

Base Commander Approves Consolidation Of Staff Clubs

A sweeping change in the purchasing and management systems for the Camp Lejeune Staff NCO Clubs was directed when the commanding general signed an order to consolidate the four clubs last week.

AWARDS DATE SET

Success Assured In Navy Relief Membership Drive

With success almost assured and probably attained by GLOBE distribution time, Quad-Command representatives Monday reported deposits in excess of \$67,000 in the 1961 Navy Relief Membership and Fund Drive.

Board Meets For Selection Of Top Ranks

A selection and review board will convene at Headquarters Marine Corps July 10 to consider eligible Marines for promotion to first sergeant, master sergeant, master gunnery sergeant, and sergeant major during fiscal year 1962.

To be eligible for consideration, E-7's must have completed eight years enlisted service by July 31 and E-8's must have completed 10 years service by that date.

In addition, noncommissioned officers in both categories must have at least two years in their present grade.

Marine Corps Bulletin 1400, which announced the board's convening date, also established July 1 as the deadline for requesting redesignation from master sergeant to first sergeant and from first sergeant to master sergeant.

Paradise Point Area Power Off Friday

In order to accomplish preliminary work for construction of a new sub-station to serve the Paradise Point Area, it is necessary that the electrical power serving Bldgs. 1918 and 1919, blocks 2600, 2700, 2800, 2900, 3000, 3100, 3200 and 3300 and the BOQ under construction be off from 1 to 4 p.m. on June 16 and 19.

Big Sale

The Main Exchange will have a sale June 19 through July 1, on all merchandise over one year old with prices slashed to one half of the original price.

consolidated bookkeeping system, and a central purchasing and distribution system for everything used in the clubs except food.

A meeting of the Board of Governors, four from each club, was held Tuesday at the Courthouse Bay Staff NCO Club. The Tri-Command sergeants major and other executives of the club, MSgt. Joseph M. Gunter, MCSS; MSgt. Elmer Clagg, ITR, and GySgt. W. Howell, MCB, attended the meet-

Hospital Visit Restricted To Normal Hours

The commanding officer of the U. S. Naval Hospital has requested that all personnel attached to Base units restrict outpatient visits of dependents after normal working hours.

This request is necessitated by the absence of the 2nd Marine Division medical personnel who normally supplement hospital watch lists.

The normal working hours for the outpatient medical staff are from 8 a.m. to 4:30 p.m., Monday through Friday, and from 8 a.m. until noon on Saturdays.

(See NAVY RELIEF, Page 2)

WISH—These water skiers enjoying sun, wind, and water at Wallace Creek serve as a reminder that summer will begin next Wednesday, June 21. Other summer activities of Lejeune personnel are reviewed on page 7.

Headquarters Reveals New E-5 Cutting Scores

Cutting scores for promotion to sergeant (E-5) were revealed here last week from HQMC. Sergeants and corporals (E-4) who passed their GMST in February, 1961, or earlier are eligible for consideration providing their score is equal to or higher than the one established for their occupational field.

New Camping Trailers Now Ready For Use

Fifteen aluminum "Apache" camping trailers are now available to Camp Lejeune Marines with a yen for the open road and the wide-open spaces. Purchased at a cost of approximately \$40 to the government, these trailers are the ideal thing for camping trips or traveling.

The trailers may be reserved on any day through Friday at the Field House or by calling 7-5528 on a first-come, first-served basis. They may be checked out a maximum of four days without leave papers. Marines on leave may have them for 30 days and may take them any place within the continental limits of this continent, including Mexico and Canada.

Each trailer weighs approximately 400 pounds with a folding canvas tent and a six-foot canopy. It sleeps two on a three-quarter mattress although there is space to sleep four by using cots. There are four storage bins, each 4'x2'x2'. The trailer is eight feet long.

State tags are already on the trailers but personnel must have liability insurance covering towing of the trailer. Speed limits in North Carolina for towing trailers regardless of posted speeds are 45 miles per hour.

A limited number of towing bars are available, although they do not fit all cars.

Recipients of waivers during January and February, 1961, are also eligible. Marines tested or had tests waived during April, 1961 are not eligible for consideration under this authority.

Noncommissioned officers in retraining or in school may be promoted providing they are otherwise eligible and considered qualified.

Having the required composite score is not a mandate for promotion according to the message which released the promotion information. Final determination rests solely with commanding officers.

The new ranks are to be effected as soon as possible and not later than June 30.

Cutting scores for the various occupational fields are:

- 01-160, 02-159, 03-159, 04-147, 07-171, 08-134, 11-171, 13-180, 14-170, 15-163, 18-180, 21-176, 23-161, 25-153, 26-169, 27-134, 30-166, 31-133, 32-191, 33-191, 34-148, 35-196, 36-188, 40-160, 41-147, 43-147, 46-173, 55-153, 57-142, 64-160, 65-179, 66-145, 67-151, 68-141, 69-150, 70-160 and 71-161.

Training Aids Receives Film On M-14 Rifle

A limited number of film copies on the new M-14 rifle have been received at the Training Aids Library, according to GySgt. J. N. Bogoeff, NCO-In-Charge.

Units desiring to use the film may submit a training Aids Requisition signed by their training officer to the Training Aids Library. The requisition must state the film title and number: MA-9475 "U. S. Rifle, Cal. 7.62mm, M-14."

The superior fire power and versatility of the new weapon is also shown.

Empty Pockets

UPSET—The Eighth Motor Transport Battalion representative, Capt. R. F. Baker, left, isn't letting anyone get away in reaching the quota in this year's Navy Relief Membership and Fund Drive.

Temporary Officer Status Board Announces Results

Results of the board formed by Marine Corps Bulletin 1400 to consider temporary officer future status were published this week with 79 Tri-Command officers named. Changes developing within the Marine Corps officer structure and future requirements for officers prompted a detailed study of the

Autry Takes Command Of 6th Marines

Lt. Col. Robert L. Autry, former enlisted man and holder of the Bronze Star, assumed command of the Sixth Marine Regiment June 6. He had been serving as executive officer of the unit since August 1960.

Colonel Autry relieved Col. Maxie R. Williams, who will assume duties as commanding officer, Marine Barracks, San Juan, Puerto Rico.

Colonel Autry joined the 2nd Marine Division in September, 1958. He served first as the assistant G-1 officer for the Division, then as commanding officer of the 3rd Battalion, Sixth Marines, prior to becoming executive officer of that regiment.

Enlisting in the Marine Corps in May, 1935, Colonel Autry served as an enlisted man at Quantico, Va., San Diego, Calif., and Shanghai, China. He returned from overseas as a staff sergeant and, in December 1942, was commissioned a second lieutenant.

He served with the 6th Marine Division during World War II, as a platoon leader, company executive officer and company commander. During the Korean War he served as the commanding officer of Reconnaissance Company, 1st Marine Division, then as S-3 officer of the 1st Battalion, Fifth Marines.

He resides at Married Officer Quarters here, with his wife, the former Mildred Davis of Wauchula, Fla., and their two children, Robert M. and Susan. He is the son of Mr. and Mrs. W. M. Autry, Sr., of Wauchula, Fla.

Veteran Pilot Retires After Active Career

"Good luck, keep 'em flying, and happy landings," were the parting words spoken to the officers and men of Headquarters & Maintenance Squadron-26, Marine Aircraft Group-26, MCAF, New River, as their executive officer, Maj. F. A. Vernon, gave his final speech before retiring on May 31.

With over 22 years of active duty service, Major Vernon has served with the Marine Corps from the shores of Japan to the beautiful islands of the South Pacific.

After starting his Marine Corps career as an enlisted man in February of 1939, Major Vernon received his commission as a second lieutenant at Samoa in 1943. A fighter pilot for most of his career, the major is also a graduate of the Junior and Senior courses of the Marine Amphibious Warfare School at Quantico, Va. Upon completion of helicopter flight training of Elyson Field, Pansacola, Fla., he commanded HMR-363, Santa Ana, Calif., and later, while in Japan, he commanded VMO-2.

Major Vernon, his wife and five children will reside temporarily in his wife's hometown of Lexington, Ky. The major intends to pursue a career in commercial helicopter aviation.

temporary officer population within the Marine Corps. From this study the present program was implemented. The program provides the means whereby all qualified temporary officers may be placed into a different segment of the officer structure. Except for temporary warrant officers and temporary limited duty officers who will not be affected, this program will result in the phaseout of temporary officers by July 1, 1964.

