

If you ask me...

WHAT TYPE MOVIES DO YOU PREFER?

PFC ANNE L. CHAPMAN, Woman Marine Company

— That's a rather difficult question for me to answer as I just can't pinpoint one special type. My husband and I usually frequent the movies twice a week, both on Base and in nearby Jacksonville. With such a wide

variety of films available throughout the Base, there's no reason for anyone to be dissatisfied.

TSGT. DONALD F. DeGLAW, Base communications

— Perhaps, you should ask someone else that question as I've only seen one or two movies over the past few years and hardly qualify as an expert. My spare time is spent in reading, ceramics and carpentry work. Quite a contrast to when I was a youngster back in Newport, R. I., and frequented the Saturday matinees every week.

CPL. ORVILLE P. KINDECHY, MP and Gd. Bn., MCB

— Probably it's because I have such a deep appreciation of music that musicals have the strongest appeal for me. While with the 3rd Division at Okinawa, I watched "Oklahoma." The tunes, staging and lyrics almost transformed that hall into New York's Roxy theater. Really spectacular.

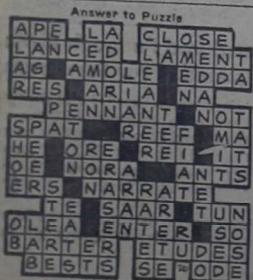

PFC TOM L. BALLARR, Hq. Co., Hq. Bn., MCB

— Comedies are my favorites. Last week I managed to catch the "Sad Sack" with Jerry Lewis and thought it was tops. Jerry has always been one of the big names in the field, but for my money the old reliable in slap-stick comedy will always be Bud Abbott and Lou Costello. Their "Who's on First" routine still puts me into hysterics though I've seen it several times.

FIRST CHRISTMAS TREE

The first Christmas tree, designated as the "National Christmas Tree," was the General Grant Tree, in General Grant National Park, Calif. Although it was dedicated May 1, 1926, by Major Henry Leonard Suderman of Sanger, Calif., a Christmas ceremony had been held at high noon Christmas Day 1925. The greatest horizontal diameter of the tree was 40.3 feet at the base and at 200 feet above the ground its diameter was about 12 feet. The tree is 267 feet high and 3,500 to 4,000 years old.

Guard Mail Services 128 Active With Closely-Timed Scheduled

CPL. KATHLEEN M. DONAHUE
GLOBE Staff Writer

Missing an appointment, especially a military appointment, can be serious.

So say Melfi, Harrison and Gonzalez. They should know. Military appointments are their business. They drive the trucks which deliver 3,000 pieces of guard mail daily to more than 128 activities in and around the base.

And yet, say this trio—Sergeants Richard J. Welfi, Louis M. Gonzalez, and Corporal Johnny W. Harrison—many activities are missing schedules every day simply by not consulting the guard mail schedule.

If Harrison arrives at the Area Auditor's office on schedule at 8:44 a.m. and leaves on the dot of 8:46, as he does, that piece of paper slated to reach the food director at 2:16 p.m. the same afternoon would have missed the appointment if it went in the pickup basket at 8:50 a.m.

Major stumbling point in guard mail delivery, states B. L. Smith, head of the activity, is partial or incorrect addressing of guard mail envelopes. Something addressed simply to the S-3 office, for instance, is a headache. There are more than 30 such offices in the area.

Smith, a veteran Marine who retired after 20 years of service in 1948, is an expert in his field. Prior to his retirement he headed the activity for 18 months and before that was Base Sergeant Major. He helped activate Headquarters and Service Battalion as sergeant major, or there, He has been in charge of guard mail for 11 years.

Another problem which frequently crops up, Smith states, is one which slows down delivery, is carelessness. Faced with a batch of papers there's the Marine who puts

twelve different communiques for the same number of organizations in one envelope. That gets the papers out of his basket, but rarely to the receiver in a decent amount of time.

The only guard mail open to screening are envelopes that are addressed to the Base Commanding General. This is so any incorrectly addressed envelopes will go through proper higher channels.

Guard mail, operated under the supervision of the Base Adjutant, is sent and picked up on two daily runs Mondays through Fridays and one run on Wednesday and Saturday mornings. In addition, special

runs, not scheduled, are fitted in as required for special purposes.

In addition to handling official unclassified mail, guard mail distributes base and Marine Corps correspondence, base orders, bulletins and thousands of other letters between units.

"One of the most serious violations of guard mail," says Mr. Smith, "is using official envelopes bearing the penalty indicia. This is strictly prohibited."

Penalty indicia envelopes may only be used to transmit official mail through the post office. When a piece gets sent through guard mail it is held until the source of

the sender can then return the violation.

Often a guard mail counter man, though units are to designate in each building guard mail notices, usually receive this frequently throwing their

When a unit incorrectly addresses a driver error, nature can and to Mr. Smith.

SCHEDULED APPOINTMENTS—Before starting off on his guard mail run, Sgt. Louis M. Gonzalez, right, is briefed by SSgt. Charles B. Haley, NCO-in-charge, and B. L. Smith, head of guard mail activity, on his schedule. Three drivers cover more than 130 miles a day and deliver some 3,000 pieces of mail daily throughout more than 128 activities.

Patience Important Trait For Hobbyists Who Dabble In Ancient Art Of Ceramics

CPL. KATHLEEN M. DONAHUE
GLOBE Staff Writer

Fashionable imported china, ash trays and dishes selling for equally fancy prices need not bother the budgets of Base personnel.

Patience is all that it takes to have similar fine pieces in your own home or to use as a gift.

A complete section of the Base Hobby Shop is set aside for the art of ceramics, where not only instructors in the skill, but also free materials are supplied by the Base Special Services office.

More than 600 different molds—from cookie jars to animal figures—are available. On hand to

guide inexperienced personnel is an expert, Cpl. Larry D. Lewis, who takes pride in showing the fine results of those who have spent their spare time making the beautifully glazed pieces of work.

Open from 2 p.m. to 10 p.m., Tuesdays through Fridays, and from 9 a.m. to 5 p.m., on Saturdays, the Hobby Shop is located a block from the Camp Cafeteria.

The art of ceramic-making, rapidly gaining popularity, actually applies to any product that has been fired in a kiln. Included in that category are end products of pottery, brick, enamel, glass, terra cotta and tile. Making the model is one of the

major parts of ceramics—and part of the fun. Digging into soft, pliable clay in order to create is a rewarding experience.

Speed has no place in ceramics. Originality and patience are stressed, since expression of ideas and forms is easily brought forth in the ceramic field.

Ceramic sculpturing, a type of modeling made permanent by subjecting the pottery clayform to intense heat of the kiln, is constructed in such a way that it will stand heat during the firing. This way of hardening the finished model give the sculpture a character of its own.

Methods of construction affect the design and make it necessary for the designer to understand ways of forming clay to the required shape.

The permanent plastic quality of the clay is the aim of ceramic sculpturing. Designed to preserve the feeling and character of the basic material, soft clay, it cannot be carved like wood or chipped like stone.

Since clay is inexpensive and abundant, it gives the sculptor a sense of freedom in designing. The material can never be spoiled.

If a design doesn't work out as intended, the clay can be reworked into the original form and a fresh start made.

