

Camp Lejeune Globe

V. L. 19

CAMP LEJEUNE GLOBE, THURSDAY, AUGUST 8, 1963

NO. 32

SERGEANT MAJOR of the Marine Corps, Sgt. Maj. Thomas McHugh, officially convened the 1963 Staff NCO Symposium at Camp Lejeune's Marston Pavilion on Monday, Aug. 5, following Maj. Gen. A. L. Bowser's welcoming address.

CMC Aboard Base Addresses SNCOs

General David M. Shoup, Commandant of the Marine Corps, is scheduled to arrive at the Marine Corps Air Facility this morning for a two day visit of Camp Lejeune. The Commandant will be met by Maj. Gen. A. L. Bowser, commanding general, MCB. Honors for the General are slated for 10 a. m. The Honor Guard will be composed of personnel from H&SBn, MCB, with music provided by the 2d Marine Division Band.

Verona Loop where he will observe Marines of Col. W. P. Dukes' 1stUTR as they train in close combat, fire on landscape targets and transition firing. The Commandant will have lunch at ITR's field mess. Following he will visit the infiltration course, M-14 fam firing, hand-to-hand combat and hand grenade assault course. Later in the afternoon he will visit Marine Corps Engineer School, Courthouse Bay, and units of Brig. Gen. W. B. Kyle's Force Troops, FMFLant.

Symposium banquet where he will deliver an address to the 31 delegates and their wives.

In the event of inclement weather on Friday, General Shoup will tour the Marine Corps Supply and Field Medical Service Schools at Montford Point and the Marine Corps Engineer Schools at Courthouse Bay.

General Shoup is accompanied by Mrs. Shoup and Mrs. T. J. McHugh, wife of the Sergeant Major of the Marine Corps.

The Commandant will depart Camp Lejeune Saturday morning for Cherry Point, N. C.

Friday evening General Shoup will attend the Staff NCO

Symposium Under Way; Delegates Hard At Work

The 1963 Staff NCO Symposium officially opened Monday at Camp Lejeune's Marston Pavilion under the leadership of the symposium co-ordinator, Maj. Frank A. Miller, following the invocation by Chaplain Guy M. Leonard, assistant Base Chaplain.

The welcoming address was given by Maj. Gen. A. L. Bowser, commanding general, Marine Corps Base, host to the symposium. Sergeant Major Thomas J. McHugh followed to officially convene the symposium and set the theme for the days to come with the words, "Improvement".

General Bowser in welcoming delegates and their wives to Camp Lejeune stated that he was very familiar with the efforts of the symposium, having served at Headquarters Marine Corps as assistant chief of staff. In his address he urged delegates to...keep purely personal views from effecting discussion;...to study the width and depth of each subject for the good of the Corps as a whole and to express individual ideas, at the coming week would be profitable and enjoyable.

Maj. McHugh in his address noted that the combined delegates represented 6 1/2 years of service, wearing a total of 220 stripes. In welcoming the wives the Sergeant Major expressed the feeling that attendance would be of benefit to the conference.

On the subject of the symposium, Sgt. Maj. McHugh stressed the goal as that of improvement. That delegates must know what direction to take despite the uncertainty of the future, never forgetting that the

(See SYMPOSIUM, Page 3)

2d Div. CG Named, Due Here In Oct.

Brig. Gen. William J. Van Ryzin is slated to assume command of the 2d Marine Division prior to October 1, according to an announcement by Headquarters, U. S. Marine Corps.

He will relieve Brig. Gen. R. McC. Tompkins, who will become Assistant Division Commander—a post he held before assuming his duties as commanding general in June. General Van Ryzin is now serving as Chief of Staff for

Friday, General Shoup will conclude his visit to the division and fly by helicopter to

BUY AN EXTRA BOND NOW!

Senate Passes Pay Bill; Effective Date Still Oct. 1

After months of legislative controversy, the Armed Services Pay Bill has been passed by the Senate 84 to 0.

Senator Howard W. Cannon (Dem.-Nev.), floor manager for the bill, predicted its Senate passage last Tuesday. According to Cannon, the bill was unanimously approved.

The bill will provide pay raises ranging from \$5 to \$230 per month, an average boost of 14.4 per cent for two million armed services personnel.

Either version of the measure (the other bill was proposed in May and differed slightly from the present one) would mean the first military pay boost since 1958. The largest percentage raises, as the bill now stands, will go to non-commissioned officers and to

commissioned officers below the rank of colonel.

The effective date, however, has been set for October 1, a full month later than some supporters had hoped.

Fitness Program Termed 'Success'

Headquarters Marine Corps has announced that the physical fitness test program outlined in the booklet "Shape-Up" has been termed an unqualified success by evaluating Marines and Navy personnel.

The program, which uses primarily isometric exercises, was evaluated by more than 700 individual Marines and sailors following a 30-day test period.

Ninety-eight per cent of the Marines using the exercises reported satisfaction with the program; more than three-quarters (78 per cent) reported a definite improvement in physical condition; and individual weight losses went as high as 16 pounds.

East Coast Commands Get General Officer Changes

Changes have been made in five major Marine Corps positions involving Lt. Gen. Robert B. Luckey, Lt. Gen. James P. Berkeley, Maj. Gen. Richard C. Mangrum, Brig. Gen. Paul J. Fontana, Brig. Gen. John P. Coursey, and Maj. Gen. Ralph K. Rottet.

Gen. Luckey, who retired Aug. 1, was relieved by recently promoted Lt. Gen. Berkeley as commanding general, Fleet Marine Force, Atlantic.

Maj. Gen. Mangrum yesterday relinquished his duties as commanding general, Marine Corps Air Bases, Eastern Area and Marine Corps Air Station, Cherry Point, Brig. Gen. Coursey has moved into the Assistant Wing Commander slot just vacated by Gen. Fontana.

Gen. Mangrum will replace Maj. Gen. Rottet, as Director of the Marine Corps Educational Center, Quantico. Gen. Rottet

has assumed the position of Deputy Commander Fleet Marine Force, Atlantic.

FOR JOB WELL DONE—Lt. Gen. Robert B. Luckey, retiring commanding general of FMF, Atlantic, right, receives the Distinguished Service Medal pinned on by Adm. Harold Page Smith, Commander in Chief Atlantic and U. S. Atlantic Fleet.

Religious Services

EPISCOPALIAN
Episcopal Communion Services have been re-instated into the Camp Lejeune Chapel system with the first of these services being held on this Sunday, Aug. 11, in the Base Chapel.

JEWISH
Personnel of the Jewish community are invited to attend a service to discuss plans for Jewish services at Camp Lejeune in the absence of a chaplain. The meeting is scheduled for 8 p.m. on Monday, Aug. 9 in the Chapel, Bldg. 67.

Brig. Gen. W. J. Van Ryzin

the Commander in Chief, U. S. Naval Forces, Eastern Atlantic and Mediterranean (CINCELM), London, England. His duties with CINCELM will be assumed by Col. Lowell E. English, recently selected for Brig. Gen., who is serving in the office of the Assistant Secretary of Defense for International Security Affairs, Department of Defense, Washington, D. C.

Corps' Engineers In Utilities Section Hold Heavy Responsibilities In Field

By Cpl. T. D. Smith

The job of supplying electricity, water and other utilities services such as refrigeration for any community is no easy job, but the task of providing these services for a large body of mobile troops in the field, another mission undertaken by Marine Combat Engineers, is doubly complex and difficult.

Marine Combat Engineers, undergoing training in the Utilities School, Combat Engineer Schools, Courthouse Bay, specialize in one of three vital utilities fields; water supply, electrical supply and field maintenance of electrical facilities, and refrigeration.

The Plumbing and Water Supply Course may be the most important in its ultimate aim for one reason; a man may live and fight in unfriendly terrain for weeks without carrying rations, but he could last only a few days without a ready source of potable drinking water.

Another service vital to troops in the field is a source of fresh foodstuffs. However, without the use of field re-

frigeration, the variety of balanced foods, many of them perishable, could not be provided

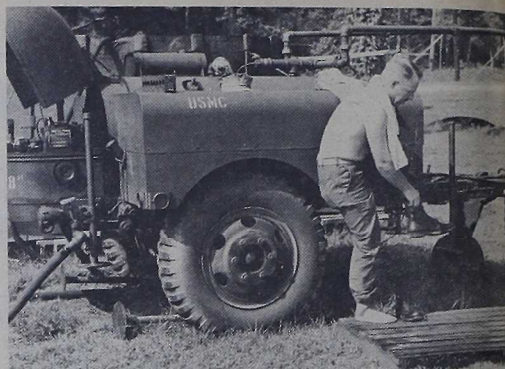

WATER TESTS—GySgt. C. H. Brittain, left, Water Supply Instructor, Utilities Section, MCES, supervises student PFC D. L. Wheatly while he performs a coagulation test on water samples. The school teaches Marines to locate, develop and maintain water sources in the field.

safely for any reasonable period of time. Refrigeration mechanics, trained for duty with the Fleet Marine Force, attend an 11 week school at Courthouse Bay to learn the installation, operation and maintenance of refrigeration and air conditioning equipment. In addition to the practical application phases, these engineers also must know the technical facets of their jobs.

Electrical power, in the past few decades, has been developed as the basic power source for the operation of nearly all of our power-driven machines.

Communication, lighting generator power, fire control and direction devices, radar and weapons of any tactical force on any large scale depend on the use of electrical power. Electricians at the Utilities school attend courses in mathematics, electrical theory, generators, motors, power distribution, wiring and others to insure that a ready source of adequate, usable power will be in operation to support the necessary automation needed to keep the striking power of Marine Combat units high.

