

Flying Duck Will Update Future Wars

The slow-moving amphibious landing forces of World War II and the Korean War belong to history. Future wars will see Marine landing forces virtually flying ashore on enemy beaches, according to Navy Times.

To get its landing forces ashore quickly, the Marine Corps is now developing hydrofoil landing craft. The work is being done by the Avco Corporation's Lycoming Division.

Well under way is the development of the "Flying Duck", a hydrofoil version of the famed World War II DUKW amphibious landing vehicle.

Water Speeds

The "flying duck" uses its 860-horsepower gas turbine engine, which normally powers helicopters and airplanes, in combination with wings to attain water speeds up to 50 miles per hour. The World War II version had a maximum speed of only six miles per hour.

The "flying duck" can maintain level high-speed flight in choppy seas with four-foot waves as well as negotiate rough ocean seas and surf. It has a range of 250 miles.

This Week At Camp Schools

Montford Point School: The falling snow caused great excitement at Montford Point last week. Mrs. James' first grade class made snowflakes for a bulletin board and Mrs. Carr's fifth graders read "Snowbound." The cancellation of school on Thursday disappointed the fifth grade, for Dr. Herb Davis of the 1st Bn., Second Marines, was scheduled to address Mrs. Carr's class and bring a real skeleton with him. This program was to have concluded the class' study of the human body. Mrs. Green's sixth graders are studying China, and Nicky Smith brought films on Formosa. This class learned about Mardi Gras and hand-modeled clay masks to represent those worn in the Mardi Gras festivities.

Stone Street School: The patrol boys for this month of March are: Glenn Geiger and Peter West from Mr. Roberts' fifth grade and Gary Kathe and Stephen Worley from Mrs. Byrd's fifth grade.

CAMP SCHOOLS MENU

The GLOBE family edition will publish the weekly menu for Camp Lejeune Children's Schools as received from the dietitian and approved by the superintendent of schools. All menus are subject to minor changes.

FRIDAY, MARCH 11
Fishtickburger on bun, Tartar Sauce, Mexican Salsa, Triple Succotash, Peanut Butter Cookies, Milk

MONDAY, MARCH 14
Buckskin Super-on Buttered Rice, Apple, Bacon, Cabbage Salad, Carrots, Oatmeal Raisin, Butter, Chilled Purple Plums, Milk

TUESDAY, MARCH 15
Chesapeake on bun, Catup, Relish, O'Brien Potatoes, Skimmered Turnip, Green, Cherry Cobbler, Milk

WEDNESDAY, MARCH 16
Scalloped Ham & Potatoes au gratin, Buttered Green Peas, Carrot & Celery Salsa, Blackberry Muffins, Butter, Chilled Grapefruit Sections, Milk

THURSDAY, MARCH 17
Beef Vegetable Soup, Egg Salad Sandwich, Pimiento Cheese Sandwich, Molded Lime-Grapefruit Salad, Shamrock Cake Square, Milk

Swimming

(Continued from Page 1)

Classes are held every Friday from 7 until 9 p.m., and all students 15 years old or over are able to attend free of charge.

Will This Happen To Your Dog?

IT'S A DOG'S LIFE—Base dog catcher, Act. Sgt. Forrest E. Skinner Jr., tugs a reluctant boxer from a truck at the Lejeune Dog Pound, while a smaller dog waits for an assist. Skinner warns all pet owners to observe the quarterly quarantine period which begins Tuesday.

Midway Park's Nursery Offers Home Comforts

In most towns and cities, working parents are confronted daily with the complex problem of proper and competent care for their youngsters during the working day. Such is not the case at Camp Lejeune. Wives of servicemen and civil service employees working aboard the Base have a simple solution—the Midway Park Nursery, located in the new Midway Park Community Building.

Operating Hours

Operating Monday through Friday from 7:30 a.m. until 5 p.m., the nursery offers children from two to six years of age all the conveniences and daily activities normally found only in the home.

To the delight of the children, the day usually begins with "Captain Kangaroo" romping across the television screen, followed by another favorite, "Romper Room." After these programs, TV gets switched off for the day as the group turns to other activities. All take part in a singing session, followed by story-telling time, record playing, and—always a favorite for the children—fruit juice and a light breakfast.

Food and Rest

Lunch is served from 11:30 a.m. to 12:30 p.m. Nap time for the busy small fry is from 1 until 3 p.m., followed by cookies and games until the children return home.

In addition to caring for the children on a weekly basis, hourly supervision is available. Rates for nursery care are 50 cents per hour, \$2.50 per day, and weekly:

one child, \$9; two children, \$16; and three children, \$21. Half-day rates and rates for children attending kindergarten are \$6.50 weekly per child. Fees for other school children are set at \$6 weekly per child.

For further information and for reservations, contact Mrs. Herndon, supervisor in charge of the Midway Park Nursery, at Base ext. 2-2172.

Flying Club Reveals Meeting Time, Site

There will be a meeting of all those interested in joining the Camp Lejeune-Marine Flying Club, in Messhall No. 9 at 7 p.m. Monday, March 14, in Post Lane in the area behind Base Headquarters.

As specified in Base Bulletin No. 5760, dependents of Marine and civilian employees are eligible to join the flying club, and are invited to attend this meeting. Preliminary procedures have been worked out which will permit members to pay their \$50.00 initiation fee in installments as low as approximately \$10.00 per pay day.

Pet Quarantine To Start Here Tuesday

The quarterly quarantine period for pets begins Tuesday and extends through March 21. The annual rabies vaccination and registration program will be conducted during the same period, and applies to all dogs and cats harbored within the geographical limits of Camp Lejeune. Dates and places for the program were published in last week's family edition of the GLOBE but are being reprinted since no Base Order is available to pet owners for reference.

Air Facility Helicopter Pilot Makes First GCA Landing Of Its Kind At Cherry Point

The first ground controlled approach landing by helicopter ever made at the Marine Corps Air Station at Cherry Point occurred during the blinding snowstorm last week. It was also the first time the pilot, 1st Lt. T. J. Toben, of the New River Air Facility, had made a ground controlled approach in any type of aircraft. It was also the first time that the air controller, Capt. R. L. Robinson, had "talked in" a helicopter through the radar and voice control method.

Lieutenant Toben was caught in the snow storm while returning from Norfolk, Va., to his home base at New River. He was picked up by radar at Cherry Point when he was about six miles northwest of the air station between New Bern and Cherry Point.

Having no forward visibility, Lieutenant Toben filed an instrument flight plan and then circled for about 15 minutes until it was cleared. He flew on instruments until he was near Cherry Point when Captain Robinson and the GCA unit "talked" him in until he saw the runway lights 200 feet below, he then piloted his aircraft to a perfect landing.

The co-pilot, 1st Lt. W. O. Samuels, also of New River, was making a syllabus training flight. He had previously made GCA landings in fixed wing aircraft but never in a helicopter. The crew chief was Pfc J. R. Gates. All are members of Marine Helicopter Transport Squadron—262.

GCA LANDING—1st Lt. T. J. Toben, who made the first ground controlled approach landing made by helicopter at Cherry Point Air Station, describes the method used in the landing with a model of an HUS-1 helicopter. (Photo by Act. SSGT. R. D. Fennell)

The Gift Of God, A Child's Destiny

By CAPT. J. C. CANTY
CHC, USN

The hue and cry of today is for the control of youth. Our law enforcement agencies, our educators, our lawmakers view with alarm the problem of juvenile delinquency. Our books, and newspaper articles recognizing the problem suggest solutions, all pointing to the fact that if such continues, Christianity and civilization are doomed to die. Even Hollywood publicizes the problem, although some of their productions encourage rather than discourage the problem by their glorification of the juvenile brat. TV and radio with all their potential for good, have a tendency to glorify crime even on their so-called kiddie programs.

The comic and children's story books add to the problem and the psychological effect of all these programs and books on immature minds is terrific and the "dead end kid" becomes a reality in every neighborhood. The problem of youth is indeed frightening, for they are the men and women of tomorrow, the nucleus of civilization. What is the answer?

The answer is in the home and the parents. It is a fundamental truth that all children come from God and must return to God someday. Such is their destiny for which parents are personally and primarily responsible. If they fail, the blame rests securely on the heads of the co-creators with God, the mother and father.

A philosophy of education called "self-expression" has been adopted by many of our parents and the result has been a loss of control and the absence of discipline in the lives of many of our children. You know the type who say in effect, "Let the child do what he wills. They must have no inhibitions. Never stifle their desires. If they wish to break a window, smash a playmate's nose, set off the floor, let them do it." And some of our parents buy this nonsense. And the result? A very sorry picture.

Other parents, afraid to be firm, accede to the youngster's outlandish request on the plea that "everybody does it." Or "they'll say you're old-fashioned." It demands courage to be firm, I know, but it pays dividends in the future.

Mothers and fathers, we salute you. May we always be proud of you. Yours is a magnificent destiny and a serious responsibility. The future of civilization rests in your hands. May you not be found wanting. God bless and keep you now and always.

IN YOUR HANDS...

The Latest Word

NEW TANK HELMET—The 1st Tank Battalion at Camp Las Pulgas, Camp Pendleton, Calif., is testing and evaluating a new ballistic tank helmet. The tests, which are being conducted by Alpha Company tanks, will last for 50 to 100 hours.

The new helmet has a capability of stopping missiles traveling up to 1,430 feet per second as compared to the 800 feet per second stopping capability of the present helmet. Because of this, it is anticipated tank crewmen will be able to use the new helmets in performance of duties outside the tanks. This will eliminate the need for each crewman to have an infantry-type helmet in addition to the tanker's head gear.

An added feature in the new helmet is a simplified communications gear. In the present helmet, the crewman is required to wear a transfer box on his chest along with a complicated switch and wire extensions. In the new assembly, the transfer box and switch equipment is stowed in the ear phones, and requires only a single cord.

WOMAN MARINES—All Women Marines undergoing recruit

training at the Marine Corps Recruit Depot at Parris Island will attend the four-week General Office Procedure Course immediately after finishing recruit training. Previously those selected for the Naval Air Technical Training Center, Memphis, Tenn., for six weeks' additional training, left the Depot immediately after recruit training. The course includes classes in the Navy filing system, Navy directives, business English, correspondence and general office procedures. Approximately 14 hours a week is spent in the typing class. After graduation, leave will be given to those selected for training at Memphis, depending upon the center's training schedule. Those not assigned to aviation, will be granted leave before reporting to their first permanent duty station.

AUTO HEADLIGHTS—The traffic laws of North Carolina require that auto headlights be turned on one-half hour after sunset and may be turned off one-half hour before sunrise. The law further requires that headlights be used at other times when there is insufficient light to see and clearly distinguish an object 200 feet ahead of you.

interested in a particular activity until they have proper instruction. Wait until I've been here a little longer. Then I'll pin-point a few things.

ACT. SGT. CALVIN A. MARTIN, H&S Co., 8th Motor Transport Bn.—I guess this is an opportunity to get behind one of my favorites, gymnastics. The majority of the gyms on the Base are okay, but there are such things as horizontal and parallel bars that we need more of. I'd also suggest more recreational rifle and pistol shooting and the

addition of a very interesting pastime, horseback riding. Many, many bases have stables and you'd be surprised at the number of people who would choose this above baseball, tennis, golf and even swimming. We certainly could make room for fairly decent stables, and with the amount of "energetic personnel" here, it would be a great thing. I can't say the facilities at Camp Lejeune aren't adequate, but there are very few places where additional sports equipment couldn't be used, especially on a Marine Base.

Overeating Is A Lack Of Discipline

Discipline, appearance and longevity may not, at first thought, seem closely related. When connected with being overweight, the pieces should immediately fall into place.

No matter how you approach the problem or what fancy solution you may have, when your intake amounts to more than your bodily requirements, the net result is fat. In so many words, you eat too much. Exercise is fine for conditioning muscles and helping conceal fat but it is no substitute for eating less. One would have to walk several miles to burn up the calories in one cracker.

How does this affect discipline? The answer is self-discipline, the practice of moderation.

Personal appearance? Look around you. Setting an example for subordinates by wearing a brand new uniform is fine unless size 36 trousers are encased around a size 40 waist.

Insurance companies have for years been issuing statistics that show overweight as a contributing cause of heart attacks. Thus, if personal pride is not sufficient incentive for physical fitness, the desire for self preservation should supply a motive.

Don't be accused of looking "fat and forty." Make it "trim and twenty."

Chaplain's Corner

Those Who Don't Seek Won't Find

Some youths feel that everything in life comes on a silver platter. After a few months in the Marine Corps this idea is cast aside. In the Marine Corps as in other branches of service opportunities to advance are not just handed one. When a recruit enters the Corps a master sergeant's chevrons are not just gratuitously granted. He might be shown the chevrons, but he is told that years of service, hard work, and initiative are behind earning them. Opportunities are not just handed one. He has to make them. "Seek and you will find" is an adage that one ought to adhere to from birth to death. It is as simple as that. Those who do not seek will not find. Opportunities do not knock on our door. We knock on the door of opportunities.

On one occasion a salesman visited the home of a rural elderly couple. In one corner of the living room sat an old piano. "I see you have a piano," the salesman said. "Does anyone play it?" The old man looked at the piano and said, "No, no one plays on it now, but there's a heap of fine music in there if you could get it out." There are lots of fine things in life but it is up to us to work out means to get it out.

—OSCAR J. HARRIS,
Division Chaplain.

compliance with Para. 17107, Chapter 17, MCM.

If You Ask Me:

ACT. SSGT. WILLIAM A. POLASTRE,
H&S Co., Eighth Marines—Being a married

man, I haven't the time to spend at a golf course or tennis court. It would be swell, though, to see something that could include all the family's participation. I might suggest a roller-skating rink. This is one of my favorites when I manage a few hours. You

would have something not too elaborate, but a pleasant atmosphere where dancing could be held, refreshments. There're a few rinks near the Base, but the atmosphere is terrible, and you can't really enjoy yourself. A spot for a riding path with a few good horses is always of interest, no matter where the location. When I was in Hawaii, we'd go deep-sea fishing a lot. It was much more fun when the company got together and planned to go in a group. The same is done here, since there is a good spot for fishermen. Have you any idea where you could make ar-

RECREATIONAL FACILITIES
WOULD YOU SUGGEST FOR
CAMP LEJEUNE?**

rangements to go all day in a group, hire the boats and other equipment. Other than these few suggestions, this Base is average when it comes to recreation.

