### Navy Region Hawaii **Public Affairs**

Commander, Navy Region Hawaii will host a bell-ringing ceremony today, Oct. 13 at the World War II Valor in the Pacific National Monument Visitor Center at 8 a.m. to mark

the Navy's 242nd birthday. Rear Adm. Brian Fort, com-

mander of Navy Region Hawaii and Naval Surface Group Middle Pacific, will provide the keynote speech, and the U.S. Pacific Fleet Band will perform.

The theme is "Seapower to Protect and Promote." The USS Arizona bell will be rung nine times to mark the changing of the watch and the beginning of the Navy's 242nd year.

The United States Navy traces its origins to the Continental Navy, which the Continental Congress established on Oct. 13, 1775 by authorizing the procurement, fitting out, staffing and dispatching of two armed vessels to cruise in search of munitions ships supplying the British Army in America.

The birthday celebration

will be followed by the dedication of the Lone Sailor statue. The Lone Sailor statue is the iconic symbol representing the U.S. Navy Memorial's mission to honor, recognize and celebrate the men and women of the sea services. The ceremony will begin at 8 a.m. and

is open to the public.

Building energy monitors (BEM) attend the Energy Fair and BEM training event to kick off Energy Action Month at JBPHH.

# JBPHH promotes efficiency, sustainability at Energy Fair

Story and photo by MC3 Justin Pacheco

Navy Public Affairs Support Element Detachment Hawaii

An energy fair was held for service members and civilian building energy monitors (BEMs) at the Ford Island Conference Center to help kick off Energy Action Month at Joint Base Pearl Harbor-Hickam (JBPHH), Oct. 5.

Energy Action Month is a federal government-wide program that promotes sustainability and energy efficiency, while encouraging the smart use of energy, water, and transportation resources.

In his opening remarks, Lt. Col. David Berrios, JBPHH's Deputy Public Works Officer, emphasized why energy conservation is such an important issue.

"Our installations are critical in projecting power and providing direct support to operational and tactical forces," Berrios said. "Our electric bill accounts for approximately 10-15 percent of the island's electrical use. If power to our installations is vulnerable, so is our mission."

Berrios also noted that more than 30percent of Navy Region Hawaii's annual budget goes toward energy costs.

During the fair, attendees learned about several low-cost and free ways to conserve energy, such as:

- Closing doors and windows when the air conditioning is on, and turning
- off air conditioning when not in use. Turning off electrical equipment like computers, printers, and copiers
- at the end of the day. Leaving lights off, if possible.
- Installing low-flow fixtures in kitchens and bathrooms.

Pacific Fleet kicks off Combined Federal Campaign

# Story and photo by MC1 Phillip Pavlovich

U.S. Pacific Fleet Public Affairs

Commander, U.S. Pacific Fleet (COMPAC-FLT) officially kicked off the Combined Federal Campaign (CFC) during an opening ceremony at Joint Base Pearl Har-

bor-Hickam, Oct. 3. COMPACELT is this year's Hawaii Pacific region campaign chair, an honor that rotates between the military ser-

vices in Hawaii each vear. "This year's CFC theme is 'Catch the Giving Wave,' which encourages us to build upon the tradition of bringing together federal civilian, military, and U.S. postal service employees to accomplish more than we ever could when acting alone," said guest speaker, Rear Adm. Matthew Carter, Pacific Fleet deputy commander. "Last year, federal employees across the nation and stationed around the world chose to give by contributing more than \$167 million to the causes they cared about.

Yeoman 1st Class Tamar Reid speaks with a representative from Crime Stoppers Honolulu following the Hawaii-Pacific Area Combined Federal Campaign kickoff ceremony held at Joint Base Pearl Harbor-Hickam.

than 16,000 federal employees in the Hawaii Pacific region pledged nearly \$4 million to help people and communities in need."

The Hawaii-Pacific area campaign encompasses the Hawaiian Islands, territories and commonwealths in the central and western Pacific. This includes Guam, the Commonwealth of the Northern Mariana Islands and American Samoa, rep-

Of that amount, more resenting a donor base of approximately 93,000 federal civilian and active and reserve military personnel.

