BLT 1/4 To Land on Molokai Monday In Heli-borne Counter-Guerrilla Assault

More than 1000 Brigade Marines boarded the amphibious assault carrier USS Princeton (LPH-5) and the tank landing ship USS Floyd County (LST 762) Wednesday in the embarkation phase of Exercise "Royal Oak."

The Leathernecks, members of HMM-161, commanded by LtCol. L. J. Engelhardt, and BLT 1/4, under the command of Maj. H. D. Fredericks, are scheduled to invade Molokai from the Princeton Monday in a sunrise helicopter-borne assault.

The purpose of "Royal Oak" is to test the ability of the helicopter-borne landing force to operate as a fast reaction force in trapping and destroying guerrillas.

Close air support for "Royal Oak" will be provided by A4C jet attack bombers of VMA-214, commanded by Maj. Keith O'Keefe.

Marines of L-3/4, under the command of Capt. F. H. Whitton, are already on Molokai

and will be aggressors during the exercise.

In a report from Molokai, Capt. Whitton said, "In order to add more realism to the exercise, we will construct a native village consisting of six to eight huts along with various roadblocks and obstacles designed to slow the advance of the assaulting troops."

"We'll be ready for them" he added.

Reconnaissance missions and platoon-sized raids were

scheduled to be conducted before D-Day.

After assault troops are landed by helicopter Monday morning, supplies and heavy equipment will be landed across the beach by the USS Floyd County.

Navy Capt. Paul J. Knapp, Commanding Officer of the USS Princeton is overall exercise commander. LtCol. Englehardt is landing force commander and Col. E. P. Dupras Jr., 4th Marines CO, is Troop Exercise Coordinator.

Pilots Qualify Before Landing

USS Princeton Floating CP For Exercise 'Royal Oak'

The USS Princeton (LPH-5), an Essex-class aircraft carrier, which will be the flag ship for Exercise "Royal Oak," docked at 2 p.m. Monday at Pearl Harbor's Pier B-23.

On hand to meet the ship and its commanding officer, Navy Capt. P. J. Knapp, were Maj. H. D. Fredericks, 1/4 CO; R. L. Trevino, 1/4 ExO; B. R. Wilkinson, HMM-161 ExO; F. J. Heath, HMM-161 assistant S-3; and Capt. D. J. Roman, 1/4 Air Liaison Officer.

The Brigade Band was also present at the pier to welcome the Princeton with a medley of songs.

Marines of BLT 1/4 commanded by Maj. Fredericks, and HMM-161, commanded by LtCol. L. J. Engelhardt, boarded the Princeton Wednesday for the exercise which will be conducted on the western end of Molokai.

According to Col. Engel-

hardt, HMM-161 pilots were to conduct carrier qualifications Wednesday and Thursday.

"Pilots having never made a carrier landing with the helicopter must make five successful landings. Pilots qualifying must make two landings," Col. Engelhardt added.

The Princeton is an amphibious assault carrier, and as such functions as a high-speed transport, and launching platform for a battalion landing team of Marines and their combat gear.

The present Princeton, the fifth Navy ship to bear this historic name, measures 888 feet from bow to stern, and was commissioned as CV-37 on Nov. 18, 1945

During the Korean Conflict, as an attack carrier, the Princeton's catapults launched jet fighters with bomb loads for the first time in Naval History.

She also had the distinction of going into combat with more than 75 per cent of her crew being reservists recalled to active duty from civilian life.

The Princeton was redesignated CVS-37, an anti-submarine carrier in Jan. 1954, and on Mar. 2, 1959, she was redesignated LPH-5.

"ROYAL OAK" PARTICIPANT—The USS Princeton (LPH-5), amphibious assault carrier, eases up to Pearl Harbor's Pier B-23. The Princeton, which arrived Monday, was met by Brigade officers, and the Brigade Band which played a medley of tunes to welcome the Princeton and her crew. BLT 1/4 and HMM-161 embarked Wednesday and will make a helicopter-borne assault on Molokai from the Princeton Monday during Exercise "Royal Oak."

