## 'Crisis' on Page 3

The current world's "hot spot" of Laos, Vietnam and Thailand receive a full page of space in this week's paper. Many people, when questioned in "man on the street" type interviews, reply to a "where's Thailand?" question by a mere shrug of the shoulder or a quiet "I don't know." Page 3 offers a comprehensive run-down of the area and actions making news today.

## Pay Study Group Shelves 'Lump Sum' Idea; Retirement Kick-in Possible

The Navy Times reports that the Military Pay Study Group has abandoned the idea of recommending a lump sum basic pay which would combine fringe benefits, allowances and military pay into a single package.

The study of this so-called "gross pay concept" was one of the key tasks of the group led by Assistant Secretary of Defense Carlisle P. Runge.

But the idea of contributory retirement pay is still under study. A spokesman told Navy Times that the group has looked into a list of about 20 benefits which could be lumped into a single check with base pay and found that the "idea did not have much merit."

The death warrant for the gross pay concept is not official yet, but the members of the pay panel have agreed that there would be no purpose in studying it any more.

The Cordiner Committee, which made a military compensation survey leading to the Military Pay Act of 1958, also studied the gross pay concept and reached the same conclusion.

Among the benefits which were studied as possible parts of the lump sum pay package were retired pay, separation payments, commissaries and exchanges, mortgage insurance, death gratuities, quarters pay, social security and government contributions toward education at civilian institutions.

Snags in formulating a workable system for a lump sum payment became evident early, according to a group spokesman. He said one of the questions faced was, "How can you charge a man for living in a tent?"

Another proposal which is still alive in the panel is the possibility of putting such benefits as retire-

## 20 Percent of Riflemen Will Go to 'Short' Fields

HQMC has instructed division commanders to retrain at least 20 percent of their E-4-and-below riflemen into other occupational fields as soon as the infantrymen have finished a 24-to-30-month "stabilization tour" with the Fleet Marine Forces.

The minimum retraining quota is set in MCO 1220.1B, which also contains a new list of MOSs in which there are shortages and overages.

According to Washington, the entire 03 infantry occupational field is over-strength and the the Corps is also hurting for men in some other OFs. This situation makes the 20 percent retraining quota "mandatory," the order says.

To keep a closer check on which MOSs are over or under

populated, Headquarters intends to issue revisions to the list of short and over MOSs every six months from now on, instead of the annual listing previously published.

This will help division commanders make the required retraining assignments to the fields where men are most needed.

The new list of short and over MOSs shows a number of changes from last year's table. There are only three MOSs on the "short" list this year which were also on the 1961 list — 3111 and 5711 for pay grades E-1 - E-4, and 0441 for pay grades E-5 and above.

On the so-called "balanced" OF list, there are several repeaters in both the over and short categories, but there also are several new additions.

Overall, on the balanced OF list, 67 short and 24 over MOSs are named this year, compared to 58 short and 22 over designations in 1961.

In three of the MOSs listed as being over strength on this year's list, the Corps has no need at this time for men with this skill and the directive says they should be retrained into some other related field.

The MOSs are 0721, 0741 and 0761, all in the anti-aircraft artillery field.

The directive also points out that retraining of Marines into the short MOSs increased their promotion chances. Commanding officers are asked to use the shortage list in deciding what basic MOSs to assign recruits who have taken the new aptitude-area examinations.

The lists which follow this article are divided into two sections. One group concerns those occupational fields which, overall, are manned considerably below the numbers which the Corps knows it is going to need and which also have overages and shortages in some of the MOSs.

The other group, or "balanced" list, concerns those OFs which are substantially in balance overall, but which may have had distribution between some of the MOSs.

