HERS—Marines from ITR probe the edge of creek below Midway Park during the search for missing youngsters. (Photo by Pfc E. J. O'Neill)

Missing Youngsters Trigger Big Search

The disappearance of two small children, Diane Yoli, 7, and her brother, Mark Eugene, 3, triggered a wide scale search of woods and swamps surrounding the Midway Park Housing area last Thursday, Sept. 13. The four-day foot search was reluctantly called off as of dark Monday by Maj. Gen. James P. Berkeley.

During the search commanded by Col. John G. Babashanian, base provost marshal, and assisted by Capt. Victor R. DeSchuytner, chief of military police, some 4,000 persons—Marines from the 4th Division and 1st Infantry Training Regiment, Seabees, members of MCB-7 (now undergoing training at ITR), local law enforcement officers led by Sheriff Tom Marshall, members of the New River Citizens' Band Radio club, the Jacksonville Rescue Squad and other volunteers aided in the search.

Readers Asked To Share Their Copy Of GLOBE

The GLOBE is distributed free of charge each Thursday by the Base Informational Services office to Marines and dependents keeping them informed of Base activities and recreational opportunities.

Due to the expense, not enough GLOBES can be printed for each Marine or dependent family to receive an individual copy. There are enough to go around if each family and Marine will pass their copy on to a neighbor.

Numerous pick-up points have been established for GLOBE distribution. At Hadnot Point GLOBES are available at:

Base Commissary, Main Exchange, Paradise Point Officers Club and the Central Area Library.

In Housing areas dependents may obtain a copy at the below listed buildings:

Midway Park, Central Employment Office, bldg. 4000.

Tarawa Terrace, Quarters and Housing Office, bldg. TT-43, and the Community Center, bldg. TT-44.

Camp Knox Trailer Park, Recreation Center, bldg. DD-23.

Camp Geiger, Trailer Park, Administration bldg. GTP-1.

Anyone desiring to publish information in the GLOBE may contact the Editor in building 13 or by phone at base extension 7-5522 Monday through Friday.

Don't forget to pass your copy on to a neighbor!

DIANE

MARK

Early Friday morning another search party headed by Capt. DeSchuytner, and deputies led by Sheriff Tom Marshall, combed the housing area. They were later joined by 1,000 Marines from the 2d Division.

As the day's search progressed, the State Highway Patrol issued a State-wide all-points-bulletin to all law enforcement officers to be on the alert for the Yoli children.

The search had been on a continuing basis since the two children failed to return home last Thursday. A thorough probe of the dense woods and swamps surrounding the area have yielded nothing. Every minute of daylight was utilized.

(See SEARCH, Page 2)

CMJ Modification To Benefit Marines

President signed into law a bill which may ultimately benefit many Marines, although it will fail to see its way through Congress.

A change in Article 15 of the Uniform Code of Military Justice increases the non-judicial powers of commanders, lessening the chances of court-martial for relatively minor offenses.

Change is expected to decrease the number of summary court-martials by as much as 75 percent.

On Feb. 1, 1963, it gives to commanders in the grade of major and above, the approximate authority of the court-martial.

Commander's powers at court-martial have also been increased with non-judicial punishment, authorized by Article 15, the Code was adopted in 1951. It has shown that punishments authorized were either too severe or too lenient to permit appropriate punishment without recourse to court-martial.

Under the new law, the offender acquires a statutory right to defense.

(See CODE CHANGE, Page 2)

133 Offenders Cited In Court

Three weeks ago, the GLOBE published an editorial concerning the fatal combination of alcohol and gasoline. Certain quotations from the Book of Job, mentioned in the editorial were "Thou shalt come to thy grave in full age," and "Whoso diggeth a pit shall fall therein." Last week at traffic court, 133 persons were cited for violations, one which resulted in a \$100 fine and the driver being suspended from driving on the Base for one year.

These people were stopped from going to their grave in a full age and halted before they dug their pit and fell in, but the below listed persons must pay the price for being given the second chance on the road:

Charlotte Gordon, Swansboro, N. C. Dependent, careless and reckless driving while under the influence; one year and a \$100 fine.

Hazel Gros, Roosevelt Rd., Jacksonville, N. C. Dependent, leaving the scene of an accident and failure to report an accident; six months and \$25 fine.

Lucille Dixon, Jacksonville, N. C. Civilian, speeding 45/35, 30 days and \$15 fine.

Pvt. Richard J. Hovermale, 8th MT Bn., P. T., speeding 50/35, six months.

LCpl. Charles W. Ward, Jr., 2d Recon Bn., speeding 35/25, reckless driving and no operators license; four months.

Cpl. Raymond O. Lambert, Hq. Bn., 2d Division, reckless driving and no brake lights; 90 days.

Cpl. Leda A. Scales, 2d Tank Bn., failed to see intended move could be made in safety; 60 days.

Pfc Andrew B. Knight, Hq. Co., F.T., speeding 45/25, and no form 400; 30 days.

Pfc Dickey W. Whit, 8th Comm Bn., speeding 60/45, 30 days.

LCpl. Steven C. Seward, 8th Comm Bn., speeding 60/45, 30 days.

(See TRAFFIC, Page 1)

United Fund Drive Starts October 1

The annual United Fund Campaign will get under way at Camp Lejeune Oct. 1, allowing Marines and Federal employees the opportunity to donate to many charities with one contribution.

No quota has been established for the campaign, however, the committee is counting on 100 percent voluntary participation on a "fair share" basis.

Chairman for the Drive is Lt. Col. James P. Wilson. Co-Chairmen working under Colonel Wilson's direction are:

Marine Corps Base, Maj. W. F. Sheehan, MCSS.

2d Marine Division, Lt. Col. A. J. Voyles, Asst. G-2.

Force Troops, Maj. L. B. Scott, Headquarters Company.

Marine Corps Air Facility, Maj. G. A. Kroodsma, H&S Sqd.

Civil Service Personnel, Mr. R. H. Piper, IRO.

United Fund is recognized by the President as an agency to provide medical aid for the needy, safety and blood donor services, care for homeless children, care and training of retarded children, rescue services, and recreational and character-building needs of the youth of all communities.

Sanford Guest Lejeune Oct. 5-6

Gen. James P. Berkeley proclaimed October 6 "Governor's Day" here, honoring North Carolina Governor Sanford.

Governor will be a guest of the General during his visit at Lejeune, Oct. 5 and 6.

Governor Sanford is scheduled to attend the Camp Lejeune Belvoir football game at Liversedge field and honored by special ceremonies.

In addition to the special ceremonies, local bands will perform during half-time, featuring "The March of the John Phillip Souza."

John Phillip Souza, leader of the Marine band.

Participating bands include the Marine Division, Lejeune, Jacksonville, Richlands, Fort Belvoir, and Beaufort and Edenton.

COURAGE?—The Raleigh, N. C., TIMES commented on the "courage" of the Marines when this unidentified Marine stood in the lane of McDowell street during the rush hour. "Astounded" motorists maneuvered around him, the paper said.

Evidently he wasn't hit since no accident report has been received from Raleigh. For more information on hitchhiking, see the editorial on page 4. (PHOTO COURTESY OF RALEIGH TIMES)

EVERYONE LOVES A PARADE—Proved true even in Trinidad as thousands turned out to line the streets for their Independence Day parade recently with officers and men of Company "D", BLT 1/6 joining with the Trinidad Regiment to honor the new member of the Family of Nations.

Eighty-Four Prizes For Photo Winners

Eliminations for the All-Marine and 10th Interservice Photography Contests for the Quad-Command Complex will be conducted by Marine Corps Base Special Services Oct. 17.

The first three place winners of this local competition will be entered in the All-Marine contest.

Williams Presented Pistol Match Trophy

Clarence B. Williams was awarded a first-place shooters trophy in ceremonies held in the office of Lt. Col. J. E. Wilson, commanding officer, 1st Battalion, 8th Marines.

He was presented the trophy for placing first in the 2d Marine Division's intramural small-bore pistol matches held at Camp Lejeune in May of this year. Sergeant Williams fired a total score of 273 out of a possible 300 points. He was selected for the team on the basis of his past excellence in rifle and pistol marksmanship matches.

Sergeant Williams is currently serving as administration chief of the 1st Battalion, 8th Marines.

Winners of that level will be entered in the Interservice trials.

This series of eliminations is designed to give both the amateur and experienced photographer an opportunity to compete on a world-wide basis and to have their work judged by leading authorities in the photographic field.

Entries for the Camp Lejeune Eliminations are to be submitted to the Recreation NCO, Base Special Services, no later than 10 a.m., Oct. 15. Each individual entry must be accompanied by an entry blank available at unit Special Services offices or at the Recreation office, Base Special Services.

Judging will be conducted in Goettge Memorial Field House Oct. 17 with awards going to the first, second and third place winners as well as honorable mentions for fourth, fifth and six place winners of each category in both black and white and color transparency groups. Eighty-four awards will be given in all.

A panel of at least three recognized photographic authorities will judge the entries submitted in the local level contest. Decisions made by the judges on all entries will be final.

Civilian Legal Clerk Takes Naval Course

Mrs. Ilse Queen, legal secretary in Marine Corps Supply Schools, Montford Point, saw this week the results of working for a year and a half on a correspondence course. Mrs. Queen attained a grade of 3.9 out of a possible 4.0 points in her course on Military Justice in the Navy.

Mrs. Queen came to work in MCSS Headquarters in July 1958 as a secretary to the legal officer. However, in the spring of 1961 she saw that she was going to have to learn more about her job in the legal section as the sergeant working there was being transferred. She did something that few civilian employees have done. She took out a course from the U. S. Naval Correspondence Center so that she

MRS. ILSE QUEEN

would be better able to perform the work required in the legal section.

In the evenings after work, she would take out her Courts Martial Manual, her Judge Advocate General Manual and work on her lessons. Completing one lesson every six weeks, she completed the course in 18 months.

Col. Rodney M. Handley, commanding officer, MCSS, received notification that she had not only graduated from the course, but that she had attained the near perfect score of 3.9. He called her into his office to personally commend her on her fine record.

Mrs. Queen said, "It took a lot of time and effort, but I think it was worth it. I now feel much better qualified to work as a legal secretary for the Marine Corps."

Bn., aiding and abetting, speeding 60/45, 30 days.

Pvt. Johnny R. Taylor, 1st Bn., 8th Marines, no state tag, failed to appear; 30 days.

Pfc Earl Ross, 1st Bn., 8th Marines, expired temporary base pass, failed to appear; 30 days.

Cpl. Albert Harper, 2d Recon Bn., allowing person to drive with no operators license and no form 400; 30 days.

