CAMP LEJEUNE, N. C., THURSDAY, MARCH 21, 1963

NO. 12

April 16 Set for Naval Prep Exams

Commanding Officers have authorized to outstanding Marine enlisted men to participate in Navy-wide examination for assignment to the Preparatory School as a condition for appointment to the Academy by the Navy.

The program, which is open to regular and reserve personnel who will be 17 years of age or more than 21, on April 16, 1964, is outlined in Marine Corps Order 1531.14 of April 14, 1963.

Candidates, who volunteer for the program, must be high school graduates or have completed enough high school credits to be admitted to the Preparatory School (approximately 3-1/2) would give 15 credits required for admission to the Academy. A minimum GCT of 120, or equivalent score in the Area Battery is required.

The examination, which will be administered throughout the service on April 16, is designed to determine each candidate's comparative capabilities in the fields of mathematics, English, and either physics or chemistry. Late recruits will be administered the test at Recruit Depots.

Not more than 350 qualified applicants will be admitted to the Naval Academy. From this group, a fully acceptable candidate will be prepared for the Naval Personnel.

Van Stockum Conference

Next week, representatives of the 1st, 4th, 9th and 10th Marine Corps will meet at the Naval Academy for a conference. The purpose of the conference is to discuss the complete summer plans during the conference.

The group's first meeting will be held at 7:45 a. m. March 28. Opening remarks by Col. M. Port who commands the Lejeune Reserve unit, MajGen. James P. Van Stockum, base commanding officer, will officially welcome the group. Later, the official inspection of the training will be conducted by their Reserve of this summer.

The second day of the conference will allow the Reserve of this summer and their advisors to discuss their plans.

Van Stockum will be accompanied by three staff officers.

DEADEYE—Sgt. Billie Shows, S&R Co., H&S Bn., 2d FSR, put on a one man show last week at the rifle range by breaking all previous records at Camp Lejeune with the M-14 rifle. Sgt. Shows fired a 241/250 on the standard requalification course. (Photo by GySgt. R. L. Hallahan)

Shows Shows Know How, Sets New Range Record

Sergeant Billy Shows shows what can be done with the M-14 by breaking all previously existing high score records at Lejeune's rifle range while firing for requalification last week with a score of 241/250.

A member of Shipping and Receiving Co., H&S Bn., 2d FSR, Force Troops, the soft-spoken Mississippiian is a 10 year veteran of Marine Corps service and never fired the M-14 prior to this year's firing. Firing expert eight of the ten times he has requalified with the M-14, Sgt. Shows' previous high score had been 236/-250.

The previous high score with the M-14 on Lejeune's range, was set last year by Pfc J. J. Brokos, 3d Bn., 10th Marines, with a score of 238/250. Prior to Pfc Brokos' score, the high scores had ranged from 235-237/250 with the M-14.

When asked when he knew that he might have a chance of firing an exceptionally high

score, Sgt. Shows replied: "The first thing in my favor was that when I fired the score the day was almost perfect, warm, slightly overcast and no wind. After the string of fire in the offhand position, in which I fired a 49/50, I was impressed with the ease of handling the weapon."

Sgt. Shows went on to fire a 50/50 in the 200 yard rapid string, a 49/50 in the 300 rapid, 46/50 in the 300 yard sitting and kneeling, and 47/50 on the 500 yard line to compile a total score of 241/250.

Shows commented, "Shooting's nothing new to me, having fired each year for requalification over a 10 year period, and acting as a range coach for eight months in 1962, but I was still very pleased with this score."

Now in line for a Leatherneck Rifle Award, Sgt. Shows has hopes of being awarded either the Bronze or Silver Marksmanship Medal and the Winchester 30-06 M70 rifle.

Coming: Talullah In 'Here Today'

Marines, their dependents and the general public are invited to view Talullah Bankhead's newest starring vehicle, "Here Today" which will make a one-night showing May 15 at the Camp Theater. Curtain will rise at 8:30 p. m.

Tickets will go on sale in the Reservation Office at the Goettge Memorial Field House April 15 at \$1.00, \$1.50, \$2.00 and \$2.50. Tickets will also be on sale at the Camp Theater the evening of the performance but advanced reservations are encouraged.

The play is a rollicking comedy designed to provide pure enjoyment and this, according to the critics, is exactly what it succeeds in doing.

Estelle Winwood, superbly talented comedienne, heads the supporting cast, which consists of Richard Kendrick, Peter Hobbs and Patience Cleveland.

Elliott Norton of the Boston Record-American wrote, "Talullah Bankhead is an unchallenged mistress of comic technique, and in 'Here Today' she employs every artifice. Watching her dazzle her way through three acts is like watch-

today...The sight of the two of them exchanging thrusts and counterthrusts is a sight to see and a joy to hear."

Talullah Bankhead

ing a great fencer demonstrate his entire repertory of lunge and riposte and guard. All exhibited with a sense of sheer joy...Her early scenes with Estelle Winwood are as funny as any on view on any stage.

Force Troops Celebrating Anniversary Next Week

Force Troops will hold a review on the base parade field on March 29 at 10 a. m. to commemorate the 12th Anniversary of Force Troops. All units in Force Troops will be participating in the review.

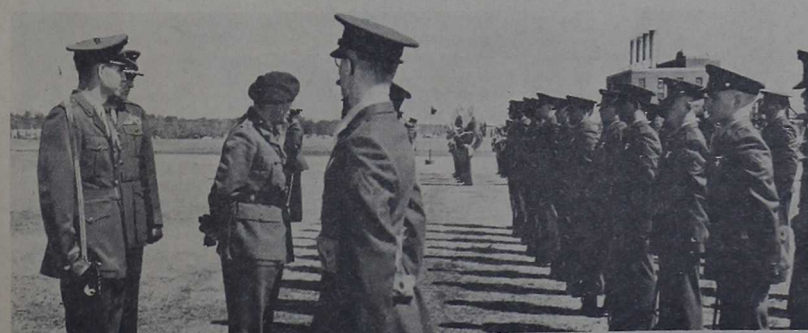

Lt. Gen. Robert B. Luckey, Commanding General, Fleet Marine Force, Atlantic will serve as reviewing officer and Col. F. R. Schlesinger, Commanding Officer of 2d Field Artillery Group, will be Commanding Officer of Troops. Dependents of all Force

Troops personnel, as well as personnel of Marine Corps Base, the 2d Marine Division and their dependents are invited to attend. Seating in Stand A will be reserved for special guests of Force Troops. Seating in Stand B will be for Field Grade officers and their dependents. All other guests will be seated in Stands C, D, E, and F.

The Force Troops Drum and Bugle Corps and the 2d Marine Division band will perform at the review.

Special guests who have been invited for the review are: Maj. Gen. J. P. Berkeley, Commanding General, Marine Corps Base; Maj. Gen. F. L. Wieseman, Commanding General, 2d Marine Division; Maj. Gen. R. C. Mangrum, Commanding General, 2d Marine Air Wing; Brig. Gen. P. V. Fontana, Commanding General, Marine Corps Air Station, Cherry Point; Brig. Gen. J. P. Coursey, Asst. 2d Marine Air Wing Commander; Brig. Gen. R. McC. Tompkins, Asst. 2d Marine Division Commander; Col. E. C. Fusan, Commanding Officer, Marine Corps Air Facility, New River; Capt. F. P. Norris, Commanding Officer, U. S. Naval Hospital; and Chap. F. W. Kelly, Base Chaplain.

Officers of Force Troops and their ladies are invited to attend a cocktail party from 6 to 8 p. m. on the 29th in the (See Anniversary, Page 2)

HONOR GUARD INSPECTION—British Royal Marine Brigadier P. W. C. Hellings, Director Joint Amphibious Warfare Staff, United Kingdom, pauses to speak with a member of the Headquarters and Service Battalion, Marine Corps Base Honor Guard during a visit to Camp Lejeune last week. Brigadier Hellings brought a team here from the British Joint

Services Amphibious Warfare Centre to conduct an Amphibious Warfare Presentation, and to visit 2d Division and Force Troops units. At the left are: Captain R. L. Evans, Honor Guard Commander and Major General James P. Berkeley, Commanding General, Marine Corps Base, Camp Lejeune, N. C. (Photo by GySgt. R. F. Hallahan)

Huge Tryon Palace Provides Beautiful Liberty Show Site

Tulips in bloom in the Maude Moore Latham Memorial Gardens and the Kellenberger Gardens plus the stately buildings and elegant furnishings of Tryon Palace offer the visitor a rare combination of springtime attractions.

The landscaped grounds feature gardens designed in the 18th Century manner, including the Maude Moore Latham Memorial Garden, Kellenberger Garden, Hawks' Allee, Gree Garden, Kitchen Garden and Work Garden.

Tryon Palace is open to the public weekdays except Mondays from 9:30 a. m. to 4 p. m. and Sunday afternoon from 1:30 to 4 p. m. Admission and Guided tours of the ground and buildings by costumed hostesses are conducted continuously for a nominal fee.

Child Poisoning National Concern

The Red Cross has joined 21 member organizations of the National Planning Council in observance of National Poison Prevention Week.

The Naval Hospital here reports 42 cases of poisonings in children since Jan. 1, 1963. Last year there were 337 reported cases of child poisonings at Camp Lejeune.

