

# Chairmen Expect 100% Participation As Community Chest Drive Nears End

This year's Navy-Marine Community Chest Fund Campaign is entering the final days, with Station and Brigade keymen hoping that yesterday's payday will take K-Bay "over the top" with 100 per cent participation.

Maj. W. E. Rudolph, Station, reported that 45 per cent of the station units had reported by Tuesday. Maj. Rudolph added that he was confident that the Station units would reach the 100 per

cent participation goal after payday.

First Lieutenant F. W. Milling, Brigade chairman, reported that about 50 per cent of the Brigade units had reported. He agreed with Maj. Rudolph that payday would provide the momentum to carry units to 100 per cent participation.

The Fund campaign is conducted annually in support of the Honolulu Community Chest Drive, and contrib-

utes to the support of 30 agencies which serve members of the community, both military and civilian.

Agencies utilized by military personnel and their dependents, and receiving support by the Community Chest include the Boy Scouts, Camp Fire Girls, YMCA, Salvation Army Booth Home, and the Volunteer Service Bureau.

Station, PMR, and 1st Rad-Bn., began campaigning Oct. 1, and will continue the drive through tomorrow. Brigade's campaign, which began Oct. 5, is slated to end Monday.

Both Station and Brigade chairmen urged K-Bayites who have not yet donated their fair share, to do so.

HELPING HAND—MABS-13 Marines "pass the hat" during Operation "RAHCEP" for contributions to the K-Bay Community Chest Drive. Squadron Marines pitching in are (l-r): Cpl. F. D. Glover, SRB clerk, Sgt. C. D. Boggs, unit diary clerk and LCpl. G. C. Radmacher, clerk typist.

## Hilo Next Stop for Brigade 'Fair Team'

The Brigade's 'Fair Team' boarded the LST Floyd County Monday, and sail for the island of Hawaii to participate in the Hilo County Fair scheduled for Oct. 21-24.

The Marines returned to K-Bay Monday after participating in the 42nd Maui County Fair, where an estimated 100 Maui residents viewed Marine equipment, vehicles and aircraft.

Marine exhibits included an

amphibious tractor, an Ontos, and a UH-34D helicopter furnished by HMM-161. Survival equipment used by K-Bay pilots was displayed by H&MS-13 Marines.

The same equipment will be taken to Hilo with the exception of the amphibious tractor. Harbor facilities at Hilo are unsuitable for off-loading the Amtrac.

Each exhibit will be manned

by a Marine who will explain the operation of the equipment and answer questions for the public.

The FMFPac Drum and Bugle Corps, as well as representatives from other branches of services, will also participate in the Hilo Fair.

The Maui Fair ended Saturday night when the Baldwin Bears defeated Hilo 26-12 in a Maui Inter-scholastic League football game. The FMFPac Drum and Bugle Corps from Camp H. M. Smith provided half time entertainment.

Representatives from the Army, Navy and Air Force also displayed equipment.

Her husband, Bob, a Cub Scoutmaster gave a written examination to his Pack on the subject of American Heritage. The group of boys, ages 8-10, had been studying the subject since January. One of the questions asked was, "Who were considered the bravest men in the history of our Country?"

What Mr. Arnold felt was the appropriate answer was, "The Minutemen. They were farmers and businessmen, who, without training, many of them armed only with pitchforks, fought the British Empire for the freedom of our Country."

Nine of the thirteen answers received touched on patriotism but didn't refer to the Minutemen.

Here are the Cub's answers, ages...and spelling.

"The Marines, because they are first in war, first in piece and first in the hearts of rubbermen." (Age 10)

"The Marines. Because they don't play with girls." (Age 9)

"The Marines. Because the

Navy plays in the ocean and the Army fights with its stomach and the Air Force just rides around in plans. The Marines fights everybody." (Age 8)

"The Marines. Because they are at Vet Dam fighting goor-ealors in bear hands." (Age 9)

"The Marines. Because my daddy was a marine and he beat up on the jeps and won the war. My daddy doesn't want everybody to know this because it would hurt the feelings of the army." (Age 8)

"The Marines. The Marines weren't in Berlin and the army let them put up a wall. The Marines were in Corear and only let them put up a line."

"The Marines. Because John Glen was a marine and was the first man to go to heaven and see God. And now he is sick in the head and is going to be our president." (Age 8)

"The Marines. Because they are in Vet Mam fighting with pitfokes and shovills for our freedom." (Age 8)

"The Marines because the Navy get the gravey and the Army get the beans." (Age 10)

### 'Practice Makes Perfect' Pays Off In Heat Of Spiritual, Moral Battles

By Chaplain W. A. Lane

Training plays a large part in the lives of most people. This is true for most, if not all, professional people. Medical doctors, for example, must spend a year in actual practice of the medical profession as an intern before they can become full fledged physicians.