**CAPT. DENTON FENSTERMACHER, Base
Mat. Bn.**—I just arrived on Base, so I

can't say what's needed and what isn't; but judging from what most of the men like at the various naval stations where I'd been, swimming, tennis, ball games, golf, boating and riding are some of the essentials in a well-rounded recreational program.

Warm weather will be here soon, and having the beaches so close will probably satisfy most outdoor-minded people. I think there are boating facilities here, so the only thing I can say is improvements on what Camp Lejeune now has. Water skiing is an interesting sport. Maybe instruction on these things would encourage more people to try them. So often, people don't think they could ever become

Veteran Boxing Stand-Out To Head All-Marine Match

Colonel Harvie "Heinie" Miller, U. S. Marine Corps (Ret.), winner of the 1960 Sportswriters Gold Award, has been named director of the All-Marine Corps Boxing Championships, to be held at Camp Lejeune during April 19, 20 and 21. Colonel Miller, who retired from the Marine Corps Reserve in 1948 after 40 years of military service,

was presented the gold award for his 54-year association with the sport of boxing.

Miller, in Milwaukee, Wis., in December of 1933, the colonel attended Concordia College of Milwaukee, where he was a member of the U. S. Navy April 1, 1906.

After serving in the Navy nearly nine years, Miller was discharged in February of 1915 as Chief Yeoman and Admiral's writer.

Avid Sportsman

During his early seafaring days Colonel Miller was recognized as an avid sportsman. From 1906-09, he was a member of Fleet Championship baseball teams from the USS Maryland and Wilmington.

During the boxing season of 1906, the colonel fought his way to the Bantamweight All-Service Championship. In the following three years he captured the Far East Professional Feather and Lightweight

baseball seasons of 1910-12 as colonel as playing manager.

And Now

er of the All-Navy baseball team.

His illustrious fight career, however, did not start while in the Navy, for the colonel states he can remember his first pro fight in 1900 at the age of 12. He also recalls that he made the Ripley's "Believe It Or Not" column during a bout in 1908, when after being floored 13 times in the first four rounds of a 45-rounder, he arose from the canvas to defeat his opponent.

Following another brief two-and-a-half-year tour of duty with the Navy, Colonel Miller took over as managing editor of "Our Navy" and "Japan" until 1927, when he founded and became managing editor of "U. S. Coast Guard Magazine" and "The Navy Review."

Writer-Announcer

From 1925-27 the colonel was employed as sports editor of the Washington Herald as well as sports announcer of WCAP, Washington, D. C.

Prior to his sports announcing days, the colonel was a licensed boxing referee for close to 12 years. During 1934-49, Colonel Miller held the position of Executive Secretary to the District of Columbia Boxing Commission and President and Executive Secretary of the National Boxing Association.

As boxing coach at the University of Maryland for eight years, Colonel Miller's teams won three Southern Conference Championships.

Colonel Miller proved that boxing was not his only way of life when in 1926, he won the Captain Cleveland Golf Tournament for Newspapermen.

Busy Ring Career

The years of 1946-56 were busy years for the colonel in the ring world, for while serving as Director of Information (Publications and Publicity) at the University of Maryland, he held the positions of Chairman of the District of Columbia Boxing Commission and Executive Secretary of the National Boxing Association.

In 1951, the colonel took time out to write a paper-back book in answer to the many criticisms against what was then known as the "Whipping Boy of Sports," boxing.

Within the context of the book Colonel Miller instituted the statement that "No man is bigger than the game he plays and no game can rise above the level of those who play it."

Base Keglers Take First In Quad Roll-Off

Headquarters Battalion, top bowlers of Marine Corps Base, took first place in the Camp Lejeune Bowling Tournament with Headquarters Battalion, 2nd Marine Division, placing second.

The top keggers led in the individual department with Lew Nicoletta and Paul Vasko, one-two in the individual average department with 195 and 183, respectively. Nicoletta also held tournament high

LEW NICOLETTA

series with 645 and Pete Petrunich with high game of 246.

The winning club finished the match with 26 wins against only two defeats, eight full wins ahead of the second place team.

Headquarters Battalion, Division, edged into second place after a roll-off with Headquarters and Headquarters Squadron of the Marine Corps Air Facility after both teams had tied during regular play at 18-10.

Eighth Communications of Force Troops came in fourth place to round out the first division with 17 wins and 11 losses.

The Base bowlers blasted 19,097 pins during the competition for a game pin average of 909 per game, with Headquarters Battalion, Division, second with 18,291 pins during the regular match.

this busy schedule on tap, Coach Rex Williams, head boxing mentor, has stepped up training in an effort to repeat last year's performance when the local scrappers copped the Fleet Tournament with a 7-3 record.

Title hopes will be pinned on Rocky Fiorentino, Willie Davis, Henry Hooper, and Lucien Green, who displayed winning ability during the 1959-60 regular boxing season.

In the featherweight division, Coach Williams will enter stalwart Rocky Fiorentino, 1958-59 Atlantic Fleet featherweight champion. Rocky has a 7-2 record during the regular season and will be scrapping to hold onto his title.

Willie Davis, a promising young service fighter who only recently joined the local scrappers, should prove interesting in the light-welterweight department. With a 3-2 record this year, Davis' best was considered to be his overwhelming victory over Quantic's Jackie Gist, here last month. Among other competitors, Davis will face last year's welterweight champion, Ernest Curtis of DesLant.

Henry Hooper was last year's All-

Marine runner-up in the light-heavyweight class. Hooper has a season record of five wins against three losses.

Lucien Green will vie in the lightweight division. Green, who holds a 5-3 record for the season, was middleweight runner-up during last year's Atlantic Fleet Tournament.

The locals will go with Fred Fogg in the welterweight class. Fogg, who was the 2nd Marine Division welterweight champion in 1959, has a 3-1 record with the Lejeune scrappers.

Tonny Zanglia will undertake the lightweight duties during the tournament in an effort to hold the title which he won last year.

Ronnie Cooper, who holds a season record of five wins against four losses, will be entered in the bantamweight class, while Leroy Metz will go in the flyweight division. Metz, who holds a 3-3 season record with the locals, was the 3rd Marine Division featherweight champion in 1959.

Beckett Meets Ring Vet

Jim Williams with a 1-1 record and in his freshman year of service boxing will be entered in the light-heavyweight class, and Bob Beckett, who holds a 1-0 record after a smashing knockout over Quantic's Charlie Ford, will be entered in the heavyweight class. Beckett, who is also in his first year of service boxing will oppose ring veteran Roy Luzon, AirLant's three-time All-Navy heavyweight titlist at last year's inter-service heavyweight runner-up.

Upon completion of the tournament, winning and runner-up teams as well as the individual winner and runner-up of each weight class will receive appropriate awards.

Coach Williams will be aided at ringside by Act. Sgt. Allen Elkins during the tournament matches. Elkins is the local Assistant Boxing Coach and trainer.

Staff Keglers End Season; Roll-Off Set

The Staff NCO Bowling League has completed their winter season and team and individual awards were presented during their annual banquet held at the Hadnot Point Staff Club last Friday night.

Maryland Life finished the winter season with 55 wins to take first place in the Tuesday night league with D&E Car Exchange runner-ups with 42½. In the Wednesday night league it was First National Life with 53 followed by Archer Renault with 46. Falstaff took 65 wins to top the Thursday night league with Quality Cleaners second with 50. Members of the Falstaff team made a clean sweep of the individual awards for the Thursday bowlers.

Ken Therrel of Stiles Van & Storage took top honors in the Wednesday night league with individual trophies for high average, high handicap series and high handicap game. Therrel finished the winter season with a game average of 174, a high series of 664 and a high game of 253.

Tuesday League

Low Nicoletta was high average and high scratch series during Tuesday nights play with 186 and 670 respectively. John Bowen took high handicap series with 639. Topper Wilkes, high scratch game with 252 and "Ike" Eisenhower of D&E Car Exchange took high handicap game with a 253.

National Bohemian was high team series with 2859 while New River Cleaners rolled 1035 to take high team game.

Quad Tourney Nears Finals

(Continued from Page 9)

Air Facility's Conwicket with 14. Bobby Duer scored 31 points as Headquarters Battalion, Division, eliminated the Supply School from the tourney, 71-61. Wethesby led the scoring for Supply School with 24 points.

During the first of two thrillers, Eighth Comm. upset a favored Second FSR, 59-57, after returning from a 28-28 halftime tie. Walker was high for FSR with 19, followed by Cooney with 18 for the Radmen.

The Air Facility Team No. 2 made it two in a row as they dropped Second Field Artillery Group, 72-69. Tonkray led the game's scoring honors with 27 points for

WINNING PATCH—Submitted by LCpl. L. W. Aaron of Headquarters Company, Headquarters Battalion, Marine Corps Base, this insignia will be reproduced and worn on the caps and jackets of members of the Camp Lejeune Rifle and Pistol Club.

Shooter's Patch Selected By Base Rifle And Pistol Club

The winning insignia for the Camp Lejeune Rifle and Pistol Club was submitted by LCpl. L. W. Aaron of Hq. Co., Hq. Bn., Marine Corps Base. The insignia will be reproduced and worn on the caps and jackets of the club members. Aaron, who will receive a cash award of \$10 for his entry, has been at Camp Lejeune for nearly a year. He has done numerous illustration jobs for both the Camp Hostess House and the Hadnot Point Staff Club.

Familiar with art since his elementary school days, Aaron is presently studying commercial art through correspondence courses.

Aaron's idea was derived from an October 1957 issue of the "Leatherneck Magazine." Those viewing the insignia will most likely detect the campaign hat of "The Old Gunny," while the Corps mascot was found in another section of the publication.

Open Membership

Membership in the club is open to all personnel and their dependents of the Quad-Command. Capt. Cecil O. Seal is president of the club and Capt. Homer Spiers is vice-president. Act. GySgt. Donald Felty is secretary and treasurer and Capt. Robert Russell is executive officer.

While many of the club members are also members of the rifle and pistol teams of the various commands, Captain Spiers has previously pointed out that membership in the club has no connection with these teams. Membership is not limited to expert marksmen, but is open to everyone interested in rifle and pistol shooting.

The club meets the first Monday of each month in the dining room of the Hadnot Point Staff Club.

Primary mission of the club is to establish and promote fellowship among rifle and pistol shooters and to further rifle and pistol marksmanship in the Camp Lejeune area.

Lew Nicoletta High Kegler During Base Intramural Bowling

Headquarters Bn. compiled an amazing 28-4 record to cop the Base Intramural Bowling Championship with 2nd Force Service Regiment following closely with 26-6.

Lew Nicoletta of Headquarters Battalion swept the honors in the individual department as he led the field in high individual series, high individual game, most 600 series, most 200 games and high individual average.

With his high average, 198.8, Nicoletta hit 244 for his high game and 622 for high individual series, while rolling 12 200 games and four 600 series.

Also of Headquarters Battalion, Paul Vasko followed Nicoletta with a 185.7 average, one 600 series game and seven 200 games.

High team series went to the leaders with 2746, while 2nd Force Service Regiment took high team game with 956.

TOP LEJEUNE BOWLERS—Members of the Headquarters Battalion, Marine Corps Base, keggers who topped the Quad-Command roll-off last Monday. Kneeling, Pete Petrunish; standing, left to right, Wayne Nicoletta and Spot Flegle.

Rod & Gun

By ACT. GYSGT. HELEN BRUSACK
Phone 7-5888

The Rod and Gun Club will hold its monthly meeting tonight at Marston Pavilion. Maj. P. B. Byrum will talk on the true meaning of Rod and Gun Club membership. The club's Policy Committee will make a report on policy and aims of the club for this year.

Striped Bass

Around this area I would say one of these days striped bass fishing will be one of the most popular kind of fishing with the possible exception of the spot.

Sea mullets should be coming in at the fishing pier in the next week or two. The fishing pier has a good supply of bait for sale, so it is unnecessary to bring your own.

Striped bass (*Morone saxatilis*) are often called "rockfish," "rockbass" or simply "rock." The stripers are known to range from Florida to the Gulf of St. Lawrence on the Atlantic Coast. On the Gulf Coast from Texas to Alabama. On the West Coast from Southern California to Washington. Striped bass live in salt water and migrate to fresh water to spawn.

Striped bass live in inshore waters, brackish bays and sounds, along sandy beaches or shallow rock reefs. The striped bass may live 16 to 19 years. Some grow to be very large in size. One 36 inches in length, weighs about 18 pounds; but lengths of four to five feet and weights of 50 to 100 pounds are on record.

The usual methods of catching striped bass is by trolling. Anglers use a variety of baits and lures. Some use strip mullet or pork rind, while others use broken-back minnows, feathered jigs or cels.

Not all striped bass fishing is done in the daytime. In fact, some of the best fishing is done at night; the only drawback being it's usually cold enough to make you wish you had worn your long underwear if you didn't.

The idea is to catch a falling tide early in the morning about 1 o'clock. You find a nice comfortable piling where some deep water passes; a bridge, dock or some other likely spot. Then you string a

mullet strip or pork rind so it trails in the water like something swimming or wiggling.

If you find a place where some light shines on the water, you're really in business.

Don't be surprised if you come upon a shrimp with a red head or mounted on wheels...

Texas Game Commission biologists operating on the Gulf Coast are attempting to learn about the movements of shrimp. Some 7,000 of them have been caught, tagged and liberated in the Copano Bay area. Some of these shrimp have their heads stained red; others have a small plastic disc on their sides.

Division Volleyball

(Continued from Page 9)

Service Battalion aggregation. The league-leaders followed up the opening round victory by crushing the 4th Bn., Tenth Marines, 15-0 and 15-6. Third Bn., Second Marines, maintained their unblemished first half record by downing the winless 2nd AT Battalion team, 15-8 and 15-5.

Third Bn., Sixth Marines, remained close on the heels of the front-running Third Bn., Second Marines, contingent with victories over Service Battalion, 13-7 and 15-13, and 2nd AT Bn., 7-5 and 15-3. Second AT forced the set into a third game when they gained a 12-10 second game decision.

Fourth Bn., Tenth Marines, moved into the No. 3 slot with victories over 3rd Bn., Eighth Marines, 12-10 and 12-10, and 3rd Bn., Tenth Marines, 15-4 and 15-7. Service Battalion upended 2nd AT Bn., 15-5 and 15-6, and 3rd Bn., Eighth Marines, 11-6 and 16-4, to move into fourth place.