No officers from Camp Lejeune were named in the Permanent Warrant Officer list, one of the four compiled. Officers whose names appear on the Permanent Unrestricted List also appear on the Permanent Reserve List.

Permanent Officers in the Marine Corps Reserve

MARINE CORPS BASE: Monta G. Baxter, John T. Brassfield, Warren R. Bray, Edward L. Butler, Bobby E. Clark, Raymond B. Dunkleburger, Donald R. Faber, Denton S. Fenstermacher, George W. Geyer Jr., Robert A. Johnson, Harry P. Jones, Burnell H. Krusse, Billy E. Marsh, James A. McDonald, Gordon S. Murphy, Clarence J. Myers, Lester E. Powell, James S. Ready, Frank W. Simms, Frank M. Solty, Andrew W. Stanton, Dale E. Stout, King D. Thattenuerst Sr., Harry E. Van Fossen and Samuel A. Weimer.

FORCE TROOPS: John H. Allen Jr., Oliver R. Barritt, Rolfe H. Beith, Raymond R. Besting, Thomas L. Brown, Henry W. Bushwitz, Roger U. Chaput, Beryl T. Christlieb, Frank M. Cieszyński, Robert Mc. Crill, Gregory Creekmore Jr., Luther E. Dirick, William J. Hartmeier, Wilfred D. Holdren, John E. Holland, Gilbert V. Jeffreys, Raymond G. Kennedy, LeRoy E. Kuebler, Louis E. Labahn, Frank W. Lindquist, Orville C. Locke, John F. McDonough, Edward J. Monahan, Carl W. Moog, Teddy W. Nowak, Clark Ruse, Chester L. Smith, Herbert C. Sommerville, Earl C. Suttler, Maurice S. Updegrave, Duane R. Temporary Appointment in Regular Marine Corps for Limited Duty

MARINE CORPS BASE: Alexander L. Bressler Jr., and Michael Sophos.

Base Commands Change

COL. BATTERTON ... to Training Regiment

COL. JONES ... to H&S Battalion

COL. WEST ... to War College

West, Batterton, Jones Get New Assignments Tomorrow

Command of two major units and a special staff section at Marine Corps Base will change tomorrow. Col. Gordon H. West, presently commanding the Infantry Training Regiment, is being detached to the National War College in Washington, D. C. Col. Roy J. Batterton Jr., commanding officer of H&S Battalion, MCB, will take command of ITR. Col. John H. Jones, the Base Inspector, assumes command of H&S Battalion. Colonel Batterton

Two Young Marines Find Way To Beat Carolina Heat

Two young Marines here have found a way to beat Eastern North Carolina's humidity-laden heat this summer. In the afternoon when the sun's rays are unbearable and clothing becomes damp and sticky, they jump on the back of a pickup truck and ride down Holcomb Boulevard to cool off. But Pfc Henry Burgen and Pvt. Joel P. Howle, assigned to the Special Detail Section of the Base Military Police, cannot relax entirely. They are the men who put down the yellow traffic cones during the afternoon rush hour enabling traffic to move faster and more freely.

Pfc Burgen enjoys his job 'except when it's raining.' "I feel I am accomplishing something even though the job may seem routine. Somebody has to do it, and it's a very necessary task." And Howle

will relinquish command of his battalion to Colonel Jones Friday morning. Command of the Infantry Training Regiment will change Friday afternoon. A formal ceremony will be held by each unit.

Prior to reporting to the National War College, Col. West will attend a special briefing at Headquarters Marine Corps. He assumed command of ITR June 16, 1960. A graduate of the Naval Academy Class of 1940, he served with the Sixth Marines prior to WWI and the 2nd Marine Division during the invasion of Saipan. He is a graduate of the Command and Staff School, the Armed Forces Information School, the Marine Corps Senior School and the Armed Forces Strategic Intelligence School.

At Camp Lejeune, Col. West has been active in Boy Scout activities and sailing.

Colonel Batterton took command of H&S Battalion, then Headquarters Battalion in December, 1959, upon his return from Okinawa where he had commanded the Ninth Marines. A twice-wounded veteran of WW II and holder of the Silver Star and Bronze Star Medals for heroism on Guam and New Georgia, Col. Batterton has the distinction of being one of the first and few Marine officers to take British commando training.

He was one of the officers assigned to the American Embassy Detachment in London in 1954 and served as Detachment Officer and Assistant Naval Attache. He volunteered for Commando training at the end of his tour and took 15 American Marines through the three month course.

He received a second Silver Star Medal for gallantry while commanding the 2nd Battalion, first Marines in Korea in 1952.

Colonel Jones, the commander designate for H&S Battalion, has a distinguished combat record. He served as a company commander on Guadalcanal won the Silver Star Medal on Kwajalein, the Purple Heart on Saipan and the Bronze Star Medal on Iwo Jima.

Upon his return to the United States from Guadalcanal, Colonel Jones attended the Command and Staff School and was assigned to the 4th Marine Division for the remainder of WW II.

The American Flag was first raised over the Philippines by a detachment of U. S. Marines which took possession of Cavite on May 3, 1898.

NECESSARY TASK—Pvt. Joe P. Howle, left, and Pfc Henry Burgen pose with one of the 70-odd traffic cones they lay down on Holcomb Boulevard daily during the rush hour. (Photo by LCpl. H. L. Shaw)

Navy Relief

per cent over quota.

Sitting right on the one hundred per cent mark is the combined Marine Corps Air Facility-Marine Aircraft Group-26 total with \$4,300. Of this total, MAG-26 has 109 per cent of its quota and the Air Facility, 89 per cent.

Base units are reaching for the top with \$20,314 reported so far, representing a 97 per cent membership achievement. With time remaining, Force Troops units show \$8,525 or 85 per cent.

Presentation of the six big awards will be held on the Hadnot Parade Ground next Thursday at noon. The awards will be on display all morning beginning at 9 a. m. Music begins at 11 a. m. and will continue until noon. The ceremonies will be held in the field house in case of inclement weather. Major Dick Stark, USMCR, of the Reserve Liaison Unit, will handle the awards presentations.

MOVIE MEMO SCHEDULE SUBJECT TO CHANGE WITHOUT NOTICE

Table with columns: TITLE, MID, CB, NH, RR, MP, CGI, IA, CT, 500, CGO, AF, TP, PP, DI, OB. Rows include: White Warrior, Last Sunset, Most Dangerous Man Alive, Parrish, Screaming Skull, Police Dog Story, Little Shepherd of Kingdom Come, Orders To Kill, House Of Bamboo, Swiss Family Robinson, Time Bomb, Five Guns To Tombstone, Terror Of The Tonges, Long John Silver, Go Johnny Go, Friendly Persuasion, Wackiest Ship In The Army, Silent Call, Konga, The Millionaire, Terror From The Year 5,000, Half Way To Hell.

MIDWAY PARK (MID)—Daily at 6 and 8:30 p. m.
COURTHOUSE BAY (CB) — Indoors, Monday-Friday, 7 p. m.; Saturday, Sunday and holidays, 2 and 7 p. m.
NAVAL HOSPITAL (NH) — 7 p. m. Mon-Fri; 1:15 and 7 p. m. Sat-Sun. (Patients only.)

WHITE WARRIOR This story is based on a novel by Leo Tolstoy, which concerns the attempt of Czar Nicholas I to persuade the Cossacks here to bring his followers into the empire peacefully and ruthlessly.

LAST SUNSET Rock Hudson and Kirk Douglas star in this big western. Douglas portrays a delightful villain in a different role. Hudson portrays a Marshal "tall in the stirrups" strong in his determination to bring Douglas back to Texas to stand trial for murder.

MOST DANGEROUS MAN ALIVE This is a science-fiction and stars Ron Randell and Deborah Paget.
PARRISH The cast includes Troy Donahue, Connie Stevens and Claudette Colbert.

SCREAMING SKULL This is a drama starring Peggy Weber and Alex Nicol. (78 min.)
DOG STORY This novelty should do much to bring in the dog lovers from 9 to 10. Jim Leary, star of ABC-TV's "Rin Tin Tin" series, plays a roble cop dispatched to Police Dog Training School with a half-wild shepherd.

LITTLE SHEPHERD OF KINGDOM COME This is an adventure drama starring Jimmy Rodgers and Luana Patten. (116 min.)
ORDERS TO KILL This is a spy story thriller with plenty of suspense. Eddie Albert and Paul Masnie star. (105 min.)