SEPTEMBER MORN???—SSgt. R. E. Robbins, Plumbing and Water Supply Instructor, Utilities Section, MCES, prepares to "cool off" under a 24-head field shower. The portable shower unit delivers 36 gallons of water per minute, can shower two squads of Marines simultaneously. (Photos by LCpl. J. B. M. Kinley)

Traffic Violations

MARINE CORPS BASE

PO3 Joseph L. Norris, no operators license, improper turn (accident); six months.
Cpl. Gary J. Nashwinter, speeding 41/25; six months suspended with six months probation.
LCpl. Robert G. Sutcliffe, unattended vehicle; 90 days.
HN Furman L. Oliver, allowing unlicensed person to operate vehicle (accident); two months.
Sgt. Jackie E. Chinn, speeding 54/35; one year.
Cpl. Kenneth R. Davenport, speeding 70/55; 60 days.
LCpl. Joe D. Sutton, exceeding 45, 35, and 25 mph, expired temporary pass; 60 days.
Cpl. James M. Collins, reckless driving; 15 days.

FORCE TROOPS

LCpl. Richard L. Taylor, reckless driving while under the influence; 27 months.
Pvt. William A. Wilson, driving under the influence; 24 months.
LCpl. Terence M. Hoak, careless and reckless driving while under the influence; 18 months.
Cpl. Charles A. Jones, failure to give written permission, no base registration; 30 days.
Cpl. Franklin W. Wagner, too fast for conditions; 15 days.
PFC William H. Wishard, creating traffic hazard; 15 days.
Sgt. Jack O. Mercado, speeding 31/25; 15 days.

2D MARINE DIVISION

PFC Ronnie A. Monk, fraudulent statement to acquire pass; one year.
LCpl. Larry G. Malampy, speeding 50/35; three months.
Pvt. Jerry S. Pate, running STOP sign, no drivers license, state or base registration; 90 days.
PFC John K. B. Hawkins, speeding 45/35, reckless driving; 90 days.
LCpl. Charles R. Taylor, no written permission, defective equipment; 90 days.
PFC Ronnie E. Griffiths, reckless driving; 85 days.
Cpl. Charles T. Williams, speeding 53/35; 50 days.
LCpl. Stanley L. Stout, no operators license; 30 days.
LCpl. Joseph F. Dugan, exceeding 25 mph, no written permission, no state or base registration; 30 days.
LCpl. Jerrell S. Barker, speeding 63/55; 30 days.

Cpl. Thomas P. Fitzpatrick, running STOP sign; 15 days.
David H. Yonder, failed to enter signal; 15 days.
Cpl. Robert H. Clark, speeding 41/15 days.
Cpl. Paul N. Onori, speeding 41/15 days.
PFC Walter H. Schubert, failed stop for STOP sign; 15 days.
HM2 Bruce G. Brehm, illegal turning; 15 days.
Cpl. William C. Thomas, illegal turning; 15 days.
HM3 Charles M. West, speeding 45/35, 15 days.

NEW CHAPLAIN—Lt. Robert William Duke, of Headquarters and Service Battalion, will have his office in the Base Chapel and will be available at all times to assist Headquarters and Service Battalion personnel.

Reservists' 'University' Well Staffed To Conduct Annual Summer Training

A "university" with an annual enrollment of 10,000 students, a faculty of 24 "professors" and hundreds of "assistant professors", four libraries, 16 churches, 15 theaters, 14 miles of Atlantic Ocean Beach, a decidedly outdoor curriculum and a three month school year operates on the 110,000 acre "campus" of Camp Lejeune.

The Marine Corps Reserve Liaison Unit, with headquarters at the Montford Point area of this huge amphibious training base has a staff that will compare favorably with any of its size in the Marine Corps

in the educational qualifications of its "faculty".

The mission of the Reserve Liaison "University" is to administer and coordinate the training of an average yearly input of more than 10,000 Marine Corps reservists who come to Camp Lejeune for annual field training. Besides the Reserve Liaison Unit staff, the Citizen Marines have the help of "assistant professors" from regular Marine Corps units of the 2d Marine Division, Force Troops and Marine Corps Base. "President" of the "university" is Col. Robert M. Port, Officer in Charge of the Reserve Liaison Unit and one of only three permanent, full time Marine Corps officers in the organization. The colonel has especially appropriate educational qualifications for directing the group, as he holds a B. A. degree in psychology and a masters degree in personnel management.

Col. Port's "faculty" consists of his two full time officers, 1st Lt. Charles W. Burns and 2d Lt. Paul Moeller, plus 21 reserve officers who join the "school" for 90 days each summer. The 21 reserve staff members are educators employed in school systems from almost as many states. The only exceptions are three who are currently full time students working toward advanced degrees.

Lt. Col. Frank J. Murray, who serves as Assistant Officer in Charge, might be considered the Dean of the "University". He is the senior member of the reserve officer staff and a candidate for the Doctor of Education degree.

The officer having the distinction of traveling farthest to join the Reserve Liaison staff is Maj. James Jones, recently selected for promotion to Lt. Col. Each summer he travels to Camp Lejeune from Death Valley, Calif., where he is a secondary teacher and coach.

Maj. George N. VanSant, with a Doctor of Philosophy degree, in serving this year as the S-3, Operations Officer while two other staff members, Maj. John E. Quigley and Capt. James R.

Weinlader are Ph.D. candidates. Maj. Kenneth D. Barnes, Assistant S-4 and Special Services Officer, is a candidate for the Doctor of Education degree.

Included among the "professors" holding bachelors degrees are Capt. Stephan Grozinski and Robert S. Martin.

Statistically, the "faculty" lists one Ph.D., two Ph.D. candidates, three Doctor of Education candidates and three with Master of Education degrees. Two hold degrees of Master of Science, eight the M. A. degree, two are M. A. candidates, five have B. S. and six B. A. degrees. There are six college or university teachers, 12 secondary school teachers, eight coaches, two school principals, one school psychologist, two law students and one dental student. (The numbers listed exceed the total number of staff members as several officers qualify under more than one category.)

With these provisions made for their training, the reserve Leathernecks can be assured that they have the finest opportunity to become READY Marines.

FACTS AND FIGURES — Here's the long and the short of it in glamour from the Folies Bergere in Las Vegas, Nev. The smallest member is Elna Domingo, a five-foot, two-inch London cutie. Backing her up is the tallest dancer in the troupe, Stockholm's Maude Carlson, who is six feet tall.

PRIESTS AND MARINES await the arrival of Pope Paul VI for a special audience with the new Pontiff within the Vatican City where all received the Papal Blessing and special words of welcome from His Holiness. Pictured in the foreground in dress whites is (left) Capt. Robert D. Kelley, CO, H&S CO, BLT 1/6, and extreme right, BLT 1/6 Executive Officer, Maj. Albert F. Belbusti. (Photo by Cpl. Francis X. Geary, 2d MarDiv ISO)

Trip to Vatican Highlight Of BLT 1/6 Roman Visit

WITH THE U. S. SIXTH FLEET IN THE MEDITERRANEAN (Delayed)—"When in Rome Do as the Romans...." and that's exactly what 400 Marines did in Rome during the period July 22-28 where they were among several groups

granted an audience with Pope Paul VI, and heard the Pope say, "I wish to take this opportunity to welcome the Marines of Battalion Landing Team 1-6 from Camp Lejeune, North Carolina."

Two separate groups of Marines, some of whom were in Rome for a three day excursion, met with the Marine Corps Rome for a day, and together proceeded across Saint Peter's Square to assemble and hear the words of the recently elected Pope.

After dinner in Rome came the tour of the Vatican—seat of the Catholic Church and St. Peter's, the largest cathedral in the world.

By six o'clock the tour hastened the Marines backside the walls of the Vatican. In an open air court inside the Vatican Palace, Pope Paul VI made his appearance as Marines civilians with cameras shot pictures of the white clad Pope. After a speech where he welcomed the 2d Marine Division, the entire congregation knelt as Pope Paul bestowed the Papal Blessing upon the audience.

Safety Presentation Set For August 15-16 At CT

Over 14 Indianapolis 500 races, Duane Carter is scheduled to appear at the Theater Aug. 15-16 to present the award-winning Champion Highway Safety Program. The program is to be presented twice on each of the two days at 9 a.m. and again at 2 p.m. In presenting the program, Mr. Carter uses his racing experiences to illustrate three points of safe driving: alertness, courtesy and car condition. Included in the presentation is a 27-minute color film made at the Indianapolis Motor Speedway. Carter drove his first race at Fresno, Calif., and has since driven on every major race track in the country. His first appearance in the Indianapolis "500" was in 1948. He is also the shortest of his 14 appearances at the famed oval. He was sidelined with mechanical failure after 59 laps. Five of his starts he finished in the first ten. In 1956, Carter retired from competition to become director of

competition for the United States Auto Club, America's largest race sanctioning organization.

DUANE CARTER

He continued in this position until 1959 when he resigned to race again in the Indianapolis "500."

Instrument Repair Personnel Sanitary; Keep Selves, Equipment Dust Free

Dust is a deadly enemy of exposed aircraft instruments. That's why the Overhaul and Repair Department (O&R) at Cherry Point maintains a "Super Clean Room" where cleanliness and care combine to save lives and dollars.

Encompassing an area of 4,000 square feet, the Super Clean Room houses some 57 highly specialized technicians who repair extremely delicate instruments in an atmosphere free of dust and lint.

Just how clean is this Super Clean Room? According to Maj. C. J. Poppa, production engineering officer of the repair section, "The room is cleaner

than ANY hospital operating room. It's the finest one of its kind on any Navy or Marine Corps installation."

For clean room employees, the start of a normal working day differs from that of most civilian or military workers. Each individual must undergo a self-cleaning procedure before commencing work.

The first phase of the individual cleaning procedure is to pass through the automatic shoe cleaner which removes all external dirt from the shoes. An air shower is next on the

agenda, followed by a trip to the dressing room to don a complete set of environmental clothing.

Should a worker inadvertently skip any of the cleaning procedures an alarm light flashes in the interior of the super clean room. The same alarm system assures that the room temperature, humidity and air flow are maintained at the proper level.

Once inside the clean room each worker is equipped with the most modern tools available since the cleaning and repairing of the aircraft instruments is an exact and demanding job. The average employee here has at least 15 years experience in this field.