Officials Clinic Slated To Aid '60 Intramural Ball Season

It has been announced that the 1960 Baseball Officials Clinic will be held on April 12 and 13 in Area 300 gymnasium at 8 a.m., 11:30 a.m., 1 p.m. and 4:30 p.m. of each day. All units of the 2nd Marine Division, Force Troops, Marine Corps Base and Marine Corps Air Facility have been invited to take advantage of this opportunity to supply their intramural baseball season with competent officials.

Personnel interested in attending must contact their Unit Special Services Officer, and a typewritten roster will be submitted to the Base Athletic Office prior to 4 p.m., April 7.

To Aid Intramurals

All personnel recommended for the clinic should have an interest and background in baseball. The clinic is being conducted to aid commands in overcoming the shortage of qualified officials for the intramural baseball sports program by affording interested personnel the opportunity to become familiar with recent changes in the current rules.

All personnel recommended should have available a pair of baseball shoes for use during the clinic, while all other equipment needed for the clinic will be furnished by Base Special Services.

Lt. Carroll To Judge 'Princess'

First Lt. Nancy A. Carroll, OIC, Message Center, MCB, has been chosen along with four others to act as one of the judges for the North Carolina Azalea Festival Teen-Age Princess. The pageant for judging will be held Saturday at Brogden Memorial Hall, Wilmington, where the judges will meet other judges and members of the Teen-Age Division.

The princess selection is in preparation for the 13th Annual Festival of Azaleas when Queen Azalea VIII will reign over these world-famous gardens.

Florets, queens, bands, marching units, stars of stage, screen and television will add to the festival with tournaments, parades, exhibits, balls, and pageant shows to lead the activity. The Queen's Coronation Pageant and Show and the Teen-Age Azalea Ball will highlight the pomp of the festival. Wilmington's principal floral shows may be visited at any time during the show.

Lieutenant Carroll is the daughter of Mr. and Mrs. Francis G. Carroll, 167 Cerice Circle, Marietta, Ga. Before entering the Marine Corps in September, 1953, she graduated from Tift College, Forsyth, Ga., majoring in Religion and Sociology.

TELETYPE SERVICE—All Quad-Command units are linked in the on-base teletype service operated by the Communications Center. Sending and receiving messages are Pvt. Yvonne A. Latham, Pfc Gary P. Zanini and Act. Cpl. William J. Elliott. (Photo by Act. Sgt. P. F. Vandegrift)

Red Cross Drive Opens With General's Donation

The annual 1960 American National Red Cross campaign was officially opened here March 1 by Lt. Col. John A. Witherspoon, drive chairman.

ACT. MSGT. WILLIAM HAINES

Beauty Judge Gets Many Help Offers From Unit Friends

Would you like to meet Miss North Carolina Photoflash of 1960? A lucky Marine will probably be the first man who will have the pleasure of doing so. He is Act. MSGT. William Haines, Service Bn., 2nd Division.

The sergeant, who holds down the legal chief's billet at the battalion, is this year's Director and Master of Ceremonies of the 3rd annual beauty pageant of the North Carolina Photographers Association. The group, composed of professional photographers from throughout the state, meets in convention each year during which time the beauty pageant is conducted.

Haines, an after-hours professional photographer, has had the pleasure of being associated with such events for the past three years. He directed the Portsmouth, Va., pageant of pulchritude during 1957-58 and 59.

The sergeant straight-facedly insists that his "job" requires his putting in "long and arduous" pouring over the hundreds of pictures of lovely feminine Tar Heels who have entered the pageant. While he hasn't issued a "frolic" as yet, many members of the 2nd Marine Division can be found circled about his desk offering their experience and professional advice.

The first donation to the drive was made by Maj. Gen. James P. Berkeley, commanding general of the 2nd Division.

Co-chairmen for the drive, which is scheduled to end March 31, are Maj. Charles A. Cole Jr., Marine Corps Base; Maj. Bruce W. Clark, 2nd Division; Lt. William J. Clifford, ChC, USN, Force Troops; Capt. Robert A. Terry, Marine Corps Air Facility, and Mr. Michael A. Califano, Civil Service personnel.

The ultimate goal of this year's drive is 100 per cent voluntary participation by all members of the Armed Forces, federal employees, and civilians employed by Base activities. Annual 1960 membership cards will be issued to those contributing \$1 or more.

Representatives of the American Red Cross at Camp Lejeune conducted an orientation discussion with co-chairmen and key men from each unit last week. Operations and activities directly affecting Marines and Navy personnel stationed at Camp Lejeune were explained in detail.

The 2nd Bn., Sixth Marines, was the first unit to reach 100 per cent membership in the drive. They turned in their contributions March 1, the day the drive started. First Bn., First ITR, achieved 100 per cent membership March 4, and Engr. Maint. Co., MS&M Bn., Second FSR, reached the 100 per cent membership mark March 3. Last Friday, the Sixth Marine Regiment obtained its goal of 100 per cent participation in the drive.

Marine Corps Base is leading the drive with 30.2 per cent and 2,272 members. The 2nd Division has 15.8 per cent and 1,943 members, Force Troops, 12.7 per cent and 44 members, and the Marine Corps Air Facility reported 2.3 per cent and 34 members. At GLOBE presstime, no report was received from civilian personnel.

Last year, personnel at Camp Lejeune received benefits from the Red Cross amounting to over \$111,000. The 1959 drive collected only \$24,000.

Jacksonville, Kinston and Wilmington Red Cross chapters also provided services and financial assistance to Marine families from Camp Lejeune.

COMMISSARY

The Base Commissary Store, Bldg. 1200, will be closed for inventory commencing at 12 noon, Saturday, March 26.

The Commissary will re-open for sales as usual Tuesday, March 29.

Message Center Here Is Largest In Corps

Twenty-four hours a day, 365 days a year the largest communications center in the Marine Corps, located in Building 1 at Camp Lejeune, is sending and receiving world-wide messages. Approximately 250,000 messages are handled yearly by the center. The communications center consists of one officer

'Ham' Radio Stations Are Assembled

Personnel in the 2nd Division amateur radio program are assembling and testing two 100-watt amateur radio stations and two complete novice stations. In addition, test equipment and accessory equipment construction and testing is under way.

The installation of the equipment will allow four stations in the program to begin operation in the near future. Assignment of units to operate the equipment has not been completed but it is planned to assign equipment to Division units who take the most active part in the amateur radio program.

A survey of personnel holding valid Amateur Radio licenses is underway and all personnel having tickets are urged to contact Amateur Radio Station W4LEV to complete necessary administrative action.

A project to list all amateur radio operators in the Quad-Command area is under way. Those listing license or station will receive the monthly newsletter of activities.

Operating spaces are to be installed in the near future to allow full operation to amateurs who have qualified in equipment operation. Anyone interested in taking part in this operation is urged to contact W4LEV for further information.

Classroom instruction is still under way for those interested in amateur radio operations. Personnel having a required code speed of 13 words per minute may still take part in the instruction necessary for passing the amateur radio license requirements.

Further information may be obtained by calling 7-3031.

and 56 enlisted Marines. Eleven personnel are on duty at all times, making up three eight-hour shifts on weekdays. On weekends two watches consisting of 12 hours each are used.

The mission of the Communications Center is to provide and maintain reliable, secure and rapid communications based on war requirements and to meet the needs of the commanding general, Marine Corps Base. All messages from units stationed at Lejeune are also handled through this center. U. S. Naval ships entering the Naval Teletype System (NTX) link via the base ship-to-shore radio net are sent through this center to anywhere in the world.

Operating as an NTX tributary station of the world-wide Naval Teletype System, the Communications Center introduces all messages into this system that are originated by or destined to the commanding general, Marine Corps Base, and his subordinate units.

Camp Lejeune and Cherry Point have a back-up circuit which is an emergency land line teletype circuit to be used by either base when the station experiences trouble within the network.

The ship-to-shore operates 24 hours daily and serves as a relay station for all Naval Teletype System traffic originated by or destined to U. S. Naval ships and those units embarked in the Lejeune-Cherry Point area.

A complete teletype system throughout Lejeune is operated by the communications center serving 2nd Division, Force Troops, 2nd FSR, Rifle Range, ITR, Naval Hospital, MCSS, MCES, Base Radio Station and Western Union.

The center is also equipped with an emergency command net designed to provide adequate internal communications serving all units included in their teletype system. The Marine Corps Air Facility, New River, is also included in this emergency net. The emergency command net is operated with specific reference to destructive weather conditions, civil defense and passive defense.

NOW HEAR THIS—Pvt. Carol Turpin sends a message over the emergency voice radio (FRC-6). The emergency radio is used within the Quad-Command and is a duplication of the teletype service utilized on base. (Photo by Act. Sgt. P. F. Vandegrift)

Azalea Show Is Scheduled For March 31

Get your "blues" squared away now for the annual North Carolina Azalea Festival in Wilmington which is scheduled to begin March 31 and continue through April 3.

Festival committees are now making preparations for the four-day program with new events and attractions. The schedule includes pageants, parades, an outdoor art exhibit, fireworks, harness racing, street dances, variety shows, formal dances, garden tours and a community worship service.

Stars to Attend

Stars of the stage, screen, radio and television, political and military figures, as well as many other personalities will be special guests and will take part in the events.

An extra attraction this year is the 12th Annual PGA Azalea Open Tournament that will feature top golf stars competing for \$17,000 in prize money. The golf tournament is held at Wilmington's Cape Fear Country Club and coincides with the festival dates.

First Day

The opening date of the festival, Thursday, March 31, is when guests, dignitaries and celebrities begin arriving in Wilmington. Scheduled for opening day are a dedication of the Azalea Branch of the Wilmington Post Office, a fireworks display, harness racing, variety show and street dance featuring three bands.

Friday, April 1, will mark the opening of specially-guided tours of private azalea gardens, the outdoor art exhibit at Cottage Lane, the teen-age azalea ball and the queen's coronation pageant.

Parade Saturday

Highlighting the festival, as it has in previous years, will be a three-hour parade, divided into three sections, on Saturday. A parade of music, featuring bands from Lejeune and other parts of the Carolinas, then a parade of celebrities, and finally, the parade of floats and marching units, including members of the Tri-Command. The king's coronation pageant is slated that evening with the coronation ball winding up the day.

Garden tours, the Cottage Lane art exhibit and the community worship service are set for Sunday. Other special events are being planned for the program and will be announced soon, festival officials reported.

Division 'Hams' Are Testing Two New Amateur Stations

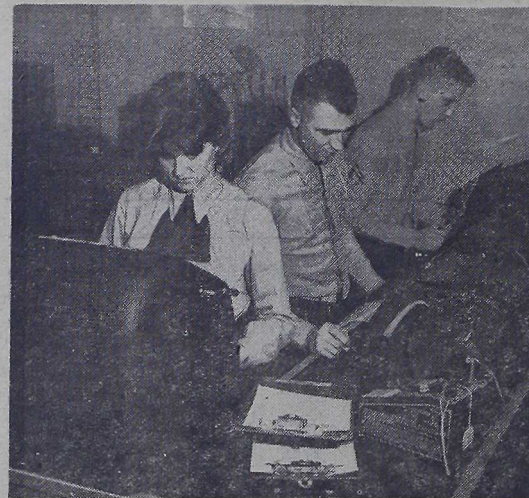

Personnel in the 2nd Division amateur radio program are assembling and testing two 100-watt amateur radio stations and two complete novice stations. In addition, test equipment and accessory equipment construction and testing is underway. The installation of the equipment will allow four stations in the program to begin operation in the near future.

Assignment of units to operate the equipment has not been completed but it is planned to assign equipment to Division units who take the most active part in the amateur radio program.

A survey of personnel holding valid amateur radio licenses is under way and all personnel having tickets are urged to contact Amateur Radio Station W4LEV to complete necessary administrative action.

A project to list all amateur radio operators in the Quad-Command area is under way. Those listing license on station will receive the monthly newsletter of activities.

Operating spaces are to be installed in the near future to allow full operation to amateurs who

TELETYPE SERVICE—All Quad-Command units are linked in the on-base teletype service operated by the Communications Center. Sending and receiving messages are Pvt. Yvonne A. Latham, Pfc Gary P. Zanini and Act. Cpl. William J. Elliott.

WM Officer Will Judge Teen Contest

First Lt. Nancy A. Carroll, OIC, Message Center, MCB, has been chosen along with four others to act as one of the judges for the North Carolina Azalea Festival Teen-Age Princess. The pageant for judging will be held Saturday at Brogden Memorial Hall, Wilmington, where the judges will meet other judges and members of the Teen-Age Division.

The princess selection is in preparation for the 13th Annual Festival of Azaleas when Queen Azalea VIII will reign over these world-famous gardens. Floats, queens, bands, marching units, stars of stage, screen and television will add to the festival with tournaments, parades, exhibits, balls, and pageant shows to lead the activity. The Queen's Coronation Pageant and Show and the Teen-Age Azalea Ball will highlight the pomp of the festival. Wilmington's principal floral shows may be visited at any time during the show.

Camp Lejeune Master Menu

Certain minor changes are permitted such as the interchanging of the evening and noon meals.

The GLOBE will publish the weekly Master Menu for Camp Lejeune messhalls as received and verified by the Base food services officer.

FRIDAY, MARCH 11

Breakfast—Chilled grapefruit, assorted dry cereal, chilled fresh milk, fried eggs, hash browned potatoes, hot toast, butter, jam and coffee.

Dinner—Seafood platter, tartar sauce, baked macaroni & cheese, buttered mixed vegetables, assorted salads with dressings, hot cornbread, butter and coffee.

Supper—Baked veal loaf, brown gravy, mashed potatoes, buttered beans, assorted salads with dressings, ice cream, bread, butter and coffee.

SATURDAY, MARCH 12

Brunch—Fresh fruit, chilled fruit juice, assorted dry cereal, chilled fresh milk, eggs to order, hot cakes, French toast, creamed beef, hash browned potatoes, hot toast, butter, syrup, pastry and coffee. Choice of broiled bacon, fried pork sausage or fried sliced ham.

Supper—Swiss beef steak, mashed potatoes, buttered peas and carrots, assorted salads with dressings, marble cake with icing, hot rolls, bread, butter and coffee.

SUNDAY, MARCH 13

Brunch—Fresh fruit, chilled fruit juice, assorted dry cereal, chilled fresh milk, eggs to order, hot cakes, French toast, creamed beef, hash browned potatoes, hot toast, butter, syrup, pastry and coffee. Choice of broiled bacon, fried pork sausage, or sliced fried ham.

Supper—Baked ham, candied sweet potatoes, raisin sauce, buttered green lima beans, assorted salads with dressings, pumpkin pie, bread, butter and coffee.

