## 3711 K-Bayites Assisted in 1963

# Red Cross Needs Help in All-Out Drive

K-Bay's annual Red Cross drive was launched yesterday with the first contributions made by BrigGen. M. E. Carl, Brigade CG, and Col. P. T. Johnston, Station CO.

The drive began with a meeting at Theatre #1 in which Cliff Hadley, K-Bay Field Director, explained the services and activities conducted by the Red Cross. He also outlined plans for the fund drive for all K-Bay units.

Gen. Carl and Col. Johnston

expressed their desires for an all-out strong campaign to attain 100 percent participation by all units.

1stLt. Herbert MacDonald, Brigade Special Services, has been appointed Brigade campaign chairman. Maj. C. B.

"The American Red Cross looks to our welfare and helps those who need help the year around, but it asks help from each of us normally only once a year.

"And this is the time we should turn to with real support for this fine organization."

These are the words of BrigGen. M. E. Carl, Brigade CG, directed to all Brigade Marines and their dependents.

"Now is the opportunity to demonstrate our appreciation for the work done by the Red Cross in our behalf," the General said. "I enjoin all hands to give what they feel they can toward a goal of 100 percent participation."

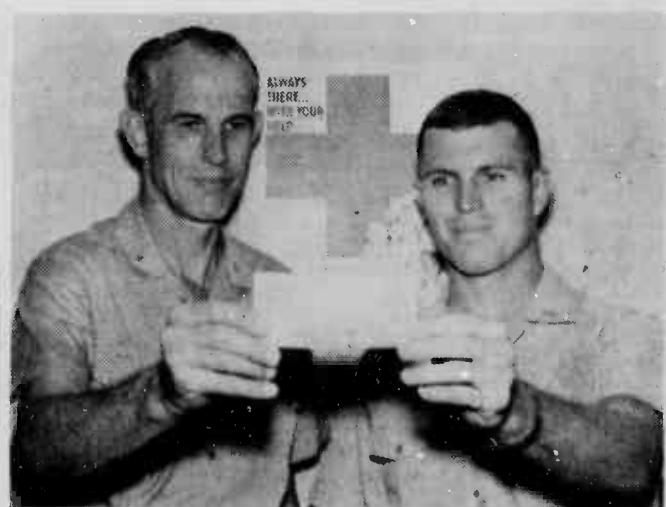

Gartrell, Station Personnel Officer, was named MCAS campaign chairman. Capt. P. J. Fennell is 1st Radio campaign chairman.

Mr. Hadley informed the

group that 3711 K-Bay Marines and their dependents were assisted by his office in 1963. Assistance included counseling, communications, emergency leave verification and financial help at a figure of \$48,708.14.

Additionally, the Red Cross provided swimming instructions to 605 Marines and their dependents at the EM Pool.

Mr. Hadley reminds all civilian workers at KMCAS that they, too, are entitled to all Red Cross services.

**ONE-STAR CONTRIBUTION** — BrigGen. M. E. Carl, Brigade CG (I), makes his contribution to the Brigade's annual Red Cross fund campaign with a check to 1stLt. H. S. MacDonald Brigade Campaign Chairman.

weeks of intensive flight and weapons training on instrumented targets and over terrain not available in Hawaii.

On Apr. 20, a month after their departure from K-Bay, VMA-214 pilots are slated to commence Operation "Turn Table," a return trans-Pac flight to MCAS, Kaneohe Bay.

The famed "Blacksheep" squadron, formed during WW II and now commanded by LtCol. O. "E" Howe Jr., is the only land-based squadron of its kind in Hawaii.

Some 32 officers and 200 enlisted Marines will participate in "Change Train" and "Turn Table." Forty-seven Blacksheep members, mostly aircraft maintenance technicians, flew to California Mar. 1 to accept and ready the new A4C aircraft.

The squadron will make the over-water flight in divisions of four aircraft each. The first division, led by Col. Howe, is scheduled for take-off at 6 a.m. next Friday. Three divisions will make the flight the first day at 45-minute intervals.

The remaining eight planes will fly in two increments the next day. In case of hazardous weather along the route, the schedule will be postponed for 24 hours.

In-flight refueling — twice enroute — will be accomplished by C-130 "Hercules" aircraft from VMGR-352 based at El Toro.