Here are the lists:

SHORT FIELDS				
OF	Grades E-5/E-9		Grades E-1/E-4	
	Over	Short	Over	Short
04		0441		
13	1341	1371	1316	
		1391	1341	
			1345	
			1371

**TROOPS ON THE MOVE** — Newsmap shows the military situation in Southeast Asia after President Kennedy ordered U.S. troops to land in Thailand at the request of the Thai government. Marines with the Navy's Seventh Fleet in the area were ready to move when the President ordered approximately 1800 to land at Bangkok. This force, beefed up by some 1000 Army personnel already in Thailand, will protect the nation from the threat of Communist forces advancing in Laos. Another 1200 Army troops and about 1000 tactical air and support personnel will arrive later. This is the first time U.S. troops have been ordered ashore in such a maneuver since the Lebanon landings in 1958. Shaded areas on the map are Communist-held.

### Red Threat In Laos Spurs Thailand Aid

More than a year has passed since President Kennedy, in a special statement, told Americans that "Laos is far from America but the world is small... Its own safety runs with the safety of us all."

When the President and Soviet Premier Khrushchev met at Vienna in June of last year they agreed that "a neutral and independent Laos" should serve as a buffer zone between the Communist and Western power blocks in Southeast Asia.

The agreement formed the basis for subsequent negotiations at Geneva to plan a coalition government from three groups — the forces of Prince Boun Ium, the Pathet Lao and the neutralist group headed by Prince Souvanna Phouma.

However, relations between the three factions have grown increasingly precarious since a cease-fire was agreed upon in May 1961. Now the rightist forces have been swept back by the Communist advance.

Laos, which gained independence from France in 1949, is a mountainous kingdom whose people, between two and three million, are of the Buddhist faith. Its great strategic importance in the Southeast Asia picture lies in its location.

The country shares borders with Communist China and Communist North Vietnam, also with South Vietnam, Burma, Thailand and Cambodia. Its seizure by the Communists would constitute a threat to the entire Southeast Asian area.

## Defense Dept. Releases List Of Units Sent to Thailand

The Marine landing team landed in Thailand was transported in a task group consisting of the amphibious assault carrier Valley Forge, the assault transport Navarro, and the landing ship dock Point Defiance.

The group was escorted by two destroyer escorts, the Brannon and the Vammen. Task group commander was the Commanding Officer of the Valley Forge, Capt. Henry S. Jackson.

The Marine unit is the Third Battalion of the Ninth Marine Regiment, a part of the 3rd Marine Division. It is commanded by LtCol.

The Valley Forge carries Marine Helicopter Squadron 261, commanded by LtCol. Fred A. Steele.

The Marine Attack Squadron is VMA 332, commanded by LtCol. Harvey M. Patton. This squadron, with A4D Skyhawk aircraft, was deployed from the Philippines. It is a unit of the 1stMAW.

The Pacific Air Force fighter squadron moving into Thailand is the 510th Tactical Fighter Squadron, from Clark AB, Philippines. It is flying F-100 aircraft.

Elements of the 15th Tactical Reconnaissance Squadron (RF-101) from Okinawa and the 45th Tactical Reconnaissance Squadron, also flying RF-101s from Japan are also moving to Thailand.

Support aircraft, C-130 and C-124 transports, are from the 315th Air Division, and KB-50 Refueling Squadron, both based

tankers are from the 421st Aerial in Japan.

Communications and Air Rescue Service detachments will also support the air units.

This mobile strike force is commanded by BrigGen. Steven D. McElroy, Deputy Commander, Thirteenth Air Force.

The Army force now in Thailand consists of the 1st Battle Group, 27th Infantry of the 25th Infantry Division based in Hawaii.

It is commanded by Col. William A. McKean.

It was announced in Washington that reinforcements for this battle group will come from the parent division based at Schofield Barracks.

# President Orders 5000 Men to Assist Thailand

President Kennedy has ordered additional U.S. military forces to Thailand in view of the Communist Pathet Lao invasions in neighboring Laos.

This action follows joint consultation between the United States and Royal Thai governments on the deteriorating situation in southeast Asia, which resulted in the Thai government inviting U.S. forces onto its home soil.

An estimated 5000 Army, Navy, Air Force and Marine Corps men were expected to comprise the command which will be headed by Army General Paul D. Harkins, who will report directly to the Commander in Chief, Pacific, Adm. H. D. Felt.

Prior to being named as head of the new command, Gen. Harkins was Commander of the United States Military Assistance Command, Vietnam, a position he continues to hold.

