HONOR—Lieutenant General Edwin A. Pollock, commander, FMFLant, admires the Congressional Medal of Honor presented to Navy Hospitalman First Class William R. Charette by the unknown serviceman from World War II for burial in the cemetery. General Pollock, while commanding the 1st Marine Division in 1953, recommended Charette for the nation's highest award for heroism in Korea.

Theater Group Plans Active July Production

The Little Theater group is overwhelmingly received and the entire Base is looking forward to another opening night.

Drawing from the talent of marines and their dependents from throughout the area and facing all the usual knotty problems of putting a full-scale Broadway production into force, the Little Theater's first smash hit virtually assured its continuance here as one of the major play-producing agencies in the area.

Mrs. Faser announced that there is still an opening on their production staff for another director and urged all those who have had experience in this field to contact her at 6-6668.

The Lejeune Little Theater would also like to invite any and all who are interested in dramatic work whether it be in front of the footlights or behind the scenes to consider joining. It takes many people of varied talents to put on a successful production, so watch this paper for their call for talent in the near future and be a part of their next entertaining presentation.

Basic Engineer Course Available Through MCI

The Marine Corps Institute has announced the opening of a new correspondence course, Basic Engineer Equipment Operator, 13.14.

This course is designed for marines assigned a 1345 MOS and offers instruction on the operation and maintenance of engineer equipment which Marine Corps personnel use to build roads and prepare construction sites. Emphasis is placed on certain makes of equipment since they are common within the Marine Corps. Other makes and models are discussed for the purpose of comparing various types of equipment.

This course contains nine lessons and requires 40 study hours.

Unofficial Marine 'Sit-Up' Record Established By 18-Year-Old Trainee

An unofficial Marine Corps physical endurance record was set here this week by a young 18-year-old trainee from Jackson Heights, Long Island, N. Y.

Private Kevin L. Duffy, "O" Co., 1st Bn., 1st Infantry Training Regiment, performed exactly 658 situps during an intra-company athletic meet at the 1st ITR, where he is completing the final phase of a four-week combat training course.

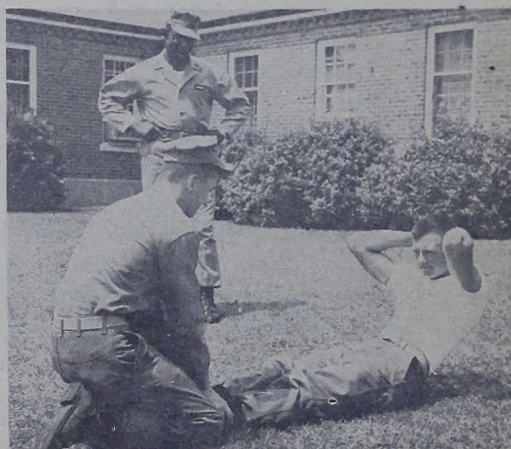

Private Duffy's 658 figure topped the situp event for his platoon as his mark alone exceeded the total scores of the competing teams.

A recent graduate of the Recruit Training Command at Parris Island, Private Duffy credits the rigorous and competitive training there for his present top notch physical condition. No novice in athletics, the new record holder lettered in both track and weightlifting while attending Brooklyn Technical High School, Brooklyn, N. Y.

While at Parris Island, the 5'10", 150-pound youth compiled an excellent score during the rigid five-event strength test administered to all marine recruits. He ran through the test, consisting of squat thrusts, squat jumps, pull ups, sit ups and push ups with ease, picking up 450 points out of a possible 500.

Technical Sergeant Samuel Saxton, Field Judge for the competition, later remarked that Duffy seemed to pick up the pace once he reached 500. "Duffy wavered a little," Sergeant Saxton added, "until the last one where he forced himself down, squeezed it out and brought himself back. That was it."

Despite the young marine's herculean effort, his platoon failed to take the company championship in the closely contested field meet.

RECORD SETTING STYLE—Using the same style that helped him register 658 situps last week, Private Kevin F. Duffy, "O" Co., 1st Bn., 1st ITR, works out under the watchful eyes of Technical Sergeant Samuel Saxton, S-3 office, 1st ITR. Private First Class Martin F. Skiffington holds Private Duffy's legs in place.

Local Staff NCO's To Attend Quantico Career Symposium

Staff Non-Commissioned officers to represent Camp Lejeune at the third annual enlisted Career Symposium are expected to be named in the near future by Base, Division and Force Troops.

Scheduled for Quantico, August 10-16, this year's symposium will be attended by top career enlisted marines and their wives.

Last year, 83 recommendations were submitted to Headquarters Marine Corps from Staff NCOs, representing 33 commands. Headquarters' decision on these proposals will be announced shortly.

Included among the proposals submitted at Quantico was a plan to discontinue the monthly clothing allowance. Instead of the present policy, all clothing purchases would be credited monthly on a pay card and show debit by a clothing slip in the form of a pay order signed by the issuing officer and the individual's commanding officer.

The Symposium also recommended the omission of pages seven and 20 from the individual's record book. Page seven is training while page 20 concerns rifle data. Personnel reporting to the states from overseas, the board said, should be assigned to non-FMF units.

Other proposals were: barracks caps be restricted to blue uniform and ceremonial occasions, all new uniform changes be presented to the field prior to adoption, extend G.I. bill to career Marines, give maximum notice on Staff NCO

transfer, establish bachelor Staff NCO quarters, retirement pay be exempt from income tax, and a permanent passing score be set for all technical tests.

