Repairs to damaged MWR facilities nearing completion

FROM NAS KEY WEST
PUBLIC AFFAIRS

Contractors are making progress on repairs to Morale, Welfare and Recreation facilities damaged in Hurricane Irma Sept. 10 and several facilities are expected to be open by the end of February.

"As of Thursday, the final repairs on the CDC and the Fly Navy (Trumbo Point Navy Gateway Inns and Suites) are nearing completion," said Lt. John Nurthen, assistant public works officer.

The NAVFAC Contingency Engineering Response Team had identified hurricane damage in 192 facilities at Naval Air Station Key West.

Nurthen said the repair costs for the Fly Navy and CDC thus far are around \$1.2 million. The estimated cost for all repairs, including to the hangars at Boca Chica Field, will be an estimated \$101 million.

Repairs also are moving forward to MWR facilities on Boca Chica Field, according to Tim Campbell, Morale, Welfare and Recreation director. Roofing work is being done on Airlanes Bowling Center and

the court flooring is being installed at the Fitness Center.

"I have high hope these initial projects are in done in the month of February," Campbell said. "We are dependent on contractors coming in

to finish up." The majority of the repairs at NAS Key West include roof repair and replacement, building stabilization, and interior building tear

out and dry out. Nurthen said some facility repairs will continue deep into 2018.

Navy recognizes contributions of African American Sailors during Black History Month

FROM NAS KEY WEST
PUBLIC AFFAIRS

Throughout the month of February, the Navy joins our nation in celebrating the history and cul-

ture of African American and Black Sailors during National African American/Black History Month.

Naval Air Station Key West will observe AA/BHM with an event Feb. 26 at the Bldg. A-515, Boca Chica

Field.

This month's observance has its origins in 1915 when historian and author Dr. Carter Woodson founded the Association for the Study of Negro Life and History. Dr. Woodson and

the association initiated the first Negro History Week in February 1926. Every president has officially designated the month of February as National African American/Black History Month since 1976.

African American Sailors and civilians play an integral role in the success of the Navy as part of the Navy team.

Superpowers

In our house one of the most recent topics of discussion between my two oldest boys has been the newest Thor movie.

Both boys like the Marvel and DC Superheroes but they have their favorites. There have been times when we have discussed which superhero has the best superpowers.

I personally like Superman and think he has the best superpowers, but my oldest son likes Spider-Man, while my second son likes the Hulk.

We all have our reasons of why we like their superpowers, but we also recognize that in reality their superpowers are fictional. Can it be possible for humans to have another type of superpower?

In scripture we can find that Disciples of Christ are equipped with superhero powers. Just not the kind we see in comics or movies.

In Ephesians 4:32 it states, "Be kind to one another, tender hearted, forgiving each other, just as God in Christ also has forgiven you."

CHAPLAIN'S CORNER

NAS Key West
Command Chaplain

Lt. Cmdr.

Scott Mason

God can do things through us that we could never do in our own strength, and one of those things is forgiveness. Forgiving, loving and forgiving again is something I would say seems almost impossible for many if we rely on ourselves.

When we rely on our ever-present help in God we can do

just that, forgive, love and forgive again.

I know it sounds impossible but through God you can have this superpower. His ability to love and forgive through us knows no bounds.

Let us remember to put aside our stubbornness and to allow us to extend healing through God and God alone.

Please join us on Sundays at 10:30 a.m. for worship services. This Sunday we are at the Sigsbee Park Community Center with our Praise Band and Children's Church. Please visit our Facebook page (NAS Key West Chapel) for upcoming events.

If you are in need of chaplain care, please call your chaplains at 305-293-2318, Naval Air Station Key West, or 305-292-8788, Coast Guard Sector Key West.

AA/BHM theme recalls sacrifice, service in times of war

FROM DEOMI

In observance of African American/Black History Month, celebrated each year during the month of February, the Defense Equal Opportunity Management Institute has created an original poster highlighting the theme for 2018,

"African Americans in Times of War."

This year's theme, provided by the Association for the Study of African American Life and History, commemorates the centennial of the end of the First World War in 1918, and highlights the service and sacrifice of African Americans during

wartime from the Revolutionary War to present.

The DEOMI graphics team wanted to capture some of the wartime sacrifices and milestones of African Americans in our nation's history. Featured on this poster are individu-

New online tool helps vets with discharge upgrade process

FROM DEPARTMENT OF DEFENSE

The Department of Defense, through a joint initiative with the Department of Veterans Affairs, is pleased to announce the launch of a web-based tool that will provide customized guidance to veterans who desire to upgrade or change the conditions of their military discharge.

"We are thrilled to have partnered with the Department of Veterans Affairs in developing this wonderful and easily-accessible tool," said Robert Wilkie, Under Secretary of Defense for Personnel and Readiness. "We support our veterans, whether they served recently or long ago, and we are excited to introduce a tool that will individualize the guidance for those who desire an upgrade or change

in their military discharge," he said.