The Defense Department stated that establishment of the Thailand Command in no way alters the present command organization and mission in Vietnam.

## Foreign Invasions Are an Old Story In Laos History

Somewhat larger than the state of Idaho, Laos presently represents the chief trouble spot of southeast Asia.

Trouble, however, isn't anything new to the Laotians, Laos has been invaded by practically everyone including Tibetans, Mongols, Japanese, Annamites, Indians, Chinese, French, Khmers and now Communists. The Laotians have in time always gotten rid of their invaders.

The Laotian villages consist of thatched cottages on stilts in palm and banana groves.

The country's 89,000 square miles are inhabited by 2 million people, predominantly of the Buddhist religion.

The town of Vientiane serves as the capital.

The principal race is the Thai. The main crop is rice. Before Communist trouble began, life in Laos was slow and sleepy. The working day was short and the siesta was long.

Laos in ancient time was called Lang Xang, "land of a million elephants." Now it may be more aptly called "land of a million Communists."

**Armed Forces Press Service**

Combat elements of the force will be commanded by Lt. Gen. James L. Richardson Jr., Deputy Commander in Chief, U.S. Army, Pacific.

Maj. Gen. Donald M. Weller, USMC, Deputy Commander Fleet Marine Force Pacific, has been ordered from Hawaii to serve as Chief of Staff to Gen. Richardson.

BrigGen. Orman Simpson, assistant division commander, 3rd MarDiv., flew to Thailand Monday to assume command of Marine elements.

It is reported that another 1200 Army troops will land followed by tactical Air Force and logistical support units expected to total about 1000 men.

Thai troops and the 1000 man U.S. Army battle unit have moved up to Thailand's northern border with Laos.

President Kennedy in his statement said: "The dispatch of United States forces to Thailand was considered desirable because of recent attacks in Laos by Communist forces, and the subsequent movement of Communist military units toward a border of Thailand."

Pro-Communist Pathet Lao Forces have invaded northern Laos, breaking the unsteady ceasefire agreement, and have reached Thailand's border.

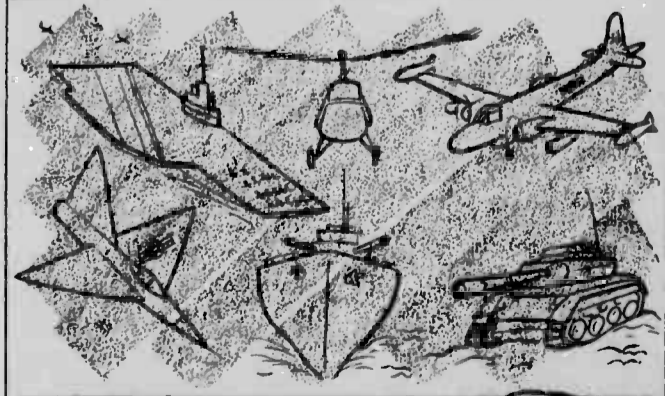

Citing the United Nations Charter, the President said, "I emphasize that this is a defensive act on the part of the United States and wholly consistent with the United Nations Charter which specifically recognizes that nations have an inherent right to take collective measures, for self defense."

"In the spirit of the charter, I have directed that the Secretary General of the United Nations be informed of the actions that we are taking," said Mr. Kennedy.

The President then added, "There is no change in our policy toward Laos, which continues to be the re-establishment of an effective cease-fire and prompt negotiations for a government of national unity."

This is the first time since the 1958 landings in Lebanon that U.S. troops have been ordered ashore in this type of maneuver.

Units of the Navy's Seventh Fleet had been carrying the Marine landing forces.