VILLAGERS RESTRAINED—L-3/4 Marines interrogate natives during BLT 3/4's counter-guerrilla training this week on Molokai. The L-3/4 Marines will "swap" uniforms when they assume the role of aggressors against BLT 1/4 which will land in a helicopter-borne assault Monday on the western end of Molokai during Exercise "Royal Oak." The Marines are (l-r): Pvt. R. C. Arietta, L-3/4; Cpl. J. H. Shannon and Pvt. E. Smith, L-3/4; and Cpl. A. D. Alexander, L-3/4.

100 Per Cent Participation

K-Bay To Start CC Fund Drive Friday

K-Bay's Fiscal Year 1965 Navy-Marine Community Chest Fund Campaign will begin next Friday.

Station, PMR and 1st RadBn. will solicit individual contributions from military and civilian personnel from Oct. 1 to Oct. 21 with emphasis on the Oct. 1 and Oct. 15 paydays.

Brigade will seek contributions from Oct. 5 to Oct. 26 from the 4th Marines, MAG-13, 3/12, ServBn. and HqCo—Brigade.

Station Chairman Maj. W. E. Rudolph and Brigade Chair-

man 1stLt. F. W. Milling will employ the unit chairmen and keymen method of making collections.

No monetary goals have been set. However, 100 per cent participation will be sought. K-Bayites will be asked to give their "fair share."

Honolulu's Community Chest agencies serve military personnel and dependents on Oahu.

Red Feather dollars assist the Aloha Council of the Boy Scouts of America. More than 30 per cent of Oahu's scouts are military dependents.

More than 300 military dependents use Camp Fire Girl services each week. This organization is a Community Chest agency.

The Volunteer Service Bureau helps the Marine Corps annual Toys for Tots campaign. The Bureau also recruits and refers volunteers to 89 health, welfare and group-work agencies.

Some of the ways your Chest dollars are spent are:

- \$4 buys knee pads for a hemophiliac child, used to prevent injuries which could start internal bleeding.

- \$6 buys 20 hot lunches for a child at a Kindergarten and Children's Aid School—a child who may not get another hot meal that day.

- \$11 sends two Camp Fire Girls to day camp.

- \$12 makes it possible for 500 Boy Scouts to participate

in a District Field Meet where they compete in physical fitness and Scout craft activities.

- \$24 provides eight hours of training by a professional Girl Scout staff member for 30 volunteer troop leaders.

Applications Due Nov. 6

Local Coast Guard officials have announced a Nov. 6 deadline for applications from those desiring to take the annual examinations for appointment to the Coast Guard Academy.

K-Bayites between the ages of 17 and 22 and otherwise qualified, can compete for appointment to the Academy.

To qualify to take the tests, applicants are required to be U.S. Citizens and be high school graduates. Fifteen high school credits, including three each in English and mathematics are required. Servicemen may count up to four USAFI credits.

In addition, applicants must be unmarried and never have been married.

Upon selection, Coast Guard Cadets attend the Coast Guard Academy, New London, Conn., for a four-year course leading to a commission as an Ensign in the Coast Guard. The Cadets also graduate with a Bachelor of Science degree.

Sirens To Wail Next Thursday

K-Bay's sirens will be tested next Thursday at 30 seconds prior to 11 a.m.

The tests are conducted monthly in connection with the sounding of the Civil Defense sirens on the island of Oahu. These tests ensure that each siren is operative.

Air raid tests will consist of a steady blast of one minute duration followed by one minute of silence, then one minute of the wailing "TAKE COVER" signal.

The tidal wave warning system will be tested one minute after the wailing tone ends. This is a one minute steady blast.

