## MAJ. GENERAL ROBERT B. LUCKEY TAKES OVER COMMAND OF BASE

(Composite Photo By Capt. J. M. MacKenzie and GySgt. S. A. Harris)

With the acceptance of the symbolic crimson and gold colors before three Marine battalions and hundreds of spectators on the parade field last Monday afternoon, Maj. Gen. Robert B. Luckey became the 24th commander of the largest amphibious training base in the world.

Before accepting the colors, General Luckey heard the former Base commander, Maj. Gen. Sidney S. Wade, express his appreciation for the cooperation and hard work of Base personnel during his 15-month tour.

"For me," General Wade said, "it has been a rich and rewarding experience, one that I will cherish. I will never forget the outstanding efficiency and 'can do' spirit displayed by unit commanders, their troops, and the civil service personnel who work here."

Following General Wade's speech, General Luckey recalled his former tours here and said he was impressed by the recent growth and progress of the Base.

## Base Troops Retain Lead In UF Drive

At the midway-mark of the Camp Lejeune-Onslow County United Fund Campaign, the 1st ITR, with 133 percent of their assigned quota, goes over-the-top to lead all other units.

Their donations of \$6,500 accounts for over 50 percent of the \$13,930 collected by Marine Corps Base units, including civilian employees.

The established quota for the entire area is set at \$100,000 with Camp Lejeune's share set for \$30,000. Reports from Onslow County representatives indicate the civilian donations are coming in rapidly.

Donations from the 2nd Division have risen thus far to \$5,692.75, not including units currently in the Mediterranean area.

Force Troops units, less those participating in maneuvers at Vieques, P. R., show \$2,529.13.

There have been no report of donations received from the Marine Corps Air Facility.

Total donations received from Quad-Command has now reached \$22,052.71 coming to about 28 percent of the assigned quota.

Organizations to receive money from the combined drive on a pro-rated basis according to their annual expenditures are the American Red Cross, Onslow-Camp Lejeune Chapter for Retarded Children, Camp Lejeune-Onslow County Boy and Girl Scouts, Emergency Relief Fund, Carolina United Services, Onslow County Hospital Auxiliary, Salvation Army, United Jewish Appeal for Refugee Relief and the Jacksonville Rescue Squad.

Tomorrow night, a dance sponsored by Force Troops, will be held in Marston Pavilion from 8 p.m. till 1 a.m.

Hostesses from the surrounding areas will be present for the dance.

## Extension Course Offering Latest In Communications

A new radio set has joined the FMF's family of field communications equipment. Designated the AN/TRC 75 (or the AN/MRC 83 when vehicular mounted), this radio utilizes the single sideband mode of transmission recently developed by the Air Force for their "Short Order" world wide network for rapid centralized control of SAC aircraft at bases and on air alert throughout the free world.

This mode of transmission employs only one sideband as opposed to two sidebands and a carrier wave for normal AM double sideband (DSB) transmission, thus concentrating the power and emitting a signal about five times as powerful for a set of the same size. This results in far greater range with relatively lighter equipment.

Recognizing its potential for FMF use, the Marine Corps parlayed the Air Force's research with its own to develop a rugged field set that would meet the needs of an atomic battlefield where distances between ground units may be too great for present AM and FM equipment.

Having undergone field tests last year, the set is being added to TE's this year, initially for reconnaissance and force, division, and regimental command nets. Eventual replacement of old standbys such as the TCS and the AN/MRC 6 is planned.

Although requiring very stable and complicated circuits creating some maintenance problems, it is a simple and very flexible set to operate. To transmit, the frequency is dialed, the transmitter keyed, and the set tunes itself automatically in four seconds.

The set may be operated as single sideband on upper or lower sidebands, on both sidebands at once, or as a normal AM DSB radio by insertion of carrier, thus

BLACK WIDOW

## Black Widow Bites Cause Intense Pain; Seldom Bring Death

Several Black Widow spiders have been found aboard the Base recently.

Although the fatality rate from the bite of this spider is quite small, the venom brings on terrible pain.

This species of spider nests in cellars, culverts, under rocks and bridges and in hollow logs.

Black Widow spiders are identifiable by the yellowish hour-glass figure on the body and the female's bite is more poisonous than the male.

The bite is not always felt and is no more painful than a pin prick. Occasionally two tiny red spots may be seen on the skin where the bite occurred.

In general, symptoms usually are cramping pains in succession from the abdomen, legs, chest, and back and muscle rigidity.

Immediate hospitalization should be accomplished to ensure proper and adequate nursing care.

making it compatible with any AM set in its frequently range. It may be also used to transmit simultaneous voice and teletype messages by linking it with the new teletype TT 264 (Mite).

For more information on this equipment or on other developments in the communications field, enroll today in the Communication Officers Extension Course offered by the Extension School at Quantico, Va.

All officers and staff noncommissioned officers are eligible for enrollment in this course and those assigned to communications are particularly encouraged to make it a regular part of their personal training program.

# Veteran Of 32 Years Service Begins Fifth Tour At Lejeune

"I consider it a high honor to return and command this base," General Luckey said.

Commander of Troops for the review, which featured over 1,000 marching Marines, was Col. A. J. Roose, commanding officer, 2nd Force Service Regiment.

General Wade left Tuesday morning for Washington, D. C. He was awarded the Distinguished Service Medal for his outstanding service during the Lebanon crisis as commander of the 2nd Provisional Marine Force, Fleet Marine Force, Atlantic, before assuming command of Marine Corps Base.

This will be General Luckey's fifth assignment to Camp Lejeune. He previously served here in 1941 with the Eleventh Marines and in 1947 returned as Division Artillery Officer and as commander of the Fourth and Tenth Marines. He returned to Lejeune in 1951 as assistant Chief of Staff, G-3, 2nd Division, and later, as Chief of Staff. His last tour of duty here was in September, 1954, when he served as Commanding General of Force Troops until June, 1955.

The general reported here from a tour of duty as Commanding General of the Third Marine Division on Okinawa.

A reception was held Monday evening at the Paradise Point Officers Club honoring General and Mrs. Luckey and as a farewell for General and Mrs. Wade.

General Luckey was born July 9, 1905, in Hyattsville, Maryland. He graduated from Central High School, Washington, D. C., in 1923 and from the University of Maryland in 1927. Commissioned a second lieutenant August 6, 1927, he completed the Basic School for Marine Corps officers at the Philadelphia Navy Yard in February, 1928. He sailed for Nicaragua the following month to serve on expeditionary duty with the 2nd Marine Brigade.

### Seagoing

Returning from Nicaragua in July 1929, the general served at the Marine Barracks, U.S. Naval Academy, Annapolis, Md., then completed the Sea School at the Navy Yard, Portsmouth, Va., and later served aboard the USS ROCHESTER, USS MEMPHIS and USS FULTON.

In September 1933, after a year's duty at the Norfolk (Virginia) Navy Yard, General Luckey entered the Battery Officers Course at the Army Field Artillery School, Fort Sill, Oklahoma. Completing the course in June 1934, he was ordered to San Diego, California.

## GLOBE Moves

The Camp Lejeune GLOBE has moved from its former location at Bldg. 11 on Post Lane to the South wing of Bldg. 13, which is behind Bldg. 1. The Base Legal Assistant's Office which had formerly occupied the south wing of Bldg. 13, is now located at the GLOBE's former quarters in Bldg. 11.

where he served as a battery officer with the 6th and 10th Marines.

### China Service

The General sailed for China in January 1936, to begin two years service with the Marine Detachment at the American Embassy in Peiping. He joined the 2nd Marine Brigade at Shanghai in January, 1938, and returned with it to the United States in April. That June he reported to the Marine Barracks, Quantico, Virginia where he was named Aide-de-Camp to the Commanding General in September. He served in that capacity until July 1939, then served briefly as Post Adjutant before he became a battery commander with the 1st Battalion, 10th Marines, in October of that year.