MONDAY, MARCH 14

Breakfast—Stewed prunes, assorted dry cereal, chilled fresh milk, hash browned potatoes, ham omelet, hot toast, butter, jam and coffee.

Dinner—Grilled hamburgers, risotto potatoes, fried onions, buttered asparagus, assorted salads with dressings, ice cream, hamburger rolls, bread, butter and coffee.

Supper—Beef stew with vegetables, buttered noodles, buttered broccoli, assorted salads with dressings, chocolate pie, bread, butter and coffee.

TUESDAY, MARCH 15

Breakfast—Chilled pineapple juice, assorted dry cereal, chilled fresh milk, French toast, fried pork sausage, hot toast, syrup, butter, jam and coffee.

Dinner—Pot roast beef, vegetable gravy, au gratin cauliflower, mashed potatoes, assorted salads with dressings, sugar cookies, bread, butter and coffee.

Supper—Turkey a la king, mashed potatoes, buttered corn, assorted salads with dressings, coconut layer cake, hot biscuits, bread, butter and coffee.

WEDNESDAY, MARCH 16

Breakfast—Chilled oranges, assorted dry cereal, chilled fresh milk, creamed beef on toast, hash browned potatoes, hot toast, butter, jam and coffee.

Dinner—Grilled pork chops, chilled apple sauce, brown gravy, mashed potatoes, savory green beans, spice cake, assorted salads with dressings, bread, butter and coffee.

Supper—Simmered frankfurters, cottage fried potatoes, simmered spinach, relish tray, assorted salads with dressings, hot dog rolls, cherry pie, bread, butter and coffee.

THURSDAY, MARCH 17

Breakfast—Fresh bananas, assorted dry cereal, chilled fresh milk, eggs to order, hash browned potatoes, hot toast, butter, jam and coffee.

Dinner—Pan roast of beef, pan gravy, mashed potatoes, buttered peas, assorted salads with dressings, fruit Jell-O, bread, butter and coffee.

Supper—Grilled liver with onions, O'Brien potatoes, buttered mixed vegetables, assorted salads with dressings, apple pie, bread, butter and coffee.

Communications Center Is Largest In Marine Corps

Twenty-four hours a day, 365 days a year, the largest communications center in the Marine Corps, located in Building 1 at Camp Lejeune, is sending and receiving world-wide messages. Approximately 250,000 messages are handled yearly by the center. The communications center consists of one officer and 56 enlisted Marines.

Eleven personnel are on duty at all times, making up three eight-hour shifts on weekdays. On weekends two watches consisting of 12 hours each are used.

The mission of the Communications Center is to provide and maintain reliable, secure and rapid communications based on war requirements and to meet the needs of the

commanding general, Marine Corps Base. All messages from units stationed at Lejeune are also handled through this center. U. S. Navy ships entering the Naval Teletype System (NTX) link via the ship-to-shore radio net are sent through this center to anywhere in the world.

Back-Up-Circuit

Operating as an NTX tributary station of the world-wide Naval Teletype System, the Communications Center introduces all messages into this system that are originated by or destined to the commanding general, Marine Corps Base, and his subordinate units.

Camp Lejeune and Cherry Point have a back-up circuit which is an emergency land line teletype circuit to be used by either base when the station experiences trouble within the network.

The ship-to-shore operates hours daily and serves as a relay station for all Naval Teletype System traffic originated by or destined to U. S. Naval ships and the units embarked in the Lejeune Cherry Point Area.

Lejeune Teletype

A complete teletype system throughout Lejeune is operated by the communications center serving 2nd Division, Force Troop, 2nd FSR, Rifle Range, ITR, Naval Hospital, MCSS, MCES, Base Radio Station and Western Union.

Emergency Radio

The center is also equipped with an emergency command net designed to provide adequate internal communications serving all units included in their teletype system. The Marine Corps Air Facility, New River, is also included in this emergency net. The emergency command net operates with specific reference to destructive weather conditions, civil defense and passive defense.

Each month the personnel assigned to the communications center go under a rotating system designed to teach everyone more than one specific job. This system is designed to make every Marine assigned to the center more proficient in any assignment.

'Flying Duck' Development Is Underway

The slow-moving amphibious landing forces of World War II and the Korean War belong to history. Future wars will see Marine landing forces virtually flying ashore on enemy beaches, according to Navy Times.

To get its landing forces ashore quickly, the Marine Corps is now developing hydrofoil landing craft. The work is being done by the Avco Corporation's Lycoming Division.

Well under way is the development of the "Flying Duck", a hydrofoil version of the famed World War II DUKW amphibious landing vehicle.

Water Speeds

The "flying duck" uses its 860-horsepower gas turbine engine, which normally powers helicopters and airplanes, in combination with wings to attain water speeds up to 50 miles per hour. The World War II version had a maximum speed of only six miles per hour.

The "flying duck" can maintain level high-speed flight in choppy seas with four-foot waves as well as negotiate rough ocean seas and surf. It has a range of 250 miles.

Join THE RED CROSS

Pastel Combo Will Play For Officer Dance

The Pastels will play for dancing Friday from 8 until 11:30 p.m. and Saturday from 8:30 p.m. until 12:30 a.m. Happy Hours Friday are from 4 to 7 p.m. Dinner will be served in the Main Dining Room from 7 to 10 p.m.

(Continued from Page 1)

the first unit to reach 100 per cent membership in the drive. They turned in their contributions March 1, the day the drive started. First Bn., First ITR, achieved 100 per cent membership March 4, and Engr. Maint. Co., MS&M Bn., Second FSR, reached the 100 per cent membership mark March 3. Last Friday, the Sixth Marine Regiment obtained its goal of 100 per cent participation in the drive.

Marines Corps Base is leading the drive with 30.2 per cent and 2,272 members. The 2nd Division has 15.8 per cent and 1,943 members. Force Troops, 12.7 per cent and 44 members, and the Marine Corps Air Facility reported 2.3 per cent and 34 members. At GLOBE presstime, no report was received from civilian personnel.

Last year, personnel at Camp Lejeune received benefits from the Red Cross amounting to over \$111,000. The 1959 drive collected only \$24,000.

Jacksonville, Kinston and Wilmington Red Cross chapters also provided services and financial assistance to Marine families from Camp Lejeune.

DINNER IS SERVED—The group of judges give their taste buds a workout as they sample the culinary arts of various 2nd Pioneer Battalion cooks and bakers. The event was one of the highlights of the annual 2nd Pioneer Battalion Field Meet held here Tuesday. Sampling the chicken a la king on hot biscuits are, left to right, Sgt. Maj. E. L. Knox, Mrs. E. L. Knox, Act. SSgt. Carl G. Bardo (serving it up), M. GySgt. A. C. Price Jr., and Mrs. Virginia Ferrell. (Photo by Act. Sgt. J. H. Webster Jr.)

Admiral Wright Commends Division For Memorable Day

"It was one of the most memorable days in my many years in the Navy," Adm. Jerauld Wright, former commander-in-chief, Atlantic, and U. S. Atlantic Fleet, expressed these sentiments in a letter to Maj. Gen. J. P. Berkeley, 2nd Marine Division commander. He was speaking about the parade and review held in his honor at Camp Lejeune recently.

The communication, received from Norfolk, Va., under the letterhead: Commander-in-Chief, Atlantic, and U. S. Atlantic Fleet, and Supreme Allied Commander, Atlantic, read, "Dear General Berkeley: The 2nd Marine Division put on a show last Tuesday the 16th which in my opinion was unequaled by any military outfit that I have seen and I extend to you and your whole outfit my heartiest congratulations."

"The fact that it was the highest honor I have ever received is a secondary consideration, but made the day for me one of the most memorable in my many years in the Navy."

"Convey my thanks to those of the Fleet Marine Force responsible for this great event."

"Good luck and the world's best luck to you."

Admiral Wright served as reviewing officer for the parade. He received a 17-gun salute and Division troops, joined by three battalions from Force Troops, passed in review.

The admiral was succeeded by Adm. Robert L. Dennison in change of command ceremonies Feb. 29 at the U. S. Naval Base, Norfolk.

Wilmington USO To Hold Square Dance

WILMINGTON—Square dancing every Friday night at 8 p.m. and dance instructions at 9 p.m. begin the weekend activities at the Wilmington USO. Saturday at 8:30 p.m., a dance with USO Junior Hostesses will be held. A coffee hour at 9 a.m. and Hospitality Hour at 5 p.m. is held every Sunday. The USO committee will meet Thursday, March 24, at 6:30 p.m.

JACKSONVILLE — Tyrone Power, Terry Moore and Michael Rennie star in "King of the Kyber Rifles," the feature movie at the Tallman Street USO Saturday at 8 p.m. and Sunday at 6:30 p.m. Sunday's activities include a coffee hour at 10:30 a.m., a quiz with the prize of a free phone call home at 2:30 p.m., and Hospitality Hour at 4 p.m.

Cooks And Bakers Contest Highlights Pioneer's Meet

In events ranging from a cook and baker contest to sawing competition, members of the 2nd Pioneer Battalion played their individual and composite military skills in Engineer Field Meet held here Tuesday. The meet included various forms of military and athletic competition with sports emphasis being placed on

events pertinent to the Pioneer Battalion, engineers of the 2nd Marine Division.

The all-day field meet got off to a rousing start with a tree sawing event and was climaxed by a tug-of-war for the Battalion trophy. Support Company put on a late afternoon spurt to draw to within two points of the leading H&S Company and captured the trophy with a

final tug-of-war victory over F

One of the highlights of the long affair was the cook and baker contest with a cooking team representing each of the five companies. The cook-baker duet teamed up to present its culinary version of chicken ala king and mo watering biscuits, all prepared outdoor stoves set up in the Battalion area. Judging of the food offerings was left to the experienced taste buds of Mrs. E. L. Knox, 1st Battalion Sgt. Maj. E. L. Knox and Mrs. Virginia Ferrell, wife of Act. Sgt. Phillip P. Ferrell.

Trophy Winner

Support Co. relied on a combination of engineering skill and athletic ability to close the gap on leading H&S Co. team during final events. The Support Co. team came out on top in hand-sawing, log-chopping and clinched the trophy on a spirited 38-35 victory in the tug-of-war over the H&S trant.

Maj. W. H. Hoereth, Pioneer executive officer, closed the day's proceedings with a few congratulatory remarks to the victorious Support Co. participants and a "well done" to all hands.

GLOBE Pin-Up

PAGING JANIS — And who wouldn't page lovely Janis Paige. The popular Broadway star of "Pajama Game" is a favorite along the Great White Way. Prior to her musical successes, Miss Paige brightened up the silver screen for Warner Brothers.

GLOBE To Be Delivered 4 Hours Earlier

Old man winter has refused to allow the GLOBE to inaugurate new circulation policy which will enable Camp Lejeune personnel to receive their GLOBEs about four hours earlier. It was planned for truck driver to leave the base at 3 a.m. this morning to travel to Mount Olive, N. C., where the Mount Olive Tribune, contract printers, is located.

This would enable him to return to the base at approximately 8:30 a.m. and prompt action by unit commanders and message center would put the GLOBEs in the readers' hands by noon. Formerly the GLOBEs arrived from Mount Olive at noon. Due to the snow, the driver was unable to leave early this morning. Weather permitting, the GLOBE will be circulated at the earlier time next week. The Family Edition will be delivered to all government quarters as usual.

For married personnel who do not live in government housing areas, the GLOBE, Family Edition can be picked up at Marine Corps Exchanges, the Commissary GLOBE office and the Naval Hospital.

New Central Area E-4, E-5 Club Opened

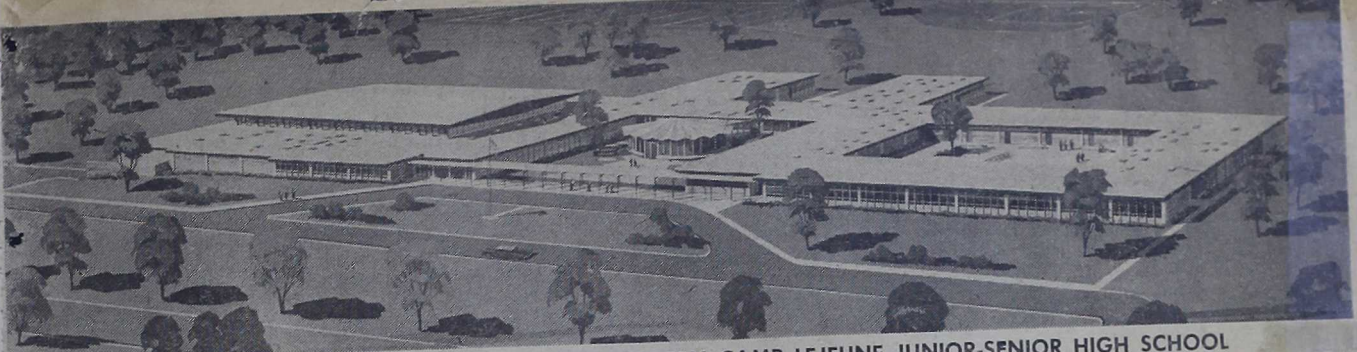

Camp Lejeune's first E-4 and E-5 Club was opened Monday night in the Central Area Service Club, Bldg. 62. The club will cater to the E-4's and E-5's of Hq. Bn., Marine Corps Base; Hq. Co., Force Troops, and 2nd Force Service Regiment.

A board of governors has been selected to assist in operation of the club and will work in conjunction with SSgt. Robert L. Ellington, club manager. The board will meet once a week to discuss problems of the club and make suggestions for improvements to the battalion commander. President of the board is Sgt. J. J. Tolbert, Support Co. "B," Hq. Bn., MCB.

To provide space for the new addition, the WM Club was closed and remodeled. The Woman Marines were moved into the E-3 and below section.

TANK SUPPORT—Tanks from "B" company fire directly onto the objective in an effort to prepare it for the upcoming assault. The assault and cover fire were part of a field exercise held by the 2nd Tank Battalion on the Island of Vieques, March 1 through 4. (Photo by Act. Cpl. C. L. Boyd)

NO. 10

Questionnaires Will Be Issued Families

Camp Lejeune's Semi-Annual Housing Survey got under way this month and all military commanders and civilian department heads have been requested to take necessary action to insure that each member under their jurisdiction, having one or more dependents, completes the housing survey questionnaire. A Marine Corps order requires submission to the Secretary of the Navy housing information which is not available from official records.

