Korean Vets Get No Bonus In N. Y.

In answer to numerous requests from servicemen, the state of New York recently released the following information regarding bonus payments.

State law authorizes bonus payments only to veterans of World War II who were citizens of New York at the time of their entry into the service. At the present time there is no provision for making bonus payments to veterans of the Korean action.

Committee Named To Choose Winner In Yule Displays

A committee to judge unit Christmas decorations and displays and select the winner of the Commanding General's trophy was appointed last week.

Lt. Col. Bernard E. Dunkle, of Marine Corps Base heads the committee, which also includes Maj. Benjamin Hadley, Jr. and MSGT. Arthur C. Larson, both of the 2d Division; Maj. Edward C. Nelson Jr. and MSGT. Albert W. Faby, of Force Troops; and TSgt. Edward J. Stein, of Marine Corps Base.

All units entering the contest are expected to have their displays ready for judging by Sunday.

The trophy will be presented to the winner Wednesday.

Gen. Paige Honored By FT Ceremonies

Brig. Gen. Henry R. Paige, assistant Division commander, was honored by Force Troops Friday as he reviewed combat units of that command during a formal parade held at Camp Geiger.

General Paige, who has been named Commander of TRAEX-2, and the officers who will comprise his staff for the coming maneuvers inspected the five Force Troops battalions as they passed in review during the half-hour parade.

Col. Robert E. Hommel, deputy area commander for Camp Geiger, was Commanding Officer of Troops.

The new Armed Forces Dependents' ID Cards, recently approved by the Department of Defense, have not yet been received here, according to the Pass and ID Office of the Camp Provost Marshal's Office. When they are received, information as to how to obtain them will be published in the GLOBE.

N. C. Vehicle Safety Responsibility Act Scheduled To Go Into Effect January 1

On January 1, North Carolina will put into effect its new Motor Vehicle Safety Responsibility Act.

Some of its important requirements are listed below for the information of all personnel driving vehicles in this state.

Every motor vehicle accident involving bodily injury, death, or damage to property of any one person in excess of \$100 must be reported to the state in writing. These reports are to be submitted on state forms obtainable from police or the State Highway Patrol.

If you are the owner and driver of an automobile involved in an accident resulting in bodily injury, death, or damage as described above, your right to drive will be suspended unless:

You can show that you were insured by an authorized company for bodily injury liability with limits of at least \$5000 for injury or death of one person, and at least \$10,000 for injury or death of two or more persons, and for property damage liability with limits of

Three Choices Of Duty Given For 'Shipping'

Regular sergeants and below are getting a break upon reenlistment. Reenlistees in the regular Corps are now being offered three options as outlined in Marine Corps Memo 78-53.

The first option is a transfer to a new duty station or retention at the present duty station. There are six geographical areas to which the enlisted man may transfer. No guarantee will be made that an individual will be assigned to a specific unit or location within these areas.

The six are: I—North and South Carolina; II—The U. S. east of the Mississippi River including Area I; III—Southern California; IV—The U. S. west of the Mississippi, including Area III; V—Japan; and VI—Overseas, including Area V and Korea. The Marine may remain at his present duty station for a minimum period of six months or until completion of 24 months at that station, whichever comes first.

The second option is retraining. Provided an individual meets necessary requirements for successful performance of duty in the occupational field he selects, he will be retrained in a new occupational field from a list of three choices submitted by him.

The third option is assignment to a school or a course of instruction (See THREE CHOICES, Page 2)

Service Manpower To Receive Slash

The Army, Navy, and Marine Corps will take ten percent cuts in manpower next year. It is possible that, between June 1954 and June 1955, the Marine Corps will be required to drop 23,000 men, according to United Press.

Although the reduction did not meet with the approval of military leaders, Defense Secretary Charles E. Wilson gave his OK last week after conferring with Army Secretary Robert T. Stevens and Assistant Defense Secretary W. J. McNeil.

You can prove to the satisfaction of the state that no injuries or damages to another's person or property resulted from the accident; or

You can prove that your car was being driven or parked by another person without your consent, or that it was legally parked, at the time of the accident; or

You deposit up to \$11,000 in the form and amount required by the state; or

You can furnish the state with satisfactory evidence that you have been released from liability or finally judged not liable, or have executed a duly acknowledged written agreement providing for installment payments.

WHOM DO YOU FIND THE MOST DIFFICULT TO BUY A CHRISTMAS GIFT FOR?

