

# AMIL? and TROOP?

## ? Solution Next Week ?

If the question marks and the partially opened curtain appearing in the past few editions of the **GLOBE** have set fire to imagination and curiosity, only one more week of suffering is left.

Last week's opening curtain revealed "MI and OO" and brought a barrage of telephone calls to the **GLOBE** office. One caller speculated that soon the **GLOBE** would announce a new Marine Corps marksmanship award of an M-1 rifle and \$1,000.

Since this is not the message behind the curtain, one more opportunity to solve the mystery is offered. This week "AMIL and TROOP" can be seen. If this fails to ring a bell, see the Feb. 28 **GLOBE** for another **FIRST** of the Marine Corps and Camp Lejeune's perennial prize winner.

## Division Unit Tops Federal Service Drive

The 3rd Bn., Sixth Marines, is the first unit to contribute 100 per cent in the Federal Service Campaign for the support of National Health and International Relationship Agencies. The Naval Medical Field Research Laboratory has contributed 97 per cent.

No monetary quota has been set for individual organizations. Quotas are based upon the percentage of personnel in each unit who contribute.

The drive, under the direction of Lt. Col. Sam W. Smith, began Jan. 11 and is scheduled to run until Feb. 19.

The National Voluntary Health Agencies participating in the campaign are the American Cancer Society, Inc., American Heart Association, Inc., Arthritis and Rheumatism Foundation, Muscular Dystrophy Association of America, Inc., National Multiple Sclerosis Society, National Society for Crippled Children and Adults, National Society for the Prevention of Blindness, Inc., and the United Cerebral Palsy Association, Inc.

The American Korean Foundation, Inc., Crusade for Freedom and CARE, Inc., are the participating international agencies.

JACKSONVILLE, N. C.

THE HOUSE LIGHTS are down and the audience is stilled in preparation for the curtain to rise, revealing the secret behind the **GLOBE** question marks. Next week a Marine Corps publication first will be announced.

## Division Sets Annual Staff NCO Physical

Second Division Staff NCO's in pay grades E-6 and above will be required to take an annual physical examination to determine their physical fitness, according to Division Order 6120.1.

"The maintenance of fitness for combat duty by all Marine Corps personnel is essential to the accomplishment of the mission of the Marine Corps," the order says. "Any physical limitations which may prevent an individual from performing his duties in combat

must therefore be sought out and corrected, if possible."

The order further states, "Officers of the Marine Corps are required to undergo a complete physical examination annually. Enlisted personnel are routinely examined only upon reenlistment or extension of enlistment. While potentially disabling conditions are unlikely to develop undetected in younger individuals, this interval is considered to be too long in the case of noncommissioned officer personnel in the older age groups who are

less likely to meet the standards for physical fitness as set forth in Marine Corps regulations."

### Birth Date

Annually, within 30 days of the anniversary of his birth, each staff noncommissioned officer in pay grades E-6 and above will be ordered to report to the appropriate medical officer for a physical examination. A person who is temporarily absent from his command at the time prescribed will be ordered to report for his physical within 10

(See PHYSICALS, Page 12)

## National Children's Dental Health Week Program Set

This year Camp Lejeune, for the first time, will actively observe National Children's Dental Health Week in all Camp Schools from Feb. 7-13. The local participation is the result of a program initiated by a group of Base Dental Officers, headed by Capt. Charles T. Pridgeon, USN, Base Dental Officer. National Children's Dental Health Week, sponsored by the American Dental Association, is an annual effort designed to focus the country's attention on the importance of dental health. This year's project will be the 12th observance.

During the week-long project, Feb. 7-13, organized dentistry conducts a very extensive educational program for the purpose of acquainting the public with measures leading to the improvement in dental health of children and to arouse public understanding of the fact that the only genuine solution of the nation's dental health prob-

lem lies in controlling dental diseases in children.

The program at Camp Lejeune will be chiefly concerned with dental health education. Captain Pridgeon and a group of volunteer Base Dental Officers is presently engaged in procuring a wide assortment of educational material for all age groups such as pamphlets, posters, films, slides, newspaper articles, exhibits, radio scripts, and other dental health aids.

A visit will be made to each Camp School for classroom demonstrations in dental health practices, such as proper brushing, proper diets, and proper dentifrices. In addition, the group plans to conduct a dental examination for each school age child if desired by the parent, at one of the Base Dental Dispensaries on Saturday, Feb. 13, from 8:30 a.m. to 12 noon.

The group of volunteer dental officers who will be operating on their own initiative, time and resources, will conduct the program for all children's schools at Camp Lejeune. The officers, headed by Captain Pridgeon, are: Capts. Paul A. Moore and Lawrence Young and Cmdrs. Harvey P. Webre and Merlin E. Naylor.

Recent dental surveys in this

## Armed Forces Day Tentative Plans Made

Tentative planning for Armed Forces Day displays, parades, and "open houses" was made Jan. 14 when Col. Gordon H. West, Base G-3 officer, flew down to Robins Air Force Base in Macon, Ga., to meet with the Armed Forces Day committee for the seven southeastern states.

The committee, headed by Maj. Gen. Charles F. McCarty, commander of the 14th Air Force, met with Armed Forces representatives from southern commands to discuss what will again be the "Power For Peace" theme of recent years.

This year's observance of Armed Forces Week will take place May 14-22 with Armed Forces Day being celebrated on Saturday May 21. No definite plans for the Lejeune observance have been made, as yet, Col. West said.

The responsibility for the annual celebrations is rotated each year among the Army and Air Force.

CAPT. C. T. PRIDGEON  
Base Dental Officer

## Garden Space Now Available

All occupants of government housing are eligible to register for a Piney Green Garden Plot. These plots are assigned, free of charge, on a "first-come-first-served" basis.

Garden plots will be marked with stakes on all four corners. Assignee's name, address and current year (1960) will be indicated on a sign in the middle of the garden. Plots will not exceed 120' x 40' on the left of the garden road which goes by the Pump House or 4,800 sq. ft. in the area on the right-hand side of the road. Gardeners should stake off no more land than they can keep cleanly cultivated. Trash should be piled on the road shoulder, where it will be picked up periodically.

Interested personnel may register for a plot at the Quarters and Housing Office, Building 1T-43, Tarawa Terrace. For additional information, call Mrs. Perkins, Ext. 2-2125.

## Headquarters Wins Rifle, Pistol Trophy

The Commanding General's rotating rifle and pistol trophy was awarded to Hq. Bn. Tuesday, Jan. 12, for the second consecutive time. The presentation was made to Col. Roy J. Batterton Jr., commanding officer of the battalion, by Brig. Gen. Sidney S. Wade at ceremonies in the general's office.

The Trophy is awarded semi-annually to the Marine Corps Base unit that compiles the highest aggregate score for both the small and large bore intramural matches conducted each quarter.

The first award was presented to Hq. Bn. in July for the first and second quarter matches, and again last week for the third and fourth quarter matches.

### Supply Schools Second

The final team standings in competition conducted for the second award are: first place, Hq. Bn. with 17,922 points; second place, Marine Corps Supply Schools with 17,674 points; third place, 2nd FSR with 17,334 points; fourth place, 1st ITR with 14,025 points and fifth place, Marine Corps Engineer Schools with 10,299 points.

The members of the winning teams are: Capt. H. F. Spire, Hq. Co., team captain; Sgt. Gene Jones, Spt. Co. "B," team coach and shooter; Act. SSgt. J. F. Bowling, Spt. Co. "B"; Act. Sgt. J. E. Bear, Spt. Co. "A"; Act. Sgt. R. Tachai, Spt. Co. "A"; Act. Sgt. J. S. Nalewaik, Spt. Co. "A"; Act. Sgt. R. L. Ellington, Spt. Co. "A"; Cpl. J. E. Hess, Hq. Co., and Act. Cpl. B. Lightsinn, Spt. Co. "A."

If you ask me...

HOW DOES YOUR JOB SERVICE

CAMP LEJEUNE?

(Asked of Civil Service Personnel working aboard the Base.)

**MRS. NANCY B. PARKER** — In my position as secretary to the Base Maintenance Officer, I handle all the mail for the maintenance section. I also keep the building's central files up to date and keep records on all work requests and their status.

**NETTIE E. KING** — I am a member of the Civil Payroll Office. It is our job to handle the pay records of Lejeune's civilian employees. This includes balancing labor distribution, keeping leave and retirement pay records, and making all reports and vouchers concerning their payrolls.

**T. F. YANCY** — I am director of the Planning Division at Public Works. We make the preliminary plans and coordinate the planning for all construction done on the Base. This planning includes the preparation of all construction programs and projects for submission to higher headquarters. We also prepare and keep up-to-date files on the master development plans for the Base.

**PAUL W. CHAMBERS** — I am supervisor of the Inventory Management Branch of the Base Property Office. My position makes me responsible for the maintenance of Marine Corps Base Memo Receipt Accounts, with those receipts totaling over eight million dollars.

**MRS. ALEXZINIA GANT** — In my work as library assistant and clerk-typist for Central Library, I prepare books for circulation and work at the circulation desk itself. Besides checking books in and out, I assist patrons in looking up reference questions and help them find the books they are looking for. I am also in charge of sending overdue notices on delinquent books.

**ROBERT W. BARNUM** — I am an engineering draftsman with the Camp Lejeune Public Works Office. Our section prepares plans, drawings and other information required for building contract purposes. In other words, we aid in securing the various structures and building projects necessary to maintain efficiency at Camp Lejeune. (Photos by Sgt. G. Jones.)

# Air Facility Crash Crewmen Display Ways To Fight Fire

Crash crewmen at the Marine Corps Air Facility held a special fire-fighting demonstration last week to acquaint members of HMRL-264 with the procedures to follow should they be near the scene of a crash at any time. The squadron pilots also were shown the measures they should follow to protect themselves in the event their

aircrafts became disabled. The afternoon's instruction began when two cut down fuel drums containing gasoline were ignited. Carbon Dioxide was used to extinguish the fires. Although CO2 was first used to extinguish the fire, it was pointed out by the group that a fifteen pound container was used on the small fire. Being such a costly operation, it was pointed out that it would not be economic to use this type of extinguisher on a large fire.

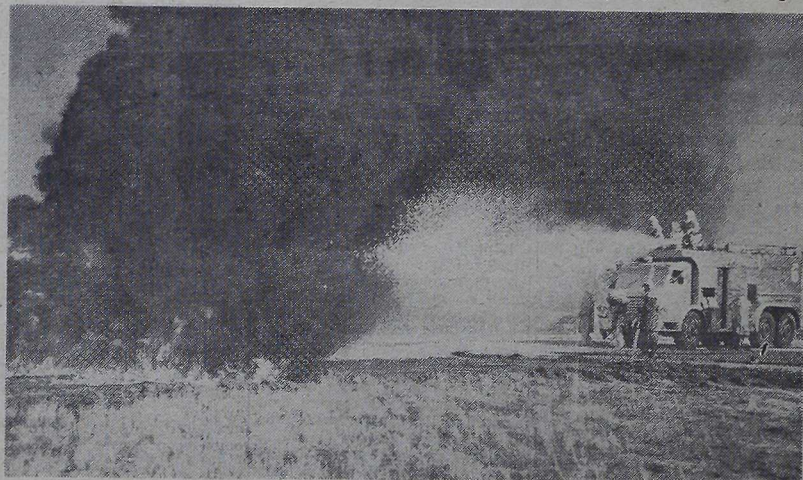

Reigniting the drum, the team then used water, the most common of all extinguishers. The water merely stirred up the fire, and the narrator for the demonstration pointed out that water usually should be used only on wood and trash fires. He continued, saying there are two basic types of water

extinguishers, the hand pump variety and the type which uses a cartridge.

## Reaction Reversed

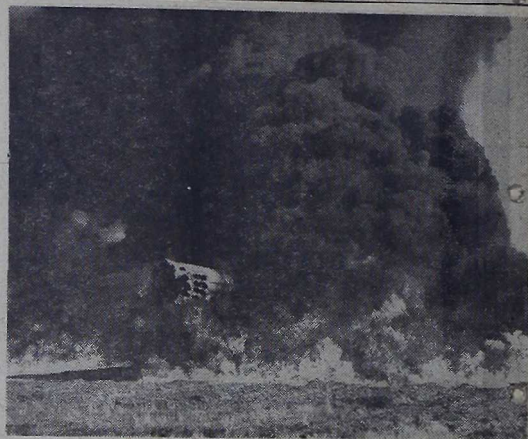

The third type of extinguisher demonstrated contained a dry chemical powered by a small cartridge of carbon dioxide. Although this extinguisher contained two substances found in the previously used extinguishers, it reacted in the opposite way than the others. In this case, the baking soda or dry chemical is the extinguisher and the CO2 is the propellant. The principle involved with the dry chemical was to smother the flames by cutting off all the oxygen in the air.

All of the small extinguishers were classified as first aid extinguishers due to the size of the

**FOAMY RESCUE**—Members of the Crash Rescue Team at MCAF spread a blanket of foam in order to gain access to the pilot of a downed aircraft during a demonstration held at the Air Facility last week.

ing a demonstration held at the Air Facility last week.

**PLANE AFIRE**—Flaming gasoline encircles the cockpit of a jet used for demonstration by the crash rescue team at MCAF. The team was staging a rescue of a pilot for the benefit of HMRL-264. A few seconds after this photo was taken the team was spreading foam extinguisher on the blaze and preparing to remove a dummy from the plane.

fires for which they are designed to be used.

