2d Division Coffee Bars Are Aiding Weary Drivers

More than 10,000 weary, homeward-bound motorists took advantage of the 2d Marine Division's offer of free coffee and snacks last Thursday night. About one-third of them were estimated to be Camp Lejeune-bound Marines returning from Christmas leaves.

The coffee bars were set up at three locations: one near Kinston, another near Warsaw, and a third north of Wilmington. Explaining the setup, SSgt. William Bittle, NCO in Charge of the operation, commented that the sites were chosen because statistics show most traveling marines pass through those areas.

"We like to think that Marines stopped for a stretch and a cup of coffee and finished off the drive to Camp Lejeune in better shape," he said.

Sergeant Bittle praised the crews manning the three coffee bars. "They were right on the job all night long, making hot coffee and keeping cake ready or hungry travelers," he said.

The all-night crews were furnished by 2d Reconnaissance Bn., 2d Pioneer Bn., and 2d Medical Bn. Each coffee stand was manned by eight Marines who went on duty shortly before midnight, and remained until 6:00 a. m. Friday.

During their hours on duty, they served more than 300 gallons of steaming coffee to tired motorists. Dozens of sea-

sonal fruitcakes were offered as well.

Now in its fourth year of operation, the Division's coffee bar system has been in action over long weekends and holidays since Labor Day of 1958.

Summing up the success of the venture, Sgt. Bittle said: "Naturally there's no real way of telling how many lives were saved by that extra margin of wakefulness, but we do know that not one Marine has been killed between a coffee bar and the base since we started."

The next tour of duty for coffee bar crews will commence at 4:00 p. m. January 7, and end at 6:00 a. m. January 8.

Safety Wins Over Death For Lejeune

Be it due to strategically placed coffee bars or sufficient advanced warnings the holidays were truly joyous ones for Camp Lejeune Marines as they were safe ones. According to the reports received from Base Provost Marshal Office there were no deaths and only six injuries over both the Christmas and New Year holiday periods.

Although this compares well with last year's report of five deaths and six injuries, for the holiday season, 1962 Camp Lejeune's total traffic fatality rate figures 35 whereas 1961's totaled 28.

With an increasing number of "newer and better" cars being run off the assembly lines this year the possibility of traffic accidents and fatalities is also increased.

Bulletin

The Camp Lejeune GLOBE is proud to announce it has thrown its hat in the ring as a contestant for the American Heritage Contest. The contest sponsored by the Department of Defense is open to all service newspapers and will end March 15.

The purpose of the contest is to inform Service personnel about our free way of life and the threat of international communism. Beginning next week the GLOBE would like to extend an invitation to all Marines and their dependents to submit articles dealing with our American heritage, high standards of citizenship and what they feel can be accomplished to halt the threat of international communism.

Articles received at the GLOBE office pertaining to the above subjects will be screened by the Informational Services Officer and as many as possible will be published during the continuing weeks.

The GLOBE is YOUR newspaper, here is your opportunity to express your opinions.

United Fund Drive To End Tomorrow

Although below its intended goal, the 1962 Camp Lejeune-Onslow County United Fund Drive officially comes to an end tomorrow with an overall average of 82 percent for Camp Lejeune.

Originally scheduled to close Nov. 30 of last year, the drive was extended during the Cuban crisis to give the various Lejeune units opportunity to bring their contributions up to 100 percent.

Many units, listed below, did reach their particular goals and many more came near the top. At the close of the drive, the 100 Percent Club consisted of 28 members.

Members of the club from the 2d Marine Division were: the 6th Marine Regiment; 2d Anti-Tank Bn.; 1st Bn., 22d Marine Regiment; LanForMed 3-62; 2d Force Recon Bn.; and the 2d Motor Transport Bn.

Marine Corps Base units in the 100 Percent Club were: Naval

Medical Field Research Lab; Naval Hospital; Field Medical Service School; 2d Force Service Regiment; Supply Schools; and the 1st Infantry Training Regiment.

Force Troops had nine members in the club, including: Hq. Co.; 2d Anglico Co.; 4th Dental Co.; 2d Separate Surgical Co.; 8th Communications Bn.; 2d Comrad Co.; 2d Amtrac Bn.; 2d Bridge Co.; 2d Topo Co.; 8th Motor Transport Bn.; and the 2d Force Recon Co.

Units of the New River Air Facility in the United Fund's top bracket club were: VMO-1; HMH-461; and MACS-8.

By helping to support the agencies that make up the United Fund, Camp Lejeune Marines have helped themselves as well as the agencies. Without the financial support given through the United Fund, these agencies would have difficulties in performing their missions for Camp Lejeune Marines and their families.

Two-Man Navy Disaster Team Teaching At MCAF

A two-man team of Navy Disaster Control experts from Millington, Tennessee began instructing Marine Corps Base military and civilian personnel in the field of atomic, biological and chemical warfare at the Marine Corps Air Facility here last month.

Operating from a mobile training center HMC Gene Lintz and DC2 Joe Ellis of the Naval Air Maintenance Training Group began holding three-day courses on the effects and detection of and protection from such ABC warfare agents as radiation, germs and gas attacks.

The first class of 21 students, including Camp dependent school teachers, completed their course on December 20. The second class of 17 students finished on December 28.

Two classes are scheduled for January - one beginning on January 2 and the other on January 10, with 67 students expected to attend.

During the course of instruction, students are familiarized with the use of radiation detection devices, protective masks, first aid techniques and supplies.

Chief Lintz maintains that although the students of the courses are not expected to know all the answers to ABC defense within the three days allotted to the instruction, they should come away with a better appreciation of how they and their associates may survive an enemy attack.

Students for the course were

arranged on a quota basis from the several base commands. Graduates will assist the Base Disaster Control Officer, on a unit basis in the event of an enemy attack.