PFC FRED R. HENSLER, 2ND BN., 8TH MARINES — My father. He never makes any comment as to what he'd like for Christmas, yet when he opens the gift, there's usually a disappointed look on his face because he didn't get what he wanted.

TSGT. THOMAS R. GETTYS, CAMP ADJUTANT'S SECTION — My

wife. She starts hinting from the Fourth of July on. She'll cut clippings from magazines and newspapers and leave them all over the house where I'll find them. I'm afraid Mrs. G. never gets what she wishes for, because I can't afford a Cadillac.

PVT. HARRY J. ALEXANDER, 2ND ENGINEER BN. — My girl friend. I don't know her too well and I find it hard to choose a gift that's appropriate. If I buy her anything too personal, she may be offended, so I guess I'll get her perfume or jewelry.

CPL. WILLIAM H. WARFIELD JR., CAMP DUPLICATING SECTION —

Any woman. She never tells a man what size garment she wears, and if she does, she'll usually fib a size smaller. She hints about so many things, and takes you window shopping, dropping little hints here and there, but never actually says what she wants.

CPL. WILLIAM D. ECHLIN, 4TH BN., 10TH MARINES — My father. He doesn't smoke, he doesn't drink, he wears only a certain kind of sweater, and hates loud socks and candy. I usually buy him the conventional necktie.

Rifle Range Gives 'Cease Firing' Order Until February 1

Tomorrow the woods around the Rifle Range will no longer reverberate to the crash of rifle fire. The red firing flags will be furlled and the Range will be closed officially for the year, not to reopen until February 1.

Personnel of the Rifle Range armory, who issued over 4500 weapons this year, will settle down to the quiet business of checking and cleaning rifles.

Under supervision of Lt. Col. John W. Russell, commanding officer of the Rifle Range, some 28,000 riflemen and 10,000 pistol shooters from the 2nd Division, Force Troops, and Marine Corps Base have fired the range this year, with as many as 1100 shooters on the line in a week.

Following him were Cpl. Joseph R. Discipio, 2nd Marines; Cpl. James N. Cogan, and Cpl. Robert S. Eros, 6th Marines; Sgt. Kamal J. Syage, 10th Marines; Sgt. Frank O'Keefe, Hq. Bn.; Sgt. Ronald D. Div. Opens Hobby Shop In January.

Model airplane and auto enthusiasts and would-be Rembrandts soon will come into their own with the opening of 2nd Division's Hobby Shop sometime in January.

According to 1st Lt. William R. Gardner, special services officer who will be in charge of the new shop, plans at present call for the use of Bldg. 441 as the salesroom and workshop.

"For some time," says Lieutenant Gardner, "it has been the desire of Division Special Services to provide facilities for personnel interested in pursuing hobbies. The Division Hobby Shop, however, is not designed to take the place of the regimental or separate battalion shops if those organizations wish to continue them," he explains.

At present three regimental and separate battalion hobby shops are in operation.

Leathercraft, model airplane, ship, and railroad building, and oil painting will be the first of the activities. A complete wood-working shop is planned, as are facilities for auto repairing, photography, and plastic-working.

The building in which the shop will be set up is approximately 120 feet long and 26 feet wide. This will be divided into a salesroom and two workshops.

Lt. Col. M. C. Stewart, Division special services officer, stresses the fact that the shop's success will depend upon the support and cooperation of all personnel.

tion. Assignment to formal schools is dependent upon entrance requirements and school quotas.

Men eligible for this option will be given first consideration in their present occupational fields. They may submit their applications to reach Headquarters Marine Corps 30 days in advance of anticipated reenlistment.

Provisions of the memorandum are also applicable to former Reservists who have completed one year of active duty immediately prior to integration as regulars or who enlist for a period of three or more years up on integration, (AFPS)

Navy Lawyer Wins Case; Reenlists Duo

The Navy boosted Marine Corps reenlistments by two Monday morning as Lt. William R. Newsome, USN, camp law specialist, "shipped" two of his office personnel for a total of nine years.

Sgt. Arthur L. Lucas, of Hq. Co., H&S Bn., MCB, reenlisted for six, while Cpl. Joseph E. Watts, of the same company, "shipped" for three. Both are clerk typists for the Camp Law Specialist's Office.

Receiving an assignment of his choice, Sergeant Lucas will remain here and continue in his present duties.