## New Chemical

Magnesium fires have plagued firefighters for many years, the narrator said, because they are almost inextinguishable. In the past, the only way to kill a conflagra-

tion of magnesium has been to bury it, he explained. A new chemical, however, Trimethoxy-T-B-O-dine, commonly called TBM, has been developed which aids the fireman in his fight against burning magnesium.

The chemical does not extinguish the magnesium, but it does render it quenchable. TBM, the narrator further explained, does this by causing a chemical reaction to take place which charges the burning substance to one which can be put out by water.

## Flying Extinguisher

Another new feature displayed was a thirty-pound Ansul Dry Chemical extinguisher. This extinguisher, mounted on a platform, can be helicopter airlifted into remote forest regions where crashes might occur. Efforts are being made to mount the platform on wheels to increase its mobility at the scene of a crash. This extinguisher uses the same baking soda for an extinguisher, but the propellant is nitrogen.

## Pilot Rescue

The final part of the demonstration was a mock rescue of a pilot from a burning aircraft. An old jet aircraft fuselage was encircled with flaming gasoline and a burlap dummy was placed in the cockpit. Seconds after the gasoline was set afire, two crash trucks raced down the runway to extinguish the blaze and the crewmen rescued the "dummy" pilot.

The team's main objective was to save the pilot's life and then

... 'Copter Aids

the aircraft involved. The narrator reminded pilots that if their craft should crash and catch fire, their best chance to survive is to remain in the cockpit and not to get out when crash crews are on the scene.

It has been proven that seventy-five percent of the pilots who have remained in their cockpits until aid reached them, did not suffer severe burns, the narrator concluded. This is because the cockpit of aircraft is specifically insulated to protect the pilot in the event of fire.

With all of the new equipment and methods used by the crew at the air facility, a pilot in a burning aircraft can be rescued within one minute after crash trucks reach the crash scene.

# Union Posts '59 Dividend

(Continued from Page 1)

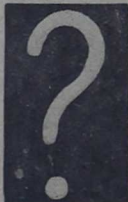

For each dollar deposited in the Union, the member receives a dollar in life insurance. For instance, a member who dies having \$1,000,

## MEETING

Tuesday, the Credit Union will hold its second annual meeting to elect a new board of directors and a new credit committee. The meeting will take place in the Camp Theater between 12 noon and 1 p.m. All members and prospective members are invited.

would leave his beneficiary his savings along with accumulated interest and an additional \$1,000 in insurance.

Members are required to desposit at least \$5 and pay a registration fee of 25 cents when joining the Credit Union. Additional savings may be made by either allotment or cash.

# Camp Lejeune Master Menu

Certain minor changes are permitted such as the interchanging of the evening and noon meals.

The GLOBE will publish the weekly Master Menu for Camp Lejeune messhalls as received and verified by the Base food services officer.

## FRIDAY, JANUARY 22

**Breakfast**—Fresh apples, assorted dry cereal, chilled fresh milk, fried eggs, oven-broiled bacon, toast, butter, jam and coffee.  
**Dinner**—Corn chowder with crackers, grilled deep fried haddock, tartar sauce, lemon wedges, macaroni with tomato-ched, buttered peas, salad bar, lemon meringue pie, yeast-raised cornmeal muffins, butter, coffee and hot tea.  
**Supper**—Beef chop suey, chow mein noodles, fried rice, buttered carrots, salad bar, tuna salad, orange cup cakes iced, bread, butter and coffee.

## SATURDAY, JANUARY 23

**Breakfast**—Bananas, assorted dry cereal, chilled fresh milk, scrambled eggs, fried potatoes, toast, butter, jam and coffee.  
**Dinner**—Breaded veal cutlets, bouillon gravy, buttered potatoes, buttered green lima beans, pineapple chiffon pie, salad bar, bread, butter and coffee.  
**Supper**—Baked beef loaf, tomato gravy, O'Brien mashed potatoes, fried cabbage, Mexican kidney beans, salad bar, raisin cookies, bread, butter and coffee.

## SUNDAY, JANUARY 24

**Brunch**—Fresh fruit, chilled fruit juice, assorted dry cereal, chilled fresh milk, eggs to order, hot cakes, French toast, creamed beef, hash browned potatoes, hot toast, butter, syrup, pastry and coffee. Choice of broiled bacon, fried pork sausage, or fried sliced ham.  
**Supper**—Grilled beef steak, mushroom and onion gravy, mashed potatoes, buttered whole kernel corn, salad bar, apple pie and ice cream, bread, butter, coffee and milk.

## MONDAY, JANUARY 25

**Breakfast**—Chilled grapefruit halves, assorted dry cereal, French toast, grilled pork sausage, syrup, toast, butter, jam and coffee.  
**Dinner**—Roast turkey, cornbread dressing, giblet gravy, mashed potatoes, buttered asparagus, salad bar, ice cream, hot rolls, coffee and butter.  
**Supper**—Barbecued spare ribs, simmered sauerkraut, buttered peas and carrots, salad bar, peach bread pudding, bread, butter, coffee and hot tea.

## TUESDAY, JANUARY 26

**Breakfast**—Assorted fruit juices, assorted dry cereal, cooked oatmeal, chilled fresh milk, fried eggs, grilled ham slices, toast, butter, jam and coffee.  
**Dinner**—Grilled pork chops, chilled applesauce, brown gravy, buttered potatoes, savory green beans, salad bar, cottage pudding, bread, butter and coffee.  
**Supper**—Veal fricassee, mashed potatoes, buttered asparagus, salad bar, raisin cookies, bread, butter, milk and coffee.

## WEDNESDAY, JANUARY 27

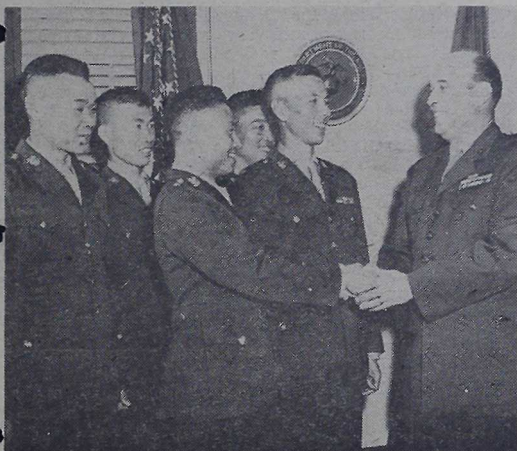

**Breakfast**—Chilled canned fruit, assorted dry cereal, creamed beef, hash browned potatoes, toast, butter, jam and coffee.  
**Dinner**—Swiss beef steak, mashed potatoes, buttered cream style corn, salad bar, hermit and ice cream, bread, butter and coffee.  
**Supper**—Grilled hamburger, French fried potatoes, marie simmered beans, simmered spinach, salad bar, fruited gelatin with topping, hamburger buns, bread, milk and coffee.

## THURSDAY, JANUARY 28

**Breakfast**—Chilled oranges, assorted dry cereal, chilled fresh milk, scrambled eggs, oven-broiled bacon, toast, butter, jam, coffee and hot cocoa.  
**Dinner**—Grilled ham steaks (canned), chilled applesauce, browned sweet potatoes, buttered peas, salad bar, pineapple upsidedown cake, hot rolls, butter and coffee.  
**Supper**—Turkey a la king, mashed potatoes, buttered mixed vegetables, salad bar, marble cake with chocolate icing, toast, butter and coffee.

# Quad-Command Highlights

**FOREIGN STUDENT OFFICERS**—Five Chinese Nationalist Marine officers are welcomed to Marine Corps Supply Schools by Lt. Col. W. M. Halbert, executive officer, Marine Corps Supply Schools, Montford Point. The Chinese officers are attending the Marine Corps Officers Supply and Motor Transport schools as participants in the newly activated Foreign Military Assistance Program. Standing, left to right, front row, are: 2nd Lt. Tzu-jan Lo, Maj. Chiu-yao Chiu, Maj. Juang-hua Ni, and Col. Halbert; back row: 2nd Lt. Juang-chieh Wang and Capt. Chen-hui Tuan.

## 75 Explorer Scouts Plan For Camp Lejeune Visit

Seventy-five Explorer Scouts and four adult leaders from the Baltimore Area Council of the Boy Scouts of America will visit Camp Lejeune Jan. 29 and 30. The visitors will be put in three different tour groups, consisting of Base activity, the Air Wing, and the Infantry Training Regiment. Capt. B. T. Burke, assistant Base Motor Transport Officer, has been assigned as escort officer, and Col. G. H. West, G-3, will be in charge of briefing the Scouts as to purpose and direct effects of routine matters.

The activity shown to the first group will include the Commissary, Post Exchange, and a tour of Base Maintenance.

The second group will visit the Marine Corps Air Station at Cher-

ry Point, where they will tour various schools, witness fire-fighting and rescue demonstrations and be orientated in radar, jet aircraft, and aerology.

The Scouts will witness a combat demonstration at the Infantry Training Regiment.

In addition to the group tours, the Scouts will be able to attend the Camp Theater and watch a basketball game at the field house.

### Reenlistments

**2ND DIVISION:**  
SSgt. Thomas L. Carr, 4th Bn., Tenth Marines, six years.

LCpl. J. E. Hardy received a Letter of Appreciation from MCES Commander, Col. W. S. Capehart.

Receiving Letters of Appreciation at MCES were: Act. Cpl. R. C. Widmar, Cpl. M. J. Milton, GySgt. Clarence Bytof, and Board of Governors at Staff NCO club.

Act. Sgt. Raymond P. Sturza, MCES, meritorious mast.

Act. GySgt. rFancis L. Klicker, MCES, meritorious mast.  
Act. SSgt. Robert A. Greer, MCES, meritorious mast.

## Dental Week

(Continued from Page 1)

country report that 50 per cent of all two-year-old children have one or more decayed teeth; three or more teeth are decayed at school age, and at the age of 16, seven or more teeth are decayed, missing or filled, with an average of five teeth lost from decay when the age of 21 is reached.

### Dental Decay

It has been proved that dental decay is the greatest cause for loss of teeth during early life. Disease of the gums and of the bone supporting the teeth, which also in many instances begin in early life, are chiefly responsible for the loss of teeth in later years. Statistics show that dental defects are accumulating faster than can be corrected by available dental manpower or the manpower available in the foreseeable future.

According to Captain Pridgeon, "Treatment alone is not the answer to conquer dental disease. Prevention has become our most promising means of reducing the overwhelming dental disease rate. This is especially true for children since dental defects begin early in life and amass into backlogs of untreated needs as children become youths and as youths become adults."

## Telephone Courtesy

In these days of constant stress concerning the higher cost of living, it is refreshing to contemplate that one of the best bargains of the day is courtesy—it costs nothing.

It is an intangible that can bring tangible results. It can cause the donor to feel good and definitely leaves a pleasant impression on the recipient.

The use of the telephone is a field in which courtesy can be more widely used. Perhaps because the telephone is a mechanical device, it is easy to be short and sometimes less than civil. It is just as easy to be pleasant no matter what the call may concern. This is also a two-way process. If you as the caller have called the wrong office, you are just as capable of looking up the right number as the person you have called. True, if the right number is readily available, it should be volunteered.

Have you ever had a stranger enter your office and stand around hesitant, not knowing whom to approach? It would take very little of your time to ask if you could be of assistance rather than cause embarrassment or antagonism by ignoring him.

Courtesy can be a wonderful bonding agent. It can be as important to internal functions within the Marine Corps as oil is to machinery. Consideration for the feelings of others marks the difference between man and animal.

In this election year, particularly, why not adopt a platform of courtesy and encourage others to share in a campaign of tact and good taste? Days otherwise dull could be brightened considerably. Do we have your "vote?"

## Inspiration

How often, wearing your uniform in public, have you been the object of saucer-eyed staring by small fry or playful salutes from happy kids? Does it get on your nerves? Do you feel like something on display in a show window? Do you want to go away and hide?

Well, don't let it throw you. The public takes a natural interest in servicemen—how they dress, how they conduct themselves, what sort of physical shape they're in. But the average adult civilian is courteous enough not to stare as though a man wearing his country's uniform were someone from another planet.

No so with most kids—and you can take their unabashed curiosity about you as a compliment. To paraphrase an old song, they only have eyes for you. You stand out in the crowd. You're something special. You're the top.

Look back to your own boyhood. You grew up playing with wooden soldiers. Ships and the men who sailed them sent your imagination soaring. Parades set your heart thumping. Some day you too would be in uniform, marching.

To the kids who greedily drink in every detail of your appearance, you are their tomorrow. You are the flesh and blood of the shadows they see on TV and in the movies. Your theater ribbons mark that you have seen far-off places; if you wear battle stars, you have been part of wars they hear about but can't remember.

So take their curiosity with friendly understanding. If they want to ask questions, try to answer them. Above all, live up to their conception of you. Treat them so that they'll go away with their admiration for all you stand for intact or even enhanced.

For every serviceman today, proud of the uniform he wears, can be an inspiration for tomorrow's generation.

(AFPS)

## At Radio Free Europe, Truth Corrects Lies

A woman in Poland recently told a Western reporter how she feels about Radio Free Europe's broadcasts: "I have but one wish," she said, "and that is the people at Radio Free Europe are given thanks from its listeners for working for us. We assure them that this important work is a great help and hope for us in our heavy life; it is a help for today, and a hope for the future."

This woman is just one of the 76,000,000 captive people in five Iron Curtain countries. All are denied the rights of a free radio and a free press. To these people, Radio Free Europe is the main link with the free world, the leading source of undistorted news and information.

RFE is a private network supported by the American people through their contributions to the Crusade for Freedom. Each week RFE sends almost 3,000 program hours into Poland, Czechoslovakia, Hungary, Romania and Bulgaria.