In the military, the matter of training is no less important, and probably plays a greater role in the day to day living of the soldier, sailor, or Marine, than it does in the daily habits of any other people.

Military men, unless called into actual combat, will spend the greater part of their professional careers in training.

The individual will either be in training himself, or will be engaged in the training of

others most of his career. The burden of the military man always is "We must be prepared to defend the nation when called upon."

Training for the Christian is just as essential as it is for any of the other groups mentioned above. A goodly portion of our time is spent in study, worship, meditation, prayer, etc., that, among other things, we may be prepared to accomplish our mission in life as the representatives of God on earth, carrying His ministry to those about us who need to share His blessings.

Jesus taught His apostles (the 12) and then sent them out to the actual practice of their ministry even before their training was complete.

In addition to meeting human need, Jesus was providing them with actual "on the job" training, in addition to study and meditation.

The Apostle Paul, writing to the young minister, Timothy, said, "Study to show thyself approved unto God, a workman who needeth not be ashamed."

Therefore, as Christians, we must avail ourselves to the religious and spiritual training accessible to us in order that in the "heat of battle" of everyday living we may accomplish the spiritual mission to which each of us has been called by Almighty God.

Look Mom! No Film—Effective immediately the Station Dental Clinic will suspend dental X-ray service for children age 10 and below.

According to Dental Officials, the reason for discontinuing the service is the inability to obtain the children-size film needed. X-ray facilities will be resumed as soon as the film can be obtained.

Child Care Center Accepting Reservations—Parents who plan to attend the Marine Corps Birthday Ball this year may make reservations today for the care of their children.

The Child Care Center will accept reservations until the available spaces are filled.

An evening meal will be served the children if parents request it when making reservations.

The CCC will open at 7 a.m., Nov. 10, and close at 3:30 a.m., Nov. 11.

According to 1stLt. R. A. Courtemanche parents will be charged a penalty fee if they cancel reservations less than 24 hours prior to Nov. 10.

K-Bayites may call 72608 to make reservations.

New Members Needed—The Pacific Registered Nurses of Oahu have sent out an appeal for additional membership.

According to Mrs. Betty Devol, club correspondence secretary, "The purpose of the club is to establish a better relationship between nurses and service wives of Oahu. The group is presently comprised of 20 service wives and nurses representing Oahu's military installations."

Mrs. Devol explained that members meet the third Tuesday of each month to view medical films and hear lectures on nursing activities.

No dues are required. Service wives interested in obtaining further information should contact Mrs. Devol at 252-197.

K-Bayite Top Toastmaster—Sgt. Edward R. Dooley, HqCo—4th Marines, was chosen Best Evaluator at the Oct. 8 meeting of the Windward Oahu Toastmasters Club #1554.

Sgt. Dooley was elected president of the club last month.

The next meeting of the club is slated for 7 p.m. Thursday at the Swiss Chalet Restaurant in Kailua, when members will observe the 40th anniversary of the founding of the first Toastmasters Club.

The club plans to have guest speakers and a birthday cake in observance of the anniversary.

Reveille—MABS-13 Marines, after a week in the field, say it wasn't really reveille that caused them to "rise and shine." It was the sour notes played by the bugler. SSgt. Jerry Tetu, administrative chief, doubled as squadron bugler.

## Rules for Protection Given

# Candy-like Poisons Pose Serious Problem to Parents

Children of today, who are all so familiar with the multi-colored candies that leave no mess on the hands are presenting a serious problem to parents, according to Capt. H. C. Nordstrom, Station Dispensary Senior Medical Officer. Medicine cabinets are existing challenges for small youngsters in search of candy, and there are few places beyond their reach," the Captain said.

During the past two weeks, eight children were treated at the Dispensary after they consumed such deadly delicacies as roach tablets, baby aspirin, adult medications, and rubbing alcohol.

Dr. Nordstrom recommends that all poisons, antibiotic medicines, ammonia, metal polishes, bleaches, and any other things that may be harmful, or fatal, be kept in locked cabinets or storage areas that cannot be opened by children. Safety latches for cabinets can be obtained at hardware stores.

Dr. Nordstrom added that the following of five additional suggestions of The American Medical Association would also help protect children against poisoning. The suggestions are:

- (1) Don't leave hazardous products where children can find them.
- (2) Don't transfer hazardous products to other containers.
- (3) Don't tell children that medicine is candy.
- (4) Do read all labels before using.
- (5) Do call a doctor immediately if a child swallows a nonedible substance.

