

LIBERTY IS A MISSION

We are ambassadors of the United States at all times, especially when visiting foreign countries. Positive liberty behavior by USS Ronald Regan personnel directly supports our partnership with China.

LIBERTY BUDDY POLICY

A liberty buddy is required for ALL HANDS

Must remain with your liberty buddy at all times while off-ship on liberty!

Must stay at the same lodging, but not required to be in the same room.

Should be a military member but can be a family member or trusted civilian acquaintance if approved by the chain of command!

Changes in your liberty buddy need to be approved by the chain of command.

EXCEPTIONS

While on your resort/hotel grounds

COMREL/MWR Events

PT in the liberty area during daylight hours

ALCOHOL POLICY

The drinking age in Hong Kong is 18

Personnel are prohibited from consuming alcohol on public streets.

Liberty Policy

(a) The use of sign-out/sign-in with your liberty buddy formalizes the agreement for liberty buddies to remain with each other while on liberty. The liberty buddy rule begins and ends upon signing in/out of the log. The log will be maintained by the duty department head. Departments should promulgate to their junior Sailors a plan that makes it easy to contact a khaki should a Sailor on liberty wish to change their liberty plan. Unlike submitting a late request or no plan at all, changing a liberty plan as things develop is not an act of negligence by our Sailors and should not be treated by the chain of command as a burden. A Sailor attempting to contact his/her chain of command to officially and correctly change his/her plan is the right thing to do and should be both encouraged and facilitated.

(b) Proper use of the liberty buddy program. Direct transit from/to the ship and from/to your hotel is authorized without a liberty buddy for the purposes of watch standing only. However, Sailors in transit must still adhere to all prescribed liberty and curfew times.

(c) Do not deviate from your liberty plan without approval from your chain of command. Have a means to call back to the ship and ask if you're plans are changing!

Visitors. Service members' family members visiting in Hong Kong may embark the liberty launch, as long as they possess adequate identification and adhere to the ship's physical security requirements. Due to force protection and security requirements, friends or acquaintances of service members may not embark the ship for a personal tour or ride liberty launches. Any questions may be directed to the ship's security department or the command duty officer.