News and programs of news analysis make up roughly one-half of RFE's programming schedule. Details of Soviet crimes and corrections of Communist lies about the United States and other free world countries are given full coverage. In other programs, emphasis is placed on the captive peoples' cultural heritage, which the Soviets try to suppress.

In order to outwit Red jamming attempts, RFE broadcasts over several frequencies simultaneously. Because of RFE's power and "saturation technique," more than 90 per cent of the programs get through on at least one frequency.

President Eisenhower, who launched the first Crusade for Freedom campaign in 1950, said: "This Crusade is a campaign sponsored by private American citizens to fight the big lie with the big truth." These words are still our greatest challenge.

## NAVY RELIEF

The Camp Lejeune Auxiliary of the Navy Relief Society will hold its annual Open Meeting next Thursday at 10 a.m. at Marston Pavilion.

All hands are cordially invited to attend this meeting.

## Chaplain's Corner

The value of going to church is not determined by examining the behavior of the church-goer with the behavior of other people. The mark of a Christian is not just what can be seen by external observation. Christianity is not a set of rules by which a person can judge himself and others, but a relationship through Jesus Christ between the believer and God. The value of going to church is not to conform to standards but to kindle and to strengthen this relationship with God. Christianity is not just "doing"; but more importantly, "being"; being in touch with God through Jesus Christ. Christianity is not just a shiny veneer of life, but becomes the heart and sap of the life of the Christian.

Christianity is often misunderstood and "sold short." Many do not consider it worthwhile since they are able to find flaws in lives of those who are trying to maintain a relationship to God. The mistake is in making the activities of men the basis of evaluating Christianity, when the true basis for judgement is the activity of God through Jesus Christ. Is it right to deny the value of medicine because all illnesses are not cured? Is it right to sell God short because men cannot completely reflect His truth?

ERNEST R. LINBERGER,  
Chaplain MCAF.

## Short Rounds

**ACE MARINE PILOT**—Former Marine Col. Gregory "Pappy" Boyington, World War II flying ace and author of the best-selling "Baa Baa, Black Sheep," now takes on the job of host narrator for "Danger Zone," a new documentary television series of interviews with adventurous people.

**CLIMATE CHANGE**—Fellow Marines of two separate units at the Marine Corps Base, Camp Pendleton, Calif., are experiencing the most different climates known to man. A battalion landing team made up of the 1st Bn., Fifth Marines, is taking part in a 22-day SNOWFEX 11-60 at the Marine Corps' Cold Weather Training Center in Bridgeport, Calif., while 1st Recon Bn. is in the midst of Operation DESFEX at 29 Palms, Calif. New clothing and equipment will be tested by the BLT. A side issue of the exercise is a mustache-growing contest. Each company will award a cup to the Marine growing the biggest mustache. The 1st Recon Bn.'s three-week intensive training will cover reconnaissance and counter reconnaissance against enemy forces, helicopter posting of patrols and outposts; development of skills in aerial reconnaissance and pathfinder operations.

**MINEMAN**—Sixty-eight men from the Atlantic Fleet's Mine Force are being trained in ground fighting tactics at the Marine Base at Parris Island. The two-week course for the Charleston-based Navy men will include a variety of Marine training, including conditioning marches and classes in military discipline, sanitation and hygiene and military government. However, most of their training time with the Corps will be devoted to small arms training, requalification with the M-1 rifle and familiarization firing of the Browning Automatic rifle and .45 caliber pistol.

**TOP SHOTS**—The Woman Marine Recruit Training Bn., with a mark of 100 per cent, led all units firing the M-1 rifle for qualification during 1959 at the Parris Island Recruit Depot. Has alleged female superiority asserted itself even in this hitherto most sacrosanct of all masculine fields, that of male Marine marksmanship? Alas for the feminists, not quite. It seems that 12 male Marines (the drill instructors and the men who operate the WM me halls) are carried on the battalion rolls. Each fired 190 better of a possible 250 to qualify last year.

## PROTESTANT

**SUNDAY**  
0815—Base Chapel (Communion 3rd Sunday of each month)  
0945—Midway Park School Bldg., Sunday School

# Quad-Command Service Clubs' Weekly Activities

Country music is the theme at the Montford Point Staff NCO Club this Saturday evening. Providing the music for the dance Saturday from 8:30 p.m. until 12:30 a.m. will be Bob Jones and his Country Bobcats. Friday, Happy Hours will begin at 4:30 and continue until 6:30 p.m. The Happy Hour Special Friday from 6 to 8 p.m.

will feature spaghetti and meatballs.

Camp Geiger offers no dance this weekend, but plenty of good fellowship and cheer. Sunday from 3 until 5 p.m. a beverage hour will be held.

The Hadnot Point Staff NCO Club will feature Frankie Parks and her Escorts Friday, Saturday and Sunday from 8:30 p.m. until 12:30 a.m. for listening and dancing pleasure. Dancing again Tuesday evening with the Pastels from 8:30 p.m. until 12:30 a.m. Game night is also held Tuesday evening.

Happy Hours Monday are from 6 until 6:30 p.m. and Wednesday from 7 to 9 p.m.

Courthouse Bay Staff NCO's may enjoy the music of the Rockers Saturday evening from 8:30 p.m. until 12:30 a.m. Friday, Happy Hours will run from 4 to 6 p.m., and Sunday a beverage hour is scheduled from 2 until 5 p.m.

Johnny Holland, at the piano, will play from 4 to 8 p.m. Sunday for dinner dancing. Mr. Holland will also play for a community sing

and will be happy to play any request.

The Air Facility has Happy Hours from 4 to 6 p.m. Friday at the Staff NCO Club and a game night is set for the old service club Thursday at 8:15 p.m.

## USO PROGRAMS

**JACKSONVILLE** — "Hell and High Water" starring Richard Widmark and David Wayne will be shown at 8 p.m. Saturday and 6:30 p.m. Sunday. Sunday, coffee hour will be held at 9:30 a.m., a quiz at 2:30 p.m. and Hospitality Hour at 4 p.m. The Chess Club will meet Wednesday at 7:30 p.m. Chess instructions are held each Sunday afternoon at 3 o'clock.

**WILMINGTON** — Square dance instructions will be given Friday at 8 p.m. followed by ballroom dancing lessons at 9 p.m. Saturday, a dance will be held with USO junior hostesses. A coffee hour will be held Sunday at 9 a.m. At 5 p.m., the USO will host a hospitality hour.

## Library News

By LOUISE ROWE  
Phone 7-5410

The following books are available at Central Library, Bldg. 62, or through inter-library loan from these branches: Montford Point, Bldg. M-322, 9-8171; Courthouse Bay, 5-7360; Rifle Range, 5-7101; or Tenth Marines, Bldg. 538.

**HOW TO RETIRE TO FLORIDA** by George and Jane Dusenbury is the fourth revised edition of this title.

**THE MANSION** by William Faulkner is the concluding volume in the trilogy of the Snopes family.

**PHOTOGRAPHY FOR EVERYONE** by Fritz Henle and H. M. Kinzer tells the non-professional photographer how to take good pictures with all kinds of cameras.

**THE ART OF THE JAPANESE GARDEN** by Tatsuo Ishimoto discusses the art and ethics of garden design in Japan evolved over 14 centuries.

**STRANGERS ON THE SHORE** by Douglas Kiker is a novel about life in the modern American Navy.

**THE MASKS OF WAR** by George Langelaan is an account of a wartime espionage and counter-espionage written by a bilingual British Intelligence agent.

**THE IMAGE INDUSTRIES** by William Lynch is a constructive analysis of films and television.

"AMBASSADOR OF GOOD WILL"—Abe Saperstein, owner-coach of the Harlem Globetrotters, smilingly prepares for another of his far-flung junkets with his famed cagers. Passports and visas are in his right hand and folders of foreign correspondence near his left knee. The Globetrotters, who perform here Feb. 4, travel to all six continents of the world.

## Globetrotters Will Play All-Nations Team Feb. 4

The Harlem Globetrotters will play the San Francisco All-Nations at the Goettge Memorial Field House Thursday, Feb. 4, at 8 p.m. The Trotters have played in virtually every major city on earth and have played close to 6,000 games during their existence (and lost only just over 300 games) on courts that have ranged from haylofts and converted airplane hangars to bull rings.

Their brand of basketball has little in common with the kind played by ordinary teams all over the world. The accent is on ball handling cleverness, comedy, showmanship and super all-around play.

The All-Nations are an outgrowth of the San Francisco-Chinese who accompanied the Trotters as playing opponents on the latter's 10th annual tour of Europe and Africa.

So well were they received that they became a permanent part of the traveling company. In addition to the Chinese boys, Hawaiians and former mainland American college stars were added to the roster.

Pre-game and halftime entertainment will be provided by entertainers who are a part of the Globetrotter enterprise. Featured are a trampolinist, batonist, juggler, unicyclist and an equilibrist.

Tickets are now on sale at Goettge Memorial Field House, Marine Corps Exchange, Camp Theater, Drive-In Theater, Officers Club, Staff NCO Club, Marston Pavilion, and from the following Special Services offices: Division, Force Troops, Hq. Bn., Camp Geiger, Marine Corps Air Facility, 2nd FSR, Montford Point, Courthouse Bay, and the U. S. Naval Hospital.

The public is invited to attend and may purchase tickets at any of the above facilities or from Mr. Roy Stevens, Jacksonville Chamber of Commerce. Admission for the performance is \$1 for all seats.

## ★ EXTRAS ★

**CAMP THEATRE** — Saturday, 1 and 3:30 p.m., "Showdown at Abilene" with Jock Mahoney and Martha Hyer and chapter 13 of "Tex Granger". No matinees will be shown Thursday and Friday, Jan. 21 and 22 and Thursday, Jan. 28. "Raintree County" Friday, Jan. 22 will start at 5 instead of 6 p.m. "That Kind Of Woman" Sunday, Jan. 24 will be shown continuously at 1, 3:30, 6 and 8:30 p.m. "FBI Story" Wednesday, Jan. 27 will commence at 5:30 instead of 6 p.m.

**CAMP GEIGER** — Sunday, 2 p.m., the indoor movie has the same matinee as above.

**MCAF** — Saturday, 2 p.m., "Alias Jesse James" starring Bob Hope and Rhonda Fleming and chapter 9 of "Batman and Robin". Sunday, 2 p.m., "Last Train From Gunhill" with Gregory Peck and Anthony Quinn.

**MIDWAY PARK** — Thursday, Friday and Saturday, "A Private Affair" starring Sal Mineo and Christine Carere. Sunday, Monday and Tuesday, Fabian and Carol Lynley in "Hound Dog Man". Wednesday, Laurence Harvey in "Room At The Top".

trying to resolve the differences in their faiths and to become somebody in a world that seems to have forgotten about them. Vera Vague and Dick Kallman enter the story and the picture ends with the wishes of each being answered. (83 min.)

**FIGHTERS OF ABILENE** — Professional gunman Buster Crabbe has sworn to kill the murderer of his brother, only to find that the murderer is the father of his brother's bride-to-be. Plotting and counter-plotting follow to the inevitable faceoff where the once proud, arrogant gunslinger learns that a man cannot stoop to shooting and still live with his conscience. Burton McLane and Judith Ames also star. (67 min.)

**QUEEN OF SHEBA** — An Italian picture with the English dubbed in this one. Gino Cervi and Leonora Ruffo. (96 min.)

**BATTLE OF THE CORAL SEA** — Cliff Robertson is a U. S. Navy lieutenant commander who is forced to surrender his submarine and its crew after gathering vital information on the size and disposition of the Japanese Fifth carrier fleet. Tortured physically and psychologically, they refuse to let the nature of the ship's mission. Aided by Gila Seashan, an Eurasian, who has been "cooperating" with the Japanese as an interpreter, they shoot their guards and escape in a Japanese torpedo boat. (80 min.)

**THE MISSISSIPPI GAMBLER** — Tyrone Power and Piper Laurie star in this saga of the old riverboat days on the mighty Mississippi. The supporting cast is composed of many of the popular television actors of today. Ron Randall, Guy Williams, King Donovan, Hugh Beaumont and Dennis "Chester" Weaver. (95 min.)

**JET PILOT** — When a top Soviet woman agent, Janet Leigh, lands a Russian jet at a U. S. air base in Alaska, an American colonel, John Wayne, is assigned to take her under his wing to try to get information on Soviet air power from her. During their association they fall in love and a humorous struggle ensues for both between love and duty. (115 min.)

**DRIVE-IN (DI)** — Begins at 7 p.m.  
**COURTHOUSE BAY (CB)** — Indoors, 6 and 8 p.m., Mon-Fri; 2 and 6 p.m., Sat., Sun. and holidays.

**NAVAL HOSPITAL (NH)** — 1:15 p.m. only and 7 p.m.  
**RIFLE RANGE (RR)** — Indoors, 7 p.m.

**SILK STOCKINGS** — The nimble Fred Astaire plays an American producer in Paris who sells democracy to a Russian, the incomparable Cyd Charisse. In dance after dance, Cyd and Fred display their virtuosity and when not dancing they prove that they are gifted actors as well. Peter Lore, in perhaps his first comedy role, teams up with Joseph Buloff and Jules Munshin as the Communist agents sent to watch Cyd in Paris and end up slaying their themselves. A delightful musical in the great MGM tradition of fine musicals. (117 min.)

**BUT NOT FOR ME** — Clark Gable, in a role commensurate with his age plays a middle-aged producer whose secretary is in love with him and whose ex-wife keeps very close tabs on him to protect her alimony. The secretary, Carroll Baker, finally ends up with newcomer Barry Cole. Lilli Palmer, always brilliant and charming, plays the ex-wife whom Gable finally realizes is his real love. Touches of humor are added by two distinguished character actors, Lee J. Cobb as a playwright and Thomas Gomez as a film magnate. (103 min.)

