WM AT BRAY—"Nice mule," croons Pfc Marilyn A. Meyer of the Camp Information Section to the prisoner who created such havoc in Montford Point Sunday. The stubborn culprit was roped and corralled after crashing the gate there (Official USMC Photo).

The Defense Department currently is studying a substantial cut in the number of military personnel in support of Army, Navy, Air Force, and Marine Corps combat units which would not impair the fighting efficiency of the combat forces.

This was disclosed by Dr. John A. Hannah, assistant secretary of defense for manpower and personnel, at a recent press conference. Secretary Hannah asked the Army to get along in fiscal year 1955 with 1,281,000 men; the Navy with 670,000; and the Marine Corps with 207,000. He emphasized a final decision has not been made.

Gate-crashers are an everyday occurrence to the MP at the main gate of Montford Point, but the fellow who stood the duty there Sunday morning was startled when a four-legged animal with long shaggy ears and a sad expression loomed past him promptly at 10 a.m.

Despite the angry challenge of the sentry, the mule increased his speed, brayed mockingly at his pursuer, and disappeared in the wooded area. Two hours later, after a frantic posse had subdued him, the mule was roped, corraled, and placed in front of the guard house for disposition.

Sgt. John L. Folio, who made the arrest, charged the stubborn culprit with disorderly conduct, resisting arrest, and failure to have proper identification.

Late Monday afternoon the prisoner was taken to a Jacksonville retraining command, where it was hoped his owner would claim him.

Interviewed later in the compound, the mule stated he was getting an excellent defense counsel, emphatically adding, "No one's going to make a jackass out of me!"

Officials at Headquarters Marine Corps have stated that dependents of personnel attached to the 3rd Division in Japan will not be transported from the United States to Japan at Government expense.

Personnel of the division may transport their families to Japan and find quarters for them at their own expense.

Unsettled conditions in Korea, a plan for rotation between the division in Japan and the 1st Division in Korea, and the time required before dependents can get housing in Japan are the arguments against allowing dependents to go to the far east.

Football and boxing take a back seat this week as the 1953-54 edition of the Camp Lejeune basketball team ushers in the season against a strong MineLant quintet from Charleston, S. C., at Goettge Memorial Field House tomorrow night at 8.

Recommend Closing Six

Dr. John A. Hannah, assistant secretary of defense for manpower and personnel, has disclosed that recommendations to his office call for closing down six commissaries.

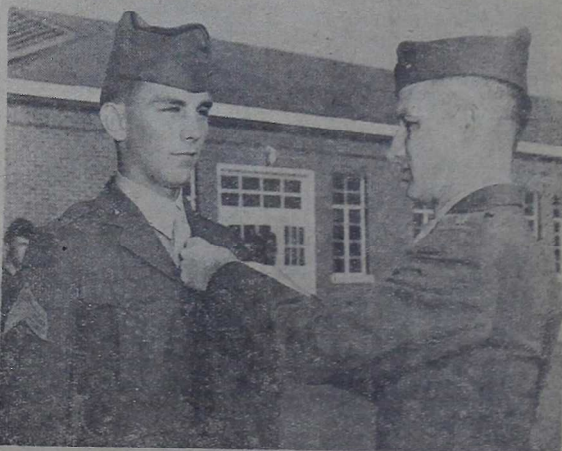

In a Pitagón press conference, Doctor Hannah named as being involved the commissaries at the U. S. Disciplinary Barracks, Lumpoc, Calif.; Erie Ordnance Depot, Lacarne, Ohio; Naval Receiving Station, Brooklyn, N. Y.; Camp Roberts, Calif.; Camp Sall Luis Obispo, Calif.; and Camp Breckenridge, Ky. There are about 200 military commissaries.

Doctor Hannah said the six fell into two categories. The first three are at installations now active. The others are at stations where the number of personnel is being reduced under economy moves.