Inspections of Ourselves Before God Should Be First

By Chaplain P.W. Power

Annual Inspection is a time much needed in our life. It is an indication of how "squared away" we may be—how prepared we are to face the enemy and win victories. But during the days of an Annual Inspection, as we look into the mirror to examine our appearance, it might be well to

look first at ourselves and ask, "Am I completely ready, as a Marine, as a citizen before God, to pass the most important inspection, the personal judgment of God?" If we answer "No", then there is something terribly incomplete about our Marine life. Every once in a while, it is good for us to take a hard look at the face of one who has the power to restore something we may have lost, whether it be our moral character, our frequent attendance at Church, or our sense of moral and religious responsibility. The one, certainly, is God Himself. This is a good time to get ourselves squared away. The door of any chapel is always open, where you can not only find the "Home" of God, but peace of mind and the foundation of a moral character. And these are the greatest rewards.

Protestant Altar Guild To Meet Tuesday—The Protestant Chapel Altar Guild will meet at 8 p.m., next Tuesday at Hill Top Quarters 525-"O" Reeves Rd. All interested women are invited to attend. Call 253-469 for further information.

Shell Fair To Open Tomorrow—The Hawaiian Shell Fair will open tomorrow at noon and will continue from 9 a.m. until 9 p.m. through Oct. 4, at the Children's Museum in Ala Moana Park. A small admission will be charged — 50 cents for adults, 25 cents for high school students — for the event co-sponsored by the Hawaiian Malacological Society and the Department of Parks and Recreation, City and County of Honolulu.

Korean Youth Seeks Robert W. Caligan—WANTED: One Marine or former Marine named Robert W. Caligan who fought with the Corps during the Korean Conflict in 1951 and 1952. That's the crux of a letter received by MCAS, El Toro station postal officials last week from Pyo Jae Doo of Taegu, Korea. Doo explained that he first met Caligan during the fighting in Korea when he was 10 years old and using the name Pyo Soo Man. About a year ago, Caligan advertised in the Seoul, Korea, Dong Ah Ilbo newspaper in an effort to recontact the Korean youth who is now 24. Doo answered the ad, but Caligan had moved before the Korean's letter arrived and the mail was returned. The Korean's address is 557 Bun Ji, 47 Ban, 2 Ku Chimsan Dong, Taegu, Korea.

Copy Fink Switches Number in Koin Club Story—Although the Marine Exchange is interested in coin collecting the Administrative Assistant does not possess information concerning the K-Bay Koin Klub. In the Sept. 18 issue of the WM the Koin Klub story carried the telephone number 73269 for coin collecting information. The correct number is 73569. Sgt. C. F. Bradley, secretary/treasurer of the Koin Klub will supply information at this number.

CMC Urges Exercise of Voting Right—"As long as he can vote in local and national elections, an American has more power to influence his country's destiny than most men of history. "In past election years, the men and women of the United States Marine Corps have demonstrated a strong desire to express their convictions through the ballot. "During the coming months we will again have the opportunity to exercise the privilege and the obligation as free Americans of participating in our government. "I strongly urge all eligible Marines and their families to vote in the coming elections, either at the polls or by absentee ballot." —Gen. Wallace M. Greene Jr. Commandant, U.S. Marine Corps (AFPS)

K-Bayites Urged To Avoid Wasteful Use of Utilities

According to Public Works officials, watering of lawns in the Station's housing areas during the hours of 10 a.m. to 6 p.m. not only runs up the Station's water bill, but is a violation of Station Regulations.

Lt. (jg) N. W. Day, Public Works Maintenance and Utilities Officer, said, "One of the most important things to remember in conserving water is to follow the lawn watering hours for your particular area."

He added, "Excessive watering only leads to evaporation. Sprinkling a certain area for 20 minutes is sufficient for normal growth and insures green grass."

Lt. Day suggests the following guidelines for the reduction of the \$450,000 spent annually for the purchase of water and electricity:

1. Turn off all unnecessary lights at the beginning of normal working hours.

2. Turn off all unnecessary lights immediately after working hours and before retiring, and ensure that air conditioners, fans, coffee makers, motors, office machines and similar electrical equipment are turned off and unplugged.