The military and civilian questionnaire was designed in order to compile the required information for use in the semi-annual Family Housing Requirements Report and to justify the construction of additional housing or quarters here.

Commanding officers and heads of staff sections employing civilian personnel, including both appropriated and non-appropriated fund activities, are requested to have each civilian employee of the Base complete a copy of the questionnaire if they have one or more dependents.

The necessary forms are supplied to units and civilian supervisors upon request from the Quarters and Housing Office, Bldg. TT-43, in Tarawa Terrace. The questionnaires are to be returned to the housing office not later than April 1, according to Base Bulletin 11101.

The bulletin states that complete and accurate returns on the housing surveys are imperative to justify construction of new housing units which are "critically needed at Camp Lejeune." Unit commanders are required to make complete unit coverage on the survey.

All married personnel are required to complete the questionnaire and are to return it to their company office, or in the case of civilians, to supervisors. Civilian personnel married to military personnel are not required to complete the questionnaire form.

Dependents To Receive Swim Cards

The first dependent swimming class of the season is scheduled to graduate tomorrow evening at the Area 2 Swimming Pool. The following persons will receive Beginners' Swimming Certificates signifying their completion of the six-week course:

Ann Biondo, Barbara Rice, Ruth Bass, Margaret Vervan, Margella Quimby, Ginger Quersen, Betty Cooper, Thelma Adams, Dorothy Kuego, Pat Gray, Evelyn Hilgert, Amelia Valley, Terry Jones, Rita Gerrard, Josephine Mahoney, Ruth Moore, Helen Johnson, Helen Davis, Antje Burger, Mureen O'Donnell and Kay Blazer.

The next series of dependents' swimming classes will begin March (See SWIMMING, Page 2)

DINNER IS SERVED.—The group of judges give their taste buds a workout as they sample the culinary arts of various 2nd Pioneer Battalion cooks and bakers. Cooks Join Athletes In Competition For 2nd Pioneer Battalion Field Meet Honors

In events ranging from a cook and baker contest to log-sawing competition, members of the 2nd Pioneer Battalion displayed their individual and composite military skills in an Engineer Field Meet held here Tuesday. The meet included various forms of military and athletic competition with special emphasis being placed on

events pertinent to the Pioneer Battalion, engineers of the 2nd Marine Division. The all-day field meet got off to a rousing start with a tree sawing event and was climaxed by a tug-of-war for the battalion trophy. Support Company put on a late afternoon spurt to draw to within two points of the leading Headquarters and Service Company and captured the trophy with a final tug-of-war victory over H&S Company.

One of the highlights of the day-long affair was the cook and baker contest with a cooking team representing each of the five companies. The cook-baker duet teamed up to present its culinary version of chicken ala king and mouth watering biscuits, all prepared on outdoor stoves set up in the battalion area. Judging of the food offerings were left to the experienced taste buds of Mrs. E. L. Knox, wife of Battalion Sgt. Maj. E. L. Knox, and Mrs. Virginia Ferrell, wife of Act. Sgt. Phillip P. Ferrell.

Support Company relied on a combination of engineering skill and athletic ability to close the gap on the leading H&S Company team during the final events. The Support Company team came out on top in hand-sawing, log-chopping and clinched the trophy on a spirited 38-35 victory in the tug-of-war over the H&S entrant.

Maj. W. H. Hoereth, Pioneer Battalion executive officer, closed the day's proceedings with a few congratulatory remarks to the victorious Support Company participants and a "well done" to all hands.

Million \$ Hi School Advances

In sharp contrast to the "little red schoolhouse" of the past, an estimated 1,200 junior and senior high school students of the Camp Lejeune area will have one of the most ultra-modern schools in the world.

The opening of bids for the new million-dollar Camp Lejeune Junior-Senior High School will be held Wednesday in the auditorium of the North Carolina State Highway Department in Raleigh, N. C. The buildings are scheduled for completion in time for the 1961-62 school year.

Facilities
The school will contain 32 academic classrooms and an administrative unit. Special areas for instruction in science, language arts, business administration, home economics, industrial arts, physical education, band, and public school music and art are to be included in the school. A gymnasium, which may be used either as a gymnasium or an auditorium, and a self-contained cafeteria are also planned for the site. A group of school buildings will be constructed around a circular library, which is a miniature replica of the Library of Congress in Washington, D. C.

Location
The school will be built on a 60-acre plot located on Stone Street extension, opposite Maryland and Delaware streets near the enlisted sections of the Capehart Housing Development. Total cost of the buildings is estimated at \$1,200,000.

Upon completion of the new school, the present Camp High School will be converted to house elementary classrooms.

Other recent improvements to the Camp Lejeune school system include the new Stone Street Elementary School, also located at Paradise Point, and a nine-classroom addition to the Tarawa Terrace Elementary School. The Stone Street School is furnished with completely modern desks and equipment.

Base Firemen Help Fight Highway Fire

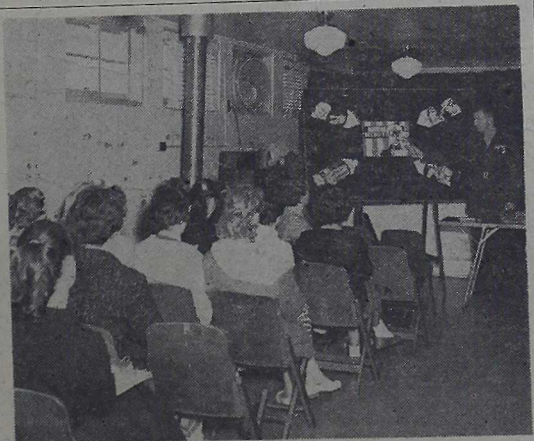

The Base Fire Department was called to assist Jacksonville firemen Monday evening when fire broke out in a huge furniture store in the Midville section of Lejeune Boulevard opposite Tarawa Terrace. Two alarms were sounded here at Camp Lejeune.

More than 35 Marine and Civil Service firemen helped fight the blaze from about 7 p.m. until midnight. The fire, which completely destroyed the furniture store-house, was still smoldering later in the week. Firemen managed to save an adjoining bakery, a next-door home and other nearby business establishments. Cause of the fire was not immediately known and damage was estimated in excess of \$200,000.

Pfc T. J. Disalle, 8th Comm Bn., completed Field Radio Operators course at Montford Point.

Pfc L. N. Bucklew, 8th Comm Bn., completed Electrician course at Montford Point.

News In Pictures

RECRUITER-AT-LARGE—While on recruit leave from Parris Island, S. C., during the Christmas holidays last year, Pvt. Elwood L. Boehler Jr., left, was responsible for the enlistment of five of his friends in the Marine Corps. Friday, March 4, he received a letter of appreciation from the officer-in-charge of the Philadelphia, Pa., Recruiting Station. The letter was presented by Boehler's present commanding officer, Capt. Charles L. Stitt, right, 2nd Light Support Co., 2nd Service Bn., 2nd Marine Division, in addition to a five-day extension of his holiday leave, Captain Stitt awarded him a 96-hour pass in recognition of Boehler's assistance in the Marine Corps' recruiting effort. (Photo by Pfc David O. Elchert)

YOU'RE IN THE Fleet Marine Force—subject to call every hour of every day, regardless of whether or not you're on standby. You must be ready—for there is no substitute for personal readiness. First Lt. R. C. Bohrer, Division Personal Affairs Officer, checks a poster his office is currently distributing throughout the 2nd Division in connection with a newly inaugurated personal affairs program stressing the individual Marine's readiness for immediate deployment, his responsibilities to his family, and obligation to the Marine Corps. (Photo by Act. Sgt. H. L. Shipp)

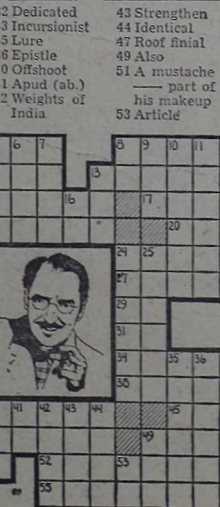

RETURNING HOME AFTER 20 YEARS—Act. MSgt. Clarence J. Aldridge, H&S Co., 2nd Anti-Tank Bn., 2nd Marine Division, retired here Feb. 29 after 20 years' service. Sergeant Aldridge, who hails from Charleston, W. Va., enlisted in the Corps at Charleston, and later served there as a recruiter. He plans to live in Charleston. (Photo by Act. Sgt. J. H. Webster)

Here's the Answer

MOORE OR LESS

IF THIS COLUMN, since its inception, shows a partiality to modern jazz, it is justified by the number of talented persons discovered the past two weeks during the modern jazz sessions so graciously hosted by the Central Area Service Club. This week, we would like to spotlight one of these performers, a lovely young vocalist, Miss Carol Turpin.

Her voice is technically classified as mezzo-soprano but it has that free-swinging bell-like quality that lends itself so well to the modern sound. Carol admits that she was influenced by the stylings of Julie London but she has a definite velvet-like touch of her own.

Carol has been singing since the tender age of 12, including church choirs and high school glee clubs. She sang professionally with a small combo in her home town of Dayton, Ohio for a time.

A career in music is her ultimate goal and this reporter feels confident that she will have no difficulty reaching this objective. Judge for yourself Sunday afternoon.

AND AGAIN this Sunday afternoon, jazz will hold forth at the Central Area Club. We hope to present a short, short history of jazz sometime between 3 and 4 p.m. so that the audience, who does

not seem to fully appreciate the music will be able to understand that there is "method to our madness".

AND AGAIN we bring Central Area Service Club to your attention . . . this time to inform all E-4's and E-5's that you now have a club of your own. It is located in the section formerly housing the WM club . . . much credit for this project has to go to Jim Tolbert and Don Gay, who devoted many and long hours to getting this started . . . the official ribbon cutting ceremony was performed by one of our more lovely lieutenants, Beverly Hill, former OIC of the club.

BEFORE THE SESSION next Sunday, tune into local DJ Bob Oliver and his Sunday Serenade . . . Bob gets off to a swinging start progressing into mood instrumentals and jazz vocals . . . just the thing for a lazy Sunday afternoon.

ELVIS IS HOME!

LET US REMIND you again of Sal Salvador and his Jazz Quartet due here March 26 . . . Sal is one of the better guitarists in modern jazz today.

ANY TIPS on local Marines or dependents connected in any way with the entertainment field or the arts will be welcomed by this column . . . call 7-5522.

GEORGE DOERNER and his orchestra will appear at Marston Pavilion March 16 from 8 until 12 p.m. One of the brightest new stars to appear on the dance band horizon in many years, the band features pretty vocalist, Lee Olson.

HILO HATTIE

Hilo Hattie and her Hawaiian Revue, featuring Carlyle Nelson and his orchestra, will appear at the Paradise Point Officers Club April 8. Tickets are now on sale at \$4.25 per person for the show which features authentic songs and dances of the Islands. Admission includes a Hawaiian buffet and a Vanda Orchid for the ladies.

LIBEL
With the well-known British star, Dirk Bogarde, playing three different roles, a titled gentleman, a provincial actor and a mindless war casualty, and Olivia de Havilland as the American wife, this picture offers a revealing story of a man with a war-torn conscience challenged as being an impostor. (101 min.)
THE BRIDGES AT TOKO-RI
Freddie March, William Holden, Grace Kelly and Mickey Rooney star in this exciting drama of the Korean war. (102 min.)
TERROR IS THE MAN
No information on this one, but it sounds like just the thing for mystery fans. (88 min.)
1001 ARABIAN NIGHTS
This is a rollicking tour de force for the Near Eastern Myster McGoo, the blustery UFA character who, for the first time, stars in his first full length movie as Abdul Aziz Magoo in a potpourri of fairy tale characters who simply devastate the scenery of Old Baghdad. (70 min.)
THE THREAT
This melodrama about "threats" stars Virginia Grey and Michael O'Shea. No further information available. (86 min.)
CAREER
The devil, love and heart-beats in the struggle to the top of the world of show business. In a gold portrayed by Dean Martin and Shirley Maerz in this story of behind the scenes life in television. (105 min.)
CIRCUS STARS
The Russians prove themselves capa-

ble of producing a documentary film that is as appealing to Westerners as to themselves in this photographically imaginative product filmed during the performance beneath the Big Top in Leninabad. Top Russian circus artists and expertly trained animals are introduced by an English-speaking narrator. (70 min.)
SHANE
Alan Ladd, Jean Arthur and Van Heflin star in this big, color production of love and violence in the old west, and a man's fight to keep his honor. (117 min.)
GUNMAN'S WALK
"G2" or "Mad-Dog Killer" is Tab Hunter as he stalks the streets of the old west. Glenn Ford also adds to the excitement. (97 min.)
CHINA GATE
Gene Barry, Angie Dickinson and Nat "King" Cole star in this story of an Eurasian woman who leads a group of French Legionnaires to the China Gate to blow up an arsenal so that she may gain passage to America for her five-year-old son. (93 min.)
THE SCAVENGERS
Vince Edwards and Carol Ohmart are the top players in this taut, suspenseful intriguing melodrama of an ex-convict who sees his long-missing wife depart on a Macao ferry and the ensuing search, shot on location in Hong Kong, Macao and Brunei. (90 min.)
THE LITTLE HUT
A comedy of love starring Ava Gardner, Stewart Granger and David Niven who are stranded.

and Niven is a long-time lover of Ava, but a gentleman. (98 min.)
GREAT DAY IN THE MORNING
This is a drama of the conflicts of the day of the eve of the Civil War, of the gambling halls and various characters in the mountains away from the war which nearly destroyed the Union. It stars Virginia Mayo, Robert Stack and Raymond Burr. (92 min.)
LEECH WOMAN
No information on this one but the title suggests either science-fiction or party girls. (85 min.)
HYPNOTIC EYE
Jacques Bergerac portrays The Great Desmond, a hypnotist, who, on cue from his dialogue, the house lights go on and he engages the theater audience with instructions from the screen to participate in a number of "parlor" tricks. The plot is one of horror and suspense. (80 min.)
THE CONQUEROR
John Wayne plays the Mongol leader, Genghis Khan, whose power and strength conquered the enemies who surrounded him and thus gave him half the world to rule, and Susan Hayward, the daughter of one of his enemies. (100 min.)
STOPOVER TOKYO
A great deal of fast and furious running about some lovely scenery in Japan comprises much of the footage of this well-paced but unoriginal spy thriller. It is headed by Robert Wagner as an American spy, Joan Collins as his host, and Edmund O'Brien as a Japanese spy. (90 min.)

