New Year's Eve Enlisted Ball Set For Field House

For the first time in the history of Camp Lejeune, enlisted personnel, Lance Corporals and below, will be given a special New Year's Eve Ball, compliments of Base Special Services. Lower enlisted married personnel are urged to bring their dependents and attend this gala ceremony for couples only.

Tentative scheduling has been set for 8:30 p. m., December 31 until 30 minutes after midnight on January 1, 1963. Location also has been acquired at Camp Lejeune's Goettge Memorial Field House, Bldg. 761.

Decorations and arrangements for the "Women's Touch" have been made with Marine Corps Base and their proud Woman Marine Company. It's always nice to have a girl around the house; Especially when women, commonly referred to as "America's Finest Interior Decorators", are on the job.

Uniform for the New Year's Eve Ball festivities will consist of: Blue Undressed "B", Winter Service "A" or appropriate civilian attire with coat and tie.

Refreshments for the Ball will be served throughout the evening's presentation and celebration, including draft beer, soft drinks and popular items at the snack bar. All refreshments will be served at normal prices.

Music for dancing will be supplied by a popular local group, the "Collegians." They will round the evening's Ball with easy listening music and all forms of modern dancing, from the waltz to the twist and from the Fox Trot to Rumba's. All for fun at the Enlisted E-3 below, New Year's Eve Ball.

Adequate bus service from and to the housing areas will be furnished for those needing transportation.

Base Special Services must know the attendance figure by Dec. 23, and it is requested that all personnel wishing to go to the Ball notify their Special Service office now.

Coaches Needed

Anyone interested in obtaining a position as coach on the 1963 Camp Lejeune Baseball Team is requested to apply in writing stating past experience and position desired to the Base Athletic Officer located in Goettge Memorial Field House.

Holiday Routine

Monday, Dec. 24, is hereby designated a holiday for military personnel.

Alcohol Won't Mix With Gasoline — Don't Force It

Driving can be pleasant. Drinking can be fun. Driving and drinking combined can be tragedy.

The Christmas Holiday season has always had a high death rate on the highways. This year is not expected to be any different. This is the season for the most parties and while parties can be fun, what may happen after a party could turn out to be a sad burden for families and loved ones to bear.

Alcohol and gasoline have never been able to be mixed well. Just two and a half ounces of whiskey can make the average man 15 percent less efficient. His reaction time is slower, the time required by his body muscles to react to messages sent by the brain.

Alcohol also creates a feeling of over-confidence in the driver. He begins to feel he can take curves in the road at a speed far beyond that of safety. He also believes he can pass the car in front of him before the approaching car gets too close.

Driving at a speed of 40 miles-per-hour, the driver with only two and a half ounces of whiskey in his system uses 15 more feet of road to stop his car than the driver without alcohol. It takes this alcohol-gas mixing driver 59 feet just to apply his brakes and a total of 159 feet of road to stop the car. At 50 miles-per-hour, this same driver would need at least 74 feet to get his "braking" foot to the brake pedal and a total of 230 feet of road to bring his car to a stop.

The expression "blind drunk," has often been used, and very possibly, correctly. Alcohol affects the vision four ways.

First, it causes blurred and double vision. Does a driver see one car or two, the caution sign beside the road or does he see a 25 mph speed limit sign or a 35 mph speed limit sign?

Secondly, alcohol affects the vision by reducing side vision.

Alcohol also reduces the range of vision. Objects may not be spotted until the driver under the influence of alcohol is nearly on top of them. Then it may be too late to do anything about it.

Alcohol's fourth effect on vision is similar to color blindness. A drinking driver may have difficulty in discriminating the color of the blinker or stoplight ahead. This is a common cause

of accidents in which drink-driving drivers are involved.

Many Lejeune Marines will be going to parties, either locally or in their home towns. Many of these Marines will also be driving to these parties. BUT no one should be driving with alcohol in his system. Even a little amount of alcohol has some effect on the brain. The smallest amount of alcohol can still reduce the driver's efficiency to some degree.

In recent issues of the GLOBE several articles on safer driving have appeared. It is hoped that all of the information, and the appeal for safe and careful driving does not go unheeded.