3. Inspect area for water leaks.

4. Insure that excessive lawn watering is not being done and observe the watering hours as listed below:

Public quarters #402 through #558 and #1200 through #1248 daily from 6 to 10 a.m. and 8 to 10 p.m.

These areas include Hilltop, Rainbow, Crescent Circle, Manning Court and Showboat.

For Capehart housing areas: Quarters #1700 through #2022 daily from 6 to 10 a.m. and from 8 to 10 p.m. No watering Sundays.

Quarters #2023 through #2377 daily from 6 to 10 a.m. and 8 to 10 p.m. No watering Saturdays.

Competition Ended Wednesday

CMC To Name Top Squad Tonight at Evening Parade

Competition in the 7th Annual Rifle Squad Combat Practice Competition ended Wednesday.

Gen. W. M. Greene Jr., CMC, is slated to announce the winning squad today at the Evening Parade at Marine Barracks, 8th & "I", Washington, D.C.

The Brigade entry represents F-2/4 and is led by Sgt. R. W. Bradley.

During the three days of competition, the squad has been tested and graded on all phases of tactics, formations, rifle fire control and accuracy, and on the squad leaders ability to coordinate his fire teams

under simulated combat conditions.

Umpires from Marine Corps Schools, Quantico, acted as referees during the competition.

Most members of the Brigade squad planned to take annual leave prior to returning to K-Bay.

The squad departed K-Bay Sept. 14 by KC-130F "Hercules" and was scheduled to arrive in Quantico the following day. 1stLt. R. F. Cappelluzzo accompanied the squad as OIC.

Squads from the 3d Marine and 9th Marine Regiments on Okinawa were also aboard the aircraft.

PREPPING FOR PREP SCHOOL—It's back to the books for PFC. John F. Barney. PFC. Barney, former MABS-13 refrigeration mechanic, was one of 350 Navy-men and Marines selected to attend the Naval Preparatory School in Bainbridge, Md. He arrived at K-Bay Sept. 7 and departed Saturday.

K-Bayite Prep School Pick

After a tour of only 12 days at K-Bay PFC. John F. Barney, a refrigeration mechanic with MABS-13, departed Saturday to attend the Naval Preparatory School at Bainbridge, Md.

PFC. Barney, who entered the Marine Corps in Oct. 1963, arrived at K-Bay Sept. 7, from Camp Lejeune, where he had applied for the Naval Academy Program.

He was one of 350 regular and reserve Navy-men and Marines selected to attend the prep school from approximately 1000 applicants.

The mission of the prep school, which is conducted from September to June, is to prepare the students academically and athletically for Naval Academy life.

Upon successful completion of the school, 85 regulars and 85 reserves will receive appointments to the Naval Academy.

Brigade Sets Retirement Program for Theater #1

The "Cooperative Program on Civilian Employment Assistance to Military Personnel Scheduled for Retirement" will be sponsored by the Brigade at 10 a.m. and 2 p.m., Wednesday at Theater #1.

Attendance is mandatory for officer and enlisted prospective retirees in their 17th year of service (for retirement purposes) according to Brigade Order 1740.5.

Wednesday's presentations are also open to Station personnel and personnel from other Oahu military installations.

Maj. B. B. Ferrell, Brigade Legal, will conduct the morning session. He will talk about the Retired Serviceman's Family Protection Plan which has been incorporated into the counselling program.

In the afternoon, Mr. H.S. Kuniyuki, Veterans Employment Representative for Hawaii, Dept. of Labor, will present Phase I—Orientation of the Dept. of Defense/Dept. of Labor Cooperative Program.

Phase II—Direct Employment Assistance will be conducted on an individual basis between the military member and the designated Employment Service representative.

A list of U. S. Employment Service officials may be found in MCO 1740.12.

The Pre-Retirement Counselling Program was developed by the Dept. of Labor through its United States Employment Service and affiliated State employment agencies under sponsorship of the DOD.

