# Individual Matches In Eastern Div. Won By Lejeune Shooter

By SGT. JAMES V. GRAHAM  
GLOBE Staff Writer

Five Camp Lejeune Marines fired their way into the top ten bracket of the 1957 Eastern Division Individual Rifle matches, completed at the Rifle Range last Wednesday.

SSgt. Robert H. Blackett, Hq. Co., Hq. Bn., 2nd Division, fired a blazing 288-300 on the final round of the matches for a winning total of 570-600 for the top award.

This is the identical score that SSgt. Donald S. Wagner, then of Weapons Co., 3rd Bn., Sixth Marines, fired to win the individual honors last year.

Capt. Robert M. Winter, Hq. Bn., 2nd Division, nosed out SSgt. Billy Howard, "B" Co., 2nd Bn., MCRD, Parris Island, for the second slot. Both had aggregate scores of 567-600, but Captain Winter had the better total from the 600-yard line. Four shooters finished in a dead heat with scores of 566-600.

Leading this group was MSgt. Edwin L. Hayes, Weapons Training Bn., MCRD, Parris Island. Sergeant Hayes was followed in the final standings by SSgt. Anthony Mucci, Hq. Co., Engr. Sch. Bn., MCB; T-Sgt. R. A. Shultice, Rifle Range Detachment, MCS, Quantico; and MSgt. M. H. Peak, Rifle Range Detachment, MCB, respectively.

TSgt. Curtis Morrison, VMF-235, MAG-32, Cherry Point, finished with 564-600, for eighth place.

A tie also resulted between SSgt. Walter I. Arnold, Regimental H&S, Second Marines, 2nd Division, and Pfc Alan M. Dapp, Quantico, with scores of 563-600. Sergeant Arnold, with a better 600-yard score, finished ninth.

Sergeant Arnold's ninth place finish aptly describes the closeness of the matches. At the end of the first round of the firing, Sergeant Arnold was 74th in a field of 353 shooters. A blistering 288 in the final round assured the Division marksman a gold medal.

Altogether, 29 medals will be awarded for the top finishers in

the matches. The top five shooters will be presented with gold medals, the next 10 with silver medals and the final 14 with bronze.

Personnel distinguished with the rifle and officers will not be given these medals, but will receive additional awards.

Approximately 223 pistol shooters took to the range yesterday to

compete for individual honors. The Elloit and Wirgman Trophy matches are scheduled for this morning, with pistol team shooters vying for the Edson Trophy tomorrow.

The presentation of awards will be held tomorrow afternoon to end the 1957 Eastern Division match competition.

## General Robinson Ends Inspection Tour Of Area

Gen. Ray A. Robinson, commanding general, Fleet Force Atlantic, winds up his two-day inspection tour of Lejeune activities this afternoon by witnessing a Battle Force Group demonstration by the Second Ma-

Atlantic Fleet Marine Band arrived yesterday for final inspection of the 2nd Division, Force Marine Corps Air Facility under his command.

From Marine Corps Air Station Cherry Point, yesterday, he witnessed a Division parade of the newly-acquired field and attending at Division headquarters the morning.

Afternoon, General Robinson visited the French Creek area dental demonstration which was conducted by the 1st Division Dental Officer. He journeyed by helicopter to the headquarters of the 1st Division, followed by an inspection of the Radio Electronics and the Atomic-Biological Warfare schools.

Today he visited the Bay area to observe the howitzer demonstration and the evening reception was held in his honor at the Paradise Point club.

General Robinson departed for Camp Geiss training at the 1st Marine Regiment. He will be in the morning activities of MAG-26.

## Hope For Cordiner Pay Plan Dimmed By Budget Bureau

The Defense Department's bill to put the Cordiner Committee's pay proposals into effect was turned down by the Budget Bureau, according to the Navy Times.

A Budget Bureau bill which would offer incentive pay of \$30 to \$60 to men with "critically needed skills" was rejected by the Services and Defense Dept.

Defense officials have decided that any bills to modify the Service pay structure must be in line with Cordiner proposals. The result indicates very little hope for a pay raise of any kind this year.

The Budget Bureau said that the bill would be inflationary and that the President was opposed at this time to any large military pay boost.

## Armed Forces Day Program To Include Static Displays

Marine Corps striking power, both land and air, will be on display for area residents in the annual Armed Forces Day celebration May 18.

Two separate static displays of equipment will be open to the general public. One display, set up by units of Marine Corps Base, the 2nd Division and Force Troops, will be arranged on the Camp parade ground in front of the headquarters building of Marine Corps Base.

The other display will be at Marine Corps Air Facility at New River and will comprise elements of the air units stationed there. A number of the new helicopters will be available for close scrutiny by civilian guests and military dependents.

As in former years, the theme of Armed Forces Day will be "Power for Peace." Displays will emphasize the role of the Marine in the defense of this country, and also the high state of readiness in which the Marine Corps holds itself as one of the primary units in this nation's force in readiness.

The Armed Forces displays, open to all military dependents, civilian guests and the general public will be open from 10 am. to 3:30 p.m. Eastern Daylight Saving Time.

In addition to the local displays, the Marine Corps at Lejeune will also provide Wilmington with a display of Marine Corps equipment.

Scheduled to be set up at New Hanover school in that city are displays, including a 4.5-inch rocket launcher, a pathfinder parachute unit from the Amphibious Reconnaissance Company of Force Troops, and a water purification unit from Engineer Schools Battalion.

Included in the displays at the

Camp parade ground will be items of medical, general supply, communication, ordnance, artillery, motor transport and engineer equipment.

Guests who get hungry during the day-long exhibit will have a chance to eat at mobile units from the Camp Cafeteria which will be at all major exhibit areas to provide sandwiches, snacks, and soft drinks. In addition, luncheons will be available at the Camp Cafeteria, the Hostess House, and the Snack Bar of the Hostess House.

## Medical Care Rule To Aid Dependents

Under a new ruling, dependent parents and parents-in-law who do not reside with members of the Armed Forces have been declared eligible for medical attention at service hospitals, according to an AFPS release.

A prior interpretation of the Dependents' Medical Care Act required dependent parents to reside in the household of the service sponsor in order to receive treatment at government expense.

If a serviceman or retired member of the Armed Forces provides or maintains a place of residence for his father or mother, regardless of its location, they may receive medical care at service facilities.

The Defense Department emphasizes that these dependents do not qualify for treatment in civilian hospitals or by civilian physicians under the Dependents' Medical Care Program.

If you ask me...

AS A MEMBER OF BASE MOTOR TRANSPORT COMPANY, WHAT HELPFUL SAFE DRIVING TIPS CAN YOU PASS ON TO OTHER DRIVERS?

SSGT. WOODROW OTIS, Chief Dispatcher—My advise is to respect the other driver on the highway. After all, he might not be as good a driver as you, or might not respect you as a driver. Another safety tip would be to travel, not only according to speed limits, but also to the conditions of the road. Some roads are not meant for high speeds. The weather should also govern speed.

SGT. DEWEY WARBY, Assistant Truck Master — People are always offering safety tips to other drivers, but what good is talk? No safe driving tip is much good unless it is put into effect. My suggestion would be, not to talk about safe driving, but to show other drivers various safe driving practices by using them on the roads.

PFC DONALD E. MURIN, truck driver — Always check the vehicle before getting into it to drive. There is always a chance that a signal light or a brake light has burned out. Of course, they seem pretty trivial now when talking about them, but when on the highways, and following a vehicle without a tail light or signal lights, it gets pretty annoying, and might prove dangerous.

SGT. BILLY GRAY, Assistant Truck Master — Remember the three "S's." Safe, slow, and sure. Sounds corny maybe, but if you drive slow and safe, you'll get to your destination, unless, of course, there's a maniac on the road who isn't driving as a sane man should.

Another tip would be to yield the right of way. It only takes a minute.

CPL. FRANK HENRY, truck driver — Well, let's see... give right of way to emergency vehicles; don't follow other vehicles too closely; know what you are going to run into when passing. I mean make sure there's nothing on the other side of the vehicles before passing, or you might run into something you hadn't planned on. If every driver would do this: "You be careful of me, and I'll be careful of you," there would be a lot less accidents.

Someone on this sprawling amphibious base is ed in not having a parade and review honoring the visited here last week.

Even though he's just from Swansboro, N. C., he's still a duke, and there are papers to prove it.

His name is Sam, The Duke of Swansboro, and he's without a doubt the most beautiful brindle bulldog to hit the eastern coast of North Carolina in a long, long time.

Son of champions, Sam plans to carry on the family traditions and win a few blue ribbons for himself. Of course, he's only seven months old and hasn't quite mastered the obedience course, but it's practice that makes perfect and Sam knows that.

This 70-pound, aristocratic canine, with the bowed front legs and deceptively mean face, is a frequent visitor to the 2nd Division Headquarters. He accepts pats and nudges from some of the highest-ranking Division officers as well as members of the police gang with a nonchalance typical of his breed.

Many refrain from petting this descendant of the British bull-fighting mastiff because of his ferocious stance and permanent scowl. They back away with a shake of the head, saying, "I'd rather put my head in a lion's mouth."