**TARZAN, THE APE MAN** — The young Tarzan, Denny Miller, in an old, old setting, Africa, this is another in Edgar Rice Burroughs' famous novels as depicted on the screen. (62 min.)

**BLUE DENIM** — This is the story of two high school youngsters played by Carol Lynley and Brandon De Wilde who feeling themselves deeply in love, make a mistake through a lack of knowledge and in inability to confide in their parents. Refusing a marriage license, the two seek what appears to them the only alternative. De Wilde's parents are played by MacDonald Carey and Marsha Hunt and Miss Lynley's widowed father is played by Vaughn Taylor. A probing insight into the world of young love and misunderstanding by parents and their children, this is a film for teen-agers and parents alike. (69 min.)

**MONTFORD POINT (MP)** — Indoors, 7 p.m.  
**CAMP GEIGER (CG)** — Indoors, 6:30 and 8:30 p.m.  
**INDUSTRIAL AREA (IA)** — Outdoors, one-half hour after sundown.  
**CAMP THEATER (CT)** — 2, 6 and 8:30 p.m., five days a week.

**THE BOLD AND THE BRAVE** — In the spring of 1944 in Italy, American troops are engaged in one of their toughest campaigns. Sometimes the battle inside a man is so big, the war is small by comparison, as in this story of three infantry soldiers and their friendship for each other. Wayne, Corey, Mickey Rooney, and Don Taylor are starred. Rooney gives one of the most hilarious performances of his career as a young soldier who wins a fortune in a series of dice games which take place under a blanket during a blackout. (87 min.)

**THE WORLD, THE FLESH AND THE DEVIL** — Three people are the only survivors of an atomic war. Harry Belafonte, a man who escapes from a cave-in and at first thinks he is the only survivor in the world; Inger Stevens, a technician who found refuge in a decompression chamber; and Mel Ferrer, an amateur sailor who was at sea off a lonely coast of South America. Belafonte and Mrs. Stevens are thrown together in New York and fall in love but he resists her advances due to racial pride. The plot is further complicated by the arrival of Ferrer. (95 min.)

**RAINTREE COUNTY** — Montgomery Clift is tricked into marrying a beautiful southern heiress, Elizabeth Taylor, when she accuses him of being the father of her child. Eva Marie Saint plays his childhood sweetheart. Miss Taylor is emotionally disturbed as she searches for the legendary "Golden Raintree" which will bring happiness to her. (185 min.)

**JOE BUTTERFLY** — The efforts of five enlisted men representing Yank, the Army weekly, to get out a copy of the magazine in Japan, with photos and story of Japanese surrender, are helped and handicapped by a likeable Japanese with a "Robin Hood" complex who has spent ten years in the U. S. Burgess Meredith plays "Joe Butterfly" supported by Audie Murphy, George Nader, Keenan Wynn, Fred Clark and John Agar. (90 min.)

**THAT KIND OF WOMAN** — Two World War II G.I. buddies, Tab Hunter and Jack Warden, with a week's furlough before shipping out, parody a flirtation with two attractive women, Sophia Loren and Barbara Nichols, on a train from Miami to New York. The girls obviously belong to a big-time operator, George Sanders. Keenan Wynn also stars. (92 min.)

**500 AREA (500)** — Outdoors at 7 p.m.  
**CAMP GEIGER OUTDOORS (CGO)** — As presented in the film of Chip Hardesty, the master of horror movies, is starred but the real star of the show seems to be the mummy. (88 min.)

**ALL THAT HEAVEN ALLOWS** — Jane Wyman and Rock Hudson star in this humorous love story. No further information available. (88 min.)

**THE MUMMY** — A man is buried alive in ancient Egypt the tomb is opened later against the curse written upon it and the mummy escapes. The ensuing situations are the standard horror story plot. Fred Clark, the master of horror movies, is starred but the real star of the show seems to be the mummy. (88 min.)

**THIS IS A RECREATION OF FAMOUS FBI CASES** from the twenties until the present as presented in the film of Chip Hardesty, portrayed by James Stewart. Touching on famous criminals, espionage and the current threat of communism, the story takes place in this country and abroad. This is a "must-see" picture for all. (149 min.)

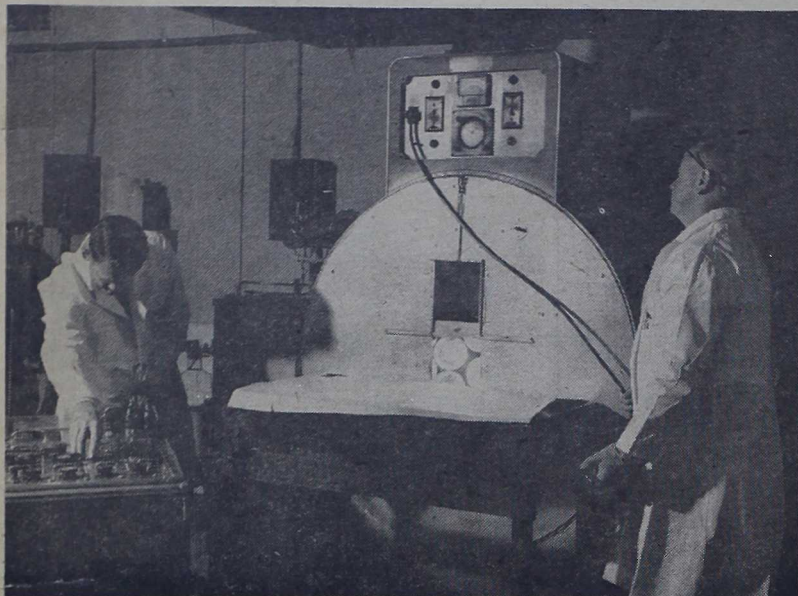

**IT STARTED WITH A KISS** — A fast-moving, bawdy, bedroom farce starring Debbie Reynolds, Glenn Ford, Eva Gabor and a very funny Fred Clark. Ford, an Air Force sergeant, falls in love with Miss Reynolds, a millionaire husband-seeking woman and they marry in a world-wide courtship. (104 min.)

**IT'S GREAT TO BE YOUNG** — John Mills as a popular instructor doesn't mind his pupils indulging in such unbecoming exercise as jam sessions but Cecil Parker, the new headmaster, is inclined to see matters in a more conservative light in the small grammar school. The how and why of the Mills' fans to win their right to indulge in these antics, embellished suitably with both classical and jazz tunes, makes for some entertaining light. (100 min.)

**BORN TO BE LOVED** — Carol Morris, former Miss Universe, and Hugo Haas portray a young couple,

# The U. S. Naval Medical Field

**BURN MACHINE**—Psychologist R. Jackson, left, and HM1 M. G. Moore, of the Psychology Dept., perform an experiment on the sources of burns and their intensity.

The Naval Medical Field Research Laboratory was established here in late 1943 by a joint agreement between the Commandant of the Marine Corps and the Chief of the Bureau of Medicine and Surgery for the purpose of studying medical problems peculiar to amphibious warfare.

Camp Lejeune was chosen as the laboratory site because of the many Marines undergoing training here at that time. During the first three years its chief concern was with medical problems encountered during operations in the Pacific.

## Nearly Deactivated

At the end of the war in August of 1945, the scientific staff of the laboratory completed its studies and, for the most part, returned to their civilian positions. At this time the laboratory was nearly deactivated, but veteran medical personnel assessed the contributions of the laboratory and found them worthwhile. Immediately, plans were begun for its continuation on a permanent peacetime basis.

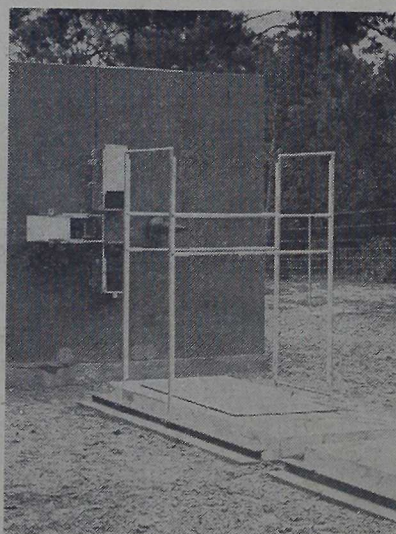

When the 2nd Division made Camp Lejeune its home in 1946, the Lab was relocated to its present place and began a re-orientation program of both facilities and staff. As a part of this program, combat experienced medical personnel at Camp Lejeune were organized under the name of the Naval Field Medical Materiel Board for the purpose of evaluating the medical equipment and supplies used during World War II.

## Developments

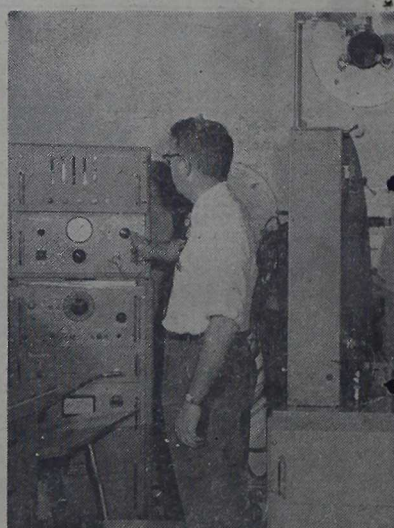

Activities were chiefly concerned with revising the system of supplying medical facilities in the field, reorganizing basic medical equipment and supply units, and developing or sponsoring the development of new equipment items. The work accomplished by this board has remained of great importance in defining research problems for the laboratory.

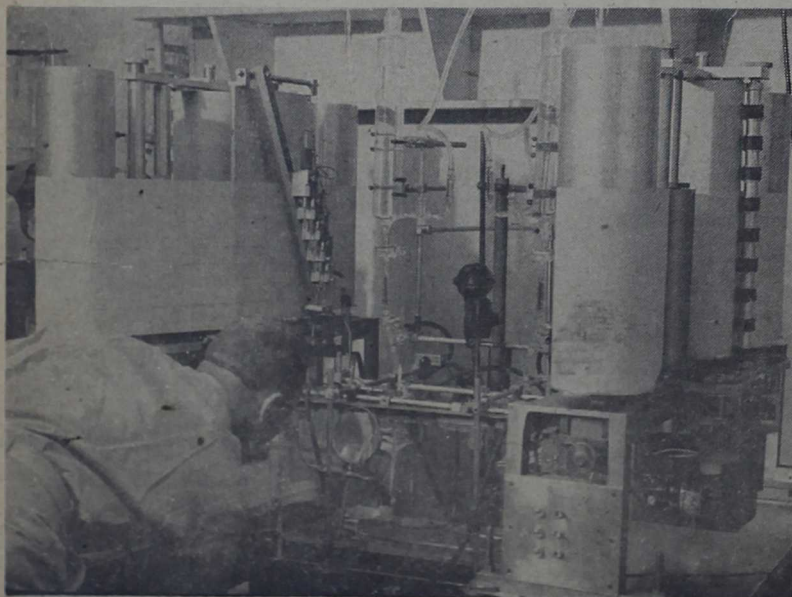

**RESEARCH**—Making a study of a means of perfecting the growth of plural-pneumonia like organisms outside of the body are HMC C. L. Lunceford, left, and Mrs. James Walker, medical bacteriologist.

**BALLISTICS RANGE**—At left, a view of the outside of the Lab's Ballistics Range which is used for the evaluation of materials used in composing protective armor. At right, inside the range house,

Mr. John F. Quinlan, supervisory technologist, operates the ballistics range recording instruments. The framing camera at right operates at the rate of 1,250,000 frames per second.

**DRUG ASSAY**—Lt. S. H. Kramer, MSC, USN, pharmacist, uses a machine developed by Cmdr. E. B. Cook, MSC, USN, head of the Lab's Experimental Biology Dept., for assaying the effects of drugs on biological materials.

**LIBRARY**—Librarian Mrs. M. L. Perrine assists Lt. S. H. Kramer, MSC, USN, pharmacist, in locating research data in the Lab's library which contains 12,000 medical texts, over 12,000 medical reports and is subscriber to over 200 scientific journals and periodicals. The Lab's library is considered one of the best scientific libraries in North Carolina.

# Field Research Laboratory

## Scientific Fields

Currently, the laboratory consists of three departments supporting the following scientific fields: Bacteriology, Entomology, Physiology, Pharmacology, Virology, Chemistry, Engineering, Personnel Protection, and Physics which, for the most part, are cooperatively engaged in making a comprehensive investigation of the physical and social environment in which the individual Marine lives and performs.

One of the most pertinent projects being undertaken at the laboratory at the present time is the establishment of facilities for studying the performance of Marines under stress caused by heat, cold, and humidity. Various phases of this study have been conducted recently at the University of North Carolina.

## Prevention of Disease

Another area of research in which the Lab has been active deals with the prevention of various diseases. During the past 15 years studies designed to provide more effective methods for controlling insects and to prevent the spread of insect-borne diseases have been performed.

## Contamination

Equally important experiments have been directed toward the prevention of contamination. Numerous studies have been accomplished with sterilization of water, materials, skin surfaces and sewage. Evaluated in this category have been water sterilizing devices, a water purification plant, and numerous types of field auto-foggers. In addition, shower units, hand washing devices, scrubbers for use in field surgeries, grease traps for field galleys, and field latrines have been designed and evaluated.