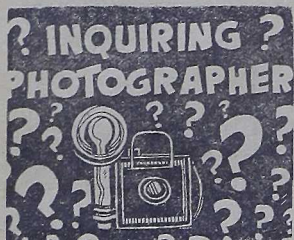

He emphasized that a new look is being given to all commissaries located at military installations in and around large metropolitan areas.

Under Section 624, Defense Appropriations Act for fiscal 1954, Congress ordered the Defense Department to eliminate commissaries in the United States unless the Secretary of Defense could certify that items normally procured from such stores are not otherwise conveniently available at reasonable prices and in satisfactory quality and quantity."

Under the act, the Defense Department set up its own criteria for judging the necessity for (See RECOMMEND, Page 2)

WHAT ARE YOUR PLANS FOR THE FUTURE?

CPL. PAT SMELTZ, TRANSPORT AND SPARE PARTS SECTION

After I finish my enlistment I want to travel and visit all the wonderful and exciting faraway places I have always read about. First on my list is Europe. Then I'd like to board a luxury liner and head for the romantic South Seas.

SGT. ARILLA AHERNE, CAMP POST OFFICE

Since I was married August 6, I guess my plans for the future are very clear. I'm going to serve out my enlistment and be discharged in April. Following my husband's discharge next year, I'm going to be just plain Mrs. Robert Aherne of Brooklyn, N. Y.

PFC FRANCES DE COITO, ISSUE COMMISSARY

Following the end of my enlistment, I want to major in physical education at some college here in the States and become a teacher.

PFC SUE LITTLE, H&S BN. LEGAL OFFICE

Well, if I don't find myself a husband at Camp Lejeune, I'm going to go to college and try. I'll major in home economics just in case I might find the right guy on the campus.

PFC SKIPPY KANE, ENLISTED PERSONNEL

After I've studied people in the service, I'm going to study psychology at New York University, and see what makes them tick.

Opposed To War, Sailor Has Bronze, Silver Star Medals

One day in July 1952 the 3rd Bn., 1st Marines, was locked in furious struggle with Chinese Communist forces on Bunker Hill. On a dangerous patrol action with "H" Co., HM2 Alvin L. Joyner, at great personal danger to himself, aided in evacuating wounded under fire to safety through a minefield.

For this action Joyner, now with H&S Co., 2nd Marines, received a Bronze Star and three Purple Heart Medals. Since his return to the United States he has been awarded the Letter of Commendation Medal.

Joyner is a conscientious objector. As a member of the Seventh-Day Adventist Church he has refused to cause the death of another, even in warfare. But, knowing that he would someday be called to serve in the Armed Forces, he prepared for service as a hospital corpsman while he was at college.

The Seventh-Day Adventist Church conducts a program of medical cadet training at their church colleges throughout the country in connection with the U. S. Army and Navy. When these students are called upon to serve they are prepared to serve as their consciences will permit them—to save life.

Joyner, a native of Madison, Ws., graduated from Emanuel Missionary College in Michigan in 1951. He plans to attend medical school after his discharge.

State Motor Club Offers Scoop For N. C. Registration

The Carolina Motor Club requests that all persons desiring to register autos in North Carolina have their vehicles inspected at the State Highway Patrol headquarters adjacent to Camp Geiger.