One of the oldest of the arts, ceramics is also one of the most satisfying. The tools are simple to work with and are fun.

Beginners in ceramics will first learn the six basic steps in making pieces. First, there is the wedging of the clay, then the forming of the object. Next comes the fettling, or cleaning, of the object, and then the bisque firing, glazing and the glaze firing.

PATIENCE FOR BEAUTY—Cpl. Larry D. Lewis, who runs the ceramic shop near the Camp Cafeteria, shows a few of the finished ceramics. Corporal Lewis is on hand to guide and help newcomers in making using the free materials available.

NELM Marines Featured On Garroway's March 2nd Show

WITH THE FLEET MARINE FORCE, U. S. SIXTH FLEET IN THE MEDITERRANEAN (By Mail) Jan. 6 — "You will be shot when you hit the beach!"

Normally, that ominous prediction given during a pre-landing briefing would cause all but the most battle-wise Marine to cringe.

"And you may be shot four or five times!" is a statement that would make even the most skeptical veteran a bit uneasy.

When the First Bn. (Reinf.), 6th Marines assaulted a beach in Sardinia, January 5, they had heard those statements and were aware that they would be "shot" when they landed. As their craft neared the narrow strip of beach on which they were to land, and after viewing the high cliffs on either side, they were equally aware that a more likely spot for the occasion couldn't be found.

The landing force wasn't disappointed. When the Marines charged out of their assault boats they were "shot" on the spot. A National Broadcasting Company camera team of seven men and one woman saw to that.

It had been rumored among some circles outside the Corps, that the Leathernecks not only do a superb job in combat, but also are prone to perform magnificently in roles where a matter of favorable publicity is involved.

Whether faced by the enemy's loaded weapons or confronted with loaded cameras, it is a fact that they do their job without complaining. Viewers of Dave Garroway's Wide-World of Television show March 2 will witness such a performance.

Adding a little volume to their usual lusty yells when leaving the boats, the Marines hit the beach, moved past the cameras, regrouped and later repeated the performance.

Next came the tanks and LVT's to demonstrate their powers for the TV cameras. One infantryman, a volunteer prompted only by the desire to prove his invincibility

against these mechanized giants, allowed a 45-ton tank to run over him. He climbed out of his foxhole after the machine had passed over him several times.

Another rifleman, a "Charlie" company platoon guide, paused long enough in his charge up the beach to express his opinions—in view of a camera—to an NBC representative.

Everything that moved was photographed. In one particular instance between landing waves, the photographers positioned themselves in a triangle on the beach and took what appeared to be snapshots of each other.

On hand to film the activities of Lt. Col. E. M. Stimson's NELM battalion Marines in the assault on Sardinia were NBC newsmen Gene Jones, his wife Natalie, four Air Force and two Navy photographers. A 20-man working party loaded their cameras and sound equipment aboard ship.

Mr. Jones, a World War II Marine veteran of landing on Iwo Jima and Okinawa, was impressed with the amount of equipment landed by present day Marines and described the operation as "interesting."

Considered a vital link in the nation's chain of outer defenses,

the presence of the Marines in the Mediterranean and their role with the U. S. Sixth Fleet will be included in the one and one-half hour network program NBC and Mr. Garroway will devote to worldwide installations established by the Defense Department to protect America's interests.

Force Troops Form New Artillery Group

An old outfit received a new name and a new look at a brief reactivation ceremony, January 15, when the 2nd Field Artillery Group, FMF, was formed from the 2nd 8-inch Howitzer Bn. and 2nd Heavy Artillery Rocket Btry.

Ordered by the Commandant of the Marine Corps, the reorganization was made to better adapt the unit to the "new concept" of warfare.

Prior to the formation of the Group, the 4.5 Rocket Battery was a part of the 8-inch Howitzer Bn., while the Heavy Artillery Rocket Btry. was recently activated by FMFLant. No major change was made in strength or weapons.

The Group is commanded by Lt. Col. Fritz Stampfli.

Lt. Col. W. G. Muller Gets CG's Commendation Letter

Lt. Col. W. G. Muller Jr. was recently awarded a commanding general's letter of commendation for the outstanding manner in which he performed his duties as Base Management Engineering Officer.

The letter was presented Colonel Muller by Brig. Gen. Wallace M. Greene Jr., former Base commanding general, prior to his departure for duty with Headquarters Marine Corps.

The letter read in part: "The comprehensive Management Engineering studies which you have completed on the Camp Lejeune School System, the Commissioned Officers' Mess (open), the Industrial Area Security System, the Base Special Services Organization, and the thorough study of Base Maintenance Operations which you are conducting, have contributed immeasurably to the efficient and economic operation of this Base. . ."

Commissioned in 1939, Colonel Muller has 19 years of commissioned service. He saw action in World War II at Pearl Harbor aboard the USS Oklahoma, at Guadalcanal and Okinawa and his personal decorations

include the Navy Commendation Ribbon and the Purple Heart.

Colonel Muller was assigned to Camp Lejeune from the 3rd Marine Division in 1956 and has been Base Management Engineering Officer since September, 1957.

Mental Health

Mental illness strikes one out of every 10 Americans. Mental hospitals admit 250,000 each year. One-fourth of those hospitalized are

stricken with schizophrenia, a disease which shatters the personality. Once considered incurable, six of 10 schizophrenic victims are now released and returned healthy to home and society. Research produced the cure.

The National Mental Health Association spearheads the fight for research, public understanding, education and treatment of mental diseases. You can help the fight with your donation. No one, not even a Marine, is immune to mental illness.

ON—"Get that shot," orders NBC newsmen as a tank comes ashore during landing exercise January 5. NBC filmed the landing of the 1st Bn. Marines, for an early March release on Dave Garroway's "Wide World" television program.

0 Prize Offered To Contest Winners

esired for this essays dealing with military history, development or ght which affects will be consid-

velopes marked Prize Essay Contest Group (I, II or III, as appropriate), to the Secretary-Treasurer, Marine Corps Association, Box 1844, Quantico, Va.

All essays must reach the Secretary-Treasurer prior to Oct. 1, 1958.

Copyrights of essays which appear in the Gazette are the property of the Marine Corps Association and no liability for the loss, return, judging or reports on any essay submitted will be assumed by the association or the Gazette.

Decisions of the Editorial Board will be final and no inquiries regarding essays will be answered until after the final judgement.

The Marine Corps emblem, substantially the same as that now in use, was adopted in 1863.

Three Days

Divvy Regimental, Battalion Staff Sections Conduct CPX

Second Division, regimental and battalion staff sections got a look at the tactical concepts required for current conditions during a three-day Command Post Exercise conducted last week.

The exercise, based on the separation-concentration concept, tested plans for the forthcoming LANTPHIBEX, the combined Navy-

Marine Corps amphibious exercise scheduled for the Camp Lejeune area in March.

Designed to test all phases of operation, the exercise stressed the use of communications to maintain command and control of specifically tailored task groups designed to act as separation units. Intelligence, logistics, administration and other sections played their roles in the exercise as a Control Group governed the pace of the problem.