A large percentage of Lejeune Marines will soon be going on holiday leave. Regardless of warnings and cautions, printed or spoken, some will not be present for company formation after the holidays. The choice the individual driver's alone. Will it be the man that stands next to you in ranks or will it be YOU?

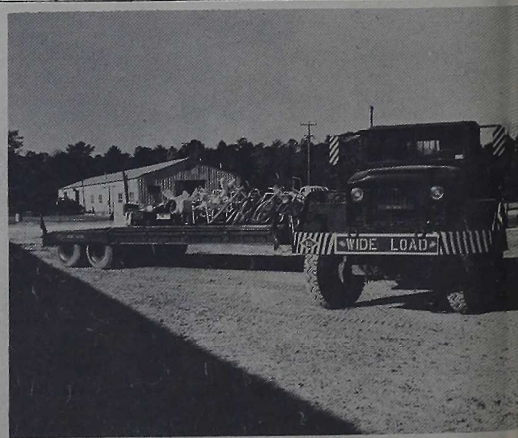

Don't Mail — Use Checks, Money Order

Base Postal Officer Maj. Frank M. Soltys today issued a plea through the GLOBE for Camp Lejeune personnel to remember that cash should not be sent through the regular mail.

"We frequently have complaints from personnel about the base that money they send through the mails did not reach its destination. Some call asking us to investigate business firms or agencies because the sender thinks the business man received the money and simply claims that it was lost in the mails," said the Major.

Maj Soltys pointed out that it is very simple to avoid any possibility of such an occurrence by always making mail payments by check or money order, thus the cancelled check or cashed money order can serve as a permanent record and legal receipt.

"Registered mail may be used to send cash if the sender feels that it is absolutely necessary to use cash," stated another member of the Base post office staff, "however, it should be realized that registry usually costs more than a money order would."

JUST LIKE NEW—A wide load of toys aboard a lowboy prepares to leave Santa's new workshop at Bldg. 1808, at Camp Lejeune for distribution on Christmas to needy children in the Onslow County area. The toy-repair operation aboard the Base was supervised by GySgt. Joe Lavasseur, who had been repairing toys for needy children of this area since 1955. Assisting in the project this year was a crew of 50 men from the Engineer Maintenance section of Medium Support Company, 2d Marine Division.

Christmas Is Children's Time

Editor's Note: We parents all know that the real joy of Christmas is found in giving. But how would this joy be realized without five and 10-year-olds who finally fall asleep Christmas Eve "while visions of sugar plums dance in their heads" as they wait for that person so "lively and quick"? It is with this thought that the GLOBE prints these unpretentious and representative requests of Camp Lejeune youngsters. Although the pictures are not being run in order, we are confident that Santa will be able to match the requests. Can you?

CHUCKIE DAVIS, Age 5 — Dear Santa: I've been a good boy all year and I mind Mommy and Daddy. For Christmas I would like a truck and a bulldozer and an uranium truck.

VIRGINIA TERVOLTA, Age 3 — Dear Santa, I want a dolly. I want a little kitty cat and a little telephone.

THE DA LLOYD, Age 6 — Dear Santa: I help Mommy take care of my little sister. I want a bicycle with training wheel and a thirsty cry baby and that's all.

CASEY SKINNER, Age 4 — Dear Santa: I want a bulldozer, a truck and a little one too. My brother's name is Davey and he

wants trousers. I got new boots. I saw you on T.V. and liked you very much.

CHERYL JEAN THOMAS, Age 4½ — Dear Santa: Joey was fighting with me in the car. I want a Susie Smart doll — nothing else.

JOEY THOMAS, Age 6 — Dear Santa: I want a Jimmy Jet and that's all.

CONNIE TARDIFF, Age 8½ — Dear Santa: Sometimes I put my toys away. I would like you to bring me a walking doll and an electric toothbrush.

KATHY TARDIFF, Age 10 — Dear Santa: I get high grades in school and I would like a Barbie doll. I really want a

Ken doll too and a playhouse with it.

DIANE PONIKVAR, Age 4 — Dear Santa: I want a buggy, a Thumbelina doll and a suitcase.