Corporal Watts, previously a member of the Marine Corps Reserve, was granted embassy duty upon reenlistment. He will report to Headquarters Marine Corps for further assignment.

Navy Lab's Re On Bacteria St In ESA Public

The publishing of their in a recent issue of the "Entomological Society" marked the culmination of three years of research by scientists at the Naval Field Research Laboratory.

The scientists had been studying arthropods (insects, chnids, and crustacea) as a source of antibacterials. Their search included work in fields of organic chemistry, microbiology, and entomology.

Transformer Installed For Camp

Installation of a new 12,000-kilo-volt transformer, replacing the old 7,500 KVA transformer at the camp generating plant, now is complete. The new transformer was necessary because of the current work needed at the plant, which was completed during World War II.

The new transformer cost \$65,000 a year to operate. It weighs 73 tons and is rated at 12,000 KVA. The transformer will supply power to the camp's 6750 gallons of transformer oil, which has a life expectancy of 15,000 hours. The transformer's maximum load is 12,000 KVA or 27,800 horsepower.

Fares Extend High Prices

Travel fares in furlough have been extended from the original date of January 31 by the nation's railroads.

Those who are taking leave for Christmas and New Year holidays and who travel in the first class will receive a 2.025 cent exemption on round-trip fares.

The exemption does not mean that a man is making excuses.

RIVAL—The first of the 2nd Tank Battalion's new M48 Patton tanks is unloaded from a lowboy at the tank park. The model 50-tonner will replace the old General Sherman. The 2nd Tank Bn. is the first Marine Corps unit—and one of the first in the Armed Forces—to be equipped with the M48, which is to become the standard medium tank (Official USMC Photo).

First Trainee Here For CG Regiment

Pfc Robert G. Young, of Mobile, Ala., Friday became the first trainee to arrive here at Camp Lejeune for advanced infantry training.

Recently "graduated" from Parris Island, S. C., Young reported aboard last week and is the first of 208 trainees expected to form "A" Co., 1st Bn., of the newly formed 1st Infantry Training Regiment.

2nd Tank Bn. First Marine Unit To Get New Medium Tanks

The 2nd Tank Bn. last week became the initial Marine Corps tank unit—and one of the first in the Armed Forces—to be equipped with the new M48 General Patton tank.

The recently arrived 50-tonners are an improvement on the General Patton model now in use with most Army tank units. The M48 will replace the M4A3 General Sherman in the division and is expected eventually to become the standard medium tank in both the Corps and the Army.

The M48 mounts a 90 mm. high velocity gun which increases its anti-tank power and tank-vs-tank potential. It also mounts a 50-cal. machine gun and a 30-cal. co-axial gun and has a new armor that adds to its protection against anti-tank fire.

Application Deadline Set For CG Exam

All applications for the nationwide competitive entrance examinations for the U. S. Coast Guard Academy, scheduled for February 23-24, 1954, must be postmarked before January 15, 1954.

Qualified applicants, including military personnel, will be tested at centers in 109 major cities. There will be no Congressional appointments or geographical quotas. Successful candidates will enter the Academy class beginning in September 1954.

An applicant must be age 17-22, a high school senior or graduate with at least 15 units by June 30, 1954. These must include three units in English, two in algebra, one each in plane geometry and physics.

He must be 66-76 inches in height with proportionate weight, uncorrected 20/20 vision in each eye, and have a minimum of 20 vital serviceable teeth.

The academy, located at New London, Conn., prepares potential career officers during a four-year course for a bachelor of science degree in engineering and a commission as ensign in the Coast Guard.

steam catapult represents an outgrowth of the program. Inquiries should be addressed to the Commandant (PTP), U. S. Coast Guard, Washington 25, D. C. (AFPS).

Sgt. Upholds Brother Act By 'Shipping'

It wasn't the question of whether the sergeant was going to reenlist or not. The question was for how long because, when he "shipped over" last week, Sgt. Gordon P. Rienks was carrying on a family tradition that started during World War II.

Sergeant Rienks, now serving with Force Troops' 8th Motor Bn., has four brothers in service at present and all plan to make the service a career.

Of the five brothers, three are Marines, while the Army and Navy claim one each. The three Marines all are Korean veterans.

Norman, the oldest brother, has been in the Army almost 12 years. Sylvan, a Marine staff sergeant, with eight years' service, now is on recruiting duty in Chicago. Eugene, also a Marine staff sergeant, is finishing a three-year enlistment and now is in Korea with an armored amphibian company.

