

Arctic Guardians,

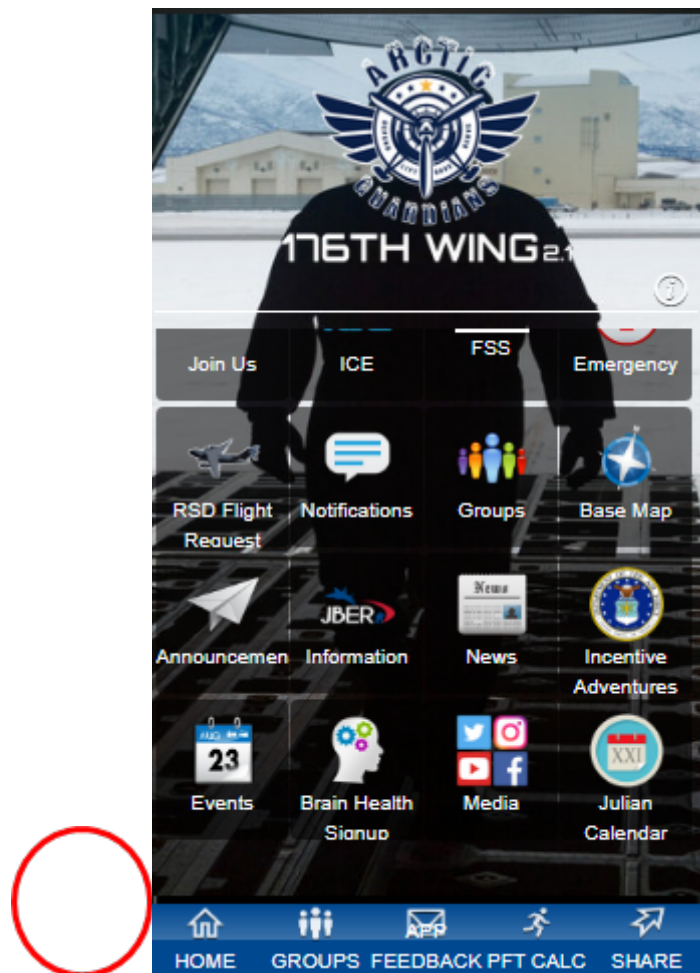

Very exciting news! Have you ever wished you could see when we have drill or AWS days on your smart phone calendar? Have you ever had an argument with your significant other because of a lack of clear communication on our schedule? (Full disclosure, I have!) If so, this 176 WG App upgrade is for you!

Please follow the instructions below to 'Subscribe' to the 176 WG Calendar in the Wing App. This will populate the RSDs and AWS days on your native calendar on your smartphone. This is very similar to what so many activities do these days. It should help us in our efforts to continue to flatten comms and improve communications across the wing.

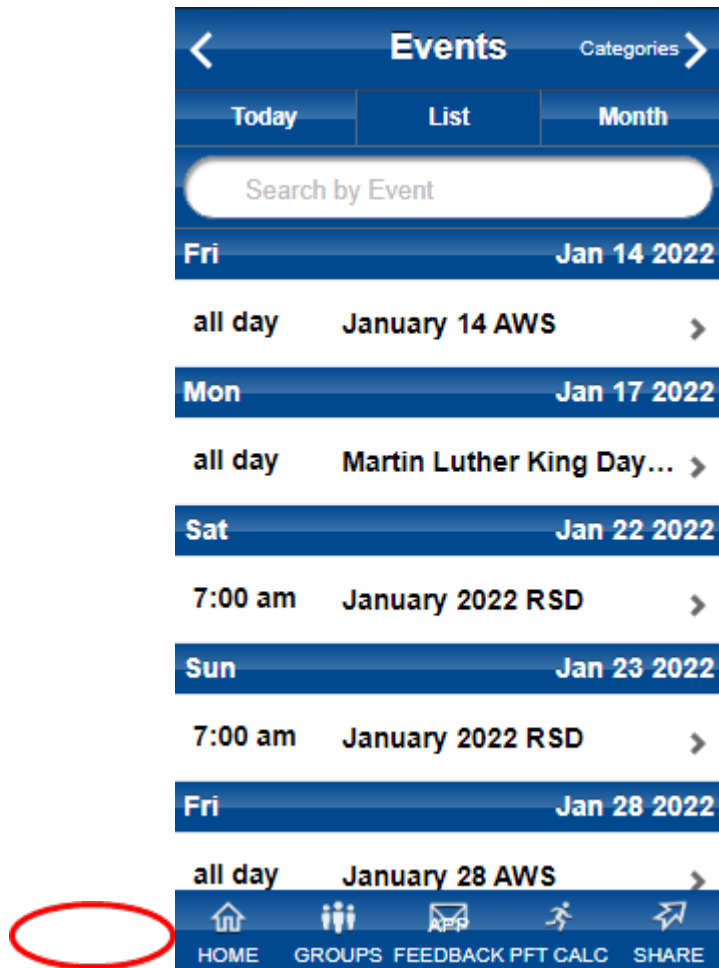

If you have any issues at all please let me know. Have an amazing drill and see you around campus!