Donations Lag As Navy Relief Drive Enters Final Stage

Only three weeks remain for personnel to get subscriptions to the Navy Relief Fund Drive which is steadily climbing toward a goal of \$80,000, adding \$6,670 this week to bring the total to \$27,841.

Closely approaching the half-way mark was MCB which continued to lead all units in the drive with 47 per cent of a goal for \$25,000. Second in the drive was the 2nd Division with 38 per cent, or \$11,326 of its goal of \$30,000. Trailing right behind the 2nd Division was the Air Facility which climbed to 35 per cent or \$12,112 out of a goal of \$6,000. Force Troops stood at 18 per cent of their goal and civilian employees at seven per cent, with \$1,940 and \$589 turned in, respectively.

Subscriptions to the drive help financially distressed personnel in the Camp Lejeune area. In any instance of distress the Navy Relief Society stands ready to assist personnel unable to meet financial obligations under strained circumstances.

Although the Society runs many functions such as the visiting nurse service and the production of layettes, its prime value is as a 24-hour standby organization for servicemen, and in particular Camp Lejeune marines, who are suddenly and unexpectedly faced with financial crises caused by illness, death, accident, hospitalization and other unforeseen catastrophes. A 50 cent subscription to the drive assures the Navy Relief it will be able to carry out this mission.

Mucci Takes Third Place In Lauchheimer Matches

Winner of the coveted Lauchheimer Trophy, one of several top awards on the line at the San Diego All-Marine Matches, is Major Richard J. Hardaway, 12th Marine Corps Reserve and Recruitment District.

Local participant Staff Sergeant Anthony Mucci, Marine Corps Engineer Schools, MCB, finished third, a scant three points behind Major Hardaway. Second place winner with a 1128x1200 score, was Staff Sergeant Donald D. Thorne, MCRD, San Diego.

The trophy is the highest shooting award given officially by the Marine Corps.

Sergeant Mucci won his right to the All-Marine competition by virtue of his performance here during the Eastern Division Match firing in early May.

He fired a 583x600 during the local matches to take individual pistol honors, leading 241 other finishers. Mucci then teamed up with three MCB pistol shooters to set a new Edison Trophy record (1097x1200).

Flag Day

Flag Day, honoring the adoption by the Continental Congress of our flag, although not an official national holiday, is celebrated June 14.

First celebrated in 1877 when Congress requested that the flag be flown from all public buildings, Flag Day now is an occasion when all Americans display proudly the Stars and Stripes.

Flag Day should be a time of rededication to those ideals of Americanism which made loyalty to the flag and what it stands for take precedence over all.

Stand beside the young Baltimore lawyer Francis Scott Key, aboard a British ship-of-the-line as it bombards Ft. McHenry. Key, peering through the smoke and flame, saw Old Glory still flying from the ramparts despite the pounding of shot and the screaming Congreve rockets. He immortalized the scene by writing: "Tis the star-spangled banner; oh, long may it wave, O'er the land of the free and the home of the brave." Yes, it's from our National Anthem, "The Star Spangled Banner."

When colors sound and you're not part of a formation, face the flag or its direction and render it the honor due. Men have died so you could have the privilege of living under the freedom it proclaims.

Father's Day

June 15th means many things to many people. To the youngster just out of school, it's the beginning of a glorious 10-week fun-filled holiday. To the young in heart, well—as James Russell Lowell so poetically phrased it: "And What is so Rare as a Day in June?" To the bride it represents, if one be practical minded, "the end of the chase" and to the average marine a payday weekend.

A glance at the calendar, however, shows that this Sunday, June 15th, has been designated Fathers Day—a day set aside when dad gets due recognition from the rest of the family.

History is replete with famous fathers. Some are fathers of institutions or ideas such as Hippocrates, father of medicine; Sweden's Gustav Adolphus, father of the modern general staff. Others are real-life fathers, famous in their own right like Bach, Lord Chesterfield and, of course, Clarence Day of "Life with Father."

June 15th is dad's day when the family celebrates his place in our way of life.

To marine dads with their families on Fathers Day, we hope it is a pleasant interlude, and for those dads unable to share the day with their loved ones because of separation, it is hoped you will be together soon.

Commandant's Visit

(Continued from Page 1)

al J. R. Henderen and Staff Sergeant E. E. Evans, were personally congratulated by the Commandant.

Next on the itinerary was a demonstration by a recon team from 2nd Force Reconnaissance Co., Force Troops.

Highlighting this exhibition was a parachute jump from an HR2S at high altitudes in which two men employed the new sky diving tech-

nique. Using this method, they were able to free-fall for over 10 seconds before opening their parachutes. The chutes have large open panels to allow for better directional control to a predesignated spot on the ground.

After a briefing by the commanding officers of the New River Air Facility, General Pate inspected the entire Air Facility in a series of flying visits.

WASHINGTON REPORT

Enlisted retired personnel can breathe a sigh of relief, now that the enlisted retired law, including laws governing the Fleet Reserve, have not been changed by the pay raise bill.

According to the Navy Times, the rates of pay for persons already retired or in Fleet Reserve before the June 1 effective date of the law, go up six per cent across the board except for disability with less than two years of service.

For Marines and Navy personnel retiring or going into the Fleet Reserve after the law takes effect, retainer and retired pay are higher because they will be based on the new and higher basic pays for active duty.

The only way for the man in the Fleet Reserve to get retainer pay based on the new active-duty rates is to serve on active duty for one year under the new rates. Same applies to retired enlisted man and enlisted man gone to officer grade on the retired list.

