

CAMP LEJEUNE, N. C., THURSDAY, JULY 12, 1962

NO. 28

DEATH RIDERS

4 RIDES AGAIN—Camp Lejeune recorded four traffic fatalities this week. The three dead men typify the causes of many accidents.

Indianapolis Speedway driver Duane Carter, presently touring the Base, said that driver education is necessary to cut traffic deaths.

Training Of Drivers Stressed By Carter

Lejeune's 24th traffic fatality of 1962 was recorded this week when a Marine died in the Naval Hospital as the result of injuries received last week in a head-on collision.

One of the top race-car drivers of today commented on these fatalities during his visit here.

Duane Carter, a 10-time contender in the Indianapolis Memorial race, currently visiting Camp Lejeune, says that "driver education" could cut the death and injury figure.

He was interviewed at the field house after his Champion Safety Lectures to Marines from all Commands at Camp Lejeune.

"The lack of driver education and the fact that drivers don't anticipate trouble are responsible for many accidents," Carter said. The graying, soft-spoken veteran racer was emphatic in his arguments for driver education.

"The first couple of months, while the driver is becoming proficient, he fears and respects the car. At that time he is a good driver. But when he gets away from immediate supervision and after he has been driving for awhile he thinks he knows it all."

The fact that drivers of military age are the poorest risks on the highway is borne out by insurance rates.

Carter said, "In Pennsylvania, a married man might not have to pay more than \$34 for the minimum state required insurance. A single man, between the ages of 18 and 25, particularly if he has had two moving violations, has to pay up to \$400 for the same coverage."

"With all the money we spend for war equipment and training men in the service, we can't afford

to lose them in traffic," he added. He recommended that every person reporting to Camp Lejeune, regardless of whether or not they already are licensed, be required to attend a driving school before being issued Base tags.

"Actually," Carter commented, "driver training should be a part of basic training since so many servicemen are required to drive military vehicles."

"I think that if most drivers understood the risk of traffic, they wouldn't drive," he continued. "But they don't and after awhile they begin to cheat a little, expecting everyone else to drive according to the law. Unfortunately, other drivers cheat a little, too."

(Camp Lejeune's "cheating" drivers cost the taxpayers \$3 million one year and will cost them more than that in 1962, according to the Base Safety Office. This includes property damage, medical care, lost man hours, death gratuities and other contributing expenses.)

"The only real solution to the problem is for the driver to become safety conscious," Carter concluded.

He received no argument at Camp Lejeune.

Recon Back From Pisgah

More than 150 Marines of 2d Reconnaissance Battalion returned to Camp Lejeune last week after spending two weeks at Pisgah National Forest in western North Carolina on mountain training problems.

Their trip marked the second time in as many years that Marines of the Division have gone into the rugged area north of Asheville. Another group of Recon Marines are tentatively slated to visit the Pisgah area during fall and winter for cold weather training.

Immediately upon arrival at the mountain area, the Recon Marines took a 26-mile hike to acquaint them with the problems of cross-country marches at high altitude. Much of their route was more than a mile above sea level, and reached a peak of 5,640 feet at the Craggy Gardens summit. Later operations took the Marines as high as 6,000 feet into the Great Smoky Mountains.

During their marches, different patrols were on their own for food and water since one of the requirements was that no re-supply was to be effected.

Pfc Paul A. Borowski, of 2d Platoon, Company "C", supplemented his food supply with a ration of rattlesnake meat. While on patrol, Borowski found his trail barred by five feet of diamond-back rattlesnake. Borowski killed the snake with a rock, and found it had 10 rattles. It also carried enough meat to provide rattlesnake steaks for everyone inclined to share it. Recon troops have refused to comment on how many accepted Borowski's offer.

Pedestrians Get Dismounted Traffic Violators

Court continues the work at Lejeune and the population is steadily decreasing with the increasing number of Marines whose Base privileges have been revoked. The statistics have reflected the Base Safe Driving. Eighteen were enrolled last week. Asterisks denote ordered to the Safe Driving

William J. Barker, "D" Co., MT loss driving; 1 year.
William J. Bourne, 2d FSR, on one-way street; 1 year.
Donald H. O'Gara, MCS, speeding; 1 year.
Donald A. LaClair, MCB, aiding traffic; 1 year.
Donald Roblad, MCB, driving under influence; 1 year.
James R. E. Young, 2d Serv. Bn., under the influence; 1 year.
Harry M. Laurant, 2d FSG, speeding, overloading vehicle, failure right of way; 9 months.
S. L. Jordan, "C" 1/2, speeding; 9 months.
Harry M. Smith, MCES, speeding; 9 months.
George N. Davidson, 2d FSR, 50/35; three months.
Dennis N. McCarthy, 2d Tank Bn., no state registration, no failure to comply with OL reg.; 90 days.
Ul L. Hubbard, 8th Comm. Bn., driving; 90 days.
Fander L. Conly, 2d Serv. Bn., driving; 90 days.
William E. Coble, "L" 3/2, speeding; 45 days.
John L. LaForce, 2d AmTrac, speeding 60/55; 30 days.
Artis L. Neagle, MCB, speeding; 30 days.
Leonard J. Hmel, MCB, speeding; 30 days.
William R. Kemna, 2d AmTrac, 42/35; 30 days.
H. Fleming, 8th Engr. Bn., failure turn signals, no insurance; 34/25; 30 days.
Richard P. Saville, 2d Tank Bn., no license form 400, defective; 30 days.
William C. Gallen, Hq. Co., improper left turn; 6 months.
Robert A. Walker, 2d HARB, improper passing; 6 months.
George F. Barefield, H&S 1/8, in excess of 60 mph; 6 months.
Ronald R. Ayotte, MCB, speeding; 6 months.
Ronald C. Jones, Hq. 1/2, speeding; 6 months.
Marion S. Collins, Hq., Hq. Bn., speeding 50/25; 6 months.
Billy Harshbarger, 8th Comm., failure to yield right of way; 4

Island Bound Unit Collecting Clothes

Making preparations for their forthcoming deployment to the Caribbean, Marines of the 2d Battalion, 2d Marines are beginning an all out drive to collect toys, outgrown clothing and household wares for underprivileged persons as one phase of their People-to-People program.

"We do not have facilities to repair broken toys or mend worn out clothing," said Chaplain Gordon G. Boone, who is in charge of the drive. "What we are mainly

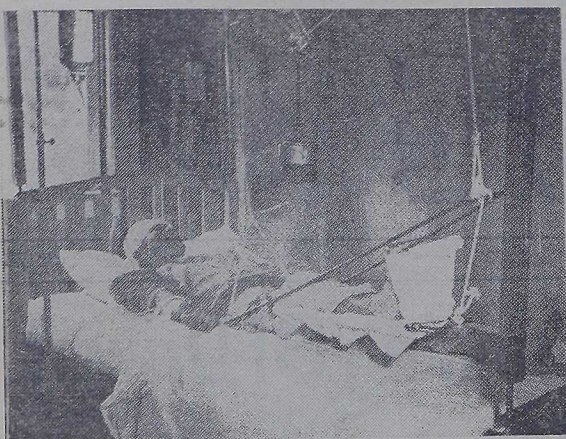

interested in, is outgrown (not worn out) children's clothing. I'm sure many families in the area with small children have articles which the 'kiddies' have outgrown before they've had a chance to wear them out."

Anyone having items which they would like to contribute, may do so by bringing them to Chaplain Boone's office in building 219 at Hadnot Point during working hours. Further information may be obtained by calling Camp Lejeune, 7-3771.

FORE OR FISH — Four members of the 2d Marine Division golf team transform a damp day into a humorous situation during the FMF Golf Tournament held at Cherry Point last week. As torrential rain flooded the Point Course for three days, the Division team made light of the situation. Helmsman for the Divvy amphibious landing on the 18th green is Pfc Ted A. Gundiff; fishing for lost balls is GySgt. Junior Bennett; practicing his "submarine

chip shot" is GySgt. Thomas F. Gay, and coxswain for the crew is Capt. Allen H. Somers. Play in the tournament was completed Sunday (July 1) with Bill Laughlin of the 2d Marine Aircraft Wing taking the low medalist title with a 308 score. What happened to the 2d Division team? They finished a "waterlogged" third in the team standing. See story on Page 8. (Photo by SSgt. Seijo, 2d MAW)

LUCKY ONE — A little luck and the deft fingers of a dedicated surgeon saved this Marine from becoming another Camp Lejeune statistic. He's going to be a long time recovering from his collapsed lung, brain concussion, broken leg and pelvis. A stiff price to pay for a split second snooze at the wheel. (Photo by Sgt. J. F. Fraley)

10th Reorganizes; Adds More Guns

A revision in the table of organization for the 10th Marine Regiment has resulted in three additional Batteries and a new gun. The reorganization became effective June 1.

Regimental commander Col. Wade H. Hitt termed the reorganization a "good move. One that not only provides additional support but one that enables the artilleryman to better perform his mission."

The old T/O called for the 1st Battalion to have three batteries of eight mortars each. Under that

system, the 2d, 3d and 4th Battalions were organized exactly alike, in that they had three firing batteries each consisting of eight 105mm howitzers.

As it now stands the 1st, 2d and 3d battalions are set up with a Headquarters Battery, three firing Batteries, each with six 105mm howitzers and one firing battery with six 4.2" mortars.

The 4th Battalion has its Headquarters Battery and three Batteries armed with the 155mm Howitzer M1A1, one of the most essential field pieces utilized by the Division.

"I use to get a kick out of those safety lectures, especially when the speaker got to the wrap-up and said alcohol and gasoline don't mix. A lot of the guys would follow up with 'I don't know whether it mixes or not, but it sounds like a good drink.' It was all a big joke...yeah, a big joke I liked to have died laughing over. I've been laughing for three months flat on my back here in this hospital. They say I won't be able to leave 'til October or November. Yeah, its all a big joke."

The Marine who made this statement is in a recovery ward at the Naval Hospital. He was a passenger in an automobile that wrecked near Lejeune three months ago. With many months of constant nursing and a few years of therapy he will eventually regain the ability to walk. A stiff price to pay for just three cans of beer he "felt sure I could hold."

The man occupying the bed next to the quoted Marine is in still worse shape. He was a passenger too and alcohol and gasoline were at fault in his case. He'll be a long time recovering from a collapsed lung, brain concussion, and broken pelvis, but relates he is "one the wiser."

There are two wards at the Naval hospital set aside to take care of accident cases; automobile victims rule the roost. Upstairs is Ward 26 where lifetimes are counted in seconds. There are two ways out, one leads to the recovery room downstairs, the other to the "shelves."

So far this year 24 Camp Le-

jeune Marines have died as a result of automobile accidents. Some never even made Ward 26. The majority of these were passengers.