Lintz and Ellis are authorized to travel from Naval installation to installation providing answers to many disaster control questions.

Open Flight Training To Lt's Over 3

Regular Marine Corps lieutenants with more than 3 years commissioned service may now apply for flight training. Headquarters Marine Corps today announced. Heretofore, Headquarters considered only those lieutenants with less than 36 months commissioned service for this training program.

All previously announced prerequisites for lieutenants desiring training that will lead to designation as naval aviator remain in effect. These are, the individual must be less than 35 years of age at time of application; must not have been previously separated from any flight training program of the Army, the Navy or the Air Force by reason of flight failure; at own request; must have successfully completed, or be in attendance at a basic course at the Basic School, Marine Corps School; must be physically qualified and aeronautically trained for duty involving the control of aircraft; must agree to remain on active duty for a period subsequent to successful completion of flight training.

NAVY-MARINE CORPS MEDAL RECEIVER—Maj. Gen. James P. Berkeley, commanding general, Marine Corps Base, presents Cpl. Robert E. Gambol, Jr., with the Navy-Marine Corps Medal for his heroic conduct during the Northeastern tidal storm which struck the New Jersey shore at Long Beach Island, March 6-8, 1962. Cpl. Gambol participated in the rescue and evacuation of the civilian population from the dangerous area. He is a member of Eng Maintenance Co., MS&MBn., 2d FSR.

Turkeys Bagged, United Fund Boosted At Shoot

Despite near freezing winds and intermittent light rain, some 200 Camp Lejeune servicemen pumped more than \$160.00 into the Camp Lejeune-Onslow County United Fund Drive as a result of a "turkey shoot" held at the Camp Rifle Range, Friday afternoon, Dec. 21.

Warmed by hot coffee from the Camp Cafeteria and heavy clothing, the "shooters" blasted numbered "chance" targets with 22 caliber rifles and pistols and 12 gauge shotguns to compete for ready-to-cook turkey gobblers.

Sponsored by the Rifle Range Detachment, the "turkey shoot" was designed, to bolster United Fund contributions.

Although chilling holiday temperatures prevented an expected turnout of from two-to-five thousand servicemen and their dependents, more than a score of the participants carried away holiday-meal prizes.

In the rifle competition winners were Sgt. A. W. McManigle 2d Heavy Rocket Battery, 2d

Field Artillery Group, Pvt. T. E. Foe, Hq. Co., 2d Marines, and SSgt. E. Walker of the Rifle Range Detachment.

Winners in the pistol events were GySgt. B. H. Ferguson, MSgt. W. Pierce and 1st Lt. C. A. Donaldson, all of the Rifle Range Detachment.

Twice winner of the Shotgun relays was Cpl. R. R. Kostrzawa, of the Range Detail. Second place winner was Sgt. G. Ziegler of the Range Detail followed by Pfc D. G. McElmurry of the same unit, and Major E. Ragsdale, 2d Division Ordnance Officer.

Highest contributor to the event was the Range Detachment with \$97.90.

TRY YOUR LUCK—Contestants in the pre-holiday "turkey shoot" conducted at the Camp Lejeune Rifle Range Friday, Dec. 21, aim in at their targets. Entry fees collected during the affair were donated to the United Fund. Relay winners were awarded ready-to-eat tur-

keys. Standing at the right is Lt. Col. R. A. Callan, Commanding Officer of the Rifle Range Detachment who donated \$5.00 to the United Fund in addition to paying entry fees to the event. (Photo by Pfc J. B. McKinley)

Coming! Registration For East Carolina College Night Courses

East Carolina College announces the following schedule for the 1st Term, Spring Quarter, 1963. Compliance with the following procedures will greatly facilitate student registration and admission.

Camp Lejeune Branch of East Carolina College has discontinued its usual sixteen week schedule and has reverted to an eight week program. Beginning January 28, 1963, all classes will meet two periods each week instead of meeting one period a week for 16 weeks, as was previously the case. Reason for this change is to allow military students a greater probability for completing courses.

Registration will be conducted from Wednesday, January 23 through Saturday, January 26, 1963. Late registration will be held Monday, January 23 through Saturday, January 26, 1963. Late registration will be held Monday, January 28 through Friday, February 1, 1963. A fee of \$1.00 is charged to late registrants. Registration will be held in Building 67, East Carolina College Office.

The standard rate is \$8.00 per quarter hour. Thus: 5 qtr. hr. course--\$40.00; 4 qtr. hr. course--\$32.00; 3 qtr. hr. course--\$24.00.

Military personnel are entitled to financial assistance from the government at the rate

TEXAS CALENDAR GIRL—Lovely Lee Carroll, the "Sun Princess" of Shipstads and Johnson Ice Follies, a real cool number, on or off the ice, reminds Marines not to let the opportunity to attend ECC night courses "skate by." The first term of the spring quarter is scheduled to begin Jan. 28.

BINGO?—No, just an official at the Camp Rifle Range checking a target of a contestant in the "turkey shoot" held at the range Friday, Dec. 21. Proceeds collected at the event were donated to the United Fund. Targets used were numbered "chance" type. Shooters hitting the highest numbers won the relays. Weapons employed at the event were .22 caliber pistols and rifles and 12 gauge shotguns. Ready to eat turkeys were awarded to winners of the relays. (Photo by Pfc J. B. McKinley)

This form may be obtained from the Branch Office, Building 67, and Basic Education Office, Building 19.

Camp Lejeune Branch, East Carolina College, provides two classifications for its students: (1) Resident classification, (2) Special classification.

Resident (matriculated) students must meet the following requirements for entrance to East Carolina College.

(1) File Application for Admission (application forms may be picked up at the Branch Office, Building 67).

(2) Forward high school transcripts and GED test scores to the Camp Lejeune Branch, East Carolina College, Unit #5 Post Office, Camp Lejeune, N.C.