## Personnel Protection

Personnel protection is a field which has received much attention at the Lab. Studies and evaluations in field equipment, body armor, and cold weather equipment in the form of insulated boots, shelters, sleeping bags, gloves, helmets, etc., have been performed. Research studies along the same line have included investigations of the temperature effect of different colored materials used for shelters and clothing, and materials for reducing preventing sunburn. Also investigated were hot-weather boots and clothing. Protection from injuries resulting from snake bite and explosions are a few more of the endeavors undertaken by the NMFL for the protection of Marines in the field.

## Treating the Injured

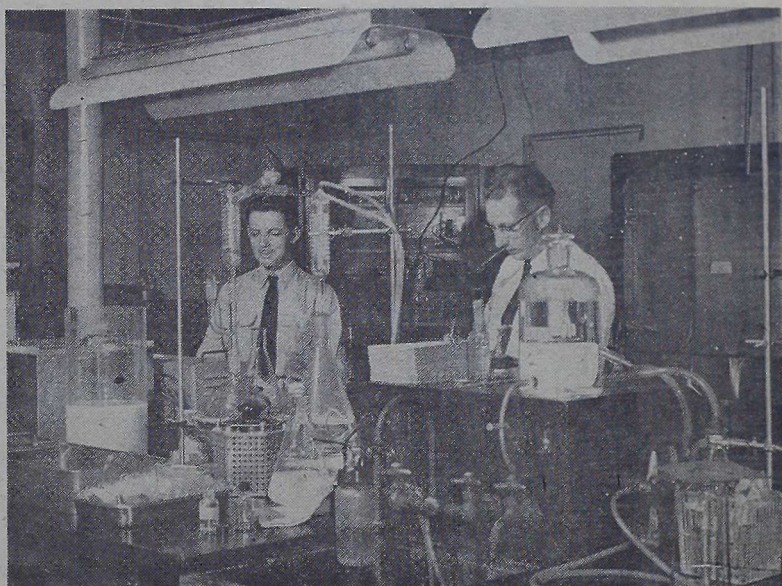

Much of the Lab's effort is directed towards finding ways and means for effectively treating injured or sick Marines in the field. Along this line, research has been conducted in the evacuation of casualties and the development of equipment needed to perform the various types of evacuations. First aid kits and a Battalion Aid Station have also been evaluated.

## Purpose

Each of these efforts is conducted with the sole purpose of aiding the individual Marine in performing his duty and providing new and better materials to work with.

The Naval Medical Field Research Laboratory is commanded by Capt. George L. Calvy, MC, USN. Captain Calvy was presented the Stitt Award in 1958, a very highly coveted Military Medical Association award, for his clinical research in the field of antibiotics in combating staphylococci pneumonia. Executive officer of the NMFL is Capt. K. L. Knight, MC, USN.

(All Photos by the NMFL Photographic Section)

**BACTERIOLOGY**—In the Research Lab's Bacteriology laboratory HMC C. L. Lunceford, left, and Dr. M. C. Shepard, head of the Bacteriology Division,

make a study of little known organisms which are considered to be between a bacteria and virus.

## Fields - of - Research

**GLASS BLOWING**—HMI H. N. Edwards, Chemistry Dept., begins fabrication of a glass instrument to be used as part of the equipment when conducting snake-bite experiments.

**CLOTHING DESIGN**—Head of the Clothing Design Dept., Mr. L. Merrick, measures the length of a load carrying system. In the Design Dept. material is designed and styled to accommodate the various types of equipment introduced at the Lab.

**MACHINE SHOP**—Personnel at work in the Lab's Machine Shop where equipment necessary to perform Lab functions is manufactured.

# Cage Greats To Meet In Field House February 4

With basketball magic only a few days away, let's take a look at the United States' Ambassadors of Sports, the fabulous, world-touring Harlem Globetrotters and the San Francisco All-Nations who will clash at Goettge Memorial Field House on Feb. 4. The Globetrotters will play under the coaching of Abe Saperstein and will feature such outstanding players as: Star forward, "the Old Pro," 6'2", Ermer Robinson. This is Robinson's 14th season with the court wizards and is considered one of the best shots basketball has ever known.

Ed Burton, an all-state phenom in both basketball and football, will be at center for the Trotters, and is in his second year with the

widely publicized exhibitionists.

Burton has an equally famous brother, Ron, who was selected from the University of Northwestern's backfield to the 1959 All-America football team.

## Tennessee State Star

Willis Thomas, former Tennessee State University star, is an excellent rebounder and jump shot artist.

A 6'4" guard, Thomas is a third year veteran with the team.

Seven years on the squad is six more than the experience 6'8" center J. C. Gipson had when he joined the Trotters.

At the completion of that high year, Gipson had been so outstanding he was named Los Angeles Prep Player of the Year.

## Fine Ball Handler

Also to come to the Globetrotters from high school is 6'4" guard Norman Lee.

Not only a brilliant all-around player, this six-year veteran is one of the finest ball handlers the Trotters have fashioned in a long while.

Jack Fitzpatrick, 6'5" guard and pivot man is in his second season with the Globetrotters.

A basketball standout while at Knoxville College, Tenn., Fitzpatrick was offered a contract after his participation in the 1958 World Series of Basketball in which the Trotters play the finest college seniors of the season.

## Shortest Player

"Little" Don Barnette, 6', will ask no quarter from taller players as he displays amazing speed and shooting ability.

Barnette, also in his second season with the Globetrotters, is a former cage star from the Miami University of Ohio.

The San Francisco All-Nations will be headed by Art Kim of the University of Hawaii coaching fame and have released the following thumbnail sketches of their squad.

## All-Nations

Kent Bryan, center, forward, 6'5", a former cage star from Memphis State, is in his second year with the team.

Christopher Kaniho, forward, 6'3", considered one of the finest all-around players in the history of Lahainaluna High School on the island of Maui, was voted the most valuable player in the state tournament during his senior year.

Reynold Freitas, guard, 6', was chosen Interscholastic All-Star Guard during his senior high school year and is in his second year with the All-Nations squad.

## Leading Scorer

Jerry Lester, an Oklahoma Baptist University basketball standout, is in his first year with the team. He averaged 20 points a game during his senior year and was leading scorer in the 1958-59 NAIA Tournament. (See CAGE GREATS, Page 10)

## Seafarers Cop Frostbite Title

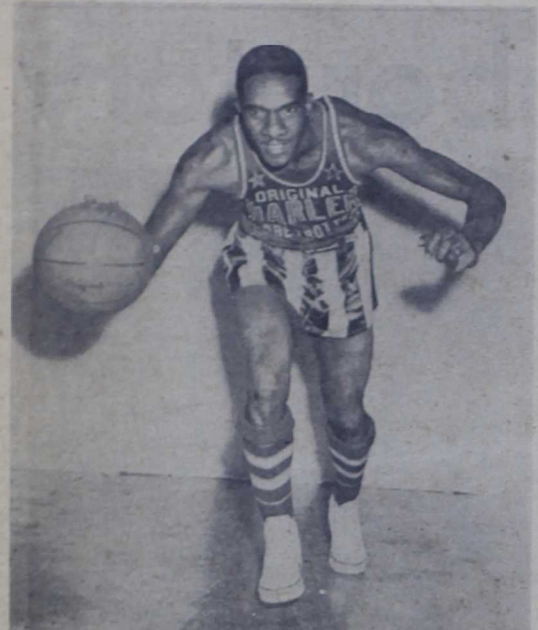

Lejeune seafarers teaming up as two man crews, swept the weekend regatta from Cherry Point racers to win the 1959 Frostbite Title on the flyers home waters.

Pfc. Boshen with crewmember Lt. Stewart took high individual honors compiling 29 points with Lt. Dent and Lt. Carpenter running a close second with 24.

The overall racing scores were, Lejeune — 89½ and Cherry Point — 39½.

Upon completion of the races the 1959 Frostbite Championship trophy was awarded to Colonel G. H. West by Station command Brigadier General R. K. Rotter.

A banquet and dance was held Saturday night in honor of the regatta participants by the Cherry Point Small Boat Wives Club.

ERMER ROBINSON  
Forward, Globetrotters Basketball Team

## Green Scores TKO As Pugs Down Inter-Service Boxers

What started out to be a regularly scheduled team match for the Lejeune boxing team turned into a Quad-Base affair with the locals coming out on top, winning 5½ to 4½. The Marines traveled to Bolling Air Force Base last weekend to face the airmen there. However, Bolling could not fill the card and a match was quickly

arranged between Bolling, Lejeune, Bethesda Naval Medical Center and Ft. Belvoir.

Three of Lejeune's wins came by default, one by decision, and one by TKO. Since neither Bolling or the Marines possessed a heavyweight, the point for that match was split, giving each one-half point.

## Wins

The defaults were won by LeRoy Metz, 112 pounds; Ron Cooper, 119, and Ernie Marshall. Rocky Fiorentino went three full rounds with Bolling's McCoy to win by unanimous decision. One of the better fights of the evening saw Lu-

chion Green win by a TKO over Bolling's Johnson.

Green knocked his opponent down three times in the first round and came back full force in the second to finish him off in one minute and 35 seconds.

## Newcomer

A newcomer to the Marine team, Fred Fogg, won the praise of his coaches although he lost by a TKO in the second round. Fogg, who won the 2nd Division welterweight title in 1958, was very much outclassed by Bolling's Burris.

Other losses were: Davis, 130, by a TKO in the second round; Henry Hooper, 165, and a point lost because the team lacked a light heavyweight.

## Golf Match Held By WGA

Ione Everett carded the lowest score of the All Irons Tournament held by the Womens Golf Association last Tuesday at the Lejeune golf course.

Shooting a 70 Everett copped the "A" flight. Patty Seaton was winner of the "B" flight with a 76, while Julia Cowing and Monoka Midkiff took the honors in the "C" and "D" flights respectively. Wanda Clark, who has not as yet established a handicap, took least putts with 18.

## SAILING CLUB

In an effort to promote maximum interest in recreational sailing, there will be a meeting at 4 p.m., Jan. 23, in the conference room at Bldg. 1. All interested personnel are encouraged to attend.

## Lejeune Sports

### BASKETBALL

#### Tonight:

ITR vs Engineer School, 5:30 p.m. Field House  
Marines vs Ft. Gordon (Signal), 8:15 p.m. Field House  
Lejeune High vs Atlantic High, 7 p.m. Away

#### Tomorrow:

Marines vs ServLant, 8:15 p.m. Field House

#### Monday, Jan. 25:

HqBn vs ITR, 5:30 p.m. Field House  
Marines vs Ft. Eustis, 8 p.m. Away

#### Tuesday, Jan. 26:

Marines vs NAS Norfolk, 8 p.m. Away  
Lejeune High vs Jasper High, 7 p.m. Field House

### BOXING

#### Saturday, Jan. 23:

Marines vs Ft. Eustis, 8 p.m. Away

#### Wednesday, Jan. 27:

Division Smoker, 7 p.m. Field House

ALL HANDS—Everyone seems to be getting into the act during Saturday night's game which saw the Camp Lejeune Woman Marines score a one-point victory over the Norfolk Naval Air Station Flyerettes, 42-41. (Photo by Cpl. K. L. Ainsworth.)

# Marines Top ServLant Five In Cage Win

Notching their 14th win in 22 games, the locals scored a well-earned, 73-70, victory over ServLant at Norfolk, Va. Twenty-one of the 73 markers came from charity tosses as the Marines hit 83 per cent of their foul shots.

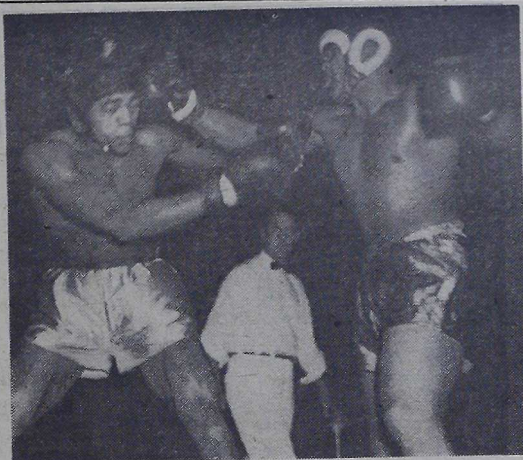

In a nip and tuck battle all the way, Lejeune led at halftime by three points, 36-33.

Art Andreoli, Lejeune's high scorer again took scoring honors with nine field goals and 11 free throws for a total of 29 points. Bob Reeves also hit in double figures for the Marines with 12.

On their home court tonight and tomorrow, and away Monday and Tuesday, the local hoopsters will oppose Fort Gordon (Signal), ServLant, Fort Eustis and Naval Air Station, Norfolk, in order.

## INDIVIDUAL SCORING

Lejeune	fg	ft	tp	ServLant	fg	ft	tp
Andreoli	9	11	29	Mitchell	10	2	22

Barrow	2	1	5				

**SCORING HEAVILY**—George Washington, right, Eighth Marines pugilist, lands a hard right to the head of Jim Williams, Second Marines, during the Division's first boxing smoker of the year. Williams shook off the blow and went on to capture a unanimous decision. (Photo by Act. Sgt. H. L. Shipp.)

# Second Marines Win Four To Down Eighth In Smoker

After dropping the two initial bouts of the evening, the Second Marines slugged their way to four consecutive victories and defeated the Eighth Marines in the Division's first boxing smoker of the year. The meet was held last Wednesday in Goettge Memorial Field House. The fight card, originally slated for 10 bouts, was shortened to six when four fighters failed to meet the weight requirements designated by the NCAA Rules under which the fights were conducted. As a result each team was credited with two forfeit victories.

