

WHAT WAS THE MOST MEMORABLE CHRISTMAS YOU EVER HAD?

**CPL. PETER CUEVAS JR., 1ST BN., 8TH MARINES** — The Christmas of 1948. My mother was seriously ill, and I had to ask for an emergency leave for the holidays. I went home with a heavy heart and was resigned to a blue Christmas but, when I arrived, I found that my mother's condition had improved. She was able to leave the hospital a few days later and we had a merry Christmas after all.

**PFC MICHAEL L. WEED, H&S BN., MCB** — I'll never forget last Christmas. I was shopping in downtown Washington, D.C., and, in front of the Capitol Theater, I accidentally bumped into a girl laden with packages. I apologized, she smiled, and it was love at first sight. We've been going steady ever since, and plan to be married in January.

**CPL. FRANK A. FEHRENBACHER, 2ND BN., 6TH MARINES** — I came home from Korea last year to find my brother, a major in the Air Force, spending a leave with the folks. We hadn't seen each other while overseas and it was the first time in five years that the whole family was together.

**SSGT. ISAAC P. HAND, 2ND SHORE BN.** — While serving in Korea last year, I expected to spend a cheerless Christmas, but a USO troupe which presented a holiday show for the GI's helped make it bright. We sang Christmas carols, danced, and made records for the folks at home.

**PFC SAM B. STOCKS, 2ND COMBAT SERVICE GROUP** — This Christmas will be my most memorable, because I'll get to go home for the first time in many years. Our whole family is planning a reunion.

### Adm. R. B. Carney Extends Personal Holiday Greetings

With the approach of another Christmas season and another New Year, I wish to extend to each officer and man, to each of the women in our service, to all of our civilian employees, and to all families, my personal greeting and to encourage them toward the achievement of worthy goals and ambitions in 1954.

I wish to assure each and every one of you of my abiding belief that even in these days of miraculous scientific progress there is still, and always will be, an urgent need for character, courage, Spartan durability, unflinching devotion to duty, and the highest standards of personal integrity.

People with these attributes are unbeatable and if the men and women of the Navy and the Marine Corps develop and cherish these attributes, we will have the leadership and the loyalty which are essential in a military service and our service will always be equal to its responsibilities.

To you who will be with your families, I wish a happy holiday. To those who are manning the rampart and to those who are separated from their loved ones, I extend wishes for that sort of satisfaction which can only come from the knowledge of a job well done. With all hands I share the hope for a decent peace in 1954.

**ROBERT B. CARNEY**

Chief of Naval Operations

### New 'Aero Jeep' At Quantico For Further Testing

A new lightweight version of the military jeep, the "Aero Jeep," has been demonstrated for top Army and Defense Department officials on the Pentagon grounds pending official acceptance of the vehicle.

The Aero Jeep had undergone intensive testing at the Army's Aberdeen Proving Ground and is now at the Marine Corps School, Quantico, Va., for further tests.

The big feature of the new jeep is its all-aluminum body which weighs only 81 pounds. Other aluminum parts and magnesium wheels make it possible to undercut the old jeep's weight by 44 percent. The Aero Jeep weighs 1,475 pounds, and is three feet shorter than the present jeep. However, tests have proved it is just as rugged.

The new version also has 85 percent interchangeability of parts with the current model. It can carry a load of more than 1000 pounds over roads and 500 pounds over the roughest terrain.

With a top speed of 70 mph, the new jeep can be used as a command car carrying four passengers, an ammunition and cargo carrier, or as a towing vehicle to rescue larger trucks bogged down in the mud.

Its five major parts are the 4-cylinder, L-head engine; front and rear axle assemblies; transmission; transfer case and bell housing.

Preliminary tests show the new jeep to have a range 239 miles with 26.5 miles per gallon. Its length is 100 inches, width, 60 inches, and height, 65.5 inches.

Army Ordnance officials have not yet awarded any contracts for it.

### Many Varied Customs Mark World's Xmas Celebrations

Although Christmas is celebrated all around the world, many countries have their own distinctive customs and legends about the holiday season which live on from generation to generation.