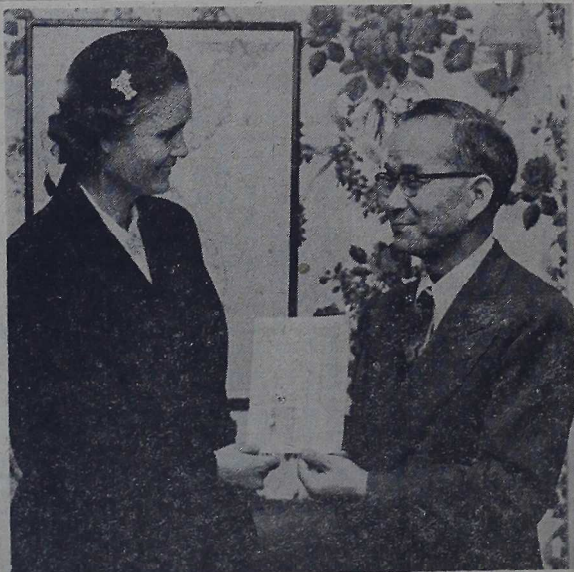

The Patrol headquarters is open for such inspections Monday through Friday from 9 to 11 a. m. Applicants are to bring their certificates of title or, if there is a lien on the car and no certificate of title, registration in the owner's name.

The Carolina Motor Club is located in the B. F. Goodrich store on New Bridge St. in Jacksonville and is open Monday through Friday from 9 a. m. to 4 p. m. and on Saturdays from 9 a. m. until noon. Its telephone number is Jacksonville 7513.

Sgt. Marshall Garst Given Silver Star

Sgt. Marshall L. Garst, of 2nd Armored Amphibian Bn., Force Troops, was awarded the Silver Star Medal during formal ceremonies at Courthouse Bay recently.

Lt. Col. E. A. Siegal, commanding officer of the battalion, presented the medal and the accompanying citation. The latter told how Sergeant Garst had on three occasions exposed himself to extremely heavy hostile fire at close range to perform his duties as a tank commander during fierce fighting in Korea last summer.

Four thousand pounds of this are to go to 350 Samsung school children "adopted" by TSgt. Karol W. Vardell of Dallas and his buddies of the 1st Tank Bn., 1st Division (Official USMC Photo).

HORSEPOWER WITH A TOP KICK—MSgt. Sidney L. Patterson, World War I campaign hat and all, reminisces behind the modern 75 horsepower jeep. Completing his twenty-fifth active service, Patterson, at 56, began his Leatherneck with the old-time Horse Marines in 1917, tried civilian while, returned to the Corps in 1932, and now says he's the 2nd Marine Division here, for 16 Commandants. He might go by thus far and wears 12 campaign ribbons, earned wars (Official USMC Photo).

Onetime 'Horse Marine' Boasts Adventurous Years In Corps' Service

Sidney L. Patterson has been around and that ain't horse talk, brother.

Master Sergeant Patterson, at the age of 56, is one of the few old-time "Horse Marines" still on active duty who recalls World War I duty.

Now completing his twenty-fifth year of active service, Sergeant Patterson currently is the recruiting, discharge, and separation NCO for the 2nd Service

Pat's tour began 'way back on March 22, 1917, when he reported for "boot" training at Parris Island, S. C. As Pat recalls, the southern recruit base had only two barracks, a swimming pool, and several tents. His indoctrination training lasted ten weeks, due to the urgent wartime need for trained personnel.

Caribbean-Bound

Upon completion of training, Pat boarded the USS Prairie and headed for Santo Domingo, a normally short trip but one that lasted months. The Prairie broke down at sea. Pat's outfit was moved onto a collier and proceeded to the Caribbean country, arriving a bit tired and depressed from sleeping on steel decks.

There he had his cavalry introduction. Pat joined the 44th Mounted under command of Capt. Thomas E. Watson, who later rose to brigadier general.

For 13 months Pat roamed the Santo Domingo brush country, rounding up bandits who threatened American interests. Several rebellions cropped up; the Marines threw them down.

After returning to the States, Pat was in on the forming of the 13th Regiment under command of the legendary Smedley Butler, who twice won the Congressional Medal of Honor. The 13th sailed early in 1918 for Brest, France, aboard the USS Henderson.

A Menace Strikes

At sea, the 13-ship convoy was struck by a menace rivaling that of any U-boat pack—the influenza epidemic. Several hundred men aboard the Henderson died. Pat says men were dying so fast they were wrapped in sheets and lowered over the side to a watery grave.