Some 35 types of aircraft instruments, ranging from relatively simple clocks to highly complex devices, are received daily at the clean room for repairs. The man-hours required to repair an instrument vary from one to 150, depending upon the type of instrument and required repairs. If the work load demands, clean room employees labor around the clock.

Since the facility began operations in January 1963, clean room technicians have completed some 5,000 job assignments. The resulting savings to the taxpayer is estimated at millions of dollars. Important as this may be, the primary concern of every member of the clean room staff is the saving of human lives.

Pilots and crew members agree that C&R approval seal on any instrument in their aircraft signifies safety and savings...the end products of care and cleanliness.

PRECISION WORKMANSHIP
—Mrs. Barbara Emer works on an intricate part of an aircraft instrument. Repair time varies from one to 150 hours, depending on the trouble and the type of device.

Col. Adams Directs Corps' Information

Col. Arthur H. Adams, recently selected for promotion to brigadier general, has become Director of Information, Headquarters Marine Corps, replacing Col. Robert W. Glickert.

Col. Adams, born April 16, 1915 at Jasper, Minnesota, graduated from the University of Minnesota in 1938 and served as an enlisted man in the Marine Air Reserve Program for two years before graduation. The Col. was assigned to active duty as an Aviation Cadet in December 1938, and received his commission as 2nd Lieutenant in the Marine Corps Reserve and his Marine Aviator's Wings in November 1939.

Prior to reporting to Headquarters Marine Corps in July, Col. Adams was commanding officer, Marine Aircraft Group-11, First Marine Aircraft Wing, in the Far East. Col. Glickert, who has served as Director of Information since October 1962, has been ordered to the Marine Corps Base, Camp Lejeune.

3d Division Assn. Re-Nets Seven New Officers

Chief Warrant Officer T. O. Kelly, a retired veteran of 35 years Marine Corps service was re-elected president of the 3d Marine Division Association at its ninth annual reunion in Philadelphia last month.

Other officers unanimously elected at the meeting include: Harold J. Melloy of Knoxville,

Tenn., as executive director; Albert L. J. Diego, Calif., as secretary; Gattis of Washington, as judge advocate; Rev. Thomas of Oxford, N. C., chaplain; and John J. Ma land of Philadelphia, Penn., tillizes sergeant-at-arms.

President Kelly also appointed Lenny Mormino of Harbor City, Calif., as his special assistant, and Tom Stowe of Alexandria, Va., as publicity officer.

Among the resolutions adopted at the convention, were endorsement of the Marine Military Academy planned for Prescott, Ariz., and a tribute to retired General Allen H. Turnage on the 50th anniversary of his entry into the Marine Corps.

Delegates voted to hold the Association's 1964 reunion at the Sheraton Hotel in Chicago.

DON'T GO NEAR THE WOODS—Five-foot, nine and a quarter inches of timber rattlesnake was captured and killed by personnel of Fire Station Two aboard the base while they were fighting a brush fire along Smith Road on Highway 24. Chief Richard O. Wrenn displays the 35-pounder with a 10½ girth and 13 rattles.

Symposium, 1963

continued from Page 1)
The symposium is the most important event of any modern

immediately following Sgt. Miller charged the delegates with their responsibilities, divided them into three working groups, and set in motion the machinery which in the past has made some excellent contributions resulting in the making of a better Marine Corps for all who serve it.

The symposium will adjourn on Thursday, August 10.

Representatives by the 31 major categories: Marine

Uniforms and Allowances; Facilities and Privileges; Personnel, Classification and Assignment; Promotions and Officer Programs; Training and Civilian

Discussions of Marine Corps Uniforms and Allowances will include:

1. Availability of dependents' medical records upon arrival at a new duty station.
2. Playground area and equipment available in government housing areas.
3. Retention of public quarters on receipt of orders for overseas unaccompanied tours.
4. Space available in government quarters.

Items to be discussed in the Personnel, Classification and Assignment category include:

1. Integration of MOS 0171, personnel data analyst, into occupational field 40.
2. Assignment of personnel to a subsequent unaccompanied overseas tour at the same overseas duty station.
3. Assignment of personnel to overseas commands in excess of requirements.
4. Policy and criteria for "Twilight Cruises."

5. Assignment of separate MOS's to indicate proficiency in either mechanized or manual supply procedures.
6. Overage of staff noncommissioned officers in occupational field 36 and upgrading of steward's billet description to include such functions as Internal Financial Control of Officers'

8. A proposal to discontinue use of any commercial item to refinish metallic portions of the uniform and uniform equipment.

9. A proposal to eliminate eye-catching flashy accouterments (white cap covers and gloves with service uniform worn by Marines performing such duties as sentries, drivers, honor guards, etc.), and let the Marine Corps uniform as prescribed in Marine Corps Uniform Regulations be worn for the above mentioned duties.

Items to be discussed in the Pay and Allowances category include:

1. Establishment of a system of paying personnel bi-weekly.
2. Reenlistment options including proposals that Marines be afforded the option of: (1) being paid in full for all unused leave, (2) being paid for any portion of unused leave, or (3) carrying over to the new record all or any part of the unpaid balance of unused leave.

Discussion of Facilities and Privileges will include:

1. Billeting facilities in barracks for senior and junior enlisted personnel.
2. Commutation of rations for single staff noncommissioned officers.

In addition, wives of representatives in attendance will discuss the following items in the Facilities and Privileges category:

1. Availability of dependents' medical records upon arrival at a new duty station.
2. Playground area and equipment available in government housing areas.
3. Retention of public quarters on receipt of orders for overseas unaccompanied tours.
4. Space available in government quarters.

Items to be discussed in the Personnel, Classification and Assignment category include:

1. Integration of MOS 0171, personnel data analyst, into occupational field 40.
2. Assignment of personnel to a subsequent unaccompanied overseas tour at the same overseas duty station.
3. Assignment of personnel to overseas commands in excess of requirements.
4. Policy and criteria for "Twilight Cruises."

5. Assignment of separate MOS's to indicate proficiency in either mechanized or manual supply procedures.
6. Overage of staff noncommissioned officers in occupational field 36 and upgrading of steward's billet description to include such functions as Internal Financial Control of Officers'

Messes, Commissary Supply, Supply Administration and Nonappropriated Fund Bookkeeping.

7. Submission of fitness report to staff noncommissioned officer reported on for his review prior to forwarding to Headquarters Marine Corps.

8. A proposal to establish a Military Occupational Specialty, both officer and enlisted, to denote operation of clubs, messes and recreation funds.

9. A proposal that reenlistment interview forms be completed on sergeants or below and/or persons finishing their first enlistment.

Discussions of Promotions and Officer Programs will include:

1. Upgrading rank requirements in supporting unit T/O's.
2. Establishment of cutting scores for promotion by MOS.
3. Warrant Officer/Limited Duty Officer Program for enlisted with over ten and not more than twenty years service.

Items to be discussed in the Training and Civilian Schooling category include:

1. Establishment of a formal staff noncommissioned officer/noncommissioned officer leadership school at Marine Corps Schools, Quantico, Virginia.

2. Establishment of a career advisory course in the curriculum at the First Sergeant's School, Parris Island, South Carolina.

3. A proposal that the present college degree program for officers be expanded to include qualified career enlistment personnel.

Headquarters Marine Corps emphasized that the listing above does not preclude discussions of other items deemed important, nor from making recommendations on such items to the Commandant of the Marine Corps.

The symposium, designed to further the professional performance and career advancement of enlisted Marines by obtaining broad participation in the development of Marine Corps personnel plans, policies and procedures, was last held in August, 1960, at Camp Pendleton, Calif.

Photo Intelligence Pioneer, Gen. Cox, Ends 36-Year Tour

Marine Reserve Brig. Gen. Charles H. Cox, a pioneer in the field of photographic intelligence, retired from the Marine Corps Reserve July 31, following 36 years as a Ready Reservist.

Enlisting in the Marine Corps as a private in July 1927, General Cox was commissioned two years later. He was promoted to his present rank in November 1959.

General Cox and his wife reside at 6013 Cheshire Drive, Wildwood Manor, Bethesda, Md.

Editorials

Good Neighbors

Without doubt, children like to play. This is as it should be. What they play with and how they play are the main problems.

There is a frequently heard phrase that children should not be left alone. Day nurseries, sitting services, Sunday schools and kindergartens, all dealing with the younger set, apply close supervision over their charges. Not only as a safety rule to protect an individual from self-harm but to protect others he may be playing with and the toys he plays with. Around the home and neighborhood this job is the responsibility of the parents.

When a child runs into the house with a handful of "flowers for mommy," the mother is faced with making the necessary apologies to the person who had gone through all the effort to plant and

care for those flowers. This is a sweet gesture of the child's love for his mother, but the neighbor or other third party must be considered.

How about the odds and ends that the kids are continuously dragging home after playing in the neighborhood? Did they come from someone's porch? Was someone cleaning house and moved the things outside? Or, is the child going to pick up something with which he can injure himself? What about that toy he brought home? Where did he get that? These are some fairly common questions concerning the antics of children, but in order to stay clear of the worry of having to answer them in the first place, a little added supervision is all that is needed.

Kids will be kids, and in most cases we are thankful they are made that way. It is teaching the child proper conduct, consideration of others and respect of another's property that could save wear and tear on the child's parents and on the neighbors. A child's adult life is conditioned by what he learns or does not learn while a child.

Chaplain's Corner

"I've Got You Under My Skin," is one of those old favorites we enjoy hearing every now and then. The intent of this popular song is to express the feeling of romance. When something gets under your skin in an unromantic way, however, it's apt to be quite irritating.

Irritations do much more than get under the skin. More often than not they keep us from doing our best, and then they're able to accomplish that feat by causing us to change. Assistant post keeps us from doing libraries, 16 of course, the change theaters, 14 miles.

Ocean Beach, a when an oyster bed odor curriculum a grain of sand month school yea its way inside his the 110,000 acre do poorly at all; mat-Camp Lejeune. Why then that he does The Marine yster begins by covering Liaison unit, w/ of sand with a silver at the Montt grows with layer upon this huge gme a beautiful pearl. base hasitant which gets under your compar and then need not keep you its sling your best. Men might not ce pearls; but they can often produce sound thinking and mature more under irritating circumstances than they might normally.