DEBORAH PONIKVAR, Age 6 — Dear Santa: I help Mommy and Daddy and I want a Barbie doll and a Ken doll, a jewelry box and a little bit of jewelry and a little bit of perfume and a bicycle.

SUSAN BENO, Age 4 — Dear Santa: I want a radio, a suitcase, a dolly and clothes and bubble bath.

JAN ROGERS, Age 4 — Dear Santa: I want a nurse kit and a kissy doll and some dishes. That's all I want.

JAMES ASH, Age 4 — Dear Santa: I want a farm set, a record player and a Marine Corps set and some guns. I don't have no more good ideas. I guess that's all.

Readers Still Loyal to Dickens Favorite

"A Christmas Carol in Prose, Being a Ghost Story of Christmas" was first published at Christmas 1843, and since that time its popularity has never waned.

Generation after generation has laughed and cried over the story of the miserly Scrooge, who through the revelations of three spirits—Christmas Past, Present and Yet to Come—became a man who "knew how to keep Christmas well, if any man alive possessed the knowledge."

Charles Dickens, creator of the "Carol," loved it as well as, or perhaps even better than, its many readers did. He told of crying and laughing again and again as, captivated by his story, he wrote the 30,000-word book in six weeks.

When Dickens gave readings from his works in England and America, the story of Scrooge was always the prime favorite with his audiences.

Perhaps the best known part of the story is Christmas dinner at the Cratchits, where Scrooge and the Ghost of Christmas Present observed the family of his clerk, Bob Cratchit, making merry over a simple Christmas dinner, highlighted by a goose — "There never was such a

goose" — and a pudding — "Oh, what a wonderful pudding!"

And a favorite character is Tiny Tim, the Cratchits' crippled son, to whom the reformed Scrooge became "a sec-

ond father."

One of the most famous speeches in the English language is, doubtless, Tiny Tim's, at the conclusion of the Christmas feast, "God bless us, every one!"

2d Division Coffee Bars Operating During Holidays

Up to 14,000 motorists are expected to take the advice of Sgt. William Bittle and "Take Five To Return Alive".

Three separate free coffee and refreshment tents will be operated by Division Marines from 4 p. m. Dec. 27 to 6 a. m. Dec. 28 and again from 4 p. m. Jan. 7 to 6 a. m. Jan. 8.

The stands will be in operation at three points on North Carolina highways. One will be at 258 and 55 about three miles east of Kinston; a second, highways 245/50 one mile east of Warsaw and the third about seven miles north of Wilmington on highway 17.

Division Military Police estimate the public will drink about 180 gallons of coffee and eat nearly 1,100 doughnuts and cookies.

Sgt. Bittle, of Division Military Police, who originated the project's slogan, "Take Five To Return Alive," is in charge of the overall three-stand operation.

This marks the fifth consecutive year the Marines have taken their fight against highway fatalities right out on the highways. It was initiated during the Labor Day weekend of 1958.

Citing success of the operation, Sergeant Bittle pointed out that not one Camp Lejeune Marine has been involved in a motor accident between one of the coffee tents and the main gate.

He also emphasized that the offer of coffee and doughnuts is made to the general public as well as Marines and their families.

"We're operating these stands for the benefit of ALL motorists," he said.

Last year, two 2d Division Marines were killed during the holiday season. Both were from the 3d Battalion, 8th Marines.

'Christmas Cards' Come To Life

Proud parents and friends of Midway Park second graders packed the school cafeteria for the second grades' presentation of "Christmas Cards", a Christmas operetta.

The curtains opened to reveal a Christmas card counter in a department store where a family of four were selecting cards for their friends and relatives.

atives.

As clerk, Keith Hardin, showed the cards to "Mary" and "Jack", Cecelia Ham and Mark Reese, "mother" and "father", Karen Fowler and James Finucan, nodded their approval.

As each card was displayed, a group of students appeared at the other side of the stage to form a tableau within a wooden

frame which represented a Christmas card picture.

The remaining students, formed in a semi-circle below the stage, accompanied each "showing" with an appropriate Christmas carol.

Second grade teachers collaborated under the chairmanship of Mrs. Helen B. Still in producing this program.