A short trip through the wards with a few stops for chats with only the wreck victims will usually bring tales of "that last beer," or "I asked the driver to let me out and he kept going" and there was one Marine that says he wouldn't be in the hospital if the car he was riding in had been equipped with safety belts. All of them will testify that they've learned a lesson.

Its not always the physical repercussions that bring on the greatest amount of grief to military personnel involved in automobile accidents where alcohol, speed and irresponsibility were factors.

Another Marine in the ward, a recent wreck victim, can attest to this. He tearfully said his life had literally been "ruined" by his accident. He was returning from weekend liberty with a car-load of friends when the accident happened. The driver, aided by a few beers, dozed off at the wheel. The car ran off the road, the driver gave a startled jerk at the wheel in an attempt to get the car back on the highway, the front wheel caught on the high shoulders and sent the car end over end. "That's all I remember," he said.

The Marine regained consciousness 17 hours later to find himself in traction equipment and being fed intravenously. His condition was listed as serious. The man had been home that weekend talking over the possibilities of a service career with his wife. He was to have reenlisted the next week. Today his Corps' career and future are wrapped in a question mark. He goes up before a re-evaluation board sometime next month.

Another Marine suffered still less physical injury but drew a crushing blow to his future. He

was returning from a w interview with the director had been promised a white position with a better-than-salary. He was getting charged the next week and looked pretty rosy, so he celebrating with a few drinks, alcohol, fatigue, and speed short work of the car. Two passengers were killed in another was seriously injured Marine was lucky. He br arm. The bad news came the form of a rejected application. To avoid embarrassment the Marine, his potential employer did not specify why the rejection had been re-considered.

Upon investigation the found that the director had of the accident and concluded the company could ill afford the services of a man who was responsible and narrow in his life and the lives of others misconduct. A sorrowful end a celebration.

There is yet another side story. Since January 1 of the Marine Corps has lost a of actual service time (on a 24 hour basis) due to accidents.

The number of accidents staggering and the particular of mutilated features, am limbs, people crippled f helpless and broken you and women who lost a success and happiness in second.

Traffic

*Sgt. William C. Croft, 2d speeding in excess of 60/55; 9 ing 45/35; 30 days.
*Sgt. Robert R. Baglivd, Ha Bn., Div., failure to observe signal; 30 days.

Notice

Tuesday, Aug. 7, will mark the 20th anniversary of the battle of Guadalcanal. Tentative plans are being made to have a get-together of all Guadalcanal veterans stationed throughout the Quad-Command to celebrate the anniversary. Veterans of Guadalcanal are requested to turn their names into their unit G-1 section for transmission to the project coordinator. Additional information on the function will be published next week.

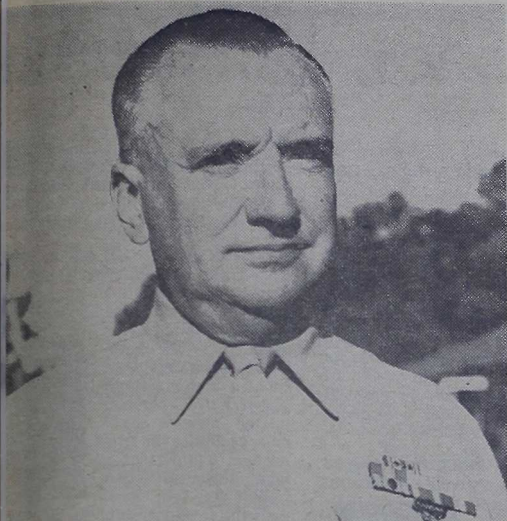

MAKE SURE THEY'RE TIGHT—Cpl. Benny G. Roger, left, and the "gaffs" of Pvt. Dean Benfield prior to his climbing one telephone poles in the background. Both men are members of Winston-Salem's 22d Rifle Company, currently undergoing two of annual summer training. The Tarheel company is being reorganized into a communications company under a new Marine reserve reorganization plan. (Photo by Sgt. P. T. Cummins)

Traffic Quiz, Part II

25. When approaching a traffic signal showing a green light, you should:
 - A. Speed up so that you can reach the intersection before a red light appears.
 - B. Proceed, but with regard for the safety of others.
 - C. Stop and wait for the red light.
26. In heavy traffic on a rural highway, it is best to:
 - A. Drive at the speed of other traffic provided the traffic is moving below the posted speed limit.
 - B. Drive slowly on the extreme right.
 - C. Pass cars until you find an open space ahead.
27. Should a car side-swipe you and then speed ahead, it is best to:
 - A. Try to catch up with the driver, pass him and make him stop the car.
 - B. Obtain his license plate number and report the case to the police.
 - C. Report to your insurance representative.
28. If you have found that some particular stop sign is not needed you should:
 - A. Criticize your traffic department.
 - B. Drive through without stopping whenever you can.
 - C. Ask your traffic department to re-study the need.
29. Most traffic accidents are the result of:
 - A. Mechanical defects of the car.
 - B. Bad weather conditions.
 - C. Errors in the driver's judgment.
30. When approaching a traffic signal showing a flashing yellow light, you should:
 - A. Slow down and proceed with caution.
 - B. Proceed, you have the right of way.
 - C. Come to a full stop and proceed when safe.
31. If you are involved in an accident, you should first:
 - A. Notify the police.
 - B. Assist the injured.
 - C. Notify your insurance company.
32. You are driving on a snow-covered road and have to make a stop rather quickly. The best way to do this is to:
 - A. Pump the brake pedal gently to avoid locking the wheels.
 - B. Turn off the ignition switch and apply the hand brake.
 - C. Slam the brakes hard.
33. Accidents resulting from skids are generally caused by:
 - A. Driving too fast for conditions.
 - B. Too much air in the tires.
 - C. Slippery roads.
34. When bringing your car to a non-emergency stop from a speed above 30 miles per hour, you should:
 - A. Push down the clutch pedal first, then the brake pedal.
 - B. Push down the foot brake pedal, then the clutch pedal just before stopping.
 - C. Push down the clutch pedal and the brake pedal at the same time.
35. In driving another car for the first time, you should:
 - A. Examine the clutch for possible wear.
 - B. Try the foot brakes to see how effectively they work.
 - C. Back up to see if reverse gear works.
36. A good driver, suddenly finding that the foot brakes are not working, will try to control the car for stopping by:
 - A. Turning off the ignition switch.
 - B. Driving on the shoulder of the road to slow the car.
 - C. Pulling back the hand brake, then shifting into second gear.
37. When parking parallel to the right edge of a roadway where there is no curb, it is best to:
 - A. Leave the front wheels turned away from the edge of the road.
 - B. Leave the front wheels turned toward the center of the road.
 - C. Keep the front wheels pointed straight ahead.
38. When approaching a traffic signal showing a flashing red light you should:
 - A. Continue at a reasonable speed provided no cars are approaching on the side streets.
 - B. Stop and remain stopped until a green light appears.
 - C. Come to a full stop and proceed with caution.
39. You are driving on a straight stretch of slippery road with no approaching vehicle. The rear of your car starts to skid to your left. Which of the following steps should you take:
 - A. Apply the brakes hard to stop before sliding off the road.
 - B. Put the clutch pedal down and pump the brakes.
 - C. Release the gas pedal slowly and turn the front wheels to your left.
40. Which of these turning movements are involved in the greatest number of accidents:
 - A. Turns to the right.
 - B. Turns to the left.
 - C. Turns into private driveways.
41. When meeting approaching vehicles at night, common courtesy requires that you:
 - A. Use lower headlight beams.
 - B. Use upper headlight beams.
 - C. Use parking lights.
42. In driving around a curve, you should:
 - A. Speed up at the beginning of the curve, then apply brakes if necessary.
 - B. Slow down before reaching the curve, depress the clutch and coast around the curve.
 - C. Slow down before reaching the curve, start around at a safe speed, then speed up slightly just before reaching the straightaway.
43. When meeting a car with glaring headlights, the driver should:
 - A. Watch the right side of the road.
 - B. Turn on his own bright lights.
 - C. Watch the center line of the road.
44. The principal purpose of the hand brake is to:
 - A. Hold a parked car in a stationary position.
 - B. Stop the car quickly in an emergency.
 - C. Save wear on the foot brake when going down long hills.
45. If a blow-out occurs on the right front tire, the driver should:
 - A. Jam on the brakes.
 - B. Steer in a straight line and release the gas pedal.
 - C. Steer sharply to the left.
46. Your car has entered an intersection when you notice a driver bluffing his way forward from a side street into your path. You should:
 - A. Pretend not to see him so he will back up to his correct position.
 - B. Swerve to your left and pass him to avoid an accident.
 - C. Slow down and let him go ahead.
47. When the right front wheel of your car slips off the edge of the pavement you should:
 - A. Apply brakes quickly in order to keep from going into the ditch.
 - B. Turn back onto the pavement before the car has lost speed.
 - C. Slow down gradually until you can steer back on to the pavement at a convenient place.
48. If you are stopped for a red light and another car accelerates rapidly in an effort to pass on your right as the light turns green, you should:
 - A. Try to stay ahead so that he won't force you into an accident.
 - B. Reduce your speed and allow him to pass.
 - C. Blow your horn and swerve to your right to warn him of his dangerous act.
49. You are driving at the posted speed limit and a driver behind you sounds his horn and starts to pass. You should:
 - A. Hold speed steady and let him pass.
 - B. Block him and let him know that he is already driving too fast.
 - C. Speed up to get out of his way.
50. When approaching a traffic signal showing a steady burning red light, you should:
 - A. Come to a full stop, then proceed with caution.
 - B. Proceed, if you have the right of way.
 - C. Stop and remain stopped until a green light appears.

MSGT. EDWARD G. ANDERSON

New York Air Reserve Unit Training Here

Hundreds of Marine Air Reservists are converging on East Coast Marine Corps Air Stations this summer to take part in "Operation Unity." Now undergoing summer training at the Air Facility, New River, is HMM-768, from the Naval Air Station, New York, under the command of Lt. Col. D. G. Clarke, USMCR.

In all, 21 Marine Air Reserve units will train for two weeks each during these maneuvers which begin July 1 and continue through August.

Brig. Gen. L. B. Robertshaw, Commander, Marine Air Reserve Training, and members of his staff from Naval Air Station, Glenview, Ill., will visit this and other East Coast Marine Corps Air Stations July 14-28 to observe aviation reservists at work.

"Operation Unity" is step two in a three year program to bring reserve training in line with that received by regular Marine aviation units. This is being accomplished by training the reservists along side their regular Marine counterparts during summer training.

Last year "Operation Co-Mate" started the trend to integrate more of the Marine Air Reserve into regular Fleet Marine Force aviation units during summer maneuvers.

Next summer, "Operation Climax" will complete this three year buildup of reserve training.