More than 500,000 accidental poisonings a year happen to children five years old and younger. Proper safeguards by parents could have prevented most of these accidents, of which 500 were fatal. Statistics at Lejeune's Naval Hospital show that two most common causes of child poisoning are aspirins and household products.

Prevention and emergency care of poison victims is taught in all Red Cross First Aid courses. At this time, peak

season for first aid training, some 25,000 classes are in progress around the country.

The following recommendations to prevent small children from swallowing household items which are plosionous are listed:

1. Lock up drugs, insecticides, detergents, and cleaning materials, or store them well beyond children's reach. Remember that children learn to climb at an early age—before they can tell the difference between harmless and harmful substances.
2. Return the dangerous items to their customary storage places immediately after using.
3. Keep harmful household items in their original containers. Do not transfer them to mason jars, milk or soft drink bottles.

Anniversary

(Continued from Page 1)

Paradise Room at the Paradise Point Officers' Club. Regular dinner and dancing will follow the party.

A Force Troops golf tournament will also highlight the days activities with all Force Troops personnel invited to participate. The tournament will be 18 holes medal play, beginning at 12:30 p. m. on the 29th on both Paradise Point courses. Anyone desiring to compete should contact the Force Troops Special Services office by March 28. Foursomes will then be compiled on the basis of previous scores. Handicaps will be compiled with in the tournament. Awards will be represented for low gross score, low net score, considering handicaps, nearest to the pin on par three

holes, longest drive and several other categories. Maj. G. M. Olszewski, S-3 of 8th Communications Battalion is serving as tournament chairman.

The Hadnot Point Staff NCO Club Annex will be open at noon on March 29 and lunch will be served. Happy Hour with free snacks will commence at 4:30 p. m. Bruce Stevens and his orchestra will provide dance music starting at 8:30 p. m., and continuing until regular closing time. There will also be a floor show during the evening.

The NCO, E-4 and E-5 Club will open its bar from 11 a. m. to noon. A buffet lunch will be served from noon to 1 p. m. The Club will then be closed their regular opening hour.

NC Recreation Workshop Acclaimed Huge Success

An estimated 75 recreational chairmen from military bases in North and South Carolina and Virginia attended the two-

day Camp Community Re-
tion Programming Wor-
held at Marston Pavillion
day and Tuesday, March
19.

Opening the program Monday morning were welcome speeches by Major General James P. Berkeley, Camp Lejeune Base Commander, and McIntyre, Camp Recreation Director, Bill Sapp, Recreation Director from Lumberton, and Ann D. Myers, Assistant Post Service Club Director from Fort Bragg, N. C.

Featured speaker Monday morning was Miss Abernathy, Chief Service Division, Special Service Division, Special Service Department of the Army, Washington, D. C., who spoke on the subject, "Programming Guidance of Young Service in Wholesome Recreational Activities."

Miss Abernathy commended the workshop that military recreational chairmen were providing excellent recreational programs in their areas, especially by their experience. She stated that Mr. Robert McIntyre, Lejeune's Recreation Director and Mr. Selwyn O. Director of Youth/Community Activities at Lejeune for his fine work in acting as a role model for the program.

Joint Campaign Nearing Close

As the Joint Services Campaign approaches its last week, Camp Lejeune contribution percentage is steadily climbing, though not as well as hoped for.

The percentage of personnel contacted in the drive and the percentage of contributors in the Quad-Command area are broken down as follows: Marine Corps Base has completed 77 percent of its drive with 65 percent contributing. The 2d Marine Division has a drive percentage of 55 and a 50 percent in contributions. Force troops, although having contacted only 65 percent of its personnel for the drive, has a 90 percent of contributors from those contacted. Marine Corps Air Facility has 79 percent of its drive is completed and 71 percent in contributions. The civilian personnel of Marine Corps Base teamed up to complete 50 percent of the drive and reach a 45 percent in contributors.

With a little more than a week remaining in this worthwhile campaign, a little extra effort is needed on the part of Camp Lejeune personnel. The following article is only a small example of the importance of the agencies supported by the contributions in the current campaign.

Crippled Children

The National Society for Crippled Children and Adults administered through voluntary contributions received in annual Easter Seal Fund drive conducted by National Health Agencies, which is now progress. Of the funds collected locally, 60% are kept

trophy of childhood is a disease of unknown cause. It usually affects male children before they reach the age of six years, and produces progressively, more severe muscle wasting and muscle weakness. Children with the disease appear normal at birth, but early examination usually will disclose weakness in various muscle groups. As the child grows older he becomes less and less able to move the affected muscle groups, and certain deformities of posture become apparent.

Most of the patients die in adolescence or early adult life

Laboratory Research

from infections which develop as a result of their disability. Except for their muscular difficulties, the patients are apparently normal. There is reason to believe that this type of muscular dystrophy may be familiar. In some instances more than one male child of the family will manifest the

blind. Every year about 300,000 industrial eye accidents occur and in addition children suffer 100,000 eye injuries during the same period. The other major causes of blindness are glaucoma, degenerative nearsightedness, intra ocular infections, hereditary disorders and cataracts.

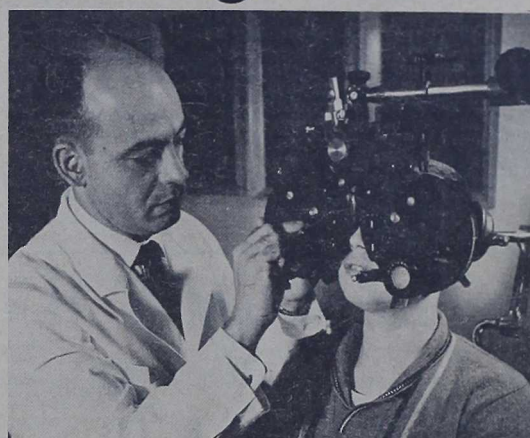

The National Society for the Prevention of Blindness has been established for the purpose of developing methods for providing medical care for children who need help, for safety and for educational adult programs.

It is estimated that 70% of blindness is absolutely preventable. Public awareness and interest are the most important factors in the reduction of blindness. Here are a few suggestions: Have children seen by doctor as early as possible when some visual abnormality is suspected. All children should have visual screening tests between ages 4 to 6. Don't place toys or weapons such as air guns, bows and arrows, etc., in the hands of the immature or those that are without proper supervision. Persons with family histories of glaucoma and severe nearsightedness that are 45 years or older should be followed at periodic intervals. Follow closely your safety officer's advice and remember that almost all accidents are preventable, and the needless loss of an eye is tragic.

Heart Disease

The American Heart Association is the only national voluntary health agency devoted exclusively to combatting diseases of the heart and circulation. Its program of research, education and community service is supported entirely by contributions from the public.

Diseases of the heart and blood vessels are leading causes of death in the United States. Included in the group of diseases are "stroke," heart attack, rheumatic fever, high blood pressure and inborn heart defects. Cancer produces one-

Eye Inspection

half as many deaths as circulatory disease. Accidents produce one-fourth as many deaths. The figures, high as they are, are being improved through the efforts of medical science. Much of the research and education in heart disease are coordinated by the American Heart Association which receives financial support from the National Health Agencies Campaign.

Heart Recorder

Recent advances include ways of early diagnosis and pre-

vention of rheumatic fever and the heart disease it sometimes produces. The care of people who suffer heart attacks has been improved; many more of them return to useful work now than in years gone by. The treatment and prevention of strokes can today offer hope. In some cases almost miraculous improvement may be produced. Knowledge of the cause and treatment of high blood pressure is steadily advancing. "Blue babies" born with defective hearts, formerly regarded as beyond help, may in many cases be helped by modern medicine and surgery. Dietary research promises eventually to explain the cause of "hardening of the arteries," raising the hope that one day we may slow or postpone this formerly inevitable disease.

Last year the American Heart Association alone spent over two and one-half million dollars for basic research in heart disease. It is from such studies that tomorrow's advances will come, the advances which will help not only our children, but which will add useful life tomorrow for those of us who contribute today.

Seabees Receiving Infantry Tactics As Part Of Annual Training Cycle

Hosted by Marine Corps Base, more than 1,245 Seabee officers and men representing seven midwestern states, are currently undergoing their annual training. By the end of March, approximately 1,700 Seabees, Reserves and Regulars, will have undergone, or will be undergoing training by Camp Lejeune Marines.

The four units training now are Reserve Mobile Construction Battalions 19, 20, 25 and a Regular unit, Mobile Construction Battalion 1. Arriving March 10, RMCB-20 and RMCB-25 will complete their annual training cycle tomorrow, while RMCB-19 and MCB-1 arrived just last Saturday. RMCB-19 will end its training March 30 but MCB-1, the Regular unit, will remain at Lejeune until April 27.

Since Seabees must work under conditions similar to those faced by Marines in amphibious operations, their training must be of the same nature. In addition to firing their weapons for familiarization and qualification at Camp Lejeune's rifle range, the Seabees also receive individual, and in some cases, Advanced Combat Training at the 1st Infantry Training Regiment. They are trained in the use of camouflage, concealment, field fortifications, bayonet fighting, hand and rifle grenades, land mines, and the

use of maps and compass.

