**SPEED**—Dead on arrival at the Naval Hospital was Pfc Willie H. Clark, "B" Battery, 2nd Howitzer Bn., who was thrown from his car when it rolled off Highway 17 near the Camp Lejeune's 31st traffic fatality of 1955.

# One Dead, One Hurt During Hwy. 17 Crash; S-D Results

Camp Lejeune's traffic fatality list for 1955 was increased by one, boosting the total to 31, one minute after midnight Tuesday when an automobile, traveling upwards of 70 miles-an-hour, went out of control on Highway 17.

Pfc Willie H. Clark, "B" Battery, 2nd 155mm Howitzer Bn., the driver, was killed instantly, and his passenger, Pfc James E. Bewley, of "A" Battery, suffered a brain concussion, scalp cuts and a right foot fracture. Bewley is reported in serious condition at the Naval hospital.

Traffic investigators say Pfc Clark's car was traveling approximately 70 mph when he lost control near the Camp Geiger main gate. Both men were thrown from the car which left the highway and rolled seven times for a distance of 486 feet. The driver was thrown 102 feet.

Camp Lejeune's traffic death record for the same period last year was 23.

Two collisions spoiled Lejeune's chances for an accident-free, injury-free S-D Day.

Last year Lejeune chalked up a record of no deaths, no injuries and one minor accident for S-D Day.

Involved in a two-car smash-up on Highway 24, 10 miles north of Swansboro, were Sgt. Kenneth W. Archer and Cpl. Dan Pierce, both from H&S Co., 2nd AmTrac Bn. Sgt. Archer, the driver, suffered a fractured ankle and neck injuries and Cpl. Pierce sustained a fractured left leg.

Also involved in a crash was William B. Eaves, HM3, H&S Co., 2nd Tank Bn. He suffered minor injuries. Police said Eaves crashed his car into three other cars at a stop light.

Service doctors will in most cases administer the shots to service personnel and dependents.

## Parade Wednesday For Gen. Litzenberg

Marine Corps Base troops will parade before the new Camp commanding general, Maj. Gen. Homer L. Litzenberg, next Wednesday at 4 p.m.

Participating units from MCB will be Service Bn.; Hq. Bn.; MP Bn., and two combat-type units, the 3rd AAA AW(SP) Bn. and the 2nd 155mm Howitzer Bn.

Col. George B. Bell will be commanding officer of troops for the parade.

A reception for General Litzenberg will be held at the Paradise Point club at 5 p.m. by the officers of MCB.

Dependents of personnel at Camp Lejeune are invited to view the parade.

## Defense Officials Seek Pay Boost, Benefits For Service

High officials in the Armed Forces are setting the stage to ask Congress for higher pay and more benefits for men in the Services.

Air Force Secretary Quarles revealed that the last increase in pay for servicemen actually saved the government more money than it cost.

In quoting reenlistment rates since enactment of the pay increase over a like period before its enactment, Mr. Quarles said the Services retained 11,000 men who otherwise would have been lost.

This, the Secretary maintains, is the retention of skills worth \$160 million, and since the pay increase cost only \$50 million for that period, this results in a \$110 million savings.

At Omaha, Neb., Assistant Secretary of the Air Force, David S. Smith, delivered a speech "urging" the government to "close the gap" between military pay and benefits, and the wages received by civilians for comparable work.

An article appearing in the Army, Navy, Air Force Journal states there is "renewed talk" that the Defense Department will heed the urging of the Services and ask Congress to boost the career limit of \$2,000 on reenlistment bonuses.

Using the same reenlistment statistics as Secretary Quarles, Mr. Smith urged the government to give added pay incentives to reenlistees in the Armed Services in order to cut down on the loss of highly trained, potential career men.

## A City's Gratitude

December 3, 1955  
General Homer L. Litzenberg, USMC  
Commanding General, Camp Lejeune,  
Lejeune, North Carolina.  
General Litzenberg:

Mayor of the city of Jacksonville, and on the behalf of the and property owners, especially in the business district city, I should like to take this opportunity to thank you assistance given us during the disastrous fire which occurred on the morning of December 2, 1955. The rapid response Camp Lejeune Fire Department to our need was very helpful to me and to the Fire Chief, Mr. Odell Waters, not cause of the assistance received during this fire, but also it indicates the desire of your command to assist when strikes.

As was illustrated very adequately by the prompt response which Lt. Col. Bertram E. Cunningham, Camp Fire Marshal personally directed the activities of the men and the equipment from the Camp Lejeune Fire Department. I should like to call your attention to the fact that we were assisted by the Police Detachment in handling traffic during the operation.

The valued work of the members of your command, along with a paid and volunteer firemen, prevented what might very have been a disastrous conflagration in our business district this we are deeply grateful and would appreciate have made known to all those who participated in the effort.

Sincerely,  
M. A. Cowell,  
Mayor.

## Traffic Safety Show Set For Wednesday By Eighth Marines

A dramatic hour-long safety program will be presented to Eighth Marines personnel at 8:30 a.m., Wednesday, December 14, in the Camp theater.

Planned by the safety section of the 3rd Bn., Eighth Marines, the program will open with a skit illustrating how the improper driving attitude leads to automobile accidents.

Following the skit, guest speakers from the Jacksonville area will be presented. Speakers include Mayor Marion A. Cowell, Rod Jones of the Jacksonville Chamber of Commerce and radio station WJNC, Cpl. Ernest A. Guthrie, State Highway Patrol, and Patrolman J. L. Curtin, representing the Jacksonville chief of police.

Maj. Gen. Homer L. Litzenberg, Camp commander and Maj. Gen. Reginald H. Ridgely Jr., commanding general of the 2nd Division, also will be present.

**SAY "SI SI"**—Cpl. Miguel A. Garcia, left, helps Cpl. Theodore E. Merrill bone up on his high school Spanish as the two prepare for LANTRAEX 1-56. Cpl. Garcia is a native Puerto Rican. Both men are members of "C" Company, 1st Bn., Second Marines.

## Officers May Apply For Extension

Headquarters Marine Corps board will immediately consider applications from Reserve officers in critical categories for Extended Active Duty or Written Agreements, according to a recent Almar.

## MOLOGIST SPEAKS

George Baylin, M.D., Professor of Radiology at Duke University in Durham, will be the speaker at the U. S. Naval Hospital during the monthly Continuing Officer's Clinical Conference.

At 7 p.m., on December 15, Dr. Baylin will speak of the "Plain Abdominal X-Ray Diagnosis."

## Best Way To Stop Colds: Try To Keep Them To Yourself

How do people get colds? It hasn't anything to do with vitamins—or drafts—or wet feet.

Colds are infections caused by germs sneezed and coughed and talked into the air, or wiped onto fingers and toys.

We get colds more often in winter because the doors and windows are closed and people crowd together in warm places.

But the cold germs grow fastest, and fill the air the thickest, around people who haven't much immunity. So you get colds—from other people who have colds.