INTERVIEW FOR PAY STUDY — Lt. Gen. Robert H. Pepper, USMC (Ret.), seated, a member of the Department of Defense pay study group, talks with 1st Sgt. John P. Bodnar, S&R Co., H&S Bn., 2d FSR pertaining to his feelings concerning the present pay structure. Questions about the present pay scale and fringe benefits in relation to the increasing cost of living, including what measures should be taken were asked of Sgt. Bodnar. Other enlisted personnel and dependent wives were interviewed during General Pepper's four-day visit which ended here, July 7.

Reservist Attends 4th Encampment

Best Marine Corps Reserve

the U. S. boasts of having a master sergeant in the to attend 24 summer

the 2d Battalion, 25th 4th Division, USMCR, of City, Long Island, which became the first Reserve

the Corps.

is hopeful that Summer Camp will be early next year so he can round it off with an even "25."

The 2d Battalion is composed of 390 enlisted men and 22 officers, one of the largest Marine Corps Reserve Units in the U. S. These men come from Brooklyn, Queens, Staten Island, Manhattan, the Bronx, New Jersey and Long Island. Lt. Col. J. J. Fater, USMCR, is the commanding officer of the Garden City unit.

Church, Sunday School Bus Schedules

Protestant Vacation Church Schools will be held 9 a.m. to 12 noon, July 16 through 21, at the following locations: Stone Street School, Chaplain Guy M. Leonard; Midway Park Community Building, Chaplain Robert E. Trent; Tarawa Terrace School, Chaplain Daniel T. Johnson; Montford Point School, Chaplain Knox O. Scott. There will be four departments within each location—Kindergarten (ages 4-5), Primary (ages 6-9), Junior (ages 10-12), and Junior High (ages 13-14). No facilities are available for children under four years of age. Government transportation will be provided as indicated on the schedule below.

Church School

GAZETTE Feature Hits 'Book' Troops

1st Lt. D. S. Dvorak, H&S Co., 3d Bn., 8th Marines, raises the eyebrows of book-bred military personnel with his article featured in this month's Marine Corps GAZETTE.

The lieutenant writes on the quality ingredients of a combat ready Marine who uses the manual as a guide-line to make himself the more "ready." "We don't need Marines who are walking field manuals," the Lieutenant says, "know-

ing the book proves only that a Marine can read".

Night combat is featured in this month's Marine Corps GAZETTE. Five articles, ranging from after-dark close air support to the use of tanks at night, comprise this special package for readers.

In other articles, Soviet Military Problems are tackled by the John A. Lejeune Forum panel of experts. Readers who have been following Vo Nguyen Giap on Guerrilla War will witness how Viet Minh forces moved against Dien Bien Phu in the final stage of the Indo-China war.

July's Merit Award for \$100 goes to Maj. Hal Vincent, who suggests that Marine pilots try Moonlighting; in this case duty with all-weather squadrons capable of dark-of-the-moon sorties. Capt. R. K. Wood takes a similar stand with his Night CAS, expressing the need for close air support 'round the clock.

Sgt. Maj. R.O. Baker Assumes Base Post

Sgt. Major Russell O. Baker relieved Sgt. Maj. W. O. Parrish last week as the Base Sergeant Major. Parrish assumed duties as the Assistant Base Adjutant.

Sgt. Maj. Baker is the Corps' senior sergeant major excluding the position of seniority held by the Sergeant Major of the Marine Corps. Baker enlisted in the Marine Corps Reserve on July 6, 1926 and came on active duty Nov. 7, 1940. He was promoted to his present rank Dec. 31, 1955.

Baker is a veteran of WW II where he participated in the Guadalcanal and Cape Gloucester campaigns.

Prior to reporting here for duty he was the sergeant major of the 3d Marine Division on Okinawa.

Sgt. Maj. Russell O. Baker

Baseball Team Thanks Fans For Great Support

Hats off to the loyal fans who have constantly filled the stands at Harry Agganis Field this baseball season.

We, along with the Lejeune baseball team feel like you have played just as much a part in the success of the season as the players themselves.

Spectator spirit is a great motivating force in any type of competition. It spawns the type of hustle

needed to ease a winner through a tight game; it's the stuff of which a real ball game is made.

A lot of times players will individually or collectively go into a playing slump, particularly in baseball. A string of heartbreaking losses, losing a top-notch player; any number of such factors can beat a good team in spirit. Spectators provide the pep to restore a team and put them back on the winning side.

It's been a see-saw season for the Lejeune Marines. At the start they were rated the number one team in the conference. A few exhibition losses made it look like they had been drastically over-rated yet the fans continued to support them. It paid off. They came back with "A" number one pitching, fielding, and hitting. The "Win" column lengthened.

About mid-season the jinx was on. The team was in a slump. The fans came to the rescue, crowding the stands night after night, sometimes witnessing their team taking a shellacking but never letting up on their support. The team is on its way again and the top conference slot hangs in the balance.

Saturday night is THE night. Lejeune takes on the top-notch, star-studded Ft. Lee team in a twin bill, the outcome of which could see Lejeune on the old conference pedestal and the season's defeatists eating their programs.

There's something else special about Saturday night. It's "Spectator Appreciation Night," the night when the Lejeune Marines say "thanks" for your much-needed support.

Chaplain's Corner

It has recently been suggested that, since the energy value of chemicals has been discovered, we should recognize that our body contains chemicals capable of producing millions of dollars worth of energy. This is a sharp increase over the former estimate that our body contains only about 98 cents worth of material! This is another way of saying that you and I are worth more than we usually get credit for.

How would you estimate the worth of an individual? Certainly, it cannot be done on the basis of any value your body has within itself. And yet, you do have a definite monetary value. You might estimate your worth on the basis of your remuneration for services rendered. You are valued according to what you can accomplish for the person who pays your wages. The Bible agrees with this value when it says, "The laborer is worthy of his hire."

In addition to the monetary value of your services, you are worth something because you are a Marine. What you are worth as a Marine cannot be expressed in terms of money. You have a place to fill and a job to do. It is a job that must be done if our nation is to remain free. Others are depending on you. The command depends on you. Your buddies depend on you. As a chaplain, I am especially conscious of this fact. Being a non-combatant, I carry no weapons and my life is entirely dependent upon the fact that I am surrounded by Marines who are worth something.

No man appears on the balance sheet of life as a total blank. Christ said, "He who is not with me is against me; and he who gathereth not with me scattereth abroad." You are worth something to one side or the other. If you do not fulfill your responsibility as a Marine you are valuable to the enemy. And if your life does not support the high ideals of Christian manhood you are helping to destroy that which is the very basis for a noble life.

—Chaplain John E. Thompson
3d Bn. 6th Marines

If You Ask Me:

HOW WOULD YOU IMPROVE YOUR UNIT'S SPECIAL SERVICES?

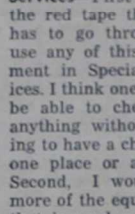

MSGT. ARTHUR H. GOETZ, Hq. Co., H&S Bn., MCB—To improve my unit's Special

Items instead of a select few.

Services I would initially procure enough "issue type" items to supply all those desiring to make use of such items. Secondly, I would maintain stricter control over "give away" items such as golf balls to enable all hands to be able to make use of these

PFC CLAUDIA VAN PELT, Base Special Services—First of all, I would eliminate all

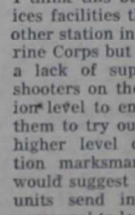

the red tape that one has to go through to use any of this equipment in Special Services. I think one should be able to check out anything without having to have a chit from one place or another. Second, I would get more of the equipment that is used most frequently such as tennis racquets, tennis balls, and softball equipment, especially gloves, which we never have enough of. Special Services should try to get more equipment for those people of lesser grades to use instead of concentrating on golf balls.

HM3 KERMIT B. GROOTHUIS, 8th Comm. Bn., Force Troops—In comparison to other

bases I have been, this base has more recreational facilities than any other. However, to improve the unit Special Services I would get more equipment like tennis shoes, tennis racquets, sweat gear, etc. I also think Force Troops should give out golf balls like

SGT. GENE JONES, Base Photo Lab—I think this base has more Special Services facilities than any other station in the Marine Corps but there is a lack of support to shooters on the battalion level to encourage them to try out in the higher level competition marksmanship. I would suggest that the units send interested personnel to local NRA matches.

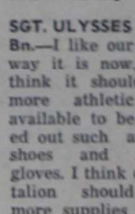

2ND LT. ALAN F. MYERS, Motor Transport—I think that the unit Special Services, particularly those at Montford Point, could use a better weight training program. If one Marine, officer or enlisted, who has had previous experience in the science of weight lifting, could set up a program whereby he could supervise and offer constructive criticism as to the progress of the individual, a great step could be made in helping this individual better himself physically, which is so important in our

Marine tradition. Otherwise, it is known about how to use weights and a possible physical harm as a result from improper handling of the

SGT. ULYSSES WYNN, "D" Co., Bn.—I like our unit Special Services the way it is now, but I think it should have more athletic gear available to be checked out such as gym shoes and softball gloves. I think our battalion should have more supplies in proportion to other battalions because that would give our company the opportunity to take as much equipment with it to Vieques, as spend more time there than other

These books are available at the Montford Point Library, Bldg. 63, or through the Courthouse Bay, and Rifle Range. They may be reserved by telephone.

Library News

By LOUISE ROWE

THE SUPER-AMERICANS, by D. Horan. A lively, perceptive portrait of Texas and its inhabitants, those Americans with a "passion for battle." From weather to wealth, what makes Texans is thoroughly analyzed. Epithets capture institutions and personalities, giving a particularly vivid picture among the oil men and other millionaires. The keen social commentary defines, in ample "the Texas style," "the Texas wheel," why literature languishes in art collecting flourishes, the high cost of rate, and citizen response.

THE SHADOW CATCHER, by D. Horan. A new novel by the author of THE KING'S REBEL, which tells the heroic 2200 mile overland trek to the 1830's broke the British fur trade and opened Oregon to American settlement. A dramatic story of an exciting, arduous journey, filled with the color of the West, mountain and Indian life.

JADE FOR A LADY, by M. E. Milo March, the intrepid insurance investigator, tracks a band of jade thieves from New York to Rome to Hong Kong in his latest action-filled caper.

THE WHISPERING LAND, by Malcolm Durrell. The roving British geologist recounts an expedition he led to Argentina to obtain specimens for the island of Jersey. After obtaining and filming penguins, fur seals, a phant seals in Patagonia, he visits the tropical province of Jujuy, where he enjoyed the help and hospitality of the natives and added various American creatures to his menagerie. A dramatic story of an exciting, arduous journey, filled with the color of the West, mountain and Indian life.

