

Water Carnival Hosts 25,000 Guests; Main Gate Opens Early to Visitors

By Sgt. A. A. Denes

More than 25,000 civilian and military personnel and their dependents passed through the Air Station's Main Gate Sunday to witness what Carnival officials said was the biggest K-Bay Water Carnival.

The crowds began arriving as early as 8 a.m. for the full day of water carnival races, demonstrations and exhibitions.

The morning began with outrigger canoe racing by members of the Hawaiian Outrigger Canoe Racing Association and trick and precision water skiing by the membership of the Globe and Anchor Ski Club.

Mid-morning found the calm waters of Kaneohe Bay dotted with wind-filled sails as the Kaneohe Yacht Club launched their boats in a mass start for the grueling three-mile course.

CMC Calls for Officers Desiring DPI Duty Tour

CMC has issued a call for officers who desire assignment for duty in the Data Processing field.

To qualify for selection, the applicant must have at least 4 years and not more than 16 years active service, must have college degree, or GED equivalent, preferably in mathematics, engineering or business administration, and be in the rank of lieutenant, captain or major. In addition, if serving overseas, the applicant must complete the overseas tour by Jan. 1, 1966.

Selected officers will be given six months training and then assigned to a three-year tour in the Data Processing field.

Interested officers are urged to contact the Station Personnel Officer by 4 p.m. today for complete details, or check CMC message 221225Z (MCBul 1520).

Special attraction for the day was the arrival of Richard Boone, well known for his role as Paladin on the television series "Have Gun, Will Travel." Keikis, young and old arrived early to have their photo taken with the Western movie star and to ask for autographs.

More water skiing, free-falling sky divers from the K-Bay Sport Parachute Club, and a fun-filled midway added to the water show.

Hawaii's top power boat

drivers took to the waters of Kaneohe Bay in the afternoon providing spectators with spectacular races, spills and tough competition as the drivers battled for top honors and trophies.

Steven Mau, competing for the first time in a Hawaiian Power Boat Association regatta topped the "H" inboard class and received the Outstanding Sportsman Trophy.

K-Bay Hospital Corpsmen Celebrate Sixty-Seventh Anniversary Thursday

By LCpl. W. L. Warneka
K-Bay's Hospital Corpsmen celebrated their 67th Hospital Corps Anniversary last Thursday at the Station Dispensary.

On hand helping to celebrate the 67th Anniversary were Col. A. M. Moran, Station CO, LtCol. J. E. Hanthorn, Brigade CO, Capt. A. L. Teitel, Station Senior Dental Officer, and Capt. H. C. Nordstrom, Senior Medical Officer.

The traditional cake cutting ceremony was held at the Dispensary with the eldest and youngest sailor present cutting the cake.

The oldest sailor present

was HMCS F. N. Neilson, Chief Master at Arms, who has over 23 years active service in the Navy.

The youngest sailor present was HN B. L. Lester, general duty corpsman, who has one year, eight months active service time.

The Hospital Corps came into existence as an organized unit of the Medical Department by an act of Congress June 17, 1898.

Nearly 25,000 Navy Corpsmen are now serving with Navy and Marine units.

The corpsmen serve in 36 technical specialties within the Hospital Corps. These specialties range from Medical Field Technicians who serve with FMF Marines, to the Radio Isotope Technicians who operate complicated instruments in Naval Hospitals.

In the past, corpsmen have distinguished themselves on the battle field, with seven "Docs" being awarded the Medal of Honor during WWII.

Again in Korea, Navy medics displayed their valor when five more corpsmen were awarded Medals of Honor.

Now in Vietnam, corpsmen are once again demonstrating their professional ability and courage.

Today there are a total of 29 corpsmen stationed at K-Bay. Five of these men are assigned to the Brigade and 24 serve the Air Station.

serve operations and training of Marine Corps units and individuals and to promote a better understanding of staff and organizational procedures.

General Kong arrived aboard the Air Station at 2:10 p.m. by helicopter and was met at the Administration Building by Col. A. M. Moran, Station CO, and LtCol. J. E. Hanthorn, Brigade CO.

Accompanying the General from Camp H. M. Smith, was Col. J. R. Grove, Assistant Chief-of-Staff, FMFPac.

From the Administration Building, the four-car caravan traveled to the historic Kansas Tower.

After a short lecture on the Tower, the caravan visited 1st ANGLICO. Here the General saw the different equipment used by the Company.