Does it make any difference? After all, what's a cold. Just something to sniff about?

Not quite. Every so often a feverish cold turns into spinal meningitis, or into a chronic running ear with permanent deafness; or into a rheumatic heart disease which means a lifetime (and not a very long one, either) of being an invalid.

So that's why the neighbors don't love the type of mother who sends her children to school with "only a little fever," to spray the cold germs into the air that other children have to breathe. Or the mother who parks her runny-nosed kid in the community nursery with healthy children while she goes to the bridge club.

And that's why the individual who sneezes and wheezes his way through a day of work, the guy who has "just a little cold," is unpopular.

If you're the independent type who doesn't give a hoot about the world, consider your own interests instead. Cold germs are one kind of bread that really does come back to you when you cast it upon the waters. You can catch your own cold again, after it has had a few weeks to pass through a lot of strangers.

This may be the cold that gives you or your children a serious illness.

We don't need a miserable cold season. All we need is a little common sense and consideration. That plus a little politeness and consideration for the other guy.

Keep your cold to yourself!

"NEW BOMB"—The Secretary of the Navy has approved the new bursting bomb insignia for personnel promoted to non-technical grade of Marine Gunner (Defense Department Photo).

## New MC Gunner Rank Device Gets SecNav Approval

Adoption of a distinguishing rank insignia for wear by Marine Corps warrant officers and chief warrant officers who are officially designated as Marine Gunners has been approved by the Secretary of the Navy.

Marine Gunner is the designation for warrant and chief warrant officers serving in non-technical fields.

The device, similar to the pre-World War II Marine Gunner insignia, consists of a "bursting spherical shell." It will be available in bronze for wear with the service uniform and in gold for wear with the dress uniform.

When worn with the service uniform, the bronze device will be on the left collar of the khaki shirt. Insignia of rank will be worn on the right collar. When worn with the dress uniform, the gold insignia will be placed on each side of the standing collar, two inches to the rear of the collar ornaments.

Also approved was adoption of a diamond-shaped patch with a permanent black Marine Corps emblem stencilled in the center for use on the camouflaged helmet cover.

The patch will be sewn on the front of the cover and will be available in two camouflage color combinations, one for use on the green side of the cover and one for use on the khaki-colored side.

## CL Fire Department Helps City Firemen Battle Store Blaze

Fire Engine Companies One and Six, and Fire Rescue Squad One from Camp Lejeune were rushed to Jacksonville last Thursday morning to aid city firemen battling flames of an undetermined origin which gutted a store on Court St.

The Lejeune fire department went into action at 4:42 a. m. and helped the J'ville firefighters place a blaze under control by 7:16 a. m. The fire started in a rear storeroom.

Intense heat and smoke made entry to the store impossible and firemen were forced to battle the inferno from the sidewalks. Entry through the top of the building also failed when the rear portion of the roof collapsed.

Directing the Camp firemen were Base Fire Marshal Lt. Col. B. E. Cunningham and fire chiefs Odell Waters, of J'ville, and Frank B. Schlart from Lejeune.

No injuries were reported but final estimate of damage is expected to exceed \$100,000.

## Santa Claus Party Set December 20 For FT Youngsters

Santa Claus will visit about 600 children during the Force Troops Christmas Party scheduled at 1 p. m. December 20 on the Camp Geiger athletic field.

The youngsters, ages two through ten, are dependents of Force Troops personnel. And to attend the party must be accompanied by a parent.

Santa will present each child with a gift. Later the young guests will be shown cartoon movies.

Weather permitting, Santa will arrive from his North Pole workshop by helicopter. But should weather stop the 'copter the red-suited old gentlemen will arrive by fire engine and the party will be held in the Indoor Theater, Bldg. 301.

Choose your words well—you can never tell when you will have to eat them.

## Crystal Ball Helps MAG 24 Supply Unit In TRAEX Move

of Marine Air Group 24 are being groomed at Cherry Point through the sunny skies of Puerto Rico next the first large-scale Marine maneuvers of the new

craft. According to Capt. Murphy, the most useful "instrument" at his disposal is a crystal ball. For example, the captain reported that according to careful "crystal ball" calculations, the jet airplanes of MAG-24 will wear out approximately 300 tires during the Caribbean tour.

Therefore, 300 tires must be packed, crated and shipped to Puerto Rico. More than three million gallons of jet fuel will be needed to feed aircraft of MAG-24's three operating jet squadrons. Figures of this magnitude are commonplace in the group supply section, as they seek to make MAG-24 literally self-sufficient during the impending operations.

Besides the supply situation, other problems spring up when thousands of officers and men, plus scores of airplanes move into the field for operations. This mass exodus explains the furious pace set by the Group's planning sections.

At the end of the war games, MAG-24 will do an about face and begin the job of reassembling repacking and recrating its equipment for the return to Cherry Point.

Christmas trees, holly, pine branches and mistletoe will be provided free of cost to the Naval Hospital, Marine Exchange, Camp Special Services, Hostess Houses, Staff NCO clubs, Officers' messes

Christmas trees and decorations will be on sale at a later date to individuals at Marine Exchange Toyland, Bldg. 1403, Industrial Area.

and to commanding officers for use in mess halls, recreation rooms and office buildings.

Holly, pine branches and mistletoe will be available to individuals occupying married quarters after units listed above have been supplied.

Those desiring these Christmas decorations must present a written request to the Camp Maintenance office not later than December 9. Applicants should state size of tree desired, their building number, date tree desired and telephone number of person making request.

Trees will be made available for delivery between December 15 and 22.

Illuminated decorations must comply with Camp Memorandum 262-55. Due to extreme fire hazard, lighted candles are prohibited.

Christmas displays and decorations will be judged by a commit-

Judges for the Christmas displays are: Lt. Col. Jules M. Rouse, Hq. Bn., MCB, Senior Member, and Maj. Lewis E. Bolts, 2nd Armored Amph. Bn., FT; Maj. John F. McMahon Jr., Hq. Bn., 2nd Division; MSgt. Thomas J. McHugh, Hq. Bn., 2nd Division; MSgt. William H. Blundy, 2nd ANGLICO, FT., and MSgt. George Paul, Serv. Bn., MCB.

Units desiring to enter this contest are asked to call 7-3619, notifying Colonel Rouse of the location of the display and the name of the sponsoring activity. These displays are required to be completed by December 21.

### SANTA NEEDS HELP

Santa Claus still needs assistants and you can give him a hand. Santa has installed two telephones on the base, 7-5350 and 7-5360, and needs helpers to take calls from children from December 12 to December 16 and from December 19 through December 23 between 6 p. m. and 8 p. m.

Personnel interested in volunteering may call Capt. Crook, Base Printing Plant, 7-5831 or 5131.

Returning to Camp Lejeune, the 2nd Marines have engaged in various training exercises to keep in top condition. To prepare for the Division, today's training is conducted under many conditions.

Reformed battalions of the regiment served afloat with the fleet in the Mediterranean Sea and participated in NATO exercises held in Europe.