Thus a lesson from nature applies in just as real a way of life. And we are reminded once again, that the glory of the Resurrection came only after the darkness of the Crucifixion.

Budget Helpers

How would you like to save \$1 billion? Most servicemen find it hard saving a few bucks, much less a billion. But in a round-about way we all played a big part in the \$1 billion savings for Fiscal Year 1963 announced by Secretary of Defense Robert S. McNamara.

Certainly we cannot take full credit for the saving, but the fact

cannot be discounted that through concerted efforts by individual servicemen throughout the world quite an impressive chunk of the overall total was saved.

There still is much more that can be done, and since "saving starts at home," we can make Fiscal Year 1964 even thriftier.

We of Camp Lejeune can do our part by conserving supplies and utilities. In the barracks, mess halls and our working space money is being burned and thrown down the drain in the form of unnecessary heat, lighting and water waste.

As individuals, we can avoid mishandling of government equipment and we can put new emphasis on preventive maintenance. Also any beneficial suggestion that could reduce costs or save time should be presented to the proper authority via the Incentive Awards program.

There were many ways in which the individual serviceman helped save \$1 billion during the past fiscal year and just as many if not more, ways to save a similar amount in the current fiscal year.

REMEMBER

Years ago ... this week

4 AUGUST 1950—Marine Corps helicopters of VMO-6, commanded by Maj. Vincent J. Gottschalk, made the first air evacuation of Marine casualties in Korea.

5 AUGUST 1864—Marines manned secondary guns of ships of Admiral David G. Farragut's United States fleet as the Battle of Mobile Bay, Alabama, commenced.

7 AUGUST 1899—A detachment of five officers and 121 enlisted Marines, commanded by Maj.

Allen C. Kelton, landed from the USS Yosemite at Agana, Guam, to form the garrison of the new naval base.

7 AUGUST 1942—The 1st Marine Division (Reinforced), commanded by Maj. Gen. Alexander A. Vandegrift, landed on Guadalcanal, Florida, Tulagi, and Gavutu Islands in the Southern Solomons, to launch the first United States Offensive of the Pacific War.

10 AUGUST 1944—Guam was declared to be secured.

Also on Friday and Saturday nights, dance and sing in the Green Room to the music of Sara Carrell on the Hammond Organ and "Cliff, the Roving Accordionist".

★ USO News ★

The weekend movie at the Jacksonville USO will be "Blue Hawaii" with Elvis Presley. Presley plays a young soldier, out of the Army, returning to his home in Hawaii.

Parents expect him to take the family business and set-

tle down in their snobbish circle of friends, but Elvis and his guitar have other ideas. Also, in keeping with the 50th Anniversary of World War I, a film called "The History of World War I" will be shown.

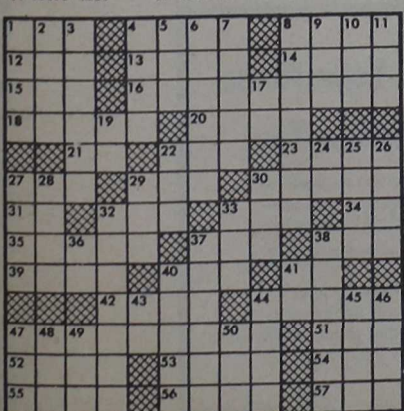

Show time at the USO on Friday is at 7:30 p. m., Saturday, 3 and 7 p. m. and Sunday at 1 and 5 p. m. Hospitality Hour on Sunday will begin at 4 p. m. Free coffee and doughnuts will be served at 10 a. m. The club, completely equipped and air conditioned, remains open until 11 p. m. on Friday and Saturday nights to occupy your off-duty time pleasantly.

Matinees

MIDWAY PARK — Saturday's movie will be "Valley of the Dragons" plus Chapter 1 of "Monster and the Ape". Sunday's movie will be "Goliath and the Dragon" plus Chapter 14 of "Purple Monster Strikes". Show time for both Saturday and Sunday will be 2:15 p.m.

CAMP GEIGER INDOOR — Sunday's movie will be "Valley of the Dragons" plus Chapter 1 of "Monster and the Ape". Show time is 2 p.m.

U. S. NAVAL HOSPITAL — On Saturday, the movie will be "Please Don't Eat The Daisies". The curtain goes up at 2 p.m. Patients only.

MARINE CORPS AIR FACILITY — On Saturday, the movie will be "Goliath and the Dragon", plus Chapter 14 of "Purple Monster Strikes". One showing at 2 p.m. On Sunday, also at 2 p.m., the movie will be "Please Don't Eat The Daisies."

Jacksonville Guild To Begin Casting

The Jacksonville Theatre Guild, a group of civilian and military thespians, are looking for new talent to be cast for a planned production of the "Caine Mutiny" in October. Casting for the play will begin next Monday at 8 p.m. in the Guild studios, located at 232 New Bridge St. in downtown Jacksonville, and will continue at the same time on Tuesday and Wednesday nights.

The Guild needs 19 male parts for the "Mutiny"; 13 speaking and six non-speaking parts.

The Jacksonville Guild is organized for the mutual enjoyment of both civilian and military members in amateur theatre work. Many members, having no desire to act, volunteer their services as stage hands, publicity directors, set designers, make-up technicians and poster painters.

The Guild presentation of the "Caine Mutiny Court Martial" is a natural for military men.

Movie Reviews

THE MIGHTY CRUSADERS
The film begins with the Crusaders attacking Jerusalem to liberate the Holy Sepulchre. A Crusader falls in love with a Saracen Princess who leads the Infidel Army. Treachery, battle and intrigue, vast sweep and scope and hordes of actors give the film more than nominal interest.

GYPSY
Called "loud, long and lusty" by reviewers, this film is the screen production of the popular Broadway musical. The story tells of a Vaudeville mother, fighting to bring about a comeback in show business. The mother, played by Rosalind Russell, once a Vaudeville star in her own right, attempts the breakthrough with her children, but fails to realize that the corny Vaudeville acts are dead in modern entertainment. She drags her children from one whistle stop to another, finally ending up in a burlesque theatre. One of her children, the beautiful and vibrant Natalie Wood, persuades her mother to let her

Backstage, burlesque and Vaudeville atmosphere and general authenticity of the background used in the film deserve the highest praise.

LOVER COME BACK
This one can't miss for sheer comedy entertainment. Reviewers all over the country reported that the dialogue of the film was continuously drowned out by the delighted howls

of the audience. The cast utilizes some of Hollywood's greatest comedy talent—Rock Hudson, Doris Day, Tony Randall and Edie Adams. Set in the plush, but backstabbing splendor of the Madison Avenue advertising firms, the film is a hilarious spoof on high-finance advertising and the ulcer men (and women) who give birth to a wide variety of consumer junk. Tony Randall, head of an agency rivaling Miss Day's, is Rock Hudson's boss. An advertising campaign is started for a product which, embarrassingly enough, doesn't exist. Miss Day sets out to get the product account, and Hudson sets out to get Miss Day. Don't miss this fun hit.

so on the burlesque stage, Natalie knocks 'em dead and begins a star-studded career as Gypsy Rose Lee.

Ready Or Not, Hurricanes

Each year the threat of hurricanes comes alive again. Each year, although every possible safety precaution may be taken, and warnings issued, thousands of dollars worth of property are damaged and hundreds of people lose their lives.

The first hurricane of the 1963 season, "Arlene," has already formed and dissipated in the Caribbean

resume their maximum velocity from the opposite direction.

The time to prepare yourself, your family and your house to withstand the ferocity of a hurricane is not when it is only 12 hours away. Warnings far in advance are given via radio weather reports. As a hurricane approaches the area,

Readiness Conditions

Precautionary measures for Camp Lejeune are designed to stand the threat of winds greater than 33 knots which may threaten personnel and property of this base.

Condition FOUR is established when the hurricane's path has been verified and

may prove to be a threat to the Lejeune area within 72 hours. A hurricane information center is set up for the duration of the threat to provide assistance to the area's dependents.

When the hurricane is expected to strike the area within a 48-hour period, Condition THREE is put into effect. It is at this time that non-emergency activities are prepared to secure on short notice. Beach activities are secured and the personnel evacuated, along with persons in low levels or otherwise dangerous locations.

Condition TWO is established when the destructive winds are expected to reach the Lejeune area within 24 hours. Routine training, activities in the non-emergency category are secured and personnel are recalled from the field.

Shelters or evacuee reception centers are opened when Condition TWO is put into effect and remain in a constant state of preparation. This includes a three-day supply of emergency rations and water, bedding, medical supplies, milk and protective clothing.

When Condition TWO has been established, Camp Lejeune personnel are advised

A hurricane is a cyclonic storm traveling as a unit with the center, or "eye," traveling at a rate of about 10 to 20 mph. The center is an area of relative calm. Revolving around this center, however, are the destructive winds which may range in velocity up to 150 mph, and sometimes greater.

When the "eye" of the hurricane passes directly overhead, the wind suddenly stops, frequently causing people to reduce their caution. As soon as the center has passed, the winds will

more frequent warnings are issued.

Camp Lejeune's Disaster Control Center has the responsibility for local preparation and coordination of emergency measures, during hurricanes or other forms of Nature's rampages. It is up to the individual to follow the instructions issued for safety.

The Center dictates the preparations on the basis of readiness conditions. The conditions are pre-formulated and based on the time-space factors between the storm and this area.

Leave Your Home Only After You:

- Can evacuate without delay
- Secure window shutters
- Secure all loose objects
- Gather necessary shelter items
- Know shelter locations
- Turn off all appliances
- Make a final check before departing

Area

Area	Location
Camp Geiger	TC-1120
Montford Point	MA-324
Hadnot Point	000751
Naval Hospital	H-4
Rifle Range	R-8-9
Air Facility	208-202

Are Coming — BE READY

to follow the suggestions listed below:

1. Prepare emergency food—food not requiring cooking should be on hand in the case of power failure and supplies of water should be set up.

