HON. CARLISLE P. RUNGE

### Secretary Runge To See 'Operation Patriot' Here

The Honorable Carlisle P. Runge, Assistant Secretary of Defense for Manpower, will arrive at Camp Lejeune this weekend to observe the reserve training exercise, "Operation Patriot," scheduled July 24-26. "Operation Patriot" is the annual summer reserve air-ground exercise involving Marine Corps Reserve units from cities throughout the eastern half of the United States. More than 3,000 air and ground Marines will participate in the exercise which gets underway next Monday with "H" hour set for 8 a.m.

Mr. Runge is scheduled to visit reserve aviation units at Cherry Point Monday, July 24, and then return here Tuesday to observe the operation and visit with troops in the field.

Mr. Runge was appointed to his present post by President Kennedy and took his oath of office on Feb. 17, 1961. He received his law degree from the University of Wisconsin in 1948. From 1948 to 1951 he was Assistant United States Attorney for the Western District of Wisconsin. He served on the Wisconsin Law Faculty and as assistant Dean of the Wisconsin Law School.

The Secretary received the Bronze Star for services in the European Theater of Operations in World War II while serving with the Third United States Army. He presently holds a Reserve commission as a colonel in the Army Quartermaster Corps and is commander of the 32nd Infantry Division Trains, Wisconsin Army National Guard.

He is married to the former Elizabeth Eshelman and has three children. He now resides in Washington, D. C.

### Toys Needed At Christmas

Christmas in July, or at least the preparation for that day are already beginning in the Levasseur's workshop. The Levasseur family — GySgt. Joseph J. his wife and five children—each year repairs, paints and mends old toys for distribution to needy families at Christmas time. Last year, their workshop distributed more than 2500 toys to the poorer children in the area.

Old or broken toys are again needed this year, the seventh year since the family project began.

Anyone wanting to contribute toys, time or materials to the project may contact GySgt. Levasseur at Bldg. No. 1402 or phone 7-5772.

### Marines Will Be Ready To Use New Rifle

Marines will be ready to use the new M-14 rifle by the time field outfits are supplied with the modern firearm, according to the Navy Times.

Two companies of Leatherneck officers undergoing basic training at Quantico are now equipped with the new rifle.

The officers will be trained in the "care and feeding," and will be able to pass the instruction along to their troops when the rifle becomes standard field equipment.

Present plans call for outfitting the recruit training depots at Parris Island and San Diego next, so that the recruits will be trained M-14 operators when they and the rifles are distributed.

Fleet Marine Force infantry units will be furnished the new rifle en masse, rather than on a piecemeal basis. This will eliminate logistics problems of carrying spare parts and ammunition for two different types of weapons.

### Boards Delayed

Headquarters Marine Corps Tuesday postponed the convening selection boards to pick lieutenant colonels for promotion to colonel and majors for promotion to lieutenant colonel.

The boards, delayed for administrative reasons were originally scheduled to convene July 24 and 31, respectively.

New convening dates will be announced later by Headquarters Marine Corps.

### Board Meets For Selection Of Top Ranks

Cain Jr. (Recorder), and Capt. J. T. Stewart Jr. (Assistant Recorder).

### Division Bond Drive Extends Thru Aug. 15

The 2nd Marine Division Savings Bond drive has been extended through August 15th.

The drive originally began in May but efforts were diminished when much of the Division departed unexpectedly from Camp Lejeune on "Operation Axle Grease."

In a letter from the commanding general, all officers and non-commissioned officers have been encouraged to direct their personal attention to the program.

Plans call for each Division Marine to be contacted and encouraged to participate in the Bond Plan which meets his needs and is within his financial capability.

Each organization in the Division has an appointed Savings Bond Officer who is available to discuss the program with personnel of his unit.

Initial results of the drive showed a marked increase in the number of Marines participating. With a stepup in efforts it is hoped that 25 per cent of the Division will be enrolled.

# DI Screening Board Selects 12 For School

The Drill Instructor Screening Board from Parris Island met at Camp Lejeune last week to select future drill instructors. Twelve of Force Troops' most outstanding non-commissioned officers were chosen for duty at the Marine Corps Recruit Depot.

They are: GySgt. A. F. Pope Jr., 2nd Tank Bn.; SSgt. E. Breeze, 2nd Topo Co.; SSgt. H. F. Posey, 2nd Tank Bn.; SSgt. F. E. Ridley, 2nd FSR; Sgt. C. R. Cunningham, 2nd Bridge Co.; Sgt. W. M. Davis, 2nd Topo Co.; Sgt. R. O. Ledoux, 8th Engr. Bn.; Sgt. D. F. Whitman, 8th MT Bn.; Sgt. J. J. Keenan, 2nd Am-Trac Bn.; Sgt. A. A. Roland, 2nd Topo Co.; Sgt. J. D. Smedley, 2nd FSR, and GySgt. G. W. Murray, 2nd FSR.

The Marines who successfully complete the screening that Headquarters Marine Corps will give them, will be sent to Drill Instructor School at Parris Island.

After completing several weeks of DI School, which many ex-DI's say is comparable to going through "boot camp" again, the new Drill Instructor may receive proficiency pay after completing three months probation. In addition to free laundry and dry cleaning, they will receive an extra issue of clothing which includes four khaki shirts, a pair of dress shoes and a pair of green dress trousers.

The DI's are considered for meritorious promotions quarterly, including promotions up to the rank of E-7. The Marine chosen the outstanding DI of each quarter receives an engraved NCO sword as a reward for his work with the recruits.

