

Brigade Marines to Parade During Aloha Week

One-hundred Leathernecks of the 1st Marine Brigade Band, are scheduled to take part in the spectacular Aloha Week parade Saturday, Oct. 24, in Honolulu as the curtain rings down on the final day of pageantry and festivities.

The parade begins at Fort De-Russy at 10 a.m. and proceeds down Kalakaua Avenue to Kapiolani Park. Colorful floats, decorated with brilliant flowers and pretty waihines, and marching units from all military

services, fill out the parade program. Sharp, snappy musicians of the 1st Marine Brigade Band, led by Drum Major ASgt. Lynn A. Harvey, will precede the "Bravo" Co. Leathernecks.

Aloha Week on Oahu officially begins Sunday, Oct. 18, shortly after noon with the arrival of the 10 outrigger canoes taking part in the Molokai-Oahu canoe race. They are scheduled to land at Kahanāmoku Beach in front of the Hawaiian

Village Hotel on Ala Moana Blvd. Choral Night takes place the same evening at 8 p.m. at the Ala Moana Shopping Center. Choral groups will vie for a perpetual trophy and the event will be rounded out with a massed chorus including Neighbor Island singing groups.

Monday morning, Oct. 19, heralds the opening of the Village of Ulu Mau, the authentic grass shack village in Ala Moana Park at 10 a.m.

Within this setting of ancient Hawaii, families will live and work all week long in the manner they did long before Captain Cook first sighted the Archipelago.

The village will be open from 10 a.m. to 4 p.m. Monday through Friday.

Visitors to the village will be able to view the actual weaving of tapa, the preparation of foods and the daily life of the ancients.

Each noon, Monday through

Friday, instrumental, choral and dancing groups will perform on specially erected stages on Bishop Street in downtown Honolulu.

Similar programs will be given in the International Market place in Waikiki each afternoon from 2 to 3 p.m.

Monday night's main event will be the International Hoolaulea. Kalakaua Avenue will be closed to traffic from Lewers Road to Kaiu-

October 16, 1959

Truan Arena

Site of Hawaiian Roundup Named After Marine Hero

Truan Arena located at the foot of Ulupau Crater, will be the scene of the greatest rodeo ever to be held in the 50th State. The giant two-day Western events program has been labeled the "Hawaiian Roundup."

Thrills, spills and spills will be plentiful during the Western show scheduled to be held Saturday and Sunday, Nov. 14 and 15.

In a sense, the selection of Truan Arena as the scene for the Hawaiian Roundup is a tribute to one of the greatest rodeo performers of yesterday, Fritz G. Truan.

It was for Truan that the arena was named.

He was a Marine sergeant killed during the battle for Iwo Jima, and an outstanding performer in the Rodeo Congress of America.

Truan Arena measures 500 feet in length, and 150 feet in width. Six bucking chutes are located at the center of the arena, directly under the judges stand. In the southern end of the arena, one bull dogging and calf roping chute will provide spills for the riders, and thrills for the spectators.

An estimated 200 contestants are expected to perform in the Western events including saddle bronc riding, bareback riding; bull riding, calf roping, steer wrestling, junior jumping, exhibition jumping, senior reining and relay races.

Many of the top rodeo stars and much of the finest stock from all of the islands are already scheduled to take part in the event which is being held for the benefit of the Navy Relief Society.

Col. M. M. Magruder, MCAS commander, has named a group of his staff officers to coordinate the

Roundup. LtCol. R. V. Fridrich, Station Special Services Officer heads the group.

Grover A. Godfrey, Jr., is general chairman of the Hawaiian Roundup.

Rodeo officials have promised two days of fast-paced action for the spectators. The committee has lined up an array of cowboy talent and stock to guarantee a top show.

Forty-two officers of the West Coast Marine Corps Volunteer Reserve are scheduled to visit the 1st Marine Brigade on Oct. 22.

The group includes two colonels, 10 lieutenant colonels and 30 majors and company grade officers. They are scheduled to arrive at Pearl Harbor Oct. 20 aboard vessels of Amphibious Squadron 3.

During their stay on Oahu, they will be billeted at BOQ 11 at the Naval Station, Pearl Harbor.

Itinerary for the group includes visits, briefings and tours at all Oahu based Marine Corps activities.

Capt. J. D. Boline, Marine Barracks, Pearl Harbor, has been named as escort officer.

The group is slated to depart Oct. 26.

Volunteer Reserves Visit Brigade Oct. 22

Forty-two officers of the West Coast Marine Corps Volunteer Reserve are scheduled to visit the 1st Marine Brigade on Oct. 22.

The group includes two colonels, 10 lieutenant colonels and 30 majors and company grade officers. They are scheduled to arrive at Pearl Harbor Oct. 20 aboard vessels of Amphibious Squadron 3.

During their stay on Oahu, they will be billeted at BOQ 11 at the Naval Station, Pearl Harbor.

Itinerary for the group includes visits, briefings and tours at all Oahu based Marine Corps activities.

Capt. J. D. Boline, Marine Barracks, Pearl Harbor, has been named as escort officer.

The group is slated to depart Oct. 26.

EXCELLENT WORK — BrigGen. F. L. Wieseman, commanding general, 1st Marine Brigade, presents a bronze plaque to ActSSgt. Albert E. Metts, of Brigade Hq. Co., for winning the FMF Pacific, Staff NCO Technique of Instruction Competition held late in September at El Toro, Calif. The presentation took place Monday. Metts reached the finals at Headquarters Marine Corps in Washington, D.C. (Photo by ActSgt. Bruce Hamper.)

At Theater No. 1

LFTU SCHOOL DAYS NEAR; COURSES START OCT. 27

Two teams of instructors from the Landing Force Training Unit based at Coronado, Calif., will arrive here in the near future. Both will offer courses of instruction for 1st Marine Brigade personnel.

A Landing Force Instruction team (LFIT) will be the first group to arrive with lectures and demonstrations scheduled at Station Theater No. 1 on Oct. 27, 28 and 29.

Courses of the LFIT are divided into two categories.

The first is in planning and operational questions on the regimental and battalion level or in corresponding supporting units. Classes in this course will be conducted from 8 a.m. to 12 noon on Oct. 27 and 28.

The second category stresses elementary landing force planning and operational questions on the company or platoon level. This

course is aimed primarily at senior Staff NCO's but qualified junior NCO's may attend. This phase of instruction will be conducted from 8 a.m. to 12 noon on Oct. 29.

Details of the LFIT courses are contained in Brigade Bulletin 3550.

The second team from the Landing Force Training Unit will arrive Nov. 9 and conduct Staff planning courses during Nov. 16-30.

The course will develop a suitable planning problem tailored to the needs of the 1st Marine Brigade emphasizing the requirement for close liaison between air and ground units.

This course also offers a wide and detailed range of sub-courses. Some, or all will be presented. Brigade unit commanders have been requested to review Brigade Bulletin 1500 to determine respective needs.

Sub-courses include operations, communications, intelligence, supporting arms, logistics, shore party and medical services.

Each sub-course offers specific detailed instructions in many phases of a particular subject.

Sub-courses are divided into one hour periods of lectures, demonstrations, illustrative programs and examinations.

Although a full sub-course may range from seven to 18 hours, it is expected that unneeded areas of instruction could be eliminated.

Col. L. B. Robertshaw Enroute to 1st Wing

Col. L. B. Robertshaw, named to relieve Brig. Gen. R. C. Mangrum as assistant Wing commander of the 1st Marine Aircraft Wing, paid a brief visit to the 1st Marine Brigade here Monday.

After a 9 a.m. arrival, he attended briefings at FMFPac Headquarters and the 1st Marine Brigade.

Col. Robertshaw departed the following day for 1st Wing Headquarters at Iwakuni, Japan.

OUTSTANDING COWBOY — Fritz G. Truan, for whom K-Bay's Truan Arena is named, was an outstanding performer with the Rodeo Congress of America. A Marine sergeant, he was killed during the battle for Iwo Jima.

TOYLAND OPEN HERE MONDAY AT BLDG. 262

Santa Claus and his helpers at the North Pole are working day and night putting the finishing touches on thousands of toys that will be on display when the K-Bay Toyland opens Monday, Oct. 19.

Santa said that his store here will again be located in Building 262, adjacent to the Station baseball field. This is the same location as last year.

The Marine Exchange will operate Santa's Toyland. It will be open weekdays from 8:30 a.m. to 5 p.m. and 8 a.m. to 1 p.m. Saturdays.

According to word received from Santa Claus, there will be more toys than ever before at the K-Bay Toyland. A wide variety of space toys ranging from satellites, rockets, telescopes and space suits to astronaut games will be on display. There will also be space dolls for good little girls.

Then, of course, Santa and his helpers haven't forgotten the favorite toys of many of his little friends. At Toyland there will be shiny bicycles, wagons, electric trains, tanks, guns, fire engines, cowboy suits and games. Little girls will find hundreds of dolls, cribs, sewing machines, carriages, stoves, washing machines and loads of other things.

Santa said he and his helpers had to make so many toys because there have been more good little boys and girls than ever before.

The little old man in the red suit from the North Pole also said that he was happy to hear that most children are behaving for their parents now that Christmas is coming. He said there are still a few little boys and girls who could behave better for their mothers and fathers.

Santa Claus also wanted to remind his young friends that he would appear in person at the K-Bay Toyland sometime before Christmas. He hasn't set the date he will be here because he has so many other places to visit before coming to Hawaii. As soon as the date of Santa's arrival is known, it will be published in the WINDWARD MARINE.

The following information is for Santa's big helpers.

