## Henderson Speaks To Future Citizens

The Honorable David N. Henderson, United States Representative for the Third Congressional District of the State of North Carolina, was guest speaker during a special assembly of the Camp Lejeune Citizenship Classes held at Brewster School last Monday night.

Fifty students, representing foreign countries, were present to hear the Congressman speak. Congressman Henderson came to Lejeune at the request of the students, who are military dependents preparing to apply for citizenship. The two classes, one consisting of basic and intermediate English, the other, History and American Government, had been concentrating on the structure of the United States legislative government, and the question was raised: "Why can't we have a legislator speak to us here, as part of the government course?"

Pfc Myron S. Kavalgian, of the

## Marines Returning From Liberty Stop Help Fight West Virginia Forest Fire

Four Camp Lejeune Marines returning from Pittsburgh Monday morning April 15, were 15 miles away from Berkeley Springs, a small town, in West Virginia when news of a huge forest fire in the Doe Gully section of the state came over the car radio.

At the conclusion of the news story about the fire, an urgent call was issued by the local fire department for volunteers. One of the four Marines, LCpl. Michael Blaszkiewicz, Headquarters Company, ASD Battalion, 2d FSR, paused just long enough to get consent from his three companions, LCpl. Robert Mills, LCpl. William Vogel and Pvt. Anthony Krystek, all of the same organization, before turning the vehicle around and heading back to volunteer their services.

Arriving a few minutes later, the Marines reported to the local fire department, rolled up their sleeves and went to work. The fire was a "top jumper", one which leapt from tree to tree, and was rapidly spread by gusty winds through the dry winter foliage. The only available water supply was a small creek, accessible only in certain parts of the blazing timberland. The four Leathernecks worked for several hours, then took a break to change into utility uniforms and phone for

permission from their units to stay before returning to the fire.

The fire was thought controlled several times during the evening, only to burst free in another area. Most of the firefighting was done with rakes and shovels, due to the absence

(See FIRE FIGHTERS, Page 12)

M. A. Blaszkiewicz

## Lejeune Tour Set For Commandant Of Royal Marines

Lt. General M. C. Cartwright-Taylor, CB, Commandant General of the British Royal Marine Corps, will be hosted by Camp Lejeune from May 21-25.

While aboard the base, the commandant will visit Marine Corps Base, Force Troops and 2d Marine Division facilities, and will spend two days in Vieques, Puerto Rico, observing military amphibious operations conducted by the 2d Marine Division, reinforced with supporting elements of Base and Force Troops.

General Cartwright-Taylor's stopover at Camp Lejeune is part of a panoramic tour of United States Marine installations within the United States.

The General's party will arrive from London at Washington, D. C., on May 16. He will be given military honors at the Marine Barracks, 8th & I on May 17, and will attend an Evening Parade there that evening. The General will remain in Washington until May 20.

His tour itinerary includes: Marine Corps Schools, Quantico, Va.; Camp Lejeune; MCRD, San Diego; MCAF, El Toro and installations in Los Angeles and San Francisco. His party will fly to Washington on June 3 and return to London on the 4th.

W. J. Vogel

A. M. Krystek

## Gen. Berkeley Opens Navy Relief Drive

The 21st Navy Relief Fund Drive opened at Camp Lejeune on April 25 with Maj. Gen. James P. Berkeley, MCB commander making the first donation. Similar scenes took place at 2d Division, Force Troops and MCAF headquarters as Maj. Gen. F. L. Wieseman, Brig. Gen. W. B. Kyle and Col. E. C. Fusan, made the first donation in their respective commands.

The following day two sections set the pace when they tallied 100 per cent participation. The units were the Marine Corps Supply School's Motor Transport section and the Food Services School.

A goal of \$50,000 has been set for this year's Drive, which will run until June 17. Proceeds from the Drive will be used by the local Auxiliary to provide

funds for the assistance of Camp Lejeune and Navy personnel and their families in time of need.

Contributors to this year's fund drive, as in previous years, will receive membership cards entitling them to receive any one of the awards to be presented at the close of the drive.

Spotlighting this year's list of awards are five 1963 automobiles and one boat, complete with motor, trailer and accessories. Heading the list of awards is a 1963 Buick Riviera and 1963 Thunderbird, followed by a 1963 Chevy II Convertible. For the large family, a 1963 Rambler Station Wagon is to be awarded and for the budget-minded family, a 1963 Volkswagen.

The awards will be placed on (See NAVY RELIEF, Page 3)

GOVERNMENT FORUM—U. S. Congressman David N. Henderson, Representative, 3rd Congressional District, State of North Carolina, visited a dependent Citizenship Class aboard the

base last Monday night. The purpose of the visit was to give the class a "first-hand" insight to legislative procedure by talking with a member of the U. S. House of Representatives.

## Govt. Surplus Items Offered To All

Everything from "soup to nuts" will be featured at the Government Surplus Property Retail Sale sponsored by the Base Materiel Battalion, 2d Force Service Regiment, and open to military personnel, their dependents, civil service personnel and the general public in Bldg. 462 at Camp Geiger on May 18, from 8 a. m. to 4 p. m.

The sale will be on a cash-and-carry first-come first-

serve basis, and will include some 3,000 items ranging from 782 gear to office furniture, household goods, refrigerators, stoves and other appliances, auto spare parts and accessories.

No checks or money orders will be accepted in payment for purchases. Items will be sold "as is, where is". All purchases will be final and must be removed from the premises on the day of the transaction.

Sales personnel will be available to assist in the loading of heavy, bulky items.

All items will be priced and tagged. Customers may make sales selections and then take them to the sales counter. After paying the cashier, the customers may present their receipt as a gate pass for removal of their property from the Base.

The Marine Corps reserves (See SURPLUS SALE, Page 2)

OPENING DONATION—Maj. Gen. James P. Berkeley (right), commanding general, Marine Corps Base, presents Cpl. John J. Hornak, command section Navy Relief Drive chairman, with the first donation on the opening day of the drive, April 25.

# Old Rapelling Method Used With 'Copters

Revising age-old techniques of rapelling, members of the 2d Reconnaissance Bn., applied their skill and science to update the mountain climbing methods which have been standard for years.

The Marines rapelled from a helicopter instead of on a mountain cliff.

Using nylon rope, Recon personnel lowered themselves from a helicopter hovering at 50 and 100 foot altitudes at Montford Point, April 18.

Applying the crafts of the mountaineer, learned on the cliffs in Western North Carolina, they fashioned Swiss seats with rope and a metal ring. A Swiss seat is made by placing a rope around the waist then encircling each thigh. A rope is passed through an oval metal ring and secured with a "butterfly knot".

The lowering line is placed through the ring with a triple wrap, then the loose rope end is placed over the left shoulder and hangs diagonally across the back. The right hand grasps the trailing portion of the line and serves as a brake to slow the speed of descent.

