GI Bill may increase by 40 per cent, get much more liberal

WASHINGTON (Navy Times) — A 40-percent boost in GI Bill education rates has been approved by the Senate but not before the last minute withdrawal of an amendment by Sen Charles McC. Mathias to make benefits even more liberal.

The legislation, as passed by the Senate, is much more liberal than a similar measure approved by the House early this year. Because of major differences between the two, there's fear a GI Bill rate increase won't become effective by the start of the school term.

Senate Veterans Affairs Committee Chairman Sen. Vance Hartke says the Senate bill will bring GI Bill rates to what World War II veterans received.

The Mathias amendment would have authorized the Veterans Administration to pay up to \$1000 annually towards a veteran's tuition, in addition to his regular GI Bill allowances.

Mathias withdrew his amendment after receiving assurances from Hartke that

he would conduct a study of the "direct tuition aid" idea to be completed early next session.

Another factor influencing Mathias' withdrawal of the tuition aid amendment was the strong opposition of the House Veterans Affairs Committee.

The Senate bill would raise GI Bill rates from \$175 to \$250 for single veterans, from \$205 to \$297 for veterans with one dependent and from \$230 to \$339 for veterans with two dependents. The rate paid veterans for each additional dependent would be increased from \$13 to \$21.

The House bill would raise rates an average 14.5 percent — to \$200 monthly for single veterans, to \$234 for veterans with one dependent, and to \$262 for veterans with two dependents.

There appears little doubt that a compromise between the Senate and House recommendations is possible. But other provisions of the Senate-passed bill could hold up payment of higher checks to veteran students beyond September.

House Veterans Affairs Committee Chairman Rep. Olin Teague says he's disappointed with the Senate bill. The Senate bill contains so many "extra issues and complications" he said, "that it's doubtful that we can get these raises to veterans by the beginning of the fall term."

He said he doubts whether the House Veterans Committee has jurisdiction over several proposals in the Senate bill.

The Senate bill includes a proposal to permit GI Bill recipients to borrow up to \$1,575 a year in addition to receiving the monthly GI Bill payments. This means a veteran would be able to borrow the difference between what he receives in allowances and school costs.

Teague noted that Congress passed one of the "most liberal higher education loan measures in history early this year," and said, "I can't see why we would want to create another layer of administrative chaos on top of that."

The Senate bill also contains an advance pay proposal but different from that approved by the House.

The Senate bill would have the veteran pick up his advance check at his college of enrollment at the beginning of the school term. The House bill would have the check mailed directly to the veteran.

One House provision agreed to by the Senate would equalize treatment between women and male veterans in receiving VA benefits.

The Senate bill would make several changes in VA policies dealing with correspondence study to better protect the veteran student. One change would require each correspondence school enrolling GI Bill students to establish a refund policy.

Veterans would have three days after signing a contract to cancel course plans and the school could charge no more than 10 percent of the cost of the course or \$75, whichever is smaller.

The Senate turned down the House-passed provision which would have required veterans enrolled in mail study to pay some of their own tuition costs.

HAWAII

MARINE

Vol. 1, No. 7 Helping to keep Hawaii Marine green Aug. 18, 1972

Lieutenant General Louis H. Wilson Jr., gets insignia of new rank pinned on by his wife, Jane, and General Earl L. Anderson, Assistant Commandant of the Marine Corps, during a ceremony Aug. 8. LtGen Wilson, a Medal of Honor winner in World War II during the assault on Guam, will command Fleet Marine Force, Pacific, with Headquarters at Camp Smith upon the retirement of LtGen W.K. Jones in September. (photo by Cpl Michael C. Gasaway)

LtCol Wehrle takes Camp reins; Col McLennan leaves for D.C.

CAMP SMITH — A former enlisted man and a veteran of three wars, LtCol Robert E. Wehrle, assumed command of Camp H.M. Smith and Headquarters and Service Battalion, Fleet Marine Force, Pacific, Monday relieving Col Kenneth McLennan.

Col McLennan, who has been selected for brigadier general, departed Oahu Tuesday to become the Marine Corps Liaison, to the Chief of Naval Operations, Washington, D.C.

The new Camp Commander has been serving as the Executive Officer under Col McLennan since Aug. 2, 1971.

Prior to serving in Hawaii, LtCol Wehrle was the Battalion Commander of HqBn, 1st Marine Division and on stand down of the Division in Vietnam, returned HqBn to Camp Pendleton.

LtCol Wehrle joined the Marine Corps on Apr. 1, 1942 and attained the rank of sergeant before being commissioned in 1950.

The colonel served with the 8th Defense Bn and two artillery battalions during World War II and as Commanding Officer of the Marine Detachment, USS Helena CA-75 during the Korean War. He was promoted to his present rank in July 1966. Included in LtCol Wehrle's decorations are the Meritorious Service Medal and the Air Medal.

LtCol Wehrle and his wife, the former Dorothy B. West of Dunbar, W. Va., have two sons, 2ndLt Robert A. Wehrle, USMC, Midshipman Daniel A. Wehrle, U.S. Naval Academy and two daughters, Robin and Kimberly, residing at 751 Elm Circle, Pearl City.

Mistakez will happen

Last week's issue of the Hawaii Marine had an error on the front page that literally placed a brigadier general selectee thousands of miles in the wrong direction of his new duty assignment. We regret our unfortunate error which stated Col Kenneth McLennan's new billet would be "Marine Corps Liaison to the Chief of Naval Operations out of Vancouver B.C." That geographical location is in fact the colonel's place of birth, not his new base of operations. The actual correct billet places him in Washington, D.C.

PH Marines 'build' youth program

by Sgt George H. Holtry

MARINE BARRACKS, PEARL HARBOR — Marines of the Wahiawa/Kunia Marine Detachment have been working hard and devoting a great percentage of their off-duty time to help set up a youth program for the dependent children at Naval Communication Station, Honolulu.

Since the program started in December 1971, over 50 percent of the help has been contributed by Marines, resulting in the construction of a baseball diamond and the renovation of a building for the Youth Center done completely by Marines.

The Marines are also involved in the sports program as coaches, officials and supervisors. CTO1 Fred C. Nail, USN, stated the sports program would never have gotten off the ground or kept up the pace it has without the effort that was put forth by the Marines.

The whole program is set up on a volunteer basis, which has resulted in 350 to 400 man-hours a month contributed by Marines. As a direct result of this, 18 Marines have received Letters of Appreciation and another

16 are in the process of being presented.

Special recognition was given to Marine Dependent Penny L. Holtry, wife of Sgt George H. Holtry, for all the help she has contributed to instructing the dependent children on swimming techniques and water safety, and also for the tireless hours she has spent in the Youth Program.

All-in-all, the Marines working hand-in-hand with the Navy have started a Youth Program which has proved to be inexpensible in providing the youth of Naval

Communication Station, Honolulu, an exciting and eventful time.

The program is still young but many good plans have been brought forward and with continued vigor and spirit that has been put forth so far, it is felt that the program will continue to be a great success.

CTO1 Nail and CTRSN Rick A. Nelson, Director and Assistant Director, respectively, have expressed their appreciation and highest regards for the help and good turn-out of the Marines at the Wahiawa/Kunia Marine Detachment.

Capt Reston earns degree from USC

MB, NAS, BARBERS POINT — Captain Victor F. Reston, Executive Officer of the Barracks, has been awarded a Master of Science degree in Systems Management in ceremonies at Hickam Air Force Base.

The degree culminates two years of nighttime study under the auspices of visiting professors from the University of Southern California, Los Angeles.

Captain Reston is a 1968 graduate of the U.S. Naval Academy and has been serving at Barbers Point since April 1970. He is presently slated to attend Amphibious Warfare School, Quantico, in February 1973.

Capt Reston

Before using a ladder, check to see that rungs, rails, and other parts are in good repair and securely fastened.

from BGen Armstrong

I join the officers and men of the 1st Marine Brigade in paying tribute to the United States Navy Dental Corps on the occasion of its sixtieth anniversary on Aug. 22, 1972. This date also marks the first anniversary of the 21st Dental Company, 1st Marine Brigade, Fleet Marine Force.