The refuelers will rendezvous with Blacksheep pilots (See "Trans-Pac," page 3)

## U of H Entrance Exams March 21 at Bilger Hall

University of Hawaii will administer an entrance examination Mar. 21 at 1 p.m. in Room #152 of Bilger Hall. The fee is \$2.

This exam will be the only one given during this period. The next one will be in May or June.

The liberty bus that departs the Station at 11:30 a.m. will make a stop at the University on this day only.

# Helen Klaben's, 'Hey I'm Alive,' Is K-Bay's Book-of-the-Month; Other Selections Told

By Maccine Titus  
Chief Librarian

Helen Klaben's harrowing experience for 49 days in the Yukon wilderness after a plane crash is K-Bay Library's book-of-the-month, "Hey I'm Alive!"

This is a true story of Helen Klaben, a 21-year-old Brooklyn girl, who hitched a plane ride from Alaska for San Francisco from a 43-year-old pilot, Ralph Flores in January 1963.

During a howling storm their plane crashed on a mountain-top in the Canadian woods knocking them unconscious and seriously injuring them.

Miss Klaben and her pilot were marooned for 49 days before their daring rescue. For Helen and Ralph, the price of survival was high. Frost-bite and gangrene were inevitable for her and Ralph suffered a broken jaw and several broken ribs.

"Hey I'm Alive!" is a moving and triumphant experience

## Children's School Records Available

K-Bayites departing the Station during Easter Vacation are asked to pick up their children's school records prior to next Friday.

According to Mokapu Elementary School Principal Jack Landwehrkamp, it takes school officials about a day to gather a child's record. "We are asking the parents to give us at least a day notification prior to picking up the records," he said.

K-Bay children will have a nine-day Easter vacation beginning Mar. 21. The school will remain closed until Mar. 30.

## Safety Everyone's Business

# K-Bay Safety Officials Offer Ways to Reduce Accidents

Station and Brigade safety officials, in conjunction with the 14th Naval District, offer a word for the wise, including all K-Bayites.

They give five sure ways to reduce the possibility of an accident.

● Drive a mechanically safe automobile. Be sure your automobile is in safe operating condition before starting out.

● Drive defensively. Remember, safety is a state of mind. Always anticipate the worst. Be alert as to what the other driver is going to do.

● Drive courteously. Remember, that good manners on the road can do much to reduce accidents.

● Drive skillfully. When you get behind the steering wheel, drive as though your life depended on it, because it does.

● Exercise self-control. Your driving reaction stems from the switchboard of your mind. If it is clogged by emo-

tional disturbances and dulled by fatigue or drink, you are definitely heading for an accident.

Safety officials also urge everyone to make safety his business. When you think accidents always happen to the other guy, keep in mind to him you are the other guy.

## Armed Forces Strength Increases DOD Reports

The combined strength was 2,684,712.

Largest is the Army with more than 962,000. Second is the Air Force with over 868,000, followed by Navy with 664,000 and the Marine Corps with 190,000. (AFPS)

# God Gives Us Strength to Complete Far More Than We Think Possible

By Chaplain J. H. Lampe

There is an interesting story about an old woodsman. He was sawing an enormous pile of logs, when someone asked him if it didn't discourage him to know that he had so much wood yet to cut. He replied that when he got to feeling low, he simply moved to the other side.

"From this spot, I have my back on the 'to do' pile and my eyes on the 'is done' pile. Pretty soon my courage and strength come back strong and the 'is done' pile gets bigger and I forget about the 'to do' pile."

This makes good sense. Our fears mount as we look at the pile of work ahead of us to be done; and it is good to take a good look at what we have been able to accomplish and to realize that God has given us strength to accomplish far more than we actually thought we could.

It also reminds us that we ought to take each day's tasks as they come and not be 'swamped' at the thought of what the days, weeks, or months ahead are going to require of us.

Kids Can Play While Shoppers Pay — Station Commissary this week added another convenience for shoppers. Tuesday was the opening of a Child Care Facility.

Capt. E. F. Votaw, Commissary Officer, says the facility will be open Tuesday through Friday from 8:30 a.m. to 6 p.m.

The facility is located adjacent to the store exit and has many toys to keep the kids occupied while mom and/or dad shops. The facility will be operated by two lady attendants supported entirely by donations from users.

Give Cheerfully — On behalf of the chaplains at K-Bay, I would like to ask that each man support the efforts of the Red Cross in their fund campaign. We are in a position to know the great good that Red Cross has done on this Station.

