CAMP LEJEUNE, N. C., THURSDAY, JANUARY 26, 1961

NO. 4

N. C. Forestry Fire-Fighters Curb Disaster

Prompt, voluntary action by the North Carolina Forestry Service Fire-Fighters in coming to the assistance of the Camp Lejeune Fire Department drew high praise from Base officials Monday, following a fire in Midway Park.

The fire, which momentarily threatened the elementary school and several housing units, was quickly brought under control when the Forestry Service voluntarily dispatched a water plane and other equipment to the scene.

While fire damage was held to only five acres of wooded area, Base officials said the fire could have caused major disaster had it not been promptly brought under control.

Fire Chief F. J. Schlarp said children playing with matches were suspected of starting the blaze.

HERE TODAY—Rear Adm. William C. Mott, Judge Advocate General of the Navy, arrives here today to address the Camp Lejeune-Cherry Point Bar Association on the Reorganization of the Defense Department. The meeting will be held in the Paradise Point Officers Club with a social hour at 6:30 p.m. and dinner at 7:30 p.m., followed by Admiral Mott's address.

East Coast Food Team Will Report To Lejeune For Duty

Transfer of the East Coast Food Service Team from Albany, Ga., to Camp Lejeune is to be completed by Feb. 1, according to a recent directive from Headquarters Marine Corps. The team will be stationed at Montford Point with the Marine Corps Supply Schools. From there they will service all East Coast Marine Corps commands. Camp Lejeune will be their permanent base of operations. Prior to working out of Albany, the group had been attached

to Headquarters Marine Corps. Each move has been planned to place them in a more central proximity to the bases that they plan to visit. The current move has been necessary because many of the smaller Marine Corps mess halls have been closed, and because the team now plans to visit some of the larger bases, which they had not done before.

Also, approximately 95% of their duty is on the road, and it is hoped that the new location will greatly cut down their temporary additional duty time.

The Food Service Group is composed of four men. Capt. W. L. Maughan recently has replaced Capt. F. W. Simutis as head of the team. The remainder of the group is composed of three Master Sergeants. The enlisted men can offer specialized advice in three different fields, relative to food service. One is a baker, one a meat cutter, and the other a cook.

The demonstration team is under direct orders from the Headquarters Marine Corps. Their mission is to visit all mess halls at bases where they stop, and to offer demonstrations relative to all phases of operating a mess hall. The group usually stays with each mess hall about two weeks. While there, the specialists don mess whites and give instruction and demonstrations in their particular fields. Questions concerning other phases of the operation that come up, also receive attention.

In accordance with the new plan to visit large as well as small installations, the first activities to be visited after the group arrives will be major commands here.

Time Requirements Given For E-8, E-9

Average time-in-service figures, by occupational field, for promotion to pay grades E-8 and E-9 used by the FY 61 promotion board were released last week by HQMC. This board completed its selections in December, 1960. The average time-in-service was computed for each occupational field.

All Marines in the E-7 and E-8 grades who met the minimum legal and administrative requirements were considered but those with the average or above average time-in-service, other things being equal, stood the better chance for promotion.

Marines with less than the average time-in-service were selected only if their records indicated that they were so outstanding as to merit promotion.

Average time-in-service was computed by totaling the number of years of service for pay purposes of eligible Marines in each occupational field and dividing by the number of eligible Marines in that field.

In addition to the time-in-service requirements, fitness reports, personal awards, growth potential, duty as a recruiter or drill instructor, and the specific requirements within each occupational field were also used as criteria for the board. (See TIME REQUIREMENTS, Page 3)

Division To Mark Twentieth Anniversary As Former Commanders Return For Event

Plans marking the 2nd Division's 20th Anniversary have been virtually completed. The celebration to be held Feb. 1, has been labeled "Operation Oldtimer" by Maj. Gen. James P. Berkeley, the Division commander. Eight former commanding generals will participate in the celebration as honored guests, including the Division's first commander, Maj. Gen. Clayton B. Vogel. Other former commanding generals who will attend are Gen. Randolph McCall

Base Safety Official Warns Drivers About Car Exhausts

Carbon monoxide caused the death of a Marine corporal and his young girl companion, a senior at Jacksonville High School, last weekend. A total of three double fatality carbon monoxide tragedies occurred in the state over the past weekend. All three couples left their car engines running in order to operate the heaters, due to

the cold weather. Similar accidents have occurred at drive-in theaters.

Mr. J. E. Umstead, Base Safety Director, yesterday said carbon monoxide fumes are odorless and colorless. They overcome the victims without them being aware of

anything other than drowsiness and gives little or no warning of approaching unconsciousness.

The deadly fumes, when inhaled, combines with the blood, rendering it incapable of carrying oxygen to the tissues. The result, depending on the concentration, varies between drowsiness and death.

Faulty exhaust systems on cars, such as leaky manifolds, mufflers, or exhaust pipes, offer the greatest dangers. The deadly fumes may enter from openings in the floor, around the clutch and brake pedals, etc. Fresh air may eliminate the hazards and prevent asphyxiation, if exposure has not been too long or severe.

Often the cause of a road accident is stated to be because the driver fell asleep at the wheel. Mr. Umstead says that it is entirely possible that the sleep was induced by carbon monoxide, despite the fact that the car was in motion.

Mr. Umstead suggests that many automobile fatalities can be prevented if motorists will take the time to have their exhaust systems checked, and be sure that when driving in a car proper ventilation is provided for at all times.

Pate, former Commandant of the Marine Corps; Gens. Franklin A. Hart and Edwin A. Pollock; Lt. Gens. Julian C. Smith, Thomas H. Watson, Lewis B. Puller, and Joseph C. Burger.

"Operation Oldtimer" will get under way with the Division Birthday Parade at 10 a.m. on Feb. 1.

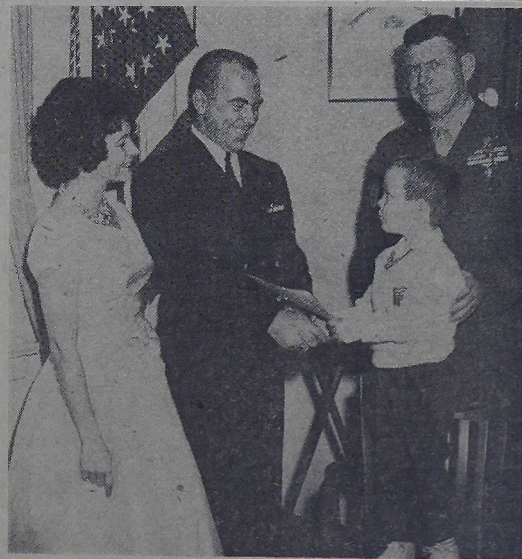

A trophy, awarded annually on a rotating basis by the 2nd Marine Division Association for over-all excellence in drill, will be presented during the ceremonies. Each battery and company within the Division has nominated a unit for the competition. The winner of the award will be selected at an intra-division contest on Jan. 26. A panel of field grade officers and senior staff NCO's will judge the contest.

The 1941 rifle squad, today's rifle squad, and the rifle squad of the future will be featured in a demonstration for the "Oldtimers" the afternoon of Feb. 1.

A one-man helicopter, the Benson Gyrocopter, will participate in a "flyover" and aerial performance which will also include conventional helicopters now used by the Marine Corps. Several of the latest types of mobile weapons, including those manned by Force Troops in support of Division operations, will complete the afternoon's demonstration.

Early Edition

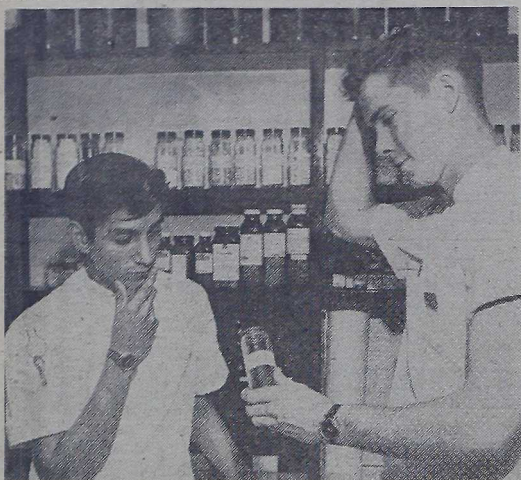

Next week the GLOBE will publish Wednesday, Feb. 1, to observe the 2nd Division's 20th Anniversary. Included in next week's GLOBE will be a special four-page Anniversary supplement which will record many of the Division's exploits and achievements. The GLOBE will return to normal Thursday publication on Feb. 9.

"THANKS, SON"—Richard L. Fridley, HMCA, USN, is awarded a promotion warrant for his present rank by his four-year-old son, Ricky, under the authority of Lt. Col. D. L. Faw, right, commanding officer of the 2nd Battalion, Sixth Marines, at his headquarters last week. Mrs. Fridley, left, attended the ceremony at which the colonel extended his congratulations to the battalion's chief hospitalman. (Photo by Cpl. T. J. Reddy)

RUNNING LOW—After the long holiday period, the IG inspection, and the approaching income tax deadline, HM3 Ronald W. McLeod, right, and HM2 David A. Martinez, Base Pharmacists, take a few minutes from their busy routine to notice the empty APC bottle. More than 2,000 tablets of this all-purpose cure are distributed weekly by these two corpsmen. During the peak of cold weather this year, they dispensed 65 gallons of cough syrup, 40 of which went to 1st ITR. (Photo by LCpl. J. A. Cothran)

Navy Relief Society Plans Annual Meeting Tomorrow

The annual meeting of the Advisory Board of the Navy Relief Society of Camp Lejeune will be held tomorrow at 10 a.m., at Marston Pavilion. Written invitations are being sent to all volunteer workers and the public is also invited. Pins for volunteer workers contributing 600 and 100 hours' service will also be presented during the meeting by the Navy Relief Society. Maj. Gen. Robert B. Luckey, president of the Advisory Board, and commanding general, Marine Corps Base, will make the presentations.

The annual report of the Advisory Board will be given by Executive Vice-President Lt. Cmdr. W. S. Palmer, Asst. Base Chaplain; Lt. Col. C. R. LaPlant, Treasurer, Range Officer, Marine Corps Base; Helen Kelly, Chairman of Volunteer Women; Mrs. W. M. Waskom, Chairman of Interviewers; Mrs. H. R. Merrick, Chairman of Receptionists; Mrs. E. W. Killian, Chairman of Clerical Workers; and Mrs. George L. Calvy, Chairman of Layette Workers.

Other members of the Advisory Board are: Mrs. Nan Northan, Executive Secretary; Maj. Gen. James P. Berkeley, Brig. Gen. O. M. Conoley, Brig. Gen. L. F. Chapman Jr.;

Col. J. R. Little Jr.; Capt. L. E. Bach; Col. A. E. Dubber; Capt. W. B. Turney, USN; Capt. F. W. Kelly, USN; Cmdr. S. H. Lee Jr.; Lt. Col. C. F. McKiever; Mrs. Robert B. Luckey; Mrs. James P. Berkeley; Mrs. L. C. Chapman; Mrs. O. M. Conoley; Mrs. J. R. Little Jr.; Mrs. R. D. Kristoff; Sgt. Maj. Roger Slayton; Sgt. Maj. Russel Baker; Sgt. Maj. Horace Cline; and Sgt. Maj. Jack Minniear.

Eight ladies will receive Navy Relief Pins: two 600-hour awards and six 100-hour awards.

Pins for 600 hours will be given to Mrs. Mary K. Calvey, wife of Capt. G. L. Calvy (MC), USN, commanding officer, NMFRL. Mrs. Calvy earned the award interviewing and doing clerical work at Newport, R. I.; Layette and St. Albans Naval Hospital, N. Y. She is Vice-Chairman of the Layette Committee here.

The second 600-hour pin will go to Mrs. June C. Lehmen, wife of Cmdr. R. M. Lehmen, Surgery, USNH. Mrs. Lehmen earned her pin doing work as Asst. Vice-Chairman of the Layette Committee at Camp Lejeune.

The following women will receive pins for 100 hours: Mrs. D. J. Deriso, wife of Lt. Cmdr. D. J. Deriso, Administrative Officer, NMFRL, earned her pin doing work at the Thrift Shop, New London, Conn., and cutting and sewing layettes here.