SUBS AND SUBMARINES, by Whitehouse. The author has told in detail the beginnings of underwater warfare and particularly of the submarine served these impractical hulls. A Marine plays a role in the Revolution, and a group of Confederate soldiers actually destroyed a Union man-of-war with a torpedo delivered by a submarine. The book brings to light many of the forgotten dramas and heroic actions of the past and more recent submarine warfare. Every important detail is included. Illustrations provide a complete picture of the boats, their construction, equipment and weapons.

THE SEA OFFICER, by Showell. In the tradition of C. S. Forester's Hornblower, this is the story of a century sea dog who rose in the service to become Vice Admiral in the days when Britannia ruled the waves. Based on historical fact, a salty saga of an adventurous man's dedicated career and the independence that was his only dream.

IT'S A BIG CONTINENT, by Burman. In a sequel to his popular A BIG COUNTRY, Mr. Burman travels over North America, from Guatemala to the Arctic, with stories, anecdotes, lore, views of people, their surroundings and their ways of life.

INHERIT THE WIND
Based on the sensational Scopes evolution trial in 1925 of a young science teacher in Tennessee who violated a state law by teaching Darwin's theory of evolution. The famed Clarence Darrow and William Jennings Bryan were rival attorneys in the world-famous case. Stars are Spencer Tracy, Fredric March, and Gene Kelly.

MURDER, SHE SAID
A detective story addict, returning from a trip to London, sees a woman being strangled on a train that passes the one on which she is travelling. When the skeptical police pool-pool the whole business, the intrepid amateur sleuth gets herself employed in the manor house that she suspects hides both corpse and killer. Stars are Margaret Rutherford and Arthur Kennedy.

THEN THERE WERE THREE
Filmed in Italy, a Nazi spy tries to kill off a notorious Italian partisan during the grim days of WW-II. He joins a small, detached party of American G.I.'s seeking to rejoin Allied troops in Italy. Keeping his identity well-concealed. Leading players are Alex Nicol, Frank Latimore, Barry Cahill, and Fred Clark.

SWINGIN' ALONG
This movie is a musical comedy about a young screwball composer who enters a musical contest with the aid of his girl friend, a sharp promoter and the promoter's girl friend. Leading players are Tommy Noonan, Pete Marshall, Barbara Eden, Ray Charles, Roger Williams and Bobby Vee.

THE PLEASURE OF HIS COMPANY
In this movie, Fred Astaire is an international playboy who stops globe-trotting long enough to return to San Francisco for his daughter's wedding. His ex-wife fights against nostalgia for romance in faraway places, and his debutant impact upsets the entire household. Other leading stars are Debbie Reynolds, Lilli Palmer, and Tab Hunter.

FOUR HORSEMEN OF THE APOCALYPSE
This is the classic story of a passionate love affair played against a series of dramatic events in which the members of two related families, one achieving a high position in the Nazi command and the other sympathetic to the Allies, become bitter antagonists. Stars are Glenn Ford, Ingrid Thulin, Charles Boyer, Lee J. Cobb, Paul Lukas, Yvette Mimieux, Karl Boehm, and Paul Henreid.

GERONIMO
Based on the fact and legend of the last of the great Apache warriors. The film centers about the savage stand taken by Geronimo, supported by only 50 last-ditch followers, against the Mexican and American armies, with the setting on the Mexican-U.S. border between Arizona and Sonora around 1883. Stars are Chuck Connors, and Kamala Devi.

SATAN NEVER SLEEPS
The story tells of two American priests in Communist China and of a young Chinese girl who thinks she is falling in love with the younger priest and who becomes involved in their attempts to escape. Stars are William Holden, Clifton Webb, and Frances Nuyen.

BLUE HAWAII
The romantic misadventures of a Hawaiian tourist guide assigned to a group of impressionable school girls on vacation. Misunderstandings and complications crop up in his love life, but all eventually is resolved with the guide and his true love. Stars are Elvis Presley, Joan Blackman, Nancy Walters and Angela Lansbury.

THE PARTY CRASHERS
This movie deals with teenage delinquency among some middle class families for whom money is obviously no problem. A gang of sports car toughs receive their greatest kicks by going to parties to which they have not been invited. Stars are Mark Damon, Bobby Driscoll, Connie Stevens, Frances Farmer and others.

WALK ON THE WILD SIDE
This movie portrays the efforts of a preacher's son to find a girl he had once known. He finds her in a brothel and ultimately succeeds in the difficult task of releasing her from bondage. Stars are Laurence Harvey, Capucine, Jane Fonda, Anne Baxter and Barbara Stanwyck. This film is definitely not for children.

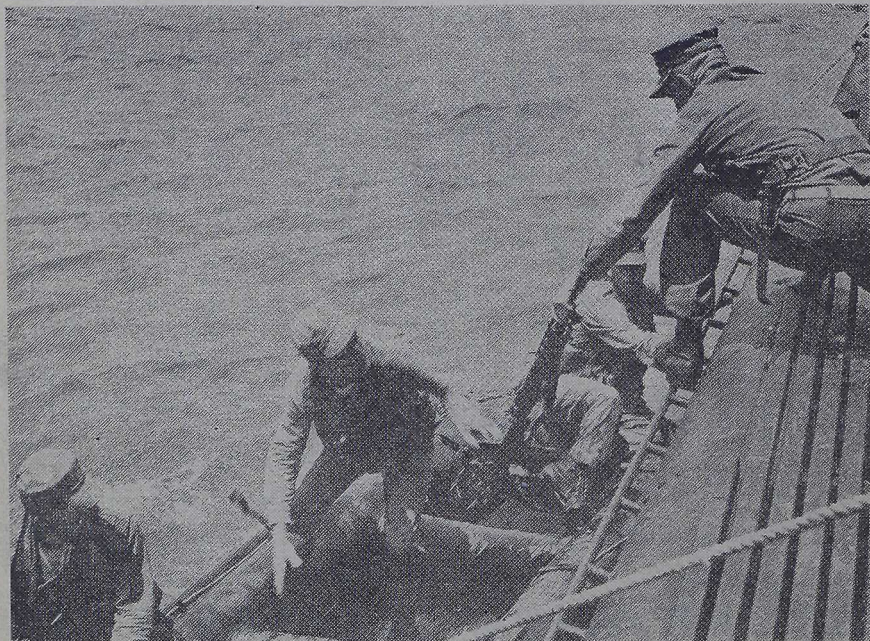

THE BRIDGE
Set in a small town in Germany during closing days of WWII, the plot centers around seven 16-year-old untrained army recruits who mistakenly defend a small bridge and pay for it with their lives as they are killed one by one under American gunfire. Stars are Volter Bohart, Fritz Wepper, Michael Hinz, Frank Glaubrecht and Karl Michael Balzer.

VOYAGE TO THE BOTTOM OF THE SEA
This movie is about an atomic submarine crew on a maiden voyage under the polar cap. The ice cap starts to melt when the radiation belt surrounding the earth explodes, and the frightened crew attempts to sabotage the commander's efforts to launch a giant missile to prevent world destruction. Stars are Walter Pidgeon, Joan Fontaine, Barbara Eden, and Peter Lorre.

LAST TRAIN FROM GUN HILL
The Indian wife of Kirk Douglas is attacked and murdered by two drunken cowboys early in the movie. Her son escapes on one of the men's horses and runs to his father Douglas, who is sheriff of the sleepy town of Pawley. In one of the tensest moments of a taut and absorbing picture the conflict is resolved and justice is served.

REPRIEVE
The frank testament of John Reake, convicted murderer, who escaped the electric chair by 20 minutes and served 19 years of a life sentence in Dannemora prison before winning national fame as a painter and gaining final pardon. Stars are Ben Gazzara, Stuart Whitman, Rod Steiger, Sammy Davis, Jr., Ray Walston and Broderick Crawford.

'Dry' Runs Pay Off; Recon

BUDDY SYSTEM — The buddy system pays off for Recon Marines. One Marine passes another one his

rifle shortly before shoving off for the beach from the submarine USS Sea Lion.

Story And Photos By
SSgt. Ted Scott
Division ISO

Marines of the 2d Division's Reconnaissance Battalion this week proved it took more than pitch darkness, choppy seas, and blinding rain squalls to keep them from reaching their target—a lonely point on Camp Lejeune's windswept Onslow Beach.

The Marines operating alternately from the USS Ruchampkin and the submarine USS Sea Lion—made their way by rubber boat through about two miles of open sea in the dead of night with nothing more than a good sense of direction.

For many of the younger Recon Marines, the three-day training problem was their first introduction to the seven-man rubber boat. But long hours spent on the beach doing "dry run" practices paid off and they made their way through the inky night to the beach and

back to their darkest without incident.

One young Marine heard to comment on his first trip to the beach: "I knew all I do was paddle east hit dry land. It was back that had me worried."

The ships were blacked-out and the boatmen were forced to wait for current drift and fatigue.

The problem was realistic as peace-time. Prior to leaving Camp Lejeune, the Recon Marines spent a half hour in the darkened compartmenting their eyes to night. A cigarette was sufficient to snarl of "douse the experienced NCC knew the value of vision."

As precaution against being spotted on the beach, the Recon Marines darkened their faces and hands with dark white forehead paint.

SHOVING OFF — A seven-man boat team of Recon Marines heads for the beach.

WET AND TIRED — A crew of Recon Marines paddle steadily, returning to the submarine USS

Sea Lion from boat practice at sea.

Golf Courses Offer A

Story By
LCpl. Bill Giery
Base ISO

Marines and dependents at Camp Lejeune who complain about nothing to do with their leisure time during the summer months apparently have not heard the word about the facilities available to them at the Paradise Point Golf Course.

Throughout the year, two 18-hole courses and over 100 sets of golf clubs are available to personnel. All that the aspiring Arnold Palmer must furnish is the time and golf balls. The time is left up

to the individual but the golf balls are available, free of charge, through unit Special Services.

Two courses are available to Marines, according to their playing ability. The number one course is open to Marines and dependents providing they can qualify for a permit card. In order to qualify for the card, the golfer must shoot five rounds of less than 100 on the number two course.

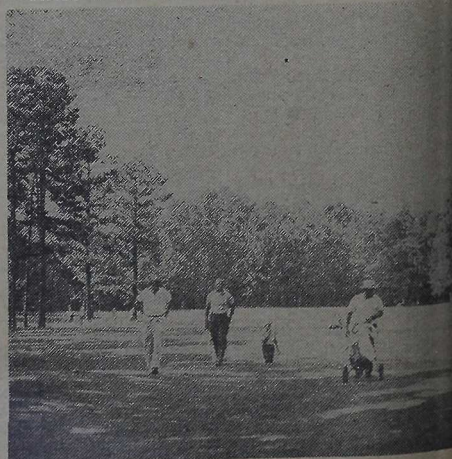

The number two course is open for all Marines, dependents, and bona fide guests and can be used at any time, providing the course is not closed for maintenance or because of inclement weather.

Both courses are open from 8 a.m. until sunset and there are no starting times. Starting is on a first come, first served basis, regardless of rank or status.