Alex, apparently the only brother who likes the sea, is an aviation machinist's mate third class aboard the USS Lexington.

Their father, while not in service, can lay claim to long government duty. He is a Civil Service machine engineer and has been in the Canal Zone since 1937.

Sergeant Rienks even has served with one of his brothers. He and Sylvan were in Korea at the same time and returned to the United States on the same ship last year.

J'ville Gets Authorization For Another Radio Station

The Jacksonville area will have a wider choice of radio programs in the near future.

The building of a new standard radio station there, has been approved by the Federal Communications Commission. The Seaboard Broadcasting Corp. will operate the station.

TO THIRD DIVISION

Brig. Gen. Thomas G. McFarland, chief of staff of Parris Island's Marine Corps Recruit Depot since September 1952, has received orders detaching him on December 28 to the 3rd Division in Japan, where he will assume duties as Assistant Division Commander.

USNH Maintenance Gets Safety Award

Capt. C. R. Wilcox, Naval Hospital commanding officer, received an Industrial Safety Award signed by the Secretary of the Navy from Capt. H. L. Goff, district medical officer, on behalf of the Maintenance Division here last week.

The award was presented for maintaining an accident rate of less than 2.5 percent during 1952, the third consecutive year for which the hospital has received the award.

Captain Goff presented the award in behalf of the Secretary of the Navy and the Commandant of the 5th Naval District.

Ceremony Admits Lejeune Officer To Supreme Court

Maj. William H. Bennison, Force Troops staff legal officer, was admitted to practice before the U. S. Supreme Court last week.

The ceremony in the chamber of the nation's highest tribunal was one of the very few so honoring a Marine officer.

Major Bennison was sponsored by Lt. Col. J. Fielding Jones, a Marine Corps Reserve officer on the Board of Review in the Navy Judge Advocate General's office.

A graduate of the Albany (N. Y.) Law School in June 1942, Major Bennison was commissioned in the Marine Corps Reserve the following August. He integrated into the regular establishment last February.

SSgt. McCain Gets A Lot Accomplished In One Short Week

Last week was a busy one for SSgt. Wayne McCain, of the 8th Motor Transport Bn., Force Troops.

Wednesday the 24-year-old radio repairman received the Letter of Commendation Medal with Combat "V" for service in Korea.

Thursday he was discharged from the Corps and Friday he reenlisted for two years.

Two days later he requested and was transferred to the 24-week Radio Technician School at San Diego, Calif.

McCain, who had voluntarily extended his last enlistment to continue his work of constructing and maintaining communications networks in Korea, frequently went out on combat missions with the anti-tank company to which he was assigned.

He first enlisted in the Marine Corps in 1946. Between enlistments he worked as a radio advertising salesman with radio station WMRP in Flint, Mich.

To Pick 60 For Next Officer Class

Sixty enlisted Marines will be chosen in January from 168 candidates for a ten-week Officer Candidate Course at Quantico, Va. Those who meet the basic requirements and are selected by the screening board will be eligible to attend the March class.

Marines who pass the Officer Candidate Course will be commissioned as second lieutenants in the Marine Corps Reserve and will take a 20-week Special Basic Course.

No Time To Relax

Will there be peace or war in Korea?

This is the question being asked by Americans everywhere, both civilian and military. The second part of the question being asked just as often is: If peace talks break down, then what?

There are no definite answers to these questions but a review of recent events does help show the trends. Six weeks have gone by since the beginning of the preliminary parley called to set up the formal peace conference. Despite the willingness to compromise shown by Arthur H. Dean, special U. S. envoy, the Communist representatives still are blocking progress.

The important questions of when and where the conference shall be held and which nations shall be invited to participate—and in what capacity—still are unresolved. The Reds insist that Russia be invited to participate as a neutral while the U. S. says that if she comes, it should be as a representative of the Communist side. In addition, the Chinese-North Korean negotiators have demanded the inclusion of four Asian neutrals—India, Pakistan, Burma, and Indonesia.

However, there still is optimism on the prospects of a Korean peace conference. If for no other reason, it is believed that the Reds will accept it because it would provide them with a bigger sounding board for their propaganda. But even if all this happens, it does not guarantee the solution of any of the major problems such as the unification of Korea or the peaceful withdrawal of foreign troops.