A lay-away plan will be available for Toyland customers upon the purchase of \$25 or more worth of merchandise.

Customers utilizing the the lay-away plan will be required to pay one-third down on the initial purchase and one-third down on all subsequent purchases.

Final payments must be made not later than Dec. 21.

Chaplain's Corner

By Chaplain K. W. Carlson

A poor contractor was commissioned by a wealthy friend of his to build a home. After the plans and price were agreed upon the contractor went to work. Thinking this was a good chance to make a real profit margin, he skimped on the quality of materials used and in workmanship.

Finally, the house was completed and was turned over to the wealthy friend. "John," replied the friend to the contractor, "I have always wanted to do something for you and here is what I would like to do. You have built this house for me; you have put yourself into it and now I am giving it to you. I hope you will enjoy living in it as much as I have enjoyed planning it for you."

The foolish person builds his life on shifting sand which will surely crumble as the storms of life beat upon it. St. Paul stated very pointedly: "Every man's work shall be made manifest: for the day shall declare it" I Corinthians 3:13. The hymn writer stated similar thought this way:

I would be true, for there are those who trust me;
 I would be pure, for there are those who care;
 I would be strong, for there is much to suffer;
 I would be brave, for there is much to dare.

Officers Wives

Anne Steman

On Nov. 3, 'O' Wives will be motoring around Koko Head to M's Ranch House. This is going to be an extra-special luncheon, but regrettably, our last with Mrs. Wieseman, who will be leaving in December. Social hour is to begin at 11 a.m., with luncheon promptly at 12 noon, so that we can be back before the school bus. The charge for this affair will be \$2.00 and will cover the tip as well.

Anita Stevens, our new program chairman since Marie Medford's departure, is keeping the program a secret (maybe she'll relent next week), but she did mention a very nice door prize to some lucky winner. Wouldn't you like to win and be able to take your husband for a free dinner at M's? By the way, allow about 45 minutes travel time as M's is located next to the Aina Haina shopping center at Wallupe.

October 30 brings the Honolulu Symphony to the Station Theater. Mrs. Magruder, 72-422, has tickets and is taking reservations for the cocktail and dinner party, that will be held at the Club before the concert. This promises to be a wonderful evening, and the profits will bring the Symphony to the Windward side for two school-children's concerts later.

Many plans are brewing for another lovely dinner dance come late November. When details are complete, they will be in this column as well as on posters.

Staff NCO Wives

A special meeting was held Tuesday evening for the purpose of electing new officers of the K-Bay Staff NCO Wives Club.

Those elected for the new term are as follows: Peg Foley, president; Vera Krotky, vice president; Sybil Prince, secretary; Jean Menard, treasurer, and Lorraine Williams, sergeant-at-arms.

An installation dinner-dance will be held Oct. 23 in the ballroom of the Staff NCO Club.

Reservations must be made by Oct. 19. Reservations may be made by calling Mrs. Dorothy Bruton at 72369.

The Inquiring Photographer

By AGYSGT. JACK SHEEHAN

This week your inquiring photographer visited the Kids' Day displays and activities and asked visitors, "What feature or display did you enjoy most?"

ROY HARMON, Kaneohe—"Boy, I liked everything, especially the two seater jet over there, the Cougar F8F, that's the keenest plane I ever saw. I liked everything else too, but I'm going to be a jet pilot when I grow up, so I like the jets best of all."

DENNIS TEEHAN, Kaneohe—I don't know for sure. I have seen the jets before, so I made up my mind to be a pilot. Now I get a chance to see some of the infantry, and boy, I like the ONTOS. I like that snazzy scarf the ONTOS crew wears too, it says, "Have gun, will travel," just like Paladin."

ROBERT BIGLEY, Kailua—"My father is in the Army over at Ft. Shafter, and I own a lot of the infantry equipment, but this is a first time I've ever seen BATS. I'll bet guns sure make that jeep jump when they are fired."

PHIL HATORI, Kailua—"I liked the helicopter rescue best of all, but I sure wouldn't want to be that guy sitting out there in the water waiting to be picked up. I've fished out there in the bay, and there are some big barracuda out there."

BILLIE SMITH, Kaneohe—"I liked the ice cream best of all, but next to that, I liked the helicopter rescue. One thing I don't understand though, why did that Marine jump into the water in the first place?"

MR. JAMES MIWA, Honolulu—"I thought the whole program was swell. To pick any one thing that I liked best would be hard, but I particularly liked the crash crew demonstration. The boys that go into the fire to rescue the pilot sure earn their money."

Editor's Corner

Letters of Interest

Below are several letters of general interest to all who serve and work at Kaneohe Bay. All were addressed to Col. M. M. Magruder, commanding officer, Marine Corps Air Station, Kaneohe Bay, Hawaii.

Dear Sir:

The Windward Oahu Community Association, Inc., wishes to commend you and the members of your staff for the excellent work that is being done in trying to suppress the jet noises at the Marine Corps Air Station.

We fully realize that there are a small group of people in our community who are constantly complaining about these noises and we assure you that this group does not represent our community as a whole.

We, as an organization of community leaders, are most fortunate to have the members of the Kaneohe Marine Corps Air Base as our neighbors. We are grateful for the many contributions your group has made to the Windward community.

Sincerely yours,

WINDWARD OAHU COMMUNITY ASSOCIATION, INC.
 President Wilbur K. Watkins, Jr.

Dear Col. Magruder:

Thank you very much for the courtesy you extended to the four of us (editor's note: Oahu's 8th District representatives Al Evensen, Joe Dwight, Richard Kennedy and 14th District representative Wadsworth Yee) on our visit to the Kaneohe Marine Corps Air Station. The presentation by you and your staff was not only very interesting, but also cleared up a number of areas in which we were all either misinformed or uninformed.

We know that our visit took up a good deal of your valuable time, and we really appreciate your generosity in making your time and that of your staff, and the facilities of your command available to us.

We will be in a much better position to discuss the distressing jet noise problem with the members of our community, and hope that we may be able in some small measure to contribute to the continuance of the excellent relationship which exists between the military and civilian populace of windward Oahu.

Sincerely,

Albert W. Evensen
 Representative
 8th District

Dear Colonel Magruder:

The Blood Bank of Hawaii has informed me of the excellent results obtained during its recent mobile visit to your command. A total of 295 personnel gave donations, and 236 acceptable units were received and credited to the Tripler reserve. Please convey to these donors my sincere gratitude for their humane contribution.

I do want to take this opportunity to thank you for your efforts in encouraging broad participation in this project. I am confident we can look forward to your continued support of our blood reserve program.

Sincerely,

J. W. Schwartz
 Major General, MC
 Commanding (Tripler Army Hospital)

DRIVING A CAR IS A CHALLENGE

Thousands of lives and millions of dollars are tragically wasted in traffic accidents each year. In unskilled and reckless hands, the motor car has killed and injured more Americans than all of our wars combined, and has damaged more property than can accurately be estimated.

Much of this destruction is directly traceable to careless and poor

driving. Safe driving, therefore, has become a vital concern of every American.

Driving is also a pleasurable challenge to the skillful driver. It opens a whole new world, for within an hour or so from your home, you discover an infinite number of places to go, things to see, things to do.

It's definitely fun to drive—when you truly know how.

Staff NCO Club

TONIGHT

Happy Hour from 4 until 7 p.m. Dance to the music of the Sunset Hawaiians from 9 to 12 p.m. Don't miss the Hawaiian-Tahitian review, a regular feature with the Sunset Hawaiians.

SATURDAY

Dancing tonight to the rhythms of the Tropic Knights from 9 p.m. to 1 a.m.

SUNDAY

Roast beef dinner today's special for \$1.00. Bring the girl of your dreams and the kelki's. Dinners half price for the little ones.

MONDAY

Toastmaster meeting 7 p.m.

TUESDAY

A fine day to spend an hour or two with old friends swapping yarns or in a bit of competition in the Game Room.

WEDNESDAY

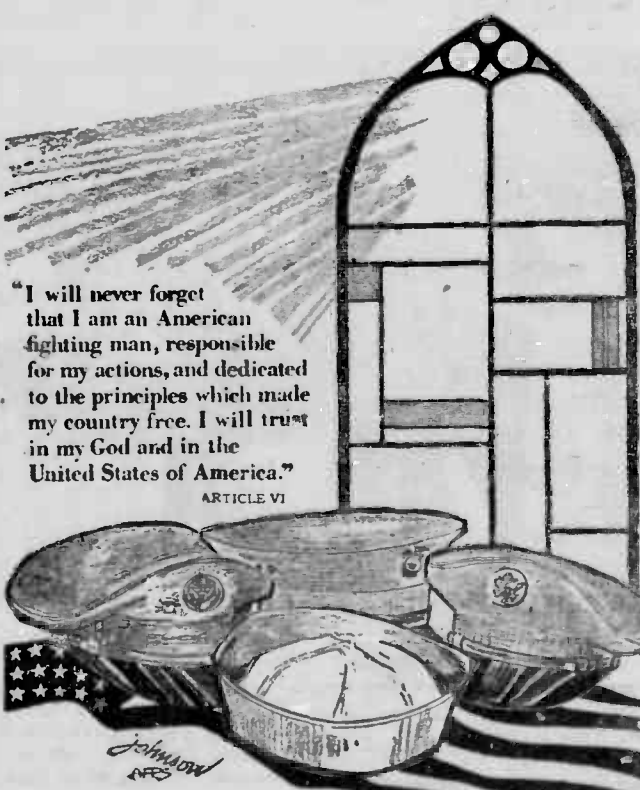

Dining Room open for the gourmet's pleasure.