Pvt. James D. Sherrick, MCES, MCB, no state registration in possession, illegal use of temporary pass; until registered, plus 20 days.

Pvt. Phillip J. Surolo, 2d FSR, MCB, speeding 60/45, 25 days.

Lt. Joseph M. Schiano, MP&Gd Co., H&S Bn., MCB, improper stopping (failed to appear); one year (six months probation).

Pfc Billy G. Toney, 2d Lt Spt Co., 2d Svc Bn., following too close (accident); six months.

Lt. Lynn D. Brackway, H&S Co., 1st ITR, running main gate, and driving reckless, 55/25; six months.

ITR CHOIR—Part of the 60-member ITR choir is rehearsed by E. H. Walker who has been conducting the choir for 14 months. When no organist is present, the versatile choirmaster himself plays the organ. Each company in ITR is represented in the choir. (Photo by John Babyack Jr.)

ITR Choir Headed By Singing Captain

A singing Marine captain is helping further the Protestant religious program at Camp Lejeune. Capt. E. H. Walker IV, CO of Force Troops Headquarters Company, has been directing the 1st ITR choir for the past 14 months.

Walker majored in music and German at Centre College of Kentucky and did post graduate work at Harvard University and the University of Heidelberg.

The choir is made up of Marines taking advanced infantry training at Camp Geiger and sings each week at Protestant Divine Services. While the membership changes constantly, the choir averages 60 singers.

The choir is part of the religious program for Marines at ITR and the parents of each choir member

receives a letter from Capt. O. Seegers and Captain Walker. Pvt. Edward W. Koopman, Co., who studied music at New York (N. Y.) Missionary College, is the choir's organist.

Search

(Continued from Page 1)

ed by search parties. During hours of darkness local aviation and military police vehicles continued the hunt.

Captain DeSchuytner stated that the attitude of the search parties changed, they appeared to be more determined to find the children who had been found. He further stated that the deputies led by Sheriff Shall, and members of the River Citizens' Band Rans through the area have been very helpful in the search.

General Berkeley commended those who participated in the search and effort expended in the rendering four-day search. He stated that he was "grateful for the prayers and assistance of friends, neighbors and authorities."

In reluctantly calling the search to a halt the base commander ordered a continued alert by all units in the area.

Code Change

(Continued from Page 1)

mand trial by court-martial in lieu of accepting punishment under Article 15. The only exception to this right occurs when the individual is attached to or embarked in a vessel.

The offender may appeal an Article 15 punishment when he feels it is unjust or disproportionate. The unexecuted portion of an Article 15 punishment may be suspended at any time. Within time limits to be established by individual service regulation, executed reductions and forfeitures of pay may also be suspended.

This power to suspend, especially in case of reductions, will permit a commander to enforce discipline and still not result in a permanent loss of rank where the serviceman's future conduct demonstrates he has learned his lesson.

The power to give non-judicial punishment in varying degrees based on rank is due to the fact that the four services do not all have the same rank structure of command. In the Marine Corps a company commander will be able to admonish or reprimand an enlisted man and award one or more of the following under Article 15:

- 14 days' extra duty but more than two hours per day if he desires.
- Reduce E-3s and below one grade.
- Award seven days' correctional custody.
- Fine a Marine seven days' pay.
- Detain 14 days' pay to be paid upon discharge.

- Award three days' restriction on bread and water or dishonored rations if attached to or embarked in a vessel.

Field grade officers, major and above, who are commanding officers, can award the following non-judicial punishment under Article 15:

- 60 days' restriction.
- 45 days' extra duty but more than two hours per day if he desires.
- Reduce E-4s and above one grade.
- Fine one half of one month's pay for two months.
- Detain one half of one month's pay for three months upon discharge.
- Award 30 days' correctional custody to E-4s and above and to women.
- Award three days' command on bread and water or dishonored rations to E-4s and above and to women.

All commanders may reprimand an officer under their command a period of 30 days.

Officers exercising general court-martial jurisdiction or general court-martial in command may, in addition to admonition or reprimand, award the following non-judicial punishment to officers:

- 60 days' restriction.
- 30 days' arrest in quarters.
- Forfeiture of one half of one month's pay for two months.
- Detain one half of one month's pay for three months upon release from active duty.

Scudo Shoot Climax Of BLT 2-6 Maneuver

By SSGT. E. D. BREY

WITH THE U. S. SIXTH FLEET IN THE MEDITERRANEAN, (Delayed) — A 17-day training operation ended Aug. 25 for Battalion Landing Team 2/6 at Porto Scudo, Sardinia.

The exercise gave the Marines embarked aboard ships of Amphibious Squadron Six their first opportunity for live firing exercises since leaving the U. S. last May.

In addition to the live firing of all weapons, training included a three-day guerrilla war, day and night practice in offensive and defensive warfare, day and night helicopter operations, and extensive specialized training by all units attached to the BLT. Maintenance checks were held on all major items of equipment.

The BLT was able to improve the coordination of supporting arms by controlling the aircraft and naval gunfire of four aircraft carriers, two cruisers, two landing ship tanks, and 18 destroyers. The

Tactical Air Control Party of the BLT tested the accuracy of its instructions to aircraft during live strafing and bombing runs. Likewise, the Shore Fire Control Party was able to test its voice control procedures and witness the firepower of supporting navy ships.

The widely dispersed live firing ranges for all of the weapons used by the BLT called for extensive communications. A total of 155 miles of communication wire was used in linking all of the units. All wire connections were backed up with radio communication.

Two unusual sidelights of the intensive training activity were the development of a usable water source in a water-scarce region and the establishment of a bulk fuel supply system ashore by the logistics support unit of the BLT.

A short time after landing the water point was pumping its first water into 3,000 gallon rubber tanks for filtering and chlorination. An abandoned dry well that had been almost completely filled in by dirt, gravel, and debris was cleaned out and made deeper to provide the source of water. Water was struck about three feet below the well's previous bottom. Its depth was increased by five feet.

When in complete operation the well had a water recovery rate in excess of 6,000 gallons a day. Filtration was accomplished through the use of a diatomaceous earth water purification unit. It was tested for purity by the laboratory aboard the USS Cambria and compared favorably with the ship's water.

The water point operation was directed by Capt. James Elder, commanding officer of the logistics support unit. He was assisted by water purification technicians Sgt. William R. Henry and LCpl. Sheldon Morgan.

The independent source of water

gave troops participating in the shore problem the rare opportunity of weekly fresh water showers and decreased the amount of water furnished to the BLT from supporting ships.

A "possible first" was establishment ashore of an Assault Bulk Fuel Handling System by elements of the Bulk Fuel Company, 2d Force Service Regiment, attached to the logistic support unit of the BLT.

The system was established to facilitate refueling helicopters of Marine Medium Helicopter Squadron 262. The complete system consists of four 10,000 gallon inflatable rubber storage tanks. Two tanks were used at Porto Scudo.

The system was set up and ready to receive fuel the afternoon of D-day.

Speaking of the 17-day training and bivouac period, Lt. Col. Ross T. Dwyer, Jr., CO of BLT 2/6, said that the extensive training was very valuable in increasing the efficiency of the landing force.

Terrace Electricity Off For Hour Sunday

Tarawa Terrace residents will be without power for an hour Sunday morning according to the Base Maintenance Office.

Power will be cut off from 5 to 6 a.m. Sept. 25 while the Carolina Power and Light Company installs an additional transformer. All housing in Tarawa Terrace I and II will be affected. Residents should plan accordingly if they would normally be using power at this time.

Newly Designed LVT Will Clear Minefields

Marine Corps Landing Force, Equipment Center's Equipment Board has announced a modification of the LVTP-5 landing vehicle which they've termed "an to rapid minefield breach-

ing. By removing equipment and changing the design of the craft, the Equipment Board has added a new member to the LVT family, the LVTE-1, Landing Vehicle Tracked, Engineer.

Sole purpose of the newly-designed vehicle is to carry and launch two explosive charges across enemy mine fields and follow the resulting partially cleared path to excavate remaining mines.

A rocket motor propels each of the charges some 550 feet across the mined terrain. Each string out behind it a line — 350 feet of which is plastic explosives. After the two explosive lines are positioned, they are detonated electrically from inside the vehicle.

A plow-shaped blade on the vehicle's front then roots out mines which may have escaped the line charges.

The resulting cleared path is of sufficient width to permit passage of all vehicles.

The vehicle has explosive charges to blow off the blade in emergencies and is equipped with flotation tanks for added water buoyancy.

Four engineer demolitionists and their equipment are assigned to ride in the vehicle.

It will be operated by Amphibious Tractor Platoons in each of the three Marine Divisions now on active duty in the Corps' Fleet Marine Forces.

Commanders Var On Waste

Base Commander's waste survey recently shows extreme waste of electricity and water. Radiators left on with windows open in the barracks. Another is time burning of unneeded lights in washrooms, squad messhalls, galleys and over doors.

New Regulation Out On Firearm Registration, Use

Carrying, firing, or discharging of any firearm or weapon on Camp Lejeune territory is authorized only in recreational shooting, hunting and target practice as authorized by the commanding general.

Under Base Order 5500.1, firearms are considered as rifles, pistols, revolvers and shotguns, while weapons consist of air rifles, air pistols, bows and arrows, crossbows, pocket knives whose longest blade exceeds three inches, switchblade knives and combat knives.

Military personnel residing on Base but not in public quarters or military-controlled rental housing are required to register their privately-owned firearms with the Base Provost Marshal's office and deliver them to their organization commander for safe-keeping.

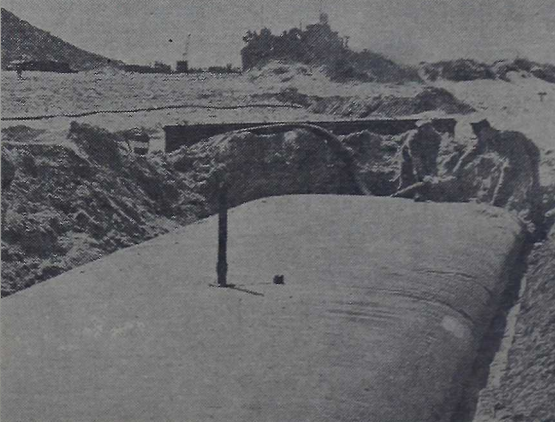

Persons living in public quarters or military-controlled housing on Base must also register all privately-owned firearms with the Provost Marshal but they may be kept in their residence.

Weapons need not be registered but those not living in housing or quarters are required to deliver them to unit commanders for safe-keeping.

Persons living off-Base are subject to provisions of the North Carolina State Law governing registration.