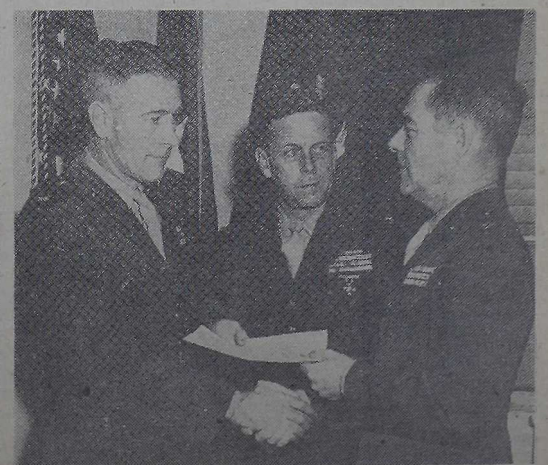

An added bit of realism was interjected into the exercise with the displacement of each Command Post at least once. As a CP was displaced control was given to an alternate command.

An amphibious CPX is scheduled in February to provide further staff training in preparation for LANTPHIBEX. This annual exercise includes all East Coast Fleet Marine Force units and major parts of the Atlantic Fleet.

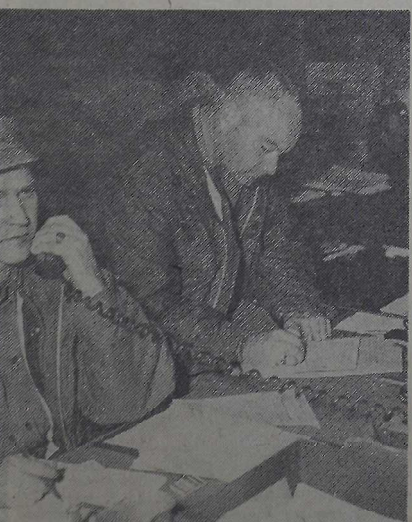

'Skynight' Will Be Grounded By HQ

Elimination of the F3D "Skynight" from the skies sometime this year means retraining in other occupational fields for 120 qualified airborne intercept operators.

The change, according to Headquarters Marine Corps, is due to the present aircraft procurement program which eliminates the requirement for Airborne Intercept Operators (MOS 6731).

LETTER OF COMMENDATION—Lt. Col. W. G. Muller Jr., left, receives congratulations and a Letter of Commendation from Brig. Gen. Wallace M. Greene Jr., former Base commanding general. The letter was awarded Colonel Muller for the outstanding manner in which he performed his duties as Base Management Engineering Officer. Col. R. C. Power Jr., Base Comptroller, looks on.

ATIONS—Maj. Warren E. McCain, training officer, 3, checks a battalion position by phone as MSGr. makes entries on log sheet during the recent Division

you are present.

SUNDAY SCHOOL LEADERS AND TEACHERS are members of the visiting training team and educators who arrived here last Saturday to begin an intensive teacher training experiment in unified Sunday school curriculum at Camp Lejeune. Members of the team are, left to right: Miss M. Dummer, Director of Religious Education; Miss C. D. Hancock, National Director of Children's Work; Miss L. Roach, Special Junior Field Representative; Miss L. Bogardus, Board of Education; Miss D. I. Sill, Editor, Pre-School Publication; Cdr.

A. M. Oliver, CHC, USN, Executive Director, Armed Forces Chaplains Board; Col. G. J. Witherspoon, chaplain, USAF, official observer and representing the Chief of Chaplains, Air Force; Col. W. M. Hale, chaplain, U. S. Army, official observer and representing Chief of Chaplains, Army; C. Woodson, Board of Education; and Rev. J. Blaine Fister, Executive Director, Administrative and Leadership. The team toured Camp Lejeune and its Sunday school facilities on Monday during a three-day training session which ends tonight.

Mardi Gras Theme Planned By OWC

There will be no need to go to the old pirates' lair this year to participate in the gay festivities of the Mardi Gras. The Officers' Wives Club is bringing New Orleans to you by sponsoring a Mardi Gras ball in the River Room of the Paradise Point Club on Saturday night, Feb. 15th, starting at 9:00 p.m.

The ball room will be decorated in a Mardi Gras theme, including a throne for the ceremony of the coronation of the king and queen. As you enter the door, you will embark upon an excursion of the French Quarter of old New Orleans.

Costumes appropriate to the occasion should be worn. The ultra-conservative may wear dress blues and formal evening gowns. Masks will be furnished.

Revelers will dance to the music of a well-known band.

Breakfast at 1:00 a.m. will conclude the occasion.

Plan a party and make your reservation at the Paradise Point Club.

Flour was used as a hair powder for seagoing Marine sentries in 1800.

Scouting Program Sets Two Leadership Courses

Two six-hour courses for Scout leaders will be held February 1 in the Camp high school.

One course, the Explorer Scout leaders basic course, will deal with the elements of exploring, leadership qualities and program planning. The other, for Scout troop masters, will take up the definition of Boy Scouting, troop operation, meetings and activities.

Designed to give anyone interested in Scouting the needed basic training, registration charge for either course is \$2 to cover meals, training materials and refreshments during the training program.

Under the supervision of the Onslow District Scout Leadership Training Committee, the courses will begin at 1 p.m. with the first session ending at 5 p.m. The second part, beginning at 6 p.m., will last until 8:30 p.m.

The Onslow District Leadership Training Committee is composed of Capt. C. A. Dyer, MCSS, chairman; WO T. J. Eley, Serv. Bn., vice-chairman for Cubbing; MSgt. P. J. O'Connor, MCSS, vice-chairman for Scouting; Capt. W. W. J. Kohagen, Hq. Bn., vice-chairman for exploring; HMC R. J. Parmer, Force Troops, Junior Leaders training; Lt. Comdr. I. W. Silliman, 2nd Med. Bn., district commissioner; W. E.

Thompson, district chairman, and R. Alexander, district executive.

Members of the training committee attended a National Council, Boy Scouts of America, Training Institute for Instructors at the Institute of Government at Chapel Hill last Friday and Saturday.

All adults interested in participating in Scouting in the Lejeune area are urged to attend.

Second Bn. Wives Sponsor Luncheon

Group V of the Officers' Wives Club will meet on the fourth Friday of each month beginning with a noon luncheon tomorrow at the Paradise Point Club.

Sponsored by the wives of Second Battalion officers, Group V will have as their guest Rod Jones of the WJNC staff who will speak on historical points of interest in and around Onslow County.

Reservations for the luncheon may be made by calling Mrs. James Joyner, 6-6116, or Mrs. J. L. Arnold, 8-6047.

Officers' Wives Hold Class Registration At Paradise Point Club Next Wednesday

All officers' wives are invited to a coffee next Wednesday at 10 a.m. in the Paradise room of the Paradise Point club, when the Officers' Wives club holds registration for classes.

Scheduled among the many classes are: copper tooling, Mrs. Andrews, 9 a.m. to 11 a.m., Mondays; beginners sewing, Mrs. Hanley, 1 p.m. to 3 p.m., Tuesdays; beginners tennis, Mrs. Johnson, 9:30 a.m. to 11:30 a.m., Wednesdays; intermediate tennis, Mrs. Dyer, 9:30 a.m. to 11:30 a.m., Tuesdays; Hawaiian dancing, Mrs. Wade, time and day to be announced; knitting, Mrs. Stallings, 1 p.m. to 3 p.m., Fridays; millinery, Mrs. Colley and Mrs. Hildebrand, to be announced; modeling and self improvement, Mrs. Haskins, 10 a.m.