Any Marine who retires on 30 years direct or goes into the Fleet Reserve on the day the bill became law (June 1) can take his choice between pay based on the new active duty rates and pay based on the old rates plus six per cent.

For the man who is in the Fleet Reserve when the bill takes effect and retires from the Fleet Reserve later on, his retirement pay is not based on the new active duty pay. Instead, it is increased six per cent just like his retainer pay.

Chaplain's Corner

Not to know the Bible is a reflection upon any man, not alone as a Jew or Christian, but as a thinking and cultured human being. Readers without number have been attracted to the Scriptures because of their religious, literary and historical interest. These present important facets of the world's greatest literary achievement.

Even the irreligious will turn to the Bible for its purely literary interest. The compilers of the sacred writings were not merely religionists, they also had a fine literary appreciation. All translations retain the style of the original, to such an extent that but few languages on earth have not had their style influenced by that of the Hebrew Bible.

It has enriched every tongue with vivid phrases and figures of speech. Stylists of all times have learned how better to write poetry, narrative, wisdom, prophecy, legal codes, prayer and history through reading the various books of the Old Testament.

Archaeology and other forms of research have illuminated the truth of the historical portions of the Testament. Without it our knowledge of ancient times would be far more faulty. By understanding the acts and motivations of earlier ages we become better able to evaluate and guide our present destiny.

We need not ask that people study the Bible, only that they may thereby become better and more religious individuals. What they learn from it will help them in everything they study or think. But while it will help round out their interests and their lives, its primary and unique function will be to give moral strength and religious inspiration.

insignias to veterans who have won the Medal of Honor has been introduced by Representative Elizabeth Kee (Dem., W. Va.). She told the House that many Medal of Honor winners have to take part frequently in various civic and military affairs. On such occasions they are expected to wear the uniform of their former service.

A joint Marine-Navy task force descended by helicopter on Cedar Creek in Frederick County, Va., last month for the purpose of retrieving relics of a famous Civil War battle fought there on October 19, 1864. Composed of personnel from the Marine Corps Museum at Quantico, Va., and the Navy Ordnance Disposal School at Indian Head, Md., the group was equipped with aqua lungs, rubber boats, diving flippers and electronic detecting devices. Although cannons were reportedly jettisoned in the creek by Confederate General Early, no trace of them were found. Other evidence of the battle were numerous, namely muskets, carbines, shots and shells.

AFTERNOON VISIT—Mrs. Randolph McC. Pate, wife of the Commandant of the Marine Corps, second from right, visited the Camp Lejeune Navy Relief office last week. Explaining the function of the local office is Commander R. A. Vaughan. Accompanying Mrs. Pate during the visit were, left

to right, Mrs. Sidney S. Wade and Mrs. J. C. Burger and Mrs. T. J. Colley, chairman of volunteer women. Mrs. Pate accompanied the Commandant during his two-day visit and inspection of troops and facilities in the 2nd Division, Force Troops and MCAP.

Record Number Of Babies Arrive During April At U.S. Naval Hospital

For the first time in its history, Camp Lejeune's U. S. Naval Hospital stood first among the nation's Naval hospitals in births when 149 babies were delivered at the Family hospital during April.

On a yearly basis the hospital here usually places third in births, with the naval hospitals at Portsmouth, Va., and San Diego, Calif., leading because of the large number of retired personnel they serve who are not eligible for medicare.

Although 1956 was a peak year here, with 2,510 births, there is a marked increase indicated for the coming year since the Medicare Bill was passed in 1956. More than 630 babies have already been born in 1958. Birth records at the hospital show that during 1957 there were 1,799 births; 1955, 2,417; 1954, 1,929; 1953, 2,380; 1952, 1,726; and 1951, 1,165.

Although the hospital does not take top place in the number of births, it stands out among hospitals in many other phases. The average caesarean birth is about two per cent compared to an average of about six per cent for the country and two-and-a-half to three per cent for the armed forces.

Since 1951 the hospital's death record for mothers stands at only four out of the thousands and thousands handled and there have been none since 1955.

Of the 137 premature children born at the hospital during 1957, 118 lived, or 87 per cent. Seven per cent of the babies born are premature. Although the most difficult operation undergone in preg-

nancy is a breech delivery, the hospital has only a six per cent mortality rate over four years. The smallest child on record weighed two pounds and two ounces and the largest somewhere around 11 and a half pounds.

When the Medicare bill was first introduced there was a trend to use civilian hospitals, but the preference now is back to the Naval

Hospital. Most first-time mothers, hospital experts point out, prefer to be near their own families when giving birth to their first child. But after the first delivery most would just as soon use a Naval hospital, according to the records.

In 1957, 730 patient here were new mothers, compared to 1,049 giving birth to a second or third child; in 1956 the same trend showed when 1,189 were first-time mothers and 1,296 with more than one child.

Under the direction of Captain Roy E. Crowder, USN, the Dependents Clinic is open to all dependents of personnel on active duty and retired personnel. At the present time there are four permanent staff members, with six doctors working in the delivery rooms at the Family Hospital.

Sunday School Teachers Honored By Congregation

Paradise Point Sunday school teachers were honored last Sunday at the 10:30 a.m. service by receiving a booklet of appreciation for their efforts to further Christian Education at Camp Lejeune.

While the teachers stood before the congregation the Sunday school pupils lined up on each side of the Chapel as Chaplain R. A. Vaughan presented the booklet and made brief remarks about the value of their efforts.