Once firearms are registered with the Provost Marshal, personnel must notify that office prior to being transferred, selling, disposing of or removing their firearms from Camp Lejeune.

ING THE WAY—Newest member of the Marines Corps LVT the LVTE-1 (Landing Vehicle Tracked, Engineer) fires its explosive charges through the air in mine field clearing operation. Marine Corps Schools, Quantico. The lines carry 350 feet of explosives detonated electrically from the vehicle to clear through minefields along unpenetrated enemy lines.

ASSAULT BULK FUEL HANDLING SYSTEM—The pipe-line used to pump fuel into a 10,000 gallon rubber storage tank is disconnected by members of a unit of Bulk Fuel Company of 2d Force Service Regiment attached to BLT 2/6. Twenty-three thousand gallons of aviation gas pumped into the system was used to refuel helicopters taking part in training operations at Porto Scudo. (Photo by SSgt. Ben Holcomb)

Hitchhikers Face Death In Addition To Traffic

Last week the Raleigh TIMES photographed a Marine standing in a busy traffic lane soliciting a ride with his thumb. Not only was his action illegal and subject to fines by the State, but it was also foolhardy and extremely dangerous.

Hitchhiking is against all rules of safety as well as military regulations and North Carolina state law. In fact, it is against the law in 36 of the 50 states.

Still, those Marines from Camp Lejeune who do not have cars, will "brave" the dangers of safety and law and wave their thumbs in the faces of oncoming drivers. Since these unenlightened traffic disrupters will take no steps to observe the law or protect themselves, the Marine Corps will come to their aid.

The Commanding General has ordered the Military Police to make every effort to stop hitchhiking at Camp Lejeune and has requested the aid of law enforcement officials in the area to help in the program where Marines are involved.

Regulations are specific on hitchhiking. According to the Base Provost Marshal's office, any pedestrian standing still and facing oncoming traffic is considered a hitchhiker and will be cited accordingly. Marines cited for hitchhiking by the PMO are turned over to their unit for disciplinary action. Drivers who impede traffic by stopping on the Base to pick up hitchhikers face the loss of driving privileges up to 90 days.

There are four official pickup stations at Camp Lejeune. The two major stations are the Bus Station and next to the Protestant Chapel in back of the Area 5 open air theater. The two road stations are on Holcomb Blvd. and Ash Street and between the Holcomb Blvd. and Sneads Ferry Road intersection next to the railroad tracks.

The crackdown on hitchhikers is prompted only because the safety of Marines is involved. A significant number of pedestrian deaths involve hitchhikers and military personnel represent a disproportionate share of the nation's total.

If you are picked up for hitchhiking in Jacksonville or in North Carolina, the minimum cost will be \$8.45 for cost of court, plus whatever fine the judge levies. On Base it can result in loss of rank or privileges.

The simplest way to put an end to the situation is for the motorist

to completely ignore hitchhikers. With no rides available they will make use of the facilities set aside for pickups. All drivers are urged to give Marines a lift from the four official stations.

As long as drivers stop for hitchhikers they will continue to use their thumbs instead of their heads. Don't pick up hitchhikers.

There are reasons for this admonition. One Marine who did, ended up shot to death and stuffed into the trunk of his car.

A word to the wise?

Library News

These books are available at the Central Library, Bldg. 63, or through request from area branches at Montford Point, Courthouse Bay, and Rifle Range. Books may be reserved by telephone.

SWISS SCHOOLS AND OURS: by Admiral H. G. Rickover, describes how Switzerland has achieved an interrelation of mass and academic education which gives each student the best of what is most suitable for him. All Swiss pupils spend four to six years in elementary school together and then go on to the specialized schools, according to their desires and activities. Admiral Rickover stresses that moral training is the responsibility of the parents and not the teachers. Constructively, the Admiral makes some suggestions for America in the light of Swiss experience. We should begin by training our administrative personnel. He also feels that there is a great need for a nationally determined standard of course programs, so that there will be greater uniformity of requirements for secondary diplomas and college degrees. This is the third title in the Council for Basic Education Series. The first was THE CASE FOR BASIC EDUCATION, and the second, TOMORROW'S ILLITERATES. These books are in the service of a good cause: better education and better schools for Americans.

CONVERSATIONS WITH STALIN: by Milovan Djilas, was written during 1961 and is the first book by the author to be published since LAND WITHOUT JUSTICE and THE NEW CLASS, which were issued while Djilas was in a Yugoslav prison. He went to Moscow in 1944, 1945 and 1948 on missions from the Yugoslav government, of which he was a leader second only to Tito. Each time he met with Stalin in the essentially feudal setting of his powerful court. Here, through Djilas' eyes, we see Stalin, cunning, cruel, and enormously talented, directing the Russian forces against Nazism and at the same time anticipating his postwar struggle against the West. Here are brilliantly etched portraits not only of Stalin and Molotov and Zhukov but of Beria, Malenkov and Khrushchev. Throughout the book, one perceives the author's underlying philosophical analysis of Communist power and its uses.

If You Ask Me:

WHICH SPORT DO YOU THINK
WOULD DO THE MOST
WARDS BUILDING FITNESS
IN THE MARINE CORPS?

2D LT. FRANK W. EVANS, CO, H&S Co.,
MT Bn.—I think cross country track has

a closer connection with what Marines should be associated with than anything else. Hikes, forced marches and just generally living in the field are things at which all Marines should become more adept. In this line of thinking I feel cross country running could do more overall physical conditioning than most sports.

1ST SGT. GEORGE L. ANGLIN, Co. "C,"
MT Bn.—I feel that swimming would contribute most towards building fitness in the Marine Corps. Swimming exercises more muscles in the body than any other one sport. It can be entered competitively by all ages and both sexes. It serves a useful purpose in that it could be the controlling factor in the saving of one's own or someone else's life.

PFC THOMAS M. STUCKEY, Co. "B," 2d
MT Bn.—I think that football is one of the best sports there is and therefore would be one of the best for a Marine. To play football you have to be in good shape and a Marine should always be in good shape. Working out daily, throwing a football around and intramural games help a Marine along with his daily PT to keep physically fit.

PFC PAUL E. FIGLAR, Co. "A," 2d MT
Bn.—In my opinion, swimming has always been the most tiresome sport. As far as getting the lungs in shape, I don't think any other sport even comes a close second to swimming except maybe long distance running. Because of the lack of facilities for swimming on base, being that the pools are occupied by the dependents much of the time, I don't think enough Marines get the chance to benefit from this sport.

1ST LT. PAUL C. BOPKO, ExO, "C,"
2d MT Bn.—The physical exertion, mental alertness and practice needed in football provide outstanding opportunity to attain fitness to retain this fitness. Six-man football as provided the Marines aboard this ship is ideal for this purpose. The number of men needed on

team enables several teams to be formed on a battalion level. Another by-product of this sport is the self-confidence and teamwork taught the individual.

SGT. E. J. MAZZEI, Co. "A," 2d MT
Bn.—Although I do not believe that any sport could contribute enough of all the required factors toward maintaining physical readiness, I am inclined to choose volleyball as being the best sport for bringing out coordination, endurance and physical development. Having been a member of an organized team while on independent duty, I found that volleyball kept weight at a steady level, improved coordination and kept me fit at all times for partaking in the Marine Corps Physical Readiness Program. Since I have been away from the court, I find I have to add more time to my off-duty physical training to maintain my physical condition and weight control. Of course, the other sports such as basketball and swimming which will do about the same, volleyball is my favorite.

Chaplain's Corner

One of the worst tragedies in American history occurred with the attempt of the Donner Party to cross the Nevada Mountains in the Gold Rush of 1849. Deciding that the main trail was taking too much time, the leaders took a little-known short cut. Not knowing the trail was dangerous, they thought was given to the danger of unknown trail. Having waved good-bye to the "conservatives" who clung to the established trail over which the oxen had gone safely, they proceeded on the new short trail. Difficulties were encountered. The oxen could not climb mountain sides, nor could the wagons wedge through the narrow gaps. The pioneers made off with their cattle, horses, and the heavy snows caught with them. Then real tragedy struck. Nearly half the company perished before the rescue party could reach them. Thus ended the most famous "short cut" in American annals.

Something like that tragedy is repeated daily in a multitude of lives. The gold in the form of status, success, the pure stuff, is still with us. The all sorts of short cuts that promise and end in ruin. The cry of the day is "Don't fence me in!" "Give me freedom!" "Why obey these stale old commandments these hand-me-down rules from the past?" "God's laws of morality are dated, why abide by them?"

Thus, one by one the fences are being torn down. The old commandments are becoming an alluring shadow. Many are lured by the promise of a financial short cut to wealth. Embezzlements, cheap pleasures appear to many as promising shortcuts avoiding the more rigorous path of straight and narrow road that leads to life.

Is there really a short cut to obeying moral, spiritual and laws? God has set specific laws for the universe. Just as rigidly set laws to govern the spiritual and al laws of life. You have a responsibility of gravity because the law is immediate. God's laws for life are as important.

—Chaplain L. O.

Hurricane Season Is Here

In 1954 Hurricane "Hazel" killed hundreds of people, left thousands homeless, and caused millions of dollars in damage to property. Each year the threat of hurricane disaster is renewed.

Can you prepare your home and family for the awesome force of such a disaster with only 12 hours notice?

A hurricane is a cyclonic storm which travels as a unit with the center traveling about 10 to 20 m.p.h. The center area itself is a region of relative calm, while high winds with velocities from 90 to 150 m.p.h. revolve about this center area.

When the "eye" or center

of the hurricane passes the wind stops suddenly in the apparent midst of the storm. If this happens, do not assume the storm is over, for in a short while the wind will rise again to a maximum velocity.

The responsibility for local preparation and coordination or emergency measures, during hurricanes and other forms of nature's rampages, rests with Camp Lejeune's Disaster Control Center.