Actually, Sam, and his breed, are among species of man's best thrive on affection. A pat on the head is a for a good deed.

## Swimming Season Begins At Onslow Beach Monday

Beach enthusiasts can get their fill of the sun and swimming without leaving the Base with the opening of Onslow Beach this Monday.

Military personnel, their dependents and accompanying guests are eligible to use the beach and recreational facilities.

Civilian employees, their immediate families and accompanying guests, may use the civilian beach area, and the Employees' Civilian identification card must be produced upon request.

Children under the age of 12 will not be permitted on the beach or at the pools unless accompanied by an adult.

Fishing is permitted at Onslow Beach anytime during the day or night, except in those areas designated as swimming areas and when there is no training scheduled.

Lifeguards are on duty from 10 a.m. until sunset on Mondays through Fridays and from 8 a.m. until sunset on Saturdays, Sundays and holidays.

These are the only hours that swimming will be permitted and

personnel are required to clear the beach area by 9 p.m.

Fishermen are authorized to remain in the area after this time, provided prior arrangements have been made with the beach duty NCO.

Personnel are reminded that the lifeguards are present for the protection of all concerned. All guards at the beach were carefully selected and screened prior to assuming the duties.

The Lifeguard section at Onslow Beach was recently augmented by six men who successfully completed a two-week conditioning and refresher course at the Montford Point pool.

Eleven personnel began the course but only six finished the gruelling tests, which included swimming a mile, twice daily, physical conditioning and practicing life-saving holds and methods.

The results of this course are shown by the beach record last year of no fatalities.

Privately-owned cars are to be parked in authorized areas and will not be allowed on the beach.

Special bus transportation to and from the beach will be provided on Saturdays, Sundays and holidays. Schedules can be found on Page 11 of the GLOBE.

## Naval Aviation Cadet Program Open To Qualified

Interested enlisted personnel now have the opportunity of applying for selection as Officer Candidates and Aviation Officer Candidates providing they have basic eligibility requirements.

The Naval Aviation Cadet (NavCad) program is designed for the enlisted man who desires to become an aviator but lacks the four years of college required for other Marine flight training programs.

Under the NavCad system an enlisted man who meets all other requirements may be accepted with only two years of college credits. One year of college or the service-accepted equivalent is sufficient for academic qualifications, providing the applicant has a GCT of 120, and a Pattern Analysis score of 116.

The service-accepted equivalent requires a high school diploma and

successful completion of the USAFI one year college level GED Test.

Successful applicants will be transferred to NAS, Pensacola, Fla., discharged from the Marine Corps and appointed a Naval Aviation Cadet. The trainee receives \$115.15 plus \$50 flight pay for a total of \$165.15 a month. His quarters, rations and uniforms are furnished by the government.

Approximately 18 months are required to complete flight training. After 14 months, and while in advanced training, the Cadet is designated a Naval Aviator and commissioned a second lieutenant in the Marine Corps or an ensign in the Navy. The four-month training period remaining will be completed as an officer.

An unmarried second lieutenant, as a flight student, receives month-

ly pay and allowances totaling \$458.40.

Upon completion of flight training, the aviator will probably be transferred to operating squadrons of the Aircraft, Fleet Marine Force, assigned to attack, fighter, helicopter or transport-type aircraft.

Personnel interested in applying for the NavCad program must also meet the following qualifications: be a male citizen of the United States; be 18 but less than 25 on date application is submitted. (Applicants under 21 must have consent of parent or guardian.) Applicant must sign contract agreeing to remain on active duty for four years from date of assignment to NavCad, unless released sooner by the Secretary of the Navy.

Applicants must score a passing grade on Aviation Qualification and Flight Aptitude rating. He must be

physically qualified, potential officer-like qualities, a strong desire to fly.

No waivers will be any of the requirements.

Officer Candidate app required to complete a ficer Candidate course by commissioned second lieut the Marine Corps Rese commissioning, they will a Basic course.

Applicants must be zens of the U. S.; be phys ified for the training; Baccalaureate degree; b less than 27, years of age remain on duty for three-er commissioning.

## Hasty Purchases May Be Cause For Regret

Young couples in the Marine Corps seeking a home are frequent cause for concern in the Legal Assistance office of Marine Corps Base.

With the optimism of youth and their desire to make a good home for themselves, they sometimes rush into contracts which they later regret. Sometimes this is in the form of a "used" car that turns out to be a bad bargain; or it may be a purchase of furniture, household appliances, or luxury items which strain the financial budget of the couple.

Take for instance the case of the young couple who wanted a home of their own, and when the Marine decided to make the Corps a career, his shipping-over money and other savings made this possible. The following story is related by Lt. Donald W. Winne, legal assistance officer:

The couple first began to look at trailer homes. Soon caution gave way to enthusiasm. Purchase of a mobile home seemed to be the thing to do. If they continued to rent, they reasoned, they would have nothing in the end.

"We have a nest egg now; let's

put it down or something permanent," was their thought.

There are many advantages and many disadvantages to owning a mobile home, but salesmen cannot be expected to counsel young couples on the possible disadvantages.

Their business is selling, not advising. And so the young couple became owners of a mobile home.

As time passed, the young couple realized that for them the purchase of a trailer had been anything but a prudent or permanent purchase. They had not obtained bank financing, so they discovered that they would pay half again the initial cost of the trailer in time payments.

They found repairs hard to obtain, and they also discovered that everytime they pulled the trailer on a public highway, they had to send the finance company \$20, whether or not the carrier was insured.

When they attempted to sell their equity in the trailer, even to a good credit risk, they found it would cost \$100 to make the transfer. Finally, they learned that at some duty stations, lot rents are as high as \$45 per month.

This isn't the case in every sale, of course, the Legal Assistant Office points out. There are many Marine families who own their own mobile homes and who have found a happy, comfortable life in their home on wheels.

But, the Legal Assistance Office has cautioned, prospective buyers should weigh each purchase carefully and not obligate themselves to a bargain which might cost them all their savings and reenlistment pay as well as a deficiency judgement.

## Opportunity Shop's Final Closing Sale

The Opportunity Shop at Midway Park is offering items for sale at prices lower than ever in its last week prior to closing for the summer.

Closing at 1 p.m., next Friday, the Opportunity Shop still has a few fine items for sale to bargain hunters searching for bric-a-brac, household goods and infant's necessities, such as cribs and the like.

Open Monday, Wednesday and Friday next week from 9 a.m. until 1 p.m., these last items will again be reduced in a final drive to sell all items before closing for the summer.

Proceeds go to the Camp Kindergarten.

The shop is expected to reopen in early fall.

# Three Ships Return CARIB-EX Troops

Three of 16 ships returning North-Carolina-based Marines from the largest military exercise ever held in the Panama Canal Zone, CARIB-EX, arrived this week.

First to arrive, Saturday at Morehead City, was the submarine Sea Lion, with the Second Reconnaissance Company aboard.

Sunday, the aircraft carrier USS Leyte came in, and Monday the LST (Landing Ship Tank), USS Walworth County, unloaded at Radio Island, Beaufort, N. C.

The last of the ships carrying Marines from Amphibious Training Group 1-57, commanded by Brig. Gen. Austin R. Brunelli, are scheduled to arrive at Morehead City Monday.

Helicopters from Marine Aircraft Group (Helicopter Transport) (Light)-26, commanded by Col. Howard E. King, airlifted the entire 2nd Bn., Eighth Marines, and their own ground crews from the flight deck of the Leyte to the Beaufort-Morehead City Airport Sunday.

The precision shuttling operation of a thousand troops and thousands of pounds of equipment by 22 helicopters took slightly over three hours. Some of the helicopter unit's men and equipment were landed at its home base, New River, N. C.

Heavier equipment was unloaded from the carrier by a landing craft. At the airport the Marines filed into trucks and the Camp Lejeune battalion was driven here, while MAG(HR) (L)-26 personnel were returned to New River.

Originally the Leyte was scheduled to anchor off Onslow Beach for the airlift, but because of the heavy seas of the storm-tossed Atlantic, it was deemed advisable to move up the coast opposite Morehead City and land the troops at the airport.

The Walworth County carried Marine Air Control Squadron-6, Marine Air Base Squadron-24, and a detachment of Marine Composite and Photographic Squadron-2, all of Cherry Point, N. C. Both the LST and the submarine came directly from the Coco Solo Naval Base in the Canal Zone.

The Leyte anchored for two days at Havana, Cuba, to afford the Marines two days of liberty in the tropical port.

Returning Marines had been away from their North Carolina bases for two months.

Prior to the Canal Zone operation, CARIB-EX, the ground units of the training group underwent a grueling six week's preparation at Vieques Island, Puerto Rico. A majority of the Marine aircraft units operated from France Air Force Base in the Canal Zone both before and during the exercise. The helicopters from New River operated

from the Leyte during the inter-service amphibious and airborne maneuver.