At 3 p.m. General Kong and his staff, along with escorts, traveled to the airstrip to witness a Crusader Static Display by VMF(AW)-232.

The General saw four Crusaders take off, a high speed pass, two MOREST landings, and a division fly-over.

The official party then visit-

ed Hangar 105 and was shown a Crusader as it would look if it was ready for combat. The jet on display was that of VMF(AW)-232's CO, Maj. G. M. Kieswetter.

At approximately 3:30 p.m. the General and his staff departed the Air Station via helicopter for Camp Smith.

K-Bay To Test Sirens Thursday

K-Bay sirens will be tested Thursday at 30 seconds before 11 a.m., in connection with Oahu's monthly Civil Defense check to ensure that each siren is operative.

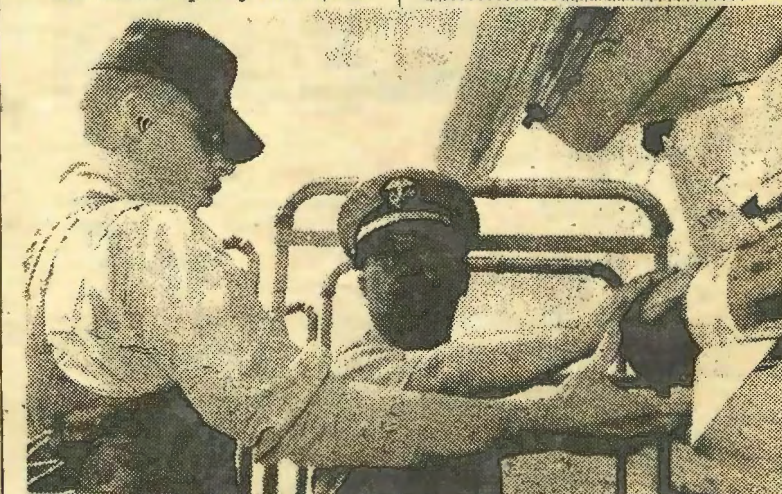

The test will consist of a steady blast for one minute, followed by one minute of silence and then one minute of the wailing "Take Cover" signal.

The tidal wave warning system will be tested one minute after the wailing tone ends. This test will be a one minute steady blast on the coastal sirens only.

K-Bay's public address system will announce the Civil Defense test prior to the sounding of the sirens.

BUT DON'T LEAVE SAFETY BEHIND!

Editorial

In France, in Germany, in Japan, in the United States — wherever our servicemen are stationed — it's vacation time.

Summertime activities are approaching full swing. Many servicemen and their families will be loading the family car with all sorts of recreational equipment, hampers of food, and anxious, pleasure-seeking passengers. One item many will leave behind when heading for the beach, pool, mountain resort, lake area or favorite picnic site is a sense of safety.

Safety is an important summer companion no matter how near or how far the vacation trip. Everyone is more relaxed and many tend to be off guard. Even the simple basic safety rules necessary to enjoy summer activities are ignored.

Most summer safety regulations are just plain common sense rules, which if followed, assure an enjoyable and rewarding experience.

Some basic "safety sense" rules for summer include:

WATER SAFETY: All swimming and boating rules posted at the recreation area are for your benefit and should always be observed. Swimming should never be done alone or immediately after a meal. Never dive into unfamiliar water. There may be hidden obstacles in the water. Never venture out too far — it's a two-way trip and the one back can be too much for a tired swimmer.

SAFETY IN THE SUN—The summer sun helps make your vacation enjoyable. It can also make it miserable. Many vacationers are fooled by clouds, unaware the sun's most harmful rays filter through a cloud cover. And for servicemen, a serious sunburn requiring medical attention and causing lost work-time could result in disciplinary action.

FIRE SAFETY: Summer brings out the backyard chef and his barbecue grill and sometimes brings out the fire department. Cooking equipment on camping trips in the woods, and carelessness, can cause untold damage to forest and field.

Including summer "safety sense" as a companion on your vacation this year might prove the wisest thing you ever did. It's fun to enjoy summertime and all the pleasures that go with it, but unless you're careful and conscious of safety while enjoying such pleasures, they may turn into tragedies. (AFPS)

Clothing Drive Reaps 1200 Pounds

Last week the Air Station and the Brigade sponsored a joint clothing drive to help Vietnam families displaced by the construction of the Chu Lai airfield.