In civilian life, the Seabees are construction personnel. Their wide range of jobs include: telephone linemen, electricians, mechanical designers, steam fitters, plumbers, heavy equipment operators, cabinet makers, welders, surveyors, bricklayers, carpenters, stonemasons, steel erectors, build-

ing contractors, painters, boilermakers and millwrights. This present military training is in addition to their normal operational and professional training. The Seabees must know how to defend themselves and their construction sites against enemy attacks and harassment.

Therapy For The Young

the County and 40% forwarded to the State Chapter. The State keeps 30% and sends the remainder to the National Chapter. The National Chapter requires for administration and allocation the remaining 8% for research. More money is allocated to North Carolina for research at Duke, Chapel Hill Bowman Gray than is usually sent in to the National Chapter.

The local Chapter meets annually in August and all contributors are eligible to attend. Board of Directors and officers are elected at this meeting and are responsible for administering local funds for ensuing year.

Some of the local projects include a Speech Therapy Clinic, purchase of or assistance in purchasing appliances (braces, artificial limbs, etc.), the loan of wheel chairs, and other equipment necessary to the care of the crippled, and transportation to and from clinics or hospitals. All these services are available to the general public and are administered on an individual basis.

Muscular Dystrophy

Progressive muscular dys-

trophy of childhood is a disease. Many tragic cases of children with muscular dystrophy have been described in popular magazines and newspapers, and are familiar to us all.

Medical science presently knows of no way in which to prevent the inexorable advance of this affliction. The Muscular Dystrophy Association is devoted to the care of individuals who have the disease, and the continuing search for its cause and prevention.

Prevention of Blindness

Blindness is defined as a visual acuity of less than 20/200 in the better eye. There are more than 350,000 people in this country that are totally

How Will Your Garden Grow?

Base Housing is now assigning garden plots on Piney Green Road to Lejeune personnel. Plots are approximately 30 by 50 feet and assignments will be made by Mrs. Sylvia Perkins at the Base Housing Office, Bldg. TT 43.

Pfc. Edward Grimme, H&S Co., 2d SvcBn., failed to yield right of way (accident); three months.

Cpl. Charles A. Jones, "B" Co., 8th Engr. Bn., speeding 56/35; three months.

Pvt. Robert L. Nuebling, MT Co., H&S Bn., MCB, reckless driving; 90 days.

LCpl. Kenneth J. Christ, "A" Co., 2d Recon Bn., speeding 40/20, no operator's license; 90 days.

LCpl. Jerome Askins, MedSptCo., 2d SvcBn., no operator's license, creating a traffic hazard; 90 days.

John C. Redd, civilian, careless and reckless driving while under the influence; 90 days.

Pfc. August J. Mann, Truck Co., H&S Bn., 2d FSR, failure to yield right of way; 90 days.

Right To Independence Rests On Dedication

It takes only ten minutes to read the Declaration of Independence. But some of us have never bothered — either from lack of interest or simple indolence. This is pitiful, for it is the cornerstone of our free way of life, a written bulwark against imperialistic dictators.

Too many Americans think it guarantees them life, liberty, and happiness. Not at all — only the

pursuit of happiness.

Every serviceman should know that no one but a selfish child claims the right to happiness. That life, that liberty, that happiness must be deserved — must be earned.

How do we earn them, how are they deserved? Certainly not by "existing" lazily in our hard won freedom. We must contribute and in doing so give more to

the world than we take from it.

The worker must produce enough to pay not only for his wage but for the machine that enables him to have a job. The businessman must see that his workers get a fair wage and his stockholders a good return on their investments.

The politician works for the good of his country and places that goal above all others. And

the serviceman — he above others must be willing to pledge the ultimate sacrifice — his life to defend it.

This is the real way to happiness. If we strive for shortcuts take the easy way out or let greatness take the place of honor, we are most certainly doomed.

True Americanism is earned dedication and hard work — not shortcuts.

The Latest Word

President Kennedy nominated Major General Charles H. Hayes, U. S. Marine Corps, for promotion to lieutenant general. General Hayes will be assigned as Assistant Commandant of the Marine Corps.

General Hayes will replace Lieutenant General John C. Munn, who has served in his present assignment since January 1, 1960. General Munn will take command of the Marine Corps Base, Camp Pendleton, California.

At the same time, General David M. Shoup, Commandant of the Marine Corps, announced that Brigadier General Philip W. John, now serving on the Staff of the Commander in Chief, Allied Forces, Southern Europe, Naples, Italy, will be assigned duty at

Headquarters Marine Corps.

General Hayes, who is now serving as Deputy Chief of Staff (Plans and Programs), Headquarters Marine Corps, is a veteran Marine Corps flyer who was graduated from the Naval Academy in June 1930. He received his wings in April 1936. The General was born on September 18, 1906, at San Marcial, New Mexico.

The amphibious assault ship GUADALCANAL (LPH-7) was launched Saturday, March 16, at the Philadelphia Naval Shipyard, Philadelphia, Pennsylvania.

General David M. Shoup, USMC, Commandant, U. S. Marine Corps, was the principal speaker at the launching. Mrs. Shoup sponsored the GUADALCANAL.

GUADALCANAL is designed to transport and land marine assault troops and supplies by means of marine assault transport helicopters. This method of attack — vertical envelopment — allows Marines to be landed inland behind enemy lines at predetermined areas. GUADALCANAL is designed to carry 2,000 marine assault troops

Slam The Study Door At Your Own Peril

An eight-year-old "presidential hopeful" recently wrote a letter to President Kennedy asking the Chief Executive what he should do to become President. He was told to "study hard."

Good advice! And, were we asked what a serviceman should do to become successful in his chosen military field, we wouldn't delete a word of the President's answer. The question is certainly different, but the reply is assuredly the same — study hard.

Study and knowledge — two golden keys. They not only open the door to self-improvement but help us prove our mettle as well. Once that "door" is flung open magnificent vistas spread before our personal horizon, offering us a better life, security, personal satisfaction and, most important — a feeling of worth to ourselves and mankind.

The serviceman is lucky. He has an unlimited amount of educational wealth at his fingertips. It may be USAFI with its hun-

dreds of correspondence courses. Or perhaps one of the many service schools; or simply the base Information and Education office. And don't forget the well-stocked service library — a credit to any organization.

Whether we're thinking about furthering our military career, eyeing a good paying job on retirement, the result of a successful, rewarding life depends on our educational development.

We're reminded of a young man, 16 years old, who wrote Virginia newspaper to complain that he could not find a decent paying job. Unknowingly the young fellow had already written an end to his chances for a real good profession. That's when he quit school and started working full time. Today he is seven years older, a husband and father of two children and a veteran of numerous low-paying jobs.

He did not get the door ajar and unfortunately there's still isn't much demand — in or out of service — for the untrained (AFPS)

Chaplain's Corner

What to do when one is handicapped! Is there any one who has not at some time or other felt handicapped? Perhaps it was some unexpected family illness. Maybe it is now the feeling that we're just not getting the breaks. Maybe it is the feeling that we're just marking time in military life when we could be forging ahead financially in some civilian occupation.

It is easy for us to forget that overcoming a handicap is preparation for a full life. The world would be a much poorer place were it not for those who have made something out of their handicaps.

There is an interesting verse of scripture in the Old Testament which speaks to us about handicaps: "Among these were seven hundred picked men who were left handed; every one could sling a stone at a hair, and not miss; (Judges 20:16). This verse only comes alive to our imagination when we know the meaning of the word, "lefthanded." It means "lame of the right hand." These porters were men who had learned to perfect their left hand because some accident had incapacitated their right hand.

As to what can be done with handicaps, here are a few suggestions: First, understand that you are not alone. There are "699" others in somewhat the same situation. Remember, too, that God is never more with us than when we are in difficult days. Christ felt the loneliness of being forsaken when he was on the cross. Yet the Christian faith proclaims that the crucifixion of Christ was God's deed for sinful humanity. It was perhaps this truth that caused the Apostle Paul to write, "We know that in everything God works for good with those who love him, who are called according to his purpose" (Romans 8:28).

Don't let the handicap raise a barrier between you and others, or destroy your self respect. And, finally, keep in mind that the human body holds reserves of energy and strength for trying circumstances. Having all of this on our side is like saying, "If God be for us, who can be against us" (Romans 8:31).

Answer to Previous Puzzle

MYSTERY SUBMARINE

Recounting an episode of submarine activity in World War II, this adventure provides fast-moving entertainment for those patrons who like action in their film fare. When the British capture an undamaged German U-boat, James Robertson Justice, an admiral, conceives a brilliant idea. The sub, manned by a British crew, using the German code books and orders, all of which were found intact, would rendezvous with a German wolf pack known from the orders to be setting a trap for a tremendous Allied convoy.

SAMSON AND THE SEVEN MIRACLES OF THE WORLD

The story involves China in the 13th century, when a vicious war lord holds sway over the country. He plans to murder the prince and princess who are rightfully entitled to the throne while a young rebel does his best to rally the people in opposition to the Tartar war lord. Then appears on the scene a man who calls himself Samson, portrayed by Gordon Scott. He gives no indication where he has come from and why, and helps the rebels in their fight for their country. Supporting cast: Yoko Tani, Helene Chancel and Dante Di Paolo.