Following is a tentative arrival schedule for ships carrying Amphibious, Training Group 1-57 Marines to port facilities in the Morehead City-Beaufort locality. All times are Eastern Standard Times, and are subject to change:

USS Rushmore, May 11, 8 a.m.; USS Casa Grande, May 11, 8 a.m.; USS Donner, May 11, 8 a.m.; USS Fort Mandan, May 11, 8 a.m.; USS Wankiakum County, May 12, 10 a.m.; USS Westchester County, May 12, 10 a.m.; USS Cambria, May 12, 8 a.m.; USS Oglethorpe, May 13, 8 a.m.; USS Terribonne Parrish, May 13, 12-noon, and USS Vernon County, May 13, 12 noon.

## Division Men Preparing For June Exercise

Marine members began laying plans this week in preparation for TRAMID 7, a training exercise to be conducted for Midshipmen at Little Creek, Va., in June.

Between now and departure time in early June, 3rd Battalion Marines will conduct extensive training in the field.

Highlighting the exercise will be an amphibious demonstration by the 3rd Battalion in connection with Fleet Week at the Norfolk, Va., area, at which time Allied navies from around the world will be represented.

In the TRAMID exercise, which is held annually, Navy midshipmen are integrated into a Marine battalion, forming a regimental landing team. They fill all billets from fire team leader to battalion commander.

After integration, Marines instruct the middies on Marine weapons and warfare and in the fundamentals of leadership.

The exercise is scheduled to end in late June at which time the 3rd Battalion will return to Camp Lejeune.

The corporal of the guard assigns the most experienced men to posts at the guardhouse and at remote or responsible places.

**THIRTY**—Following nearly 30 years' continuous service, Lindley Williams, Administrative Officer of the U. S. Naval Hospital, retires during formal ceremonies Friday last week. A Navy in January, 1927, he was awarded the Letter of Appreciation in 1944 while serving aboard the Wasp when it was Japanese aircraft. Reading the official retirement papers is L. Berkley, commanding officer, U. S. Naval Hospital. Williams stands at left. An honor formation of chief petty officers and sailors witnessed the retirement.

**ARRIVES AT LEJEUNE**—Vice Adm. Rubens Constant de Magalhães Serejo, Commandant of the Brazilian Marine Corps, emerges from a Marine helicopter at the Marine Corps Base parade ground last Tuesday. Admiral Serejo, with his aids, viewed a parade composed of elements of Hq. Co., Hq. Bn., MCB, and MP Bn., MCB, as part of the ceremonies on his stay at Camp Lejeune. Admiral Serejo is on a 40-day tour of Marine Corps installations throughout the country. The crew member is unidentified.

### Armed Forces Day

Armed Forces Day, May 18, is more than just a series of parades and demonstrations of military equipment.

It is a reminder of two important responsibilities of each member of the services.

It is a reminder to every serviceman and woman that he or she is a member of a unified team. It points up the importance of inter-service cooperation.

It stresses also the responsibility of each member of the services to help the public better understand how it is served by the Armed Forces.

Because Armed Forces Day is one of the few times the public gets a good look at the units who serve and defend it, the annual observance affords a great opportunity to create a deeper awareness of the role of the military in American life. (AFPS)

### Mother's Day

The idea of Mother's Day originated in Philadelphia in 1907 and that city was the first to observe the day, May 10, 1908.

Recognition of the day spread rapidly from that time to include many foreign countries.

Following the adoption of a resolution by Congress, President Wilson issued a proclamation May 9, 1914, declaring the second Sunday in May be observed as Mother's Day, "as a public expression of our love and reverence for the mothers of our country."

It is a pleasant coincidence that the familiar "Home, Sweet Home" was first heard by the world in the opera "Clari, the Maid of Milan" on May 8, many years ago.

For men and women in the service, Mother's Day should have even more significance than for civilians due to the fact that so many are separated from their mothers more completely due to military obligations.

This weekend the long distance telephone circuits will be humming all over the country delivering messages and requests for flowers and candy as well as personal calls, all paying homage to "Mother" on her day.

A little card would probably suffice, to let her know she is being thought of. Just so she isn't forgotten entirely.

HE REMEMBERED—SSgt. William M. Dooley Jr., right, remembered Sunday is the day in honor of America's favorite pin-up, none other than Mother herself. He places another cushion behind her as TSgt. Herman Music, NCOIC of the Hostess House, hands her a large glass of iced tea. Mrs. Victoria Dooley is visiting her son over the weekend from Wisconsin.

In the first four months of the new medicare Bill, the services have paid 45,000 civilian hospital and doctor bills.

According to the Navy Times, the chief difficulties the dependents have run into include: expectant mothers not getting free medicines to which they are entitled; a few people go to hospitals when they should not; and too many fail, to understand the strict limits on free civilian care.

Civilian care is for wives and children of active-duty servicemen. A dependent husband of an active-duty woman may sometimes qualify, but civilian care is essentially for a woman and child, of active-duty men.

Active-duty wives and children may select military out-patient care if they prefer. Expectant mothers often prefer civilian treatment, or else find it more convenient.

Wives and children are entitled to very comprehensive free care (though they must pay at least a \$25 minimum) for acute sickness or injury or surgery for which hospitalized. But the medicare office has refused to pay bills in some cases where the hospitalization was not necessary for treatment but appeared to have been prescribed just for the purpose of getting some free laboratory tests.

For tests and X-rays that lead to hospitalization for injury or surgery made before the dependent is actually hospitalized, the government will pay up to \$75. It pays for all necessary tests during the hospital stay. It will pay up to \$50 for them after the patient leaves.

An exception is the maternity case, where the government pays for all necessary tests before, during and after the hospital stay.

### Chaplain's Corner

One of the church publications carried an editorial "Christ of the Crucifixion, and the Cross." The editor elaborated on the fact that all too many look to Christ only for comfort and consolation and fail to remember his words, "Come, take up thy cross, and follow me." We have been content to be in churches to preach and hear sermons on "How to be a Success," and to let the cry of "Crucify Him" continue to die out in antiquity.

It is revealing to stop short and realize that Christ invited us to follow him and then set his path toward his own crucifixion. But what are we to do with that? Our life has a strange way of operating toward conflict in daily living, and the proof of our maturity is seen in how we face the many conflicts of the day. The path toward following Christ involves crucifixion. To sacrifice ourselves is to better understand the goals, the situations, the actual accomplishments of our purposes. Too frequently we have been content to serve as long as our purpose involves no actual sacrifice of ourselves or of our time and effort.

Men of God, face the situations of life squarely and renew your relationship with God each day. As every day dawns anew, determine in your hearts and minds to sacrifice a little to grow more in spiritual stature that you may fervently follow the Christ. Let go of yourself to rise gloriously in Christ to accomplish your divine task of God's ambassador upon earth. To follow Christ means the complete surrender of everything you hold dear.

**OFFICERS IN WHITE**—Discussing the events that will take place May 13 at the Navy Nurse Corps' 49th anniversary celebration are, left to right, Lt. Gloria Whitfield, Lt. Gilda G. Whitfield, Lt. Lois S. Townsend, Lt. (jg) Maggie S. Lohmann, Ens. Valli

W. Hill and Ens. Ruth L. Elliott. At the far right, Comdr. Anna Danyo, Chief Nurse, U. S. Naval Hospital, helps the North Carolina nurses map out plans for the big event.

# Navy Nurses Celebrate Corps' 49th Anniversary

A reception complete with a cake-cutting ceremony will be held May 13 at the Naval Hospital Nurses quarters in honor of the 49th anniversary of the Navy Nurse Corps.

Under the leadership of Comdr. Anna Danyo, Chief Nurse, the Nurse Corps officers carry a professional responsibility in providing high standards of patient care at Camp Lejeune. This calls for continual expansion of their professional capabilities through long years of formal and service study, reading and participation in organized activities within their command.

They operate in conjunction with other Medical Department officers and participate in the organized efforts of the civilian nurses throughout the district, state, national and international organizations for nurses.

Nurse Corps officers commissioned in the Navy are fully qualified as professional nurses, having received their formal education in nursing at qualified civilian schools of nursing and all are registered in one or more states.

They are required to maintain current state registrations and hold their membership in the American Nurses Association as well as other nursing organizations if they have a specialty.

The responsibilities of the Navy nurse are threefold: they care for the patient, they teach him health rules, and aid in the instruction of the Hospital Corpsmen in funda-

amentals of nursing care, operating room technique, blood bank and physical and occupational therapy.

Along with the trend of increasing the professional capabilities of all members of the Medical Department and also making the career for Nurses in the Navy more attractive, the Medical Department Education Program offers Nurse Corps officers the opportunity to attain a baccalaureate degree.

Starting with 44 nurses in 1903, there are at present approximately 2,100 Nurse Corps officers on active duty, with 56 nurses attached to the Naval hospital here at Camp Lejeune and three nurses attached to the Base dispensary in the Hadnot Point area.

Navy Nurses have served in most Navy and Marine Corps activities throughout the United States and the world, as needed by our Armed Forces. Nurse Corps officers are presently stationed at all U. S. Naval hospitals, Hospital Corps Schools, infirmaries and dispensaries, officer procurement offices, Japan, Philippines, Kwajalein, Hawaii, Guam, Alaska, Italy, Argentina, Guantanamo Bay, USS Haven, Military Sea Transports and flight nurses with Military Sea Transport Services.