The drive started Monday, June 14, and ended 4 p.m. Friday.

Containers, in which the

clothing was collected, were distributed at the entrances of the Marine Corps Exchange Bldg. #1090, the Commissary, the Tailor Shop in the Patio Area, entrances to both Chapels and at the Main Gate and Service Station.

A total of 1,200 pounds of clothing was collected.

Col. A. M. Moran, Station CO, and LtCol. J. E. Hawthorn, Brigade CO, expressed their appreciation to all who so generously contributed clothing to the KMCAS Joint Clothing Drive to aid the needy Vietnamese families.

FMFPac will deliver the clothing to the Chu Lai area. This will be done as soon as transportation for the 1,200 pounds of clothing can be arranged.

A special thanks is extended to the wahines who packaged the clothing for shipment. They are: Jean Fisher, Prudy Powell, Jo Ann Church, Eleanor Warner, Mary McDowell, Jan Mitchell, Agnes Healy, Joan Chase, Maggie Hill, Pat King, Delores Dennison, Jean Kuehnemann, Kim Blass, Nola Ribbeck, Jean Lundgren, Dottie Macklin, Bettye Tucker, Carol Oakley, Bertha Bowman, Ruth Sanders, Nancy Warren, Patty Dupras, Margaret Cox, Stella Andrews, Susan Andrews, Shirley Ludden, and last but not least the chairmen of the drive, Polly Fuller and Marie Dupras.

God May Turn a Deaf Ear If His Name Is Misused

By Chaplain J. J. Buzek

Aesop, in one of his fables, tells the story of a shepherd boy who was detailed to guard a flock of sheep.

There were wolves in the area and he was to give the alarm if any approached the flock by loudly crying: "Wolf!" This was dull work for the lad so he decided to liven things up. No wolves were about but he screamed: "Wolf!"

The farmer came running to kill the wolf and the boy, roaring with laughter, yelled: "April Fool!" A few weeks later the boy repeated his practical joke and had another laugh at the expense of the farmer.

The next day a wolf pack actually appeared. The boy screamed "Wolf!" time and time again but the farmer thought he was joking again and did not come. That evening when the shepherd boy was missing the farmer went to search for him. The wolf-pack had made a meal of him as well as of the

sheep.

Many of us are in the habit of constantly misusing the name of God. The first few times He hears His name God lends an ear only to discover that we are abusing Him and not paging Him.

I wonder if, sometime when we really need Him, God thinks we are again abusing Him and decides not to listen? Like the shepherd boy, we may be calling "Wolf!" too often through habitual abuse of His name.

HMM-161 To Operate from Airstrip After Six Weeks on USS Iwo Jima

By LCpl. Bruce J. Barclay
Phu Bai, Vietnam, June 15—
Medium Helicopter Squadron
(HMM)-161 transferred operations to this northernmost Marine airstrip today after six weeks of combat strikes from the deck of the USS Iwo Jima. For the past 1½ months, the flight crews of HMM-161's 24 helicopters have supported Marine operations at Chu Lai, an airfield under construction

52 miles south of Da Nang. The Iwo Jima, a ship designed for 'copter missions, was anchored off Chu Lai during that time. During the time HMM-161 was using the ship as its flight line, the squadron totaled an impressive log of statistics: Two and a half million pounds of supplies were delivered to Marines ashore. Each pilot averaged 7.9

hours a day. The 71-man maintenance division, working from 15 to 20 hours daily, averaged 240 man-hours on helos each day. The labor load isn't expected to decrease much while the squadron is stationed here. In the past, troop-lift strikes and resupply missions in this northern sector have been flown by choppers from Da Nang, about 50 miles south of here. It is anticipated that HMM-161 will fly the bulk of such missions from now on.

END OF ERA—An HMM-161 UH-340D helicopter is moved from the elevator to a take-off position aboard the USS Iwo Jima. For Vietnam Duty

Department of Defense Modifies Combat Pay for Designated Areas

WASHINGTON (AFPS) — Deputy Secretary of Defense Cyrus R. Vance has signed a new Department of Defense directive modifying the policy established last year concerning eligibility of military personnel to receive special or "combat pay" for those subject to hostile fire.

The new policy will permit all military personnel located in geographic areas designated by the Secretary of Defense to become eligible for the special pay. The unified or specified commander concerned will be responsible for determining specific locations or areas within the previously designated area in which personnel may be excluded from receiving the special pay due to lack of risk.

