**TOP GUN**—SSgt. Anthony Mucci, Engineer Schools, is the first Marine Corps Pistol Team Member to become a "top gun" at the Camp Perry 1958 National Rifle and Pistol Matches now going on. The local marine won the .45 caliber pistol NRA Building Fund Match during the second day of competition by firing 290 out of a possible 300.

## Reserve Training Nears End As Last Units Arrive

Over 2,000 Organized Marine Corps reservists from 11 units arrived early this week to wind up the annual summer field training program which has seen more than 12,000 reservists from 75 units in the Eastern United States receive action-packed training here this summer.

Climaxing a tight schedule which began last June, the incoming units will be the last group of organized reservists to take advantage of the training facilities at Camp Lejeune this year.

During the 12 weeks that the reservists have been aboard they have been guided in their training by elements of the 2nd Marine Division, Marine Corps Supply Schools, the 2nd Amphibian Tractor Battalion, Engineer Schools, Force Troops and the 1st Infantry Training Regiment.

Highlighting the training for more than 3,500 of the Reserve Leathernecks this summer were two battalion landing team exercises. During these three-day mock wars, reserve infantry, artillery, tank, LVT, engineer, and motor transport units received a thorough work-out in their individual fields.

Included in the 75 units here for annual summer training were two Woman Marine units which went through supply administration instruction at the Marine Corps Supply Schools.

Units included in the final contingent here now are the 11th Infantry Bn., Cleveland, Ohio; the 13th Infantry Bn., Washington, D. C.; the 10th Rifle Co., Grand Rap-

## 'I Found April' Production Slated By Theater Group

"I Found April," the Broadway hit play by George Batson, will commence casting for parts at the Goettge Memorial field house on August 26, 26 and 27 starting each night at 7:30 p.m.

This is a delightful comedy in which Constance Bennett starred on Broadway a few seasons ago.

All those interested in trying out for a part in the play, as well as those interested in working on the production staff, are urged to attend the first meeting on Monday, August 25.

The scheduled dates for presentation of the production are tentatively slated for October 1, 2, and 3.

ids, Mich.; the 22nd Rifle Co., Winston-Salem, N. C.; the 25th Infantry Co., Gary, Ind.; the 41st Infantry Co., Durham, N. C.; the 107th Infantry Co., Lewiston, Me.; the 1st 105mm Howitzer Bn., Richmond, Va.; the 1st 105mm Howitzer Bn., Chattanooga, Tenn.; the 4th 155mm Howitzer Bn., Raleigh, N. C.; and the 2nd Engineer Bn., Portland, Me.

### OPEN NIGHTS

The Base Education Office will be open the nights of August 27 and September 4 from 6 to 8:30 p.m. for enrollment in the Off-Duty Education program of East Carolina College.

## Marines At Perry Have Busy Week

A slight rain set the scene at Camp Perry last Friday as Marine Staff Sergeant Frank O. Wright walked off the firing line the winner of the National Trophy Individual Pistol Match with a score of 291 of a possible 300.

The National Trophy Pistol Team shoot was won by the Army Blue team with 1128x1200. Trailing by only three points were the second and third place marine teams with 1125 scores.

SSgt. Anthony Mucci, Engineer School, MCB, Camp Lejeune, a member of the third place team, took the .45 caliber Building Match with a score of 290x300.

Despite the excellent showing with the service .45 caliber pistol, many veteran match-goers expressed disappointment with this year's marine team showing.

Other marine team members faced a near-famine of championship shooting during the next two days after Sergeant Mucci's win. The marines were off in the 22 caliber and center fire matches until 1st Sgt. Robert O. Jones, of the Marksmanship Training Unit, won the timed fire match with the .38 caliber pistol for a score of 199 out of a possible 200.

Last reports received by the GLOBE stated that the marines were readying for the second week of firing by setting two new national records with the .45 caliber pistol.

One of those records was set by Capt. Thomas Mitchell, also a member of MTU. He scored new .45 caliber slow fire match record by firing a winning 193 and seven X's out of 20 shots from the 50-yard line. Previously the record had been 192 set by Army 2nd Lt. Glenn H. Barron during last year's matches.

Another MTU member, SSgt. Frank O. Wright, set the other new national record when he won the .45 caliber timed fire match with a perfect 200 score with 20 shots at

25 yards. His ten X's broke by two the previous record set in 1957 by Joseph C. White Jr., a civilian.

Maj. Henry J. Witkoski, officer in charge of the Marine Corps 1958 Rifle and Pistol Team, expressed satisfaction with the team members' scoring after the first week of competition by stating that nearly all fired better than their previous average.

Two other shooters, 1st Lt. Paul J. Shank, MTU, and TSgt. Albert Froede Jr., independent shooter from the Marine Air Detachment, Memphis, Tenn., also kept marine hopes alive at the start of the second week by placing second in the International Free Pistol Event, and third in both the 22 caliber National Match Course and 22 caliber National Championship recently.

(See PERRY MATCHES, Page 12)

## Short - Sleeved Khakis Authorized For Marines

Headquarters Marine Corps announced that short sleeve shirts are now an optional item of uniform for purchase and wear in tropical areas.

The short sleeved khaki's are authorized for marines stationed at: MB, USNB, Key West, Fla.; USNA, Port Lyautey, Morocco; MB, USNS, Sangley Point; MB, USNB, Subic Bay; MB, 15th ND, Rodman, Canal Zone; MB, USNB, Guantanamo Bay; MB, San Juan, P. R.; MB, USNS, Bermuda; MB, USNS, Trinidad, B. W. L.; MB, USNA, Rota, Spain; Okinawa based units and Guam based units.

## Col. C. A. Youngdale New 2nd Division Chief Of Staff; Col. T. J. Colley To MCB

Col. Carl A. Youngdale became Chief of Staff, 2nd Marine Division, last week, replacing Col. Thomas J. Colley, who has been assigned to Marine Corps Base, Camp Lejeune.

Although a veteran of 22 years' commissioned service with the marines, this assignment marked the first time that Colonel Youngdale has served with the 2nd Marine Division. Prior to joining the Division he was Chief of Operations, J3 Division, U. S. European Com-

mand in Paris.

The colonel was commissioned a second lieutenant when he graduated from Iowa State College in 1936. After attending Basic School in Philadelphia the following year he was assigned to the Marine Detachment at the U. S. Naval Prison, Portsmouth, N. H., for duty.

His first assignment as an infantry officer came in 1938 when he joined the 1st Bn., Fifth Marines. In 1940 he was assigned to "A" Bn., Tenth Marines, before that regiment became a part of the 2nd Marine Division.

Colonel Youngdale was serving aboard the USS Henderson in the Pacific when World War II broke out. In 1942 his sea duty ended when he was assigned as officer in charge, Field Artillery School, at Camp Elliott, Calif.

Joining the 4th Marine Division in the Pacific in September, 1943, as commanding officer, 4th Bn., Fourteenth Marines, he participated in the island campaigns of Roi-Namur, Saipan, Tinian and Iwo Jima.

In the post-World War II period the colonel spent 19 months at

Quantico, Va., as executive officer of the Field Artillery School, and as a student of Amphibious Warfare School, Senior Course, before he joined the Inspector-Instructor staff of the 2nd 105mm Howitzer Battalion in Los Angeles.

At the outset of the Korean

COL. YOUNGDALE

conflict he joined the 1st Marine Division, then in Korea, as executive officer of the Division's artillery regiment, the Eleventh Marines. One month before he was promoted to his present rank, in July, 1951, he joined the staff of the Commander in chief, Pacific Fleet, as executive officer of the intelligence division.

From July, 1953, until July, 1955, he was the Marine Corps Liaison Officer to the Secretariat of the Joint Chiefs of Staff. After attending the National War College from July, 1955, until August, 1956, he was assigned to European Command headquarters in Paris.

Colonel Youngdale has been awarded the Silver Star, three Legions of Merit, three Presidential Unit Citations, the Navy Unit Commendation Ribbon, American Defense Service Medal, Asiatic Pacific Campaign Medal with four battle engagement stars, World War II Victory Medal, National Defense Service Medal, Korean Presidential Unit Citation Medal with Oak Leaf Cluster, and Army Commendation Ribbon with metal pendant.

If you  
ask me...

WHAT IMPRESSED YOU MOST  
ABOUT THE JOHNNIE PARSONS  
SHOW?

PFC NICOLASS M. VEERDONK,  
"M" Co., 3rd Bn.,  
Eighth Marines—

The thing that impressed me the most was the way Mr. Parsons stressed that he felt safer driving in a race than driving to or from it in a car on the highway.

PFC JAMES L. GRAY, "M" Co.,  
3rd Bn., Eighth  
Marines—

The movie. The speed at which those racing cars traveled amazed me. The lecture was interesting also. Mr. Parsons stressed the fact of defensive driving and put many drivers in their place by saying that he feels safer on the track than on the highways.

PFC THOMAS E. LOOMIS, "M" Co.,  
3rd Bn., Eighth Marines—

One of the things that impressed me was that the lecture was by a person with experience both on the track and off. I also like watching the drivers in the movie; I was very impressed with their skill.

PFC DONALD R. LIGGITT, "K" Btry.,  
Tenth Marines—

I remember particularly that Mr. Parsons mentioned that you not only had to drive for yourself but for the other guy as well. That is, you have to anticipate his moves. And the way that he stressed that courtesy on the highway is important.

PFC LAWRENCE J. FRIDAY, "M" Co.,  
3rd Bn., Eighth Marines—

Johnnie Parsons saying that he felt safer on the track is the thing I remember most. He mentioned that you don't have to put up with a lot of things on the track such as drunks and unsafe cars and all of the men with you know what they are doing.

A contract for nearly \$4,500,000 has been awarded by the Navy to the De Laval Turbine Co. in Trenton, N. J., for the design and manufacture of the steam propulsion plant machinery for one of the nuclear-powered guided-missile submarines authorized in the 1958 shipbuilding program.

# Centuries Of Foreign Domination Near-East Furnace With National

*(Editor's Note: This is the first of a series of informative articles on the situation in the Near East. It is primarily a background report on the causes of the crisis and the reasons for United States and British intervention. Successive articles will be published while the crisis lasts.)*

United States marines and U. S. and British infantry are in two countries in the Near East.

The first contingent of marines from the U. S. Sixth Fleet landed at Beirut, capital of Lebanon, Tuesday, July 15. More marines landed in the next two days. British paratroops landed in Jordan Tuesday, July 17. U. S. Army paratroops were flown by Air Force transport into Lebanon on July 19-20, bringing to about 10,000 the number of ground forces in Lebanon at that time.