In rural England, for example, the ancient custom of burning the yule log is observed. Care is taken to save half of the log to start the fire the following year. On Christmas Eve the children gather in large groups called "waits" and wander through the streets singing carols.

Children in France don't hang their stockings in front of the chimney. Instead they place their shoes there. Religious services in France on Christmas Eve are followed by midnight suppers. Restaurants have special menus for the occasion. Only children get gifts at Christmas time in France. Adults wait for the New Year to exchange presents and visits.

#### German Origin

Many of the current Christmas customs began in Germany. Traditionally the holiday season there is from December 24 to 27. Each year family and neighborhood woodcarvers vie for top honors in the fashioning of animals and dolls. They also make the religious figures that appear in Christmas manger scenes all around the world.

In Italy the family gathers in front of the fireplace to tell Christmas stories before sitting down to

The committee toured the base for five and a half days and, after viewing entries, recommended the display of the 6th Marine Regiment be awarded the trophy.

The winning display is a scene of two sleepy toddlers peering from their bunks at Santa Kringle resting after his Christmas while his faithful reindeer his return above the roof.

Second place went to Geiger's 8th Motor Transport Battalion, which displayed a Christmas train complete with smoking from the stack, a whistle, and Santa ringing the bell.

Third place was taken by the 4th battalions, 10th Regiment.

The committee recommended other units be given honorable mention.

Maj. Gen. Henry Linson, commanding general, presented the trophy yesterday to Col. M. Nees, commanding officer Sixth Marines, at the Christmas party held at the Goettge Field House.

Denmark's Han Christmas is perhaps has done more than any other person to spread the spirit of Christmas around the world. His books have been time favorites everywhere. They have been translated into languages including Arabic, Chinese, and Japanese.

I extend to the men and women in the Armed Services their families my warmest wishes. ## 'St. Nick' Pays Early Visit To Kids At Family Hospital

Santa Claus doesn't always have  
a white beard and wear a red  
suit—this was made pretty evident  
last week.  
At the Family Hospital there is  
a ward which cares for all ill chil-  
dren of Lejeune personnel from  
infancy up to about age 12. The  
kids there get the best medical  
treatment and care that the Navy  
can offer, but the one thing that's  
lacking in their lives is the avail-  
ability of playthings.  
A movement to fill this need  
was given impetus last week  
when a committee of three staff  
NCO's presented to the children's  
ward a record player, two loud-  
speakers, and funds to purchase  
kiddie records and magazines.  
It all began when Chief Fred  
Smith, attached to the Family Hos-  
pital, was given the task of find-  
ing the ways and means to add  
a merry atmosphere for the chil-  
dren. The Chief contacted the pres-  
ident of the Hadnot Point Staff  
NCO Club, MSgt. Richard L. Har-  
ris, and explained his mission. This  
was at 5:30 in the evening. An  
hour later Sergeant Harris told  
Chief Smith his mission was accom-  
plished. The Staff NCO's of Camp  
Lejeune had contributed over \$100.  
The appeal was conducted by  
TSgt. Fred Miceli. The funds  
were collected on an entirely  
voluntary basis, not a penny was  
solicited.  
The appeal is now sent out to  
YOU. If you have any children's  
records or story books, you can  
help cheer up a sick child by send-  
ing them to the children's ward at  
the Family Hospital.  
Especially at this time of the  
year, the kids could do with some  
cheering up. Won't you help?

## Officer Promotions Unaffected By Cut

The personnel cuts ordered by  
the Department of Defense will not  
affect officer promotions in the  
Marine Corps unless a more re-  
strictive Davis-type rider is attach-  
ed later, according to the "Navy  
Times."  
Although it will be little harder  
to get a staff NCO rate, promotion  
chances will also remain good in  
the lower enlisted grades.  
Secretary of Defense Charles E.  
Wilson ordered the personnel cuts  
which will slash about 41,000 men  
from the ranks of the Corps. Ap-  
proximately 207,000 will remain in  
the service.

