## 18th Space Control Detachment One Gather to Memorialize Coworker

By **BARBARA WAGNER**  
South Potomac Pilot

Staff at 18th Space Control Squadron, Detachment One (18 SPCS, Det 1), led by Commanding Officer Lt. Col. Erin Dunagan, honored their co-worker Eric Brown at a gathering on May 2 at the Missile Defense Agency Auditorium. Brown, a supervisor in the Advanced Orbital Analyst Cell, passed away unexpectedly Dec. 10, 2017 and his coworkers sought to memorialize Brown's legacy by dedicating their Operations Center in his memory.

It was Brown's legacy of dedication and passion for not only the Space Mission but for life that was the keynote of Dunagan's address to those gathered to honor their coworker and friend.

"Legacy, that's what today is all about, Eric's legacy" Dunagan shared. "We are his legacy, whether from family or work perspective; it's up to us to be his legacy."

Dunagan went on to share Brown's dedication to his family and the space mission and noted that Brown was a naturally gifted mentor and teacher, and that gift was shared not only in the workplace with his peers, but also in his leisure time where Brown was an avid bowler who taught as well as participated.

"Throughout one's career you're lucky if you have one person you remember and say, that's one person

I will never forget," Dunagan said. "For me, Eric is that one person. I will remember him my whole career and beyond."

On behalf of the agency, Dunagan presented Brown's wife, Dawn, with a plaque that is the twin to the one that will grace the entrance to the Det 1 Operations Center.

The plaque, constructed of sturdy white oak, proudly bore the emblems of the three services that Brown had served under throughout his life: the Air Force, the Navy and the Army, where he served active duty.

"Two of his co-workers, Sgt. Valladares and Brian McCormick, designed the plaque representing the three services that he worked for," Dunagan explained.

The plaque's inscription read, "The Distributed Space Command and Control Dahlgren Operations Center is hereby dedicated to Eric Maurice Brown for his unwavering leadership and devotion to the men and women of the space community."

Brown got his start at Naval Support Facility (NSF) Dahlgren in the mailroom. From there, he applied for positions that better suited his skill set which ultimately landed him his current position as Advanced Orbital Analyst Cell Supervisor. A move that wife,

## NSWC Indian Head EOD Technology Division Employees Celebrated, Awarded Command Excellence Honors

U.S. NAVY PHOTO BY MATTHEW POYNOR

**Naval Surface Warfare Center Indian Head Explosive Ordnance Technology Division (NSWC IHEODTD) held the annual Honorary Awards ceremony, April 26, at the Indian Head Town Pavilion to recognize those individuals and teams who made significant contributions to fulfilling the command's mission during calendar year 2017.**

Naval Surface Warfare Center Indian Head Explosive Ordnance Disposal Technology Division recognized individuals and teams who made significant contributions to the command's mission at the annual Honorary Awards ceremony today, which was at the Indian Head Town Pavilion.

This year's guest of honor was Senior Chief Special Warfare Operator (SEAL) Edward C. Byers Jr., who was awarded the Medal of Honor for conspicuous gallantry and intrepidity at the risk of his life above and beyond the call of duty as a Hostage Rescue Force Team Member in Afghanistan in support of Operation Enduring Freedom from Dec. 8-9, 2012.

"Today, we're dutifully celebrating excellence," said NSWC IHEODTD Commanding Officer Capt. Scott Kraft. "Excellence that is right here amidst us; excellence that spans this extraordinary organization; excellence that manifests in many diverse ways."

Kraft also touched on the subject of the command's guidance and priorities this year, "We will, in all things, be characterized by tenacious professionalism and steadfast resolve, vividly remem-

# Dahlgren Students Combine Fun with Function at Beach Cleanup

By **BARBARA WAGNER**  
South Potomac Pilot

Earth Day activities culminated on Naval Support Facility (NSF) Dahlgren with a beach cleanup coordinated by the NAVFAC and Naval Support Activity South Potomac (NSASP) Environmental Department with “kid-power” provided by students from Dahlgren School. The afternoon of May 1 provided warm breezes and delightful sunshine for the expedition to the shoreline for the group.

The students fought their way through the tall beach grass to pick up nearly a dozen bags of trash and large pieces of PVC pipe, a trash can lid and several buoy markers embedded in the Upper Machodoc Creek shoreline. The students worked together in teams and scoured the shoreline for debris while enjoying the local flora and fauna.

Environmental staff came out in force including Acting Branch Manager Joe Trocchio, Mary Geil, Matt Woodson, Patrick Brown, Dr. Thomas Wray and Adrian Mood from NSF Dahlgren/NAVFAC Environmental and team members Bethany Brown, Rick Neil and Walt Legg from the Naval Surface Warfare Center Dahlgren Dahlgren (NSWCDD) Environmental team to supervise and assist the students as they cleaned, providing gloves, bags and cold water to power their young assistants. Bethany Brown and other employees at Environmental spent time putting together “seed bombs” containing native wildflowers for the students as well so they could carry on their “green mission” at home.

Beth Hankins, Dahlgren School 4th, and 5th-grade teacher escorted the students to the location and discussed the area with the students — the Willow Oaks Constructed Stormwater Wetland adjacent to the NSASP Headquarters Building. Hankins provided a bit of background information for the students about the construction of the wetlands in 2013 to remove pollutants accumulated from households and farms from stormwater runoff. These pollutants increase the nitrogen and phosphorous that can cause algae blooms, choking out water and wildlife in the area. The runoff eventually reaches the Chesapeake Bay and further.

“This water [the constructed wetlands] impacts that water [Potomac River] which impacts the Chesapeake [Bay],” Hankins explained. “What they [Environmental] have done to clean up the Machodoc and Potomac has been amazing both here and at Indian Head. They are the real heroes. The water is so much cleaner and healthier because we aren’t sending our pollutants there anymore. Marshes are like the sponges that clean up the environment. They are doing their part, and we are going to do our part to help clean up the beach.”

The students had to pick their way carefully along the shoreline avoiding the water and

**Dahlgren School 4th and 5th-graders spent time on May 1, clearing shoreline at Naval Support Facility (NSF) Dahlgren. Nearly a dozen bags of trash and debris were removed from the Upper Machodoc Creek shoreline. The efforts marked the last of the Earth Day events aboard Naval Support Activity South Potomac for 2018.**

U.S. NAVY PHOTO BY BARBARA WAGNER

marshy areas along with propelling their way through the dense beach grass to access much of the trash that they removed.

“I thought it would be boring just walking on the beach, but it’s been an adventure to find stuff,” 4th grader Kaylee said.

“Yeah,” agreed Victoria, also a 4th grader. “It’s like a tiny adventure tied to cleaning up!”

