## Vietnamese CMC Seeks Help for Flood Victims

Floods have left thousands of South Vietnamese families in desperate need of blankets and clothing, and K-Bayites will get a chance to lend a helping hand.

LtGen. V.H. Krulak, FMFPac CG, has received a personal appeal for help from Gen. Khang, Commandant of the Vietnamese Marine Corps, and has asked that the appeal be made known to Marines and Marine families throughout the Pacific area.

## Joint Airline Office Gives Air Travel Tips

With the holiday season approaching, many K-Bayites may be wondering where they can obtain up-to-date flight information, tickets, and travel itinerary assistance for trips to the Mainland.

"We at the Airline Military Traffic Office," said William P. Julian, office manager, "understand and are able to solve most air travel problems peculiar to military personnel and the dependents."

According to Mr. Julian, most flights from the Mainland to Hawaii are already filled until Jan. 10. He advises servicemen to plan their return trips after that date.

Mr. Julian adds that travelers to the Mainland should experience no difficulty in obtaining tickets through Dec. 25, but may find the flights crowded or filled if they plan to travel from Hawaii between Dec. 30 and Jan. 5.

The Airline Military Traffic Office is located at the Military Air Transportation Service Terminal Building at Hickam Air Force Base. The office is open Monday through Friday from 8 a.m. to 4:30 p.m., and Saturday from 8 a.m. to 2:30 p.m.

Upon request, the office handles travel for personnel on leave, and accepts reservations for military families traveling via commercial air under permanent change of station orders. When requested, they also make reservations for servicemen traveling commercial air while under temporary additional duty orders. These services are available to all military members on Oahu.

In addition to selling the military half-fare tickets, the office also is able to plan an itinerary for travelers. This enables the military man to spend a few days in any

given city before continuing to his final destination, or next duty station.

## Chaplain's Corner

# Sincerity in Thanking God Depends Upon Acceptance

By Chaplain R. R. Smith

The sincerity with which we express our thanks to God depends upon the realization and acceptance of His gifts in our lives. The man who has had no personal experience with God is not likely to credit God for his material blessings but rather his own toil and effort. The Christian however, can thank God not only for the food that graces his table but for countless acts of love, kindness, and mercy that he is aware of in

his life.

For all of such acts are reminders of the love and care of the Holy Father expressing Himself through us and through those around us.

First and foremost among our gifts for which we should be truly grateful is the saving power manifested in the Life, Death, and Resurrection of our Lord and Saviour Jesus Christ.

If you know Christ then Thanksgiving comes natural to you. If you do not know Him then you have yet to find and accept God's greatest gift.

What can give the human heart more cause for gratitude than this, that "God so loved the world that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life." (John 3:16).

This is God's assurance that we are precious in His sight and for this assurance, on this and every day, we can be truly thankful.

**New MATS Regulations**—Military personnel authorized air travel on a space available basis, and who decline airlift on certain MATS flights because of personal desire to travel via commercial airlines, may find their travel delayed or suspended.

According to Commander, 14th Naval District Notice 4600, effective immediately, any space available traveler who refuses to accept accommodations offered at the time they become available will have exhausted his travel privilege under the authority which has been issued to him.

Passengers refusing available flights will then be placed at the bottom of the space available register in the appropriate category and will be furnished transportation only after all others in the category have received accommodations.

Retired personnel who decline to accept accommodations offered them will have their names removed from the register, and not be permitted to re-register for 30 days from the refusal date.

**Single Officers Welcome**—The Business and Professional Club of the Honolulu YMCA, have slated a party at the Princess Kaiulani Hotel, tonight, which will feature a dance band, pupus and door prizes.

According to Nancy Richards, Publicity Chairman, the emphasis at the party will be on meeting new people and prospective members.

The Club is composed of single men and women over 21 years of age, of business or professional standing. Membership includes engineers, businessmen, nurses, teacher, military officers and secretaries.

Single officers desiring further information on the club or the club party may call Marilyn Eddy at 996-681, or Al Pasion, evenings, at 993-164.

**Safer To Be a Calf than a Baby?**—Although progress made against tuberculosis in Hawaii in the last 3 years has been dramatic, where the hazard of TB is concerned, it is still safer to be born a calf than a human, according to the TB Christmas Seal Association.

Since 1917, veterinarians have nearly eliminated bovine TB by slaughtering herds wherever the disease was discovered and before it had a chance to spread.