TERM OF TRIAL

This is the story of a school teacher on trial starring Sir Laurence Olivier and Simone Signoret. Olivier is a teacher in a slum school in England. He is a man of integrity and one who served a jail term rather than fight during the war. Among his students is a teen-ager, Sara Miles, who falls in love with him. After rebuffing her one evening, she tells her parents a false story about Olivier assaulting her. He goes to trial and justice is finally done.

WHATEVER HAPPENED TO BABY JANE

Stories about the private lives of Hollywood stars, especially where matters of a scandalous nature are involved, have always intrigued many movie-goers. In the seamy side of living comes this movie in which alcoholism, insanity, physical violence and murder all have a place in a tale about two sisters, movie stars of yesterday, living alone in a house in suburban Hollywood with only their hate for each other and their dreams of the past to occupy their time. The story is cast in the form of a tale of suspense with one of the sisters imprisoning in their home the other, who is a helpless cripple confined to a wheel chair and plotting to starve her to death in order to take over her money and use it to make a "comeback." Stars are Bette Davis, Joan Crawford and Victor Buono.

LOOK IN ANY WINDOW — This is the story about marital difficulties and infidelities of parents and how they affect the teen-agers. Paul Anka stars as psychopathic love-starved youth who seeks satisfaction by wearing a mask and prowling at night as a harmless "peeping Tom," peering into windows to see how others live. Also starring are Ruth Roman, Alex Nicol and Gigi Perreau.

GIANT

An effective story of conflicts and human emotions brought on by clashes of temperaments between a strong-willed Maryland beauty and her husband at his vast Texas ranch. It is as sprawlingly presented as it is sprawlingly written by Edna Ferber. Starring in the cast are: Rock Hudson, James Dean, Elizabeth Taylor, Chill Wills and a cast of many.

BACHELOR FLAT

Jack Cummings produced this CinemaScope film, providing it with sumptuous sets, in color by De Luxe. In his first American-made film.

IT'S WHERE ALL THE FUN TAKES PLACE!

WELL DRESSED AGGRESSOR—Cpl. D. K. Green of 1st Guerrilla Platoon returns the fire of elements of the counter-guerrilla forces during an ambush of the counter-guerrillas.

Force Troops Clerugh

Headquarters Company, Force Troops, held a two-day guerrilla warfare field problem March 8 and 9. Force Troops Headquarters ceased normal operations at noon Friday, as the 200 man company prepared to take to the field for the problem, devised by Company Training Officer, Capt. E. H. Walker IV.

The hypothetical situation and background for the problem consisted of the following facts:

In late January 1963, rebel leftist forces in ATSEBO (Atlantic Seaboard), a Country friendly to the United States, overthrew the legitimate government and established a military junta with close ties to the enemy forces. After an urgent appeal to the UN from ATSEBO's legitimate government in exile in the neighboring country of KENTEN (Kentucky-Tennessee), UN forces, composed chiefly of U. S. Marines, conducted an amphibious landing and assault across the beaches at ONSLOW on February 28, 1963.

While the initial landing was successful, upon ad-

vancing inland to establish a secure force beachhead line, the American forces encountered frequent and costly guerrilla harassment. At dawn, Wednesday, March 6, a guerrilla band ambushed an entire platoon on patrol and severe casualties were sustained. In order to combat any further success of guerrilla operations, CG, 9th MEF ordered the mobilization and deployment of the 1st and 2d Counter-Guerrilla Platoons into the ONSLOW area to counteract the demoralizing guerrilla attacks. On March 8, the 1st and 2d CG Platoons were airlifted to the PETERPO (Peterfield Point) airstrip in the Force Beachhead Area, from a training area in VIRGIS (Virgin Islands).

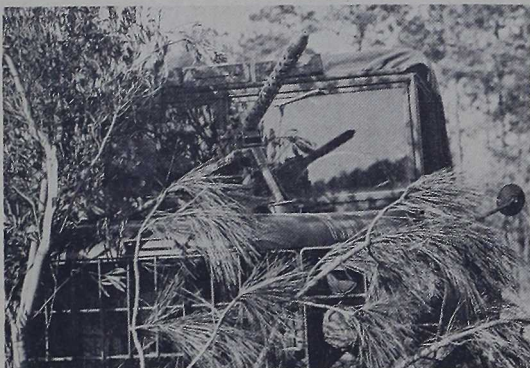

At this time, enemy strength in the ONSLOW area consisted of two under-strength infantry battalions; however, there were numerous guerrilla bands in the

area, which ambushed, disrupted supply lines, and destroyed communication facilities.

To the two counter-guerrilla platoons were the missions of search, neutralizing, and guerrilla activity. Force Beachhead assisting amphibious operations, in effectively countering any further guerrilla activity during future operations.

At 5 p.m. Friday, guerrilla activity was reported and an eight man team from the 1st Counter-Guerrilla Platoon was sent to investigate. The team found a 3/4 ton truck with a guerrilla team began contact with the counter-guerrilla team, broken into eight teams, each with a radio operator, driver, and were at strategic points in the contested area.

At this time, enemy strength in the ONSLOW area consisted of two under-strength infantry battalions; however, there were numerous guerrilla bands in the

MOBILE CP—A machine gun equipped PC served as mobile headquarters for an eight man counter-guerrilla team, under the command of Cpl. J. F. Esposito.

RAIDER—LCpl. L. L. Jones, Jr., self-styled "Raider" of the 2d Guerrilla Platoon fires from his booby-trapped position during an attack by the 1st Counter-Guerrilla Platoon.

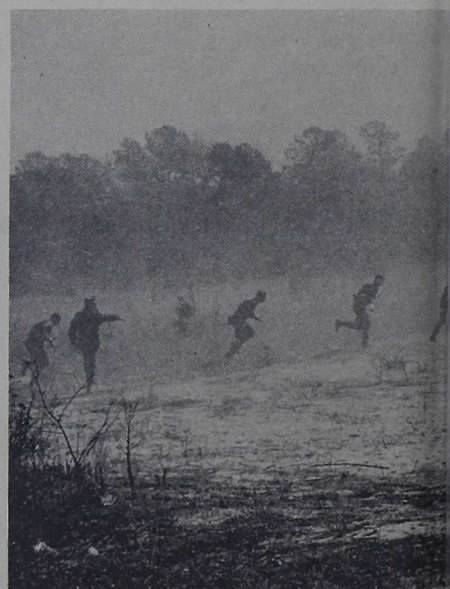

Story By
LCpl. T. J. Donohue

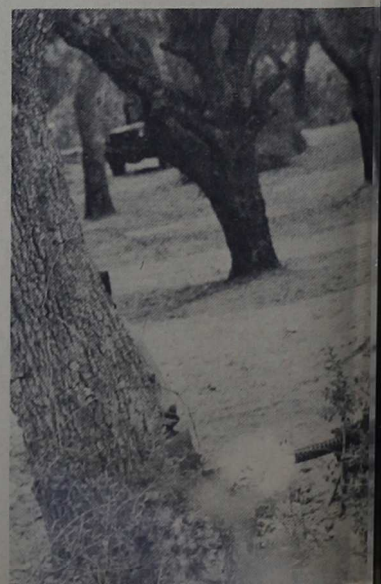

JOHN WAYNE STYLE—Machine gunner Pvt. M. N. Obergfoll of the 2d Guerrilla Platoon, fires his .30 caliber machine gun from the hip as assistant gunner Cpl. Daily T. Allen "praises the Lord and passes the ammunition." The aggressors were charging to the attack during an ambush of the 1st Counter-Guerrilla Platoon.

END OF THE LINE—Sgt. L. Farley, platoon sergeant of the 2d Guerrilla Platoon reloads his M-14 as LCpl. J. F. Chestna lays down protective fire while the massed counter-guerrillas mount their final attack.

VERTICAL ASSAULT—Members of the 2d Counter-Guerrilla Platoon race to a waiting helicopter as they prepare to move on a camouflaged guerrilla band.

DEADLY DUO—Machine gunner Pfc W. L. Laverghetta, assistant gunner Pfc M. C. Laverghetta, lays down automatic fire as Cpl. J. A. Wallace, all of the 2d Counter-Guerrilla Platoon.

Clough On Guerrillas

which ambushed, disrupted and destroyed facilities. The two platoons were missions of neutralizing and guerrilla activity. Beachhead, including amphibious, effectively counterattacks on the future. At 5 p.m. Friday, guerrilla activity, an eight-man 1st Counter-Guerrilla Platoon was a 4-ton truck. Upon their return, guerrilla forces were broken into eight teams, each with a radio operator, and were strategic points in the tested area. Employed for action, Counter-Guerrilla platoons under

Stormtroop; the 1st, under the command of 1st Lt. W. P. Lakin, was Stormtroop, the 2d CG Platoon, Lt. J. J. Guenther, Stormtroop two. Each consisted of 45 to including radio operators and drivers. The guerrillas began to lose ground by noon, and by 1 p.m., they were making a rapid retreat toward the Mile Hammock Bay area.

The counter-guerrillas, working smoothly and efficiently, massed their forces, and, shortly before 2 p.m., clashed head-on with the guerrilla forces at Mile Hammock Bay Drop Zone.

The superior members and equipment of the counter-guerrillas took their toll, however, and they overran the guerrilla positions after a 15 minute fire fight. The swiftness of victory was attributed to the superior combination of Marine am-

phibious and vertical assaults combined with a thorough knowledge of guerrilla tactics.