Marjorie LaPlant, wife of Lt. Col. C. R. LaPlant, Range Officer, MCB, earned her pin as an NR interviewer at Quantico and Camp Lejeune. She is presently Asst. Chairman of Interviewers here.

Margory Fuson, wife of Maj. H. C. Fuson, Executive Officer, 2nd Bn., Sixth Marines, earned her 100-hour pin sewing layettes and working as an interviewer at Camp Lejeune.

Clair Seibert, wife of Lt. Col. K. D. Seibert, Executive Officer, Hq. Bn., 2nd Division, will receive her pin for work as a Receptionist here.

Trudy Kuchler, wife of Capt. L. W. Kuchler, Asst. Base Inspector, earned her pin for work as a Receptionist here.

Betsy Smith, wife of Col. Sam W. Smith, Reserve Liaison Officer, MCB, will also receive her pin for work as a receptionist here. She is presently Asst. Chairman of Receptionists.

Sgt. Maj. Bertha Peters Gets Top Enlisted Woman Billet.

Another Marine Corps first was recorded last week at Headquarters Marine Corps with the appointment of Sgt. Maj. Bertha L. Peters to the rank of Sergeant Major of the Woman Marines. The formal appointment accompanied her promotion to E-9 rank during informal ceremonies in the office of the Director of Woman Marines, Col. Margaret M. Henderson. Sergeant Peters is the first Woman Marine to be named to the post, established

School Time For DI's Cut By LPM Drill

The Drill Instructors School at the Parris Island Recruit Depot has reduced its eight-week curriculum one week, by eliminating some 48 hours of drill instruction.

The reduction in drill instruction was brought about by the Marine Corps' recent return to the LPM (Landing Party Manual) drill. Previously, the more intricate and complex eight-man squad drill was taught in the school.

All Marine activities now use the LPM drill.

The eight-man drill took some 118 hours of parade ground and classroom instruction, as compared to the LPM allotted time of 70 hours.

No other changes are planned in the course which was lengthened from five to eight weeks last September.

In addition to a review of all military subjects taught Marine recruits, student DI's study technique of instruction and are evaluated for previous military knowledge as well as for aptitude.

Only those found highly competent are graduated.

Base Officials Will Observe Traffic Week

"Thou Shalt Not Kill" Week, an intensified program of traffic safety and accident prevention, will be launched at Camp Lejeune and throughout Onslow County on Monday.

Mayor A. Joyner Lewis of Jacksonville is expected to issue an official proclamation today or tomorrow, proclaiming "Thou Shalt Not Kill" observance throughout the city. Onslow County officials and commanders of Lejeune units will support the mayor's proclamation.

The traffic safety program is a combined operation of state, county, city and military law enforcement agencies aimed at increasing public awareness of safety and highway courtesy.

In association with the law enforcement agencies, clergymen on the Base and in Jacksonville will build their sermons for Jan. 29 around the "Thou Shalt Not Kill" theme.

A special movie began circulation to all units of Camp Lejeune yesterday and will run throughout the week-long observance.

Base, Division, Force Troops and Air Facility provost marshal sections are concentrating efforts to make the week a big success at Camp Lejeune.

by the Commandant of the Marine Corps in April, 1960. She has been serving in the office of the Director of Woman Marines since June, 1959, in the billet which now has been elevated to that of the Sergeant Major of Woman Marines.

Upon transfer, she will revert to her permanent rank of master gunnery sergeant unless she is assigned to one of the two other Woman Marine sergeant major billets in the Corps.

Enlisting in the Marine Corps Reserve in March, 1943, Sergeant Peters is nearing 18 years' continuous active service in the Corps. She was a member of the second class of Woman Marines to undergo recruit training, then conducted at Hunter College in New York.

She was one of the first eight women to be accepted for enlistment in the regular Marine Corps when authorized in 1943. While serving at the Marine Corps Recruit Depot, Parris Island, S. C., in 1949, she was one of five women who assisted the present Director of Woman Marines in setting up recruit training for enlisted women.

As Sergeant Major of the Woman Marines, she will accompany the Director on official visits to posts and stations where Woman Marines are serving.

Force Troops Tractor Class Is Graduated

Seventeen enlisted Marines graduated from Force Troop FMFLant, Amphibious Tractor School at Courthouse Bay last week.

Maj. Leroy A. Harris, commanding officer, Co. "A," 2nd Amphibious Tractor Bn., delivered the principal speech at the graduation ceremonies. He told the graduates, "What you have learned here is only enough to make you realize the challenge that faces you. You are an essential part of a crew of a vehicle that is essential to the mission of the Marine Corps in the defense of the United States and the Free World."

Lt. Col. J. P. Treadwell, commanding officer, 2nd Amphibious Tractor Bn., challenged the men to strive for the highest degree of proficiency possible, and told them, "You're important people with an important job."

Top honors in the class went to Pfc W. Buffkin. Pvt. Kenneth C. Bradshaw captured the second place honors. Both men were congratulated by Colonel Treadwell on their display of proficiency.

First Lt. P. M. Mackin is the officer in charge of the school. The instructors are Gysgt. Frank J. Hood, Ssgt. William G. Collier, and Ssgt. David E. Welborn.

New Library Hours

Beginning Jan. 30, new hours will go into effect at the Central Library as follows:

Monday through Saturday, 11 a.m. to 9 p.m.

Sunday, 2 p.m. to 9 p.m.

Patrons are reminded that books may be returned any time by using the book drop located in the entrance door.

TOP PHOTOGRAPHER for the month of December, Cpl. Robert I. Lappeus, Base Photographic Lab, hold a copy of his winning photo catching a typical children's Christmas morning, taken during one of his normal duty assignments. The contest is held in the Base Photo Lab each month and is judged by CWO3 J. W. Lilley, Division Photographic Officer, and MSgt. W. V. Brown, Division Photo Chief. Upon selection, the photo is mounted and posted in the lab's entrance to remain on display. Corporal Lappeus has had two years' photographic experience including 18 months at Okinawa and six months here at Lejeune.

Duke NROTC Unit To Visit In February

Midshipmen from Duke University and the University of North Carolina are scheduled for a two-day visit here next week. The NROTC units are due to arrive at the Marine Corps Air Facility on Feb. 3.

Their orientation visit will include a tour of Camp Lejeune and observation of training conducted at the 1st Infantry Training Regiment and Force Troops units.

Upon their arrival the midshipmen will go to the 1st Infantry Training Regiment, where they will attend a briefing by the commanding officer, Col. Gordon H. West, and his staff.

Afternoon activities for the midshipmen will include a live firing demonstration at ITR, G-7 range, and a visit to the Courthouse Bay Boat Basin. The units will also attend a briefing and demonstration at the 2nd Amphibious Tractor Bn., Force Troops.

TELETHON TALENT—"The Pastels," a dance combo from Force Troops, will be one of three bands from the Camp Lejeune-Cherry Point area to provide talent for the March of Dimes TV telethon to be televised over WITN-TV, channel 7, Washington, N. C., Saturday. Marines will also work as announcers, cameramen, and directors.

Local Based Marines Aid March Of Dimes Campaign

Marines from the Camp Lejeune-Cherry Point area will provide entertainment for a night-long telethon for the March of Dimes campaign at Washington, N. C., this weekend. Two bands, composed of Marines from Force Troops, representing Camp Lejeune, will participate in the telethon which will begin Saturday evening at 11:00 p.m.

and will be televised over channel 7, WITN-TV, Washington, N. C.

The entertainment will be varied and will include a hillbilly band, a jazz combo, vocalists, dancers, a special comedy routine and clown acts.

The goal set for this year is \$15,000. Viewers desiring to make a contribution will call the Jacksonville Jaycees. The Jaycees will in turn pass the pledge and the donor's name on to the station in Washington.

Last year the telethon exceeded its \$17,000 goal by over \$600.

The telethon will continue all through the night and into Sunday morning until the goal is reached.

The two bands representing Force Troops will be "The Pastels" and the "Town and Country Playboys."

"The Pastels" are a seven-piece dance combo under the direction of Sgt. J. A. Quaglia, Force Troops Drum and Bugle Corps. The band, currently playing at the Officers Club Friday evenings, features Woman Marine Jeri Geddens as its star vocalist. "The Pastels" donated their services during the United Fund drive.

The "Town and Country Playboys" under the direction of CWO Amos Cochran, is a six-piece western band composed of servicemen. This band will provide the country and western music for the program.

Art Study Group

Classes in art instruction will be held each Tuesday evening from 7 to 10 p.m., in the recreational room of Bldg. 63, next to the Central Area Library. Students are free to work in any art media including oils, watercolors or sketching.

Interested personnel may obtain additional information or register for these classes by contacting WO A. A. Humphreys, Photographic Officer, MCB, extension 7-5873.

Donations To Agency Drive Means Progress For Health

Contributions for the "Ask 'em One Time and One Time Only" fund drive here for the National Health Agencies campaign and the Federal Services Joint Crusade are still coming in. Military and civilian personnel in this area now have the opportunity to give to the drive that helps a child to see, that might enable a boy or girl to walk, make advancement toward cure of the No. 1 killer, heart disease, and solve forever the mystery and horror of cancer. No monetary quota has been set for this joint campaign. Instead, a new plan intended to receive the willing contributions and generosity of Marines and civilian employees has been set up.

In the 12 years since the first Heart Fund campaign, medical science has made great advances against diseases of the heart and circulation, No. 1 cause of death and disability. More than 50 million heart Fund dollars already have gone into supporting programs of education and community service. Contributions to the American Heart Association help this important work.

Clinton Hilliard, cerebral palsied at birth, was 18 before he could speak more than a few words. Today, at 33, thanks to treatment and his own strong desire, Hilliard holds a master's degree in speech therapy and a full time position as a speech therapist at a United Cerebral Palsy Association Center.

His employers say, "We had such good results with his pupils." Lt. Col. William R. Fitzgerald, USAF, has no vocal cords, but he has traveled the U. S. A. making speeches for the American Cancer Society.

When he developed larynx cancer in 1952, his voice box was removed and he learned to talk again by vibrating the esophagus to produce sound. Colonel Fitzgerald—now among the million Americans cured of cancer—uses that sound to form the words he uses to help others.

When he developed larynx cancer in 1952, his voice box was removed and he learned to talk again by vibrating the esophagus to produce sound. Colonel Fitzgerald—now among the million Americans cured of cancer—uses that sound to form the words he uses to help others.

Home is where the hurt is, when multiple sclerosis hits. It may be a friend's home; it may be a loved one's home; it may be your home. Wherever and whenever MS hits, it hits hard. MS is a crippling disease that piles emotional and financial disaster on top of physical hardship. A cure for MS can be found only through continuous research.

Eleven million Americans—two billion dollars. Big figures these—the number of victims of arthritis and the price we pay each year for this great crippler. This cruel disease can strike anyone, from infants to old folks.

You can help end the misery of arthritis and return victims to normal life by supporting the Arthritis and Rheumatism Foundation's patient aid and research programs. Playing baseball and many other sports and activities is no problem for 10-year-old Johnny Kemp of Bismarck, N. D., who walks on artificial legs and uses steel hooks in place of hands. Johnny is one of a quarter-million crippled children and adults helped on their way to rehabilitation by the National Society for Crippled Children and Adults, the Easter Seal Society, and its hundreds of affiliated units.

Group Instruction Offered For Area Retarded Children

Trainable retarded children in this area may now attend classes every school day at the Clyde Erwin Elementary School in Jacksonville. The classes are held from 8:45 a.m. until 2 p.m. with an enrollment of 13 boys and girls ranging in age from 6 to 12 years. In a recent report by the local association, approximately half of the children enrolled are military dependents.

The program at Clyde Elementary School was begun in September, 1960, and is under the auspices of the North Carolina Public Schools, Department of Special Education. Additional support comes from the United Community Fund through the Onslow County-Camp Lejeune Association for Retarded Children.

Mrs. Fred Lukins, a registered occupational therapist, is in charge of the class. She is assisted by Mrs. Sam Norton, Mr. I. S. Upchurch, Assistant Superintendent of Schools, is the administrator of the program and can be reached for information regarding it at the Board of Education Office.

In the classroom, activities are carefully planned to fit the needs of individual children. Many forms of play are used to emphasize getting along with others and help to develop muscular coordination. Music in the form of singing, listening to recordings and playing in a rhythm band is used as a means of self-expression. Handicrafts are planned to appeal to the interests of each child.