Obviously this cannot be done with humans. In Hawaii there are 5000 Islanders who are on the case register of the Tuberculosis Branch of the Department of Health and an estimated 173,000 Islanders who react "positively" to the TB skin test.

The Christmas Seal Association is pledged to continue its efforts in the fields of TB detection, treatment, education and research until the disease has been brought completely under control.

Every letter, every parcel decorated with Christmas Seals contributes to the fulfillment of that goal.

AND \$5 MAKES A \$1,000,000.00—Mrs. Darwyl Lowe, Station Credit Union Office Manager and Assistant Treasurer, writes a receipt for a \$5 deposit received from Col. P. T. Johnston, Station CO. The deposit, which was made Nov. 13, increased the assets of the Credit Union to \$1,000,000.

# Colonel Johnston's Deposit Increases K-Bay CU Assets to One Million Dollars

K-Bay's Credit Union joined an elite group last week when a \$5 deposit by Col. P. T. Johnston, Station CO, increased its assets to \$1,000,000.

"The credit union has expanded tremendously since receiving its charter in 1953," Mrs. Darwyl Lowe, Office Manager and Assistant Treasurer said.

"We've occupied the old Exchange gas station building, a quonset hut and are now outgrowing our present building," she added.

According to Mrs. Lowe, at the end of 1963 there were 21,518 active credit unions in the United States. Federal government and military credit unions represent 7.59 per cent of this total, and 16.7 per cent of the total active credit unions listed assets of \$500,000 or more.

"If we had a list of those credit unions with assets of \$1,000,000 or more, the percentage would be very small," she said.

Mrs. Lowe has credited the success of the Station's Credit Union to the time and services given by military and civilian workers aboard the Station, who served during their own time without pay, and in general the cooperation of all personnel.

"The Credit Union, which is owned and operated by its members, serves members only," Mrs. Lowe stated.

"To become a member, a person pays a 25-cent membership fee and buys at least one share of stock for \$5," she added.

## 1500 To Be Selected

# Outlook Dims for Sergeant Promotions for Next Cycle

According to Navy Times in an article citing BrigGen. O. R. Simpson, Assistant Chief of Staff for Personnel, HQMC, about 1500 corporals will make sergeants when the next E-5 cutting scores are announced.

The General said the scores would promote about 1000 fewer corporals than were named in the group promoted in June.

General Simpson stated that the Corps has "really loaded up" on sergeants during the past couple of promotion periods and would have to take it easy this time to keep the desired balance.

The cutting scores are expected to be announced near the end of this month so that promotions can be made as of Dec. 1.

In other promotions, Gen. Simpson said the next E-9 board would be slated for next August, with the boards

for the lower pay grades scheduled to follow in order.

According to Navy Times, this would mean that the next staff sergeant board would probably finish its work around Christmas 1965.

## Between Dec. 18 and Jan. 4

# HQMC Announces 'Early Out' Policy For Tours Expiring Near Christmas

HQMC has announced the policy for early releases of those Marines whose term of service will expire during the Christmas-New Year Seasons.

Published in Marine Corps Bulletin 1910, HQMC authorized Commanding Officers to discharge or release from active duty all enlisted Marines and reserve officers who request early separation.

Those eligible for the "early outs" are those Marines who would normally end their active service between Dec. 18 and Jan. 4.

In event of future recall, Marines separated will be considered in the same status as those who have completed their normal enlistment.

Any previously paid reenlistment bonus will not have to be repaid, however, if early separation would cause indebtedness to the government, the indebtedness must be

liquidated before early separation is authorized.

The early discharge does not however, apply to those aliens who are seeking to qualify for citizenship by completion of three years active military service, and does not apply to six-month trainees.

Those Marines accepting early separation and who are otherwise eligible, may be awarded the Good Conduct Medal.

## HMM-161 Unbeaten in MAG-13 Volleyball

HMM-161 remains the only undefeated team in the MAG-13 Volleyball League as the fourth week of play starts.

HMM-161 kept its clean 5-0 record by beating VMA-214 Nov. 2 in what may turn out to be the most important game of the season. VMA-214 was also unbeaten at the time.

Games this week will find MACS-2 taking on VMF-232 Monday.

Tuesday's action will pit VMA-214 against MACS-2.

There are two games on Wednesday's slate. MABS-13 takes on VMA-214 and H&MS-13 plays MACS-2.