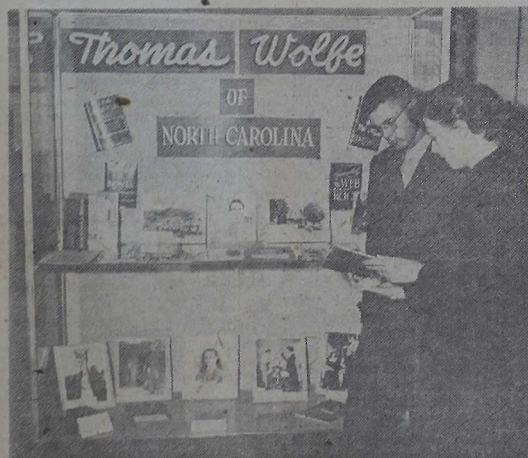

to 11:30 a.m., Thursdays, and book study group, Mrs. Mabry, Monday, monthly.

Other classes include bridge: beginners, Mrs. Rentz, 9:30 a.m. to 11:30 a.m., Mondays; intermediate, Mrs. Rentz, 9:30 a.m. to 11:30 a.m., Thursdays; advanced, Mrs. H. O. Smith, 9:30 a.m. to 11:30 a.m., Thursdays; evening mixed, Mrs. H. O. Smith, 8 a.m. to 10 a.m., Wednesdays.

With the exception of the book study group, \$3.50 will be charged for each course.

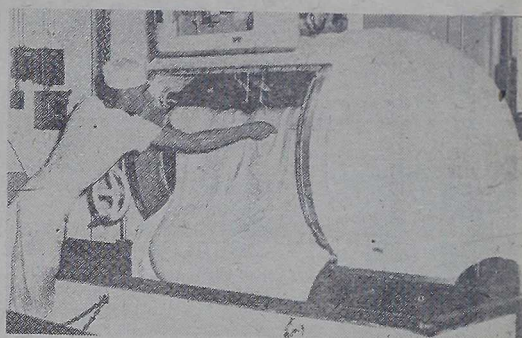

All members of the Officers' Wives club are urged to attend the coffee and enroll in a course. The coffee is free and no reservations are necessary.

Sitting service arrangements must be made in advance.

A DEEP IMPRESSION—The Thomas Wolfe Memorabilia, which went on exhibit Monday and continues through next Friday, is examined by Pfc Fitzhugh B. Parramore, "G" Co., 2nd Marines, 2nd Division. Showing Wolfe's book, "Look Homeward, Angel," which made a deep impression on American literature, is Joyce Dunn, assistant librarian.

Work Provides Tomorrow's Fresh Bread

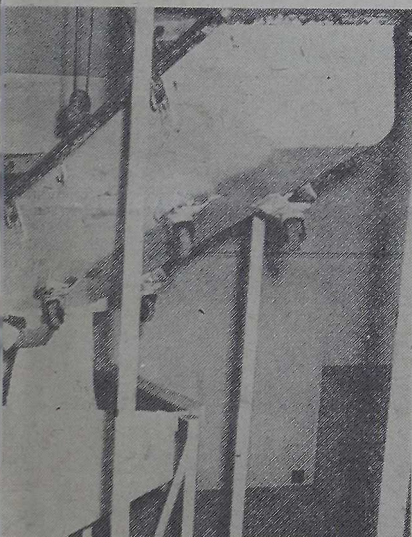

INTO THE BLENDER—Some 320 pounds of wheat flour are mixed with water, yeast, diamalt, and yeast food as the blender operator, Sgt. Thomas M. Strickland, spins the dough for two minutes at low speed and then another three minutes at high speed. After leaving the dough in a proof box at about 75 degrees the dough will be re-mixed. Total blending process takes about four hours for each batch.

DIVING—From the storeroom at the Base bakery, thousands of flour flow through a massive process which produces more than 25,000 loaves of fresh bread daily for messhalls in the Camp Lejeune-Cherry Point area. Capt. R. Buck, who works nights to assure freshly-baked bread, this morning, SSgt. James Burkett, left, storeroom manager, supplies with MSgt. Joseph Colura, cost accounting

VIDEO IT—Taking up nearly a city block, the divider handles some 400 pounds of dough. The dough is rolled into long twists prior to panning for the divider. The divider is Sgt. James Sommers, who guides the crew can keep it rolling through the machine.

THE LOAVES—Once formed, two 13-ounce pieces are rolled into long twists prior to panning for the divider. The divider is Sgt. James Sommers, who guides the crew can keep it rolling through the machine.

Each month a small, strange wooden box leaves the Camp Lejeune post office for air-mail delivery to Chicago.

Inside the tightly-sealed container is a loaf of bread chosen at random from the Base bakery. On that loaf of bread depends the reputation and standing of the men who operate the bakery.

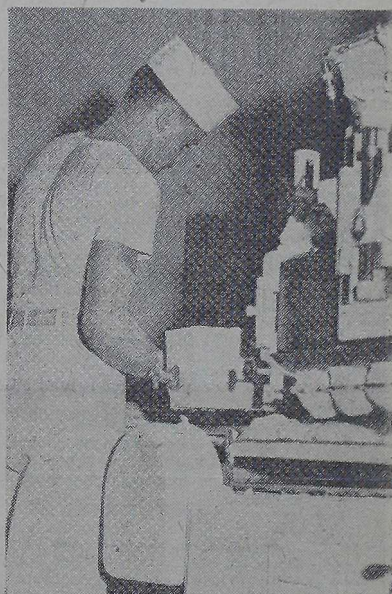

Sent to the American Institute of Baking, experts score the loaf for color, symmetrical form, evenness of bake, character of crust, breakages and shredding and many other things—such as aroma, taste and chewability.

The base bakery rates among the leaders, both military and civilian, checked by the institute.

Of a possible score of 100, in December the bakery led both military and civilian organizations with 88 points for a perfect loaf. The next highest score was 84½ points.

Each loaf is dated to keep the supply fresh daily, and the crew is ever alert as it keeps the bakery spotless. The word "ropy," signalling bacteria, is worse than the cry of disaster to a baker. It has no place at this Base bakery.

In addition to making perfect bread, the bakery turns out dozens of fancy cakes, sold through the Sales Commissary and thousands of doughnuts for morning messhall meals.

WHILE THE FORMS KEEP ROLLING—Once the divider drops the 13-ounce pieces, Sergeant Sommer drops from his perch to get the dough rolling on a ramp which takes it through a spinning process to shape it into two pieces which will form one loaf.

Photographs by Cpl. Tom Weaver of the Base Photo Lab.

Text by Cpl. Kathleen Donahue, GLOBE Staff Writer.

INTO BEAUTIFUL SYMMETRICAL CRUSTS—Into the oven and out again in 28 minutes flat, the loaves are baked at 450 degrees. Once out they are cooled at 90 degrees, then sliced, wrapped and put on racks to be delivered 50 loaves to the box. MSgt. Albert B. Bracey, NCO-in-charge of the bakery, checks the loaves shortly before drivers start delivery to all areas.