## Qualifications Rise Among Rifle, Pistol Shooters In Corps

Rifle and pistol qualification percentages went on the upswing among Marine Corps shooters during 1955 to mark the end of a downward trend over the past few years.

Rifle qualifications rose sharply, while pistol percentages showed a smaller rise, according to a letter to CO's from Gen. Lemuel C. Shepherd, Marine Corps Commandant.

General Shepherd placed credit on the boost on each commanding officer for increased emphasis on marksmanship training.

The Commandant indicated that applying maximum time, effort and NCO supervision to preliminary training and personal attention to non-qualifiers would rise the percentages even higher.

Included in the general's letter was the belief that "small arms skills in the Marine Corps and the confidence each Marine has in his weapon . . . still holds the key to success for any future battle" which would involve the Marine Corps.

## Col. Caulfield Takes 1st Bn., Sixth Regt., Reins At Ceremony

Lt. Col. W. M. Caulfield took command of the 1st Bn., Sixth Marines, Tuesday, December 6, relieving Lt. Col. J. E. Estes in official flag-changing ceremonies on the Camp parade ground.

A veteran of 15 years' Marine Corps service, Colonel Caulfield served with the Seventh Marines on Guadalcanal during World War II. Following the war he was with the occupation forces in China.

He served as Assistant G-4 Officer before assuming command of the 1st Battalion.

Colonel Estes, who commanded the 1st Battalion since last December, will be transferred to Headquarters, Marine Corps.

The change of command was the first of 10 reassignments and transfers slated for the Division in December.

## Railroads Continue Reduced Leave Fare

Reduced furlough fares for military personnel, traveling in uniform and at their own expense, have been extended for another year by the nation's railroads.

Under the plan, round-trip coach fares average a little more than two cents-a-mile, as against the regular fare of three cents-a-mile. Recently this has been extended to foreign military students in the U. S.

The reduced fare plan, begun during WWII, was suspended after the war, but was reinstated in 1950. It has been extended each year since then. The latest extension carries the reduced fares through Jan. 31, 1957.

## British Memorialize Bond With Marines

CAMP PENDLETON, Calif.—M. C. Gillett, British Consul General at Los Angeles, presented a statuette from the 29th British Infantry Brigade to the Seventh Marine Regiment in ceremonies last Friday.

The silver statuette, a token of the British unit's esteem for the regiment, commemorates the period in Korea when the 1st Marine Division and the British Commonwealth Division were in adjacent defensive positions along the 38th Parallel.

Col. Spencer S. Berger, Seventh Marines commanding officer, received the silver statuette, which depicts a winter-garbed British soldier standing guard on the 38th Parallel.

The other day a woman here in Carolina who was called jury duty told the judge she couldn't serve because she believe in capital punishment. The judge explained to her

this was not a murder trial but merely a case where a woman was suing her husband because he lost a thousand dollars in a poker game. It was money she had given him to pay on a fur coat. The woman immediately changed her mind. "I'll serve," she snapped, "I could be wrong about capital punishment!" . . . Good deeds are not forgotten. In 1944, when Marines were fighting for possession of Saipan in the Marianas Islands, Japanese utilized a Chamorro (native) church for a forward observation post. ## LOVE IS ETC., ETC.

PHILADELPHIA, PA. — When Dorothy Gorrano and Charles E. Tufts boarded the train at Cleveland bound for recruit training at Parris Island, Dan Cupid had to take a back seat—at least temporarily.

They had met earlier in their home town and had been dating since.

Dorothy decided during her senior year in high school that she wanted to be a Woman Marine. Both Charles and Dorothy had talked to recruiters at RSS, Erie, but it was Dorothy who came away convinced.

When she told Charles she planned to go to Cleveland the day after Thanksgiving to enlist, he decided to enlist also.

"I really didn't believe he would come along until I got on the train in Erie and found him already aboard," Dorothy said.

"I knew it would be lonely without her, so I decided to join up too," Charles admitted.

**CHRISTMAS CHORE**—About this time of the year the holiday task of buying, wrapping and shipping Christmas gifts home faces military personnel. These two Woman Marines seem to enjoy the job. Pfc Jean Davis wraps the gifts and Pfc Clodagh Brown pretties them up with ribbon, making the whole task a sort of mass production affair.

## WM Maneuvers

By PFC ELSIE POCHEL

Switchabout — WM Company is now the pride and joy, and unofficial mascot of one nondescript pooch. "Lady" adopted the mess crew first, probably for reasons of survival. But she found that by standing outside the messhall door she could receive more tidbits from the whole company, besides the mess crew's little offerings.

"Lady," soon to be a mother, is of undecided heritage and sports black markings on her white coat. The girls found out she was white the other day when they dunked "Lady" and scrubbed her down.

In the wee PFC POCHEL hours of the morning, according to WM Officer of the Day, Lady can be found snuggled in a heap on the lawn between barracks 59 and 60, directly over the buried steam pipe. Mary Federico and MSgt. Jean Dickens took pity on our pooch and, sizing up the situation, they are now building an oversize doghouse.

During a formation one recent morning, when WM Company fell out for a meritorious promotion ceremony, "Lady" held an impromptu inspection in proper military style by moving swiftly through the ranks, mainly checking shoeshines!

Although nothing has been done about officially adopting "Lady", general scuttlebutt has it that she is fast gaining popularity with the majority of the company.

Cpl. Mary Lorman, who transferred to Atlanta, Ga., for I&I duty recently, was guest of honor at a going-away party by "F" squadbay in a Jville restaurant. What was originally planned as a squadbay party ended with

"Seaman Cox isn't coming—I won you in a poker game!"

## Washington Service Center Plans Party

Invitations are out to all service men and women for the big annual Christmas party to be held December 18 at 2 p.m. at the Armed Forces Center, Church of the Epiphany, 1317 G Street, N.W., Washington 25, D. C.

A complete program has been planned, replete with a tree trimming, gifts and carol singing. Hostesses will attend.

Operated by all the Episcopal churches in the Washington area, the center is for all enlisted personnel, regardless of their own religious affiliations.

The Center canteen will be closed for the regular Saturday dinner dance and Sunday open house on December 24, 25, 31 and January 1.

## Operation Reindeer Begins in New York

"Operation Reindeer," the New York City charity that sends needy veterans in hospitals to their homes for the holiday, has started its sixth annual fund drive.

Since "Operation Reindeer" began many vets have been able to spend Christmas at their homes instead of in a hospital bed.

Contributions should be sent to the Military Order of the Purple Heart, Alexander Hamilton Chapter No. 3, P.O. Box 58, Fordham Station, New York 8, N. Y. It costs on an average of \$150 to send a vet home for the holidays.

## Camp School Students Will Present Annual Christmas Feature Wednesday

Students of Camp schools will present their annual Christmas program December 14, at 8 p.m., in the high school auditorium.