Support for the field problem included field radio operators and drivers from 2d Air and Naval Gunfire Liaison Company, vehicles and drivers from 2d Heavy Artillery Rocket Battery, 8th Engineer Battalion, and 2d Hospital Company, which also supplied four medical corpsmen. In addition, 8th Communications Battalion furnished radio operators, vehicles and drivers and 2d Separate Surgical Company supplied two vehicles.

Captain E. H. Walker IV, who conceived the entire problem, commented on its completion: "The Guerrilla Warfare Field Exercise proved to be valuable training for our Headquarters Company troops, who, because of their mission of operating and supporting a force headquarters, have little opportunity for extended field operations. Because of the enthusiasm and aggressiveness of Headquarters Company Marines, maximum benefit was derived from the field exercise."

Surprise Attack—LCpl. T. J. Donohue of the 2d Counter-Guerrilla Platoon provides covering fire as an eight man counter-guerrilla team mounts an attack on the aggressors during "mop-up" operations near the close of the field problem.

On a camouflaged guerrilla stronghold during Headquarters Company's Guerrilla Warfare field problem.

LCpl. Joseph Varga

GUERRILLA GUNNERS—Machine gunner Pfc R. C. Horton of 2d Guerrilla Platoon keeps counter-guerrilla heads low with automatic fire as assistant gunner LCpl. L. A. Deleone feeds the hungry gun.

SURPRISE ATTACK—LCpl. T. J. Donohue of the 2d Counter-Guerrilla Platoon provides covering fire as an eight man counter-guerrilla team mounts an attack on the aggressors during "mop-up" operations near the close of the field problem.

AMBUSH—Pfc R. C. Horton, foreground, and LCpl. L. A. Deleone, of the 2d Guerrilla Platoon wait in ambush with a machine gun as elements of the Counter-Guerrillas approach during Headquarters Company's Guerrilla Warfare field problem.

BACKS AGAINST THE WALL—The combined forces of the 1st and 2d Guerrilla Bands fight back gamely, though outnumbered by the massed forces of the 1st and 2d Counter-Guerrilla Platoons. The action ended when the counter-guerrillas overran the guerrilla positions and were declared winners of the field problem.

LAST DITCH EFFORT—Machine gunner Pvt. M. N. Obergfoll, and assistant gunner, Cpl. Dally T. Allen, of the 2d Guerrilla Platoon, make a last stand as the massed forces of the two Counter-Guerrilla Platoons overrun their position.

On a camouflaged guerrilla stronghold during Headquarters Company's Guerrilla Warfare field problem.

Ordy Bowls 300 Game; First In League Action

Dick Ordy, one of the area's top keggers and a member of Communication Support Company, Headquarters and Service Battalion, 2d Force Service Regiment bowled every bowlers dream, a 300 game, March 13th.

The Butler, Pa., native, rolling in the Base Intramural Tournament, picked up his perfect game after scores of 160 and 213.

Ordy, who carries a 193 average has never before won any individual awards, although he placed high in many league tournaments.

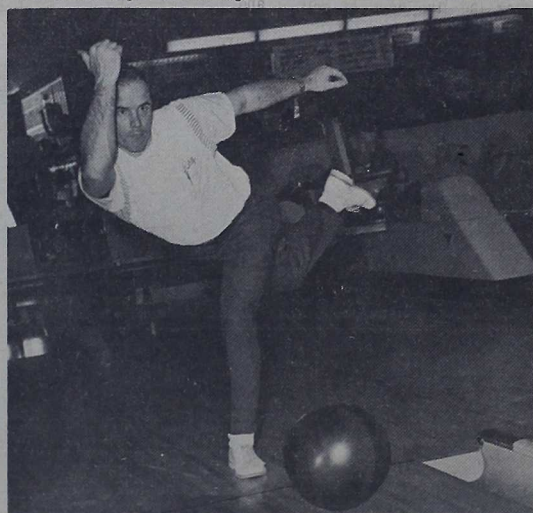

"This was the greatest thrill of my life," said Ordy whose previous high game was 290.

Dick was one of the members of the winning team that won the Annual March of Dimes

Bowling Tournament held in Charleston, South Carolina, last month.

In addition to burning up the local lanes, Ordy was a member of last years' Camp baseball team and is active in all of the local intramural programs.

Ordy finished the evening with a series average of 673, which is not a bad night of bowling.

'300 FORM—Dick Ordy shows his perfect form as he throws his 12th consecutive strike to rack up a 'bowlers dream' — 300. He rolled his perfect game while participating in the Marine Corps Base Intramural Championships last week (Photo by GySgt. Robert Hallahan)

Special Game

The senior class of Camp Lejeune High School is sponsoring a Senior-Faculty basketball game in order to raise money for its New York trip.

The game will be held in the High School gym tomorrow, beginning at 7 p.m. Including both a boy's and girl's game, tickets are on sale at the school for 25 cents per student and 50 cents for each adult. All tickets purchased at the door will be 50 cents.

Locals Beat Seahawks; Norton, Garrett Homer

Camp Lejeune will meet Michigan State here, Friday in the first of a consecutive seven-game series beginning 1:30 p.m.

Last week, the "Marines" took two out of a three-game set from Wilmington College to open their 1963 season.

After being shut out 3-0 in the season opener, the locals bounded back behind 16 hits, including two home runs, to down the Seahawks, 9-4 and 7-1.

In the first game Sam Page

and Eddie Lemon combined to lead the visitors to hold the Lejeune nine to only four hits in the ninth, while the teammates touched four Lejeune hurlers for six hits and the win.

The second game saw Lejeune score in the first, second fifth and eighth innings to even the series at one apiece.

Lejeune picked up one run to open the game on four walks but failed to capitalize with the bases loaded when second baseman Dick Garcia flied left to end the inning.

Catcher Tom O'Leary opened the second inning with a walk and moved to second on a single by pinch hitter Dave Hin

Shortstop George Borders walked to load the bases. Centerfielder Bud Simpson was safe on a fielders choice and O'Leary was forced at the plate.

Hal Norton, slugging first basemen, picked up his first hit of the season to drive two runs and right fielder Cicero McLellan picked up the third walk of the inning to load the bases. Simpson scored while leftfielder Tom Harrington grounded out, second to first and Norton crossed the plate with the fourth run on a wild pitch.

Wilmington picked up a pair of runs in both the fourth and fifth innings, but Lejeune bounced back with one in the fifth and a three-run rally in the eighth.

Lejeune snapped four scoreless innings with five big runs in the fifth behind home runs by third basemen Billy Garrett and Norton, to ensure the rubber-game victory.

Garrett pulled a solo home over the left field wall, 300 feet, to open the inning and Norton who shares the home run record at Lejeune of 11, slammed a grand slam shot 300 feet over left center.

The big inning came after Wilmington put together three singles for the first run of the game to take the edge 1-0.

Lejeune took advantage of the double by Borders, a Wilmington error and a sacrifice fly by Simpson to add two insurance runs in the seventh.

Hurlers Give Seven Hits; Beaten, 4-2

A strong hitting Springfield College nine pushed across a pair of runs in the eighth inning to hand the Camp Lejeune "Marines" their second defeat of the season 4-2, Monday afternoon.

The setback was the first game of a three game series. Results of the second and third games, played Tuesday and Wednesday were received too late for GLOBE deadline and will be recapped in next week's publication.

Jumping on starter Ralph McIntyre early, Springfield coupled a single and a double with a sacrifice fly by last year's All-America choice, Archie Moore to take a first inning edge, 1-0.

With Bill Soderlund on the mound, the visitors pushed their second run across in the fifth without the benefit of a hit. After two walks and a stolen base, leadoff man, second baseman Joe Halgus scored on a rundown between first and second resulting in teammate Moore being tagged out to end the inning.

In the bottom of the fifth Lejeune scored its first run when shortstop George Borders drove in catcher Tom O'Leary who walked to open the inning and advanced to third on an error and a sacrifice.

The tying run came in the sixth when the Marines jumped on reliever Bruce Roberts, a left-hander, with a leadoff double by rightfielder Cicero McLellan and a one-out single by O'Leary.

Springfield got to reliever Bill Harrington in the eighth with a walk, three singles and a sacrifice fly for two runs and the win.

All-Lejeune '62 Roll-Offs End Today

Headquarters and Service Battalion, leading all the way, took top honors in the Marine Corps Base Intramural Bowling Championships last week with Marine Corps Supply Schools coming from behind to finish in second place.

These two teams are now representing Marine Corps Base in the All-Camp Lejeune tournament which ends this afternoon.

Marine Corps Supply Schools clinched the Commanding General's Trophy by their win over Headquarters and Service Battalion, 2d FSR who finished third in the tourney, leaving MS&M Bn. with fourth place.

The Championships got underway with 14 teams rolling a three game series each, with four teams garnering the greatest pin-fall ending up in the finals.

High individual game in the final contests was taken by Dick Ordey with a perfect 300.

Headquarters Battalion and Marine Corps Supply Schools will meet teams from Force Troops, 2d Division and Air Facility in the same elimination process as Base with the four top teams participating in a six game scratch roll-off with the highest pin fall tourney. Results of the Championships will be in next week's edition of the GLOBE.