In addition to these forces, the U. S. Sixth Fleet, with 70 ships, three carriers, and 25,000 men is close by in the Eastern Mediterranean; and the U. S. Air Force Troop Carrier units and a strike force of the Tactical Air Command are being held in readiness at points outside Lebanon.

The U. S. intervention in Lebanon, as it may be called, was a direct response to a plea from President Camille Chamoun to

President Eisenhower for aid in quelling rebel uprisings that were threatening Lebanese national security.

The rebels, with aid from outside, had established some measure of control over much of Lebanon's Syrian border as well as in parts of Tripoli and Beirut. "This revolt," said President Eisenhower in a message to Congress on July 15, "was encouraged and strongly backed by official Cairo, Damascus, and Soviet radios, which broadcast to Lebanon in the Arabic language."

Historically, the Near East revolution—the continuing struggle for Arabic nationalism—dates back some 1,300 years to its religious background. The Islam religion, which now has a following of some 400 million, led its followers in the seventh century to found a new empire and convert the infidel.

With astonishing success, they swept through the Middle East to India, and spread their religion as far as Indonesia and the Philippines. Conquering North Africa to the Atlantic, they crossed into Spain, where they established Moorish rule, then pushed up into France, where they were finally stopped in 732.

But, the Arabic empire gradually crumbled. From about 1200 to 1450, savage Mongols ravaged and plundered their lands before other Moslems, the Ottoman Turks, took over. Since then, until very recent years, most of the Arab countries have been under foreign domination.

The Turks lost their empire in World War I. The Arabs who had fought with the British against the Turks claimed they had been promised independence. Instead, when the war was over, Britain and France were given mandates over them under the League of Nations. France took over Syria and Lebanon. Iraq, Palestine and Transjordan became mandates of Great Britain.

Egypt had been occupied by British troops since 1882, when Britain moved in to protect the Suez Canal. Britain recognized Egypt's independence in 1922, but a British force was stationed in Egypt and Britain controlled Egypt's foreign policy. A new treaty ended this control in 1936 but the last troops were not removed from the Canal Zone until 1956 when that clause of the treaty that allowed troops to remain expired.

In 1930, Britain ended her mandate over Iraq under a treaty granting Britain certain privileges, including the right to maintain air bases there. Since World War II, all of the former mandates have become independent, sovereign states, and the new state of Israel was created in a part of Palestine.

This long history of foreign domination, only recently ended, has created strong, intense feeling of independence and nationalism in the Arab states, and resentment and distrust of the former ruling powers. The United States comes in for a share of the distrust because of our alliance with Britain and France and because of our friendly relations with Israel.

In 1955, President Gamal Abdel Nasser of Egypt began buying arms from the Soviet bloc which caused the U. S. and Great Britain to withdraw offers of financial aid to the country for certain construction projects that would have been beneficial to that nation.

In July, 1956, Nasser nationalized the Suez Canal Company by ejecting foreign influences and employees from the company and establishing a unified army command with Syria.

To protect her own interests in the face of this mounting Arab power, Israel which is geographically located between Egypt and Syria, invaded Egypt. Great Britain and France, con-

cerned for the Canal, also attacked.

To prevent the warring, the United States in getting quick action Nations General Assembly cease-fire and with invading forces was The Israeli-British-French fired the flammationism and mad more of a hero to increasing his hostility.

Meanwhile, in Syria pro-Soviet elements set up a government to the Soviet Union buying arms from communist countries in the Soviet Union and economic aid. Syria joined the United Arab Republic and many of the Syrian elements were removals of power, a gave Nasser a more dependent hold over the situation.

In February, 1958 the establishment of Jordan and Iraq for Union of their two King Feisal as chief the same time, Iraq member of the Baghdad only Arab nation in supported alliance communist aggression.

Then suddenly, or Iraqi government was overthrown by an army to the king and his government. The over Iraq government forces immediately Jordan. If these came under Nasser's revolt-torn Lebanon and could not hold in a word, the Jordan and Lebanon threatened by the

In the absence of protect these states States and Britain their call for help, in accord with which includes the individual or collective against aggression or aggression.

## Divvy Artillerymen Uphold South's Hospitality Tradition

Hospitality has long been a hallowed tradition in the South and artillerymen of the 4th Bn., Tenth Marines, have been upholding that tradition in fine style this summer.

With Marine Corps Reserve units from all over the eastern U. S. performing their annual summer field training here, the men of 4/10 have several times been called upon to act as "hosts" for reserve artillerymen during their two-week training stints. Latest reserve outfit to benefit from this "teammates" training policy was the 2nd 105mm Howitzer Bn., Miami, Fla.

Wherever their daily training schedule took them, the citizen-marines were accompanied by seasoned regulars of the 4th Bn.'s firing batteries. These full-time marines are mainly key officers and NCO's acting as advisers on safety and operational matters.

Actual emplacing and firing of

the artillery pieces is completely in the hands of reservists. However, more or less in a "looking over the shoulder" position can be found an "expert" from 4/10. Mostly he stays out of the way, only speaking up when asked for advice or when he can recommend improved gunnery procedures.

The regulars of 4/10 recognize the importance of the special job they are doing this summer. They know that the part-time marines they are assisting now might be their battery-mates in time of combat and they do their share to help make them ready.

PROGRESS NOTED—Lt. Col. C. E. Moore and G. S. Baze, on left, assistant director for reserve, and deputy district director, respectively, Sixth Marine Corps Reserve and Recruitment District, Atlanta, Ga., visited Camp Lejeune to view the training of Sixth District reservists. Pointing out impact areas on a Camp Lejeune map are, center, Maj. W. A. Lavigne, commanding officer of the Miami outfit, and Lt. Col. B. E. Larson, inspector-instructor of the unit.

## Proficiency Pay

(Continued from Page 1)

corporals with two years' service, sergeants, and staff sergeants will be eligible under the proposed plan.

Commanding officers will make the awards based on quotas set by Headquarters Marine Corps. In the case of critical skills, these quotas will be in terms of percentage of on-hand strength.

Marines in the critical skills will compete for 5,100 proficiency pay awards. Those in skills not designated as critical will compete for the 900 additional awards based on outstanding effectiveness, the announcement said.

## FRA MEETING

The regular monthly business and social meeting of Camp Lejeune's Branch 208 of the Fleet Reserve Association meets tonight at 8 p. m. at the Montford Point Staff Club. All members are invited to attend.

## S Navy Dental Corps Celebrates Sixth Anniversary Tomorrow

six years ago this month, on August 22, 1912, President Taft passed a bill appointment of "not more than 30 acting assistant dental surgeons" for the U. S. Navy Dental Corps was born. From this modest beginning, the Dental own to its present strength of 1,752 officers and 3,150 enlisted technicians.

1912, the Dental Corps has taken care of the needs of Navy and Marine personnel, and on the bat-

of Division marines. The dentists do not confine their activities to the clinic. Each year they participate in field problems such as last May's DENTEX which enables the doctors to practice their dentistry under field conditions. Using fully portable field dental equipment, the dentists are able to carry out such normal dental operations as the extracting and filling of teeth.

With seven officers and 14 enlisted men, the 4th Dental Company functions much the same as the 2nd Division dental unit. The garrison clinic takes care of the daily aches and pains of Force Troops marines while the company takes part in such maneuvers as the LANTPHIBEX.

With only three dental officers and five dental technicians, the dental lab at Marine Corps Air Facility handled over 4,800 patients last year. They also participate in maneuvers with MAG-26.

Marine Corps Base has 17 dental officers, one warrant officer and 28 dental technicians to take care of Base personnel. Capt. J. R. Justice, USN, heads up the dental office for MCB.

**IMPACT AREA MEANS TROUBLE**—Brown's Island is a spot that many people have found pleasant for picnicking and fishing. But the thing that should cause many to pause before stopping on this island is the Marine Corps uses it for an impact area. Not only the danger of being hit by "incoming mail" but the presence of "duds" in the form of bombs and ordnance makes the area highly dangerous. People who choose to land on the island and fish endanger THEIR own lives by doing so.

## Prelim. Registration Ends For Off-Duty Ed. Program

With preliminary registration of East Carolina College's Off-Duty Education courses closed, the Base Education Office announces that several of the courses planned will not be offered.

A minimum of 15 prospective students was necessary for the classes to be held.

The courses definitely to be offered are: Basic English Comp. I, Basic English Comp. II, Beginning Accounting I, American History I, Money and Banking, French I, and General Science I for Tuesday night. Wednesday night classes include: Basic English Comp. I, English Literature, Trigonometry, College Algebra, Introduction to Sociology, Marriage and Family, General Psychology I, Geology, and Education (Post Grad.). Basic English Comp. I, Analytic Geometry, Business Law I, World History I, Introduction to American Govt., Spanish I, General Psychology I, and Earth

and Man (Geography), are the courses slated for Thursday nights.

East Carolina instructors, along with local teachers will hold classes at the Camp Lejeune High school.

Official registration began at the Base Education Office Tuesday and will continue through September 9.

The Education Office has also stated that college level G. E. D. testing has been postponed until September 8.

For further information on cost, eligibility, transportation and registration, call the Base Education Office (7-5121 or 7-5372) or visit the office in the Camp theater building (19).

## Treasury Dept. Official Addresses Local Assoc.

Some 126 members and guests of the Camp Lejeune Investigators Association were addressed Monday night by Mr. Patrick P. O'Carroll, Director of Treasury Enforcement Training, U. S. Treasury Department.

At the opening of Mr. O'Carroll's speech, held at the Hadnot Point Staff NCO club, he

said, "I'm not a doctor or scientist but I'll try to describe the two main types of drugs that you, as enforcement officers, are concerned with."

He described the two main groups as the "depression" and "stimulation" type narcotics. The depression types mentioned were opium, morphine, heroin and synthetic drugs. The stimulation drugs mentioned by Mr. O'Carroll were marijuana and cocaine.

Mr. O'Carroll warned the local group of the great danger involved when dealing with a user of either the depression or stimulation type narcotics.

Mr. O'Carroll further highlighted on depression drugs by explaining the three different stages a user of this type drug goes into. "These stages," said Mr. O'Carroll, "are habituate—when the user acquires the habit; tolerance—when the addict begins using quarter-grain doses and gradually increases to a three-grain shot, and the final stage, the withdrawal stage—when a user, not able to get the narcotics, begins feeling the effects of not having the drug in his system."

The guest speaker said, "Heroin

is our main problem today." He also said, "According to the latest estimates, there are 43,000 addicts in this country."

The speech was illustrated with slides showing the growth and production of opium, the leading depressive drug. And, according to the speaker, most opium smuggled into America is grown in Turkey, Pakistan or India.

The Fordham university graduate was introduced as guest speaker by the president of the local Investigators Association, SSgt. D. F. Shewmake.