The program is sponsored this year by the Junior High School Parent-Teachers Association. Students taking part in the show range from fourth graders to high school seniors.

This year's show features the operetta, Hansel and Gretel, a pantomime by fourth grader Esther Eurgo, and traditional holiday music by three choral groups.

Ralph Collins plays the top roll of Hansel in the operetta. Sheila Davis as Gretel and Patricia Hamel as the witch.

The program is under the direction of the high school Drama club. Student director is Sandra Hubka, with Glen Martin, English teacher and club sponsor, advisor.

Fifth and sixth grade combined choir will provide background music for a Biblical pantomime with the following numbers:

"Adeste Fideles," "O Little Town of Bethlehem," "We Three Kings," "Silent Night," "Gesu Bambino"

and others.

The senior high Glee club has a more advanced program listing: "Westminster Carol," "O Holy Night," "Conventry Carol," "Hallelujah Chorus" and others.

"Winter Wonderland," another feature, will be presented by a Glee club quintet composed of Marsha Parson, John Mattershead, Kathy Thoommes, David Hardin and Tommy Herndon.

### OWC GROUP

Christmas provides the motif for a luncheon planned by Group 8 of the Officers' Wives club, to be held in the Paradise Point Club December 15, at 12:30 p.m.

Hostesses, wives of 8th Tank Battalion officers, are planning an afternoon of fun in the holiday spirit.

Reservations must be made by noon Wednesday, December 14, by calling Mrs. C. E. Jenkins at 6-6456, or Mrs. F. A. Resissig at 8814.

## Liberty-Responsibility

The concept of Militant Liberty, recently approved by the Defense Department, is a strong reminder to men in service that in this democracy liberty and responsibility go hand in hand.

Democracy is like a two-sided coin; liberty is on one side, responsibility on the other. In fact, every basic freedom implies a basic responsibility.

Freedom of religion, speech, press and assembly mean also a responsibility to be tolerant to the beliefs of others. Freedom from arbitrary government regulation and control means also responsibility to guard against the granting of arbitrary powers to government.

The freedoms are the obvious side of the coin. They are in the Bill of Rights or in the law. But, the responsibilities are a bit more subtle. They are the personal burden of everyone. A people who refuse their responsibilities are running the risk of losing the corresponding freedoms. (AFPS)

## Let's Keep It That Way!

Fourteen years is a long time.

To some it seems like a lifetime; to others, only yesterday.

To thousands of persons living in the Pearl Harbor area on Dec. 7, 1941, the passage of time means one more anniversary of "the day that will live in infamy."

There's no sense in dwelling on things as they were then. We all know what happened when Japanese bombers nearly wiped out American defenses in the Pacific. Four years and thousands of miles later, we collected in full on the decks of the "Mighty Mo."

What is important is the fact that Defense leaders tell us it could happen again. This time, they say, there wouldn't be any respite such as we gained after the December 7th attack. This time the enemy, whoever he might be, would in all probability strike straight at the heart of America.

Our job, as Marines, is to stay "at the ready" to prevent any recurrence of Pearl Harbor. A strong nation, backed by hard-hitting forces, isn't very apt to invite attack.

It's our task, then, to maintain the preparedness that means business to any possible aggressor who might feel inclined to call our hand. The only way we can stay on top is through fitness, individual and collective.

The Marine Corps has been long noted as an outfit ready to move out at the drop of a hat—or bomb. Let's keep it that way!

## The Old Corps

### Ten Years Ago This Week:

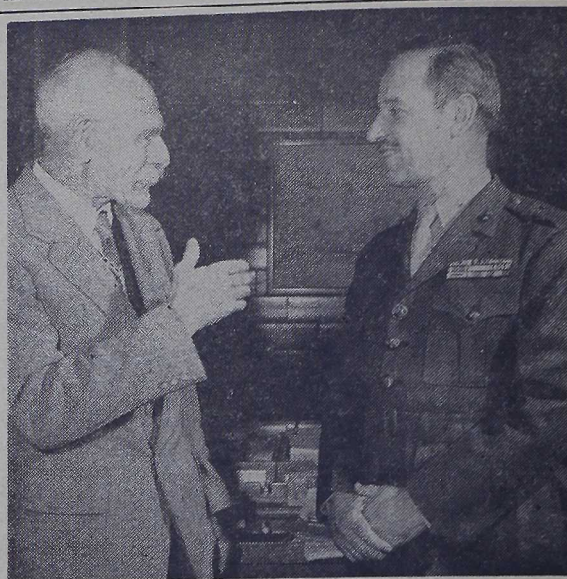

With the departure of the last remnants of the once large Coast Guard detachment from Camp Lejeune last week, a Boat Section has been created by the Camp Ordnance division to assume duties that the Coast Guard formerly handled.

American Bobby-soxers were all a-twitter this week when it was announced that Marine 1st

Lt. Tyrone Power was slated for discharge. Lt. Power was a transport pilot in World War II.

Inspector General of the Marine Corps, Maj. Gen. Pedro A. Del Valle, toured Camp Lejeune and Peterfield Point this week for the annual I. G.

The Skeet Shooting range opened this week under the auspices of Camp Special Services.

OLD, OLD CORPS—Boyce L. Roberson, civilian worker at the Marine Corps Schools, Quantico, chats with Brig. Gen. Donald M. Weller, chief of staff of the Schools, upon the former's second retirement from government service after over 45 years of faithful service. Mr. Roberson retired originally in 1926, after a full career in the uniform of the Marine Corps, and started a new career as a civilian service worker after a span of four years in 1930.

## Chaplain's Corner

Rowing against the current of a stream? Have you ever tried to do that? It is a very difficult thing to do. In fact, sometimes, if the current is strong enough, it often seems as if it is an impossible task.

To live creatively we often must row against the stream of moral and spiritual thinking of our time. To accomplish this a person must adopt certain moral and spiritual principles and stand by them.

We must show the moral turpitude which Martin Luther did at the council which asked him to recant. After considering his position for a day he returned to this council and answered, "Here stand I; I cannot do otherwise. So help me God."

It is men like this who have made the Judeo-Christian tradition vital in the world. Moses against the "golden calf"; Elijah against the priests of Baal, St. Francis of Assisi against the wealth of the Church; and later when there arose certain questionable practices within the Church, Luther's criticized it from without and Savonarola and Erasmus from within have kept our religious life alive and vital to the Western World.

These men rowed against the stream, the stream of indifference, corruption, and certain other moral and spiritual principles which they felt to be in error.

The fathers of our country were faced with certain moral and spiritual principles against which they had to make their stand. In founding this country they were rowing against the stream of oppression which was

prevalent at that time when they stated, "we hold these truths to be self-evident, that every man is endowed with inalienable rights . . ." They had made a stand. To be sure they were set against the stream of thought in their time.

So if this country is to remain great, and to remain the fortress of the Judeo-Christian religion we must continue to have men who will row against the stream of moral and spiritual indifference which so often engulfs us.