There are no restrictions

19th HOLE—The beautiful Camp Lejeune Marines and dependents house provides personal club storage room, clubhouse grounds is an officer's lounge and three

THE LONG WALK—Beautifully kept rolling fairways provide pleasant exercise for the regular golfers at the Paradise Point Golf course. Both courses at the club are kept in excellent condition throughout the golfing season.

there was the problem of fighting against the land-bound currents. Proceeding on the "easy does it" theory, they continued dipping their paddles into the sea in a slow but regular beat.

An hour or so later a black shadow blotted out low hanging stars. The Marines shipped their oars and tossed lines to waiting sailors. Then they either shinnied up cargo nets to the Ruchampkin or hoisted themselves wearily to the low deck of the Sea Lion.

Down in the troop compartments, tired troops searching their soggy pockets in vain for a dry cigarette and pulled off water soaked clothing. A quick critique of the operation was run off by NCO's as the troops relaxed over a canteen cup of scalding coffee.

After an hour or so in the bunk it was dawn and time to start training again. The day's training schedule called for still more rubber boat practice.

TRAVEL LIGHT — Recon Marines learn to travel light, taking only their weapons, and a change of uniform. Here they line up on the deck of the submarine USS Sea Lion before undergoing rubber boat drill off Onslow beach.

Off And Relaxation

on dates the courses may be used. They are open seven days a week. However, the club house facilities are closed all day on Mondays. This means that Marines without their own clubs would be restricted from playing on that day.

Other accommodations available to Marines and their dependents are a complete Pro Shop, a TV lounge and snack bar in the club house. Also, locker rooms and showers are provided. However, Marines must furnish their own towels.

In addition to the course there are two driving ranges and three putting greens available for practice purposes. One driving range is for use free of charge, and the golfer must provide his own practice balls. Balls and clubs are furnished on the other range, located to the rear of the offices' club

house for a 25-cent fee.

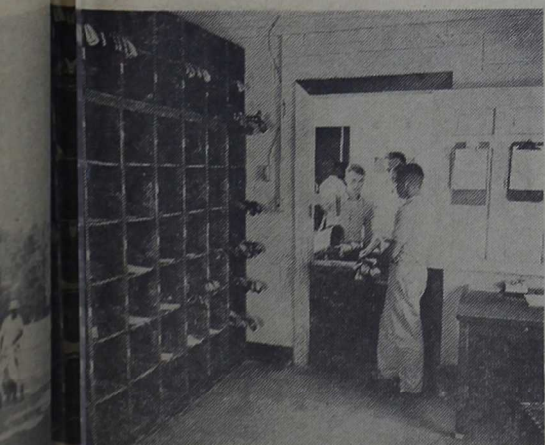

Lady golfers are also very much in evidence around Paradise Point courses with the Camp Lejeune Women's Golf Association setting the pace.

With the return of summer and warm weather, Marines or dependents who feel the sap starting to rise after a winter's respite need not feel perplexed about what to do with their free time. Family or individual, there's many hours of good wholesome relaxation available at the Paradise Point Golf Courses; without worry for those who are cost conscious.

HOLE—The Main club provides a TV lounge, pro-shop, the Paradise Point storage room and three putt-

HARD WAY — A Recon Marine leaps from the deck of the submarine USS Sea Lion into a seven-man rubber boat held by lines.

STORAGE ROOM—The Paradise Point Golf Course is equipped with a storage room, which not only permits Marines to store personally-owned clubs and shoes, but it also has over 100 sets which may be used by personnel and dependents, free of

MOVING IN — Cpl. Eugene Woods, armed with a load of "grease guns," starts toward a "control point" where the party will set up a radio contact station and send out reconnaissance patrols. The rubber boat, when deflated, may be carried, hidden or buried.

FMF GOLF CHAMPIONS—Brig. Gen. Wood B. Kyle, Commanding General of Force Troops, was on hand at the final day of play of the FMF Atlantic Golf Tournament, to present trophies to the Force Troops team which swept to the championship with a 1250 score. At right, is Maj. Gen. Richard C. Mangrum, 2d Wing commander, who also congratulated

the players. Members of the championship team, with their individual trophies, are, left to right, J. J. Conner, W. G. Handley, Wendel H. Lowrey, Maj. Frederic Olson (team captain), Bill Boyd and R. T. Mandeville. (Photo by Sgt. B. Davidson, 2d MAW, Cherry Point)

Force Troops Win FMF Golf Crown

While golfers in the 1962 FMF, Atlantic, Golf Championship debated whether to draw scuba gear to play the round of the tourney, the Force Troops linksmen split their way through the 72-hole tournament to take top laurels with a combined score of 1,250, nipping the defending champions and host unit, 2d Marine Air Wing, by just 10 strokes.

Prickett Has Early Sailing Series Lead

The six-race Summer sailing series began last Saturday with Pfc L. G. Prickett of H&S Co., 3d Bn., 2d Mar., placing first ahead of a fleet of seven other boats to take the early lead in overall point standings.

The race was one of the closest of the current season as Pfc Prickett battled with Lt. Breck Lardner of 2d MTBn., 2d Division, around the four mile course throughout the race.

Prickett's victory was his first in the four races he has sailed at Camp Lejeune. He placed second in the July 4 races, finishing just behind Capt. Van Gaasbeck of Marine Corps Base. He also took the second place trophy in the two tune-up race series completed in June.

Trophies for the July 4 race and for the tune-up series were presented by Col. K. A. Jorgenson, Base Chief of Staff after the Water Sports Show on July 4.

Lt. Pete Briggs of HqBn., 2d MarDiv., received an engraved pewter mug for his victory in the tune-up series with ceramic mugs going to Pfc Prickett and Pfc G. W. Scofield for second and third places respectively.

The Summer series consists of five more races, with only the best four being computed for the trophies.

Boats will be drawn for promptly at 12:45 p.m., on Saturday afternoon and all personnel with sailing licenses are eligible to compete. Sailing instructions will be available on a full time basis at the boat house.

The brown trout is a widely distributed species in America, but it is not native to this country. Its original habitat was in Europe, but now it may be taken from many mountain streams in North Carolina.

COLONEL'S CUP AWARD—Capt. B. H. Kraus, CO, H&S Co., MC, Montford Point, receives the intramural sports trophy from Lt. W. G. Hopkins. The presentation took place last week at the Montford Point Staff NCO Annex during a Company party.

From this match, which ended on July 1, team members sent the Fleet Marine Force Atlantic Fleet Golf Championship got underway Monday.

From Cherry Point, Bill T. Lin and Mario Buzzelli were sent to the FMF team, while remaining members of the team were from Camp Lejeune, where W. G. Handley and Meason of Force Troops and Spencer from 2d Force S. Regiment. Bill Boyd of Force Troops was selected as the alternate.

The entire tournament marked by typical monsoon bursts which halted play for days.

When teams were able to play the tourney was a see-saw between Force Troops and 2d Marine Air Wing. Force Troops led after first round 311 to 314, but 2d took the edge after the second round by 15 strokes, 617 to 632. The Force Troops golfers came the deficit to tie at the completion of the third round.

Saturday morning saw 35 competitors ready to participate in Medal play standing forlornly the first tee looking at what parently was a giant, eco-size puddle.

After the faltering play was ended Saturday by Cherry Point pro Jim Reddoch, it was felt that there was a one stroke in the last day of play and corrected, 2d Wing and Force Troops were deadlocked.

The final round of the play was highlighted by two den death playoffs. J. D. Sp. and W. G. Handley had to play a tie as did Bill Boyd of Force Troops and W. G. Klages of FSR. On the third hole, Sp. shot a three and Handley a third place shooting a four. beat out Klages on the fourth hole, five to four.

CWO E. Rust of 2d FSR won Senior's Division of the tournament with 54 hole total of 255. beat Navy Capt. S. Jakubs of 2d Division whose three day total was 253.

Rust represented the Fleet Marine Force in the Senior's Division in the Fleet tournament and was selected as the alternate representative.

GLOBE SPORTS

Varsity Tackles Fort Lee In Two-Night Doubleheader

Coach Andy Anderson's powerful Lejeune baseball team will be out to capture first place in the East Coast Interservice Conference Saturday evening when they tackle the league-leading Fort Lee Travellers in a two-night doubleheader at Harry Agganis Field.

Lejeune Nine Hails Fans' Home Support

Coach Andy Anderson and his Lejeune varsity baseball team wish to express their appreciation to all fans who backed the team throughout the season by offering them a chance to win a gift certificate for \$5 as they proclaim July 14 as Spector Appreciation Night at Harry Agganis Field.

This game with Fort Lee will be their last home game in the East Coast Interservice Conference. Scheduled for a two-night doubleheader on that night, coupons will be given to all spectators and five \$5 gift certificates will be drawn prior to the start of the second game.

Both teams have always displayed top talent when playing against each other and this two-night double header is no exception. Lee is currently holding down first place in the conference with the Lejeune Marines bearing down to take over the lead.

For exciting baseball and a chance to win a gift certificate, don't miss either of these two games.

Service Bn. Moves Into Division Lead

Service Bn., sporting a 10-1 record, took possession of first place in the National League and 3/10-4/10 topped the American League after Monday night's action in the Division Softball League.

Behind a one-hit performance by hurler Jim Brown, Service Bn. shut out 3d Bn., 2d Marines, 4-0. An expected duel between Brown and 3/2 ace Larry Hartzler, was cancelled when Hartzler suffered a torn cartilage in his knee, putting him out for the season after compiling an 8-0 record, similar to his team.

Hq. Bn. strong-arm man, Bob Vann, chalked up his third win of the season allowing one hit as his team downed 2d Bn., 8th Marines, 5-2, for their fifth loss of the season in the only other National League tilt.

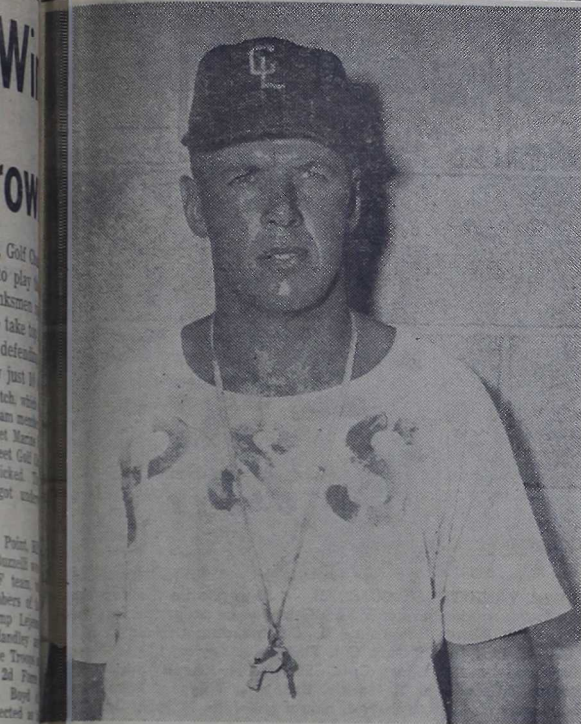

In the American League "big" game, the magic number was 23, as Mel Atkins of 3/10-4/10 and his opponent, John Enderly, Hq., 2d Marines, faced 23 batters apiece, but a Hq-2 error in the bottom of the sixth gave way for two runs and a 3/10-4/10 victory. The loss knocked Hq-2 out of first place, only to be replaced by their conquerors.