When a man wants to decrease his speed, or stop, he brings his right hand across his chest to his left shoulder and applies pressure to the rope.

Training of this type has been reintroduced for all Recon personnel to maintain their combat-readiness and proficiency in the art of rapelling should the occasion arise for its need.

Helicopter rapelling will enable the "eyes and ears"

of the 2d Marine Division, to establish an observation post on mountain peaks, which are near impossible to reach by packmule or on foot.

Missions of "mercy" are other jobs, that can be accomplished by employing the adept-

ness of a Marine trained proficiently in rapelling from a helicopter.

Operations Section, 2d Reconnaissance Battalion, was impressed with the operation at Montford Point, and commented favorably on the performance of the Recon personnel and the skillful handling of the aircraft by 1st Lt. C. E. Barsky, and 2d Lt. J. E. Henke, HMM-261.

UNDER THE CLOSE SCRUTINY of Marine Capt. Stanley Wawrzniak, 2d Force Reconnaissance Company, a member of the 2d Reconnaissance Battalion, 2d Marine Division, employs the art of rapelling to lower himself from a helicopter hovering 50 feet above ground.

## New Ruling Stops Leave-Travel Pay For EM Extension

A new ruling by the Comptroller General prohibits payment of travel allowance and accrued leave to individuals who have entered into an extension period.

For example, if an enlisted man has a June 1 separation date he must reenlist on that date to receive travel allowance and accrued leave payments. Once he enters on an extension he cannot receive these payments until he reenlists following the termination of his extension.

In a followup message the Comptroller General told commanders, "to advise all personnel who have executed but not yet entered an extension to cancel the extension and reenlist on their original dates of separation, unless they desire to serve the full extension... and to take all possible precautions to prevent entering into an extension period."

## POWER FOR PEACE

## THIRD WEEK IN MAY

The official fourteenth annual ARMED FORCES DAY is May 18, 1963. The Secretary of Defense has authorized appropriate observances in the United States and overseas during the period May 11-19, 1963. ARMED FORCES DAY symbolizes unification and demonstrates the close working relationship of the Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard and Reserve Components, and gives the people of the United States an annual report on the state of the Nation's defense.

## Oxford University Offers Scholarships To Regular Navy, Marine Officers

Commissioned Officers of the Regular Navy and Marine Corps at Camp Lejeune who possess at least three years of college credit, may apply for the Rhodes Scholarship, sponsored by Oxford, England provided they:

- (1) Submit applications prior to the deadline date of May 10.
- (2) Submit applications to the Chief of Naval Personnel, (Per-C222.)
- (3) Are male citizens of the United States, are unmarried, and have five year's residency within the continental limits of the United States.
- (4) Are between the ages of 19 and 25 on 1 October of the year in which application is made.
- (5) By the time of application, have at least junior standing at some recognized degree-granting college or university in the U. S. A.
- (6) Obtain an endorsement from the U. S. Naval Academy or civilian educational institu-

tion stating that the applicant is qualified to represent that institution in the competition.

(7) Agree to extend three years for each year of study at Oxford.

(8) Agree to remain unmarried for at least two years of the scholarship.

(9) Include a statement of general activities and intellectual interests in college and a proposed line of study at Oxford.

This statement should not exceed 1,000 words.

(10) Include the name of the state from which the competitor will be entered.

(11) Provide statement of willingness to defray the cost involved in appearing before the state committee who will conduct scholarship interviews.

(12) Provide academic transcripts of scholastic records, if a graduate of a civilian educational institution.

Officers of the Navy and Marine Corps will be advised of initial acceptance by the Chief of Naval Personnel. If a candidate completes successfully

the first two years of the scholarship, he may apply for additional years of Oxford study.

Tickets on sale Now!

BEAUTY PLUS—This 1963 Thunderbird automobile is the second award for the 1963 Navy Relief Drive which began April 25. The net goal for this year's drive has been set at \$50,

000, and will be used to aid Camp Lejeune military personnel during times of need. Some fellows — Miss Carole Smith, Miss Wilmington 1963, doesn't go with the Thunderbird.

## Surplus Sale —

(Continued from Page 1)

the right to limit items sold to any individual buyer during the sale. Total purchase price of any individual must not exceed \$500.

There will be no facilities at the location of the sale for testing, starting or repairing of items available for purchase. Refunds or adjustments will not be made, nor will the government make a warranty, guarantee or representation as to the quantity, quality or condition or fitness of the material bought.

For the customers convenience, the sales room will be open for inspection of items on Friday, May 17, from 9 a. m. to 4 p. m. But no sales will be made on this date.

## CO, 2d FAG, Graduates From Army CBR School

Col. Francis R. Schlesinger, commanding officer, 2d Field Artillery Group, Force Troops, attended the U. S. Army Chemical, Biological and Radiological Weapons Orientation Course at the U. S. Army Proving Grounds at Dugway, Utah during the period of April 23-26.

The course, designed to acquaint Department of Defense personnel with the status of current and future chemical, biological and radiological weapons systems, consisted of three and one-half days of classroom presentations and a field demonstration.

High points of the course included doctrine, concepts and utilization of newly-developed detection devices, protective equipment and decontamination procedures now being developed

by the Army Chemical Corps. The Army Chemical Corps proving grounds at Dugway, Utah, compasses an area larger than the state of Rhode Island making it one of the largest proving grounds in the United States.

## Pennsylvania Personnel

It is requested that all Marine Division personnel USMC and USN whose home of record is within a 50 mile radius of Pittsburgh, contact the Division Information Services Office, Bldg. 4 (topside), 7-5680 or 7-3064, LAFRA

CHOW LINE—North Carolina Legislators get a taste of good old fashioned Marine Corps chow during their tour of Camp Lejeune on April 30. More than 150 Legislators and their wives received a briefing on the Lejeune Commands and viewed the film "Force in Readiness." They proceeded to Bogue Field after lunch to witness a SATS (Small Airfield For Tactical Support) demonstration by the 2d Marine Air Wing.

## Musselman Is College Basketball Mentor

Musselman, player-coach of Lejeune's basketball team last season has been asked to take over as head coach at Presbyterian college in S. C., succeeding the Musselwhite.

Musselman got his start in basketball at the Marine Corps where he was named Southern Conference and the top player in 1958.

During the Marine squad season, Musselman's team had a 17 win 10 loss regular season record and finished with 6 losses in East Coast Service Conference play.

Last year Musselman was selected by the Amateur Athletic Union to a berth on the United States team participating in the World Basketball Championships in Manila. This was based on his performance in the National AAU Championships held last March. Musselman was the top player on the team from the Marine Corps.