According to the U.S. Office of Personnel Management's official website, the CFC's mission is to promote and support philanthropy through a program that is employee-focused, cost-efficient, and effective in providing all federal employees the

Los Angeles-class attack submarine USS Tucson (SSN 770) pulls into Chinhae, Republic of Korea, April 6, 2016.

### Lt. j.g. Thomas **Patterson**

 $USS\ Tucson$ Public Affairs

The Los Angeles-class attack submarine USS Tucson (SSN 770) arrived at U.S. Fleet Activities Chinhae, Oct. 7, for a visit as part of its deployment to the Indo-Asia-Pacific region.

With a crew of approximately 150, Tucson can conduct a multitude of proficiencies of the latest capabilities of the submarine fleet.

relationship is very important and our visit to Chinhae gives us the opportunity to strengthen the outstanding relationship that exists between the U.S. and the Republic of Korea," said Cmdr. Chad Hardt, commanding officer. "My crew and I are looking forward to experiencing the exciting culture of this great Korean city."

Tucson's crew operates with a high state of readiness and is always prepared to tackle any missions and maintain mission that comes their

> "The performance and work ethic of this crew over

has been nothing less than exceptional," said Master Chief Electronics Technician (Navigation) Juan Gonzalez, chief of the boat. "It is an honor to be a part of the Tucson family. Chinhae is a wonderful city for the crew to spend their well-deserved rest and relaxation."

"This will be the first port call of my career and I am looking forward to experiencing a new and exciting culture," said Culinary Specialist Seaman Thomas Patras.

Measuring more than 360 feet long, Tucson is one of the stealthiest "The Korean-American the past several months and most advanced sub-

marines in the world. It is capable of supporting a multitude of missions, including anti-submarine warfare, anti-surface ship warfare, strike, surveillance and reconnaissance.

Homeported out of Pearl Harbor, Tucson is able to operate in all oceans of the world.

Twelve vertical launch tubes for Tomahawk cruise missiles and four torpedo tubes provide Tucson with great offensive capabilities and strategic value. Its stealth, endurance, mobility and responsiveness make Tucson a formidable force in multiple mission roles.

and because of that I want to do a good job. It's a lot of work but when you meet people that these organizations helped you can see what these charities can really do for people.'

Several local charity organizations staffed booths at the ceremony and spoke with service members and federal employees about their pro-

New regulations have for what these charities do been put into effect campaign in their home

during this year's campaign based on results from the 50th anniversary commission. Some of the key changes are:

• The consolidation of all on-line and paper pledge management to a central pledging web portal;

 Retired federal annuitants and military retirees will be authorized to pledge via payroll deductions from their retired pay and credited to the

of record;

 Offer the option to volunteer hours at a local charity with monetary equivalent of hours donated being credited to the local campaign;

• Elimination of the option to pledge by cash, including elimination of

CFC charity fundraisers. For more information visit: www.cfc-hawaii. org / and www.opm.gov / combined-federal-cam-

# 535 AS steps up for air evac mission

Tech. Sgt. Heather Redman

15th Wing Public Affairs

Members from the 535th Airlift Squadron saved a life when they set off from Joint Base Pearl Harbor-Hickam for an aeromedical evacuation mission out of Pago Pago, American Samoa, Sept. 22.

The call for an aeromedical evacuation came when medical professionals decided an infant needed to be transferred from Pago Pago to Tripler Army Medical Center (TAMC).

"We received the call on Sept. 21, requesting an aeromedical evacuation for an infant," said 1st Lt Derek Demyanek, 535 AS C-17 Globemaster III pilot. "Normally, requests are handled by the 18th Aeromedical Evacuation Squadron (AES) from Kadena AB, Japan. Their unit's mission sup-

The 18th AES normally utilize the Kadena-based KC-135 Stratotankers for their aeromedical evacuation missions. However, the KC-135s would not have been able to land on the Pago Pago airfield.

ports medical opera-

tions that occur within

the Pacific theater."