### World War II

After serving as battalion operations and executive officer with the Eleventh Marines at Parris Island, S. C., and later Camp Lejeune, the general was named Division Anti-Tank Officer and commander of the 1st Special Weapons Bn., 1st Marine Division, in February, 1942. Embarking for the Pacific theater that June, he served in those capacities during the first two months of the Guadalcanal fighting, then rejoined the Eleventh Marines as regimental executive officer in October, 1942. He held that position during the later stages of the Guadalcanal operation and the Cape Gloucester campaign. In addition, he served as artillery officer on the staff of the assistant commanding general, 1st Marine Division, at Cape Gloucester, earning the Bronze Star Medal with Combat "V."

### Artillery School

Returning to the United States in February, 1944, General Luckey served as Director of the Artillery School, Marine Corps Schools, Quantico, from March to October. He departed again for the Pacific theater in November, 1944, to serve as Division Artillery Officer and commander of the Fifteenth Marines, 6th Marine Division, on Okinawa and Guam, and in Tsingtao, China. In this capacity he earned the Legion of merit with Combat "V" at Okinawa, and another Bronze Star Medal (Army) in Tsingtao during the surrender and repatriation of Japanese forces in that area. He returned from China in April, 1946, to enter the Naval War College, Newport, R. I.

### Lejeune Service

Upon graduation in June, 1947, the general joined the 2nd Marine Division, Camp Lejeune, as Division Artillery Officer and commander of the Fourth and Tenth Marines. He took command of the Marine Barracks, Washington, D. C., in June, 1949, and after two years there, returned to Camp Lejeune in July, 1951, as Assistant Chief of Staff, G-3, 2nd Division, and later as Chief of Staff. Leaving the 2nd Division in June, 1953, he became Chief of Staff of Marine Corps Schools, at Quantico, a month later.

In September, 1954, he was assigned to Camp Lejeune where he served as commanding general of Force Troops, Fleet Marine Force Atlantic, until June, 1955. He then was ordered to Headquarters Marine Corps in Washington, D. C., as Deputy Chief of Staff, (Plans), and in June, 1956, began a year's assignment as Deputy Chief of Staff (Research Development). In June, 1957, he became commanding general of the Marine Corps Recruit Depot, Parris Island. Following this assignment, he assumed command in the Far East of the 3rd Division in June, 1959. He was promoted to his present rank in November, 1956.

### Decorations

In addition to the Legion of Merit and the Bronze Star Medal with Gold Star in lieu of a second, General Luckey holds the Presidential Unit Citation with one bronze star indicative of a second; the Navy Unit Commendation; the Second Nicaraguan Campaign Medal; the China Service Medal with one bronze star; the American Campaign Medal; the Asiatic-Pacific Campaign Medal with one silver star indicative of five bronze stars; the Nicaraguan Medal of Merit; the World War II Victory Medal; the National Defense Service Medal; and the Chinese Order of the Cloud and Banner.

General Luckey is married to the former Cary Walker of Vineyard Haven, Mass. They have a daughter, Laura, and two sons, Thomas and William. The general's parents were the late Mr. and Mrs. George B. Luckey of Hyattsville, Md.

## Navy Day To Be Observed Here Oct. 27

Plans for observance of Navy Day at Camp Lejeune on Oct. 27 were being formulated this week by a committee appointed by Capt. L. E. Bach, USN, commanding officer of the U. S. Naval Hospital.

While the full schedule of activities to take place during the day has not been arranged, it was announced this week that parties for Naval officers and enlisted personnel will be included in the ceremonies.

The officers will host a reception and party at the Paradise Point club from 6 to 9 p.m. All Marine Corps officers of the Camp Lejeune commands have been invited to attend.

In view of the large number of enlisted Naval personnel stationed in this area, current plans for attendance at the enlisted party, probably in the form of a dance, are that it be limited to naval personnel and their guests.

This is the first time in recent years Navy Day has been celebrated on a major scale at Lejeune.

# Marines To Get New Raincoat

A new double-breasted, green raincoat that combines the features of durability, smart military appearance and easy maintenance with genuine water-shedding qualities will be available to male Marines through the supply system during the latter part of FY 1961, Headquarters Marine Corps announced last Friday.

It will also be available for purchase through Marine

Corps Exchanges during the fall of 1960. Personnel presently in possession of the old raincoat need not procure the new coat until replacement is required, however.

Made of nylon, coated with Hycar, a synthetic rubber compound, the new garment is the result of extensive testing under various climatic conditions.

Stitched and sealed seams and tight-weave construction

give the new coat waterproofing qualities greatly superior to the raincoat presently in use. A strip of coating material reinforces seams in critical areas of the coat.

Extremely light in weight, the coat requires very little maintenance. It can be brushed clean by the owner and needs no pressing. Proper hanging for a short period of time will eliminate wrinkles caused by packing or wear.

Interfacing on the lapels and foreparts adds body to the coat and eliminates curling and flapping. A half belt provides smart military appearance. Maximum possible ventilation is insured by the semisnug fit of the coat and by large underarm ports.

Neither chevrons nor service stripes will be worn on the new coat. Officers will wear their insignia of rank on the shoulder straps.

## Truck Master Cited For Lifesaving Act

Quick thinking on the part of SSgt. Paul J. Wilson, H&S Co., 2nd Service Bn., earned him a meritorious mast here last week.  
Wilson, a truck master was cited for saving the life of a civilian who was thrown half way through a windshield during a three-car collision. The accident occurred near Swansboro August 15.  
The man, hanging through the windshield, was bleeding profusely. When Wilson arrived, he smashed portions of the glass surrounding the man and pulled him out.  
With towels and handkerchiefs, Wilson checked the bleeding. As he did this, the man began to choke. Sgt. Wilson held the man's tongue to keeping him from strangling.  
Col. W. S. Halton Jr., 2nd Service Bn., commanding officer made the presentation of the letter during ceremonies in his office.

**SMILES**—The Duke of Denniston seems to be smiling at Capt. J. R. Day, commanding officer, Hq. Co., Second Marines, who presents the new private first class with his warrant. Pfc Denniston received his promotion to his present rank upon graduation from recruit training with the Second Marines. Pfc R. P. Karan, a member of the Second Marines, immediately informed Pfc Denniston that they were now of equal rank, time in grade would decide any issues involving seniority. (Photo by Sgt. J. H. Webster Jr.)

## One Little Slip

## If You Ask Me:

**LCPL. DAVID B. HUDSON, "E" Co., 2nd Bn., Sixth Marines** — For my money the new test is rough—

rough all over. The truth is, I wasn't in shape for it. I thought the rope climbing was the most difficult, especially since I'd never climbed a rope before, let alone one nearly 50-feet high. The rest of the test was comparatively easy in comparison to the rope climbing part. But, on the whole, I think the test would make a good combat conditioner.

**LCPL. EVALDS G. KRIVAS, "E" Co., 2nd Bn., Sixth Marines** — I think the test is a lot better than it used to be. This "new look" is more suited to actual combat conditions than the "old look." I like the running part of the test, as it keeps you in shape. But I didn't think much of the stepping up and down, off an 18-inch platform. Personally, I think it's useless. But I imagine it's supposed to be good for your legs.

### WHAT DID YOU THINK OF THE NEW PHYSICAL FITNESS TEST?

(The Inquiring Photographer visited members of the 2nd Bn., Sixth Marines, this week who took the new physical fitness test.)