Hankins appreciates the Environmental Department efforts, creating opportunities for the students to be involved in activities like the annual beach cleanup.

“It’s critical that kids have real-world opportunities to see firsthand how litter impacts their environment,” Hankins said. “These kinds of events allow them to contribute to saving their environment and be a part of their community. They can come down here and see first-hand all of the trash that has been disposed of in the water and shoreline and understand that impact.”

Legg from the NSWCDD Environmental team also shared his thoughts on the day.

“Helping them [the students] to understand the relationships that things on Earth have to each other and the numerous impacts that our actions can have works toward achieving that goal,” Legg shared. “It is easy to throw a six-pack ring out a car window, but if you know the impact that might have, tangling a turtle or bird, or becoming part of the great floating sea of plastic in the ocean, you think twice. A dead battery is easy to throw in the water, but

U.S. NAVY PHOTO BY BARBARA WAGNER

**Dahlgren School 4th and 5th-graders clean up litter and debris from the shoreline at Naval Support Facility (NSF) Dahlgren on May 1.**

if you are aware of the damage the heavy metals it contains can do to marine life, you think twice. These students’ enthusiasm and their commentary on the potential impacts of the different types of trash they collected during the cleanup demonstrated a true appreciation

for the environment and desire to make a better world.”

Kudos to the students and special thanks to both of the Environmental Department’s staff for putting the programming together and escorted the students.

# NSWC Dahlgren Division Personnel Honored for Global and Fleet Impact at Annual Awards Ceremony

## BY NSWC DAHLGREN DIVISION CORPORATE COMMUNICATIONS

Eighty-three individuals and 16 teams were honored with 20 different Navy and Dahlgren Division awards as the Naval Surface Warfare Center Dahlgren Division (NSWCDD) held its annual honor awards ceremony.

Family and friends of awardees watched NSWCDD Technical Director John Fiore along with Chief of Staff Chuck Campbell and NSWCDD Dam Neck Activity Commanding Officer Andrew Hoffman present the awards at the Fredericksburg Expo and Conference Center, April 26.

"A hundred years ago, our history began as shots rang out from the newly established U.S. Naval Proving Ground in October 1918," said Campbell before recounting the command's impact to Navy technological programs and its development of new capabilities. "Dahlgren has always been an incubator for innovation so it's no surprise we are indeed the leader in warfare systems development and integration."

This year's event honored the men and women of the Dahlgren workforce who demonstrated exceptional resolve to meet the command's mission objectives in addition to those who significantly impacted the community through volunteer service throughout calendar year 2017.

The ceremony's theme was, "Dahlgren — A Century of Innovation".

"Our honorees have significantly contributed to our global defense efforts and met warfighting challenges head on," NSWCDD Commanding Officer Capt. Godfrey "Gus" Weekes wrote in the Annual Honorary Awards Ceremony program. "These awards speak to the tireless actions of our brilliant team members who have created and improved products to support our service members and the Fleet. Altogether, they have worked to fill capability gaps; transformed the Navy's ability to defeat advanced threats; improved business processes and contributed to hurricane recovery efforts in Puerto Rico."

After the awards banquet, speeches, and video presentations, families and co-workers enjoyed the ceremony as awardees were honored.

### Navy Meritorious Civilian Service Award

Ten NSWCDD employees were presented with the Navy Meritorious Civilian Service Award –

Kathy Clark, Leslie Madden, Bruce Saller, Robert Ward, Jacqueline Cheramie, Frank Dixon, Adam Jones, Jeff Allen, Robert Bills, and David Hurley.

The third highest Navy civilian award honors civilian employees supporting the Department of the Navy for meritorious service or contributions resulting in high value or benefits for the Navy or the Marine Corps. It was established to recognize those individuals whose leadership or important contributions to major projects of the Navy have demonstrated outstanding achievement.

### John Adolphus Dahlgren Award

The John Adolphus Dahlgren Award, the command's highest award, was presented to Frank Peterkin and Denise Bagnall.

The Dahlgren Award is named for Rear Adm. John A. Dahlgren – who is considered the "Father of Modern Naval Ordnance" – and honors individuals with significant achievement in science, engineering or management.

### C.J. Rorie Award

Master Chief Fire Controlman Nathaniel Melvin received the C.J. Rorie Award, established to recognize military personnel assigned to NSWCDD whose excellence in the performance of their duties contributed significantly to the effectiveness of the Division's military operation.

### Dr. James Colvard Award

Patrick Freemyers, Catherine Borisuk, and Jonathan Brown received the Dr. James Colvard Award in recognition of their leadership and substantial contributions to the development of

NSWCDD as a technical institution.

### Bernard Smith Award

John Jims, Christopher Behre, and Bradley Flock were recognized with the Bernard Smith Award, established to recognize individuals with exceptional, significant and technical contributions in engineering or science, especially those made in the face of unusual odds or significant opposition.

### Helen Springer Award

The Helen Springer Award was presented to Cheryl Subacius, Angela Bowling, and Michael Shively. The award recognizes individuals who have made a notable and significant impact to business operations at NSWCDD. The award was named in honor of Helen Springer, a former NSWCDD Deputy Human Resources Director who was instrumental in transforming business operations at Dahlgren from a paper-based system to an electronic environment.

### Walter T. Lewis Acquisition Award

Daniel Belcher received the Walter T. Lewis Acquisition Award in recognition of his demonstration of the key tenets of teamwork, integrity and accountability in the achievement of acquisition excellence in support of the NSWCDD Mission. This award is named in honor of Walter T. Lewis who was the command's first civilian contracting officer with unlimited contracting offi-

## BASE HAPPENINGS

### Dahlgren

#### Dahlgren Clinic Closure

Dahlgren Branch Health Clinic will be closed Thursday, May 17 for training and maintenance. The clinic will re-open for regular hours on Friday, May 18.

#### Catholic Services at Dahlgren Chapel

Monday — Thursday: Rosary at 1200 in Back Chapel  
Friday: Liturgy of the Hours and Rosary at noon in Back Chapel  
Saturday: Sunday Celebration in the Absence of a Priest, vigil, 1700 in Main Chapel

#### FFSC closed on May 30

The Fleet and Family Support Center at NSF Dahlgren will be closed on May 30 for a staff training day. The center will open again for regular hours on May 31.

#### Child Development Center I Has Spaces Available!

The Dahlgren CDC I has space available for parents to enroll children. For more information on how to enroll contact the center at 540-653-4994 or stop by at 727 Sampson Road, building 437.