Classes Now Held On Rapid Reading

Care to increase your reading speed and comprehension? Classes are now offered to Lejeune personnel who would like to boost their reading rate.

The classes are conducted each week day morning from 8 to 9 a. m. in a classroom arranged in Bldg. 1403 (opposite end of Bldg. from Toyland). It is a 25 hour course using two electronic devices.

The first device, a Reading Rate Controller, is a machine having a mechanical arm which moves down the page, blocking out the lines it has covered. This is to force the reader to read a little faster than the arm, which can be set at various speeds.

The second device, is a Tachistoscope. This is a form of slide projector designed with a shutter speed adjustment that can flash words, phrases or 6-8 digit numbers on a screen at slow or rapid rates of speed. It is designed to increase the eye-to-mind speed of comprehension, rather than so much the actual reading speed. The shutter can be set for speeds of 1/10, 1/25, 1/50 or 1/100 of a second.

CHRISTMAS AROUND

In terms of age, the United States is the youngest of the Christian nations that celebrates Christmas.

As a result, it is easy to understand that this country has borrowed its Christmas customs from many parts of the world — the celebration of the holy season being as old as it is.

However, the greatest contributors to our customs at the Yuletide have been England, Germany, Italy, Holland, Switzerland and Bavaria. But the "borrowing" Americans have done from their neighbors of the world underwent changes indigenous to our country, with some of the trimmings not picked up at all.

ENGLAND

In England, they have a Boxing Day, and why it is called "Boxing" is not known. Some theorists ascribe the name to the fact that the day after Christmas, gifts are left for the postman. This has spread to include the milkman and others who have performed services for the household.

SWISS

The business of the sleigh and six reindeer has been borrowed from the Swiss. But instead of our version of Santa Claus directing his team across the sky, they have an angel in the driver's seat, who comes bearing gifts.

BAVARIA

Candles in the window at Christmas Eve comes from Bavaria, where the custom dictates the tradition of lighting the way for Kristkind, messenger for the Infant Jesus.

THE YULE LOG

From England and Italy — though many miles apart — comes the custom of the burning of the Yule log. The more romantic Italians dress up their ceremony by having their children stand blindfolded before the burning log and recite a poem. When the children are finished reciting, the blindfolds are removed and at their feet are gifts. The log takes the place of the Christmas tree.

THE URN OF FATE

Another quaint custom prevails in Italy and Spain — in regards to the giving of gifts. In these two countries all gifts are placed in a large bowl called the "Urn of Fate." In it are dumped presents for all, none of them marked. Then each person draws a gift, examines it and trades among the members of the family until each receives a suitable present.

HOLLAND

In Holland they play a guessing and hunting game when it comes to passing out Christmas gifts. They put small gifts into enormous packages, hide large gifts in remote parts of the house, and use other more

ingenious devices for hiding the gifts including the imbedding of them in sausages. The fun of course, is not only in the finding of the presents but also in guessing what they might be.

GERMANY

The Germans have a similar game but with a dif-

Coming

To all Marine their families and loved ones, Merry Christmas.

In these times of our faith in teachings of Christ on earth, will toward men. We live by His teaching and power to freedom of mind and spirit. We maintain ideals wherever and wherever. Merry Christmas

Quad-Command Message

As again we enter the Yuletide season, this year to celebrate the nineteen hundred sixty-second anniversary of the birth of our beloved Prince of Peace, we call upon each of you to observe it with deepest reverence and humility.

Amid the fervor and merriment customary to the season, it is often easy to forget the true reason for celebration.

Let us remember Him Who entered upon earth while the Star of Bethlehem shone and departed from Calvary's Cross in redemption of the sins of the world. And by remembering, let us pay homage to Him and rededicate our lives in walking His way.

To each Marine at Camp Lejeune, to our Navy associates, and to peace loving people everywhere, we express sincere best wishes for a very Merry Christmas, and a happy and prosperous New Year.

ferent twist. They wrap a gift and put a person's name on it. Then they wrap it again with still another person's name on it. This goes on until the package is quite large. Then when it comes to the unwrapping ceremony, each person expectantly unwraps, until finally there are no more "addressees" and the gift reaches its intended destination.