**SSGT. ROBERT B. CLARK, H&S Co., 2nd Bn., Sixth Marines**—The part that looked

the easiest to me turned out to be the hardest. This was the stepping up and down off an 18-inch platform 60 times within a three-minute time limit. I found there was little more to it than meets the eye. The test, in my opinion, is a lot better than the old test, as it appears to be better suited to actual combat conditions.

**SGT. JOHN R. JOYCE, H&S Co., 2nd Bn., Sixth Marines** — I think it was a lot better than the old test. It showed what a man loaded down with gear has to contend with in difficult terrain. Anyone can do P.T. But when they include things which you are apt to meet under actual combat conditions, then that's another story. The hardest part for me was the three-mile hike that had to be completed within 36 minutes.

**CPL. CHARLES T. CRAWFORD, "E" Co., 2nd Bn., Sixth Marines**—It's a big improvement over the last test. This new one consists of marching three miles in 36 minutes, climbing a 50-foot rope and carrying a man on your back for 50 yards and a lot of other things that we never had before. The only thing they had in the old test was

three chin-ups, 20 push-ups and a couple of other rather simple things. But this new test really puts you in shape.

**SGT. RALPH F. COFFMAN, "E" Co., 2nd Bn., Sixth Marines**—I think they should make us take the test at least once a week—preferably on Wednesday afternoon. The thing of it is, they could find out, through giving of the test, how many men are not physically fit. Then they could continue the process and thus get them into condition to carry out normal combat duties.

# Would You Give Away Earned Retirement Pay?

By LT. COL. R. M. BURRILL  
Base Disbursing Officer

Would you jeopardize receiving the sum of \$63,000 by falsely obtaining the paltry sum of \$554.22?

This has happened just recently to a retired master sergeant. The sergeant in question was transferred to the Fleet Reserve in early 1958. After his retirement he submitted travel vouchers for travel for himself and his dependents in the amounts of \$184.74 and \$369.48, respectively.

It appears that a "follow-up" was made on the exactness of his claim, and it was disclosed that actual travel had not been performed by any of the parties concerned.

The sergeant was brought to trial in a United States District Court and was found guilty and convicted of a violation of Section 1001, Title 18, United States Code, on June 6, 1960, for knowingly and willfully making false statements to the United States Department of the Navy.

At this point, it is interesting to note that the court did not sentence the sergeant, but placed him on probation for one year.

The case was submitted to the Comptroller General of the United States by the respective service department, requesting a decision whether the master sergeant would be precluded from entitlement to retired pay by reason of the provisions of the act of Sept. 1, 1954, 68 Statutes, 1142, as amended, 5 U. S. C. 2281, which is termed the "Hiss Act."

The purpose of the "Hiss Act" is to bar payment of an annuity or retired pay to any person convicted of committing an act or offense coming within its provisions. The act further prohibits such payments to persons convicted of any offense, with certain exceptions, which is a felony, if "committed in the exercise of his authority, influence, power or privileges as an officer or employee of the Government."

In this connection, it must be kept in mind that when the sergeant was found guilty and convicted of the offense in question, he was subject to be fined not more than \$10,000 or imprisoned not more than five years, or both.

The Comptroller General of the

United States pointed out in the decision rendered, that Section 1, Title 18 of the United States Code defines a "Felony as any offense punishable by death or imprisonment for a term exceeding one year and therefore felt that in view of that definition it was evident that the sergeant was convicted of a "felony" within the meaning of the term as used in clause 2 of section 1 of the act of Sept. 1, 1954 ("Hiss Act").

The results of this ruling prohibits payment of retired pay to the sergeant and should serve as a warning to others who may not realize the seriousness of claiming reimbursement for travel under false statements.

Every travel claim a person submits has the statement over the signature of the traveler that "PENALTY FOR PRESENTING FRAUDULENT CLAIM—Fine of not more than \$10,000 or imprisonment for not more than 5 years or both. Title 18, U. S. C. 287; id. 1001."

By permitting himself to "slip" toward illegal gain of \$554.20, the sergeant has forfeited an estimated amount of \$3,150 annually. When you multiply the expectant life span for the sergeant of an additional 20 years in which retired pay would have been forthcoming, it can readily be seen that the total forfeited of his retired pay would reach the sum of \$63,000!

## His Power Is Supreme

The power from atomic energy is fast changing our concept of what life really is. The world continually trembles at the thoughts of what might happen if an atomic war ever started.

But there is a power much greater than man has ever dreamed and that is the power of God. What force can equal the account of creation as given to us in the book of Genesis?

Can we ever forget the flood of Noah's day which destroyed the entire earth; the destruction of Sodom-Gomorrah whose ashes have never been found; of the plight of Pharaoh's army as it entered into the Red Sea; the seven-year drought which caused a famine that has never been equalled; and Christ, who had the power to raise the dead and heal the sick, humbled and inspired a world looking for a deliverer?

For some strange reason this power of God has been forgotten. In recent hit tunes He is called "He" as if He were only a pronoun and took the place of something greater. In another, God is called "The Upstairs," as if He were a satellite circling the earth. God cannot be put to hit tunes and tricky steps. His power and authority demands that He continually be placed as Lord and Master of our lives.

God's power has been truly manifested not in destruction but in love as He sent Christ and there showed to the world how great and powerful God really is.

Our God is sufficient to give and guide man through any situation for he is a God of power. Let man return to Him as a true example of power. For His power can change the greatest thing of all... a human life.

Marine Attack Squadron 121, 1st Marine Aircraft Wing, has been named winner of the Commandant's Aviation Efficiency Trophy for Fiscal Year 1960.

The rotating trophy is awarded annually to the aviation squadron judged most excellent in performance of its designated mission and achievements in flight safety and accident prevention.

During carrier qualification aboard the USS TICONDEROGA, 26 pilots made 342 arrested landings and flew 6,155 hours without incident, operated 161 days away from its home base from 11 different airfields and five different countries.

Marines up to 22 years of age can now compete for appointment as cadets at the Coast Guard Academy in New London, Conn.

Headquarters Marine Corps states that Marines eligible for competition for entrance are those between 17 and 22 years of age, high school graduates with two credits in algebra, one in plane geometry, three in English and nine in optional credits. They must also be between 5'4" and 6'6" with vision of at least 20/30 correctable to 20/20.

# Judo Club Receives Charter From Black-Belt Federation

Members of Camp Lejeune's Judo Club are now able to win their judo degrees under the official sanctionship of the Kodokan in Tokyo, Japan.

Recognition by the Kodokan (International Judo Headquarters) is the ultimate goal of all judo players.

The local judo club was granted its Kodokan charter by the Capitol Judo Black-Belt Federation at Washington, D. C. The Washington club is a direct affiliate of the Tokyo headquarters and has the power to issue Kodokan charters to deserving East Coast clubs.

Instrumental in obtaining the local club's charter, two weeks ago, were three of its black-belt members. President Ira Bonar, Joe Blaile

and Capt. B. T. Burke, who has since been transferred from Lejeune.

At the Lejeune Club's first Kodokan promotional tournament here recently, Captain Burke helped with the judging of the local hopeful belt winners. The captain made a special trip from Quantico, Va., to see his old alma mater hold its first official Kodokan match.

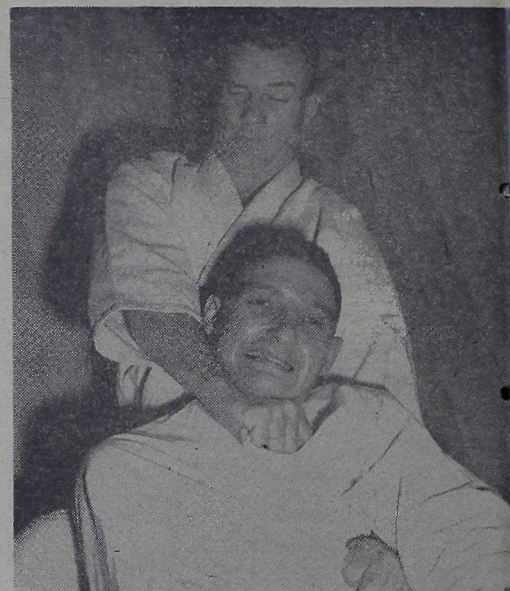

Six club members received Kodokan black belts as a result of their long hours of preparation before the match. Club members were guided during practice sessions by club officials who are qualified instructors. Practice sessions are from 7 to 9 p.m. Mondays, Wednesdays and Fridays.