HOUSE OF BAMBOO Robert Ryan and Robert Stack star in this production. Color (110 min.)
SWISS FAMILY ROBINSON This classic juvenile story of the adventures of a ship-wrecked family on a deserted island near the Jura Hills. Dorothy McGuire and James McArthur. Color. (125 min.)

FIVE GUNS TO TOMBSTONE James Brown and John Wilder star in this production. Color (110 min.)

MIDWAY PARK THEATER—will feature "Raymie" starring David Ladd and Alan Crisp plus Chapter 2 of the "Adventures of Frank & Jesse James on Saturday at 2:15 p. m.

CAMP GEIGER — The indoor movie has the same matinee on Sunday at 2 p. m. as that shown above.
MCAE — "Jungle Gents" starring the Bowery Boys and Chapter 13 of the "Adventures of Capt. Kidd" will be shown on Saturday at 2 p. m. and on Sunday at 2 p. m. the Bowery Boys again star in "Dig that Uranium."

CAMP THEATER — On Thursday, June 22 at 6 p. m. "The Gene & Jo Magic Show" will make their appearance on stage for the wise and other wise and on Friday, June 23 at 6:30 p. m. they will be on stage at the Camp Geiger Outdoor movie.

One-half hour after sundown.
AIR FACILITY, NEW RIVER (AF) — Indoors, 6 and 8 p. m.
CAMP GEIGER TRAILER PARK (TP) — Indoors at Community Center, 7:30 p. m.
PARADISE POINT (PP) — Daily at 8 p. m.
DRIVE-IN (DI) — Begins at 8 p. m.
ONSLow BEACH (OB) — Starting time will be 7 p. m. indoors.

KONGA Michael Gough and Margo Johns star in this science-fiction story about a pet chimpanzee who turns into a giant gorilla and terrorizes London. Gough is a university botany professor and scientist who survives a plane accident in an African jungle. He returns to London a year later with Konga, a pet chimp, and a package of tropical plant roots to conduct private experiments near his campus grounds which will prove that extracts from the insectivorous plants will stimulate growth in animal life. (Color, 98 min.)

FRIENDLY PERSUASION This comedy-drama provides amusement and entertainment for the whole family. Gary Cooper, Dorothy McGuire, Margaret Munn, Anthony Perkins, Richard Eyer and Phyllis Love have the starring roles. The story is about a Quaker family whose beliefs make them hold aloof from the Civil War. The eldest son joins up when the troops start invading the local countryside, with considerable changes being wrought in the family's mode of living. (Color, 145 min.)

WACKIEST SHIP IN THE ARMY Jack Lemmon, Ricky Nelson and John Lund star in this comedy about an odd ball Naval officer (Lemmon) with a wacky crew consisting of Alvy Moore, Nelson, Warren Berlinger and Patricia Driscoll. This crew is involved in series of hilarious and unNavy-like gaffes while on duty in the Pacific. (Color, 117 min.)

USO JACKSONVILLE — "Sands of Iwo Jima" will be the weekend movie starring John Wayne and Adele Mara. Hospitality Hour will begin on Sunday at 4 p. m. with free coffee and cake being served. Sunday morning at 10 a. m. free coffee and donuts are served during the Coffee Hour. A new modern stereo, hi-fi juke-box has been added to the club. It features at least 160 selections of hits of the week. A quiz is given every Sunday morning at 11 a. m. with a free telephone call home as the prize. Since the weather is getting warmer, keep your bathing suits handy cause beach parties are coming up. Facilities at the club include ping pong, pool tables, free miniature indoor golf, 10 telephone booths, games and typewriters.

WILMINGTON — It's dancing with the junior hostesses on Saturday night beginning at 8:30 p. m. On Sunday at 9 a. m. free coffee and donuts are served with the Hospitality Hour at 4 p. m. with free coffee and cake being served.

KINSTON — Dancing every Saturday night at the club with refreshments being served during the dance.

Club News Camp Geiger To Spotlight Dixon Band

CAMP GEIGER STAFF NCO CLUB—Happy Hours will be featured on Friday from 4 to 6 p.m. and Saturday from 9 p.m. to 1 a.m. Roy Dixon, who has played in clubs throughout the area, and his Baldwin organ and electronic sideman and trio will provide the dancing entertainment. An extra added attraction will be vocals by "Vivian." Sunday is Happy Hours again from 5 to 7 p.m.

HADNOT POINT STAFF NCO CLUB—On Friday, it will be dancing to the smooth sounds of the T-Tones plus a dining room special and what do you think it is? None other than southern fried chicken and all you can eat. This is a real treat and the children can go along for only 50 cents. "Mom" and "Pop" pay just \$1 each. It's dancing again on Saturday and it's another special from our galley—a real treat of sirloin steak, smothered with mushrooms, baked potato, tossed salad and oodles of coffee! The very favorite "Tea Dance" is held on Sunday from 7 to 11 p.m., plus Happy Hours at 7 p.m. So after a day at the beach, come on down to the club and carry on just a little more, doesn't cost any more to go first class. It's game night on Tuesday and it's more fun than ever and you could go home with a new car.

PARADISE POINT OFFICERS CLUB—Friday night will feature Happy Hours beginning at 4 p.m. and the Five Bits of Rhythm will spotlight the musical entertainment. Dancing begins at 8:30 p.m. and runs through till 12 midnight. Saturday is not only the day you pay your mess bill but also dining and dancing time from 7 p.m. till 12:30 a.m. with the Sophisticates heading the background. Dining begins at 7 p.m. and dancing starts at 8:30 p.m. On Sunday it's brunch from 8 a.m. till 1:30 p.m. and the menu for this week will be Peru A Brasileira, Barbecue Ribs, Ribbi Guljuz and roast beef au jus is served in addition to the main dinner. Tuesday night is Ladies night beginning at 8 p.m. Family night is on the agenda for Thursday, so bring the family for the special chicken dinner. June 22 is the deadline for picking up tickets to the clam bake scheduled for June 24. Reservations are only \$4. Eddie Long and his orchestra will headline the dancing festivities.

ONSLow BEACH PAVILION — This Saturday the Rhythm Kings will furnish the music from 5 to 9 p.m.

NCO CLUB—Friday and Saturday night from 8 p.m. to 12 midnight the Five Bits of Rhythm will provide the musical entertainment. All persons interested in league bowling, there will be a meeting on Monday at 7 p.m. at the club. Tuesday night is game night with the first game starting at 7:30 p.m.

COURTHOUSE BAY STAFF NCO CLUB—Happy Hours will reign Friday from 6 to 8 p.m. with the 50c Special being veal cutlet or fillet of flounder, and a barbecue sandwich for only 15c. Saturday, Happy Hours will headline again from 6 to 8 with Hank Gibson and his Black Mountain Boys providing the musical entertainment. Sunday's Special will be steak and champagne for only \$1.35.

MONTFORD POINT STAFF NCO CLUB—Spotlighting Friday's activities will be Happy Hours from 4:30 to 6:30 p.m. The Special for that evening will be chop suey or fillet of flounder for \$1.50. Roy Dixon at the organ will be the musical entertainment. On Saturday, it's dance night to the music of Bob Jones and his Country Bobcats from 8:30 p.m. to 12:30 a.m. Sunday's buffet will feature charcoal grilled T-bone steak for only \$1.25 and children only 75c. Hughes and his organ will furnish the music.

ITR Comm Chiefs Make Switchboard

"Necessity is the mother of invention" and oft-times the motive behind a new piece of Marine Corps equipment. Such was the case with the Lilliputian switchboard now in operation at the 1st Infantry Training Regiment's new Ammunition Supply Point (ASP).

For designing and constructing this pint-sized switchboard, GySgt. James J. Walsh, ITR Communications Chief, and SSgt. Walter F. Keefe, Telephone Repair Chief, were awarded a meritorious mast by the ITR commander, Col. G. H. West.

When the new ASP area was opened recently, phones were needed from each ammunition area to a central point primarily to report fires. A shortage of communications equipment and the only available switchboard much too large for the area, prompted Walsh and Keefe to try to solve the problem.

The result of this venture—a small switchboard, made entirely from spare parts and encased in an ammunition can, so simple that even the inexperienced can operate it with little or no instruction.

The container is a discarded .30 caliber blank ammunition can with five jacks, one to each area, taken from an obsolete switchboard. The coils and capacitors were removed from an EE-8 field telephone and installed in the new invention.

The handset, also from an EE-8, rests on a cradle fashioned from a common wire coat hanger. The handset cord was filehed from an old dial phone, the buzzer purchased at the Self-Service Store.