The new directive also authorizes the special pay of \$55 per month to be paid to the beneficiaries of personnel killed or to the military member, if wounded or injured by hostile fire, explosion of hostile mines, or any other battle action, regardless of whether or not the incident occurred in

a previously designated area. Under this new modified policy, all U.S. military personnel serving in the Republic of Vietnam will be eligible for the special pay, unless certain areas are excepted by the unified commander.

Other geographic areas in which military personnel may become entitled to the special pay will be designated by the Secretary of Defense as appropriate.

In separate action, the DOD had previously provided authorized special pay for duty subject to hostile fire in the Dominican Republic for those personnel who were killed or wounded by hostile fire, explosion of hostile mine or any other hostile action in that operation.

Unable To Afford College Tuition Costs? Federal Government Provides Some Help

How can I afford to send my children to college? A question heard often these days since college tuition costs have risen steadily in the past and are sure to continue to rise. Government statistics indicate that about 40% of the families cannot afford to send their children to college.

Many opportunities for financial assistance to students are available within the United States. A major source of financial assistance is the institution of higher education itself which often makes available information for a variety of aid programs upon request from the interested student.

The Federal Government does provide some assistance for education beyond high school through a variety of programs. The National Defense Education Act of 1958 established a program of long-term, low interest student loans.

Eligibility must be based upon the need of a student for funds to pursue a course of study in a participating institution in which he has been admitted. A student should address his inquiry concerning the program and his request for an application blank to the participating institution in which he is interested.

Loans cannot exceed \$1,000 for any one academic year, or \$5,000 total for undergraduate study. Repayment is with 3% interest. There are many provisions for the various methods of repayment. If a borrower becomes a fulltime teacher in a public or private elementary or secondary school or institution of education, a maximum of 50% of the loan (plus interest) may be cancelled at the rate of 10% of the amount owed upon entering teaching for each year of teaching.

Mainland Nines Here

Santa Clara, PH To Open College-Service Tourney

The College-Service baseball tournament, featuring three top-notch college nines from the Mainland, begins Sunday when favored Santa Clara University plays Pearl Harbor at 2 p.m. on Ward Field.

Santa Clara comes to the Islands after finishing third in the California Intercollegiate Baseball Association (CIBA) with a 30-11 record.

The Broncos possess four players who were selected in the recent free draft by Major League teams. Slick fielding, second sacker Ray Henningsen was selected by the St. Louis Cardinals.

The San Francisco Giants selected the three other Broncos. They are pitcher Dick Robertson, third baseman Al Gallagher and outfielder Howard Martin.

Other teams participating in the four-day tourney will swing into action Monday night with games in four different locations.

Coach Mike Cervin's Hawaii Marines will take on the University of Hawaii at the Honolulu Stadium, in

one of three 7:30 p.m. games. In the other two, SubPac plays the winner of the Pearl Harbor-Santa Clara game at Millican Field and Hickam hosts the University of Southern California Trojans at Flyer Stadium. Army hosts Oregon State University in an 8 p.m. game at Redlander Field to round out the schedule.

Southern Cal, the fifth place finisher in the CIBA, has three players who were drafted by the Major Leagues. Catcher Don Johnson caught the eyes of Milwaukee Braves scouts and pitcher John Herbst and outfielder Mike Garrett were drafted by the Minnesota Twins and Pittsburgh Pirates respectively.

The Trojans were scheduled to play a series of games against the Alaska Goldpanners semi-pro team before arriving in Hawaii.

Admission for tournament games at Honolulu Stadium is free to all servicemen in uniform or who present a military identification card. Otherwise the fee is \$1 per person.

College Mixer

A College-Mixer for high school graduates, students 18 years old and over and bachelor officers will be held tomorrow at the Pearl Harbor Commissioned Officers' Mess (Open) from 8 p.m. to midnight.

Coat and tie are the required dress.

No reservations will be needed. Tickets will be sold at the door for \$1.25 per person.

The Exotics will provide the dance music.

Lanikai Wins Team Honors

Ten Meet Records Fall in HCRA Regatta During K-Bay's 5th Annual Water Carnival

Ten of eleven meet records fell "by the wayside" last Sunday as the Lanikai Canoe Club won team honors in the Hawaiian Canoe Racing Association regatta held in conjunction with the 5th Annual K-Bay Water Carnival.