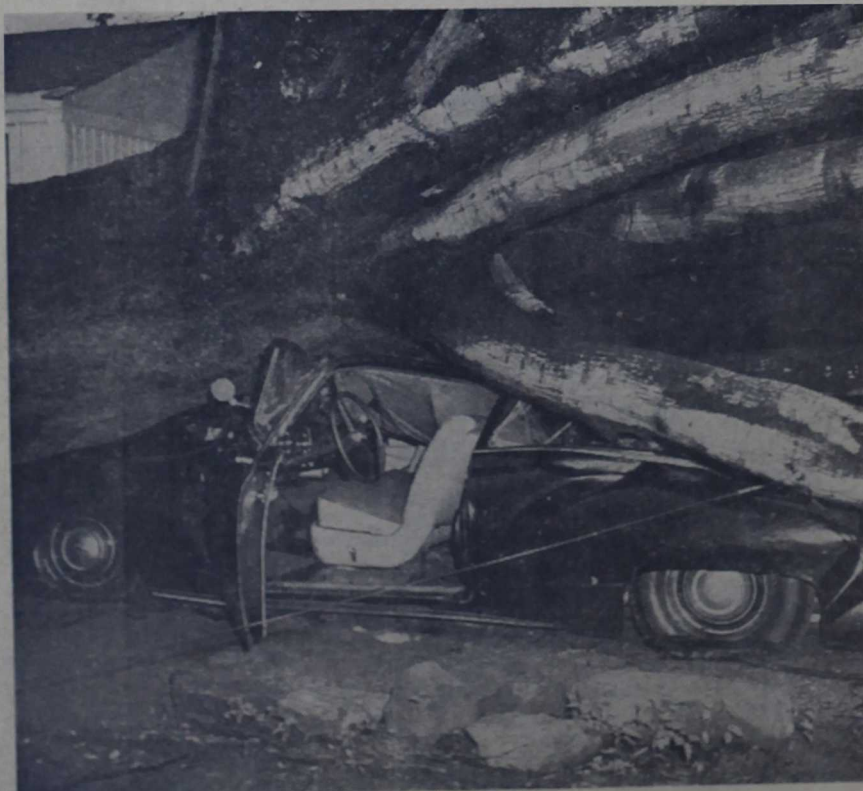

Preparations dictated by the Center are based on conditions of readiness. These conditions were pre-formulated and based on time-space factors between here and the location of a storm of cyclonic winds in excess

Donna '60

Top Heavy

Under The Spreading . . .

of 33 knots, which constitute a possible threat to lives and property.

Readiness Conditions

Precautionary measures for this Camp are designed to meet the threat of hurricane force winds. Hurricane conditions of readiness are set to meet the threat of all cyclonic storms of tropical origin which might be a threat to Lejeune.

The first condition, FOUR, is initiated as the path of destructive winds have been

tentatively verified and its trend indicates a possible threat within 72 hours. A hurricane information center is then established for the duration of the threat to provide assistance to area dependents.

Condition THREE follows when the striking distance is within 48 hours. Under this condition non-emergency activities are prepared to secure on short notice. Recreation beach facilities are evacuated and closed and preparations are completed for the evacuation of military personnel and material from low-lying or dangerous locations.

Condition TWO

When destructive winds are anticipated in the following 24 hours, condition TWO is announced.

Personnel will be recalled from the field and routine training and non-emergency activities will be secured.

Hurricane shelters or evacuee reception centers opened during the setting of condition TWO remain in a constant state of preparation including emergency ra-

tions and water, low-lying areas, and within a 24-hour period, bedding, food, medical supplies, military uniforms, protective clothing, and more.

Shelter Locations

Shelters are located in the following buildings: Camp Geiger, Medical Aid Station, Montford Point, 300 and 700, Hadnot Point, H-4, Naval Hospital, RR-9, Rifle Range, and 208 (for small children) and the Marine Corps Air Facility, New River. Dependents are evacuated from their homes and are dispatched to the shelters.

Children Instructions

If Condition TWO is announced during school hours, all children will be dispatched to their homes or to the shelters. Transportation will be provided for dependents who have no transportation and will be delivered to the reception centers.

Dependents are required to report to the shelter within 24 hours of the announcement. Dependents are required to report to the shelter within 24 hours of the announcement.

Leave Your Home Only After You:

- Can evacuate without delay.
- Secure window shutters.
- Secure all loose objects.
- Gather necessary shelter items.
- Know shelter locations.
- Turn off all appliances.
- Make a final check before departing.

en when it is evident that destructive storms are imminent in this area.

During Condition ONE, listen to your radio for latest weather reports. Don't go outside during the storm. Stay away from windows, especially on windward side of building, to prevent injury from possible broken glass. Close any draperies or venetian blinds to reduce possibility of injury from broken glass.

Stay Indoors

Occupants should stay in rooms on the leeward side or end of building. Windows on leeward side (side away from which the wind is blowing) should be opened.

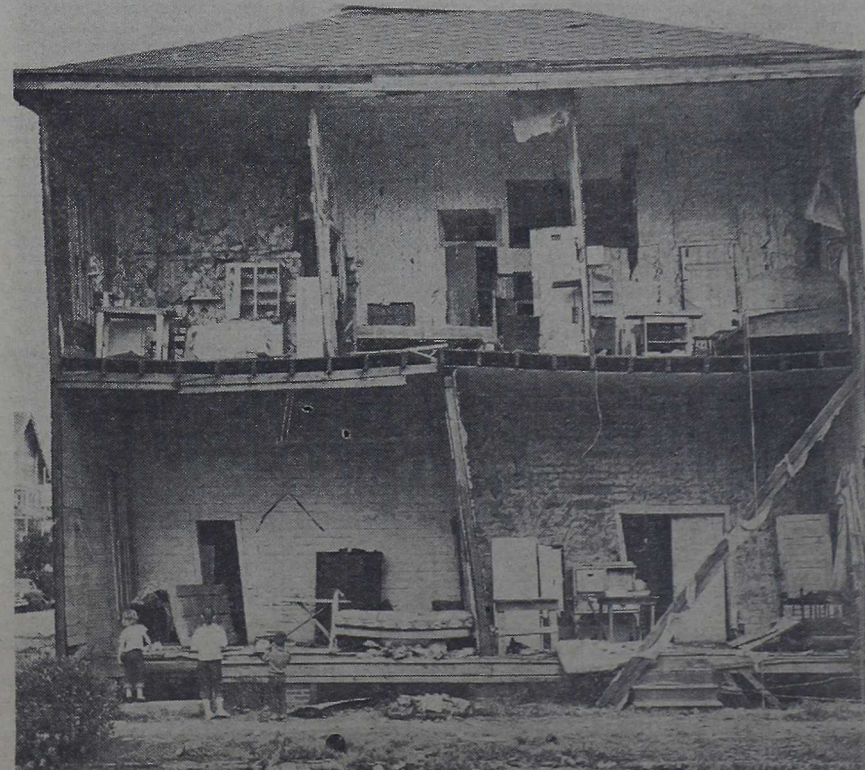

Also, dependents are urged to use only essential electrical appliances and a minimum of lighting fixtures during Conditions ONE and TWO.

While the responsibility of preparations and coordination in the wake of a hurricane is that of the Base Disaster Control Center, the welfare of your family is up to you. Take all precautions and stay informed.

bile radios are of value in case of electrical failure.

Set Radio at 1522

When Condition TWO is set, the Base will activate a Hurricane Information Center. You may tune your radio to 1522 for Base hurricane information.

Loose material and movable objects such as garbage cans and lids, porch and lawn furniture, children's toys and wading pools should be placed where there is no danger of their being lifted or blown away.

Radio and TV antennas, window shutters, movable awnings, or exterior screen doors that may be damaged should be secured.

Prepare Emergency Food

Check your supply of food, medicines, flashlights, batteries, candles, and lanterns since electrical power failure for indefinite periods can usually be expected. Persons with electric cookstoves should have food on hand that does not require cooking. Other facilities for emergency cooking are butane or kerosene camping stoves, canned heat, out-

door barbecue grills, and fireplaces.

Persons should learn the location of the closest hurricane shelter. Don't wait until the last minute, or after the high winds strike if planning to use those facilities. Also bathtubs, bottles and cooking utensils should be filled with water.

Condition ONE

Upon establishment of Condition ONE final precautionary measures will be taken.

SCORE SAVING SNAG—Marine fleet footed halfback Darrell Fitts saves a "Doughboy" touchdown and ends a 82-yard drive as he intercepts a pass from quarterback Marvin Tibbetts on his own three-yard stripe. Fitts returned the pigskin to the Marines' 26. (Photo by Mr. P. D. Reid, Fort Benning Photo Lab)

Lejeune Suffers 21-14 Setback From Fort Benning In Opener

By SSgt. Jerry Minger

FORT BENNING, GA. — The small but mighty Camp Lejeune Marines opened their 1962 season last Friday night falling to the stronger Fort Benning, Ga., "Doughboys" 21-14 in what Marine Head Coach Capt. Phil Monahan claimed was his toughest contest of the year.

"They are the best service team I've ever seen," said Monahan.

The soldiers, outweighing the Leathernecks about 20 pounds per man, scored the first time they got their hands on the ball.

Taking the opening kick-off, they hit the scoreboard with 6:57 remaining in the first quarter to climax a 79-yard drive with quarterback Marvin Tibbetts, former Georgia Tech field general going over on an option play from the nine. Guard Sam Stellatella from

Penn State made his first conversion attempt good for the 7-0 score.

Most of the "Doughboy" attack was handled by halfbacks Bobby Towns, of the University of Georgia and Ron Quillen aided by powerdriving fullback Wallace Johnson from Oklahoma University.

The Marines, suffering from first game jitters, settled down defensively following the opening score and the remainder of the quarter developed into a defensive battle. Each team was forced to punt twice.

Second Score

Getting possession of the ball on the Lejeune 35 following a Marine punt, the soldiers started off the second quarter like the first, hitting pay dirt with 9:16 remaining in the first half.

Moving 35 yards in seven plays,

the key play was a pass betts to another former Tech star, end Fred Muning the offense to the Lejeune then streaked around for the tally with Stella hitting the uprights the 14-0 score.

Marines Tally

Lejeune's first score Benning's kick-off with halfback Dan Droze taking his own nine and streak the sidelines 85 yards before being caught by Army halfback Hobby on the Doughboy.

Vince Cesare then came pass to end Lawson Man end zone for the TD. Cesare made good his first conversion attempt setting the score 14-7 with 7:39 left.

The Soldiers, never their attack, moved 92 15 plays following Rix' only to be halted on the three when halfback Dan snagged a pass from Tibbetts back to his own.

The Leathernecks remained possession of the pigskin remainder of the half with Cesare hitting Fitts on the 39 for the first Marine score of the game. The half saw Brewster Hobby intercept from Cesare on the Army 10.

Dominating nearly a first half, the "Doughboys" up 102 yards rushing through the air in 11 first downs while holding the visitors to first down, seven yards out of and 32 yards passing. Benning tied for three of six passes with interception while Lejeune three of eight with one interception.

Second Half

Playing on more even terms the second half, the Leathernecks allowed Benning yards on the ground and in the air while racking up 57 yards and 46 through the air. The third stanza developed into a defensive battle with the visitors unable to score. A fumble by Lejeune in the quarter set the score 14-14 in the final period.