THURSDAY

Dance classes begin at 8:15 p.m. Come in and learn to jitterbug and cha cha cha.

Special Note: It's time to start planning for the Halloween Dance. A gala night is planned for all. Prizes will be awarded for the best costumes worn by a woman, man and couple.

CODE OF CONDUCT

"I will never forget that I am an American fighting man, responsible for my actions, and dedicated to the principles which made my country free. I will trust in my God and in the United States of America."

ARTICLE VI

'Red Devil' Pilot Sets Unit Record

The term "hot banner" used by a Marine pilot refers to an aerial tow target on which he records several hits during aerial gunnery practice. The more hits, the hotter the banner.

Lt. A. E. Wittmer of Marine Fighter Squadron 232, the "Red Devils" of Marine Aircraft Group 13, has turned in the "hottest banner" yet, since the squadron's conversion from the FJ4B Fury jet, to the F8U Crusader jet.

During aerial gunnery practice this week, Lt. Wittmer recorded 35 out of a possible 140 hits on a target measuring 8 foot by 40 foot.

This doesn't seem like much of a feat until you add the fact that he was flying at 30,000 feet in a plane in the 1000 mile-per-hour class, at a target traveling at about 250 miles-per-hour.

Pilots making their runs on the target during aerial gunnery practice, are permitted to make only two runs on the target. During the two runs, they are required to fire 140 rounds from their 20 mm guns.

HOLD BRIEFING — Capt. E. K. Allis, (USN), left, Station senior medical officer, discusses topics that were presented during a briefing Wednesday for the Gray Ladies who will soon be working in the Station Dispensary. Left to right are Capt. Allis, Mr. Douglas Cary, Red Cross field director; Mrs. Norman C. Madore, Gray Lady chairman for Kaneohe and Mrs. M. M. Magruder, On Base Chairman for Red Cross volunteers.

At Station Dispensary X-RAY UNIT VISITS HERE BEGINNING NEXT TUESDAY

K-Bay Marines, their dependents and civil service employees will have an opportunity to receive free chest x-rays beginning Tuesday, Oct. 20. The 14th Naval District's Mobile X-Ray unit will begin operations at the Station Dispensary garage on that date.

Dependents will receive their x-rays on the first day. Dependents wishing to be x-rayed must be 15 years of age or older.

Because there is such a high incidence of respiratory diseases in this area, K-Bay medical authorities strongly urge that all eligible dependents take advantage of the annual x-ray opportunity. The examination takes only a few minutes.

The mobile unit, during its scheduled visit here, will administer examinations only during the hours of 8 to 11:30 a.m.

Personnel of Station Hdq. & Hdq. Sqdn. will be x-rayed on Oct. 21, 22, 23, 26 and 27. Department heads will be notified as to the time and date their personnel are

to report for examination.

Civil service employees will receive their x-rays on Oct. 28, 29 and 30.

Personnel of the 1st Marine Brigade will receive their x-rays during the period of Nov. 1 through 27, inclusive.

EM WIVES UNIT MAPS PROGRAM

Almost 70 wives of K-Bay junior enlisted personnel met at the EM Club here Tuesday evening to further plans of the recently formed EM Wives Club. Mrs. Sue Cowan served as chairman of the meeting.

Members voted to set dues in the new club at \$2.00 a year and 25-cents monthly. It was also decided to hold regular meetings of the organization on the second Tuesday of each month at 8 p.m. in the EM Club ballroom.

The next meeting, however, will be held on Nov. 17 because the second Tuesday of that month falls on the Marine Corps anniversary.

A committee of 20 women was also appointed to work out plans for a children's Christmas party.

Plans were mapped for a couples card party to be held at the EM Club, Tuesday, Oct. 27. Reservations may be made by phoning Mrs. Sue Westfall at 251-650.

AND OFFER FUN.

AGN—MPS

Mess Hall No. 1 Opening Delayed; Mid-November Completion Expected

Repairs to Station Mess Hall 1 are expected to be completed in approximately one month, according to information received this week from the MCAS Public Works Officer.

The mess hall closed temporarily for repairs Aug. 14 and was tentatively scheduled to reopen Oct. 12.

The major portion of the work called for removal of all of the existing deteriorated joint material. This was to be replaced with a new waterproof joint material which is resistant to acids, alkalis, greases and oils.

However, on removing the original joint material, it was found that large areas of the tile had not been properly bonded to the mortar bed when the floor was laid almost 20 years ago.

In most cases, it was found that little or no mortar had filled the keyed joints on the under side of the tile. As a result, a considerable quantity of loose tile must be relaid. Also, a large number of tiles were broken in the process of removal. Procurement of this additional tile from the Mainland therefore became the real cause for the month's delay.

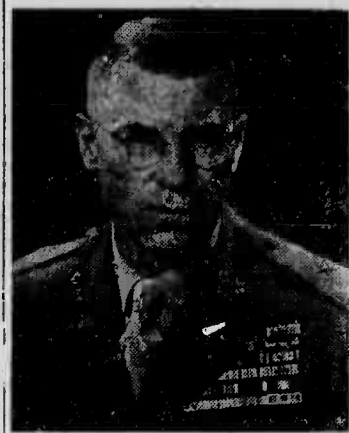

Other items included in the contract are the laying of new tile in the central hallway, resurfacing of the deck in other work areas, and the installation of eight new stain-

less steel steam kettles. Meanwhile, the Public Works shops have been rehabilitating the mechanical and electrical equipment throughout the galley. On completion of this work, the galley should be good for another 20 years, less normal wear and tear.

BGen. Tschirgi Brigade Visitor

Brig. Gen. Harvey C. Tschirgi, commanding general, Landing Force Training Unit, Pacific, with headquarters at Coronado, Calif., is slated to visit the 1st Marine Brigade today.

Honors for Gen. Tschirgi will be

BRIG. GEN. TSCHIRGI

rendered on his arrival at about 9:30 a.m. on Dewey Square by a unit of the 4th Marine Regiment. Following honors he will attend a briefing conducted by Brigade commander, Brig. Gen. F. L. Wieseman and his staff.

Gen. Tschirgi will be an overnight guest of Brig. Gen. and Mrs. Wieseman.

The LFTU commander is completing a tour of Marine Corps installations in the Pacific Ocean Area prior to reporting to Headquarters Marine Corps next month for duty.

Outstanding Marine Wins Merit Stripes

LCpl. Wilfred P. Duplessis Jr., of "G" Co., 2nd Bn., 4th Marines, was meritoriously promoted to his present rank Tuesday by Col. J. W. Antonelli, 4th Marines commanding officer.

Selected as an outstanding Marine, Duplessis was promoted under the recently enacted accelerated promotion system which stresses performance of duty over seniority.

The new lance corporal is a fire team leader.

Burleson Leads Radio-Telegraph Class Graduates

Pfc Ellington G. Burleson of Hq. Co. 4th Marines, maintained an average of 87.11 to lead a class of 18 students who were graduated from the Radio Telegraph Operators Course Monday.

Pfc Ivan E. Heidecker of Recon Co. took second place with an average of 86.41 and ActCpl. Roger C. Roeske of H&SCo., 1st Bn., 4th Marines, earned the third slot with his mark of 85.10.

Other Brigade personnel graduated included: ActCpl. J. R. Mahoney; LCpl. O. R. Morsett and Pfc's J. W. Amos, W. O. Ashley, C. L. Bumke, G. S. Carter, R. W. Cizewski, D. K. Crawford and R. S. Dominguez.

Also Pfc's D. W. Dunbar, J. Dzik, Jr., F. C. Howing, T. H. Magis, T. Mendibies, Jr., and J. W. Rushton.

The 16 week course included sending and receiving Morse Code, radio telegraph procedure, radio equipment and field application.

HONOR STUDENT — LtCol. J. E. Glick, Brigade communications-electronics officer, congratulates Pfc. E. G. Burleson, top graduate of the Radio-Telegraph Operators Course. Also shown are Pfc. I. E. Heidecker, second place graduate and ACpl. R. C. Roeske, third honor student.

More Capehart Units Accepted

According to information received Tuesday from the Station Housing Office, a total of 131 Capehart Housing units have now been accepted. This figure includes 107 in the completed first increment and 24 units in the second increment.

Of the 105 units in the second increment, 17 are scheduled for field grade officers, 78 for company grade officers and 10 for enlisted personnel. The first increment contained 107 units, of which 72 went to senior staff NCO (E-7-8-9) while the remaining 35 units were assigned to company grade officers.

When completed, the Capehart Housing Project will contain a total of 650 units, with 216 slated for occupancy by officers and 434 by enlisted personnel.

Station housing lists, revised this month, shows a waiting list of approximately 300 officers, including 46 of field grade rank and about 750 enlisted personnel. In the latter group are about 100 senior staff NCOs (E-7-8-9).

Included on these lists are personnel who are awaiting Capehart units as well as other types of housing located on Station.

RED CROSS AWARDS — Col. M. M. Magruder, Station commander, congratulates four men who have just received American Red Cross letters of appreciation for their excellent work at the emergency mass feeding class held at Lanikai Community Center Aug. 27. The four-some gave instructions and demonstrations at the class. The presentation ceremony was held Tuesday. Left to right: Capt. Oscar D. Gustafson, CWO. George P. Garrett, USN; ActMSgt. Robert D. Blackwell, ActGySgt. Earl Williams; Mr. Douglas V. Cary, Red Cross field director, and Col. Magruder.

KEENLY CONSIDER NEEDS IN YOUR CAR INSURANCE

Many persons, including Marines, will purchase automobiles without actually knowing what in fact they are buying and without understanding completely the financial responsibility they are assuming.