MEXICO

Mexican children do not hang stockings at fireplaces, as there are few in this tropical country. Thus the giving of gifts and goodies for children is surrounded by the custom of breaking the pinata (pronounced pin-yata). The pinata is a large earthenware pot, around which paper figures of birds, animals and even boats are created. The pot is then filled with gifts, cakes, candy and other good things. The filled pinata is hung by a rope from a rafter, and the children gather beneath it blindfolded. At a signal the children, armed with sticks, strike out at where they think the pinata is, break it and the goodies come tumbling down; at

THE WORLD

which point the scrabble begins.

THE PHILIPPINES

The Philippines, predominately Catholic, start their Christmas on December 16th and climax eight days of Mass worship at 3 a.m. with midnight services held at Christmas Eve. That is

CHINA

The Chinese do not believe in the meaning of Christmas, yet they follow our customs closely without any religious themes. That doesn't stop them from having a merry time.

JAPAN

When the GIs were in Japan they brought with them many State-side ideas, not the least of which was Christmas. The Japanese were quick to adopt the custom and now have their **Kurisumasu** (Christmas), but it's more like wild New Year celebrations we express in the United States. Their New Year is celebrated much as we do Christmas.

The traditional festival colors in Japan are red and green and white, so it was easy for them to adopt the accepted Christmas colors we enjoy. But the Japanese have "modernized" their version of Santa Claus — and instead of the fat, jolly, rosy-cheeked fellow with the white beard, they dress their prettiest girls in the traditional regalia and the shorter the dresses they wear, the better.

HAWAII

Not to be outdone by anyone else, Hawaii has its

Christmas too. But no reindeer, no sleigh. Their Santa arrives on the beach riding an outrigger canoe, and to top it all off, "Santa" is a hula-skirted girl!

All of which goes to prove that it's a point of view that dictates the custom of the country. But no matter what the geographical position, Christmas is Christmas — and it's the spirit that counts.

That being the case, the ability at this time of the year to say "Merry Christmas" in many languages would seem in order. There-

fore what follows are a few ways you can greet your friends from foreign lands:

Bohemia, Vesele Vanoce; **Bulgaria**, Chestita Koleda; **Croatian**, Sretan Bojic; **Denmark**, Glaedelig Jul; **Wales**, Nadolig Llawn; **Ukraine**, Srozhdestvom Krisovym; **Spanish speaking countries**, Feliz Navidad; **Portuguese** (Portugal, Brazil) Boas Festas; **Poland**, Weselych Swiat; **Italy**, Buone Feste Natalizie; **Germany**, Froeliche Wienachten; **France**, Joyeux Noel; **Ireland**, Nodlaig Mhaith Chugnat.

The above, of course, are just a few ways of saying "Merry Christmas" in foreign tongues, nor would we attempt to pronounce them. But anyway, anywhere in the Christian world, the spirit of Christmas exists and when offered with sincerity is instantly understood no matter what the language.

So — "Merry Christmas To All."

the signal for the fireworks, the exchanging of gifts, caroling and general merry-making to begin. The final Christmas festivities come to a conclusion January 6th, which is the date of the visit of the three kings of the East.

SWEDEN

Christmas in Sweden is actually the celebration of St. Lucia — and held on December 13th. On this day the oldest girl in each family rises early, dons a long white dress and crowns herself with lighted candles. Then she wakes the family and serves coffee and cake.

The Scandinavian countries also have a delightful custom at Christmas time. In Sweden, Denmark and Norway, a tree is loaded with a sheaf of wheat for the birds on Christmas Eve. Beneath the tree, the children sprinkle pieces of suet.

RUSSIA

Believe it or not, Russia celebrates Christmas much as we do in the United States, with one exception. They do not make any reference to anything holy or religious about the day. But they do have a "Father Frost" and "Winter Trees."