#### Dahlgren Sea Kings Chess Club

Want to learn how to play the world's oldest game like the masters? Weekly lessons are free, and all skill levels are welcome. Group will meet Wednesdays from 4 — 6:30 p.m. Please call or email for more information, Lt. Brian T. Curran, V23, (540)653-1941, brian.curran1@navy.mil.

#### Second Tour Thrift Store

The store offers a wide assortment of quality used items at incredibly low prices. The store is located at 722 Sampson Rd. and is open Thursdays from 10 a.m.–2 p.m. for all shoppers with base access. 'Like' on Facebook @DahlgrenSecondTour

### Indian Head

#### FFSC Relocated aboard NSF Indian Head

The Fleet and Family Support Center has relocated at NSF Indian Head. FFSC is now located in the Mix House, Bldg D-324 on the top level, room 1. The School Liaison Office (SLO) has also relocated to the Mix House. SLO will be available on Tuesdays and Thursdays from 8:30 a.m. to 4 p.m.

#### Market Fresh Bistro Soup of The Day

The Market Fresh Bistro at the Naval Support Facility (NSF) Indian Head Community Recreation (ITT) and General Library is offering garden vegetable soup for the week of May 14. The facility is open Monday — Friday, 6 a.m. — 2:30 p.m.

To publish information on your event or program under "Base Happenings," contact Andrew Revelos at 540-653-6012 or email [Andrew.revelos1@navy.mil](mailto:Andrew.revelos1@navy.mil).

## Community Notes

### Dahlgren

#### King George Rabies Clinic

Be sure to get Fido or Fluffy their rabies shot! Saturday, May 12, 9 a.m. — 11 a.m. at the King George Animal Control Parking Lot. Rain or shine, \$10 cash per animal. Dogs and cats only, four months and older. Animals must be leashed or in a carrier. Written proof of prior rabies vaccination must be provided to receive a three-year vaccination.

#### Spring 2018 National Security Lectures — The Renaissance Dam Project in Ethiopia

Construction of what will be Africa's largest, and the world's 7th largest, hydroelectric power-producing dam, continues despite challenges. The Renaissance Dam Project in Ethiopia will be presented on May 16, by Dr. Jacqueline H. Wilson, P. The Lecture will be held at the UMW University Hall (room 110). The lecture is open to the public, and there is no charge to attend. Refreshments starting at 8 a.m., and the lecture at 8:30 a.m. To register, visit us online at <http://dahlgren.umw.edu/lecture-series>

#### Golf for Kids – King George Family YMCA Annual Golf Tournament

The Golf for Kids Annual Tournament will be held on Friday, May 18th starting at 9:00 am at Fredericksburg Country Club. The prices for the event are \$300.00/Four-Man Team and/or \$75.00/Person. There are also opportunities for sponsorships. Sponsor a hole for \$100 or become an event sponsor starting at \$500. Invite your friends and colleagues. Help the Y to spread the word. Please pass this email to anyone you think might want to play. For forms and more information please

contact Elizabeth Taylor at [etaylor@family-ymca.org](mailto:etaylor@family-ymca.org).

#### Household Hazardous Waste Day at the King George Landfill/ Sealston Convenience Center

Saturday, June 2. 8 a.m. — 2 p.m.

Open to all residents of King George County. Residents must show their permanent yellow sticker. No business waste. Items accepted include Aerosol cans Garden chemicals (pesticides, herbicides, fertilizers, insecticides), Gasoline, Kerosene, Oil based-paint products, spray paint, caulk, wood preservative, wood stain), Swimming Pool Chemicals, Used and unused household cleaners, ammonia drain cleaner, rust remover, tile/shower cleaner and more), Universal materials (include mercury-containing items: thermometers, thermostats)

#### Classical Conversations Hold Kids Camp and Parent Practicum

Free sessions June 4-6, 9 a.m. to 4 p.m. Fredericksburg, Va. veteran home educators will lead three days of training, June 4th-6th, designed to inform and encourage parents who are homeschooling or are interested in homeschooling. The free conference will be held at New Life in Christ Church at 11925 Burgess Lane in Fredericksburg and is hosted by the Fredericksburg Community of Classical Conversations, an educational resource for Christian homeschoolers. Participants are encouraged to register at [www.parentpracticum.com](http://www.parentpracticum.com). The theme of the conference is Unlocking Language: The Art of Grammar. It offers keys to more than just learning languages. While parents learn, their children can learn, too. Low-cost day camps

(\$42 per child) are available for children of attendees, kindergarten to teen. Camps include nursery and play camps for younger children, memorizing and drawing the world in geo-drawing camp or learning about [other Practicum camp topics] in academic camps for older students. Advance registration for student camps is required. For more information about parent conferences, go to [www.parentpracticum.com](http://www.parentpracticum.com) or call Sandee Cogan at 540-808-7525.

#### CYT Theater Performs Les Miserables School Edition at King George High School

Performances June 15 — 24 with matinee and evening times. Ticket price: \$15 online / \$17 door, for more information, visit <https://www.cyt-fredericksburg.org/shows/Les-Miserables-School-Edition/10> or contact Allison Mayberry at [allison@cytfred.org](mailto:allison@cytfred.org)/540-429-5748 Les Mis is the winner of over 100 international awards and seen by over 65 million people worldwide, Les Misérables is an epic and uplifting story about the survival of the human spirit. Now adapted for high school performers, Les Misérables School Edition features one of the most memorable scores of all time and some of the most memorable characters to ever grace the stage!

#### King George Animal Rescue League Seeking Volunteers

The King George Animal Rescue League is looking for volunteers to help socialize animals, walk dogs, and take pictures at King George Animal Control (the county animal shelter). Volunteering at the shelter is a very rewarding way to give back

# New Private Label Lines Join Commissary Brands

Courtesy DECA  
Public Affairs Office

Two private label product lines have joined the Defense Commissary Agency's family of commissary brands, adding organic baby food and organic vegetables to its growing inventory of low-cost, national brand equivalents.

Since April 1, the TippyToes brand of organic baby food has joined the commissary brand lineup, and starting in May, Full Circle Market will offer organic beans and chick peas, said Jennifer Ferrell, DeCA's private label program manager.

Commissary store brands arrive first to state-side stores and follow about six weeks later overseas.

"The TippyToes brand caters to babies and provides a line of everything we need to care for our little patrons from tip to toe," she added. "This is a new expansion into the baby market

as we offer our busy patrons high-quality, low-cost options under a name they can trust."