The KC-135 requires loading equipment that Pago Pago didn't have," said Demyanek. "The C-17 is a flexible aircraft that didn't require any additional equipment for this mission.

One of the more challenging aspects for the 535 AS was putting together the crew for the mission.

"We're not normally postured for these types of operations," said Capt. Lucas Coston, 535 AS C-17 Globemaster III pilot. "Normal flight time for us is typically around eight in the morning. When the call came in, several people were still flying and wouldn't have been able to get the allotted crew rest they needed."

Within an hour of the request, the 535 AS was able to find enough people to crew the aeromedical evacuation mission. On Friday, the air crew was joined by a team of medical professionals, and they took off to Pago Pago.

"The back of the C-17 is well outfitted for an aeromedical evacuation mission." Coston said. "The medical team brought their own equipment and were able to secure the carrier, power it, and hook up to the oxygen supply.'

The 18-hour mission was completed with the infant successfully making it to TAMC.

"When you're dealing with an aeromedical evacuation mission like this, everything has to happen a little bit faster and smoother than normal," Coston said. "Everyone recognized that and worked together to ensure the mission was successful."

## Rear Adm. Brian Fort Commander, Navy Region Hawaii and Naval Surface Group Middle Pacific Seapower to protect and promote

**COMMENTARY** 

# security, stability and prosperity

On Friday, Oct. 13 I Sailors at the helm and freedom and preserve have the special privilege of being part of the Lone Sailor statue dedication with the National Park Service and Navy Memorial Foundation at the Pearl Harbor Visitor Center.

There, we will reflect on our history, honor our heritage and celebrate the Navy's legacy embodied in the Lone Sailor statue as we say Happy Birthday to the U.S.

Our Navy was born as the "Continental Navy" in 1775 even before our nation was created and before our Declaration of Independence and our Constitution, which all Sailors are sworn to pro-

tect and defend. In the early days of our Navy, in the fight for independence, John Paul Jones sailed across the Atlantic, taking the fight directly to the British.

And in 1803 President Thomas Jefferson asked Commodore Edward Preble to lead a squadron into the Mediterranean and to the shores of Tripoli to quell pirates.

Today, namesakes of John Paul Jones and Commodore Preble the guided-missile destroyers USS John Paul Jones (DDG 53) and USS Preble (DDG 88) — are homeported in Pearl Harbor, along with other great surface ships and submarines.

Our ships and sub-

on the deckplates. After the Revolution-

ary war and First Barbary War, the United States Navy was reborn during the War of 1812, when Sailors and Marines arguably saved our nation and preserved liberty and democracy.

In the War of 1812 President Madison turned to the Navy.

He put our six humble frigates against the entire Royal Navy of almost 1,000 ships, including 175 ships rated at 64 or more

By comparison USS Constitution, a heavy frigate, rated only 44

To put that contest in a broader perspective, the Royal Navy had 40 ships alone on the North American station, home-ported out of Halifax, Nova Scotia, just north of our bor-

And when our nation desperately needed just the smallest bit of good news, USS Constitution, Old Ironsides, under the command of Captain Isaac Hull, defeated HMS Guerriere, in one of our most famous single ship-vs.-ship engage-

Bold decision-making leads to victory.

Throughout our nation's history — and in all of our conflicts — Sailors with integrity who were and are bold decision-makers have risen marines deploy forward to the challenge in a cri-

That is seapower in ac-

tion, protecting and promoting security, stability and prosperity. While we tend to re-

flect on our Navy's origins on our birthday, we must also think of all the Sailors who have served and who continue to The Lone Sailor also

stands for and represents Sailors in the Civil War, World War I, World War II, Korea, Vietnam, Iraq and Afghanistan — and all conflicts and actions in our nation's history.

Now the Lone Sailor statue will look out over Pearl Harbor, standing watch, "seeing" the USS Arizona Memorial, which represents all ships and Sailors lost on December 7, 1941, "listening" to the many voices and many languages of international visitors, and "remembering" 75 years ago as our military fought to shape our nation and our world — bringing freedom and democracy to Europe and Japan.

