8TH MARINE CORPS DISTRICT EDUCATOR'S WORKSHOP

The Educator's Workshop is designed to do more than any brochure about the Marine Corps ever could. The workshop allows you to see firsthand how Marines are made, what they stand for, and the many benefits and opportunities that come with earning the title.

THE MARINE CORPS IS AN INSTITUTION, LIKE YOURS, THAT FOSTERS A CULTURE OF CONTINUAL LEARNING

During the five day workshop, you will have the opportunity to have every question answered with complete candor by Marines, and most importantly, obtain the information needed to help you and your students make an informed decision about their future.

THE THREE COMMITMENTS

As much as service in the Marine Corps ensures the future of our nation, it also creates a better future for those who serve to that end, the Marine Corps makes these commitments:

WE WILL MAKE MARINES
WE WILL WIN OUR NATION'S BATTLES
WE WILL DEVELOP QUALITY CITIZENS

The Marine Corps is a family that takes care of its own in every single way. Whether a young man or woman stays in the Corps for a few years or an entire career, there is a vast network of Marines and former Marines ready to help him or her succeed in every possible way.

Learn how we make Marines, win our nation's battles, and return quality citizens

Experience the physical demands we require of the nation's finest

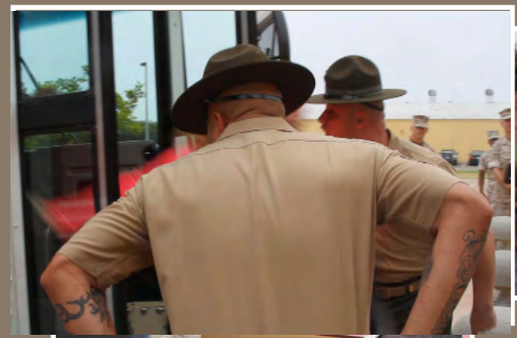

Total transparency, ask questions of anyone from recruits to generals

Provide your students firsthand knowledge of the Marines

MAKE YOUR OWN MARK

"The Educator's Workshop is one of those you can't afford not to go moments. It has been extremely eye opening. The Marine Corps has been unbelievably transparent with everything. I would tell other educators they have to come."

~John Owens
Teacher and Coach, College Park HS

"I'm blown away with the amount of oppurtunities (Marines) have to get a college education and help pay for their college while they are in the Marines."

~Leigh Ann Spradlin
HS Counselor,
Hendrickson HS

"12 Stalls was nothing short of amusing to watch a bunch of A-type personalities struggle to solve puzzles and compete to lead. What was even more hilarious was hearing how quickly the recruits were able to solve the puzzles compared to us."

~Ashley Kamarath
Radio Show Host

"The difference between the students who graduated four months ago and the recruits I met this week is the way they carry themselves, their discipline, the way they speak about themselves. In addition, their sense of pride and pride for the organization they are apart of."

~Kayla Darilek
Victoria HS, English teacher