Cagers Gain 4th Place; ECIC Competition Ends

Camp Lejeune's victory over Edgewood Arsenal, 103-76, ending the 1962-63 basketball season gave them a final East Coast Interservice Conference standing of fourth place with eight victories and six losses.

Capturing first place with an impressive 16-0 ledger, were the Burros of Fort Dix, followed by Quantico with 12-4. Third place was won by Fort Eustis, with the "Wheels" finishing the year with two more wins than the local five and the same amount of losses.

Following Lejeune in the conference standings were Fort Lee, Fort Belvoir, Edgewood Arsenal, Fort Devens and Fort Monmouth.

Leading Lejeune scorer Bob Redd, with 280 points, placed

seventh in ECIC standings. First place was copped by Edgewood's Jerry Lyle with an amazing 462. Almost 80 points behind Lyle and in second place was Jim Lynch of last place Monmouth, with 383 points.

Redd garnered seventh place playing only 14 of the 16 games, tossing in 112 field goals from the floor and scoring 56 from the free throw line.

Lyles coupled 398 points from the floor with 164 free throws for the honors.

The only other local to place in the top 20 scorers was Jim McGhee, who placed 19th with 183. McGhee edged Derek Dickinson, former Lejeune star, now with Quantico, by six points.

Division Takes First And Second During Camp Lejeune Cage Play

By LCpl. Bill MacDougall

2d Marine Division's Headquarters Battalion's hard-fighting cagers won revenge and the All-Camp Lejeune Basketball Championship last Thursday night by blasting their old nemesis, 4th Battalion, 10th Marines, 58-51 at Goettge Memorial Fieldhouse. Exactly a week ago, on the same court, 4/10 had won the 2d Marine Division championship by edging the Headquarters five, 48-47.

Thursday's game however, told a different story. The men from Headquarters were never behind, although they were threatened throughout by Marlin Heftl's spirited Cannoneers. Leading 33-21 at half-time, the Headquarters five needed all their hustling fury to overcome a surging last-quarter bid by 4/10.

Howie Day and Bob Spolyar sparked the winners' drive with 19 and 18 points respectively. The speedy Day, a brilliant jump-shot artist, sank five field goals and nine free throws, while the wiry Spolyar bucketed seven fielders and four free shots. Steady John Newsome scored 11 other Headquarters points, while Chuck Barger and playing-coach Mac Radcliffe dropped in five apiece.

at the Fieldhouse. They overwhelmed opposition from Force Troops, Marine Corps Base and the Air Facility climaxing the four-day tourney in what could have been termed the "second" 2d Division Championship game.

Basketball at Camp Lejeune will wind up its season's activities with the Fleet Marine Force, Atlantic Tournament, which begins March 25 at the Fieldhouse.

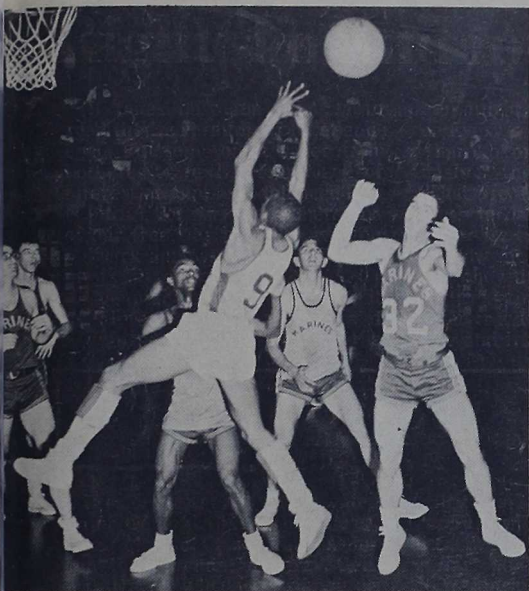

Frost-Bite Sailors

The fifth race in the Frost-Bite sailing series was taken by Capt. L. S. VanGaasbeek as he bested a fleet of six Rebel Class sailboats last Saturday.

One race remains in the series with VanGaasbeek, Lardner, Prickett and Hadley all vying for top honors.

The Camp Lejeune sailors returned the perpetual trophy to Lejeune by defeating a Cherry Point team in both morning and afternoon races last month. This invitational regatta will be held again in May.

Those interested in sailing lessons may contact the sailing instructor at the Wallace Creek Boathouse; Pfc L. G. Prickett at NCO Leadership School, Montford Point or LCpl. Barnett at Hq.Co., 3/2, 2d Division.

FREE BALL—Unidentified 2d Division basketball players battle for an important rebound during the All-Lejeune Cage Championships, last week. Headquarters Battalion beat the 10th Marines, but both teams will represent the Division during the FMF tournament, later this month. (Photo by LCpl. W. Friesendorf)

Base Seeking Thinclads For All-Marine Events

Camp Lejeune Special Services will sponsor a Quad Command Track Meet at Liveredge Field, April 10.

Thinclads desiring to compete in this meet are requested to contact their unit Special Services Officer as soon as possible.

According to Base athletic officials, outstanding performers, during the meet, will be selected to represent Lejeune during the All-Marine and Quantico Relays at Quantico early in May and also during the East Coast Interservice Championships at Fort Belvoir, tentatively scheduled for June.

Following next month's meet those players selected will begin working out as a team in

preparation for the forthcoming events.

A home meet has been tentatively scheduled for the middle of May, however no information as to the opponent has been firm by special services, nor has the exact date of the competitions.

The April relays will include all running events and field events. These are; the 100 yard dash, the 220, the 440, the 880, and the one and two mile run, the 5,000 and 10,000 meter run and the 3,000 meter steeple chase.

Also the high jump; the javelin, shot put and discus throw; the broad jump, the hop-step-and jump, and the pole vault.

Vieques Special Services Rated 'Something Special'

Vieques Marines have one of the best recreation programs of any Force Troops' Units.

The special services office is under the supervision of Sgt. V. Morrison, a member of Headquarters and Service Company, Headquarters and Service Battalion, 2d Force Service Regiment.

Morrison has been the special services NCO for the past three months, and according to Lt. V. G. Smyth, Special Services Officer, "Morrison has been doing an outstanding job."

Following the Commandant's policy on physical fitness, Morrison constructed a 33 foot high rope climb and a 12 foot high chin bar.

In addition to the chin bar and the rope climb, there is also a steel bench for simulating the hill climb. Many of the Battalion Landing Teams' troops utilized the rope and chin bar as part of their regular training while on Vieques.

Another of Sgt. Morrison's fine projects is a boxing ring or the use of detachment and LT Marines. Each Saturday, Morrison brings in local fighters from the small town of Sabella Segunda and they fight each other, or any Marines who are to challenge them. Bouts are usually very good with plenty of action. The Puerto Rican youngsters put on quite a show for the troops, as do the Marines.

With fishing and skin diving big sport in the Caribbean, Vieques special services office

offers fine equipment for the sportsmen of Vieques.

Due to the fad of 50 mile hikes, Sgt. Morrison plans to map out a 50 mile course and he and the Mess Sgt., SSgt. C. V. Wells will then hike the planned course, with other troops to follow.

2D DIVISION CHAMPS—Winners of the 2d Marine Division's bowling tournament line up with their team captain to receive a trophy from Maj. Rayford K. Adams Jr., Division Special Services Officer who gives Walter S. Stelplug the Division tournament trophy. From left to right are members of the winning team from Service Battalion: John F. Angel, James O. Elder, Major Adams, W. J. Skvaril, Eugene A. Myers, Stelplug, Raymond J. Belisle and Richard G. Donnelly. The keggers edged out the 4th Battalion, 10th Marines to win the Division title in tournament play March 15.

Azalea Golf Tournament Pot Raised

The Azalea Open continues to attract some of professional golf's top names, and a new "incentive plan" may be the reason.

The 15th annual, \$20,000 event, is being enriched by an added \$2,500 to make the open a bit more tempting.

The sponsoring Wilmington Athletic Association will pay cash bonuses to daily leaders and low round shooters during the four-day event at the Cape Fear Country Club, March 28 through 31.

In addition, the WAA is also staging the \$2,500 pro-am tournament on March 27, making the five days of golf worth a total of \$25,000 in prize money.

The first day leader of the Azalea Open will receive \$500 cash; the leader after two days will get \$600. The player shooting the lowest round on the second day will get \$200, and the same amount of money will go to the lowest round shooter in both the third and fourth days. In addition, the leader after 54 holes (three days) will get \$800.

The incentive awards make it possible for a golfer to win a grand total of 5,300 (\$2,500 incentive plus 2,800 first place money) or more cash than he could win in a \$35,000 tourney.

Added to the growing list of pros, headed by defending champion Dave Marr, are former champion Mike Souhak (1956), Dow Finsterwald, Doug Ford, Jim Ferrier, Wes Ellis, Jerry Steelsmith, Fred Hawkins and Don Massengale.

MOVE OVER PAL—Members of the 10th Marines and Headquarters Battalion of the 2d Marine Division battle for a loose ball during the All-Camp Lejeune Championships, last week. H&S Battalion upset the cannoneers for the Quad title. (Photo by LCpl. W. Friesendorf)

Topo Unit Snares Title During Volleyball Meet

Losing their initial match of the season, 2d Topo Co. took its next twelve matches to win the Force Troops Intramural Volleyball Championship and will represent Force Troops units during the Quad Command Tourney to be played next month.