Opening the final period, back Jim Beck carried where Ed Hatchett went to tackle for the score. Rix hit his second conversion the score 14-14 with 14:21 in the game.

The remainder of the game a hard fought defensive battle the Doughboys getting the winning break as they Lejeune drive on the Benning when the Leathernecks gain a first down.

After moving to the stripe Bobby Towns carried for the winning score remaining on the clock. Stellatella again hit the uprights the final score at 21-14.

Coach Monahan commended the bruising battle said, "some costly mistakes, but a lot from them and they help us be ready for the 'Goshawks' next week." "My second team played well, and after ironing wrinkles, we'll be ready to stop for the remainder of the season," he added.

GLOBE SPORTS

Varsity Faces Tough Test With Pensacola Saturday

After suffering a 21-14 setback in their season's opener last Saturday against Ft. Benning, the Lejeune Marines travel south again as they invade the Pensacola Naval Air Station to take on the always-tough Navy Goshawks this Saturday.

This contest has become a classic between the two arch-rivals. Beginning in 1953, the Lejeune

Marines won nine games in a row before suffering a 19-0 loss in 1959. The Marines also lost in 1960, shut-out again, 32-0. In '61, behind the guidance of Phil Monahan, the Marines moved back into the win column with a 17-15 upset over the heavily-touted Goshawks.

Golf Slices

Some people think the Paradise Point Golf courses are for only those who have already mastered the relaxing game. This is not the case, and in an attempt to thwart such ideas, Base Order 1710.19 has encouraged newcomers to play the courses regularly.

The order states, "Beginners are encouraged to use the practice facilities provided and to qualify for play as rapidly as possible. The NCO in Charge of the Course will schedule beginners' clinics each month from April through October."

The courses are also open to children with certain provisions. The order further states, "Children under the age of twelve years are not allowed on the course unless in possession of a valid permit and accompanied by an adult over 17 years old." This stipulation is for your benefit as well as the child's.

Both Paradise Point courses are designed for your benefit. Leave the course the way you would want it to be when you start to play.

Devil Fish To Swim Against Fort Bragg

The Camp Lejeune dependents' swimming team, recently named the Devil Fish, will play host to the Fort Bragg dependent swim team in the Area 3 pool at 2 p.m. this Saturday.

This will be the third meeting of the two teams this year with the series standing even at one win apiece. Competition will be divided in age groups, 8 and under, 9 and 10, 11 and 12, 13 and 14, and 15 to 17 years of age, for both boys and girls. Only team members are eligible for the meet. This meet is open to spectators.

Last year the Goshawks posted a season slate of six wins, four losses, which included a 21-15 victory over the San Diego Marines in the Leatherneck Bowl. Their only loss to service competition was to the Lejeune Marines.

This year's Goshawks squad is coached by a former Naval Academy star, Bob Zastrow. It is his first season as head coach, but Zastrow has been with Pensacola before. In 1958, he was backfield and offense coach under Jess Miller and in 1959 under Paul Tetreault.

Pensacola again looks as well balanced as last season. Although there are only seven returnees from the '61 squad, these second and third year men with the Goshawks are all top caliber.

At quarterback this year the Goshawks will go with either Bob Bunch or Walt Howard, both veterans of the '61 squad. Both quarterbacks played in the shadows of Joe Tranchini last year and each boasts four years experience with top college eleven. Bunch played his college ball at the University of South Carolina while Howard starred at Georgia Tech.

After this Saturday's classic, the Lejeune Marines will return home where they will get a week's rest before resuming their schedule on Oct. 6, against Ft. Belvoir at Liversedge Field.

FITTS AGAIN???—Lejeune halfback Darrell Fitts becomes an immovable object for Fort Benning quarterback Marvin Tibbetts as he attempts to sweep around right end on an option play. Fitts, sparking the Marine defense, made himself a big nuisance to Tibbetts and the "Doughboy" offense throughout the evening. (Photo by Mr. P. D. Reid, Fort Benning Photo Lab)

Fall Sailing Series Opens With Pair Taking Honors

After a brief period of inactivity, the Camp Lejeune Sailing Committee resumed action last Sunday with the first race of a six-race Fall Sailing Series resulting in a dead heat for first place between Breck Lardner and L. G. Prickett.

The race was marked by excellent competition and the lead position was constantly changing throughout the contest. Finishing third was Dr. Blair Webb, followed by L. S. VanGaasbeek.

Because of the overcast weather, there were only five boats participating in the event but it is hoped that a greater turnout will show for the next five races in the series.

Races will be conducted on Sept. 23, and 30, and Oct. 14, 21, and 28. There will be prizes for the winners of each individual race and trophies for the first three places in the series. The winner will be judged on total points accumulated from four of six races in the series, so that allowances may be made for an individual missing one or two of the six scheduled races.

All personnel interested in sailing and who possess a valid sailing license are encouraged to participate in the races. Several of those entered in the Summer Series had only limited experience but found that they were not alone in that category, as evidenced by the closeness in the final standings.

The Club has also scheduled a few appearances during the fall and winter months. There are also regular Quad-Command vs Cherry Point regattas, scheduled as the committee sees fit.

Based on the amount of interest in sailing during the current Fall series, there may also be an All-East Coast Regatta and an Invitational Regatta with the Carolina Yacht Club from Wilmington. Details of these races will be published at a later date.

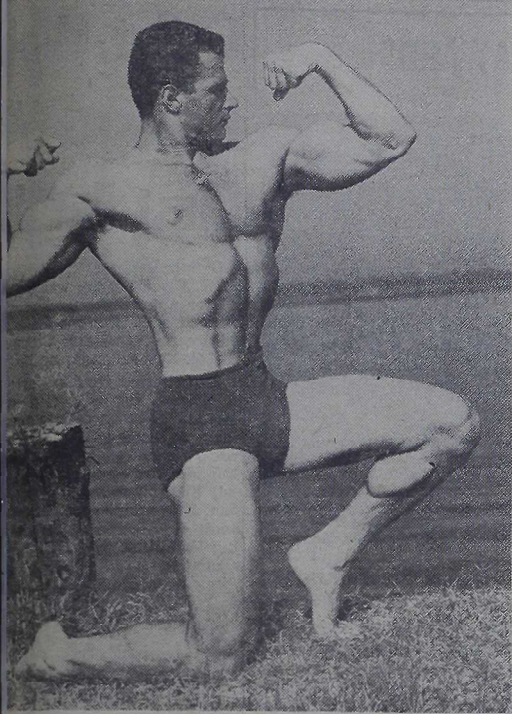

Four Army Squads Open ECIC Action Over The Weekend

Four Army gridiron teams open their 1962 East Coast Interservice Conference schedule this weekend while the remaining three eleven will have to wait until next week before they see conference action.

Getting the ball rolling this year, the Fort Belvoir Engineers will play host to Fort Lee tomorrow evening while Fort Dix and Fort Devens will see action on Sunday in New England.

Non-conference tilts round out action over the weekend with last year's champions, Fort Eustis traveling to Massachusetts to tackle the Springfield Athletic Assn. on Saturday evening.

Also on Saturday, the strong Quantico Marines, will travel to Oxford, Ohio, to face Miami University, while Lejeune will meet the Pensacola Goshawks.

Larry Cianchetta, Mr. Muscles

Mr. America Candidate Places High

Pfc Larry Cianchetta of Comm. Co., Hq. Bn., 2d Division, better known as Larry Powers in the world of muscle builders, took second place in the Mr. America contest and followed up with a third place finish in the Mr. Universe competition last weekend at the Brooklyn Academy of Music in New York.

The contests, staged in New York this year, featured a list of some 32 top musclemen from all parts of the United States for the Mr. America contest while an additional 24 international body-builders were entered in the Universe contest.

Larry was also voted the Most Muscular contestant in the competition. Representing the Marine Corps, he competed in the 5-foot-8 and up height class. He placed second to Larry Scott in Mr. America and third to George Eiferman and Scott for Mr. Universe honors.

In last year's competition, Larry won the Mr. America Height class title and finished third in the overall event.

The 23-year-old musclemen hails from Staten Island, N. Y., where he is a member of the 4th Communications Bn., Marine Corps Reserve. He is serving at Lejeune as a six-month active duty reservist.

Larry also holds the titles of Mr. Staten Island, Mr. New York Coast and Mr. Iron Man.

There is to be a story about Larry in the January issue of Muscle Builder Magazine and he is currently appearing on the cover of the December issue of that magazine.

Mixed Tennis Tourney

The Camp Lejeune Youth Community Activities Committee has announced the start of the mixed doubles Tennis Tournament beginning Saturday, Sept. 22.

The matches will be held on the Paradise Point tennis courts, with prizes being offered for the winners and runners-up.

To enter the event, contact Mr. Selwyn Orcutt at 7-5528.

Our Toughest Opponents

Although Lejeune head coach Capt. Phil Monahan commented that he was disappointed with the loss to Ft. Benning last Saturday, he also stated that he was pleased with the Marines' performance throughout the game.

"This is the toughest team we will be facing this season and the mistakes we made in this game were not only fatal but very valuable to us," the coach said. "We'll correct these errors prior to the Pensacola game," he continued.

Monahan said, "It was more like playing against a pro team than just an ordinary service team."

Does Not Change Standings

Although Lejeune suffered their initial loss last Saturday, the setback, included in the overall season record, does not hurt Lejeune's chances for taking conference honors. The Marines do not open their conference play until Oct. 6, against Ft. Belvoir.

Players Of The Week

Halfback Ed Hatchett, the only member of Lejeune's varsity from Marine Corps Base, and fullback Frank Long, in his second year with Lejeune, share the spotlight as Players of the Week.

Hatchett, a 180 lb. first year man from Jackson, Miss., was instrumental throughout the contest and scored Lejeune's second touchdown of the evening which tied the score early in the fourth quarter.

Long, a member of Division's 2d Pioneer Bn., received the nod from Monahan for his defensive work.

Two More Not Mentioned

Although not mentioned by Monahan in his selections, a vote of praise must be given to both Darrell Fitts and Dan Droze for their excellent play in the opener.

Fitts, a member of Quantico's powerful grid squad last season, was the spark in the entire Lejeune defense, including a brilliant interception on the three-yard line, which would have been a sure touchdown.

And what did Droze do? Just a pair of kickoff returns, one for 85 yards to the Benning five, which set up the first Lejeune touchdown, and a less spectacular 25-yard return. His 85-yard jaunt was the highlight of the game.