On Friday VMA-214 will play VMF-232.

### Physical Fitness, Military Skills Test

## Regimental Field Meet Slated Friday

Brigade infantrymen are scheduled to compete Friday in tests of physical fitness and basic military skills as the Fighting Fourth holds its annual Regimental Field Meet and Gymkhana.

Participants in the events will include both officers and enlisted Marines. More than 500 competitors are expected to get into action during the day.

The events are scheduled to get under way at 8:30 a.m. and will test the skills and physical fitness of the infantrymen.

Participants, representing the three infantry battalions and separate companies, will receive individual and team awards and points for each event.

First place points range from 8 to 32 for each event. Second place points are from 5-20; third from 3-12 and fourth from 1-4.

Some of the events planned for the day are: platoon drill, pushball, weapons scramble, various races and relays, underwater swim meet, and weapons drill.

According to Regimental

Order 1710.3, the main purpose of the day-long competition is to encourage and motivate individuals and units to excel in military skills and physical fitness.

Musical entertainment for the day will be provided by the FMFPac Drum and Bugle Corps and the Brigade Band.

A picnic-style lunch will be served for a nominal cost on Platt Field for dependents and Marines with guests.

Last year the Second Battalion Marines lived up to their slogan, "Second-to-None" when they won the annual meet with 235 points. Their closest competitor was 1/4 with 197 points.

### At Skeet Range, Golf Course.

## K-Bay Activities To Hold Turkey Shoots

Two Station Special Services activities will conduct turkey shoots this weekend.

The Station Skeet and Trap Club will conduct a two-day shoot tomorrow and Sunday. An 18-hole medal play golf tourney will be held at the Klipper course tomorrow.

The two-day shoot at the Station Skeet Range will consist of three events. Competition will be in skeet, trap and scatter gun shooting.

The skeet shooting part of the shoot will consist of

field type shooting. Birds will come from either the high or low houses with the shooter's knowledge.

In the trap shooting competition, each shooter must shoot the same shot from the same position as the man in front of him.

In the scatter gun competition, the winner will be the shooter who puts a pellet closest to the center of the target.

At the Klipper Course, the 18-hole medal play tournament will be for both novice and handicap golfers. Play in the tourney will be divided into five flights according to handicaps.

The flights are Championship, 0-6; "A" Flight, 7-12; "B" Flight, 13-18; "C" Flight, 19-25 and a Calloway Flight.

The Calloway Flight will be open to all persons with handicaps over 25 and those without established handicaps.

Turkeys will be awarded

to the winner and runners-up in each flight. The tourney's low-net scorer will also receive a turkey. A turkey will go to the winner of the blind bogey drawing.

Prior to playing in the tournament each blind bogey golfer selects a number. Following play he subtracts this number from his score. If net score falls between 70-80 he is eligible for the blind bogey drawing.

## Board Meeting Rescheduled

## S-Wives Express Alohas to 12 Malihinis

By Margaret Kent  
November carried a full schedule for the K-Bay S-Wives Club.  
Alohas were expressed to 12 new members.  
Members present at the Aloha Coffee voted to make donations to The John F. Kennedy Memorial Library Fund, to Tripler Army General Hospital to assist with a Christmas party for patients, and to decorate and hold a Christmas party for in-patients at the K-Bay dispensary.  
The Club is joining with the inner-island clubs to send a donation to the Vayachin Day

School, Papago Indian Reservation at Sells, Arizona. Anyone who might be personally interested in this project can call Shirley Allen at 252-656.  
Social night, Tuesday, was a most colorful evening. Many original ideas for Christmas decorating were shared by members present.  
Pat Teich assumed the office of president of the S-Wives bowling league. Shirley Allen was elected vice-president.  
The board meeting has

been rescheduled for 7 p.m. Monday.  
President Vernita Ray appointed Lucille Arbisi as club chaplain.  
Military wives E-6 and above are cordially invited to attend any meeting of the K-Bay S-Wives Club. Information on membership is available from Betty Hohnerlein 265-291.  
Volunteers are needed for gift wrapping at the Main Exchange. Call Freda De-Cola 252-570 or Beverly Rogers 269-974 and let them know when you are available.