It is believed that this Cooperative Program will be helpful to the many Marines whose family responsibilities make it imperative that they obtain civilian employment after retirement and that the program will have significant morale and career incentive value, according to MCO. 1740.12.

At K-Bay the Cooperative Program will be administered by Station and Brigade Career Advisory Officers and NCOs.

To Avoid Injuries

Parents Urged To Keep Kids from Construction Site

K-Bay's Security Patrols have removed numerous children from the new housing construction area in the last two weeks and returned them, unharmed, to their parents.

Although not in the child care business, PMO has expressed concern that the children may injure themselves if they continue to play in this dangerous area.

The new housing construction workers have been moving materials on the building site for later use. Lumber is stacked

ed approximately 25 feet high.

PMO reminds parents that it is the parents' responsibility to keep the children out of the construction area at all times.

K-Bayites who have lost eyeglasses, clothing or other articles should check with the PMO Lost and Found Department, Bldg. #221. The articles will be returned to their owners when properly identified.

Unclaimed items will be held by the PMO for 10 days. After 10 days they will be disposed of.

The Lost and Found Department is open from 7:30 a.m. to 4 p.m., Monday through Friday.

PacAir CG To Visit MAG-13 Tuesday

MajGen. Avery R. Kier, CG (Air) FMFPac, is scheduled to visit K-Bay's MAG-13 next Tuesday.

General Kier's headquarters are at MCAS, El Toro, Calif.

General Kier, who visited the Group last month, is scheduled to meet with Col. R. H. Spanjer, MAG-13 CO, and Group staff officers to discuss aviation safety and fiscal matters.

In addition to visiting with the Brigade and Group last month, General Kier also visited Camp H. M. Smith, and conferred with LtGen. V. H. Krulak, FMFPac CG.

General Kier is slated to depart K-Bay Tuesday afternoon for his headquarters at El Toro.

'Grassroots 64' Ends for Marines

Marine Exercise Grassroots-64, involving more than 6000 East Coast Marines, came to a successful conclusion at Camp Pickett, Va., Sept. 10.

The Marines represented the 2d Marine Division and Force Troops, Camp Lejeune, N.C., and units of the 2d Marine Aircraft Wing based at MCAS Cherry Point and MCAF New River, N.C.

Practical experience in dealing with the rural population of an underdeveloped area for both guerrilla and anti-guerrilla warfare was the purpose of the exercise.

BrigGen. D. J. Robertson, Exercise Director, indicated that he was highly pleased with the overall success of the exercise and the way in which the Marines proved themselves adequate in assuming either guerrilla or anti-guerrilla roles.

WORKING FOR SAFETY—Thirteen Station Transportation drivers, who received safe driving awards totaling 17 years of safe driving, help put a safety sign in place. The Marines and their awards are (pushing top to bottom): Sgt. V. [unclear] and LCpl. C. E. Leix, three-year awards; LCpl. J. D. Brown and Cpl. L. Carabajal, one-year awards. Pulling are LCpl. T. E. Fridley, Cpl. R. B. New, LCpl. J. O. Jarman, LCpl. A. B. Connors, LCpl. R. R. Sellers, LCpl. B. R. Graybill, Sgt. W. L. Hurst, LCpl. B. M. Hammett and LCpl. C. R. Davis, one-year awards. Also receiving awards but not present for the photograph were LCpl. P. R. Stephens and PFC. W. G. Hall, one-year awards, and Cpl. E. C. Lisi, two-year award.

Marine Corps 'Copters Need Armor, Armament, According to Gen. Greene

A "pressing problem" of the Marine Corps is development of armor and armament for helicopters, Gen. W. M. Greene Jr., CMC, told the National Industrial Association in Washington, Sept. 10, according to Navy Times.

The Commandant also said that a decision on a small arms weapons system will probably be made in a couple of months.