## The Troops Open Softball Season Main - On Mud

A steady downpour of rain stopped 8th Motors and 2d Marine Radio from picking up their day victories in the Troops 63 Softball

game under wet skies, and muddy field, Motors won 12-1, 2d Marine 12-1. Winning pitcher was F. D. Rogers, who won his own victory with a hit and a triple in two of

the game. The only woman in the game was Helijias, who arrived from Norfolk and took to the class as a duck to water. The first day at school, she handed in 33 lessons and the entire course only calls for 37 to be submitted.

## Navy Relief -

(Continued from Page 1)

display for all units to view. Certain commands will have priority on certain days. Base will have priority on April 26, Division-29, 30 and May 3, Base-May 13, Division and Force Troops--May 15, Division--May 21, Base--May 27, Force Troops--May 29, Division--May 31 and June 5, Base--June 12, Division and Force Troops--June 14, Division--June 20 and Base--June 27. Arrangements for the displaying of the vehicle are to be made with the Base Motor Transport Officer.

Another highlight of this year's Drive will be a handwriting analysis done by the Mobile Data Processing Platoon, 2d Force Service Regiment, on May 4 at 10 a. m. in front of the Main PX. Each donation nets the donor an analysis of his handwriting.

The awards will be presented at Goettge Memorial Field house during the week of June 24-28. Recipients do not have to be present at the presentation.

## Wanted

Personnel from Force Troops, who have had Drum and Bugle Corps experience. Anyone interested should call SSGT E. R. Ross or Cpl. D. K. Green, at Barracks 101, Base Ext. 7-3932.

A member of Quantico's All-Marine championship team in 1961 Art was that team's most consistent scorer. Also a member of the 1960 Quantico team, he averaged better than 20 points per game, and led them to second place in the All-Marine.

The new coach will take over his duties at Presbyterian college July 1, a few weeks after his Marine Corps service expires.

Musselman, a first lieutenant is currently Special Services Officer of the 2d Marine Regiment, 2d Division.

Art Musselman

## Marines, Pembroke Split Series; Errors Get Wins

Errors were the deciding factors in both Lejeune games against the Pembroke College "Indians" last week, with the Indians taking the first contest 4-1 on four Lejeune miscues and the Marines coming back in the final tilt racking up a 2-0 shutout on a trio of Pembroke errors.

In Wednesday night's contest, the Indians chased starter Bill Herrington after three and two-thirds innings with four runs off five hits and took advantage of the four Marine miscues to come out on top of a 4-1 score.

Pembroke righthander Ralph Benton scattered seven hits, walked two and struck out seven in gaining the victory.

The Marines scored their lone run in the second inning. Lead-off batter, shortstop Chuck Teletchea reached first on a drag-bunt single and scored on a hit-and-run double to center by second sacker Dick Garcia.

Indians picked

outfielder George Howe, to pick up their fourth win of the regular season against three losses.

O'Leary picked a runner off first in the second, threw out another trying to take second on a wide throw at first and with two on and none away in the sixth picked off the runner at second after an attempted bunt.

In the eighth frame with two men on base and none away the Indians rightfielder singled sharply to right but the lead runner was cut down at the plate by Howe.

Both Lejeune runs were scored in the second inning on two hits and a trio of Pembroke errors.

## Years Of Aid A Moccasin Not To Be

(Editor's Note: This is the second in a series of articles to inform military and dependent personnel of the hazards of plant and animal life which are poisonous in nature. It is the aim of this series to acquaint the Marines and families of the Camp Lejeune area with the various characteristics of plants and animals we will be discussing.)

Causing more headaches to fishermen, swimmers and beach party groups than probably any other species of snake is the Water Moccasin, especially the Cottonmouth.

Cottonmouth Moccasins are an olive or brown in color with about 25 indistinct blackish bands or blotches on the sides. Undersides of the Moccasins are a light yellow with dark blotches. In addition, they have a dark band or stripe running from the corner of each eye to the corner of the mouth.

Larger and darker than its cousin, the Copperhead, the Cottonmouth Water Moccasin reaches a maximum length of six feet, but its average length is between four and five feet with about a 10-inch girth.

Cottonmouth Moccasins range over the wet lowlands from southeast Virginia to Florida, and westward to Texas, including the Mississippi river area to as far north as Iowa. In North Carolina, however, the Moccasins are more predominant in the coastal plains area and the outer banks.

They live best in areas where they can rely on natural protection to hide them while they lay in ambush for food which consists of fishes, frogs, birds, rodents and other small mammals including other snakes.

When attacking mammals or humans the Cottonmouth strike swiftly, but when attacking other

snakes, even those of its own species, it will strike several times in rapid succession, or imbued its fangs and release a continuous flow of poison which will numb its victim and eventually cause death.

Unlike the Copperhead, the Cottonmouth is aggressive and easily irritated. When it does become irritated, it will open its mouth wide exposing a very white interior, thus deriving its name.

Capable of delivering more than one strike, each one as deadly as the other, the Cotton-

mouth is definitely a dangerous snake.

Since it is of the Viperine family, it delivers the same poison or venom as the Copperhead and Rattle snakes.

Fishermen should be especially cautious at night, for the Cottonmouth will climb out on low hanging limbs along paths, or over the water edge and lay in wait for prey.

Many Cottonmouth have been known to drop from limbs into boats, and even though it is not confirmed, it is believed by many experts that the snakes are attracted to light.

In addition there is no basis for the old wives-tale, that a snake in, or under, water can't strike, for the Cottonmouth is capable of delivering just as fatal a strike under water as on dry land.

Young Cottonmouth Moccasins, which are brought forth alive, will strike as swiftly as their adult counterparts.

Unlike the Copperhead which will infest areas where humans live, the Cottonmouth is content to stay away from man.

When bitten by the Cottonmouth, it will be necessary to follow the same procedures as when bitten by the Copperhead. Remain calm, don't run or panic, apply a tourniquet above the wound, but not too tightly. The tourniquet is to close off the surface blood, but not the main flow in the arteries. In addition, do not use any stimulants. This includes alcohol, coffee, tobacco, etc.

Consult a doctor immediately.

Next week, the Viperine family or Rattle snakes,

## Lejeune - Westendick Top Florida 'Seminoles' 6-5

A former teammate turned the tables on the Florida State University "Seminoles" last Saturday night as Bill Westendick led the Lejeune nine to a 6-5 victory.

The big righthander who played with the Seminoles last season smashed a pair of doubles in three trips to the plate, drove in three runs and scored twice in helping Lejeune hand his Alma Mater its sixth loss of the year against 14 wins.

Florida scored a lone run in the first inning on a pair of singles and an infield error. The Marines bounced back with two in the second to take the edge.

First sacker Hal Norton opened the inning with a single to left and moved to second on an error. Westendick followed with a walk, both runners advancing on a wild pitch by starter Marty Howell.

Chuck Teletchea drove in the pair on a single to left but the speedster was cut down at second attempting to steal.