Over the years, some veterans have criticized the review process as daunting or difficult to understand. The issuance of supplemental guidance over the past few years, while helpful to many, has the side effect of creating multiple guidance documents that can be confusing to some. Furthermore, some veterans suffer from mental

health or other conditions that make tasks like these more difficult for them than for others.

This innovative tool simplifies and customizes the guidance. By answering a few short questions, veterans will know which board they need to go to, what form to fill out, any special guidance applicable to their case, where to send their

Survey seeks Sailors' input

FROM NAS KEY WEST
PUBLIC AFFAIRS

The Navy recently invited 80,000 active duty Sailors to participate in the voluntary, anonymous 'Personal and Professional Choices Survey' on max.gov. to provide input that will directly impact new and existing Navy policies.

The survey addresses many issues, including retention, work/life balance, family planning, pregnancy and parenthood and medical care. The 15-minute survey opened Jan. 17 and closes Feb. 23. If a Sailor is selected to

participate, he or she will receive a notification email from max.gov, the survey platform, with directions on how to take the survey.

"If you are selected, please follow through and take this survey," said Naval Air Station Key West ABHCM Marcus Aguirre, command Senior Enlisted Leader.

"Those Sailors who have been selected have a voice - and a responsibility - to represent their shipmates on a number of important issues," Aguirre noted. "I can't stress enough the value and importance of participation to those who have been chosen."

application, and some helpful tips for appealing their discharge. Any veterans who believe their discharge was unjust, erroneous, or warrants an upgrade are encouraged to use this tool and then apply for review.

This tool can be found on Vets.gov at www.vets.gov/discharge-upgrade-instructions. The link is also available on Military OneSource (www.militaryonesource.mil/) and each of the review board's websites (listed below). The link has

also been forwarded to a number of Veterans Service Organizations and Military Service Organizations in order to spread the news to as many Veterans as possible.

This initiative was one of many in recent years aimed at improving the review process and guidance available to veterans who believe they may have been unfairly discharged or received an unfair discharge characterization. The Department issued special guidance in 2011 for veterans discharged under "Don't Ask, Don't Tell" or its predecessor policies. Also,

the Department issued guidance related to post-traumatic stress disorder (PTSD) and traumatic brain injury (TBI) in 2014. Most recently, in February 2016, the Department redoubled its efforts to ensure veterans received the benefit of the latest guidance and statutes of limitations were liberally waived in such cases. Subsequently, in December 2016, the Department launched an internal review of its policies and procedures. That review disclosed some gaps and confusion in the previous guidance. In August 2017, the Department

issued significant guidance clarifying how review boards will consider cases involving mental health conditions, including PTSD, TBI, sexual assault or sexual harassment.

This includes more than 58,000 enlisted and 5,000 officers. Further analysis

shows 17 percent of E-8 and E-9 Sailors are African Americans. Nearly four percent of flag officers are African American Sailors.

African Americans have a long heritage of service, first with state and continental navies, and then with the Department of the Navy since its establishment in 1798.

"By taking the time to educate ourselves on our history and the people who

can more fully appreciate the ideals set down by the founders... "It's a reminder that our work is to sustain freedom and ensure that rights and liberty belong to all our citizens," noted Adm. Michelle Howard, reflecting on Black History Month.

FROM NAVAL AIR STATION
KEY WEST PUBLIC AFFAIRS

Naval Air Station Key West has joined other Navy installations nationwide in conducting Exercise Citadel Shield-Solid Curtain, which began Monday and runs through Feb. 9.

CS-SC 2018 is a two-part anti-terrorism force protection exercise conducted by Commander, Navy Installations Command in conjunction with Commander, U.S. Fleet Forces Command on all CONUS installations.

The first field training exercise took place Monday at Port Operations on Truman Annex. An active shooter drill tested Security and Fire and Emergency Services respond-

ers who were presented with a single assailant and seven victims.

This is an annual exercise designed to enhance the readiness of Navy Security Forces and ensure seamless interoperability among the commands, other services and agency partners.

Measures are being taken to minimize disruptions within the local community when the drills occur. There may be times when the exercise causes increased base traffic or delays in base access. Area residents also may see or hear security activities associated with the exercise.

NAS Public Affairs issues media releases to keep base personnel and local residents informed of any scheduled training activity.

Security forces and Fire and Emergency personnel at Naval Air Station Key West respond to an active shooter drill Monday as part of the Operation Citadel Shield-Solid Curtain exercise at NAS Key West's Mole Pier on Truman Annex. The scenario involved a single assailant shooting at Sailors in Port Operations. While security officers target the assailant, FES firefighters provide emergency care to the injured.