New top enlisted man at this sprawling Marine Corps Base is Sgt. Maj. William O. Parish. He relieves Sgt. Maj. J. P. Mangan, now at Marine Barracks, Washington, D. C. A veteran of some 24 years' Marine Corps service, Parish has served in numerous enlisted and commissioned billets in post and stations throughout the world. He was appointed Chief Warrant Officer in 1954. He was promoted to sergeant major in March, 1959.

Prior to coming to Camp Lejeune, Parish was sergeant major of the 1&I Staff, 2nd Anti-Tank Co., Gulfport, Miss.

Sgt. Sam D. Pearson . . . Sensei

## He Thrives On Broken Bones And Black Eyes

By SGT. FRED MOORE  
GLOBE Staff Writer

His nose has been broken twice. He has broken his right hand four times, once on another person's head, twice on bricks and once by putting his hand through a door. His left hand fared somewhat better, only being broken twice but he has two broken ribs. His left toe was broken twice and his shin once. In addition, he has suffered numerous black eyes and bloody noses.

Each night he does 200 push-ups, 500 arm rolls, about four minutes of leg lifts, punches boards about 200 times, punches the air 200 times with each hand, runs two to three miles barefooted, and utters strange noises or grunts at various times, and still he doesn't wear a straight-jacket.

He is Sgt. Sam D. Pearson, fourth degree black belt (Yondan) in Shorin Karate, one of three Americans who hold this degree, and Sensei (teacher) of the Shimabuku Karate Club at Camp Lejeune. As a Marine, he is a member of Guard Co., and

instructs members of the MP and Guard Company in Karate.

As defined by Pearsons, Karate is the "art of fighting with empty hands. It's not a sport for the faint-hearted. It can get pretty rough at times," he added.

Pearson started his study of Karate in 1955 in Gotemba, Japan.

"I only weighed 122 pounds and stood five and a half feet tall when I started," Sergeant Pearson said. "I felt, after seeing a Karate exhibition, that I could build confidence in myself through Karate."

He then studied for two more years in Atsugi, Japan, and learned Chinese Kempo, an original form of Karate. Karate has more than 40 different types, the Shorin being the most suited to the Americans.

"Judo is a sport, that's all," Pearson said on comparing the two arts. "It takes a long time to learn and is primarily for self-defense. In Karate, we are sort of lazy, all we do is kick and punch and then get out of the way."

Only about one out of every 20 persons who begins instruction in Karate is kept by Pearson. He now has about 20 pupils. These people are not kicked out but after a length of time, they find they can't keep up the strenuous pace. "They must be determined to master the art," Pearson said, "or else they just won't make it."

"Karate is rough and deadly, but a man who has the physical and moral fiber can become versed in Karate if he is willing to suffer the multiple broken bones, black eyes and bloody noses that go with it."

If interested, Sergeant Pearson can be contacted back of Bldg. 67 Monday, Tuesday, Wednesday and Friday from 5 to 7 p.m. or on Thursdays from 5 to 7 at the 500 Area gymnasium and Saturdays from 9 to 11 a.m. at the same gym. By phone, he is at base extension, 7-5272.

If you want to see what it is first, he and his students will be in exhibition at the Central Area Service Club Friday night at 7.

## Veteran Sport 'Chutist Praises Recon Marines

Marines of the 2nd Force Reconnaissance Company at Camp Lejeune, who specialize in both parachute and underwater entry into enemy areas, drew praise this week from one of America's top parachutists. Jacques A. Istel, the father of modern sport parachuting in America, a reserve captain and commanding officer of a special reserve intelligence unit, said, "These Marines are remarkable."

The statement came during the week's training stint Istel's Volunteer Training Unit is taking with the unit.

"The physical stamina these Marines display is outstanding. For morning exercises they do 66 push-ups, 100 sit-ups, more than 30 pull-ups and run three miles."

A former Marine infantry officer and veteran of Korea, Istel started the sport parachuting movement in the United States in 1956 when he took the first U. S. team to the World Championships in Moscow.

Personal parachuting is a secondary interest to Istel now, although the pioneer of stable free fall in the United States has 495 jumps to his credit. An inventor, he holds several parachute patents and his personal parachute, the first U. S. sport parachute, is on permanent exhibit in the National Air Museum of the Smithsonian Institution in Washington, D. C.

He started the first sport parachuting center in the United States at Orange, Mass., and has trained thousands of jumpers with an amazing safety record of only a few minor sprains.

Istel is chairman of the Massachusetts Sport Parachuting Commission which will stage the Sixth World Parachuting Championships in August, 1962. The Massachusetts legislature has appropriated \$100,000 to defray part of the expense and another bill for a half million dollars is in Congress. The best parachutists from 16 countries will compete at the Orange Parachuting

Center.

During his tour with the Reconnaissance Co., Istel showed a parachuting film made at Orange which was one of the Academy Award nominees for 1960. Called "A Sport Is Born," the film is the first free fall to free fall motion pictures taken on this continent.

"Our VTU is interested only in the Reserve training program. We are here to learn the latest techniques," Istel said to queries as to whether he would jump at Camp Lejeune. In 1956, he made a special jump onto the Parade Field to demonstrate the new type parachute to the Commanding General.

"If we are given the opportunity, we will jump," Istel said. "Right now our problem is keeping up with these Recon Marines."

## Age Reduced For Retirees' Security Plan

NEW YORK (AFPS) — As a result of recently passed legislation (Public Law 87-64) many retired military men will soon be eligible for Social Security benefits at the age of 62 instead of 65.

Also benefitting by the new law will be service widows already receiving Social Security checks, and all retired members of the Armed Forces presently receiving minimum installments.