## WM Maneuvers

By CPL. JEAN DAVIS

Once more WM's stationed at HQMC descended upon Camp Lejeune to visit with friends they had known when stationed here. Seen around the barracks were Sgt. Dorothy Wetmore, Pfc Joan Kazalonis and Pfc Betty Maupin.

CPL. DAVIS

They, like all the other ex-Lejeunites who are now stationed in D. C., extended an invitation to anyone who would care to come up and visit them. There are numerous WMs stationed here who at one time were at Lejeune and would be glad to see a couple of old faces now and then.

Speaking of old faces, ex-WMs Barbara Logan and Reba Reeves were very prominent in the crowd at the airport when Cpl. Jean Doyle arrived at Burbank, Calif., on leave. Word relayed back from Jean is that Barb and Reba are fine, as well as Joan Elmore, who was also stationed here.

On the first lap of Jean's leave she had the good fortune to be pleasantly surprised at seeing Shirley Bostwick in her home of Danville, Ill. Travelling by automobile from Fort Worth, Texas, to New Buffalo, Mich., a short break for fuel was taken in Danville and who should show up at the gas station while Jean was there? You're right! Shirley was just as surprised to see Jean.

Transferring to Parris Island for duty this past week were Pfc Carol Robinson who headed south on May 6 and Pfc Sylvia J. Halford, who left Wednesday.

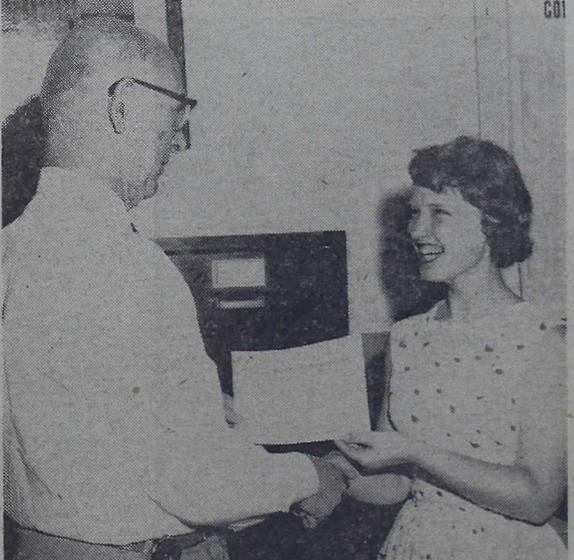

Cpl. Mona G. Forsee, who was discharged yesterday, reenlisted and was transferred to a tour of duty in the Windy City of Chicago.

Welcome aboard, Pvt. Kathryn A. Field of Chicago, Ill., and goodbye and good luck to Pfc Miriam Hall, who was discharged May 8.

## Initiation Postponed By Toastmistresses

The candlelight initiation of new members of the local Toastmistress club, scheduled to be held at the Tarawa Terrace Community Center at 8 p.m., next Tuesday night, has been postponed until May 28. Many of the members have husbands soon to be transferred, and for that reason desire to take leave during the time the meeting was planned.

At the May 28 meeting, the initiation will be held, starting promptly at 8 p.m. During this meeting, Mrs. Emily Stevenson, formerly a dancer with the Metropolitan Opera Company, will dance a ballet number.

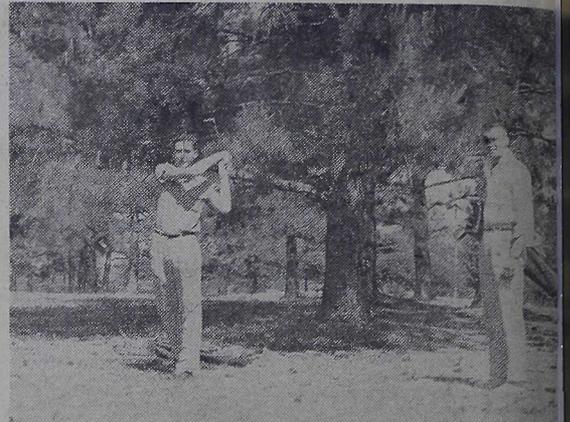

**OUTSTANDING ACHIEVEMENT**—Sandra J. Clements, daughter of Capt. and Mrs. Frederick P. Clements, receives a Certificate of Merit from the National Merit Scholarship Corporation, presented by Mr. B. A. Barringer, principal of Camp Lejeune high school. Taking top Scholarship Qualifying tests, Sandra was in the top one per cent of students tested, thereby receiving the certificate. A senior at Camp Lejeune high school, she plans on entering Rice Institute upon graduation.

# DEAR MOM:

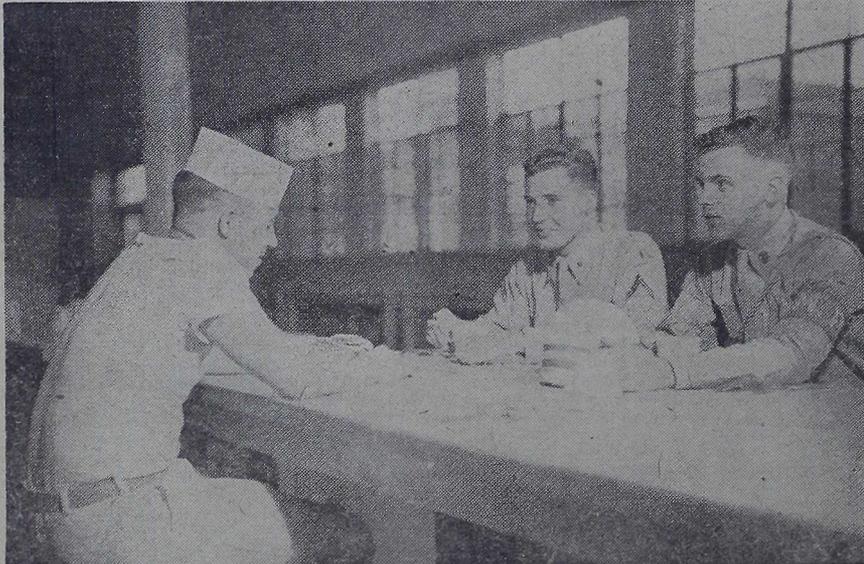

1 . . . because we don't have to work Sundays, we sleep as late as we like. Most of the guys in the barracks sleep until 10 or 11 in the morning. That is if they don't have a bunk buddy like mine! That's Ed Hollaran waking me up to go to church . . . at 8 a.m.! Services go until noon, but he likes to make the earlier one. What a buddy!

## Not much new houg

4 . . . we headed for the golf course. There are two courses on the Base. One for the "pros" and the other for duffers like Art and I. It didn't cost us a penny to play. All we had to do was show our identification cards and a man in the clubhouse handed us a bag of clubs. Note the "Sammy Snead" style . . .

2 . . . after church, I went to the mess hall for steak and eggs during brunch, and ran into Pfc Denis Vitelli who is now on mess duty. He works in motor

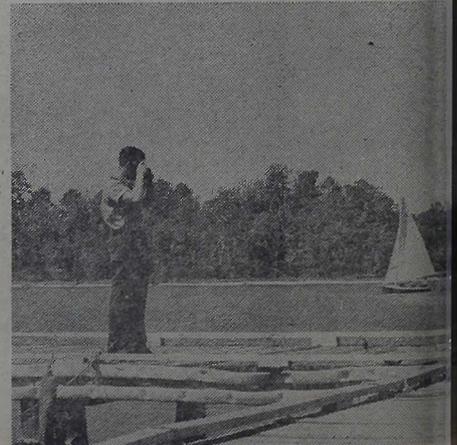

transport maintenance, too. That's Pvt. James Munch of Guard Co., MP Bn., sitting next to me . . .

3 . . . stomachs full, we went to the parking lot where Art Carl helped work on the engine of the car. It is still running fine though it burns a little oil now and then. It was a beautiful day for golf, so . . .

5 . . . on the way to Wallace Creek for a duck hunt, we checked out the Spanish trees. There were a few on hand but I guess they left the creek . . .

6 . . . Ed took a few pictures while at Wallace Creek after we finished proving we were in excellent paddling condition. Notice the sailboat in the background . . .

8 . . . after cleaning up, I went over to the Woman Marine barracks and met Pfc Dian Huston. We couldn't make up our minds at first where to go. There is usually dancing at Marston Pavilion, so we decided to go there. It isn't very far from the barracks and is located on Wallace Creek. Really get a beautiful view from the Pavilion. The juke box was playing when we got there . . .

10 . . . well, it is getting close to "lights-out," and I still have to get my gear in shape for tomorrow morning. Back to the body and fender repair section, but it isn't too bad. When I get out, if I do get out, I'll have a trade to fall back on. So, for now, with my best regards to all, and, of course, my love to you. . .