Lejeune Boys' Grid League Kicks Action Saturday

Lejeune Boys League football action again this Saturday a full slate of games for the Tiny-Tots. In the first game, the Vikings in a 1 p.m. game, get out of the cellar. The Lions are tied for last place. In the second game, the Lions Browns. This clash will be minutes after the first concluded.

The action will pit the Middle Colts against the Redskins while the league leading Eagles in the second of the day. Sunday's game begins at 1:15 p.m.

In the past weekend, the Vikings behind a strong forward line, won the Vikings, 12-6, in the contest. Speedsters Kevin and Ricky Williams scored for the Brown touchdowns. In the first quarter, the Boys League version of Statue of Liberty play and

scouted 10 yards past a napping Viking defense for the score. Williams obliged with the final tally of the day in the last quarter by going around end, running 41 yards for the game winning touchdown.

Sunday's doubleheader opened with the league leading Bears coming from behind in the third quarter to edge the Redskins, 7-6.

The Skins broke into the scoring column first, scoring on a 31 yard pass play from Milt Ortiz to Carl Wiggins for the only tally in the opening quarter.

Down, but not out, the Bears bounced back in the third quarter to tie the score when Al Bartholomew burst over the goal line for 6 points. He also added the game winning extra point.

In the final contest of the afternoon, the Eagles pulled off the surprise of the new season by upsetting the highly favored Colts, 18-13, in a free scoring contest.

The Colts broke the ice when halfback Jack Ferris broke over from 15 yards out for a score. The Eagles, behind the passing and running of Bruce Williams, came right back with a 32 yard sprint for their initial score.

In the second period, Williams tossed a 40 yard pass to Eagle end Musick who dashed into the end zone to boost the Eagle lead to 12-7.

The Eagles took a commanding lead in the third quarter with another score and led 18-7.

Karate Club Begins Class For Novices

The Shorin-Ryu Karate Club, under the direction of Sgt. Sam Pearson, has announced the start of a beginners class next Monday evening, Sept. 24, at 5:30, in their training area at Bldg. 115, the 6th Marines' Gym.

This class is open to all military personnel and dependents in the area. Due to several discharges and transfers the club is in need of new members.

During the recent competition against the Goshin-Ryu club, Thomas W. Stout of the Shorin-Ryu club was meritoriously elevated to 1st degree, green belt for his victory over a brown belt player. This was the only promotion of the club in recent weeks.

'Pups Put Streak On Line Against Hallsboro Friday

With victories over Charles B. Aycock High and East Duplin in successive weeks, the undefeated Lejeune High Devilpups take on Hallsboro tomorrow evening at the Base Intramural Field at 8 p.m.

In an attempt to extend their win streak to three games during the current season and their 17th consecutive victory during regular season play over the last three years.

In last Friday's action, Lejeune quarterback Jim Barrett once again stole the show scoring a touchdown and adding two extra points as he led the fired up Devilpups over East Duplin, 20-7.

Collared through most of the first half, the versatile field general took advantage of his only opportunity and led the Devilpups on a 76-yard march downfield before handing off to Al Kyle, who went the last eight yards for the 'Pup's initial score. Barrett also added the extra point putting the Devilpups in front, 7-0.

Duplin bounced back with their only score of the evening just eight plays following Kyle's score. They also made the extra point attempt good to knot the score at 7-7.

Camp Lejeune had a couple of opportunities for an additional TD before the half ended but a fumble stopped one charge and an interception killed the other.

As the second half started, Lejeune had another opportunity for a quick score but an intercepted pass on the Duplin 20 yard line stifled that attempt.

Duplin could not move the ball from that point, and after the Devilpups took over again, Barrett skirted left end for Lejeune's second score. Barrett also added the extra point on a similar run to push the 'Pups ahead 14-7.

The Devilpups closed out the scoring when, starting from their own 13-yard line, they marched down field once more with Rick Lowder going the final 24 yards for the tally. Barrett, himself, accounted for a 54-yard run during the final scoring drive.

WGA OFFICIALS—Officials of the Women's Golf Association prepare to tee off for the current year after being elected to their present posts in the association last week. They are, right to left, Mrs. Hannah Young, president; Mrs. Edna Kinder, vice president; Carolyn Taff, secretary; Marty Parker, treasurer; Ollie Humphreys, publicity; and Nancy Deemer, tourney chairman. Missing from the photo is June Westmoreland, handicap chairman. (Photo by Pfc C. B. Vardaman)

Bn. Holds Lead Base Intramurals

Quarters Battalion is curbing a slim lead over Corps Supply Schools in the Base Commanding's Rotating Intramural tournament.

Three events remaining on the intramural calendar, the base has amassed 64.5 points while the Supply Schools, who are in second place with 60

points for third place in the base thus far, is just as close. The points separate MS&M third with 45 points from the Engineer Schools with 44 points. Activities remaining on the base are Touch Football, slat under way on Oct. 15, and bowling are slated after the new year.

Neer Given Mast Award For Initiative

Pfc Kenneth R. Neer, of Property Control Division, Supply Department, MCB, was presented with a Meritorious Mast from his Battalion Commander, Col. Wade H. Hitt, for outstanding performance on duty.

The mast read in part: "Since the period of Nov., 1961, to present, Neer has worked with the receiving and issuing section of the Plant Account office, Base Property. His work entailed a systemized accounting system, and account numbers checked and verified for accuracy. Neer took charge of typing all work requests for office machines and delivery and pick up of the machines from the Base Maintenance repair shop. Also, included in his work was the location, disposition, and serviceability of each machine."

The mast further stated that: Neer cleaned and maintained the warehousing typewriter cage in an orderly fashion and has maintained a system of categorizing each typewriter as to the account number and condition. His conscientious attitude, character, and display of initiative far exceeds that of many Marines senior to him and with much more experience."

The letter was made a permanent part of Neer's service record book.

Students Set New Average At FT School

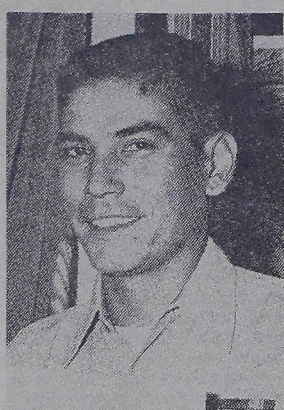

The Force Troops Clerical School graduated a class of 27 students on September 7 in the Personnel Administration Course 4-62. The class broke two records for the course, setting an all-time high 91.25 percent class average. The second record was set by the top graduate, Cpl. Gene H. Haga, of MCES, MCB, who made a score of 99 percent for the three week course.

Second place honors went to LCpl. Earl J. Burak of 2d FSR, who finished with an average of 97.67 percent, while third place was taken by SSgt. John L. Garrett, Jr., of 8th Comm Bn., with an average of 97.33 percent.

The personnel attending the school were:

1. Cpl. Gene H. Haga, MCES, MCB, 99 percent.
2. LCpl. Earl J. Burak, 2d FSR, 97.67 percent.
3. SSgt. John L. Garrett, Jr., 8th Comm Bn., 97.33 percent.
4. Pfc John M. Torre, 2d FSR, 95.33 percent.
5. Cpl. Larry L. Zornes, 2d FSR, 94.33 percent.
6. Cpl. Robert H. Wilkes, 2d FSR, 94.33 percent.
7. Pfc Gerald MacBrair, 2d AmTracBn., 92.67 percent.
8. Sgt. Delbert F. Wisniewski, 2d FSR, 92.33 percent.
9. Pfc William W. Cook, 2d BridgeCo., 91.33 percent.
10. Pfc David A. Boroughs, 2d AmTrac Bn., 90.00 percent.
11. Pfc James A. Miner, 2d TopoCo., 90.33 percent.
12. Pfc Robert K. Coleman, 2d ANG-LICO, 88.67 percent.
13. Pfc Stephen J. Casbon, Jr., 2d AmTracBn., 88.67 percent.
14. LCpl. Richard A. Colesanti, 2d FSR, 90.00 percent.
15. Pfc Glenn J. Martin, 2d AmTracBn., 87.00 percent.
16. Pfc Ronald S. Morton, 2d AmTrac Bn., 85.67 percent.
17. Pfc Sherman H. Lawson, 2d AmTrac Bn., 85.67 percent.
18. Pfc Dennis M. Albert, 2d TankBn., 85.33 percent.
19. Pfc James F. Outh, 2d FSR, 83.67 percent.
20. Pfc James M. Milsch, Jr., 2d FSR, 82.67 percent.
21. Pfc James N. Guy, 2d FSR, 82.67 percent.
22. Pfc Henry C. Austin, 2d TankBn., 82.33 percent.
23. Pfc Robert M. Spradley, 2d FSR, 82.33 percent.
24. Pfc John E. Nichols, 8th MTBn., 80.67 percent.

LEATHERNECK MARKSMANSHIP AWARDS

LEATHERNECK — Good shooting paid off for Sgt. Adolfo Ochoa, a cannoneer with Btry. "D," 2d Bn., 10th Marines, as he receives a Leatherneck Magazine Award of \$10, a bronze medal and a certificate. Sergeant Ochoa shot a score of 236x250 at the Camp Lejeune range last February to qualify for the award.

MARKSMANSHIP — LCpl. Leslie C. King, Hq. Btry., 10th Marines, 2d Division, receives a Leatherneck certificate from his Battery Commander, Capt. J. F. Moody, for qualifying with a score of 233x250 with the new M-14 rifle. LCpl. King is presently serving as Regimental Assistant Operations Chief. (Photo by Cpl. Don H. Gee)

AWARDS — Cpl. Donald L. Chapell of H&S Bn., 2d FSR, was congratulated and presented a bronze medal, a certificate and a check for \$10 for firing a score of 237x250 in Division "B" for the first quarter of the 11th Annual Rifle Marksmanship Competition conducted by Leatherneck Magazine.

GySgt. White Honored Mast For Initiative

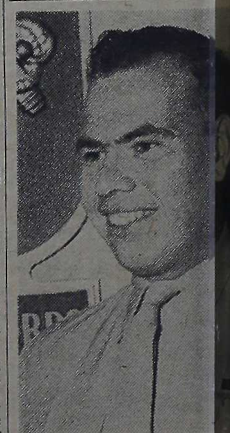

GySgt. Raphael C. White, 2d FSR, was cited for noteworthy performance on duty at a Meritorious Mast awarded by Acting Group Commander, Lt. Col. Nels A. Anderson.

The citation read in part: "Except for a period of months when an officer was temporarily assigned as the Meteorological Officer, GySgt. White, the Meteorological Officer, 2d Field Artillery Group, Jan. 1 through July 22 of 1961, while the lieutenant regulating this billet was TAD instruction."