At 65, retired male members of the Armed Forces who are eligible for maximum Social Security benefits currently receive \$116 per month. They can receive \$92.80 per month under the new law if they choose to start their benefits at age 62.

Up to the age of 76, there is little difference between the two

**FACILITIES**—Picnic facilities shown here at Harvey Point in the Courthouse Bay area are open to Camp military personnel for family type outings. ## Numerous Picnic Facilities Available To Families Here

Planning a family picnic? Why not utilize the facilities available here. Several such facilities are available at Courthouse Bay, Camp Geiger, Wallace Creek Boathouse, Hospital Point, Harris Field, and in different housing project areas. Any Camp Personnel are not aware that these areas have picnic facilities available for

family outings. Instead they travel long distances by car, using up gas, consuming long hours, and tiring themselves out before they even reach possible picnic sites.

Had they known of the facilities on the Base they could have avoided all these problems.

Of course, at some areas, organizational picnics have priority, but unused facilities are usually available even in these areas.

Harris Field facilities are available to anyone so long as the area is not being used by Force Service Regiment units. The field is located off the Sneade Ferry Road near the Holcomb Blvd. turnoff.

Facilities at Harvey Point in the Courthouse Bay area include tables and grills. No organizational picnics are held there.

The Hospital Point area features a sheltered barbecue pit. Another picnic area is located between the 000 and 3100 block in Paradise Point.

Next time you're planning a

family picnic or just a outing for two or three, consider the conveniences available right here on the base.

# The Fall O'ort

The morning of April 26, 1862, dawned bright and clear on the Confederate fortress lying on the Eastern end of Bogue Banks. Blear-eyed sentries relaxed somewhat from their all-night vigil and gazed at the four Union warships at anchor in Bogue Inlet. Some 400 soldiers of the 10th North Carolina Artillery and 40th North Carolina Infantry Regiments, commanded by Col. Moses J. White, began to stir as the first strains of reveille sounded throughout the fort and across the parapets.

At about 5:30 a.m. the tranquility of the morning was suddenly shattered when Union gun batteries situated about a mile west of the fort, opened fire. Twenty minutes later, the fort's huge pieces returned fire and the battle that was to last the entire day, culminating in defeat for the Confederate defenders, was begun.

Into this historic setting recently walked a young Marine couple—Sgt. Terry N. and Cpl. (Mrs.) Marian O. Thibideau—on a visit to historic Fort Macon. Terry is a Supply NCO with the Ordnance Maintenance Company, Second Force Service Regiment, and Marian is a stock control clerk with Base Property.

Guided by Mr. Ray S. Parand photographer, they toured this hundred-year-old masterpiece of architectural beauty, the site of the only strategic bat-

tle of the Civil War to take place in Carteret County.

Union General Ambrose E. Burnside's North Carolina campaign had begun the previous September with the capture of Hatteras, Roanoke Island and New Bern. On March 25, 1862, General Burnside's Brigade, about 12,000 officers and men — composed of one company each from the 1st United States Artillery and 3rd New York Artillery, eight companies from the 4th Rhode Island Regiment, the 5th Rhode Island Battalion and seven companies of the 8th Connecticut Regiment — captured Beaufort after following the railroad from New Bern.

Crossing Bogue Sound, the army repulsed Confederate troops that had harassed the march and established three gun batteries behind the sand dunes a mile west of the fort.

Following the opening rounds, Union batteries fired steadily throughout the morning. The fort's guns, only a few of which could fire at the enemy because most were trained toward the sea from which the attack was expected, fired salvos every 10 to 20 minutes. In the afternoon, shelling from both sides was sporadic.

The four warships in the harbor joined in the battle but were struck by shells from the fort within 90 minutes of the first rounds and set afire.

Under the merciless bombardment, the Confederate defenses began to weaken. At 3:30 p.m., a truce party was sent out to discuss terms of surrender; at 4:15 the guns were silent; at 4:30 a white flag was raised over the fort.

During the 11-hour siege, some 600 shells hit the fort causing heavy damage but casualties were surprisingly small. Seven Confederate soldiers were killed and 18 wounded.

# Marines Take Pair From Lee To Start 14-Game Home Stand

Lejeune's "Marines" swept a two-game series from the visiting Ft. Lee Travelers Monday and Tuesday nights by identical 7-3 scores to successfully open a 14-game home stand behind twin five-hit pitching performances by Larry Townsend and Alex Bright. The varsity is now idle until next Wednesday night when they start a three-game series with Ft. McPherson, Ga., at Agganis Field. In the series opener Monday night, Larry Townsend fired four-

hit ball for eight innings and then gave up a single hit in the ninth to register a 7-3 victory over the Leemen in the first of the two-game set.

Ft. Lee jumped off to an early one-run lead in the top of the first on a single, an error and a run-producing single only to see Lejeune come storming back for four runs on leftfielder Wayne Upton's three-run homer, two Lee errors and a run-scoring single by centerfielder Earl Williams.

After the Travelers made it 4-2 in the third on two walks and a pair of singles, Lejeune bounced back to score single runs in the fifth, sixth and seventh innings to put the game away.

Townsend struck out 14 Lee batters and was backed up by an eight-hit attack, with first baseman Gary Harrell getting three hits in four trips.

### Tuesday

Alex Bright pitched his best game of the season Tuesday night, giving up five hits and striking out eight. Three of the Lee hits came after Lejeune had taken a 7-3 edge in the sixth inning.

Lee jumped off to a one-run lead in the first on a walk and a triple and added another in the third on two errors and a walk to take a 2-0 edge. Lejeune scored a single run in the fourth and then exploded for six runs in the sixth on six hits, two walks, and a Lee fielding lapse.