Guests at the meeting included Col. R. L. Murray, Base chief of staff; Capt. (USN) James Stutz, commanding officer, 2nd Medical Battalion; Col. A. F. Lucas, commanding officer, Headquarters Battalion, MCB; Col. K. E. Martin, commanding officer, 2nd Force Service Regiment; Col. W. C. Capehart, Provost Marshal, and Col. K. A. Jorgenson, Assistant Chief of Staff, G-23, MCB.

Civilian guests included Clyde R. Cook, Chief of Police, Jacksonville, and Dick Brown, Chief of Police, Richlands.

## Reservists Start War As Car

When a set of "privately owned" they don't mean. But SSgt. N. and Richard K. 1st Communication USMCR, Worcester do a lot of walking Lejeune and surrounding though they start.

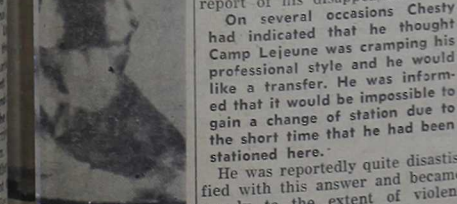

They were in Sergeant Gough's "rod." They were quick to assure his start walking. They walked a foot carrying a foot on their side shoulder.

## Sin Chesty Brutus AWOL From Unit; Pay Believed Cause Of Absence

ty Brutus, one of the on active duty, assignment to Military, has been missing since August. He is believed to be "over the Lejeune and surrounding though they start."

Sam the Duke of Tessa Fernane, on of Chesty's absence quick to assure his start walking. They walked a foot carrying a foot on their side shoulder.

A gentleman picked them up on his way to drive to etteville, N. C. bus to Jacksonville. After checking the bus terminal walking again, the Main Gate that their destination by Monford Point turned around and began pounding the. The two men fit around 2 no one can do 40 of the 800 ter they were trany owned com shoe-leather.

Cher is missing.

**STARTS HERE**—Mr. Patrick P. O'Carroll, Director of Treasury Enforcement Training, U. S. Treasury Department, points out on a map of the world the areas where opium and other drugs have their origin to Clyde R. Cook, Chief of Police, Jacksonville, and Col. William C. Capehart, Provost Marshal of Camp Lejeune. Mr. O'Carroll addressed the Camp Lejeune Investigators Association Monday evening.

## 'Don't Let This Be You'

Have you ever wondered what happens when a new automobile traveling at 55 miles per hour hits a tree that has been around for quite some time?

This is a word picture of the seven-tenths of a second that it takes a man to die when he collides with an immovable tree at 55 mph:

ONE-TENTH SECOND—The front bumper and grille work collapse; steel slivers penetrate to a depth of an inch and a half.

TWO-TENTHS SECOND—The hood crumples and smashes against the windshield; fenders make contact, forcing the rear part over front doors. The heavy structural members of the car begin to act as a brake on the forward momentum but the driver's body plunges ahead at full speed. Legs, straight as arrows, snap at the knee joints.

THREE-TENTHS SECOND—Driver's body is off the seat, broken knees against the dashboard. Steering wheel begins to bend under his grip. Head is near sun visor; chest over steering column.

FOUR-TENTHS SECOND—The first two feet of the car is demolished; rear end still traveling about 35 miles an hour; driver's body 55 mph. Engine block makes contact; rear end of the car rises from the ground.

FIVE-TENTHS SECOND—Force impales driver on the steering wheel shaft; steel punctures lungs and arteries; blood pours into lungs, filling them.

SIX-TENTHS SECOND—Driver's feet are ripped from laced shoes; brake pedal shears at floorboard—chassis bends in the middle; driver's head smashes in the windshield.

SEVEN-TENTHS SECOND—Hinges tear; doors fly open; seat moves forward pinning driver to wheel. Blood spurts from his mouth; shock freezes heart; driver is dead.

Don't let the driver just described be you. Take it slow!

## The Old Corps

FIFTEEN YEARS AGO—Residents of Midway Park engaged in manual labor in an effort to get the Post Office open. The Midway dwellers rolled up their sleeves and wielded picks and shovels near the Post Office building, digging ditches, installing water and sewage lines and putting in plumbing equipment to get the building ready to open.

Camp Lejeune marines were notified that the B and C type gasoline ration coupons would no longer be in effect. They were also urged to send for their war ration book number three.

TEN YEARS AGO—Marines who were wounded in an action covered by one of the official Marine Corps monographs may receive a copy of that historical narrative free by requesting it from Headquarters Marine Corps.

Gen. Clifton B. Bates, 19th Commandant of the Marine Corps, stated while on a visit to MCAS, El Toro, that the Marine Corps could go airborne if the conditions became urgent.

A new unified code of military justice will be drafted to replace the separate Army, Navy, and

Air Force systems.

FIVE YEARS AGO—The use of commercial transportation at government expense is authorized for marine dependents who are unable to obtain government transportation overseas from the West Coast.

Gen. Lemuel C. Shepherd Jr., Commandant of the Marine Corps, said last week that the 3rd Marine Division, recently ordered to the Far East Command by President Eisenhower, will "eventually" replace the 1st Division in Korea.

Defense Department approval has been given the ribbon design for the National Defense Service Medal to be awarded to anyone who served one day or longer in the Armed Forces since June 27, 1950.

### —COMMUNION SERVICE

A special Episcopal Communion Service will be held in the Protestant Chapel at 7:30 a. m. Aug. 24.

The service will be conducted by Commander Raymond P. Black, USNR.

## WASHINGTON REPORT

Free choice of medical facilities, which has been the bind in the fight in Congress to maintain present appropriations for the Medicare program, is on its way out, according to Navy Times.

This limitation of choice will include all types of treatment not specified under the Medicare Law. It means an end to elective surgery and the treatment of nervous and mental diseases and an end to outpatient treatment and the practice of taking well babies to doctors for check-up visits.

These are Defense Department proposals that were placed before the Budget Bureau and the Department of Health, Education and Welfare for study in the form of a draft regulation. Congress, which removed the proposed ceiling of \$60 million left these restrictions for the use of funds for civilian payment.

1. Require use of military medical facilities to the fullest possible extent.

2. Not to pay any more to civilian medics than the \$70-plus million the President had earmarked for that purpose in his budget. With the current spending rate at \$91 million, the services must trim about \$21 million to meet the President's budget.

Emergency medical care may be obtained from civilian sources but physicians will have to certify there was an emergency before Uncle Sam will pay any part of the bill. Dependents who live with their service sponsor will have to check first with existing service facilities for treatment before going to civilian medics or will have to pay their own expenses.

Dependents living away from their sponsor can get civilian care as in the past—subject to the new restrictions on types of care stated above.

The "living with sponsor" clause is yet to be clarified.

## Chaplain's Corner

### "CRIPPLES"

There is food for thought in the following poem, which was originally written by Mildred M. North. It appeared in the weekly bulletin of the Woodland Heights Baptist church, Richmond, Va., a few weeks ago.

The last two lines of the second verse, it seems to me, are worthy of more than just passing interest to those of us in military life, for we all too often experience the situation described: "His neighbor had wronged him..." While it seems to be natural to react as pictured, "his heart was sore," this reaction finds an indictment in the next word, "He thought of himself and nothing more." Christ Jesus said, "If ye forgive not men their trespasses, neither will your Father forgive your trespasses." Think it over!

### TWO CRIPPLES

Two cripples entered a church one day;  
Crippled—but each in a different way:  
One had a body strong and whole  
But it sheltered a warped and twisted soul.  
The other walked with a halting gait,  
But his soul was "tall and fair and straight."

They shared a pew. They shared a book.  
But on each face was a different look:  
One was alight with hope and joy  
And faith that nothing could destroy.  
The other joined not in prayer, or hymn,  
No smile relaxed his features grim.  
His neighbor had wronged him; his heart was sore.  
He thought of himself and nothing more.

The words that were read from the Holy Book  
Struck deafened ears and a forlorn look  
To one came comfort—his soul was fed;  
The other gained nothing from what was said.  
Two cripples left the church that day;  
Crippled—but each in a different way.  
A twisted foot did one body mar,  
But the twisted soul was sadder far.

—Mildred M. North.

—Chaplain John W. Wagenseil,

## Short Round

When Pfc George E. Horne and Pvt. John J. Mur Beaufort, S. C., crash crew went on their regular patrol just after sunrise they were surprised to find something middle of it. It was a seven-foot, nine and a half inch

port section of the crash crew came out to help the patrolers and after a battle in which the 250-pound monster bit the tires, tried to snap off the hubcap, and marred the red paint job on the crash truck, the 'gator was tied and loaded aboard the truck. Mr. Gator was finally evicted from the air station and freed at Ladies Island. Jet operations are now going on as usual.

### SNAFU

In December, 1934, George Donabedian enlisted in the Navy. That was nearly 24 years ago. He is now a captain in the Medical Corps and he has yet to serve aboard a naval base. The only time he has served aboard ship was en route to a foreign country while attached to various Marine units. Captain Donabedian has served with all three Marine Divisions, and the 1st and 3rd Brigades. He has been with the Marines on Guadalcanal, Saipan, Tinian, and Okinawa as well as Korea.

Sliding the scale from enlisted to commissioned new for regular marine Technical Sergeant Robert I. he turned in his gold major leaves in the Marine Corps recently at Cherry Point. For Richter, it was the first time he dropped back to enlisted status since entering the Corps. This time he held the rank of major since July 1, 1948. His contract expired. The Cherry Point marine had the option of being released to the civilian service or being released to the Marine Corps. So he enlisted for six years.

The Marines aren't letting any grass grow under peculiarly when the "grass" is a \$500,000 crop of marijuana and year. Leathernecks of the 9th Inf. Bn., USMCR, were flame-throwing duty by the Cook County sheriff and his men. Their target: a field of the "reefer" weed in Chicago. Manning the lethal weapons were MSgt. W. A. E. J. Malec and Sgts. D. J. McMillan and E. D. Hearron. scorched-earth operation, the field was mowed and chemicals.

U. S. marine fires "possible" with M-1 rifle over the Match Course. Captain Stanley G. Millar, Force Troops, 29 Palms, Calif., currently training as a member of the Rifle and Pistol Team, shot the perfect score during a match at the MCRD Rifle Range-June 20. It is believed this is in United States military history that a possible has been the current service rifle over this course.

# Varieties Of Social Work Available To Volunteer Navy Relief Workers

Counseling, interviewing, clerical, layette and reception work are all part of the activities included in the Camp Lejeune auxiliary of the Navy Relief Society.

Navy Relief functions on contributions and volunteer workers to benefit those who require their services in the time of need or emergency.

For those service wives and dependents who desire to give of their time and services to the work of the Society, a series of classes will be given from September 2 through 25.