Chaplain's Christmas Message

"Peace on earth to men of Good Will." Year after year, century after century men have echoed this message of the angels. Sometimes it has been a desperate prayer of those suffering the hardships of war. Other times, it seemed an actual fulfillment of a hope in the silence of a temporary armistice between wars. As the message is repeated once again, one wonders where we stand this year. True, no weapons are being discharged in anger toward us. No American lives are being snuffed out; but do we have peace? We are busily spending money for more potent weapons of greater destructive force, with the hope that they will never be used. Feverishly we are trying to throw projectiles into outer space to explore and, if needs be, to conquer. The forces of nature are being harnessed and controlled so that, if necessary, they can be unleashed with terrible destructive force. One cannot help thinking: Is this the way God wants His world run? Reason tells us "No." Men have brought these conditions on themselves. The diabolical hatred, greed and ambition of godless men have fought to keep from fulfillment the promise of the angels. And this message will never be truly given until man understands what real peace is, and endeavors to spread it throughout the world. Peace is serenity of mind and harmony of soul. We must first have inward peace. We must be able to live in harmony and contentment with ourselves. Then it is spread to our neighbors and finally to all nations. It sounds like an impossible task. But, it is not. If men have learned to hate, they can learn to love with the same intensity. Example is not lacking; the Infant Saviour has given it. Our prayer for this Christmas is that the message of the angels sees its fulfillment in our generation and that all men live in Peace with God, themselves and their neighbors.

Mr. 'C' Visits Lejeune Marines, 'Gitmo

GUANTANAMO BAY, (Delayed) — Camp Lejeune Marines on Guantanamo Bay's 'Suicide Ridge' recently put aside their weapons and climbed out of their foxholes long enough to dance

the Twist with girls of the Perry Como show.

The dancers were part of the 100 showpeople touring Guantanamo on a three-day engagement earlier this month.

The famed Como troupe arrived on the island Dec. 4 and returned to the United States Dec. 8 after putting on as many as four shows a day for the benefit of American servicemen there and filmed an hour long show which was televised nation-wide on Dec. 12.

Besides playing to capacity crowds at the mainstage theater, the troupe visited Marines and Seabees at their positions in the field.

One show — staged especially for Camp Lejeune Marines — was played Fri-

day right in the Marines' positions on 'Suicide Ridge' within sight of the fence which surrounds the base.

A feature of the performances which proved especially popular with crowds was a standing invitation to get up and Twist with the girls of the Ray Charles dancers.

Other featured acts were provided by Mitchel Ayres and his orchestra and songstress Dorothy Collins, widely known for the "TV Hit Parade" and "Crash" Collins of Allen Funt's Candid Camera TV program.

The Ray Charles singers and dancers rounded out the production.

Como — long known for his relaxed stage manner — took his show to Cuba with the cooperation of the U.S.O. The performers were flown there by Military Air Transport Service as well as

commercial airliners.

During their stay in Guantanamo, members of the production lived in government quarters — then empty due to the evacuation of dependents.

Camp Geiger Conducting Auto Safety Inspections

A vehicle safety program, designed by Col. W. P. Dukes, Commanding Officer, 1st ITR, was put into effect at Camp Geiger Tuesday, December 18. The program was initiated to reduce automobile accidents during the holiday period and in the future, and to further stress motor vehicle safety at Camp Lejeune, N. C.

All 1961 and older privately owned vehicles belonging to Camp Geiger personnel are being inspected beginning early Tuesday, morning and will continue until 2 p. m. this afternoon.

Vehicles not passing this inspection or not previously inspected Tuesday or Wednesday will be reinspected tomorrow between 10 a. m. and 2 p. m.

Owners of automobiles failing to pass tomorrow's inspection will be issued a citation and their autos removed from the Base, according to 2d Lt. H. W. Higgins, Regimental Provost Marshal, 1st ITR.

Personnel whose base tags expire this month or in January and who require Base inspection of vehicles may use Camp Geiger inspection certificates to obtain an up-to-date decal.

Shoot Tomorrow, Help United Fund

Turkey Gobblers won't stand a chance at the Camp Lejeune Rifle Range tomorrow when the Rifle Range Detachment and the Camp Rifle and Pistol Club sponsor a Turkey Shoot to boost the United Fund Drive.

The Shoot, scheduled for 11 a. m. to 3 p. m. was originally planned by the Rifle Range Detachment to bolster their own UF contributions but the idea has caught fire and now promises to draw between 2000 - 6000 people.