**WASHINGTON REPORT**

Closer tabs will be placed on American servicemen in courts and jails in accordance to a new Department directive.

The ruling will require lawyers at government expense for servicemen, and also cover lodging, travel and other channels if their trial is unfair.

Congressmen have for two years fought an agreement with foreign nations for the servicemen's constitutional rights.

Specifically, the bill is for:

Overseas command the 14 NATO countries to appoint an expert on local law to keep the judge abreast of all existing American command.

The services are required to be in court trials for Americans.

Any injustice will be reported through the channels necessary as before.

Civilian lawyers will be government employees. American law is "in the U. S."

Designated officers at foreign prisons every 30 days to see servicemen are the rights they want in U. S. facilities.

Servicemen confined in countries are charged until their service unless Secretary approve charge for usages.

# Lejeune Five Opens Home Season

## DesLant Invades Monday Locals At State Saturday

The Camp Lejeune basketball team, with three road games behind them, move into Goettge Memorial field house for a two-game series with Destroyers, Atlantic, Monday and Tuesday nights at 8 p.m.

The cagers have one more away contest before their home opener, meeting the North Carolina State Freshmen at Raleigh tomorrow night in a preliminary to the N. C. State-Eastern Kentucky game.

DesLant lost to Quantico, 98-69, in their first game of the season last week, but have a big team, with the starting five averaging close to 6'3".

Leading the visitors will be 6'2" Bob Hightower, a good pivot-man with a lot of speed. P. M. Sterner, a 6'5" forward, also was impressive against Quantico, according to Lejeune assistant basketball coach, Tom Wells.

Expected to fill out the DesLant starting five in their first appearance at Camp Lejeune since 1953, are 6'7" P. M. Dawson, 6'1" L. T. Hale and 6'3" H. J. Ness. The two teams split even in a pair in '53, the Marines winning here 92-76, but dropping the return match, 70-64.

Capt. A. B. Hendrickson, local hoop mentor, will probably go with the same five that has started for the Marines in their road games.

Big Jim Bingham, 6'6" forward, who registered 22 points to lead the Lejeune attack in the opening 75-58 victory over Mine-Lant, is slated to team up with 6'4" Marv Decker, also in double figures against the Mine Men, at the two forward slots.

Jim Thomas, 6'5", one of the locals' top rebounders should start at the center slot, with both Jerry Greer and Jim Donovan due to see action.

Out back, Hendrickson will start 5'10" captain Dick Witzig and hustling Wally Shields. Witzig, an aggressive back-court man, came through with 43 against Mine-Lant, nine coming in the hectic final stanza.

Strengthening the bench, bulwarked thus Bill Aldridge and Bill Kins, will be the return Ken Rhoades to the act Ken, who played with P. land the past two seasons consistently high scorer season scrimmages, but he kept out of action for the weeks by an infected foot

KEN RHOADES

N.C. State Frosh will be for their third consecutive the season Saturday night Lejeune. The Wolf Cubs an easy 89-78 win over and edged Ft. Lee 84-82 in last Saturday night.

Pacing the State Frosh two opening victories has MacGillivray with 47 points and John Scott with 33.

### RADIO SPORTS

The following football game will be presented over radio WJNC during the coming Sun., 2 p.m. Pittsburgh Steelers vs. Washington Redskins.

## Boxers Host Edenton Here Wednesday

Camp Lejeune's boxing team, due to return from the Florida AAU tournament Monday, will seek to extend their undefeated status in dual bouts to 10, Wednesday night, when they host Edenton.

Seven Camp Lejeune boxers won matches in the opening round of the Florida AAU championships, according to a telegraphic report received from GLOBE Sports Editor Jack Haver, covering the tournament in Miami, Fla.

Julius Jackson, Ron DeCost, Rigoberto Perez, Themis Kountis, Larry Redmond, Jim Leftwich and Bob Powell all won Tuesday night, with Quantico's Randy Horne decisioning Len Dawson for Lejeune's only setback.

Seven more local mittmen fought first round matches Wednesday night, with results not available at GLOBE press.

Naval Auxiliary Air Station in Goettge Memorial field house.

The first of an expected 10 three-round bouts will start at 8 p.m.

In dual competition the local mittmen have dropped but one match in their last 16 encounters over the past two seasons. Quantico halted a six-match winning streak with a 5-2 decision in February of '54, but since then the locals have punched their way to eight successive victories and one tie.

Edenton's invasion marks the first time that the Auxiliary Air Station has appeared on any of Lejeune's schedules. At this printing nothing is known about the caliber of their personnel. The tie occurred in Lejeune's

opener of the '55-'56 season, November, when the locals fought the visiting Quantico in the ring but had to forfeit for a 5-5 draw when they were two weights on the scales at fight time.

Three of Lejeune's tried and true, Nick LaRosa, Duke Belmont, and Daniels, are expected to back into action Wednesday night. Belmont is recovering from a torn tendon in his shoulder.

All-Marine light-welterweight LaRosa seems to have rounded to shape after his managerial ties with the football team.

Daniels, who scored a knockout upset in the Quantico by out-pointing All-Marine Phil Ortiz, just returning from emergency leave.

## Pearson Top Gun In 2nd Marines

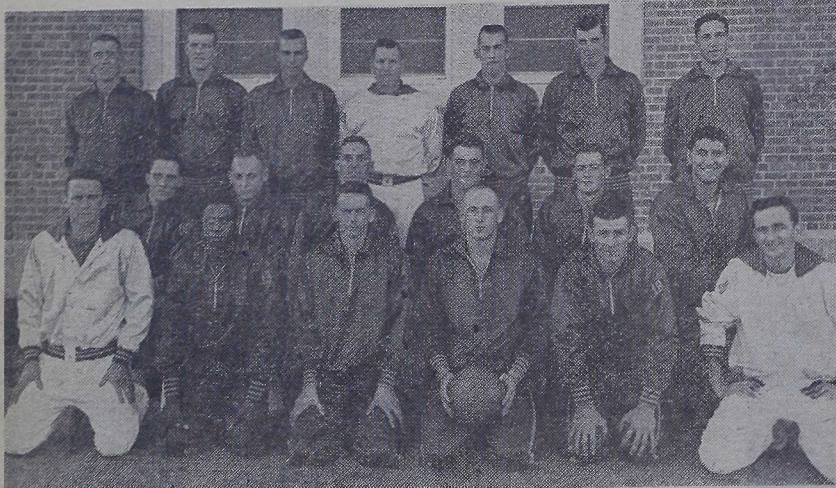

E.T. Pearson won the first championship match in the 2nd Marines Regimental Tournament last Friday, beating T. Barton 3 and 2 at the Point course.

1955-56 CAMP LEJEUNE BASKETBALL TEAM—Representing the Camp Lejeune Marines in their initial home game of the season will be, standing, left to right, Jim Bingham, Jerry Greer, Marv Decker, Head Coach A. B. Hendrickson, Bill Tompkins, Jim Donovan and Jim Thomas. Middle row, Wally

Shields, Ken Rhoades, Bill Aldridge, Nick Bruckner, Earl Swicord and Jack Hellett. Front row, Assistant Coach Tom Wells, Jim Malone, Dwight Dickey, Dick Witzig, Lloyd Stiles and Manager Frank Reilly.