The same sad question also applies when the question of automobile insurance arises. A typical "buyer" wants and gets insurance—just any insurance—for his car. Little does it seem to matter to him that this insurance might eventually be of little benefit to him because it didn't afford the protection he needed. Again, he hasn't read and understood the insurance policy before accepting it.

The auto owner/operator's insurance needs are dictated by his circumstances: his family situation

(are other members of the household to operate the auto insured?); his job or work status, especially if this requires him to spend more time operating a motor vehicle; his overall worth and earning potential (to determine the limits of liability protection needed); the cost and value of the automobile insured; and, finally, the cost of the insurance itself.

Generally speaking, there are four basic insurance coverages:

(1) **Liability**, both for bodily injury and property damage. This coverage is designed to protect the insured against claims as a result of injury and death to persons and damage and destruction to property. Many states have "financial responsibility laws" requiring such liability insurance under varying circumstances in order to operate an automobile within a given state.

(2) **Physical damage**, which includes both collision and comprehensive protection. Collision insurance provides for reimbursement to his automobile caused by accidental collision.

Usually this protection is secured with a provision providing that a specified amount is deducted prior to reimbursement, e.g., with \$100 deductible collision coverage. The first \$100 of damage is paid by the insured. Obviously, the greater the deductible amount, the less this coverage costs.

Under comprehensive coverage the insurance company pays for direct and accidental loss other than collision caused by fire, theft, falling objects, explosions, earthquakes, windstorms, hail, water flood, malicious mischief, vandalism, riot, civil commotion, accidental breakage of glass and damage caused by rodents, paint spray, etc.

(3) **Medical Services**. This protects the insured and others occupying his automobile for ordinary medical expenses resulting from injury regardless of any negligence involved.

(4) **Uninsured Motorists Protection** is insurance for personal injury to the insured by an uninsured or "hit and run" auto.

An important factor to consider in all cases is the extent of the coverage afforded by the insurance purchased to persons other than the owner/insured operating the insured's automobile with his permission. Care should also be taken in obtaining coverage for the insured while operating a borrowed automobile.

Great care should always be exercised in selecting an automobile insurance company and the coverage needed and desired.

(From the Quantico SENTRY)

WHAT FIRE TRUCK — Believe it or not, underneath that mound of youngsters, there was a crash truck, but the kids figured it would be a good vantage point from where to observe the Station Crash Crew rescue demonstration during the special "Kids Day" program. (All Kids Day photos by ActSgt. Bruce Hamper.)

STATION BESIEGED BY ACTIVE YOUNGSTERS; HAPPY DAY FOR ALL BUT CLEAN-UP DETAIL

By AGySgt. Jack Sheehan

Marine ordnancemen and aircraft mechanics spent the better part of this week putting their equipment back into shape after an invasion of over 2500 youngsters at the "Kids Day" open house here last Saturday morning.

By 9:15 a.m. Saturday there was no doubt about it, the kids of Oahu had heard of Col. M. M. Maugruder's invitation to visit the Station and they had accepted.

Long before the program officially got underway, kids were clambering over aircraft and infantry equipment set up in the static display area.

Eight school buses sat empty at the main gate, but not for long. In a matter of about 10 minutes, the buses were filled to capacity.

Kids are kids the world over, and there was no exception to the rule last Saturday. Instead of rushing to the aircraft and infantry display upon arrival, they fooled everyone. Instead, the first thing that caught their fancy was the huge bright red crash trucks. The Marine firemen were kept busy throughout the morning explaining how the foam puts out a fire, where the siren was, and who rings the bell.

Soon the thrill of ringing the bell and making the siren scream wore off, and the Marine pilots were next besieged. "Show me how you eject yourself? Where's the button that starts the plane? Who helps you drive the plane? Can you take me for a ride someday?"

Meanwhile, across the taxi ramps, infantry men of the 1st Marine Brigade had their hands full explaining their amphibian tractors, ONTO's, BAT's, flame throwers, and other equipment.

When 10 a.m. rolled around, and Capt. Roy Kibbee, project officer announced over the public address system that an air-sea-rescue would be demonstrated offshore, fire trucks, airplanes, and tanks were forgotten as the youngsters and hundreds of adults swarmed to the beach.

Wide eyed, they stood at the water's edge as a Marine jumped from a crash boat into the water. Once in the water, he inflated his Mae West and lit a smoke flare. In a matter of seconds, a helicopter appeared on the scene. The rescue sling was lowered and the downed pilot hoisted to safety.

Just when the thrill of climbing all over the equipment on display had worn off, an announcement was made that sent the kids scurrying for the buses once again. It was time for the crash crew demonstration. When all the kids had been shuttled to the demonstration area,

personnel of the crash crew ignited the fuselage of an abandoned airplane. Two huge trucks came screaming down the runway.

Arriving on the scene of the simulated crash, the Marine fire fighters immediately went into action, spraying the burning plane with foam as other members of the crash crew rushed into the burning inferno to rescue the pilot, a dummy used for demonstration purposes.

Pilots, infantrymen and crash crew personnel were not the only ones kept busy throughout the program. In a little area just to the side of the aircraft display, probably one of the busiest Marines on the Station and certainly one most

popular with the kids, had his hands full.

He was the Marine cook given the job of dispensing the goodies during the program. The job just got too big for him, and he called on operations personnel for an assist.

The tots too young to enjoy the displays were kept wide-eyed with the antics of Bozo the Clown, a TV personality who toured the display area helping the Kaneohe Marines amuse the kids.

As the program drew to a close, the youngsters disappeared just as quietly and quickly as they had appeared. But the cleanup job kept Marines busy for a few days.

RESCUE DEMONSTRATION — Two members of the Station Crash Crew, circle, rush into the flames to rescue a pilot (dummy) trapped in this burning inferno. The crash crew demonstration was one of the highlights of the "Kids Day" program held last Saturday.

KIDS DELIGHT — Bozo the Clown, drew a crowd of admirers no matter where he went. A local television personality, Bozo volunteered his services to help the kids enjoy themselves during the special "Kids Day" program last Saturday.

TONIGHT

ALOHA WEEK DANCE — This is the big event of the week, so bring your Aloha shirt and join the fun tonight at 8 p.m. Music will be provided by Ken Alford and his Dixiecats and of course many charming hostesses will be available as dancing partners.

SATURDAY

Between 12 and 2 p.m. you can learn the finer points of the art of fencing. At 2 p.m. there is a FREE short island tour for all those interested. If you are a chess fan there is a "Beat the Champion" chess tournament at 2 p.m. Fishing enthusiasts will enjoy the movies "Sailing Newfoundland Waters" and "Spinning for Silvers and Steelheads" being shown at 4 p.m. At 5 p.m. there is a song fest followed at 7 by organ melodies with Ken Myers at the key board. A stage show will be presented at 7:30 and the feature movie at 8:30. Flicker for tonight is "Beyond a Reasonable Doubt" with Dana Andrews.

SUNDAY

Wake up with the Java Club at 8:30. Coffee and rolls will be served. Free church transportation at 10 a.m. and a pinochle tournament at 12:30 p.m. Voice recordings can be made between 1 and 6 p.m. Movie matinee at 1:30 p.m. is "Silver Lode" with John Payne. Hospitality hour begins at 5 and a concert is scheduled for 7 p.m. Ann Blyth will star in "King Thief" at 8 p.m.

MONDAY

Special game night with many worthwhile prizes at 7:30 p.m.

TUESDAY

YMCA Square Wheelers hold their weekly square dance tonight at 7:30 p.m.

LITTLE SARGE, BIG BOMB — Worn and tired, but still able to render a salute, little Chip Westfall, son of ActSgt. and Mrs. C. F. Westfall, decided the best place to rest his weary bones would be sitting on this 1000-pound bomb. At least he wasn't bothered by kids pushing and shoving especially sitting in the middle of the bomb display.

Theater Schedule

TONIGHT

NO NAME ON THE BULLET— This is classified as an adult western. Audie Murphy is the hired gunman who walks into town and causes many a respected citizen to quake in his boots. He does absolutely nothing but sit in the bar and drink coffee but his presence is enough to get many aworrying. Seems like everyone isn't as honest and trustworthy as they would like others to think. 94 minutes of tension and suspense.

SATURDAY MATINEE

No information available.

SATURDAY

THE MUMMY — A science fiction drama that brings a very good rating but according to those who have previously viewed this flicker it rates only a fair. Peter Cushing takes the leading role of the "living spirit." 95 minutes.

SUNDAY MATINEE

No information available.

SUNDAY

UP PERISCOPE — If you are a TV fan you will recognize "Maverick" in the leading role of this flicker. He has a change of scenery though. Instead of riding over the dusty plains, he is underwater with a submarine crew. The action is interspersed with bits of humor and some Hawaiian beauties and dance hall scenes. The plot deals with submarine warfare during World War II. After 111 minutes of below the surface entertainment you may feel a bit water-logged.

MONDAY

MILLION DOLLAR MANHUNT — No information available on this flicker except that it stars Richard Benning and Carole Mathews. More than likely it is of British descent.

TUESDAY

CROOKED SKY — Take a look at the title and then try to figure out the plot. A problem has arisen! Well, it stars Wayne Morris and Karin Booth if that is any help.

WEDNESDAY

YOUNG CAPTIVES — Sure fire entertainment for teenagers (because it concerns them) and male adults (who enjoy action). This is definitely not for the kiddies and not particularly great for many women. It deals with a knife wielder, Steven Marlo, who takes what he desires at the point of a blade. After Marlo leaves his boss "oozing light" he thumbs a ride with a pair of teenage elop-

ers, Tom Selden and Luana Patten. 61 minutes of wild-eyed, kidnaper-killer scenes.