## Seventy-Five Men Graduate Divvy's Intelligence School

Climaxing an intensive three  
weeks of studying, seventy-five  
men were graduated from the Di-  
vision Combat Intelligence School  
last Thursday.  
The men, most of whom recently  
reported to this base from Parris  
Island, received approximately 100  
hours of instruction.  
The three top-ranking men, all  
with a score of 92 out of 100,  
were SSgt. Grady V. Evans, 2nd  
Bn., 2nd Marines; Pfc Donald E.  
Peppler, H&S Co., 6th Marines;  
and Pfc Zene D. Bohrer Jr., Hq.

Col. James L. Mueller, Assistant  
Chief of Staff, G-2, was the speaker  
at the graduation exercises held in  
the Area Five library. Colonel Muel-  
ler in his remarks stressed the im-  
portance of combat intelligence  
throughout the Marine Corps.  
Maj. C. H. Bentley was the officer  
in charge of the school.

## Clarification Given To Vets Obtaining Loans Under GI Bill

A World War II and Korean vet-  
eran who sells a home he pur-  
chased under the World War II  
GI Bill is eligible for a new loan  
under the Korean Bill even though  
the home is sold under an install-  
ment plan whereby he retains title  
until the final payment is made.  
Disposing of the first property  
is one of the things a World War  
II and Korean veteran must do  
if he wishes to use his Korean  
service as a basis for contract-  
ing for a second purchase. In  
addition, he must not become in-  
debted to the VA by reason of  
his first GI loan.  
If such a debt exists, the veter-  
an's entitlement based on Korean  
service is reduced by the amount of  
that indebtedness.  
Indebtedness to the VA means  
actual liability existing on the date  
the new loan application is receiv-  
ed by the VA, resulting from de-  
fault of the veteran or of the per-  
son who assumed his GI loan. In-  
debtedness is not created by the  
possibility that the VA might have  
to make good its guarantee of the  
first property at some later date.

## NSLI Slates January Dividend Payments

Beginning in January \$190,000-  
000 will be paid in dividends to  
5,000,000 NSLI policy holders, ac-  
cording to the "Navy Times."  
The VA announced that eligible  
to receive the dividend are veterans  
whose NSLI policies were in force  
three months between the anni-  
versary date of their policy in 1953  
and the same date next year.  
Servicemen and new veterans  
whose policies were or are under  
waiver while in service are eligible  
providing they paid at least one  
month's premium between the 1953  
and 1954 anniversary dates.

## Citizen Of Ceylon Picks Marine Corps As First U. S. Job

A citizen of Ceylon, who immi-

February, today is a student in  
the Supply School Bn. at Montford  
Point.  
Pfc Mahesan R. Röttnam, 22, was  
the first Ceylonese to come to the  
states under the McCarran Act.  
After arriving in New York on  
board the Queen Mary, he flew  
to Los Angeles, Calif., where he  
hoped to find a job. The attrac-  
tive Marine Corps poster caught  
his eye, and he found his job  
in the Marines.  
A graduate of Saint Thomas Col-  
lege, Gurutalana, Ceylon, Mahesan  
is enthusiastic about life in the  
United States and thinks the Ma-  
rine Corps is "the finest career  
a man can choose". He is eagerly  
awaiting the day he can become an  
American citizen.

## Secretary Of Navy Anderson Extends Season's Greetings

The annual miracle of Christ-  
mas is again with us. It is a time  
of gladness and rejoicing; of giv-  
ing and forgiving; of the gathering  
together of family and friends.  
It is also a time for rededication  
to the great task of bringing peace  
and good will to a world sorely in  
need of both. My special thoughts  
are with the men and women of  
Navy and Marine Corps who this  
Christmas are engaged in further-  
ing that great task in places far  
away from home.  
For if Christmas is to continue  
to have meaning to our world, and  
the world of our children, we must  
remain strong and ever watchful  
of the ramparts we man against the  
forces of evil.  
It is with this thought in mind  
that I greet you, my shipmates in  
the Navy and Marine Corps, as  
well as members of the other  
Armed Forces, as we gather to  
celebrate the holiday season. I  
wish you to know that you, who  
are in the service and diligently  
pursuing your duties in all parts  
of the globe, are contributing one  
of the most worthy of Christmas  
gifts to your families, your coun-  
try, and to the world.  
By your patriotism and your de-  
votion to the cause of justice and  
freedom you are helping to bring  
about an earlier and fuller realiza-  
tion of that glorious message of the  
first Christmas: "Peace on earth,  
good will toward men."