At the present time, however, the staff of the auxiliary is low and all those interested are urged to register for classes as soon as possible. Of the 30-member staff that is required to operate the office efficiently, only eight are presently active; and the situation will be critical until more workers can be trained at the coming course, which will be under the direction of Miss Barbara Blair, field director for the Navy Relief Society.

Classes for the four-week course will be given two days a week, Tuesday and Thursday. Times will be 9 a.m. till noon and 1 until 4 p.m. with the volunteers having the option of taking either the morning or afternoon class.

A baby-sitting service will be provided for those with children while they attend the class and also will be available for those members working on active duty in the program.

The Staff NCO Wives and other organized groups have shown interest in including Navy Relief work in their own programs and are encouraged to participate more extensively.

Trained personnel who have had

previous experience or instruction in the Navy Relief field are also needed immediately and are requested to contact Mrs. Sidney S. Wade, chairman of the volunteer workers, or the auxiliary office.

## Miss Blair

Miss Blair, who will conduct the classes in September, is one of the Society's two field representatives.

She is a graduate of the University of Alabama and a former Air Force officer. Prior to duty with

the Air Force, she was employed by the California Welfare Department in its children's welfare division. In the Air Force she was detailed to setting up the Dependents' Assistance Program at Carswell Air Force Base to be used as the pilot program for similar projects within the Strategic Air Command.

In 1953, Miss Blair asked to be relieved from active duty and was employed by the Navy Relief Society. Since then she has conducted 50 courses for volunteers including the courses at Camp Lejeune in 1955-56.

This opportunity for the volunteer wives not only will prepare them for work with the Camp Lejeune Auxiliary but also for other stations that they may later go to.

Those who attend are assured of thorough instruction in the Society's policies and the work of volunteers within it. In addition, they will learn a great deal about the Navy and the field of social work.

Mrs. Wade can be contacted at 6-6543 or the auxiliary office located in Bldg. 41, phone 7-5584.

Except under extraordinary circumstances, a formal engagement should not last more than six months. If it runs into a matter of years it is not considered a good marriage risk. A couple should fix the date for the expected marriage.

MISS BARBARA BLAIR  
Navy Relief Field Representative

# New Activities Planned By Officers' Wives Club

The Officers' Wives club announces the start of a new year of planned activities for all members at both Camp Lejeune and the Marine Corps Air Facility, New River.

The club, with a membership of over a thousand wives of officers stationed in this area, is divided into nine groups.

These groups coordinate a wide range of recreational interests which includes everything from an "Adult Course in Securities and Investment" to fashion shows, flower arranging, bowling and bridge, just to name a few.

Participation in any one of these activities serves as a means to renew old acquaintances and to make new friends.

Each group will sponsor one major social event during the coming year, as a contribution to the interests and welfare of all. A number of these projects include social activities that appeal to husbands.

Of particular interest to all is the Paradise Point Sighting Service, sponsored by the club. This service is operated by a well qualified staff to provide a convenient place

where officers' wives may, for a minimum fee, safely leave their children while they shop or attend club or other activities.

Group One is sponsoring the Welcome Tea as the first event on the club calendar. The tea will be held at the Paradise Point club on September 8. The time and details will be announced at a later date.

The purpose of the Welcome Tea is for old and new members to get acquainted early so that all can feel at home, and easily find those friends who share the same interests.

If any new arrival has not yet been contacted, she is urged to call the Hospitality chairman, Mrs. K. E. Martin, at 6-6397, for further information.

THAT NEAT LOOK—SSgt. and Mrs. Raymond A. Johnson take good care of their trailer at lot 2316, Camp Knox Trailer Park; and it paid off. They were chosen by the Camp Knox Community Council as having the "Trailer of the Month" for the month of August. The award, which has been inaugurated on a monthly basis, is based on which mobile home is the best looking or most improved.

acquainted before school starts, Kathy Osborn, 13-year-old daughter of Capt. and Mrs. B. L. Osborn, hosted a combination dinner party at the Osborns' beach house. Chaperoning were Mesdames J. Sullivan J. Carter, and B. L. Osborn. Cocktails were served.

the 2nd Bn., Sixth Marines, will give a cocktail party tomorrow evening from 6 to 8 p.m.

punch party will be given by Group IV of the Officers' Wives Club on Wednesday, August 27, from 3 to 5 p.m. in the of the Paradise Point club. This will be the first of Group IV this season, and everyone in this group is invited. For reservations and further information, call Mrs. Jacksonville 7429.

three coffees was held during the month of August by the Officers' Wives club. Mrs. E. Kirby-Smith was hostess for her quarters on August 1. On August 14, Mrs. Kirby-Smith was hostess at the second coffee in her quarters, and on August 15, Mrs. J. C. Burger hosted the group.

# Library News

By JOYCE DUNN — Phone 7-5410

are open during the month of August: Monday through Thursday, 4:30 p.m. to 6 p.m.; Friday, 5 to 9 p.m.; Saturday, 10 to 4:15 p.m. and 5 to 7 p.m.

new books are available at the Camp Lejeune Library, Bldg. 62. The new arrivals include "MATCHES TO JEFFERSON" by Freeman and Freeman, 1862-1865, edited by Freeman and Freeman. This is one of the most important and revealing volumes. It has been published since the publication of 750 copies. Now new material dispatches not then added. At the time of publication none of the telegrams included in the book had appeared in any other printed work.

THE WRITER'S HANDBOOK, by A. S. Burack. This book is a complete guide to all phases of the craft of writing. The 79 chapters, each written by an authority in his field, contain practical instruction in the writing of fiction and non-fiction, verse, television and radio dramas, plays, juveniles, etc. Further information lists up-to-date markets for the sale of manuscripts, which include publisher's editorial requirements, payment rates, addresses, names of editors, etc., and a list of leading American literary agents.

THE MEN'S GUIDE TO EUROPE edited by Eugene Fodor. With the accent on pleasure, this book tells you how to have fun in Europe including girls in 21 countries; fine food in top restaurants; the waters where the fish are thickest; the most challenging golf links; jam sessions in unexpected places; the clearest waters for skin diving, and endless other hints for the man who plans to go to Europe.

A GUIDE TO ART MUSEUMS IN THE UNITED STATES: EAST COAST-WASHINGTON TO MIAMI, by W. Ambrey Cartwright. This guidebook has been prepared in closest cooperation with the directors and curators concerned. Twenty-five museums, located in 17 cities, are discussed. Over 2,000 artists are listed, making the book a source of reference for libraries and persons interested in tracing the work of a particular painter or sculptor. A comprehensive index lists every artist represented in the permanent collections of these museums.

# Boys Return From Croatia

Boys Scouts (Troop 100) from Camp Croatan returned to Camp Lejeune last week camped at the campsite and received their merit badges and workbooks.

The boys will receive their merit badges and workbooks during a court of honor which will be held at the Officers' Club House on September 7 at 7:30 p.m.

residing in Tarawa, up Knox wishing to join the Scouts to do so by contacting Harry Pugh, 137 Tarawa, or inquiring at the Scout building at Camp Lejeune on Wednesday evenings.

# Amtrackers Add Punch To Corps

When World War II began it was apparent that the campaigns in the Pacific would require island assaults.

Marines in many occasions used a relatively untried vehicle known as the "Alligator." The "Gator" is a tracked vehicle capable of traveling equally well on water or land.

The machine responsible for the establishment of these beachheads was the LVT-1. It is a fully amphibious tracked vehicle capable of transporting troops or supplies.

The 2nd Amphibious Tractor Battalion is equipped with LVT-5's, a younger brother of the LVT-1. Companies of this battalion

participated in almost every landing made in the Pacific theater.

It offers protection from small arms fire, shrapnel, heavy seas and bad weather and provides limited protection from the effects of nuclear weapons. A .30 cal. machine gun can be mounted in a turret located forward on the upper deck, providing support for the assault troops.

An "Amtrac" is capable of transporting 34 fully equipped troops or nine tons of supplies. The "Amtrac's" primary mission is to land, transport to inland objectives and support logistically, troops and artillery in a landing operation.

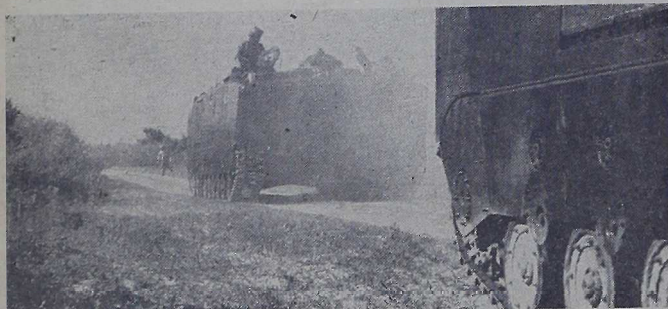

It can be launched from ships or from within the beachhead and functions equally well as a prime mover for equipment ashore or afloat, as a personnel

carrier or as a c Inland it can be men or supplies come ashore.

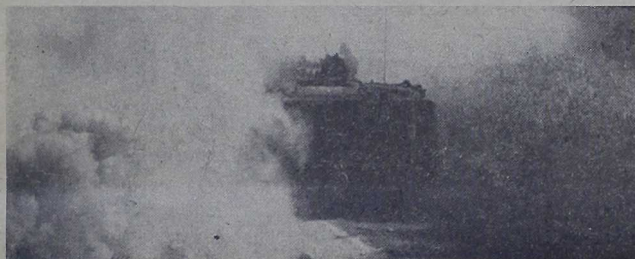

The first "Amtrac" powered by a 1200-gine and weighed 21 ent vehicle (LVT-5) horsepower engine nearly 43 tons when ped. It can operate hours without refueling speed in the six miles an hour a proximately 20.

At Camp Lejeune phibious Tractor E tains 110 vehicles. ble of landing over an enemy beach, a battalion has hand

**BRIEFING**—Commanding general, Force Troop, S. Thobe, commanding officer, briefs the battalion tractors for a demonstration.

**OLD AND NEW**—At right is the amphibious tractor (LVT-1), better known as the "Alligator." Adopted in 1941, it was used for the first time at Guadalcanal in 1942. The "Alligator" weighed 11 tons, was powered by a 120-horsepower engine and carried 18 men. It played an important role in the early landings of the Pacific campaign, carrying men and supplies ashore protected from small arms fire and

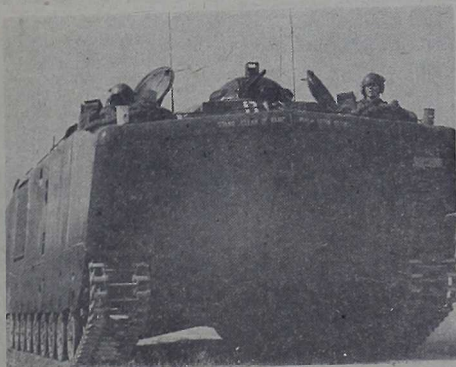

heavy seas. In 1956 the LVT-5 was adopted. Weighing more than 40 tons combat-equipped and powered by an 860-horsepower engine, it is a highly refined offspring of the old Alligator. Capable of transporting 34 fully equipped troops ashore or nine tons of supplies, it plays an important part in modern Marine Corps amphibious tactics.