League records reveal the story behind top teams like Service Bn., a fast moving unit which finally hit the top this week. Alternating only two pitchers, Lynn Larrick and Jim Brown, during the season, they have yet to give up an earned run, with all runs scored against them being unearned.

With the untimely exit of moundsman Jerry Hartzler, it is noteworthy that his extraordinary efforts attempted and accomplished while in action be mentioned. During the season Hartzler struck out 75, held the highest slugging average on the team, fired four shut-outs and possessed a .125 earned-run average when he bowed out of action for a knee operation—truly a top-notch performance.

Captain John P. Monahan . . . At The Helm Again

Monahan Picked As Coach of 1962 Football Squad

Capt. John P. Monahan, who guided the Camp Lejeune football team to an 8-1 record last year, will be at the helm as football coach once again during the 1962 campaign.

During his freshman season at the University of North Carolina last year, Monahan took a group of aspiring hopefuls, sea-soned with a few veterans and polished them into the caliber of champions and watched them run the football powers such as Quan-ico, La, and Pensacola, 17-15. Monahan's only loss over the season was a 26-0 back at the hands of the "Wheels" from Ft. Eustis.

Monahan is a 1955 graduate of the U. S. Naval Academy and captained the 1954 Navy football team, which up-ended Missis-sippi in the Sugar Bowl that year. Monahan is reporting to Lejeune, Monahan as assistant football coach.

Monahan's homore head coach hails from San Mateo, Calif., where he coached varsity football, basketball and baseball. At the Academy, Cap-tain Monahan played first base for the baseball team and was halfback on the football grid squad for three years.

Monahan gained his first coaching experience in 1958 when he was selected as assistant junior varsity football coach at the Acad-emy. In 1960, he was promoted to head coach for the Naval Academy. One of his prime stu-

Team Takes Honors At Pinehurst

Camp Lejeune skeet team won away with two cham-pionships, a runner-up award, and individual honors this weekend at the North Caro-lina State and Open Skeet Cham-pionship held at Pinehurst, N. C. The team, consisting of Maj. Le-june, MCSS, team captain; 1st Lt. David Blody, 1st Lt. David Blody, both of 2d Division; and 1st Lt. Robert Roberts of ITR, and 1st Lt. Morrison of MCSS, cap-tained the North Carolina State team, beating out the other teams. The team also won the Open Military Champion-ship, finishing second in the 2d Division.

Mudcat Hurls Fort Belvoir To 6-0 Win

Jim "Mudcat" Grant turned in a remarkable pitching performance last Tuesday evening limiting the Lejeune Marines to just four hits as 4,500 fans watched him pace the Fort Belvoir Engineers to a 6-0 shutout victory over the favored Lejeune nine.

The part-time Cleveland Indian pitcher fired only 100 pitches, an average of a little more than three per batter as he struck out 10 and walked none in winning his second game of the year for the Engineers.

Chuck Davis went the route for the Lejeune Marines and was given the loss. He was taken out in the last of the ninth for a pinch-hitter.

The Marines could not even raise a threat for the major league star and Cliff Simpson, who got two hits on the night, was the only man to reach second base. He got to second in the fourth and ninth innings.

Ernie Christoff of Belvoir was the hitting star of the night, bang-ing out two hits including a two run home run in the second in-ning to start the scoring.

Lejeune was saved from a bigger defeat several times with brilliant plays. Gary Harrell made a quick play on a short grounder to third in the second inning just before Christoff connected for his circuit blast and Simpson ended the ninth inning after Belvoir scored its final run with an over-the shoulder in straight away centerfield.

Mudcat was impressed with the support given by the fans at Harry Agganis Field. "They don't even cheer that way up at Cleveland, the way they did for me tonight," stated the tall, well-built right-hander.

Tuesday's game was the second of a four game series against Belvoir. The Marines took the opener 15-7 with Vic Johnson getting the win. In that game Monday, Hal Norton and Gary Harrell clouted their seventh and fourth homers of the year respectively.

The remaining games with the Engineers were scheduled for a two-night doubleheader last night. Due to GLOBE deadline, the re-sults of those games were not available at press time and will be re-capped in next week's edition.

Second Guessing

Here is a situation for all you baseball armchair strate-gists:

There are none out in the ninth inning and nobody is on base. Lejeune is leading comfortably by a 15-0 score and just three outs remain.

All of a sudden the roof falls in on your starting pitch-er and he gets belted for five quick runs which include a 390-foot three-run homer with two men on base.

You have a newcomer in the bullpen warming up and you are finally called upon to take out your starter and replace him with the newcomer that you have never seen pitch against any competition.

The rookie pitcher comes in and gets the first runner to force out, so you start to breathe easier. All of a sudden your pitcher can't find the plate and walks the next four batters in order, forcing in two more runs.

As the manager, you look to see who to pitch next and there is nobody there. The bench is completely empty ex-cept for the coaches and the bullpen is even emptier.

Now, what would you do?

This situation occurred Monday night while Lejeune was coasting to a 15-0 victory, they believed, over Fort Belvoir.

All of a sudden the score was 15-7 and the bases were still loaded.

Many of the spectators were bewildered when head coach Andy Anderson walked to the mound in an attempt to slow down play. There wasn't a ballplayer on the bench that was able to pitch and Anderson knew it.

What the fans didn't know was that Frank Wilhelm, Lejeune's top relief pitcher, who had changed into street clothes earlier, was now diligently changing back into his uniform, so that he could relieve Dick Hall, who was in trouble on the mound.

The funny part of this was that as soon as Wilhelm reached the steps of the dugout, Hall got the last man to fly out to centerfield and the game was over.

Incidentally, Wilhelm will probably get a special award as a quick-change artist at the completion of the season.

Lejeune Nine Wins Three To Challenge League Lead

The Camp Lejeune Marines took all of a three game series from the Fort Eustis, Va., Wheels this past weekend and moved closer in their challenge for the lead of the East Coast Interservice Conference.

In the opener last Friday after-noon, the Marines scored two runs in the last of the ninth inning on a pair of Wheels' errors to squeeze out an 8-7 victory over the visitors.

Vic Johnson started for the Lejeune nine and went 7 1/3 innings

before being relieved by Tom Maz-zolini with one out in the eighth and two men on. Frank Wilhelm replaced Mazzolini in the ninth to put out the fire. Wilhelm chalked up the victory.

Hank McLaughlin went 7 1/3 innings for Eustis and was relieved by Ted Denny in the eighth. Denny was given the loss.

In the second half of the day-night doubleheader on Friday, the Lejeune Marines, paced by the strong pitching arm of Chuck Davis, routed the Wheels 11-2.

Davis went the route for the Marines giving up only six hits while striking out 12 batters. He also aided his own cause with a three run homer over the left center field wall with two out in the third. The Marines exploded for six big runs in that inning.

Don Dunlap started for Eustis and lasted only one and 2/3 innings, giving up six runs. He was re-lieved by Ted Denny who came out in the sixth with two down. Bob Pound went the rest of the way for the Wheels. Dunlap was given the loss.

In the last of the three contests, Lejeune relievers Bill "Pappy" Her-rington and Tom Mazzolini combin-ed talents to stop a Eustis threat and posted an 11-9 win over the Wheels.

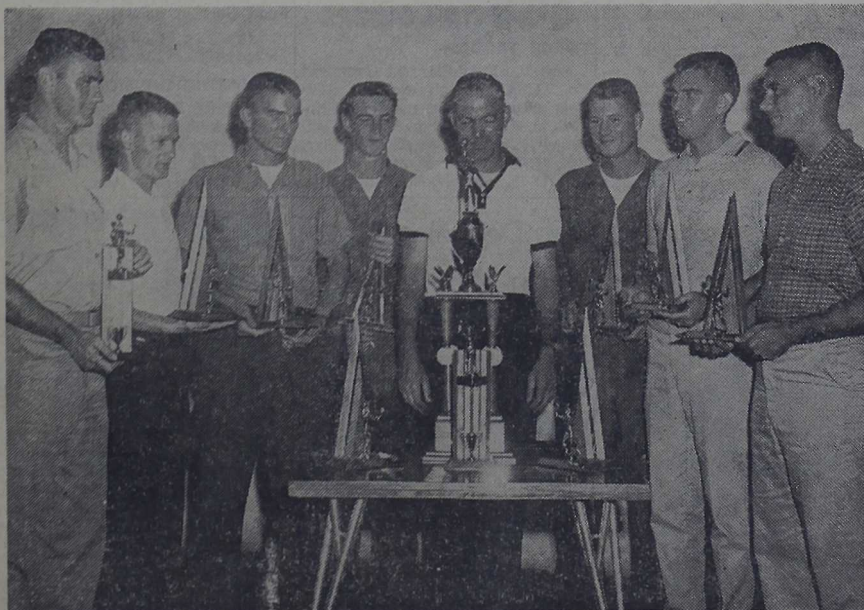

Frank Wilhelm started for the Marines. He was also credited with his second win of the series.

Pool Hours

Military personnel and depend-ents may enjoy swimming all year round at the Montford Point Indoor Swimming Pool, Bldg. M139.