THURSDAY

ANGRY HILLS — Plot of the film is taken from the best selling novel by Leon Uris, famed author of "Battle Cry." Instead of the Marines during World War II we have the heroic story of the Greek resistance during the same period. Robert Mitchum and Gia Scala are the two best known players in the flicker.

Early Yuletide Discharges Set

An "early out" program during the Christmas-New Year holiday period for officers and enlisted men in the continental U.S. has been announced by the Department of Defense.

Specifically, personnel whose normal expiration of obligated service or enlistment would occur during the period Dec. 18, 1959, and Jan. 4, 1960, inclusive, will be released during the period Dec. 10 through 18.

The Defense Department said about 8,500 military personnel will be affected.

Excluded from the early out policy are:

- Reservists undergoing six-months' active duty or training under the Reserve Forces Act of 1955.

- Aliens seeking to qualify for citizenship by completion of three years of active military service.

The policy will normally be extended to personnel stationed or en route to their areas of residence in commonwealth, dependencies, trusts, and the states of Alaska and Hawaii, the DOD said. (AFPS)

While-U-Wait Press Service Set by MXs

Two clothes pressing machines are to be delivered to the Marine Exchange today and a press-while-u-wait service will be initiated as soon as the machines can be installed.

The new service will be available at two K-Bay MX locations.

In the Main Exchange the pressing service will be located in the laundry section while the other machine will be installed in the room off the street entrance at the Bldg. 1090 MX branch.

SHORT RIDE — Rider No. 18 was all set for a long ride on this wild bull, until the bull decided it was just too hot a day for carrying a cowboy around. Bull riding is just one of the many thrill-packed events scheduled for the Navy Relief Rodeo here Nov. 14 and 15.

HQMC Schedules Tests for Sergeant On December 1-2

Headquarters Marine Corps has announced the promotion testing dates for Leathernecks seeking advancement to the sergeant rank in pay grade E-5.

Primary testing dates are set for Dec. 1-2. Alternate testing days are Jan. 18-19, 1960.

The technical tests have been waived for Marines whose primary MOS is 6491 or 7041. All others must take the technical tests.

According to earlier estimates, Headquarters plans to promote about 3500 Marines to E-5 this fiscal year.

★ ★ Civil Service News ★ ★

HEALTH INSURANCE TO START NEXT JULY 1

Government employees have been assured that by next July 1 they will have access to a health insurance program comparable to those in private industry.

The health bill, which was signed into law by the President, will provide hospital, medical and surgical benefits to an estimated 4.5 million Federal workers and their dependents, with the Government meeting about half the \$2.2 million annual cost.

The Civil Service Commission, responsible for setting up the new program, moved quickly to create a new Bureau of Retirement and Insurance to administer Federal health, life insurance and retirement programs.

The Commission is directed to contract for the best available health insurance, drawing from both Blue Cross-Blue Shield and commercial insurance companies. A choice of plans will be available.

Federal employees participating in the health program will pay \$1.25 to \$1.75 every two weeks if single, and \$3 to \$4.25 if dependents are included.

All are being urged to retain any health insurance coverage they now have until the Government program goes into effect next July.

CHANGES IN FEDERAL EMPLOYEES GROUP LIFE INSURANCE

Public Law 96-377, enacted Sept. 23, 1959, made several important changes in the Federal Employees Group Life Insurance Act. These changes, which do not affect employees retired or deceased before that date, are as follows:

- At all times during employment, employees have the FULL amount of group life and accidental death and dismemberment insurance applicable to their annual salary. Formerly insurance was reduced after an individual reached age 65.

- For employees who are age 65 or over, payroll withholdings are now required at the same rates applicable to employees under that age. They start with the first pay period beginning after Sept. 23, 1959. During employment there is no provision to continue insurance without cost in a reduced amount.

- If an employee retires on immediate annuity, either for disability or after at least 12 years of creditable service of which at least five years are civilian service, life insurance will be continued without cost. Each month, beginning on the first day of the second calendar month following the date of retirement or 65th birthday, whichever is LATER, life insurance will be reduced by 2 per cent of the amount in force before the first such reduction. Insurance cannot be reduced below 25 per cent of the

amount in force before any reduction.

CONDUCT AND DISCIPLINE

By OIR Notice 12045 of Sept. 12, 1959, the Navy Department has set forth the Department's policy with respect to conduct and discipline of supervisory personnel. The policy states that it is essential that supervisors conduct themselves in such a manner as to maintain the trust of management and the respect of their subordinates. In view of the responsibilities vested in a supervisor, the penalty for any offense he may commit may justly be in excess of that which would be assessed a non-supervisory employee for the same offense. NCPI 45 will be amended accordingly.

CONGRATULATIONS

At a recent meeting of the Federal Safety Council of Hawaii, Al Roth, our Station Safety Director, was appointed chairman of the Technical and Advisory Committee of the Council.

EXAMINATIONS

The Board of U. S. Civil Service Examiners, Pearl Harbor, has announced the following unassembled examinations:

Stevadore, at a salary range of \$1.90, \$1.98 and \$2.06 per hour.
Rigger, at a salary range of \$2.40, \$2.50 and \$2.60 per hour.

Interested employees should submit Form 5001BC and Standard Form 57 to the Board. Although both examinations are open until further notice, employees are urged to submit their applications as soon as possible.

RIDE WANTED

to vicinity of Hotel and River Streets. Call Stephen Wong at 72984.

Flowers were sent to recently hospitalized PW employees Kinji

Nomura and Willard Davis. Get well wishes are extended to both.

Sincere condolences to Kwai Chong Yong, Communications, and Robert Campbell, PW, whose mothers passed away.

WE WELCOME . . . James Carter who reported on board as a PW Laborer (Heavy). A former member of the Marine Corps, Jim came to the islands a year ago. He is single and a devotee of water sports.

Mrs. Gertrude H. K. Chun, newly-hired Accounts Maintenance Clerk, Comptroller Dept. Gertrude is returning to civil service having worked at the Pearl Harbor Naval Shipyard a few years ago. Her husband, Henry, is employed at the PW Carpenter Shop. The Chuns have three sons.

Thomas L. Johnson who began work as a Laborer in PW, Tom, a basketball and swimming enthusiast, attended McKinley High and saw Army service at Fort Lewis, Wash.

David K. Schoel starting his first civil service employment as Assistant Meat Cutter, Supply Dept. Upon his discharge from the Air Force in May while stationed at Hickam, David and wife, Mary, decided to remain in the islands. He is active in stock car racing and serves as an official.

Q. What type of beneficial suggestions are being sought by the Navy?

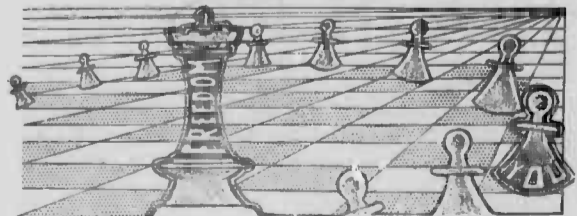

A. The Navy is particularly interested in suggestions which propose a way of improving procedures, products, services—anything that is a way to do the same job, or a better job, which will require less manpower, money, material, time or space.

BACK SEAT DRIVER — But in this fetching pose Calendar Girl Jane Fonda would drive most laddies out of their mind. Dad's name is Henry, and Jane just made her first flicker, "Tall Story."

My Job

Freedom is not to limit but to share;
And freedom here is freedom everywhere.
—Russell Davenport

Mr. Davenport says a great deal in these two short lines, but you have as many as 500 words in which to express your thoughts on "My Job: Protecting America's Freedoms." The awards for this year's Letter Writing Program on that theme run as high as \$1,000.

You don't have to use up your full quota of words, but even if you did—and took first place—your letter would remunerate you at the rate of \$2 a word! So get it in the mail now—it must reach Freedoms Foundation, Valley Forge, Pa., before the deadline of Nov. 1.

EWA SCALPED BY KANEHOE; CODY SPARKS MARINE TEAM

Ewa's Pop Warner players walked away a sad second after Sunday's game with the Kaneohe Marine's team at Castle High School.

The final gun sounded marking the end of the game and the score stood, Marines 18 — Ewa 0.

Jerry Cody, the Marines, fast driving quarterback was probably the most outstanding player of the day. His knowledge of ball handling and play making marks him a tremendous threat to any and all opposing teams.

After a series of plays during the second quarter, Cody snapped a jump pass to Dusty Rhoades which brought the ball down to the two yard line and after another play the ball rested on the 1 foot line. Cody, with the help of pile driving Tom Sheehan, center, quarterback sneaked over the goal for the first tally of the game. This first score sparked the Marine team and they were off and running.

Third quarter play was almost

a repeat of the second. Norman McKonley was the responsible person for making an off-tackle run which brought the ball down field to the five yard line. Cody again went over for the score.

Ollie Liu, Kaneohe's amazing halfback, latched onto the ball and scampered a cool 55 yards around left end for the third and final score of the game.

Ewa's only threat during the entire game came with the opening kick-off when the Marine team fumbled the ball and Ewa recovered. The Marine line stood fast and held the Leeward team to a standstill.

Jerry Cody and Phil Zimmer shared the day's honors for pass interception. Both players intercepted passes and ran them back much to Ewa's dismay.