**ALIGNING HIS MEN**—1st Lt. David F. Greenawalt, 3rd Plt., "B" Co., radios commands to tractors in his platoon during surf training off Onslow Beach. Under the watchful eye of the lieutenant, the platoon's tractors line up at their departure point before they start the drive to the beach.

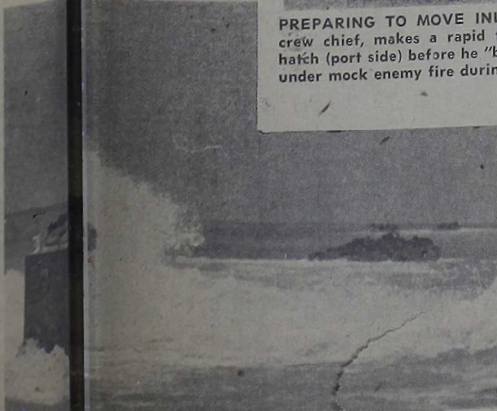

**COMMUNICATIONS**—There can be no message runners during an amphibious maneuver, communications by radio must function. To assure that they will, every vehicle carries a trained communications man and a complete radio receiver transmitter. Sgt. Charles Colburn operates the equipment in a command vehicle from which all orders are transmitted to the individual tractors.

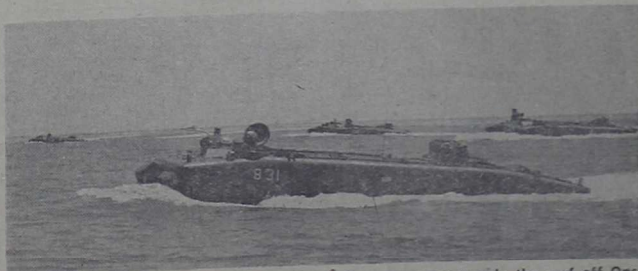

**PREPARING TO MOVE INLAND**—Sgt. William R. Sellers, crew chief, makes a rapid terrain check from the driver's hatch (port side) before he "buttons up" and moves on inland under mock enemy fire during a maneuver.

**RESERVES HIT THE BEACH IN AMTRACS**—As the ramps go down, personnel of Alpha Co., 1st Infantry Bn., USMCR, Brooklyn, N. Y., race across the beach to establish positions during a morning maneuver held at Onslow Beach.

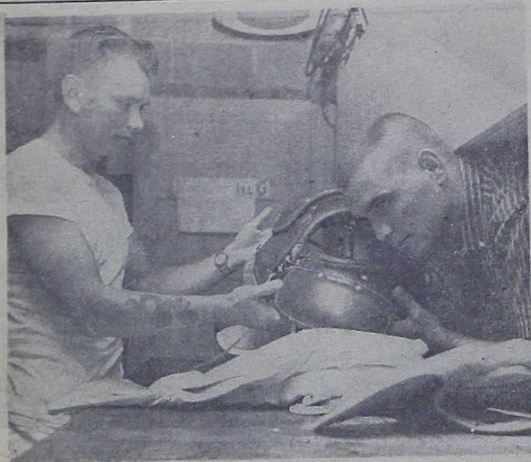

**HITTING THE SURF**—This versatile personnel carrier can negotiate a 10-foot surf.

**DRILL FIELD AT SEA**—Amtracs of Bravo Company maneuver in the surf off Onslow Beach. The amphibious vehicles perform column and flank movements similar to infantrymen on the parade ground.

IT ALL BEGINS HERE—Ray Rogers, NCOIC of the varsity store room, issues gear prior to practice to center Homer Hobgood. Camp Lejeune's equipment managers have been preparing for over six weeks for the time when football will once again take the local spotlight. Lejeune's four coaches are pointing to the season's opener against Little Creek's TARS in a home game scheduled for 10 a.m., September 20, at Liversedge field.

## HS Schedules Quantico For Homecoming

The Camp Lejeune High school, under the direction of Coach Tom McGhee and his assistant, Bob Ward, has announced a nine-game schedule on an independent slate. The year will be climaxed with a homecoming game on November 7 against Dixon.

All home games with the exception of the Quantico tilt, will begin at 8 p.m. The contest with the Virginia team will commence at 2 p.m. Twenty-six aspirants, of which 11 were lettermen, fell out for the first day of practice Thursday. Mentor McGhee stated that this is the best looking group to report in his two years at the reins of the Devilpups. Last season, the Pups enjoyed one of their finest years, finishing with a 3-4 ledger against foes in classes higher than the local school represents.

Two practice sessions per day will be held for the next two weeks with emphasis on conditioning. The Pups' first tilt is at home against Havelock.

### DEVILPUP SCHEDULE

September

7—Dixon	Site Undecided	

## Golf Slices

### OF SPECIAL NOTE

By Pro Ducky Miller

The Second PGA National Hole-in-One contest has been scheduled for Labor Day, September 1. All golfers at Camp Lejeune are invited to participate. There is no entry fee.

The contest will be held at hole Number 12 on course Number 1 and hole Number 7 on course Number 2 during regular play of either a nine or 18-hole round. The winner will be the one scoring a hole-in-one or the closest to the pin on either hole. There will be only one winner.

The Fifth Annual Pro-Am Tournament will be held on course Number 1 on August 27. All military personnel having an established handicap are invited to enter.

It is hoped that 30 pros from the Carolina Section will be on hand. This means that 90 golfers from the Base will be needed.

Interested persons wishing to sign may do so by calling 6-6751 or by stopping off at the Pro Shop.

DESIGNED FOR CONDITIONING — End coach George Cordle makes sure the conditioning factor of the team is placed squarely on his shoulders as he personally directs varsity members of the Camp Lejeune football eleven through calisthenics. The

Marines' four tutors are stressing getting in shape and staying there to some 68 hopefuls who remain after the abbreviated screening session held on the practice field last week.

## Little Loop Tutors Headed By Base Mat. Bn. Personnel

With the close of the Camp Lejeune Boys' League, a story circulated around that Base Materiel Bn., Force Troops, personnel had monopolized a good deal of the top administrative and coaching positions in the loop.

And, looking closer, four of the six teams, in the age groups of between 9-12, were managed and coached by the battalion's hearty athletic-minded fathers.

Topping the list was TSgt. Lawrence Brunello, who guided his team, sponsored by American Cleaners, into first place with a 16-4 ledger.

In third position in the standings was SSgt. Alton Storr's TT Community Association nine with a 9-11 mark. Rounding out the league were SSgt. William Hogan who managed Pete McMillan's with an 8-12 record and Capt. H. E. Wilkinson in last place with his Midway Park Food Center aggregation.

With the exception of Sergeant Storr's, all of the managers had coached in the same loop last year. Sergeant Storr's however was no newcomer to the game as he skippered a Boy's League team while stationed in Georgia.

As if this wasn't enough, two of the coaches' sons played on opposing teams. Phil Storr's was with Sergeant Hogan and Don

Wilkinson was affiliated with the American Cleaners.

Also representing Base Materiel Bn., was TSgt. Dan Malick who was the League's Official Scorer.

And now that midget football has returned to the scene, the battalion will be represented at least by 50 per cent when Sergeants Malick and Storr's coach two of the four elevens.

Both Quantico and Parris Island finished their baseball season last week. The Virginians ended the year with a 22-40 mark while PI posted an impressive 48-18 win-loss record.

### MIDGET LEAGUE

Chief Ben Johnson, player-agent of the Camp Lejeune Boys' League, has announced that Midget Football aspirants, living in the geographical limits of Lejeune, should begin registering immediately at the Little League field. Registration began Monday and will continue throughout the remainder of the season.

The league will be comprised of four teams with players between the ages of 9-14 eligible. All games will be played on Sundays beginning September 21.

## Public Invited To View Football Eleven Coaches Pleased With Hustle And

Camp Lejeune's hard-charging varsity eleven has responded to the criticism displayed by their four coaches and in turn have come up with a fighting spirit of past Marine football teams.

Coach Wil "E" Overgaard and Co. are currently working with 68 members of the team. The squad will be cut to approximately 44 prior to the season's opener against the Little Creek TARS on September 20.

The Lejeune brain trust point-out that all military personnel and persons living in the Jacksonville area are invited to view the squad as they go through their daily practice sessions and Saturdays when scrimmages are usually scheduled.

Local supporters will be able to see their club in action and under fire on September 13 when the Marines face off against a college crew at Liversedge field. This Saturday, elements of the team will scrimmage one another, beginning 9:30 a.m.

For the first time this year, the

Marines began their contact phase of practice Tuesday. The coaches feel, however, that the team is behind schedule due to the fact of the late start and the abbreviated screening session caused by the Near East crisis.

The overall picture looks good with the coaches pleased with the results thus far. Individual aspects still remain to be sharpened.

A grading system has been inserted as a means of measuring every player's strong points, and especially weaknesses. This system will be carried out through scrim-

mages and games of play on the part of the member. Its end result is to enlighten both coaches and players.

Competition for positions on the club is lively between the en-

## Atlantic Softball Set Tomorrow

The Fleet Marine Force Atlantic Softball team will host the 1958 Atlantic Softball Tournament here at Camp Lejeune beginning tomorrow at 1:30 p.m.

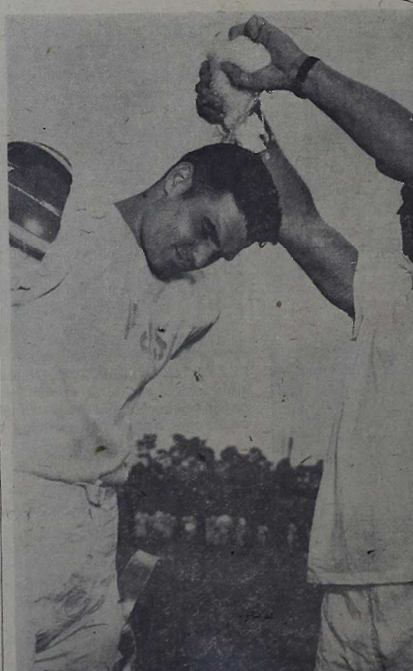

The 2nd Division will light the pre-game fire in the opening round. The Second Marines' 11th "G" Street and R

SubLant, last year's winners, will lead the way in the double type tourney. FME, AirLant, Minel, ServLant, PhilLant are the other participants in this year's competition.