Academic work, including reading readiness, printing and number work, is offered to all in accordance with their ability to learn. The group also cares for tropical fish and plants. Every morning, cookies and milk are served by the children who set the table and share housekeeping duties afterwards. Good manners, personal hygiene and a rest period are all part of the daily routine. At noon a hot lunch is served in the school cafeteria.

According to Mrs. Lukins, "We are looking forward to larger quarters and a more varied program. We hope that parents of these children will visit our class and see the happy children who are living proof that retarded children can be helped."

normal life by supporting the Arthritis and Rheumatism Foundation's patient aid and research programs.

The classes are held from 8:45 a.m. until 2 p.m. with an enrollment of 13 boys and girls ranging in age from 6 to 12 years. In a recent report by the local association, approximately half of the children enrolled are military dependents.

The program at Clyde Elementary School was begun in September, 1960, and is under the auspices of the North Carolina Public Schools, Department of Special Education. Additional support comes from the United Community Fund through the Onslow County-Camp Lejeune Association for Retarded Children.

Mrs. Fred Lukins, a registered occupational therapist, is in charge of the class. She is assisted by Mrs. Sam Norton, Mr. I. S. Upchurch, Assistant Superintendent of Schools, is the administrator of the program and can be reached for information regarding it at the Board of Education Office.

In the classroom, activities are carefully planned to fit the needs of individual children. Many forms of play are used to emphasize getting along with others and help to develop muscular coordination. Music in the form of singing, listening to recordings and playing in a rhythm band is used as a means of self-expression. Handicrafts are planned to appeal to the interests of each child.

Academic work, including reading readiness, printing and number work, is offered to all in accordance with their ability to learn. The group also cares for tropical fish and plants. Every morning, cookies and milk are served by the children who set the table and share housekeeping duties afterwards. Good manners, personal hygiene and a rest period are all part of the daily routine. At noon a hot lunch is served in the school cafeteria.

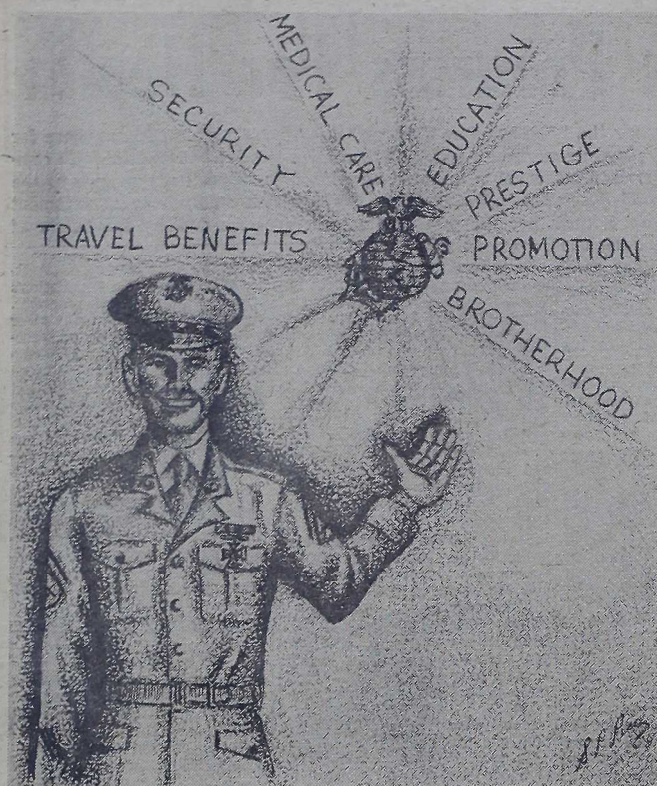

According to Mrs. Lukins, "We are looking forward to larger quarters and a more varied program. We hope that parents of these children will visit our class and see the happy children who are living proof that retarded children can be helped."

TWENTY'S GAL — One of the reasons ABC's new television series "The Roaring 20's" is attracting many viewers is pretty, young Carolyn Komant. Carolyn is also under contract to Warner Brothers Studios in Hollywood.

New Luster

If You Ask Me:

WHY DO YOU THINK THERE IS SUCH POOR ATTENDANCE AT LEJEUNE BASKETBALL GAMES?

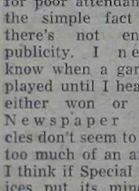

(The small number of basketball fans during the 1960-61 season has been a puzzle to all concerned. In an effort to find a reason for the lack of participation this week's inquiring photographer visited members of Headquarters Bn., Marine Corps Base, with the above question.)

LCPL. JOYCE KOENEN, Woman Marine Co., Hq. Bn., MCB — I feel the poor turn-

outs at the local games are due to a lack of interest. Too many Marines find more excitement elsewhere, whether it be on or off the Base. Secondly, some of the games are held at inopportune times for me when there are either field days or church activities or some other activity going on. People just don't seem to go for basketball in a big way anymore; consequently, poor attendance.

PVT. ROBERT L. CHANCE, Motor Transport Co., Hq. Bn., MCB — The big reason

for poor attendance is the simple fact that there's not enough publicity. I never know when a game is played until I hear we either won or lost. Newspaper articles don't seem to have too much of an effect. I think if Special Services put its mind on several eye-catching posters, there'd be a much larger turnout. Another thing that might be the reason for poor attendance is the simple fact that very few people really take an interest in the sport. Maybe pro ball would draw basketball fans, but not a Base team.

Library News

New Books

THE CIVIL WAR AT SEA by Virgil Carrington is Volume I of a three-volume narrative history of naval operations during the Civil War. The volume covers the period from January, 1861, when Anderson and 128 men holed up in Ft. Sumter, to March, 1862, the time of the first engagement of the MERRIMACK and the MONITOR and the beginnings of the U. S. Navy.

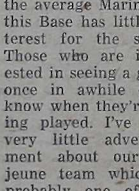

THE STORY OF AMERICA'S RELIGIONS by Hartzell Spence is the unique panorama of the spiritual life of America. Mr. Spence explores the origins and growth of 14 great religious faiths and conveys their mighty impact on the American spirit through the centuries.

LCPL. GWENDOLYN E. BRUCE, Woman Marine Co., Hq. Bn., MCB — Aside from

pro basketball, this game is in its prime of life in high school. With so many transfers and discharges, a lot of the men and women don't get a chance to get interested. I've heard a few comments about the basketball games here. Most of us aren't interested. However, I can remember the night of the Hazel Walker-Lejeune game when the Field House was jammed. There should be more of these novelty or exhibition games here. My final comment about the problem is the failure on the part of those in charge to have a WM cheerleading squad as they had during the football season.

LCPL. KENNETH J. O'NEILL, Support Co., "B," Hq. Bn., MCB — In my opinion,

the average Marine on this Base has little interest for the sport. Those who are interested in seeing a game once in awhile don't know when they're being played. I've seen very little advertisement about our Lejeune team which is probably one of the main reasons I don't go. There aren't so many activities going on here that Marines don't have time for basketball.

PFC NANCY J. YURK, Woman Marine Co., Hq. Bn., MCB — I don't know whether

or not having a basketball team is essential to every Marine Base, but it seems to me that since we see the sport isn't going over too big, why not drop the whole thing. Certainly Camp Lejeune is losing a lot, by spending money on uniforms, equipment, and utilities to keep the team going when the money could be used for something more of us would like to see. Let's face it, the choice of a man's recreation today isn't what it used to be. No matter what you do to publicize the games or how many free gifts you give away, the average Marine just doesn't go for this kind of recreation.

Benefits And Promotion Brighten Corps Careers

For the Marine who has the interest and concern for his future, the Corps is adding new benefits to its already limitless opportunities.

The big news concerns the prospects for promotion. Until now, the upper pay grades (E-6 through E-9) have been relatively slow, and many senior NCO's have had years of service as well as time in grade. There just haven't been enough openings to warrant many promotions. Here is where the future looks best.

From now through 1963 the pace of Marines entering the Fleet Marine Corps Reserve is due to pick up. Considering the top three pay grades as a group, Marine Corps Bulletin 1133 states that: 1,404 Marines with 17 years of service; 1,344 Marines with 18 years; 1,056 with 19 years; and 1,227 with over 20 years; totaling 5,031 Marines with at least 17 years' service, will be entering the Fleet Marine Corps Reserve in the next three years. In view of these coming retirements, Headquarters has announced that during the fiscal year of 1961 the Marine Corps expects to promote a total of 7,510 personnel to pay grades E-6 through E-9. The openings created by this planned increase in promotions will affect the entire Corps, affording great opportunities to all "squared-away" Marines.

Also two very beneficial Joint Travel Regulation changes have been made. The first concerns a Marine's right to mileage on the extension of his enlistment. Effective last December, enlisted Marines will receive mileage payments when he extends his contract by a series of extensions totaling two years. Previously this was granted only when a contract was extended for two years, initially.

The second benefit concerns the shipping of household goods by direct hire. Effective now, reimbursement will be made for the cost of shipping household goods by any means, including direct hire or rental conveyance.

This holds true if the shipping officer is not available or if the shipping officer instructs the member

to make the shipment at personal expense. This was previously limited to costs only if the government had made the actual shipment. Though these two benefits may not appear as big as the first, their monetary value cannot be denied.

Thus it is obvious that the Corps is concerned with its own and is taking steps to make career opportunities brighter in every way. No more need be said. When your reenlistment opportunity comes it will be for you to decide, as it will for every other Marine. Where will you stand? Will you be eligible for reenlistment? The opportunities and the benefits are there. It is up to you to take advantage of them.

Thanks

I cannot leave the Presidency without attempting to express my lasting appreciation of all the services which the officers and men of the armed forces have provided in support of the White House.

During the past eight years I have visited, both in the United States and overseas, many bases and units of all the armed forces. In every instance their performance has been as to excite the pride of one who served among them so many years. While I have tried at each place to show my gratitude for their courtesies and assistance, I should like, in this final letter, to assure them and those of their comrades whom I have been unable to see, that my feeling of obligation extends to all of them.

— DWIGHT D. EISENHOWER.

Bulletin Board

Latest Word

The Marine Corps has taken delivery of the world's first helicopter-transportable electronic air defense control system. Headquarters Marine Corps announced last week.

Developed by the Hughes Aircraft Company, the "Airtrac" system will co-ordinate split-second firing of Hawk and Terrier guided missile batteries at hostile supersonic aircraft.

The equipment is installed and transported in helihuts, portable plastic and aluminum shelters which are carried underneath a helicopter. Capable of being placed in operation within minutes anywhere a helicopter can land, the "Airtrac" is designed to furnish tactical support to Marine ground troops by co-ordinating the firing of guided missile anti-aircraft batteries.

Chaplain's Corner

Every man must take a stand on every issue. Even though we cannot change the issue we can change our attitude toward the issue. In the book, "Wake Up or Blow Up," by Frank C. Laubach, we find some things the Christian can do that will heal the wounds of the world.

We can feel the hot threats of Communism in our individual lives and we must take a stand. The Church alone cannot save the world. It will take the assistance of many agencies. Yet, the Church must be first and foremost if we expect to outlive Communism. We need more character if we expect to be victorious.

The Psalmist in Psalm 94:16 says, "Who will rise up for me against evildoers? Or who will stand up for me against the workers of iniquity?" You need to take your stand now against all that is evil. It is not enough to take your stand, you must be identified with those known as freedom fighters. This is a moral and a spiritual battle. Where do you stand today in fighting the forces that would destroy your right of freedom of decision. Communism as well as all evils rob you of all decisions as an individual. By taking your stand with the church you take your stand against all evil. Where do you stand in spiritual things?

At Hadnot Point

MSgt. Archie Rolband Takes Over Hadnot Point Staff Club

Appointment of MSgt. Archie A. Rolband to manage the Hadnot Point Staff NCO Club was approved last week by Maj. Gen. Robert B. Luckey, commanding general, Marine Corps Base, Sergeant Rolband reported to Camp Lejeune this month after managing the Quantico, Va., Staff Club, Diamond Hall, for two years. Ole Arche, as he prefers to be called by club members, is a veteran of 20 years' service, and claims to be from three hometowns.

While stationed at Quantico,

he is from Manassas, Va., where he collects Yankee cannon balls with his disgruntled Rebel Grand-daddy.