All the Marines, Sailors and their families from this Air Station extend sincere appreciation to the 21st Dental Company for the splendid services provided to all of us during this past year. Your able professionalism and dedication has contributed immeasurably to the readiness and effectiveness of the Brigade air/ground team. Further, your unique and unprecedented programs to increase the state of dental health for the handicapped children of Molokai is indicative of the deep commitment of your Dental Company to the enrichment of the lives of all those you serve.

We salute the officers and dental technicians of the 21st Dental Company on this day and look forward to your continued success.

BGen V.A. Armstrong CG, 1stMarBde

Statehood, Dental Corps honored at Colors today

K-BAY — The Colors Ceremony held in front of the Headquarters Building (215) this morning was dedicated to three anniversaries and the presentation of the Navy Commendation Medal to a Navy Dental Technician.

It was the fiftieth star on the Colors themselves, a symbol of the statehood of Hawaii, that received top billing at the ceremony as the 1st Marine Brigade Drum and Bugle Team played the Aloha State favorite song called the Hawaii Hono.

BGen V.A. Armstrong CG, 1st MarBde, expressed congratulations to the Aloha State's visiting dignitaries, which included State Senator Robert

Taira, saying "On this, the thirteenth anniversary of Hawaii's statehood, the officers and men of the 1st Marine see Statehood, Dental Corps, page 5

Capsule Briefs and Bennies

GENERAL INTEREST

SCHOOL CREDIT - You may be able to receive civilian credit at a high school or college for your Marine Corps formalized school training. If you're studying high school or college courses, check with a civilian school adviser to see if any military courses you have completed can earn you any advance credit toward your diploma or degree.

THE BETTER TO SEE YOU WITH - Military dependents may have their eyes examined at military medical facilities and as a result be given a prescription for the appropriate glasses, however, the glasses will not be issued by the medical facility, but must be purchased on the open market.

FLIGHT ENGINEER TRAINING AVAILABLE - Aviation Mechanics holding MOS 6016 or 6026 are encouraged to apply for training to qualify as a KC-130 Flight Engineer. Prerequisite requirements as set forth in MCO 1200.7A state that a Marine must pass and maintain physical fitness in accordance with current Bureau of Medicine and Surgery requirements for aircrew duty. In addition to this, the Marine must hold a 6016 or 6062 MOS and be at the sergeant level.

Those selected for training will be assigned MOS 6031 and will receive on-the-job training with a VMGR Squadron and will attend the Naval Aircraft Maintenance Training

Detachment at MCAS El Toro for the KC-130 systems courses. Estimated time in training is one year. Once qualified, the Marine will be assigned MOS 6038 and be assigned to regular flight crew duties.

PFT COUNTS FOR PROMO - The fiscal year 1973 SNCO Selection and Review Boards and all subsequent boards will receive instructions concerning the importance to be given to Physical Fitness Test results. Boards will be advised that failure to successfully complete the PFT will be considered by the boards in selecting Marines for promotion, such failure, however, will not of itself be a bar to selection but will be considered with all other facets of the Marine's past and present performance and his potential for high responsibilities.

SECURITY DUTY - There is a critical shortage of Marines needed to serve as embassy guards in the 102 embassies around the world. Marines selected may be assigned to such places as London, Rome, Paris, Hong Kong and Tel Aviv. Only unmarried lance corporals and above are eligible for the Security Guard Program, however, exceptionally qualified privates first class may be granted waivers by HQMC.

Assignment to the program is voluntary due to the requirement that sergeants and below remain unmarried until completing a tour of duty. Other requirements are: be a volunteer and a citizen of the U.S.; have at least 30

months obligated service or agree to extend or re-enlist to meet this requirement; have a minimum average conduct and proficiency mark of 4.0; have weight in proportion to height; have an excellent conduct record; and a minimum GCT of 90. For more information check MCO 1306.2C or check with your career planner.

SHOW YOUR ID CARD - All patrons of the Navy Exchange, Pearl Harbor must now show their ID cards whether in complete uniform or civilian clothes at the point of sale prior to making a purchase.

MEXICO INDEPENDENCE - The celebration of the Independence of Mexico will be held at the Mexican Inn, Knights Palace located at 2300 N. King Street, Honolulu on Sept. 14-16. For more information call 845-0489 and ask for Consuelo.

SPACE A REGS CHANGE - A new Department of Defense regulation has moved active duty military members into the second highest space available category. All space available travelers will be registered under the following priorities: Category I is for all emergency travel; Category II includes active military members and their dependents; Category III is for college student dependents; Category IV, is new priority, includes retired military and their dependents. Space A travelers are still authorized to register for one or up to five destinations, but, if they fail to respond or refuse a call for a scheduled flight, they will be

removed automatically from all destinations.

AIRPORT CHANGES - The Honolulu International Airport has made extensive renovations and expanded facilities for handling passenger departures and arrivals. An entire new airport building, the Ewa Wing, has been added to the former area, The Diamond Head Wing. Airlines using the Diamond Head Wing include Continental Airlines and Air Micronesia, United Airlines, Seaboard World Airways, Braniff International Airways, Trans-International Airlines, World Airways and the various MAC carriers. Airlines using the Ewa Wing include: Pan American World Airways, American Airlines, Northwest Orient Airlines, Trans World Airlines and Western Airlines.

MARINES BECOME MOVIE MAKERS - Two complete color studios built inside 35-foot vans have been delivered to the Marine Corps to produce video tapes for use on TV monitors in classrooms at various posts and stations. The mobile TV studio will be used by the Marine Corps' East and West Coast Motion Picture Units located at the Marine Corps Development and Education Command, Quantico, Va., and at Marine Corps Base, Camp Pendleton, Calif.

K-BAY

BAQ ENTITLEMENT - All corporals over four years service and above who are receiving basic allowance for quarters are required to resubmit annually a NAVCOMPT Form 2040 to resubstantiate entitlement to BAQ. All personnel receiving BAQ will have to refile the required dependency certificates by Sept. 30 to receive BAQ from Oct. 1 and afterwards. If you are living in government quarters or in receipt of BAQ on right filing is not required. If your certificate is unusual i.e., divorced, step children, or dependent parents, contact the disbursing chief for assistance. Don't wait until the last minute to get it done.

OPTICAL SHOP CLOSURES - The Optical Shop at the Main Exchange, Bldg. 1090, will be closed from Aug. 22 till 28. The shop will reopen on Aug. 29.

ON BASE EDUCATION - Registration is now going for the courses offered by St. Louis High School, Adult Division. The courses, Government, Math, English and Developmental Reading will begin on Aug. 30. Developmental Reading is an optional course. To register contact Mrs. B.M. Nunez at the Joint Education Office or call 254-4788.

Courses given by St. Louis High School have been increased to seven weeks (63 hours). The Classes will be given on Monday, Tuesday and Wednesday evenings from 6 to 9 p.m. The new dean of St. Louis High School, Adult Division is Dr. Clarke E. Vollbrecht, Ph.D. He can be reached at 737-7917.

LEEWARD SIDE SCHOOL PHYSICALS - School physicals for persons receiving primary care at Naval Station, Pearl; Camp Smith; and Makalapa will be given as follows: Saturday, Aug. 19 from 8 a.m. to noon - boys only; and Saturday, Aug. 26 from 8 a.m. to noon - girls only. Complete information and forms regarding required vaccinations, inoculations and dental requirements are available at Navy Commissary, Navy and Marine Corps Exchanges and NAVSTA Dispensary, Bldg. 140. Measles vaccine is now available from 1 to 4 p.m. at the NAVSTA Dispensary.

Aug. 21, 1968 - Private First Class James Anderson Jr., was posthumously awarded the Medal of Honor by the Secretary of the Navy Paul R. Ignatius for action in Vietnam in February 1967. Anderson was the first Black Marine to win the Medal of Honor.