## K-Bay's Pick for October

# Book-of-Month Is 'This Rough Magic'

By Maccine Titus

K-Bay's Book-of-the-Month is Mary Stewart's new best-seller "This Rough Magic". It's a sophisticated 20th-Century thriller set at the site of "The Tempest."

Lucy Waring came to Corfu to visit her sister Phyllida Forli, only to elatedly discover that "The Castello" above their villa had been rented to Sir Julian Gale.

Lucy not unnaturally felt something close to reverence for Sir Julian, who was one of the brilliant lights in England's theatrical world, while she was a very minor cog.

But any hope of meeting him quickly was dashed by Phyl, who indicated, with uncharacteristic vagueness,

that not all was well with the great man and that his composer son, Max, discouraged visitors, particularly strangers.

Lucy encountered Max Gale the first morning of her arrival... and a tempestuous meeting it was. For Lucy had made friends with an enchanting dolphin. At first she had been thoroughly frightened of him but later she became completely captivated.

It was when she was sunning on the rock above the cove that the shots rang out!... Max Gale was in plain sight...

Thus begin a series of mystifying and thoroughly frightening events which tinge the otherwise sparkling setting

# K-Bay Keikis Go Outside for Lesson From Bear, Dalmatian, Human Flame

The fire alarms at Mokapu Elementary School sounded Friday and hundreds of children marched from the buildings in a matter of seconds—but, there was no fire.

It was all a part of Fire Prevention Week.

Such well known figures as Smokey, the fire-preventing Bear; Sparky, the fire station Dalmatian, Mr. Flame, and a firetruck with crew from the Station's Fire Department were on hand to greet the youngsters, present fire-safety lectures and give demonstrations on fire fighting techniques.

The program began with Smokey, (George Reno, a fire inspector with the Navy Consolidated Fire Departments), "deputizing" the school children as Junior Fire Marshals by having them repeat the Oath of Allegiance.

Mr. Flame emerged from the rear of a smoke filled truck, and told the boys and girls how tired he was from all the extra work that they were giving him by playing with matches and cigarette lighters.

Peter Kim, another fire inspector, played the part of Mr. Flame.

Sparky, was portrayed by Alfred Crivellone, Station Fireman.

The program concluded with the presentation of a large banner by Smokey, Sparky,

and Mr. Flame to Emanuel P. Silva, Principal, in recognition of the fine work done by the children and teachers in practicing fire safety.

Before returning to their classrooms, the children

were asked to look inside a fire alarm box, mounted on the side of Smokey's truck, to see the "Best Fire Preventer."

When the children looked inside they saw their own reflections.

# PWO Urges K-Bayites To Obey Water Hours

Water, water, everywhere, and a lot of it is being wasted. Station Housing residents

Station regulations require that lawn watering be accomplished during specified hours.

According to Lt. Day, future violators will be cited by Public Works monitors, and a report will be sent to the resident's unit commander.

Watering hours are 6 to 10 a.m. and 8 to 10 p.m. daily in the Hilltop, Rainbow, Crescent Circle, Manning Court, and Showboat areas.

### 10 League Games Scheduled

## Basketball Season To Begin Oct. 29

Twenty league games and five exhibition games have been scheduled for the 1964-65 Hawaii Marines Basketball season.

The Leathernecks will play their first exhibition game against the Church College of Hawaii Oct. 29. Game time will be 7:30 p.m. in the

Church College gym.

Last year the 'Necks finished second in the Armed Forces Senior Invitational Basketball League. They won the All-Marine tournament when they handed the San Diego Devil-dogs a 76-70 defeat.

Approximately 40 prospects turned out for the team try-

outs early in August. LtCol R. A. Smith, Hawaii Marine Coach, has trimmed the prospects to a 14-man squad.

Marines returning from last year's team include Bill Connolly, Bill Jefferies, Joe Gatti, Jim Mullen, Dave Sampsell and Clyde Stall-smith.

Connolly was named to last year's All-Star team and was voted the Most Valuable Player in the All-Marine Tournament. He was also named to the All-Marine team.

This year's league will consist of six teams. They are the Hawaii Marines, SubPac Raiders, Army Rangers, Mutual Panthers, Hickam Flyers and Pearl Harbor Admirals.

According to Col. Smith, he has a team that could win the All-Marine Tournament again. He will continue to hold daily work-out sessions at the Station Gym until league actions start.

In a pre-season exhibition game Sept. 17, the 'Necks lost to the Olympic Cagers 83-40.

## E-Wives Plan Fashion Show Nov. 24

By Marsha Odum

Members of the E-Wives Club would like to take this opportunity to thank the beauty consultant for making the last special meeting so very interesting.

I promised you all the facts concerning the November fashion show, "Fashion Fantasy", so here they are.