★ EXTRAS ★ (TIME CHANGES)

CAMP THEATER — The matinee at 1 and 3:15 p.m. Saturday is "Westbound" starring Randolph Scott and Virginia Mayo, and chapter 5 of "Manhunt In The African Jungle." The regular movie, "Shane", will show at 5:30 and 8:15 p.m. "Gunman's Walk," Sunday, March 13, will be a continuous showing at 1, 3:30, 6 and 8:30 p.m.

CAMP GEIGER — Sunday, 2 p.m., the indoor movie has the same matinee.

MCAF — Saturday, 2 p.m., Mickey Rooney and Francis, the talking mule, in "Francis In The Haunted House" and chapter 1 of "Ghost Riders of the West." Sunday, 2 p.m., "Tarantula," starring John Agar and Mara Corday.

MIDWAY PARK — Thursday, Jack Webb in "The Defiant Ones," Friday, Saturday, Sunday, Monday and Tuesday, Richard Egan and Dorothy McGuire in "Summer Place" and Wednesday, "L'il Abner," starring Peter Palmer and Leslie Parrish.

NIGHT OF LOVE
Brigitte would have to be in this one, or someone just as exciting. No further information available. (105 min.)

TOUCH OF LARCENY
James Mason, a former submarine commander in the British Navy now in the office of the Admiralty, is known as well for his exploits in the boudoir as for his naval heroics. George Sanders and Vera Miles are included in this rather slow-paced — but exciting. (92 min.)

An "oldie" released in 1944, starring Spencer Tracy and Irene Dunne. No further information available. (120 min.)
THIRTY SECONDS OVER TOKYO
Van Johnson and Spencer Tracy play a couple of American flyers who crash in China after a bombing raid over the "Imperial City." A 1945 release. (140 min.)

KISMET
Howard Keel and Ann Blyth star in this re-creation of the famous Broadway musical comedy. (100 min.)

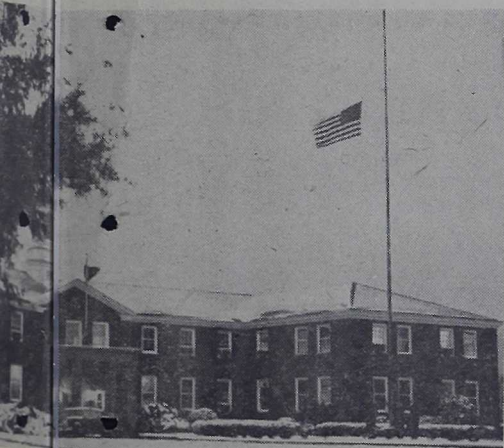

HONKY TONK
This one could have a little bit of everything. No further information available.

DIANE
Lana Turner, Pedro Armendariz and Roger Moore star in this one. No further information available. (110 min.)

MEET ME IN LAS VEGAS
A musical starring Dan Diley and Cid Charisse. The plot: boy holds girl's hand at Las Vegas and wins at gambling; boy's luck runs out, girl holds girl's hand, but love always triumphs. (112 min.)

DESTINATION 60,000
A young test pilot crashes in an experimental plane because of failure to comply with the owner's instructions. It stars Preston Foster, Pat Conway and Jeff Donnell. (68 min.)

Pro-Am Series Not Slated In Azalea Open

WILMINGTON, N. C.—Plans for a pro-am golf tournament precede the 12th Annual, 1,000 Azalea Open have been dropped for this year because of lack of entries among amateurs.

B. (Bunny) Hines, president of Wilmington Athletic Association, said the response was favorable, but at least 125 amateur entries were needed for the pro-am, by the February 28 deadline 70 had registered.

Earlier Start Next Year

Hines said late efforts to line up a pro-am event also was part of reason for dropping the plan. "We believe we could have had at least 125 amateurs from around the state, if we had started earlier the idea," he said. "We are justified with the response and action we did get," he said, "and the strength of that, we will get earlier start next year, and try get it on the schedule."

Letters in regard to the cancellation of the pro-am are going out to all amateurs who had planned to enter.

Big Event Still Scheduled

In the meantime, the Wilmington Athletic Association, local sponsor of the Azalea Open Golf Tournament, is going forward with the big event. The advance season ticket campaign drive has been launched, and a goal of 2,800 set by the time the tournament starts in March 31.

Season tickets are eight dollars. Daily ticket prices are \$2.50 for each of the first two days, and \$5.00 for each of the final two days of the tournament.

GLOBE SPORTS

Officers Wives Bowling League

Although splitting with the Alligators, 2-2, the Alley Cats remained in first place in the Officers Wives Bowling League Monday night. The Hopefuls blanked the Pinflippers, while the Zeros took three from the Dudds and Alligators dropped the Hi-Fives, 3-1.

Individual highs went to: Alligators—Marilyn Moore, 158-457; Hi-Fives—Joyce Williams, 166 and Lucille Faw, 423; Hopefuls—Nell Baxter, 182-487; Pinflippers—Rita Nugent, 154 and Mildred Eubanks, 409.

Zeros—Margaret Suttis, 158-414; Dudds—Goldie King, 142 and Mickey O'Connell, 353; Alley Cats—Mary Woods, 170-445; Holie Rollers—Carol Goodall, 171-428.

In the New River Newcomers' Bowling league the Frenchman's Creek bowled over Overs Creek, 4-0, and Bear Head took three from Deep Branch.

Individual highs: Deep Branch—Margaret Suttis, 148-403; Overs Creek—Betty Noer, 147-436; Frenchman's Creek—Virginia Macklin, 163-456; Bear Head—Nell Baxter, 221-488.

STANDINGS	
Frenchman's Creek	34-14
Overs Creek	29-19
Deep Branch	18-30
Bear Head	15-33

Rifleman Undeclared During Division Volleyball Matches

Second Bn., Sixth Marines, and 3rd Bn., Second Marines, both sported unblemished 3-0 records to lead their respective leagues at the conclusion of first half action in Division volleyball. Second Bn., Sixth Marines, whisked through the opening two sets in the American league with easy victories over 2nd

Medical Battalion and Headquarters Battalion. Second Bn., Sixth Marines, edged the Cannoneers by a 15-12 margin in the set's opening game with the Cannoneers roaring back to take the second game by a close 12-10 count. The 2nd Bn., Sixth Marines, contingent clinched the set convincingly with a 15-4 triumph in the final game of the set. Second Bn., Sixth Marines, opened the season with an easy set victory over 2nd Medical Battalion, taking the decision handily with 15-9 and 15-6 victories. Second Bn., Sixth Marines, wound up play in the first half of the season with two impressive victories over Headquarters Battalion; taking the initial two games of the three-game set by 15-6 and 15-4 margins.

Second Bn., Tenth Marines, remained within striking distance of the first place contingent with victories over 1st Bn., Second Marines, and 2nd Bn., Second Marines. The Cannoneer contingent opened the season by smothering the 1st Bn., 2nd Marines, netmen, 15-0 and 15-3.

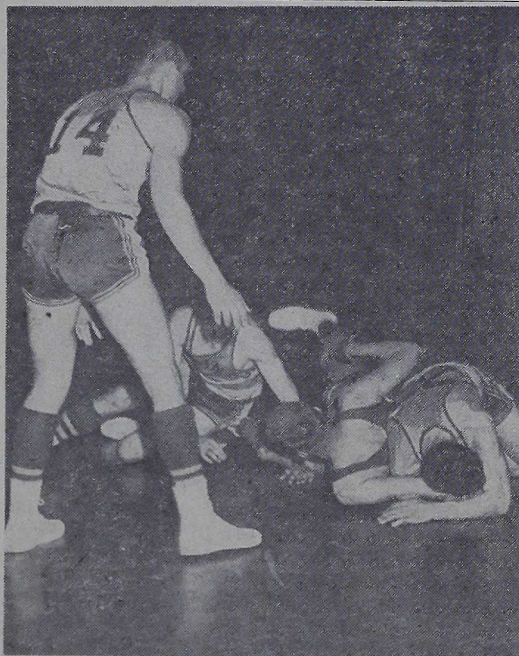

The 2nd Bn., Tenth Marines, set followed up the opening round triumph with a decisive 15-10 and 15-6 drubbing of 2nd Bn., Second Marines.

Second Bn., Second Marines, took over the No. 3 post in the American league on the strength of a victory over 1st Bn., Second Marines. Second Bn., Second Marines, took two of three from the 1st Bn., Second Marines, winning the first game by an 11-3 count and bouncing back after a 10-8 defeat to take the deciding game, 7-2.

First Bn., Second Marines, gained the No. 4 spot after dumping 2nd Medical Battalion in an exciting overtime match. First Bn., Second Marines, gained the victory in the set's opening game with an 8-4 win, but 2nd Medical Battalion evened the set with a 13-11 overtime victory in the second contest. First Bn., Second Marines, clinched the set with a 17-15 overtime third game victory.

Third Bn., Second Marines, remained undefeated in league play, winning all three sets on two game victories, to head the National league. Third Bn., Second Marines, opened the campaign with 15-8 and 15-5 victories over the fourth place.

(See DIVISION VOLLEYBALL, Page 10)

TEAM TAG MATCH?—No tag match here, just a scramble for a loose ball during the Quad-Command Basketball Tournament. Members of Marine Corps Air Facility Team 2 and Eighth Comm. battle it out as the Air Facility team wins their third straight, 71-65. (Photo by Act. Sgt. W. J. Rush)

Air Facility Basketball Club Unbeaten In Cage Tourney

An unbeaten Marine Corps Air Facility team No. 2 has moved into the semi-finals of the Quad-Command Cage Tournament on the virtue of their consecutive wins over Second Field Artillery Group and Eighth Communications of Force Troops and Marine Corps Supply Schools, of Marine Corps Base, Eighth Comm., 2nd Force Service Regiment and Headquarters Battalion, Division, also edged into the semi-finals with one loss, meaning elimination in the double-elimination tourney.

Due to the GLOBE deadline, the outcome of the semi-finals and finals could not be published in this issue, but will be recapped in next week's publication.

First Night's Action

Second Force Service Regiment opened up the tourney with a 61-5 defeat over 4th Bn., Tenth Marines, led by Clary with 28 points. Robertson was high with 20 points for the Cannoneers.

The second game of the tournament saw Eighth Comm. of Force Troops outscore Air Facility No. 1, 35-17, in the final half to coast to an impressive 66-40 victory.

George Cooney paced the Radionemen with 31 tallies while Rasmussen led the Air Facility with 11.

Second Day's Play

With only four points separating Air Facility No. 2 from Marine Corps Supply School, the Flyers managed to increase the lead by one, to edge the Supply men 63-58 for their first win of the tournament.

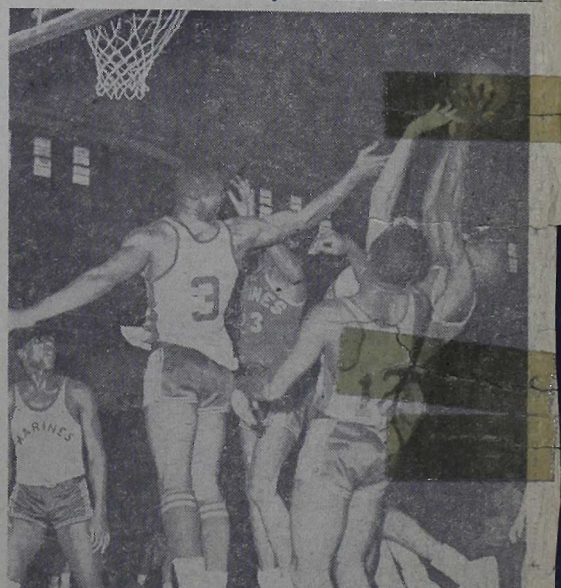

Jack Tonkay of the Air Facility and Ezell of Supply School tied for the game's scoring honors with 17 markers.

Second Field Artillery Group, broke a 40-40 halftime deadlock to down Headquarters Battalion, Division, 81-76.

Browning led the Air Group in the scoring with 30 points, while Ludersky was top for the Division with 20.

Tenth Marines, avenged their earlier loss as they defeated and eliminated Air Facility Team No. 1, 53-41.

Robinson was high for the Cannoneers with 19 points, followed by (See QUAD TOURNEY, Page 10)

UP FOR GRABS—An unidentified member of the 4th Battalion, Tenth Marines, cage squad outstretches opposition for the rebound in the Quad-Command Basketball Tourney by 66-56. (Photo by Act. Sgt. J. D. Weaver)

Sports In Short

Act. SSgt. Bob Wills

All-Marine Handball

The Fifth Annual All-Marine Handball Championship, held by the San Diego Recruit Depot last week, was won by Maj. Art Latta.

Major Latta, a tourney favorite, won the championship without a loss and replaced MSgt. Earl Russel, four-time handball champ.

1960 FMF, Atlantic Fleet, Cage Tourney

The Second Marine Aircraft Wing, Cherry Point, N. C., will host and enter a team in the 1960 Fleet Marine Force, Atlantic Fleet, Tournament to be held March 14-18.

Teams from the 2nd Marine Division and Force Troops of Camp Lejeune; Marine Air Group-26, New River Air Facility; Marine Air Group-32, Beaufort, S. C., and Headquarters, FMF, Atlantic; Norfolk, Va., round out the list of participating teams.

Pro-Am Tournament

The Seventh Annual Parris Island Professional-Amateur Golf Tournament is scheduled to be held today. Participating will be some of the top golfers along the eastern seaboard.

Professional winner of the 1959 classic was Brian Charter of the Green Valley Country Club, Greenville, S. C., who carded a one-under-par 71. Act. SSgt. Joe Moore of Camp Lejeune duplicated Charter's score for the amateur title.

Base Intramural Volleyball

The Marine Corps Base Intramural Volleyball Tournament will be held from April 4-8 with the winning and runner-up teams qualifying for the Camp Lejeune tournament.

All games will be played at Goettge Memorial Field House at 9:30 a.m., 10:30 a.m., 1:30 p.m., and 2:30 p.m. of each day.

Pine Tree Sports Car Club

If you are an owner of one of those little sports or foreign cars we see so many of around Camp Lejeune, now's your chance to join a club dedicated to the enjoyment and promotion of sports motoring.

The club has planned all sorts of activities during the coming months, to include trials, rallies, gymkhanas and a picnic or two for good measure, promising fun for the whole family.

The club meets on the third Tuesday of each month and a meeting will be held March 15, at the New Jacksonville Community Hall at 8 p.m.