Sunburn is a very 'touchy' subject

by Lt (j.g.) J.M. Moody

OAHU - Golden sunshine, gentle tradewinds, crashing surf, picture postcards - things for which Hawaii has traditionally been famous. But, as the old adage states, too much of a good thing can be bad. Dangers lurk in the peaceful picture painted above.

The most overriding of these is too much sunshine and its painful repercussion, pain from sunburn. Pain is the most common symptom and anybody who has ever been sunburned is familiar with it. But few individuals are cognizant of the other dangers

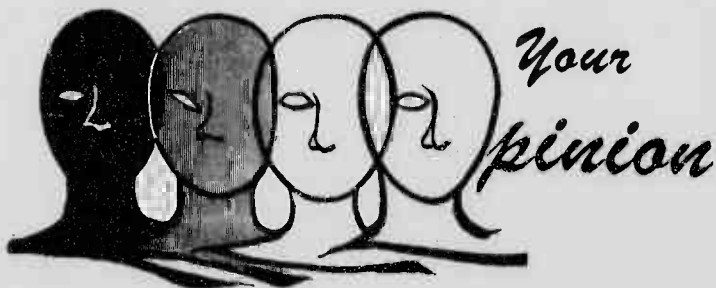

inherent in sunburn. These are infection and loss of mobility with possible incapacitation.

Whether a man receives a 1st degree burn, accompanied by painful redness, or a 2nd degree burn, accompanied by severe pain and blistering of the skin, infection is always a primary concern. Though infection is rarely seen in 1st degree burns, staphylococcus infections can develop in 2nd degree burns if the area is not kept properly clean. Also, when dealing with 2nd degree burns, incapacitation is always a possibility. As the skin begins to peel and crack, the pain may become so severe as to prevent the usual mobility of the individual and may even necessitate an in-patient stay at a medical facility if the burned area is extensive enough.

Having acquainted ourselves with the dangers inherent in too much sun, we should all be interested in

protecting ourselves. There are a number of ways to do this, the primary method being exercise of common sense. If you come from an area where those parts of the body usually covered with clothes, i.e. torso and legs, have not been exposed to the sun very often, you should endeavor to build up your tolerance slowly. Exposure to the sun should be limited to a maximum of 15 minutes and slowly increased after that. Suntan lotions are generally helpful but never completely effective in screening out the harmful radiation from the sun. Even with the use of lotions, time in the sun should be increased with caution.

The best way to avoid these problems is simply to stay out of the sun whenever possible. The acquisition of a suntan can and should be done without becoming a medical facility statistic.

With deepest gratitude we extend this word of thanks for the many kind acts of sympathy, expressed by thoughtful friends, during the death of our dear daughter Nicole Felisha. A very special thanks to all at the Joint Law Center at K-Bay, the Chief of Staff and the Commanding Officer of the Marine Air Wing and everyone at K-Bay. These kindnesses have meant so much to us.

William and Gwendolyn Overstreet and Andre

opportunity for active duty military personnel, dependents or civilian employees to express personal and/or professional opinions on matters that relate to areas of interest at their base or within the Marine Corps. A serviceman's name, rank, organization and phone number are required with each submission. Civilian employees/dependents are requested to include work section/address and phone number. Each letter must be signed. Names will be used.

Chaplain clarifies stand

"Recently, rumors have recirculated back to me that I've supposedly counseled young men to desert our military forces. I've even heard, and so have others, that after a counseling session with some military types, that I've even "prayed" with them and then encouraged them to go UA or AWOL or even desert, and split to Canada or some other foreign country, or to seek sanctuary, or hide out. On a couple of occasions I've been asked to give sanctuary to an AWOL soldier, but I strongly refused.

"I have never been involved in encouraging desertion from our military. I doubt if I ever will, unless there is a drastic change in our armed forces. At the moment I have the highest regard for our military, and thank God for their existence. Likewise, I have great respect for the leaders of our various military branches on Oahu.

"When Jesus confronted a soldier He told him to "be the best soldier he could be." I would emulate our lord long before I would lower myself to the level of encouraging desertion. Instead I would tell any of our military men and women to be "the best they could be" - setting examples for both military and civilian to follow-being a dedicated worker-defender of our nation and its lofty principals-and, at all times, a gentleman or lady.

"If someone is hassled (aren't we all at times?), I'd encourage them to pray it out-talk it out-or wait it out. But to imitate the writer of the 55th Psalm who "wanted wings of bird to fly away from it all," is no positive solution. I'd also recommend that if they truly felt conscious-bound to desert that they should be prepared to happily accept the consequences.

"I sense that some people either knowingly or unknowingly, are attempting to undermine my good working relationship with the various Oahu military leaders and some of their associates. This won't and can't happen. Rumors of this ilk have been spread in the past, and recently it has been more frequent. These rumors are a cop-out by whoever is spreading them, and, an out-and-out lie."

Rev. Bob Turnbull
Waikiki Beach Chaplain

Chaplain's column

Weeds, wheat grow together

by Chaplain Patrick F. Sweeney

Parables concerning wheat and weeds and their growth together are the centerpiece of many of our Lord's discourses. They have a special meaning for all of us today, namely, in those real-life situations which are beyond our ability to change or control. Our energies should be devoted not to judging the evil in the world and in those around us, but rather to understanding the processes by which good and evil become entwined in our lives. Looking at these parables in this light will teach us many lessons.

First of all it will teach us patience, not only with others but also with ourselves for when we come to reflect on evil in the midst of good, we soon discover that along with the weeds there also exists the Kingdom of God.

Next it will help us overcome discouragement for we will realize there is no life or growth apart from God. If the weeds (evil) remain, it is because God himself respects so deeply the processes of growth within life itself which He has fashioned.

The last lesson we will learn is that of trust - trust in life, trust in process, trust in God, and trust that in becoming attached to Jesus, we will find that our disordered attachments have melted away.

It is easy to find fault with our neighbor and the world. Anyone can be destructive. Our Lord in these parables is asking us to grow and be constructive in life. Weeds and wheat grow together in life but in the end only the wheat is harvested. So it will be in the Spiritual order.

Safety first

THE BEST SAFETY DEVICE IS BETWEEN YOUR EARS

Marine Corps' protective Abestos uniform for aviation crash crewmen may seem spacious to Girl Scouts' Michelle Peveler (left) of Kaha and Charlotte Hutchinson, Kaneohe, but Sgt Ken Daub assures them it's A-OK for Marines. The two scouts, along with several others from Windward Oahu visited the Marines at K-Bay, Aug. 2. (photo by LCpl Mike Lane)

Island Spotlight

The deadline for the submission of material to Island Spotlight is noon Monday (10 a.m. at Camp Smith). Contact your area correspondent for more information.

Receiving their high school diplomas from St. Louis High School were LCpl Mark D. Burns (left) and Sgt Paul M. Coe (right). Col A.I. Thomas, CO, Marine Barracks, Pearl Harbor, presented the Marines with their diplomas after they finished first and second in their class. Col Thomas praised their efforts to improve their educational standing.

MARINE BARRACKS, PEARL HARBOR

Completing MCI courses were: Capt O.W. McCormick, and SSgt W.M. Swanson, Operations Against Corilla Units; LCpl L.E. Hoze, Principles of Automotive Vehicles; LCpl D.A. Booth and LCpl W.B. Thomas Jr., The Marine NCO; and Cpl R.S. Miller Jr., Basic Wire Communications.

Receiving Letters of Appreciation were the staff and cooks of the Messhall at Marine Barracks, Pearl Harbor for winning the number one Small Mess Award in the Major General W.P.T. Hill Messhall Award. The Letters of Appreciation were presented by Col A.I. Thomas, Marine Barracks CO. Pictured (from left) are: (first row) GySgt Allen Brunner, Mess Management Chief; Col Thomas; GySgt John O'Brien, Mess Management Chief; (second row) Sgt Samuel Hope, Chief Cook; Cpl Ralph Hilton, Cook; LCpl Floyd Wilson, Baker; Cpl Don Miller, Chief Cook; (third row) Sgt Robert Butt, Property and Stores NCO; Cpl Kim Crisman, Cook; and LCpl Gerald Martinez, Cook.