TO THE VICTORS—The new winners of the recent volleyball tournament, Second Force Service Regiment, downed MAG-26, MCAF, during the finals of the Tri-Command Intramural Volleyball tournament last week. Brig. Gen. Jack P. Juhan, left, commanding general of Force Troops, presents the team trophy to Col. M. I. Shuford, commanding officer, Second Force Service Regiment, as Lt. Col. H. M. Lee, team captain, looks on.

# Second Force Service Regt. W Tri-Command Court Champions

In one of the most thrilling volleyball series witnessed here, 2nd Force Service Regiment, Force Troops, outlasted MAG-26, defending champions, to win the Tri-Command volleyball championship last week.

Both teams displayed a great team effort in rallying again and again when like they were faltering.

MAG-26, already beaten earlier in the week by the newly-crowned champs, had to come back from the loser's bracket of the double-elimination tournament to gain the finals.

Both these teams had met previously in championship play with the Service Regiment beating MAG-26 for the Force Troops Title.

MAG-26 forced the tournament into a double finals by taking the first game. Taking an opening lead for the first time in tournament play, they commanded the game from the start and won go-

ing away by a 15-7 score.

In the second game, just to prove it wasn't luck, MAG-26 beat Service Regiment 16-14 but only after they were extended to the limits and the game was thrown into an overtime.

These wins now put the 1956 champions on an equal footing with the Service Regiment group, each having lost one series.

The final series of the championship was an altogether different picture as far as the outcome was concerned. Second Force Ser-

vice Regiment won the 17-15.

However, to add to the built tension, MAG-26 recovered and with changing five times, won the second game in overtime score.

With a win each, the set for the final game of the championship. Here the vice regiment squad took and repeated its first game to win 15-9 and become Tri-Command champion

## Pony League Leaders Set 1-0, 3-1 Marks

After two weeks of play in the Camp Lejeune Boys Senior League, College View Cleaners holds down first place with a 3-1 record. The Spangler Realty team hasn't participated in as many games, but is sporting a 1.000 average with one win and no losses.

The Southern Cleaners' nine is in third place with a 1-2 record. Rounding out the standings in the Senior loop is Camp Cafeteria with no wins and two losses.

In the Junior circuit, Johns Tarawa Amoco and Henderson and Hayes lead the league with 2-0 and 1-0 records respectively. Tied for second place is Pete McMillan Furniture and Midway Park Food Center with identical records of 1-1.

American Cleaners is in fifth spot with one win and two losses. In the cellar is Bowlarena with no wins and two defeats.

The Camp Lejeune Boys league plays every Monday through Friday. Gametime is 5:30 p.m.

### sports in short

SSGT. HARRY DUKE

**SUMMER SPORTS**—Outside activities finally pushed their way to the front of the sports scene last week. With the completion of the Tri-Command volleyball tournament and the upcoming FMF tourney, and with the exception of the summer bowling leagues, the outdoor activities will take the spotlight.

Baseball, tennis, softball and other activities are now taking their place with golf, which started a few weeks ago.

Last week saw the beginning of the baseball activities around the base. Division intramural baseball is well on its way as is the Force Troops and MCB leagues which started last Wednesday.

**RAINED OUT**—WM softball was the only sport that didn't get off on schedule. The WM's were rained out of both their scheduled opening games with the Cherry Point Jets last Saturday and Sunday. The games have been re-scheduled for June 1-2.

This week, Coach Barbara Boyd's charges will open their season with a two-game series at Norfolk.

**FOOTBALL NEWS**—Even before the summer activities are fully underway, football began to sneak its way into the news with the announcement of the coaching staff for the 1957 season. (See story, Page 9.)

A visit to the athletic office will find members of the staff busily making out a schedule and doing the hundred and one odd things that have to be done before the campaign starts. To date, nine games have been scheduled for the '57 campaign and it is hoped to complete a 10-game schedule soon.

At present the staff is preparing for the screening session that will get underway in July. Applications for the screening session are still being sought to fill out information cards. This can be done at the Athletic Office, Goettge Memorial field house, at any time during the day.

**CONGRATULATIONS IN ORDER**—Congratulations are in order to the Second Force Service Regiment for winning the Tri-Command Volleyball tournament. Also winners of the Force Troops Championship, the champs will now compete in the FMF Tournament at Camp Geiger on May 13, 14 and 15.

**HANDBALL NOTES**—Two Camp Lejeune handball players placed among the top eight in the All-Marine Handball Tournament held recently at Headquarters Marine Corps.

Lester Sadler and Bill Hampton reached the quarter-finals in both the singles and doubles competition for which they received silver plaques. Sadler and Hampton were members of the five-man team that represented Lejeune in the All-Marine Tourney.

## MCSS Nine Edge Engineers 4-3 In MCB League Opener

Marine Corps Supply Schools opened the 1957 MCB intramural baseball season last Wednesday with a 4-3 win over Engineer Schools Battalion.

Anthony Valtuttille, pitching for the winners, gave up five hits, struck out four, and walked one. For the losers, Jameson pitched a two-hitter, striking out 11 and walking five.

Engr. Sch. Bn. went ahead 2-0, getting one run in the first and

duplicating it in the second.

In the bottom of the third, MCSS put together a base-on-balls, a single, a hit batsman and a triple by Calvin Helling to score three runs.

In the fifth, Bob Ganton walked and Helling hit a long fly ball which was dropped by the left fielder, allowing Ganton to score from first.

The Engineers scored their final run in the sixth inning on three errors and a long fly ball.

## Force Troops Host FMF Court Tourney

Force Troops will host the Fleet Marine Force Volleyball tournament at the Camp Geiger gym beginning May 13 and ending May 15. Game time is scheduled for 9 a.m. and 2 p.m.

Units participating in the tourney are Force Troops and 2nd Division from Camp Lejeune, the 2nd Marine Air Wing, Cherry Point, and MAG-31 from the Miami Air Station, Fla.

The winner of the tournament will participate in Atlantic Fleet tournament at Norfolk, Va., on May 20-21-22.

## Pups Close Season; Trip Swansboro 8-7

In their final game of the year, the Camp Lejeune High school baseball team beat Swansboro 8-7 in an extra inning affair. Dale Griffith singled home the winning run in the bottom of the eighth to give the Devilpups a 5-6 win and loss record for the year.

In beating Swansboro under the lights at Agganis field last Friday night, the Pups collected eight runs on four hits and 11 walks. They committed five errors afield.

Pitcher Art Potts went the distance for the Devilpups, giving up seven runs on 11 hits. Potts registered 10 strikeouts in winning his second game of the season. His pitching record stands at 2-2.

Griffith took the team's batting title with a .464 average. Neil Sullivan was second with .324, and Paul Anthony third with a .298.

Athletic competition for the Pups will end today when Coach McGhee takes five members of the track team to a sectional track meet at Raleigh, N. C.

## 8-7 Win Gives 3rd Bn. Second Marines Loop

Backed by Bill Dann, Pat Clinton and Jerry Austin, the 3rd Bn., Second Marines, ran their winning three straight last week by defeating 2nd Bn., 8-7, in six-hit pitching of Pete Gallant in an extra-inning game.

Previously, the defending Second Marine champions had beaten Provisional Battalion, 14-4, and the 2nd Battalion, 12-8.

After being held scoreless for two frames, the 3rd broke loose in the third with three big runs on two hits and two walks.

Dann opened the inning with a base on balls. After Gallant flied to right, Austin lined a single into center, sending Dann to third. Joe Michalski drew a pass to load the bases. John Groller unloaded the sacks with a clean shot into right. Doc Ross ended the frame by grounding into a double killing.

The 2nd pulled up with two runs in the bottom half of the frame when pitcher Garten singled and reached second on an error. Paulsil walked and Wilson doubled. Gallant retired Morton and Tenny on strikes.

## Tight Pitching Highlights Opening Of FT Baseball

Force Troops baseball season got under way last Wednesday at the Camp Geiger ball field with Col. L. A. Ennis, Force Troops Chief of Staff, tossing out the first ball.

In the opener, Headquarters Co. played host to 2nd Force Service Regt., and got off to a fast start by scoring four runs in the first inning off starting and losing pitcher L. Cappozza.

Frank Hajek, Headquarters right hander, pitched a neat one-hit game and allowed but one run to cross the plate defeating the service troopers 8-1.

On Thursday, 2nd 155mm How. Bn. shut-out MAG-26 4-0, on a two-hitter by J. Healy. The game was called at the end of five innings due to rain. MAG's pitcher T. Milton allowed only three hits, but all proved fatal coming back to back in the third inning where the artillerymen scored all their runs.

Pitcher Healy struck out nine men and allowed only one to get past second base. During the game, the artillerymen pilfered six bases.

Eighth Engineer Bn., winner of two straight contests this year is in the top spot of the still-young season. On Friday they dropped 8th Motor Transport Bn. 8-5 when pitcher B. Knight pitched and batted his team to victory. On Monday they again showed the power by downing Headquarters Co. 8-4.

In this game the Engineers made good use of the loose ball handling by Headquarters and were able

Rounding out the coaching staff is TSgt. George Cordle, who will handle the ends this year. Sgt. Cordle, who has been NCOIC of athletics here for the past year and a half, has eight years of playing experience behind him.