Open to all Camp Lejeune personnel: military, civilian and dependents, there will be events in all classes for skilled and unskilled shooters.

For each \$1 entry fee shooters will have a chance at fat butterball turkeys. Winners who have no use for the turkeys may

sell the turkey back to the shoot committee and pocket the cash.

Any unit size group which participates will be awarded 60% of their entrance fees to be applied to the unit's United Fund goal.

The remaining 40% will be applied to the United Fund goal of the Rifle Range Detachment and defray expenses.

There will be a turkey for every 10 shooters to be awarded on the basis of point system cards for shooters of .22 caliber pistols and 12 gauge shotguns. Weapons and ammunition will be furnished by the Shoot Committee.

Coffee and donuts will be sold with proceeds further supporting the fund drive. For further information call 5-7131 or 5-7220.

Hey, Kids! Santa is ready and so is his pack filled with Christmas candy and goodies for the Christmas Party at Goettge Memorial Field House beginning tomorrow at 2 p.m.

How he will arrive is still a secret, but get Daddy and Mommy to bring you so Santa won't be disappointed. There will be singing, prizes and lots of fun.

Motorists

The Base Provost Marshal's Office now has information on weather conditions for those personnel who are going on leave and are traveling north to Virginia, Washington, D. C., Pennsylvania, New York, Massachusetts, Michigan, Maine; west to Asheville, N. C., West Virginia, Kentucky, Indiana; and south to South Carolina, Georgia, Tennessee and Florida.

This information may be obtained by phoning 7-3635 or 7-5871.

A third out-going traffic lane has been established by the Provost Marshal Office to handle evening rush hour traffic on Holcomb Blvd. The third lane begins at the Junction of Sneads Ferry Road and Holcomb Blvd.

Jews Observe Chanukah By Prayer And Festivities

Festivities and prayer will mark the observance of Chanukah for Jews throughout the world tomorrow evening. Ceremonies at Camp Lejeune will take place tomorrow in the Chapel in Bldg. 67 beginning at 5:30 p. m., and on Saturday morning in the Chapel at 10 a. m.

Chanukah commemorates the rededication of the Holy Temple in Jerusalem during the 2d Century B. C. E., (Before Christian Era) following the victory of Jews led by Judas "Maccabee" (The Hammer) and his five brothers over the superior forces of Assyrian King Antiochus IV.

Rather than submit to tyranny and idolatry, the Macabees fled into the mountains where they convinced loyal adherents of the Jewish faith that they should drive the invading Assyrians out of the land of Israel.

After preparing themselves by fasting and prayer, the Macabees and their followers met an imposing army of Assyrian charioteers and cavalry. Sustained by the faith in the God of Israel, the Jews routed their adversaries and thus made possible the rededication of the Holy Temple in Jerusalem.

Needing oil for the Relighting of the Eternal Light in the Temple, the Jews discovered all their vials of oil except one had been spiritually desecrated by the Assyrians. Thus, there would be enough only for one day's burning of the Eternal

Light. But miraculously it still burned eight days.

To commemorate this very Jews traditionally kindle eight candles on the "Menorah" or candelabra, one for each day in succession for eight days.

A Chanukah Reception will be held at the Tarawa Race Community Center, beginning at 6 p. m. on Sunday, December 23.

Havdalah and Chanukah evening services will be held on Saturday, December 22, at the Chapel at Bldg. 67 at 8 p. m. Closing services and ceremonies will take place on Friday, December 28, at 5:30 p. m. Saturday morning Chanukah services will be held in the Chapel at 10 a. m., December 29 and Havdalah services Saturday evening at 8 p. m. in the Chapel at Bldg. 67.

Attention

The 1962 Camp Lejeune Intramural Christmas Tournament will go into the second week of a single elimination contest starting Wednesday, Dec. 26.

All games will be played in Goettge Memorial Field House. Games next week will be held on Wednesday, Thursday and Friday at 5:30, 7 and 8:30 p. m. each day.

The names of participating teams will be disseminated to all Camp Lejeune commands.

Come out and support your team....