At Camp Lejeune he visits his folks who raise 'taters and 'bacco on his homeplace, a little farm

near Wilson, N. C.

When pulling duty at Parris Island, everyone knows that he was raised at Walterboro, S. C., and he claims that his father still runs a combination oyster bar and pool room there.

Rolband said he is looking forward to a rewarding tour here since he turned down a set of orders to Rota, Spain and Paris, France, before he finally got what he wanted—Force Troops.

No stranger to operating staff clubs, Rolband was instrumental in getting the Stag lounge and barber shop topside in the Hadnot Point club when he was assistant manager here in 1950-51. He also managed clubs in Tientsin, China, 1946-48, and in Guam 1948-49.

Here are a few of MSgt. Rolband's thoughts upon taking the helm at Hadnot Point.

★ "Of course there will be some changes, all good I hope, but don't expect any overnight miracles."

★ "This club is for ALL staff NCOs, but I hope none of you mind if I have as much fun as anyone else."

★ "If you hear anybody grumbling, send them to me and I will set them up, but remember I draw a limited salary and I still have to send money home to Wilson to buy fertilizer."

★ "Call me Ole Arche."

Ole Arche released the following schedule of events for the Hadnot Point Staff Club:

Tomorrow night the dining room will feature a family special of french meat loaf and all the trimmings. Adults 75c, children 50c, and children under five free.

A dance Saturday night will be to the music of the Pastels. They will play from 8:30 p.m. to 12:30 a.m.

Happy Hours are on Monday from 4:30 until 6:30 p.m. and from 7 to 9 p.m. on Wednesday.

Game night usually held on Tuesday night will not be held next Tuesday because the club will be closed on that night for

audit and inventory. The club will reopen the following day.

The club will feature the music of Franke Parke and her escorts with a "built-in" floor show starring Jeannie Thomas next Sunday. The dance will be from 8:30 p.m. to 12:30 a.m.

Didn't Want Paris

Movie Review

THE BROTHERS KARAMAZOV
Mid-Eighteenth Century Russia comes to life on the screen in this narrative about a bizarre well-to-do country family. Yule Brynner stars as one of four brothers who are at odds with their eccentric father, played by Lee J. Cobb. Cobb, it seems, doesn't appear to understand his sons, nor they him. You can't really blame them either, after seeing the old man carry on like a twenty-year-old playboy, and a riotous one at that. The story has a powerful moral if you can manage to figure out what it is. Claire Bloom and Maria Schell supply the love interest. (Color 156 min.)

FOR THE LOVE OF MIKE

Mike, played by Danny Bravo, is a 12-year-old Indian boy who wants to see a new church built at his impoverished New Mexican pueblo as badly as do the priests, played by Arthur Shields and Richard Baschurt. Mike, an orphan plays nurse to Shields, who is critically ill and expected to die within the year. The boy also nurses sick animals back to health in his spare time. In short, he is what every nice boy should be. Stu Erwin and cowboy star Rex Allen lend support. (Color 94 min.)

INHERIT THE WIND

Based on the case of the State of Tennessee against John T. Scopes, a biology teacher who taught Darwin's theory of evolution in defiance of the law, "Inherit the Wind" depicts the highlights of that famous trial of 35 years ago. Spencer Tracy portrays Henry Drummond who in reality is supposed to be the famed defense attorney Clarence Darrow. Fredric March creates the role of Matthew Harrison Brady who in the actual trial was the noted politician and statesman. William Jennings Bryan. Dick York plays the accused teacher. The film contains many situations, personal and emotional. Gene Kelly and Florence Edridge provide the Chief supporting roles. (22 min.)

THE 39 STEPS

The setting is 1860 on a sunny afternoon in a British Park. Kenneth More discovers that a baby carriage contains not a gurgling infant but a gun. It develops that More is wanted for murder and about all he's certain of at the moment is that a frantically-whispered "39 Steps" will lead him to a lonely village in the Scottish Highlands. Subsequent sequences bring More into forceful encounters with a host of interesting characters. (Color 103 min.)

SERENGETI SHALL NOT DIE

An African Documentary in color. (93 min.)

SONG WITHOUT END

Dirk Bogarde has the starring role in this motion picture recreation of the life and times of Franz Liszt. On the one hand the film presents Liszt as a highly romantic figure, in and out of love with a number of beautiful women of nobility, a temperamental and tempestuous individual, excitable and filled to

overflowing with nervous energy. On the other hand the picture is a magnificent treat for music lovers, especially those partial to piano music. Of course, Bogarde actually isn't playing the piano, but his pantomime is so good that it is nearly impossible for audiences to detect his masquerade. (Color 129 min.)

PRISONERS OF THE CONGO

SONS AND LOVERS (98 min.)
A story about a momma's boy who has difficulty adjusting to adult life. Dean Stockwell has the male lead. Wendy Hiller and Trevor Howard lend support. (110 min.)

CALTIKI: THE IMMORTAL MONSTER

Ancient Mayan legends are dramatically linked with the ultra-modern subject of atomic radiation in this science fiction presentation. A little strong in spots for the youngest audiences, the film delineates vividly what could happen in our time, given the distance space and the encompassing darkness of about radiation upon our planet. John Merivale and Didi Sullivan star. (84 min.)

TUNNEL OF LOVE

A return of the funny-bone tickler starring Doris Day and Richard Widmark that played here last October. The plot concerns a married couple's trials and tribulations in their endeavor to increase their family. (Color, 106 min.)

HEROD THE GREAT

The film attempts to recreate the life and time of Herod, King of Judea, picturing that monarch as more the jealous husband of a beautiful Queen than a man seeking to rule. His reign, after his forces are defeated in an alliance with the Roman Emperor, Antonius, Edmund Purdon and Sylvia Lopez are the stars. (Color, 109 min.)

Bob Jones And His Bobcats Play At The Courthouse Bay Staff NCO Club

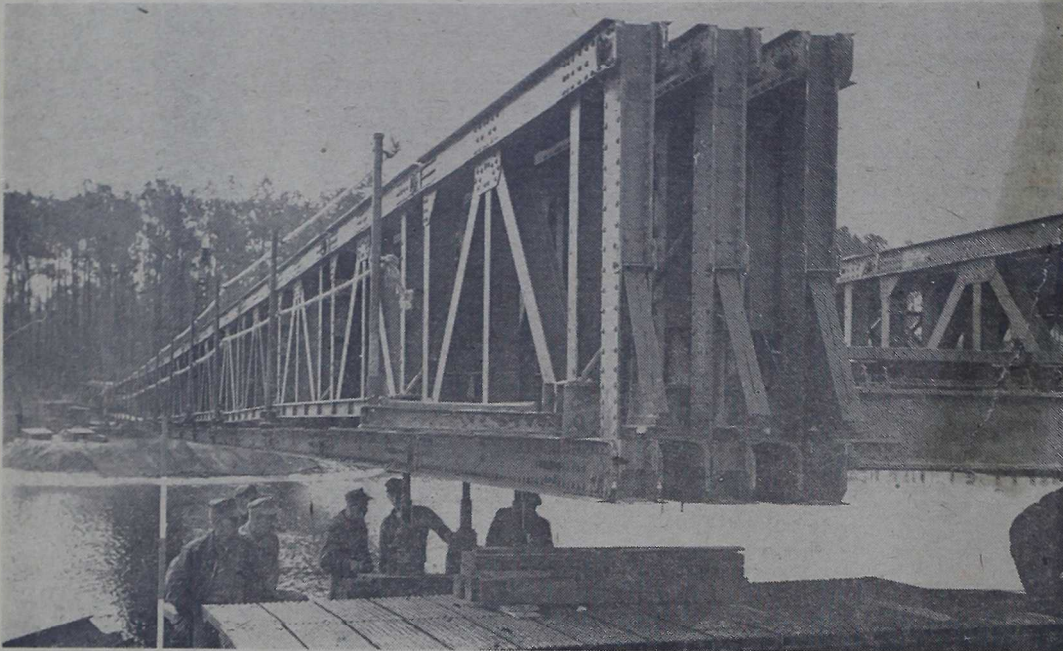

THE COURTHOUSE BAY STAFF NCO CLUB will present Bob Jones and his Bobcats for a dance on Saturday from 9 p.m. to 1 a.m. Happy Hours on Saturday are from 6 to 8 p.m. The program for Sunday will feature beverage hours from 2 to 5 p.m., and a \$1 steak dinner special. Happy Hours on Monday are from 4 to 6 p.m.

THE MONTFORD POINT STAFF NCO CLUB features Happy Hours on Friday from 4:30 to 6:30 p.m. The Happy Hour special will be fillet of flounder or veal cutlet served with salad, rolls and French fries. The Town and Country Boys will provide dinner music. Franke Park and her escorts will play for a dance on Saturday from 8:30 p.m. to 12:30 a.m. The dinner special for Sunday is roast

pork. The price is \$1 for adults and 50 cents for children. The dinner will be served from 5 to 7:30 p.m. Happy Hours on Tuesday are from 4:30 to 6:30 p.m. The Happy Hour special will be spaghetti with meat sauce. Game Night is Wednesday, beginning at 8 p.m.

THE PARADISE POINT OFFICERS CLUB features a dance to the music of the Pastels on Friday night. Happy Hours on Friday are from 4 to 6:30 p.m. Dick Serman and his orchestra will set the mood for dancing on Saturday night. Don't forget the Military Sweetheart Ball Feb. 4. Dinner will begin promptly at 6:30 p.m. and the gala cotillion is scheduled for 9 p.m. Tickets for the dinner are \$2.25, and must be picked up by Feb. 2.

Second Bridge Company Can Supply T

EASY DOES IT—Men of 2nd Bridge Co. lower a "max" span of the highway bridge onto improvised footings. Six 20-ton hydraulic jacks are used on each end of the bridge to lower it into position.

The addition of ramps will complete the bridge and make it ready for traffic.

Second Bridge Co., Force Troops, is the only unit of its type in the Marine Corps located on the East Coast. The company's mission is to maintain and have readily available bridging capacity for a landing force of two Marine infantry divisions and a Marine air wing.

The company, located at Camp Geiger, is organized into three bridge platoons, one service platoon and a headquarters section.

Each of the three bridge platoons carries standard

military bridges. Among them are a highway bridge, a pontoon floating bridge, and an aluminum floating footbridge.

The floating bridge is designed to carry vehicles weighing in excess of 40 tons. It can be extended to any length, depending only upon stream currents and the availability of pontoons.

The aluminum floating footbridge is the assault bridge of the company. It can be erected very rapidly

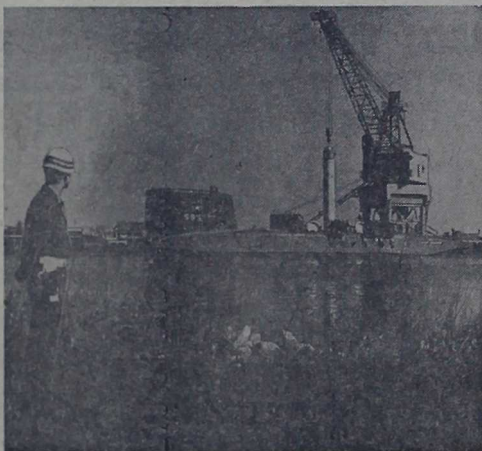

NEW SLING—Service Platoon Bridge Co. to test a sling which the Platoon and Bridge Co. shops. The sling is used for embarking a combat-loaded bridge trailer. E. Boyd, company's cranes.

without lights, for use with machine guns.

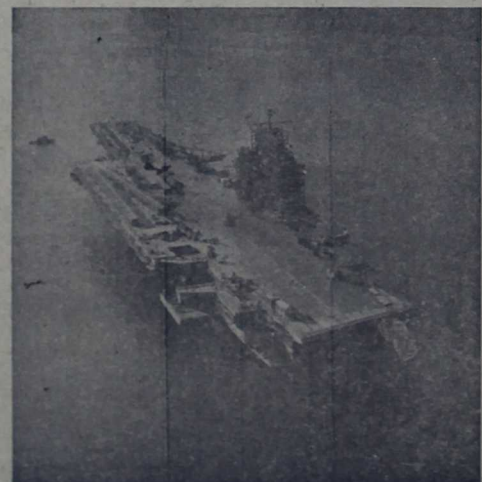

An expedient vehicle can be the footbridge set to carry vehicle personnel carriers.