Bill Garrett and Tom Sheehan both played excellent defensive ball. Sheehan's outstanding play was when he slammed through center and got to Ewa's quarterback, who was attempting to get a long pass away. The ball never got past the line of scrimmage.

A goodly amount of credit is due the cheering section of the Marine team. Bedecked with "crimson and gold" the cheerleaders are: Sis Cody, Linda Bruton, Grace Page, Susan Bowman and Joyce Irwin.

LOHI Keglers Keep 1st Place; 10 Wins

After three weeks of league competition bowling the LOHI'S still hold first place in the MCAS. Ball and Chain League. The team boasts a 10 win two loss record.

The CHAIN GANG moved up to second position while the XXXXX dropped to third place.

Richard Cronkrite took high singles game last week with a 187 and also high series with a 513 for the men. Sue Van Beck again took high single for the women with a 171 and Kay Cohen copped the best series with a 460 for the women.

The remaining teams in their respective order are: Saddleton's Linkers, Alley-Cats, Hot Shots and the BVB's.

Red "the Galloping Ghost" Grange in recalling his days at Illinois quipped: "I won't mention the name of this particular team we were playing, but at halftime we came in, pulled off our socks and began putting iodine on the teeth marks in our legs. Coach Bob Zupke said, 'I'll tell you one thing, if we play this team again, it will be on a Friday!'"

FOILED AGAIN — B. C. Humphreys, five foot six inch trainer of the Hawaii Marine net squad tosses up a lay-up shot but all to no avail. Cozel Walker, one foot taller than his trainer, stretches a bit and keeps the ball from ever reaching the rim. Humphreys and Walker both hail from Clinton, Ky. (Photo by ActSgt. B. R. Hamper.)

Boxing Smoker Set For Oct. 22

A boxing smoker will be held in the Outside arena adjacent to the station enlisted men's swimming pool on Oct. 22 and 23.

All personnel who wish to participate in this smoker are requested to contact AMSgt. Plunkett no later than 4 p.m. Wednesday, Oct. 21 at the MCAS boxing gymnasium, (Bldg. 268). The telephone number is 72159.

There will be 10 trophies presented, one to each winner of each weight division. There will also be a trophy for the most outstanding fighter of the tournament.

Varsity boxers returning from last year's All Hawaii Marine Corps championship team are not eligible for this smoker.

Bout winners from this smoker will also become members of the 1959-60 Hawaii Marine Boxing Team which is billeted here at MCAS.

The regular Hawaii Marine Boxing team will be picked and begin training as a team on Oct. 25.

Highlight of the evening will be a five minute speed bag exhibition presented by ActSSgt. John (Red) Pryor. Sgt. Pryor is known throughout the Marine Corps as one of the fastest men on the speed bag. This is an exhibition both men and women will enjoy.

Results of the bouts at the Maui Fair weren't too impressive but due to the lack of training time the team fared quite well.

During the Friday, Oct. 9, bouts at the fair Tom "Trigger" Long and Bobby Rainey lost on split decisions. The fans were up in arms and booed the judges' decisions.

In the following night's matches, Tom Long won on a TKO over Robert Valentine of the Maui Athletic Club in the third round. Frenchy Armentour, a newcomer to the Hawaii Marine Club, also copped a TKO over Billy Valentine of the Maui Athletic Club.

MARINE GUN CLUB SCHEDULES SHOOT

The Annual Hawaii Marine High Powered Rifle Match sponsored by the Hawaii Marine Gun Club is scheduled to be held tomorrow and Sunday at the Puuloa Rifle Range.

Entries are open to all National Association members in good standing.

Five matches are slated to be held on Saturday, Oct. 17, and one on Sunday, Oct. 18. The N. R. A. classification system will be used except that unclassified shooters will compete in the Master class. Evidence of classification must be presented at the tournament.

Squadding tickets containing re-

lay number, classification and match description may be picked up at the statistical office on Saturday, Oct. 17, prior to firing the individual matches.

A registration fee of .50 cents a day will be charged per individual. Entry fees for individual matches and team matches will be \$4.00. An across the board entry fee including registration of \$8.00 per shooter for all individual and team matches will be charged.

Entries will be limited 250 shooters in the individual matches, and 50 teams for the team match. Entries and inquiries should be addressed to: Statistical Officer, U. S. Naval Rifle Range, U. S. Naval Station, Navy No. 128. FPO, San Francisco, Calif.

Puuloa Rifle Range will be open for practice from 1 until 5 p.m. today. Shooters desiring to practice are requested to contact Warrant Officer G. E. Foster, Phone Navy 26200, 29284, or 21264.

Matches will begin promptly at 7 a.m. on each day.

MAG-13 CHAMPS LEAD 1ST BRIG. GOLF TOURNEY

First play of the Brigade Quarterly Golf Competition was held Thursday, Oct. 8 at the Kaneohe Klipper Course.

Taking first position was the MAG-13 Champs with a score of 599.

The first place team is made up of WO Bowen, Mr. Perritt, Capt. Martell, 1stLt. Zehmer, ActMSgt's Currier and Johnson and ActSSgt. Juck.

The team in their respective finishing positions are, 2nd Bn., 4th Marines, 598; MAG-13 All Stars, 601; 1stBn., 4th Marines, 604; Hq. Co., 4th Marines, 614; tied for seventh place are Svc. 15n. and Hq. Co., 1st Marine Brigade with 615 and they are followed by 3d Bn., 12th Marines with a 632.

Rotarians Play At Klipper Links

All State Rotarians and their wives have been invited to participate in the fifth annual golf tournament, Oct. 29, at the Kaneohe Klipper links.

Entry fee is \$1, green fees, \$2 and lunch \$1.50. The tourney is sponsored by the Rotary Club of Windward Oahu.

The first foursome will tee off at noon. Lunch will be at 11:30 a.m. that day at the Klipper clubhouse.

Competition is slated in four flights — A, for scratch to 13 handicappers; B, 14-21; C, 22-36 and D, for guests with scratch to 30 handicaps.

Jimmy Ukauka, Kaneohe pro can be reached by calling Navy 73130.

Aku-Marines

Work was done on the boat last Saturday and there is a good possibility that the AKU will be ready for use this Sunday. There is still plenty of work to be done but it will be suitable for diving.

The club now has two teams within the club. This was done so that competitive dives can be made once a month. The two teams, The Scarlet and The Gold, will have their first dive tomorrow at the Ft. Hase swimming area between 8 a.m. and noon. This dive will be skin diving only, and only for active club members.

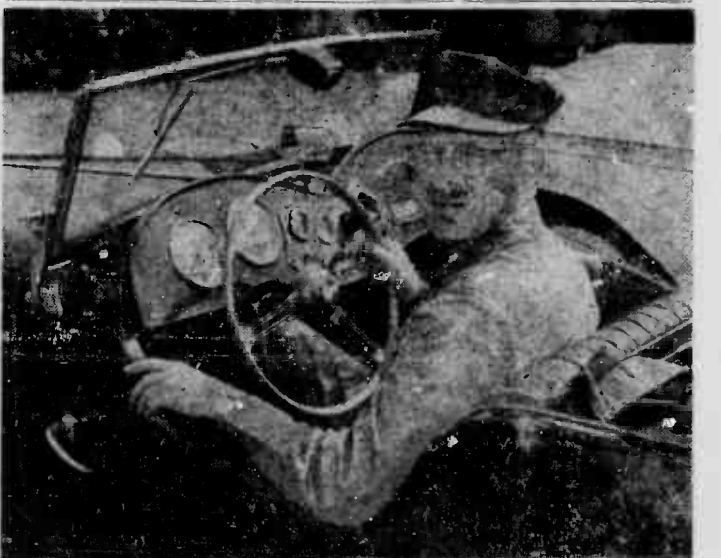

The trophy will be awarded the team that brings in the most weight. This includes everything that lives in the water except coral. For further information contact ActSSgt. Charlie Glenn at 72583.

Everyone is invited to the meeting on Monday at 7 p.m. in Bldg. 575. Any questions that you may have concerning Skin Diving or SCUBA diving will be answered at that time if possible.

The topic for discussion at next week's meeting will be sharks.

REMEMBER!

**A GOOD DIVER NEVER
DIVES ALONE**

PILOTO — ActGySgt. Sam Evans sits behind the wheel of his MG-TD which won the Pupule Ralley last Sunday. Sgt. Evans is NCOIC of the Avionics Section, H&MS-13. ActGySgt. Charles Caproni acted as navigator for the winning pilot. The rally started from the Waikiki Shell, toured around Honolulu and St. Louis Heights, past the Blow Hole and through Waimanalo to Bellows AFB where it came to an end.

PIGSKIN PICKIN'

Your WINDWARD MARINE feature writer, Jack Sheehan retained the highest honors this week by totaling an average of .450 per cent. He is followed by the ISO Chief, Ed Green with a .292 and your sports editor tails the group with a .254.

Oldest EM Ends 51 Year Career In Washington

Washington (AFPS) — The career of the Armed Forces' oldest member — spanning more than a half century of active military service — ended here Sept. 30 when Air Force MSgt. Horst Tittel, 75, stepped into retirement.

During a Pentagon ceremony in the office of Gen. Curtis E. LeMay, Air Force vice chief of staff, Tittel was presented with the Legion of Merit in recognition of his 51 years service.

Born in Leipsig, Germany, in 1884, Tittel came to this country in 1904 and enlisted in the Army at West Hoboken, N.J., in 1917.

During World War One, Tittel was commissioned as a reserve first lieutenant.

In World War II, Tittel served throughout the North African and Italian Campaigns as a major and lieutenant colonel, with base adjutant or administrative officer assignments.