Subscribe option

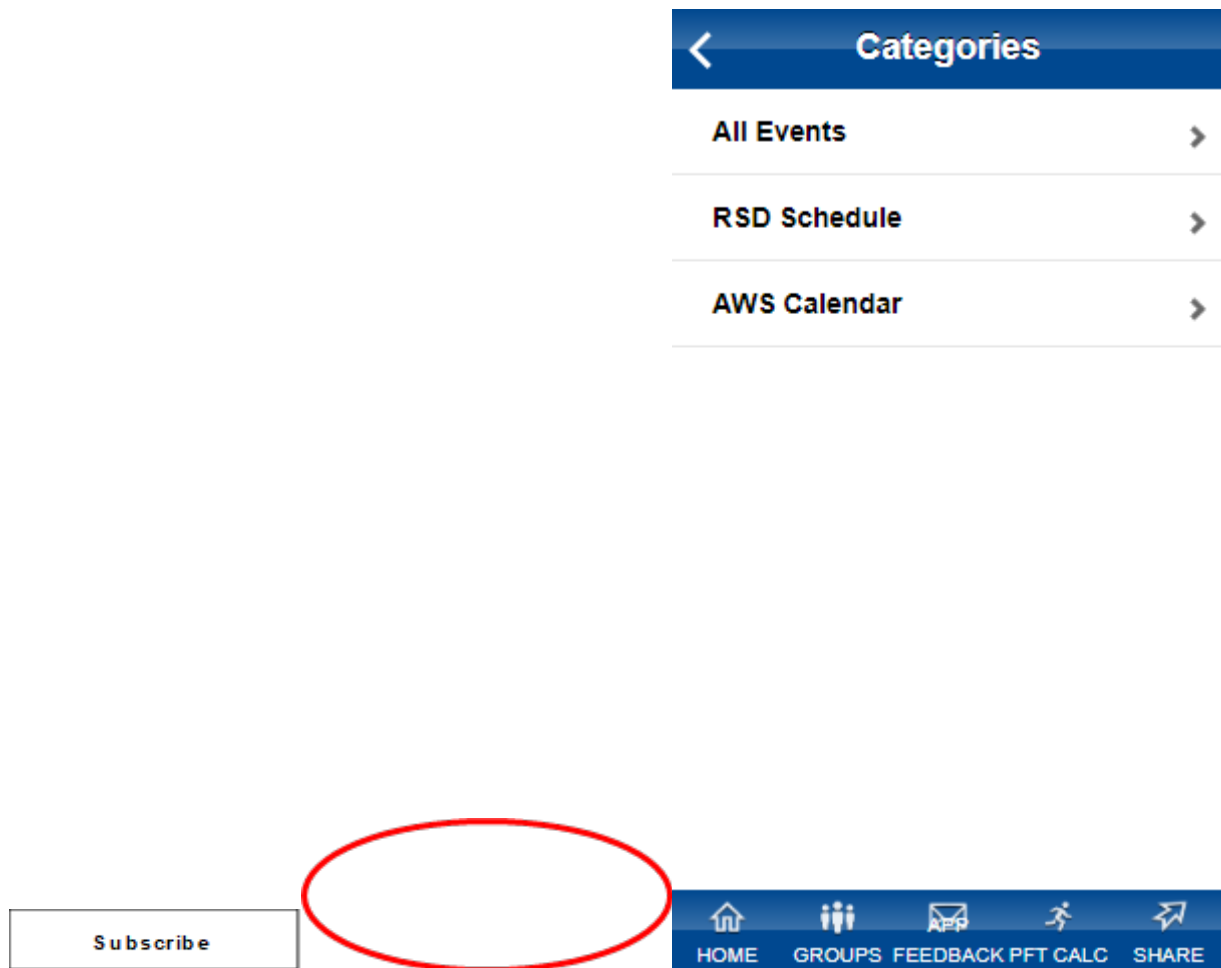

- Open the 176th Wing app
- **Tap on Events**

- Tap on the List button in the top right corner

- Tap the Subscribe button

- Select which calendars you would like to subscribe to
- Tap Subscribe
- A pop-up window will come up and ask you to choose an account that's associated with your Google Calendar or native calendar, select one and tap OK

Copy iCal to Clipboard option

- Open the 176th Wing app
- Tap on Events
- Tap on the List button in the top right corner
- Tap the Copy iCal to Clipboard
- Open your email app on your phone
- Paste the calendar link into an email and send it to yourself
- Open the email on a computer and copy the link
- Open Google Calendar in a browser
- Click on + sign next to Other Calendars
- Select From URL
- Paste the link in the URL of calendar field
- Click Add calendar