Membership fees are set at \$2 per quarter, to cover trophies, refreshments, etc. Membership is not restricted to sports or foreign car owners and everyone, officers and enlisted, who thoroughly enjoy safe, sensible motoring is welcome to join.

Those who construe the club as a means and excuse to drive excessively fast and reckless are requested not to darken the door. For further information concerning the club, contact Act. SSgt. Virgil Hiatt at 7-3716.

FASHION POINTERS—Barbara Greer, left, assistant director of models, explains the "hows and whys" of posture in fashion modeling to Diane Paro, center, and Betts Morrison. Mrs. Greer's pointers will be put to good use Wednesday, as Group IV of the Officers Wives Club presents their "Suntime's Funtime" fashion show at the Paradise Point Club. (Photo by LCpl. L. T. McClain)

Fashion Variety Nearing Final Modeling Stages

Wednesday is the big day for the "Suntime's Funtime" fashion show luncheon to be presented at the Paradise Point Club by Group IV of the Officers Wives Club. Members are putting final touches on their lightweight frocks to look their fashion best. The show will be preceded by a social hour at 12:30 p.m. and luncheon at 1 p.m., fashions following. Approximately 40 spring and summer costumes from a Jacksonville ladies' apparel shop will be modeled by the women. Fashions will range from a few spring suits to some cocktail dresses with the emphasis on sports and casual clothes. This variety of styles will be displayed by 16 models, two outfits each.

Terrace Wives Get Navy Relief Awards

Several awards and elections were made at the Tarawa Terrace Staff Wives Club meeting held at the Community Center last Thursday.

Navy Relief pins were awarded to Mrs. Hester Delano, Mrs. Betty Pollard, and Mrs. Jackie Prewitt. All received 100-hour pins for their outstanding contributions made to Navy Relief.

Mrs. W. Nagy has resigned as recording secretary, and her replacement is Mrs. Peggy Vegass. Mrs. Jackie Prewitt has been chosen as the new hospitality chairman for the club. Program chairman will be Mrs. Sally Kristof.

The women of Tarawa Terrace are urging all women in the area to attend the meetings and become active in the group's activities.

PLATTER CHATTER:

Teens' March 17th Party Menu

St. Patrick's Day is a friendly day, and a perfect day for a party. This week's "Platter Chatter" column is devoted to a simple party menu that would go well with a teen-age record party.

EASY ST. PATRICK'S PARTY MENU

Shamrock Sandwiches
Paddy's Punch
Party Lime Sherbet

To make Shamrock Sandwiches, cut white bread into circles with small cookie or biscuit cutter. Spread with cream cheese tinted green with food coloring, or with layers of cream cheese and mint jelly. For each sandwich, arrange three circles in shamrock form and add a strip of green bell pepper for stem.

Paddy's Punch is made by combining one package of lemon-lime flavored powdered fruit beverage (mixed as directed on package label, with slightly less sugar than usual) with one large bottle of ginger ale.

Lime sherbet may be given a party flair by softening the sherbet and stirring in semi-sweet chocolate bits before refreezing it. Pecan or walnut halves used as topping give extra eye-appeal.

Appetizers

Thinly-sliced carrot, celery and green bell pepper sticks and potato chips are a "crunchy" background for the lighter party fare, and make good nibblers.

Decorations for this informal St. Patrick's Day party may be obtained from local variety stores or made at home. Music for the occasion should include a few traditionally Irish pieces among the selections.

(Note: Suggestions and menu plans for the GLOBE "Platter Chatter" column are welcome. Home-style recipes, and those from other nations are particularly appreciated. Material for this column may be sent to GLOBE Society, Bldg. 11, MCB, Camp Lejeune, or called in at Base ext. 7-5522.)

Princess To Be Chosen At St. 'Pat's' Luncheon

Group II of the Officers Wives Club will do a take-off on a favorite TV program as they present "Princess for an Hour" during the group luncheon meeting and program scheduled for that "great day," March 17. Everyone is to come prepared to tell a heart-rending story from which a winner will be chosen and crowned in a ceremony befitting a "Princess for an Hour." The lucky colleen will be given a trip to Washington, D.C., as her award.

Since St. Patrick's Day is such a friendly day, it is hoped that Group II members will bring a neighbor or a friend to join in the spirit of the day. An Irish motif will be featured in the decorations, with table favors for all attending. The luncheon will be held in the River Room of the Paradise Point Club. Social hour will begin at 12 noon, with luncheon served at 12:30 p.m. Reservations may be made by calling Mrs. Ruud, Jax 9963, or Mrs. David Pepper, ext. 6-6572.

Mrs. E. Crampton and her committee are in charge of the program, with Mrs. Crampton as mistress of ceremonies. Mrs. H. C. Howard, along with officers' wives of Automatic Supply and Distribution Battalion, 2nd Force Service Regiment, will act as hostesses for the luncheon. Mrs. A. L. Bressler, co-chairman of Group II, will be in charge of the meeting.

Sure, an' it's a grand time that's planned for those attending the St. Pat's Day luncheon with Group II Luncheon reservations and sitting

service reservations for the "wee ones" should be made early. Sitting service reservations may be made by calling ext. 6-6723.

Terrace Staff Wives To Form New Group At Business Meeting

At a regular business meeting of the Tarawa Terrace Staff Wives held last Thursday at their Community Building, plans for the coming weeks were announced.

The ladies have decided to choose a welcoming committee to greet the new families at the Terrace and to encourage joining the club's activity. The women will also assist the Tarawa Terrace Community Council in taking a survey for the Children's Nursery at the Terrace. It was announced that at the club's future meetings, there will be two baby sitters furnished for those wives attending with children.

There were 50 members and 10 guests present. The guest wives were: Michelle Wells, Leons Livingdowns, Mary West, Elizabeth Wrathford, Elsie Buess, Rossie Carness, R. C. Gray, J. A. Kalske, Christine Sweeney, and Gloria Nagrino.

Hostesses for the evening were Dolly Flick, Phyllis Geisel, Janet Nelson, and Ernestine Owen.

Fire Apparatus

(Continued from Page 1)

trucks and two forestry trucks which carry their own water, and Jacksonville fireman used a large tanker truck. Later, it was necessary to connect the Lejeune pumps and 2,500 feet of hose to the nearest hydrant in Tarawa Terrace. Firemen said had there been a nearby water supply, more alarms would have been sounded to aid in fighting the fire.

Engineers To Celebrate St. Patrick's Day With Dinner Dance At Paradise Point Club

In honor of St. Patrick, the "patron saint of engineers," an Engineer Party will be held at the Paradise Point Officers Club March 19, commencing with a social hour from 6 until 8 p.m. Dinner and dancing will be featured at 7:30 p.m.

Officers in the following categories are invited to join the party and bring their guests: All officers,

Activities Calendar

OWC — Group IV of the Officers Wives Club will not hold a regular monthly meeting in March since the ladies of that group are planning and presenting a fashion show, "Suntime's Funtime," on Wednesday. All members of the club are cordially invited to attend the show.

MCAF OWC — The election and installation of the 1960 slate of officers featured yesterday's meeting of the Air Facility Officers Wives Club. The luncheon was held at the Officers Wives Club, MCAF, with a social period beginning at 12:30 p.m. A business meeting followed. All of the nominees were present at the meeting and the election was held with the installation conducted afterwards. The results of the election will be in next week's column.

The social aspect of the affair was a "Crazy Hat" luncheon. Gifts were awarded for the most unusual and the prettiest hat. Hostesses for the afternoon were the wives of HMR(L)-263.

Next on the agenda for the ladies is their big fashion show to be held next Saturday. Plans are now in progress concerning time, place, and theme. Read next week's edition for details.

LAFA — A board meeting was held Monday by the Ladies Auxiliary of Fleet Reserve Association at the Tarawa Terrace Community Building. A surprise going-away party was held for one of the women with an evening of games, prizes, decorations, and refreshments.

MIDWAY PARK EM WIVES — Midway Park Wives will hold a St. Pat's party next Thursday in the Jacksonville USO at 11 a.m. All members are invited to attend.

GEIGER EM WIVES — The Enlisted Men's Wives, Geiger Trailer Park, are planning a St. Patrick's Day party in the Community Center on Tuesday at 11 a.m. The party will be complete with shamrock rocks and "mountain greenery," the ladies are busy preparing a "Little Ireland." All Geiger Enlisted Men's Wives are urged to attend the meetings and activities of the club.

Officers of these EM Wives are Mrs. Richard Kellon, president; Mrs. Edward Krumwiede, vice-president; Mrs. Charles Watson, secretary; and Mrs. David Moser, treasurer.

regardless of MOS, from 2nd Pioneer Battalion, 8th Engineer Battalion, Base Maintenance, Marine Corps Engineer School, Landing Support Companies, 2nd Topographic Company, and 2nd Bridge Company. All officers with an MOS within the 1300, 1400 or 1500 field, or 3025 (retired officers included); Civil Engineer Corps officers, all officers working in engineer billets and engineer officers with an interim 3000 MOS.

Appropriate civilian attire is the "uniform" for the affair, and there will be judging for a queen to reign during the evening. The approximate pro-rated cost per individual for the evening will be \$4.00.

Extra unsigned pro-rated checks may be obtained from any committee member listed below. It is desired that signed checks be delivered to committee members connected with various units not later than 9 a.m., March 14.

The following committee members are available to take reservations: Lt. Col. W. L. Batchelor, 2nd Force Service Regiment, 7-5579; Capt. J. P. Krayne, 2nd Pioneer Bn., 7-5436; Maj. F. F. Ramsaur, 2nd Service Bn., 7-5242; Capt. H. H. Clark, 8th Engineer Bn., 7-5468; Capt. S. G. Roberts, Base Maintenance Bn. and Public Works, 7-3109; Capt. P. J. O'Connell, MCES, 5-7356; Lt. M. M. Adkins, 2nd Topographic Co., 0-1774; and 1st Lt. C. Williams, 2nd Bridge Co., 0-1187.

Chapel Film

"Conflict," a spectacular full-color film depicting the development of political intrigue in Jerusalem which eventually results in the Crucifixion, will be shown Sunday at 7 p.m. in the Marine Corps Air Facility Chapel.

Chaplain F. N. Sire, will again elaborate on the cultural background of the times in connection with the film.

Highlighted by the incident in which Jesus restores the sight of a young man born blind, the motion picture portrays the clever manueverings of the high priest Caiaphas with Pilate.

This film is the eighth of the newly-completed 12-picture series on the Living Christ. The public is invited to attend all showings.

CAMP LEJEUNE GLOBE

EDITION

PL 16 CAMP LEJEUNE, N. C., THURSDAY, MARCH 10, 1960 NO. 10

SEABEES ARRIVE—Eleven officers and 346 enlisted men of Mobile Construction Battalion-1 arrived Monday at the Marine Corps Air Facility. The Rhode Island based Seabees started their combat training yesterday at the First Infantry Training

Regiment which will end on March 22. They will then undergo preliminary marksmanship training prior to firing the rifle range from March 28 to April 1. (Photo by Act. Sgt. H. S. Shipp)

1960 American Red Cross Campaign Officially Opened

The annual 1960 American National Red Cross campaign was officially opened here March 1 by Lt. Col. John A. Wither- spoon, drive chairman. The first donation was made by Maj. Gen. James P. Berkeley, commanding general of the 2nd Di- vision. Co-chairmen for the drive, which is scheduled to end

NROTC Unit To Tour Local Training Area

Camp Lejeune will host 18 Mid- shipmen from the University of Auburn's Naval Reserve Officer's Training unit March 17.

Maj. J. J. Thomas Jr., has been assigned as Escort Officer during the visit. The unit will observe training at the 1st Infantry Training Regiment with a visit to the Marine Corps Air Facility, New River.

The midshipmen will also wit- ness field training conducted by the 2nd Marine Division.

The commanding officer, Hq. Bn., MCB, will provide billeting and messing facilities for the mid- shipmen.

March 31, are Maj. Charles A. Cole Jr., Marine Corps Base; Maj. Bruce W. Clark, 2nd Divi- sion; Lt. William J. Clifford, ChC, USN, Force Troops; Capt. Robert A. Terry, Marine Corps Air Facility, and Mr. Michael A. Califano, Civil Service personnel.

The ultimate goal of this year's drive is to strive for 100 per cent voluntary participation by all mem- bers of the Armed Forces, federal employees, and civilians employed by Base activities. Annual 1960 membership cards will be issued to those contributing \$1 or more.

Representatives of the American Red Cross at Camp Lejeune con- ducted an orientation discussion with co-chairmen and key men from each unit last week. Opera- tions and activities directly affect- ing Marines and Navy personnel stationed at Camp Lejeune were ex- plained in detail.

The 2nd Bn., Sixth Marines, was (See RED CROSS, Page 12)

Maintenance Problems To Be Discussed

Camp Lejeune's maintenance of- ficer, Col. Robert L. Smith, and assistant maintenance officer, Maj. Larry Lee, will attend a Marine Corps maintenance officers con- ference to be held March 28-30 at Headquarters Marine Corps.

About 25 Marines and civilian employees from Headquarters Marine Corps and Marine Corps man- aged field installations are ex- pected to attend.

Purpose of the three-day con- ference will be to discuss the Ma- rine Corps station maintenance program set forth in the new Faci- lities Management Manual issued recently to field commands.

Major General Chester R. Allen, Quartermaster General of the Ma- rine Corps, will open the con- ference March 28 with a "welcome board" talk. Three days of brief- ings and discussions on Marine Corps station management plans, programs, and problems will fol- low.

Flying Club

There will be a meeting of all those interested in joining the Camp Lejeune Marine Flying Club, in Messhall No. 9 at 7 p.m. Monday. Messhall No. 9 is on Post Lane in the area to the rear of Base Headquarters.

As specified in Base Bulletin No. 5760, dependents of Marines and civilian employees are eligi- ble to join the flying club, and are invited to attend this meet- ing. Preliminary procedures have been worked out which will permit members to pay their \$50.00 initiation fee in in- stallments as low as approxi- mately \$10.00 per pay day.

Activation Of Hawk Missile Unit Planned

The Marine Corps' first Hawk missile battalion will be activated May 2 at 29 Palms, Calif., under the command of Lt. Col. Armand G. Daddazio.

Replacing a conventional anti- aircraft gun battalion, the new unit will be called the 1st Light Anti- Aircraft Missile Battalion, and will be part of Force Troops, Fleet Ma- rine Force, Pacific.