Calling cards should be absolutely correct, since people often see your card before they see you. If your card is peculiar, they may think you are peculiar also. It is best to go to a good engraver, who will guide you in good taste.

Council Chairman

Captain Charles A. Dyer, officer-in-charge, Enlisted Instructional Section, Supply School Co., MCSS, has been appointed chairman of the organizational and extension committee, East Carolina Council, Boy Scouts of America. As chairman, Captain Dyer will coordinate organization of scouting units within the council and develop plans, policies and procedures.

Civilian Maternity Cost Upped July 1

Maternity patients will have to pay for pills doctors prescribe after July 1 unless they get them from a military pharmacy, according to Navy Times.

Faced with soaring dependent medicare costs, the Defense Department took this step last week.

Until the new regulation came into effect a doctor was allowed to bill the medicare program for the drugs he gave expectant kin out of his own stocks or obtained from a civilian pharmacy, which were later billed to him.

Only a few dependents were getting maternity care from civilian sources and were benefitting from this practice. Patients can now get their pills free from military pharmacies, if the drugs are available, or get them from civilian pharmacies and pay for them. The new program does not affect the policy of furnishing drugs to patients in hospitals.

NEW PRESIDENT—Capt. W. L. Berkley, right commanding officer of the U. S. Naval Hospital, confers with Bob Means, left, East Coast Regional Vice President of the FRA, and Joe Klerpp, new president of the local Fleet Reserve Association, chapter 208, during installation ceremonies for the Lejeune chapter last week.

LEUTENANT — Congratulations were in order for J. C. Burger, Jr. upon his graduation from Duke University mission as a second lieutenant in the Marine Corps is father, Major General J. C. Burger. Also attending as at Durham, N. C., were his mother, Mrs. Burger, C. C. Brown, a friend of the family.

Array Of Track Stars To Compete As Camp Lejeune Hosts All-Marine

Seven outstanding athletes will try a repeat performance commencing Friday as they attempt for their second straight All-Marine title in the inauguration of the Eleventh All-Marine Track and Field Championships at the Liversedge oval. Events are scheduled to get under way each day beginning at 9 a.m.

Friday morning, the finals of the Pistol Shoot (Triathlon) will be held at the Rifle Range. Thirty-nine year old Bill Knuppel bearing the Camp Pendleton colors, will try for an unprecedented fourth straight victory in this event. Knuppel also holds the All-Marine mark of 2875.1 points recorded in 1955.

That afternoon, the festivities will officially begin at 1 p.m. On hand will be Colonel P. J. Speckman, Meet Director, who will open the championships and introduce Brigadier General A. R. Brunelli, Base commanding general, and Judge L. J. Phipps, Referee. Also adding color to the

meet will be the 2nd Marine Division Band and a color guard from MP and Gd. Bn., MCB.

The two-day affair will end Saturday night at a gala presentation banquet in Marston Pavilion beginning at 7 p.m.

Besides Knuppel, other 1957 winners attempting to recapture their coveted crowns will be Camp Pendleton's Otto Cox, Bill Anderson, Milt Machamer and Al Cheney; MCAS's Ernie Poucher and MCAAS's Glen Wood.

Cox was an outstanding dashman with the Pendleton Scouts as he ran away with the century in a 0.9.8 clocking and came back to help the 440 yard relay quartet capture that event. Teammate Anderson was on the winning mile relay team while Machamer took first in the 220 yard low hurdles with a time of 0:24.3. Cheney was with Quantico last year when he tossed the shot 52'8 1/4" for a new All-Marine standard.

Also setting a new mark last year was Poucher in the pole vault with a 14'2" effort while with the Quantico runner-up club. Wood paced off a 4:18.2 mile to win his speciality, while also carrying the Virginia colors.

This year's tourney should prove to be one of the finest in the history of the championship meet. Looming as strong favorites to repeat as winners is Camp Pendleton on the strength of their dashmen. However, Quantico is expected to come through in the distance events, while Lejeune looks exceptionally strong in the weights.

Outside threats expected to make a strong showing are Hawaii and the 3rd Marine Division.

Quantico's Bob Garner is almost a sure bet to break the high jump record as he has hit 6'7" or better several times this season. The old mark is held by A. J. Gilchrist of Quantico when he set the mark of 6'5 1/2" in 1952. Also

strong contenders include such college stars as Dale Spence, Alex Brackenridge and Doug Drew, all distance runners. The Quantico team has faced the stiffest tests of the season as they have raced against the finest college squads in the East.

OTTO COX
... Attempts A Repeat

According to the Camp Pendleton Scout's Sports Editor, Corporal Jim Helm, the Californians "appear to be one of the best ever sported... especially in the relays and sprints." Pendleton has lost only one meet this year and that was by a third of a point to Arizona U.

Besides the outstanding athletes already mentioned, Pendleton will bring with them Grant Van Horne who has been clocked in 9:33.3 for the double mile run.

The Hawaii club is one of the

Le May Bows Twice; Lee Takes 1-0 Win

Lejeune's varsity baseball team picked up two more dropping a single encounter on the current road calls stopped Cape May, 16-6 and 3-2, while losing to Ft. Lee, 1-0.

Armstrong paced the first victory as he homered and single to four RBIs. Gerry redited with the win mates banged out 14 while committing four

In the second game, John Helmer received the win with assistance from Dave Pavlesic's homer.

Big Jim Donnelly hurled a one-hitter against Ft. Lee only to drop the game on a Lenny Crone error.