The company recently experimented smoke generators to screen the bridge from enemy observation.

The mission of the service platoon is three bridge platoons with trans-

Ballistic missile being loaded into nuclear submarine.

Nuclear aircraft carrier USS Enterprise on her way to Navy yard for final completion work.

Sixties Begin With Progress For Navy Research Program

During the initial 12 months of what has already become known as the exciting Sixties, the United States Navy moved with giant strides to meet and to anticipate challenges posed from the farthest reaches of the stars to the depths of the earth itself.

Racing to keep in the forefront of scientific progress, the Navy's interest stems from more than curiosity. From research and experimental laboratories come such things as ballistic missile-firing submarines, nuclear-powered aircraft carriers, the ever-more deadly Polaris missile and fantastic anti-submarine weapons.

Most of these weapons of tomorrow are in the hands of the Navy today.

This tremendous rate of achievement is best illustrated by the fact that in a single year—1960—the Navy:

Set a new world's speed record of 1,390 miles per hour for aircraft flying a closed course.

Launched four satellites into outer space.

Sailed a submerged submarine completely around the world.

Launched history's first nuclear-powered aircraft carrier.

Dove more than seven miles beneath the Pacific for a new record.

Stationed the first nuclear-powered, ballistic missile-firing submarine along the sea frontier of the free world.

In 1960 also, a startling new and powerful anti-submarine weapon joined the fleet. Known as ASROC, it is both torpedo and rocket. The front half of the missile is the torpedo and the rear a solid propellant rocket. When fired from a launcher mounted on the deck of a ship, ASROC first flies through the air to the target area.

At this point, the rocket booster falls off and a parachute opens and lowers the torpedo into the water. Guided by an acoustical homing device in its "brain," the torpedo closes its target at high speed.

Still under construction for the Navy is the world's largest radio-telescope. Located near Sugar Grove, W. Va., and scheduled for completion in 1962, it will enable Navy scientists to listen in on radio signals emitted by astral bodies at 19 times the distance probed by the 200-inch optical telescope at Mount Palomar, Calif.

CAPING—The matador uses great caping to see if it is brave. Why of smoothly, charges the capote not is considered brave.

PICADORES—These specimens taken the a lance so that the head is lowered. This bull is a Pablo Romero, one of in the world.

for use in front-line combat troops. The transport vehicle can be improved from the current set of vehicles, as Jeeps and trucks. Many recent experiments with new types of vehicles and facilities of personnel erected from the ground. The main function of the platoon is to support the main force. The platoon is equipped with heavy weapons, including anti-aircraft, anti-tank, and anti-aircraft.

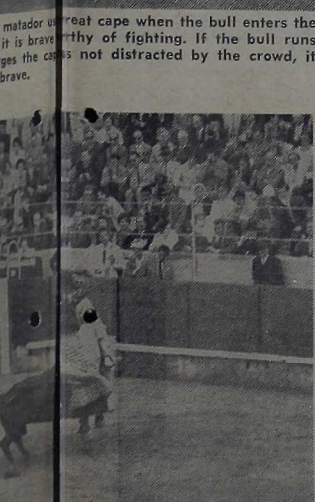

bridge are, from the left, LCpl. H. M. Erickson, LCpl. W. H. Filer, and Pfc B. P. Calton. In the background a smoke generator screens the activity from a simulated enemy.

Platoon commanders are 1st Lt. D. R. Comer, Service Platoon; 1st Lt. H. E. Itchkawich, 1st Platoon; 1st Lt. C. M. Brickett, 2nd Platoon; and 2nd Lt. M. E. McPherson, 3rd Platoon.

Current company training emphasizes the erection of bridges during the hours of darkness, and building from dispersed construction sites to provide a minimum of lost men and equipment during combat operations.

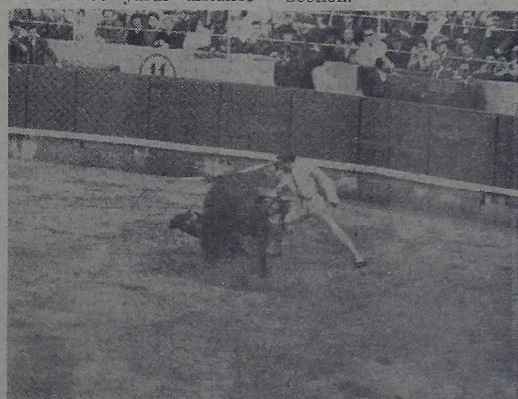

He is a graduate of the University of California, Los Angeles, where he majored in motion picture production and direction. He is a photographer with the 2nd Marine Division Photography Section.

BANDERILLAS—This colorful darts with barbed ends are set in the bull's neck muscles before the matador begins his fight. Many matadors set their own banderillas but a special talent is required for this feat.

DEDICATED—The bull has been dedicated to the audience, or a lady friend, and the matador begins his work with the small cape.

Local Cagers Host Fort Eustis Tonight

Virginians Tip Lejeune Five For Title Win

Camp Lejeune's cagers will meet Ft. Eustis tonight in the second of a two-game series at Goettge Memorial Field House. Game time is 8:15 p.m.

Results of Wednesday night's contest were received too late for GLOBE deadline, and will be recapped in next weeks issue.

Following Thursday night's game, the local hoopsters will host Mitchell Air Force Base of New York. Saturday night, before heading south for a four-game road trip into Georgia. While on the road, the cagers will face Georgia College, Fort Gordon Signal, Fort Gordon Provost and the Marine Corps Supply Center, Albany.

Last weekend, in Virginia, the Quantico Marines defeated the Camp Lejeune quintet, 115-104 and 108-92 to cement the East Coast Marine Title for the ninth time in the past ten years.

Following the Quantico losses, the "Marines" traveled to Fort Myer where they defeated the "Soldiers", 76-64, picking up their 10th victory against nine defeats this season.

The Quantico double victory, was the second twin-bill sweep of the season against Lejeune. The Virginians earlier defeated the "Marines" 90-72 and edged them in the second game, 80-79.

Stalwart Andy Browns Leads Ft. Gordon Over 'Marines'

Behind Andy Brown, recently voted to the All-Army Cage Squad, Ft. Gordon's "Signalers" swept a two-game set from the local cagers, 88-72 and 96-91, handing the "Marines" their sixth and seventh loss of the 1960-61 season. Brown scored 27 points in each of the two games to lead the Signalers in the scoring department. Brown's effort was not tops, as Lejeune's scoring ace, Jack Sullivan, scored a two-game total of 63.

During the first game, the Signalers moved into an early 18-10 lead, but saw Lejeune battle back to within 10 points at 21-19. The Marine rally was short-lived as the soldiers extended their lead to 43-33 at the half to coast to an easy first game victory.

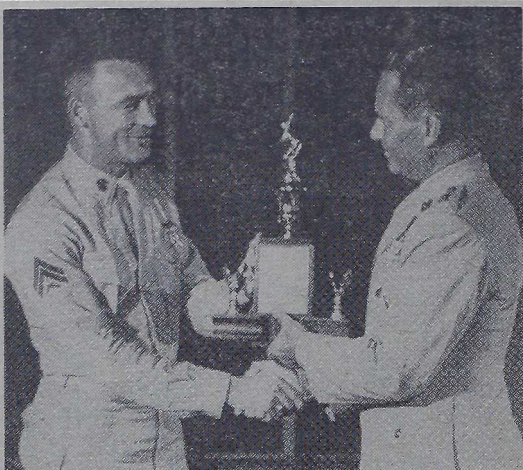

Camp Lejeune opened the scoring in the second game, and quickly moved into a seven-point lead, 10-3, behind the surprising shooting of Big Bill Pickens with six of the 10 markers.

After a point-for-point effort by both teams, the Signalers began steadily closing the gap to grab a half-time advantage, 51-43.

Trailing during the entire second half, the Marines pulled to within three points of the visitors, but failed to gain ground as the staunch defense and quick-handed Brown

Farewell

Next week's issue of the GLOBE will be my last as the sports editor, as I have received orders to Japan. I would like to say that it has been a most enjoyable tour of duty at Camp Lejeune and that I have enjoyed following our teams through victory and defeat. I would like to thank all of those who contributed news of clubs, special events, and results of events throughout the past year, which was so important in getting the word to the readers. It has been a pleasure to serve you.

RETURNING—Shortstop Charlie Armstrong, a member of Camp Lejeune's two All-Marine winning teams, will be among the top returnees to the 1961 squad. Armstrong led the team in home runs last year with fourteen to tie the Lejeune record set by the late Harry Agganis and tied by teammate Hal Norton in 1959. Armstrong is shown above as he received the "Most Valuable Player" trophy from former Base commander, Maj. Gen. Sidney S. Wade, during the 1960 baseball banquet.

Devilpups Drop Dixon High In Ninth Conference Victory

Camp Lejeune's High School basketball team will carry a 9-1 season record against Swansboro High next Tuesday night. The Devilpups suffered their only defeat at the hands of the Swansboro five earlier in the season. Compiling their finest season record in several years, the locals scored a 70-57 triumph over the Dixon "Bulldogs" last Friday night to win

their ninth season victory, and their second consecutive over Dixon.

Although weakening in the third and final period, the rebounding of the Pups and the 26 point scoring effort by David Kelly proved too much for the visitors.

Kern Everett stripped the cords for 27 markers, one more than Kelly to take game scoring honors in leading the Bull Dogs in that department.

It was a double victory for the locals, as the girls squad picked up their fifth victory of the season against four losses with a 43-36 win.

Camp Lejeune was paced by Katherine Keller who burned the nets for 22 points while Gayle McInter scored 18 for Dixon.

ROTATING TROPHY—Maj. Gen. Robert B. Luckey, right, commanding general, Marine Corps Base, presents the Commanding General's Rotating Trophy to Capt. Richard L. Palmer, representing the champion Marine Corps Supply School team. The trophy is presented to the Marine Corps Base team that compiles the greatest aggregate score during semi-annual small and large bore rifle and pistol matches. The Marine Corps Supply School team swept the recent matches with an overall score of 18,430. (Photo by LCpl. J. A. Cothran)

Service Baseball Vet Named Lejeune's 1961 Head Coach

Camp Lejeune's 1961 baseball team will open their season March 20 under the tutelage of Dave Petros, a familiar face at Agganis Field and elsewhere. Former Coach Hal Glasgow, who piloted the locals to two consecutive All-Marine titles, has been transferred to Okinawa. The new mentor is by no stretch of the imagination new

to the ways of service baseball. This season will mark over 16 years the former right fielder has suited up for service diamond action.

A veteran of 18 years in the Ma-

rine Corps, Petros was originally here in 1945 and '46. He also played on the 1954, '55, '56 and '60 teams. In 1956, he batted in the clean-up spot and was utilized in the outfield. Last year, arriving after the season was under way, he covered right field.

A colorful figure in service baseball, the coach has dropped under a .300 average only once, while hitting at a .299 clip. His best season was with Quantico in 1950 when he batted .400 and hit 23 home runs.

While playing for Quantico in '50, Petros says he received his biggest thrill in baseball, after blasting a double off Johnny Antonelli, spoiling a perfect game for the former Giants hurler, then playing with Ft. Myer of Virginia.

Discharged in 1946, Petros played class B ball in the Chicago Cubs chain and semi-pro ball in Cleveland, Ohio, before re-entering the Marine Corps in 1948.

DAVE PETROS

Loop Leaders Not Hindered After Holiday

The long holiday recess in 2nd Marine Division Intramural basketball play proved no hindrance to the two league leaders from the Sixth Marines.

Unbeaten 3rd Bn., Sixth Marines, continued their dominance of the One-Star League with an easy 95-69 conquest of Headquarters Battalion, and an 83-73 win over 1st Bn., Sixth Marines. Second place 2nd Bn., Tenth Marines, dropped three games off the pace by losing a 63-60 decision to Pioneer Battalion.

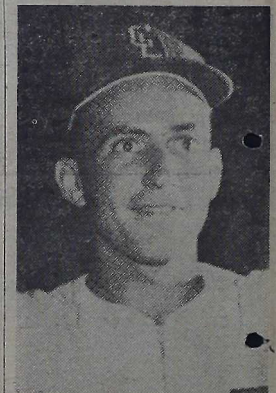

Highlight of the week's One-Star play was the comeback of 1/6 which was able to cop only one victory in the first half. The infantrymen defeated 1st Bn., Eighth Marines, 65-54, and Motor Transport, 67-56. The two wins left them three games under the coveted 500 mark that will earn them a berth in the championship tournament.