After the opening afternoon, action will continue through the entire week on two fields, at the Corps' diamond and at the Marines' field, located on the Main Post Extension.

Maj. W. C. Allen, Civil Services Officer, will be tournament director for the play-offs with the Wilmington Division, with Robert D. Ing as chief umpire.

A pre-tournament all team coaches, chief umpire and referee will be held tomorrow in Bldg. 33.

THE PAUSE THAT REFRESHES—Halfback Pat Altieri from last year's club, gets a dousing from team manager in a brief pause during practice. The coaches have invited military personnel and persons residing in the Jacksonville area to view all practice and scrimmage sessions.

to go into selling on the outside. However, the reporter  
here. Though he never mentioned it, except that he  
eral offers with local semi-pro clubs in his New York  
bran will continue to return to the game, either as a  
ch, a game that he has been playing some 12 years.

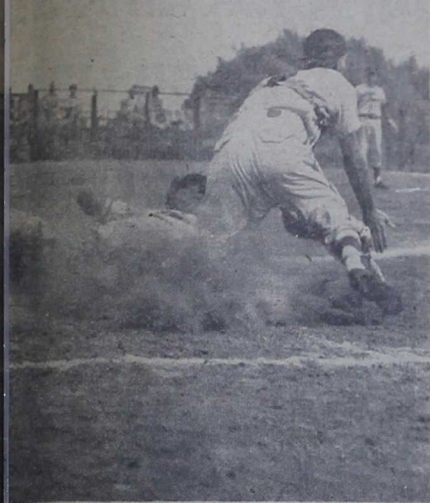

sting sidelight came about while thumbing through the  
brochure. While attending Colgate, Horan was the 1954  
ing champ at school.

Callahan, the jovial gent has already bought a home in  
the Trenton, N. J., vicinity and will  
resume teaching in September. Al  
so on the calendar will be a side  
job at coaching football or scouting  
and a return to school for an M.A.

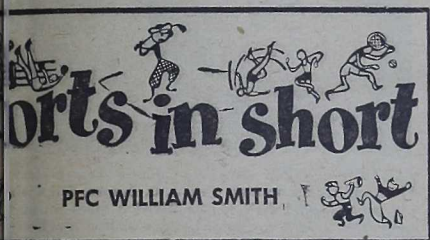

Bob was co-captain of the  
1957 football edition under  
coach Wil "E" Overgaard and  
track mentor for the 1958  
squad.

Ironically, the writer's path  
and Bob's has criss-crossed on several  
occasions. While attending  
Trenton State Teachers College,  
Bob was a standout weight man on  
the cinder squad. Back about 1952,  
Upsala College of East Orange, N.  
J., met Trenton in a dual meet of  
which this scribe was a member.  
Neither one of us can remember  
the outcome and it has on several  
occasions brought on debate.

Callahan also patronized several  
establishments that yours truly  
worked at on the Jersey beaches  
during the summer months.

Whether Mick Taylor waits in vain for the peg that will nail score. Sliding safely into home is Ernie Brooks in action against Hawaii. Camp Lejeune lost to Hawaii, 5-2, in action of the Eighth All-Marine Baseball Tournament at San Diego.

Lejeune's most popular sports figures, Hal Horan and Bob Callahan, for their homes sometime this week, returning to their occupations.

There has been on the scene for three years, will be sorely missed by a baseball team when they vie in the Atlantic Fleet and of this week. Hal has had a colorful career while in the Corps, sliding in with the 1956 club, playing and winning Divvy varsity last year, and holding down the right and center on this season's East Coast Championship nine.

With numerous injuries throughout the first half of the season, Horan has come along fast in the last month, figuring in important wins. The ex-Colgate star's first love is first base, skipper Hal Glasgow moved him out to the pasture and became one of the finest defensive fielders seen at Camp Lejeune.

Callahan, the jovial gent has already bought a home in the Trenton, N. J., vicinity and will resume teaching in September. Also on the calendar will be a side job at coaching football or scouting and a return to school for an M.A.

# Marines Fail In Title Bid At San Diego

Camp Lejeune's traveling baseball team was unable to come up with a winning formula and dropped two straight decisions to be ousted from the Eighth All-Marine Baseball Championship Tournament at San Diego last week.

Gerry Smith, the local's 24 game winner, was charged with the defeat against Hawaii in a 5-2 decision last Wednesday afternoon. The following day, the Marines lost to the defending champs, San Diego, 7-2, to be eliminated from the tourney.

The host club wasted little time in wrapping up their second straight title as they won their opening game against Hawaii and stopped the same club in the last game Friday afternoon to cinch the coveted crown.

In losing to Hawaii, Lejeune went ahead by a lone run in the bottom of the first inning with Jack Keller doubling Paul Lacity home after the latter had singled and been advanced on a wild pitch.

However, the Marine lead was short-lived as Hawaii came back with a run in the third as R. Demblon bingled Jug Willman around.

The tie was broken in the sixth with Demblon homering in the lead-off position.

The tilt was finally cinched in the eighth when Hawaii came up with three runs on three singles, a walk and a sacrifice fly.

Keller added the other Lejeune marker in the eighth as he singled Lacity around.

The locals threatened in the bottom of the ninth as two Marines walked with one away. Lacity hit into a double play to end the game.

In all, the winners knocked out 10 hits while Lejeune managed six off the services of Don Furth.

San Diego wasted little time in eliminating Lejeune when they came up with three runs in initial action and added two more in the second frame.

Ted Ellis limited the Marines to just three hits in gaining his 19th victory as opposed to a single loss. Diego picked up 10 smashes off a trio of Lejeune hurlers. Two of the winners' hits were for the circuit.

Lejeune scored lone markers in the second and third innings. The Marines almost opened the game up in the second as they loaded the bases with Lacity drawing a free pass to force home a run. However, the Lejeune rally fizzled. Keller (See MARINES FAIL, Page 10)

## Freak Hole-In-One Made By NCOIC Of Golf Course

Jim Butler, NCOIC of Paradise Point golf course, became the key figure in a one-in-a-million incident Sunday while looking over course number 2. Coming across MSgt. O'Connor on the ninth tee, Jim decided to hit a ball just for practice.

Sergeant O'Connor gave him a ball and club. You guessed it. He knocked the sphere right into the hole for an unofficial hole-in-one.

## Camp Lejeune Sports . . .

**BASEBALL**  
Friday, August 22:  
Atlantic Fleet Tournament Begins at Norfolk  
**SOFTBALL**  
Friday, August 22:  
Atlantic Fleet Tournament Begins Here  
Monday, August 25:  
East Coast WM Play-off Begins at Parris Island

CLOSE PLAY—San Diego's Chuck Mathews slides in under catcher Mick Taylor to score for the All-Marine champs. The host club dropped Camp Lejeune out of the double-elimination tourney by defeating the Marines, 7-2. Previously Lejeune had lost to Hawaii, 5-2.

# Eighth Marines Capture Baseball Championship

The Eighth Marines ended their baseball season on a highly successful note Friday night when they upended the Tenth Marines, 3-1, to cop the Tri-Command Baseball Championship at Harry Agganis field.

The Eighth gained the title with an unblemished 4-0 mark in the five-day double elimination tourney.

## Changes In Rules To Highlight Clinic

An 11- and six-man Football Officials' clinic will be held Tuesday and Wednesday at the Goettge Memorial field house from 9-11:30 a.m. and from 1-4 p.m. each day.

The clinic is being held to aid commands in over-coming the shortage of qualified officials. Special note will be paid to recent changes in the game. It is hoped that the number of available officials for intramural games will be increased.

Personnel should have available a pair of basketball shoes with all other equipment furnished by Base Special Services.

Persons desiring to attend the clinic must sign with their Unit Special Services Officer who in turn must have all names submitted to the Base Athletic Office by 4 p.m. tomorrow.

Qualified intramural coaches are also urged to attend.

Eighth Marines starter, Al Franke, who struck out nine and walked six, hurled three-hit ball for six frames but began to tire in the late innings. After walking the first two men in the last of the seventh, Franke bowed to reliever Jack Ridley, who put a halt to the budding Tenth Marine rally.

The Tenth rallied in the last frame when Bob Kenny, pinch-hitting for Al Smith, walked. Stan Patton ran for Kenny. Al Kamp house also walked, putting runners on first and second, and that was all for Franke. On Ridley's second delivery, Patton, who got his signals crossed with Coach Fury, was out attempting to steal third base. Ridley then whiffed Mattise on a 3-2 count and got Tom Garrett on a pop to short which ended the contest.

The champions, who downed the Tenth Marines, three games to one, for the Division crown the previous week, opened up the scoring in the top half of the second-inning with an unearned run.

The Tenth rallied to even the score, 1-1, in the last of the fourth frame. Tom Garrett walked to lead off, but was forced at second on a pop to short which ended the contest. (See EIGHTH WINS TOURNEY, Page 10)

A JOB WELL DONE—Teamates of Eighth Marines' pitcher Jack Ridley, center, gather around to offer congratulations after downing the Tenth Marines, 3-1, to sew up the Tri-Command Baseball championship Friday night at Harry Agganis field. Ridley came in to relieve in the seventh inning after starter Al Franke showed signs of tiring.

CALLAHAN  
Turn to Coaching

# FISH & WILDLIFE

BY THE "OLD ANGLER"  
Phone 7-5522

The fishing news off Onslow Beach, up around Morehead City and Swansboro is just good to fair. Offshore fishing has been good for dolphin but there have been no spectacular catches of kings reported from any source. Inshore fishing continues to be good for blues and Spanish mackerel, and pier fishing is producing some very good catches of croakers along with plenty of spots and some fall trout, flounder and sea mullet. Headboat fishermen are still bringing in big strings of sea bass and porgies.

Fresh water fishermen will be interested to know that the North Carolina Wildlife Resources Commission has extended the season on certain designated streams to September 30 instead of August 31. The creel limit, however, has been reduced from 10 to five daily. A complete list of the streams where the fishing has been extended can be obtained from the Commission.

All salt water sports fishermen are invited to enter their catches in three big contests during September. At Morehead City there's the "Fabulous Fisherman" derby. Two other rodeos are being sponsored by the Southeastern North Carolina Beaches Association with headquarters in Wilmington; and the Southport Charter Boatmen's Association with headquarters in Southport.

The 1958-59 hunting season is just around the next flip of the calendar leaf, and I thought it might be well if I mention a few of the birds that the season will open on next month and also a few facts on bag limit.

**DOVES**—A split season on this species with the first season beginning September 6 and ending October 4; then the second season from December 11 to January 15, 1959. Doves may be taken from 12 noon until sunset each day. The bag limit shall be ten (10) per day per person. The possession limit shall be twenty (20) per person.