The varsity returned late Tuesday afternoon and engaged Shaw AFB last night. Results were not available at GLOBE press time. Tonight, Shaw again will be hosted. Friday and Saturday, the locals will engage the Raleigh Tigers, a popular team in the Carolinas.

The Tigers stand 8-4 on season play and sport some of the finest baseball talent in these parts. Rufus "Cannonball" James, the club's ace pitcher, is scheduled to see action against Lejeune. "Cannonball" has averaged better than 15 strikeouts per game and has a 1.25 ERA, winning four games while losing none.

Jake Sanders, the club's regular centerfielder, and billed as having one of the finest throwing arms in baseball, is averaging .397 at the plate.

The team will take to the road once again Sunday for a seven-game road trip, three of which will be against Parris Island in resumption of East Coast Marine Corps competition. By sweeping the series, Lejeune will assure itself of a trip to the West Coast and the All-Marine tournament in August.

Known Sports Personalities Here For All-Marine Meet

Officiating at the Eleventh All-Marine Track and Field Championships scheduled for Camp Lejeune tomorrow and Saturday are many well known celebrities in the sports field known not only in North Carolina and neighboring states but on a nation-wide basis.

Accepting the position as referee is Judge L. J. Phipps of Chapel Hill, known throughout North Carolina in track circles. Judge Phipps has officiated, at one time or another, in every major track and field meet in the state.

Appointed as Meet Director by Brigadier General A. R. Brunelli, Base commanding general, Colonel P. J. Speckman had at one time been the Marine Corps' Special Services Officer.

His assistant will be Frank Murray, assistant track coach at North Carolina State.

Starter will be Paul Derr, director of Physical Education, N. C. State. Finishing judges include Al Buehler, (chief), assistant track coach at Duke University; Carroll King, physical education director in a secondary school at Raleigh; First Lieutenant E. P. Hands and Lieutenant J. W. Carrio.

Inspectors will be Joe Hilton (chief), track coach at the University of North Carolina; Clyde Walker

of Raleigh; Duma Bleasoe, a member of the N. C. Approved Officials Association; and Captain B. S. Pickett.

Included as timers are Bob Chambers (chief), track coach and trainer at Duke University; Captain R. J. Epperson, First Lieutenant J. B. Smiley and Technical Sergeant Tommie Thompson.

ROBERT CHAMBERS
... Chief Timer

Kins. Clerk of Course will be Watson Hollyfield while field judge will be Joe Holiday (chief), the latter, principal of Needham B. Broughton High school in Raleigh. Hollyfield is assistant principal at the same school.

Comprising the games committee are Colonel Speckman, chairman; Lieutenant Colonel Peter Olsen, assistant; Lieutenant Colonel M. D. Benda, assistant; Major William I. Smith, assistant; Lieutenant Colonel Karl E. Faser, publicity; Captain E. C. Morris, billeting; First Lieutenant George R. Kelly, messing; and First Lieutenant Peter M. Smith, custodian. Technical Sergeant G. I. Cordle has acted as the enlisted assistant to the committee.

Golf Slices

By JIM BUTLER

The MCB Intramural golf league was active Thursday with Hq. Bn. still continuing strong with a win over MCSS. USNH topped Engr. Sch. Bn. while Serv. Bn. stopped MP Bn. by a good margin.

The standings as they looked at the close of the week are: Hq. Bn., 8-0; Serv. Bn., 7-2; USNH, 7-2; ITR, 3-4; MCSS, 3-5; Engr. Sch. Bn., 1-7; and MP Bn., 0-8.

The Junior-Adult Scotch Four-some was played Friday with the low gross taken by Ione Everett and Butch with an 80. Low net went to Captain Seerest and David with a 64 while the blind bogey was won by Gene Saxton and Patsy Everett with a 79.

National Golf Day was played Saturday with the following defeating the defending pro: Lionel Hebert, who recorded a 71; S. R. Tusa, 67; Paul Fiston, 63; R. G. Moore, 69; and W. M. Wooten, 68.

finest sported in recent island history and has considerable depth.

Smaller commands will also sport their individual stars who on past occasions have proven their dark horse capabilities worthy of attention.

The host Lejeune team has only been beaten once this season and is expected to make a good showing, especially in the weights. However, several dash and distance runners may prove the experts wrong in forecasting a team victory for Pendleton or Quantico.

Local mentor, Bob Callahan, has two men who are unbeaten thus far and who could easily take their specialties.

Both Carroll Miller and Tony Szalkowski have good chances in the javelin and shot, respectively.

Med. Bn. Captures Sixth Win In Division Softball

In Group II action, within the 2nd Division's intramural softball program last week, 2nd Med. Bn., won its fifth and sixth consecutive games as they trampled over MT, 28-6, and Anti-Tank Bn., 16-8. Paul Noel and Ron Johnson were the winning pitchers, respectively, while Paul Adams and Mill Monarch led the hitting attack for Med. Bn., which now boasts a perfect 6-0 mark. Anti-Tank Bn., is second with 3-3 while MT is in the cellar with

no wins and six defeats.

In the only game played last week in the 2nd Marines' league, Regimental H&S slugged 1st Bn., 13-8, with Spurgeon Hill getting credit for the win.

It was the first loss in league competition for First Bn., who still leads with a 3-1 record. Third Bn. and Regimental H&S both post 1-2 marks.

The Eighth Marines opened up their schedule last week with 3rd Bn. hemming 2nd Bn., 5-2.