Second baseman Bernie Marlow rapped out the big hit in Lejeune's six-run uprising by unloading a bases-loaded double that cleaned the sacks.

Bright weakened slightly in the last three frames, giving up two hits and one run in the seventh and one hit in the ninth, but held on as Lejeune racked up their second 7-3 victory over the Leemen in as many nights. Earl Williams and catcher "Rube" Parsley both had big nights at the plate with two for three. In all, Lejeune collected a total of 11 base hits in the game.

## Lejeune Archers Host First Invitational Tourney Sunday

The first invitational archery tournament to be sponsored by the comparatively new Camp Lejeune Field Archery Club is on tap here Sunday as the club hosts civilian and military archers from Camp Lejeune and surrounding areas in a National Field Archery Association registered event. Open to all

civilian archers or clubs in the Jacksonville, New Bern, Wilmington and Morehead City areas, plus all military personnel from commands in southeastern North Carolina, the tournament will be fired over the recently completed field range here. The range is located adjacent to the Base Drive-In Theater.

Novice shooters have been given a special invitation to compete in the tourney by club president, Lt. C. E. Beyer. There will be three novice classes in the eight classes making up the tourney.

"Archers who are just beginning or seldom get a chance to practice shouldn't feel they wouldn't have a chance to win if they enter. We are going to place each shooter in a class equal to his skill and experience, so each person will be competing against those of like ability and experience," Lt. Beyer said.

Entry registration for the tournament will be held at the range from 8 until 10 a.m. Sunday. Entry fees for the event are \$2 for adults and \$1 for juniors. The club is also planning a four-man team handicapped event. The fee for entry in this event is \$2 per team.

Fifty-six field targets will make up the tournament course. Twenty-eight will be shot in a morning round and 28 in the afternoon for men. The women's division will only shoot a 28-target course in the afternoon. The meet will be conducted under rules of the National Field Archery Association.

Refreshments, snacks and light lunches will be available and may be purchased at the range area.

MEL SCHWARZ ... off to Belgium

## Marine Track Aces Tapped For Top Event

Lejeune's Alex Breckenridge and Mel Schwarz, two of the Marine Corps' outstanding track and field competitors, have accepted invitations to compete in the 1961 Conseil du Sport Militaire International Track and Field Championships August 19-21 at Brussels, Belgium.

The Conseil du Sport Militaire (Military Sports Council) is an international body composed of eight nations and is dedicated to the building of international good-will and understanding through sports competition.

The 1961 track and field event sponsored by the Council will see eight military track teams, representing the armed forces of Belgium, West Germany, Austria, the United Arab Republic, Iraq, Italy, Tunisia and the United States, vying for the top spot in the three-day event.

Breckenridge and Schwarz make up two thirds of the Marine Corps representatives. Also invited by Headquarters, Marine Corps to participate is All-Marine Javelin Champion Jan Sikorsky of Camp Pendleton.

Breckenridge, who was a member of the 1960 U. S. Olympic team and competed in the 26-mile marathon run, is the current All-Marine 10,000 meter champion. The graduate of Villanova broke the All-Marine record in the 10,000 meters while winning this past year with a time of 32:16.2.

Mel Schwarz, who ended up in second spot in this year's All-Marine championships, is a consistent 15' pole vaulter, having cleared that mark some 25 times. Mel has a best distance in this event of 15'3" in track competition.

### Biemel Winner In Three

## Locals Win Five Of Nine On Northern Road Trip

Behind ace righthander Ron Biemel, the Camp Lejeune Marines came out on the long end of a 5-4 margin on their nine-game northern road trip completed last Sunday in Washington, D. C. Of the five games the Marines won on the road, Biemel was credited with three of the wins as Lejeune took two of three games at Dubois, Pa., split a two-game series with Ft. Dix, divided a pair with Ft. Monmouth, took a single game from Leone's of Baltimore and dropped the final game of the trip to the Boys Club of Washington.

Results of the Dubois series were published in last week's GLOBE. In the first game at Ft. Dix last

## Area 'Sailors' Open Summer Sailing Series

Fresh water 'sailors' at Lejeune hit the peak of this summer's sailing season Saturday at Wallace Creek in the first of the six-race Summer Season Series.

The six races are open to all military personnel at Lejeune and their dependents who are qualified in sailing. Persons interested in entering these races should call the Wallace Creek boathouse and reserve a boat anytime prior to the day of each of the races.

The complete series will be held on six successive Saturday afternoons and will run through the month of August. Races will begin at 1 p. m. every Saturday. In case of inclement weather races will be sailed the following day at the same starting time.

Individual trophies will be awarded to first, second and third place finishers in each of the races.

In a Snafu Race last Saturday at Wallace Creek, E. T. Wyman skippered the winning boat. J. M. Riden crewed for the winner. Second place went to skipper M. Green with Mrs. Green crewing. H. G. Taft skippered the third place boat with Ted Taft as his crew. Fourth place went to L. G. Popp with Mrs. Popp as his crew.

Tuesday the soldiers came up with three runs in the second and two in the fourth inning off starter Larry Townsend and then added a single run in the sixth to take a 6-4 win over the Marines.

In the second game at Dix, the game was called after seven innings as Lejeune slugged the Armymen 12-2 behind Don Reddington. Reddington limited the soldiers to five hits while his mates were collecting 15 with Williams going five for five and driving in three runs.

Moving on to Ft. Monmouth last Friday for a doubleheader, Lejeune bounced the soldiers 7-3 in the first game behind the four-hit pitching of Ron Biemel. Williams got the Marines' only extra-base blow, a one-run double in the fourth.