Let's show them how much we appreciate their presence and their assistance to the men, and their families aboard this Station.

No Retired Pay Boost This Year — DOD has announced there will be no increase in pay for retired members of the Armed Forces in 1964.

This decision coincided with the report that the increase in the Consumer Price Index for 1963 over calendar year 1962 was 1.2 percent, which is less than half the increase required for retired pay adjustment.

The Uniformed Services Military Pay Act of 1963 provides for an automatic increase in military retired pay if the Consumer Price Index reflects an increase of 3 percent or more. (AFPS)

Master Masons Muster — Members of the K-Bay Chapter 472, National Sojourners, met last night at the O-Club. The chapter is planning a Ladies Nite Apr. 9.

There's room for more members. It's open to officers and former officers who are Master Masons. The group meets the second Thursday evening of each month.

More info is available from LtCol. T. A. White, AirOpsO, at 73149.

Bankers' Hours Reach to a Saturday — The K-Bay branch of BankoH has some odd hours coming up. Manager Bob Bosworth reports them as follows:

Thursday and Friday, Mar. 26 and 27 — closed. (Prince Kuhio Day and Good Friday).

Saturday, Mar. 28 — Open 9:30 a.m. to noon.

The Eagle Sounds Off — Monday is payday aboard K-Bay. Don't forget yours.

## Brigade Units Set for 'West Wind' April 9

Air and ground elements of the First Marine Brigade next month will participate in a Brigade-size joint services amphibious landing exercise dubbed "West Wind."

Some 6000 troops of the 1st and 3d Brigades and support command of the Army's Hawaii-based 25th Infantry Division and four squadrons of MAG-13 and a 1stLdgSpt platoon, ServBn., will participate.

The Brigade's air arm will provide 100 percent support by HMM-161 in carrying Army troops ashore, while day and night close air support will be provided by VMF-212 and VMF-232. Air control operations will be carried out by MACS-2.

The exercise, slated to begin Apr. 9 on the Island of Moloai, will involve 13 San Diego and Pearl Harbor-based ships.

Approximately 4000 men will begin landing by helicopter and Navy assault craft at Popohaku Beach, on "D" Day, Apr. 15. This force will be opposed by 2000 Army aggressors.

The exercise will continue ashore as a counterinsurgency and anti-guerrilla operation through Apr. 19. It will conclude Apr. 24.

**NO MORE ROOM** — MSgt. Jim Hackett, Chief of the Field Maintenance Automotive Shop, tries as best he can — unsuccessfully — to find a place for another luxury "package" on the already overburdened shoulders of LCpl. W. O. Bailey who posed for the demonstration. MSgt. Hackett gives monthly lectures to Field Maintenance Marines of the pitfalls of budget buying. The packboard, brainchild of Field Maintenance Officer Capt. G. V. Tucker, hangs in the shop as a constant reminder for his Marines not to become overburdened or overtaxed financially.

### Gunnys Must Submit Preferences

## SNCO Promotion Board Meets in April

All gunnery sergeants with two years in grade on or before last Dec. 31 are eligible to be considered for promotion by a board scheduled to convene at HQMC Apr. 6.

The board will also consider first sergeants and master sergeants for promotion to sergeant major and master gunnery sergeant.

Gunnery sergeants who desire consideration by the

board must submit their preference for promotion to either first or master sergeant. Those desiring consideration for promotion to both first sergeant and master sergeant must indicate the order of their preference.

Commanding officers will make a positive recommendation in all cases.

Also announced were the eligibility zones for promotion to sergeant major and master gunnery sergeant.

The zone for promotion to sergeant major ends with 1st Sgt. R. V. Owen, number 607, and eligibility for master gunnery sergeant ends with MSgt. E. R. Kashey, 978, on the February 1963 lineal list.

## Annual Quarters Inspection At K-Bay Kicks Off Monday

Monday kicks off K-Bay's Annual Quarters Fire Inspection of all homes and units aboard the Air Station.

The concentrated effort will be held through next Friday with continued inspections until the job is complete. Discrepancies will be noted, residents advised, and short-comings rechecked again.

According to District Fire Inspector Wally Froiseth, K-Bay checkers will be on the lookout for anything, anywhere, that could or might start a fire.

He also pointed out that several things will receive their "special" attention. Some of them will be smok-

ing habits, containers for flammable liquids, stoves and ovens, electrical wiring, trash accumulation and outdoor extension cords used for yard lights.