Lanikai's total of 31 points edged 29 point totals accumulated by both the Waikiki Surf Club and the Kailua Hawaiian Civic Club.

Racers took advantage of the smooth waters of K-Bay and paddled to records in all events except the women's novice half-mile race. Lanikai and Kailua won three events apiece and Waikiki won two.

In other carnival racing, Steven Mau received the Sportsman trophy for being

the outstanding driver in the meet as he piloted his speedboat to victory in the "H" inboard class of the Hawaiian Power Boat Association races. Col. A. M. Moran, Station CO, presented Mau with the trophy at the completion of HPBA racing.

Adam Tavares was tops in the high-speed "SK" inboard races as he drove his "SK-15" to victory. Hal Lewis' "SK-100", the favorite, was forced out of the competition when it came up with engine trouble after taking an early lead.

In the Kaneohe Yacht Club's regatta, held in conjunction with the Water Carnival, Greg Gillette won the Star class race.

Women's races were won by Marian Carpenter, Thistle class; Fran Vaughan, Light-

ning class; Mary Mountain, MP class; and Irene Phillips, 110 class.

Station Library

Due to budgetary limitations it is necessary that the Station Library curtail operations according to a Special Services spokesman.

Until further notice the Station Library will open Tuesday through Saturday from 2 to 8 p.m.

It will also be necessary to permit only one book for each member of a family to be checked out at one time.

It is undetermined at this time how long the reduced schedule will remain in effect. Library officials are hopeful that it will be for a short duration.

Meanwhile, the understanding and cooperation of library patrons will be greatly appreciated during this situation.

Lanikai Canoe Club won the race and team honors as ten meet records were broken. Kailua Hawaiian Civic Club and the Waikiki Surf Club each finished just two points behind the winners.

Marine Nine Loses Fourth Straight; Plays UH Monday Night in Tourney

By PFC. S. J. Preisler
Sports Editor

Wins and losses have come in bunches for the Hawaii Marine baseball team so far this season, but at the present time they are in one of their more unpleasant streaks to date.

The unpredictable 'Neck nine has dropped four games in a row, coming up with some baseball that didn't quite resemble the brand of ball that they played enroute to five straight wins at the end of the first half.

Pearl Harbor and Hickam scored the most recent wins over the Marines, the Admirals with a 11-1 drubbing last

Friday and the Flyers by a 7-3 count on Saturday night.

The 'Necks will take a break from their league schedule this week for participation in the College-Service Tournament. Their first game will be Monday night at 7:30 p.m. against the University of Hawaii at Honolulu Stadium.

The tournament field also includes the remainder of the HIBL teams and nines from the Universities of Southern California and Oregon State, and Santa Clara University of California. So, the 'Necks are going to have to regain some of their winning ways if they intend to play more than two games in the tournament.

Pearl Harbor 11—HM 1

The Admirals scored seven runs in the fifth inning to break up a 1-0 pitching duel between 'Neck southpaw Owen Litfin and Pearl Harbor's "Flash" Roberts. Roberts finished the game with a neat two-hitter, striking out six and walking just two.

The Marines had taken an early 1-0 lead as "Butch" Bacon walked, stole second, moved to third on a wild pick-off attempt, and scored as Ray Lara's grounder was bobbled in the infield.

Roberts was working on a no-hitter until the sixth inning when Joe Gomez lined a solid single to center field. The only other 'Neck hit was coined by John Reese in the ninth inning.

Pearl Harbor's uprising

came after two were out in the fifth inning. They used seven hits and three walks to do their scoring. Cliff Hunt's two-run double was the big blow of the inning.

Hickam 7—HM 3

Flyer left-hander Jim Go-lightly chalked up 15 strikeouts with a wide variety of breaking pitches in coasting to the win.

The Marines were again victimized by a "big" inning as Hickam pushed across five runs in the third to take a commanding 5-1 lead. Three 'Neck errors aided the Flyers as only two of the runs were earned.

Second inning doubles by Jerry Blackwell and Dick Mahoney had given the Marines a 1-0 lead in the second inning.

After Hickam's rally, they shortened the gap to 5-3 in the fourth inning with a pair of runs. Blackwell drew a walk, Gary Lambert singled, Mahoney walked to load the bases, and Blackwell and Lambert raced home on a throwing error by the Flyer's Ron Komine.