(3) Pass College Entrance Examination (ACE or SAT). Examinations are given regularly at Branch Office, Building 67. Call 7-5864 for information.

(4) Submit a certificate of health (this applies only to civilians).

(5) Submit previous college transcript and/or military course work for evaluation in terms of college credit to East Carolina College.

Special students are not required to meet the above requirements. However, "residence" credit is not given for courses taken under this classification. Course credit acquired as a special student subject to acceptance or rejection, depending entirely upon the disposition of the college. (See COLLEGE, Page 10)

Meeting

Building 235, the base terminal, is there as a convenience for personnel requiring transportation by air, train, taxi or bus, and for those persons sending or receiving telegrams.

Of all the things the bus station is for, it is not a convention hall, cafeteria or hang-out for persons with nothing else to do.

Due to the large amount of traffic through the terminal, persons without actual need to be there are urged to remain away, so that the real patrons may receive better service.

Another sore spot in the terminal and on the buses is the poor conduct of dependent children. The bus terminal is not a soda shop or corner drug store for after-school gatherings. It is there as a convenience for the children to have a place to wait for the bus that takes them home or visiting. The privilege of using the terminal and the buses could be suspended, as has happened in the past, if the conduct of a child merits this.

Writing on a wall is not only the boys' way of showing their degree of respect, training and education. Through periodic inspections, the women's lounge in the terminal has shown just as much abuse and defacing as the men's. These acts of vandalism have been attributed to the Marines and the dependents at Lejeune.

Parents are reminded that they may be held responsible for damage done by their children to the terminal or any of the buses.

Marines and dependents could receive improved and more pleasant service, if all applied cooperation, and respect to the bus drivers and government property.

School Bus Operation Is An 'ALL HANDS' Job

School bus operation at Camp Lejeune is a big and serious business. Approximately 3400 children are transported to and from school daily, buses operate in the housing areas at peak traffic periods, and children are embarking and debarking at virtually every street in the Lejeune housing projects. This means an effort upon the part of "All Hands" is

Chaplain's Corner

St. Paul's writings were influenced by the tremendous importance that the Romans put on athletics. From the Acro-Corinthus he had watched Roman soldiers in their contests and sports; the sturdy gladiators, the fleet runners, all had a fascination for him, and he drew from this experience many of the most vivid and thrilling illustrations of Christian life.

Life is a great adventure and we must play the game. In order to make the grade we must remember that preparation is necessary and the laws which govern the game must be observed. Men have paid a price in self-denial and preparation for the game of life. To prepare for the game of life, we must follow our Master's injunction, "If any man will come after me let him deny himself and take up his cross daily and follow me."

In some games one mistake ruins the game. In the game of life we can truly repent our mistakes and we are given another chance. However, we must endeavor to keep the rules. When no restitution is made for errors we forfeit the game. Therefore let us strive to play the game of life with the Lord's help and lay hold on eternal life. The Lord will show us the way and teach us the truth and will lead us on to a higher life. "Do you not know that in a race all runners compete, but only one receives a prize? So run that ye may obtain it."

—Chaplain Robert D. Tatum
2d Division

a must to assure that your children arrive safely and promptly at their schools.

A family briefing, covering the following items will aid your school bus driver in the job of safety and efficiency.

Children should be at pickup point five minutes prior to scheduled departure. Send them out in plenty of time so they will not have to cut across the street in the middle of a block to catch the bus. Instruct them that if necessary to walk along the road, then walk facing the traffic and never more than two abreast.

While waiting at pickup points children should stay in an orderly group, keeping well off the streets. Do NOT run, push or attempt to board the bus before it comes to a complete stop. Board orderly and quickly take your seat.

The school bus driver is in complete charge of the bus. All students will respond readily to his instructions.

No arms and hands are to be extended from any part of the bus.

When the bus stops to discharge passengers, get off and quickly move away from the bus. Never walk in the rear of your bus. If necessary to cross the street then walk in front of the bus when motioned by the driver or safety officer and when you have looked both ways to make sure it is safe.

The school bus will stop at scheduled stops only. Do not expect the driver to stop if you are not at a designated pickup point.

The driver does not prepare the schedules — he follows them. Schedules are made up to service the maximum number of people at designated stops and no changes will be made without approval from higher authority.

If You Ask Me:

WHY IS OUR AMERICAN HERITAGE SUCH AN IMPORTANT ASPECT DURING THE 60's?

SGT. R. E. LEE, Headquarters, 1st ITR—The world in the 60's is going through a complete metamorphosis from the old tired and proven ways of life into a new decade in which the future of our civilization depends primarily on the adherence to our heritage of sound judgement and decisive action by our leaders. We are engaged in a conflict now, the outcome of which could mean complete obliteration, and it will take the legacy of our forefathers to successfully cope with the situation and lead us to a peaceful settlement.

CPL. FRANK MELADY, Headquarters, 1st ITR—Quoting the President of the United States, "The 60's are a climatic period." During this decade seems to lay the opportunity to stem the flow of communism throughout the free world. Now appears to be the beginning of their downward trend. Each American has the chance to be a part of this deterrent so that other generations of Americans may continue to share and extend our heritage.

Secretary of Defense Robert S. McNamara has given proposed legislation to increase the compensation of members of the Military Services highest priority within the Department of Defense.

Because of the importance of such legislation to the welfare and morale of all members of the Armed Forces, Assistant Secretary of Defense (Manpower) Norman S. Paul has established the Task Force on Military Compensation. This Task Force will develop the legislation required to implement military compensation proposals after approval by the President and the Secretary of Defense, and will provide a focal point for rapid coordination and collection of necessary supporting information and data prior to and during Congressional hearings on the proposed pay bill. The Task Force also will prepare detailed presentations on the proposed legislation for use by the Department of Defense before Congressional Committees.