PFC WILLIAM SMITH

ED PETRARCA

... Signs Pro Contract

COACH SPENCER CONDUCTS A TOUR—The reporter finally colared the tall head coach of the Marine basketball team in the confines of the locker room and asked him if he would say a few words about the tour his team just came back from.

Mentor Donald E. Spencer's favorite topic is HIS squad. No probing is ever needed in a discussion dealing with the local five. He is what a jazz devotee would describe as a "free swinging gent" who knows all the rudiments of play.

The admirable coach never alibies for the team. For him, facts and figures tell the story. So, the squad lost three on the last trip. A few direct quotes from the head coach will suffice.

"... It was a great road trip. We went up to Quantico and played a team with a lot of power. Their players are of almost equal ability. With their 15 men, it makes little difference who takes the floor, they're all pretty much the same. Our weakness was we started too slow. They were up for the game. After the contest, the fans felt that Quantico had played its best game of the season..."

Camp Lejeune lost its first ball game of the year to Quantico after winning 15 straight. The following night, the locals lost to Ft. Lee. Back to Coach Spencer.

"... Ft. Lee played well and it ended in a tie. After that, it's whoever happens to hit the most in overtime. We lost the ball game on the foul line, hitting for only 7 out of 19 attempts while they collect 15 from 19. It will be the same type of ball game in the rematch down here..."

And in the loss to West Virginia Tech, "... They play a whale of a basketball game in that state. Tech ranked sixth in the nation in small schools last week. They hit on 70 per cent of their floor shots and 92 per cent from the foul line. That college team scored 50 points in 10 minutes of play..."

There weren't any alibies in those statements. Just facts. The coach felt that his team had come up against three very formidable opponents and came out second best each time.

However, the writer couldn't help but feel that when and if these teams should once again appear on the scene, Spencer's boys just might have the last say in the matter at hand on that particular evening.

Wrestlers Matched Against Cherry Point On February 4

The 1958 addition of Camp Lejeune's grunt and groaners has progressed well into its initial week of practice under the direction of Coach Fred Campbell. These sessions for the wrestlers have been held weekdays at the Goettge Memorial field house beginning at 1 p.m.

The first scheduled match will be against Cherry Point on February 4, which gives Coach Campbell only two weeks to get his boys in shape.

More than 40 aspirants showed up for the first day of practice Friday. Out of these men, several have had outstanding backgrounds in the sport. Coach Campbell has been pleased with the results thus far.

Three football players have showed up for the workouts. Lou Hollow, Howard George and Nick Kobac were all with the Lejeune eleven.

Hallow, without any experience, has looked good in the heavy-weight class. George, in the 174-pound class, was the All-Marine champ and runner-up in the Greco-Roman style of wrestling at the Olympic trials in 1955. In the 150 class, Kobac has been bothered with a knee injury, but despite this, had shown well.

Other outstanding personnel are Bob Brittan of Penn State experience and one of the better wrestlers trying out for the team; Salvatore Geppi at 136½ and a 1955 South Atlantic Tournament champion; Warren Woods, who was third in last year's All-Marine.

ROUGH RIDERS—The sports desk received a wire from Jack Kaffman, sports publicity head with the Ottawa Rough Riders, informing us that Ed Petrarca had signed a contract with that club. In a phone call verifying the cable, Petrarca told us that he would join the Canadian football team sometime in June. This is the same club that just missed the league play-offs last year.

Petrarca was a standout performer with Boston college, where he earned four varsity letters. The 200-pound halfback played his first year of service ball with the 1956 Quantico eleven and was a member of last year's Lejeune squad.

Powerful P.I. And N.C. S To Clash With Local Mar

One of the best service teams on the East Coast... then mighty N. State, ranked earlier in the week as number 11 in the nation...

That's the giant size-sports picture for the rest of the week as Coach Doncer's varsity basketball team meets once-beaten Parris Island tonight and tomorrow the Goettge Memorial field house, beginning at 8 p.m.

And then off to Raleigh and N. C. State for a game Saturday evening. Marines in uniform will be admitted to this contest free of charge.

Parris Island boasts one of the finest clubs in Marine Corps competition today. The Islanders are paced by Bill Aldridge, who is currently leading the team in the scoring department. He also is the coach of the Devil Dog squad.

The team's top rebounders are Dave Foltz and Dean Nicholson, the latter being the tallest man on the squad, standing 6'7½".

The Parris Island team, according to the scouting reports, is rated just as good as Quantico. The club is big but employs the fast break effectively. They shoot well from the outside and have scored 100 points or better in the majority of their wins.

Coach Everett Case's star-studded State aggregation will host the locals Saturday evening commencing at 8 p.m. This is the same club that knocked off the University of North Carolina five last week and Maryland Monday night.

In an interview with Coach Donald E. Spencer, head Lejeune tutor, he commented that he is not entirely pessimistic about going up without a chance of winning.

"It will take our best effort just to keep in the game. We're up against one of the finest teams in the country. We will do our best, and I know the boys will give the spectators a whale of a ball game," he remarked.

he remarked.

Coach Spencer has more players to hitting the team were and J. McIntyre, for Maryland standout, his playing experience at Notre Dame.

Returning to the time duty are Ang John McKenna. All had been sidelined with injuries.

The head coach predicted recent performances and coach-player Mar the recent road trip, ed exceptionally well.

The Lejeune men menting on his pl "Marv has shown me that I knew he had great ball throughout trip of last week."

Lucky Strikes Lead League

The league leading Lucky Strike keelers increased their lead to three games in the Staff Wives Bowling loop by virtue of a shut-out victory over the second place Pinhitters.

Betty Christy and O. McCarville paced the winners, combining a 159 game and 404 series, respectively. Terry Anziniotti's 160 game and Dorothy Getchell's high series of 378 were tops for the losers.

In other action, the Hotshots and Maplemixers split four points. Helen Wayne rolled a 165-411 for the latter, while Nell Alford's 169-435 paced the Hotshots.

STANDINGS	W	L
Lucky Strikes	7	1
Pinhitters	4	4
Hotshots	3	5
Maplemixers	2	6

Mrs. R. Elder Captures WGA 'A' Flight Honors

Playing in a cold blistery wind, the Women's Golf Association of Camp Lejeune played a low net, full handicap last week at the Paradise Point golf course. Only 17 ladies showed up for the occasion.

"A" flight winner was Mrs. Robert Elder.

Mrs. W. Lindsey and Mrs. R. June tied for "B" flight honors, with the former winning the event in a putt-off.

H&S Co. Captures 1st Straight To Near

Second Service Regiment's H&S Company clamped a lock on the regimental championship last week by winning its 16th straight game without a defeat. The team has only four games remaining in Division competition.

Bodiford and Hufford scored 13 points each and Johnson's 10 led the Headquarters quintet over General Supply, 53-49. Bartholomew and Marshall sacked 15 each for the losers.

The big battle in the loop looms for second place. Ordnance Service Company holds an edge over General Supply.

Ordnance Service whipped Motor Transport Company, 59-41, behind Coady's 20 points and Toodle chipped in with 19. Young had 11 and Husted 10 for the losing MT quint.

Service Regiment's basketball league action ends Monday and it's impossible for any team to overtake the all-conquering H&S unit. Trailing far behind in second

place is Ordnance Service record. General Supply a 7-9 mark, Dental 6-10, Transport 3-13, including last Monday night.