2. Check household medical supplies.

3. Check emergency lighting supplies—flashlights, extra batteries, lanterns and candles.

4. Set radio at 1522—under Condition TWO the Base will activate a Hurricane Information Center to keep area personnel up to date on the progress of the storm.

5. Secure loose material and objects—garbage cans, lids, porch and lawn furniture, toys and wading pools should be placed where there is no danger of their being picked up by hurricane winds and becoming flying debris.

6. Learn locations of nearest hurricane shelter beforehand—shelters are located in the following buildings: TC-1120 Camp Geiger; M-324 Montford Point; 300 and 751 Hadnot Point; H-4 Naval Hospital; RR-9 Rifle Range; 208 (for those with small children) and 202 (for

all others) Marine Corps Air Facility. Camp Geiger and Montford Point are evacuee reception centers from which evacuees are sent to hurricane shelters.

If Condition TWO is put into effect during school hours, emergency transportation will be available to take the children to their homes. For dependents who

do not have their own transportation, emergency transportation will be furnished from their homes to storm shelters or reception centers.

Medical Aid

Injured persons, pregnant women expecting to deliver within four days and women with infants in need

ries and venetian blinds should be closed as an additional preventative measure.

Occupants should stay on the leeward side of the house. That is the side opposite the wind direction. Windows on the leeward side should be slightly opened to reduce pressure. If the "eye" of the hurricane does not pass overhead,

Area es Location

Camp Geiger	TC-1120
Montford Point	M-324
Hadnot Point	300-751
Naval Hospital	H-4
Rifle Range	RR-9
Air Facility	208-202

of medical care may use the hurricane shelter at the Naval Hospital.

Final precautionary measures will be taken when it is evident that the destructive winds are imminent in this area and Condition ONE has been set. During Condition ONE, stay tuned to the radio for latest weather reports and remain indoors. DO NOT GO OUTSIDE. Stay away from windows, especially those on the windward side, to reduce the possible injuries from broken glass. Drape-

close the leeward windows and move to the opposite side of the house and open windows there.

Dependents are urged to use essential electrical appliances and a minimum of lighting fixtures during Condition ONE.

Although the responsibility of preparations and coordination in the wake of a hurricane is that of the Base Disaster Control Center, the welfare of your family and yourself lies with YOU. Follow the suggested precautions and stay informed.

ECIC BASEBALL CHAMPS

EAST COAST INTERSERVICE CHAMPIONS — Bottom row (l to r) are: John Hackney, Dick Hall, Frank Wilhelm, Cicero McClellan, Second row (l to r) Eddie Hatchett (manager), Billy Garrett, Tom O'Leary, Dick Garcia, John Holt (coach), Curt Salyer (Asst. Coach), Hal Norton, Buddy Simpson, Chuck Teletchea, Dave Hinz, Bill Westendick, Top row (l to r) Ken Johnson (manager) George Borders, A Hamilton, Vic Johnson, Gene Caffery, Ralph McIntyre, Joe Dunn, Chuck Cupp, Bill Herrington, Chico Lugo and "Doc" Pieczynski (trainer) (Photo by B. J. Martin)

The Camp Lejeune Marines wrapped up the East Coast Interservice Conference baseball championship last week when they bombed Ft. Monmouth 15-0, then trounced the second place Ft. Devens ball club 10-1, 8-2, and 10-4 in ECIC action.

To top it off they finished out the league action by defeating Ft. Lee 11-1 and 3-2 in home games earlier this week.

The Marine nine has compiled a 30 win and two loss record in conference baseball this season to easily out-distance the rest of the nine-team league composed of teams from Ft. Devens, Ft. Dix, Ft. Belvoir, Ft. Lee, Ft. Monmouth, Ft. Meade, Ft. Eustis, and Edgewood Arsenal.

The only ECIC defeats of the year came from Ft. Dix, 2-1, in a 10-inning duel, and Ft. Monmouth in a 1-0 contest. The Marines ran up a string of 23 straight conference wins before the loss to Ft. Dix.

RHUBARB

GRAND SLAM

Engineers Hit Top Slot In Force Troops Softball

With Engineer Bn., emergence and atop in the win-circle following action in Force Troops softball play-offs last week. The Engineers scored victories Recon-Topo and 2d Amtrac to earn the top slot in the league standings after placing the league into play-off action the previous week.

In their first victory, the Engineers turned seven hits, walks, and two errors in runs to Recon-Topo's runs. Seven of their runs in the first inning. Dave Deagan scattered six hits over four innings for the winners. Jack Coldren was the winning pitcher. "Tex" Ritter drove in six runs for the winners with a home run and a single. Joe Trisciani had three singles, and Coldren helped his own cause by collecting two singles.

Engineers were forced to come from behind to win their

second game as 2d Amtrac Bn. jumped to an early lead in the second game as 2d Amtrac Bn. jumped to an early lead in the first and another in the third; however, the Engineers exploded for three runs in the fourth inning and then added another tally in the bottom of the sixth. Amtracs was powerless to touch Dave Donegan for more runs and the game ended, 4-2, with Engineers the league winners.

Second Amtrac Bn. plastered Recon-Topo, 19-5, to earn runner-up slot in the league. Amtracs saw three Recon-Topo pitchers and combed them all. Jack Coldren was the winning pitcher. "Tex" Ritter drove in six runs for the winners with a home run and a single. Joe Trisciani had three singles, and Coldren helped his own cause by collecting two singles.

Quad-Command Softball Tourney Now Under Way

The All-Camp Lejeune Softball Championship Tournament started August 5 when Force Troops #2 team downed the Air Facility #1 team 4-1.

August 6, Division #1 faced Marine Corps Base #2 team. The results of this contest are not available at press time.

Other games were played Aug. 7, to wrap up the preliminary phase of the tourney. Force Troops #1 met Division team #2, and in a later game Marine Corps Base #1 went up against the Air Facility #2 team.

The semi-finals are scheduled for August 12 with games at 5:30 and 7:30 p. m.

The championship game will commence at 7:30 p. m. Aug. 14. All games will be played at the softball field next to Harry Agganis stadium.

BASE CHAMPS—Members of the Marine Corps Base championship team are: (1 to r, front row) D. O'Keefe, M. J. Dunn, J. L. Nelson, J. L. Taylor, Maj. M. F. Mehlinger (Bn. C. O.) R. H. Wilkes (Coach), R. A. Danna, S. A. Gregor and G. Rife. Bottom row (1 to r) are G. E. Smith, E. A. Massey, T. Aurjo, D. Heighes, Maj. Gen. A. L. Bowser (Commanding General, Marine Corps Base), G. Salazar, M. McCollum, G. D. Challenger and J. Higgenbotham. (Photo by J. B. McKinley.)

Materiel Battalion Takes Base Softball Tournament

Base Materiel Bn. won the Marine Corps Base Championship last week in a tension-packed 1-0 duel with H&S Bn.

Pitcher M. McCollum hurled for the champions. His combination of curves and drops, coupled with a deceptive pitching motion held the challengers to two hits in the seven inning game. McCollum struck out 13 batters.

Base Mat. made its first serious scoring threat in the second inning when they loaded the bases, with one away. Then on an attempted squeeze play the H&S third baseman fielded the bunt, fired the ball to the catcher for a force play at the plate; the catcher then threw to the shortstop, who was covering third base, for the double play to end the scoring threat.

The winning run scored in the third inning. Higgenbotham got on first base on an infield error, stole second and third, and then came home on another infield bobbie.

K. L. Laughter was the losing pitcher.

Maj. Gen. Alpha L. Bowser, commanding general, Marine Corps Base presented individual trophies to the winning teams, and to the runner-up H&S Bn. team after the game. He also presented the Inter-Unit Rotating Trophy to Maj. M. F. Mehlinger, commanding officer of Base Materiel Bn.

BASEBALL

August 8-9-10

Last Games

Fort Bragg

vs

Camp Lejeune

Game Time 7:30 P.M.

Rod And Gun Club Wants Members

The Camp Lejeune Rod and Gun Club recently began a drive for new members.

The purpose of the club is to initiate, aid and enforce programs to conserve wildlife and natural resources aboard the base, however they have a lot of fun too.

The club frequently sponsors cook-outs, which whole families attend and enjoy. The wives get together and scheme new ways to keep their husbands home while the husbands are planning more and better fishing and hunting trips.

Armed Forces personnel stationed at Camp Lejeune, and retired servicemen living in the Jacksonville area are eligible for membership.

If you're interested, come out to the clubhouse for the meeting at 7:30 p.m., Aug. 8, for a look around. The club is located on French Creek, over by the tank park.

Head Coach Wanted For Varsity Basketball

Base Special Services is accepting applications for the position as head basketball coach of the 1963 Camp Lejeune varsity team. Applications, including experience and other pertinent data should be forwarded to Base Special Services, Goettge Memorial Field House, Bldg. 751, for consideration.

32 Captures 2d Division Intramural Softball Crown

The powerful 3d Bn., 2d Marines, behind the brilliant, one-hitting Larry Hartzler and the booming bat of Jesse Colton, won the 1963 2d Marine Division Softball Championship Friday afternoon by blanking a team but outgunned 4th Bn., 10th Marines, 6-0, at the base intramural field.

3d Bn. Infantrymen, coached throughout the season by the able and aggressive Larry Monroe, thus ended a 2d Division softball program that saw them go undefeated in 19 consecutive regularly scheduled and playoff games. Hartzler, the fireballing of Sharon Center, Iowa,

struck out 11 and failed to walk a Cannoneer over Friday's seven-inning route. Using an overpowering fastball with near-flawless control, the 29-year-old righthander had a perfect game marred for him by Cannoneer shortstop Fred Bronson's well placed bunt down the third base line in the fourth inning.

At the plate, Hartzler was also a threat, helping his own cause considerably in the sixth inning when he smashed a double to left field that scored first baseman Frank Weber before him. When 4/10's left-fielder Bobby Long let the ball get by him, Hartzler steamrolled around the bases with 3/2's sixth and final run of the game.