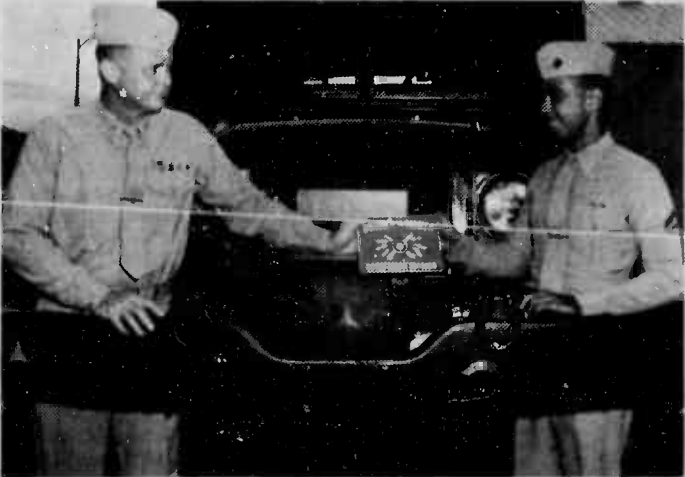

"I HAVE TODAY ORDERED ADDITIONAL ELEMENTS OF THE UNITED STATES MILITARY FORCES BOTH GROUND AND AIR TO PROCEED TO THAILAND AND TO REMAIN THERE UNTIL FURTHER ORDERS. THESE FORCES ARE TO HELP INSURE THE TERRITORIAL INTEGRITY OF THIS PEACEFUL COUNTRY."

Two wins, one defeat and one game rained out during the past week puts the Hawaii Marines Baseball team two games behind SubPac and in second place in the Hawaiian Interservice Baseball League.

The second place Leathernecks meet the league leading SubPac Raiders at the Sub Base's Millican Field tonight at 7:30 p.m. Fifty cents admission will be charged at the game tonight, with all proceeds going to the Navy Relief.

Jerry Henry hit two-for-five, including a two-run homer in the second inning.

Butch Bacon punched out two doubles and a run batted in. Ba-

con leads the league in batting with a .420 average. He has hit 21 times in 50 trips to the plate.

Both teams made six hits in Tuesday night's game but Pearl Harbor's errors and less spirited field play made the difference.

R. C. Miller was the winning pitcher for the Marines, striking out 11 Pearl Harbor hitters.

NEWLY APPOINTED GOLF PRO—Mike Dietz, a Class "A" member of the PGA and new golf pro at the Kaneohe Klipper Marine Golf Course, shows LtCol. W. L. Traynor, Station Special Services Officer, the new set of woods he bought shortly before coming to Hawaii to take charge of the Klipper course.

## Mike Dietz, Long-Time Pro, Takes Over Klipper Links

Mike Dietz, Class "A" member of Professional Golf Association since 1944, became head of the Kaneohe Klipper Marine Golf Course May 15.

Dietz, a hard-hitting professional golfer on the eastern mainland circuit since 1944, arrived aboard the Air Station last week

from the DeLand Golf and Country Club, DeLand, Fla., where he had been head pro since 1960.

During his amateur circuit in 1940, he was runner-up in the National Public Links Golf Tournament.

The following year he won the Detroit District Championship.

A touring professional for 15 years, Dietz was a consistent money winner on the PGA circuit until 1960.

Shortly after becoming a member of the PGA, he taught golf to the members of the Maple Lane Country Club in Detroit.

From 1946 to 1949, he taught golf at the Country Club of Detroit in Grosse Point, Mich., when not touring the golf circuit.

He later became head pro at the Lake Pointe Country Club in St. Claire Shores, and head pro at the Lake Orion Indianwood Country Club, Mich.

In 1952, he won the Michigan Open and has twice been low qualifier for National Open and National PGA from Michigan. This year he was low qualifier for the National Open from Fla.

He is married to the former Helen Duryea of Honolulu.

BOWLING SHIRTS—K-Bay's Junior Bowlers are presented bowling shirts by Mr. William J. Kunz, manager Bendix Range Systems Dept., contractors on the Pacific Missile Range. Accepting the shirts for the 48 member league is president Bob Brobst. Looking on (l to r) Linda Briggs, Charlene Long and Gail Jackson.

## Juggler Breaks Old Family Tradition By Forsaking Big Top for the Corps

"I ended 10 generations of show business tradition," said Phillip O'Donnell, whose fairy tale career started in 1945 and ended 12 years later when he joined the Marine Corps, has traveled around the globe performing in some of the most glamorous show places in the world.