United Fund Profits From Letter Writer

The Honolulu Community Chest received a two dollar donation this week. Nothing unusual about this, but the donation was in the form of a check made out to Lt. J. P. Kirsch, USN, of the Station Dispensary, by the Honolulu Star-Bulletin.

Lt. Kirsch received the check for a letter written to the editor of the Pet Peeves column, an article appearing in the Bulletin.

The lieutenant's pet peeve letter read in part, "Why do newspapers refer to civilians connected with crimes as former servicemen? I don't mind if you identify an active-duty serviceman in trouble, but please don't stigmatize the rest of us by referring to every civilian who spent two weeks in the service as a former serviceman."

Attached to the two-dollar donation was Lt. Kirsch's comment . . . "having already given to the Community Chest thru the regular drive, I should like to give this check . . . to help the civilians who were once servicemen."

Lt. Kirsch's check has been turned over to the Chairman of the Station Community Chest Drive, Maj. George Parker.

Officers Wives Coffee

There will be no Officers' Wives' Coffee during the month of October. MAG-13 will sponsor the November coffee on Wednesday, Nov. 18, which will be an Aloha coffee for Mrs. F. L. Wiseman. Reservation information will be published at a later date.

OLDEST E.M. RETIRES — Mrs. Tittel admires the Legion of Merit awarded her husband, Air Force MSgt. Horst W. Tittel, 75, who retired after 51 years of active duty. Air Force Vice Chief of Staff Gen. Curtis E. LeMay made the presentation. Tittel enlisted in the Army in 1908 and served in both world wars. He retires as a lieutenant colonel, the highest rank he held during WWII.

October 24

'O' CLUB HALLOWEEN HOP OFFERS FORD DOOR PRIZE

Time to taste the Witch's brew and possibly win a most unique door prize. Marine Aircraft Group-13 officers are sponsoring a Halloween Hop beginning at 7 p.m. at the Officers Club on Oct. 24.

Costumes or informal attire are planned.

The door prize is a 1950 Ford sedan sparkling with a new paint job. Champagne prizes will also be awarded for the best costumes.

A buffet supper, featuring a Steamboat Roast of beef, will be served. Music will be furnished by the Tendertones.

Squadrons of MAG-13 will stage talent skits, comedies and parodies of local and Marine Corps situations.

All K-Bay officers, their ladies, and guests, are invited to attend and take part in the festivities.

TONIGHT

Happy Hour from 4 until 6 p.m. The Couples Bar will be open from 5 until 7 p.m. Dinner served from 7 until 9 p.m.

SATURDAY

Dinner served from 7 until 9 p.m. Relax after dinner and dance to the music of the MAINLANDERS from 8 to 11 p.m.

SUNDAY

Late risers can enjoy Sunday Brunch from 9 a.m. to 12 noon. Movies for the tots begins at 4 p.m. with the family buffet being served from 6:30 until 8:30 p.m. Complete the day by dancing to the STEREOS from 7 to 11 p.m.

MONDAY

Hula lessons for adults at 9 a.m.

Lessons for youngsters between the ages of five and ten start at 3 p.m., and for the older children at 4 p.m.

TUESDAY

Toastmasters luncheon at 11:30 a.m.

WEDNESDAY

"O" Wives coffee at 9:30 a.m.

THURSDAY

Make your own plans to enjoy the facilities of your club tonight.

MC Says No To Blazer Buttons

Forget about the Marine Corps service buttons when you are thinking about decorating civilian jackets. They were just not meant for anything but uniforms. Headquarters is telling all hands, particularly reservists.

There have been "sightings" of reservists who have used service buttons in place of "civilian issue" on the increasingly popular blazer jacket. "This action," writes Bob Tallent, former editor of the Marine Reservist, "is regarded as just short of using the Marine Corps Standard as a dish cloth."

There is a paragraph in the Marine Corps Manual which says that wearers of distinctive parts of the uniform without authority can be tossed in jail for six months and fined \$250.

Regulations Clarify Hump Bill Questions

Instructions covering \$2,000 lump sum payments to officers involuntarily retired under the recently enacted "Hump Law" have been published by the Navy.

Most Naval captains and commanders and Marine colonels and lieutenant colonels stated by board action for involuntary retirement on twenty or more years of active service will receive the separation payments, according to the Secretary of the Navy.

Officers who voluntarily elect to leave the service prior to their normal dates of retirement will also receive the lump-sum benefit but only in cases where a selection board recommended their discontinuance in service, a Navy spokesman explained.

On the other hand some officers recommended for involuntary retirement will not receive the separation pay, the instructions stated, and those retired for physical disability are not entitled to the cash settlement—even if the board recommended their discontinuance on active duty.

SPECIAL UNITED NATIONS DAY DINNER SCHEDULED FOR K-BAY

Leathernecks at the K-Bay Marine Corps Air Station will enjoy an internationally-flavored cuisine in the mess halls at their Saturday dinner, Oct. 24. This is the date President Eisenhower has proclaimed as "United Nations Day."

The President has called upon Americans to engage in appropriate observances which will demonstrate their faith in the United Nations

and contribute to a better understanding of its aims, problems and achievements.

A recommendation was made by the National Chairman of the U.S. Committee for the U.N. that an international menu be served to all U.S. Armed Forces on this special day. Secretary of Defense Neil McElroy concurred with the recommendation.

In keeping with this recommendation, Capt. Oscar D. Gustafson, K-Bay food service director, announced the world ranging bill of fare to be served K-Bay Marines.

The tradition of serving an international meal on U.N. Day began Oct. 24, 1958, when Mrs. Eisenhower prepared a repast of assorted foreign dishes for a White House dinner.

This year, in addition to military messes, many luncheon groups, restaurants and countless American homes are planning international meals to mark U.N. Day.

The Leathernecks contributed to the homeless orphans in commemoration of their landing in Lebanon in July 1958. Brigadier Gen. Sidney S. Wade, who commanded Marine forces in the operation, forwarded the money, on the first anniversary of the landings.

In the letter thanking the Marines, Gen. Lehoud said:

"His Excellency the President of the Lebanese Republic asked me to inform you that we have received the sum of \$500 collected by the Marine Force in memory of their warm friendship for the Lebanese people.

"As they suggested, the sum was distributed for the welfare of orphans and homeless children without restriction of race or creed."

MALUHIA CLUB

TONIGHT

Hula lessons this evening at 6:30 p.m. Card playing follows at 7 p.m.

SATURDAY

Dance this evening to the music of The Saltones. Lovely hostesses will be on hand for your dancing pleasure. Dance time is 8 p.m.

SUNDAY

Relax in the lounge and watch television.

MONDAY

Free game night tonight with many prizes for all winners at 7:30 p.m.

SPORTING GOODS SECTION OPENS AT MARINE EXCHANGE

A new sporting goods department was opened today by the Marine Exchange in the beverage sales section, Building 245, adjacent to the Marine Exchange parking lot.

The new department will carry a limited variety of sporting goods equipment and will increase selections according to customer demand.

U.N. DAY MENU

In keeping with this recommendation, Capt. Oscar D. Gustafson, K-Bay food service director, announced the world ranging bill of fare to be served K-Bay Marines.

The tradition of serving an international meal on U.N. Day began Oct. 24, 1958, when Mrs. Eisenhower prepared a repast of assorted foreign dishes for a White House dinner.

Polio Lad Shows Corps Admiration

The proudest boy in Louisville, Ky., according to ActSSgt. Karl D. Freudenbert, chief judo instructor at the Parris Island recruit depot, is polio-stricken "Honorary Marine Staff Sergeant" Barry Barmore.

Freudenberg, at the invitation of Louisville Rotary Club, went to the city to put on a judo demonstration where Barry was guest of honor.

"Before the demonstration, I gave Barry a letter from Gen. Shoup and a photograph he had autographed. I've never admired anything so much in my life," commented the holder of Judo's black belt. "Barry refused help. Leaving his crutches behind, he inched his way toward me, and bracing himself on a table, he tried to stand at attention."

MARINE OF THE MONTH — Pfc. Edward W. Filhart receives an engraved plaque Tuesday from Lt. Col. L. H. Steman, commanding officer of VMF-232 distinguishing him as the squadron's "Marine of the Month" for August. (Photo by ActSgt. Bruce Hamper.)

OLD FRIENDS MEET — Cmdr. Akio Yuki of the Japanese Maritime Self Defense Force greets his former instructor, Lt. Col. Tom M. Fields at the JMSDF Service, Eta Jima, Japan on Oct. 1. Cmdr. Yuki was a 1956 student at Quantico's Amphibious Warfare School when Col. Fields was the tactical instructor of the junior course. Col. Fields, now a member for FMFPac, is visiting 1st Marine Aircraft Wing Headquarters, Iwakuni, Japan.

ALOHA WEEK PAGEANTRY OFFERS EVENTS FOR ALL

Cont. from Page 1

lanii Avenue and dozens of musical groups will perform, dance and sing, on stages spaced along the famed boulevard.

The Hoolaulea held from 6:30 to 11 p.m. is one of the most exciting of all Aloha Week Events. Usually it attracts up to 70,000 people to witness the pageantry, dancing and music of Pacific Nations. This year, the world-famous Scots Band from Vancouver will participate in the Opening Parade of Bands and other international events of the week.

The Hula Festival will offer the world's outstanding performers in Hawaii's native dances Tuesday evening at 8 p.m. on a revolving stage in the Waikiki Shell at Kaplalani Park.

Everyone is encouraged to wear an Aloha Week ribbon to all these events. The ribbons, incidentally, have been called the "world's greatest entertainment value." They comprise the wearer's "gesture of Aloha to Aloha Week." Their sale helps support the festival's activities.