GYSGT. R. C. WHITE

"During this seven month period, White performed his duties in an exemplary manner. With absolute minimum of supervision, through his initiative and sound judgment he conducted the meteorological section of the group, maintaining an outstanding condition of respect to training, maintenance of equipment, and condition of supplies. Sgt. White is thorough in all the facets of his work. Meteorology with a great deal of this knowledge being gained through self study. His adherence to the finest of the service profession served as an inspiration to all who have come in contact with him. It is with extreme pleasure I commend Gunner White for his performance during the absence of him as a commissioned superior officer. The letter was made a permanent part of the sergeant's record book."

DEVOTION TO DUTY — Henry L. McRobie, Hq. Bn., 2d Division, receives meritorious mast certificate and congratulations from Battalion Commander, Lt. Col. J. Grussendorf, at a ceremony held in the colonel's office. McRobie was commended for "outstanding devotion to duty while assigned to Hq. Bn., 2d Division." McRobie is Plans Chief for the Division's barkation Section. (Photo by D. R. Paul.)

Quad Command Notes

Reenlistments

MARINE CORPS BASE:

GySgt. William M. Howell, three years. SSgt. James Brunson, two years. GySgt. Frederick J. Cole, six years. GySgt. Henry A. Forvender, Jr., six years. Sgt. Robert W. Kirk, two years. SSgt. Thomas J. Hager and Sgt. James E. Rachal, extended for one year. LCpl. Edna J. Burford, extended for nine months. GySgt. M. Scaturro, two years. SSgt. Joseph K. McKendrick, four years. Sgt. Earl E. Williams, six years. GySgt. Harry L. Smith and Pfc Tommy L. Crawford, extended for one year. LCpl. Glenn W. Webb, extended for two years. Cpl. John S. Sweitzer, six years. Cpl. Clifford E. Bounds, extended for two years. GySgt. John M. Llewellyn, extended for nine months. Pfc James R. Downing, extended for three months. GySgt. John L. Meravy, Jr., six years. Sgt. Billy I. Robinson, six years. Cpl. James O. Ward, six years. Sgt. Mitchell J. Sutherland, extended for one year. Pfc Douglas O. White, six years. Sgt. F. W. Sprow, six years. SSgt. H. Lantz, four years. Cpl. Douglas B. Archer, six years. SSgt. Ernest W. Beers, three years. MSgt. C. B. Allgood, two years. All men members of Headquarters and Service Battalion.

SSgt. Jack C. McCallister, six

years. SSgt. Carville B. Ewing, six years. GySgt. Harley W. Smith, two years. GySgt. Edward L. Lambert, two years. Cpl. Peter C. Drummond, extended for two years. LCpl. Herbert O. Purdy, extended for three years. All men members of Marine Corps Engineer Schools.

Cpl. S. R. Roberts, six years. LCpl. J. A. Keeling, six years. Sgt. E. J. Jones, six years. MSgt. J. P. Zeller, four years. Sgt. D. Floyd, extended for one year. GySgt. W. L. Hawkins, extended for three years. All men members of Base Material Battalion.

Sgt. J. Kappel, six years. LCpl. Fred M. Evans, extended for six months. Sgt. Marvin E. Kinshella, six years. All men members of 1st ITR.

NAVAL HOSPITAL:

HMI Kenneth E. Rogers, six years.

2D MARINE DIVISION:

SSgt. Thomas A. George, Comm. Co., Hq. Bn., six years.

Cpl. Dennis A. Northrop, Comm. Co., Hq. Bn., six years.

MSgt. Bernard W. Neaton, Serv. Co., Hq. Bn. four years.

LCpl. Ronald Spurrier, 1st Bn., 2d Marines, six years.

HMI Stephen B. Yeager, 2d Motor Transport Bn., six years.

Sgt. Don Edward Patchen, 3d Bn., 10th Marines, six years.

LCpl. William F. Zack, 3d Bn., 2d Marines, six years.

FORCE TROOPS:

Sgt. M. E. Turner, 2d FSR, six years.

Cpl. K. J. Donohue, 2d AmTracBn., extended six months.

Cpl. C. S. Cowan, 2d FSR, extended two years.

Cpl. R. R. Christopher, 2d AmTracBn., extended six months.

LCpl. B. J. Burke, 2d FSR, extended one year.

Cpl. E. W. Arthur, 2d AmTracBn., extended two years.

GySgt. J. W. Brewer, 8th Engr Bn., three years.

LCpl. J. M. Schoolcraft, 2d AmTracBn., extended six months.

GySgt. R. E. Elston, 8th EngrBn., six years.

SSgt. W. N. Wilson, 8th EngrBn., six years.

DTC W. J. Carroll, 4th Dental Co., four years.

SSgt. W. Cannon, Jr., 8th Engr Bn., six years.

Promotions

FORCE TROOPS:

LCpls. R. E. Gilmer, L. B. Mitchener, Jr., D. R. Alejon, H. P. Bond, W. S. Deroski, M. C. Harrigan, J. E. Lightfoot, F. Oats, Jr., L. P. Palmer, R. D. Race, J. E. Silva, H. Mills and R. W. Pingle, 2d FSR.

Pfc's O. M. Erwin, P. Mack, Jr., G. C. Massey, D. C. Messerly, V. E. Steward, 2d FSR.

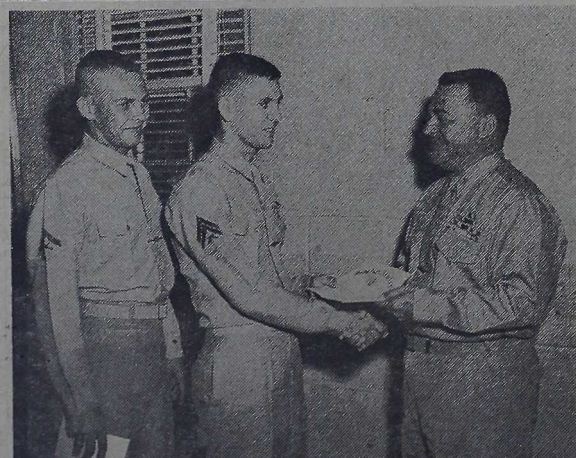

Topo Company Wins NIS Agency Award

Force Troops' 2d Topographic Company received the first Central Intelligence Agency award ever given to a Marine Corps unit.

Capt. Arthur B. Vance, Topo's commanding officer, accepted the commendation on behalf of his men, which read, in part:

"2d Topographic Company, Fleet Marine Force, Atlantic is hereby awarded the NIS Commendation for superior performance over the past decade in the collection of the amphibious information essential to the production and maintenance of intelligence on coasts and landing beaches for the National Intelligence Survey."

"All members of this unit have demonstrated outstanding initiative and individual performance in the acquisition of this information which is a key part of the NIS global collection-research-production program and assures the continuing reliability of coast and landing beach intelligence in the National Intelligence Survey."

TOP STUDENTS — The two top graduates of the Force Troops Clerical School Personnel Administration Course 4-62 were congratulated by Force Troops Assistant G-3 officer, Maj. W. C. Barrett, right, after graduation exercises. The top two students were LCpl. E. J. Burak, left, of 2d FSR, who finished second in the class with a 97.67 percent, and Cpl. G. H. Haga, center, of MCES, MCB, who set an all-time record in the school, finishing first with an average of 99 percent.

WELCOMED—Welcoming new members into the International Wives' Club are Mrs. P. H. Millichap, standing, club president, and left to right, Mrs. Kenneth B. Boyle, membership chairman, Mrs. H. E. Knapp Jr., treasurer of the International Wives' Club. A sign-up took place at the OWC Welcome Tea held Monday at the Paradise Point Club. (Photo by Pfc J. B. McKinley)

Club Views Fall's Flair Of Fashions

Members of the Staff NCO Wives' Club and their guests will view the latest fall fashions at an "Autumn Fantasy" luncheon and fashion show Tuesday, Oct. 2 at the Hadnot Point Staff NCO Annex. The luncheon will begin at 11:30 a.m. and is included in the price of the tickets which may be obtained by contacting Hester Delano at 346-3734 or Lynn Denhup at 5856 Delaware St., Berkeley Manor.

Fashions will be modeled to the accompaniment of the "Starlighters," a combo made up of men from Force Troops. The commentator will be Marge Haskins.

Modeling the clothes will be Mesdames: John Glynn, Rodney Hoyt, Francis Inman, Cecil Chambers, Rodney Burns, Horace Cline, Armond Nadeau, Albert Benson and Kenneth Rogers. Children models are Annette Nadeau and Steven West.

In charge of publicity and lighting is Peg Vegass. Modeling counselor is Mrs. James Riemer.

Guild Members Ask Protestant Women To Attend Meetings

The Protestant Women's Guild meets monthly for an hour of Christian fellowship. This year's theme is Religion International, a study of world-wide religious influence on art, literature and culture. The first meeting to be held Monday, Sept. 24 at 9:30 a.m. in Building 67 will include a panel discussion on denominations of the Protestant Church.

Meetings of the Guild are held each fourth Monday and consist of a short business discussion, devotion by one of the members and a presentation by a guest speaker. Refreshments are then served.

The charitable project of the Guild is the support of the Vieques Island Mission. Through letters from missionaries in charge and reports from various chaplains who have visited the mission while on tour in Vieques, the members have received assurance that this is a worthwhile project.

Anyone wishing to donate shoes or summer clothing to the mission is asked to call 6-6394 or bring it to MOQ 2508.

Whether attendance will be regular or occasional, all are encouraged to join the Guild. For more information contact Mrs. J. W. Wagenseil, Guild President, at 6-6322.

Wives Learn Skin Care, Select Officer Nominees

Members of the Geiger Wives' Club met last week for a skin care lecture and demonstration given by Mrs. Ossi Wells, Geiger Community Director, and to choose candidates for the coming club officers' election.

Mrs. Wells is now organizing a Self-Improvement Workshop for Geiger wives. The lecture she gave at last week's meeting was the first in the series. Discussed were: facial radiance, what shape of glasses to wear depending on the outline of the face, posture and head carriage, proper skin care and a few recipes for creams and astringents.

These lectures will be given monthly and will include such topics as: make-up, proper grooming, clothing, color coordinates and the wearing of jewelry.

Mrs. Wells is an honor graduate of the College of Dermetics in Vienna, Austria. She has also attended beauty culture school in the United States and operated her own facial and dermatics salon in Travis City, Mich. While in Los Angeles she worked in a studio where Hollywood stars received facial and make-up hints.