Westendick doubled deep to center in the fourth and scored Lejeune's third run on an overthrow by the cutoff man at third.

Florida State battled back with a pair of runs in the top of the fifth inning, but Westendick slammed his second extra-base hit to drive in three runs in Lejeune's half of the fifth.

The Seminoles pulled to within one run of the Marines at 6-5 when shortstop Woody

Woodward tripled to center and scored on a double to the same spot by Buddy Teagle. Lejeune's ace righthander Alex Bright was called from the bullpen and checked Florida State the rest of the way, preserving the win for starter Chuck Cuppett.

The victory was Lejeune's fifth of the regular season against three setbacks and the Marines 23d win of the year including exhibitions.

## Bacon's Pitching Paulson's Bat Net 'Pups Win

Camp Lejeune's Devil-pups coasted to an easy 9-1 victory over Smyrna High School last week behind the two hit pitching of Paul Bacon and a two-run homer by Ned Paulson.

Bacon had a no-hitter going until Smyrna put together a single and triple in the seventh inning scoring their lone run.

Paulson who hit a three-run homer to beat Topsall earlier in the week gave Bacon all the runs he needed with his first inning four bagger. Paulson now carries a .405 batting average.

Larry Aycock tripled with two on in the second inning and Lou Paulson and Jim Barrett each contributed two singles to Lejeune's seven-hit attack, putting their season record at seven wins and six losses.

## Water Sports

The Water Ski Club will hold a meeting Saturday, May 4 at 1 p. m. at the ski beach next to Marston Pavilion to discuss programs for

BEACHED BEAUTY — Jan Haganauer, one of the bevy of lovely Cypress Gardens Aquamaids, suns herself, complete with tropical headgear.

Pfc. Daniel F. Gill, Jr., "K" Co., 3-22, expired state tag, 30 days.

Pfc. John J. Keating, "G" Btry., 3-10-2, illegal entry, 30 days.

Marietta Echevarria, dependent, no drivers license, \$25 and 3 months.

Fletcher G. Beverly, civilian, failed to see intended move, \$15 and 3 months.

Demary E. Hooks, civilian, leaving scene of accident, failure to report accident, \$10 and 9 months.

# Old Rapelling Method Used With 'Copters

Revising age-old techniques of rapelling, members of the 2d Reconnaissance Bn., applied their skill and science to update the mountain climbing methods which have been standard for years.

The Marines rapelled from a helicopter instead of on a mountain cliff.

Using nylon rope, Recon personnel lowered themselves from a helicopter hovering at 50 and 100 foot altitudes at Montford Point, April 18.

Applying the crafts of the mountaineer, learned on the cliffs in Western North Carolina, they fashioned Swiss seats with rope and a metal ring. A Swiss seat is made by placing a rope around the waist then encircling each thigh. A rope is passed through an oval metal ring and secured with a "butterfly knot".

The lowering line is placed through the ring with a triple wrap, then the loose rope end is placed over the left shoulder and hangs diagonally across the back. The right hand grasps the trailing portion of the line and serves as a brake to slow the speed of descent.

When a man wants to decrease his speed, or stop, he brings his right hand across his chest to his left shoulder and applies pressure to the rope.

Training of this type has been reintroduced for all Recon personnel to maintain their combat-readiness and proficiency in the art of rapelling should the occasion arise for its need.

Helicopter rapelling will enable the "eyes and ears"

of the 2d Marine Division, to establish an observation post on mountain peaks, which are near impossible to reach by packmule or on foot.

Missions of "mercy" are other jobs, that can be accomplished by employing the adept-

ness of a Marine trained proficiently in rapelling from a helicopter.

## New Ruling Stops Leave-Travel Pay For EM Extension

A new ruling by the Comptroller General prohibits payment of travel allowance and accrued leave to individuals who have entered into an extension period.

For example, if an enlisted man has a June 1 separation date he must reenlist on that date to receive travel allowance and accrued leave payments. Once he enters on an extension he cannot receive these payments until he reenlists following the termination of his extension.

In a followup message the Comptroller General told commanders, "to advise all personnel who have executed but not yet entered an extension to cancel the extension and reenlist on their original dates of separation, unless they desire to serve the full extension... and to take all possible precautions to prevent entering into an extension period."

Operations Section, 2d Reconnaissance Battalion, was

impressed with the operation at Montford Point, and commented favorably on the performance of the Recon personnel and the skillful handling of the aircraft by 1st Lt. C. E. Barsky, and 2d Lt. J. E. Henke, HMM-268.

UNDER THE CLOSE SCRUTINY of Marine Capt. Stanley Wawrzniak, 2d Force Reconnaissance Company, a member of the 2d Reconnaissance Battalion, 2d Marine Division, employs the art of rapelling to lower himself from a helicopter hovering 50 feet above ground.

BEAUTY PLUS—This 1963 Thunderbird automobile is the second award for the 1963 Navy Relief Drive which began April 25. The net goal for this year's drive has been set at \$50,000, and will be used to aid Camp Lejeune military personnel during times of need. See fellows — Miss Carol Smith, Miss Wilming-

1963, doesn't go with the Thunderbird.

## Surplus Sale -

(Continued from Page 1)

the right to limit items sold to any individual buyer during the sale. Total purchase price of any individual must not exceed \$500.

There will be no facilities at the location of the sale for testing, starting or repairing of items available for purchase. Refunds or adjustments will not be made, nor will the government make a warranty, guarantee or representation as to the quantity, quality or condition or fitness of the material bought.

For the customers convenience, the sales room will be open for inspection of items on Friday, May 17, from 9 a. m. to 4 p. m. But no sales will be made on this date.

## CO, 2d FAG, Graduates From Army CBR School

Col. Francis R. Schlesinger, commanding officer, 2d Field Artillery Group, Force Troops, attended the U. S. Army Chemical, Biological and Radiological Weapons Orientation Course at the U. S. Army Proving Grounds at Dugway, Utah during the period of April 23-26.

The course, designed to acquaint Department of Defense personnel with the status of current and future chemical, biological and radiological weapons systems, consisted of three and one-half days of classroom presentations and a field demonstration.

by the Army Chemical Corps. The Army Chemical Corps proving grounds at Dugway, Utah, comprises an area larger than the state of Rhode Island, making it one of the largest proving grounds in the United States.

## Pennsylvania Personnel

It is requested that all Marine Division personnel USMC and USN whose home of record is within a 50 mile radius of Pittsburgh, contact the Division Information Services Office, Bldg. (topside), 7-5680 or 7-3061 LAFRA

CHOW LINE—North Carolina Legislators get a taste of good old fashioned Marine Corps chow during their tour of Camp Lejeune on April 30. More than 150 Legislators and their wives received a briefing on the Lejeune Commands and viewed the film "Force in Readiness." They proceeded to Bogue Field after lunch to witness a SATS (Small Airfield For Tactical Support) demonstration by the 2d Marine Air Wing.