Under this product line, commissary patrons are seeing a variety of organic baby food pouches in the following 10 varieties:

Butternut Squash Apple Raspberry  
Apple Blueberry Spinach  
Pear Peach Strawberry  
Apple  
Apple Zucchini Spinach Strawberry  
Pear Blueberry Spinach  
Banana  
Pear

Banana Peach Apricot  
Banana Strawberry Beet

Around the middle of May, commissary patrons will start seeing the following products under the Full Circle Market brand organic line:

Organic Pinto Beans  
Organic Chick Peas

Organic Black Beans  
Organic Dark Red Kidney Beans

"Full Circle Market is a complimentary expansion to our Freedom's Choice vegetable line, giving our patrons a trustworthy, affordable and high-quality organic selection," Ferrell said. "We continue to search for additional organic choices for our patrons and intend to grow this line further."

Full Circle Market and TippyToes are now part of the DeCA commissary brand lineup that also includes Freedom's Choice for food items, HomeBase for nonfood items and Top-Care for health and beauty care products.

"We are excited to welcome these two new brands to DeCA," Ferrell said. "With every new item we are offering our patrons more options to maximize their benefit with commissary brands that provide the quality they expect and the savings they deserve."

## NSWC DD Employees Bring Science to Life at Spotswood Elementary

By **BARBARA WAGNER**  
South Potomac Pilot

The next Elon Musk, Cornelia Bargmann, Mark Zuckerberg — that's what drives a group of young Science, Technology, Engineering and Mathematics (STEM) professionals from Naval Surface Warfare Center Dahlgren Division (NSWCDD) to mentor the next generation. Somewhere in the crowded gymnasium at Spotswood Elementary school in Spotsylvania could be the next Stephen Hawking — only they don't know it yet, because they haven't been introduced to that one "wow!" concept. That is why the professionals take time out of their busy lives to ensure that they bring the wow to this group of youngsters during the April 27.

Along with some other STEM students and professionals from around the region, NSWCDD employees presented experiments and demonstrations designed to elicit the same response from the attendees — "Cool!" "Wow!" Those moments spark interest that is needed now more than ever as the need for STEM professionals continues to climb not just in the United States, but globally.

It's not just the students that are mystified and electrified (sometimes literally!) at these types of events, parents who have brought their budding Higgs and Einsteins are impressed and genuinely grateful that their children have the opportunity to enjoy the STEM exposure.

"It's great for the kids to see this in action. It's more than just what they learn in their classroom; they see that there are practical uses for it and places where they can work in it," Shelby, a mom to three young daughters, noted as two of the girls experimented with a robotic hand.

Indeed, demonstrating those concepts in action and eliciting genuine awe from the children and adults is part of the joy of the job for Jamshaid "J.D." Chaudhry, an NSWCDD engineer who has organized the events for the last several years.

"For me, it's always the reaction from the people," Chaudhry shared. "The liquid nitrogen experiments, the Van de Graaff generator... they are such simple chemistry and physics concepts, but so many folks don't have any idea what creates them. To be able to share that with the kids and see their reactions — it's so worth the time and effort."

U.S. NAVY PHOTOS BY BARBARA WAGNER

**Naval Sea Systems Command (NAVSEA) employees from Naval Surface Warfare Center Dahlgren Division (NSWCDD) brought Science, Technology, Engineering and Mathematics (STEM) concepts to life at the Spotswood Elementary School Science Evening. Employees demonstrated experiments with liquid nitrogen, a robotic hand and a hair-raising experience with a Van De Graaf generator. Students and parents alike were enthralled with the demonstrations and walked away entertained and educated.**

Matt Busby, also an NSWCDD employee, sees the importance of spending a few hours on a Friday night with simple experiments. Helping budding scientists or engineers learn more about the field and ultimately pursue the field is rewarding.

"I feel like we are getting the next generation of scientists interested in pursuing those mathematics and science fields," Matt Busby said.

Youngsters like 5th grader Raylee were impressed.

"It's cool to learn about these things — things we haven't seen in the school yet," Raylee said. "I love this [the Van de Graaff generator]! It's showing us electricity [and] how electricity is produced," Raylee said.

Second-grader Ella agreed as she watched the liquid nitrogen demonstration. "It was really cool watching what they do."

Ella's Dad said she is a big science fan who also enjoys experimenting. A one-time science teacher, he shared that having this sort of program is vital to engaging the youngsters in a lifelong love of the sciences.

Many of the adults agreed that STEM was not promoted as much as it is now and the promotion of the sciences has undoubtedly been effective in attracting the younger generation to the field.

"When I was a kid, STEM didn't seem like that big of a deal," Chaudhry said. "I don't know what changed, but I am glad it did. It wasn't until college for me that I really began to realize just how important STEM is."

Chaudhry and his team are helping to spread that message. The seven participants each demonstrated a different concept, and Chaudhry would love to interest more of the Naval Support Facility (NSF) Dahlgren professionals in participating in these important events. He hopes that they can attract a diverse team to assist in presenting all aspects of the field to the next generation of science professionals.

"We have seven folks out here tonight, most of them are new hires," Chaudhry shared. "It's awesome to have them take part in this. We'd really love to get some IT folks involved as well We want to get that STEM message out there."

Interested in sharing your love of the sciences with tomorrow's future STEM professionals? Chaudhry and his teammates would be happy to discuss upcoming events with you. Email [beth.c.wise.ctr@navy.mil](mailto:beth.c.wise.ctr@navy.mil), [jamshaid.chaudhry@navy.mil](mailto:jamshaid.chaudhry@navy.mil), [richard.hodge@navy.mil](mailto:richard.hodge@navy.mil) or [rose.mcgregor@navy.mil](mailto:rose.mcgregor@navy.mil) for more information.

# NSASP Police Officers Recognized for Suspicious Package Response

By **BARBARA WAGNER**  
South Potomac Pilot

Throughout the year, Naval Support Activity South Potomac (NSASP) security forces and emergency response personnel drill for crisis circumstances that may never occur: active shooters, hurricanes, hazardous material handling. But they train nonetheless, just in case; on March 26, that training paid dividends.

Amidst the suspicious packages mailed out to various military commands throughout the region that day was one addressed to the Joint Warfare Analysis Center (JWAC) on Naval Support Facility (NSF) Dahlgren. Once notified of the incident, that "rainy day" training kicked in and the NSASP Police Day Squad immediately stepped into action mode, securing and isolating the package, and ensuring that everyone involved was sheltered or appropriately evacuated.

"We have countless drills and numerous responses to 'false alarm' suspicious packages so when this real-world event happened, everyone did what they were trained to do," NSASP Police Chief Robert Brooks said. "I was particularly impressed with our supervisors and how they organized and managed the incident. [Police] Maj. Dan Henderson was one of the first responders on the scene and his calm, insightful leadership was one of the main reasons our response was so effective."

NSASP police officers coordinated the response with installation Fire, Explosive Ordnance Disposal (EOD) and Emergency Management assets, as well as the Stafford County Sheriff's Office K-9 Unit.