Another undefeated 2nd Division continued week by winning the and running its record to the season.

Provisional Bn., S. knocked off 3rd Battalion, 94-65, station again, 90-55. placed Provisional Bn. games.

Nations Top Scoring Team Downs Local Cagers, 125-99

The Camp Lejeune basketball team took it on the chin from West Virginia Tech by a score of 125-99, bounced back to drop Morris-Harvey 67-62, and then sank the Navy Men from Little Creek, 114-85.

Facing their fifth opponent on the long road trip, the Spencer-led cagers encountered one of the toughest fives up to date in the form of Tech and was smothered in the first 10 minutes of play by a splash of 50 points.

Overcoming a half-time score of 74-46, Lejeune nosed out the Virginians in scoring for the second period by four points but still lost, 125-99. Tech in all games through the Lejeune contest averaged 104.9 for the nation's lead in scoring.

Every player on the Lejeune roster hit the tally column with over three points. Rick Benson led the Marines with 17, followed by guard Mary Leggett who dumped in 14.

In the last game of the road trip, Lejeune tripped the high-flying Golden Eagles of Morris-Harvey, 67-62, in a game that saw the Marines capture the victory on the free throw line.

Terry Telligman led the locals in the win by dumping in seven buckets and nine 4's, throws for the game's his pres- vidual scorer.

Patty Berg, one of golf's great- est women stars, was stationed at Camp Lejeune in 1943. Berg is still active on the pro circuit, participating in the Tampa Women's Open last week.

Lejeune jumped into an early lead and maintained it through- out the first half with a 28-point margin at the breather, 64-36.

Welsh, a 5'11" guard from Hav- erstraw, N. Y., making his first start, amazed the fans with his ability to work the ball in to the big men with little trouble. His vicious drives left the opponents defense puzzled as to where he went. Walsh also dropped in 18 points on six baskets and six of seven attempts on the free throw line.

Leggett led the scoring with 32 points with Benson adding his usual 22 counters to keep his 21-point average on an even keel.

The victory ran the Lejeune record to 19 wins as against three set-backs.

Emerson D'Fried Series

"Main Street, North and South Carolina," will feature Lejeune Marines and their economic contribution to the local areas as the subject of a new film series on WMFD-TV, Channel 6, Wilmington.

The first film, presented Saturday night, was filmed amid the busy pace of the Marine Corps Base comptroller's office. Interviewed by Ben MacDonald of the television station, Col. Roger C. Power Jr., Base Comptroller, explained the expenditure of \$81 million annually in this area by the Marine Corps.

While Colonel Power answered questions about the annual payroll, cost of buildings and the size of the Base, the TV cameras caught the Comptroller's section as his office staff of some 200

worked away at their financial tasks.

The series, slated to be presented at three-week intervals, will be on-the-spot films of Marines and Marine dependents and the economic boost their presence lends to activities in eastern North Carolina.

Altogether there will be four shows. The next show is scheduled for February 8 and will feature Woman Marines. Others will take up the activities of enlisted Marines and their dependents.

Library News

By JOYCE DUNN — Phone 7-5410

The Central Library, Bldg. 62, is holding a special exhibit on Thomas Wolfe, North Carolina author, considered to be one of the great writers in American literature. A collection of books, clippings and photographs have been chosen to represent Wolfe's life. These were loaned to the library by the University of North Carolina, Pack Memorial Library in Asheville and the Barrymore Theater, N. Y. The public is cordially invited.

DANCE, ANYONE?—These two Divvy boxers appear to be cutting a dance floor caper. But, actually, a stiff right uppercut by Ron Gathers, left, to Ted Jordan's jaw straightened up Jordan as the camera caught the action. Jordan won the middleweight bout during elimination matches last Monday at Goettge Memorial field house.

Tri-Command Highlights

Marine Corps Base

Members of Headquarters were honored Saturday afternoon held by the commanding officer, Col. J. J. LaRue.

David C. Williams, MSgt. J. Boyd, TSgt. James E. and TSgt. Ernest Grady noted to their present receiving honors were of the Hq. Bn. Small and Pistol Team, M. Cannon, TSgt. W. A. and Cpls. R. W. Girard J. LaRue.

Domini DeFilippi Jr., editor of the GLOBE, received a merit for outstanding performance of duty from Col. John J. LaRue, commanding officer, 2nd Force Service Regt. He commended for the award of the Hq. Bn. Small and Pistol Team, M. Cannon, TSgt. W. A. and Cpls. R. W. Girard J. LaRue.

Rifle Range, Richard D.

Wolfcale was promoted to technical sergeant at an informal ceremony January 16. Lt. Col. Lloyd O. Williams, rifle range commanding officer, presented the warrant.

Col. Richard D. Weber, commanding officer of Marine Corps Supply Schools, presented a letter of appreciation to MSgt. Patrick R. O'Connor for his work with the Boy Scouts. Promoted by Colonel Weber was L. H. Hines, Supply School Co., who put on master sergeant stripes.

Engineer Schools Bn. Marines receiving promotions on January 14 included MSgts. Henry O. Feuer and Edwin L. Reffelt, and TSgts. Arthur P. Chase, Maurice R. McGuinn and Richard McVey.

TSgt. M. E. Van, Base Materiel Bn., received his warrant to master sergeant from Col. H. C. Cooper, commanding officer, 2nd Force Service Regt. Attending the promotion ceremony was Lt. Col. H. M. Lee, commanding officer of the battalion. Also promoted to master sergeant was A. E. Prokopic.

Capt. Cecil O. Seal, Ord. Co.,

Materiel Supply and Maintenance Bn., 2nd FSR, received the appointment to his present rank recently.

Radio Technician James L. Morris, Electronics Maintenance Co., Materiel Supply and Maintenance Bn., 2nd Force Service Regt., was promoted to technical sergeant January 14.

Force Troops

TSgt. William R. Cox recently completed two courses of instruction at the Army Security Agency School, Ft. Devens, Mass. He received two letters of congratulations for attaining a superior scholastic rating in both courses. Sergeant Cox placed first and second respectively in the two courses.

Cpl. William J. Didier has been presented the First Radio trophy for the high shooter of 1957 with the M-1 rifle. Corporal Didier fired 228.

Sgt. Palmer Brown was meritoriously promoted and TSgt. Karl J. Dulany was promoted to his present rank.

A certificate appointing him to the rank of master sergeant was received by Everett E. Jenkins from Lt. Col. B. G. Thobe, commanding officer, 2nd AmTrac Bn., January 16. Promoted at the same ceremony were William R. Grimes and Robert A. Roche, now technical sergeants.

At the 8th Tank Bn., Mike J. Vari and Clovaldo Trujillo Jr. were promoted to technical sergeants.

Meritoriously promoted to corporal January 16 was Curtis L. Hill Jr. He was promoted by Maj. R. W. Hamilton, commanding officer, 1st Radio Co., during ceremonies in the major's office. Corporal Hill, a radio and telegraph operator with the company, was promoted for outstanding efficiency and appearance as a Marine.

Receiving his permanent chief warrant from Col. R. M. Wisner, commanding officer, 8th Communications Bn., was HMC George C. Gibbons.