With regular season play ending in a three way tie, the four top teams went into a double round robin playoff to determine the league winner.

Topo, 8th Comm Bn. and 8th Engr. Bn. all finished with 6-1 records and 8th Motors finished with a 4-3 slate.

As the tourney began, Topo

won its first match and was on its way to the championship. The only team in the league that could have stopped the "red hot" Topo team was 8th Comm Bn., but Topo had little trouble defeating them.

The last game of the tourney found most of Topo's 57-man company sitting on the sidelines to cheer their team home; and the little squad never let them down as they dumped 8th Comm two of three games to win the match and the league.

Entering the Quad Commands along with Topo Co. from Force Troops will be 2d place 8th Comm Bn.

Comm. School Joint Graduation Nets 103

Fleet Marine Force, Atlantic, Communications School held joint graduation ceremonies Friday, March 8, for 103 students from the field Radio Operators Course, the Radio Relay Operators Course and the Field Wire Course.

Lt. Col. Richard W. Johnson, Commanding Officer, 2d Air and Naval Gunfire Liaison Company, Force Troops, Atlantic, guest speaker for the ceremonies, addressed the Marines from Force Troops, 2d

Marine Division and Marine Corps Base prior to presenting their diplomas.

Radio Relay Operators Course graduated 33 Marines with LCpl. Thomas J. French, Headquarters Company, 6th Marines, 2d Marine Division, taking "top honors" with a 95.0% average.

Field Radio Operators Course graduated 32 Marines with Pvt. Terrence H. Laundry, 2d Battalion, 10th Marines, 2d Marine Division, taking "top

honors" with a 93.23% average. Field Wire Course graduated 38 Marines with PFC John A. Wineski, Headquarters and Service Company, 1st Battalion, 6th Marines, 2d Marine Division, taking "top honors" with a 93.5% average.

Radio Relay Operators Course, five weeks in duration, instructs students with a basic 2500 MOS, in the operation, theory, and general maintenance of radio relay and allied equipment. On completion of the course, they are qualified for a 2532 MOS.

ing the course, they are qualified for a 2532 MOS.

Field Wire Course, five weeks in duration, instructs students in field switchboard operations, laying of wire, pole climbing and wire-splicing, qualifies each man for a 2531 MOS. To graduate, each must be qualified in pole-climbing, field wire construction, operation and maintenance of field telephone equipment.

Field Wire Course, five weeks in duration, instructs students in field switchboard operations, laying of wire, pole climbing and wire-splicing, qualifies each man for a 2531 MOS. To graduate, each must be qualified in pole-climbing, field wire construction, operation and maintenance of field telephone equipment.

Career Advisory Clues

Many Marines are unaware of a very liberal educational benefit which may be extended to their children in the case of a Marine's death while on active duty. This benefit which is popularly known as the Junior G. I. Bill or more properly called the War Orphans Education Act.

True, a goodly number are aware of War Orphans Education Act and what it provides to survivors of service men who died during wartime. What many do not know is that those provisions have been extended, through legislation, to include the children of deceased peacetime veterans.

The law, in the case of peacetime veterans, is a little more restrictive than the original act inasmuch as the man's death must have been attributable to the actual performance of military duties or resulted from extra hazardous duties/conditions. The wartime serviceman on the other hand, qualified if he died during wartime and under conditions other than dishonorable or from service-connected causes after discharge or retirement.

Since American servicemen are now being sent all over the world to carry out the far-flung commitments of this nation, it is the consensus of

Congress that Congress is obligated to take care of the children of these servicemen when the peacetime serviceman is killed while in line of duty.

Generally, children of deceased veterans must be between the ages of 18 and 23 to be eligible for schooling under this program. It is pointed out, however, that there are exceptions such as in the case where high school has been completed and the person is less than 18 years of age or in cases where the person served in the Armed Forces between the age of 18 and 23. In such cases, the training/education can commence prior to 18 and later than age 23.

MONEY RATES

Young men and women in school under this program will receive \$110 a month, if enrolled full time; \$80 a month, if three-quarters of the time and \$50 a month if half-time. Schooling less than half-time is not permitted.

Those enrolled in cooperative courses—alternating classroom study and related experience on the job—will receive \$90 a month. This training may be taken full time only.

SPECIAL RESTORATIVE TRAINING

Special restorative training may be provided to young men or women unable to pursue an education because of some physical or mental disability. It consists of training such as speech and voice correction, lipreading, braille reading and writing and the like. A monthly allowance of \$110 will be paid to persons taking this special training. In some instances, the amount may be increased.

MISCONCEPTIONS

Below are listed what the VA considers the three major misconceptions concerning this program:

1. Eligible young persons fail to think of themselves as orphans because one parent is still living.
2. Because they are married.
3. Because they believe they may pursue training only at the college level.

WHERE AND HOW TO APPLY

Further information concerning this benefit may be obtained from the VA Fact Sheet IS-1 titled Federal Benefits For Veterans And Dependents, available from any VA office.

Cartoon Contest

Active duty Navy and Marine personnel, and their dependents, in the Camp Lejeune area are invited to submit their work to the Eighth All-Navy Comic Cartoon Contest.

The contest is open until July 31.

Sewing Classes Resumed

"My thread broke!" "My tension is too tight!" "My bobbin is stuck!" These were familiar phrases heard at the beginning of the sewing course conducted last month by Mrs. Robert Ortiz at the Gelger Community Center; but from the looks of the completed projects in the picture everything "sewed" out all right.

Another six-week course is being planned and classes will be scheduled when enough have indicated interest. Those wishing to take the instructions are asked to contact Mrs. Ossie Wells, Gelger Community Director, at 0-1305.

Besides being taught the basic fundamentals of using a sewing machine so they can keep the three in the Game Room whirling, the group also completes one project apiece during the course.

BEGORRAH! IT'S GOOD TO MEET YOU—Exchanging Irish "top o' the evenings" at the LAFRA St. Patrick's Day Party held last Saturday night at the Montford Point Staff Club are: left to right, Mrs. Jesse Maddox, past president of the local LAFRA Unit 208; Mrs. Howard Seay, secretary; Mrs. James Henson, president; Mrs. Earl J. Stevens, national LAFRA president and Mrs. Victor Kresbach, regional vice-president. (Photo by Pfc J. B. McKinley)

LAFRA Notes St. Pat's Day

Men of the Fleet Reserve Association and their colleens were "wearin' the green" last Saturday night at the LAFRA St. Patrick's Day Dance held at the Montford Point Staff Club.

Leprechauns, shamrocks and green and white streamers highlighted the Annex Room of the club where the dance was held.

Included among the approximate 50 present were special guests: Mrs. Earl J. Stevens, national president of the Ladies Auxillary of the Fleet Reserve Association, and

Mrs. Victor Kresbach, East Coast regional vice-president, who are presently touring the United States. LAFRA headquarters is located in Baltimore, Md.

Local members of LAFRA meet the first Monday of each month at the Midway Park Community Center. Anyone interested is cordially invited to join.

To be eligible for membership in the Ladies' Auxillary, one must be a wife, mother or sister, 16 years of age or older, of a member of the Fleet Reserve Association.

Richard W. Johnson, Naval Gunfire Liaison Officer at joint communication School, graduates in the left to right, LCpl. Radio Relay Operator, "ate" in Field W. took the "top s

Wood-Working Shop Hours

The 2d Marine Division's Wood-Working Hobby Shop, Bldg. 331, has announced a new schedule of operations. The shop will now be open Monday through Friday from 11:30 a.m. to 10 p.m. and on Saturdays from 9 a.m. to 6 p.m. The shop is closed on Sundays.

Activities Calendar

Combined Wives' Club

Just a reminder of the coming "Springtime in Paris" fashion show sponsored by the enlisted wives' clubs of Midway Park, Camp Knox, Camp Geiger and the Air Facility. The fashion preview will be held March 28 at 8 p. m. at the Jacksonville USO and the public is cordially invited. As an added attraction there will be surprise entertainment during intermission.

Staff NCO Wives

April 9 has been set as the date for the tour of the Stewards' Mess Training Center at Montford Point. Reservations may be made by calling Mrs. Maryemma Benson, 346-4471 or Mrs. Earl Christopher, 0-1720. There will be a regular meeting of the Staff Wives Club tonight at 8 p. m. in the Tarawa Terrace Community Center. Floral arrangements will be demonstrated by Mrs. Rita James following the business meeting.

Calling All Artists

The organization of an art class is being considered. An hour long, it will include painting in charcoal, oil, pen and

ink and water colors. Those interested are asked to call 7-5528.

Recreation Anyone?

The Midway Park Community Center is open to Midway Park residents Friday evenings from 8 to 11 p. m. for dancing, volleyball, badminton, shuffleboard, card playing and other games. Children are permitted.

Softball Team Tryouts

Midway Park softball team tryouts will be held Saturday, Mar. 23 and Sunday, Mar. 24 between 2 and 5 p. m. at the Midway Park ballfield. Those wishing further information may contact LCpl. Rittenhouse at 2-2549 after working hours.

Found

The Base Provost Marshal's Office has a number of unclaimed wallets, rings and watches. They may be picked up between 8 a.m. and 4:30 p.m., Monday through Friday at the Provost Marshal's Office, Bldg. 37.