Interested Marines or dependents with judo experience are urged to contact

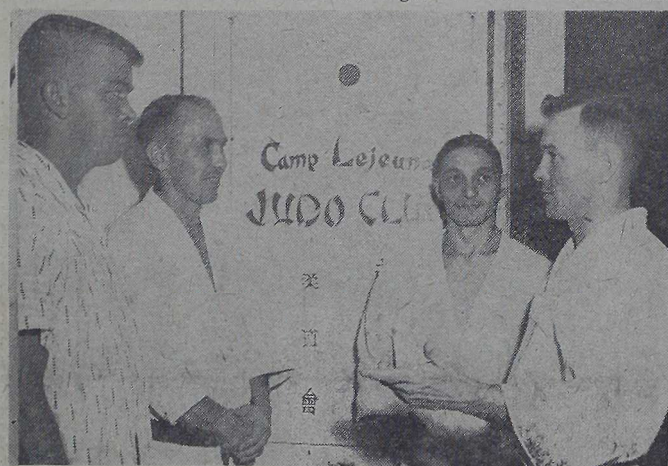

one of the club officials for information on the club. Personnel with no judo experience are also urged to try their hand at the art that is practiced as a sport.

A new practice hall (Dojo) has been set aside for the club in Bldg. 28. The hall has been recently renovated and sports a bright red 40x50 foot polyethylene pad to take the shock out of those sudden landings that are associated with the art of Judo.

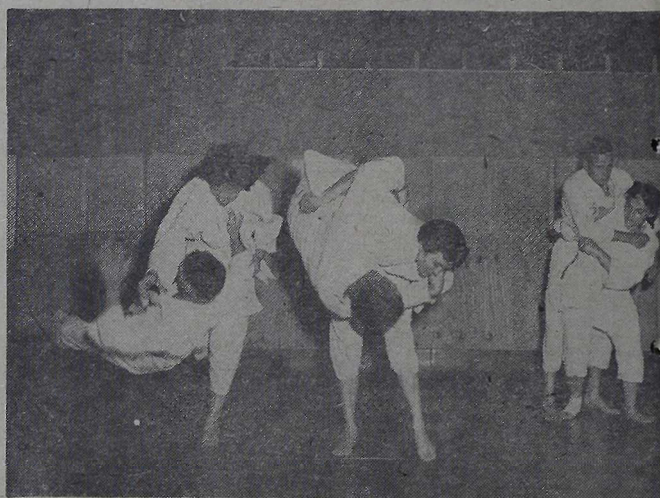

Membership in the Camp Lejeune Judo Club is not limited to male Marines. Several female dependents are now members and interest is spreading in that regard. According to club members, one lands just as hard when thrown by one of the women members.

**GOOD NIGHT**—Ira Bonar applies a choke hold on Don Hasson. A hold of this nature can render a judo player's opponent unconscious within a matter of seconds. (Photo by SSgt. L. J. Mitchell)

## Second Division Shooters Capture Lion's S

Second Division shooters scored a near sweep in the First Annual Fleet Marine

Force Atlantic Intramural Rifle and Pistol Championships held at Camp Lejeune

last week. The Division walked away with 38 of a possible 40 first place indi-

vidual and team trophies.

### Awards

Competing against teams from FMFLant, Norfolk; 2nd Marine Air Wing, Cherry Point; Force Troops, and 2nd Force Service Regiment, the Division shooters scored victories in all five team events and gathered three of the five individual titles. They also snared four of the five runner-up awards in the individual matches.

### Weapons

Purpose of the new FMFLant competition was to train shooters for Marine Corps match competition. No seasoned match veterans were entered. Only weapons issued through the Marine Corps supply system were authorized for the shoot.

### .22 Pistol

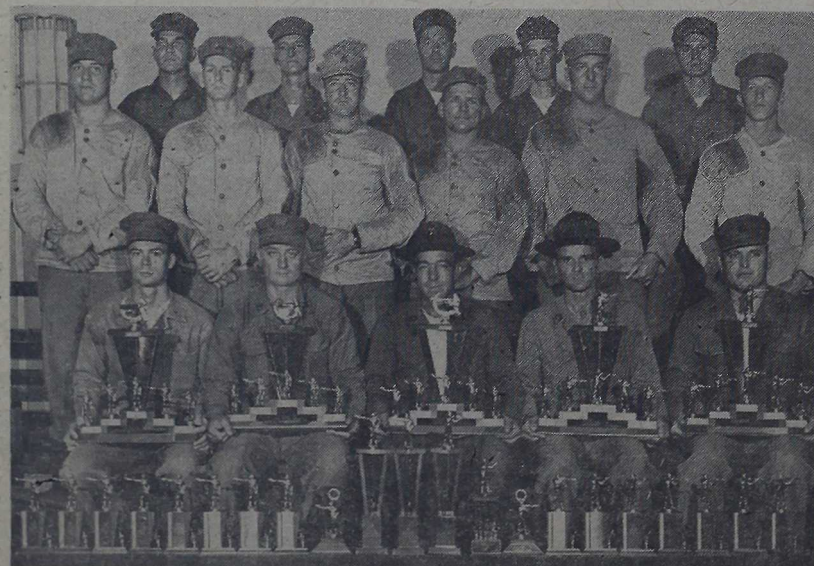

In the .22 pistol match, the Division team of 1st Lts. M. A. Sweitzer and G. J. Phillips, GySgt. W. A. Bennett and Pfc J. R. Higgins fired a 1031 aggregate to edge Force Troops for the title. Individual honors went to SSgt. B. V. Malouf, 2nd FSR, with a 270 total, followed closely by WO R. K. Harris, Force Troops, with 269.

### Revolver

Division team total in 38 service revolver competition was 1025. The team composed of 1st Lt. E. D. Ging, SSgt. J. A. Pijuan, W. A. Brown, and Pfc Higgins, beat out the Force Troops entry. Individual winner was Sgt. Brown.

# Fall Festival Turnout Exceeds 1,800 At Marine Air Facility

Over 1,800 persons attended the Marine Corps Air Facility's Fall Festival Oct. 29. The Officers and Staff Wives Clubs of the Air Facility sponsored the Festival with the aid of about 10 pilots and ground crew workers who handled the flying and carpentry work needed for the Festival.

Booths lined the interior of the huge hangar. Brightly colored parachutes were used to decorate them and every possible type of gimmick and confection was available from their well stocked interiors. A bakery booth handled the beautifully decorated cakes, cookies and pies, while pizza, coffee,

hot dogs (king-sized and regular) were sold at others. Aprons, clothing and even live goldfish were dispensed at various places in the hangar.

The most spectacular of the events was an air show, put on through the combined efforts of HMR (L)-264, HMR (M)-461 and VMO-1 of the Air Facility, as well as the Pathfinder jumpers. Close in flying was demonstrated for a wide-eyed crowd gathered near the landing strip. Air rescue work and supply drops were also shown. The Pathfinders showed their special training in jumping.

Attendance awards were

given to B. J. Roman, R. L. Brown, C. W. Sims, L. McGowan, R. J. Zitnik, M. P. Wiczorek, E. J. Arceneaux, J. H. Gerrity, H. J. May, J. Wahley, O. Talor, and J. Schnobel.