## Lejeune - Westendick Top Florida 'Seminoles' 6-5

A former teammate turned the tables on the Florida State University "Seminoles" last Saturday night as Bill Westendick led the Lejeune nine to a 6-5 victory.

The big righthander who played with the Seminoles last season smashed a pair of doubles in three trips to the plate, drove in three runs and scored twice in helping Lejeune hand his Alma Mater its sixth loss of the year against 14 wins.

Florida scored a lone run in the first inning on a pair of singles and an infield error. The Marines bounced back with two in the second to take the edge.

First sacker Hal Norton opened the inning with a single to left and moved to second on an error. Westendick followed with a walk, both runners advancing on a wild pitch by starter Marty Howell.

Chuck Teletchea drove in the pair on a single to left but the speedster was cut down at second attempting to steal.

Westendick doubled deep to center in the fourth and scored Lejeune's third run on an over-thrown by the cutoff man at third.

Florida State battled back with a pair of runs in the top of the fifth inning, but Westendick slammed his second extra-base hit to drive in three runs in Lejeune's half of the fifth.

The Seminoles pulled to within one run of the Marines at 6-5 when shortstop Woody

Woodward tripled to center and scored on a double to the same spot by Buddy Teagle. Lejeune's ace righthander Alex Bright was called from the bullpen and checked Florida State the rest of the way, preserving the win for starter Chuck Cuppett.

The victory was Lejeune's fifth of the regular season against three setbacks and the Marines 23d win of the year including exhibitions.

## Bacon's Pitching Paulson's Bat Net 'Pups' Win

Camp Lejeune's Devil-pups coasted to an easy 9-1 victory over Smyrna High School last week behind the two hit pitching of Paul Bacon and a two-run homer by Ned Paulson.

Bacon had a no-hitter going until Smyrna put together a single and triple in the seventh inning scoring their lone run.

Paulson who hit a three-run homer to beat Topsall earlier in the week gave Bacon all the runs he needed with his first inning four bagger. Paulson now carries a .405 batting average.

Larry Aycock tripled with two on in the second inning and Lou Paulson and Jim Barrett each contributed two singles to Lejeune's seven-hit attack, putting their season record at seven wins and six losses.

## Water Sports

The Water Ski Club will hold a meeting Saturday, May 4 at 1 p. m. at the ski beach next to Marston Pavilion to discuss programs for

Art Musselman

## Musselman Is College Basketball Mentor

Musselman, player-coach of Lejeune's basketball last season has been to take over as head coach at Presbyterian college in S. C., succeeding Musselwhite.

Musselman got his start in basketball at the Marine Corps where he was named Southern Conference and's top player in 1958.

During the Marine squad season, Musselman's team won 17 out of 18 regular season games and finished with 13 losses in East Coast Service Conference play.

Last year Musselman acted by the Amateur Athletic Union to a berth on the United States team participating in the World Basketball Championships in Manila. This was based on his performance in the National AAU Championships held last March. Musselman was the top scorer on the team from the Marine Corps.

The new coach will take over his duties at Presbyterian college July 1, a few weeks after his Marine Corps service expires.

Musselman, a first lieutenant is currently Special Services Officer of the 2d Marine Regiment, 2d Division.

## Marines, Pembroke Split Series; Errors Get Wins

Errors were the deciding factors in both Lejeune games against the Pembroke College "Indians" last week, with the Indians taking the first contest 4-1 on four Lejeune miscues and the Marines coming back in the final tilt racking up a 2-0 shutout on a trio of Pembroke errors.

In Wednesday night's contest, the Indians chased starter Bill Herrington after three and two-thirds innings with four runs off five hits and took advantage of the four Marine miscues to come out on top of a 4-1 score.

Pembroke righthander Ralph Benton scattered seven hits, walked two and struck out seven in gaining the victory.

The Marines scored their lone run in the second inning. Lead-off batter, shortstop Chuck Teletchea reached first on a drag-bunt single and scored on a hit-and-run double to center by second sacker Dick Garcia.

The Indians picked

outfielder George Howe, to pick up their fourth win of the regular season against three losses.

O'Leary picked a runner off first in the second, threw out another trying to take second on a wide throw at first and with two on and none away in the sixth picked off the runner at second after an attempted bunt.

In the eighth frame with two men on base and none away the Indians rightfielder singled sharply to right but the lead runner was cut down at the plate by Howe.

Both Lejeune runs were scored in the second inning on two hits and a trio of Pembroke errors.

## A Moccasin Not To Be

(Editor's Note: This is the second in a series of articles to inform military and dependent personnel of the hazards of plant and animal life which are poisonous in nature. It is the aim of this series to acquaint the Marines and families of the Camp Lejeune area with the various characteristics of plants and animals we will be discussing.)

Causing more headaches to fishermen, swimmers and beach party groups than probably any other species of snake is the Water Moccasin, especially the Cottonmouth.

Cottonmouth Moccasins are an olive or brown in color with about 25 indistinct blackish bands or blotches on the sides. Undersides of the Moccasins are a light yellow with dark blotches. In addition, they have a dark band or stripe running from the corner of each eye to the corner of the mouth.

Larger and darker than its cousin, the Copperhead, the Cottonmouth Water Moccasin reaches a maximum length of six feet, but its average length is between four and five feet with about a 10-inch girth.

Cottonmouth Moccasins range over the wet lowlands from southeast Virginia to Florida, and westward to Texas, including the Mississippi river area to as far north as Iowa. In North Carolina, however, the Moccasins are more predominant in the coastal plains area and the outer banks.

They live best in areas where they can rely on natural protection to hide them while they lay in ambush for food which consists of fishes, frogs, birds, rodents and other small mammals including other snakes.

When attacking mammals or humans the Cottonmouth strike swiftly, but when attacking other

snakes, even those of its own species, it will strike several times in rapid succession, or imbibe its fangs and release a continuous flow of poison which will numb its victim and eventually cause death.

Unlike the Copperhead, the Cottonmouth is aggressive and easily irritated. When it does become irritated, it will open its mouth wide exposing a very white interior, thus deriving its name.

Capable of delivering more than one strike, each one as deadly as the other, the Cotton-

mouth is definitely a dangerous snake.

Since it is of the Viperine family, it delivers the same poison or venom as the Copperhead and Rattle snakes.

Fishermen should be especially cautious at night, for the Cottonmouth will climb out on low hanging limbs along paths, or over the water edge and lay in wait for prey.

Many Cottonmouth have been known to drop from limbs into boats, and even though it is not confirmed, it is believed by many experts that the snakes are attracted to light.

In addition there is no basis for the old wives-tale, that a snake in, or under, water can't strike, for the Cottonmouth is capable of delivering just as fatal a strike under water as on dry land.