Presented a diploma for completion of the Officers' Basic Extension Course was TSgt. Herman L. Pollard. He received the diploma from Lt. Col. B. Thobe, commanding officer, 2nd AmTrac Bn., on January 16.

2nd Division

Pfc John V. Reistrup of H&S Co., 1st Bn., Second Marines, took first place in the first class of the Division Scout and Observer School. He topped a 34-man class with a 94 average.

MSgt. Joseph F. Alston of Headquarters Battalion reenlisted for six years. He is to be transferred to Norfolk, Va., soon.

On January 21, Cpl. Ronald Quimby was cited for outstanding performance of duty as an administrative clerk with "B" Co., 2nd Motor Trans. Bn. Above average resourcefulness, initiative, efficiency and attention to duty were mentioned in a letter presented to Quimby by his battalion commander, Lt. Col. H. O. Smith.

There were seven promotions in the Division this week, all of them in the staff NCO category. Promoted to present rank were TSgts. Ricardo E. Herbert and Roy C. Camp of the 3rd Bn., Second Marines; MSgts. Charles F. Chaney, H&S Co., and Ernest L. Church, General Supply Service Co.; TSgts. Gilbert W. Murray and Tommy L. Deramus, General Supply Service Co.; also TSgt. Cromwell G. Bowen, Motor Transport Service Co., all of Service Regt.

AN ECONOMIC BOOST—Col. Roger C. Power Jr., Base Comptroller, explains to Ben MacDonald, center, WMFD-TV newscaster, the role of the Marine Corps and its personnel in boosting North Carolina economy. Filming the show for a new TV series was Harold Ludwig, right, chief staff photographer of WMFD-TV. The next program on Marine activities is scheduled for February 8.

Local Activities Featured On WMFD Film Series

"Main Street, North and South Carolina," will feature Lejeune Marines and their economic contribution to the local areas as the subject of a new film series on WMFD-TV, Channel 6, Wilmington.

The first film, presented Saturday night, was filmed amid the busy pace of the Marine Corps Base comptroller's office. Interviewed by Ben MacDonald of the television station, Col. Roger C. Power Jr., Base Comptroller, explained the expenditure of \$81 million annually in this area by the Marine Corps.

While Colonel Power answered questions about the annual payroll, cost of buildings and the size of the Base, the TV cameras caught the Comptroller's section as his office staff of some 200

worked away at their financial tasks.

The series, slated to be presented at three-week intervals, will be on-the-spot films of Marines and Marine dependents and the economic boost their presence lends to activities in eastern North Carolina.

Altogether there will be four shows. The next show is scheduled for February 8 and will feature Woman Marines. Others will take up the activities of enlisted Marines and their dependents.

Program Notes

T. JACK MCCARTHY Of The World," heard 6 a.m. over WCLR is one of the favorite programs of our audience. This program, which is a sketch of Japanese music, is a counterpoint to the "Jap. Sketches" by the Shinjuku Center by the Shinjuku Center, conducted by Ikuma Tanami. "Japanese Sketches" is one of the new authentic Japanese recordings to emanate from the world's largest and most colorful city.

Conductor Dan, a renowned composer himself, features the orthodox Japanese instrumentation in the Shin ("New") orchestra. Both Tokyo Impressions and Yedo Fantasy offer the delicate, unique sounds of the shō, the bamboo pipes which are blown either in or out; the Kabuki drum, and a pair of hyōshi, the small wooden clappers, along with flute, piccolo, oboe, harp, two horns, violin, viola, cello, percussion instruments and sound effects.

Ginbura, Tanami, Evening On The Sumida and many other selections will be heard tomorrow morning at 8 a.m. on WCLR's "Music Of The World."

Camp Lejeune Master Menu

GLOBE will publish the weekly Master Menu for Camp messhalls as received and verified by the Base food officer.

Obtain minor changes are permitted such as the interchanging of evening and noon meals.

- FRIDAY, JANUARY 24**
- Chilled fresh grapefruit, assorted dry cereal, chilled fresh milk, fried eggs, fried sausage (canned), coffee cake, hot toast, butter, jam and coffee.
 - Oyster stew, crackers, beef stew with vegetables, buttered noodles, buttered spinach, salad bar, banana cream pie, bread, butter and coffee.
 - Seafood platter, tartar sauce, French baked potatoes, buttered mixed vegetables, salad bar, ice cream and cookies, cornbread, chilled butter milk, bread, butter and coffee.
- SATURDAY, JANUARY 25**
- Chilled tomato juice, assorted dry cereal, chilled fresh milk, egg omelets, fried ham slices, hot toast, butter, jam and coffee.
 - Vegetable soup, crackers, grilled hamburgers, lyonnaise (dehydrated) potatoes, marine boiled beans, salad bar, chilled canned peaches, hamburger rolls, butter and coffee.
 - Breaded veal cutlets, tomato gravy, mashed potatoes, scalloped corn, salad bar, pineapple upside down cake, bread, butter and coffee.
- SUNDAY, JANUARY 26**
- Chilled assorted juice, assorted dry cereal, chilled fresh milk, eggs to order, hashed (dehydrated) browned potatoes, fried bacon, hot toast, French toast, syrup, cinnamon rolls, butter, jam and coffee.
 - Baked ham, pineapple sauce, glazed sweet potatoes, French fried cauliflower, salad bar, marbled cake, ice cream, bread, butter and coffee.
- MONDAY, JANUARY 27**
- Fresh tangerines, assorted dry cereal, chilled fresh milk, fried sausage (canned), griddle cakes, syrup, hot toast, butter, jam and coffee.
 - Canned chicken a la king, steamed rice, toasted cheese sandwiches, buttered broccoli, salad bar, coconut cream pie, chilled fresh milk, bread, butter and coffee.
 - Swiss beef steaks, mashed potatoes, buttered string beans, salad bar, applesauce, hot rolls, butter, bread and coffee.
- TUESDAY, JANUARY 28**
- Assorted juices, assorted dry cereal, chilled fresh milk, scrambled eggs, hashed (dehydrated) browned potatoes, hot toast, butter, jam and coffee.
 - Soup with crackers, hot beef sandwiches with gravy, mashed potatoes, buttered cauliflower, buttered green lima beans, salad bar, fruit gelatin, cookies, bread, butter and coffee.
 - Simmered corned beef, parsley buttered potatoes, buttered cabbage and chertots, salad bar, cottage cheese salad, chilled fresh milk, apple pie with cheese slices, bread, butter and coffee.

Library News

By JOYCE DUNN — Phone 7-5410

The Central Library, Bldg. 62, is holding a special exhibit on Thomas Wolfe, North Carolina author, considered to be one of the great writers in American literature. A collection of books, clippings and photographs have been chosen to represent Wolfe's life. These were loaned to the library by the University of North Carolina, Pack Memorial Library in Asheville and the Barrymore Theater, N. Y. The public is cordially invited.

NEW BOOKS

"Heroes—U. S. Marine Corps—1861-1955" by Jane Blake-ney. Compiled by the former

Head, Decorations and Medals Branch, Headquarters Marine Corps, this is a semi-official record of honors and decorations awarded to units of the Marine Corps and to its officers and enlisted men. Also included are Armed Forces Awards, flags of our country, honors and ceremonies.

