HOROSCOPES

ARIES – Mar 21/Apr 20

Aries, this week seems like a race, but you may be losing steam. With a lot of distance still left to cover, it's time to conserve your energy and find some assistance.

TAURUS – Apr 21/May 21

Taurus, your imagination is very active lately, so much so that it may make it difficult to concentrate on anything else. Make an effort to get work done in spite of the distractions.

GEMINI – May 22/Jun 21

Gemini, others may misinterpret your enthusiasm for a carefree nature. However, you are actually busy getting the job done — even if you're having some fun doing it.

CANCER – Jun 22/Jul 22

It's possible you may misread someone's intentions, and it could get you in a bit of hot water, Cancer. Don't make any assumptions and apologize if you make mistakes.

LEO – Jul 23/Aug 23

Leo, if your energy levels are waning, find a way to put some hop in your step. Take a break from work if necessary. This is a great way to recharge.

VIRGO – Aug 24/Sept 22

Virgo, you haven't yet found your groove at work, but don't get discouraged because it will happen. Pay attention to others around you and how they act.

LIBRA – Sept 23/Oct 23

Even if others think you are ambivalent, you possess a clear picture of what you want and where you are heading. Libra. Don't let others' misconceptions sway you.

SCORPIO – Oct 24/Nov 22

Scorpio, if left to your own devices, you can get your work done quickly. But overcoming distractions may be difficult in the days ahead. Do your best to stay the course.

SAGITTARIUS – Nov 23/Dec 21

Sagittarius, if you are feeling high strung or nervous, you may just need to take a little time away from a situation to reorient yourself. Come back with a fresh perspective.

CAPRICORN – Dec 22/Jan 20

Capricorn, don't put others off by being too serious. Learn how to let loose a little bit this week and your friends will flock to you in no time at all.

AQUARIUS – Jan 21/Feb 18

Aquarius, you're normally a people person, but every once in a while you enjoy solitary time to think and avoid crowds. This could be the week for that.

PISCES – Feb 19/Mar 20

Everything seems to be unfolding on schedule, Pisces. This is advantageous because you don't have to put in extra effort or sweat the details.

range in 1981 and the land was transferred to the Marine Corps in 1991. Since then Marine Corps Air Station Beaufort has owned TBR. Until last year it was run by Georgia Air National Guard.

“Georgia Air National Guard managed the assets and operations of the range for the past 40 or so years and they did a fantastic job,” Corns said. “As of Oct. 1, 2017, MCAS Beaufort took over operations to continue with the expansion and modernization of the range. When we complete it, we will be able to support 100% of the training syllabus for the F-35B.”

Recently expanded from 5,183 acres to 33,834 acres, Townsend Bombing Range is being modernized for training operations. As the east coast’s premier air-to-ground training range, it provides the nation’s aircrews access to world-class training, which is critical to maintain a strong national defense in a world of ever-changing opponents, battlegrounds, and technologies.

“TBR is absolutely a national asset,” Corns said. “With our capabilities, location and training facilities, we are able to provide training to Marine Corps aviation units, Navy, Air Force and Air National Guard, and Army units from more than six states. We are increasing mission readiness across the DoD.”

skills on dog handling procedures. Marines learn tactics such as detecting and patrol work with their K-9s as well as how to properly groom and take care of their dogs. “Before we were able to go to Lackland Air Force Base, each Marine had to do on the job training,” Parkhill said. “This exposes the Marine to life as a MWD handler. You help with the bite training and cleaning the kennel and get used to being around dogs all day every day. In order to be an effective handler, a Marine needs to have thick skin and not have a big ego. Handlers have to act funny for their dogs to get their attention or reward them. The OJT shows the MWD leadership that a Marine is ready to go to the school and become a trained handler. The school house taught me a lot and how to be a basic dog handler, but the OJT set me up for success and showed me what my future could be after certifying as a MWD handler.”

From helping officers detect contraband and aiding in vehicle searches, the military working dogs of MCAS Beaufort engage in operations to keep the Tri-command and lowcountry safe. “These dogs are an integral part of the security system in place that keeps our bases and surrounding communities’ safe,” said Lt. Col. William Butters, the Provost Marshal for MCAS Beaufort and Marine Corps Recruit Depot Parris Island. “Our MWD teams help keep the Marines and Sailors of the Tri-command safe as well as support missions outside our gates. These teams help support local and federal law enforcement. They can go to a temporary assignment of duty as far south as Florida and as far north as New York to help accomplish a mission. I have been in the Marine Corps for 17 years and have not seen a greater asset than a base’s MWD program.”