## Bingham Tops Other Backs In Total Offense, Scoring

The coaching staff's choice of halfback Don Bingham as the "most outstanding back" on Camp Lejeune's 1955 football team was concretely established this week with the computation of final individual averages for the season.

Bingham, an All-Marine, All-Sea-Service and All-Service selection at Quantico in '54, scored the most touchdowns, compiled the highest individual offensive mark on the club and the best rushing average among the first string backs.

Working out of a modified "T" formation, the quarterbacks called on Don 54 times to lug the ball and he picked up 218 yards for an average of 4.0 yards per try.

Along with end Howie Pitt, former Duke university captain, who hauled in 17 aerials for 132 yards and three touchdowns, Bingham was a favorite target for the quarterbacks making 14 grabs for 341 yards.

In the rushing department Carroll Zaruba compiled the best average with 25 carries for 237 yards and a mark of 9.5.

Right halfback Bill Roberts, a former All-Eastern selection during his college days at Dartmouth,

was the rushing workhorse of the team with 71 carries which totaled 263 yards for an average of 3.7 yards per try.

Lejeune's passing, which was very instrumental in their getting off to a four win, one loss start this season, became an off and on offensive weapon during the last six games of the year. Only first-stringer Pat Ryan finished near the 500 mark with 41 completions in 91 attempts for an average of .445.

In the season's total statistics between Lejeune and their opponents the Marines were outrushed 1435-1137 but outpassed the 11 clubs with 86 completions in 208 attempts to build up a net forward pass yardage of 1408 and a total yardage mark of 2545.

The opposition also suffered from "fumblyitis" more than the locals. Forty-five times the enemy let the sometimes-elusive pigskin slide through their fingers while Lejeune only butter-fingered on 27 occasions.

## A. E. Greer Adds Miller Trophy To Club Championship

A. E. Greer, 1955 Paradise Point champion, won his second trophy in as many weeks last Saturday, when he copped the annual Ducky Miller tournament.

Greer, two-time Club champion, shot a 71-74-73-218 over three weekends to edge J. B. Broadus, Golf Course NCO, by five strokes. Broadus scored 75-73-75-223.

B Flight leader, with 82-85-83-250, was M. C. Stewart. Two strokes

The Christmas Turkey Tournament will be held this weekend, December 10 and 11, at the Paradise Point Golf Club.

Turkeys will be awarded to winners in the 18-hole medal tournament, nine-hole putting contest and pitch-to-the-pin event.

Entrance fees will be 50 cents for the medal play and 25 cents in the other two events with all money used to buy the turkeys.

behind, in the runner-up slot, J. F. Rantz fired 85-81-86-252.

G. E. Gauthier finished with a 93-88-92-273 to grab C Flight honors, five strokes in front of R. L. Henney's 97-91-90-278.

Trophy presentations are slated for December 14.

## Saxton, Ellzey Top Frostbite Skippers

George Saxton and Harry Ellzey lead in the Intermediate and Novice divisions, respectively, as the Frostbite Sailing skippers head into the fifth and final race of the series.

Bob Jordan finished first in last Sunday's race, trailed across the finish line by George Emerson, George Saxton and Dave Lowe.

Right behind Saxton in the Intermediate class is George Emerson with 23 points to Saxton's 26. Emil Misura, with 19 points, is third.

This Sunday at 2 p.m. the last race of the fall series will be held at Wallace Creek Boathouse.

## Air Facility Meets MCSS For Base Grid Title Today

The 1955 grid championship of Marine Corps Base will be at stake today when Marine Corps Air Facility meets Supply Schools Bn. at 1 p. m. at the Camp baseball field.

MCSS, last year's champions, beat the Air Facility earlier this year, 20-12.

MCAF gained a berth in the finals with a 48-20 trouncing of First Infantry Trng. Regt. in last week's play-off. The three teams finished in a triple tie for top spot in the base loop with identical 9-2 records.

The Air Facility, with speedy halfbacks Phil Gregory and Mike Marino leading the way, had little trouble disposing of ITR last Friday, revenging a 22-0 loss during the regular season.

Gregory scored three times for the winners on a 50-yard punt return, a 45-yard end sweep and a 25-yard pass from quarterback Dick Tracy. Marino tallied twice on a two-yard sweep and a 60-yard kick-off return.

Quarterback Bob Diemer accounted for most of the Training Regiment's points, passing to Coffey for one touchdown, and to halfback Jim Corryer for another.

ITR struck first in what started out to be a closely-contested game. Midway through the opening stanza, end Lou Vitti, chosen last week as flankman of the GLOBE's first annual MCB All-Star team, picked up an Air Facility fumble on his own 30 and dashed 70 yards for the game's opening score.

Trailing 6-0 in the second period, MCAF struck back for three tallies to lead 20-6 at half-time.

The winners turned the game into a rout in the second half, scoring on a Molney-Cunninghame aerial, a 55-yard Marino kick-off return, and passes from

## Pups Break Even, Face J'ville Here

The Camp Lejeune Devilpups, with an even split in two games so far, will be looking for their second win of the season tonight when they face the Jacksonville High Cardinals at Goettge Memorial field house.

Game time will be about 8:30 p. m. with the girl's game scheduled to start at 7 p. m.

The Pups opened their 1955-56 season here last Friday night with a 55-28 win over Jones Central, then dropped a squeaker to Smyrna, 54-50, at Smyrna.

Jacksonville, with only one returnee from last year's club, 6'3" forward Jerry Aman, gained an even break in two games with Richlands, dropping the opener 45-35, but rebounding to gain a 45-40 decision in the return match.

Starting for the Cardinals, in addition to Aman, will be 6'3" Larry Sabiston at center, 5'10" Billy Edison at a forward slot, and Gray Jones and Jack Cohen at the guards.

Cohen, Jacksonville's outstanding hoopster in the Richlands series, performed for Lejeune last season, but has since transferred to rival J'ville High.

Leading the Devilpups in the win over Jones Central and the narrow loss at Smyrna has been 6'3" center Don Baker, an All-Conference end in football. Don has piled up 28 points so far, in addition to pacing the rebounders.

Right with Baker in the scoring department is aggressive guard Bob Salisbury, slated to combine with Ed Donahou to give Lejeune a classy back-court combination.

Bob Sells and Jimmy Gordon, both of whom turned in impressive rebounding performances against Jones Central and Smyrna, will start at the forwards.

The local girls lost to Jones Central 40-20, and to Smyrna, 45-34, so will be looking for their first win of the season tonight.

## Thrillers Win Third Straight Week In Staff Wives' Loop

Thrillers registered high team game and high team series for the third straight week in Staff NCO Wives' bowling this week to come to within a few points of league-leading Granny's Girls. Thrillers' scores were 681 and 1,898.