## Christmas Prayer

Almighty God, Heavenly Father, we thank Thee for the Miracle of Thy love revealed to us in our Savior King, the Christ Child of Bethlehem. Cleanse our hearts from every sin and grant us grace that in spirit we may again kneel at the manger in Bethlehem's stable to worship the Miracle of Ages. Help us rightly to remember His holy birth that in faith we may join in the song of the angels and share the delight of the shepherds and the worship of the wise men. Grant

that in this sacred season the Christ may be born anew in our hearts in truth and in love so that we may be moved to share with others the blessings of the great gift which thou hast given us. Although many of us are far from home and separated from loved ones, yet, we pray, unite us all at this Christmas time by the blessings of the Prince of Peace. In the Name of Him concerning Whose birth the angels sang. Amen.

## Chaplain's Corner

Recently a Master Sergeant philosophized to me that the reason most people in Tarawa Terrace do not go to church is that they are too lazy to get up on Sunday morning. Something occurred to me as he spoke. The lazy and the industrious seem to move with equal haste to find shelter when the whine of incoming mortar is detected. We find the energy to do whatever we feel is worthwhile. Our failure to worship is not a lack of industry. We do not think it is important.

The people of Tarawa Terrace are no worse in this respect than the people of New River or Midway Park or Camp Knox. Lack of faith has been a common failing of all men since the days of Adam. The solution to man's problems has always been a real faith in God.

There is only one reason for doing good or being good. We will not be good because it is more idealistic or because it is more noble. We will be good if we believe there is a God who undergirds the good and undergirds those who

obey His will in doing

If we really believe in His Son then the Christ will follow some of the cars and the caboose follow. What we need is a statement of faith are not the same. A creed is not belief in For "man believes with It is for this "belief with that all our prayers m rected. It is this that w a "door" as well as a " the word. ## Santa Claus Makes Pre-Christmas Visit To Lejeune Kids

Almost two thousand children gathered at Goettge Memorial Field House yesterday to greet San- ta Claus. Santa, discarding his rein- deer for a Marine helicopter, came swooping down from the sky.

Rain caused the original plans for an outdoor party to be chang- ed.

## Navy Demonstrates Steam Catapult For Aircraft Carriers

The first "shot" of the Navy's new steam catapult went off at the Naval Air Materiel Center, Phila- delphia, Pa., for the press recently.

The catapult was pioneered by the British Royal Navy and ad- apted by technicians at the Phila- delphia center. It is scheduled to be installed aboard the USS For- restal, the Navy's giant flush- deck aircraft carrier.

"This particular project, the steam catapult, represents an out- standing achievement in Anglo- American cooperation. British in- ventive genius, which we have augmented with American engi- neering, has resulted in the spe- cific catapult we have come to witness today. It embodies ideas and physical components from both sides of the Atlantic." (AFPS).

In the girls' game Morehead ran away from Lejeune, 76-21. Ann Long swished in 19 points; Carolyn Guthrie, 15; and Polly Steed, 13. Outstanding on defense was Ann Hardy.

## Last-Second Carosi Basket Saves Opener

An accurate desperation shot by "Dippy" Carosi in the final five seconds of play tied the game between Camp Lejeune and Springfield College last Thursday night and sent the game into overtime. It also provided the necessary impetus for the locals to surge ahead and win, 95-88.

The scrappy quintet from Springfield, Mass., came from behind in the final four and a half minutes to tie up the game. From that point until the final gun the lead changed hands five times.

With five seconds remaining and Springfield leading the locals by two points, Carosi threw in a shot from the center of the court to gain a tie as the final horn sounded.

Then, behind the five points of Skip Whitaker, former Kentucky star, Lejeune grabbed a fast lead in the overtime. Jones added three, Leroy Smith and Joe Prater each added two to sew up the game and win number four for the Leathernecks.