In Second Serv. Regt. play last week four games took place. In a real slugfest, Ord. Serv. Co., defeated MT Co., 22-10. General Supply Co., and H&S Co., battled through 11 innings, with Gen. Sup. coming out the victor, 6-5. Lynn Larriock of Gen. Sup. struck out 17 batters and also hit a home run to aid his own cause. John Bodiford, H&S, kept his team in the game by connecting for two round-trippers.

In another game Ordnance defeated Dental Co., 10-7. The final game of the week saw H&S Co., top MT, 6-5.

Regimental H&S is on top in the standings now at 3-1, while Gen. Sup. Co., and Ord. Serv. Co., are tied in the second slot with two wins and one loss. MT is fourth, 1-3, while Dental is last with no wins and two losses.

Team No. 4 Stops Schlitzers In Staff NCO Bowling Action

The Schlitzers missed a fine opportunity to move within striking distance of the league leading Team No. 4 when the latter dropped them, 3-1, in the Staff NCO Bowling loop last week. Grant Shaw and Dick Bell combined for the winners rolling a 190-510 game-series respectively. For the losers, Mike Matkovich bowled a 178-508. Falstaff and Bowlarina split with Dave Corey pacing the former with a record tying game of 247 and a series of 544.

Dom Anzilotti carded a 196-532 in pacing Hadnot Pl. to a 3-1 win over Tarawa ESSO. Jake Sasser and Phil Loveridge had a 172-458 in that order for the losers.

New River Pharmacy stopped Team No. 6 behind the rolling of Terry Therrien's 131-526. Brothers Bill and Ed Rogan combined for a 184-497 game-series respectively for the vanquished.

Judo Team To Host CP In Return Play

The Cherry Point Flyers will attempt to stop Camp Lejeune's strong judo squad in a rematch scheduled for the Camp Geiger gym Saturday night commencing 7 o'clock.

Earlier in the year, the local artists dropped the visitors 6-4.

This will be the team's first outing since their triumphant victory at the First All-Marine Tournament held last month. Since then, members of the team have been instructing as well as giving a number of exhibitions to local Jacksonville civic organizations.

Trailing 2-0, Sixth Marines Rally For Fifth Straight Win

The Sixth Marines extended its win streak to five Thursday by edging the Eighth Marines, 5-3, in eight innings, to take over undisputed possession of first place in the 2nd Division Baseball Conference.

It was the Sixth's third win last week, beating the Second Marines, 7-6, and Group I, 1-0.

In their 5-3 win, it was an uphill battle all the way. Trailing 2-0 in the top of the seventh, the Sixth tied the score without collecting a hit. Eighth Marines pitcher Al Franke, who was just three outs away from tossing a one-hit shutout, ran into a stroke of bad luck when after walking leadoff man Bob Pambianco, had Roger Hockett ground to third in what appeared to be a perfect double play ball.

Third baseman Jim Dempsey scooped the easy ground ball but then threw wildly into right field. Pambianco scoring and Hockett racing around to third. Jack McLaughlin, pinch-hitting for Joe Kresge, sent the tying run in with a sacrifice fly to right field.

This opened the doors for the Sixth, and taking full advantage, they went on to score three more runs in the top of the eighth to sweep the ballgame. Bob Seader, who relieved starter Joe Kresge in the seventh, picked up the win for the Sixth Marines.

Mixed Keglers Led By Moldy Bowlers

The Moldy Bowlers continued on their merry jaunt through the Paradise Point Officer's Club Mixed Doubles League as they shut out the Four "T's" behind Mrs. J. H. Bird (158-385) and R. G. Moore (187-498). The winners have dropped only a single game while winning 11.

The 10th place Hubs won their first three games of the year as they dropped the Dreamers, 3-1. The husband-wife team of B. Butts combined for the winners while taking high honors for the Dreamers were Captain and Mrs. W. Bandyk.

Mrs. H. Hadd (158-440) and R. Solomon (171) and D. A. Moore (498) all combined in pacing the Nell-Hells to a 3-1 decision over the Gophers. Colonel and Mrs. R. Wilson lead the losers with Colonel Wilson's 547 series tops for the night in league action.

The L&M's and Nestlers split. Mrs. G. Bryant's 181-506 represented high in loop play among the lady bowlers. The Sports defeated the Gullygators, 3-1. L. Corbett's game of 193 was the league's high for the men keggers.

In their 1-0 victory over Group I, Tom Hughes took the decision, giving up three scattered singles over seven frames.

In their third victory of the week they victimized the Second Marines, 7-6, with Kresge picking up the win in a relief stint.

In the top of the sixth stanza, with the score 5-4 in favor of the Second Marines, the Sixth tallied three big runs to move ahead for good. Jordan led off the inning with a single and advanced to second on a walk to Kresge. Bill Yeagle sent both men in with a double to right center and scored later on an error.

Debs Leading New Lejeune Softball Loop

Under the tutorship of Mrs. Virginia Dawson, the Debs have taken over the lead in the newly formed Tarawa Terrace Girls Softball League. The Debs are currently sporting a 5-2 record.

Close behind the pace setters are the Jets, coached by Muriel Myhrum. Rounding out the loop are the Stars and Panthers with the former under the guidance of Florence Cook and the latter under Shirley Gagnier.

The league was formed originally by Mrs. Betty Storrs as a means of giving youngsters in the fifth through eighth grades a chance at competitive sports as well as a means of teaching the girls leadership and good sportsmanship.