In the second game Don "Shotgun" Slade pitched no-hit ball for six and one-third innings and had a three-run lead before the roof fell in. Monmouth collected three straight hits in the inning and one run to break the spell and then went on to score two more in the eighth and three in the ninth to edge Lejeune 6-5, in a heart-breaker. Larry Townsend, who relieved Slade in the eighth, absorbed the loss. Charlie Armstrong rapped out a bases-empty home run for Lejeune in the fourth and Gary Harrell went two for three in a losing cause.

In a single game against Leone's of Baltimore on Saturday, Biemel racked up his third win of the trip in relief of Larry Ritter. Ritter started and went six innings before giving way to Frank Wall in the seventh and then Biemel relieved Wall in the seventh to get the win as Lejeune came up with two runs in the eighth to edge the Baltimore club 6-5.

Playing their fourth game in three days, Lejeune wound up the trip by dropping a 10-6 decision to the Boys Club of Washington on Sunday. Don Reddington was the starter and loser for Camp Lejeune.

TAKING DEAD AIM on the first Invitational Field Archery Tournament held by the Lejeune Field Archery Club and the eight awarded to be presented is the local club's president, Lt. C. E. Beyer. The Base club will host both civilian and military archers in a one-day NFAA registered event Sunday. (Photo by Sgt. J. F. Fraley)

EIGHTH MARINES IDLE, KEEP LOOP LEAD

# Force Troops, Tenth Marines Tighten Complex League Race

Force Troops crept back into a second place tie last week and the late-coming Tenth Marines started their move in a rain-shortened week in Camp Lejeune's Complex Baseball League. Eight games were rained out last week and will be worked into the Complex schedule during the remainder of the season. The rain kept the league-leading Eighth Marines idle and second place Group II lost their only outing of the week, while Force Troops won their only game of the week to move into a second place tie.

The Tenth Marines, who have been dawdling around in last and seventh places most of the season, began to move last week as they took two to close in on fifth place Group I. The Cannoners dropped second place Group II 14-7 last Tuesday and then blasted Camp Geiger, 20-5, Monday.

Four games went as forfeitures because H&S Bn., MCB, has dropped out of the league. The "easy" wins went to Sixth Marines, Group II, and the Eighth Marines.

Force Troops slipped up to a second place tie by virtue of a 3-1 win over Group I Monday night. In one other game played Monday the Sixth Marines topped the Second Marines 8-5 to close in on a tie for third place in the league.

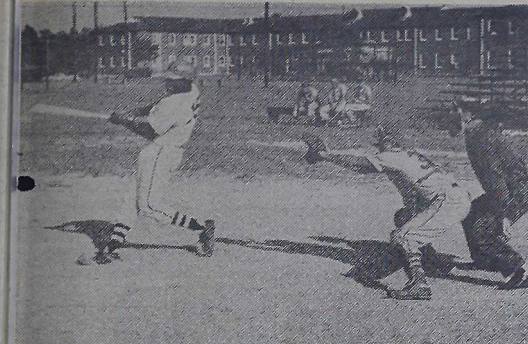

The league faces a heavy schedule this week with the Eighth Marines meeting Group II in the most important contest of the week on Monday.

**Results**

- 10th Marines 14, Group II 7
- Force Troops 3, Group I 1
- 6th Marines 8, 2nd Marines 5

**Standings**

## Eight Teams Scramble For Intramural Softball Crown

Eight teams, two each from Marine Corps Base, 2nd Division, Force Troops and Marine Corps Air Facility, started the scramble yesterday for the 1961 Camp Lejeune Intramural Softball Championship. The tournament site is located behind the Base Hostess House. Third Bn., Second Marines, was slated to face the number two Force Troops team in the tourney kickoff at 4 p.m. yesterday with

Base Materiel Bn., 2nd FSR (MCB) meeting HMR-264, MCAF, in the second game at 6 p.m. to conclude the upper bracket's first day action.

In the lower bracket, H&S Squadron, MCAF, meets Materiel Supply and Maintenance Bn., 2nd FSR (MCB) at 4 p.m. today and the number one Force Troops team goes against 2nd Bn., Tenth Marines, in a second game at 6 p.m. to complete first round action.

The final game of the tournament is scheduled to get underway next Tuesday at 4 p.m.

**2nd Division**

Third Bn., Second Marines, grabbed off the top spot in the Division tournament last week as the infantrymen swept through the double-elimination affair unbeaten. The 3rd blasted 2nd Bn., Tenth Marines, 6-0, in the tourney final. To reach the final, 3rd Bn., Second Marines, defeated Medical Bn., 5-2, and 3rd Bn., Tenth Marines, 3-1.

The runner-up 2nd Bn., Tenth Marines nine was dumped into the losers' bracket on the first day of the tournament but fought back to reach the final round.

Highlight of the surge was a no-hitter by Jim Brown in a 2-0 semifinal victory over 3rd Bn., Tenth Marines. The Cannoners also defeated Medical Bn., 13-6, and Recon Bn., 11-2.

**Force Troops**

Second Tank Bn., and 2nd AmTrac Bn., the two front-runners throughout the campaign, finished in deadlock for the Force Troops Intramural Softball League championship with identical 16-2 marks, and both will play in the Lejeune three-game series.

The two teams decided their spots in the Lejeune tournament bracket by the flip of a coin. The Tankers won the toss and will play as the number one team, and the AmTrac team will play in Force Troops' number two spot.