Actually, two boards were constructed. The first one is installed in the sentries' booth at the entrance to the ASP, the second, with modifications and improvements, is in the central office.

Photo by
SGT. R. R. RAFFERTY
Base Photo Lab

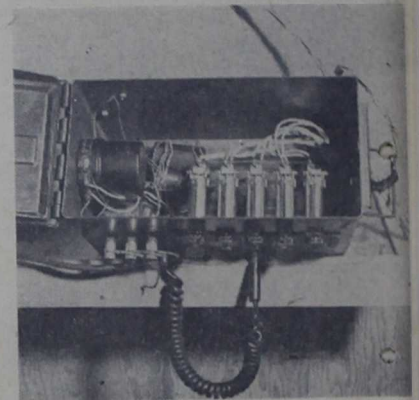

GYSGT. JAMES J. WALSH tests the original switchboard he helped design and build. This board was placed in the sentry booth at the entrance to the new ITR Supply Ammunition Point.

Newest Marine Corps Switchboard

SSGT. WALTER F. KEEFE checks the jacks on the modified switchboard. This second board has several new features but still retains the simplicity of operation as in the first.

Spare Parts Switchboard

Bridge Company Builds Raft From Air

The 2nd Platoon, 2nd Bridge Company, under the command of 1st Lt. D. J. Border, recently assembled a five-float, reinforced raft at Mile Hammock Bay, completely from the air, a feat previously thought impossible by bridge builders of the armed services.

"The army attempted it at

Fort Belvoir, Virginia, and declared it impossible," 1st Lt. Charles Brickett, executive officer of 2nd Bridge Co., said. "As situations and equipment existed, it was. However, we have made modifications and now believe that it can be done."

Construction of a raft using

a helicopter was the second "first" achieved by members of the platoon within three weeks. The Marines successfully constructed a bridge with the aid of a helicopter three weeks ago.

The most vital link in the raft operation, air power, was supplied by the HMR(M)461 squadron at New River. The craft was an

HR2S helicopter, the largest operational helicopter in the Marine Corps. Two top-notch airmen from the Air Facility, 1st Lt. Tom Lougheed, pilot, and 1st Lt. Tony Huebner, co-pilot, were chosen to fly the mission.

Orthodox construction of a float raft dictates that it be constructed on the shore and, as each section is completed, pushed out into the water. This method consumes 8 — 10 hours.

In the system to be attempted, the raft sections would be dropped on the floats, secured at four points by rope, directly from the air, after which they could be assembled by bridge-men cruising nearby in bridge boats. It would require only two or three hours.

The center clamps on the float, between which the raft sections must fit, allow a margin of only eight inches in which to drop the section. Over water, with no air control, it would be impossible for the pilot to judge whether he was following the directions of the crew chief, the man directing the operation, who views the position of the suspended raft section relative to the float through an aperture in the bottom of the copter.

The modification which the bridge company instituted was to remove the center clamps, thus allowing a wider margin in which to drop the section. The two outer clamps, both of which are adjustable, could then be moved in to meet the bridge section and clamped into place. The modification was made by the company in its own welding shop.

The proper placement of the

two end sections was attempted first, after which a center section would be positioned. The weight of these sections increases the difficulty of the operation and the added margin achieved by removing the clamps does not materially decrease the difficulty of over-water operation.

However, expert flying coupled with the bird's-eye-view directions of Sgt. T. C. Douglas, Crew Chief, resulted in the successful placement, previously considered impossible, of the raft sections.

Having successfully proved "the impossible," the platoon proceeded to attempt a more daring feat on the same construction principal.

The raft sections would be dropped on a float secured only by two bridge boats, connected at either end of the float by a 200-foot rope and pulling in opposite directions at a fixed number of rpms. It would be necessary for the helicopter to maintain a position directly over the float while descending, thereby reducing the effect of the hurricane force winds created by the air-cushion beneath the helicopter.

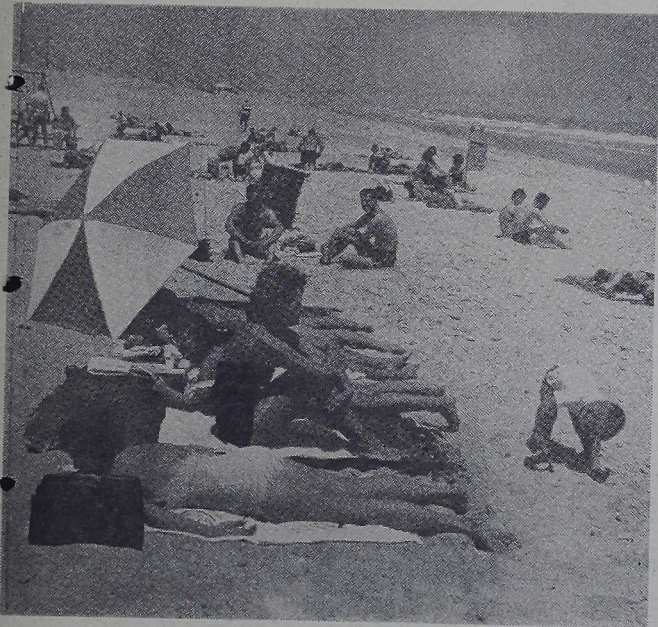

After the raft was assembled, the platoon tested its physical durability by floating an M60 tank on the five-float unit, in addition to other operations. The M60 tank weighs 48½ tons, thereby proving that with modifications, "if you've got the load, Bridge Company's got the bridge."

This operation was coordinated with the tank testing team of the Equipment Testing Board at Quantico, Va.

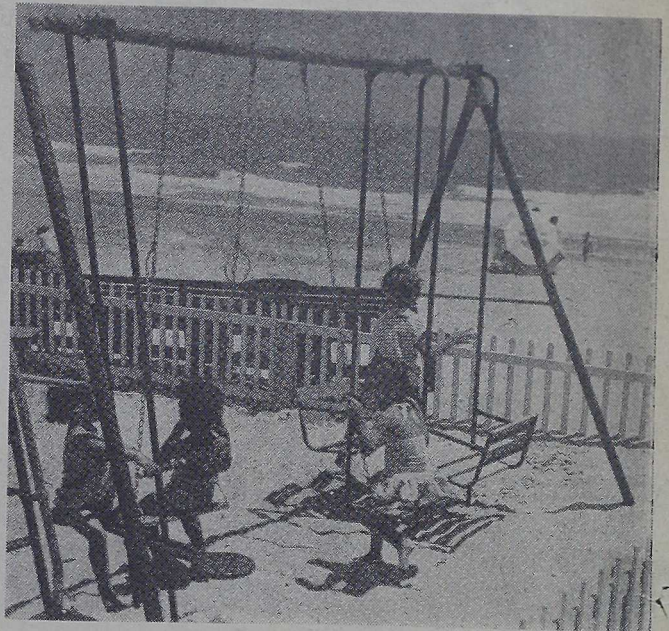

TUG OF WAR — Bridge boats from 2nd Bridge Company battle hurricane-force winds and each other as they attempt to stabilize a pontoon float while the helicopter prepares to lower a section of raft into place on the weaving target. (Photo by GySgt. John Babyack Jr.)

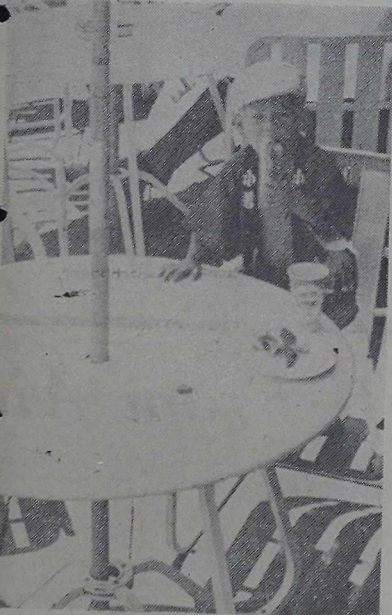

'O Summer Day Beside The Joyous Sea!'

Go Away, Little Boy!

Looka Me, Mom!