The proceeds from the festival this year, as last year, are going into the completion of the Air Facility Nursery. The nursery has been built almost entirely by volunteer labor from the men of the Air Facility and the Eighth Engineer Battalion, Force Troops, Fleet Marine Force, Atlantic.

Dedication date for the nursery has been set for Sunday, Oct. 30. Actual opening date will be Tuesday, Nov. 1.

**CAKES GALORE**—White, chocolate and spice cakes with every possible variation, and special melt-in-the-mouth icings were the temptations offered by this booth. The cakes were sold as fast as they could be brought out, as were cookies at the baked goods counter.

**FIRE ENGINES, TOO**—Kids find dreams come true on one of the Air Facility's bright red fire engines. The fire truck was one of the busiest rides at the festival as it pulled away from the waiting children and slightly envious parents.

**HELICOPTERS**—Pilots from the Air Facility's rescue squadron go through their paces before a crowd of over 1,800 spectators. Skimming over the ground, they demonstrated the deft touch used in air-ground rescue work, or supply drops where accuracy means the difference between life and death.

## Pre Of Fleet Marine Force Match Trophies

Division, with a 265 score. Runner-up was SSgt. Pijuan, Division, with 264.

### .45 Pistol

The Division's winning team in the .45 service pistol match was comprised of 1st Lt. Phillips, MSgt. F. J. Incosky, SSgt. Pijuan and Pfc Higgins. Their 998 total

beat out the Force Troops team for the title. Individual high went to MSgt. Incosky with 254, followed by Pfc Higgins' 251 total.

### Small Bore

Division's winning small-bore rifle team, made up of 1st Lt. M. A. Sweitzer, GySgt. J. Rackauskis, Sgt. B. Thompson and Pfc D. C. Berardo, scored 1466-41x in taking the event. High individual honors went to GySgt. Rackauskis with 374-8X while Sergeant Thompson took second place with a 369-14X score.

### M-1 Rifle

An aggregate total of 1127-66V gave the Division team of 1st Lt. M. J. Dube, Sergeant Thompson, Cpl. J. T. Aldridge and Pfc H. R. Cotton the M-1 service rifle match over 2nd Force Service Regiment, who had a 1108-64V total. High individual honors went to GySgt. S. S. Carr of 2nd FSR with a 287-24V total. Division's Thompson took second with 285-14V.

### General Burger

Lt. Gen. J. C. Burger, commanding general, FMFLant, was on hand for the

wrap-up of the week long affair. In addressing the shooters at the trophy presentation, General Burger expressed the opinion that competition such as the FMFLant shoot will be in-

strumental in providing the Marine Corps with top marksmen that will once again place the Corps on top in all phases of inter-service match competition.

Also present for the

awards presentation were Maj. Gen. J. P. Berkeley, Division commander; Maj. Gen. S. S. Wade, CG, Marine Corps Base; and Brig. Gen. L. F. Chapman, CG, Force Troops.

**TOP TEAM**—Top team in the .45 caliber pistol competition was the 2nd Marine Division with an aggregate score of 998. Team members are, left to right, 1st Lt. M. A. Switzer, MSgt. F. J. Incosky,

1st Lt. E. D. Ging, team captain, SSgt. J. A. Kfos, team coach, Sgt. W. A. Brown, and Pfc J. R. Higgins. Kneeling is GySgt. W. A. Bennett.

1 Force Service Regiment, receiving trophy from Lt. Gen. J. C. Burger, Marine Force, Atlantic.

## LIVERSEDGE FIELD SCENE OF CLASH

# Locals Tackle San Diego Sat.

Can the powerful Camp Lejeune eleven break the 19-game winning streak of the San Diego "Devildogs"? Football fans will find the answer Saturday morning when the two teams meet on Liversedge Field at 10 a.m.

Undefeated in their last 19 games, the West Coast Leathernecks rate as one of the strongest

service teams this season. Adding to their strength are 18 players returning from the 1950 team. Of the returnees, three were named All-Marine, while two were selected as All-Sea-Service.

Hoping to stop the fast, aggressive running team, Lejeune's head coach, Denis Horn, will again use the modified triple-platoon sys-

tem which his team used successfully against Ft. Lee last Friday night. Instead of using a straight three-platoon system, the head mentor will have gridders playing with more than one of the specialist teams.

"This is the type of game in which you can't afford to make any mistakes, or the 'Devildogs' will run over you," said Coach Horn.

Having quarterback trouble, the coach will again depend on his third string field general Martin Klein to spark his offensive teams. Both Keith Wilson and Vince Ce-

sare are sidelined with injuries and are not expected to be ready for action by Saturday.

Even though winning his last two games, both by shutouts, Coach Horn is still revising his squad to find the perfect combination. A few of the changes include the shifting of halfback Lawrence Fennesy to backfield coach. With Fennesy also suffering from injuries, the head mentor will utilize his knowledge and experience to help tutor the backfield.

Prior to Friday night's game with the Ft. Lee "Travelers," Bob Ankudovich moved to tackle,

while J. C. Ernest moved from tackle to end where he grabbed a pass from Klein Friday night for a touchdown.

Returning from his scouting trip at Ft. Belvoir, Va., where the "Devildogs" shut out the "Engineers" from Belvoir 49-0 last weekend, coach Brian Moore stated, "They are primarily a running team, and a good one. However, they can pass and are good at that also." Asked about the San Diego backfield, Moore emphasized, "They have two of the fastest halfbacks I have ever seen on a team."

## 'Pups Take On Bladenboro At Home Tomorrow Night

The Camp Lejeune Devilpups, fresh from a 13-6 victory over the Swansboro Pirates, are gearing themselves for their first clash with Bladenboro high school tomorrow night under the lights at the local intramural field. According to scout reports from Bladenboro, the Devilpups' opponents have an

## Coaches Pick Top Players

Camp Lejeune's third string quarterback, Martin Klein came through Friday night against Ft. Lee, running for one touchdown and throwing for three more to be nominated as the most valuable back of the week by Lejeune coaches.

Klein, a fullback on the squad last year, has been trying out for the field general slot all season against heavy competition by Keith Wilson and Vince Cesare. Due to Wilson being injured Friday night and with Cesare already sidelined, Marty was called on to command the Lejeune offensive.

Marty is from Wilkes-Barre, Pa., where he attended Meyer High School. A member of their grid squad from 1953-56, he was named to the All-Star East Team and Valley Conference in 1955. A private first class, he is a member of Hq. Co., Eighth Marines, 2nd Marine Division.

The coaches' pick for the most valuable lineman on the week is tackle Ben Chitko. Ben got his start on the gridiron at Goodman High School, Goodman, Wis., in 1950. Prior to joining the Lejeune eleven, Ben played with service teams, including China Lake, Calif., the Ninth Marine Regiment and at Key West, Fla. He is a staff sergeant in "T" Co., 3rd Bn., Eighth Marines, 2nd Marine Division.

unusually large line averaging 180 pounds. Utilizing their more than 200-pound ends, the Bladenboro squad runs from the "T" and sets up a balanced line.

A member of North Carolina's AA class football category, Bladenboro has two wins against four losses this year.

According to Coach McGhee, the "Pups" played a good ball game last week and moved the pigskin in fine fashion as they racked up 15 first downs to Swansboro's five. In the yards rushing department Lejeune also led their opponents as they cranked off 266 to the Pirates 240.

Devilpup scores in last Friday's clash came when quarterback Kelly retained the ball and cracked over from the one-yard line early in the first quarter. Dick Dube then imitated his field general as he sliced through for the extra point.

Randle Fridley chalked up the final "Pup" score when he scooted into paydirt from 15 yards out. Lejeune's try for the extra point was thwarted.