In other league games, newcomer 1/8 found the going rough, while losing decisions to Pioneers, 84-54, and Hq. Bn., 96-64.

The 2nd Bn., Sixth Marines, aided by some recent additions to the squad, broke first place tie with Service Bn., and opened a two-game lead in the Two-Star loop. The leaders opened by walloping Medical Bn., 87-23, and then took the Service cagers into camp, 66-56. Service Bn. also lost to 4th Bn., Tenth Marines, 71-60.

The 4th Bn., Tenth Marines, won from Recon., 88-47, to move into a second place tie, closely followed by 1st Bn., Tenth Marines, who won from Motor Transport, 62-54, and 3rd Bn., Eighth Marines, 60-58.

In other Two-Star games, Recon edged 3/8 with a last second comeback, 56-55, and Medical Bn. nipped Motor Transport, 61-59. In inter-league play, 1/8 took 3/8, 67-45, and Recon won from Anti-Tank's, 68-44.

JOE "DOC" DEPOMPA

Following a tour at Quantico and another at Pearl Harbor, he returned to Lejeune in 1954. In '56 he left and went to Parris Island for duty as a drill instructor. Following two years of baseball and duty on the grinder, he reported for duty at Quantico where he was head baseball coach in 1959.

Petros holds the distinction of playing on every Marine team on the East Coast. The only team away from the East Coast Pete saw action with, was Hawaii in 1952-53.

The mentor saw action in his second All-Marine Tourney here last year, his first being with Parris Island, which lost the title to San Diego in 1957.

Petros has also played in three All-Navy championships while a member of the Quantico club in 1948-49 and '50.

Pete had no definite plans as to coaching or playing this year, after the 1960 season. He stated earlier if he did not play this year, it would be his last, as he plans to retire in March of 1962.

Assistant Coach

Returning for the second consecutive year as assistant coach of the local nine, and also a familiar face to Lejeune fans is Joe (Doc) Depompa.

Depompa assisted Coach Glasgow last year, as the Marines swept the East Coast title, the All-Marine title and compiled a respectable season ledger of 67 wins and 19 losses.

The "Doc" is in his sixth year as a trainer. Starting at Quantico in 1955 and '56, he came to Lejeune in 1958 where he has served with all varsity baseball, basketball and football teams.

REGIMENTAL MARKSMANSHIP TROPHIES were presented to Capt. John F. Eckert Jr., left, and SSgt. Oscar L. Montgomery, right, by Col. A. J. Roose, commanding officer of 2nd Force Service Regiment, last week. The awards were for the high shooters in the Regiment during yearly qualification competition with the M-1 rifle. Captain Eckert fired a 237 out of a possible 250 for top spot, while Sergeant Montgomery tied for second place with Cpl. W. S. Piasecki (not present for picture) with a score of 235. (Photo by LCpl. F. J. Flynn)

tion competition with the M-1 rifle. Captain Eckert fired a 237 out of a possible 250 for top spot, while Sergeant Montgomery tied for second place with Cpl. W. S. Piasecki (not present for picture) with a score of 235. (Photo by LCpl. F. J. Flynn)

Force Troops Shooters Open Gen.'s Trophy Competition

Davy Crockett and Daniel Boone have nothing on the Marine Corps when it comes to marksmanship and Force Troops rifle and pistol teams intend to illustrate the point beginning Feb. 7, as competition for the first quarter of this year gets under way. A total of 11 Force Troops teams will enter the competition, including 2nd Bridge Company, 2nd Field Artillery Group, 2nd Amphibious Tractor Battalion, 8th Engineer Battalion, 8th Communications Battalion, Headquarters Company, Force Troops, 2nd ANGLICO, 2nd Composite Radio Company, 2nd Tank Battalion, 8th Motor Transport Battalion and a Composite Team made up of members of 2nd Topographical Company, 2nd Hospital Company, 4th Dental Company, 2nd Provisional Marine Aggressor Company, 2nd Separate Surgical Company, and 2nd Force Reconnaissance Company.

The matches, while appearing to be a match of man against man, and unit against unit, are actually contests of each individual against himself, a constant struggle to control emotion and nerve long enough for a string of fire to be completed.

Among the awards for which the units will compete are the commanding general's Intra-Unit Rifle and Pistol Trophies which are awarded semi-annually at the end of the quarter.

First Round

Feb. 7: 2nd Bridge Co., 2nd FAG, 2nd AmTrac Bn., and 8th Engr. Bn.
Feb. 8: 8th Comm. Bn., Hq. Co., Force Troops, 2nd ANGLICO and 2nd Comp. Radio Co.
Feb. 13: 2nd Tank Bn., Composite Team, and 8th MT Bn.

Second Round

Feb. 28: 8th Comm. Bn., 2nd Bridge Co., 8th MT Bn., and 2nd ANGLICO.
March 2: 2nd FAG, Hq. Co., Force Troops, 2nd Comp. Radio Co., and Composite Team.
March 6: 2nd Tank Bn., 8th Engr. Bn., and 2nd AmTrac Bn.

Third Round

March 21: 2nd Comp. Radio Co., 8th Engr. Bn., Composite Team and 2nd Tank Bn.
March 23: 8th MT Bn., 2nd AmTrac Bn., Hq. Co., Force Troops, and 2nd ANGLICO.
March 27: 2nd Bridge Co., 8th Comm. Bn., and 2nd FAG.

All matches will begin at 12:30 p.m., and will be conducted in accordance with National Rifle Association Match Rules with the exception that unlimited alphas will be authorized in timed and rapid fire with the .22 caliber pistol.

Spectators are welcome and encouraged to attend all the matches.

Force Troops Cagers Battle For Top Spot

Tense excitement reigned on the cage courts last Monday as the Eighth Communication Battalion five battled the Eighth Engineer Battalion hoopsters for first place in the Force Troops basketball competition.

The high-scoring game went into three overtime periods with Eighth Comm. winning. Caughlin was high scorer for the winners, being credited with 38 points. Top honors for scoring for the losers went to Duarte, who was credited with 39 points.

In other action 2nd FAG downed 2nd ANGLICO 78-39 Tuesday. In the same night, 8th Com. Bn. boosted their lead one game by beating 2nd Bridge Co., 84-55.

Headquarters Co., Force Troops, defeated 2nd Composite Radio Co., 68-57, Wednesday night.

Thursday evening's scores were: 2nd AmTrac Bn., 67, 2nd Tank Bn., 63; 8th Engr. Bn., 65, 2nd FAG, 60.

STANDINGS

Eighth Comm. Bn.	5	0
Second AmTrac Bn.	4	1
Eighth Engr. Bn.	4	1
Hq. Co.	2	1
2nd Tank Bn.	2	2
2nd FAG	2	2
Eighth Comm. Bn.	1	3
2nd ANGLICO	0	3
2nd Comp. Radio Co.	0	3
2nd Bridge Co.	0	4

Try-Outs

Camp Lejeune's 1961 baseball team try-outs will get under way Monday, Feb. 13, with the pitchers and catchers reporting, followed by the infielders and outfielders on the 20th. All personnel interested in the try-outs are requested to report to the Base Athletic Office, Goette Memorial Field-House, prior to Feb. 10, for the purpose of completing a questionnaire.

MCB Unit Continues Competition-In-Arms

In keeping with the Battalion's policy for a continuing competition-in-arms program, Col. Roy J. Batterton Jr., of Headquarters Bn., MCB, stated there would be a skeet match at the Base skeet range during February. Colonel Batterton's statement followed a pistol match conducted by the Battalion last Saturday. Cpl. J. E. LeBeau, of Headquarters Company, took high individual honors during the match with a 374 and was followed by MSgt. E. L. Green, also of Headquarters Company.

Winning members of the match were presented an engraved cigarette lighter by the colonel.

The match was fired over the annual re-qualification course and consisted of 10 rounds, slow fire, 25 yards, no time limit; 10 rounds, rapid fire, 25 yards; five rounds, 10 seconds; 10 rounds, timed, 25 yards; five rounds, 25 seconds, and 10 rounds, quick fire, 25 yards, three seconds each at a bobbing target.

Keglers Korner

Major Appliance scored the only shutout of the His and Hers Bowling League action this week, with a 4-0 win over WJNC. In other action, Western Auto defeated New River Cleaners, 3-1; Stuts Body Shop downed Marine Chevrolet, 3-1; 1st's Bar and Grill took three from Southern Cleaners and the Whistle'n Pig Drive-In split, 2-2, with Team No. 2.

Thursday Night Handicap (Staff)

During the Thursday night Staff NCO Handicap league, Boseman's Sporting Goods defeated Tarawa Terrace Shopping Center, 3-1, while Marinelli Insurance split with ABC Cleaners. Alibi Drive-In and Balentine remained idle.

Thursday Night Scratch (Staff)

Myers Team highlighted the Thursday night scratch SNCO league with a 4-0 shutout over Baysden Furniture. In other action Falstaff defeated Waterway, 3-1, and Liberal Credit split with A-1 Cleaners.

Individuals highs went to: Myers Team, Bill Meyers, 265-577 (high single game for league); Baysden, Paul Vasko, 247-611; Falstaff, Ed McLain, 235-610; Waterway, Bob Gray, 186-543; Liberal Credit, Herb Seitz, 192-512; A-1 Cleaners, Vince Lobel, 172-482.

Wednesday Night Staff League

Three shut-outs took place in the Wednesday Night Staff NCO league with Budweiser taking four from Gulfpride, Herb Sunshine blanking Pioneer American and Stiles Van and Storage taking four from National Bohemian. In other play, D&E Car Exchange defeated

Court House Bay, 3-1; and Quality Cleaners scored a 3-1 win over May's Bar. Wainwright Transfer rounded out the action downing New River Pharmacy, 3-1.

Individual highs went to: Quality Cleaners, Ed Crowell, 207-475; Mae's Bar, Paul Vasko, 206, and Bob Hall, 544; Gulfpride, Herb Seitz, 184-509; Budweiser, Bob Lippmann, 210-561; Pioneer American, Bill Myers, 197-531; Herb Sunshine, Mike Sirota, 235-583; National Bohemian, Jack Kurtz, 200-525; Stiles Van and Storage, Bill McCabe, 199-533; Courthouse Bay, Bill Perry, 163-473; D&E Car Exchange, Ike Eisenhower, 202-511; New River Pharmacy, Jay Gaynor, 160-442, and Wainwright Transfer, Fagan Falicki, 217, and Paul Curtis, 550.

New River Newcomers (Women)

Joan Seay led the Alley Dusters with seven spares and two strikes over the Heidi-Hi's, 4-0, while the Rolling Pins downed the Pinsters, 3-1.

Individual highs went to: Alley Dusters, Joan Seay, 179, and Marjorie Allen, 449; Heidi-Hi's, Ruth Silverthorn, 177-428; Rolling Pins, Lila Nielson, 190-427; and Pinsters, Edna Bressler, 132, and Lou Dillow, 316.

Paradise Point (Women)

During the Paradise Point Women's League, the Bowleggers blanked the Echoes, the Blanks took three from the Safety Pins, the Exploders defeated the Lacy Aces, 3-1; Guidons took three from the Gutterdusters. The Navmars defeated the Underdogs, 3-1, and the Sunshine Gals scored an unusual 2½ to 1½ victory over the Pin Popers.

Entrance Fee Before Flying Inverts Policy

New members of the Camp Lejeune Flying Club must pay the entire entrance fee before starting to fly. In the past, the membership fee could be paid in installments but the method was dropped due to bookkeeping difficulties.

The no-fly status until paid does not affect the club's ground school. Non-club members are welcome to attend the classes which prepare students for the FAA Private Pilot's Written Test. Cost of the ground school is 50 cents per hour. GySgt. Dallas Wells, 7-3640, Comm Support, is the instructor.

Overhauling

Both of the club's aircraft, a Piper PA-12 and an Aeronca, are both being overhauled. The Aeronca was completely recovered by the club members last month but is awaiting an engine overhaul. The PA-12 should be flying in a few days. The engine has been completely overhauled.