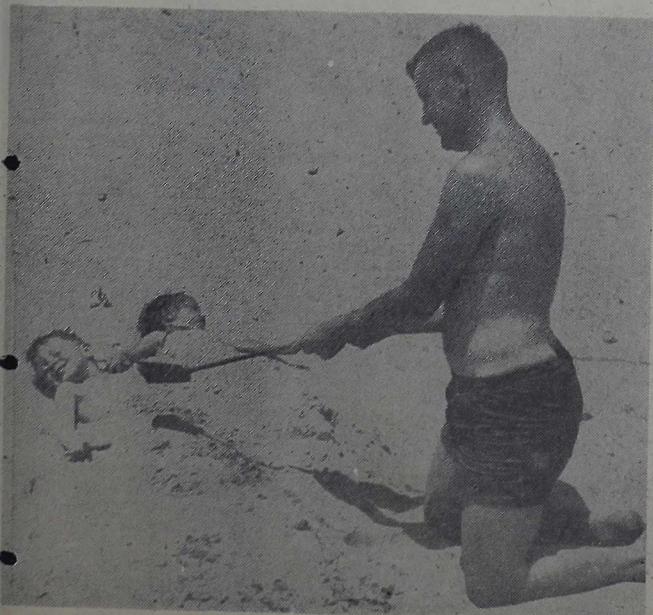

What Ya Want?

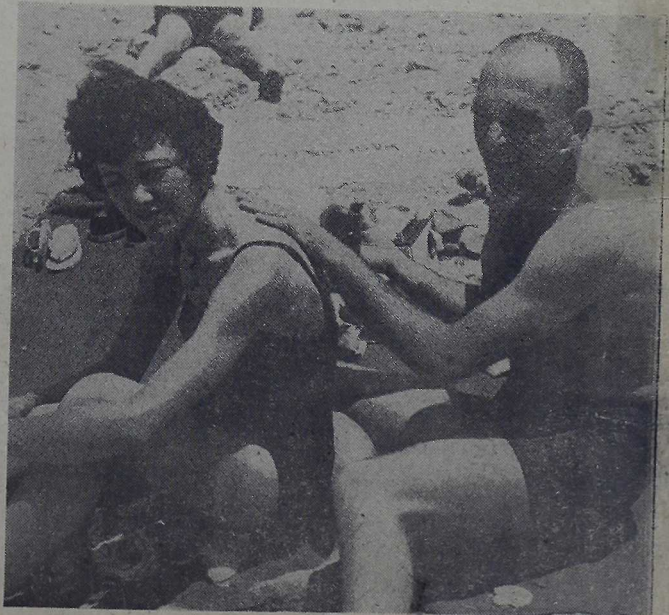

O summer day beside the joyous sea!
 O summer day so wonderful and white
 So full of gladness and so full of pain!
 Forever and forever shalt thou be
 To some the gravestone of a dead delight,
 To some the landmark of a new domain.
 —Henry Wadsworth Longfellow.

Now Listen, Girls!

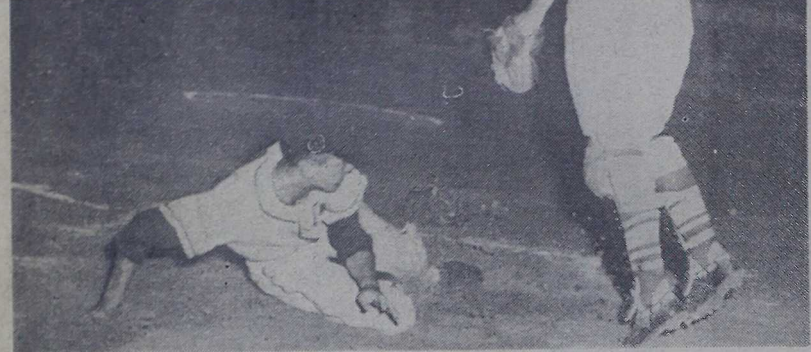

Ooh, It Tickles, Daddy!

Sun Sure Is Bright!

GLOBE SPORTS

DOWN UNDER—Ft. Gordon's Don Bates slides in ahead of the throw to score the Signaleers' first run Saturday night as the Marine catcher, Frank Wall, backs away. (Photo by LCpl. F. J. Flynn)

'Fireman' Fires Up Lejeune's 'Express'

"With a Little Bit of Luck!" Plus timely hitting and the "Find" of their own "Joe Page" has the Lejeune "Express" fired up and off to the best win streak of the season. Through Tuesday night Camp Lejeune has won five in a row and finished the sixth and final game of the six-game set with Ft. Gordon Signal and Provost last night. Results of the final game were received too late for GLOBE deadline.

Timely hitting was the keynote to the five game streak put on by the varsity as they came from behind in four of the five games to win in late innings.

Frank Wall came up with the big hit in Lejeune's 5-4 opening game win, then Ron Biemel won his own game in the second with a run-producing single in the ninth inning, Sam Moore came through to tie up the third game in the bottom of the ninth and so it went. The big factor in all but one of the wins was the relief pitching of Lejeune's own "Joe Page." Ron

Biemel, who has been used primarily in starting roles this season, relieved in four of the five games and was credited with the win in three of them.

All in all Biemel pitched 16 innings of relief in four games, giving up a total of ten hits and five runs.

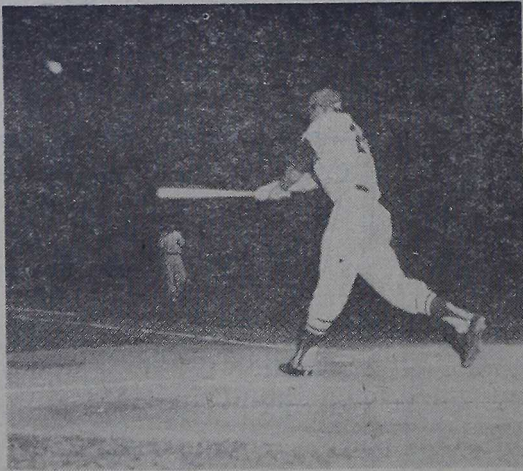

The first game of the Gordon series last Thursday night saw the "Marines" overcome a 4-0 Ft. Gordon (Signal) lead in the bottom of the eighth inning to drop the soldiers 5-4. The varsity rallied for five runs on three hits and four Gordon errors. The big blow was catcher Frank Wall's two run double to right-center that tied the game.

Lejeune came up with the winning run in the bottom of the ninth inning to take the second game by 3-2. Ron Biemel won his own game by singling home the run in the ninth. Biemel had relieved Larry Townsend in the eighth.

In the final game of the Signal series Lejeune came up with three runs in the bottom of the ninth to tie the game at 5-5. The game went 13 innings before Biemel, who had relieved in the seventh, tripped and scored on a wild pitch. Sam Moore got the tying runs across in the ninth with a sharp two-run single to right.

Tuesday night Lejeune and Ft. Gordon Provost played a two-night doubleheader. The two games Tuesday were played as seven inning affairs by mutual consent of Lejeune and Gordon coaches.

The first game saw Lejeune again coming from behind to win. Trailing 2-1 in the sixth, Lejeune

ONE SWING by catcher Frank Wall ties up the ball game Thursday night as Lejeune came back from a four-run deficit to down Ft. Gordon (Signal) with a five-run rally in the bottom of the eighth. Wall's double to the right centerfield fence tied the game at 4-4. (Photo by Cpl. R. I. Lappeus)

Marines Cop Top Honors At Armed Forces Skeet Tourney

ENT AFB, COLO. (AFPS)—When the noise of the 1961 World-Wide Armed Forces Skeet Championships subsided, the Marine Corps had pocketed most of the top honors. Over 250 skeet shooters from more than 50 military installations around the globe participated in the first such world championships to be held in Colorado. In both single and team competition, 12, 20, 28 and .410 gauge shot-guns were used.

The top-shooter during the four-day event was Maj. E. K. Griswold of MCAS, El Toro, Calif. He took the all-gauge honors from runner-up MSgt. Franklin J. Owen of Ent. AFB, and 20-gauge laurels from Maj. Andy B. Moore, Westover AFB, Mass.

The sharpshooting Marine was also a member of the winning two-

man team in the 20-gauge and all-gauge two-man events. In separate honors the following teams were selected as the best command team within each service: USAF, Air Defense Command; Marine Corps, 3rd Marine Air Wing; Army, US Army Alaska, and Navy, Potomac River Navy Command.