Young Cottonmouth Moccasins, which are brought forth alive, will strike as swiftly as their adult counterparts.

Unlike the Copperhead which will infest areas where humans live, the Cottonmouth is content to stay away from man.

When bitten by the Cottonmouth, it will be necessary to follow the same procedures as when bitten by the Copperhead. Remain calm, don't run or panic, apply a tourniquet above the wound, but not too tightly. The tourniquet is to close off the surface blood, but not the main flow in the arteries. In addition, do not use any stimulants. This includes alcohol, coffee, tobacco, etc.

Consult a doctor immediately.

Next week, the Viperine family or Rattle snakes,

# World Records Expected To Fall At Quantico Relay

Eleven meet records and possibly a world record may topple when 54 teams clash at the Seventh Annual Marine Corps Schools Relays at Quantico Friday and Saturday. Five individual champions including world recordholder Gary Gubner and Al Oerter will be back to defend their titles.

Both Gubner and Oerter are expected to surpass the meet records they set last year. Gubner, the world indoor shotput record-holder, tossed the shot 62'6" in 1962 to set the mark.

Oerter should easily erase his meet record discus throw of 191' 1/4" but may need more work before shooting for his world mark of 204' 10 1/2".

Meet records seem destined to fall in the 100-yard dash, pole vault, broad jump, high jump, mile run, one mile relay, two mile relay, triple jump and steeplechase.

A new innovation has been added in the pole vault competition at this year's meet. With such a large field entered, the vaulting will be divided into two divisions. The Gutowski Pole Vault carries a minimum height of 14'6" to qualify, while the Cameron Pole Vault has the usual qualifying requirements.

The move is expected to cut down on the length of pole vault event and give the big vaulters a chance to shoot for higher marks immediately.

## Notice

The Scuba Club will not accept any new applicants for classes now being held. New instructions are slated to commence in a few weeks and interested persons are urged to read the forthcoming issues of the Globe for further information.

# Future Citizens —

(Continued from Page 1)

2d Marine Div. Informational Service Office, instructor for the government-history course and Graduate of Upsala College, East Orange New Jersey, responded by contacting Captain G. E. Shockley, Base Education Officer, who in turn notified Maj. Gen. James P. Berkeley, commanding general, Marine Corps Base, of the request. General Berkeley extended an invitation to Congressman Henderson to address the group.

After an introduction by Pfc Kavalgian, Congressman Henderson began his talk with a brief description of the Third Congressional District and a quick summary of the duties of a member of the House of Representatives.

The theme of the opening address stressed voting responsibility. Congressman Henderson stated, "Many people ignore voting responsibilities by assuming that their one vote will make little or no difference in the final outcome of an election. One local election for a district judge was decided by one vote. The most important vote in any election of state or national Public Officials is yours".

Another facet of voting responsibility discussed was public awareness of election issues. "No citizen can properly fulfill his voting responsibilities unless he is fully aware of the issue at hand and their final significance," said Congressman Henderson.

After covering the importance of party participation, absentee ballots, and the appreciation of the right of free election, Congressman Henderson opened the floor for questions.

**THE BEGINNING**—Cpl. E. R. Ratford, USMC, a member of the Marksmanship Training Unit from Quantico, Va., conducts classes for 350 shooters who are participating in the 1963 Eastern Division Rifle and Pistol Matches being held at Marine Corps Base, Camp Lejeune, N. C., May 20-25. Shooters undergo four weeks of training prior to the matches. The first week consists of classes on firing tech-

niques, sight adjustment and alignment and other subjects pertaining to good marksmanship. The next three weeks are devoted to practice firing. Participants who place in the Eastern Division Rifle and Pistol Matches will be eligible to compete in the Marine Corps Rifle and Pistol Matches also being held at this command, June 3-8. # Courthouse Bay Marines Aid Families

The combined efforts of Marine units at Courthouse Bay and Navy Chaplain C. E. McFarland, extended a helping hand to needy families in the Onslow county area last week.

Mrs. Jean C. McIlwain, case worker with the Onslow County Welfare Department and wife of 2d Lt. John F. McIlwain, "B" Company, 2d AmTracBn., saw an opportunity for Courthouse Bay Marines to aid needy families in Onslow County, and arranged a meeting between Chaplain McFarland and Mrs. Sue S. Applewhite, case work supervisor. From this meeting, plans were laid for the collection, delivery and distribution of donated items.

Courthouse Bay Marines responded quickly, providing the Welfare Agency with a check, a large volume of canned goods and a truck load of clothing.

Mr. Edward C. Sexton, Director, Welfare Department, and two of his co-workers, Mrs. Applewhite and Mrs. Versie

Amann, received the donations from Chaplain McFarland on April 17.

Mrs. Applewhite explained that the donated clothing would be placed in a "clothing closet" under the care of two workers who handle the distribution of the items. They also instruct the recipients in alterations

and repair of clothing so that no item is left for waste.

Units who participated in the drive were the 2d Air and Naval Gunfire Liaison Company, 2d Amphibian Tractor Battalion, Force Troops, and Marine Corps Engineer Schools, Marine Corps Base.

**CLOTHING FOR NEEDY FAMILIES**—Chaplain C. E. McFarland, representing the Marines at Courthouse Bay, hands a parcel of clothing to Mrs. Sue S. Applewhite, casework supervisor, Onslow County Welfare Department, as Mrs. Versie Amann, homemaker at the department looks on. The items were donated by Courthouse Bay Marines for distribution to needy families in Onslow County.

## PROCLAMATION

**WHEREAS** the Navy Relief Society was incorporated in 1904 as a private organization with specific duties and responsibilities of providing "aid in times of need" to Marine Corps and Naval personnel and their families; and

**WHEREAS** the Society is supported by and operates in that community of persons serving in the Marine Corps and Navy and those members of their families who are dependent upon them and share their experience; and

**WHEREAS** in Marine Corps and Navy communities throughout the world the Society aids Marine Corps and Naval personnel and their families with financial and other humanitarian assistance; and

**WHEREAS** throughout its fifty-nine years of commendable services, the Navy Relief Society has earned the respect and gratitude of Marine Corps and Naval personnel and their families; and

**WHEREAS** the Camp Lejeune Auxiliary of the Navy Relief Society will celebrate its twenty-first anniversary on 7 May 1963.

**NOW THEREFORE, I, J. P. BERKELEY**, Commanding General, Marine Corps Base, Camp Lejeune, North Carolina, do hereby designate May 7, 1963 as Navy Relief Day at Camp Lejeune, North Carolina; and I urge all Camp Lejeune military personnel and their families to support the Navy Relief Society in its objective of providing "aid in times of need" to officers and enlisted men in the Marine Corps and Naval service and their dependents.