In the feature bout of the evening, John Jordan, Second Marines, scored the only knockdown of the night when he floored Joe Lynch, Eighth Marines, with a series of second-round punches. Jordan was awarded a TKO in 1:15 of the second round when coach Fox threw in the towel to stop the fight.

Other fights went to: Bill Wallace, Eighth Marines, over Ron Sullivan by decision; Tom Hennessy, Eighth Marines, over Christ Brown by decision; Hilton Johnson, Second Marines, over Lowell Thomas by decision; Alleen Parker, Second Marines, over Jim Hodges by decision and Jim Williams, Second Marines, over George Washington by decision.

Halftime entertainment was provided by the Base Judo Club under the direction of Capt. B. T. Burke.

# Vasko Bowls New High For Staff Keglers

D&E Car Exchange and New River Cleaners lost Tuesday night but held the Nos. 1 and 2 slots in staff bowling. Maryland Life outrolled D&E Car Exchange 3-1 while National Bohemian held the same margin against New River Cleaners. Gulfpride Service downed Liberal Credit Stores, 3-1.

Individual highs: Maryland Life—Dick Drew, 235 and Lew Nicolette, 605; New River Cleaners—Ed McLain, 224-588; National Bohemian—Stan Jackson 194 and George Edwards, 505; D&E Car Exchange—Bill Rogan, 207 and Al "Ike" Eisenhower, 530; Gulfpride Service—Bob Ross, 191-522; Liberal Credit Stores—Johnny Muse, 194 and Bill Dobbs, 458.

## Wednesday Night

Wednesday night was another 3-1 night with Piggly Wiggly downing Canada Dry, First National Life edging New River Pharmacy and Stiles Van & Storage over Archer Renault.

Individual highs: Piggly Wiggly—Jimmy Murray, 201-505; Canada Dry—Thad McCallum, 188 and Hugh Moorman, 486; First National Life—Sam Poulton, 215-548; New River Pharmacy—Sam Pollard, 201-502; Stiles Van & Storage—Ken Therrel, 192-556; Archer Renault—Bob Schroeder, 193-531.

## Thursday Night

Paul Vasko rolled the highest game to date in this league with a 246 as Falstaff tied 2-2 with Rock 'n' Roll Drive-In. Quality Cleaners blanked Country Club Wheels and Courthouse Bay Staff shut out Foscoe Plymouth, both by 4-0 margins.

Individual highs: Falstaff—Paul Vasko, 246-584; Rock 'n' Roll Drive-In—Chet Molencupp, 210-570; Quality Cleaners—"Snokey" Greenwood, 190-497; Country Club Wheels—Jim Wells, 180 and Jim McDonald, 487; Courthouse Bay Staff—Joe Kratkowski, 184 and Herb Seitz, 472; Foscoe Plymouth—Joe Cushman, 165-475.

## SWIMMING

Male or female dependents may attend swimming classes at the Area 2 pool on Friday evenings from 7 til 9. Minimum age is 15 years.

# Cannoneers On Top In Intramural Loop

The month-long deadlock for the National League lead in the Division basketball circuit was finally broken when 4th Battalion, Tenth Marines, defeated the 2nd Battalion, Sixth Marines, 82-72 in an overtime thriller. Ron Layton connected on a set shot from mid-court with about 18 seconds remaining to send the game into overtime. Having trailed for almost the entire game, the Cannoncer contingent caught fire in the overtime to win going away. Jim Robertson was high man in the

scoring department for the victors with 18 points, topped only by Bob Miller's 37 markers for the losing 2nd Battalion, Sixth Marines, club.

The 3rd Battalion, Sixth Marines, avenged an early season setback to defeat the 2nd Battalion, Tenth Marines, 69-48. The victory boosted the 3rd Battalion quintet into a first place deadlock with the losing club, to highlight American League action. Charlie Brown, 2nd Battalion forward, and Daryl Hampton, 3rd Battalion scoring ace, clashed in a scoring duel, with Brown tossing in a total of 30 points to take top honors. Hampton finished a close second with 28 markers.

## Hq. Bn. Drops

Headquarters Battalion dropped a full game off the pace after dropping a 61-47 decision to the front-running 2nd Battalion, Tenth Marines. Headquarters remained in the running for the number one position by downing 1st Battalion, Second Marines, 83-54. The game was a nip and tuck affair for the entire first half with 1st Battalion drawing to within five points at period's end. Bob Duerr led the Headquarters attack with a total of 23 points.

The 3rd Battalion, Sixth Marines, contingent ran their winning skid to four with an easy 134-58 victory over Pioneer Battalion. Jim Pen-alver led the attack with 19 points while Harold Dean was top man for the Pioneer quintet with a total of 15 points.

## Final Four Minutes

First Bn., Eighth Marines, moved into a fourth place tie with 1st Bn., Second Marines, on the strength of a 64-45 triumph over Motor Transport Battalion.

After taking over the number one spot in the National League with an 82-72 victory over 2nd Battalion, Sixth Marines, the 4th Battalion, Tenth Marines aggregation was extended to the limit in edging out the last place 2nd Anti-Tank club, 70-63. Second Anti-Tank Battalion ran up a 33-18 halftime lead and remained in front until the final four minutes of play. The Cannoncers displayed a well-balanced attack in overtaking the winless 2nd Anti-Tank team, posting four men in the double figures column. Fred Washington was top man for the losers with a 20-point total.

## Century Mark

Service Battalion doubled their opposition's point output in defeating 2nd Battalion, Eighth Marines, 116-58. The victory sent the Service Battalion contingent into a second place tie with the 2nd Battalion, Sixth Marines. Third Battalion, Second Marines, wound up league proceedings with a 67-45 decision over 2nd Anti-Tank Battalion.

# Officers Wives Bowling League

Margaret Suttis led the Zeros to a 4-0 victory over the Duds with a high series of 524. The Alley Cats won over the Holie Rollers 3-1, and the Pinflippers split 2-2 with the Hopefuls. Also splitting the match were the Alligators and the Hi-Fives.

Individual highs went to: Alley Cats—Mary Wood, 177-460; Holie Rollers—Carol Goodall, 165-414; Pinflippers—Rita Nugent, 162-429; Hopefuls—Ann Sherbondy, 174 and Nell Baxter, 459.

Zeros—Margaret Suttis, 199-524; Duds—Betty Noer, 192-468; Alligators—Lila Nielson, 153-430; Hi-Fives—Lucile Faw, 199-511.

# Division Kegs Set Top Pace At 35 Straight

Service Battalion vaulted into the American League lead with eight consecutive victories while Headquarters Battalion continued to dominate National League play, boosting their first place margin to a full seven games in the 2nd Division bowling league.

Medical Battalion dropped four games during the week's action to slide three full games off the American League pace. 2nd Battalion, Sixth Marines, picked up eight straight wins to move into the first division dropping 2nd Anti-Tank Battalion into fifth place. The remainder of the American League remained static with each of the bottom three teams losing four contests.

Headquarters continued to set a blistering pace in the National League as they swept to their 35th consecutive triumph. First Battalion, Second Marines strengthened their hold on the number three position winning all four contests for the second consecutive week. The four victories enabled the 1st Bn., Second Marines, keggers to pick up a full two games on the faltering Motor Transport.

Individual statistics remained the same with the exception of high average, as Mel Ottinger took sole possession of this department with a 186. Jim Ashwell's 266 remained high single game with "Ike" Eisenhower's 658 pins remaining the top series.

# Mantis Piles Up 34 Points For ITR Win

Sparked by the high scoring of Nick Mantis, Infantry Training Regiment smothered Engineer Schools 55-36 in a Base intramural basketball tilt played Thursday evening in the field house. Mantis dropped in a total of 34 points and at times during the game dominated scoring by dropping in three or four goals in succession.

Powman led in scoring for the Engineers, accounting for 16 points.

Both teams had a problem getting started in the scoring bracket with the first quarter showing 8-7 for ITR. As the second period opened, ITR wasted no time as Hugh Painter dropped in the first goal as others followed suit to give the trainees an impressive 24-18 halftime lead.

ITR again opened scoring and spread their lead to nine points which they held for the remainder of the quarter. Last quarter showed the trainees really turning on their steam to open the lead more and more as Mantis showed the team how.

Mantis accounted for the last four goals made in the game and left play for the first time of the evening with only five seconds remaining.

**SILVER ANNIVERSARY ALL-AMERICA** grid star, Brig. Gen. Odell M. Conoley, USMC, assistant commander of the 2nd Marine Division, receives silver goal posts in recognition of his success during the last 25 years. Governor Luther H. Hodges of North Carolina, seated third from right, presented the SPORTS ILLUSTRATED award to the general Friday following a Jacksonville Chamber of Commerce banquet. (Photo by Act. Sgt. J. H. Webster Jr.)

# Sports In Short

Act. SSgt. Bob Wills

**ALL-MARINE JUDO CHAMPIONSHIP**—Marine Corps Recruit Depot, Parris Island, S. C., will host the third annual All-Marine Corps Judo Championships for the second consecutive year in April.

Ernie Cates, present All-Marine Judo Champ, will be one of 12 Parris Island entries this year. A former Camp Lejeune judo star, Cates is now serving as judo instructor for Marine recruits.

**WARNING ISSUED**—Senator Gordon Allot (R-Col.) has warned West Point officials he will go to top Pentagon levels in his fight to win the Air Force Academy a home-and-home football agreement with the Army.

Army and Air Force met for the first time and played to a 13-13 tie.

**LAWYER OR QUARTERBACK?**—Eddie Lebaron, all-time great quarterback of the Washington Redskins, was recently admitted to the state bar of California. Although eligible to practice law in that state, Lebaron has indicated he may continue to play in professional football.

**WATERFIELD HEADS RAMS**—Another outstanding quarterback, Bob Waterfield, has taken a five-year head coaching job with the Los Angeles Rams. Waterfield, a former UCLA star, guided the Rams to their only national football crown during his 1945-1952 play.

**15,000TH**—A lot of buckets? You're so right, and that's what Syracuse National's fans thought after their own Dolph Schayes had scored his 15,000th point to set a new NBA record.

**PAY SLASH?**—Mickey Mantle, slugging star of the New York Yankees, shook off talk of a pay cut when he said, "You've gotta expect to get cut when you had a year like I did." Mickey, a \$72,000 man last year, batted 285 and struck out 126 times during last season's play.

**UNITAS HONORED**—An 80-cent phone call from Baltimore to Pittsburgh netted the Baltimore Colts a quarterback who had been refused by other clubs, to fill in behind their starter George Shaw.

Last week John Unitas was named the outstanding National football League player of 1959 in the annual United Press International poll. Unitas has thrown at least one touchdown pass in his last 37 regular season games, far surpassing the old NFL record.

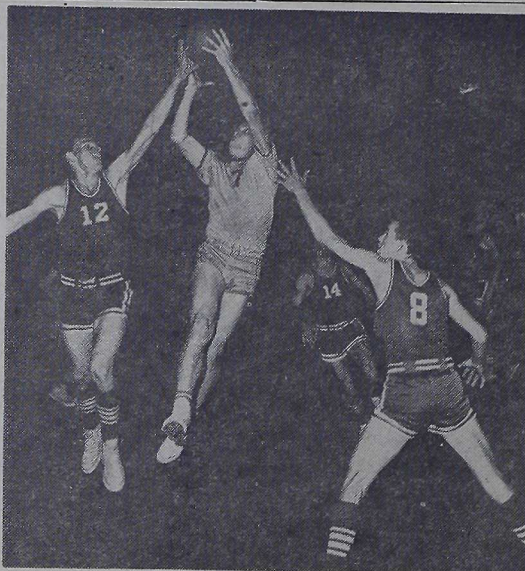

**OUTSTANDING SERVICE PLAYER**—King Dixon, former grid standout from South Carolina who averaged seven yards per carry for the undefeated 1959 Quantico Marines, was voted the nation's outstanding service player by the Washington, D. C., Touchdown Club.

**LEADING REBOUNDER**—Al Dillard is the only member of Quantico's five, not having college experience. The 6-foot, 3-inch center who was nominated to the All-Marine squad last year, currently leads the Leathernecks in rebounds.

**COACH EXTENDED**—A five-month extension of duty at the San Diego Marine Corps Recruit Depot means that Robert "Bull" Trometter, one of the winningest service football coaches in the country will be on hand to head the Leatherneck gridders this fall.

**OUT IN LEFT FIELD**—And in right field, too, of Yankee Stadium are two signs designed to delight the hearts of every Marine Recruiting sergeant. In illuminated letters, each over three feet high, the message, "Join the Marines," is proclaimed daily to over 100,000 commuters passing by on rail and auto arteries leading in and out of New York City. The signs were placed in their eye-catching locations through the efforts of Lt. Col. Dan Topping, USMCR, co-owner of the Yankee Baseball Organization and a member of New York City's Marine Corps Reserve Public Information Volunteer Training Unit.

**SHOT STOPPERS**—Travis Riggs, 12, and brother Gene, 8, combine efforts to stop Devil Pup Al Everette from scoring during Swansboro's 72-52 win over Camp Lejeune High School at Goettge Memorial Field House. (Photo by Pfc L. T. McClain.)

## Pirates Take Doubleheader From Lejeune High Cagers

If it had not been for Swansboro's Mike Miller, Lejeune High could have possibly split a twin bill with the Pirates. Miller with 19 tallies in each of the halves, led his team to a 72-52 victory over the Devil Pups Thursday night at the Goettge Memorial Field House. The Lejeune girls were edged in the first game of the evening by the lady Pirates, 47-36.

With Lejeune's Lewis Boynton hitting for five points in the first three minutes of the game, the Devil Pups pulled into a seven-point lead. Four foul shots and baskets by Lejeune's Skip Chapman, Rick Baker and Al Everette widened the margin to 14. Leading 20 to 6, the Pups saw the roof fall in.