Seven Marines captured individual class honors in one or the other of the six separate events. They were CWO George Young, MCSC Albany, Ga., and Maj. Wilburn Waller, MCAAS Beaufort, S. C., Class I — Top All-gauge two-man team; Capt. Larry Drenan and SSgt. Robert I. Dodge, Marine Detachment, aircraft carrier Princeton, all-gauge two-man team, Class II; Maj. E. K. Griswold, MCAS, El Toro, 28-gauge individual, Class AA; CWO Dudley H. Roberson, 29 Palms, Calif., 28-gauge individual, Class B; Maj. Rex Michael, MCAS El Toro, 20-gauge individual, Class C; and Maj. E. K. Griswold, MCAS El Toro, all-gauge individual, Class AA.

Medal Event Set For Local Junior Golfers

Junior golfers, who are dependents of Marine Corps personnel in the Camp Lejeune area, have been invited to participate in the two-day Junior's Golf Tournament scheduled for Thursday and Friday, June 29-30, at Paradise Point.

The tournament, sponsored by the Camp Lejeune Golf Tournament Committee, has the following entry requirements: Boys must post two 18-hole scores prior to June 27 for establishment of a handicap. All players must be dependents of Marine Corps personnel at Camp Lejeune.

There will be two divisions for the tournament. The senior's division is open to all boys from 14 to 18 years of age. The Junior's division is open for boys under 14.

Both the Junior's and Senior's division will play 36 holes of medal play with full handicap over the number two course. Play will begin at 8:30 a.m. each tourney day. Boys interested in entering this tournament must sign up in the Pro Shop at Paradise Point prior to June 27. For additional information in regards to the tournament those interested should contact the Pro Shop, Base ext. 6-6751.

Trophies will be awarded to each winner and runner-up in both the junior and senior divisions. A second junior's tourney is scheduled for later this summer.

Deemer Fires A Sizzling 66 To Tie Mark

Long-hitting 1st Lt. Jim Deemer, one-time runner-up in the National Junior Golf Championship, gave the Number One course at Paradise Point its worst licking in several years Sunday when he toured the tough layout in 33-33—66, missing the course record set 14 years ago by a single shot.

Deemer's pair of 33's did tie the best round that has been shot since the course has been changed around and the layout of the greens revised.

The 27-year-old Deemer hit all 18 greens in regulation figures and dropped birdie putts on the 3rd, 5th, 7th, 10th, 16th, and 18th holes.

Ed (Porky) Oliver set the record of 65 in 1947 during an exhibition.

Marlin, Mackerel Biting For Off-Shore Anglers

Big blue marlin and king mackerel hold the spotlight for off-shore anglers, while cobia, blues, whiting, largemouth bass and hogfish have grabbed the limelight of inlet and fresh water fishing during the past week. Catches of the big-game marlin have been increasing in numbers all week and the news is most encouraging to the sponsors of the 1961 International Blue Marlin Tournament which starts Saturday at Hatteras, N. C. Eleven clubs from the U. S. and abroad will participate in the four-day event. During the past week Marlin scaling in from 198 to 533 pounds were boated in the Hatteras area.

In the same area king mackerel have showed up in schools ranging in size from five to 12 pounds. Bluefish and Spanish Mackerel have also been a good bet for anglers fishing Hatteras waters.

All areas from Morehead City to Hatteras report cobia biting inshore. Blues, Whiting, Trout and occasionally flounder have been hitting ocean pier baits and lures. The big kings as well as cobia are taking live bait and plugs off ocean piers, and cobia have arrived in force for sound and river fishermen. Hogfish are biting good in both sounds and ocean. Surf fishermen at Drum Inlet, Atlantic Beach, are bringing in flounder, gray trout and sea mullet.

On the local scene, Mr. Paul M. Metters, state wildlife protector, reports that the commission has completed stocking 10,800 large mouth bass in the waters of South-west Creek, Northeast Creek, Wallace Creek and New River.

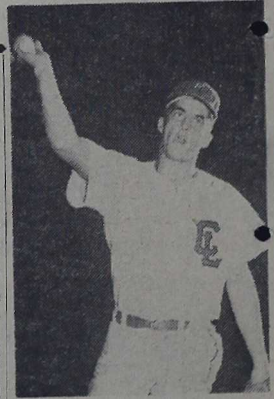

Archery Club Slates Election Of Officers

The Field Archery Club of Camp Lejeune will hold its annual election of officers Monday night at the Midway Park Community Center.

The meeting which will be held in the crafts room of the center will begin at 7:30 p.m.

The present club president, Lt. C. E. Beyer, has urged all members, plus any prospective members, to attend the yearly election meeting.

Following the regular club meeting and election, there will be a social hour with refreshments served.

RON BIEMEL

tied the game and then won it in the seventh. Sam Moore drove in the winning tally with a big three-base knock. Townsend went all the way for Lejeune to pick up the win.

In the second game of the doubleheader Lejeune had to stave off a late soldier rally to keep the win streak alive. Leading 7-3 after three innings, Lejeune was hard pressed to stay on top as Gordon came back to tie the game in the sixth on a three-run homer by third baseman Al Parker. Earl Williams kept Lejeune in front when he stroked a long 400-ft. bases-empty homer in the bottom of the sixth. However, Gordon tied the game again in the seventh. The game went one more inning before Lejeune came up with winning run. Dave Petros rapped out his second double of the night to bring across the margin. Biemel picked up his third win in five games after relieving Alex Bright in the second.

ENLISTED INTO WIVES — Meeting at 10 a.m. in the Community Center.

GRIGER WIVES — Thursday at 10 a.m. Community Center.

MIDWAY PARK — Every Thursday morning in the Midway Park Center.

STAFF WIVES — Meeting at 101 office on June 17 at 7 p.m. Staff Club.

Dinner will be a hot steak or chicken. Prof. Greer's Captain F. W. Keen installation will be Mrs. C. F. McKelvey.

EXERCISE & D — Scheduled meeting every evening at 8 p.m. Terrace Community Center.

MONTFORD POOL — Meeting every second month at 7 p.m. at Montford Point School.

Swimming — The Montford swimming pool is closed Friday afternoon for recreation. On Sunday it is open to 9 p.m. and will be closed. The pool will have a swimmer must have a swimmer. Passes may be obtained Tuesday through Thursday during the open

Nursery Is Available For Paradise Point

The sound of happy contented children can often be heard at Bldg. 2624, Paradise Point. The neat, gray building with the large fenced-in yard at this address is the home of the Paradise Point Sitting Service. Warm days will find gay laughing children playing in the log cabin, on the swings, or meeting new friends in the play yard. Little girls are always delighted to see the play kitchen cabinets and stoves like mommy has. Cribs, several of which are new, are available, also.

Lunch or supper will be served at the parents' request and children often bring "bag lunches" which on nice days may be eaten outside. Cookies and juice are served between meals.

The Paradise Point Sitting Service first opened its doors on Christmas Eve in 1948 and immediately proved to be a great success. It was the first of many worthwhile projects undertaken by the then newly-formed Officers Wives Club, under the leadership of Mrs. Franklin A. Hart, wife of the Base commanding general at that time.

Under the sponsorship of the Paradise Point OWC, the purpose of the Sitting Service is to serve all the members or associate members of the OWC and enable them to participate in social functions of the Base.

Each year, the president of OWC appoints a Sitting Service Committee to furnish supervision and to direct the activity of the Sitting Service. The Sitting Service Board members for 1961-1962 are Mrs. R. E. Carey, chairman; Mrs. R. L. Leopold, co-chairman; Mrs. A. G. Schwenk, secretary; Mrs. E. W. Killian, treasurer-bookkeeper; Mrs. T. O. Wehgorst, purchasing agent; Mrs. R. C. Peck, assistant purchasing agent; Mrs. E. L. Dickson, publicity; Mrs. D. H. Pepper and Mrs. J. B. Holmes, floating members; Mrs. D. W. Robinson and Mrs. W. C. Ward, senior advisors, and Mrs. B. B. Wooten, supervisor. The Board arranges an "open house" once a year and for the past two years has held benefit card parties to help raise money for needed improvements and supplies.

All healthy children of members from the age of four months to 10 years are eligible to use this delightful facility. The Sitting Service is open every day and evening of the week with the exception of legal holidays. The hours are Monday through Thursday, 8:30 a.m. Saturday, 12 noon to 1 a.m.; Sunday noon to 11 p.m. Sunday Chapel 9 a.m. to 12:30 p.m.

Mrs. B. B. Wooten, supervisor of the Sitting Service, states that it is very important for parents to make reservations at least 24 hours in advance. Patrons with reservations will be cared for first on a space available basis.

One-third of all OWC dues goes

to help support this non-profit service. Therefore, the fees are at a minimum. The charge is 30 cents per hour for the first child, 15 cents for the second child and 10 cents for the third. There is a special rate of \$2.50 for an eight-hour day for all children in any family.