Also that the Corps wants improved language teaching methods for its expanded schooling, that the Corps is "anxious" to get a gunfire support ship for landing forces and that the service has "no answer" yet to its direct support artillery weapon needs.

Gen. Greene said Marine helicopter pilots now have to

sit on their armored vests to protect themselves from ground fire. The Corps needs "light effective armor for copters" and the answer "may be a sort of flying tank."

He also mentioned armament but this apparently would be for protection not for close support missions. Gen. Greene has said many times the Corps will continue to use fixed-wing planes for the latter.

The Commandant said a decision on the new individual weapon was supposed to have come Sept. 1. But he said it looks now as if the selection will not be made for a couple of months yet.

The Stoner 63, which can be converted into six different weapons with various attachments and the SPIW (special purpose individual weapon) a

dart-firing "mechanized blowgun," have been in competition.

The Commandant said the Marine language schooling is soon to be expanded.

"We need a gunfire support ship as part of a weapons system to provide (for) a successful landing operation," Gen. Greene added that "progress is being made in this area but it is slow, and we are anxious to have what could someday be a serious deficiency corrected before it becomes a serious reality."

The Corps has put a 4.2-inch mortar on a 75-mm pack howitzer carriage as a light artillery piece. But this is not the answer. Gen. Greene said, to the need for a helicopter-carried, long-range rapid-firing weapon.

W-1's TO W-2's—LtCol. L. J. Engelhardt HMM-161 CO (I), presents certificates of appointment promoting WO's W. L. Adamson (c), and D. J. Berger, to the rank of CWO-2. CWO Adamson is squadron avionics officer and CWO Berger is the squadron's assistant administration officer.

Absentee Ballot Deadlines Differ from State to State

The Federal Voting Assistance Act of 1955 set up a uniform system of laws, regarding absentee voting, but it didn't require the ground rules on handling the ballots to be the same in every state.

Thus the deadlines for submission of the Federal Post Card Application for Absentee Ballot range from more than a month before the election to just enough time for the ballot to be mailed, marked and returned before the general election.

The two states whose voting laws require that registration be done in person are Alabama and Louisiana. Election officials of the two states advise that there are no exceptions or waivers of this requirement for Armed Forces personnel.

A recent change in Tennessee voting laws now allows members of the Armed Forces, their spouses and dependents living with them, to vote by absentee ballot.

Here's a check-list of the deadlines for submission of the application and for return of the ballot, with the exception of District of Columbia whose deadline was Sept. 19.

Spaces marked by an asterisk indicate the applicant must allow sufficient time for the ballot to be returned by the date established in the second column:

Secretary Paul Tells VFW

Ass't SecDef. To Resist Benefits Cuts

Efforts to further lessen military fringe benefits will be met with resistance from Assistant Secretary of Defense (Manpower) Norman S. Paul.

In a speech before delegates attending the Veterans of Foreign Wars (VFW) convention in Cleveland, Secretary Paul pointed out that, in recent years, "While there has been a chipping away of the serviceman's fringe benefits, there has been a rapid growth of substantial fringe benefits in all of our major industries."

He then explained, "I would like to call attention to the many sacrifices and difficulties faced by our service fami-

lies which more than offset the remaining fringe benefits which are the object of continuing attacks."

At this point in his speech Secretary Paul told the VFW delegates, "Let me assure you, here and now, that I will do all within my power to resist efforts to further diminish our military fringe benefits."

Referring to President Johnson's recent speech before the National War College directing a speed-up of present Defense Department reviews of housing, medical care, pay and allowances, Secretary Paul said, "The President's words are, of course, the guide and cornerstone for the programs

which we in Defense will pursue."

The morale and effectiveness of U.S. Military manpower depends not only on accomplishments of the Department of Defense, according to Mr. Paul, but at times even more important is the esteem and appreciation shown the serviceman by the civilian population of this country.