**IN WITNESS WHEREOF**, I have hereunto set my hand and caused the seal of the United States Marine Corps to be affixed.

J. P. BERKELEY

# Marine Dan D Headstone Gi Quantico Mus

"From ashes to ashes, dust to dust," and some years later, the concrete of one of the Nation's Marine Corps' greatest has returned to his sea.

Emblazoned on a weather-worn headstone, Cypress Hills National Cemetery, Brooklyn, N. Y., the century-ago heroics of giant Major Daniel Joseph of Glen Cove, N. Y., have silent testimony to a man's personal history and the history of the United States Marine Corps are forever entwined.

Due to the efforts of Captain Arthur D. Friedman, specter-instructor of Fourth Communication Battalion, U. S. Marine Corps, in Brooklyn, this stone will remind Marines their great heritage, joined other Marine members in the Marine Corps Museum at Quantico, Va.

It started last January the Captain, reading about war heroes, discovered that the body of the twicer of the Medal of Honor interred in the Brooklyn cemetery.

During a visit to the grave site, he learned from cemetery's superintendent, ward B. McFarland, the quarter-of-a-century headstone was due for replacement.

Learning the old stone available to the Marine Corps, desired, Capt. Friedman contacted Lieutenant Colonel H. Magruder III, Director, Marine Corps Museums, to find if he was interested in it for exhibit in the Museum.

With an affirmative answer from Col. Magruder, the approval of Colonel F. Lucas, Director of MCRRD, Capt. Friedman secured the consent of Daly's living relative, a Trust Company, Burton J. Loeb of American N. Y.

Mr. Loeb gave his leading to a ceremony at District Headquarters.

## Fire Fighters

(Continued from Page 1)

of an adequate water supply. A rash of smaller fires, most members of the established fire departments and they were not able to handle as many men as needed.

The holocaust raged into the night, keeping working at a frantic pace, about 1:00 a. m. of day morning, April 16, rain brought welcome relief for the weary, begrimed fighters, and the Marines continued their long trip home.

The incident could have been worse. The Marines left waiting for a "pat on the back" and quietly returned to base.

However, the April of the MORGAN MESS of Berkeley Springs, mentioned the aid of identified Lejeune Service and a former Marine awarded the clipping to General James P. Berkeley, Commanding General, Marine Corps Base. Further taken through a local Corps radio news program the men were found their unit Duty NCO.

The clipping from the SENDER read in part: "While local residents not respond to the appeal more volunteers, four from Camp Lejeune, through heard the call on the radio and spent weekend leave fighting fire in a strange cornering people they did not

## Gen. Berkeley To FMFLant

### Navy Relief Drive Gains Momentum

Since April 25th, when Major General James P. Berkeley, commanding general, Marine Corps Base, purchased the first relief fund drive, two additional units have "gone over the top" with their contribution.

First to top the 100% mark were Motor Transport Section, Marine Corps Supply Schools, and Food Services School. Helping to comprise a current total of \$6,375.50 or 94% of the total goal requirement, are "A" Company, 8th Engineer Battalion, Force Troops with 100% and the Camp Garcia, Puerto Rico detachment of 2d Force Service Regiment personnel with 104% of their unit requirements.

A late drive progress report revealed that Mr. R. L. Williams, manager of the Camp Lejeune First Citizens' Bank and Trust Company, made a \$100 donation to the drive from his bank.

Current organizational findings in the 1963 drive are as follows:

MARINE CORPS BASE		
Amount	Quota	% of Quota
\$886	\$15,500	18.5
FORCE TROOPS		
Amount	Quota	% of Quota
\$39	\$10,860	17
2D MARINE DIVISION		
Amount	Quota	% of Quota
\$30	\$36,190	.02

Military and civilian contributors are reminded that tickets may be purchased at commissary and the main change.

Major General James P. Berkeley

### Promotion To Third Star Announced By President

Major General James P. Berkeley, base commanding general, has been nominated for promotion to Lieutenant General by the President and will assume command of Fleet Marine Force, Atlantic, on August 1. He will succeed Lieutenant General Robert B. Luckey, commanding general, FMFLant who is slated for retirement.

General Berkeley enlisted in the Marine Corps on March 1, 1927. As an enlisted man, he served in Nicaragua until December of 1928.

Commissioned a Marine 2d Lieutenant in January of 1930, he attended Officers' Basic School, and was transferred to the American Legation in Peking, China, where he served until 1934.

Returning to the States in 1935, he served in various posts and stations.

In March, 1942, he was promoted to Major and assigned to Headquarters, Marine Corps for duty.

General Berkeley later accompanied the Commandant on an inspection tour of Guadal-

canal and other South Pacific areas in 1942.

After serving with the British Armed Forces in Italy as an observer, he returned to Camp Pendleton where he commanded the Field Signal Battalion before being named Signal Officer of the 5th Marine Division in 1944.

While serving in the above capacity, he was awarded the Legion of Merit with combat "V" for his services on Iwo Jima.

In the years preceeding 1949, he served in various military advisory capacities, and was appointed in that year to the Armed Forces Staff of the Naval War College at Newport, Rhode Island.

Leaving the War College in 1953, he served as Commanding Officer, Marine Barracks, 8th & I and was Director of the Marine Corps Institute.

In 1954 he served as Chief of Staff of the 1st Marine Division in Korea.

Returning to Pendleton, then Colonel Berkeley was promoted to the rank of brigadier general and was assigned as Assistant Chief of Staff G-1, at Headquarters, Marine Corps. He was promoted to major general in July of 1958 and assumed duties as Commanding General, Department of the Pacific in San Francisco, California.

Following this assignment, he commanded the 2d Marine Division in November of 1959, and assumed his present command in November of 1961.

### 'Open House', Displays Are Planned For Armed Forces Day Observance

Marine Corps Base, 2d Marine Division, Force Troops and U. S. Naval coordinators have been busy this week firming plans for the observance of Armed Forces Day at Camp Lejeune on Saturday May 18, when "open house" will be held.

As in the past, the 1st Infantry Training Regiment will hold their part of the observance on May 17, beginning at 6:30 p. m. in the Verona Loop area. Their program will include static displays of all

weapons utilized in training of new Marines; a one hour band concert by the 2d Division Band, beginning at 6:30, and a live firing display of infantry weapons, beginning at 7:30. The public is cordially invited to attend.

The majority of the Quad Command's participation on Saturday will center about activities and exhibits on display at the Goettge Memorial Field House and the Marine Corps Base Parade Ground.

Displays will be open to both

military and civilian observers beginning at 9:30 a. m., continuing until 3:30 that afternoon. Passes for civilian visitors will be issued at the Main Gate.