FMFPac wins All Marine

The FMFPac Softball team, dominated by the Hawaii Marine softball team, and augmented by two Marines from MCAS, Iwakuni, won the 1972 All-Marine Softball title on 11 August 1972 at Camp Pendleton, California. The Hawaii Marine team had won the FMFPac Regional Softball title at MCAS Kaneohe 26-30 July with a five game sweep of the series with the MCAS, Iwakuni team. From these two teams, the Hawaii Marines had 12 players and a coach, while MCAS, Iwakuni had two players named to the FMFPac team.

The FMFPac Softball team opened the double round robin All-Marine Softball tournament on 7 August with a 3-1 win over the East Coast Marines.

That afternoon, the FMFPac team suffered their only loss of the tournament to the West Coast Marines, 4-1.

The next day, the FMFPac Marines defeated the Camp Pendleton Varsity 5-0 in the morning and the East Coast Marines again that afternoon 5-0. After two days of play the FMFPac record was three wins and one loss.

On the third day of the tournament, the FMFPac Marines avenged their loss on Monday by beating the West Coast Marines 4-3. The FMFPac team behind 3-2, scored two runs in the bottom of the seventh inning to win the game on key hits by Hawaii Marines Dee Desjardin and Mike Cocking. The next day, the FMFPac Marines completed tournament play with an extra inning victory of 2-1 over the Camp Pendleton Varsity in eight innings. In this game, pinch hitter Johnny Ridgeway, of the Hawaii Marines, doubled in the bottom of the eighth, knocking in two runs for the win.

On completion of regular play, of the double round robin

tournament, the FMFPac Marines and West Coast Marines were tied with identical 5 wins and 1 loss records. This tie was broken with a play off game on the morning of 11 August. The FMFPac team battled West Coast pitcher Buck Brown for two runs in the first inning and Hawaii Marine Pitcher Chuck Slavens continued to pitch flawless ball for seven innings, as he had done in the five victories, for a 2-0 win and the 1972 All-Marine Softball title.

Hawaii Marine first baseman John Ridgeway led the FMFPac hitting attack with a .537 average, Hawaii Marine third baseman Scott Hakala hit three home runs in the tournament and FMFPac pitcher Chuck Slavens, of the Hawaii Marines, had the best pitching record with six wins and no losses. Eight players and the coach of the FMFPac Softball Team were selected for five regular positions, three alternates and Coach of the All-Marine Softball team.

Softball Championship

Selected from the FMFPac Marines for the All-Marine Tournament team were 1stLt Chuck Slavens-pitcher, 1stLt Mike Cocking-Utility Infielder, Sgt Scott Hakala-Third Base, Sgt Wayne Norman-Outfielder, 1stLt John Ridgeway-1st base and Capt Dick Vercauteren-Coach, all from the All-Marine tournament team on the All-Marine team as alternates were Cpl Mike Baldwin-Outfielder, Cpl Bob Lee-Catcher and 1stSgt Jim "Budda" Coryer-Coach. LCpl Mike Broz from the MCAS, Iwakuni team was also selected as an alternate outfielder.

Capt Vercauteren and 1stLt-Cocking returned to Hawaii because of duty and alternates 1stSgt Coryer and Cpl Bob Lee replaced them on the All-Marine team. The remaining members of the All-Marine FMFPac team were Capt Reid Carlock, 1stLt Chuck Collins, 1stLt Dee Desjardin, GySgt Don King of the Hawaii Marines and GySgt Dan Simpson from MCAS.

Iwakuni.

The All-Marine Team presently is practicing at Camp Pendleton until 25 August when they will leave for Kirtland AFB, Albuquerque, New Mexico for the Interservice Softball Tournament 28 August - 1 September 1972.

Winning the All-Marine Softball Title, gives the FMFPac Marines a clean sweep of All-Marine Team championships for 1972. The Okinawa Marines won the All-Marine Volleyball title, while the Hawaii Marines have won the All-Marine Basketball and Softball Team championships.

SSgt Joseph P. Deeruze, left, and 2ndLt Joseph Jelinske of CommsupCo combined last week to tie and break the standing range record with scores of 241 and 242 respectively. They were shooting on the KD Course.

HawMar's conquer Cartwright Tourney

The season started January 2, 1972, and drew to a close August 3, 1972; during the interim the Marines compiled a 32-20 record and won the

Hawaii Major League Cartwright Championship.

In the Puerto-Rican Winter League, the Marines won 8 and lost 6.

The leading hitters for the Marines were Jim Davis .375, Ron Smock .358, Mike Terry .333 and Jim Hawkins .309. Roger Walters led the pitching staff with a 4-0 record and a 3.00 ERA.

The HAW MARS were 18-12 in the tough Hawaii Major League which is loaded with ex-professional and top notch college players. Ron Smock led the Marine sluggers with a .315 average followed by Mike Terry .308 and Hal Norton .304. Norton led the team in home runs with 3 and RBI's with 31.

Roger Walters led the pitching corps with a 1.35 ERA and a 7-3 record while Bruce Courterier with a 1.80 ERA and a 2-0 record turned in many fine relief appearances. Buster Mathis ERA of 2.48 and a win/loss record of 4-6 rounded out the bulk of the pitching staff.

During the Cartwright Series, the

Hawaii Marines ran away with the championship with a 6-2 record. Six Marines hit the heralded .300 mark during the play-offs: Roger Keagy led the hitting aggregate with a .379 mark followed by Jim Hawkins .360, Mike Terry .357, Jim Davis .350, Ron Smock .322 and Hal Norton .313.

Bruce Courterier won 3 games in relief appearances and compiled a 1.12 ERA.

The Marine hopes for a brighter future are enhanced by the fact that only three players will be lost from this years team. Next year the Marines are planning a spring trip to California and an August jaunt to Alaska followed by an invitation to the National Baseball Congress Championships at Wichita Kansas.

Any person wishing to try out for the Marine team should contact Force Special Services at 39-938/939.

Sergeant C.L. Constance receives a certificate from Lieutenant Colonel L.R. Gaboury 1/3 CO, for being the top heavyweight on the All-Marine wrestling team. The certificate was signed by General R.E. Cushman Jr. Commandant of the Marine Corps. (photo by 1/Cpl G.R. Martinez)

In 24 minutes

Can you eat 30 bags of potato chips?

by Sgt Dave Koteles

One of the basic needs of a human being is recognition. And what better way to achieve that need than break a world record!

After all, the epitome of an athlete's career would definitely have to be the acknowledgment, that he is the world's best in his particular sport.

Unfortunately however, there are those of us who fall into the fair in football, rotten in track, and below average in everything else category. So, how do we go about breaking a world record?

Want to die? Don't read this

The number of Naval personnel killed in motorcycle crashes has shockingly increased 31.5% during FY-72. There were 71 motorcycle fatalities during FY-72 compared to 54 in FY-71. Even more shocking though, is the 20% increase in disabling injuries suffered by Naval personnel riding on, or operating motorcycles. There were 484 injuries during FY-71 in contrast to the 582 reported for FY-72.

As a result of this, and in order to minimize further injuries, it is mandatory that all personnel, both military and civilian who, operate or ride as passengers on a motorcycle aboard all Naval Installations, adhere to the following protective equipment requirements.

A full head helmet, which meets the American National Standards Institute, (ANSI) will be worn at all times with chin straps properly fastened. Goggles or face shields will also be required. However, the Laws of the State in which the motorcycle is being operated will take precedence in regards to eye protection when a conflict exists.

The wearing of shoes, (preferably boots) full length trousers, long sleeve jackets/shirts, and gloves are recommended as an added safety precaution.

Also, retro-reflective tape on helmets, back of jackets/shirts, and on the cycle is required during night use.

Commanding Officers are encouraged to stress motorcycle safety through any means possible. The attendance of any Motorcycle Operator Training Course or Program available locally is also encouraged.