Nominees chosen for the coming election were: president, Marylan Martin, Teena Renford and Lorraine Lucks; vice-president, Carrol Bennet and Judy Zorens; secretary, Sarah Sparkman, Roseanna Watson

and Ruth Jones; treasurer, Joanne Huegel and Raycene Brown, Sgt. at arms, Ruth Price, JoAnne Grafton and Kay Phillips.

Activities Calendar

MIDWAY PARK WIVES
Members of the Midway Park Wives Club will have a luncheon at the Jacksonville USO Sept. 27.

GEIGER WIVES
An Installation Tea will be held by members of the Geiger Wives Club Sept. 25 at 11 a.m. in the Geiger Community Center. A Family Clinic is held the first Tuesday of each month from 9 a.m. to 3 p.m. Ceramics instructions are on Wednesday and Thursday from 2 to 4 p.m.

MCAF STAFF WIVES
Tuesday, Sept. 25 at 7:30 p.m. in the Air Facility Chapel classroom, Mrs. Martha Russel will give a cosmetic demonstration. All Air Facility staff wives are invited to attend. Members of the club will make their semi-monthly visit to the Onslow Pines Rest Home Wednesday, Sept. 26. Providing refreshments will be Mrs. Doris Cox, Mrs. Florence Hill, Mrs. Marge Frost and Mrs. JoAnn Daniel.

BEAUTY TREATMENT—Mrs. Ossi Wells, Geiger Community Director, demonstrates on Mrs. Carl Eubanks during a skin care lecture she gave at the Geiger Wives' Club meeting last week. Mrs. Wells hopes to continue these lectures monthly in the form of a Self-Improvement Workshop. (Photo by Pfc J. C. Thompson)

DIVISION CONTENDERS—Two of the three squads representing the 2d Marine Division in the "Best Squad in the Marine Corps" competition being conducted at Quantico are: (Left) 1st Squad, 2d Platoon, "H" Co., 2d Bn., 8th Marines, comprised of (left to right, bottom) Cpl. Joseph L. McNerney Jr., squad leader, LCpl. William D. Tissue, Pfc John Pastore Jr., Pfc Kenneth F. Palmer, Pfc Richard W. Cole, Pfc William W. Connors, and Pfc John O. Lauer; back row, LCpl. Burton R. Johnson, Pfc

Ronald Talbot, LCpl. Paul F. Granroos, Pfc Zandal Spell, Pfc Prince E. Allen, Pfc Harvey Mills.

Representing the 2d Marines is the 1st Squad, 2d Platoon, "I" Co., 3d Bn. (left to right, bottom) Sgt. Dennis D. Dooley, squad leader, Pfc Thomas A. A. Pfc Lucien R. R. Gigure, Pfc John P. Wattu, Pfc Jesse M. Cotto, Pfc Frederic zur, and Pfc Angel F. Martinez; back row, LCpl. Driscoll K. Bell, LCpl. Al Hockaday, Cpl. R. J. Lester, Pvt. Marvin Frye, LCpl. Juris Frieman and Pfc T. Flynn. (Photos by Sgt. G. G. Poff)

It Finally Happened; J. Doe On Active Duty

The man with his name on more sample forms and advertisements than he has had time to read has reported to the Marine Corps Recruit Depot, San Diego, Calif. His name is John Doe.

Check Stoves; Winter's Near

Hurricane warnings, football games, and green leaves turning brown remind us once again that winter is right around the corner. With the coming of winter anyone using a heating stove should hold a complete cleaning and check for useability before the first frost arrives.

Also units requiring fuel deliveries other than housing area are to observe the following:

- Have more than one 55 gallon drum.
- Make sure drums and tanks have plugs.
- Measure your fuel frequently.
- Order only when requirement is more than 55 gallons.
- Do not wait until tank is empty to order.
- Order correct type of fuel.
- Place orders at least one day prior to requirement.
- Call 7-5168 for fuel deliveries.

Dependents occupying government quarters need not order fuel as Base Maintenance controls fuel for the housing areas through civilian contracts.

These fuel tanks are serviced on a routine schedule relieving personnel occupying quarters of the problems of checking fuel level and ordering fuel.

USAFI High School Class Starts Oct. 15

High school classes in English, Bookkeeping and Accounting, American Government, Business Law and Review Mathematics will begin Oct. 15. Classes will last 10 weeks with two periods each week.

This USAFI off-duty high school program has been inaugurated for Marines in the area who wish to continue their high school education. Placement tests will be given in Mess Hall 211 on Oct. 1 and 2 at 8 p.m.

Anyone who has previously taken the USAFI Achievement Test should contact the Base Education Officer at 7-5572 or 7-5121 to make arrangements for enrollment. Registration for those who complete the achievement tests will be from Oct. 8 through 12. Forms for registration must be obtained from the Base Education Office in the main theatre before registration.

Apparently, being John Doe is not among the world's lightest burdens.

"I was refused a job as a stock boy in one of the department stores at home because the man who interviewed me thought I was trying to be a wise guy when I gave him my name," Doe said.

Pvt. Doe does not have to worry about a job for the next few years but he can expect to be on the receiving end of many questions and comments about his name wherever he goes within the Marine Corps.

Jobs were not the only trouble Pvt. Doe had while he was a civilian. "At the first of each school year the teachers always thought I was handing them a line when I turned in my school papers with the name John Doe on them," said Doe. "After they got to know that it was my real name I didn't have any more trouble."

The name John Doe has been used extensively in the Marine Corps as examples for Marines when filling out forms. He will probably see it used this way quite a few times during his stay in the Corps.

Pvt. Doe is not the first member of his family to carry the well-known name. His father, also named John, served a hitch in the Army.

BLT 1/2 Has Left For Mediterranean

Officers and men of 1st Battalion, 2d Marines, reinforced by administrative and tactical elements of other Division units, Force Troops and Marine Corps Base, departed Tuesday for extended training exercises in the Mediterranean.

Commanded by Lt. Col. P. G. Graham, the nearly 2,000 combat equipped Marines embarked aboard ships of Amphibious Squadron Four at Morehead City, N. C.

Marine Air Units from Helicopter Squadron 262, Cherry Point will provide the vertical assault punch during the training exercises.

Capt. James A. Pridmore, commander, Amphibious Squadron Four, will direct the movement to the Mediterranean from his flagship USS Fremont. The captain will shift his flag to the Pocono once in the Mediterranean.

Ships included in the cruise are the amphibious attack transports Fremont and Telfair, attack cargo ship Muliphen, dock landing ships Fort Mandan and Ashland and the tank landing ship Waldo County.

On Dec. 1, 1947, the first Marine Helicopter Squadron, known as HMX-1, was commissioned at Marine Corps Schools, Quantico, Va.

Search To End Friday For Corps' Best Squad

The "Best Rifle Squad in the Marine Corps" will be named tomorrow evening during a sunset parade at Marine Barracks, Eighth and "Eye" streets, Washington, D. C., by the Honorable Mr. Roswell L. Gilpatric, Deputy Secretary of Defense.

Three 13-man rifle squads representing the 2d Division have been competing since Monday with

squads from six other Marine Corps regiments, for top honors.

Units from Lejeune are: 1st Squad, 3d Platoon, "H" Co., 2d Bn., 8th Marines led by Cpl. Joseph L. McNerney; 1st Squad 2d Platoon, "I" Co., 3d Bn., 2d Marines, commanded by Sgt. Dennis D. Dooley; and the 2d Squad, 2d Platoon, "K" Co., 3d Bn., 6th Marines under the direction of Sgt. Joseph A. Canonic.

These squads were selected to represent the 2d Division in a stiff competition with their respective regiments.

Battle field realism is during the competition. Each wears full combat gear including armor. The squad carried round of live ammunition, grenades and smoke grenades.

Half-pound blocks of dynamite to explode with the of the squad and over the explosions giving the effect of live fire along with pop-up targets provide the with a realistic feeling of field conditions.

Until actually landing starting line by helicopter, member of any participant has any idea as to the "land or amount of "energetic" situation.

When dropped behind the starting point, the squad leader has a five-paragraph oral statement of his field mission.

Scoring umpires, all sergeants, mostly from Marine Schools, Quantico, follow through the course and squad leader on his ability and the squad leader in manner it works together "team."

Running time for the approximately two-hour time is not a primary. Each squad is required to four major points of "et distance. Squad leaders to reorganize their men at the initial running with a march back to "friendly."

In 1961, the first-place went to the 1st Squad, 2d "H" Co., 2d Bn., 4th Marine 1st Brigade in Hawaii.

Awards will consist of silver, and bronze medals presented each member of three squads respectively will be officially worn in manner as rifle squad badges.

Marines To Learn Map Reading From Machines

Camp Lejeune is listed among several East Coast stations where Marines are scheduled to learn map-reading by the use of a teaching machine.

Elementary Hebrew Class Is Convened

A course in elementary Hebrew is currently being offered at the Educational Facility of the Jacksonville Synagogue on Wardola Street.

The class is non-denominational and open to Camp Lejeune military personnel and their dependents. There are no registration formalities to worry the prospective student, nor are there any tuition or registration fees.

Basic conversation, reading and writing of Hebrew will be accomplished in this intensified six-week course.

The classes are now in session, meeting Thursdays at 2030. Anyone interested should go to the Synagogue at this time to be enrolled.

The newly-developed machines, called "Autotutors," use both text and pictures to teach students the basics in military map-reading: topographical signs and symbols; use of coordinates, grid systems and scales; orientation, and symbols for military units.

The automated map-reading course will begin about Jan. 1, 1963. Henderson Hall and 13th Infantry Battalion Headquarters, Washington, and Quantico, Cherry Point and Marine Barracks, Norfolk will also get the machines.

The Marine Corps also plans to use Autotutors for instruction in basic electronics at the San Diego training facilities.

Several methods of programmed instruction have been under study for some time at the Development Center at Quantico.

Marine Corps educators say the use of the Autotutor is still in the experimental stage. They plan to compare the results they get from conventional teaching methods before any decision is made to expand or permanently adopt the programmed instruction.

CAMOUFLAGED HOPEFULS—Also representing the 2d Division in the Corps' Best Squad competition at Quantico is the 2d Squad, 2d Platoon, "K" Co., 3d Bn., 6th Marines, made up of (left to right, bottom) Sgt. Joseph A. Canonic, squad leader, Cpl. Joseph L. Reale, Pfc Edward T. Danchwerth,

LCpl. Frankie G. Cornish, LCpl. Daniel LCpl. Marty A. Fancera and LCpl. Joseph Back row, Cpl. Robert N. Arias, LCpl. Benjamin, LCpl. Brian P. Suzik, LCpl. Reine, Cpl. Ronald L. Holland and LCpl. V. Berry. (Photo by Sgt. G. G. Poff)