**RAILS**—The season begins September 10 and ends November 18. Rails shall be taken from one-half hour before sunrise until sunset, each day of open season. The bag limit shall be 15 a day per person. The possession limit shall be thirty (30) per person.

**SORA**—The season begins September 10 and ends November 18. Sora may be taken from one-half hour before sunrise until sunset, each day of open season. The daily bag and possession limit shall be twenty-five (25) per person.

Both rails and sora will be marked by an abundance of birds this year. As in previous years the supply of birds along the tidal marshes is expected to again exceed the demand of hunters. Best shooting, according to those who know, will be during the moon tides of September, October and November, when water covers the marshes sufficiently to permit the use of a skiff to flush birds from the heavy cover.

A new high for membership attendance of a regular meeting of the Camp Lejeune Rod and Gun club was established Thursday evening. There were 82 members present for the meeting.

An interesting and entertaining evening was highlighted by talks and a lively question period by State Game Protectors Lonnie Koonce and Paul Metters. Many questions by members were answered to the complete satisfaction of everyone present. This was followed by an interesting film on the life of a North Carolina game protector.

In addition to the discussion of hunting parties for the coming deer season, the mention of a fishing pier brought forth an exclamation from all that it would be desirable to have such a project. Now all that has to be answered is "when," "where," "how" and "how much."

Those of you who have been procrastinating about joining your Camp Lejeune Rod and Gun club, do so now before the hunting season gets underway.

**REGATTA WINNERS**—A trio of Camp Lejeune sailing masters walked off with first place in the "Handicap Race" Sunday at the Invitation Carolina Yacht Club Regatta at Wrightsville Beach. Competing on a six-mile course, skipper Don Wallace, right, captained his "rebel" class craft across the finish line in first spot. Wallace's crew included Don Reise, center, and Henry Koch, left.

# E. Ross Continues Link Su Adding AlMar Open Division

For the third straight year, a Camp Lejeune marine overcame all opposition to win the Open Division at the All-Marine Golf Tournament. In 1956 it was Don Albert, in 1957 it was Mel Fleischer, and last week, in a sudden death play-off, 2nd Division winner E. Ross won the title by extending two extra holes in stopping Camp Pendleton's R. O. Kay at the El Toro golf course in California.

Upon completion of regulation play, both linksters had carded identical scores of 294 for 72 holes. Kay actually could have won handily as he maintained a three-stroke lead going into the final hole. With Ross shooting par golf, Kay dumped his tee shot into trouble, unnerving him as he subsequently recorded a seven for the 18th.

Play continued until the 20th hole when Ross, an ex-LSU golfer, sank a 10-foot putt for a birdie and the ALMar title.

Third slot also had to be decided in similar fashion with R. L. Conrad of Pensacola besting 29 Palms' Wayne Gotcher on the fifth hole after both had come home with four round totals of 295.

Ross, by past indications, is making a major assault on Marine tournaments as he already has won the Division title, the FMFLant and Atlantic Fleet championships. Last year Ross placed fifth at the ALMar which was held at Paradise Point.

In the Women's Division, Paris Island's Mary Thompson won her unprecedented third straight crown firing a 54-hole total of 275. Miss Thompson was trailed by Betty Nobel, HQMC, and San Diego's Lillian Maluo.

And in keeping with East Coast domination, Quantico's Otha Bulard captured the Senior Division with a 241 for 54 holes. The runner-up was Pendleton's Charley Lynch with C. V. Bomer, FMFPac, third.

Winners in their respective divisions will compete in the Inter-Service which began Thursday at Ft. Leavenworth, Kan.

**ALL-MARINE LINK CHAMP**—Cpl. Ed Ross presents FMFLant Trophy to Maj. Gen. J. C. Burger, 2nd Division general, on behalf of the Division team which won the title. Corporal Ross, besides adding the Divvy Lant crown, captured Camp Lejeune's third Marine Open champ last week when he was extended in death play-off on the El Toro golf course after being dropped by Camp Pendleton's R. O. Kay.

# Quantico Drops Rain Twice; Play-Offs In

The Quantico WM softball team made it three wins in a row as they defeated Camp Lejeune's Red Raiders over the weekend by scores of 7-2 and 9-7. Previously, the Vipers had dropped the locals in a home encounter.

This brought the Raiders' record to 9-10. Lejeune's season will draw to a close Monday.

Coast Play-offs scheduled for the weekend. The winner of the All-Marine beginning 3 at the same base.

In their first toss, the Raiders only had one hit with Elizabeth Shelton contributing a three-bag. Shelton was charged with giving up eight walking four and one.

The Raiders tied the third inning after gone ahead 2-0 in the second. Four was and fielder's choice, the two Lejeune tallies the locals were shut out of the services of.

The two teams remained tied until the bottom of the host club scored an equal number of 1.

And again in the of action of the Quantico had to clutch runs to ice. Raiders scored three third and added a fourth. Quantico still but kept pecking a score with single counted for in the fifth innings, two in and the big four-run the bottom of the sixth.

Lejeune slammed out to Quantico's 10. Vipers picked up the loss going the distance for.

Pacing the local Maureen O'Connell, and Pranger, who twice.

Over 30 species of game fish, including and billfish, are caught North Carolina coast.

## Eighth Wins Tourney

(Continued from Page 9)

Chico Lugo's grounder to short. Lugo stole second and scored on catcher Bob Greco's single to right.

With one out in the top of the fifth, second baseman Denny Denison leaned into one, sending the ball on one hop over the 420-foot sign in center field for a ground rule double. Franke helped his own cause with a single down the right-field line which scored Denison for the Eighth's second run.

The Eighth fought its way to the finals with victories over Serv. Bn., MCB, 5-4; Eighth Engr. Bn., FT, 4-0; and the Tenth Marines, 4-1.

The second-place Tenth Marines had their work cut out for them Friday afternoon when they faced a rough 2nd FSR, FT, team in a game which determined who would meet the Eighth Marines in the finals that evening. It was do-or-die for both clubs, each posting one loss in the tourney thus far. The Tenth won, 4-2, in one of the hardest fought games of the week.

Second FSR opened the scoring with two runs in the second frame on a walk to Butler and singles by Coulter, Walker and Flagg.

Tenth Marines' first baseman Garrett homered over the 365-foot sign in left center in the last of the second to cut the lead in half, 2-1. Garrett evened the count in the last of the sixth with a double to left which scored catcher Al Davis from second base.

The climax came in the last of

the seventh when, after one was out, Ray Horvath singled to left to put the tying run on base. Davis, who hit a solo blast earlier in the week, connected on an inside curve and sent it sailing high over the leftfield fence to win the game for the Tenth, 4-2, and put his team in the finals.

## Marines Fail

(Continued from Page 9)

once again figured in a local score as he came across in the next inning after doubling to centerfield. Moving to third on a sacrifice out, the big third baseman tallied on Hal Horan's fly out to leftfield.

R'n Sisk relieved Bill "Pappy" Herrington after one and one-third innings. Jim Donnelly finished up the game, coming in at the top of the seventh, walking three, allowing one hit, wild pitching once but bore down in the clutch to hold the winners scoreless.

San Diego, after copping the opening game against Hawaii by a 2-1 score, came back to stop the same aggregation in the final game, 13-5. In the opener, Earl Wilson hurled a brilliant two-hitter while fanning 17 for his 17th victory. Floyd Robinson smashed a game-winning homer.

Robinson and pitcher Don Kenway combined in the final contest with the former belting two four-baggers in a row to pace Diego's 14-hit attack. Kenway, in nothing his 15th win, gave up five hits in going the distance.

## For Troops

Bn. — One reenlisted in the battalion. Sgt. Donald E. Austin, 10 years.

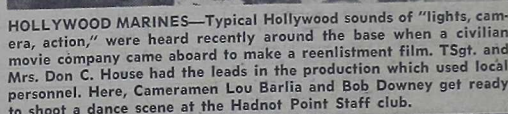

Sgt. Gail J. Craig was meritoriously promoted to his present rank.

Sgt. Hans J. Noschka, H&S BN, completed the MCI course, "Introduction to Personnel Administration."

At a company formation, Capt. Warren Wolff, commanding officer of "C" Btry., 1st Bn., Tenth Ma

The Second Marines and 2nd Anti-Tank Battalion's reenlistment programs remained in high gear again this month as they captured first place in the Division reenlistment contest for July in Groups "A" and "B," respectively. With a quota of 34 men, the Second Marines obtained 26, of which 15 were first term reenlistments. Se-

The Le Tourneau-Westinghouse Mobile training unit from Peoria, Ill., is aboard the base and is now conducting a two-week training course on the newly adopted Adam Motor Grader and Traveloader. SNCOs from MCB, Force Troop 2d Division and MCSC, Albany, Ga. are attending.

maples  
2-Challenge  
3-Musical

**HAWAIIAN STYLE**—Annetta Wade, daughter of Gen. and Mrs. S. S. Wade, goes through one of her dance routines for the coming Hawaiian Luau with Mr. Ron Mosier. Seated at left, watching the rehearsal, are Mrs. Wade and 1st Lt. Michael Miller. Mrs. Wade has instructed classes in Hawaiian dancing and is in charge of the festivities. Mr. Mosier is the head of a civilian dance studio.

## Officers' Club Entertainment To Feature Hawaiian Luau

Paradise Point Officers' club will be the scene of a Hawaiian show Saturday, August 23, at 6:30 p.m.

The show is entitled "Luau," meaning dancing and a feast. Music will be provided by recordings and a band conducted by Robert Miller. Most of the ladies participating in the Hawaiian dancing have spent some time in the islands.

Mrs. Sidney S. Wade, wife of Brig. Gen. Sidney S. Wade, is in charge of the festivities.

The following members will take part: Mrs. Bernice Black, hostess of Paradise Point club, is in charge of decorations; Mrs. Wade and daughter, Annetta; Mrs. Roger C. Powers, and Colonel Powers, who is playing the part of the only man on the island; Mrs. Parker Colmer; Mrs. Eaton Smith; Mrs. Martin C. Roth; Mrs. James Jordan, and Mrs. Edward Pierce, Master of ceremonies is Lt. Col. Harry D. Reynolds. Mr. and Mrs. Ron Mosier of a dancing school in Jacksonville are helping with the dancing and music.

Mrs. Wade states, "Everyone has been most co-operative and

## Perry Matches

(Continued from Page 1)

Another first in the 56-year history of the Camp Perry matches was set this year when James E. Clark, a civilian gunsmith from Shreveport, La., won the NRA National Pistol Championship. A civilian has never won the pistol championship before.

Leatherneck shooters were not entirely unhappy about the results—Mr. Clark is an ex-Marine corporal of World War II and Korea vintage.