### Football Try-Outs

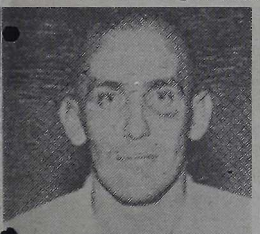

Lagging interest in the upcoming try outs for the Camp Lejeune varsity football squad has prompted Base Special Services to issued another call for candidates. All Marines in the Camp Lejeune area who have had any college or high school experience are urged to report to the Base Special Services Office, Goettge Memorial Field House to fill out an athletic questionnaire prior to 12 noon Monday.

Screening sessions begin Monday afternoon at 1 p. m. The practice sessions will continue one week for try out purposes.

## Name Champ As New Prexy For Judo Club

This year's 160-lb. All-Marine Champion, Dick Tyner, will head the Camp Lejeune Judo Club for the next year after being elected recently as the new club's president.

Tyner, All-Marine champ and a member of the Marine Corps team in the National AAU Judo Matches this year, is a second degree black belt holder. Before taking over the local club's top spot he served as secretary for the group.

**DICK TYNER**

In addition to the honors Dick captured this year, he was the 1959 Atlantic heavyweight judo title holder and finished in third spot in two weight divisions in the 1959 and 1960 All-Marine Judo events. He replaces Ira Bonar as club prexy.

The local judo club will be closed for maintenance and repairs until August 23, at which time regular practice sessions will start again. The club will also start a judo beginners class on August 28. Registration for the new class will be held from 5 until 9 p.m. on August 23, 24, and 25, at building 28. All service personnel and their dependents from age nine up in the Camp Lejeune area are eligible to attend. Previous experience is not required.

The club will hold its weekly classes, beginning August 24, on the following schedule: Monday, Wednesday and Friday from 5:30 until 9 p.m., the intermediate and advance student classes. Tuesday and Thursdays from 5:30 until 9 p.m., the beginners classes. The club has no practice sessions on either Saturday or Sunday.

## Division, Troops Netters Reach FMFLant Finals

Two berths were still open for the Atlantic Fleet Tennis championships as the FMFLant net tournament entered its final stages at press time Tuesday. Six of the Fleet Marine Force's spots in the Norfolk, Va., meet were already nailed down in the three-division meet. All four of the open singles berths had been claimed and one in each of the other divisions, the doubles and senior

brackets, but one berth was still up for grabs in each of the latter two divisions.

## Force Troops Golf Tees-Off This Tuesday

A strong field of golfers will tee-off Tuesday and Wednesday in the Force Troops 36-hole medal tournament in search of berths in the Camp Lejeune and FMFLant links tournaments as well as the Force Troops individual championship.

The Force Troops meet will be played over the Paradise Point course starting at 1 p. m. each day.

Only golfers with 10 or below handicaps are eligible to pursue spots on the unit teams which will participate in the Lejeune meet. An eight-man delegation will represent Force Troops in the FMFLant tourney at Cherry Point in September.

The two battalion or company teams with the lowest eight-man aggregate scores will represent Force Troops in the Camp Lejeune tournament. This event is slated to begin August 1 at Paradise Point's number one course.

Top contenders for the title this year include SSgt. Jet Rivers and Capt. J. J. Marron, two members of last year's Force Troops team. A host of new-comers will be giving this pair a run for their money starting Tuesday.

MSgt. Bill Eppinette of Cherry Point, SSgt. Lloyd Voyles of Beaufort, S. C., 1st Lt. Tim McCollum, of Beaufort and Maj. G. G. Chambers of 2nd Division had claimed the open singles berths. Chambers defeated McCollum, 6-3, 6-0, 6-3, in the semifinals, and Voyles and Eppinette were scheduled to collide to see who played Chambers for the title.

Meanwhile, Eppinette, a smooth-stroker who played in the All-Service championships last year, also sewed up a berth in the doubles with 1st Lt. Hoyt Ammidon as his partner, and was still in the running for the senior title at press time.

The team of McCollum-Voyles was slated to meet the Force Troops team of Majors Paul Barcus and W. M. Cummings for the other doubles slot.

McCollum and Voyles won their quarterfinals doubles match by a 6-4, 7-5 count over Cherry Point's Goins-Wos team, while the Barcus-Cummings duo battled long and hard to upend 2nd Division's Chambers-Demedicis team, 1-6, 6-2, 6-4.

In the senior division, Barcus had one berth sewed up and was waiting for the winner of the match between Eppinette and Norfolk's Blake.

A total of 17 players entered the singles competition. There were eight doubles teams when the fireworks started and five seniors.

The tourney was slated to wind up yesterday.

## 'Clay-Poppers' Fire 150-Bird Match Event

Camp Lejeune's Skeet Club held a two-gauge, 150-target shoot last Sunday at the local skeet range with SSgt. A. W. Morrison of Marine Corps Supply Schools and GySgt. R. Roberts of HqBn., 2nd Div. grabbing off top honors in the club shoot.

The one-day affair featured 100 targets for 12-gauge shooters and 50 targets for 20-gauge "clay-poppers". SSgt. Morrison captured the 12-gauge event with a top score of 96/100, while GySgt. Roberts topped the 20-gauge shooters with a blazing 49/50.

The runner-up in both the 12 and 20 gauge categories was Dr. R. Parsons of 2nd Dental Company, 2nd Division. Dr. Parsons finished with a score of 95/100 in the 12-gauge shoot and a 48/50 in the 20-gauge match. Both of his scores left him one point behind the two winners.

In other classes, Capt. J. Stoffa (ret.) won Class AA with a score of 94/100. Class D went to MSgt. P. Denson (ret.) with a score of 89/100 and class E honors were won by Sgt. H. Crapps of FMF ABC School with a high score of 84/100.

