMAN'S WALK — Van Heflin portrays the settler of a community and adjusts himself to the fact that he is no longer a gunslinger. Tab Hunter and James Darren do excellent jobs as the sons of Van Heflin. Hunter is a chip off the old block while Darren prefers to be law abiding. Catch the smash ending when father and son have a showdown—one had to be faster on the draw.

TUESDAY
BATTLE CRY—There is a possibility that some of the new blood hasn't seen the story of the valiant part the Marines played in the Pacific during World War II. Gives the story from boot camp to the blood baths of Saipan. It is relieved by individual romances and humorous incidents. Van Heflin, Dorothy Malone, Mona Freeman, Nancy Olson, Aldo Ray and James Whitmore share the glory.

WEDNESDAY
BLAZE OF NOON—William Holden and Anne Baxter in 106 minutes of recommended script for the whole family.

THURSDAY
DAMN YANKEES—Seems like a certain middle-aged baseball fan was disgusted with the way the Yankees beat the Washington Senators every year. The fan, Robert Shafer, makes a deal with a dear friend—Satan. The deal is, Shafer will return to his youth and be the greatest ball player of all times for the proffered soul. Naturally, there is an escape clause in the contract with the supernatural so in the end all turns out well.

THRIFT SHOP
Pancoast and Lawrence Streets, telephone 72148. Open Tuesday and Thursday from 9 to 11 a.m.; Saturday from 10:00 to 12 noon; every second and fourth Tuesday from 7 to 9 a.m. Used household items and clothing at reasonable prices.