"This was also a great opportunity to work with our Fire Brothers by establishing a joint command post and coordinating the efforts between law enforcement and fire rescue," Brooks noted. "I would also give great credit to local law enforcement for providing in a very rapid manner the use of a bomb-sniffing K-9 and handler. Everything fell into place, which was not surprising, but very satisfying."

Ultimately, the incident was resolved aboard the installation and NSASP forces were able to coordinate with other facilities

**Master at Arms 2nd Class Michael McCormick**

**Cpl. Justin Rounds**

**Cpl. Andre Roy**

**Cpl. James Sullivan**

around the region, as well as federal authorities and the perpetrator was apprehended quickly.

"Our officers are highly trained and they train for a multitude of scenarios," Stan Chizuk, NSASP security director said. "They handled the situation in a professional manner and it just validates that the training really pays off."

Congratulations to the officers involved — Sgt. Robert Faust, Cpl. Carlton McCray, Master at Arms 2nd Class Michael McCormick, Cpl. Justin Rounds, Cpl. Andre Roy, Cpl. James Sullivan, Master at Arms Lucidious Witt, and Fire Controlman Aegis 1st Class Robert Woollet on a job well done, Bravo Zulu!

# Heroes at Home Top Ten Finalist Includes One of Dahlgren's Own

By **BARBARA WAGNER**  
South Potomac Pilot

Naval Support Facility (NSF) Dahlgren's own Rebecca Poe was honored on April 27, as a finalist at the Heroes at Home recognition program at the Army Navy Country Club, located in Arlington, Va. Founded by The Flagship Inc. in Norfolk in 2005, Heroes at Home is a very highly regarded, regional recognition program that honors military spouses from all ranks and all service branches for their strength, sacrifices, volunteerism and support for the military community. Military Newspapers of Virginia hosted the event and USAA presented it.

Poe was one of 10 spouses in the region recognized for service to their communities.

Poe was nominated and has been a finalist for the last four years for her outstanding service with other military spouses.

"Working with military spouses has become my passion over the years. I am incredibly humbled and honored to be recognized as a finalist for the program for the last four years," Poe shared. "I am especially grateful for being nominated and voted as a finalist by my peers. I am proud that my accomplishments have made a difference in the lives of other military spouses and families."

Poe went on to share the importance of the support that military spouses share while their service member is away on deployment or engaged in their mission.

"Military spouses support each other on the home front while our active duty counterparts are away performing their job," Poe continued. "As spouses, we constantly find ways to encourage each other, bridge the gap in programs to fit our needs and create new and innovative ways to adjust to military life. The strength, resiliency, and commitment of our families and spouses should be highlighted and celebrated."

The recognition ceremony featured keynote speaker Shannon Razsadin, a Navy spouse and executive director of Military Family Advisory Network (MFAN). MFAN is a national nonprofit that convenes leaders and influencers in the military community to achieve its dual mission of understanding the needs of military families and ensuring military families are aware of the programs and resources designed to serve them.

Although Army spouse Cynthia Giesecke took home the top honors for the day, Poe cherished spending time with other military spouses and exploring new ways to engage in her community at NSF Dahlgren.

"I love spending time with other spouses, learning and listening to how they are making a difference in their communities," Poe said. "The best part of the day was that I could share it with my husband. Although I am always present for his events, rarely does he get to share in my events. After traveling all night, he was able to meet me at the event that morning."

Congratulations to Poe on being selected as a finalist!

**U.S. Naval Academy Midshipman Fuyima Dufresne and his uncle – Jon Dachos, NSWCDD Human Systems Integration Surface Combat System Lead – are pictured during Dufresne's tour of the Potomac River Test Range. Dufresne was one of 30 Midshipmen visiting Naval Surface Warfare Center Dahlgren Division (NSWCDD) for briefings on technologies related to their course of study at the U.S. Naval Academy Weapons and Systems Engineering Department. Dufresne's parents adopted him from an Osaka, Japan orphanage in early 2003. His adoptive parents moved to Japan after his father's Deutsch Bank building was damaged on 9/11. Some of the first Americans Dufresne met were from the USS Lake Erie (CG 70) when Sailors came to Osaka's Holy Family Home Orphanage via Project Handclasp when he was a child. Dufresne will graduate from the Academy as a commissioned naval officer on May 26. The U.S. Navy's Project Handclasp is a worldwide outreach program that partners with corporations, public service organizations, non-governmental organizations and individuals throughout the United States. # Second Annual Pinwheels for Prevention Parade Raises Awareness for Child Abuse Prevention

By **BARBARA WAGNER**  
South Potomac Pilot

Some of the youngest members of the Naval Support Facility (NSF) Dahlgren family took to the streets May 1 — some in strollers, some hand in hand with pals, some in the arms of their caretakers, and all with teal blue pinwheels and noise clappers — to take part in the Dahlgren CYP Second Annual Pinwheels for Prevention Parade aboard the facility and raise awareness for Child Abuse Prevention Month.

Pinwheels are the official symbol of the national Pinwheels for Prevention campaign, which dovetails with Child Abuse Prevention Month. While the youngsters reveled in the beautiful weather and the joyful parade, the parade provided a visual reminder for all of the importance of prevention.

Blue ribbons have long been recognized as a sobering national symbol for children who have been affected by abuse or neglect. Blue pinwheels, on the other hand, are fun and whimsical, and they remind us of the simple truth that all children deserve happy, healthy and carefree childhoods.

The use of pinwheels started in 2008 and in the years since more than three million blue pinwheels have provided opportunities for awareness and public engagement. Of particular importance, pinwheel gardens can be a starting point from which communities can explore ways to promote and encourage healthy development, to create environments in which children can thrive, and to educate the public in an effort to prevent child abuse before it occurs.

Julie Apicella, the training and curriculum specialist for Naval Support Activity South Potomac (NSASP) Child and Youth Programs, coordinated the parade to help raise awareness locally.

“As a community we must step up to take responsibility for the well-being of children in our care: Keep kids safe and supervised. Engage and pay attention to prevent accidents,” Apicella shared. “If you witness something, speak up. If you see abuse or neglect,

U.S. NAVY PHOTOS BY BARBARA WAGNER

The parade was held on May 1 with children from both Child Development Centers strolling with pinwheels and noise clappers to promote prevention.**

call it in. We all have a role to play in protecting children.”

Apicella wants to ensure that all of the NSASP community understands that if you need help, reach out — it’s okay to ask for support.

“Recognize when you’re struggling and get help,” Apicella advised. “Please take a moment this month to appreciate a child’s wonder of the simple pleasures in life. Enjoy the delight and whimsy of the wind blowing through the slats of a pinwheel. Let that experience remind you of how important the children are in your life, and make a commitment to support them, to encourage them, to love them and to be the best you can be for them and their future.”