Quarterback Mike Miller stood out for the Swansboro Pirates throughout the contest as he galloped for gains of 74, 73 and 42 yards.

Devilpup mentor Tom McGhee expects to make no important changes in his lineup for tomorrow night's tilt. Kelly will be running at quarterback again with Dick Dube in the fullback slot while Aycock and Lawson conduct right and left halfback chores respectively.

## Army Snags Golf Laurels

Jack Laxson, the Army par buster from Europe, won the Inter-Service Golf Tournament at Fort Ord last week with a three under par 69 and a 72 hole total of 285, defeating the defending champion, Phil Rodgers of the Marines by three strokes. Rodgers carded a two over par around in the final 18 holes for a total of 288.

A "sudden death" playoff saw Harold Ridgeley of the Air Force beat out Murry Jacobs of the Army for third place. Both players carded 72-hole scores of 291.

The Army walked away with team honors, scoring 1171, 12 strokes better than the Marines with 1183. The Air Force had 1185 for third and the Navy was last with 1202.

Camp Lejeune's Richard Meyer and Bill O'Brien carded 80-83-73-75-301 and 80-76-76-79-311 respectively over the 7,000 yard California course.

Early in the first quarter, quarterback Keith Wilson already suffering from a bruised leg, was injured again and had to leave. With Vince Cesare also sidelined with injuries, Coach Horn called on utility quarterback Martin Klein.

After running four offensive plays the Marines lost the pigskin on a fumble at the "Traveler's" 31-yard line. The Army moved the ball back to the Lejeune 31 where a strong Leatherneck defense forced them to attempt the first of two unsuccessful field goals. Lejeune took over on their own 20, starting a 65-yard drive that ended on the Army 15. Chuck Rix made his first of two field goals good to give the Marines a 3-0 lead early in the first period.

The Army team threatened again in the second quarter after recovering a second Lejeune fumble on the Marine 25-yard line. However, the powerful Lejeune line forced the soldiers back to the 30, where once again Jack Shoffner tried for a field goal. The Leatherneck line charged, blocking the kick in the air and finally downed it at the midfield stripe.

With Lejeune unable to move from midfield a punting attempt by halfback Dennis Pardee was disrupted when a bad pass from center sent the ball sailing over his head

to land on the 18-yard line, where the "Travelers" took over. They then moved the pigskin in four plays and with the help of a field goal penalty to the one-foot line. Here they were met with a brick wall. The Marine line had the fans on their feet as they held the Army team for three plays, ending their first touchdown threat.

Lejeune also unable to move from the one-foot line was again forced to punt to their 34-yard line. And again the Marine defense held allowing the Army only a two-yard gain to the 32, where a desperate fourth down pass play from quarterback Harvard Spencer was blocked at the last second by Jim Green.

This started Lejeune's first completed touchdown drive in the first half, ending with a 15-yard pass from Marty Klein to end Joe Losack for the first six-pointer of the game. Rix again put the pigskin through the up-rights to make the score 10-0 for the remainder of the half.

### Third Period

The Marines took complete control of the third period, scoring 21 more points on three touchdowns and three one-pointers by Rix.

The first score of the third quarter came on a 39-yard run by All-

# Complex Grid Clashes See Two Division Teams Win

The 2nd Division teams and one Wing eleven gained victories in last week's action in the Camp Lejeune-Cherry Point Complex Football League. The Sixth Marines gained their second straight victory with a 34-0 rout of MAG-14 in the lone game played at Camp Lejeune. Action at Cherry Point saw the Division's Group II re-

main unbeaten by edging Marine Wing Service Group 27, 7, and Marine Wing Headquarters Group take Force Troops, 18-7.

A rock-ribbed defense and a lightning fast offensive backfield were the Sixth Marines to its story over MAG-14.

The defense provided the first score when the MAG-14 punter is downed in the end zone for safety following a bad pass from center. Moments later, halfback Dave Holtsclaw scampered 18 yards for the initial TD. The conversion made it, 9-0.

Early in the second stanza, Dallas Hampton snagged a pass and made good for 35 yards and a score. Shortly before the half, Tom Isano took a handoff and slammed 30 yards to make the score 10-0 at the intermission.

The Sixth Marines' defense continued to apply the pressure in the second half and the offense added two scores to complete the game. Basano hit paydirt for his second score on a 12-yard slash in the third period. A 42-yard pass-run from Fletcher to Holtsclaw finished the scoring for the night.

## Cherry Point

In action at Cherry Point the Group II eleven cashed in on two early breaks for scores and then added on for its 13-7 victory over Marine Wing Service Group 27.

Capitalizing on a recovered fumble, Group II quarterback Carl Ott lunged across from the two in the opening moments of the game. Al Smith converted to make it 7-0.

Minutes later Group II linebacker Joe Halla blocked a Cherry Point kick to put the Division team in scoring position again. Two plays later Smith drove seven yards to put another sixpoints in the scoreboard for the Lejeune squad. Neither team was able to mount an offensive for the remainder of the first half.

Late in the third period the

Cherry Point eleven was able to muster a sustained drive that was culminated with their only score of the ball game. An attempted pass for a two-pointer was knocked down.

The remainder of the game turned into a punting duel with neither team able to muster a scoring punch. The defeat was the first for the Cherry Point team, while Group II remained unbeaten.

Another Lejeune entrant was not quite so fortunate last week as Marine Wing Headquarters Group up-ended Force Troops 18-7. The touchdown duo of Ezel Ware and Art Weldon combined to produce all 18 points.

The initial score in the contest came midway through the second period when Ware hit Weldon on a 65-yard pass-run play. Later in the period, with a drive stalled on the Force Troops' 20, Ware found Weldon all alone in the end zone for a six-pointer.

MWHG iced the contest midway through the third period as Ware went across from the five on a keeper play. Force Troops' lone score came late in the contest as Ben McGrosky took a handoff and skirted his right end for 30 yards and the score.

Action in the league found three games scheduled for Tuesday evening. Marine Corps Air Facility hosted Force Troops at New River, Tenth Marines met MAG-14 at Lejeune and MWSG-27 and Sixth Marines clashed at Cherry Point. Wednesday evening, Group II met MWHG at Camp Lejeune. Results were not available at presstime.

# Redskins Still Unbeaten; Colts Win In Boys Loop

Fast action in the Boys Football League Sunday saw the highly favored Redskins extended to down the Bears 19-14 and the Colts ramble over the Rams 19-0. In the opening tilt the Colts' Tommy Moore picked up a first quarter punt on his own 40-yard line and scored standing up during early minutes of play. The Colts

lived up to their name as they galloped at will in the center of the gridiron, picking up nine first downs and a total of 236 yards from scrimmage. The bull-like rushes of Lou Paulson and seacabbar running by Butch Trapp kept the Rams guessing throughout the contest.

Only the fine defensive play of Bill Keagy and Rex Woodbridge kept the Colts from more scoring. Late in the third quarter Paulson marked his way over the goal line for the second TD.

During the final minutes of play Trapp entered the scoring column as Tommy Moore faked to Paulson and handed off to Trapp, who went over his own left tackle for 46 yards and paydirt.

## Second Game

In the second contest the Bears put on a show of power when they battled the unbeaten Redskins right down to the wire, and then threatened to tie the game up in the last minutes of play.

For the second time in two games, Woodbridge faked a kick on fourth down and circled left

end for 47 yards and a first down on the Bears' 4-yard marker. After Mulholland was held for no gain, Woodbridge sliced his way through center for the TD. He followed up with a sweep around his own right end for the conversion.