Some 96 girls originally enrolled. The league currently has four clubs comprised of 15 members to a team. Mrs. Iris Annis has since taken over as the league's leader. Besides the lady coaches, several men have devoted much of their time in seeing that the league functions as well as possible. Ronnie McDermott has acted in the capacity as assistant of the lady coaches while Martin Mallory umpires many of the tilts.

Finzen Hurls And Bats MCSS To 9-7 Verdict Over Hq. Bn.

Marine Corps Supply Schools' Jim Finzen pitched and batted the Supplymen to a close 9-7 verdict over Hq. Bn. in last week's MCB intramural play. The winners now are

2-3 in the standings while the Headquarters squad is 3-4.

Finzen blasted a round tripper with one mate aboard in the second frame to account for the Supplymen's first tallies. He then settled back to hurl a four hitter allowing two runs in the third, a single marker in the fifth and ran into serious trouble in the last frame as the Headquarters club accounted for four runs on three hits.

In all, the winner's bats exploded for three homers and a total of nine hits. Besides Finzen's homer, rightfielder Gerry Young and second basemen Vince Sheeron slamming out four baggers.

Hq. Bn. committed six costly miscues in the losing cause. Contributing the only hits of the game were singles by Bob Kotula, Marv Hunt, Norman Walls and Doug Sponsler. Walls was charged with the loss.

FOOTBALL CANDIDATES

Applications for football candidates are still being accepted at the Base Athletic Office in Goettge Memorial field house.

week, the Second Marines pulled the upset of the week when they dropped the second-place Tenth Marines, 5-3, in 14 innings.

In the top of the 14th inning Bob McAdams and Ron Washington drew bases on balls. Don Hawley pushed them along with a sacrifice bunt and both men scored on Connors' single to leftcenter field.

Ron Covington, who took over the pitching chores for starter Mike Pasaur in the seventh, picked up the win for the Second Marines.

In another tight game, the Tenth Marines edged Group II, 1-0, with Stan Patton outdueling Joe Keese for the victory. The lone run of the game came off Keese in the top of the seventh when Patton singled through the box to lead off the inning. John Borgeisse got on the base paths via an error by second baseman Bucky Buchanan while Cal McNair bunted safely to lead the bases. Al Davis skied to right, bringing in Patton with the game-winning run.

"Skipper" Campbell's pinch-hit triple with teammate John Synkiweez aboard in the last of the seventh proved the winning margin in the Eighth Marines' 2-1 victory over Group II. Synkiweez tossed two-hit ball for the Eighth, striking out 12 and walking only one. Paul Vinci, leading hitter of the Eighth with 400, collected two-for-three for the day.

Group I defeated the Tenth Marines Thursday in a closely fought contest, 3-2. In the last of the sixth inning Group I tallied three times on singles by Bill Thomas and player-coach Jerry Boston, and a triple by Jim Furnish good for two runs. Furnish scored the third run on a squeeze bunt by "Mac" McCarty.

Tom Benson went the route for the winners, allowing only four hits. Herm Emingholz, who relieved Jim Matise in the sixth inning was charged with the loss.

In the final game of the week, the Second Marines blanked the cellar-dwelling Group II team, 8-0, behind the brilliant two-hit pitching of Bob Carbaugh.

THE BIG TALLY—Tenth Marines' pitcher Stan Patton won the winning run in the top of the seventh inning of the Baseball Conference game last week with Group II. Receiving throw from right field is Group II's catcher Al Woodcock who tagged up on Al Davis' sacrifice fly, hurled the ball to home plate to give the Tenth a 1-0 victory.

FISH & WILDLIFE

BY THE "OLD ANGLER"
Phone 7-5522

Well, the Ole Angler got some good word on fishing concerning the local area for fresh water fishing. Paul Wildlife Protector, informed me that the Wildlife Commission has just completed stocking of 10,000 largemouth bass in the waters of Onslow County. The bass will average one inch in length with this size, there is a good chance that the great survive—this means more bass in the skillet.

These fish were produced by the State Fish Hatchery at Etteville, N. C. Among the waters stocked are South West Creek, Squires Run, Cow Horn Creek, Grants Creek and New River.

This past Saturday I took a turn at trying for some bass. I ended up with only one nice sized one, about 12 pounds, but it's still awfully slow. The fact that I caught a bass on a popper indicates to me that maybe they will be in earnest soon.

Skipper Joe Latham of the Corsair reported that he did not a good one as far as catches go. A few bottom fish were up and about seven small kings—that's all. The winner being blamed for this poor attitude on the part of the fish hoping that the reports next week will be more encouraging.

Staff Sergeant G. L. Slade and Sergeant C. C. Butler of Service Co. had some fair luck out in the Inland Waterway this past weekend. Using minnows, their catch averaged around two pounds and indicated in the picture of Sergeant Butts and his son, David, one went as high as three pounds, seven ounces. Butts stated that he has yet to come home empty handed on this type of fishing.

James B. Smith brought back 12 nice sea bass while on a fishing trip out of Morehead City, while Patsy Humphrey and Sylvia E. Ward of the USNH here landed 25 bass and a few porgies. It would appear, however, that cobia is the big catch around Morehead City right now with the largest up to 56 pounds.

The Fish and Wildlife Club has been redesignated "The Rod and Gun Club." Lieutenant Colonel Leslie J. Parnell, president of the club, said a Fish and Wildlife Club consisting of a colonel, provost marshal, maintenance game protector, president, Rod and Gun Club, and 2nd Division and Force Troops will report to the Regent with their proposals. Their mission is to assist the command in conservation, restoration and management of game and their habitats in Camp Lejeune and its environs.