## O-Wives' Christmas Festivities Set For Dec. 12 in O-Club's Lower Lanai

By Helen Lo Prete  
Bring to a screeching halt whatever you are doing, grab a red crayon and wildly circle Dec. 12 on your calendar!  
Next, check the formal worn last week for stray cake crumbs, cigarette burns, or anything that might be frowned upon in the better circles!  
The point of this facetiously worded lead-in is to alert you to the fact our Christmas Dinner-Dance is set for Dec. 12 in the Lower Lanai. (Why didn't she say that in the first place!)  
This event promises to be "bigger and better than

ever." That may be an over-worked cliché but have we ever steered you wrong?  
The menu, for long-suffering casserole-haters, is a sheer delight: Rock Cornish hen and cherries jubilee! Surely you haven't partaken of vittles so tasty in at least a week!  
Instead of the run of the mill musical combo, usually consisting of 3 to 5 utterly bored and uninspired "cats", you'll be tapping your tootsies to a swinging 10-piece band. Wheeeeeee!  
More little gems of information next week, but in the meantime, enjoy a happy Thanksgiving!

# Radio, Television Star, Spy Catcher; Now 'Miss Mac': Chief K-Bay Librarian

By PFC. John Barboa

What woman do you know that's been an air raid warden, driven a 10-ton truck, turned down a job in Turkey and worked in the Black Hole of Calcutta?

Maccine Titus, the Station's Chief Librarian, has done all this and more.

Maccine came to Hawaii in 1959 from Arizona believing that she would go to work for a local college.

Upon her arrival, she was startled to find that she would have to be a state resident for a year before the college would hire her.

Not one to give up, "Miss Mac," as she is commonly referred to by K-Bayites, went to work for the Dillingham Book Shops in Honolulu prior to accepting her present position at the Station Library in April, 1961.

Miss Mac was 18 years old when she married Marine Pvt. John Wilson in 1943. Shortly after their marriage her husband shipped out to the Pacific with the 1stMarDiv.

Maccine and her mother then became active in Civil Defense activities in Hollywood, Calif. Her mother, Elizabeth, was known as a "block mother," and Maccine became an air raid warden.

While patrolling her "beat" with her Doberman pinscher one night, Miss Mac spotted six men, flashing a signal mirror toward the sea.

"I immediately contacted my superiors, who in turn apprehended the men," Maccine said.

"Shortly after, they informed me that the men were German spies who were signalling a ship out at sea," she added.

Maccine left California and went to Oregon in 1945, when she received the tragic news that her husband, then a sergeant, had been killed during the battle of Okinawa.

She then became an Assistant State Librarian for the southern portion of Oregon, and was also Assistant Librarian for the city and county of Medford, Ore.

As part of her various duties, she drove a 10-ton bookmobile to secluded ranger stations in the northern California mountains.

"I also had a radio and television show in Medford, on which I would give book reviews and invite authors to lecture on their literature," she said.

"I invited a Navy Commander who had written a book to be a guest on my show, and in turn he offered me a job as a librarian at the U.S. Navy Base in Turkey," she smiled.

"I turned the position down because it would have meant being confined within the perimeters of the base," she added.

Miss Mac left Oregon in 1955 to become a librarian at the Davis-Monthan Air Force Base in Arizona.

While at the SAC installation, she also ran the Reference Department of the Tucson Public Library.

"While in Arizona, I also drove a bookmobile which serviced Indian reserva-

tions, small villages and National Forest Reserves," she said.

"When I first came to K-Bay," Maccine said, "I used to refer to the old library as 'the Black Hole of Calcutta,' because of the very poor lighting facilities."

"At that time the library was located in the Brigade Schools building, and I checked out an average of 18 books a day," she said.

"Today the new library has an average daily attendance of 705 and we check out an average of 421 books a day," she added.

Miss Mac stated, "We now have approximately 19,000 volumes in the library, and I hope one day to have 25,000 volumes."

Maccine says that she achieved her main goal in life when she became a Chief Librarian.

She was born in Hollywood, Calif., May 14, 1922 and was graduated from Beverly Hills High School in 1943. She is also a graduate of the University of California.

While attending UC as a psychology major, Miss Mac obtained a Bachelor of Science Degree. She also has a degree in music from the Hollywood Conservatory School of Music and Art.

In summing up her adventures, Miss Mac said, "I've worked with almost all the Armed Forces and I feel that the Marines are 'tops' in my book."

"But then again, maybe I'm just a little 'gung-ho' about the subject," she laughed.