Hours are:

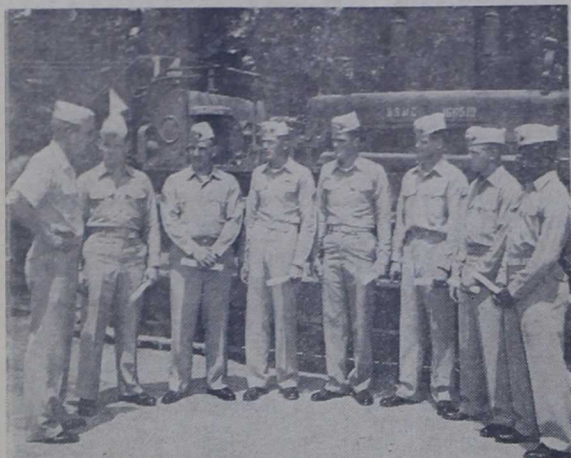

Tues. thru Fri., 17-2100
Sat. & Sun., 0900-2100
Mon. & Holidays, Closed

TOP COURT SQUAD—Team members of the Cham-pionship HMM-264 basketball team at the New River Marine Air Facility had a light wait for their trophies as they were deployed immediately after the end of the basketball season. During the squad-ron's third anniversary party at the MCAF Marina they received their belated individual trophies. By this time several members of the team had been

transferred. Those receiving their trophies were (left to right) WO Leonard E. Palmer, 1st Lt. Ed King, 1st Lt. Ross Plasterer, LCpl. David P. Jerauld, Lt. Col. Rocco D. Bianchi, Squadron Commanding Officer, LCpl. Tom O'Reilly, 1st Lt. Doug Piersey, and 1st Lt. Frank Millner. The big trophy was pre-sented by Col. Ernest C. Fusan, MCAF Command-ing Officer. Career Advisory Highlights

SEVEN SEA-SOLDIERS SIGN—Seven "soldiers of the sea" signed up for a total of 13 years in extensions and reenlistments for new duty stations. Capt. D. F. Thompson, commanding officer of Engr. Maint. Co., MS&M Bn., 2d FSR, bids his men goodbye. The men are, left to right: Pfc James P. Halloran, Sgt. Blaine E. Dennis, Cpl. Carroll M. Strickland, Pfc William M. Bioso, Pfc Dennis G. Capehart, Pfc Jackson C. Wooddell and Pfc Johnny L. Sparks. Among the duty stations chosen by the Marines were 1st MAW, NAS, Miramar, Calif., Norfolk, Va., and Marine Barracks, Washington, D. C. (Photo by GySgt. John Babyack Jr.)

Mess Chief's Abilities Gain 'Well Done'

Outstanding performance of duty as a Mess Management Chief netted GySgt. Charlie T. Brown a meritorious mast June 29. Brown is a member of Hq. Co., H&S Bn., MCB.

A commendation letter recognized the complete change in the messhall since Sgt. Brown took the helm. "Through Brown's diligence, perseverance and long, arduous hours of personal supervision, the messhall is now among the most efficiently operated messhalls aboard the base."

"Despite the large number of meals served daily in the messhall and a perpetual shortage of cooks and messmen, both the food and the manner in which it is served have consistently been of the highest quality. Sgt. Brown's exceptional performance of duty in furnishing special messing accommodations for Base and visiting athletic teams, Naval ROTC students and Force Troops units in field exercises have been the subject of official correspondence received by the commanding officer."

"By his personal devotion of 75-80 hours each week toward maintaining perfection in the operation of Messhall 54, he has gained the respect and harmonious cooperation of his subordinates. His conduct and military decorum have at all times been in keeping with the highest traditions of Marine Staff Non-commissioned officers."

Quality Work Earns Chief Clerk Mast

A Marine Corps Base staff sergeant operating in the capacity of a Master Sergeant (E-8) was officially recognized for his job abilities and accomplishments last week at a meritorious mast.

SSgt. Thomas A. Morphew, H&S Battalion administrative chief, was praised for his outstanding performance of duty since he took over his position in July 1961.

A letter of commendation to him said, "while serving in this capacity, he has applied himself diligently and with perseverance, and has consistently maintained the highest standards of professional competence in carrying out his responsibilities in the complex administration of this command."

"Of particular note has been his tact, willing cooperation with, and assistance rendered to the officers and noncommissioned officers of units and activities of this command in administrative matters characteristic of an organization of this type."

"SSgt. Morphew's outstanding qualities of leadership have been constantly brought to the fore by his expression of genuine concern for the morale and career motivation of personnel under his charge and the absence of disciplinary problems within this section."

NOW HEAR THIS—Lt. William G. Winters, left, MAG-26 Flight Surgeon, passes the word of reenlistment via a stethoscope to HM3 James D. Browning, MCAF, New River. Browning reenlisted in the Navy for six years last week at the Air Facility Infirmary. He entered the service August 28, 1958. (Photo by Pfc J. M. Fabiano)

Job Devotion Nets Letter For Clerk

The ability to successfully complete any task assigned resulted in a meritorious mast for Cpl. Robert H. Jarvis June 29 at H&S Bn., MCB.

Jarvis was cited by battalion commander Col. William H. Junghans, Jr., for his exceptional performance of duty as the battalion stenographer and typist.

A letter presented to Jarvis outlining his work said that the corporal had on many occasions assumed the duties and responsibilities of other personnel in the battalion in their absence, always doing an outstanding job.

Also mentioned in the corporal's letter was his typing ability; "a talent that has contributed immeasurably to the efficient operation of not only the Adjutants' section but to other sections within the battalion headquarters."

FAMILY AFFAIR—Mrs. Margie Boone pins Navy lieutenant on her husband, Chaplain Gordon Boone, following promotion ceremony at 2d Bn., 2d Marine headquarters last week. All Boone children were present making it a family affair. In front of Pop is James, left, and David, right. Wayne and Margaret are in the back. (Photo by LCpl. F. X. Geary)

Five Step Up Scout Ladder At Honor Court Ceremony

Five scouts of Troop 190 were cited at a Boy Scout Court of Honor last Thursday night at the Tarawa Terrace Community Center.

In the opening ceremony, the scout members approached the head table in "troop" formation and recited in unison the pledge of allegiance to the flag and the Boy Scout Oath.

Scoutmaster SSgt. Frank L. Bruno then called the five scouts being promoted and their parents "front and center."

Each scout was presented with the certificate and medal of his new rank. Fathers of the scouts pinned their sons and the sons in turn pinned their mothers with miniature medals "in recognition of her love, comradeship, encouragement and her faith in him."

James Napier, age 15, son of SSgt. and Mrs. James Napier, received the Life Badge, which is the next to the highest rank in scouting and was the highest promotion of the evening.

Requirements of a Life Scout are to have earned ten merit badges and pass examination by the board of review which is composed of district committee members. Jim has already earned 21 badges which fulfills the Eagle Scout requirements but will have to wait the six months promotion period before

receiving the badge.

James LeBeau, son of GySgt. and Mrs. L. P. LeBeau, reached the halfway point on the scouting ladder when he received the 1st Class scout award. Having completed the 2d Class requirements a 1st Class scout must learn the Morse Code and the basic principles of mapping. Jim was also designated senior patrol leader.

Three boys received 2d Class badges which were earned by their

learning scout craft, scout teamwork and scout spirit. They were Dudley Wells, son of GySgt. and Mrs. Kenneth E. Eakle; Michael, son of SSgt. and Mrs. Victor St. Pierre and Ted, son of 1stSgt. and Mrs. Ted Dalkiewicz. SSgt. St. Pierre is assistant scoutmaster of Troop 190 and 1stSgt. Dalkiewicz is treasurer.

Lights were dimmed as SSgt. Bruno ended the Court of Honor ceremonies with a short prayer.

PROMOTION PLEASES PARENTS—SSgt. Frank L. Bruno, left, scoutmaster of Troop 190, officiated at the Boy Scout Court of Honor ceremonies held last Thursday night in the Tarawa Terrace Community Center. James Napier, third from left, received his Life Scout Badge which is the next to the highest rank in scouting. Pictured with him are his parents, SSgt. and Mrs. James Napier. (Photo by Pfc J. B. McKinley)

1ST WINNERS — First place winner of the dance contests the Tarawa Terrace pre-teen dance last Saturday evening get for demonstration purposes. Couple in the left foreground, Michelle Gray and Marty Ortiz. "Peppermint" are couple in background, Paul Randolph and Rita Trevino. "Mental" champions are the righthand group, Debbie Jones, Schlieman, David Aderhold and Bill Scott Pyritz. (Photo by J. O'Neill.)

Pre-Teens Prove Talents Rock n' Roll Dances

Approximately 50 pre-teens "did the fly" and "twisted" at the pre-teen dance held Saturday evening at the Terrace Community Center under the direction of HM1 s. Milton Ortiz. There were three dance contests and were provided by the TT Community Association.

Kindergarten Registration Begins

Registration for the Camp Lejeune Kindergarten will begin and continue through the 1st August. Children must be years old by January 1. Registration can be made by mail or personal visit to the Camp Kindergarten, Bldg. 2624. Call or visit Mrs. Rob- hea, supervisor, anytime 10 a.m. until 1:30 p.m. at the Kindergarten, 6702.

Registration is by mail, the forms and brochure picked up at the Paradise Point Service, Tarawa Ter- ring Service or at the Mid- dle Housing Office.

Registration fee is \$5.00 and the tuition is \$11.00. The reg- istration fee must accompany the form when mailed to ol.

Transportation will not be ol. It will be the responsi- ble of the parents to provide ol.

Parents may specify morning or afternoon class, but this will be on a first served basis. There are three locations of ol: Paradise Point, Tarawa Terrace and Midway Park.

Plans for the opening of school will be September 6. There are in excess of 300 ol. on a waiting list in the ol. which application is made ol. be enrolled as vacancies ol.

Notice

Meeting with the group were Mrs. C. O. Winter of the Daily News, Cynthia Mainard of the Raleigh News and Observer, Mrs. Robert Mendelson of Radio Station WJNC and LCpl. Marilyn Hughes of the GLOBE.

The publicity chairmen invited were: Mrs. P. Robichaud, Group 1; Mrs. M. Beard, Group 2; Mrs. T. Naquin and Mrs. L. Bench, Group 4; Mrs. J. Armstrong, Group 3; Mrs. S. Hawkins, Group 5; Mrs. G. Dabney and Mrs. P. Rychlik, Group 6; Mrs. J. Carter, Group 7; Mrs. C. Plaskett and Mrs. J. Moll, Group 8; Mrs. E. L. Dickson, Sitter Service and Mrs. L. Pepper, International Wives Club.

Mrs. Chauvin presented the group chairmen with an outline of their duties and a discussion period was held.

LAFRA Ladies Hold Officer Installation

An installation of officers for Unit 208, the Ladies Auxiliary of Fleet Reserve Association, was held at the Staff NCO Club at Cherry Point July 6.

Installing officer for the LAFRA was Mrs. Margaret M. Paquigan, regional vice-president of the organization.

The officers for the coming year are: Mrs. Joan Henson, president; Mrs. Jackque Sheldon, vice-presi- dent; Mrs. Doris Scay, secretary-treasurer; Mrs. Joyce Guadagnolo, chaplain.

Taking over the board of direc- tors are: Mrs. Doris Reynolds, Mrs. Barbara Lennox, Mrs. Marjorie Maddox, Mrs. Patricia Goodman and Miss Marian Heigle.

Guests present included Brig. Gen. and Mrs. F. C. Tharin, Com- manding General, Marine Corps Air Station, Cherry Point, Colonel and Mrs. C. C. Axtell, Capt. J. H. Markley, chaplain, Father F. W. Kelly, Camp Lejeune senior chap- lain, Mr. and Mrs. C. Pope and Mr. and Mrs. C. L. Warren. Mrs. Warren is the past national chair- man of Branch and Unit 60 of LAFRA.