Today, our Navy continues to deploy to protect and promote American interests and values around the world.

We continue to stand together with our allies against those who would challenge our freedom.

And we continue to live by our core values: Honor, Courage and Commitment.

Happy Birthday, United States Navy!

# Traffic near JBPHH may be impacted

oday is Friday the 13th, but an even creepier day is lurking just around the corner in a few weeks. Halloween is Tuesday, Oct. 31 and Joint Base Pearl Harbor-Hickam trick-or-treat hours will be from 6 to 8 p.m. In addition, a spooky spectrum of Halloween events will be held throughout this month at Joint Base.

- The 515th Air Mobility Operations Wing (515 AMOW) will hold its annual haunted house from Oct. 13 to 15 at 290 Vickers Ave. on the Hickam side of Joint Base. Doors will open at 6 p.m. each night. The cost is \$13 for those ages 13 and up, and \$7 for those under age 13.
- The Wahiawa Annex Block Party will feature a free Harvest Festival from 3:30 to 5:30 p.m. Oct. 20 at Wahiawa Annex Sports Field. The event will include a Halloween costume contest for adults at 4 p.m. and for children at 4:30 p.m. The event will also include harvest games, food and giveaways.
- Free Boofest will be held from 5 to 9 p.m. Oct. 21 at Bellows Air Force Station building 220. The event will include a zombie escape, kids' activities, the movie "Hocus Pocus" under the stars, a costume contest, trunk-or-treat, entertainment and food trucks. For more information, call 253-1508, visit www. bellowsafs.com or find Bellows Air Force Station on Facebook, Instagram and Twitter @bellowsafs.
- The Joint Base Pearl Harbor-Hickam Teen Center will hold a **Halloween Lock-In f**rom 7 p.m. to 7 a.m. Oct. 27 to Oct. 28 at the Teen Center, 100 McChord St., building 1859. Teens can experience a night of games, bowling and food. The event is open to teens ages 13 to 18 years old. Participants are welcome to wear costumes. Registration ends Oct. 25. For more information, call 448-0418.
- will be held from 6 to 9 p.m. Oct. 27. The movie will be Tim Burton's "The Nightmare Before Christmas." Doors open at 6 p.m. and the movie begins at sundown. The shallow end of the pool will be open for patrons throughout the movie and individual sized floaties are allowed. The event will include a costume contest and prizes will be given for the scariest, most creative and the cutest costumes. Contest winners will be announced before the movie screening. Free popcorn will be up for grabs while supplies last. For more information, call 260-9763.
- A free Harvest Festival will be held from 5:30 to 8 p.m. Oct. 27 at Pearl Harbor Memorial Chapel, 1600 Pearl Harbor Boulevard. The event will include food, games, crafts, bounce houses, face painting, costumes and more. It is open to all Department of Defense ID holders and their families. For more information, call 473-3971.
- Halloween Zumba Bash will be held from 9 to 11 a.m. Oct. 28 at the Joint Base Pearl Harbor-Hickam Fitness Center. Enjoy a two-hour workout with a Zumba instructor. Wear your favorite costume to the event. The fee is two group exercise coupons. The event is open to those ages 12 and older. For more information, call 471-2019 or visit www. greatlifehawaii.com
- Free Halloween Spooktacular will be held from 10 a.m. to noon Oct. 28 at the Pearl Harbor Navy Exchange mall second floor. NEX, Navy Lodge, Veterans United and the USO will participate in the event. There will be bone-chilling arts and crafts, a goulish treasure hunt, boo-tiful costume contest and treats to die for. The event is for authorized patrons only. For more information, call 423-3287.
- A Halloween Bowling Party will be held from 3 to 4:30 p.m. Oct. 31 at the bowling center on the Pearl Harbor side of Joint Base. The event will include free treats for those who dress up and they can receive one free game of cosmic bowling. Shoe rental is not included. For more information, call 473-2574.

American Renaissance Academy Dance Troupe performs a Latin-themed dance during the JBPHH Hispanic Heritage Month Celebration, Sept. 20.