"The DA's Man," by Harold Danforth and James Horan. The dramatic story of the New York District Attorney's Office under Thomas Dewey and Frank Hogan.

"The Liveliest Art," by Arthur Knight. A history of the movies from the Nickelodeon to the latest wide screen innovation.

THE FIRST TIME—Delighted Judy Coon, left, of the Woman Marine Co., was pleased no end as she received the first prize she's ever won, a \$15 certificate for winning the best "costume" prize at the Marston Pavilion's Cousin Jody show last Saturday. Presenting the award to Judy and another prize winner, Gene H. Marshall, Weapons Co., 3rd Bn., Sixth Marines, is TSgt. Lee R. Pressley, NCO-in-charge of recreation for Special Services.

Marine Privates Supply Entertainment For Aged

Some Marines get ribbons for their deeds. Some get other rewards.

One of the finest rewards received by any Marine was given this week. They were smiles, smiles on the faces of lonely people.

The Marines, all privates, earned the reward when they ventured out on a lonely wooded road to the Onslow Pines Home for the Aged last Saturday afternoon.

Showing that Marines love action—be it with guns and rifles or drums and guitars—the seven Marines put on a show for 24 residents.

It all started a few weeks back when Mrs. Besta Hill, director of the home, contacted the Tallman Street USO, explaining that her 30 wards never had any entertainment and seldom any visitors.

When USO directors spread the word, the seven privates stepped forward to take care of the situation. Setting a date, they practiced and practiced. Then, last Saturday they spent two hours presenting their show for the residents.

To the delight of the residents, the Marines not only played old songs and hymns, but tossed off some modern rock 'n' roll for the old-timers, and a little hill-billy music, too.

The group, led by Leo R. Baumberger, 2nd Engr., 2nd Division, warmed up to the songs as David B. Pierce got his drums rolling. Pierce and David A. Cantor, at the piano, are both with the 1st ITR. Included in the session were Leo Upton, vocalist, and Jimmy Ward at the electric guitar. Both are with FMF. Rounding out the

Prevention Of Blindness

An estimated one million Americans are afflicted with glaucoma, a slow, insidious eye disease. About one-half of the sufferers are unaware of its presence.

Glaucoma, which finally blinds, can be arrested if detected in its early stages, even though its actual cause is unknown.

Carrying the fight to find the cause of all blinding diseases, to prevent blinding accidents, and educate the public in eye safety and care is the National Society for the Prevention of Blindness. Your dollars will help the fight. Your own eyes may someday benefit.

In March, 1861, a Confederate Marine Corps was organized in Richmond, Va.

Officer Club Activities

Paradise Point will feature music by the Wellman Quartet for the happy evening tomorrow night from 8 p.m. to midnight. Saturday from 8:30 p.m. to 12:30 a.m. the Division Band will play for the annual Saturday night dance.

BEGINNING OF THE END

Science-fiction story about a Department of Agriculture project working with radio-active materials that suddenly discovers ordinary plants have become tremendously enlarged. This creates an extreme emergency when a horde of colossal grasshoppers threaten to invade a big city. Stars Peggie Castle and Peter Graves. (72 min.)

WILL SUCCESS SPOIL ROCK HUNTER

This rollicking comedy is about a man in the public relations field who works his way to the top. While on top he meets a beautiful girl who, if success doesn't spoil him, just might. This film stars Jayne Mansfield, Tony Randall and Betsy Drake. (85 min.)

BAND OF ANGELS

Life on the old plantation was fine for Yvonne de Carlo until daddy dies and slave trader Ray Teal comes to collect Yvonne and put her up for auction. Gable plays down \$5,000 for her and treats her like a lady. Then comes bloodshed, rebellion and plenty of excitement. (127 min.)

TAMMY AND THE BACHELOR

This is a charming, ingenious story of the effect a backwoods girl has on a debbing aristocratic Southern family. The young lady of the title is played by Debbie Reynolds, who gives a delightful performance and is on screen virtually the entire running time of the film. It stars Debbie Reynolds and Leslie Nielsen. (87 min.)

THE IRON SHERIFF

In a South Dakota town in the 1890's, Deputy Hickman, son of Sterling Hayden, "Iron sheriff," is tried for a stage coach holdup and murder. He is convicted, but before hanging, set for the following day, Hayden proves his son's innocence and

brings back the killer. Stars Sterling Hayden and Constance Ford. (75 min.)

HUNCHBACK OF NOTRE DAME

This movie takes the Gypsy from her first meeting with Quasimodo in the public square through his bungling attempt to kidnap her on through his public whipping, to her confession and sentence to death, and rescue and defense by Quasimodo and their ultimate death. It stars Gina Lollobrigida and Anthony Quinn. (103 min.)

CHICAGO CONFIDENTIAL

When racketeers try to take over a union, and Dick Foran tries to stop them, he gets framed for a murder. His fiancée, Beverly Garland, convinces attorney Brian Keith of Dick's innocence and the two set out to prove it to a jury. (75 min.)

STREET OF SINNERS

Given the worst section in town, a rookie cop starts his first day on the police force by arousing the enmity of the owner of an important neighborhood bar. Though he gets in trouble and is suspended for a while, he finally uncovers the true status of the owner, and straightens out many people by doing so. Stars George Montgomery and Geraldine Brooks. (76 min.)

AN AMERICAN POLICE OFFICER GOES TO COPENHAGEN

To investigate a murder charge against his sister, accused of murdering the man who shared her vaudeville act. After many adventures, he proves her innocence. Stars John Payne, Alexander Knox and Conrad Nagel. (83 min.)

WOMAN OF THE RIVER

The story of a beautiful peasant girl who loves her. She becomes involved with a handsome trawler-owner, who smuggles contraband. The last half of

the movie is devoted to the unhappy life of the peasant girl after her lover has been imprisoned. Stars Sophia Loren and Gerard Ury. (98 min.)

VOODOO ISLAND

Boris Karloff returns to the screen in the sort of horror picture he once made regularly. Instead of being the terror, this time he's in charge of the expedition searching for it. He is summoned by a hotel magnate to investigate rumors of voodoo allegedly occurring on a Pacific Island. Stars Boris Karloff and Beverly Tyler. (75 min.)

THREE FACES OF EVE

About a woman with a split personality. She doesn't realize what happens to her when one of her blinding headaches occur. Finally she is helped by her psychiatrist and after treatment meets a nice young man. Stars Joanne Woodward, David Wayne, and Lee J. Cobb. (91 min.)

LADY TAKES A FLYER

When Chandler, an itinerant flier and ex-war ace, encounters an old friend, Richard Denning, in California, he finds the latter in flying school partnership with Lana Turner. The three land in the plane ferrying business and before they know it they have a big and thriving operation. (85 min.)

A KISS BEFORE DYING

The story of a university student, who is a psychopathic killer. Stars Robert Wagner, Jeffrey Hunter, Vivian Leigh and Joanne Woodward. (95 min.)

SABU AND THE MAGIC RING

A better-than-average jungle thriller starring Sabu and William Marshall. (61 min.)

ALL AT SEA

The story of a British sea Captain, descended from a long line of sailors, who buys an amusement pier which places him as near to the sea as his sea