INSTALLATION LUNCHEON — Pictured above are the officers of the Air Facility Staff NCO Wives Club at their installation held last Thursday. Left to right are Mrs. F. E. Black, outgoing president; Mrs. L. R. Cox, incoming president; Chaplain Cyril J. Janicek, Mrs. T. G. Shropshier, vice-president; Mrs. R. L. Allen, corresponding secretary; Mrs. W. F. Mortimer, recording secretary and Mrs. L. E. Robinett, treasurer. (Photo by LCpl. Linda Sype.)

MCAF Staff Wives Install New Officers

Members of the Staff NCO Wives Club of the Marine Corps Air Facility held their Installation Luncheon last Thursday. Lt. Cyril J. Janicek, MCAF Catholic Chap- lain, conducted the ceremony.

The new officers include: Mrs. L. R. Cox, president; Mrs. T. G. Shropshier, vice-president; Mrs. L. E. Robinett, treasurer; Mrs. W. F. Mortimer, recording secretary, and Mrs. R. L. Allen, corresponding secretary.

The outgoing officers are: Mrs. F. E. Black, president; Mrs. R. E. Bequin, vice-president; Mrs. L. E. Robinett, recording secretary; Mrs. J. B. Luckadoo, corresponding secretary, and Mrs. T. G. Shropshier, treasurer.

The first meeting with the new officers presiding was held Tues- day, July 10, at the Air Facility chapel classroom.

Activities Calendar

MIDWAY PARK WIVES

If the wives have finished their pillow coverings there will be a demonstration on floral arrange- ments at the next club meeting Park Community Center.

CAMP GEIGER WIVES

Geiger wives need not be on "pins and needles" any longer when it comes to sewing. Instead they may bring them along with some thread to the series of hand sewing lessons now being offered at the Geiger Wives Club meet- ings each Tuesday at 11 a.m. in the Geiger Community Center.

KNOX WIVES CLUB

The wives will hold their in- stallation July 16 at 7:30 p.m. in the Knox Community Hall.

AIR FACILITY NCO WIVES

The wives will hold their in- stallation of officers July 13 at 10 a.m. in the Air Facility chapel classroom.

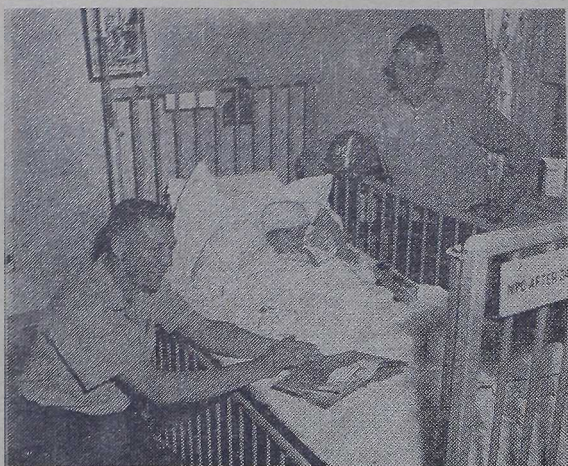

MOTHER OF TWINS CLUB

The next meeting of the mothers will be July 18 at 7:30 p.m. at Howard Johnsons.

Youth Fun Program Starts Second Series

The first session of the Camp Lejeune Summer Youth Program is coming to a close July 13. Over 600 youngsters were enrolled in the four weeks of organized recreation.

Registration for the second period will be Saturday, July 21 from 9 a.m. to 3 p.m. at Goettge Memorial Field House. The second session is scheduled for July 30 through August 24. There will be no late registration.

A PICTURE'S WORTH A THOUSAND WORDS—Three-year-old fire-victim Ronald Elkins, son of Marine SSgt. Chalmer L. Elkins, seems wary of our photographer, but appreciative of his new-found friends. Inspector James Cardwell, left, and Capt. Ellis Heins of the Fire Department at Camp Lejeune, took it upon themselves to see that the child's long convalescence period will be as bearable as possible. (Photo by Pfc J. B. McKinley)

Firemen Help Make Fire Victim Happy

A touch of kindness by local firemen last week tended to minimize the grief suffered by a three-year-old child, critically burned in an automobile mishap last May.

Ronald, son of SSgt. Chalmer L. Elkins of Glen Jean, W. Va., currently with the 2d Marine Division at Camp Lejeune, was quietly playing in his father's locked car when he suddenly found himself surrounded by flames, and only

the intervention of a neighbor prevented the child from being burned to death. Using his hands and feet, Sgt. Gerald C. Miller of Orlando, Fla., also with the Lejeune-based 2d Marine Division, smashed in the windows of the car and dragged the child from the inferno, after which the child was rushed to the hospital for treatment of second degree burns over 60 per cent of his body.

Thus began the long, lonely period of convalescence.

Moved by the boy's predicament, Fire Inspector James Cardwell took time from his busy schedule to purchase children's books and returned to the hospital where he read to the child.

Leaving the hospital and returning to the fire department later one afternoon, he told fellow workers of the situation. A collection was raised by military and civilian firemen, which netted enough money to purchase a radio for Ronald.

In the meantime, Capt. Ellis Heins of Engine Company Three notified a prominent Jacksonville furniture company of their efforts. The company in turn responded by donating not only a radio, but a record player as well. The money collected was then used to purchase long-playing children's records and were presented to the boy.

Ronald has a long, hard fight ahead of him before complete recovery. However, through the efforts of the fire department personnel involved, his convalescence period has been made more bearable.

Captain Samuel Nicholas was the senior Marine officer of the American Revolution.

CHANGE OF COMMAND — Lieutenant Commander George E. Wire Jr., (right) accepts the colors of the 2d Medical Battalion, 2d Marine Division, from Commander Roland W. Jones (left) during change of command ceremonies held at Camp Lejeune, June 29.

First Division Sets Reunion Dates For '62

The First Marine Division Association will stage its Eighth Annual West Coast Reunion in San Diego Aug. 25, with events centering at the El Cortez Hotel and the Recruit Depot.

Registration will begin at the hotel on Thursday, Aug. 2, at 1 p.m. and will continue through the 4th. MCRD will host the 1st Division veterans Friday afternoon, Aug. 3, with a tour of the base, parade, reception and barbecue.

Saturday morning, Aug. 4, Memorial services will be held at 10 a.m., followed by a short business meeting. The afternoon is to be devoted to unit reunions or tours of San Diego points of interest.

The evening of the 4th, entertainment will start at 6 p.m. at the El Cortez and will conclude with a banquet and dance.

The reunion will end at noon, August 5, following a sayonara party at the hotel.

Association members or prospective members are encouraged to register in advance.

Correspondence concerning registration for the reunion should be addressed to the Chairman, 1st Marine Division Association, West Coast Reunion, MCRD, San Diego, Calif.

Quarters

Marines with dependents are entitled to basic quarters allowances when basic quarters are not furnished. This applies whether you are aboard ship or living with your family. To qualify, you must have a Class "Q" allotment in effect appropriate to your grade. If you have no dependents and are assigned to duty where quarters are not furnished, you are still eligible for quarters allowances.

On-The-Job Engineers Help School Children

"It's a very good plan and I think that we're very fortunate to have you doing the job . . .," was the comment of Maj. Gen. J. P. Berkeley, commanding general, Marine Corps Base, following a critique held for the general and his staff by members of Force Troops' 8th Engineer Battalion at the scene of the new Camp High School recreation field nearly a month ago.

"A" Company (reinf.), 8th Engineer Battalion, was assigned the mission of performing all engineering work at the project. The estimated time for completion is 30 days.

A large percentage of the 150 men specifically assigned to the project had only limited experience. However, through broad planning the engineer battalion sought to take advantage of the scope of work to be covered to phase in all engineer equipment and personnel for training purposes.

The plans called for two baseball fields, two football fields (one practice and one primary), four softball fields and a track. At a later date, grandstands surrounding the primary football field are planned. In addition, service walks, drainage systems and parking areas are anticipated for all ball fields.

Rain has hampered construction to a degree, as a substantial portion of the area was already flooded. Both homeplate areas were under water in the initial stages of

REGIMENTAL COLORS—Showing the regimental colors to Gen. Lewis W. Walt, left, acting Division commander, Col. M. Platt, right, commanding officer of the 6th Marines, cites a War I battle streamer won by the regiment. Sgt. Maj. Nicholas Parice (center) who recently joined the 6th Marines, accompanies Colonel Platt and the regimental colors on a visit to General office, prior to the regiment observing its 45th anniversary year.

'Senior' Regiment Observes Birthday

The 6th Marines—one of the oldest regiments in the Marine Corps—paused during a busy training schedule yesterday to honor the 45th anniversary of its founding.

While more than two-thirds of the regiment are currently deployed either in the Caribbean or the Mediterranean, the remaining members met for a brief ceremony honoring the regiment's past.

Brig. Gen. Lewis W. Walt, acting Division commander, was guest of honor at the proceedings which were presided over by Col. Jonas M. Platt, commanding officer of the 6th Marines.

Members of the 2d Division Band were invited to join the regiment in a steak dinner with all the trimmings, including a cake baked especially for the occasion.

The general, citing past performances of the Regiment, mentioned the 6th—and its heroic role—in

France during World War I. The regiment is one of two Marine Corps whose members wear the French Fourragere of four decorations the regiment received during that war. The 5th Marines of the Marine Division, based at Pendleton, Calif.

Marines of the regiment entered the front lines in 1918. Within three months driving the Germans from the West. Following that battle, the regiment fought at St. Mihiel, and in the Meuse-Argonne.

Between World War I and World II, the 6th Marines in a number of tours around the world, including the Dominican Republic, China.

Shortly before World War II the 6th Marines became the 6th Infantry unit of the 2d Brigade, which later became the 2d Division.

Six months before Pearl Harbor the 6th Marines was sent to Iceland to help England as its sea approaches across the Atlantic.

Needed desperately in the Pacific, the regiment rejoined the Division in time for the Guadalcanal. Subsequently, Saipan, Tinian and Iwo Jima became stepping-stones leading to Japan and on to duty following the war.

During the Lebanon 1958, the 3d Battalion, 6th Marines landed on July 16. A 6th regimental landing team forces were withdrawn from Lebanon. This team returned to Camp Lejeune early in 1959.

Since then, the regiment has furnished expeditionary forces on an almost continual basis to the Mediterranean and the Persian Gulf.

TREE CHOPPING TIME—Maj. Gen. J. P. Berkeley aims in on soon to fall victim to the axe of progress during ground breaking ceremonies held at the Camp High School recreation area on is Lt. Col. J. A. Harper, commanding officer, 8th Engineer Battalion. "A" Company, 8th Engineers, are constructing the athletic field at the school. (Photo by GySgt. John Babyack Jr.)