Other changes in the club's policies are "pay as you fly." In the past, members could charge flying time but the club no longer has anyone at the field all the time to handle the books.

Persons interested in joining the Flying Club can contact: 1st Lt. Wes Sanborn, Disbursing Officer, MAG-26, MCAF, 06-415, or MSgt. A. G. Mainard, Base ISO, 7-5653.

Keglers Jump To Top After Week's Play

Second Surgical Co. jumped from fourth place to first place in the Force Troops Bowling League last week. The Surgical bowlers captured four points from 2nd Comp. Radio Co. Monday evening, and downed 2nd Hosp. Co., 4-0, Tuesday night.

The 8th Engr. Bn. fell victim to 2nd ANGLICO when they were defeated in Monday's matches, 4-0.

In other Force Troops matches, 8th MT Bn. out-bowled 2nd Tank Bn., 3-1. Second Bridge Co. rolled to a 4-0 win over the second-place 2nd Comm. Bn. Wednesday.

Second ANGLICO zeroed in on the 8th Engr. Bn. and defeated them 4-0. The ANGLICO team also defeated 2nd Hosp. Co., 3-1, in Wednesday evening's matches.

Standings

2nd Sep. Surg. Co.	16	4
2nd Comp. Radio Co.	15	5
8th Comm. Bn.	10	6
2nd ANGLICO	12	8
8th Engr. Bn.	9	7
Hq. Co.	9	7
2nd FAG	6	6
2nd Tank Bn.	4	5
2nd Bridge Co.	5	11
8th MT Bn.	4	12
2nd Hosp. Co.	2	13

Boating Class Available By Reservations

Sailboats, canoes and motor boats are available at the Wallace Creek Boat House, according to GySgt. L. P. Neault, the NCO in charge. Non-licensed users must have six sailing lessons to use the sailboats and one lesson for licenses to run the motor boats.

All Marines using the facilities must be second class swimmers.

Lessons are given on the weekends by appointment. For more complete information call 7-3680.

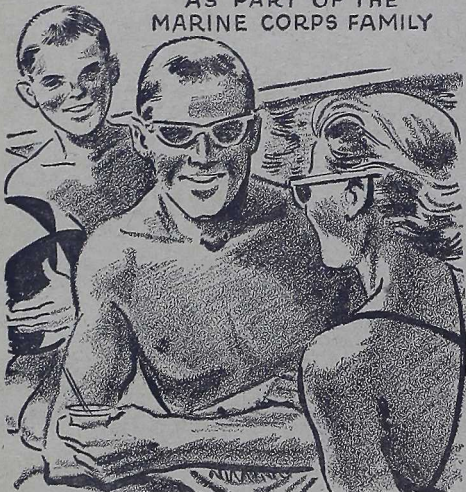

As the weather gets warmer, water skiing will become more than just conversation. The boat house has full facilities for skiing including a jump ramp. Lessons are available for water skiers. There is no organized ski club at Camp Lejeune but enthusiasts hope to form one early this spring.

Weekends are generally "rush" time at the boathouse. The boat house crew recommends a phone call on the availability of boats before coming out.

Choice Duty

DIVISION

The following quotas have been received by the 2nd Marine Division for duty stations indicated below.

E-4

303—For duty at MARTC, Willow Grove, Pa.

3516—For I&I duty, 5th MT Bn., Memphis, Tenn.

3516—For I&I duty, 4th MT Bn., Philadelphia, Pa.

0141—For I&I duty, 4th Truck Co., Erie, Pa.

0141—For duty with COMPHIB-GRP, II.

0141—For duty at MCRTC, Genview, Ill.

E-3

3531—For duty at Sigonella, Sicily.

1141—For duty at Charleston, S. C.

FORCE TROOPS

The following quotas have been received by Force Troops for duty stations indicated below:

SSgt./Sgt.

MOS 2533—HQMC.

Sgt./Cpl.

2111—Yorktown, Va.

0141—I&I duty, Erie, Pa.

3516—I&I duty, Philadelphia, Pa.

3516—I&I duty, Memphis, Tenn.

LCpl.

Any MOS—Okinawa, Japan, and Hawaii.

Pfc

Any MOS—Okinawa, Japan and Hawaii.

Pvt. or Pfc

3531—HQMC.

Any MOS—Okinawa, Japan and Hawaii.

If you would like information concerning any of the above, see your Career Advisory NCO.

Career Questions

Personnel having questions about options, shipping over, retirement, or any questions about their Marine Corps careers are invited to submit their questions to the GLOBE. All questions will be answered on this page in future editions.

Word To Wise

In June of 1961 approximately 490,000 degrees will be awarded to graduates of colleges and universities. Over 350,000 of these will be male graduates. For 1962 you multiply this figure by 31 percent. Competition in civilian industry is increasing in leaps and bounds. To get a position that will provide for a career with a good future, it is almost necessary to have a college degree.

A career in the Marine Corps provides the technological training that is necessary for a "Planned Career." Don't give up a sure thing for a shot in the dark.

ARM TWIST—SSgt. R. D. Smith, center, signs for membership in the 2nd Marine Division Association and "C" Co., 2nd Anti-Tank Bn., is first within the Division to boast 100 per cent participation of staff and officers. The first sergeant, MSgt. E. T. Lewis, left, and the commanding officer, Capt. R. C. Caldwell, right, of the Ontos Company, conduct a "ruff-neck" ceremony recently in attaining the membership of the last man. (Photo by Cpl. T. J. Reddy)

Chairman Assigned To Aides

Mrs. L. F. Chapman Jr., American Red Cross Volunteer Chairman here, announces the appointment of Mrs. C. F. McKiever as chairman of the Staff Aide program. Mrs. McKiever will replace Mrs. A. F. Lucas, who will soon be leaving Camp Lejeune.

Mrs. Lucas has been Staff Aide chairman since early 1960 when this service was introduced at the U. S. Naval Hospital. In November at a Volunteer Graduation and Recognition ceremony, Mrs. Lucas was given special recognition by the Onslow County Chapter of the ARC for having given 250 hours of service.

Mrs. McKiever is a graduate of the Staff Aide class. She is a native of Atlanta, Ga.; however, she and her husband are most recently from Washington, D. C., where their families presently reside.

Mrs. McKiever is familiar with hospital work, having been assistant auditor of Doctors Hospital in Washington, D. C., from 1940 to 1943. She also worked as a secretary in a doctor's office from 1944 to 1946. Since becoming a Red Cross Volunteer, she has served regularly at the U. S. Naval Hospital here.

Mrs. McKiever is the wife of Lt. Col. C. F. McKiever, Asst. G-1, Marine Corps Base.

Pavilion To Sponsor Valentine Festivity

The Valentine's Day Special planned for Marston Pavilion has been named "Hearts and Cupids." The special will be held Sunday evening, Feb. 5, beginning at 8 p.m. and ending at midnight.

All Sgts. (E-5) and below are invited to bring their wives and dates to enjoy a gala weekend climax.

The feature event for the evening will be the selection of King and Queen to be chosen during the Sweetheart Waltz. The ever-popular Johnny Long and his orchestra will provide music for the event at which time the best waltzers will be crowned.

Special valentine favors will be given to all those attending.

For additional information concerning reservations for parties, contact either Mrs. R. P. Kellon, program director, or Marston Pavilion, base extension, 6-6484.

INSTRUCTORS for the new class in Flower Arranging, Mrs. R. S. Smith, left, and Mrs. L. F. Chapman Jr., display two of their original designs to be used at the OWC registration for Spring Activity Classes next Friday morning at the Paradise Point Officers Club. (Photo by Sgt. L. Putnam)

OWC Schedules New Spring Activity Classes

While the ladies of the Officers Wives Club sip their coffee and nibble on pastries at the Paradise Point Club next Friday morning, registration will be conducted for the Spring session of Activities Classes sponsored by the OWC. Women will begin to register at 10 a.m. in the Paradise Room of the club. This is the second in a series of classes, first offered last fall to all members of the Officers Wives Club.

Members may register for any of these classes upon presentation of their membership cards. Yearly dues are \$3. For those wives just reporting aboard the base, dues are \$1.50 for the remainder of the year.

Two new classes are being added to the schedule:

Flower Arranging of both fresh and dry materials is to be conducted by Mrs. L. F. Chapman Jr. and Mrs. R. S. Smith. Because of the wide selection of varied dry foliage out the back door, this has been a course in demand.

Second additional class is horseback riding. Mrs. R. J. Batterton has offered the use of her private mounts for advanced riding. Trail riding will be open for the qualified riders.

Shellcraft will be presented in a new way this year. Mrs. R. D. Strickler will instruct on the decorating of bare walls with attractive shell plaques. She will also demonstrate the art of dressing up straw bags for summer and prepare unusual gifts for all occasions.

Mrs. C. H. Walker has scheduled an advanced class in Modern Dance as well as another beginners class.

Mrs. R. R. Van Stockum has interesting "trips" to Russia and Holland planned for the second half of the International Wives Group, which is open to all wives who have travelled abroad.

Bridge will continue to be a popular class as will golf, instructed by Mr. F. R. Miller, and Great Books under Mrs. R. F. Husebsch.

Mrs. W. J. Peter, skilled in all phases of art, is offering drawing, charcoal, pencil and pastels. Mrs. Peter has been painting for approximately eight years and has studied velvet painting in Hawaii. She is a member of the Honolulu Art Association.

Coffee 'n Confusion meets the first Friday of the month and invites all Junior Officers Wives to join.

Group 1 of the OWC, in lieu of the February meeting, will hold a "White Elephant" sale in conjunction with the registration. The sale is open to members of all groups.

Religious Program

The Montford Point Protestant Sunday School will present a religious program over Radio Station WLAS on Sunday, Feb. 5, beginning at 8 a.m.

The program will consist of hymn singing by the pupils, a solo by Mrs. Kenneth Belcher and an address by Chaplain R. Victor Watts.

Ball Decor Planned For 'Eras Of Song'

Plans for the decoration of the Paradise Point Officers Club for the Officers Wives Club's Sweetheart Ball, scheduled for next Saturday, were announced this week by Mrs. R. E. McClean, decorating committee chairman. Each room of the club will be decorated under the theme, "Eras Of Song." Decor of each ballroom and the lobby and the responsible committee members are listed below:

River Room—Mrs. J. W. Brown
"Gay Nineties" motif—This period in the era of songs theme will be highlighted with gay, old-fashioned Valentines and a silhouette surprise at every window. Garlands of white roses and red net will adorn the tables and colorful musical notes will be at every door. Special emphasis has been given to a Valentine tree which will greet everyone entering and leaving the room.

Main Bar—Mrs. L. J. Chohan
In the mod of the "Twenties" . . . Gay and bright light-size cutouts of flappers set the stage. The tables will be decorated with saucy flapper dolls, hearts and cupid. Six cartoons portraying love songs of the "Twenties" will be on the walls. Red and white heart balloons will complete the setting.

Ballroom—Mrs. R. S. Stubbs
Crystal and gold chandeliers suspended from the ceiling will illuminate the guests. Unit colors will surround the ballroom, lending inspiration to the light hearts of the evening.

Cafeteria—Mrs. J. R. Haynes
Romantic Songs of the Modern Era—Romantic inspirations of our day, songs since the early "Forties" give the theme to this room. Decorations of life-size silhouettes in red and gold against a background of white silk drapery revive the favorites of recent years—"Red Sails in the Sunset," "Hello, Young

Lovers," "Moonlight Cocktail," "Top Hat," and others. The tables will be done in gold magnolia leaves, red hearts and cupid. Band instruments and musical notes in red and gold pattern will embellish the entrance ways.

Libby—Mrs. J. W. Marsh
A Military Fantasy—Here from Oskar Straus, "The Chocolate Soldier," "My Hero," and his sweetheart are the center of attraction. They are surrounded by a toyland guard of honor, done in red, gold and white. Drums, gold eagles and red draping, red and white balloons, heart-shaped targets will lend to the romance of the theme.

Terrace Scout Troop Tours Kinston Plant On Career-Outing

The girls and leaders of Senior Girl Scout Troop 471 of Tarawa Terrace have planned to motor to Kinston this Saturday to visit the DuPont plant.