Newt Jones, former LaSalle and Quantico ace, took scoring honors for the night as he dunked 14 field goals and five from the free throw line for 33 points. Leroy Smith, "Dippy" Carosi, and Skip Whitaker followed Jones with 16, 11, and 11 points, respectively.

Bud Vye paced the Springfield five with 20 points before being taken out at the beginning of the fourth quarter with a sprained ankle. Trailing Vye for Springfield was Frank Januszewski, former Lejeune basketballer, with 19 points. Three other players hit the double figures for the college five. Chuck Morrison, Phil Ness, and Harry Hopkins scored 15, 13, and 10 points, respectively.

### Mittmen

(Continued from Page 6)

Two welterweights of almost equal ability clashed in one of the best fights of the evening, Nick LaRosa of Lejeune winning a unanimous decision over Coleman Adams. Adams had a longer reach and his experience in covering up and catching punches with his arms was a great asset.

However, LaRosa, with 2:50 of the third round gone, knocked Adams to the canvas for an eight count with a left and a right to the chin.

In another welterweight match, Don Davis of Lejeune pounded his way to a unanimous victory over Bob Stauffer. It was all Davis in the first round. The Lejeune man knocked Stauffer down for the count of four with a flurry of lefts and rights just before the bell sounded.

Stauffer came back strong in the second round, carrying the fight to Davis and winning the round convincingly. However, Davis' experience and punching ability proved too much in the final round and the decision went to him.

#### Davis Holds School

In a bout that was all one-sided, Joe Davis, 1953 MASIAC and Atlantic Fleet light-weight champion, gave his game opponent, Lionel DeLeon, a boxing lesson as he pounded his way through three rounds to win the fourth bout of the evening.

The final bout was in the middle-weight division between Ken Barreanu of Lejeune and Cherry Point's Art Turner. Throughout the three rounds neither fighter landed a solid punch, both waltzing and clinching in a very uneventful bout. The decision, a draw, was not unexpected or surprising.

## 600 Lieutenants Get Hike To Captain

Headquarters Marine Corps released this week the names of 600 regular and Reserve first lieutenants selected for temporary promotion to captain.

All of the 600 are expected to be promoted before June 30, 1954.

The names selected were chosen by a selection board that met November 12.

Included in the 600 are 20 limited duty officers, and 86 Navy aviators. Sixty Reservists were picked, of whom 29 are aviators.

Eligible for consideration were first lieutenants of the regular and Reserve components now on active duty and whose date of rank was November 1, 1952, or earlier.

## 'Boot' No Amateur As Corps' Recruiter

Pfc James E. Gilbert doesn't believe in wasting time.

Gilbert went home on "Boot" leave prior to reporting aboard at Camp Geiger's First Infantry Training Regiment.

While home he conducted his own recruiting campaign. He extolled the virtues of the Marine Corps to his buddies and did such a convincing job that five of them accompanied him to the nearest recruiting station at Bristol, Va., and enlisted for four years.

## Missouri Passes Info On Licenses

Service personnel who have been issued drivers' licenses by the State of Missouri are warned that the date stamped on the face of the license is the expiration date and licenses should be renewed at that time.

For renewal request forms personnel must contact the Dept. of Revenue, State of Missouri, Jefferson City, Mo. The Missouri law requiring a driver's test is waived for service personnel.

## Hal McIntyre To Play OM New Year's

Hal McIntyre and his band will help the Paradise Point Officers Club welcome 1954.

McIntyre and the "band all America loves" will furnish the music for a dance in the main dining room from 9 p.m. December 31, 1953 until 1 a.m. January 1, 1954.

Featured with the McIntyre aggregation are Jeanne McManus and The McIntots.

McIntyre got his start as a saxophonist with two of America's greatest musicians, Benny Goodman and the late Glenn Miller.

In 1936 he played with Goodman for awhile and then was advised by Benny to audition with Miller. The audition turned into job that lasted for the next three years.

It was Miller who suggested to Hal that he go out on his own.