The situation now as far as you are concerned individually is virtually the same as it was when the truce was signed. You are under the same pressure to maintain maximum proficiency and alertness just as while the fighting was on. The Communist forces are using the truce to build up and retrain their forces. If possible, they will try to use this increased strength as a bargaining factor in the peace talks. The fact that you are still on guard will counteract this and make a satisfactory peace more possible. (AFPS)

Chaplain's Corner

Nearly everyone is interested in being successful, in doing something worth while, in developing a satisfying future, and in being happy.

Yet, how many individuals know how to secure this type of life for themselves? How many individuals ignorantly follow a course which takes them in another direction? How many actually follow a course which leads them to their desired destination?

No one intentionally would limit his future by his own doing, and yet is not most everyone doing exactly this very thing?

Life And Thought

What can be done to secure for ourselves the good life? Ralph Waldo Emerson once said that we all tend to become like the god we worship. He also might have noted the fact that our lives follow from our thinking. If we think little thoughts we have little lives. If we entertain negative, discouraging, dark thoughts, we tend to have disappointing experiences.

If we think positive, fresh, stimulating ideas, we find that our lives take on the tone of these ideas. In other words, our experiences begin with our thinking. If we wish to improve our lives, we must begin with our thinking.

Many people are finding that through the study of the Bible they are gaining a clearer concept of God and of their relationship to Him. And they find that, as they ponder the great facts and truths set forth in the Bible, a great change occurs in their thinking.

An Application

It is recorded that one salesman who had an indifferent career found upon examining his thinking that he almost expected to fail, and had little self-confidence. To correct this fault, he pondered daily the passage from Philippians

4:13, "I can do all things through Christ which strengtheneth me." He saw that this truth applied specifically to him, as well as to everyone else.

Before making a call, he would take a few moments to pray and understand why he should be successful, with the result that he began to expect success, to express the confidence and assurance so necessary in his work, and in a short time he found himself a highly successful man.

The truths of the Bible are free to all, and the Bible is an ever-present source of help for everyone who is willing to study and accept the help it provides. The aid you need for successful living is as close as your Bible—Chaplain Richard F. Shroth, assistant camp chaplain.

Sports In Short

By TSGT. BILL YOST

In the call is sounded for those who are interested in trying out camp baseball and track teams.

In such a call is sounded, a lot of people take the attitude that to use turning out because of the high school, college, and professional that a coach has to pick from. But if you've got that you're all wrong. Everyone gets a chance. That's the system in high schools as well as in colleges and the major and minor. It's no different in the Marine Corps.

A candidate is picked on his past record alone, regardless of what he did before coming into the Marines. When the final squad is selected, a player is on the team because of his ability in the sport—regardless of his press clippings.

RANDOM . . . Besides being selected as the "Most Valuable" in the "Navy Times" All-Sea Service balloting, Rex Boggan got into his crown this week. The Quantico Marines selected the best all-around lineman on their 1953 All-Opponent team. He is fitting to have Rex named on the All-Marine Corps team to start the cycle.

The Quantico Marines won the All-Marine football championship Saturday by defeating Camp Pendleton, 21-14. Incidentally, they will play Fort Ord in the Poinsettia Bowl, at San Diego, mythical service football championship this Saturday. While talking about Quantico, Arizona & Co. notched their tenth victory against one defeat Saturday night, beating Comant, 69-59. That lone defeat was against the Philadelphia Warriors.

Lejeune boxing team will enter the twenty-second annual Golden Gloves amateur boxing tournament to be held at the Armory February 3 through 6. Coach Mike Capriano will lead teams in the tournament and has very high hopes of placing men in the finals for the Eastern Golden Gloves in New York City.

editor was very fortunate to see an underdog battalion team of 10th Marines outthrust and outscore a highly talented 2nd Service Group quintet, who had broken into the century scoring in four of their league games, by 67-66. The game was decided in the final second of play by a foul shot after the 10th Marines had scored at 66-all.

Pups Absorb First Defeat Of Season, Bowing To J'Ville

Playing to a capacity house at Jacksonville's new gymnasium last week, the Camp Lejeune Devil-pups were handed their first defeat of the season, by Jacksonville High, 60-54. Jacksonville trailed only twice during the game.

At the beginning of the second quarter the Pups were ahead briefly, 14-13, but were never quite able to overcome the Cardinal's 13-point margin.