If you or someone you know has concerns or is experiencing domestic or child abuse, please reach out to the Fleet and Family Services Center located on Schoolhouse Lane. The office can be reached at 540-653-1839 or toll-free at 1-800-500-4947.

## Dahlgren Library Out-of-This World Fourth!

Not in a galaxy far, far away, but right around the corner at the Dahlgren MWR Library, staff and patrons celebrated an out-of-this-world afternoon with a “May the 4th be with You” event held at the Library. The event was a hit with the young and young-at-heart. Over 50 participants celebrated the “Star Wars” themed celebration. “Star Wars” was the theme du jour with trivia, arts and crafts, masks and photo opportunities with characters from the beloved movie series. Yummy snacks rounded out the event culminating a showing of “Star Wars: The Last Jedi” movie at the base theater. A hit it was!

# Awards

Continued from page 3

cer authority, the first small business specialist, the first competition advocate, and the first deputy for procurement serving as the NSWCDD acquisition expert.

## Leadership Award

Six employees – Courtney Sloat, Daniel Dunn, Parker Page, Edwin Regan, Todd Graves, Gunendran Sivapragasam – were honored with the Leadership Award – established to recognize individuals who have made a notable and significant impact to NSWCDD through their outstanding performance in project leadership, line management or both.

## Employee Development Award

The Employee Development Award was established to recognize those individuals who – through their leadership and commitment – have made exemplary contributions to the development of others.

Kim Thornton, Kevin Cogley, and Allison Mead received the award for their impact as role models who created a positive and supportive work environment for continuous employee development, building employee commitment to the organization and its core values, while fostering employee motivation and overall well-being.

## Commander's Diversity and Inclusion Award

Debbie Bardine, Shellie Clift, Kathryn Dawson, and Angel Moises Iglesias received the Commander's Diversity and Inclusion Award for their continuing contributions in management and leadership while demonstrating commitment to policies and programs that promote equality, diversity and inclusion in the federal workplace.

## Technology to Warfighter Award

Sherri Cannon and Phillip Zellner, received the Technology to Warfighter Award for his direct and significant impact on the warfighter by developing needed capability and transitioning it into operations.

## Dr. Charles J. Cohen Award of Excellence for Science and Technology

Four employees – Christian Wahlquist, Matthew McQuage, William Moore, and Patrick Mead – received the Dr. Charles J. Cohen Award of Excellence for Science and Technology. The award recognizes those who fundamentally impact science or technology with work that also measurably impacts capability.

## NSWCDD Award of Excellence for Analysis

The NSWCDD Award of Excellence for Analysis is newly established to recognize individuals who have made a notable and significant impact to NSWCDD through their outstanding performance in analysis – warfare, design, engineering, modeling and simulation.

Five employees – Martin Capone, Nancy Taylor, Christopher Glenn, Carolyn Blakelock, and Willie Crank – received this award for performance or achievements that are exceptional in nature and have resulted in a significant organizational contribution.

## NSWCDD Award of Excellence for Software Engineering and Integration

The NSWCDD Award of Excellence for Software Engineering and Integration was established to recognize individuals who have made a notable and significant impact to NSWCDD through their outstanding performance in Software Engineering & Integration.

Seven employees – Carol Lee, John Morris, Micah Colon, Jason Hough, Deborah Daland, Brian Dillon, and Dung Pham – received this award which honors individuals with performance or achievements that are exceptional in nature and have resulted in a significant organizational contribution.

## NSWCDD Award of Excellence for Systems Engineering and Integration

The Award of Excellence for Systems Engineering and Integration was established to recognize individuals who have made a notable and significant impact to NSWCDD through their outstanding performance in systems engineering and integration.

Jeannie Hobgood, William Bradshaw, Patrick Cantwell, Jennifer Greene, Emil Jimenez-Brea, Robert Turner, and Claiborne

to the local community; it is beneficial to the volunteer's mental and physical health, and it has a direct impact on the lives of homeless animals in our area. To learn more, visit <http://www.kgarl.org/info/display?PageID=15746>, email [shelterhelp@kgarl.org](mailto:shelterhelp@kgarl.org), or contact the shelter directly at 540-775-2120.

## Indian Head Free Programs and Swim Day Available during Water Safety Month

May is Water Safety Month. In celebration of this special month, the Charles County Department of Recreation, Parks, and Tourism is offering free programs for residents and their families.

Free programs:

\* Hands-Only CPR (Monday, May 14)

\* Water Safety Hour (Thursday, May 24)

During the month of May, residents who sign the Water Safety Month pledge will receive one free day of swimming at any one of the pools operated by Recreation, Parks, and Tourism. Pledges must agree to:

\* Never swim alone.

\* Always obey all pool rules.

\* Stay away from drains and suction fittings.

\* Always enter the pool feet first.

For more information on Water Safety Month programs and pledge, or for listings of the Department of Recreation, Parks, and Tourism events and activities, view the GUIDE at [www.CharlesCountyParks.com](http://www.CharlesCountyParks.com). Citizens with special needs may contact the Maryland Relay Service at 711, or Relay Service TDD: 800-735-2258.

## Shred Event Featuring Rain Barrel and Compost Workshops to be Held May 12

The Department of Public

Works is hosting an environmental outreach event on Saturday, May 12 from 9 a.m. to noon in the Charles County Government Building parking lot (200 Baltimore Street, La Plata). Backyard composting and rain barrel workshops, as well as free document shredding, are available. Advance registration for workshops is required. Charles County Government and the University of Maryland Extension staff are offering one-hour workshops for rain barrels and composting. The first rain barrel and compost bin workshops begin at 9:30 a.m.

### Shred Event

\* Free, secure, on-site shredding services available from 9 a.m. to noon.

\* Bring up to five boxes (per vehicle) of personal documents for shredding and recycling.

\* Event is for Charles County residents only.

\* For more information, call the Department of Public

Works' Environmental Resources Division, 301-932-3599 or 301-870-2778.

### Rain Barrel Workshop

\* Take home a rain barrel and learn proper in-home installation techniques, practical uses for rain barrels, and how to reduce the impact of runoff on local waterways.

\* Become eligible for a stormwater remediation fee credit.

\* Advance registration is required. Register at [go.umd.edu/ccrainb](http://go.umd.edu/ccrainb), or for more information, call Erica Hahn at 301-396-5237 or Jackie Takacs at 240-393-6508.

\* Registration deadline is Monday, May 7.