The Task Force will work closely with all offices and agencies concerned within the Department of Defense, as well as the Department of Treasury (for United States Coast Guard), Department of Health, Education and Welfare (for United States Public Health Service), and Department of Commerce (for United States Coast and Geodetic Survey).

The Task Force will include personnel from the military services and the Office of the Assistant Secretary of Defense (Manpower). Colonel Leo E. Benader USA, who served as Staff Director for the Defense Study on Military Compensation, has been designated Director of the new Task Force.

The report of Defense Study group and its recommended legislative proposals are now being considered by the President's Panel on Federal Salary Systems.

THE GREEN HELMET
This action-filled drama deals with the hazards of auto racing and features some of the world's greatest races. A professional racer makes a deal to exploit an American manufacturer's tires and finds romance with the latter's daughter. Stars are Bill Travers, Nancy Walters, Ed Begley, Sidney Jurels, Ursula Jeans and Regis Jenkins.

HATARI
"Hatari" means danger in the Swahili language, but in this picture it also means fun, excitement and entertainment for both youngsters and adults. The story takes place at the Gomella Game Farm, outside the town of Arusha, in Tanganyika, which is famed as a game headquarters where men and women who capture wild animals for zoos and circuses all over the world. Stars are John Wayne, Hardy Kruger, Elsa Martinelli, Gerard Philo and Red Buttons.

LOVER COME BACK
This is the story of two people, Rock Hudson and Doris Day, who are in the advertising business and have a feud which turns into a romance.

ADVENTURES OF A YOUNG MAN
Nick Adams, who wants to be a writer, rebels against the life he knows in a small northern Michigan village and goes forth to search for the life he desires. The Hemingway pattern of the suffering exacted by life and heroism with which it is met, is presented in Nick's adventures without any softening. In much of his odyssey he is the observer rather than the actor, and the film's strongest interest is in the characters he meets and from whom he learns. Starring roles are played by Richard Beymer and Arthur Kennedy.

THE THREE STOOGES IN ORBIT
Space travel, Martians and the Twist have been added to the pie throwing, noggin-pounding and mad confusion that are basic in a Stooge comedy. The Three find lodging in the castle of an eccentric scientist who has invented an all purpose military contraption, part helicopter, part submarine and part tank. He persuades his new tenants to help him gain Government interest, but the project runs into interference from the Martians, who want this extraordinary machine for their future conquest of the earth. Fans of the

Stooges and of old fashioned unabashed slapstick will not be disappointed.

THE INTERNS
Like the best seller on which it is based, this drama takes a look at the problems, private and professional of five young doctors starting their internship in a big general hospital. The tensions and pressures in their round the clock duties, ranging from emergency to obstetrics, are highly dramatized against the bustling hospital activities. The cast is young and attractive, its principals varying from Michael Callan, the opportunistic intern who uses two women to advance his position, to dedicated James MacArthur, who puts love and friendship second to his calling.

THE MIRACLE WORKER
The early encounters of the child Helen Keller with her first teacher, Annie Sullivan, have the drama of miraculous triumph over insurmountable obstacles. Imprisoned in her darkness and silence, the blind, deaf, mute Helen is more like a little wild animal than a human being, raging against everyone in her frustrated hunger for something she doesn't yet know. Her teacher's first task is to get her under bodily control, so that she may then try to reach her mind. The formidable difficulties in the way are intensified by family pity and indulgence, by the gentle, misguided mother's protective love, the domineering father's hot-tempered impatience. The battle of wills between teacher and pupil finds vent in fierce physical struggles that are shattering experience for the viewer. After crisis has succeeded crisis, each with its own sharp impact, a breathless audience shares the teacher's dawning love and sense of accomplishment at the wonderful awakening awareness of the child. Patty Duke is amazingly believable as the youthful Helen, fighting to make contact with a world she can only sense around her. Anne Bancroft gives great warmth and strength to the role of the young Irish teacher who, in the shadow of her own harsh childhood and weakened sight, has the compassion and toughness to guide the little girl into new life.

FOREVER MY LOVE
If Forever My Love appears to combine elements of a Grimm Brothers adventure and a Victor Herbert operetta there is a good reason. The film was produced in Germany, with at least two performers of international value, and contains aspects of which audiences there are particularly fond. It can be recommended for the entire family and should have special appeal for the ladies. Set in Austria during the reign of Franz Josef, the Paramount release shows how Romy Schneider, as an untamed Bavarian princess, unintentionally steals the Emperor, played by Karl Boehm, from her sister and develops into a devoted wife and influential monarch.

The Book Shelf

TO THE CORAL STRAND, by John Masters, is a novel of intrigue and tragic conflict that swept across India after Independence Day in 1947. Among the casualties of history is Rodney Savage, about to be expelled from the land where his forebears have put down roots for centuries. As he battles to retain a foothold, the action moves swiftly and violently across the breadth of India from a shikar camp, to Delhi, to the beleaguered state of Chambal, through the depth of the jungle, and on to the slums of Bombay.

OUR AMERICA

"Born with a silver spoon in his mouth." This is a phrase often heard in this country. No one is actually born with a silver spoon in his mouth, but an American, when compared to people in other parts of the world, is born with something much more valuable than silver. He is born with our American heritage.

Webster's dictionary defines heritage as "that which is inherited; inheritance; hence, the lot, condition, or status into which one is born; birthright."

It is the responsibility of every American, man and woman, especially those in the service, to retain this birthright for Americans of this generation and generations to follow.

Our American heritage began when the first citizens of this country fought for freedom, rights and justice. When the Constitution of the United States became the "law of the land" March 4, 1789, our heritage was set.

"We, the people of the United States, in order to form a more perfect Union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this Constitution for the United States of America."

This is the preamble to our Constitution. It need not say more to give the basic "what" and "why" it is. It is the format by which this country lives and operates.