In individual action, Mrs. Terry Anzilotti rolled 170 for high individual game, while Mrs. Ann Paige had a total pinfall of 400 for high individual series.

Mrs. Helen Watts joined the Wives' loop last week, bringing all teams up to full strength.

**SPECIAL HUNT**—Nineteen beautiful buck deer were taken by hunters on Saturday's spree in the Refuge Area. This total represents the best take of any one hunt, according to my records. There were only two spike-horns in the lot. The rest were fork-horned with points from four to 10.

It may be coincidental, but the huntmaster whose parties led all the rest last year in the number of deer taken was Major Lindquist. The major was huntmaster for Saturday's special hunt and is also pictured below with one of the larger bucks taken.

**BIRD HUNTING**—Had several queries about bird hunting on the base . . . no quail being taken? Reports indicate that many may have met their Waterloo during the hurricanes.

First Lt. Alfred F. Halbrook, adjutant of the Second Engineer Battalion, didn't mind drawing a goose egg on his recent quail hunt. No quail, but a nice 15-pound turkey gobbler for Christmas dinner. A head shot at quail range with quail shot paid off. Where? On the base "somewhere," according to the lieutenant.

**SPEAKING OF TURKEYS** . . . If you don't feel as lucky as the Lt., get out Sunday afternoon and win a turkey. The next two Sundays at 2:30 p. m. on Beach road across from the Industrial Area, turkey shoots will be held. Follow the signs. Ammunition and shotguns are furnished, but you may bring your own shotgun. Just between us . . . your odds are better at the turkey shoot than your chances of duplicating Halbrook's little stunt.

**WILD BOAR HUNT**—Eighty miles south, off the coast, lies Old Bald Head Island. According to Lt. M. J. Martin, Service Regt., 2nd Division, the island has been uninhabited for over 20 years, except by domestic pigs that have managed to survive through the years. Now, many pig generations later, these porkers make excellent hunting. A gang from Service Regt., including Cpl. L. Free, SSgt. W. Henson, Pfc R. Talbot, Cpl. B. Benson, Pfc B. Cavin, and the lieutenant spent the night on the island, armed with thirty-ought-six rifles. They returned with a belly-full of pork and pig hunting, and raring to give it another go. They got two pigs—one weighing 120 lbs. and another estimated to weigh in excess of 250 lbs.

Rumor has it that there is a colony of such pigs on the base.

**DON'T FORGET**—The next meeting of the Wildlife club will be held Wednesday, December 14, at 7:30 p. m.

## WM's Top Bragg, Trail Cherry Point In Cage Contests

The Camp Lejeune Woman Marines' basketball team routed Ft. Bragg last Saturday night, 64-33, at Ft. Bragg, but ran into a stumbling block at Cherry Point Tuesday night, bowing to the Jets, 55-49.

The Cherry Point game was a re-play of an earlier contest that ended in a scoring mix-up, each team claiming a 36-35 win.

Trailing 30-23 at half-time in Tuesday night's game, Lejeune narrowed the Jet's margin to 41-37 after three periods, and went ahead for the first time, 47-46, midway through the final stanza on a field goal by Elsie Stephens, high for the losers with 26.

After a shot by Jean Casey, who racked up 34 for Cherry Point, put the Jets one up, Peggy Compton came right back with a push shot for a 49-48 Lejeune edge.

That was all for the visitors, however, as their air rivals rolled for eight consecutive points and the victory, 55-48.

Peggy Compton, who chipped in with 18 in the loss to Cherry Point, combined with Elsie Stephens for a total of 57 points as the locals trounced a weak Ft. Bragg WAC sextet, 64-33.

Leading 37-16 at the half, the WM's had little trouble registering their first victory of the season.

With a 1-1 record so far, Lejeune will be seeking to go over the .500-mark this Saturday when they travel to Norfolk to meet the Naval Air Station WAVE's.

## Local WGA Wins Coast Tournament

The Camp Lejeune Women's Golf Association won its second match in the monthly Coastal WGA tournament played Tuesday at New Bern Country club. Forty-five women golfers from Lejeune, Cherry Point, Morehead City and New Bern took part.

The locals also emerged on top in the October tourney, with New Bern winning in November.

The winning team, which turned in an aggregate low gross of 380, was made up of Mrs. E. W. Murphy, Mrs. A. L. Everette, Mrs. W. W. Croyle and Mrs. T. G. Craft.

Individual prizes were won by Mary Murphy, Class A low gross; Helen Croyle, Class A least putts, and Ruth Wallace, Class B least putts.

The next Coastal WGA tournament will be held at Cherry Point, Tuesday, January 10.

## Hq. Co., AmTracs Top FT Hoopsters

Headquarters Co. and Second Amphibian Tractor Bn. each won two games in Force Troops intramural basketball last week to move into a first place deadlock.

Headquarters Co., sparked by Lewis and Ray, with 13 points each, eked out a 55-48 victory over 1st Radio Co., and topped 8th Engineer Bn., 54-33. "Sharp-shooter" Knowles tallied 27 points in a losing cause for First Radio.

AmTracs also registered a pair of victories, defeating Second Topographic Co., 73-36, and Second Amphibious Reconnaissance Co., 88-60. Bobby Hambric was high for the winners in both games, netting a total of 54 points.

In other games last week in the FT intramural loop, 8th Motor Transport Bn., led by Reed's 27 points, walloped 2nd 8" Howitzer Battery, 82-54; 8th Communications Bn. defeated 8th Tank Bn., 56-40, and 2nd Armored Amphibian Bn. gained a forfeit victory over 2nd ANGLICO.

**LOOKING UP**—at high-jumping M. Gardner of the Cherry Point Jets is WM guard Angie Darby. Cherry Point edged the local last Tuesday night at the Point.

### 2ND MARINES CAGE

## 2nd Bn. Cops Overtime As Moran, McInnis Hit

Third Battalion suffered its initial setback in the Second Marine Basketball League this week, dropping overtime thriller to the runner-up Second Battalion.

The winners now sport a 3-2 record while 3rd Battalion has copped four of five decisions.

Provisional Battalion edged 1st Battalion 72-66 in the nightcap of the doubleheader played at the Area 2 gym.

Jim Moran took scoring honors for the winning 2nd Bn., garnering 25 points while teammate Roy McInnis and forward Joe Dillon each registered 24 points.

Ron Deluca of Provisional Bn. led all scorers in both contests by tallying 30 markers in the victory over 1st Bn. Joe Kukiewicz, Provisional Bn. forward, added 19 points, while Jay Fanning's 14 paced the 1st Bn. attack.

Joe Dillon, 3rd Bn., and Jay Fanning, 1st Bn., share the individual high score mark of 33 points in one game. Fanning has registered 117 markers in five contests for an impressive 23.4 average per game.