Bacon coined three singles in the ball game and raised his average to .350, high on the 'Neck team. Mahoney had a triple to go along with his two bagger, in three trips to the plate.

Rovansek Hurls Three-Hitter

K-Bay Marauders Triumph Twice; Grab Second Place In Sr. League

The K-Bay Marauders baseball team moved into second place in the Senior Division of the Armed Forces Youth Association Baseball League by scoring wins over Ft. Shafter and Barber's Point.

A four run first inning,

highlighted by consecutive hits by John Newton, Walt Mortimer and John Funk, provided the cushion as the Marauders downed Shafter 7-2 last Tuesday.

Funk picked up his second win in a row for K-Bay as the Jr. 'Necks ran their record to 2-1.

They made it 3-1 last Thursday at Barber's Point when they downed the Pointers 9-2. Lefty Joe Rovansek fired a three-hitter and fanned ten in picking up the win.

Rovansek was also a hitting star for the Marauders as he collected three hits including a two-run double. Doug Austin also had three hits for the Marines and Jerry Funk added a pair.

K-Bay broke the game open in the fifth as they tallied five times to take a 7-1 lead.

Austin started the scoring parade as he singled home Dave Merchant and Dan Dufrene. After a wild pitch and a sacrifice, John Funk walked and stole second before Rovansek unloaded his double which sent Austin and Funk scurrying home. Rovansek scored the fifth run of the inning as Jerry Funk singled him home.

Tourney Starts Tomorrow

Two Klipper Club Golfers Will Defend Championships

Some 70 golfers are expected to tee-off tomorrow in the opening round of the Klipper Club Championship Tournament at K-Bay's Klipper Golf Course.

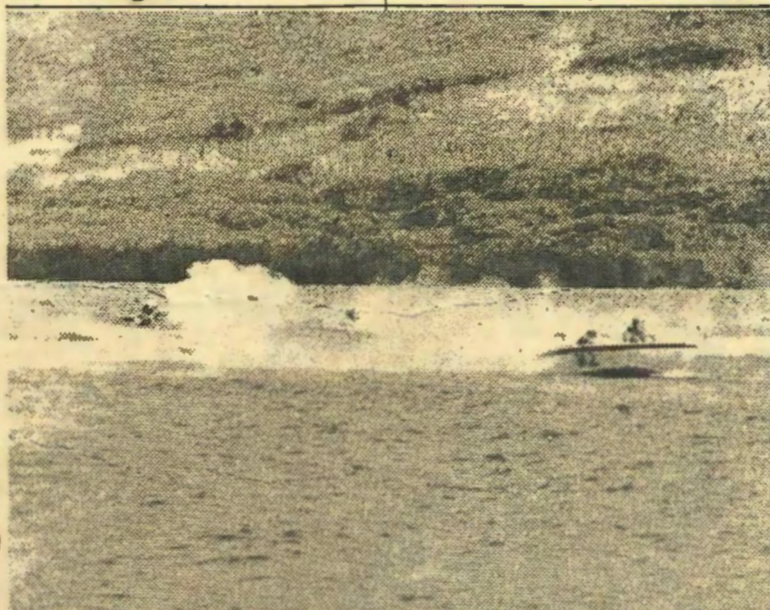

The 36-hole match tourney, which was won by 1st Lt. J. F. Walker last year, will end Sunday with a new club champion being crowned. Lieutenant Walker has rotated from Hawaii and will not be here to defend his title.

Only four of last year's winners and runners-up are expected to return for this year's two-day, tourney.

Tom Branham, who won the championship flight of last year's tourney and was runner-up for the low-gross trophy with a 296 for 72 holes, has entered this year's tournament.

The only other defending champ will be Sgt. W. C. Hough, Station ISO, who won the low-net trophy with a 276.

Two of last year's runners-up, LtCol. R. L. Gover, Station Assistant Operations Officer, and Maj. B. E. Simmons, USAF, have also entered. Colonel Gover was second in the "B" flight while Major Simmons was runner-up in the "A" flight.

Sergeant R. W. Leslie Scores Third Skeet Win In As Many Matches

For the third straight week in a row, Sgt. R. W. Leslie, NCOIC of the Station Skeet Range, has won a trophy as high shooter in his class in a Skeet shoot.