It was the heavy stickwork of Cotto, however, that was greatly responsible for the 3/2 offensive effort. The rangy rightfielder smashed a first-inning triple, a sizzling drive to left-center, and a fourth-inning single, driving across two runs.

The miraculous 4/10 artillerymen, virtually counted out of the 2d Division finals a week ago, put up a stubborn struggle over the 7 innings, but they were stopped cold by Hartzler's pitching and the overall spirit and finesse of Monroe's "Marauders".

On the mound for Roland Cantara's 4th Bn. Cannoners was Tom McClendon, who pitched a fine game in giving up just seven hits to the usually hard-hitting 3/2 wrecking crew. Only three of the runs scored against McClendon were earned, but he was plagued throughout the game by six 4/10 errors and his own wildness. He walked just one man, but hit three batters, one of whom eventually scored a run.

Registration Set For Boys Football

Registration for the Boys' League football program is scheduled for Aug. 10, 9 a.m. to 5 p.m. at the Camp Lejeune Boys League Clubhouse. The clubhouse is located at the entrance to Tarawa Terrace.

Military dependents between the age of 9-14 years, and who weigh less than 120 lbs. are eligible to enter in the two league activity.

The two leagues are divided by the age and weight of the players.

The first game is scheduled for Sept. 8.

New Base Athletic Officer Assigned

Captain Robert T. Mother was recently assigned as athletic officer, relieving E. S. Lambert of the office of both athletic and special services.

Captain Motherway graduated from Annapolis in 1956. While in college he boxed under ring coach, Spike Webb. The captain also coached boxing at school, and in the Marine Corps. In 1959, while stationed at the Marine Barracks, Brunswick, Maine, Capt. Motherway's Marine Detachment team won the base championship. The Naval Base has over 3,500 men stationed there. The Marine Detachment is composed of 70 men.

Captain Motherway served at Camp Lejeune in 1957, with the 1st, 6th Marines.

The Sea Urchins have announced a SCUBA instructors course to be held Aug. 15th. The course may be completed by qualified divers only. However, other interested persons may participate up to the point of using SCUBA equipment.

Registration will be held Thurs. Aug. 15th, at the Wallace Creek Boat House, at 6 p.m. The first class will be the following evening and continue through Saturday and Sunday. An itinerary will be posted next week in this column. The twenty five hours of instruction will include ocean diving, night diving, SCUBA medicine, gas dynamics and their effects on the human body, and many other advanced topics. The object of this course is to insure better and more uniform instruction for beginning divers.

The Ski Club will have a meeting Aug. 12th, 5 p.m., at the Wallace Creek Boat House lounge to discuss plans for the Memorial Day Show to be given at the Air Facility. Participants for this show are needed to provide more acts for the extended time allotted.

Also at this meeting slides will be shown that were taken of the Fourth of July attraction, Non-club members desiring to attend will be most welcome.

stand. 3. (A) Where the spectators is played on a clay surface. 2. The French championship. (C) Canadian football. 1. (A) bowling, (B) sports car

The 19th Hole

BY BOB SPENCER

A common fault among golfers is "shanking". There are several ways a shank can occur but it all boils down to one thing: moving the club outside the arc or downswing. This flaw isn't to be confused with the outside-in swing.

Usually shanking results from the weight coming forward during the downswing, causing the club to go outside its normal arc. Quite often a player will shank a shot when he is standing above the ball on a sidehill lie.

The shank is caused by a loss of balance with the weight shifting forward on the downswing, causing the player to "fall into the shot".

The key to curing the shank is improved balance.

Next week's article concerns correcting the push.

All-Lejeune Golf Meet Scheduled

The All-Camp Lejeune Championship Golf Tournament is scheduled to commence August 13 at 8:30 a.m., when 16 teams from Marine Corps Base, Division, Force Troops, and the Air Facility will tee off in the opening round, at the Paradise Point #1 golf course.

The semi-finals will be played Aug. 15, and the tournament will be wrapped up Aug. 15.

There will be two classes of competition in the tournament. The open division will be made up of players with a handicap of less than 15, while the novice class will be composed of players with more than 15.

Duty Performances Beyond Routine Earn Meritorious Masts In Div., F. T.

Cpl. Martin F. Janosch, Battery "B", 1st Bn., 10th Marines, was awarded a Meritorious Mast July 22, by his Commanding Officer, Lt. Col. C. S. Kirchmann.

Cpl. Janosch was commended for his outstanding efficiency and devotion to duty as the battery's motor transport section chief.

The mast read in part " . . . Due to Cpl. Janosch's fine personal example, his foresight and enthusiasm, and his ability to effectively use his personnel, his section not only achieved the goals set forth, but also was able to ensure the combat readiness of the motor transport equipment of his unit."

Cpl. Walter B. Vittur, Service Company, Hq. Bn., 2d Division, was awarded a Meritorious Mast by his Commanding Officer, Maj. John C. McIntosh, July 19.

Cpl. Vittur was cited after a letter of commendation from Maj. T. B. White, Jr., commanding officer, 2d Bn., 10th Marines, arrived at Headquarters Battalion.

According to the letter, " . . . While on temporary addi-

tional duty with the artillery battalion from January 19, through February 8, 1963, Cpl. Vittur served as a cook for the unit and is praised for his performance of duty."

Cpl. William P. Wilson, Hq. Btry., 2d Field Artillery Group, Force Troops, was congratulated and awarded Meritorious Mast by his Group Commander, Col. F. R. Schlesinger, during ceremonies on July 23.

The Meritorious Mast, award "for noteworthy performance of duty," read in part:

"During the period March 25 to May 10, 1963, Cpl. Wilson attended the Fleet Marine Force, Atlantic, Communication School at Montford Point. Cpl. Wilson was graduated first in a class of 14 students. He compiled an academic average of 97.4 percent, which established a new scholastic record for the Communication Center Course.

Cpl. Walter J. Walsh, Hq. Btry., 10th Marines, was awarded a Meritorious Mast July 26, by Col. Henry H. Reichner, Jr., commanding officer, 10th Marines.

Cpl. Walsh was commended for his outstanding performance of duties as 10th Marines' Message Center Chief. His initiative, devotion to duty and daily diligence were cited in the mast.

He was also instrumental in instituting a preventive maintenance program within the Message Center, and bringing the section's communications equipment to a high standard of combat readiness.

Sgt. James G. Finucan, Hq. Btry., 4th Bn., 10th Marines, was awarded a Meritorious Mast July 25, by Lt. Col. R. E. Young, battalion commanding officer.

Sgt. Finucan has been the battalion's Career Advisory NCO for the past seven months, and was awarded the 10th Marines' Career Advisory Plaque each of the two times it was awarded this year. He was commended at the mast for his diligence and extra work, plus his devotion to duties.

Marines Of The Month

CPL. WILLIAM L. SITES, Communication Support Co., has been named as July "Marine of the Month" for H&S Bn., 2d FSR. In the letter nominating Sites for position as "Marine of the Month," he was commended for "displaying the capabilities, knowledge, bearing and command presence of an outstanding Marine NCO. He has displayed a neat and well groomed appearance."

CPL. COURTNEY L. BOLIN was selected as the 6th Marine Regiment's "Marine of the Month" for July, from nominees representing units of the regiment. Cpl. Bolin, a member of the Battalion, was called upon to serve as a section leader in his flame thrower unit June, when the assigned leader was called on emergency leave half way through maneuvers.

Language Variety Handy In Med

WITH THE U. S. SIXTH FLEET IN THE MEDITERRANEAN (PILOS, Greece Delayed)—Illustrating the effectiveness of concentrated language study and the merits gained through the knowledge of not one, but five foreign languages is Jerome P. Gluseff of H&S Co., BLT 1-6, who was meritoriously promoted to the rank of lance corporal during a ceremony held July 15 at Pilos, Greece.

According to Lt. Col. M. W.

Schmidt, who authorized the promotion, and is the Battalion's commanding officer, "Through the efforts of LCpl. Gluseff BLT 1-6 has made many friends during its deployment to the Mediterranean. The combination of his enthusiasm, hard work, and proficiency in five languages has proven invaluable to the efforts of our People to People programs and in our daily contact with people in and around our various training areas here in the Mediterranean area."

MEMBERS OF Camp Lejeune's Reserve Liaison Unit at Montford Point received promotions to lance corporal and corporal from Col. Robert M. Port, officer-in-charge. Left to right are: newly promoted Cpls. Donald L. Whalen, Sultan C.

Randall, Norman H. Bagwell, Robert B. Fernald, William E. Battle and Colonel Port. Right side: Cpls. Louis Moniz, Martin H. Millard, Dennis L. York; LCpls. F. L. Krajewski and John A. Hoffman. (Photo by LCpl. J. J. Cahill)

COMMUNITY CAPERS

Midway Park

ODIE SPRAY--A spray is on for the enjoyment of kiddies and their mothers at Midway Park each Monday, Wednesday and Friday morning at 11 a.m., weather permitting. The spray is on out to the vacant lot back of the Fire Station and enjoy the cooling sprays.

Knox Trailer Park

BBY SHOP--The Hobby Shop is still not getting the games back on time. Games are checked out for a period of one week only and no games can be renewed. People who have late games are asked to return them so others may get the pleasure of using them.

VING CLASSES--The sewing class will begin August 12th at the hobby shop. The classes are held each Monday from 10 a.m. to 12 p.m. in building D-38 next to the MP station.

Tarawa Terrace

INTERN EXCHANGE--The Community Center at Tarawa Terrace now has a pattern exchange. Just bring a pattern in that you no longer need and take home the one of your choice.

Weiger Trailer Park

NURSERY--The residents of Weiger Trailer Park are very fortunate in having a nursery available for their children at the very reasonable rate of 20 cents per hour. It is hoped that you will patronize the nursery in the future because in that way will they be able to continue this service. If you desire the nursery to operate at an earlier time in case of prenatal appointments at the Naval Hospital, etc., please inform the nursery attendant a day in advance. This nursery is for your convenience and proper care by expert attendants and assistants is given to each child. The nursery is able not only during the day but in the evenings for certain activities such as Game Nights, Concerts, and Dances. Applications are now being taken for the position of nursery attendant. Further information may be obtained from Mrs. W. O-1305.