The Constitution began with seven articles and through the years since, has had 23 amendments added to it. The first 10 of these amendments are known as the Bill of Rights. This Bill of Rights, in force since Dec. 15, 1791, was brought about because the Constitution was not explicit as to individual and State rights. The First Congress, holding its first session in New York, Sept. 25, 1789, submitted to the states 12 proposed amendments to the original seven of the Constitution.

Our Bill of Rights are in practice every day. The freedom of Religion, Speech, of the Press,

HERITAGE...

N CG JULY 4, 1776.

us Dec. States of

and the Right to Petition are the laws making up the first of our Bill of Rights. All four of these freedoms are in force at Camp Lejeune. The many chapels and faiths here are clear examples of the Freedom of Religion. As servicemen we can not just walk out on our jobs and go on strike and picket around the base, but, all have the right to Request Mast with those in authority. This is the services' way of living by the code of Freedom of Speech and the Freedom to Petition.

The GLOBE is your newspaper. The right to have it is given in the Bill of Rights. It is the Freedom of the Press. Recently there has been much ado over the government's censorship during the Cuban crisis. A newspaper's mission is to inform the public, but if the news material could cause more harm than good, if improperly released, to the community, state or country, it should be held back until it could not jeopardize the general welfare of the public or persons concerned.

Article II of the Bill of Rights governs the Right to Keep and Bear Arms. Article III covers Conditions for Quarters for Soldiers. The Right of Search and Seizure is regulated by Article IV. In Article V are provisions concerning Prosecution, Trial and Punishment, Private property Not to Be Taken for Public Use Without Compensation.

Article VI gives the Right to Speedy Trial, Witnesses and a Counsel for his Defense. The Right of Trial By Jury is given in Article VII. Article VIII governs Excessive Bail or Fines and Prohibits Cruel Punishment. Construction of the Constitution is regulated by Article IX. Article X, the last of the amendments approved for the Bill of Rights, governs the rights of the States Under the Constitution.

The Bill of Rights, the Constitution itself, and the American way of life since the First Congress met, are all part of our American heritage. This heritage gives us more to look back upon, and even more to look forward to.

GLOBE SPORTS

1963 Sailing Races Begin On Jan. 19

With the New Year just starting the Camp Lejeune Sailing Committee is swinging into high gear as the start of the annual Frost-Bite Sailing Series nears.

The first race of the series will take place Jan. 19 to be followed by five more during the winter season at two week intervals to allow make-up dates for foul weather.

The series winner will be the skipper and crew with the best combined total for four of the six races. Winners of each race will receive 10-1/2 points, second, nine points, third, eight points and so on down the line.

There will be trophies given to the individual winners of each race and trophies for the first three places in the final standings.

In addition to the series there will be a regatta with Cherry Point late this month or early February. The team representing Camp Lejeune will be selected by the sailing committee from those participating in the first race Jan. 19.

The contests will conform to the North American Yacht Racing Association Racing Rules. Interested persons are urged to contact 1st Lt. B. S. Lardner, at base extension O-1124.

1963 CAMP LEJEUNE BASKETBALL SQUAD— (from left to right) 24 Floyd Farleigh, 10 Bill Frazier, 14 Hinton Tucker, 30 Howard Klein, 32 Bill Gross, 22 Tip Douglas, 42 Asbury Hudson, 20 Ron Spurrier, 34 Leo Jones, 50 Bill Donnellan, 40 Bob Redd, 52 Chuck Turner and

12 Jim McGee. Head Coach and player Art Musselman (center) is surrounded by his two managers, John Parkerson, (left), and Leonard Koshowski and the team trainer, (right), Ray Chronister. (Photo by LCpl. Walt Friesendorf)

Lejeune Cagers Get '63 Season Started

The Camp Lejeune varsity basketball team, recently reorganized following the recent crisis, will get their 1963 season underway as they travel to Norfolk Naval Air Station where they meet the Air Lant five Friday and Saturday evenings.

Coach for this season's squad will be 1st Lt. Art Musselman a member of Quantico's All-Marine championship team last season and also the team's most consistent scorer.

In 1960 while a member of the Quantico cagers, Art averaged better than 20 points per game

and led them to second place in the All-Marine.

Musselman will also be an active player on this season's team in addition to his duties as head mentor. An All-South selection while in his senior year at The Citadel, Art was the only serviceman selected by the Amateur Athletic Union for the United States team which participated in the World Basketball Championships in 1962.

The Lejeune cagers go on the road with two scrimmage tilts under their belts, having picked up a win over Seymour Johnson Air Force Base last week 71-68. The results of last night's battle with Wilmington College was received too late to be reported before GLOBE deadline. A wrap-up of that scrimmage will be covered in next week's

edition.

In their tilt with Seymour Johnson the locals started off in the lead column and remained on top for most of the contest, leading 34-31 at the half. High scorers for Lejeune were Bob Redd with 20 and Bill Gross with 12.

According to Musselman, "Our tilt with Seymour Johnson proved to be a good testing ground for us. We made quite a few mistakes even though we won and hope to have the wrinkles ironed out before going on the road to Norfolk."

While on the road the Lejeune squad will face AirLant in a two game series: Fort Lee, Va. Tuesday Jan. 8; Fort Eustis, Va. Thursday, Jan. 10 and a two game series Friday and Saturday Jan. 11-12 with the "red hot" Quantico Marines.

First home game will be a turn match with Air Lant at Goettege Memorial Field House Wednesday and Thursday, Jan. 16-17. All home games will start at 7:15 p. m.

Coach Musselman, in regard to his team's chances for the season stated, "We will be facing some real good clubs on this first trip and hope to return home with a 'clicking' squad. No team likes to play in an empty field house and we sincerely hope the Lejeune fans will come out and give the team good support. We promise them a good brand of basketball."