His service ball playing began here at Lejeune in 1946. In 1947 and 1948 he was a member of the Camp Pendleton and Pensacola teams. At Quantico, Cordle was a member of the 1949 All-Marine team and played there in 1950-51. He then played for Hawaii in 1953 and Lejeune again in 1955.

to score six unearned runs. John Kenny, Headquarters shortstop, banded the longest hit of the game, a triple in the fourth. The winning pitcher was F. Bishop.

In the only game played at Courthouse Bay, J. Dragon hit the first home run of the season in the third inning of the game between 2nd AmTrac Bn. and 2nd Force Service Regt. The Service Troopers won 9-4 after C. L. Methe hit the second homer of the season with bases loaded in the fifth. The winning pitcher was J. Dragon.

## Eight Fights On Tap For Smoker May 16

The Second Force Service Regiment, Force Troops, will sponsor a boxing smoker at the Goettge Memorial field house at 8 p.m. on May 16.

Eight grueling bouts are on tap for the boxing card. Feature event for the evening will be Tom Schaffer of the Camp boxing team vs Ray Drillich.

In the semi-final event of the night, heavyweight Dave Robinson will fight Donald Sanders.

In a special event, Pete Benson Jr., son of Coach Pete Benson of the 1956 boxing squad, will fight an exhibition match. His opponent is unnamed to date.

## Sample's Grand Slam Homer In First Gives 3rd Bn. Victory

Oddie Sample slammed a home run with the bases loaded in the first inning Tuesday night and the 3rd Battalion went on to defeat Provisional Battalion, 7-1, behind the three-hit pitching of Charlie McMann. The action took place in the Sixth Marine Regimental baseball league, and evened the two teams at one-all for the season.

In going the distance, the little right-hander mixed in a good breaking curve and an effective knuckle ball with his fast one as he kept the hard-hitting Provisional crew off balance. He struck out six and walked only two.

Bob Glass, who went the route for the losers, walked John Shealey, allowed Vince Caso to go safe on an error and gave up a base hit to John Consolini to load the bases and set the stage for Sample's clout.

After Segich was walked and erased on a force-out, Babe Herman reached first safely on second baseman Coffey's error and scored on Barney Holley's double. Glass got the the last two men on strikes to end the frame.

Although the five runs were good enough to win the game, Glass managed to hold the winners in check for the remainder of the game with the exception of the sixth.

Sample opened the sixth with a single and advanced to third when Segich struck out and on Herman's

grounder. Holley sent him home with a line drive to left. Holley scored when Cronin misplayed Hamlin's ground ball.

A walk, a hit and two ground outs let in the only marker scored by Provisional in the top half of the seventh.

After Yeagle grounded out, Coffey slapped out a base hit. He went to second on Gilbert's walk and scored when Cronin grounded out.

Coach Gilbert of the Provisional nine said after the game that he thought the loss did his team some good. Provisional is favored to take the Sixth Marines' intramural title. He gave credit to McMann, 3rd Bn.'s classy little righthander, and believed his breaking stuff was very good.

Coach Johnny Coursey, head man in the 3rd Battalion, feels that he has a team that won't give ground to any club in the regiment. The team that beat Provisional Tuesday night was a general shakeup of the same team that lost to Provisional last week.

The two teams will meet again Tuesday. They are scheduled to play each other until the 1st and 3rd Battalions return from the Med and Vieques respectively.

## Off-Base Personnel Form Softball Loop

All personnel living in Tarawa Terrace interested in forming a softball league are urged to attend a meeting at the Community Center Monday night at 6:30.

It is hoped that an eight-team league can be formed from Tarawa Terrace, Camp Knox and Midway Park. Field for playing the games would be the Camp Knox softball layout.

According to SSgt. Raymond Leach, equipment and other essentials for playing have already been provided. The main purpose of the meeting is to get as many interested persons out as possible in order that plans can be laid for forming the league.

Further information can be obtained from SSgt. Leach by phoning 7-5713 during working hours.

## Staff NCO Keg Loop Has Two Leaders

Two teams are tied for first place in the Staff NCO Summer Bowling league. With identical records of four wins, two losses, and six points, the 8th Engineer Battalion and 2nd Service Regiment are pacing the leaders.

In last week's play, 8th Engineer Battalion shutout the Shamrocks 4-0, while 2nd Service Battalion was beating Engineer Schools Battalion 3-1.

Other games of the week saw the Courthouse Bay Staff team win over the Pin Splinters by 3-1, and the Dumpers forfeiting to the Jokers by 4-0.

**HIGH SHOOTER**—Pfc Kenneth H. Bethard, H&S Battery, 2nd 155 How. Bn., was awarded a shooting jacket by Lt. Col. F. Stampfli, CO, 155 How. Bn., for shooting a 232x250 at the Camp Lejeune Rifle Range last week. Bethard was high shooter for the week and highest this year to date.

# FISH & WILDLIFE

BY THE "OLD ANGLER"

Phone 7-5821

**FRESH WATER FISHING GOOD**—Well, the fishing reports are coming in now that the season is in full swing. From here on in there should be plenty of news to pass on to fishing enthusiasts around Lejeune.

Last week a few anglers took my tip about fishing the stream near Richlands. One of the reports I received came from Bob Courtright.

Bob tells me that he gave it a try last Thursday and was amazed at the amount of fish it offered. He had a field day, killing eight pickerel—largest about 18 inches—and two bass averaging around one and a half to two pounds each. He caught them on a Silverfish and Silver Spinart and said he couldn't raise a fish on a gold-colored lure.

He saw plenty of bass but they are sluggish and figures that flies would be the lures to use in this hot weather. Before calling it quits, Bob turned over several fish on popping bugs and left a Silver Spinart in a pickerel that would go well over three pounds.

**SALT WATER**—All up and down the coast, the fishermen are bringing in fine catches. Reports from north of here say the blues are really taking plugs, mostly the Sea Hawk.

Lewis Orr sent me word that the main fish running now at Topsail pier are the mullet and blues. Mullet mostly at night and blues in the daytime. The mullet are taking shrimp and the blues are hitting the Sea Hawk. He sent along the below picture to show an example of the catches.

Orr told me to remind Lejeune anglers that there is no charge for Marines on Mondays, so if you can swing that day off, drop down. With Daylight Saving Time with us there is plenty of daylight left after a day's work and with the pier staying open all night, plenty of fishing available after working hours. Chartered boats are also available if a bunch of you want to get together and spend a day of good fishing out where the big ones run.

**LOOK, MEN—FISH** — My plea for pictures came through. Here is the first of the season. This catch of 47 mullet and seven blues was caught at New Topsail pier last Friday. They were brought in by CWO N. J. Krager of Second Force Service Regiment and Louie Sandler, a civilian worker here.

**FISH AND WILDLIFE CLUB NEWS**—The club is looking for an officer who will take the reins and head up a fishing committee for the Fish and Wildlife club. Any officer who is a fishing enthusiast is asked to contact club president, Maj. Charles C. Cresap at 7-3704. It is hoped that fishing activities will be put on par with those of hunting.

**MEETING**—The next meeting of the Fish and Wildlife club is scheduled for next week, Wednesday, May 15, at 7:30 p.m. Paul Metters will handle the meeting and probably bring a representative from the state. This meeting will be of particular interest to fishing enthusiasts. The program will be centered around the various fishing spots around the state. The speakers will pass along some fine information as to the best places to fish, camp or go on outings with the family, and about the various accommodations that are offered. It will be well worth your time to attend.

## Upsets Mark Weekly Play In Staff NCO Wives League

The Staff NCO Wives Bowling League was marked by upsets this past week when the second place Scatterpins shut out the league-leading Flub Dubs 4-0 and the last place 300's beat the Pin Ups 3-1.

By virtue of their win, the Scatterpins moved to within two games of the league leaders.

The three top leaders for weekly high individual series were Maxine Vance, 415, Ailsa Carter, 414, and Nell Alford, 412.

For the fourth straight week, Margaret Casey was high individual game winner when she bowled 166. She also led the Flub Dubs in the high series department with a 388.

The 300's took both high total series and high total game with 2181 and 743 respectively. High individual game for the 300's went to Ailsa Carter with 151.

The Scatterpin leader in both individual game and series was Shirley Ortman, who posted a 146 and 402 respectively.

Betty Christy bowled 148 to take high individual game for the Pin Up team.

The Flub Dubs still lead the league team play with a high total series of 2331 and high total game of 831.

Margaret Casey also leads the individuals in these departments with a 183 game and 483 series.

**GOLF ETIQUETTE IS A FORM OF COURTESY, PRACTICE BOTH**

The one-day CGA tourney at Fayetteville is within driving distance from Lejeune, so why don't you get up a foursome and motor up there and play their course. It will come off this Sunday, the 12th of May. The same type of tourney will be played at Kinston the following Sunday, so if you can't make it to Fayetteville, plan to go to Kinston.