DONATION FOR EDUCATION—Mrs. Margaret P. Ertel, right, Camp Dependent Schools' Library Director, accepts a check for \$100.00 from Mrs. J. K. Cunningham, left, Treasurer of Group III, Officers Wives Club for the purchase of reference books for the Stone Street and Brewster Elementary Schools. Stone Street School librarian, Sylvia Dawkins, center, and four benefactors of the donation, Jenny Stephens, Gene Foxworth, Susan Hudson, and David Wagenseil, witnessed the ceremony. Among the reference material to be purchased will be John Audubon's book on birds and year books for standard encyclopedias. (Photo by LCpl. B. J. Martin)

DO-IT-YOURSELFERS' DISPLAY—Giving their articles a last minute check-over are a few of the ladies who contributed their projects to the ceramics display now being held at the Marine Corps Exchange. Left to right are Jane Wil-

liams and her young son, Tony; Margaret Townsend, Rose Marie Noeschuk and Phyllis Brown. This is a Knox-Geiger Community activity with the ceramics being made at the Air Facility Ceramics Shop. (Photo by Pfc J. B. McKinley)

1963 AZALEA QUEEN—Blond, blue-eyed Nancy Malone feminine star of the TV series "Naked City" will reign as Festival Queen during the 16th Annual Azalea Festival to be held in Wilmington April 4-7. Miss Malone who plays "Libby" the girlfriend of Detective Adam Flint on the "Naked City" show will rule over the Festival with the title of Queen Azalea XVI.

From Sunrise To Sunset It's Gerber All The Way

"You can't get 'em up, you can't get 'em up, you can't get 'em up in the morning." The musical accompaniment to

WORK CALL—Pfc Ralph Gerber, Duty Bugler for the Camp Garcia Detachment blows work call as part of his daily routine.

this little jingle is just about the most disliked song in the Marine Corps. More disliked is the Duty Field Music, whose bugle it comes forth from.

At Camp Garcia, Vieques Island, Puerto Rico, the Duty Field Music never changes and therefore he must endure the threats and jeers of his buddies each and every day, from reveille to taps.

Pfc Ralph Gerber doesn't mind though. He likes his job as the only bugler in the detachment. "I guess that's why I'm the best bugler we have," he says.

In addition to his regular duties, Gerber works as the Garcia laundry man and is a member of the police section.

With these duties, Gerber still finds time to practice twice a week, usually on Tuesday and Thursday.

When asked where he spends his off duty hours, Gerber replied, "I usually go into Isabella Segunda to visit friends and spend much of my time at the beach."

"The beaches around the area are very nice and I just lie around enjoying the sun, sand, and water."

With his relief due in June, Gerber states he would like to stay down at Vieques for another tour because the duty is good and the climate wonderful.

ITR Marines, 2d Division Band Join All-Star Cast For Wilmington Festival

Smart--stepping Marines--250 strong--from the 1st Battalion ITR along with a color guard and the 55-piece 2d Marine Division Band will parade in Wilmington, N. C., Saturday, April 6, in celebration of the 16th Annual North Carolina Azalea Festival to be held in that city April 4-7.

The Marines will join comedy stars Joe E. Ross and Fred Gwynne, "Officers Toody and Muldoon" of the TV series "Car 54, Where Are You?", Nancy Malone, feminine star of TV's "Naked City", Norma Beatriz Nolan, reigning "Miss Universe", and ranking dignitaries in the colorful pageants and parades which mark the festival each year.

Toody and Muldoon will appear in both performances of the Azalea Queen's Coronation Pageant, in the big parade and at all other events of the festival.

Blond, blue-eyed Miss Malone who plays "Libby", girlfriend of detective Adam Flint on "Naked City" will rule over all Festival events as Queen Azalea XVI.

Miss Nolan, a native of Argentina and whose exotic proportions won her the coveted "Miss Universe" title from among 52 international contestants at Miami Beach, Florida last July will be a special guest at this year's Azalea pageant.

Along with the celebrities and dignitaries, the many-colored blooms of Wilmington's more than one million azaleas are expected to be the chief attraction as always.

Many events are being planned by the Citizens Committee of Wilmington to provide an entertainment program for every member of the family. Favorite festival events of former years will be featured along the new ones.

The City-owned Greenfield Gardens are expected to be at their very best for the thousands of festival visitors, as will be Orton Plantation, Airline Gardens and many private gardens throughout the Wilmington area which are opened to the public at Festival time.

This year's edition of the Azalea Festival will officially begin Thursday, April 4, with the arrival of Queen Azalea and followed by her coronation party Friday evening.

Dr. John Caughey Speaks At Dinner

The Camp Lejeune Medical Association will hold a dinner meeting at the Paradise Point Officers' Club 7 p. m. tonight. This is the second meeting of the year for the association. The guest speaker at the dinner meeting will be Dr. John L. Caughey, speaking on the subject "Trends In Medical Education."

Maj. Gen. J. P. Berkeley, Commanding General, Marine Corps Base, is the Honored Guest of the evening and will be made an Honorary Member of the Association. All medical officers in the Camp Lejeune area are invited to attend.

Dr. Caughey is the Associate Dean and an Associate Professor of Clinical Medicine at the Western Reserve University School of Medicine, Cleveland, Ohio and eminently qualified to speak on his subject of the evening. He is presently the chairman of the Committee on Student Affairs of the Association of American Medical Colleges. Dr. Caughey holds a Medical Degree from Harvard and a Doctor of Medical Science Degree from Columbia.

A second Coronation Pageant will be held Saturday evening following the mammoth festival parade Saturday morning in which bands and marching units from throughout the state, in addition to the Camp Lejeune participants, will be featured.

Also on Saturday evening, the Coronation Ball will be held featuring "Gental" George Doerner and his orchestra. The Ball one of the important

features of the four-day Azalea Festival, will be held at Lumina Pavilion, at Wrightsville Beach, N. C.

A festival worship service is planned for Sunday afternoon and will be held in the ruins of historic St. Phillip's Church near the site of Old Brunswick Town. Other festival events will include open house on board Naval vessels and dances for the teen-age set.

OOH-OOH—Comedy stars Joe E. Ross, left, and Fred Gwynne, "Toody and Muldoon" of TV's "Car 54, Where Are You?" series will be ranging far from their Bronx beat when they visit Wilmington early next month to headline an all-star cast of celebrities and dignitaries in celebration of the 16th Annual Azalea Festival to be held in that city, April 4-7.

Foreign Service Members View Assault On Vieques

Delayed--Twenty-Six members of the Foreign Service Institution along with two guests of the Secretary of the Navy, looked on as the Battalion Landing Team, Third Battalion Sixth Marines Reinforced, made an amphibious training assault on Vieques Island, near Puerto Rico.

The 28 honored guests were hosted by Navy Captain J. W. Reed, Commanding Officer of Amphibious Squadron EIGHT, and Marine Lieutenant Colonel Ben L. Hoover, Commanding Officer of Battalion Landing Team 3/6.

At 8 a. m. on D-Day March 4, the Command Ship USS Monrovia anchored off Roosevelt Roads Puerto Rico, and welcomed aboard 26 Foreign Service Institute visitors. The ship immediately got underway to the assault anchorage at Vieques.

The Foreign Service Institute is the civilian equivalent of the military National War College. The purpose of the FSI is to study national and international problems, of which the military is one aspect. By studying various armed forces units they will obtain more knowledge of our country's military capabilities which will be helpful to them in the performance of their jobs.

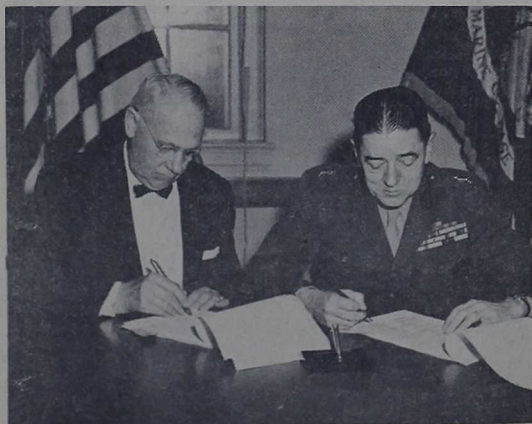

All of the students at the landing work in various governmental agencies such as: The State Department of Commerce, Department of Foreign Aid, Department of Agriculture, and the United States Informational Association. Also attending the school are four military officers, a Marine colonel, an Army colonel, an Air Force colonel, and a Navy Captain.

Battalion Landing Team 3/6 is currently conducting further training exercises of operation TRALEX 1-63, on Vieques Island. They are scheduled to return to their home base at Camp Lejeune, N. C., sometime this month.

Found!

EUREKA—At last Pfc Lewis comes up with what he was looking for in the photo on page two. Remember the Summer Service "A" uniform? It hasn't been worn since last October but Camp Lejeune Marines are tentatively scheduled to start wearing it again April 15.

JOINT AGREEMENT—Maj. Gen. James P. Berkeley, Commanding General, MCB, Camp Lejeune, and Mr. I. B. Hudson, superintendent of Onslow County Schools, sign a mutual agreement establishing the Onslow-Camp Lejeune Adult High School Program for military personnel of the Camp Lejeune Complex. The agreement marks a milestone in state educational progress and further strengthens military-community relations. Military personnel completing the program will receive state accredited Onslow County high school diplomas.