Baseball Coaches Needed

Anyone interested in obtaining a position as coach on the 1963 Camp Lejeune Baseball Team is requested to apply in writing stating past experience and position desired to the Base Athletic Officer located in Goettege Memorial Field House.

Final selections will take place this month following personal interviews with those submitting applications.

20 Teams In Force Troops Pin League

Force Troops Special Services Officer announced a scratch intramural bowling league will commence about January 29th. Each Force Troops unit may enter one team for each company on board.

All matches will be held at a local bowling alley in the Jacksonville area.

Teams will be composed of five bowlers and three alternates.

Matches will be played on Tuesdays and Thursdays at 4:30 p. m. The winner and the runner-up teams, at the end of the regular league play will receive individual awards.

This is the first time that Force Troops has allowed companies to enter their own teams and a 20 team league is expected.

Units are directed to submit the name and phone number of the team coaches to the Force Troops Special Services Officer prior to 4 p. m. Jan. 9.

Christmas Tourney Into Semi-Finals Tonight

Basketballs will fill the air in Goettege Memorial Field House this evening as the four remaining teams in the 1962-63 Christmas Tourney meet in the Semi-finals.

The two remaining Force Troops teams will open the contests at 5:30 p. m. as 2d Field Artillery Group faces 8th

Communications Bn., with the winner going into the finals tomorrow evening.

In the second tilt both 2d Division and Marine Corps Base will be represented as 2d Service Battalion clashes with Marine Corps Supply Schools. This game is scheduled to commence at 7 p. m.

Winners of the two games tonight will meet in the finals tomorrow evening starting at 7 p. m. for the Christmas Tournament Championship.

The two losers of tonight's contests will meet Friday for third and fourth place standings.

The tournament got under way Dec. 17 as 32 intramural teams representing nearly every unit at Camp Lejeune clashed in a single-round robin elimination.

Trophies will be awarded the Championship team and second, third, and fourth place runners-up. Also a Most Valuable Player award will be given the player selected by votes of each team coach.

The coaches have voted for a player on an opposing team and the player with the most votes following the tourney will receive the award.

The Christmas Tournament is in no way connected with the All-Camp Lejeune Intramural Championships to be played at a later date.

WORK OUT!—Ernest "Pappy" Dawson, trainer-coach of the boxing team puts one of the All-Marine hopefuls, George De-Young, through a strenuous workout. Pappy, a Cpl. in HqCo., H&SBn., MCB, was coach for the Lejeune 1958 All-Marine team handling such fighters as Bob Tuell, "Kid" Charles and Dick Guilford. No newcomer to the ring, Pappy took the 132 pound Championship on Okinawa in 1959, and Atlantic Fleet Lightweight Championship in 1961.

Ladies' Golf Asso. Wants Applicants

The Camp Lejeune Women's Golf Association is still conducting their Membership Drive and encourage all lady golfers to join their organization.

They offer ladies a chance to get away from the daily routine each Tuesday and enjoy the sunshine and fresh air at the Paradise Point Golf Courses.

Ladies' Day is each Tuesday on the number two course with tee-off time at 9 a. m. By joining the Association one may enter the tournament of the day plus many special events planned by the tournament chairman.

Membership is open to the following women residing in the Camp Lejeune area: active and retired women of the armed forces; wives of all service personnel, active, retired, or deceased; and adult female dependents of service personnel.

Dues are five dollars for six months payable during the months of January and July.

The Women's Golf Association will hold instructions Friday Jan. 4 at 9:30 a. m. for beginners. Anyone interested in taking these instructions and attending this special meeting is requested to call Edna Kinder at 6-6421 or Hannah Young at 346-9225.

Mike Adame, Bantamweight, Pfc. H&SCo., BaseMatBn, 2d FSR, MCB. A first year man with Lejeune, Mike has won two Golden Glove titles in Texas. He fought one fight at the beginning of the season against an Air Force Champion and won.

BOB PALMERI

guidance of 2d Lt. Charles Lawler and SSgt. Matt Hardimann.

According to Hardimann, "Camp Lejeune is a definite contender for the All-Marine Championships and should place some fighters on the All-Marine team to fight in the Pan-American Games."

Winners of the All-Marine will compete in the Interservice Tournament held this year at Fort Meyer, Va., during March. The Pan-American trials will be conducted in El Paso, Texas and the finals in South America, during April.

"The Marine Corps has only won the Interservice title once, in the nine years the tourney has existed so Lejeune's sluggers will be going all out this year," stated Hardimann.

Representing Lejeune this season will be: Percy Price, Heavyweight, Cpl., Co "A", 1stBn., 8th Mar, 2d Division. Percy is a two year veteran with Lejeune and the 1961 Atlantic Fleet Heavyweight Champion, 1960-62 All-Marine Champion and was

Quantico Wins Annual Christmas Tournament

QUANTICO Va.,--The Quantico Marines, paced by a great 33 knot performance by Brian "Puddy" Sheehan, up ended the American University Eagles 94-92 to win their own Christmas Collegiate Tournament hosted at Marine Corps Schools Dec. 19-21.

The Marines gained the right to meet the Eagles in the championship tilt after beating Illinois State Normal University 74-60 and Lehigh University 77-70 in the two previous days of Tournament play, while the Eagles had rolled over Belmont Abbey 73-55 and Ohio Northern University 70-60 to reach the finals.

The championship clash was probably one of the best ever played at Quantico's Larson Gymnasium, with American University trying to avenge a 73-72 loss to the Marines in the opening game of the 1962-63 season for both teams.

The score was tied nine times in the first half with Quantico holding a slim 50-48 lead as the halftime buzzer sounded. After 4-minutes of play in the second half Sheehan left the game with four fouls. But Quantico held a slim lead throughout the

half until AU's Ben Still hit on two consecutive field goals to knot the score at 84 all with 3:55 remaining. Dick Hall of Quantico and Bill Green of the Eagles then traded baskets and the score was knotted once again with 3:11 remaining.

