Gudgel: Industrial Age way of teaching giving way to innovation

By John Ingle

Teaching someone how to do something has been fairly standard over the years: a teacher teaches, a student learns and then executes the task.

SAFETY CORNER

Motorcycle Safety

by Mike Jett,
82nd Training Wing Safety Office

10 Things all car and truck drivers should know about motorcycles:

1. Over half of all fatal motorcycle crashes involve another vehicle. Most of the time, the car or truck driver, not the motorcyclist, is at fault. There are a lot more cars and trucks than motorcycles on the road, and some drivers don't "recognize" a motorcycle - they ignore it (usually unintentionally).
2. Because of its narrow profile, a motorcycle can be easily hidden in a car's blind spots (door/roof pillars) or masked by objects or backgrounds outside a car (bushes, fences, bridges, etc). Take an extra moment to look for motorcycles, whether you're changing lanes or turning at intersections.
3. Because of its small size, a motorcycle may look farther away than it is. It may also be difficult to judge a motorcycle's speed. When checking traffic to turn at an intersection or into (or out of) a driveway, predict a motorcycle is closer than it looks.
4. Motorcyclists often slow by downshifting or merely rolling off the throttle, thus not activating the brake light. Allow more following distance, say 3 or 4 seconds. At intersections, predict a motorcyclist may slow down without visual warning.
5. Motorcyclists often adjust position within a lane to be seen more easily and to minimize the effects of road debris, passing vehicles, and wind. Understand that motorcyclists adjust lane position for a purpose, not to be reckless or show off or to allow you to share the lane with them.
6. Turn signals on a motorcycle usually are not self-canceling, thus some riders (especially beginners) sometimes forget to turn them off after a turn or lane change. Make sure a motorcycle's signal is for real.
7. Maneuverability is one of a motorcycle's better characteristics, especially at slower speeds and with good road conditions, but don't expect a motorcyclist to always be able to dodge out of the way.
8. Stopping distance for motorcycles is nearly the same as for cars, but slippery pavement makes stopping quickly difficult. Allow more following distance behind a motorcycle because you can't always stop "on a dime."
9. When a motorcycle is in motion, see more than the motorcycle - see the person under the helmet, who could be your friend, neighbor, or relative.
10. If a driver crashes into a motorcyclist, bicyclist, or pedestrian and causes serious injury, the driver would likely never forgive himself/herself.

News Notes

Public Affairs streamlining multimedia work order process

- Support for graphics, video and command information products will begin once an AF IMT 833 is submitted to public affairs by email to 82.trw.pav@us.af.mil. Products approved for public affairs support include still photography, motion photography, audio, video, photo and broadcast journalism products, and graphics as well as news and feature articles to be published on the Sheppard Air Force Base public website at www.sheppard.af.mil.
- Requesters must complete items 7-12, 16-22, and 24 on the AF IMT 833. Work will not be authorized until the requester completes each field as required. This is to ensure the public affairs staff has the most accurate and descriptive information needed to successfully complete the request.
- Customers needing official photos can call the photo studio at 940-676-6620 or 940-676-2732 to schedule an appointment. An AF IMT 833 will be filled out electronically during the appointment.
- The AF IMT 833 can be downloaded [here](#) or by going to the Public Affairs page on the Sheppard AFB public website. Call 940-676-7239 for more information.

Sheppard Clinic Town Hall Meeting

- Sheppard clinic leadership and experts will be available to answer questions on various topics Feb. 27, 3-4 p.m. at the Medical Clinic Assembly Area. Some of those topics will be the Defense Health Agency Transition, TRICARE Plus, Pharmacy Process, Access to Care programs.

LRS Weight Scale

- The 82 LRS Traffic Management Office is proud to announce the grand reopening of the newly installed certified base weight scale. At 11:30 a.m. the scale will officially be available for all DoD members to weigh their personal property moving vehicle for Personally Procured Moves also known as “Do-It-Yourself” moves. Listed below are the location and operating hours. For additional information or questions, contact the Traffic Management Office at 940-676-8301/8302 or DSN 312-736-8301/8302. The scale is located at Bridwell Road between Bldg. 2113 and 2118 (Mission Support Group and Security Forces Squadron). Operating hours are Monday-Friday 8 a.m.-3 p.m., closed federal holidays and AETC Family Days. Must have Common Access Card and DD Form 2278.

Finance Office Hours

- The Finance Office will be closed for training every third Wednesday of the month beginning on Jan. 16, 2019. Customer service hours on those days will be 1-4 p.m. As a reminder, customer service hours are 9 a.m.-4 p.m. Monday-Friday, with Tuesdays from 4-6 p.m. reserved for our AiT population. For more information call 940-676-4866.

Summary Court Officer

It is with deep regret that we announce the untimely demise of Senior Airman Zachary Shane Montgomery of the 80th Operations Support Squadron, Sheppard Air Force Base, Texas, 76311. Maj. David N. Andrews, duty phone 940-676-5617 or 940-676-4948, has been appointed Summary Court Officer. All claims for or against the deceased's estate must be submitted to the Summary Courts Officer, 80th OSS/ADO 940-676-5617.