First of all, we have to determine what activities do not necessitate athletic ability, but do claim world record holders.

The Guinness Book of World Records is a good source. Under Gastronomic Records for instance, there's quite a number of things one could do to achieve recognition, and you don't even have to leave your seat. You just have to enjoy eating!

If you're a bulimist (one who has a morbid desire to eat), you could instantly achieve greatness by simply eating 385 lbs. of food in six days! If your appetite is not that morbid, however, there are other ways to eat

your name into the hall of fame. How about 50 bananas in ten minutes, or 215 goldfish at a single sitting (I'm not sure, but I doubt if anyone would challenge your title if you swallowed one "live" Piranha) or even 40 lbs. of baked beans in less than an hour. The accomplishment of any of these would guarantee you a spot in the Guinness, and possibly the hospital!

For those of you who are light eaters, don't despair, there are other ways. If your best attribute is sleeping, why not try it on a bed of needle sharp nails for let's say, 27 hours! If you're a neat man with a pen, write the Lord's Prayer twice (someone has

already done it once) on the back of a postage stamp! And if you're a good man with your hands, try catching a baseball dropped from over 800 feet. I must warn you however, that the man who holds the record now broke his jaw in the attempt!

Last but not least, anyone who spends most of their lives talking down people who stuff their stomachs, play ping pong for hours, or stand on their heads for days just for recognition, here's a suggestion. Just think what a "cut" it would be if you held the record for eating the Guinness Book of World Records!!!

Down the Alley

CAMP SMITH - After four weeks of bowling in the Male SNCO League here, it is turning out to be a one-team race, as the Goodguys have opened up a four-game lead.

The rest of the teams in this six-team league are having a running battle for second place. There are only two games separating the second place team from the last place team.

Some of the highlights of the season so far have been a real fine 608 series rolled by Bill Nickerson of the Goodguys, who is also the League President. Bill's 600 series became the first in the history of this league when he rolled games of 215, 213 and 180.

Other fine series after four weeks include: Manuel Concepcion, Seafares, 180/509; Joe Lobb, Kingpins, 194/541; Charlie Kyle, Movers, 183/529; Kee Lewis, Red Moustaches, 202/540; Mike Stanley, Goodguys, 204/541; Bill Hough, Goodguys, 186/522; Ed Green, Goodguys, 186/502; and Bob Mosher, Red Moustaches, 189/504.

There are still plenty of openings for the league. If interested, please call Bill Nickerson at 39-920 or Roger Green at 39-416.

A 207/550 by Curly Riffpe offset

League Standings as of Aug. 10

Goodguys	12 1/2	3 1/2
Red Moustaches	8	8
The Movers	8	8
Seafares	7	9
Kingpins	6 1/2	9 1/2
Mongoose	6	10

Leap frog--the football way. Practice started last Monday for Youth Football, and while under the watchful eye of their coach, these young men are probably saying, "Practice could be fun if the coach wouldn't show." (photo by Sgt Paul Reynolds)

Special Services offers

Amphibious fishing boat for hire

CAMP SMITH - If you've been itching to get out in that blue Pacific and pull in one of the "Big Ones", then Special Services has exactly what you need.

A 21-foot Boston Whaler Outrage is docked at the CINCPACFLT Landing in Pearl Harbor, just off Nimitz Highway, ready to go for any reason you can think of. Whether it be fishing, scuba diving, sightseeing or water skiing, Special Services has the equipment that you need.

If your pick is sightseeing, up to eight people are allowed on the trip. Only four, however, are allowed on

board during a fishing trip. The cost of the boat is \$16 per day which can be split up between the passengers. The boat is also equipped for night time activities if anyone is a nightowl diver or fisherman.

If the place you want to fish is on the other side of the island or maybe you live close to a ramp, the boat has a trailer to save long trips around the shore. All you have to do is tell Capt J.M. MacEvitt, Special Services OIC, where the boat launch is and what time you want to leave. The reservations can be made by contacting Capt MacEvitt at

39-467/468 during working hours only.

The boat is powered by two 65 horsepower mercury engines which will get you to your fishing spot fast and leave you plenty of time to have fun. They will also give you on request a thrilling water skiing ride.

No name has been given to the boat since it was purchased by Special Services in February of this year. If you know a name which you think fits the boat, please give it to Capt MacEvitt, SSgt James McCollum, NCOIC of Special Services, or PFC Steve Startz, the boat captain.

Members of MaintCo, PSB, form up to prove what hard work can accomplish. Some 80 Marines of the company received their 100-mile certificates last week. It took them 28 days to do it.

Capt Horne

MARINE BARRACKS, PEARL HARBOR—Capt. David L. Horne, Personnel Officer, Marine Barracks, is a hard man when it comes to physical fitness. Since joining this command in September 1971, Capt. Horne has run well over 1,000 miles in the Marine Barracks 100-Mile Club. For this achievement Capt. Horne has been awarded a 1,000 mile trophy from the CO, Col. A.I. Thomas.

'Back to school night for parents' to teach parents all about school

K-BAY — School time is less than a month away and the most confused parties involved may well be the parents.

To help ease the many questions of this base's parents in regards to their children's education, a "Back to School Night for Parents" will be held at the Mokapu Elementary School Cafeteria on Aug. 30.

All K-Bay parents of children who will be going to Mokapu Elementary, Kailua High School, Kailua Intermediate and Kalaheo Hillside Intermediate Schools are

urged to attend this special meeting.

Scheduled to commence at 7 p.m., the program includes talks by local education officials and visitation teams from the local schools.

It is the aim of this gathering to educate the parents on the types of schools their children will be attending, where to go and what to do in case of special problems, and to answer any specific questions concerning the local education scene.

This "briefing" of parents here on base by local school representatives is believed to be a relatively new

concept in the efforts of local commands to keep their personnel with school-age children better informed on the education opportunities available.

To maintain ongoing communications between parents, the command, and local school officials, a School Liaison Officer has been appointed here on base.

His name is Capt Ted Long, and for more information about the upcoming "Back to School Night" contact him at 73520.

Seabee breaks ground for new beach cottages

K-BAY — Construction began here this week on vacation beach cottages that will be made available to all FMFPac Marines.

After months of planning, the first bulldozer, piloted by a Seabee, started breaking ground on Monday in an area located beside of the Runway, in the Pyramid Rock area.

Soon the Seabee will be joined by a detail of approximately 15 to 20 fellow members of the Oahu Detachment of U.S. Naval Mobile Construction Battalion (USNMCB)-40.

Two beach cottages are in the works at this time.

One is a two-story unit for officers which will be able to comfortably accommodate six tenants overnight and the other is a duplex single floor building comprising two enlisted units which will also accommodate six tenants per unit.

Lieutenant Commanders R.G. McAllister, Station Optometrist; R.A. Cusick, Brigade Navy Personnel Officer, H.D. Pearson, Station Navy Administration Officer, and Lt G.R. Harrington, 21st Dental Company Administration Officer, share the cake cutting honors at K-Bay's Dispensary Aug. 4, the 25th anniversary of the Medical Service Corps. The above officers and Lt (j.g.) J.M. Moody (not pictured) are the only officers of the Medical Service Corps stationed at K-Bay. (photo by Sgt. Paul Reynolds)

It's 'bag your limit' time

The State Department of Land and Natural Resources has announced the beginning of hunting and fishing season for all anglers and hunters.

The hunting season for Blacktail deer on Kauai will be held on one Sunday and four succeeding weekends, Oct. 1 through the 28th, with the bag limit of one male Blacktail per hunter for the season.

There will be assigned hunting dates through a public drawing and the hunter will be permitted to hunt only

on the assigned day or days.

All applicants must have a valid hunting license and application and instruction forms are now available at all Division of Fish and Game offices through the state until 4 p.m., Aug. 30.

After the drawing, hunter permit-tags will be mailed directly to the hunter after the public drawing. Further details are available at Division of Fish and Game offices.