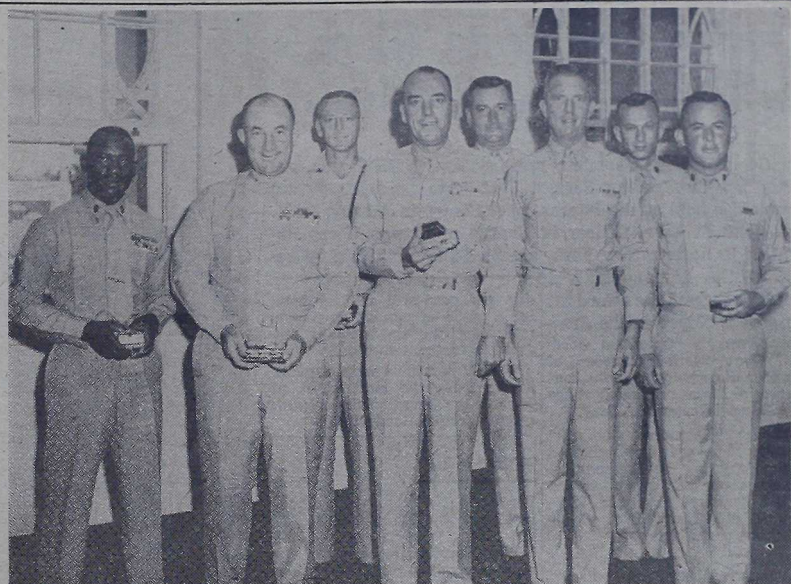

All afternoon Woodbridge showed his heels to the Bears as he rambled for the lion's share of the 316 yards the Redskins racked up from scrimmage.

In the fourth period the Bears pushed to the Redskins' 40 where they mixed passes and hard running by Maderos and Batchelor to score on the Redskins for the first time this year.

Shortly after the Bears kicked off, Woodbridge took a hand-off, circled his own left end and romped 75 yards for a TD.

No sooner had the crowd been seated than they were on their feet again as Maderos took the Redskins kickoff on his own 20 and scampered 80 yards down the sidelines to paydirt.

Time was the Bears' opponent in the closing minutes of the tilt and they were unable to complete the scoring drive underway.

## Service Certificate Given To Amateur Radio Station

Camp Lejeune's amateur radio station, W4LEV, was presented an Outstanding Service Certificate Sept. 30 during ceremonies held at the International Center in Albany, N. Y. Maj. John F. Barr, Officer in Charge of Marine Corps Recruiting in upstate New York, accepted the certificate on behalf of the Lejeune station.

W4LEV received the award for the part it played in the Freedom Network's "Operation Goodwill." The network is composed of "ham" radio operators throughout the world. It was originated at the International Center in Albany.

During "Operation Goodwill" amateur radio operators remained on the air during May Day to offset Soviet propaganda by promoting good will around the world. More than 100,000 "hams" from 57 nations took part in the program.

While the operation was going on, amateur operators contacted other "hams" and after identification of call letters, said, "I am a member of the Freedom Network, originated at the International Center, Albany, N. Y. On this May 1st, I send you my message of friend-

ship and good will and my hope for a world at peace." Each operator receiving the message was asked to contact ten more.

W4LEV personnel were cited for having made the most effort to promote the success of the network and "Operation Goodwill."

## Seabees At Rifle Range; Firing Infantry Weapons

Navy Mobile Construction Battalion-7 arrived here last weekend for six weeks' infantry training which will prepare them to defend themselves when attached to Marine units in combat. The battalion, under the command of Cmdr. Earl F. Gibbons, USN, will receive training in firing weapons normally found in an infantry company, individual combat and defensive training.

This training will be topped off by the battalion in defense being aggressed by Marines. This will be in their sixth week of training after which the Seabees will return to their home base at Davisville, R. I.

During the second phase of training, some of the CBs will go to the Field Mess and Cooking School, Marine Corps Supply School, Montford Point, to receive instruction in cooking and baking in the field. A battalion of Seabees is normally attached to a landing force to help the Marine Engineers build roads, set up supply dumps and numerous other details when the Marines make a combat landing.

Some of the Seabees help build

airstrips so the Marine Aircraft Groups can bring their fighter planes in and furnish close air support for the landing force.

The six weeks of training scheduled for the CBs here is designed to acquaint them with defensive combat and teach them how to use weapons which some of them have never fired.

This Battalion is composed of 15 officers and 350 enlisted men, all of whom are regular Navy.

## Foresters To Begin School Here Oct. 24

Camp Lejeune will host 24 members of the N. C. Forestry Service and Soil Conservation Development Corps Oct. 24 through 29.

Members of the N. C. Forestry Service will arrive here Sunday Oct. 23, for schooling in forest fire emergency aid shelters, logistic and aerial water drops.

The personnel are split into two groups of 120 each and are all members of the Federal Forestry Service, State Forest Employees or representatives of paper manufacturing firms.

Mr. Fred Claridge, State Forester, Head of the Division of Forestry, N. C. Department of Conservation and Development, will supervise the two groups during the entire school period.

He will be assisted by Mr. Ralph C. Winkworth, Regional Forester for the Coastal Plains Region; Mr. James B. Hubbard, Administrative Forester, and Mr. P. W. Tillman, Assistant State Forester for Fire Control.

Class room instruction and a practical demonstration will be given in the new aerial water drop procedures. The Forest Service has two planes in this area by which 400 gallons of liquid can be dropped from each plane into a fire zone.

One case related by Chief F. J. Schlapp which took place in the Scranton area near Washington, N. C., is indicative of the cooperation given the rangers by Lejeune Marines. When the fire broke out in that area the Marines were called upon for help. Members of a Lejeune-based bridge company were sent to the scene. While there a bridge collapsed and the bridge-builders, not to be halted in their work, rebuilt the bridge and continued to fight the fire.

# OWC Executive Coffee Fetes Mesdames Wade And Luckey

The executive board of the Officers Wives Club met Monday at a formal coffee to bid farewell to Mrs. Sidney S. Wade, former honorary chairman of the organization. The occasion so was a welcome for Mrs. Robert B. Luckey, wife of the new commanding general, Marine Corps Base. Mrs. Wade wore a scarlet wool suit-dress and gift corsage of gold and white carnations. Mrs. Luckey wore a matching corsage with her attractive pearl grey suit. The coffee was held at the home of Mrs. R. D. Wright, president of the OWC. Coffee, tea, open face sandwiches and miniature chocolate eclairs were served from a table decorated with pink candles and colorful arranged around sterling silver and sea shells.

The executive board presented Mrs. Wade with a silver jewelry tray in recognition of her many contributions to its activities. In her presentation speech, Mrs. Wright said, "The Chinese say that nothing makes one happier than making a new friend, and nothing makes one more poignantly sad than saying goodbye to one." As the wife of the commanding general, Mrs. Wade has been called upon to act as honorary chairman of many of the groups on the Base. She has also been an active worker for Navy Relief, as well as honorary chairman of the Officers Wives Club. The Wades are being transferred to Headquarters Marine Corps, Washington, D. C. They will make their home in the Chevy Chase, a suburb of the Capital.

## 'Wise For Service Wives' Group V's Oct. 14 Topic

Mrs. R. D. Wright, president of the Officers Wives Club, will be the guest speaker for Group V's October meeting. The meeting will be held at the Paradise Point Officers Club Friday, Oct. 14, in the River Room at 10 a.m. "OWC-Wise for Service Wives," which outlines the duties of service wives and their part in the functions of the Officers Wives Club will be Mrs. Wright's topic.

She has talked on this subject at several group luncheons, delighting her audience with her unusual approach to the subject. She briefly quotes Webster's dictionary in defining dependent wives as a "consequence." Her descriptions of service wives having to uproot themselves in time of international crisis as "those gals who find themselves, for the first time in their lives,

striking out cross country in a car of dubious humor, after packing it with the household gear and children herself," are refreshing. Mrs. Wright summarizes a short history of the OWC by listing some of the club's activities, such as the yearly \$300 scholarship, and the club-sponsored children's concerts.