### Story and photo by MC1 Meranda Keller

Navy Public Affairs Support Element Detachment Hawaii

A Hispanic Heritage Month Celebration hosted by the Pacific, Joint Forces Diversity Committee was held at Joint Base Pearl Harbor-Hickam (JBPHH), Sept 20.

Hispanic Heritage Month is observed from Sept. 15 to Oct. 15, and "Shaping the Bright Future of America," is the theme Navy commands are encouraged to reflect on during this year's commemoration period.

"Hispanics have had a profound and positive influence on our country through their strong commitment to family, faith, hard work and service," said Logistics Specialist 1st Class Leslie Garcia, a participant from Naval Supply Systems Command." They have enhanced and shaped our national character with centuries-old traditions that reflect the multi-ethnic and multi-cultural customs of their

Prior to the event, a special Hispanic food tasting provided by a local Mexican restaurant was held, featuring items such as carne asada burritos, pork

community."

the attendees of the observance ceremony.

Month Observance Ceremony featured service members of Hispanic descent that spoke about the histories, cultures, and contributions of American citizens whose ancestors came from Spain, Mexico, the Caribbean, and Central and South America.

A special cultural dance performance was also performed at the event by members of the American Renaissance Academy Dance Troupe, along with

carnitas and churros offered to attending the event as part of

a school field trip. "I've spent just over half The Hispanic Heritage my life in the military, and I can honestly say it's the one community and organization where I've felt truly American," said Lt. Col. Jose L. Zambrano, the event's guest speaker from Headquarters Pacific Air forces. "It has given me the opportunity to challenge myself and in some ways honor to be able to pay back the opportunity it allowed my parents as immigrants and

naturalized citizens." Zambrano also spoke about other students from the school the importance of honoring ment of the Navy.

and remembering past service members of Hispanic ethnicity.

We as American military members with Hispanic heritage must remember to honor those Hispanics that made major impacts and influences in the armed forces, as early as the Civil War, to current day operations and civil services."

Hispanic Americans serve in every rank, from seamen to admiral, and hold nearly every job, from naval Boatswains Mate to Navy SEALs. Additionally, there are more than 12,000 Hispanic American civilians working for the Depart-

# 647th FSS picks up steam to trounce 15 CPTS

Story and photo by Randy Dela Cruz

Sports Editor, Ho'okele

The last time Tech. Sgt. Jason Price stepped onto the field at Joint Base Pearl Harbor-Hickam he was carrying the intramural flag football's championship trophy to complete a spectacular run for the 647th Force Support Squadron (647 FSS) that included two undefeated seasons and back-to-back titles.

Back after a year, Price is at the helm once again and things are beginning to look pretty good for the 647 FSS flag football squad.

On Oct. 10, the 647 FSS fell behind early in the game to the 15th Comptroller Squadron (15 CPTS), but as he has done in the past, Price rallied the team to earn a convincing 33-20 victory in a Gold Division showdown at Earhart

Down by a score of 7-0, the 647 FSS went on to outscore the 15 CPTS, 33-13, to win their fourth game against one

"If we all stay on the same page and practice, we'll be good enough to make it (playoffs)," Price said about the new edition of the 647 FSS. "I'm not saying championship yet. We still have some things to work on, like fundamentally. But I think with the young kids, if we get those

Quarterback Tech. Sgt. Jason Price breaks the goal line with the tip of the football to score a touchdown.

guys inspired, we've got a good enough team to make a run."

The team's first drive for a touchdown revealed a few hiccups that would need to be addressed in future practices.

After falling behind, Price immediately led the 647 FSS to the red zone at the 20, but back-to-back penalties put the ball back on the 30.

After a pass interference call on the 15 CPTS moved the ball

up to the 19, the 647 FSS were called for their third false-start infraction in four plays.

'We had a couple of new guys come out to the game who never practiced," Price said about the penalties. "Our pre-snap reads, we have to get used to that.

However, on third and goal from the 15 CPTS 13-yard line, Price still got the team to the end zone on a toss to Senior Air-

the catch and split the defense down the middle for the score.