The Kaulanana'ana Access Road

to the Manuka Public Hunting Area on the Big Island (Hawaii) will be opened on Aug. 19 with hunting by permit only. Prior reservations are required.

Reservations may be obtained by calling the Division of Fish and Game 1110 the day before a weekend or holiday, allowing for two weekends per month per individual.

Hunters are required to check in and out of the Manuka Checking Station and fill out a hunter report before leaving the area.

The Honolulu Board of Water Supply announced that the Nuuanu Reservoir No. 4 will be open to weekend fishing for channel catfish beginning Sept. 16.

Thereafter, fishing will be permitted on consecutive weekends until all anglers with fishing permits have been accommodated.

Applications for fishing permits will be available on or about Aug. 14 at the main office of the Division of Fish and Game, 1179 Punchbowl Street and at various sporting goods stores which are license agents for the Division.

Deadline for submitting applications is 4 p.m. on Sept. 1. There will be a public drawing at noon on Sept. 6 to determine each applicant's fishing date and time.

Each fishing day will be divided into two 5-hour fishing periods, starting at 6:30 a.m. and 12:30 p.m.

A major change during this opening is that the bag limit will be reduced from three to two catfish per angler.

A local bicycle and sporting goods store is donating several rod and reel outfits which will be awarded for the heaviest channel catfish caught in various categories such as fishermen age groups, heaviest fish for a weekend and heaviest fish overall.

Anglers participating are strongly reminded that warm clothing and protective gear are usually a must while fishing in Nuuanu.

The fishing will be opened as scheduled no matter what the weather turns out to be. There will be no make-up periods or refunds.

'CATS' to race here

K-BAY — Boating enthusiasts and potentials alike will be able to partake in or watch a Catamaran race sponsored by the Hawaiian Boating Association here August 24.

The race, which features Hobiecat Catamarans, will be open to all military and civilian personnel, and take place in the water adjacent to the Special Services Boathouse.

A Hobiecat, short for Hobiecat Catamaran, is a 14 to 16 foot sailboat with two hulls. It is capable of reaching speeds of 21 knots.

For any K-Bayites interested in entering the race, Special Services has

announced that there is a Catamaran available to any qualified person who wishes to pit their skills in actual race competition.

The main gate will be open to civilians between the hours of 8 a.m. and 5 p.m. on Saturday, and 11 a.m. to 5 p.m. on Sunday. All civilians entering the gate must be either a participant or observer of the race.

Competition begins at 11 a.m. and will finish approximately at 4 p.m. The route to the race will be marked for unfamiliar persons, and parking will be provided. As of now, some 200 people are expected to attend.

This practice is for real is probably what the grinning Cpl Carlton Carey, "A" Co., 1/3, is thinking as he receives a hip throw from Cpl Michael Wostarek of H&S, 2/3. This is the first NCO School to receive a course in hand-to-hand combat. (photo by Sgt Steve Hoffman)

Openings slated in Special Education Program

WASHINGTON, D.C. — The Marine Corps' Special Education Program currently has 81 openings

available for officers desiring study in 21 pre-selected areas.

Those officers selected for participation will receive orders to a designated school during fiscal year 1972. The deadline for applications is Sept. 30.

Three new schools were augmented into the year's program to replace three that were dropped. The new schools will offer disciplines in Naval History, Physical Education (Women Marines), and Journalism/Public Relations.

At the same time, disciplines at Tennessee, Boston, and Harvard Universities were dropped.

Letter-type applications should be submitted through official channels to the Commandant of the Marine Corps (Code DX). A board will convene for two weeks the last Monday in November to select officers and their areas of study.

Of the three new courses, Naval History will be conducted at the University of Maine, Orono, for 15 months and is open to qualified lieutenant colonels and majors.

Women Marines (captains and lieutenants) qualifying for study in Advanced Physical Education will attend the University of Wisconsin, Madison, also for 15 months. Qualified applicants in Public Affairs (first lieutenants thru majors) will attend Syracuse University, Syracuse, N.Y., for 12 months.

Those subjects currently approved by Headquarters Marine Corps and the number of quotas available follow:

Computer Science (12); Financial Management (12); Communication Engineering (10); Engineering Electronics (10); Engineering Electronics (CEC) (2); Management Industrial Engineering

Jr., NCOIC of Brigade Schools, who has a 2nd degree black belt in Karate, helps with the instructing.

The classes last 30 minutes and are held outside the school each afternoon. The students begin by warming up with practice punches and kicks, then the instructors explain and demonstrate throws and movements, which the students practice on each other.

A student, Cpl Karl Koob, a member of A-Co., 1/3, said, "I think self defense training is helpful. Since starting the classes I've gained more confidence in myself."

K-BAY — At Brigade School's Non-commissioned Officer Leadership Course students are encouraged to attack their teachers.

The subject is hand-to-hand combat and is taught with the physical portion of the 30-day course.

The chief instructor is SSgt Terry Fish, holder of the black belt in judo and jujitsu. He won the All-Marine Judo Championship twice for his weight class, participated five years on the Marine Corps Judo Team and was the 11th Naval District heavyweight champion in 1969.

Master Sergeant Stan Kaluahine,

by Sgt Steve Hoffman

Retention rate pleases CMC

At the midpoint in fiscal year 1972 the reenlistment rate for first-term Marines was 9.9 percent and it was predicted that the Marine Corps would experience a large shortfall in reenlistments. During the second half of the year, the first-term rate rose to 13.8 percent resulting in achievement of our FY-72 first-term requirement.

I recognize the effort and hard work required of commanding officers and career planners to accomplish this goal and I commend each of you.

Also, I wish to commend recruiters for their role in meeting this goal. We started the year with a goal of 1,333 broken/continuous reenlistments and we exceeded this by 1,334, for a total of 2,667 or 200 percent broken/continuous reenlistments.

I am extremely pleased that our retention efforts for this year have been so successful. Well done.

Gen R.E. Cushman, Jr.
Commandant of the Marine Corps

Statehood, Dental Corps

continued from page 1

Brigade extend warmest best wishes to the people of Hawaii for their future well being, growth and progress."

The general also read congratulatory remarks to the dental officers and dental technicians of the 21st Dental Company which is celebrating its first anniversary of their establishment aboard K-Bay.

The first anniversary coincides with the 60th anniversary of the Navy Dental Corps.

A lot has happened to Naval dentistry since 1912 when Congress authorized the Secretary of the Navy to appoint not more than 30 acting assistant dental surgeons.

Today, there are 1,880 dental officers on active duty with dental units scattered throughout the world.

Naval Dentistry received its most demanding test when Dental Companies were deployed to Vietnam with the assignment of treating not only servicemen, but taking part in a civic action program that saw

thousands of Vietnamese being treated for dental disorders.

It was his participation on the Vietnam dental front that earned DT1 Robert E. Thompson, USN, the Navy Commendation Medal for meritorious service.

DT1 Thompson was cited for his work in organizing a Preventive Dentistry Program at Nha Be, renovating a mobile dental trailer and establishing a training program for Vietnamese Navy Dental Technicians.

LSAs explain legalities

OAHU — Your Marine Legal Assistance Officer is an attorney at law. He attended and graduated from law school and has been admitted to the bar in one of the 50 states or the District of Columbia. He is familiar with laws and legal procedure and can answer questions concerning them.

Your Legal Assistance Officer occupies a rather unique position in the Marine Corps. He may be consulted professionally by anyone from private on up regarding civil legal problems. He holds anything you tell him in the strictest confidence. He will not disclose your confidence without your permission nor may he be ordered to do so by a superior.

He may correspond unofficially with other Legal Assistance Officers if your problem requires him to do so or, if the situation warrants, refer you to a local practicing attorney.

Simply stated, his job is to help you with your problems by providing legal advice in the fields of contracts, domestic relations, taxation, to mention a few, or by preparing legal papers such as wills, powers of attorney, affidavits, and similar documents. And while he can't represent you in court, your Legal

Assistance Officer can recommend the wisest course of action for you to follow, and draft letters and documents for your signature.