Prenatal Classes

Thursday is the first day of the new series of Prenatal Classes to be given by Navy Relief at Midway Theater. The classes will be held each Thursday for six weeks from 1 to 3 p.m.

OWC Scholarship

On Otis received the Office of Wives' Club scholarship alternate after Jim Bar returned it, due to a full scholarship awarded him by the University of Durham.

Sitting Service

Paradise Point Sitting Service, sponsored by the Office of Wives' Club, located in building 2624 near the golf course, wishes to announce they will be open every Monday with a charge of 35 cents per child. Lunches and drinks will be served each child. For further information call 6-6723.

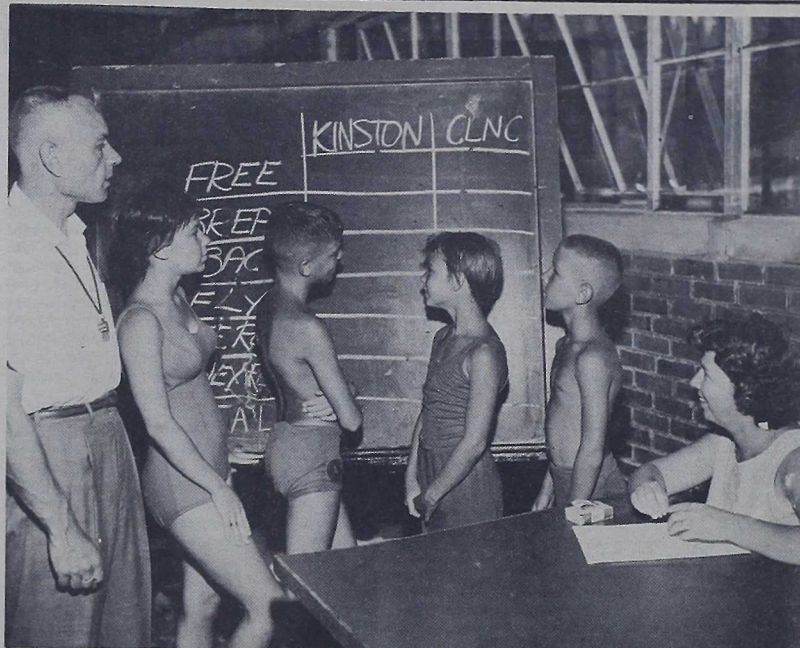

Subjects covered will be layettes, care of the expectant mother, labor and delivery, hospital routine, and methods of infant feeding. The classes are taught by a registered nurse and are provided free of charge to Navy and Marine dependents of Camp Lejeune.

Medical Self-Help Course

If you are interested in Medical Self-Help the Tarawa Terrace Community Center will offer classes starting the first week of September. This is an 18 hour course which will be taught by experts in this field. Upon completion of this course you will receive a certificate. The course consists of the most vital subjects such as: Radio-Active Fallout and Shelter, Living in Emergencies, Artificial Respiration, Nursing Care, Infant and Child Care, Emergency Childbirth, Transportation of Injured.

Student Registration

Dependent students from New River Air Facility may register into the Camp Lejeune school system on Aug. 14 instead of Aug. 21 as announced in last week's GLOBE. Registrations will be accepted at the Air Facility Service Club, bldg. 208 from 9 a.m. through 3 p.m.

AQUATIC FAMILY--Pictured here is the family of Lt. Col. W. C. Noren, organizer of Camp Lejeune's dependent swim club. Anticipating the results of a meet with Kinston are, left to right, Col. Noren, Cynthia, Eric, Virginia, Lief and Mrs. Noren.

Organized As Group Two Years Ago, Dependents Swim To Victory In '63

Dependent Swimming Team coach, PFC Jack Hayes, on behalf of the entire team, presented Base Commanding General, Maj. Gen. A. L. Bowser with the championship trophy of the East Carolina Swimming Association won by the team

during their five victorious meets.

The five losing competitors in the area meets were Tarboro, Kinston, Greenville, and Wilson.

The dependent swimming team has been competing in the area meets for the last two years. There are approximately 50 members on the team. While in training the team practices two hours a day, four hours a week.

Any dependents interested in becoming a member of the swimming team may try out when the season opens this fall. Times and dates for the try outs will be announced in a later issue of the GLOBE.

Lt. Col. W. C. Noren, 2d Marine Division Plans, began in March of 1962, with the help of a single lifeguard, PFC Jack Hayes of the 10th Marines, to find a way to provide the thrill of competition, the wholesomeness of a bodybuilding sport and a place to "belong" for Camp Lejeune youngsters during their leisure time.

Col. Noren's children, Cynthia (14), Erick (12), Virginia (10), and Lief (9), had been regular participants in the Kinston, N. C., Swim Club.

Learning the how to's of competition swimming and pitting their skills against swimmers from clubs all over the state had provided a very enjoyable means for occupying their spare time, but many of their friends who had the desire to enter such a club were not able to make the trips to Kinston. Col. Noren, seeing the possibility of beginning a club here, set about organizing the club, while Hayes offered his services as coach.

Problems beset the club from the start. Word of mouth publicity was moving too slowly, but an article in the GLOBE helped get things under way.

When the day finally arrived to sign members, both the Colonel and PFC Hayes were happily surprised when over 200 youngsters showed to apply. However, it was soon found that less than half of that number could actually swim, much less provide material for competition swimming.

The original aim of the club was to provide leisure entertainment for the children. However, under Col. Noren's coordination and PFC Hayes expert and patient coaching, it developed that Lejeune had a winner.

After being admitted into the Eastern Carolina Swim Association in 1962, the club built a fine record of wins, and, during the rare losses, usually against considerably stronger teams, constantly placed high in meets throughout Eastern Carolina.

Lejeune, undefeated in this conference season, wiped the slate clean, taking all of the Association Conference Meets. To add to the fine accomplishments of the club, it may be mentioned that in the summer season, only once did the club face a meet with an organization which didn't have more swimmers in competition than Lejeune.

Volunteer Workers

Persons who are interested in becoming Navy Relief Volunteer workers are asked to notify Mrs. Frank Kunkle, Chairman of Emergency Housing, at the corrected number, 347-2243.

All volunteers do not have to have previous experience or instruction.

DEPENDENTS SWIMMING TEAM--presents Base Commanding General with trophy won during East Carolina's Swimming Association's swim meet.

STORK CLUB

JULY 25
PAULA ANNETT to GySgt. and Mrs. Paul Eugene ADAMS.
WILLIAM EDDY II to HM2 and Mrs. William Eddy CLARK, SR., USN.
GERALD STEVEN to GySgt. and Mrs. Clifford Lavarne COLLINS.
HENRY EUGENE to LCpl. and Mrs. Paul Henry DEAL.
JOSEPH STEPHEN to 1st Lt. and Mrs. Joseph John WHEELER.

JULY 26
EARL JAMES, JR. to AIC and Mrs. Earl James BOND, SR., USAF (Ret.).
MICHAEL SCOTT to Cpl. and Mrs. Ralph Douglas BROWN.
DEBORAH ANN to LCpl. and Mrs. Harry Michael GEMMILL.
THOMAS MARK to 1st Lt. and Mrs. Thomas Edward GIBBUS.
CHARLES DAVID to Sgt. and Mrs. Richard Lee JONES, SR.
MARGARET ROSEANNE to LCdr. and Mrs. Melvin ROTNER, USN.
FRANCES LYNN MARY to Sgt. and Mrs. George Frederick SELBY, JR.

JULY 27
RICHARD DAVID to 1st Lt. and Mrs. Richard Douglas HULDEBRAND.
BRIAN KEITH to LCpl. and Mrs. Johnnie Walton HOLLIDAY.
MICHAEL ALEXANDER to Cpl. and Mrs. Alexander HOWARD.
RUSSELL EARLE to Cpl. and Mrs. Clyde Stephen TOTH.
DINA LYNN to Sgt. and Mrs. Nathaniel Clow WILSON.

JULY 28
JUANITA MARLENE to Cpl. and Mrs. Billy Doyle DEAN.
RONALD CRAIG to Sgt. and Mrs. Donald Ray SMITH.

JULY 29
HARRY LINNELL III to 1st Lt. and Mrs. Harry Linnell DEUPREE, JR.
RODNEY DEAN to Cpl. and Mrs. Charles Dean NELSON.
SCOTT LEONE to PFC and Mrs. Myron David WEST.

JULY 30
PEGGY ELLAMAE to LCpl. and Mrs. John Richard BARRATT.
EMIL III to Pvt. and Mrs. Emil BORCHERT, JR.
MICHAEL RAYFORD to PFC and Mrs. Tony Rayford BYRD.
DAYLEY DUVON to LCpl. and Mrs. Henry Madison COLVIN.
HAROLD ALTON, JR. to PFC and Mrs. Harold Alton COX, SR.
BENJAMIN POSTER III to Lt. and Mrs. Benjamin Foster EARNEST, JR., USN.
DESIREE KIM to Cpl. and Mrs. Donald Floyd HARDING.
MELTON DOUGLAS to Sgt. and Mrs. Melton HILBURN.
SHERAL ELIZABETH to 1st Lt. and Mrs. Robert Clark MARSHALL.
JAMES ANDREW to HM3 and Mrs. Robert James WEIR, USN.

JULY 31
MICHAEL ROBERT, JR. to Cpl. and Mrs. Michael Robert ARVIDSON, SR.
TAMMY LORRAINE to HN and Mrs. Tommy Ray BURNINE, USN.
NATALIE ANN to HM2 and Mrs. Patrick Jerome GERARD, USN.
DOUGLAS EDWARD to 1st Lt. and Mrs. Kenneth Engner JOHNSON.
REGINA MARIE to HN and Mrs. Ralph John MULHERN, USN.
KAREN MARIE to 1st Lt. and Mrs. Roger Keith RYMAN.
KIMBERLY KAY to PFC and Mrs. Alva Ray WINDHAM.