He and his brother James and sisters Katherine and Winifred, the renowned "Colleanos," have received top billing with Ringling Bros. Barnum & Bailey circus and on the Sealtest Big Top from Philadelphia.

They have also appeared on both the Ed Sullivan and Tommy Dorsey shows and with such celebrities as Betty Hutton, James Cagney, and Marilyn Monroe.

The four children with their mother, an acrobat, made up the circus team "Colleanos".

James was acclaimed the world's greatest juggler by the International Jugglers convention in 1953 and 1954.

Phillip joined the Marine Corps in 1957, continuing a military tradition. His father, James O'Donnell, received a leg wound in France during World War I and while on board the carrier HORN-ET was shot twice by a Kamikaze plane.

Phillip's brother, Michael, was killed at the Chosin Reservoir, Korea.

Phillip is assigned to Engineers-Supply, HQ Bn, MCS, Quantico. He plans to make the Marine Corps his career.

L'L LEAGUE — Riding high and leading the minor league of K-Bay's little league are the Skyraiders. They meet the Falcons for the third time tomorrow afternoon in the second half of a double-header. Skyraider players are: (front row, l to r) Steven Bishop, Thomas Perez, Philip Moyers, Jim Miller (bat boy), Carl Davis, Bruce Bishop and John Valenzuela; (second row) Roger Narcross, William Huff, Joseph Pelletier, Robert Oldham and Robert Hitz; (back row) SSgt. Ray Miller (manager), Wayne Phillips, Robert Didion, Charles Priestly, Ray Miller and Sgt. John Clopton.

## Three K-Bayites Sweep Honolulu Skeet Shoot

Capt. Andrew Comber, HQ Co., 4th Marines, fired "over his head" both literally and figuratively to win first place in "B" Class at the Honolulu Skeet Club matches last Sunday.

Class "B" skeet shooters are those with a 93-94.99 percent average at skeet. Capt. Comber broke 95 out of 100 of the clay pigeons last Sunday.

Also shooting "over their heads" were K-Bay skeet shooters, GySgt. J. Hubbard, Brigade Schools, and Sgt. D. Caron, H&S 3/4.

Hubbard, shooting in Class "C" (for shooters averaging below 92.99%) smashed 94 out of 100 targets.

Caron, in Class "E" (for shooters averaging under 86%), went far "over his head" to hit 95/100.

The Honolulu Skeet Club held the open meet under the auspices of the National Skeet Shooting Association.

The range is located just outside the Main Gate at KMCAS.

Also competing was GySgt. R. Fuqua, MCAS.

## Planning Begun For Warner F-Ball

With baseball in full swing, it may seem strange to start thinking about football but that is what some K-Bayites are doing.

Preliminary planning for the Hawaiian Military Pop Warner Football Association is underway.

Kaneohe Bay fielded a team in the midget league last year. Pre-season planning and practice was a contributing factor to the team's showing in the Pop Warner league.

Hoping to field a midget league and a bantam league team this year, SSgt. Charles F. Scafidì has issued a call for a show of interest and assistance.

SSgt. Scafidì is the K-Bay representative to the Pop Warner Association.

The midget league is for boys who are not less than 10 years of age nor more than 13 years of age as of Dec. 31, 1962. The weight limits for the midgets is 80-110 pounds.

For the bantam league, boys must be 12 years old on or before Sept. 1, 1962, but not more than 15 years old on Dec. 31, 1962. Weight limit for this league is 95-140 pounds.

The season will start with practice sessions in late August or early September. The first games are tentatively scheduled for late September.

Boys interested in playing and coaching are invited to call SSgt. Charles F. Scafidì, ext. 73-631, as soon as possible.

## TONIGHT

**T#1 — 3:10 to Yuma —** Partners, we're a headin' out to Yuma, Arizona for this western tale. It's about a rancher who captures a cold-blooded killer. Although in need of money, the rancher refuses the killer's bribe to let him go. They start the journey, but trouble awaits the rancher from the prisoner's gang. A good Western that stars Glen Ford, Van Heflin, Leora Dana, Henry Jones and Richard Joeckel.

this'll be another short review. Sounds Western and should be a good family flick starring Dorothy Malone.