Last year this honor went to Marine Corps Captain William W. McMillan Jr., who was unable to attend the Perry matches this year because he is scheduled to take part in the international competition in Moscow shortly.

## Social Security

(Continued from Page 1)

With social security being considerably new to the services, few military members have yet accumulated earnings as much as \$200. But as time goes on, many will reach that return level.

Persons now are taxed 2 1/4 percent on that portion of their annual earnings (base pay for servicemen) not exceeding \$4,200. Under the bill, the basic amount to be taxed goes to \$4,800 and the percentage of tax would go to 2 1/2 percent starting next January.

In addition, the bill would increase the percentage to be taxed in future years at a faster pace than the present law calls for.

Shortly after the War of 1812, Marines played a part in eliminating pirate-infested forts along the coast of Florida.

it should be a very good show."

The Wellman Quartet will play from 8 p.m. to midnight tomorrow night for Happy Hours. Johnny Holland will be featured Saturday evening with the Hawaiian Luau.

A snack bar is now operated at the pool, and is open from 11 a.m. to 7 p.m. daily. Special steak dinners are also served by the pool from 5 to 8 p.m.

## Staff Clubs

**HADNOT POINT**—Buddy Meyers and his orchestra will play for dancing and entertainment tonight through Sunday evenings from 8 p.m. to 12:30 a.m. Happy Hours are Monday evening.

**CAMP GEIGER**—Sunday afternoon cocktails are served.

**COURTHOUSE BAY**—Happy Hours will be Friday from 4:30 to 6:30 p.m.

## Enlisted Club

MARSTON PAVILION

Billy Butterfield and his band, featuring Miss Doty Smith at the mike, will play at the Marston Pavilion for a dance on August 28 from 8 p.m. till midnight.

The club, for sergeants and below, their dependents and guests, is open on Mondays and Tuesdays for unit parties only.

The main bar and lounge is open Wednesday through Fridays from 5:30 until 10 p.m. and on Saturdays, Sundays and holidays from 2 until 10 p.m.

## USO Program

The 2nd Division Combo will play for a dance at the Tallman St. USO, Wednesday, August 27.

"Red Sundown," a technicolor western starring Rory Calhoun, will be featured Saturday and Sunday. Members of the USO staff will serve coffee and doughnuts at 10:30 a.m. Sunday, to be followed by Hospitality Hour at 4 p.m.

## Dependents' Inform

Occupants of MOQs in Paradise Point are reminded to leave their keys with the Base Desk Sergeant, Bldg. 37, if they leave the Base for any reason and their quarters are to be vacant in excess of 36 hours. (Paragraph 1415.20, Base Regs.)

All civilians and military dependents who enter the reservation become subject to military regulations and punitive action under Title 18, U. S. Code. (Paragraph 750-1.h, Base Regs.)

You are reminded that the speed limit in all housing areas on the

reservation is 25

**DRIVE-IN (DI)** — Begins one-half hour after sundown.  
**COURTHOUSE BAY (CB)** — 6 p.m. and 8 p.m., indoors daily except Saturdays, Sundays and holidays when show starts at 2 p.m. and 6 p.m.  
**NAVAL HOSPITAL (NH)** — 11:15 p.m. (Patients only) and 7 p.m. daily.

**PARATROOPER**  
No information on this war flick except that it's an oldie and stars Alan Ladd and Lee Remick.

**YOUNG AND DANGEROUS** **AAA**  
The story of a teenager's rebellion against authority and the adult world that seems to inhibit his activities. In Regalscope and stars Lili Gentile and Mark Damon. (78 min.)

**THE HUNTERS** **AAA**  
This is the story of a World War II ace assigned to the Korean war. In Tokyo, en route to his Korean post, he meets a jet pilot with a bad case of nerves and a high alcoholic content, and the pilot's wife. Almost immediately the wife and Bob Mitchum (WWII ace) are attracted to each other, a situation somewhat embarrassing since the men are in the same squadron and must fight side by side. Sharing the spotlight with Mitchum are Robert Wagner and May Britt. In color. (108 min.)

**THUNDERING JETS** **AAA**  
Feeling anchored at his Air Force teaching job, Rex Reason seeks a transfer to an active operations base. His ability to teach students jet age flying is so great that his requests are turned down. Unhappy, he bears down hard on his group of students, sticking strictly to the rule with no deviations whatsoever. This attitude causes a break with his girl friend, Audrey Dalton, and makes him hated by the students. (73 min.)

**SADDLE THE WIND** **AAA**  
In case you haven't guessed already, this is a western in Cinemascope and Metrolcolor. It's the typical story of two brothers, one an ex-gunfighter, older and wiser; the other a young hot-blooded Texan with an eye for girls, guns and whiskey, in that order. The younger

**RIFLE RANGE (RR)** — 6 p.m. and 8 p.m., Sunday through Thursday, Friday and Saturday, 7 p.m.  
**MONTFORD POINT (MP)** — Indoors at 7:30 p.m. daily.

**CAMP GEIGER (CG)** — Indoors at 6:30 p.m. and 8:30 p.m.

**INDUSTRIAL AREA (IA)** — Outdoors

brother finally kills a gunman, and with his first kill under his belt decides to change things in the valley in which they live. The end finds brother against brother. Stars Robert Taylor, Julie London, John Cassavetes and Donald Crisp. (94 min.)

**MERRY ANDREW**  
We're not sure how many bells this one rates, but with Danny Kaye, Peter Angel, a pet chimp and a circus all in the mix, this should prove interesting as well as entertaining. If you like laughs, love and music, make this your movie list. Produced by MGM and is in color. (105 min.)

**BAMBI** **AAA**  
This one comes from Walt Disney's Fantasy Land and in our book, has, does and will always rate five bells, as long as the film remains in one place. In color and stars Bambi, Flower, Thumper and a host of others. (70 min.)

**DESERT HELL**  
The only information we have on this one is that it's a Foreign Legion drama starring Robert Keith, Barbara Hale, and Richard Denning.

**WIMMON'S WAY**  
To say that we have no information on this one would be putting it mildly. We're not even sure the title is spelled correctly. Carbon copies just aren't as clear as they used to be.

**WILD BLUE YONDER**  
No information other than it's an air drama starring Wendell Corey, Vera Ralston and Forrest Tucker. (88 min.)

The only information we have on this one is that it's a war drama starring Victor Mature and Lee Genn. (103 min.)

**SHE PLAYED WITH FIRE**  
British box office favorite, Jack Haw-

kins, one of the stars of the current "Bridge on the River Kwai," and American beauty Arlene Dahl head the cast of this modest little British mystery melodrama. This one has all the ingredients of a good mystery—arson, murder and blackmail. (85 min.)

**AS LONG AS THEY'RE HAPPY** **AAA**  
A song-and-dance entertainment, made gay to the eye by color, and to the senses by the singing of Jerry Wayne and the fine acting of Jack Buchanan, who's wife and daughters fall under the spell of the crooner's charms. How the father brings peace once again to his household is the gist of this amusing film. Stars Janet Scott, Jean Carson, to mention a few. (78 min.)

**COD'S LITTLE ACRE** **AAA**  
The Erskine Caldwell best seller comes to the screen with all the drama and excitement of the book itself. It is a story of a man, cast in a dreary setting, but forceful and intriguing for all that. An adult drama starring Robert Ryan, Aldo Ray, Tina Louise, Buddy Hackett, and a host of others. (112 min.)

**NIGHT AMBUSH**  
A British film about World War II starring Dick Bergeard and Morris Goring. (93 min.)

**PERRI**  
The kiddies should have a ball with this one. It's by Disney and it is another of his full length color features. (75 min.)

**UNDERWATER WARRIOR** **AAA**  
A story of a trooper, based on the true exploits of Cdr. Francis Fane, USNR, with many underwater shots including swimming among barracudas and sharks. Stars Dan Daly, Claire Kelly, and Ross Martin. (91 min.)

**PARADISE POINT**  
8 p.m. AIR FACILITY, 6 p.m. STONE BAY (SB) daily.

**CAMP GEIGER** — Indoors at 6:30 p.m.

**THE WHO**  
No information on a drama starring Donna Reed. (85 min.)

**PEYTON PLACE**  
If you don't know you just don't realize how much comes off in a few minutes (among others) Moore, Hope Lange, Russ Tamblyn, and Joan Fontaine.

**A CERTAIN**  
The inner conflict growing into adult life the choice between age and a man of father. Book is by "Tristram" Stank and Joan Fontaine.

**ROBBERY UNDER**  
An outdoor adventure the 1850's complete bank robbery, gun double crossing, and with Peter Finch a min.)

**SNOW WHITE**  
A fairy tale by Walt Disney. It should have all for the certain claim (of course). (75 min.)

**CHINA**  
Victor Mature is a captain who is respected by his piles the romantic cast as a priest and another of the "Hump." (88 min.)

**CAMP THEAT**  
p. m., "Guns at Fort" starring Audie Murphy of "Radar Man" is a

**CAMP GEIGER**  
m., "Guns at Fort" starring Audie Murphy of "Radar Men From Hell" is a

**PETERFIELD**  
"Texas," starring Claire Trevor and a min.)

**PARADISE POINT**  
8 p.m. AIR FACILITY, 6 p.m. STONE BAY (SB) daily.

**CAMP GEIGER**  
Indoors at 6:30 p.m.

**THE WHO**  
No information on a drama starring Donna Reed. (85 min.)

Victor Mature is a captain who is respected by his piles the romantic cast as a priest and another of the "Hump." (88 min.)

**UNDERWATER WARRIOR**  
A story of a trooper, based on the true exploits of Cdr. Francis Fane, USNR, with many underwater shots including swimming among barracudas and sharks. Stars Dan Daly, Claire Kelly, and Ross Martin. (91 min.)

**PERRI**  
The kiddies should have a ball with this one. It's by Disney and it is another of his full length color features. (75 min.)

**AS LONG AS THEY'RE HAPPY**  
A song-and-dance entertainment, made gay to the eye by color, and to the senses by the singing of Jerry Wayne and the fine acting of Jack Buchanan, who's wife and daughters fall under the spell of the crooner's charms. How the father brings peace once again to his household is the gist of this amusing film. Stars Janet Scott, Jean Carson, to mention a few. (78 min.)

**DESERT HELL**  
The only information we have on this one is that it's a Foreign Legion drama starring Robert Keith, Barbara Hale, and Richard Denning.

**WIMMON'S WAY**  
To say that we have no information on this one would be putting it mildly. We're not even sure the title is spelled correctly. Carbon copies just aren't as clear as they used to be.

**WILD BLUE YONDER**  
No information other than it's an air drama starring Wendell Corey, Vera Ralston and Forrest Tucker. (88 min.)

**SHE PLAYED WITH FIRE**  
British box office favorite, Jack Haw-