Sunday the sharp-shooting Sergeant fired a 94x100 in a meet at the Honolulu Gun Club to capture first place in the "E" division of the .12 gauge competition.

Sergeant Leslie, the only K-Bay Marine participating in the open meet, had previously scored consecutive wins in the Mahoemua Open at the K-Bay range and in the Wiki Wiki Open at the Hickam Gun Club.

Each trophy has come a little easier for the Sergeant as he has improved his score each time. His winning count in the Mahoemua meet was 90x100 and at Hickam it was 92x100.

Football Officials

All personnel interested in becoming football officials are invited to attend the Armed Forces Officials Association meeting at Hickam AFB.

The meeting is slated to be held at the Hickam Youth Center and will get underway at 7 p.m. on July 12.

Interested personnel, experienced or otherwise, are urged to attend this meeting.

Golf Etiquette

Always stand still and keep quiet while other players are putting. Keep a good 10 or 15 feet away from the hole and from the player who is putting. Be sure that you are not standing in line with the hole and the player.

Do not walk in the player's line of putt, especially if it is wet. Your shoes will make indentations in the green and make your opponent's putt more difficult.

When finishing putting, don't loiter on the green. Proceed quickly to the next hole, marking scores after you have departed the green.

FCU Board of Directors Announces 5½ Per Cent Profits for Shareholders

The Board of Directors of the MCAS Federal Credit Union declared a 5½% dividend on shares held on deposit for the six-month period ending June 30, 1965.

Some 4400 members with shares totaling more than \$960,000 will reap the harvest on their investments according to Capt. Vince Caracio, FCU treasurer.

"The rate of 5½% compounded semi-annually is considerably higher than other savings institutions," Captain Caracio said.

Interest of 1% per month on

the unpaid balance is charged for all loans except for new car loans where 3/4 of 1% per month on the unpaid balance is charged.

FCU officials noted that the low interest charge, high share dividends plus insurance at no extra cost on loans to \$5000 and shares to \$2000 makes the Station's credit union a very unique financial institution.

Membership in the MCAS Credit Union is open to both military and civilian personnel working aboard the Air Station. Complete details can

be obtained by visiting the FCU in Building #401 (behind

The MCAS Federal Credit Union will not be open for normal business next Thursday and Friday in order to prepare necessary semi-annual shareholders' statements.

On Monday the office will again be operating on its regular hours according to Capt. V. D. Caracio, treasurer of the organization.

O-Wives' Club Seek Household Articles To Replenish Temporary Hospitality Kits

By Margaret Cox

Moving dates, movers, moving, and more moving dates, movers and moving — that is the real topic of every conversation about now.

It makes all of us truly sisters because each of us knows what our neighbor is going through — and what is facing us.

The ones that are ready to go will be missed and we all wish them well, but the real "in" crowd now are the ones that are using for their motto the phrase, "we'd rather fight than move."

Of course, move they will when they must, but it's good to have some of the old bunch around to keep the wheels turning during the big push-off season.

Right now is a good time to check your own household and see what you have that you

could spare for the hospitality kits.

Dottie Hershey is now in charge of that department for the O-Wives and could use dishes, glasses, sheets, irons, pots, pans and most anything of a housekeeping nature that could be put to use while a family waits for transportation out, or for furniture to arrive.

If you have something to share, and most of all, if you need to borrow the kit, please call Dottie Hershey at 253-503. She is a busy mother, so if you miss her the first time, keep trying, she is home some of the time.

The children have been out of school for awhile now, and Summer Fun is taking up some of their time and energy. It's time to give some thought to ol' Mom and what she would like to be doing both

now and in the Fall.

Pauline Richardson is waiting by phone number 253-176 just to take your name and note your interests. How about asking her for an exercise class to build beauty but not muscles?

Surely there is a bunch that would like to know how to cook, or to make a cake look interesting. If we name it, Pauline will try to set it up for us, so let's put her to work.

Stay busy, dear friends, keep smiling and don't forget to write. Somebody needs a letter from just you, I bet.

Letters to Vietnam

LtGen. V.H. Krulak, FMFPac CG, will take along a bag of personal letters from the wives, children and sweethearts of men now serving in Vietnam who were formerly stationed here when he departs Monday on another inspection trip of the combat area.

The letters require no postage, however they must have the Marine's or Navyman's regular unit address.

Letters may be deposited in the special mailbox erected in front of the Headquarters Building (#215) from today until noon on Monday.