### Tri-County Animal Shelter Announces May Promotions

National Chip Your Pet Month (Tuesday, May 1 to Thursday, May 31)

During this special month, bring your cat or dog to the shelter and get them microchipped for \$10. Cats and

dogs must be on a leash or in a carrier. If your pet gets lost, they are more likely to find their way back home with a microchip and collar with tags.

### Coming to an Area Near You

The shelter will be out in your neighborhood with animals available for adoption. Stop by and meet the animals available for adoption on Saturday, May 12 from 10 a.m. to 3 p.m. at the St. Charles Towne Center (11110 Mall Circle, Waldorf).

### Free Spay/Neuter Clinics

Are you income-disadvantaged and own pets? You may qualify for free altering of pets. Call Paw Prints Animal Hospital at 301-885-0263 or Humane Society of Charles County at 301-645-8181 for more details.

### Paws to Read

Come give the shelter pups some extra love and enrichment by reading to them. Bring your favorite book or

read one of ours. You can visit the animals Mondays through Fridays from noon to 5 p.m. and Saturdays 10 a.m. to 3 p.m.

### Tags and Licenses

Remember to keep identification tags on your dogs and cats. It could be your pet's ticket to getting back home. Be sure your pets wear a collar with an identification tag, a county license, and a rabies tag. Microchipping your pet with up-to-date information is a great practice as well. To learn more about licensing your pet, visit [www.CharlesCountyMD.gov/ES/AnimalControl/Animal-Control](http://www.CharlesCountyMD.gov/ES/AnimalControl/Animal-Control).

### Volunteers Needed at the Tri-County Animal Shelter

The shelter is in need of volunteers, ages 14 and older, to assist with caring for the many animals at our facility. Call the shelter at 301-932-1713 for additional information and volunteer paperwork.

Visit Us Online [www.dcmilitary.com](http://www.dcmilitary.com)

# Dedication

Continued from page 1

Dawn, knew was important to him — not only for a job well done but as an example to his sons

that hard work pays off.

She explained that his dedication was evident in all aspects of his life – while he worked and attended American Military University to achieve his dream of higher education, in his commitment to his job as evidenced by his re-

sponse to calls at all hours of the day and night, and to his beloved sport, bowling.

Amid the sorrow-filled tears, Brown's life was celebrated through remembrances of happier times, laughter and thoughts of a man whose positive mentorship, friendship and abiding re-

spect and love of mission stretched across the vast universe that he so cherished in life.

Following the presentation, friends and family were able to tour the Operations Center to see where the plaque immortalizing their loved one will hang for generations to come.

# Honors

Continued from page 1

bering the warfighters who depend on us.”

“Today we celebrate our colleagues and recognize them for their innovation, their excellence, for quickly rallying to meet a mission requirement, for saving money for the Navy, and for their commitment and dedication to the Navy, their customers, their community and most importantly to the nation’s warfighters,” said Mr. Ashley Johnson, technical director for NSWC IHEODTD. “The work we do here often flies under the radar but is absolutely critical to our national defense. The power and success of Indian Head is our people – the Navy depends on us to fly farther, hit harder, and save lives.”

Some of the command’s Honorary Awards are named for a significant person from IHEODTD’s history, and honor those past individuals and the recipients today. The command presented 16 awards that recognized more than 100 employees.

Read below for more information on the awards presented at the ceremony, and this year’s recipients.

**ROGER M. SMITH TEAM AWARD:** Roger Smith, NSWC IHEODTD Technical Director from October 1989 until his death in February 1999, believed the ability to work as a team was the key to continued success. This award recognizes team efforts to improve the command’s performance and effectiveness in providing products and services to meet customer requirements. Presented to the CAD/PAD SJU-17 Under Seat Rocket Motors Team

U.S. NAVY PHOTO BY MATTHEW POYNOR

**Naval Surface Warfare Center Indian Head Explosive Ordnance Technology Division (NSWC IHEODTD) held the annual Honorary Awards ceremony, April 26, at the Indian Head Town Pavilion to recognize those individuals and teams who made significant contributions to fulfilling the command’s mission during calendar year 2017.**

for their work on quickly addressing and fixing an issue grounding 20 F/A 18s stationed overseas. With their swift actions, the jets were back in flying status in less than one week.

**SAFETY EXCELLENCE AWARD:** This award recognizes an individual or group who made a significant effort to enhance safe work practices in their area. Presented to Ronnie Martin, Corporate Operations Department logistics manager, for his sig-

nificant contributions to enhance safe work practices including coordinating repairs and participating in inspections of building corrective safety actions.

**EXCELLENCE IN SYSTEMS ENGINEERING AWARD:** This award recognizes excellence in systems engineering for an individual or group who demonstrate an ability to implement a high degree of technical proficiency in the area of systems engineering practices and procedures resulting in excellent project or initiative outcomes. Significant emphasis is placed on the effective and efficient methods, tools and competency proficiency applied correctly to the effort to impact the outcomes successfully. Presented to Normary Camacho Cardoza, EOD Department, who served as lead on cybersecurity initiatives as part of the Flex-CSR Program. She is also responsible for leading the effort to establish a penetration testing laboratory in EOD Department’s Acquisition and Technology Division.

**EXCELLENCE IN QUALITY EXECUTION AWARD:** This award recognizes excellence in applying quality program proficiency during execution as it relates to our quality control systems. Excellence in quality is essential to realizing consistent delivery and demand for our products and services. Presented to the MK 154 Launcher Mine Clearing Electrical System Manufacturing Team for their work is assisting the U.S. Marine Corps with an urgent delivery request for mine clearing equipment.

**EXCELLENCE IN PROJECT MANAGEMENT AWARD:** Project Management is the application of leadership, communication and technical rigor – processes, tools, templates and per-

sonnel proficiency – to successfully execute project activities to meet organizational and customer expectations. Behind every high-quality project is a project manager who is responsible for motivating project teams and accomplishing project objectives to safely deliver quality products or services that meet customer technical requirements within budget and schedule using effective and efficient methods to execute this disciplined pillar role. Presented to Andrea Bloomer, Energetics Manufacturing Department technical project manager, for the qualification of a new material to be made at NSWC IHEODTD. This complex project involves the development of a new product and the start-up of two large complex facilities.

**Lance Corporal T. J. Honeycutt Award for Forward Deployed Service:** Lance Corporal T.J. Honeycutt, a Marine from Charles County, Md., lost his life to an improvised explosive device attack while on patrol. This award recognizes a civilian employee who, within the past year, has deployed to a combat zone or other forward-deployed location to provide direct support to the warfighter in support of the command's mission. Presented to Archie "Wayne" Humfleet, Systems Integration Department, Guns Division technician, for his outstanding and timely work on Close-in Weapons Systems while deployed to the USS Bataan, which was supporting military operations near the Arabian Peninsula.