In the Tenth Marines Basketball League, Headquarters and Service Battery, 4th Bn., won an overtime game from "Love" Battery, 4th Bn., 38-37 last Monday, December 5, at the Area 5 gym.

Play was conducted with each battery winning a mental battery playoff. The level to determine the champion.

Opening games in the Tenth Marine Regimental play at 1 gym Tuesday night; Provisional Bn. walloping 66-34, and 4th Bn., Second Bn., 47-34.

Three Provisional Bn. tallied in double figures while Tom Light and W. scored 14 apiece. Bernie sparked the Third Bn. with 16 points, while 3rd Battalion's Don Bengel connected for 13 points.

**ANDERSONVILLE**, by MacKin- lay Kantor.

Perhaps the most heralded novel of the year, this is the story of Andersonville prison, where some 14,000 Union prisoners perished during the Civil War.

McKinlay Kantor, who began his study of Andersonville more than a quarter of a century ago, has vividly recreated the lives of some of the 50,000 men, Con- federate and Union, living and dead, who passed through this in- famous stockade in its fourteen months existence.

### NON-FICTION

**RECKLESS, PRIDE OF THE MA- RINES**, by Andrew Geer.

The heroic and true story of a horse bought by a marine gun crew to be used as an ammunition carrier during the Korean war. The first part of the story relates the affection of Kim Huk Moon, a Korean boy, for Reckless and of their many adventures together. However, the need for money to buy his sister an artificial leg forces Kim to sell Reckless to the Marines. As an ammunition carrier for a Recoilless Rifle platoon we follow Reckless through her war experiences and finally ending with her eventual retirement to Camp Pendleton, California.

**COMMANDO EXTRAORDINA- RY**, by Charles Foley.

"Skorzeny fought the last war by methods we shall have to use for the next—if we wake up in time." This is the story of Otto Skorzeny, Chief of German Special Troops during World War II, whose name has become synonymous with daring unexpected assaults by small units. His most famous exploit was undoubtedly the rescue of the fallen dictator, Benito Mussolini, from his Italian guards atop the highest peak in the Apennines, thus giving the sagging German battle lines new impetus to fight. Skorzeny proved highly gifted in adapting psychological factors to warfare and his many exploits to warn us of the power such unorthodox methods of fighting may have in future wars.

**STRIPPED BAR**—Pvt. M. E. Leclerc, "I" Company, raises his arms to signal judge and timer, Capt. Charles M. See, right, that he has finished field stripping and reassembling his BAR with the winning time of 37 seconds. The "I" Company private later won first place in replacing a broken firing pin in BAR, blindfolded, in 50 seconds.

## 3rd Battalion Wins Eighth Marines Military Field Meet

Military skill and athletic ability took the limelight last Saturday when more than 200 members of the Eighth Marines participated in a regimental military and athletic field day at Liversedge Field.

In the 19-event meet, 3rd Bat- talion men dominated the field to remain the undisputed regimental champions.

The winners scored a total of 63 points to finish far in front of their opponents. First Battalion was second with 27 points and the 2nd Battalion followed with 26.

This was the second win in as many years for the 3rd Bat- talion. The first regimental con- test was held during October, 1954, after the introduction of the field day into his battalion by Lt. Col. N. R. Nickerson, 3rd Bn. commander.

Margin of victory in Saturday's contest came in the small arms field stripping events which the 3rd Battalion completely dominat- ed.

Highlight of the field strip- ping events came when TSgt. Lucian Parent, "I" Company, 3rd Battalion, disassembled and re- assembled the .45 caliber pistol in 19 seconds.

Pfc Maurice E. Leclerc, also of "I" Company, contributed two first places to the 3rd's victory col- umn. He led all contestants in the field stripping and reassembling of the BAR (37 seconds) and fin- ished first in the blindfolded race

## Claude Thornhill Orchestra Here Tuesday, Wednesday

Claude Thornhill, his piano and orchestra, will open a two-day engagement Tuesday, first for a dance at the Paradise Point club from 9 p. m. until 1 a. m., a show Wednesday at 7:30 p. m. in the Camp theater.

and then move to the Marston Pavilion for a sergeants and below dance from 9 p. m. until midnight.

Thornhill got his start in the band business when he joined Austin Wylie's orchestra. This was followed by arranging assignments with Andre Kostelanetz, Hal Kemp, Benny Goodman and Bing Crosby. He debuted at New York's Hotel Pennsylvania in 1940.

In October, 1942, Thornhill enlisted in the Navy where he put his talents to work on their musical aggregation: the Rangers.

Touring the Pacific area, the Navy built a show around him, "The Claude Thornhill All-Star Show," featuring his band and Dennis Day, the Jack Benny program star.

After the war Thornhill returned to continue his civilian career.

A succession of hits for RCA Victor and Columbia led to his being honored by Look Magazine as the "Band of the Year" in 1948.

Thornhill hits best remembered are "Small Hotel," "Autumn Nocturne," "Sunday Kind Of Love" and "Snowfall," the orchestra's theme song.

Gene Williams is the featured vocalist with the band.

## Hadnot Staff Club Hosts Morrow Band Wednesday Night

Buddy Morrow and his orchestra will entertain Hadnot Point Staff club patrons with their "Big Beat" at a dance Wednesday from 8:30 p. m. until 12:30 a. m.

The Morrow group, a favorite dance ensemble, has performed before local audiences several times during the year.

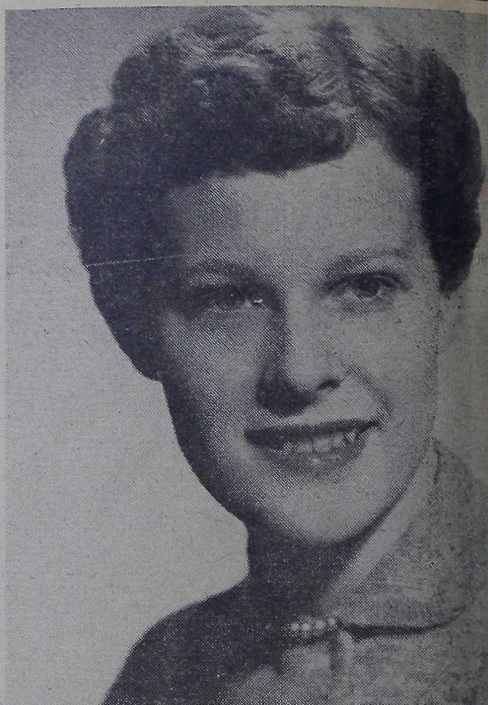

He broke into the big time playing with Paul Whiteman's orchestra. After leaving him, there followed stints with other big name bands and a hitch in the Navy.

Signing an RCA Victor recording contract in 1950, Morrow styled a strictly accented dance beat as a background for his trombone. His first recording was "Rio Rita," followed up by several other tunes which received only fair attention.

It took a tune out of the rhythm and blues field to establish the band. It was called "Night Train" and after a slow start, it showed up in the top hit charts and stayed there for 21 weeks.