Father Will Be Honored On Sunday

This Sunday, Dad will be in the limelight at Camp Lejeune and other places throughout the country for the 52nd anniversary of the celebration of Father's Day.

Credit for suggesting a day for Dad probably belongs to Mrs. John Bruce Dodd of Spokane, Washington. The thought occurred to her in 1909 as a tribute to her own father who had successfully reared a family of children after the death of their mother.

The first celebration following Mrs. Dodd's efforts was held in Spokane in June of 1910. Twenty-six years later, a National Father's Day Committee was formed with headquarters in New York City.

Locally, the fathers stationed at Camp Lejeune and fathers throughout the world will be honored in their homes, with special cards and gifts, by telephone and at church with their families.

Many Marine dads will remember Father's Day, 1945. It was good news for those fathers who were fighting on Okinawa during the second World War. On that date, the island fighting was secured.

Families everywhere rejoice that now the day can be celebrated in keeping with the honor and dignity of fatherhood.

Camp Knox Wives, Council Hold Meet

The Community Association of Camp Knox held their meeting last Tuesday in the Knox Community Hall. The nominations for the 1961 officers was held and the following people were elected: Councilman from the private side is John Powers and Secretary is Mary Powers.

Tuesday evening the Knox Wives Club approached the Community Association Council to see if they wished the Wives Club to visit new tenants in the trailer park through their Welcoming Committee in the Wives Club which is already in existence. It was agreed by all that the Wives Club has been doing a fine job in the past welcoming new tenants at Knox and it was good to see them volunteer to take this responsibility alone in order to give the Community Association Councilmen more time to tackle bigger projects.

In the past, the Community Association and the Wives Club were both welcoming new tenants, but now it will just be the Wives Club. The Wives Club received approval from the Community Association members present and the Council changed their Constitution so that the Wives Club may hold their meetings every other week instead of every week as was the policy in the past.

UNHAPPY FACES seem to highlight the Paradise Point Sitting Service, but not for long. These warm summer days are the times when Mothers in take her children to the nursery while she does

her daily errands. Log cabins and swings are provided to entertain the children outdoors and television sets and kitchen equipment are available inside. (Photo by Lt. Col. H. L. Shaw)

Summer Days Mean Low-Calorie Dinners With Cool Desserts

After a hot dinner your dessert will be more inviting if it is made with a cool thought in mind and sparked with a bit of glamour. Here is a recipe featured with canned Bartlett pears and cottage cheese that your family is sure to enjoy:

Pear Dream

One can (1lb. 14-oz) Bartlett pears halves, drained; One package (6-oz.) raspberry flavor gelatin; One fourth teaspoon salt; One cup water, hot; One cup water, cold; One package, (12-oz.) dessert topping mix; One-half cup milk, cold; One-half teaspoon mace; Red food coloring

Drain pear halves reserving syrup. Add enough cold water to make 2 cups. Dissolve gelatin and salt in hot water. Stir cold water and pear syrup into gelatin mixture. Pour one-half cup of mixture in top of 2 quart mold for glaze. Let chill until firm. Chill remaining gelatin mixture until slightly thickened. Beat dessert topping and milk in an electric mixer until it stands in peaks. Fold in mace. Blend into remaining gelatin mixture. Pour into mold and chill again until firm. Unmold on serving plate. Brush pears lightly with red coloring. Arrange pears and frosted-grapes around mold. Makes 8 to 10 servings.

Activities Calendar

ENLISTED INTERNATIONAL WIVES

Meeting every Monday 10 a. m. in the Midway Park Community Center.

GEIGER WIVES

Meets every Tuesday at 10 a. m. in the Geiger Community Center.

MIDWAY PARK WIVES

Meets every Thursday morning at 10 a. m. in the Midway Park Community Center.

STAFF WIVES CLUB

Installation of '61 officers to be held at 7 p. m. in the Hadnot Staff Club.

Dinner will be a specialty of T-bone steak or chicken, whichever you prefer. Guest speaker will be Captain F. W. Kelly. Guests for the installation will be Lt. Col. and Mrs. C. F. McKeiver. Reservations are closed.

EXERCISE & DIET CLUB

Scheduled meeting every Wednesday evening at 8 p. m. in the Terrace Community Center.

MONTFORD POINT PTA

Meeting every second Thursday each month at 7:30 p. m. in the Montford Point School.

Swimming Hours

The Montford Point swimming pool is open Tuesday through Friday from 5 to 9 p.m. for recreational swimming. On Sunday it is open from 9 a.m. to 9 p.m. and Monday the pool is closed. Children coming to the pool without parents must have a swimming pass. Passes may be obtained at the pool Tuesday through Friday during the open hours.

Teen Club Divides To Lift Attendance

The Teen Club, located at Camp Knox, is splitting up into two age groups in order to accommodate more children in the trailer park.

Children aged 8 through 11 years are now eligible to belong to the Junior Teen Club. Their meetings will be held every Saturday evening from 7 to 9 p.m. in the Camp Knox Community Hall. Sgt. and Mrs. Powers are in charge of the club, along with other chaperones to supervise the children. It is requested that parents accompany their children to the first meeting so that they may be informed of the club rules and regulations and see what their children will be doing. Dues for this club will be 10 cents per week.

Children from 12 to 16 years of age will be eligible to attend the Teen Club which is held every Friday evening from 7 to 10 p.m. in the Community Hall. Their dues will be 25 cents per week.

A special invitation goes out to all the teen-agers to attend these meetings.

VOLUNTEER SERVICE AWARDS—Mr. L. M. Sherriff, Director of the American Red Cross at Camp Lejeune, presents 250-hour pins and certificates for volunteer service to Mrs. L. F. Chapman, who has a total of 12 years of volunteer service, and Mrs. C. L. Berlin. Presentation took place in the Red Cross Recreation Room at the U. S. Naval Hospital. (Photo by Sgt. R. R. Rafferty)

More Reserve Officers Get Career Tours

The Commandant of the Marine Corps has announced that more Marine Reserve officers will be able to serve a full active duty career of at least 20 years. Marine Reserve lieutenants who complete their initial obligated tours of active duty and who so desire can look forward to a Marine career.

A new order states that the Marine Corps has a continuing need to retain qualified Reserve officers on active duty with the regular forces. Thus an increasingly larger number of Reserve officers will be retained to serve on active duty in all grades.

As in the case of regular officers, career patterns will be developed through assignments based on the requirements of the Corps and the individual's qualifications and preferences. The Commandant has stated that career Reserve officers will be given the same opportunities for career development in matters of assignment, professional schools, and promotions as are available to regular officers. This includes two opportunities for selection to the next higher grade.

The policies and procedures governing active duty careers for Reserve officers are contained in Marine Corps Order 1001.24A published at Headquarters Marine Corps last week.

Comm School To Graduate 19 Tomorrow

Nineteen Marines will graduate from the Fleet Marine Force, Atlantic, Communication School at Montford Point tomorrow.

The FMFLant Communication School is operated by the 8th Communication Bn., Force Troops.

Terminating tomorrow will be the Special Telephone Repair Course, which will graduate nine, and the Radio Relay Operators Course with a class of 10.

The objective of the three-week-long Special Telephone Repair Course is to retrain and re-classify Marines with a 2631 or 2633 MOS in the 2639 field.

During the course of instruction, students learn the installation, repair and maintenance of telephone and related equipment.

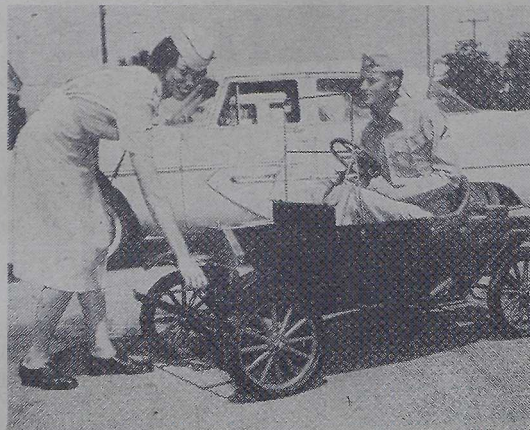

The six-week-long Radio Relay Operators Course trains basic 2500 Marines in the installation, operation and field maintenance of radio relay equipment, including the MRC-62 and MRC-63 and the AN/TRC-27. The students also receive general familiarization instruction in field wire and teletype equipment. Upon completion of the course, Marines hold a 2532 MOS.