Completely helicopter transpor- table, the battalion will be equipped with 24 launchers. About 600 Ma- rines will form four firing batte- ries plus a headquarters and ser- vice battery.

A second Hawk battalion, simi- larly organized and equipped, will form in the fall as part of Force Troops, Atlantic, at Camp Lejeune.

Light, two-wheeled launch plat- forms mount three 1,275-pound, 17-foot, solid propellant Hawks. The Hawk can seek out and de- stroy hostile aircraft or airbreath- ing missiles traveling at Mach 2 speeds at altitudes ranging from tree level to over 38,000 feet.

Reserve Units Will Conduct Exercise Here

Operation WHIPSAW, the designated name of this year's East Coast Air-Ground exer- cise, will get under way at Camp Lejeune on July 25.

Over 2,100 Marine reservists will participate in the operation, sup- ported by troops and equipment of the Quad-Command and the Marine Corps Air Station, Cherry Point.

Overall responsibility for the ex- ercise lies with Brig. Gen. Sidney S. Wade, commanding general, Ma- rine Corps Base, with Lt. Col. Sam W. Smith as WHIPSAW's coordina- tor.

On the afternoon of July 25, the Reserve units will jump off from their assembly and staging points in the Onslow Beach area and pro- ceed toward French Creek, over- coming enemy objectives along the route. From French Creek the Re- serves will push on by tracked ve- hicle to the Townpoint Landing and by helicopter to Ragged Point. From these two points the units will continue the attack to the junction of Verona Road and Townpoint Road where they will stage a link- up. Final objective for the opera- tion will be in the general area of Highway 17 south and Verona Road. The "attacking" units are scheduled to be in this vicinity on the afternoon of July 27.

Commander of WHIPSAW's "friendly" forces, designated MAGTF-57 for the exercise, will be (See RESERVE EXERCISE, Page 11)

LIGHTER RIFLE

General Lemnitzer Presents First M-14 To Commandant

Gen. Lyman L. Lemnitzer, Army Chief of Staff, last week presented the Marine Corps with its first M-14 rifle. Gen. David M. Shoup, Commandant of the Marine Corps, accepted the rifle from General Lemnitzer in a ceremony held in the Commandant's office at Headquarters Marine Corps. General Shoup in turn presented the

M-14 to Sergeant Major of the Marine Corps F. D. Rauber, the Corps' top enlisted Marine, and ex- pressed the hope that the new rifles would "soon be in the hands of the troops."

"After all," the Commandant said, referring to enlisted Marines, "they're the ones who will carry the rifles into combat."

Developed by Army Ordnance for Army and Marine Corps use, the M-14 rifle is scheduled for issue to Fleet Marine Force units begin-

ning in 1961.

The M-14, which fires the stand- ard NATO cartridge, is one of a family of 7.62mm weapons sched- uled for Marine Corps service. The M-14 will replace the M-1 rifle, and a modified version of it will replace the BAR. In addition, the Marine Corps has adopted the M-60 ma- chine gun to replace the Browning heavy and light machine guns and the M-73 machine gun to replace all .30 caliber machine guns mounted on tracked vehicles.

The Marine Corps plans to equip all commands with the 7.62mm fam- ily of weapons over a four-year period. During the first two years, the new weapons will be phased in- to operational use in FMF units and selected training establishments. Subsequently, the 7.62mm weapons will be issued to posts, stations, and Reserve units.

The M-14 is an air-cooled, gas- operated, self-loading, semi-automat- ic rifle weighing 8.7 pounds. It can easily be converted by ord- nance.

Haiti Officer Training Here

Second Lt. Jean B. Valme of the Force Army d'Haiti is vis- iting Camp Lejeune, receiving on-the-job training with Base and 2nd Division communica- tion units. The Haitian Army officer will finish two weeks with Base units Friday, and go to the field with Division troops and equip- ment next week.

Arriving in the United States eight months ago, Lieutenant Valme spent six weeks learning Eng- lish at the Anacostia, D. C., Naval Air Station. The following five months were spent at Quantico, where the lieutenant attended the Communications Officer School.

Following his field training here at Lejeune, Valme is scheduled to return to his native Haiti. His edu- cation there consisted of 16 years' study, including seven years each of primary and secondary educa- tion and two years at the Haitian Military Academy. He has been in the Army 10 months.

TALKING TO THE TROOPS—Col. Margaret M. Henderson, Director of Woman Marines, meets Cpl. Marie Paradis, Woman Marine Com- pany. During her recent visit to Camp Lejeune, Colonel Henderson held an informal meeting and request mast. Capt. Ellen B. Moroney, commanding officer, WM Co., is visible in the background. (Photo by Act. Cpl. P. W. Freeland)

Corps Testing New Artillery Field Weapon

The Marine Corps last week announced a new automatic field artillery weapon, the 155mm boosted rocket XM-70, which can deliver at the rate of six rounds in one and a half seconds.

Now in advanced research and development stage, the lightweight helicopter transportable XM-70 is the country's first automatic field artillery weapon. It is considered the most significant improvement in conventional U. S. artillery since 1910, and is scheduled for initial operational use in the Corps early 1962.

The XM-70 was developed for the Marine Corps by the U. S. Army to meet Marine requirements for a close support artillery weapon superior to the 105mm howitzer in terms of weight, accuracy, rate of fire, and lethality.

Rocket Principle

Capable of delivering single-shot as well as automatic fire, the XM-70 operates on the boosted rocket principle.

Automatic firing of the XM-70 is accomplished with two clusters of breech tubes each, mounted side by side. Each cluster revolves the cylinder of six-gun, moving a round into position for firing through a single-mounted launch tube.

The XM-70 weighs only 3,000 pounds, is effective at greater ranges than the 105mm howitzer, and is capable of firing direct as well as indirect close support missions. The weapon is easily maneuvered and can be towed with a light-weight vehicle such as the "convertible mule."

The 115mm boosted rocket round is equipped with a point-detonating or proximity fuse, and its high explosive warhead is effective against personnel, mechanized forces, and similar artillery targets.

Launching

Main advantage of the boosted rocket launcher principle is that it permits lighter construction of launching hardware than can be achieved in conventional artillery, because of its light initial booster charge, the XM-70 doesn't require the heavy tube and sturdy overall construction necessary in conventional artillery to withstand the tremendous pressures generated by detonation of the propellant charge.

Work on the XM-70 began in June, 1957, when the Marine Corps provided the Army with funds to support development of the weapon. The first prototype was designed and fabricated in 14 months. Three prototypes have been built to date.

Successful Tests

Thus far, the XM-70 has successfully completed road tests at the Aberdeen Proving Ground, Md.; helicopter-transportability tests at Aberdeen and Quantico, Va.; firing and air-transportability tests at Eglin Air Force Base, Fla.; and amphibious tests at Camp Lejeune. The XM-70 will undergo further extensive development and suitability tests prior to its adoption by the Marine Corps. To date, more than 1,500 boosted rocket rounds have been fired.

The Marine Corps plans to have its first XM-70 battery in the field, equipped with six launchers, by February, 1962. Eventually it is planned that the 115mm boosted rocket will replace the 105mm howitzer and the 4.2 mortar in artillery regiments of each of the Corps' three divisions.

COMMISSARY

The Base Commissary Store, Bldg. 1200, will be closed for inventory commencing at 12 noon Saturday, March 26.

The Commissary will re-open for sales as usual Tuesday, March 29.

GCA LANDING—1st Lt. T. J. Toben, who made the first ground controlled approach landing made by helicopter at Cherry Point Air Station, describes the method used in the landing with a model of an XM-70 helicopter. (Photo by Act. Ssgt. R. D. Fennell)

Division Master Sergeant To Direct Beauty Pageant

Would you like to meet Miss North Carolina Photoflash of 1960? A lucky Marine will probably be the first man who will have the pleasure of doing so. He is Act. MSgt. William Haines, Service Bn., 2nd Division.

The sergeant, who holds down the legal chief's billet at the battalion, is this year's Director and Master of Ceremonies of the 3rd annual beauty pageant of the North Carolina Photographers Association. The group, composed of professional photographers from throughout the state, meets in convention each year during which time the beauty pageant is conducted.

Haines, an after-hours professional photographer, has had the pleasure of being associated with such events for the past three years. He directed the Portsmouth, Va., pageant of pulchritude during 1957-58 and 59.

The sergeant straight-facedly insists that his "job" requires his putting in "long and arduous hours" pouring over the hundreds of pictures of lovely feminine Tar Heels who have entered the pageant.

ACT. MSGT. WILLIAM HAINES

While he hasn't issued a "frost-call" as yet, many members of the 2nd Marine Division can be found circling about his desk offering their experience and professional advice gained from many years of globe-trotting travels.

Reserve Unit Exercise Here

(Continued from Page 1)

Col. V. M. Davis and his Fifth Staff Group, USMCR, of Washington, D. C. Included in MAGTF-57 is Marine Air Reserve Group-7 of the Naval Air Station, Anacostia, D. C., commanded by Lt. Col. Raymond C. Holben.

Units participating in WHIPSAW will be the 5th Infantry Bn. of Detroit, Mich.; the 1st Tank Co. from Tallahassee, Fla.; the ANGLICO unit of the 2nd Communication Support Bn. from Chicago, Ill.; the 1st 105mm Howitzer Bn. from Richmond, Va.; the 1st Amphibious Tractor Bn. of Tampa, Fla.; the 12th Infantry Bn. from Pittsburgh, Pa.; the 3rd Communication Co. of Rochester, N. Y.; the 2nd Motor Transport Co. from Port Newark, N. J.; the 4th Engineer Co. of South Charleston, W. Va.; and the 71st Rifle Co. of Hamilton, Ohio.

The 68th Rifle Co. from Camden, N. J., under the command of Capt. John Markle Jr., will act as aggressors for the exercise.

MCI Initiates New Courses

The following course is now available from Marine Corps Institute:

RADIO SERVICING, 27.6 is particularly designed for Marines in the 2771 MOS, teaching the practical step-by-step procedures for locating trouble in radio receivers and transmitters, and in making the proper repairs. The prerequisite for this course is, MCI's Elements of Electronics I, or its equivalent.

Ground Controlled Approach Landing Made By Helicopter

The first ground controlled approach landing (GCA) by helicopter ever made at the Marine Corps Air Station at Cherry Point occurred during the blinding snowstorm last week. It was also the first time the pilot, 1st Lt. T. J. Toben, of the New River Air Facility, had made a ground controlled approach in any type of aircraft. It was also the first time that the air controller, Capt. R. L. Robinson, had "talked in" a helicopter through the radar and voice control method.

Lieutenant Toben was caught in the snow storm while returning

from Norfolk, Va., to his home base at New River. He was picked up by radar at Cherry Point when he was about six miles northwest of the air station between New Bern and Cherry Point.

Flight Plan

Having no forward visibility, Lieutenant Toben filed an instrument flight plan and then circled for about 15 minutes until it was cleared. He flew on instruments until he was near Cherry Point when Captain Robinson and the GCA unit there "talked him" in until he saw the runway lights 200 feet below. He then piloted his aircraft to a perfect landing.

Co-Pilot

The co-pilot, 1st Lt. W. O. Samuels, also of New River, was making a syllabus training flight. He had previously made GCA landings in fixed wing aircraft but never in a helicopter. The crew chief was Pfc J. R. Gates. All three are members of Marine Helicopter Transport Squadron 262.

Lieutenant Toben said that he had no fear due to his previous training. He also credited the success of the landing to Captain Robinson and his men at Cherry Point.

Lejeune Fire Fighters Help Civilian Units

The Base Fire Department was called to assist Jacksonville firemen Monday evening when fire broke out in a huge furniture store in the Midville section of Lejeune Boulevard opposite Tarawa Terrace. Two alarms were sounded here at Camp Lejeune.

More than 35 Marine and Civil Service firemen helped fight the blaze from about 7 p.m. to midnight. The fire, which completely destroyed the furniture store-warehouse, was still smoldering later in the week. Firemen managed to save an adjoining bakery, a next-door home and other nearby business establishments. Cause of the fire was not immediately known and damage was estimated in excess of \$200,000.

Lejeune firemen used two pump-trucks and two forestry trucks which carry their own water and Jacksonville firemen used a large tanker truck. Later, it was necessary to connect the Lejeune pumps and 2,500 feet of hose to the nearest hydrant in Tarawa Terrace. Firemen said had there been a nearby water supply, more alarms would have been sounded to aid in fighting the fire.

Approximately 60,000 gallons of water were used to bring the fire under control. Floodlights, powered by the generator in the Lejeune rescue squad vehicle, were used to light the area.

Military Police, directed by Jacksonville police and the State Highway Patrol, controlled traffic which swarmed to the fire scene.

Two Division Marines Are Part Of Unusual Retirement

Two 2nd Division Marines completed a combined 44 years' service here and retired from active duty Monday, Feb. 29. Retirement on this date is unusual because it can happen only once every four years—because of Leap Year. Act. MSgt. Oscar L. West, regimental ordnance chief of the Second Marine Regiment, and Act. GySgt.

Atticus R. Morris, battalion ordnance officer of the 4th Bn., Tenth Marines, transferred to the Fleet Reserve, each with 22 years' service.

Sergeant West joined the Corps in 1938 after graduating from Robbins High school in Robbins, Tenn.

During WWII he served with the 18th Anti-Aircraft Artillery unit at Saipan and Tinian, Marianas Islands. A veteran of Korea, Sergeant West was a member of the 1st Combat Service Group there from September, 1950, until September, 1951.

Returning Stateside in October, Sergeant West received a meritorious promotion to master sergeant.

A graduate of Recruiter's School, Sergeant West has completed tours at Recruiting Station, Harrisburg, Pa., and Hattiesburg, Miss. During 1954-55 he was in the Promotion Planning Section of the Weapons Repair Unit in Albany, Ga.

Sergeant West has been stationed at Camp Lejeune since July of 1956. When asked about his retirement plans, the sergeant said he planned to stay in the Jacksonville area for a while and log some fishing time.

Sergeant Morris proudly claims Parris Island (1945) and Camp Lejeune as his only two Stateside duty stations. The sergeant was in Iceland with the 1st Marine Brigade during 1940-41. After Pearl Harbor, he went to the South Pacific where he served with the 3rd Amphibious Corps during WWII. He was a member of the Eleventh Marines in Korea and did a tour of duty with the 3rd Service Battalion on Okinawa.

A graduate of the Field Artillery Ordnance School, Quantico, Va., Sergeant Morris was serving as Battalion Ordnance Officer and company gunnery sergeant when he reached the "trail's end."