### Roof Falls In

Swansboro's Miller, who had only scored once up until this time, began to burn the hardwoods. Dropping incredibly long set shots through the nets, Miller led his teammates into a terrific uphill struggle, taking the lead 33-30 at halftime.

Returning, but not receding, from his thrilling first half performance, Miller continue to amaze onlookers by dumping shot after shot through the hoop, with 11 of his 38 markers coming in the third quarter. Skip Chapman led in the scoring for the Devil Pups with 17, followed by Boynton's 14.

### Girls Game

A score by Jo Brickly, in the final seconds of the first half broke a 16-16 deadlock and put the Lejeune girls in the lead as the buzzer sounded.

The Devil Pups commanded the boards during the first half, but couldn't stop a fierce Pirate attack led by Betty Casey with 30 points, high for the night.

Patsy Everett took scoring honors for the Pups, hitting for 18 tallies, with Jo Brickly a close second at 17.

### Second Twin Loss

The double loss was the second in the row for Lejeune, after drop-

ping a twin-bill to White Oak Tuesday night. White Oak outscored the Devil Pups 52-37, while the girls were thrashed 83-27.

## Rod & Gun

By ACT. GYSGT. HELEN BRUSACK  
Phone 7-5888

(Editor's Note: This is the final article of a two-part series on the care of archery equipment.)

Special care should be taken in bracing and unbracing the bow. Brace a straight-limb with the lower tip placed securely on the inside of your instep, using the sole of your boot to prevent the bow tip from penetrating the ground. Recurved bows may develop twisted limbs if improperly strung by the step through method. You can

best avoid this possibility by elevating the heel of the foot which supports the lower limb.

With only the ball of the foot on the ground, raise your heel and throw it outward, applying pressure with your boot against the curve of the bow rather than against the tip. This will keep the tip from digging into the ground or the floor and should align your string parallel with the bow.

### Stringing the Bow

When you string or unstring a bow this way, your thigh acts as a fulcrum against bending the bow. It is important to place the center of the bow against your thigh so that while your limbs are bending they will receive equal pressure.

The bowstring is not simply a length of cord for bending the bow. Its condition can have a great effect on your bow; for shock which results when a bowstring breaks exerts a terrific pressure on the bow limbs, sometimes causing a break or delamination.

Today's dacron strings wear longer and require less care than the old linen type. Even dacron strings require a certain amount of care. They should be waxed regularly according to the amount of use.

### Care of Strings

Inspect your bowstring often to make sure there are no broken strands. If the string starts to fray at any point, replace it at once with your spare which should be carried at all times. Guard against getting any dirt or grit on your tips at the notches. Tiny particles

working into the string will have an abrasive effect on the strands and will eventually cause a break.

Don't allow the serving section on your bowstring, thread covered section in the middle of the string, to become worn from constant contact with the notches of your arrows. If the serving threads begin to spread apart, reverse the ends of the string so you'll be notching arrows on a fresh serving.

Your bow may be the best and your shooting form perfect, but if your arrows aren't in first class shape you won't score consistently on game or targets. Even if your shafts are spined for your bow and are uniform in weight, they must still be perfectly straight.

### Testing Arrows

To test for straightness, bend your thumb and second finger and touch them together so you can lay an arrow in a "V" where the fingertips meet. Use the thumb and index finger of the other hand to grasp the arrow by the notch. Spin the shaft sharply by the notch and shove it forward across the "V" in one motion. If the shaft wobbles or hops up and down across your fingertips, it's crooked. If it stays in the "V" and spin smoothly it's true.

Giving your archery tackle the best care takes only a few minutes of time for each piece of equipment. When you're dressing out your deer or bear next fall, you'll know the few minutes to keep your equipment in top shape were well worth the time.

## Cub Pack 190 Plans Activity-Filled Days At Tarawa Terrace

Leaders of Cub Pack 190 in Tarawa Terrace Monday evening to begin planning for the heavy schedule of events facing the Pack during the remaining days of January and the month of February.

### Swimming Pool

During the Monday night meeting it was announced that the Area 2 Swimming Pool will be available to Cub Scouts tomorrow from 7 to 9 p.m. All Cub Scouts of Pack 190, as well as Tarawa Terrace boys who are interested in joining the Pack, are urged to meet at the Community Center at 6:45 p.m. Transportation to and from the swimming pool will be provided. For further information, contact Act. SSgt. Pullicine at the Area 5 Service Club, ext. 7-5294 or at Jax 8395.

### Scout Inspection

Opening the activities of the Pack this year is a review of the Pack Charter and the annual Scout Inspection, which will take place at the Tarawa Terrace Community Center at 7 p.m., Jan. 28.

Parents and Pack members will join a busy February by participating in Scout Sunday at the Tarawa Terrace Chapel on Feb. 7. Scout Sunday will kick off observation of February as National Boy Scout Month.

### Window Display

Pack 190 will enter into competition with other area Packs in the installation of a window display centered around the activities of the Cub Scouts. Almond's Drug Store in the Terrace Shopping Center has donated a large window for the Pack's use. The display will be in place on Feb. 8, and will be viewed by a panel of judges on Feb. 13.

**BEATNIKS**—Cool cats and 'way out music reigned at the "Beatnik Ball" sponsored by the Junior Wives Coffee 'n' Confusion Group Saturday at the Paradise Point Club. Pat Green, center, dance chairman, serves espresso coffee to Louise Hoffman, left, as Mimi Goggan joins a "beat" store dummy in some poetic observations. (Photo by Cpl. K. L. Ainsworth.)

## Activities Calendar

**OWC**—Group VII of the Officers Wives Club will hold their monthly luncheon at noon next Thursday in the Paradise Point Club. Program for the day will include "Tips on Figure Control," by a local beauty representative. Hostesses for the luncheon will be Mrs. G. W. Carrington and wives of officers of the 2nd Bn., Tenth

Marines. Those group members not contacted may call Mrs. J. J. Snyder at ext. 6-6615 for reservations.

### Group II

OWC Group II will sponsor a Military Sweetheart Ball Feb. 13 at the Paradise Point Club. The dance will begin with a formal cotillion. Rehearsals for the cotillion

will be held Wednesday at 7:30 p.m. in the Paradise Room of the Paradise Point Club.

### Group I

Group I's monthly luncheon meeting will be replaced by a "White Elephant Sale" and coffee Feb. 9 at 10 a.m. in the Paradise Point Club. This sale is the group project for February, and all Group I members wishing to donate items to the sale are asked to deliver them to the following ladies:

Mrs. June Cahill, Quarters "K," U. S. Naval Hospital; Mrs. Ruth Knight, MOQ 2313; Mrs. Frances Leopold, MOQ 2619, and Mrs. Mary Roberts, 314 Woodhaven Dr., Jacksonville.

**MCAF STAFF WIVES**—The Marine Corps Air Facility Staff NCO Wives will hold a social meeting Tuesday evening at 7:30 in the MCAF PX Cafeteria. A "White Elephant Sale" will be the main feature of the meeting. The refreshment committee will include Mrs. J. Bailey, Mrs. M. T. Smith and Mrs. B. D. McMahon.

A social coffee for club members and prospective members was held at the home of Mrs. M. T. Smith this morning. Mesdames F. H. Gann, B. C. Anderson and J. R. Neece assisted at the informal coffee.

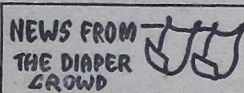

**STAFF WIVES CLUB**—The Staff NCO Wives Club will hold a social meeting tonight at 8:15 in the Tarawa Terrace Community Center. Plans for the club's annual Spring Fashion Show will be discussed at the meeting.

**EM WIVES**—The Enlisted Men's Wives Club of Camp Geiger Trailer Park will hold a social tea Tuesday afternoon from 1 until 3 p.m. in the Geiger Community Building.

**LAIRA**—The Camp Lejeune Ladies Auxiliary of the Fleet Reserve Association is preparing a gift basket for a needy family. Anyone wishing to donate food or clothing to this project may contact Mrs. Mack Moore at 9-8216 or Jesse Maddox at Jax 7-060. The Ladies Auxiliary will provide a means for picking up all contributions. Members may bring their donations to the Feb. 1 meeting to be held at 8 p.m. in the Tarawa Terrace Community Building.

## Winter Tea Is Scheduled For Officers Wives Club

A sparkling "Winter Wonderland" will be the setting for the January Officers Wives Club tea Tuesday at the Paradise Point Club. Held from 3 until 5 p.m., the tea will be sponsored and carried out by the Executive Board of the OWC and the club's eight groups. Honored guests at the tea will be ladies from Jacksonville, Marine

### BIRTHS AT FAMILY HOSPITAL:

**DECEMBER 31**  
DAGMAR MADELAINE VALLEJULI to Act. Ssgt. and Mrs. Edward Valdejuli.

BETTY ANN RANDALL to Act. Sgt. and Mrs. William L. Randall.  
RICHARD LEE BALDINGER to Capt. and Mrs. James D. Baldinger.  
CAROL ANN TAYLOR to Msgr. and Mrs. Carl E. Taylor, USMC (Ret.)

**JANUARY 1**  
KIMBERLY DAWN TERRELL to Pfc. and Mrs. William S. Terrell.  
FRANKLIN YATES BYRD JR. to Act. Cpl. and Mrs. Franklin Y. Byrd.  
MARK MICKEY MCALLUM to Pfc. and Mrs. Orval C. McCallum.  
MARY LYNN BURNS to Act. Sgt. and Mrs. Dallas H. Burns.  
TRACY SUZETTE BOLF to Act. Sgt. and Mrs. Stephen E. Bolf.  
PATRICIA EILEEN MCHUGH to 1st Lt. and Mrs. Patrick J. McHugh.

**JANUARY 2**  
MICHAEL TIMOTHY SHAUL to Act. MSgt. and Mrs. Roy F. Shaul.  
WILLIAM HARKI NICOL to Act. Sgt. and Mrs. George Nichol.  
DOROTHY ANN STONE to 2nd Lt. and Mrs. Arthur C. Stone.  
LORETTA DENISE BASHAM to Act. SSgt. and Mrs. Henry "J" Basham.  
DAVID MICHAEL CONNER to Act. Sgt. and Mrs. Daniel H. Conner.

**JANUARY 3**  
DENICE ELIZABETH ARMSTRONG to Act. Cpl. and Mrs. Melvin L. Armstrong.  
TRACY LYNN BLAIS to Act. Sgt. and Mrs. Raymond J. Blais.  
DARRELL EUGENE ADAMS to HM2 and Mrs. Louise E. Adams.  
JANINE LETIZIA NAVAROLI to Act. SSgt. and Mrs. Victor A. Navaroli.

**JANUARY 4**  
JEFFREY LANE GRIFFITH to Act. SSgt. and Mrs. Benjamin E. Griffith.  
SUSAN MARIE WALLACE to Pfc. and Mrs. Jesse A. Wallace.  
BONITA KAY HANNA to Act. and Mrs. Alfred L. Hanna.  
MICHAEL ANTHONY WHITE to Cpl. and Mrs. Wilburn S. White.

**JANUARY 5**  
ROBERT LEO BRES to Act. Ssgt. and Mrs. Raymond L. Bess.  
CHARLES KELLY CASTLEBERRY JR. to 2nd Lt. and Mrs. Charles K. Castleberry.  
ROBERTA ANN HOPKINS to Act. Ssgt. and Mrs. James D. Hopkins.  
TIMOTHY ALLEN YORK to Act. Ssgt. and Mrs. William C. Kennett.  
JOHN ELLSWORTH ALIVETTI JR. to 1st Lt. and Mrs. John Ellsworth Alivetti.  
STEVEN LEE SPRONG to Act. Sgt. and Mrs. Richard S. Sprong.

**JANUARY 6**  
THOMAS SCOTT RONEY to LCpl. and Mrs. Thomas E. Roney Jr.  
THERESA MAUREEN KEARNEY to Act. GSgt. and Mrs. Thomas E. Kearney.  
THOMAS DWIGHT PHILLIPS to Act. Sgt. and Mrs. "R" (B) Phillips.  
MARK EDWARD ROOT to Capt. and Mrs. Edward R. Root.  
PATRICK ALEXANDER TUCKER to Act. Sgt. and Mrs. Wallace G. Tucker.  
DARLENE DENISE WESKO to Pfc. and Mrs. Richard A. Weeks.  
BONITA LYNN BEAN to Act. Sgt. and Mrs. Donald R. Bean.  
DEBORAH LYNN BIVINS to Act. Sgt. and Mrs. Jackie L. Bivins.

**JANUARY 7**  
SHARON ANN LATECKI to Pfc. and Mrs. Daniel J. Latecki.  
SUSAN LYNN GRIFFITH to Pfc. and Mrs. John H. Griffith.  
TERRY LYNN REED to HM2 and Mrs. Coleman R. Reed.  
MARTHA JO SIBBALDS to GSgt. and Mrs. Edwin E. Sibbalds.  
SUSAN LYNN ZIEBEK to Act. GSgt. and Mrs. Edward T. Ziebek Jr.  
DONALD WAYNE BELLINGER to LCpl. and Mrs. Gary R. Bellinger.

### Committees

Mrs. J. Witherspoon is chairman of the tea. Assisting her are Mesdames W. M. Waskom and P. R. Colmer, Arrangements; G. H. West and K. A. Jorgenson, Invitations; E. W. Killian and W. S. Bartley, Publicity; E. L. Barker and R. D. Strickler, Hospitality; F. Saitta, Name Tags; H. G. Bozarth and E. E. Allen, Entertainment; R. H. Seacrest, Pouring Schedule; M. C. Goodpasture, Contacts; and W. E. Antley, Junior Group Contacts.