Establishment Of Arctic Inspection Zone Stymied By Russian Government's Veto

Editor's Note: The following article on current events is published every other week concerning recent developments in the Department of State's foreign policy from the Department's Foreign Policy Briefs to insure that individual Marines are kept abreast of the developments which may affect their future and the future of the free world.

SOVIETS VETO U. S. ARCTIC PLAN . . . A proposed U. S. resolution for the establishment of an international inspection zone for the Arctic was vetoed recently by the Russians. Prior to the Soviet veto, Secretary of State Dulles had stressed at a news conference that the U. S. proposal was neither a maneuver nor propaganda but rather "a sincere effort to meet the admitted problems of a particular area." . . . Dulles added that the U. S. had sought both publicly and through private contacts to convince the Soviets of our sincerity.

NATO ACHIEVEMENT . . . NATO foreign ministers considered the "strengthening of political consultation" as the organization's outstanding achievement

last year. Meeting in Copenhagen in late May, the ministers called for expanded trade and aid to underdeveloped countries and announced that "consultations on methods and machinery for such cooperation" would take place within the alliance.

DISARMAMENT . . . In a surprise move last week, the Soviet Union gave its partial approval to President Eisenhower's proposal that technical experts of both countries begin work at once on studying methods for enforcing a disarmament agreement.

NEWS BRIEFS
Antarctica . . . Australia and the U. S. agree to maintain scientific operations in Antarctica after the International Geophysical Year ends December 31, 1958. U. S. is to provide existing facilities and supplies; Australia, the logistical and administrative services.

Cairo . . . U. S. releases Egyptian and Suez Canal Company assets in this country following an agree-

ment on April 29 between the company and the United Arab Republic on terms to be embodied in a final settlement of their dispute.

Moscow . . . Six American women medical scientists are making a one-month tour of Soviet medical institutions as the result of an exchange agreement negotiated with the U.S.S.R. by the State Department.

Washington . . . The grant of \$350,000 toward the cost of a nuclear research reactor project in Israel brings to 11 the number of nations the United States is assisting financially under the atoms for peace program.

Warsaw . . . The U. S. last week told the Polish government that the Polish proposal for establishing a decentralized zone in Central Europe is too limited in scope to reduce the danger of nuclear war or provide a dependable basis for the security of Europe. The U. S. continues to stand firm on the disarmament proposals of the Western powers, declaring them to be more practical than the Polish proposals.

The men of Explosive Ordnance Disposal Pltn., 8th Engr. Bn., have successfully completed the MCI group study course, "Care, Handling, Storage (Preservation) and Destruction of Ammunition."

For their part in assisting North Carolina Highway Patrol in an accident involving six fatalities and five injuries, two Force Troop Marines were awarded meritorious mascots by their commanding officer last week. Sergeant Frank B. Clark, Comm. Co., and Private First Class Leslie Buyers, Radio Relay Const. Co., both attached to the 8th Comm. Bn., were cited by Captain C. R. Williams, State Highway Patrol, Fayetteville, for their assistance at an accident May 24 on U. S. Highway 421, south of Wilmington, N. C. Captain Williams stated in his letter that he had never seen two men "more cooperative, or with more sincere willingness" than the two Force Troop Marines.

DESIRE UNDER THE ELMS ΔΔΔΔΔ

An American classic by genius Eugene O'Neill. The three key roles are in excellent hands. As Ephraim Cabot, the elderly New England farmer who completely dominates his three sons and has killed two wives, Burl Ives is little short of perfect. Anthony Perkins as the youngest son and Sophia Loren as the young homeless third wife turn in excellent performances. Practically an unrelieved dramatic tragedy. (104 min.)

LAST OF THE FAST GUNS ΔΔΔ

A western in color. No other information available.

STOPOVER TOKYO ΔΔΔ

Robert Wagner arrives in Japan en route to Korea and is forced to lay over because he lost his key to entry. Airline employee Joan Collins tries to facilitate matters. Actually Wagner is an American intelligence officer sent to deliver secret data to Japanese intelligence agent Solly Nakamura, detailing a plot to murder the American high commissioner. (99 min.)

FIGHTING WILDCATS ΔΔΔ

A fair melodrama about American engineer Keffe Branslee who gets \$5,000 for dynamiting an oil well fire in the desert in the Near East. He then quits, goes to London to see an old girl friend, Kay Callard. Gun smuggler Karel Stepanek asks him to murder mid-eastern diplomat Alex Gallier, who is to arrive on a peace mission in London. (76 min.)

Most of the action takes place in the wild and rugged Albanian countryside. Van Johnson, Martine Carol and Herbert Lom star. (94 min.)

VERTIGO ΔΔΔΔΔ

A comfortably fixed detective, Jimmy Stewart, suffers from acrophobia as well as a guilt complex. Kim Novak acts as a young woman bewitched and influenced by the spirit of a long-dead beauty who is driving her to suicide. Both star in this Alfred Hitchcock thriller. (124 min.)

THUNDER ROAD ΔΔΔΔ

Robert Mitchum takes the lead in this exciting film. A Korean War hero, Mitchum and most of the other mountain folk in the southeastern U. S., consider making whiskey on their own land their right. Mitchum is the most daring driver on the bootleg delivery run and has eluded the police and federal treasury agents. A different kind of film with thrills. (92 min.)

GIRL IN THE WOODS ΔΔ