The new look out at the course is the new uniforms that the starters are wearing these days. Any time you see the boys in "Blue and White" around the course they are available to answer any of your questions or to help you in any way they can to make your game more pleasant. We tried to pick a uniform which would make them stand out from you golfers (we are not gas station attendants), so we hope you will come up to us with your golf problems.

If you have played the course in the past week, you have probably noticed that Mr. Mann and crew have gotten the three new greens all sprigged with the grass stens. I was talking with Mr. Mann and he is very confident that we will be putting on these greens by the Fourth of July. Number 11, the old heart-breaker for some people, will be the next green to go and he expects to get a bulldozer out and build up the reverse slope of this green so your ball won't roll over the back side too easily.

# Sea-Urchins Begin Season Of Underwater Exploration

Sea-Urchins will take to the Carolina waters again this year for their annual duel with King Neptune.

This society of the deep is not, as their name might imply, prickly denizens living on the ocean's floor, but rather Camp Lejeune Marines who spend most of their off-duty time skin diving.

First Lt. James Miller, of VMO-1, an active member of the club, claims that the Sea-Urchins "join in the world's largest arena, beginning round one of one of the most exciting matches ever involving man. That is, man against the sea and the water's inhabitants."

**CPL. CARL BROWN** ... Sea Urchin Equipment

Sea-Urchins might be found spearing fish, salvaging lost equipment, doing rescue work or just practicing safety measures in the Area Five swimming pool. Aqua-lung classes are presently being held Tuesday evening at 7 p.m. in the Area Five pool.

Summer plans range from skin diving under the Swansboro bridge to diving on the USS Suliod, a freighter torpedoed 17 miles off the Carolina coast in 1942.

Two boats are used by the local swimmers and three aqua lungs, besides five other lungs owned by members. Two club outings a

month are scheduled. Shortly, the club will launch their 1957 Spearfishing Derby with points awarded according to the size and variety of fish. At the end of the derby, prizes will be awarded winners.

To those interested in getting into the "swim of things," Lt. Col. Robert Davis, Assistant G-4 of the 2nd Division, club president, extends an invitation to attend the next meeting.

The place: Eldg. 65, topside; date: first Thursday of each month; the time: 7:50 p.m. A special meeting will be held next Thursday night to receive potential members. Male or female skin-diving enthusiasts are invited to attend.

The club takes great pride in their accident-free record.

# Swansboro Duke

(Continued from Page 2) manner they soon learned to be leery of anyone except their handler. "Harassing dogs isn't one of my virtues," the trim sergeant said, "I'd much rather be raising or training them for show."

Newton is working hard on establishing a kennel club here at Camp Lejeune. According to the sergeant there are too many "fine" dogs running around the Base, who, with proper care and training, could be exceptional examples of their breed. He is collaborating with several other pedigree owners on instituting the club but says lack of support is holding up final preparations.

Sam took an immediate liking to Alex and his family upon his purchase and transfer from Swansboro to Midway Park. He receives a workout every day from his master and expert handler and is rapidly learning the obedience, stance and carriage, necessary to a champ.

He also gets frequent exercising from Newton's five-year-old daughter, Leah, who finds no end of enjoyment in crawling over him, hugging him, pulling his hair, and stuffing building blocks in his mouth. Sam accepts this as part of his daily routine with a worldly sigh and a lick of the chops. Should he tire before she (which he usually does), he merely lies down and ignores her until she finds another source of entertainment.

Sam doesn't know it yet but his master has plans of obtaining a mate for him and presenting each 2nd Division regiment with a pedigree bulldog mascot.

In fact, Sam knows very little of affairs in the human world and surely cares not about his ignorance. To be truthful, he must, in all his easy-going, good-natured manner, wonder what the devil is all the hustling is about.

# Onslow Beach Opens; Bus Schedule Shown

Starting next Monday, in conjunction with the opening of Onslow Beach recreational facilities, the Base Motor Transport Officer will operate buses to the Beach area in accordance with the following weekend schedule.

From the Base bus terminal, commencing at 12 noon Saturday, and 10 a.m. Sundays and holidays, the bus will depart from the terminal each hour on the hour. The bus will depart Onslow Beach on the return trip to the terminal each hour on the half

hour until 8:30 p.m.

Buses, depart Force Troops headquarters bus stop at Camp Geiger at 12 noon, 3 p.m., and 6 p.m. on Saturday. Sundays and holidays, buses will leave at 9 a.m., 12 noon, 3 p.m., and 6 p.m. Buses inbound from the Beach to Camp Geiger will leave one hour later than the outboard schedule except on the last run which will depart Onslow Beach at 8:30 p.m.

Marine Corps Base commands and unit organized swimming parties of 15 or more personnel may arrange for special transportation directly with the Base motor transport dispatcher.

Fleet Marine Force units may request this service through their respective motor transport units in accordance with presently established policies. This means the 2nd Division through Division motor transport officer; Second Force Service Regiment through the Second Service Regiment motor transport officer, or through the respective unit duty officer after regular hours.

Class seven of the Division NCO Leadership School received diplomas Friday last week, after completing four weeks of intensive training.

First to be presented a sheepskin was honor graduate Pfc Robert M. Popiluck, "H" Co., 3rd Bn., Second Marines. He headed the 46-man class with an overall 94.91 average.

Col. W. R. Collins, Division assistant chief of staff, G-3, was guest speaker for the ceremony. The colonel defined leadership with such words as "complex" and "intangible" and pointed out a leader as one who can efficiently and intelligently direct others toward a common goal.

During the month-long course students did everything from pushing pencils to firing mortars and rockets. Classroom instruction gave students an insight to weapons, maps, compasses, tactics, and drills, while the field training enhanced practical application.

Some of the problems included a night compass march, an assault of fortified positions, an air drop, and a three-day battle under simulated combat conditions.

# Off-Duty Education Offered for Summer

A registration meeting for summer sessions of college off-duty education program offered by East Carolina college at Montford Point will be held at the Goettge Memorial field house next Wednesday at 7 p.m.

The proposed summer quarter will convene through June and July.

Since the establishment of summer sessions depends entirely on the attendance and interest at this meeting, all interested persons are urged to attend.

BY TSGT. JACK MCCARTHY

There is only one musical work in existence that holds the approval of the low, middle and high-brows at the same time. Only one work which combines the classical and jazz idioms in a complete and satisfying way—Gershwin's Rhapsody in Blue.

Just over thirty years in exis-

tence, it must be one of the best known and best liked pieces of music in the world. It has been played everywhere and in every possible way from full concert performance to harmonica, by virtuoso pianists and by Jamaican steel-

bands. Its main melody is one of the most unforgettable melodies ever written.

In 1924, Paul Whiteman insisted that Gershwin write a concert work for his orchestra to perform. Within three weeks Gershwin had completed the score, although his painstaking revisions and alterations were to occupy him right up to and through the first rehearsals.

The idea for the work had actually occurred to him late in 1923, and had come to shape in his mind on a train journey to Boston. Back at his home in Gotham, the main theme came to him as he was casually improvising on the piano. At the first rehearsal of the Rhapsody, Whiteman was so affected by the music he forgot to conduct.

The orchestration of the Rhapsody in Blue was done by Ferde Grofe and it was first performed by the Whiteman orchestra with Gershwin as soloist in the Aeolian Hall on February 12, 1924. It was an immediate success and confirmed the high opinion which his friends and admirers already held.

# Attendance Totals Show Base Movies Important

Attendance at various local affairs depends on many things, but the most important is the date on which the affair is scheduled.

During the first of the month, most service personnel on the base have money, therefore they shy away from free movies and travel to off-base liberty towns to spend money.

But, as payday passes, and the money dwindles, the Base movies become more and more important to the individuals. A good way to pass time and a solid schedule impress the Marine.

At Marston Pavilion during a dance, between 350 and 500 Marines and guests enjoy dancing and music. At the Camp Theater before the dance, if there is a concert, there are 1,000 to 1,200 people.

Drive-in theaters host the majority of military dependents and guests, whereas the Camp Theater and the Camp Geiger Indoor vie for top attendance honors among indoor theaters.

Examples of attendance might well be illustrated by listing the various theaters during the showing of the movie "The Tall T." Rated just one-and-a-half bells, starring Randolph Scott and Maureen O'Sullivan, the movie drew 7,478 Camp Lejeune Marines, dependents and guests.

The Camp Theater headed the list with 2,525, followed by the Camp Drive-In with 1,550 and the Camp Geiger Indoor with 1,005; the

500 Area 385, Courthouse Bay 380, Camp Geiger Outdoor 375, Paradise Point Outdoor 301, Montford Point 289, Naval Hospital 172, Rifle Range 150, Air Facility 126, Industrial Area 125 and Charlie Range 95.

These figures depend on the type of movie showing, the weather and other scheduled events on the Base.

## Need Information For Pin-Up Photos

Since last requesting personnel to submit Hometown Pin-Ups for the Entertainment page, many fine pictures have arrived in the mail. Some, however, due to carrying in wallets, stapling to desks or taping to wall lockers have badly wrinkled these photos.

Colored photographs may not be used as the painted or touched photograph will not reproduce well enough.