First Lt. Alfred A. Cunningham, U. S. Marine Corps, was the first officer of the Naval Service to take up land plane flying at the Army's aviation school in San Diego on April, 1916.

Flying Club

The Piney Green Flyers will hold a meeting for members and anyone interested in flying at Bldg. 523, Thursday, June 15, at 6 p. m. There have been a number of changes in the club policies, membership fees and a reduction of cost for flying time. All members are urged to attend.

Corporal's Staff Car?

"GET HOT"—Lt. Charles Edge thinks all Marines of his rank should be issued a staff car and an attendant as shown above. The vehicle is the brand new "Ford" which will awarded to some lucky game night participant at the Hadnot Point Staff NCO Club, and the girl is Pfc Marilyn Hughes of WM Co., Marine Corps Base.

Admiral Pollard Observes Dental Company Exercise

Rear Adm. E. G. F. Pollard, DC, USN, Director of Dental Activities for the Fifth Naval District, observed the 2nd Dental Co., 2nd Marine Division, in a field exercise May 31-June 1. The exercise was the highlight of the admiral's orientation visit to dental facilities at Camp Lejeune. The occasion also marked the 10th anniversary of the

current Dental Company concept first tested in the Korean conflict. This concept was officially adopted in 1955.

Admiral Pollard observed all phases of the exercise from mount-out to completion. He was accompanied by Maj. Gen. James P. Berkeley, commanding general of the Division, during patient treatment demonstrations.

The 60 dental personnel participating in the exercise loaded their own gear, drove their own vehicles, set up camp, wired for power, and operated the power generators in addition to their regular duties. Patients were transported to the field by truck.

Capt. W. E. Ludwick, DC, USN, attached to the Naval Medical Field Research Laboratory here, accompanied the unit and evaluated modified field X-ray equipment and other facilities.

The 2nd Dental Company, commanded by Capt. R. B. Lytle, DC, USN, is an organization comprised entirely of Naval dental officers and dental technicians. It is capable of providing dental support to an entire Marine division, or sending out smaller detachments

in support of battalion or regimental size deployments. This exercise demonstrated that the dental company could load, move out, set up and be ready to treat patients within six hours.

American Red Cross Reaches Milestone With Blood Program

Today marks a new milestone in the American Red Cross Blood Program. On this day, collection trends indicate the organization will collect its 30 millionth pint of blood since inauguration of post-World War II blood collection in 1943, according to Mr. L. M. Sherriff, Red Cross Field Representative at Camp Lejeune.

The American Red Cross, Mr. Sherriff said, now operates 55 regional blood centers serving thousands of communities.

The Red Cross began its blood program back in World War II days while also collecting blood for the Armed Forces.

SOLANT AMITY II Tours Africa, Indian Ocean Area

Marines of the Landing Force SOLANT AMITY II has just completed a successful eight-day visit to the Madagascar port city of Diego Suarez and are at present visiting Victoria the capitol city of the Seychelles, a group of islands in the Indian Ocean. The landing force, commanded by Lt. C. Reverdy M. Hall, has as its nucleus Marines of "F" Co., 2nd Bn., Second Marines, under the command of Capt. Robert P. Whalen. They departed Camp Lejeune and the 2nd Marine Division last April to tour Africa and the Indian Ocean area.

During their stay in Diego Suarez, the AMITY force provided honor guards for visiting dignitaries, conducted static displays, and provided guides and sentries during "open house" visiting of the ships. In addition, the landing force drill team performed for the Commandant, officers and men of the local French Army.

The French Army also made an area available to the Marines so that they could conduct tactical exercises and fire their rifles, pistols and machine guns.

Helicopters with the landing force lifted a total of 363 VIP's and guests during the eight-day stay. To many of the local populace who had never even seen a helicopter before, this was indeed a highlight.

A guitar trio, composed of three Marines, entertained more than 300 patients at the local hospital, and the Marines also gave a Karate demonstration for the local judo club.

For the remainder of their stay in Diego Suarez, many of the members of SOLANT AMITY were the invited guests at the homes of local citizens.

The landing force arrived at the port of Victoria Seychelles on June 7. More than 3,000 spectators were on hand to watch the Pathfinders demonstrate their parachuting techniques as they utilized Marine helicopters to jump into the landing area.

On June 10 the landing force presentation included an attack on a fortified position using LVT's and helicopters, a parade, a drill team presentation and a formal guard mount.

In 1891, a special detachment of Marines was assigned to the Pacific squadron to halt the wholesale destruction of seals in the Bering Sea by poachers operating out of season.

Fleet Reserve Elects Marine As President

Branch 208 of the Fleet Reserve Association held the annual election of officers Thursday evening and elected James J. McCarville, MSgt. USMC (Ret.), as their president for the coming year beginning July 1.

Backing McCarville up for coming year will be MSgt. Joseph Gunter, USMC, who was elected vice-president, and HMI Donald Erny, who was re-elected secretary and treasurer.

McCarville will move into the Branch's top position from his current post as vice-president and will replace J. J. McNeil, HMC, USN, who will complete his one-year term as an installation next month.

McCarville will become the fourth Marine, either active or retired, to hold the position of president since Branch 208 was formed at Camp Lejeune in 1954. He has stated that it will be his desire to better acquaint the Marine in this area, both active and retired, with the objectives of the Fleet Reserve Association, since many are under the impression that the FRA is an organization composed of Navy personnel only or is purely a retired association.

The Fleet Reserve Association is a service-wide organization of over 50,000 career enlisted men of the Navy and Marine Corps, both active and retired who have served at least six years of active Federal service.

ALMAR Asks For Reservist 'Copter Pilots

Sixty Marine Corps Reserve officers holding Naval aviator designations, will be offered permanent warrant officer appointments in the regular Marine Corps as helicopter pilots HQMC announced last week.

Applications will be accepted from officers on active duty who will be less than 36 years of age on July 1, 1961, and who will meet Service Group 1 medical standards. Qualified helicopter pilots will receive priority consideration; however, a number of other pilots will be retrained for helicopter duty.

Applicants must state flight hours, their flight hours by type aircraft and instrument rating held yearly for the past five years and include a medical certificate when applying. Applications must reach Headquarters Marine Corps by July 31, 1961.

This program, outlined in ALMAR 9, is designed to give selected officers full career opportunity within the warrant officer structure.

Square Dancers

Anyone interested in square dancing is invited to attend the presentations of the Jacksonville Twirlers Square Dance Club at 8 p. m. June 8, 22 and 29 at the Tarawa Terrace Community Center. The group is composed of service couples interested in the preservation and furtherance of American Folk Dancing.

Local Groups Give To Navy Relief Society

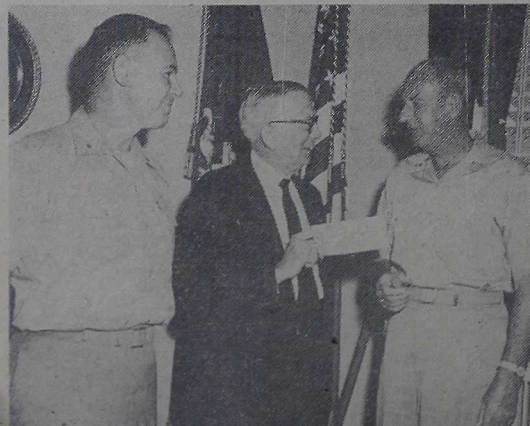

In addition to the thousands of dollars in membership fees collected from Quad-Command units in this year's Navy Relief and Membership Fund Drive, several private organizations and institutions have supported the drive.

The First Citizens Bank and Trust Company presented a check for \$200 to Maj. Gen. Robert B. Luckey, Base commander, recently to aid the work of the Navy Relief Society. A similar grant of \$100 was presented to the Society by the First National Bank branch at MCAF.

Camp Lejeune's Staff NCO Wives Club boosted the total with a \$25 donation. Twenty-five dollars were also presented by the Pine Tree Sports Car Club from proceeds from their recent charity gymkhana.

The Tarawa Terrace Community Association contributed \$20 to the drive.

Good Neighbor

BANK CONTRIBUTION—Mr. Robert L. Williams Jr., center, vice-president, First-Citizens Bank and Trust Company, presents Maj. Gen. Robert B. Luckey with a check for \$200 for the 1961 Navy Relief Membership Fund Drive Campaign. The check was donated by the First-Citizens Bank and Trust Company of Camp Lejeune.