Chairmen of the eight groups will pour at the tea tables.

Members of the 2nd Marine Division Chorus will entertain guests at the tea with several musical selections throughout the afternoon.

Those ladies wishing to make use of the Paradise Point Sitting Service during the tea should make reservations for their children well in advance by calling ext. 6-8723.

## Sitting Service Benefit

A benefit card party will be given for the Paradise Point Sitting Service Feb. 5 at 1 p.m. in the Paradise Point Officers' Club. Party proceeds will be used for soundproofing, structural improvements and new play equipment for the Sitting Service. Admission is \$1.50, and dessert will be served. Those attending the party are asked to bring their own cards.

Tickets may be obtained from OWC group chairmen, at the Sitting Service, or from members of the Sitting Service Board. They will also be on sale at the door.

### Sitting Service Hours

The Paradise Point Sitting Service "Open Hours" are as follows: Monday through Thursday, 8:30 a.m. to 11:30 p.m.; Friday, 8:30 a.m. to 1 a.m.; Saturday 12 noon until 1 a.m., and Sunday, 12 noon until 11 p.m. Those attending the Sunday evening buffet dinner at the Paradise Point Officers Club may leave their children at the Sitting Service free of charge between the hours of 5 and 9 p.m.

**LIFE OF CHRIST**—Shepherds came to the stable in Bethlehem to find Mary and Joseph beside the manger in which lies the Infant Jesus in this scene from the color motion picture, "Holy Night," to be presented Sunday evening at 7 p.m. at the Marine Corps Air Facility Chapel.

## 'Life Of Christ' Film Series Scheduled For Marine Corps Air Facility Chapel

The most detailed depiction of the life of Christ ever filmed, recently completed after four years in production, will be presented in 12 episodes by the Marine Corps Air Facility Protestant Chapel. The showings, scheduled for Sunday evenings at 7 p.m., will begin this Sunday. The Living Christ series was photographed in full color, and the cast includes more than 200 speaking parts. This series offers one of the most complete political, economic and religious backgrounds of the Life of Christ ever filmed. The 12 chapters portray the complete account of Christ's birth, life and death in a dramatic, yet simple story form.

### First Program

The first episode, "Holy Night," will be shown Sunday at the Air

Facility Protestant Chapel. It is a faithful Bible account of Isaiah's prophecy and its fulfillment, and recounts the journey into Bethlehem, the manger scene and the adoration of the shepherds.

Chaplain E. R. Lineberger, MCAF Protestant Chapel, has stated that all Camp Lejeune personnel are cordially invited to attend the entire series of films.

**TURKISH LUNCHEON**—Mrs. H. F. Woodbury and Mrs. E. F. Woodbury Jr. of the International Wives Club, are shown with a few of the articles from a vivid collection of Turkish pieces displayed at a luncheon held in the River Room at the Paradise Point Club last Thursday. The women displayed various types of native dishes, customary dress and other pieces brought from Ankara, Turkey, by Lt. Col. H. F. Woodbury and Col. E. F. Wann Jr. while stationed at the American Embassy there. (Photo by Act. SSGt. R. D. Fennell.)

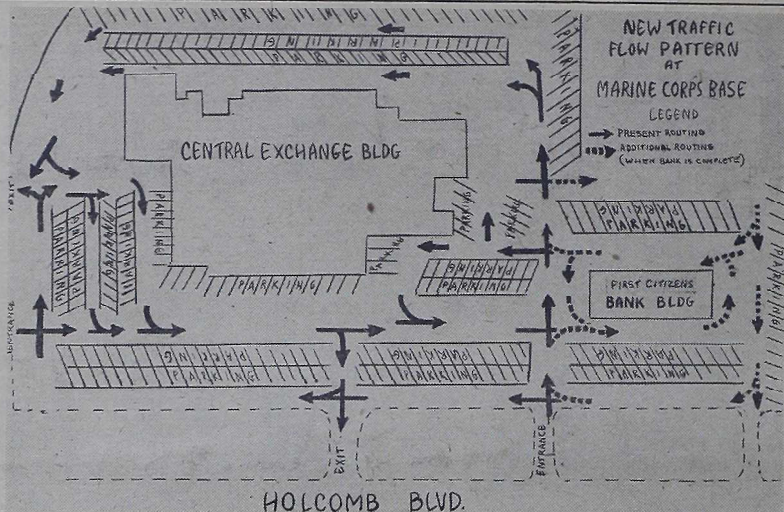

## Troop 490 To Host Onslow Honor Court

Paradise Point Boy Scout Troop 490 will host members of 21 Onslow District Scout troops tonight at the area's formal Court of Honor. The ceremonies, beginning at 7:30 p.m., will be held at the Camp High School.

Two Eagle Scout Awards will be presented during the evening's ceremonies to two outstanding Scouts. Eagle Scout Awards are presented to Scouters who have enthusiastically participated in the year-long safety programs and the series of lectures and instructions. Several commendations, including individual advancements and merit badges, will also be awarded.

Maj. Gen. James P. Berkeley, commanding general, 2nd Marine Division, will be present as principal speaker of the evening.

Members of the 2nd Division Chorus will also be on hand to join in ceremonies lauding Boy Scouts at the District Court of Honor.

**EXCHANGE ROUTING**—New direction routes and parking spaces have been designated at the Main Exchange. All lanes will have one-way traffic to provide easier exit and entrances for automobiles. This is also expected to reduce pedestrian hazards. The present exit routes are temporary due to the incompleteness of the new banking area. Until the

bank is completed, motorists will be required to drive around and behind the Main Exchange and exit on the west side. When the bank is opened, patrons will exit on Holcomb Blvd. The new 60 degree parking spaces were designed to give more maneuvering room between automobiles and reduce damage and scratches from car doors.

## New One-Man Helicopter In Testing Stage

The Marine Corps Schools at Quantico is conducting tactical evaluation tests of one-man helicopters for possible combat use in flying reconnaissance, observation, courier and limited logistic support missions.

In addition, the helicopter was developed in conjunction with the Marine Corps' new concept of vertical envelopment. It will enable individual troops to employ this method of combat maneuvers.

Called the YRON-1, the new "torcycle" weighs about 440 pounds empty, is capable of carrying a payload of 250 pounds and has a top speed of about 70 miles per hour.

Powered by a 62-horsepower Porsche engine, the YRON-1 has attained altitudes up to 3,000 feet and has a maximum range of about 60 miles on five gallons of fuel.

The one-man helicopter was developed for the Marine Corps by the Gyrodyne Company of America, St. James, Long Island, N. Y.

## Tenth Marine Cannoneers Celebrate 42nd Anniversary

Cannoneers of the Marine Corps' oldest artillery regiment passed briefly last Friday to observe their 42nd anniversary here. Despite their advanced age, the Camp Lejeune-based Tenth Marines are "ready, willing and able" to pass any physical fitness test with vigor undiminished by their years of colorful service to Corps and country. The present Cannoneers celebrated their "old age" during a special noon meal in messhalls 509 and 521 and during an officers' mess night at the Paradise Point Officers Club. Guest of honor at the club was Maj. Gen. R. M. Victory, USMC (ret'd).

**Activation**  
Formed during the hectic days of World War I to serve as a 7-inch gun regiment in France, the Tenth Marines were slated to be part of an all-Marine Division in the extensive operations planned for 1919.

During the "Roaring Twenties" and "depression-ridden Thirties," the Tenth trained by providing support for Marine units in the sunny Caribbean when one artillery company was detailed to serve briefly as a Marine Expeditionary Detachment under the U. S. Atlantic Fleet in Guantanamo Bay, Cuba.

**1935**  
In 1935, when the Japanese began the aggressive tactics that eventually led to World War II, elements of the Tenth Marines were sent to China to protect American interests there.

History records that the Tenth Marines renewed their acquaint-

ance with the Japanese a few years later during "reunions" at Guadalcanal, Tulagi, Tarawa and Saipan-Tinian Islands.

**Combat Readiness**  
Currently commanded by Col. C. A. Youngdale, the Tenth Marines in recent times demonstrated their combat readiness when units of the Regiment went ashore at Lebanon.

Since July, 1946, the Tenth Marines have been based at Camp Lejeune as the artillery arm of the 2nd Division.

### Notice

Authorities apprehended a man recently who gained entry into a household by posing as a GLOBE reporter. The person said he was writing a feature story for this publication.

If in doubt when asked for information, ask to see the man's press card which is issued by the Base Informational Services Officer.

## Physicals

(Continued from Page 1)

days after his return.

Individuals who have undergone a complete physical examination within the 12-month period immediately preceding their birthdays are exempt from the regular examination.

The results of the annual physical examination will be entered in the individual's health record.

## Tank Crewmen Achieve Skill With Realistic Turret Trainer

Over a half million dollars and seven years of planning and construction were necessary to build 2nd Tank Bn.'s tank turret trainer. The trainer, the only one of its kind in the Marine Corps, closely simulates the environment in and surrounding an M-47 tank. Students with a basic knowledge

of tanks and the operation of large field-type guns can be trained to achieve a high degree of skill in ranging and obtaining first-round hits with this trainer. The crew can also be trained to handle ammunition, misfires and other operational problems.

The turret consists of a tubular frame with canvas covers containing a turret power control system, a 90mm gun breech, a range-finder and fire simulation assembly, turret accessories and sound and vibration equipment.

From the initial command to alert the gunner until the gunner fires, every step of the fire command is followed. The tank commander directs the gunner as to range and elevation until the gunner has the target in his sights. The loader loads dummy shells into the breech of the 90mm gun and the gun is fired.

The breech of the 90mm gun in the trainer recoils, the sound of the gun is reproduced with a tape recorder and when a hit is made, the target is illuminated with a red light. The tape recorder also reproduces the sound of the tank and the .50 caliber machine gun.

The instructor sits at a console-type control center which contains all the switches necessary to start or stop the various parts of the trainer. It also contains indicator lights and counters to determine a competitive score for the students. According to Act. Gysgt. E. F. Christopher, NCOIC of the training device, "The training potential of this device is far above anything in the Marine Corps today."

## Engineer School Classroom Simulates Bridging Methods

Bridging and Rigging instructors at the Marine Corps Engineer Schools have teamed their ingenuity with over a year of planning, thought, and hard "off-duty" work to build one of the most unique classrooms in the Marine Corps. The classroom is a quonset hut which the instructors remodeled by putting in side and overhead

windows designed and built to obtain maximum lighting and ventilation.

The idea to build the unique classroom was conceived by Capt. Roland E. Smith, former officer-in-charge of the section, and Act. MSgt. Milo J. Tyler, senior instructor. The need for a better and more adequate school room spurred Smith and Tyler to present their plan to the other bridging and rigging instructors.

**Planning**  
Meetings were held and every instructor's views on the plans were discussed in detail. All of the actual work on the project was accomplished during "off-duty" hours so that the building would not interfere with regular class schedules.

The hut's rounded ceiling was replaced with a level one and lowered to eight feet to aid heating and acoustics. A lighting system was incorporated into the building plans by Sergeant Tyler which prevents shadows on the classroom's blackboard.

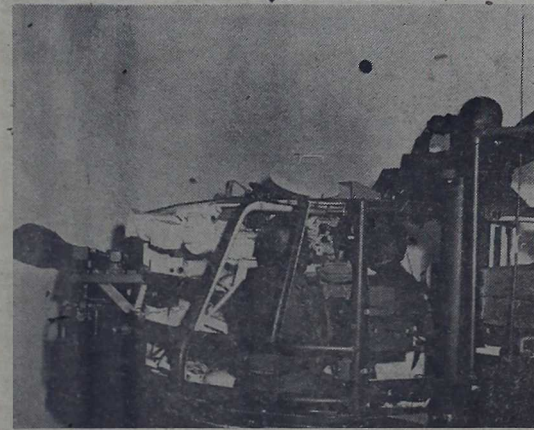

The instructors built a counter in the room with scale-model bridges and rigging to aid class studies since the training schedule leaves a minimum of time for field work.

A water tank was also built to represent a large body of water with spaces at each end depicting beaches. When filled with water, the instructors demonstrate bridge-building methods, and then let the students assemble floating scale-model bridges.

The students attending the Engineer's School gain practical experience in bridge building even though they are unable to construct full-sized bridges. The scale model materials used are exact in every detail. The models are constructed exactly as they would be in combat from the first step to the last.

Students attending the Combat Engineer School are from Marine Corps duty stations located throughout the world. They receive permanent change-of-station orders when sent to school and upon graduation, Headquarters Marine Corps transfers them wherever they can be most effectively assigned.

**Instructors**  
In addition to Captain Smith and Sergeant Tyler, other instructors taking part in building the unique classroom were Gysgt. Howard T. Daniels, and Act. Gysgts. Donald C. House, George I. Desser and Orin Hingst.

**TURRET TRAINER**—Tank crewmen from 2nd Tank Bn. improve their skills in ranging and target sighting using the new tank turret trainer. At a cost of over a half million dollars, the trainer enables students to achieve a high degree of proficiency in operation and gunnery through simulated sounds and target sightings. (Photo by Act. Sgt. G. Jones.)

**BRIDGE CLASS**—Act. MSgt. M. J. Tyler fits the water tank in the unique classroom at the Combat Engineer School in preparation for a class on floating bridges. Part of the construction, done to scale, is already started. Construction of the miniature bridge and pontoons cost approximately \$2,000. (Photo by Act. Sgt. J. E. Horacka.)