Size of the photograph will not matter too much, as long as it is two inches or more in size.

Accompanying the photograph should be a description of the girl and the name and organization of the Marine submitting the photo.

When mailing in such a picture, it is best to include her age, height, weight, color of hair and eyes, hobbies, and perhaps her present occupation or school. This information is used in the caption.

Address photographs to "Hometown Pin-Up, c/o GLOBE."

## Officer Club Activities

The Division Combo will play tonight and tomorrow night at the Paradise Point Officers' club. The first note will drift across the dance floor at 8:30 p.m., and "Goodnight, Ladies" will sound at midnight.

A "welcome aboard" cocktail party tomorrow night for officers who arrived during the month of April. Starting at 6:30 p.m., the party will last until 8 p.m.

Brunch Sunday morning for those returning from church services and the golf course.

Tuesday night is fun night, starting promptly at 7:30 p.m.

Wednesday night, a pianist and song sheets will be available for songfest night. In the cafeteria, round dancing, or ballroom dancing will be taught.

Each Thursday night, square dancing classes are held in the club cafeteria. Appropriate costumes may be worn.

At the Camp Geiger Officers' club each Friday night, Happy Hours at 4:30 p.m., and last until 6 p.m.

Informal juke box dances each Wednesday night at Courthouse Bay from 6:30 p.m. until 11 p.m. Refreshments are available.

Happy Hours at the Paradise Point club begin each Friday night at 4:30 p.m., lasting until midnight. Happy Hours prices prevail.

## Hometown Pinup

LONG DISTANCE—This week's Hometown Pinup sends hi to Cpl. Edward J. Frugone of "K" Btry., 4th Bn., Tenth M. mail. She's Jeannette Jullian, 18, 5'7", 110 pounds, bl. and blue eyes of Valparaiso, Chile, South America. An E. student in American Institute, the two attended high school in Chile.

## Staff Clubs

HADNOT POINT—Each Friday, Saturday and Sunday nights at the Hadnot Point Staff NCO club, Italian and American dishes are prepared by August Carbone in the club kitchen. Lasagna, ravioli, spaghetti and other favorite Italian dishes are served as well as American dishes.

Saturday night, John Holland and his combo will play for dancing from 8:30 p.m., until 12:30 p.m.

Sunday dinners are a specialty, starting at noon and lasting until 6 p.m. Special prices are listed on Sunday's menus. The dining room remains open until 10:30 p.m.

**AIR FACILITY, esterfield Point (AF)** — New Hangar, 7:30 p.m. daily.

**CRY DANGER (2 Bells)**  
 Dick Powell and Rhonda Fleming team up in this two-reel drama. Full of action, the red-headed female holds the interest of the average red-blooded male during weaker moments of this celluloid presentation.

**THE LONELY MAN (2 Bells)**  
 A recent release, starring Jack Palance, Anthony Perkins and Elaine Allen. Set in Montana during 1871, this western is a story about a notorious gunfighter who faces inevitable death because he is going blind. Filmed in VistaVision.

**GIRL IN THE KREMLIN (1 1/2 Bells)**  
 Somebody goofed! Sounds like the movie "Secret Dairy of Joseph Stalin" and contains the same stars, Lex Barker and Zsa Zsa Gabor, which appeared here earlier this month. Mystery, intrigue and a sound plot.

**THE BRASS LEGEND (2 Bells)**  
 Wyatt Earp returns to the screen, portrayed by Hugh O'Brien in a blistering western. Nancy Gates is O'Brien's fiancée and Hugh the sheriff of a town. She wants him to quit, but he wants to finish out his term of office. Things really pop, and bullets really fly. A good show.

**MAN FROM DEL RIO (2 Bells)**  
 Another fast gunshooting, hard fist-fighting western, starring Anthony Quinn, Katy Jurado and Guinn "Big Boy" Williams. Quinn is a Mexican killer. He's finally given the star of sheriff's office and runs all the "bad guys" out of town.

**DRAGON WELLS MASSACRE (2 Bells)**  
 Another western. Barry Sullivan, Dennis O'Keefe and Mona Freeman join acting abilities in a historical action drama dealing with the massacre of passengers on a stagecoach in Arizona's "cowboy country" in the 1860's. CinemaScope and DeLuxe color.

**RIDERS TO THE STARS (2 Bells)**  
 A space fiction color film of well above average order, carefully documented. An account of a trip into space to gather meteors for the government in order to build a space platform. Stars William Lundigan, Herbert Marshall, Martha Hyer and Richard Carlson.

**KING AND FOUR QUEENS (2 1/2 Bells)**  
 Gable's back, and Eleanor Parker, Jo Van Fleet, Jean Willes, Barbara Nichols and Sara Shane all try to get him. A pleasantly different western, it has a humorously hard-boiled attitude. Gable's looking for gold... with all those gals running around. CinemaScope and Color.

**SHE DEVIL (1 1/2 Bells)**  
 Two doctors try an untested "adaptive" serum on a young woman dying of TB and while the serum cures her of her illness, it also robs her of conscience and makes her immune to physical injury. After she murders two people, the doctors realize that they goofed and bring her back to her former hopeless state. Stars Mari Blanchard and Jack Kelly.

**THUNDER OVER ARIZONA (1 Bell)**  
 Essentially a standardized western yarn going back to legendary heroes. A one-man crime wave in Arizona, a fast shooting stranger and, as always, the pretty girl make up the plot. Stars Skip Homeier and Kristine Miller.

**THE VINTAGE (2 Bells)**  
 Good name cast! Pier Angeli, Mel Ferrer, John Kerr, etc., but a very leisurely-paced film. Two brothers crossed the border from Italy into France and work as pickers in a French vineyard. Pursued by the "bossing" is that one of the brothers is wanted... In France, one finds the girl he loves; the other brother gets killed trying to escape.

**THEY DIED WITH THEIR BOOTS ON (1 1/2 Bells)**  
 Starring Errol Flynn and Olivia de Havilland, this drama is a real odie, or at least there is no information on file, going back to 1952. Has good stars so should be a good way to while away 150 minutes.

**APACHE (2 1/2 Bells)**  
 An Apache's last stand against the white man and the encroachment of the U. S. Army. Burt Lancaster plays the part of Massai, with Jean Peters as the squaw devoted to him. The story sticks to historical accounts; filmed in color in fresh location. Not one to miss if it hasn't been seen.

**GUNFIGHT AT OK CORRAL (2 1/2 Bells)**  
 Another good western based on the life of Marshall Wyatt Earp portrayed ably by Burt Lancaster and his fight for law and order. Kirk Douglas holds down the co-starring spot. A fairly new release, the audience will appreciate the fine acting and camera work.

**FLESH AND THE SPUR (2 Bells)**  
 Farming a remote section of the Oklahoma Territory in the mid-1850's, John Agar leaves to find the murderer of his only brother. He saves half-breed Marla English from a gun-drawn bandit and joins Touch Connors in searching for the gang that killed his brother. Has a good switch. Marla English is kidnapped by Indians and put on an ant hill!

**GO GETTER (2 Bells)**  
 Not very much information on this movie, other than the fact that it is a comedy and stars Hank McCune and Beverly Garland.

**TARZAN AND THE LOST SAFARI (2 Bells)**  
 Filmed in technicolor on location in South Africa, it is considered one of the best in the series of Tarzan. There is no

### Matinees

**CAMP THEATER:** Same, "Big Fun Carnival" available, and chapter "Manhunt of Mystery I."

**CAMP GEIGER:** Same "Big Fun Carnival," available, and chapter two of "Manhunt of Mystery Island."

### MIDWAY MOV

**"C" RANGE (CR)** — In Leadership School, 7:30 p.m.  
**PARADISE POINT (PP)** — Outdoors at one-half hour after sundown.  
**TRAPP BAY (TB)** — Outdoors at one-half hour after sundown.  
**ON SLOW BEACH (OB)** — 6:30 p.m.

"Jane" in this film, but humor. Native dances and a juke suspense make this average flicker.

**TEXAS (2 Bells)**  
 Here's another with little but the title itself and the mean a good movie. A western stars Glen Ford, Claire Trevor and Hayden.

**FIVE STEPS TO DANGER (2 Bells)**  
 Ruth Roman and Sterling deeply involved in melodrama with Soviet spies. America intelligence men, police and U on a continuous story in Evening Post, the movie plot to follow, and twists at one scene to another. Hayde job, socking cops, telling agents and comforting Miss

**THE BURGLAR (2 Bells)**  
 According to the "Lies Review," this picture hasn't ed yet; therefore, "no info able." A drama, starring and Martha Vickers. Probabl est drawing card in this by another female.

**WAR DRUMS (2 Bells)**  
 Lex Barker is strong and an Apache chief who takes a Mexican half-breed, Joan to the dissatisfaction of Johnson is a frontiersman amorous drive toward Miss usual whiteman-Apache war. Filmed in DeLuxe color.

**ROCK ALL NIGHT (2 Bells)**  
 The Platters and Dick M in this Rock 'n' Roll show, in the current battle of having a well-rounded cast plot.