**T#2 — The World of Suzie Wong.**

## WEDNESDAY

**Matinee — The Boy Who Stole a Million —** An exciting and suspenseful comedy-drama filmed in the colorful city of Valencia, Spain. Twelve-year-old Maurice Reyna, son of Virgilio Texera, a widower, is an errand boy in a bank. When Virgilio's taxi breaks down and he gets it repaired, he has no money to pay for it. So little Maurice tries to help his father and sort of borrows a bundle of cash from the bank. But before he gets the money to his father, the alarm is out about the robbery. It's a mad chase through town after the boy, not only by the police, but by thugs who have heard of the stolen money. The father learns about his son's predicament and sets out to find him. The action is fast and furious with lots of laughs and human interest. Very good family flick. Insert T No. 1 away all boats.

**T#1 — Away All Boats —** This drama is of World War II days during task force movements, beachhead assaults and enemy air attacks in the Pacific. The story revolves around the transport ship USS Belinda, her Captain, crew and missions. The movie recaptures the spirit of U.S. Navy ships which sailed to victory in the Pacific. An excellent film starring Jeff Chandler.

**T#2 — At Gunpoint.**

## THURSDAY

**T#1—Guns of Fort Petticoat —**

All we can say on this one, it's quite a name for a Fort. Seems we're still out west and lost for any plot to this tale. It's rated very good for the family and stars Kathryn Grant.

**T#2 — Away All Boats.**

# 'Carnival of Fun' Production Raises Curtain Here Monday

The "Carnival of Fun" USO show comes to Hawaii and will be presented at Theater #1 next Monday, May 28, at 8 p.m.

Paul Benson headlines the revue which has been on an extensive tour of military installations in the Pacific.

Billed as the "Laff Auctioneer," Benson, assisted by his wife, puts a touch of "People

are Funny" and "Truth or Consequences" in their skit that develops into an audience participation act, which has been described by Bob Hope as one of the funniest pieces of show business today.

Adding more comedy to the show is Dick Kerr, a comic singer, who specializes in homey philosophy and develops a monologue about the eccentricities of home life in a small town.

The "Carnival of Fun" also includes Sandra Lee Nankin and Linda Davis. Miss Nankin, who comes to the show from the campus of the University of California, is a veteran singer of blues and ballads. She's appeared in 16 musicals staged in summer stock and has been a featured singer at the New Frontier Hotel's Venus Room, in Vegas. This is her second USO engagement.

Miss Davis, an acrobatic dancer, makes her third tour for the USO. She's been a professional dancer for three years and her appearance in the European tour early last year made her return to the GI circuit a must.

CARNIVAL CHANTEUSE — A veteran of blues and ballads, lovely songstress Sandra Lee Nankin makes her second USO appearance in the "Carnival of Fun" stagershow Monday at 8 p.m., Theater No. 1.

# Staff Wives

By Stephanie Greene

Talent, talent, talent! Lots of it was evident at our last Staff Wives social as our members exhibited their arts and crafts.

Interesting displays and showings of figurines, purses manufactured from popsicle sticks, jewelry made from cracked marbles, odds-and-ends sprayed with paint and glued to cardboard to form a picture, embroidery, seed jewelry, koa lei making, shell pictures, hook rugs, and many others made it an interesting evening.

# Service Audiences Select 'Ben-Hur' As Best for '61

What movie topped all others as the favorite of Armed Forces audiences in 1961?

It was — predictably — that mammoth blockbuster, "Ben-Hur," according to statistics released by the Army and Air Force Motion Picture Service. Others in the "top 10" for 1961 were:

"The Guns of Navarone," "Come September," "The Alamo," "The Absent-Minded Professor," "The Magnificent Seven," "The Commandos," "Oceans 11," "Where the Boys Are" and "Bachelor in Paradise." (AFPS)