Hall then scored again with 2:28 remaining. The Marines froze the ball until 0:33 when Sheehan, back in the line-up minutes earlier, was fouled and converted two freethrows to put Quantico on top 90-86.

Ten points were scored in the final seconds as Buffer of AU hit on a jumper and two free throws! Sheehan and Jim Mullen of Quantico each hit on two flips from the charity stripe to give the Marine Corps Schools cagers a 94-90 lead with eight seconds left to play. Quantico then allowed AU's Still to drive through for a two pointer and the Marines walked away with a 94-92 victory in a real thriller.

The Marines have now won their own Tournament eight out of nine times, losing only to Providence College in the 1957 final, and own a record of 10 wins and no defeats for the current campaign.

BY PROXY—1st Sergeant Russell K. Poulk (right) receives congratulations and a special plaque through his commanding officer, Capt. C. K. Breslaue, CO, Headquarters & Service Company, 3d Battalion, 8th Marines. Capt. Breslaue made the presentation for Mr. Richard W. Kelley of Beaumont, Tex., on behalf of the Irish Village Kiwanis Club of Beaumont for 1st Sergeant Poulk's contributions to the youth of the community.

Beaumont Kiwanis Club Plaque Given Marine For Organizing Rifle Club

First Sergeant Russell K. Poulk, H & S Co., 3/8 has been cited by the Irish Village Kiwanis Club of Beaumont, Texas

for "demonstrating the highest qualities of leadership, in organizing and operating the Junior Leatherneck Rifle Club under the sponsorship of the Kiwanis Club.

Six Lieutenants Promoted in 1-6

Six second lieutenants traded their gold bars for silver during ceremonies held in the 1st Battalion, 6th Marines. Their battalion commander, Lieutenant Colonel Joseph Fegan read their promotions, and pinned on the insignia of their new rank.

The six new first lieutenants represent four companies of the battalion.

From Company "A" were First Lieutenants Philip O. Brady and George Yarbrough. From Company "B" was First Lieutenant Walter J. Egger. From Company "D" were First Lieutenants Donald J. Myers and Robert A. Nargi. From Headquarters and Service Company was First Lieutenant William F. Hurley.

The Marine top sergeant, who recently completed a tour of I & I duty in Beaumont, Texas received the award from Mr. Richard W. Kelley, Chairman of the Business and Public Affairs Committee, and was presented the plaque by H & S Co., CO, Capt. C. K. Breslaue.

"Citizens were constantly telephoning the Marine Corps Reserve Center in Beaumont," states 1st Sgt. Poulk. "They wanted information as to whether a Marine there would consent to checking rifles given to their youngsters as presents."

Not only was instruction for the proper care of weapons a part of the schooling held for club members, Sgt. Poulk pointed out, but safety was constantly stressed at all meetings.

A veteran of the Pacific World War II campaigns and Korea, 1st Sgt. Poulk holds fourteen awards and decorations received since joining the Marine Corps in January, 1942.

Petros At Helm Of Knox Rec Activity

To paraphrase an old adage-- Marine Corps Gunnery Sergeants never die and some don't even fade away as in the case of David B. Petros, GySgt. E-7 (Ret'd) who is now the recreation director at Camp Knox.

Mr. Petros, who joined the Marine Corps in September of 1940 was with the first Marines to move into the Lejeune area in September of 1941 and participated in the initial landing on Guadalcanal in 1942.

Getting out of the Marine Corps in 1946, Dave signed a baseball contract with the Chicago Cubs and was assigned to their Class B farm team at Fayetteville, N. C.

Rejoining the Marine Corps in 1948, he played baseball at Quantico for three years and then was stationed in Pearl Harbor. Returning to the states and Camp Lejeune in 1954 he played baseball until being transferred in 1956 to Parris Island for duty as a drill instructor.

After another tour at Lejeune he was sent to Quantico again to serve as coach of the baseball team until transferred back to Lejeune where he served as head coach. In January of 1962 he was transferred to the 2d Division where he served as Special Services Chief until retirement in September.

Still interested in "special services" he accepted the job of recreation director at Camp Knox. Since then, a program of varied activities has been in full swing. Among these are floor shuffleboard games and organized mixed volley ball con-

tests. Free children's movies are shown each Saturday afternoon at 2 p. m. in the Community Center.

Dave Petros

A play school for four and five year olds is scheduled to open at Camp Knox sometime in January. It is to give them the opportunity of working with their hands and learning how to get along with other children in a group.

The Camp Lejeune Officers' Wives' Club undertakes many worthwhile projects during the year; however, one of the more important and rewarding ones is the Nursery School which is under the supervision of Mrs. Fred B. Lukins.

Nursery Still Has 'Room For Tots'

The Nursery develops the skills and attributes of the child; such as learning to listen when others speak, respecting the rights of others and also develops independence and self-confidence. Along with this, it sparks their interest in group games, songs and recreational activities.

Mrs. Lukins has just announced that there are some vacancies in the school. Registration may be made at the school which is located in Bldg. 2625 in the Paradise Point area behind the Sitting Service or by telephone appointments.

The Nursery is provided for officers' dependents residing in the area and a car pool is formed on the base as well as in Jacksonville. Children three and four years of age are eligible. Mothers are always invited to visit the Nursery with their child for observation during the morning.

Classes are held from 9:30 a. m. to noon, Monday through Friday and follow the schedule of the Camp Lejeune schools. Further information may be obtained by calling 6-6335 or 6-6664.

Ballet Beauties—Demonstrating one of the ballet positions is Mrs. Carolyn Davis with three of her former students. Mrs. Davis is one of the instructors for the classical ballet, tap and acrobatic classes which will begin at Marston Pavilion Jan. 8.