With the game tied at 7-7 at halftime, the 647 FSS came in the second half and drove 65 yards to take their first lead of the game.

The big play came on the 31yard line. Price rolled to his left and pitched the ball back to Department of Defense civilian Gary Williams, who grabbed man Joel Sanchez, who made the toss and ran down the

left sideline all the way to the

'The defense kept rushing from the right,' Price said. "So I just motioned Gary to the left. It was wide open."

The 15 CPTS came right back to tie the score at 14-14, when 1st Lt. Taylor Hanley received a short pass from quarterback Tech. Sgt. Micha Vickers, cut his way through the defense and broke into the open to complete a 70-yard catch-and-run to the end zone.

The next two series, however, would decide the outcome of the

First, Price touched off a 38-yard drive with a one-yard plunge into the end zone, and then, while on defense, military family member 17-year-old Robert Garrison made a pick six that extended the lead to

A touchdown on a pass from Vickers to Tech. Sgt. Willie Hogan drew the 15 CPTS back to within six at 26-20, but on the 647 FSS final possession Price threw a bomb over the top and into the hands of Garrison for the final score.

After the win, Price said that it feels pretty good to be back playing football in Hawaii.

While he said he isn't at full speed just yet, he should be there in time for the playoffs.

"For me personally, I'm pretty out of shape," he said. "I haven't run the ball much, but I think I'll be in midseason form sooner

# 735th AMS overpowers SNIPE'S in mercy-rule win

Story and photo by Randy Dela Cruz

Sports Editor, Ho'okele

The 735th Air Mobility Squadron (735 AMS) rode a nine-run explosion in bottom of the third inning to overwhelm SNIPE'S, 13-1, on Oct. 7 in a Winter Softball League game at Hickam Softball Complex, Joint Base Pearl Harbor-Hickam.

The victory catapulted the 735 AMS into a tie at the top of the league with a 4-1 record, while SNIPE'S is still searching for their first win of the season

"When our sticks are working, we're really money," said 735 AMS manager Senior Master Sgt. Chad Nixon. "Our defense has been solid in summer and fall league. It's just we need to put the sticks together.'

Against SNIPE'S, the 735 AMS got on the scoreboard first. Retired veteran Jimmie Miller stroked a single to drive in a run in the bottom of the first inning.

SNIPE'S returned the favor in their turn at-bat in the top of the second inning on an RBI single by Gas Turbine Systems Technician (Mechanical) 2nd Class Kenneth Pelaez with

started to warm up at the plate in the bottom of the second inning.

Senior Airman Chad Gordon got things started by smashing a leadoff triple to set the table.

Following a walk to put men on the corners, Airman 1st Class David Clifford picked up an RBI on a single to put the 735 AMS back out in front at

The team added a second run in the frame on a fielder's choice putout to make it 3-1.

The two-run inning seemed to get the team's bats on a roll, as the 735 AMS broke the game wide open in the bottom half of the third.

Two walks and a single loaded the bases for the 735 AMS with no one out, when Capt. Joey Henn stepped up to the plate.

Henn launched a towering high fly ball to left field that appeared to be headed for the team's first out of the inning.

Instead, the ball fell untouched in front of the SNIPE'S left fielder and bounced away, which allowed two runs to score.

Gordon followed up with a long single that reloaded the bases and after an error ushered in another run, Clifford came up with his second clutch single of line."

Tied at 1-1, the 735 AMS the game to drive in two more runs and a 7-1 lead.

The 735 AMS loaded the bases up for the third time in the inning and with still no outs, Senior Master Sgt. William Palmer delivered a single to drive in two

An error and a sacrifice fly plated two more runs in the inning for the 735 AMS for a total of nine runs and a 12-1 lead.

While the 735 AMS managed to load the bases full of runners in the bottom of the third inning on a few occasions, it took clutch hitting by a number of hitters to keep the rally going.

"We don't have a weak bat," Nelson said. "We have great bats, so for all of them to be on in the same game, it's great."

Not only did the team's bats have a great day at the plate, the 735 AMS gloves were also on display as well.