They will arrive at the Fairfield Recreation Center at 11 a.m. for registration which will be followed by an opening address. After a nosebag lunch at noon, the group will begin the tour. They will have an opportunity to talk with and observe engineers, chemists, biologists and laboratory technicians at work.

This tour is part of a Career-Venture Excursion for Explorer Scouts and Senior Scouts from this area. Other tours are available.

Dinner, provided by a catering service, will be served, after which there will be a "sock-hop" until 10 p.m.

Girls and leaders attending will be Jennifer Becker, Mayola Campbell, Donna Johnson, Janis Paul, Sandi Potter, Barbara Trowbridge, and Sandra Vielhauser; leaders, Mrs. W. S. Becker, Mrs. A. Lukeman, and Mrs. M. Campen.

Recently the girls of this troop were given a talk and question-answer period on Emergency Preparation by a representative of Civil Defense. Those present discussed safety precautions, First Aid proficiency, emergency message systems, and the care of others during evacuations. The lecture was scheduled primarily to aid the girl scouts in fulfilling their Five-Point Program requirements.

Troop scribe is Miss Jennifer Becker.

International Wives Plan Foreign Lunch

Miss Jane Geagan of the Jacksonville USO, advisor to the Enlisted International Wives Club, has announced the details for the next regularly scheduled meeting for the IWC. Featured for Monday's get-together will be a Foreign Dish Lunch to be held at 10 a.m. in the Midway Park Community Center.

Each member who plans to attend is asked to bring a dish from her native land and also the recipe for the dish. Reason for the recipe is to better acquaint the ladies with other foreign foods.

Miss Geagan wishes to invite all foreign-born enlisted men's wives in the Camp Lejeune area to attend the meetings.

For additional information contact either Miss Geagan, Jax 4490; Chaplain Martin W. Siegel, co-director of the group, base extension 7-5822; or Mrs. F. A. Ferenbacher, temporary chairman, base extension 2-2192.

NEWS FROM THE DIAPER GROWD

JANUARY 10
JOHN HENRY DITTMER III, to Pfc and Mrs. John H. Dittmer.
MICHAEL LYNN THOMPSON to SSGT. and Mrs. Dale L. Thompson.
STEVEN JOSEPH ROBERTS to LCPL and Mrs. Joseph D. Roberts.
DIANE KAREN WEITENBECH to SSGT. and Mrs. William K. Weitenecht.

JANUARY 11
RANDY GEORGE WISNIEWSKI to Sgt. and Mrs. Delbert F. Wisniewski.
JANUARY 12

SHELIA MARGARET ANDERSON to Pfc and Mrs. Don E. Anderson.
JOHN ANTHONY KJOS to SSGT. and Mrs. John E. Kjos.
BABY GIRL AUSTIN to SSGT. and Mrs. James M. Austin.
LEVIE JAMES HERNDON III to HMI and Mrs. Levie Herndon Jr., USN.
SHARON RENE VAUGHAN to Cpl. and Mrs. James A. Vaughan.

Activities Calendar

GROUP III, OWC—February luncheon will be held next Wednesday, Feb. 1, in the Paradise Point Officers Club. Social hour will begin at noon, followed by lunch at 12:45 p.m. Previous to the lunch, members will be invited to look at the table displays in the River Room. Displays will include a variety of china, silver, crystal and ovenware. Following the luncheon, Mrs. S. K. Kingsbury of Jacksonville will give a half-hour talk on table decorations and settings.

Members who have not been contacted for reservations by Monday are asked to call Mrs. M. R. Williams, extension 6-6444, before noon Tuesday, Jan. 31.

MCAF OWC—Luncheon-meeting is scheduled for Feb. 1, 1 p.m. in the Marine Corps Air Facility Officers Club. Mrs. F. A. Steele and the wives of HMR 261 will be hostesses. The meeting will be devoted to changes in the constitution. Also, a nominating committee will be appointed by Mrs. J. S. Perrin, president, for election of new officers. Reservations must be in by Monday, Jan. 30, by contacting either Mrs. Thomas M. Smith, Jax 6118, or Mrs. R. D. Foster, ext. 601.

STAFF WIVES CLUB—Monthly Hospital Party will be held Tuesday, Jan. 31, 7 p.m., at the U. S. Naval Hospital. Valentine Party is scheduled for Feb. 16, 8:15 p.m., in the Tarawa Terrace Community Center. Husbands are invited. Women are urged to attend all meetings to plan for the "Easter Parade of Fashions" to be presented in conjunction with the Hadnot Point Staff Club.

Members of the group recently appointed Mrs. William Annis as treasurer to replace Mrs. J. Garavaglia, who has been transferred to Naples, Italy.

OUTSTANDING SERVICE—Brig. Gen. L. F. Chapman Jr., commanding general, Force Troops, FMFLant, presents citations to three Force Troops Marines at meritorious mast held at Force Troops Headquarters last week. From the left they are: General Chapman, Sgt. William D. Ghant, 8th Motor Transport Bn.; SSgt. John J. Pribil, 8th Engineer Bn., and Cpl. George D. Atkins, 2nd Force Reconnaissance Co.

Marines Receive Mast For Outstanding Deeds

Courage of one Marine and the quick, intelligent action of another were rewarded at a recent meritorious mast held by Brig. Gen. Leonard F. Chapman Jr., commanding general, Force Troops.

Sgt. William D. Ghant, 8th Motor Transport Bn., Force Troops, was awarded meritorious mast for quick action on behalf of a fellow Marine which prevented the possible loss of his hand.

"Sergeant Ghant's fast action, constant concern for the welfare of the corporal, and his skillful application of professional skill prevented the possible loss of fingers and hand of the individual," General Chapman said.

On Nov. 14, last year, Sergeant Ghant heard a cry for help from a corporal who had been repairing the wench and boom on the

battalion's wrecker.

Rushing to the scene, he observed the corporal's right hand caught between the cable and the boom on the wench. Because of the manner in which the hand was caught and weight of the boom, Sergeant Ghant believed that serious injury would result from releasing the cable in the normal manner.

He immediately requested a welder from the Maintenance Shop to cut the cable. He also directed wrapping the cable with cloth and assured protection of the corporal's hand during the cutting operation.

Cpl. George D. Atkins, 2nd Force Reconnaissance Company, was cited for his courage, determination and perseverance while a student at the Mountain Leadership Course, Marine Corps Cold Weather Training Center,

Bridgeport, Calif.

During a period of instruction, involving repelling down a 50-foot cliff, Corporal Atkins fell approximately 15 feet and sustained serious head injuries.

While three other students observing the accident refused further participation, Corporal Atkins returned the following day, completed the period in repelling, and completed the course with an excellent class standing.

SSgt. John S. Pribil, 8th Engineer Battalion Mess Sergeant, was also awarded meritorious mast for raising the level of sanitation, cleanliness and efficiency of the 8th Engineer Battalion Provisional Mess from satisfactory to outstanding.

Sergeant Pribil "devoted many of his off-duty hours to instructing personnel."

Shooting Club Will Hold First Meeting

The Camp Lejeune Rifle and Pistol Club will hold its first match of 1961 on Feb. 5. The match is open to all members of the National Rifle Association. Individual matches will start at 9 a.m. Team matches will be fired at the completion of the individual matches. Entries must be in by 8:30 a.m. on the morning of the match. Registration and entry fees are payable to the Camp Lejeune Rifle and Pistol Club. Address all correspondence to:

Camp Lejeune Rifle and Pistol Club, Rifle Range Detachment, MCB, Camp Lejeune, N. C.

The match will be conducted according to NRA rules. Applications will be accepted on the range. All matches will be squadded. Competitors must present evidence of classification before they receive their squadding tickets.

One award will be made for each 10 competitors in each class in each match in addition to the match winner. If there are less than six competitors in any one class, they will be moved to the next highest class. The match will be limited to 80 competitors.

Fourteen matches in all will be fired.

Toastmasters Hold Session

Maj. Gen. J. P. Berkeley, commanding general, 2nd Marine Division, was the guest of honor at the Paradise Point Chapter of Toastmasters International's bi-weekly meeting held Monday. Club members were congratulated by the general for their professionally beneficial program aimed at improvement of speaking ability. Emphasized, in his comments, was the great importance of oral communication.

The evening's program included prepared speeches given by Toastmasters Col. "A" "E" Dubber, Lt. Col. J. C. Dibble and Capt. W. E. Ludwick, USN. Five members of the Cherry Point Toastmasters Club were present as guests, and a joint Cherry Point-Camp Lejeune meeting is being planned.

Persons interested in toastmasters are invited to attend meetings. For information, contact Capt. Denis R. Horn, phone 0-1525.

Confirmation

Confirmation services, conducted by the Rt. Rev. Thomas H. Wright, D.D., Bishop of East Carolina, were held for seven confirmands last week in the Episcopal Chapel at Camp Lejeune.

The confirmands were: Joseph Edwin Hugh Byrum, Paul Banks Byrum, Grace Steele, Norman Comstock Harvey, John Eric Libby, John Forest Pregnall and Bradford Keeler Smith.

Information about Episcopal Youth and Adult classes can be obtained from Chaplain Marrs.

From Cherry Point To Lejeune-Walks

Pfc Abraham Pulaski may be attached to the Air Wing, but he proved he can cover ground on foot with the best of the infantrymen.

The young operations clerk in VMO-1 made the return trip from Marine Corps Air Station, Cherry Point, the hard way—on foot in the dead of night.

What started as a pleasant Sunday visit with a buddy at Cherry Point, turned into an endurance hike, when the young private first class failed to make connections with a friend who had agreed to drive him back to the New River Air Facility.

"About 10:30 p.m. I got scared and decided to take off on foot," Pulaski tells. "I left Cherry Point and started walking down Highway 24. Nobody stop-

ped to pick me up, so I just kept going."

After weary mile he plodded, stopping only twice during the hike. "Once I sat on a bridge for a while, and another time I took a break somewhere around Swansboro."

He says that it got "pretty cold" by the time he reached Swansboro, but by then he was getting confident he would make it okay.

Young Pulaski checked in with the VMO-1 duty NCO at 5:45 a.m. and was ready for work by morning muster.

Sgt. Maj. H. C. Wingate, hearing of Pulaski's feat, gave him the day off, whereupon the youngster returned to his barracks and spent most of the afternoon soaking his feet.

Force Troops Conducts First Of Career Advisory Lectures

About 700 Force Troops Marines and their dependents attended a Career Advisory Information program held at the Camp Theater last Thursday. The program was the first of a series planned by the Force Troops Career Advisory office to acquaint Force Troops Marines nearing the end of an enlistment with information concerning a Marine Corps career. More than 1,100 enlisted Marines in Force Troops are scheduled to be released from active duty within the next six months.

Brig. Gen. Leonard F. Chapman Jr., commanding general of Force Troops, delivered an address to the Marines and dependent attending the program.

With the current world situation, Force Troops needs to retain as many qualified Marines as possible, General Chapman said.

"Regardless of what particular endeavor you are thinking of pursuing, you should compare the advantages and disadvantages of it to the tremendous advantages offered by the Corps," he added.

Capt. Douglas T. Jacobson, who won the Medal of Honor during the Iwo Jima campaign, told the Marines of the personal satisfaction he has found in a career in the Marine Corps.

First Lt. C. W. Feid, MSgt. G. H. West, and MSgt. John F. Doyle of the Force Troops Career Advisory office talked briefly about the options, incentives and benefits in a Marine Corps career.

The program also included two films—"Backbone of the Corps" and "Boondock Dilemma."

More than 50 gallons of coffee and 110 dozen doughnuts were consumed by the Marines and their guests during a refreshment period, according to 1st Lt. W. M. Dickey, Eighth Communications Battalion mess officer.

NEW SHOOTIN' IRONS — Maj. Gen. James P. Berkeley, commanding general, 2nd Division, right, receives instruction on the M-60 machine gun from Ssgt. J. L. Fletcher, an instructor at the Division's NCO Leadership School. At left, holding the U. S. Rifle, cal. 7.62, M-14, is instructor SSgt. R. P. Robichaud. On the table in the foreground is the XM-

79, 40mm grenade launcher, nicknamed the "shot-gun." NCO School instructors and schools' troops are being indoctrinated in the three new weapons in order to instruct students. Units desiring to include a visit from one of these contact teams in their training schedule are urged to contact the NCO Leadership School. (Photo by Cpl. T. J. Reddy)