The date for the show has been changed to Nov. 24. It will be held in the E-Club Ballroom as previously slated. Tickets will be \$1.50 per person.

We regret that this will not include free babysitting as mentioned earlier. The price includes the buffet dinner, fashion show and entertainment.

This is a husband-wife occasion, however women are invited to attend alone if they desire. Civilians are also wel-

come, so if you want to invite a civilian friend feel free to do so.

The buffet dinner will consist of a salad bar, chicken, ham, cheese, baked beans, hot rolls and butter. Hot coffee or ice tea will also be served.

Fashions are by Alfred Shaheen, and will be modeled by professional models.

Entertainment will follow the fashion show. Drinks will be at happy hour prices throughout the evening.

Seating capacity of the Ballroom for an event of this type is 225. We suggest

that you purchase your tickets as soon as possible as we are anticipating a capacity crowd.

Tickets are available from June Whitmore at 265-547 or Isabelle Johnson at 265-920.

Let's all get on the ball and make "Fashion Fantasy" an enormous success. Be there!

Our next regular meeting will be held Tuesday at 7:30 p.m. in the E-Club Ballroom. We urge all members to be present, and invite all wives of enlisted men in the ranks of sergeant and below to attend also.

Table cloths of delicate hues blended, as if by magic, with rows of pastel colored flowers gently placed down the center of each table.

The entire room was rampant with rainbow-tinted blossoms which reflected many hours of work and effort. Endless accolades to all of you!

# K-Bay's Credit Union Membership Tops 4200 Mark in 11th Year of Operation

By Capt. Vincent Caracio  
International Credit Union  
Week ends today.

From a modest beginning in February 1953, with only 242 members and assets of \$10,633.59, the MCAS Federal Credit Union here at K-Bay has grown to a membership of 4205 and assets of \$964,000. Since 1953 the local Credit Union has made more than 15,000 loans totaling \$5.6 million to K-Bayites.

The Credit Union is located in Bldg. 401, across from the station baseball field and behind the exchange Special Order Department. It is open from 9 a.m. to 2 p.m. Monday through Friday. The telephone number of the Credit Union is 3593.

Membership in the Credit Union is open to all military personnel and dependents, Federal Civil Service employees, Exchange and Special services employees stationed at K-Bay.

LCdr. R. D. Christenson, treasurer, pointed out that the Credit Union has paid 1/4 per cent annual dividends for the past year.

"Dividends are computed on month to month basis and are compounded and paid semi-annually. The next dividend will be declared in January, and is expected to be higher than the average paid to date," LCdr. Christenson said.

To start a savings fund, prospective members are required only to buy an initial share of \$5 and pay a 25 cent membership fee.

Besides dividends paid on savings, the Credit Union also matches each dollar paid up to \$2,000 with life insurance at no cost to the saver.

In addition to the savings program, the Credit Union offers free budget and financial counseling as well as loans for convenient and productive purposes.

Individuals can presently obtain a signature loan for as much as \$750, depending on the individual's ability to repay the loan and his rank. The maximum collateral loan is \$1,000.

Interest rates on Credit Union loans amount to one per

cent per month on the unpaid balance. According to Mrs. "Kitty" Lowe, manager and assistant treasurer, this is a true annual interest rate of 9 per cent, which is considerably below the rate offered by most commercial loan agencies. The rate is 3/4 of one per cent for loans on new automobiles.

Also, if a member should die or become totally and permanently disabled while in debt to the Credit Union, Credit Union Insurance pays off the balance of the loan.

Although all loans must be processed by the Credit Com-

mittee, or Loan Officer, a member in immediate need of money can usually get one-day service.

According to Mrs. Lowe, "Consolidation-type loans, which take verification of pay-offs, take a little longer to process."

Serving on the Board of Governors of the Credit Union are Willard Grey, president; LCdr. R. D. Christenson, treasurer; W. E. Hooper and Capt. Vincent Caracio, vice presidents; John Lum, secretary; Joseph Miller, W. D. Sousa, Allen Walker, Edith DeMars, board members.

## THE WHITE HOUSE WASHINGTON

I am pleased to greet the seven and a half million members of Federal Credit Unions upon the thirtieth anniversary of the signing of the Federal Credit Union Act.

By encouraging employees to save money and by providing them with a convenient source of credit at reasonable rates, Credit Unions help people help themselves through cooperative effort. Credit union loans have helped many young people obtain a college education and have helped to tide many families over in times of expensive illnesses.

Some 11,000 Federal Credit Unions have been established with over four billion dollars in assets. I congratulate those thrifty Americans who have made this possible. And I urge renewed endeavors in the years ahead, particularly on behalf of men and women in lower income groups, who could greatly benefit from the services of Federal Credit Unions.