In the top of the fifth inning. the 735 AMS defense ended a solid day on the field by pulling off a triple play.

"I know we're capable of getting to the playoffs and win,' Nelson said about the team's chance for a pennant this season. "We thought we were in the summer league, but we just couldn't put our sticks in

Senior Airman Chad Gordon stretches out to make a grab in centerfield.

# John Paul Jones remains unbeaten with comeback win

Story and photo by Randy Dela Cruz

Sports Editor, Ho'okele

USS John Paul Jones (DDG 53) scored with less than two minutes on the clock and then held off USS Jefferson City (SSN 759) to capture a dramatic come-from-behind, 37-34, victory on Oct. 9 in an Afloat Division intramural flag football game at Earhart Field, Joint Base Pearl Harbor-Hickam.

The win preserved John Paul Jones' perfect record at 3-0, while Jefferson City lost their second game in a row to fall to

"This was really a tough game," John Paul Jones quarterback Operations Specialist 2nd Class Enrico Poole said. "We stuck with it. Offense got us through this one. Defense just needs to get some practice in and get it together.'

In the seesaw battle, Jefferson City got on the scoreboard first after stopping a John Paul Jones drive on a pick by defensive back Senior Chief Electronics Technician (Communications) Joe Barrett.

Starting from his own 28yard line, quarterback Machinist's Mate (Auxiliary) 3rd Class Trevor Samson drove Jefferson City down the field on eight plays to score the first

Information Systems Technician 3rd Class Shayne Stevenson hauls in a pass. After the catch, Stevenson took off for a 49-yard catch-and-

touchdown of the game on a short-yard pass to Electronics Technician (Navigation) 1st Class Garrett Handwork.

run to the end zone.

John Paul Jones responded with a 65-yard drive. Poole

connected with Information Systems Technician 3rd Class Shayne Stevenson for a oneyard toss in the end zone to pull to within a point at 7-6.

Jefferson City extended their

lead on their next drive. Samson delivered a perfect strike over the top to Machinists Mate (Auxiliary) 3rd Class Kevin Fail for 61 yards and the team's second touchdown of the game to take a 14-6 lead after completing the PAT.

However, John Paul Jones kept the game close on their next drive. Poole found Lt. Glenn Roberts for a catch-andrun that covered 65 yards and a touchdown to make it 14-12.

Then, following a pick by Poole who also doubled on defense, John Paul Jones took their first lead of the game. It came on a 41-yard bomb from Poole to Sonar Technician (Surface) 2nd Class Kalvin Popkes to take a 19-14 advantage after the PAT.

The first-half fireworks weren't quite done yet. Samson directed a 65-yard scoring drive on six plays that ended on a seven-yard toss in the end zone to Handwork for his second touchdown of the game and a 21-19 lead at halftime.

Immediately after intermission on the first play from scrimmage, Samson ran a keeper

through the line and was gone for 65 yards and a touchdown. It gave Jefferson City a 27-19 lead. John Paul Jones refused to let the game get away. On the

team's next drive, Poole con-

nected on a short pass to Ste-

venson in the right flat, who then took it to the house to pull to within two points at 27-25.

On that play, Stevenson made a two-handed grab over his head, faked his way pass a defender and took off down the left sideline for the touchdown.

"He (Stevenson) took a fiveyard pass and took it 50 yards for a touchdown," Poole said. "That was pure skill and natural ability and I love having him on our team."

Stevenson then got the ball back on an interception to set up John Paul Jones on their own 19.

Five plays later, Poole found Stevenson cutting through the middle for 16 yards and a touchdown to take a 31-27 lead.

Jefferson City came back one last time to take the lead at 34-31 on Samson's third scoring pass to Handwork. However, with the clock running out, Poole led John Paul Jones to the game-winning touchdown with the final toss going into the end zone to Stevenson. After escaping with the win,

Poole said that if John Paul Jones plays up to their potential, then each game should end up with a win.

"If we focus on what we do, I told my team to not even worry about the standings," Poole said. "As long as we go out and do what we are supposed to do, things will be all right."