## Activities Calendar

### International Wives Group

The first meeting of the International Wives Group will be held Friday, Oct. 21, in the River Room of the Paradise Point Officers Club, at 10 a.m. The program will feature a tour of Italy, and will be directed by ladies who have lived or traveled there.

## Travel Funds Cut Cancels D. C. Finals

Technique of Instruction competition for the East Coast Regional finals scheduled to be held in Washington, D. C., Dec. 8-16 has been cancelled according to an announcement by Marine Corps Headquarters.

The recent reduction in travel funds precludes conducting the finals in Washington but the Commandant of the Marine Corps encourages local commands to continue the competition in local areas.

Tentative plans for Marine Corps Base competitions is to hold local area finals for non-FMF unit competition between Camp Lejeune and the Marine Corps Air Bases, Eastern Command to include the Air Facility and Marine Corps Air Station, Beaufort, S. C.

Direct liaison is being maintained between the Base and Cherry Point G-3 sections in coordinating the competition.

A new order is currently being promulgated by Base Headquarters for the Lejeune units and will be published in the near future.

Current plans for 2nd Division and Force Troops competition is to continue their instruction presentations as previously planned.

At present, it is not known whether Headquarters, FMFLant, will hold a finals competition for all FMF unit finalists of the 2nd Division, Force Troops and 2nd Marine Air Wing units.

Information received indicates that Headquarters, FMFLant, will publish a directive covering their finals at a later date.

### Uniform To Change With Weather

The following memorandum was issued this week by the Chief of Staff, Marine Corps Base.

"It is anticipated that the uniform of the day... will not be prescribed until after 18 October 1960. The exact date of the change will be promulgated by message at a later date, as dictated by weather conditions."

## 'Imported' Leatherneck Maintains Military Tree

Although he is thousands of miles from his native Sweden, LCpl. Gustav E. Gyllenhoff is carrying on a family military tradition. Gyllenhoff (pronounced Jyllenhoff), an administrative clerk in "A" Company, 2nd Reconnaissance Bn., 2nd Marine Division, first entered the United States on a visa obtained as an employee of an American airline. Gyllenhoff stems from a long standing military

family. His father is a captain in the Swedish Navy and his grandfather retired as a lieutenant colonel in the Swedish Army.

"After being accepted to become an American citizen, my next big ambition was to be a Marine," stated Gyllenhoff. "I'd heard about the famed Marines since I was a tot."

Gyllenhoff recalled that trying to get into the Marine Corps was a real complicated affair. Because he was an alien, he had to fill out many forms and he was interviewed several times.

"The hardest and most complicated form I tackled was a personal history form, which I'm not likely to forget," he said.

After two months, he was given the green light to enter the Marine Corps. In October, 1959, he arrived at Parris Island, S. C., for recruit training.

"The U. S. 'boot camp' is similar to the one in Sweden, that is for the first week," he stressed. "We receive a week of basic service life indoctrination and the remainder of the 10-12 months is spent training in the field."

At Parris Island he was nominated as top man of his platoon and was promoted to private first class at the conclusion of his training.

Gyllenhoff is a sports enthusiast. He likes American baseball and has already picked the "Yankees" as his favorite team. He's active in many command sports events and belongs to the Camp Lejeune "sky-diving" parachute club. So far, he has made two jumps.

## Vehicles Winterized By Base MTO Order

The Base Motor Transport Officer has announced that all Base Motor Transport vehicles must be winterized in accordance with Base Order 4750.1 by Oct. 14.

Any Base Motor Transport vehicles on temporary loan must be winterized and a report containing the USMC number of the vehicle must be made to his office in writing by Oct. 30.

Units having no winterization facilities can call the Base Motor Transport Maintenance Officer for an appointment and instructions as to where and when to deliver vehicles for winterization.

Units who have winterization facilities may draw anti-freeze from the Maintenance Officer at Building 1502.

## 'Pops Americana' Program Set For Field House Tonight

A new idea in concert presentation, "Pops Americana" will bring Herb Shriner to Goettge Memorial Field House this evening, at 8:30. Shriner will serve as narrator and humorist for the proceedings, which will feature the Concert Orchestra Americana under the direction of Gustave Haenschel. Folk

## HAM Radio Sets Record In Vieques

"Records are made to be broken and we set a good one this time," says LCpl. Thomas E. Sidwell, Operator of the amateur radio station (HAM Station) located on the island of Vieques, Puerto Rico, who with the help of Marines from the 2nd Bn., Sixth Marines, 2nd Marine Division, set a new high of 44 long distance phone calls Sept. 20 which topped the old record by four.

The HAM station, which operates by appointment only because of the large number of Marines calling home, has averaged approximately 30 calls per day. With good weather conditions for reception and broadcasting, the new record of 44 was set giving more Marines a chance to contact their families in the U. S.

Because the Marines are away from their families these radio phone calls are in great demand. The price of the call is only the cost of the telephone patch from the station contacted to the party called. This is usually inexpensive because of the many Ham stations throughout the U. S. and their cooperation with one another.

Sidwell, primarily a Radio Relay Technician for Headquarters and Service Company, 2nd Bn., Sixth Marines, has participated in the amateur radio hobby for approximately seven and a half years. He is now on a temporary assignment to operate the station for the battalions that train on Vieques.

"Setting up a HAM station on Vieques was a very good idea. It gives the Marines a chance to keep in touch with their families at a minimum cost and also gives that personal touch which cannot be obtained by mail," says Sidwell.

The HAM station was set up on Vieques by the 2nd Division personnel training there.

## High Altitude Marine Pilot Tells Of Feat

The Marine pilot who wrote a new chapter in aviation history on July 26, 1959, has now put his story of the event in book form, titled "The Man Who Rode the Thunder."

The book, which goes on sale Nov. 10, the Marine Corps birthday, tells of Lt. Col. William H. Rankin's fantastic experience when he bailed out of a jet at 47,000 feet and was hurtled about in a thunderstorm for 40 minutes.

A condensed version of his story, "I Rode the Thunder," is being published in "The Saturday Evening Post," and a major Hollywood studio is negotiating for the screen rights.

Colonel Rankin says, modestly, that he's not too happy about the title of his book which was written in collaboration with Harry Krush, a professional writer. "I think it's too arrogant," he says.

The colonel is slated for appearances on the Dave Garroway, Art Linkletter and "I've Got a Secret" TV shows in connection with the book's appearance. He's considering a second book, this one about a supersonic squadron.

balladeer George Alexander will also be featured on the program. Shriner himself will double as a harmonica soloist.

Herb is a travelling humorist and as such has been the recipient of assorted gifts from his fans. He has mailbags full of old folk songs and also owns an assortment of vintage automobiles ("A fella once tried to sell me an Edsel.")

"For our authentic folk tunes we have searched for as many authentic old American musical instruments as we could find, from the five-string banjo to the zith and swinette," Shriner reveals. Artists in the orchestra will perform on rare instruments as part of evening of wholesome fun and music.

"With the current craze for hi stereo and what-not, a live concert is a natural. After all, live concerts have the highest of fidelity—the three-est of D," says Herb. "Music's becoming very popular over again, and the pollsters tell me that last year more people attended concerts than all other office amusements. When you hear and feel the thrill of a great symphony orchestra playing just for you, a person can see why this is true."

Admission for this big fun concert is one dollar and the public is invited. Tickets are now on sale at the Marine Corps Exchange, Field House, Camp Theater, Camp Drive-In Theater, Unit Special Services offices and the Jacksonville Chamber of Commerce.