"The attitude of the public toward those in the military," the Secretary emphasized, "will ultimately determine whether there will exist a pride in profession, a willingness to make sacrifices and the esprit and dedication so necessary for effectiveness in times of crisis."

PUBLIC WORKS—Navy Cdr. H. D. Graessle, Station Public Works Officer (standing 3d from left), stands with civilian employees who received awards for their accomplishments. Olympic Cagers Beat 'Necks 83-40; Win 4 Games from Service Teams

An estimated 1500 Marines and their dependents turned out to see the Olympic Basketball Team play the Hawaii Marines at the Station Gym last Thursday.

The U.S. Cagers handed the Leathernecks an 83-40 loss in the third game of their four game series in Hawaii.

Friday evening in their final performance, the Olympians scored a 95-66 victory over the Service All-Stars at Bloch Arena.

Prior to playing the Hawaii Marines, the U.S. Cagers beat SubPac 81-46 and Army 116-44.

In last Thursday evening's game, Jerry Shipp paced the Olympians with 20 points. He was followed by George Wilson with 16 and Mel Counts, 10.

Shipp hit 9 for 11 from the floor while Wilson banged out 7 for 9 and Counts went 5 for 7. Lucious Jackson accounted for 17 rebounds for the Olympic squad.

Jim Mullen was the only Marine to score in the two figure column. He tallied 16 points. Clyde Stallsmith accounted for 17 rebounds.

In field goal shooting from the floor the Olympians went 34 for 71 and the Marines hit 18 for 60.

The score was tied twice in the game and that was at 2-2 and 4-4. At halftime the Olympic Squad led by the margin of 34-16.

Most of Shipp's points came

from shots of more than 15 feet from the basket.

Another outstanding player for the U.S. Olympic Team was Walt Hazard. He could be looking one way and throw the ball the opposite direction with speed and accuracy.

Lucious Jackson kept many of the Marine shots from reaching the basket as he went high in the air to knock them down. One time he slipped and tipped in a basket for the 'Necks.

In the final game of the Is-

land series last Friday evening, the Olympians ran into a tough All-Star team from the services.

The All-Stars managed to tie the score seven times in the first half. They also moved ahead briefly 14-12. Midway in the first half, the Olympians held a 23-18 lead, but moved to a 49-21 advantage at the half.

The 4000 fans who witnessed the game saw an added attraction when Marine Bill Jeffries lost one of his contact lens. The game was stopped with 33 seconds remaining while members of both teams searched the court.

George Wilson captured the scoring honors with 19 points. Mel Counts registered 17 and Jerry Shipp had 12 points.

Maltus Neely led the All-Star scoring with 18 tallies. He was followed by Leroy Jackson with 11.

Four members of the Hawaii Marines were members of the All-Star team. They were Clyde Stallsmith, Bill Jeffries, Jim Mullen and Joe Gatti.

Marines Defeat Barber's Point 22-7

Camp Smith Marines handed Barber's Point's eight-man football team a 22-7 defeat last Saturday evening on the Navymen's home field.

With two games under their belt, the 'Necks sport a 1-0-1 record. Their tie came on their first outing against the Hickam Flyers. Tonight the Marines host the Pearl Harbor Admirals at Bordelon Field.

The Marines jumped off to an early lead when they received the opening kickoff and scored five plays later.

Fine running by Sterling Anderson and Henry Williams

moved the 'Necks to the nine-yard line. On the next play quarterback Frank James went over for the score. The extra point attempt was wide to the right.

The Marines were held scoreless until late in the second quarter when James threw a 17-yard pass to Joe Johnson. Johnson's TD brought the score to 12-0 and again the extra point was no good.

Barber's Point got back into the game in the early

minutes of the second half. They scored on a 26-yard pass play and the extra point was good.

The 'Neck's third touchdown came when Sterling Anderson broke into the clear and raced 36 yards. For the first time this season the Marines made the extra point.

In the closing minutes of the game the 'Necks pushed Barber's Point back into their own end zone for a safety bringing the score to 22-7.