**INTERNAL CUSTOMER SERVICE AWARD:** This award recognizes an individual, organizational unit or team who has provided excellent service to internal customers. We have one individual and one team recipient this year. Presented to Lori McFarland, Human Resources Division staffing and classification specialist, for consistently providing exemplary customer service. Her professionalism, responsiveness and timeliness while working with other department supervisors ensures all of their staffing and classification needs are met.

Also presented to Susan Tanner and Degas Legal, Corporate

Business Office Division, for their superior performance and customer service in the success of the command's iNAVSEA website. They alone maintain iNAVSEA and are truly dedicated to customer's needs often working late nights and early mornings.

**EQUAL EMPLOYMENT OPPORTUNITY AND DIVERSITY AWARD:** This award recognizes the achievements of an individual or group who excelled in extending equal opportunity to those seeking federal employment or by assisting federal employees in achieving their highest potential and productivity. Presented to Amber Knott, research scientist in the Research, Development, Test and Evaluation Department, for her commitment to diversity and women's issues in the workplace. Her efforts reflect her genuine interest in bringing everyone together, with a diverse workforce, to improve the command.

**DR. HORST ADOLPH AWARD FOR OUTSTANDING PATENT:** Dr. Horst Adolph's 30-year government career began in 1961 and included achieving more than 40 patents and authoring over 90 publications dealing with synthesis and formulation of energetic ingredients used in explosives and propellants. This award recognizes an individual or group of inventors for the most significant and beneficial patent to the Navy and the country. Presented to Rebecca Wilson, Joseph Mannion and Jesse Moran, Research and Technology Division, for their patent on the synthesis and structure of a critical intermediate in the synthesis of a new energetic molecule. This new molecule incorporates a very rare energetic functional group that provides high energy and high density.

**CONTINUOUS PROCESS IMPROVEMENT AWARD:** This award recognizes efforts resulting in significant improvement made to administrative, business, or technical processes accomplished through Lean and/or Six Sigma, yielding benefits in cost, schedule, quality, and/or risk mitigation. We have an individual and a team winner this year. Presented to Steven Possehl, a mechanical engineer in the Research, Development, Test and Evaluation Department, who has continuously molded and im-

proved digital x-ray processes over the past year while working toward the goal of making x-ray a completely digital process. His work cut costs, increased output, reduced cycle time and improved production.

Also presented to the Infrastructure Team for completing seven Joint Lean Six Sigma (LSS) events with NAVFAC's Public Works Department leaders. The combination of the LSS events along with fully implementing and staffing of the Infrastructure Support Group increased the capability and capacity to execute service tickets and shop projects at IHEODTD.

**CAPTAIN H. E. LACKEY AWARD FOR COMMUNITY SERVICE:** Captain Henry E. Lackey was the 12th commanding officer of the Indian Head Division from 1917-1920. During his tenure, he strove to improve living conditions and addressed a wide range of social problems such as adequate safety, housing, education, and communications. This award is given to an individual or team who, on their own time, provides significant contributions to the community. Presented to Martin Chernoff, Corporate Operations Department chemical engineer, for supporting the community through science, technology, engineering and math (STEM) projects in the Charles County school system, Boys Scouts of America and serving as a religious school teacher and service lay-leader.

**A.J. PERK OUTSTANDING OPERATOR/TECHNICIAN OF THE YEAR AWARD:** During his 34-year tenure at the command, A.J. Perk was devoted to providing customers with excellent products and services by "doing the job right." He was fair, firm, decisive and cared about employee interests. This award recognizes a model employee who serves as an example to others. This year we are honoring two of them. Presented to Enrique Garcia, EOD Department logistics management specialist, for his superb performance as lead shipping coordinator for the U.S. Navy's foreign military sales program's EOD tools and equipment.

Also presented to John Harley, a hazardous materials handler

in the Energetics Manufacturing Department, for his work in the CAD/PAD Consolidated Stock Point providing time critical deliveries of energetic devices to the fleet within 14 days of an order. He is a model employee who has dedicated 38 years of his career to this command.

**ADMIRAL HAROLD R. STARK AWARD FOR INNOVATION:** As the Naval Inspector of Ordnance in charge of the Naval Proving Grounds, Dahlgren, Va., and the Naval Powder Factory, Indian Head, Md., Admiral Harold R. Stark became the Chief of Naval Operations in 1939. This award recognizes an individual or group who advances the state-of-the-art in their field of endeavor. Presented to Kenneth Basom, Robert Breaux, Bryan Milani and Wesley Posey, from the Information Management Division, for their collaboration to create the Homemade Explosives Recognition Tool as part of the EOD Tactical Decision Aid. The HME recognition tool is a significant achievement that has led to advancement of HME identification.

**JOE L. BROWNING AWARD FOR MANAGERIAL EXCELLENCE:** Joe L. Browning was NSWC IHEODTD's first Technical Director from 1962 — 1975. He was renowned for his innovative approaches to recruiting, motivating and developing personnel. This award recognizes supervisors who demonstrate managerial excellence, practice quality leadership principles, and demonstrate coaching and teaming management skills. Presented to Melissa Milani, Systems Engineering Department, System Safety Branch manager, who developed a knowledge base in supervisory requirements

and established routine communication with line management and Labor and Employee Relations to address performance and conduct concerns.

**DR. GEORGE W. PATTERSON AWARD FOR OUTSTANDING ACCOMPLISHMENT:** As chief chemist and powder expert, Dr. George Patterson is remembered for his work accomplished during his 41-year tenure, including developing smokeless and flash-less gunpowders. This award honors an individual for outstanding technical accomplishment supporting the NSWC IHEODTD mission and advancing some area of technology. Presented to Angel Diaz, EOD Department engineer, for leading the Graphically Layered Aiming System Supported by Orthogonal X-ray (GLASSBOX) effort. GLASSBOX revolutionizes the ability to translate X-ray images into 3-D virtual objects, so EOD technicians can evaluate and dispose of a threat they cannot directly see.

**ROBERT B. DASHIELL AWARD FOR EXCELLENCE:** Ensign Robert B. Dashiell was NSWC IHEODTD's first commanding officer and is known for establishing the facility, including supervision of building and acquisition of staff and materials. He was also a specialist in gun mechanical design and invented the Dashiell rapid-fire breech. This award honors an individual who, within the past year, has made a significant contribution to the command's mission. Presented to Julie Greaves-Jacko, Contracts Department, for her significant contribution to the mission and operation of the command. She provided outstanding support on top priority construction projects for NSWC IHEODTD while providing excellent and consistent support to EOD Department's Demonstration and Assessment Team Program multiple-award contract.