Both teams made good on 12 out of 25 foul attempts.

High scorers for Jacksonville were Bob Burkhardt, 15, and Jimmy Edison, 14. Outstanding on the defense was Takey Crist.

High for Lejeune were Bobby Peele and Charlie Sells, with 15 and 12, respectively. Bobby Peele and Billy Hudson shared defensive honors.

Skyscraper Foes Fail To Stop 5'7" Basketball Wizard

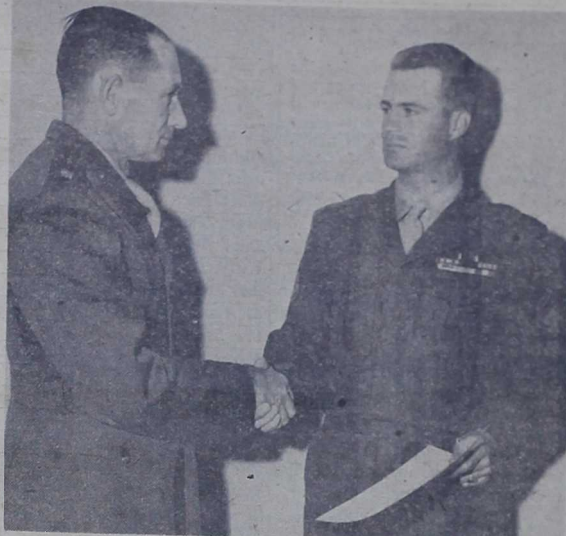

Giraffe-like giants cavorting around the basketball courts seem to be grabbing all the honors in America's favorite indoor sport.

But that hasn't bothered 2nd Lt. H. E. "Hooks" Martin, a 5'7" "midget" from 2nd Combat Service Group. And a look at his scoring record in the Force Troops Basketball League proves it. Right now he's averaging 20 points a game without playing more than half of any one.

Lieutenant Martin, special services officer and player-coach of CSG won four varsity letters in basketball, three in football and two in baseball, during four years at Bethany College in West Virginia. In addition, he was named "All-State" by the West Virginia State Intercollegiate Basketball Conference twice.

Upon his completion of high school, several major universities, including West Virginia, Georgia, and Kentucky, vied for his athletic skills. But, after a brief hitch in the Navy as an enlisted man, he enrolled at Bethany.

After graduation, "Hooks" coached for a year at Jefferson Union High School in Ohio and then became head basketball coach at Linsly Military Institute at Wheeling, W. Va. His post-Corps plans include a return to his coaching career and obtaining a master's degree in physical education.

CSG Tops Amtracs, 94-72; Continues As League Pacer

With only three games remaining in the first half of the season, Combat Service Group has clinched a tie for first place in the Force Troops Basketball League by topping the previously undefeated Amphibian Tractor Bn., 94-72, last week and the once-beaten Armored Amphibian quintet, 92-65, Monday night.

In the first game Barry led Combat with 28 points while Johnson with 16 was high man for AmTrac.

Monday's game was closely contested for the first half, CSG leading at half time, 38-36. Combat went on a scoring spree in the final half. Noye led Combat Service with 33 points while Vireck dropped in 21 points for Arm-Amphib.

AmTrac came back to win its second game, defeating Amphibian Truck Co., 76-67. Mauthe's 22 points and O'Brien's 19 were the top scores for AmTrac and Am-Truck, respectively.

69-66 Gator Win Gives Lejeune First Defeat Of Season

The Camp Lejeune Marines lost their first game of the basketball season in a cage thriller against the Amphibious Force Gators at Little Creek Thursday night, 69-66.

In a game that saw five players leave the hardwood on fouls, competition was nip and tuck all the way with the score 33-28 in the Gators' favor at the half. The tables were turned at the three-quarter mark, Lejeune leading 49-46. However, in a final drive the Gators took the lead and the victory.

Player coach Henry Moye, former Fordham University ace, and guard John Reilly, once of Seton Hall, set the pace for the Gators with 24 and 21 points, respectively. Leroy Smith took honors for the Leathernecks with 22, followed by Newt Jones and Skip Whitaker with 13 and 11, respectively.

Wes Westerland and Hugh Dawson scored 15 and 14 points, respectively, for the losers, while Newt Jones, 15, Joe Prater, 13, and Dippy Carosi, 13, followed Smith in the scoring column for the winners.