Units with displays arranged in the Field House will be; 2d Marine Division with one infantry squad, one mortar squad, one flame section, one 106mm recoilless rifle mounted on a "mule", and one machinegun squad; Force Troops with a four man reconnaissance team with equipment, a topographic display and an explosive ordnance disposal display; Marine Corps Engineer School, with an M4T6 bridge model, rigging mockups, equipment models, engine cutaways, non-standard bridge models and nine cutaways; Force Service Regiment with a Jeep prepared for air drop, an air drop platform an A-22 air drop container, an A-7 air drop container and a bulk fuel display; 1st Infantry Training Regiment with a bayonet training machine; Marine Corps Supply Schools with a photographic display; Special Services with 13 Marines in historical Marine Corps uniforms; Field Research Laboratory with research equipment and clothing; American Red Cross with a historical display and the Base Chaplain's Office and the Jacksonville USO with their respective displays.

Displays will also be provided by Army Units from Fort Bragg, and Marine Air Group 26.

Also planned are concerts by the 2d Marine Division Band, an open house of both the Had-not point Chapels and the U. S. Naval Hospital.

(See OPEN HOUSE, Page 3)

### Bulletin

Special Services regrets to announce that George Oppenheimer's comedy production, "Here Today," starring Tallulah Bankhead, scheduled for appearance at the Camp Theater on May 15, has been cancelled. Difficulties within the production company forced the closing of the play. Persons having tickets may claim their refund at the Reservation Office in the Field House.

### COMMUNITY SOFTBALL

Any persons interested in entering a team in the Community Softball League are invited to attend a meeting at the Camp Knox Trailer Park, Arts and Craft Bldg. No. D38 at 8 p. m., Friday, May 10.

Community Softball league encompasses Tarawa Terrace, Midway Park, Marine Corps Air Facility, Berkeley Manor, Camp Geiger and Camp Knox Trailer Parks.

Pfc Myron D. West

Pfc R. H. Payne

following a 1950 model automobile on U. S. Highway 258 about one mile south of Richlands, N. C., at about 8:00 p. m. last Saturday evening when the vehicle suddenly attempted to pass another vehicle ahead.

The older car, occupied by four Marines, suddenly met an oncoming automobile. There was apparently no time to swerve back into the right hand lane, and the cars met with a deafening impact, throwing both vehicles off the road.

Both automobiles overturned, and flames spread from the engine compartment into the interior, threatening the dazed and injured occupants.

Payne and West hurriedly pulled their car over, stopped only long enough to take blankets from the trunk, then rushed to the burning automobile.

With the aid of two civilians the Marines rocked the blazing automobile back on its wheels,

forced open the doors and pulled the victims away from the flames. According to Payne, the

The theme of the opening address stressed voting responsibility. Congressman Henderson stated, "Many people ignore voting responsibilities by assuming that their one vote will make little or no difference in the final outcome of an election. One local election for a district judge was decided by one vote. The most important vote in any election of state or national Public Officials is yours."

Another facet of voting responsibility discussed was public awareness of election issues. "No citizen can properly fulfill his voting responsibilities unless he is fully aware of the issue at hand and their final significance," said Congressman Henderson.

After covering the importance of party participation, absentee ballots, and the appreciation of the right of free election, Congressman Henderson opened the floor for questions.

**THE BEGINNING**—Cpl. E. R. Rafford, USMC, a member of the Marksmanship Training Unit from Quantico, Va., conducts classes for 350 shooters who are participating in the 1963 Eastern Division Rifle and Pistol Matches being held at Marine Corps Base, Camp Lejeune, N. C., May 20-25. Shooters undergo four weeks of training prior to the matches. The first week consists of classes on firing tech-

niques, sight adjustment and alignment and other subjects pertaining to good marksmanship. The next three weeks are devoted to practice firing. Participants who place in the Eastern Division Matches will be eligible to compete in the Marine Corps Rifle and Pistol Matches also being held at this command, June 3-8. (Photo by LCpl. B. J. Martin)

## Courthouse Bay Marines Aid Families

The combined efforts of Marine units at Courthouse Bay and Navy Chaplain C. E. McFarland, extended a helping hand to needy families in the Onslow county area last week.

Mrs. Jean C. McIlwain, case worker with the Onslow County Welfare Department and wife of 2d Lt. John F. McIlwain, "B" Company, 2d AmTrac Bn., saw an opportunity for Courthouse Bay Marines to aid needy families in Onslow County, and arranged a meeting between Chaplain McFarland and Mrs. Sue S. Applewhite, case work supervisor. From this meeting, plans were laid for the collection, delivery and distribution of donated items.

Courthouse Bay Marines responded quickly, providing the Welfare Agency with a check, a large volume of canned goods and a truck load of clothing.

Mr. Edward C. Sexton, Director, Welfare Department, and two of his co-workers, Mrs. Applewhite and Mrs. Versie

Amann, received the donations from Chaplain McFarland on April 17.

Mrs. Applewhite explained that the donated clothing would be placed in a "clothing closet" under the care of two workers who handle the distribution of the items. They also instruct the recipients in alterations

and repair of clothing so that no item is left for waste.

Units who participated in the drive were the 2d Air and Naval Gunfire Liaison Company, 2d Amphibian Tractor Battalion, Force Troops, and Marine Corps Engineer Schools, Marine Corps Base.

**CLOTHING FOR NEEDY FAMILIES**—Chaplain C. E. McFarland, representing the Marines at Courthouse Bay, hands a parcel of clothing to Mrs. Sue S. Applewhite, casework supervisor, Onslow County Welfare Department, as Mrs. Versie Amann, homemaker at the department looks on. The items were donated by Courthouse Bay Marines for distribution to needy families in Onslow County.

## PROCLAMATION

**WHEREAS** the Navy Relief Society was incorporated in 1904 as a private organization with specific duties and responsibilities of providing "aid in times of need" to Marine Corps and Naval personnel and their families; and

**WHEREAS** the Society is supported by and operates in that community of persons serving in the Marine Corps and Navy and those members of their families who are dependent upon them and share their experience; and

**WHEREAS** in Marine Corps and Navy communities throughout the world the Society aids Marine Corps and Naval personnel and their families with financial and other humanitarian assistance; and

**WHEREAS** throughout its fifty-nine years of commendable services, the Navy Relief Society has earned the respect and gratitude of Marine Corps and Naval personnel and their families; and

**WHEREAS** the Camp Lejeune Auxiliary of the Navy Relief Society will celebrate its twenty-first anniversary on 7 May 1963.

**NOW THEREFORE, I, J. P. BERKELEY**, Commanding General, Marine Corps Base, Camp Lejeune, North Carolina, do hereby designate May 7, 1963 as Navy Relief Day at Camp Lejeune, North Carolina; and I urge all Camp Lejeune military personnel and their families to support the Navy Relief Society in its objective of providing "aid in times of need" to officers and enlisted men in the Marine Corps and Naval service and their dependents.

**IN WITNESS WHEREOF**, I have hereunto set my hand and caused the seal of the United States Marine Corps to be affixed.

J. P. BERKELEY