Lejeune Youngsters To Be Taught Tap, Ballet, Acrobatics At Pavilion

If there are any prospective Over and Champion teams here they are soon to be discovered. Beginning Jan. 8, Camp Lejeune children will have the opportunity to study classical ballet, tap and acrobatic dancing.

Sponsored by the Special Services Youth Committee, hour long classes will be held each Tuesday for different age groups at Marston Pavilion. Youngsters ranging from 4 to 17 years of age are eligible and may enroll today, tomorrow or Jan. 8 at Marston Pavilion from 2 to 4 p. m.

Dance instructors will be Mrs. Mary K. Houston and Mrs.

Carolyn Davis, both of whom are experienced dance instructors. Mrs. Houston studied ballet in Washington, D. C. under Lisa Gardner and modern dance at Randolph-Macon College for women. Mrs. Davis studied in Atlanta and New York. She is a former soloist of The Southern Ballet Company and also appeared in the summer stock productions of Atlanta's Theatre Under The Stars. Mrs. Davis directed her own dance studio in New Orleans before coming to Camp Lejeune.

"The classes for younger children are aimed to develop their rhythm, self-expression

and good posture," said Mrs. Houston. Classical ballet will be emphasized for the older and more serious students. Physical fitness will be promoted on all levels.

Additional information may be obtained by calling Mrs. Davis at 6-6601 or Mrs. Houston at 347-4477.

Halyburton's name has been established by the Winter Park Presbyterian Church of Wilmington to help support a missionary couple in the Congo, and his picture is among those of other naval heroes in the hospital corps gracing the walls of the visitors' lounge at Lejeune's Naval hospital.

The junior Halyburton lived in Wilmington, N. C. and graduated from New Hanover High School before entering the Navy hospital corps during World War II.

He trained at the Chelsea Naval Hospital and at the Naval Training Station, Bainbridge, Md.

When Halyburton shipped out to the Pacific he went with the Marines. On April 1, 1945 he landed with the 1st Marine Division on Okinawa.

The Division advanced rapidly across the island. Halyburton and his comrades moved southward 26 days later toward the enemy's main defense line around Shuri Castle.

By the second week in May, Halyburton's unit, the 1st Battalion, 5th Marines was pushing through a strategic point known as Wana Draw, when one of the advanced squads of Halyburton's company came under a hail of enemy mortar and small arms fire.

As members of the squad fell under the slashing fire, Halyburton dashed across the draw exposing himself to the enemy's fire to assist the wounded.

Moving steadily forward despite the enemy's barrage, he reached the wounded Marine that lay farthest away and was rendering first aid when his patient was struck a second time by enemy gun-fire.

Halyburton placed himself in the direct line of enemy fire, shielding the Marine with his own body and continued tending the man's wounds.

While treating the patient, Halyburton was mortally wounded. Later his heroic self-sacrifice was brought to the attention of the Navy Department. One year after Halyburton's death, the corpsman's parents were presented with the nation's highest decoration for valor.

Two Camp Choirs On TV Program

Members of the WITN television crew in Washington, N. C. were treated to a medley of Christmas carols Dec. 19 when the Camp Lejeune Protestant adult and children's choirs cut a half hour long video tape which was broadcast Dec. 22 on the Hospitality House program.

Under the direction of Mr. James Martin, voice teacher at the Camp Lejeune High School, the adult choir harmonized to "While Shepherds Watched Their Sheep By Night", "What Child Is This?", "The Coventry Carol" and "Break Forth Oh Fairest Heavenly Light".

Mrs. Barbara Masters, who accompanied the adult choir and directed the children's choir, also sang a solo entitled "He Shall Feed His Flock", from Handel's "The Messiah".

Accompanying the children's choir while they sang "Hark The Herald Angels Sing" and "How Bright Appears The Morning Star" was Mrs. T. J. Dean.

1962 Proved Good For Lejeune's Youth Groups

Camp Lejeune can be proud of its youth and community activities for the fine job they did in 1962. Last year was a good year for all the activities as they increased their memberships and improved their programs.

These activities, youth and community, do much to better the youths of this area and make community life more pleasant. Below are a few of the activities and their 1962 advancements.

YOUTH SUMMER PROGRAM
The Youth Summer Program, consisting of 19 different activities, from weaving to sailing, was a big hit last year. More than 1400 dependents registered for the program.

BOY'S LEAGUE
The Boy's League of Camp Lejeune, promoting baseball and football for dependent boys ranging in age from eight to 14, hit a high enrollment in 1962. The baseball league had 440 boys registered and 258 were signed up for football. To provide the younger boys a chance for sport, the Tiny Tot League was originated last year. Many dependent girls took part as cheerleaders for the teams.

SCOUTING AREA
Scouting in the Camp Lejeune area went on the increase for the girls as well as the boys. Improved summer programs had much to do with the rise in memberships.

TEEN CLUB
Camp Lejeune's Teen Club had a busy 1962 with their parties and dances. They showed the character of their club by contributing to the United Fund from funds raised through their dances and by "adopting" a needy family.

BATON TWIRLERS
Baton twirling, increasing in

popularity recently, proved good for the groups at the Marston Pavilion and Midway Park. The units, invited to several parades are hoping for an invitation to this year's Azalea Festival.

SOFTBALL
The Community Softball League brought the participating areas closer together in a common interest, fun and friendship. At the end of the season the men of Midway Park had the trophy.

ARTS AND CRAFTS
Assisted by the North Carolina Recreation Committee, the Arts and Crafts Workshop was well received by center directors and many adults from all communities on the base. Plans for 1963 call for other workshops in other fields of recreation.

The annual Children's Christmas Party was a big success to end the year. Despite bad weather, more than 3500 children turned out with their parents to enjoy the festivities and see Santa.

The GLOBE salutes all activities for past work and wishes each a successful 1963.