There is no charge for legal assistance provided by the Marine Corps. However, if after discussing your problem with the Legal Assistance Officer, you decide that you still need a civilian lawyer, you may have to pay for that attorney.

Four points to keep in mind if you want to get the most out of the Marine Corps' legal assistance service:

(1) If in doubt, ask for advice before signing any contract or making a major purchase or sale. If you get into difficulty, see your Legal Assistance Officer immediately for advice.

(2) Talk to your Legal Assistance Officer or a private lawyer in person. A telephone conversation is usually unsatisfactory. Your question

may be one that cannot be answered immediately.

(3) Take all the letters, documents and papers with you. Your Legal Assistance Officer will prefer to see the papers themselves instead of using your recollection or

interpretation of them.

(4) Tell him all the facts, both those in your favor and, equally important, those not in your favor. Otherwise, the advice he gives you may not be what it should be.

Remember, if in doubt, see your Legal Assistance Officer. Don't worry about "bothering" him because you think your problem is relatively small. Big problems almost always start off as small problems.

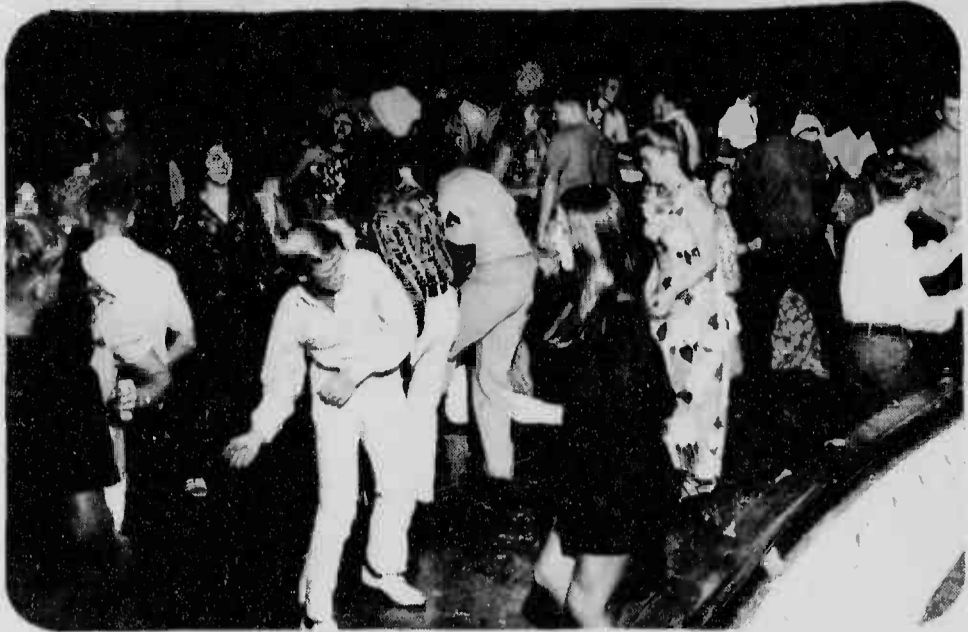

The Legal Assistance Officer at K-Bay is Captain J.D. Bassage, USMCR. He can be contacted for appointments at 73121 or 72051. His office is located at the Law Center, Building 256.

Camp Smith sends its people to K-Bay and Pearl Harbor.

Marine Barracks, Pearl Harbor, Legal Assistance Officer is Capt B.L. McStradden, 23161.

Marine Barracks, Barbers Point, Capt V.F. Reston, 64100 or 62203. Marine Barracks, Naval Ammunition Depot, is 1st Lt J.A. Klawif, 19226.

Articles subsequent to this one will concern themselves with specific legal problem areas.

Marines and their female companions dance to the sounds of a rock band at the E Club. Girls were bused in from various parts of the island last Friday for a girls' night and as you can see the Marines were enjoying themselves. (photo by Sgt Paul Reynolds)

Once upon a sugar cane field Camp H.M. Smith now sits

CAMP SMITH — Above the peaceful waters of Pearl Harbor on Oahu's Halawa Heights sits Camp H.M. Smith, the "Home of the Fleet Marine Force, Pacific" and Headquarters of the Commander-in-Chief of the Pacific.

Dedicated on Jan. 31, 1956, the Camp was named in honor of the late General Holland McTyeire Smith, the father of amphibious warfare and first Commanding General of the Fleet Marine Force, Pacific.

The site occupied by Camp

The main gate at Camp Smith shows two military policemen ready to assist when needed. (photo by Sgt Pat Schmoller)

Smith was once a field of sugar cane; however, that picture changed quickly after the Japanese attack on Pearl Harbor, Dec. 7, 1941.

In less than a year the cane fields were gone and in their place stood a Navy medical supply center. Then, on Nov. 11, 1942, the Aiea Naval Hospital was commissioned on the site that is now Camp Smith.

For the next few years, the Aiea Hospital served as a stopping off place for thousands of wounded sailors and Marines on their way home from the war in the Pacific. The hospital reached its peak following the bitter battle for Iwo Jima when 5,676 patients were receiving medical care at the Halawa site.

In June 1949, the Aiea Hospital fell victim to progress and was deactivated when Army and Navy medical facilities were consolidated at Tripler General Hospital.

Like many other veterans of World War II, the hospital awaited its call to active duty again.

That call came in 1955 when the United States Marine Corps selected the Halawa location as the permanent "Home of the Fleet Marine Force, Pacific."

The first Marines took up residence at what was to be Camp Smith in October 1955, then the headquarters staff placed the Camp in

full operation just two weeks before the dedication.

In October 1957, Camp Smith also became the Headquarters of the Commander-in-Chief of the Pacific.

Since that time the two major commands at Camp Smith have kept their finger on the pulse of the world and especially the Pacific region. From his Halawa Headquarters, Admiral John S. McCain Jr., Commander-in-Chief of the Pacific, directs all U.S. Military operations in the Pacific while LtGen William K. Jones directs the operations of all Fleet Marine Force units throughout the Pacific area.

During its 16 years of existence the Camp has been visited by an impressive and increasing number of foreign and U.S. dignitaries.

These important guests include the President and Vice-president of the United States, Heads of States of other nations, a host of ranking diplomatic figures and numerous high ranking military leaders from throughout the world.

Next month will be like any other month at Camp Smith except Adm McCain and LtGen Jones will be gone. Adm Noel A.M. Gayler will become Commander-in-Chief of the Pacific and Medal of Honor recipient, LtGen Louis H. Wilson Jr., will become C6 FMFPac.

MARS shortens long distance a bit

CAMP SMITH — On the 28th of November in 1951, LtGen Lemuel C. Shepherd Jr., Commanding General, FMFPac, officially opened the Amateur Radio Station by broadcasting this message to anyone that could hear him. The message was: "It is with great pride that I send my greetings to our Marine friends and all others who may be tuned in on the formal opening of Amateur Radio Station KH6-ASF from Headquarters Fleet Marine Force, Pacific, on the Island of Oahu in Hawaii."

"The opening of the station provides another link in the chain of Marine stations spreading from the Continental United States across the Pacific Ocean to the Orient."

"As you all know, the communication services provided by the amateur radio operations all over the world have been of inestimable value as a supplementary aid to the Army and Navy communication system. These so called "Ham Operators", of which I was one myself in my boyhood days, have been instrumental in bringing first-hand news of Marines serving on far away foreign stations to their loved ones at home. Especially during the Korean War, through amateur radio stations in Japan, many families in United States have been able to communicate directly with their boys in the hospitals or just back from the front. This rapid and personal service has been a big aid to moral, I can assure you. I trust that as more links in this vital chain are forged, greater use of the amateur radio stations may be effected. As it has in recent years, I am sure that amateur radio will continue to serve the world. It is therefore with great pleasure that I officially open the new Marine station with sincere hope that it may take its place in the great net of amateur radio stations which are surrounding the globe."

"As we say here in Hawaii, Aloha and my best wishes to all of you."

Since that day 21 years ago many things have changed, not only the Marine Corps but also the Radio Stations.