## 'Bop Contest' Held In Terrace Center

"They took a hundred pounds of clay, and they said, hey listen . . ." These were some of the lyrics given out by the "Rhythm Kings" as they provided the musical background for the "Teenagers' Bop Contest" held last weekend in the Tarawa Terrace Community Center. The teenagers, staff dependents and kids from the neighboring communities, gathered last Saturday night to determine which couple could capture first place in the dance contest.

Individual dancing before the audience took place first as the judges got an idea of the style of dancing the couples carried. After the eight couples took their turns out on the floor, refreshments were served buffet style. Finally, the judging was underway. The process of elimination was used as the couple dwindled down to just three. After another turn around the floor, the winners were chosen. Factors of rhythm and whether they danced well together were considered. Judy Isbister, 15, and Orbis Hobbs, 16, were the winning couple. Patsy Shivelhood, 16, and Bob Johnson, 15, took second and Diana Abbott, 17, and Jimmy Hedge, 17, took third place. A transistor radio was awarded as first prize.

The judges for the contest were: SSgt. and Mrs. C. S. Long, Mrs. Peg Vegass, Mrs. D. J. Marks, SSgt. and Mrs. T. C. Middlebrooks, DeeDee Alexander, DeeAnna "Giggles" Walters, SSgt. J. P. Bell, SSgt. E. Strine and SSgt. L. D. Lygarr. Advisors for the dancing were GySgt. John C. Vegass Jr., and HM-2 Charles Green.

# Col. Junghans Takes Over Huge Base H&S Battalion

Holder of the Bronze Star Medal with Combat "V" and the Chung Mu Distinguished Service Medal with Gold Star, Col. William H. Junghans Jr., took over as commanding officer of Base Headquarters and Service Bn., Friday. He relieved the interim commander, Col. John H. Jones, recently named as Base Special Services Officer.

COL. W. H. JUNGHANS JR.

Colonel Junghans was Division Deputy Chief of Staff and Division Inspector prior to this assignment. He has served with the Second Marine Division in various staff and command assignments since April, 1953.

He was awarded the Bronze Star during World War II on Vella Lavella in the Northern Solomon Islands when the anti-aircraft battery he commanded, of the 4th Defense Battalion, shot down 19 enemy planes. As a member of the U. S. Naval Advisory Group for the Korean Navy and as Senior Advisor to the Korean Marine Corps Schools in Chinhae, Korea, he was awarded the Chung Mu Distinguished Service Medal with gold star.

The colonel received his Bachelor of Science degree from the Agricultural and Mechanical College of Texas in 1940. He was commissioned in the U. S. Marine Corps in Feb., 1941.

In addition to service with the 4th Defense Battalion and the 2nd Division, the colonel has served in the Office of the Secretary of Defense, Headquarters Marine Corps and as Staff Marine Officer for Commander Naval Forces, Far East.

He is married to the former Joyce Morence Capron of Bagalusa, La.

## New England Flyers Set For Patriot Event

Whirlybirds from New England touched down at the Marine Corps Air Facility last Saturday in preparation for "Operation Patriot," a three-day "war" to be waged by more than 2,000 members of the Marine Corps Air-Ground Reserve.

Helicopter Squadron 771, USMCR of South Weymouth, Mass., joined with MAG-26, and will integrate with HMRLD-264 during their stay at Camp Lejeune.

Commanded by Lt. Col. Normand Theriault, the squadron is composed of members from all the New England states, many of whom travel as far as 300 miles to attend weekend training sessions. Members of the squadron are pilots from commercial airlines in the Boston area and test pilots from leading aircraft companies.

Unofficially, the New England whirlybirds are known as the "Legal Squadron" because their commanding officer, executive officer and adjutant are all prominent civilian lawyers.

## MCAF Scouts Need Marines As Counselors

The Marine Corps Air Facility needs counselors to help and to advise Boy Scouts in earning Merit Badges. Homer A. Alexander, Boy Scout Institutional Representative at the Air Facility has issued a call for qualified men interested in helping the boys to contact him.

Counselors are needed in the following subjects: photography, finger-painting, music, journalism, seamanship, art, astronomy, agriculture, animal industry, architecture, bee production, bird study, bookbinding, corn farming, cotton farming, dairying, farm records, leatherwork, machinery, mechanical drawing, and metalwork.

Many other subjects other than those listed, are covered by the Merit Badge program. Personnel interested in becoming counselors should include the subject they desire to counsel in letter-form along with the name, address and phone number.

Mail the application to Homer A. Alexander, Box 4312, MCAF, Jacksonville, North Carolina.

## Pacific Battle Sites To Get Monuments If Plans Work Out

WASHINGTON (APFS)—Twenty battle sites of the Pacific war will have monuments commemorating the men who fought there, if plans of the American Battle Monuments Commission are carried out.

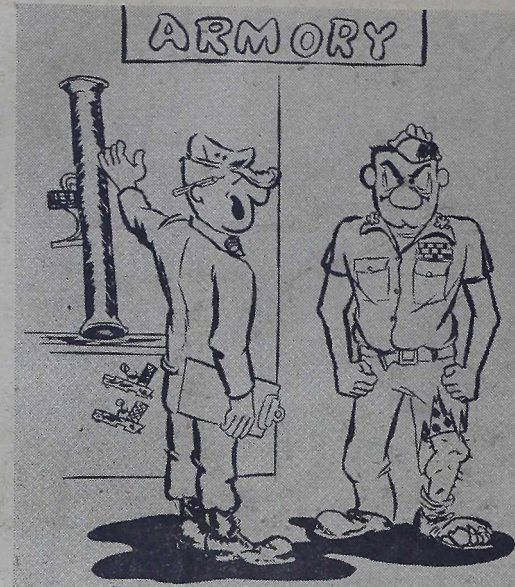

The million dollar project would put such memorials in distant places whose names, for WWII veterans, conjure up memories of fierce fighting in swamps, jungles and rocky islands.