FRA Women Plan Shipwreck Dinner

Tomorrow night the Ladies Auxiliary of the K-Bay Fleet Reserve Association will hold a spaghetti dinner and shipwreck party at the F.R.A. quonset hut across from the Station Dispensary parking lot.

Servings will start at 7 p.m. Dance music for the social event will be furnished by the De Rose Combo.

All branch and unit members are invited to attend and urged to wear their shipwreck clothes.

along with funds from the Hawaii Visitors Bureau and the State Legislature.

Ribbons went on sale at the K-Bay Marine Exchanges and Commissary last week and will be available here again today and tomorrow. Their sale is being handled by the Officers Wives Club and the Staff NCO Wives Club.

The splendor of Hawaii's Monarchy will be elegantly re-enacted at Iolani Palace on Wednesday, Oct. 21 at 8 p.m. King David Kalakaua's reign will be re-enacted in the very palace in which he ruled. Unique in presentation and performance, the pageantry provides an unforgettable glimpse at the Hawaii of years ago.

Thursday night's activities move back to the Waikiki Shell. Hawaii is famous for its different racial groups, and the harmony with which they live and work. The International Pageant at 8 p.m. will depict these cultures and their contributions through the monarchy, the Territory and up to recent historic moments as a State.

Friday evening at 6 p.m., the Shell will once again be turned over to Oahu's youngsters for Youth Night. Presenting their own prince and princess, they dramatically prove that Aloha Week is their celebration too.

Youth Night usually draws about 12,000 youngsters for a teen-age Caracade, pageantry and dancing staged by the teenagers themselves. Oahu's Aloha Week reaches its climax on Saturday, Oct. 24, with the Parade and Royal Ball.

The Royal Ball, beginning at 8 p.m. at the Queen's Surf Hotel closes out the Aloha Week festival.

ALL SMILES — Smoky the fire prevention dog visits with three of the children at Mokapu School who won prizes for their essays and posters about Fire Prevention Week. They are, left to right: Chuck Moon, Smoky, Gary Graves and Janis Menard. (Photo by ActSgt. Bruce Hamper.)

MILITARY HEADS TOWARD SEASONED CAREER FORCE

Washington (AFPS)—The Armed Forces are making substantial progress toward a "seasoned career force," the Defense Department's manpower chief reports, but still fall short of meeting goals in certain critical skills.

Charles C. Finucane, Assistant Secretary of Defense for Personnel, Manpower and Reserves, told newsmen here he credited much of this good showing to passage of last year's military pay bill and to other recent legislation.

The pay bill, amending the Career Compensation Act of 1955, was designed to modernize the military pay system and to attract and retain highly qualified personnel.

In addition, retraining programs, selective recruitment and the weeding out of ineffectuals, are helping the Services develop the experienced, professional force originally envis-

oned by the Cordiner Committee, he said.

"Our higher personnel standards have reduced the number of AWOLs by one-fourth during the past two years," Mr. Finucane said, "and we have moved 50,000 enlisted men from so-called 'soft core' jobs into the critical skill fields."

The retention of career personnel has helped greatly in the overall experience level of the services, Mr. Finucane declared. At the beginning of Fiscal Year 1957, he said, only 34 per cent of all enlisted men in the services were careerists and by the middle of FY 1959 the proportion had risen to 45 per cent.

He said that during FY 1958 more than 100,000 "low potential" personnel were separated under special early release programs. The standards of reenlistments were also generally tightened, he said, based on aptitude and performance criteria.

The Proficiency Pay Program, now being implemented over a four year period will undoubtedly have some influence on higher retention of personnel, Mr. Finucane believes. "Experience to date has necessarily been too limited to assess its full impact," he said.

The DOD's manpower expert did say, however, that a study is now being made regarding implementation of the higher enlisted pro-pay rates provided in the incentive legislation.

On officer responsibility pay, Mr. Finucane said, "The plan is under study, but there is much difference of opinion on it." It was originally recommended that O-3 and O-4 officers in important jobs are eligible for \$50 added pay monthly, O-5, \$100, and O-6, \$150.

Also on officer retention, Mr. Finucane said that resignations of junior officers had declined one-third between FY 1957-59.

Station Firemen Demonstrate Art For Mokapu Kids

Firemen from the Kaneohe Marine Corps Air Station fire department presented a fire prevention demonstration to the children of Mokapu School Oct. 9 in observance of Fire Prevention Week.

Safety talks by "Smoky the talking fire truck" and his sidekick, "Smoky the fire prevention dog," opened the program by explaining to the children the meaning of fire safety.

Following the safety talks, the children witnessed demonstrations of how to extinguish fires and how to remove injured firemen from a blaze. Both procedures were narrated in full by Chief Fire Inspector Chet Kempczenski.

Prior to the program the children were asked by their teachers to write essays and paint posters pertaining to Fire Prevention Week. After the demonstration concluded, the winners of the contest were named. Each winner received a red fire helmet and personal congratulations from Smoky.

Highlighting the festivities was a fire truck ride for all contest entries.

IT'S LATER THAN YOU THINK, XMAS NOT TOO FAR OFF

Because Christmas is fast approaching it is well to keep in mind these pointers in mailing published by the Postmaster General. These Yuletide suggestions are good to remember all year around.

a. Address mail fully and clearly. Use zone numbers and avoid confusing address abbreviations in the upper left corner on all letters and packages.

b. As an added precaution, insert a slip of paper with your return address and the addressee's address in the package in case wrapper is torn off.

c. Mark letters for hand-stamping when mailing hard objects.

d. Do not mail cash; use postal money orders or checks.

e. Make sure parcels are well packed and wrapped securely. Enclose a card with the address of the recipient and your return address.

f. Check to be sure your mail has sufficient postage.

g. Always place the stamp in the upper right corner.

h. Always place the stamp securely.

i. Insure parcels and use registered mail for valuable letters. If proof of delivery is desired, use certified mail.

J. MAIL EARLY!

k. Be sure your correspondents have your correct address and notify them of any change.

"REVELLE REVUE"

Awaken with "Reveille Revue" on radio dial 1240 from 5 to 7:30 a.m., Monday through Friday.

WITH THE U.S. SIXTH FLEET IN THE MEDITERRANEAN — Lt. Col. John F. Paul's reinforced 3rd Bn., 8th Marines, stormed ashore recently at Porto Scudo, Sardinia, in an amphibious demonstration of the Marine Corps' vertical assault doctrine. Troop-carrying helicopters from a detachment of HMR-262 landed inland and unloaded while other 3rd Bn. Marines went ashore between Cape Toulada and Cape Spartuento in LVT's and LCVP's.

MCAAS, BEAUFORT, S.C. — On Sept. 24 the last major construction here was accepted as complete. The operations building and control tower, built by Ruscon Construction Company, was turned over to Col. John G. Walsh, Jr., Air Station commander. The control tower is on the second deck of the two story building. There are 10 different departments located in the new structure.

OKINAWA — The Marine All-Stars took their third win of a three-game series on Okinawa with a 15-2 win victory over the Okinawa All-Stars Sept. 27 at the Naha High School Field. The victorious Marines made a clean sweep of their Okinawan tour beating an Inter-Servjce All-Star team twice in a row and then downing the Okinawan team in the final game of the series.

SAN DIEGO — Twenty-nine foreign officers, who are now attending courses at the U.S. Naval Amphibious Base, Coronado, visited the Marine Corps Recruit Depot here Oct. 2. The 29 officers were representatives of Nationalist China, Japan, West Germany, Greece, Italy, Korea, Netherlands, Norway, Philippine Islands, Spain, and the United Kingdom.

CHERRY POINT, N.C. — Next to water, oxygen, and pay call, perhaps the most important thing at Cherry Point is fuel. Some four and one-half million gallons of aviation fuel, diesel fuel and heating fuel are found in 55 storage tanks aboard the Station. Fuel is used here at the rate of 200,000 gallons per day — the largest quantity consumed being aviation fuel which is burned up at the rate of 150,000 gallons per day.

BARSTOW, CALIF. — United Fund Golf Day on Oct. 24 is taking on all the dimensions of one of the most memorable events in the history of the Marine Corps Supply Center. Golf Day is open to both military and civilians of he area. Barstow merchants are cooperating splendidly with the project to aid the Center's contribution to the United Fund.

Enlisted Club

TONIGHT

Happy Hour from 6 until 7:30 p.m., time to meet and greet your buddies. Hal Martin entertains in the Sergeants and Couples Club from 7 to 10 p.m.

SATURDAY

Twinkling keynotes of Hal Martin and his piano in the Sergeants and Couples Club for your enjoyment.

SUNDAY

Your day to relax and enjoy yourself. Stop by with a friend and keep cool in the pleasant atmosphere of your club.

MONDAY

Movie feature at 7 p.m., "Code Two" with R. Meeker. Invite your favorite Staff NCO in tonight from 5 to 7 p.m. at Happy Hour prices.

TUESDAY

The schedule is open, so here's a good opportunity to plan a little party of your own.

WEDNESDAY

Alan Ladd heads the cast of the movie "Drum Beat" beginning at 7 p.m.

THURSDAY

An open day, but no reason to remain away.

PTA Names Speaker For Thursday Meet

Mr. David Coon of Iolani School in Honolulu will be the guest speaker at the October meeting of the Mokapu Elementary School PTA next Thursday, Oct. 22. The meeting will begin promptly at 7:30 p.m. in the school auditorium.

A short intermission will be held at the end of the program prior to the business meeting.