It has expanded and enlarged its capabilities and it is now the MARS/Amateur Radio Stations.

What does a MARS Station do? Well, its primary mission is emergency communications with a secondary mission of phone patch between Armed Forces personnel, dependents and civil service workers somewhere in another part of the world, either in the United States or overseas. All you have to do is to be near a telephone so when contact is made with the party you wish to speak to, all the MARS operator has to do is call you and put you on the other end. You don't have to be at the station to make these calls.

This is usually accomplished within 48 hours of the time you contact the station. If your call can't be completed through approximately 10,000 MARS operators which consist of service and

civilian MARS operators, we then go to the amateur bands which totals about 288,123 licensed amateur operators in the CONUS. Sometimes your MARS call can be completed this way with little complication. All you have to do to save a few dollars is to say "OVER" when you are done speaking so the operator can switch it over and the other person can talk and you can listen.

A phone patch is a more personal means of communicating with your loved ones back home. All radiotelephone calls will be placed collect. Charges will be determined from the place of reception within the limits of the United States. The radiotelephone is a one-way street in which one person talks while the other listens. When the person talking is through he says over then the MARS operator switches the radio over so the other person can talk. Just allow a second for the operator to make the switch.

MARS also offers another service, this is called a MARS Gram. A MARS Gram is a message which consists of 25 words or less and is delivered by telephone or by the postal system and is absolutely free. MARS Grams can be sent as often as you like and for any reason except for personal gain. An example of the personal gain is if a person were to call his stock broker.

Below is a schedule which will be useful to anyone wishing to use the MARS FACILITIES:

8-9 a.m., Monday through Friday, Teletype interception from Camp Pendleton.

9-11 a.m., Monday through Friday, Marine Corps World.

2 p.m., Monday through Friday, Philippine Phone Patches (Okinawa soon to be added)

3:30 p.m. Monday through Friday, U.S. Phone Patch Network.

MARS within the Marine Corps is also designed to provide auxiliary communication available not only to the military officials but to civil defense and disaster authorities during times of emergency.

The Camp Smith MARS Station, located on the hill above S-3, is operated by SSgt John Petersen who has been in the MARS business on and off since 1965 when he and two other MARS members activated the MARS Station in Chu Lai in the Republic of Vietnam just after Operation Starlight. Since then, SSgt Petersen has been the Chief Operator of the Marine Barracks MARS Station in Guantanamo Bay, Cuba.

He was transferred here in February of this year to replace SSgt Jack Hutchins who is now in the MARS Station in Barstow, Calif.

If you would like to use the MARS facilities, please contact SSgt Petersen at 39-390 or 39-912.

Food Scoop

K-BAY FRIDAY
DINNER — Barbeened chicken, rissole potatoes, simmered pinto beans.
SUPPER — Salmon cakes, simmered corned beef, parsley buttered potatoes, buttered carrots.
SPEEDLINE — Sloppy Joe on bun.

SATURDAY
SUPPER — Stuffed pork chops, mashed potatoes, Southern style corn.
SPEEDLINE — Barbeened pork on bun.

SUNDAY
SUPPER — Grilled beef steak, baked potato, mixed vegetables.
SPEEDLINE — Steak sandwich.

MONDAY
DINNER — Grilled ham steak with pineapple sauce, macaroni with cheese, buttered peas and celery, glazed sweet potatoes.
SUPPER — Roast turkey, mashed potatoes, buttered succotash.
SPEEDLINE — Grilled ham and cheese.

TUESDAY
DINNER — Pork chop suey, chow mein noodles, steamed rice, egg foo yong, brussel sprouts.
SUPPER — Fried shrimp, scallops, fish portions, baked fillet of fish, potatoes au gratin, buttered lima beans.
SPEEDLINE — Hot dog.

WEDNESDAY
DINNER — Pot roast of beef, parsley buttered potatoes, buttered carrots.
SUPPER — Chicken ala king, baked fish, buttered noodles, mashed potatoes, corn O'Brien.
SPEEDLINE — Hot beef sandwich.

THURSDAY
DINNER — Salisbury steak, lyonnaise potatoes, buttered green beans.
SUPPER — Swiss steak, mashed potatoes, French peas.
SPEEDLINE — Sloppy Joe on bun.

CAMP SMITH FRIDAY
DINNER — Baked fish, parsley buttered potatoes, mixed vegetables.
SUPPER — Baked ham, glazed sweet potatoes, broccob polanaise.

SATURDAY
SUPPER — Swiss steak, mashed potatoes, whole grain corn.

SUNDAY

SUPPER — Roast pork, grilled potato cakes, green beans.

MONDAY
DINNER — Roast turkey, mashed potatoes, peas and carrots.
SUPPER — Hot Reuben sandwiches, French fried potatoes, lima beans.

TUESDAY
DINNER — Grilled steak, rissole potatoes, green beans with mushrooms.
SUPPER — Cold meat platter, Harvard beets.

WEDNESDAY
DINNER — Seafood platter, French fried potatoes, brussel sprouts.
SUPPER — Baked ham steaks, hot potato salad, baked Hubbard squash.

THURSDAY
DINNER — Grilled ham steak, chow mein noodles, oven-browned potatoes, whole grain corn.
SUPPER — Yankee pot roast, parsley buttered potatoes, Southern style greens.

MARINE BARRACKS, PEARL HARBOR FRIDAY
DINNER — Baked ham, mashed potatoes, simmered lima beans.
SUPPER — Roast veal, Franconia style potatoes, Southern style corn.

SATURDAY
SUPPER — Roast turkey, bread dressing, mashed potatoes, Creole style squash.

SUNDAY
SUPPER — Breaded veal slices, oven browned potatoes, fried rice.

MONDAY
DINNER — Pork slices, mashed potatoes, green beans.
SUPPER — Corned beef, baked tuna and noodles, rissole potatoes.

TUESDAY
DINNER — Assorted chicken, mashed potatoes, simmered peas.
SUPPER — Pizza, spaghetti, lyonnaise carrots, lima beans.

Lost

REWARD OFFERED for return of a pair of gold-rimmed glasses lost in Trees Area of Ft. Hase Beach. No questions asked. Call M591 Simmons, 72141 DWH.

Just leave the driving to us, says this week's *HawMar* girl. She's referring, of course, to the Liberty Bus. In case you didn't know the Liberty Bus is now running on a new schedule as the result of a recent survey taken. The survey revealed that the liberty buses, in most cases, were poorly utilized, due to a confusing schedule and improper routing and connections. The new schedule is contained in *Brigade Bulletin 11240* and *Station Bulletin 11240*. The bus leaves K-Bay and goes to Ft. DeRussy and the Armed Forces YMCA. Remember, when you want a ride to Honolulu, take the Liberty Bus. (photo courtesy Playboy)

Little Leisure Lines

Notices

K-BAY

The Enlisted Wives Club has placed Collection Boxes in the Commissary for the deposit of Betty Crocker Coupons for Operation Coupon, a drive to provide kidney machines and heart pumps and other life-saving equipment to needy families. General Mills will redeem the coupons for the American Heart and Kidney Association.

Hospitality Kits are available for rent for new arrivals on base from the Officers Wives Club. The kits contain items needed for kitchen, household and baby. Call Kathy Tardy, 261-5237 or Faith McRae, 254-3734. Cost is \$1 per month.

Mother-Baby Care Classes given by the Red Cross are being scheduled for October. All expectant parents are invited to attend the sessions. Register with the Red Cross at 257-2606.

The Staff NCO Wives Club members will go to a dinner and show at the Polynesian Cultural Center tonight. All who have signed up are to meet at the Staff Club at 5:30 p.m. For more information call Liz Goldsberry, 254-3435.

New By-Laws have been written for the Thrift Shop, Read

them carefully before putting items on consignment. All money made by the Thrift Shop goes to service connected charities.

For more information on any Club functions call Clara Mai, 254-2964.

The Officers Wives Club is planning a trip to Coconut Island on Sept. 12.