They include Bataan, Midway, Guadalcanal, New Georgia, Bougainville, Port Moresby, Finschhafen, Hollandia, Cape Gloucester, Manus, Tarawa, Kwajalein, and Attu.

U. S. Marines were with John Paul Jones on Sept. 23, 1779, when he uttered the famous expression, "I have not yet begun to fight."

**SURPRISE PROMOTION**—Lt. Col. Heinz L. Nolte, right, was promoted to his present rank Thursday in an on-the-job, surprise promotion ceremony by Lt. Col. J. P. Treadwell, 2nd AmTrac Bn. commanding officer. Witnessing the stapling ceremony is Capt. R. R. Berling, Nolte's company CO. Colonel Treadwell surprised three AmTrac men with meritorious warrants.

"Yes, sir, colonel, a 3.5 can stop a 'gator"

**ALLIGATOR HUNTER**—This is cartoonist Cpl. Thomas J. Laborde's idea of how the alligator hunt at 2nd Amphibian Tractor Bn. might end—with Lt. Col. J. P. Treadwell, battalion CO and hunt leader, checking out a 3.5" rocket launcher to blow the crafty creature to smithereens. Would-be captors say the grand-daddy 'gator is about 14 feet long, a whopping specimen in this era.

## Grand-Daddy Alligator Outwits Amtrac Hunters

By SGT. BILL BOYD

Second Amphibian Tractor Battalion, Force Troops, has a reputation for getting the job done, but a grand-daddy alligator is proving to be more than a match for Lt. Col. J. P. Treadwell's unit. The battalion commanding officer and several of his men have been trying for almost four months, and with little success, to trap the

cunning creature which roams the waters of Courthouse Bay. But the 'gator, said by his pursuers to be a whopping 14 feet in length, "has been smarter than we are," according to Colonel Treadwell.

If the estimation of his length is even close to accurate, this 'gator would be a real catch. Most encyclopedias claim that few alligators reach a length of 12 feet in this area, although they grew to lengths of 19 feet in years gone by. This is attributed to the increase in 'gator hunting since the

### College Entrance Exam

East Carolina College will offer a special entrance examination Saturday, July 22, in the testing room, Bldg. 19, Camp Theater. This examination is mandatory for personnel desiring to receive resident credit for courses taken in the fall semester of the college off-duty education program. There is a fee of \$4 payable on the day of examination.

turn-of-the-century. An alligator over 12 feet long is more than 30 years old and weighs more than 550 pounds.

AmTracs built a thousand-pound "rabbit trap" to snare the wise old reptile, but there seems to be no bait in the world that will lure "grand-daddy" into the cage.

The amtrac men haven't tried the Georgia and Florida methods, but most of these would be useless in the amtrac case because the FMFLant wants "grand-daddy" alive. The "swamp country" methods are used only to lure the alligator close enough for a well-placed rifle shot.

Lt. Cpls. Hilton D. England and Ernest M. Williamson have been the backbone of the trapping expedition. Williamson, a native of Vidalia, Ga., has more ideas about how to catch a 'gator than "grand-daddy" has teeth. England, a Tennessee native, and Williamson even thought about using a camouflage net to capture the speedy reptile, but discarded this idea for another plan.

Now, if "grand-daddy" knew Colonel Treadwell's men simply wanted to catch him, feed him and put him on display, he would probably stop treating the trap like a handbag factory and volunteer his services for free room and board. But the old fellow has probably lived more years than most of his would-be captors and knows that there are more shoes than displays made of alligators.

When told of the rarity of alligators over 12 feet long, Colonel Treadwell said, "I'm sure he's longer than that. I think he'll measure close to 14 feet."

## Erie Truckers End First Leg Of Long Trip

Eighty-three members of 4th Truck Company, USMC arrived here late Monday night after traveling by car from their home training center in Erie, Pa. This completes first portion of "Operation War Train."

The 14-vehicle motorcade took more than 700 miles on the through Pennsylvania, West Virginia, Maryland, Virginia and North Carolina. "Operation War Train" is believed to be the longest motor trip ever made by a reserve unit to summer training.

The caravan spent the first traveling through Pennsylvania and into Maryland. They are at Cumberland, Md., late that night and bivouaced at the Rifle Co., USMCR, training center. Sunrise Sunday found the caravan already on the highway heading south for Virginia where the unit is to spend the second night at Lee, Va.

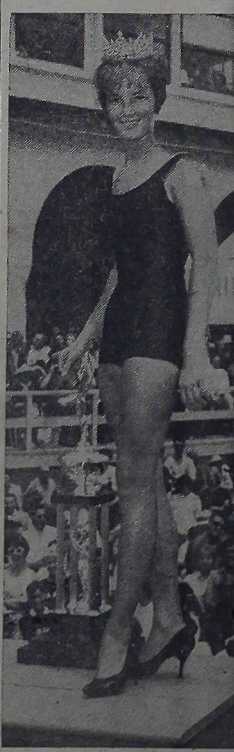

Monday the group completed phase one of the trip and returned through the gates of Monticello Point exactly according to schedule.

Police escorts were furnished for the unit during the entire trip.

During their two weeks here at Camp Lejeune the group will participate in "Operation Patriot" prior to their return to Erie.

## College Teacher