Recipe Of The Week

Shrimp Tempura

1 lb. large shrimps
1 egg
1/2 cup water
1/4 cup flour
3/4 cup soup stock or canned consomme
5 tbsp. soy sauce
3 tsp. sherry or sweet sake,
grated horseradish or ginger

Mix the egg and water in a bowl. Add the unsifted flour; stir thoroughly, but do not try to get out the lumps. Use the batter immediately after mixing; do not let it stand. Dip shrimps in batter and fry in deep fat. To prepare sauce, bring the soup stock, soy sauce, and sake to a boil. Do not let shrimps stand after frying. Serve with sauce and grated horseradish or ginger. Serves six.

2d Division, Force Troops Mark Eight Changes Among Battalion Commanders

Four Division and four Force Troops battalions have recently changed commanders during varied ceremonies.

Leading off the Division changes, Lt. Col. Robert E. Young took command of the 4th Bn., 10th Marines on July 18. Maj. Robert B. Metcalfe, former 4th battalion commander, has become Marine Rifle Range Detachment commanding officer, Camp Perry, Ohio. Prior to Col. Young's present assignment, he was the Marine Corps officer-instructor for the NROTC staff of Holy Cross University, Worcester, Mass.

Second of the recent inter-Division changes took place on July 23 when Lt. Col. David E. Lownds received the Colors of the 3d Bn., 8th Marines from outgoing commander, Maj. William F. Rocky. Maj. Rocky, whose father is retired Marine Lt. Gen. Keller E. Rocky, has assumed position as battalion executive officer.

A "fare-well-welcome aboard" dinner of charcoal broiled steaks for the troops of 1st Bn., 2d Marines on July 29 marked the battalion's command change as Lt. Col. J. A. Gallo, Jr., assumed command from Lt. Col. C. J. Robichaud, Jr. Col. Gallo reported to the 2d Division, from the Armed Forces Staff College, Norfolk,

Colonel Schwenke Force Troops CS

Col. Clarence R. Schwenke, formerly executive officer, G-1 Branch, Headquarters, Marine Corps, assumed duties as Chief of Staff, Force Troops, August 5, relieving Col. John F. Mallard. Col. Mallard will report

COL. C. R. SCHWENKE

to Marine Corps Base for duty. Col. Schwenke, a veteran of World War II and Korea, saw combat with the 1st Marine Division at Guadalcanal, Bougainville, Okinawa and participated in the occupation of North China. He again saw service with the 1st Division in Korea from July 1954 to April 1955, and from May 1958 to June 1960 when he served as CO of the 1st Marine Regiment.

Col. Schwenke holds the Navy Commendation Ribbon with Combat "V" and the Order of Cloud and Banner, 6th Grade, which was awarded to him by the Chinese Government in 1946.

Va. Prior to entering the college, Col. Gallo was an instructor at the Landing Force Training Unit, Little Creek, Va. Col. Robichaud has assumed the duties of the 2d Marine regiment's executive officer.

The most recent of the Division battalion command changes took place in the 2d Bn., 6th Marines, Aug. 2. Lt. Col. R. D. Humphreys relinquished the command of the battalion to Lt. Col. Charles B. Redman, who had served as regimental S-3 officer prior to the change. Col. Humphreys has been assigned to Headquarters, Fleet Marine Force, Atlantic.

Force Troops started their recent changes with Maj. L. Schoenberger assuming command of H&S Bn., 2d FSR, on July 25, from Lt. Col. E. L. Roberts. Prior to taking command, Maj. Schoenberger served as the battalion's executive officer. Col. Roberts assumes command tomorrow of the Materiel Supply and Maintenance Battalion, 2d FSR, when he relieves Lt. Col. A. C. Taves,

who is reporting to the 3d Marine Division for duty.

Change of command ceremonies in the 8th MT Bn., July 26 marked Force Troop's third recent change, Maj. L. K. Wirth took command of the battalion from Lt. Col. F. O. Olson who has commanded the unit for three years. Prior to assuming his present position during a motorized parade and review, Maj. Wirth served as executive officer of the battalion. Col. Olson is to attend two weeks of the Senior Officers Preventive Maintenance Course, Fort Knox, Ky., before reporting to the 3d Marine Division for duty.

The last of the Force Troops battalion changes of command was held July 31 as Lt. Col. F. F. Ramseur relieved Lt. Col. J. A. Harper as commanding officer of the 8th Engineer Battalion. Col. Ramseur reported to the battalion from Vieques, Puerto Rico, where he was commanding officer of the Camp Garcia Detachment. Col. Harper will take the duties and position of Force Troops' Assistant Chief of Staff, G-4.

New Trucks Under Tests Powered By 3 Cylinders

A new series of trucks powered by three cylinder diesel engines is currently undergoing tests by the Marine Corps Landing Force Development Center, Quantico, Va.

Commercial type trucks now used by Marine aviation units may be replaced by the new vehicles when tests are completed.

The new 1/4 and 3/4 ton trucks, manufactured by the Kaiser Jeep Company, are known as "WC Vehicles," for Willys-Cerlist.

The 71 horsepower Cerlist engine, coupled to a three speed, four wheel drive transmission, is the vehicle's outstanding novel feature. The water cooled, three cylinder power plant has the ability to burn, without adjustment, seven fuels, ranging from kerosene to jet fuel--propellants now used in Fleet Marine Force Aviation. The two cycle, in line motor, has only seven internal moving parts. Compression heat powers the ignition system. This eliminates the electrical type system used in gasoline engines.

Cab forward design is another WC feature. It eliminates requirements for separate engine compartment, hood, and front fenders while permitting more of the frame to be used for hauling cargo. Minimum payload capacity is 2,500 pounds.

Development Center tests of the WC's have proven them to be superior in areas of ease of operation, driver visibility, load capacity, fuel economy and maintenance requirements and costs. The vehicle's shorter turning radius, ease of loading and unloading and prolonged tire wear are other benefits.

Results of comparative tests with the Marine Corps Jeep show the WC turning radius shorter by six feet; 37 percent more payload capacity; 50 percent more passenger space, and gas consumption better by 96 percent on the highway and 200 percent cross-country, giving the WC a range

of 330 miles on one tank of fuel.

The Development Center foresees that the maintenance requirements of the vehicle will keep repair costs relatively low. Complete rebuilding of the Cerlist engine calls for only seven line parts as compared with 231 for the Jeep engine.

Tests show that the WC uses only 500 gallons of diesel fuel per 10,000 miles at a total cost of \$45.00. WC's have moved 12,220 tons of payload over 10,000 miles at a cost of less than one half cent per mile. Its comparatively light weight of 4,200 pounds is another advantage.

Four WC body styles are being tested:

The WC-1, a two door pickup, is equipped with a pickup type body with detachable bed enclosure. It folding slat type seats in the cab extend the length of the bed.

The WC-1A, a four door pickup, as a crew cab seating five passengers. The body has a 70X51-1/2 inch load space. It also has a detachable bed enclosure and folding seats.

The WC-1B, an ambulance, features a patient compartment accommodating four stretcher or eight ambulatory patients. Folding upholstered seats for ambulatory patients are fitted with the backs of the seats along both sides of the vehicle. The folded seats do not interfere with the transportation and handling of litter patients.

The WC-1C, a command car, resembles small bus type station wagons now made in the United States and Europe. It is designed to carry seven persons and has ample baggage space for each passenger.

The Navy Department is the only Defense Department agency to purchase the Willys-Cerlist thus far. The vehicle is not intended for use by Marine ground units whose missions and vehicle requirements differ from those of a Marine aviation unit.

TESTS COMPLETED—The CH-46A Sea Knight has recently completed power blade folding tests at Philadelphia, Pa., prior to being delivered for carrier use. The following system allow all six of its blades to be folded within the landing gear width in less than one minute and the unfolding takes even less time.

Natl. Matches In Session Marines Defending Title

Forty-five Marines, including 14 Reservists, were on the firing line Aug. 5 as the Pistol Phase of the 1963 National Rifle and Pistol Matches got underway at Camp Perry, Ohio.

Approximately 2700 of the nation's top military and civilian shooters are vying for awards and testing their shooting skills in this, the "World Series" of competitive shooting.

There are 24 individuals and three team championships at stake in the matches which begun with the Warm-up Matches.

Marine Capt. William W. McMillan of the Corp's Marksmanship Training Unit is on hand to defend two of his National Match Records. The former National Champion still holds the .45 Caliber National Match Course Record with 295-16 fired in the 1959 matches, and the .45 Caliber Championship with 877-45 fired the same year.

McMillan is also captain of the Mayleigh Cup International Pistol Team Match. This is a pistol match between the United States and Great Britain.

Col. Walter R. Walsh, 1962 Senior Champion, is defending his title, as is the Army's

NRA National Pistol Champion, SFC William B. Blackship, Jr. Blackship has the National Pistol Championship for the past three years.

Col. Taul New Of 2d Marine R

Col. James M. Taul has assumed duties as commander, 2d Marines, 2d Marine Division, relieving Lt. John B. Bristow, who received orders to Headquarters, Fleet Marine Force, Atlantic.

The change of command ceremonies, held July 31 on Camp Lejeune Parade Ground, included a twilight parade was witnessed by more than 500 spectators.

Col. Taul, winner of the Silver Star, Legion of Merit, Bronze Star Medals, and the National War College, Washington, D. C., before

COL. J. M. TAUL

reporting to Camp Lejeune July 1962. At that time he assigned duty as Assistant Chief of Staff, Logistics, and served in that capacity for one year. During the ceremonies a brief history of the 2d Marine Division was read while the old Commanding Officer trooped the line.

Brig. Gen. R. McC. T. Kins, commanding general, 2d Marine Division, viewed the ceremonies with staff and command officers.

Board In Session To Pick Lt. Col.

A board, authorized to select 231 unrestricted and eight restricted duty lieutenant colonels convened yesterday at the quarters Marine Corps.

Brig. Gen. Bruno A. Muth is senior member of the board which is expected to session approximately three weeks.