Fire prevention officials have "a word to the wise" for K-Bay housekeepers with large ironings.

Never leave a hot iron unattended. Don't be satisfied with just turning the switch "off," unplug it. Many fires have been caused by faulty thermostats.

And a clincher for a "fire safe" ironing would be to put the hot iron in your kitchen sink until it cools off. It'll be out of your children's reach and it'll be virtually impossible for a fire to get started.

The District Fire Inspector advises that all hands at K-Bay should have the latest Quarter's Fire Bill. This is the little red card placed near your telephone.

"Learn the numbers on it, 117 or 771, and use them in a hurry if you have to," says Mr. Froiseth.

### 6 a.m. Mass Through Thursday

## Marist Father Will Conduct Lenten Spiritual Exercises

Father Leo Ward, pastor of St. Michael's at KMCAS, has scheduled a Lenten Mission to start Sunday and end Thursday at the Station Catholic Chapel.

The Lenten Mission commences at 7 p.m. with prayers, Benediction of the Blessed Sacrament preceded by a sermon. Confessions will be heard after the service.

On Monday through Thursday the schedule will be:

Mission Mass (short doctrin-

al talk) confessions at 6 a.m., 11:30 a.m. and 4:30 p.m.

Lenten Mission Services consisting of prayers, sermon, benediction of the Blessed Sacrament and confessions at 7 p.m.

All K-Bayites are urged to attend. Father Ward requests that if anyone asks "Where is the Chapel?" show them by accompanying them to the Mission.

"As far as I can determine this will be the first time for such an event aboard KMCAS," Father Ward said.

Missions are traditionally held in parishes throughout the Mainland during the Lenten period preceding the feast of the Resurrection, Easter Sunday.

### Eleven Representing K-Bay

## Boxers Fight Final Bouts Over Weekend; Take Off for All-Marine Contest Tuesday

Shaping up for the last time on Oahu prior to leaving for the All-Marine Fights at Camp Pendleton, the Hawaii Marine Boxing Team appeared in two smokings over the weekend.

Friday evening they were "locked up" at the Hawaii State Prison and Monday they appeared in the weekly OABA smoker at the Civic Auditorium.

Scheduled to leave for Pendleton and the All-Marine Fights next week, the local pugilists won three, drew two and lost four in weekend action.

Five Marine slugs stepped into the prison ring where

Oahu inmates were Eric Lee and John J. Martinez.

Monday night the K-Bay squad was able to break even in the weekly OABA smoker. They won two and lost two.

Armando Martinez appeared on the card for the second time in four days. Staying on his winning streak he decisioned Ray Legaspi of Hawaii Youth in one of the outstanding fights of the evening.

The other win for Marines

came when Willie Johnson decisioned Navy's Terry Edison. Monday's losses for local pugilists were via the knockout route.

Light-heavyweight Joe Miller lost his match to Army's Henry Jeter. Miller was unable to answer the bell for the second round due to a nose injury. His opponent was awarded a TKO.

Arlington Johnson was downed for the count by Arthur Kahahawai, Kalihi-Kuhio Homes. The fight ended after 22 seconds of the second round.

"Military personnel who

reach the grade of E-4 or above and have completed four years of active duty are entitled to take dependents at government expense. Also, the serviceman must have at least 12 months remaining on a tour or, if not 12 months, must volunteer to remain the additional required time."

The tour of duty in the Republic of Vietnam with dependents is 24 months and without dependents, 12 months.

## Honolulu Labor Market Used

## Wage Study Slated for Navy Employees

A wage survey of the Honolulu labor market area is planned in the near future, the Office of Industrial Relations in Washington has announced.

It will comply with the Navy Department's policy to conduct periodic wage reviews.

Earl Nelson, Principal Classifier at NAS Barber's Point, has been appointed a Data Collector and will also represent K-Bay in the survey.

The survey will be conducted jointly by the Navy, Army and Air Force. Data collectors will visit private employing establishments for the purpose of obtaining wage rates and other data.

Upon completion of the survey, the data will be forwarded to the Office of Industrial Relations where it will be used in compiling a new schedule of wages for Navy ungraded employees in

this area. The results will not affect graded employees.

Tentative lists of the ratings to be surveyed and the firms to be contacted for data have been posted on all civilian bulletin boards.

Employees and employee groups desiring to offer amendments to the lists should contact Mrs. Bernice Barum, IRO and K-Bay's representative, by Monday.