This was just a preview of tragedy ahead. Upon entering the port of Brest, the Henderson was

A gigantic gash was on her side, and, as Pat says, "We thought we were ducks."

Because of the flu epidemic, the 187th Airborne Central Postal Directory was quarantined. The declaration of the Armistice ended the war, but the French ports of operation were closed. Pat and his fellow Marines had to leave the

Twenty years of honorable Ma- rine Corps service ended Monday when MSgt. George R. Schneider, of 2nd Combat Service Group, Force Troops, retired from active duty to transfer into the Fleet Ma- rine Reserve.

Schneider, who enlisted in the Marine Corps in 1934, immedi- ately after his graduation from Litchfield (Ill.) High School, completed his "boot" training at San Diego, Calif., and was trans- ferred to the USS Colorado.

During World War II, he saw combat at Roi Namur, Saipan, Tinian, and Iwo Jima. He was among the first troops to occupy Japan after the war.

After completing his first en- listment in 1938, Schneider return- ed to civilian life but reenlisted four months later. Promoted to master sergeant in 1943, he served as Sergeant-Major at the Depot of Supplies, Barstow, Calif., and on recruiting duty in the Middle-West, in addition to his wartime service.

He was transferred to Force Troops last August.

Second Regiment Troopers Maneuver In Rugged Crete

WITH THE U. S. 6TH FLEET — "Land the landing force."

As this call sounded over the ships' loudspeakers, the waiting Marines descended the cargo nets and in a few minutes the surface of the bay was dotted with land- ing craft carrying men and equip- ment to the beach.

This landing marked the be- ginning of seven days of intensive training for members of the 1st Bn., 2nd Marines (Rein- forced), commanded by Lt. Col. Julian V. Lyon.

On the rocky slopes of Crete, some seven miles from the beach, the battalion bivouacked in the midst of an extensive olive grove, where the motified shelter tents blended almost perfectly with the surrounding terrain.

Heavy Schedule
The training schedule included company and battalion problems, scouting and patrolling, compass marches, live firing, and a night firepower demonstration.

The accuracy of the mortar- men, rocketeers, and artillery- men was observed and lauded by officers of the 5th Division, Greek Army.

Many veteran Leathernecks re- marked on the close similarity of terrain between the rocky heights of Crete and the war-blasted crags of Korea.

Side By Side

The Navy Beachmaster group and the Marine Shore Party set up camp side by side at the beach- head and functioned smoothly as a single unit in keeping a steady flow of supplies and ammunition going to the battalion bivouac.

Despite rough seas and heavy

rain, the re-embarkation of Ma- rines and equipment was facilitated by the efficiency of the Beachmas- ter and Shore Party group and the Transport Division boat crews and deck force.

Safe Driving School Opened For Errant Traffic Operators

Because of the large number of presumably avoidable accidents in which personnel here are involved, a Safe Driving School was estab- lished by the Camp Provost Mar- shall recently.

During the first six months of this year 387 accidents were in- vestigated by the Provost Mar- shal. Apparently, officials state, the large majority of these could have been avoided.

Attendance at the school will be directed by the Camp Traffic Con- trol Board. Those assigned to the school will be operators of motor vehicles who are involved in avoidable accidents and those op- erators guilty of flagrant viola- tions of post traffic regulations, or state vehicle laws.

The school will be conducted over a period of three weeks with classes on Saturdays from 1:30 to 3:30 p. m.

Failure to complete the course successfully will result in revoca- tion of base tags and operator's permits until successful com- pletion.

Firing Stops, But No Peace

The firing has stopped in Korea—but that does not mean that we have a peace.

Right now we have only an armistice. We have only a military agreement between the United Nations command and the Communist forces to cease fire while an attempt is made to arrive at a peaceful settlement. Until that is accomplished, we will have to remain ready for action at a moment's notice.

In the past we several times have made the mistake of believing that an armistice meant the emergency was over. After each world war we have disbanded our forces, stored our planes, laid up our ships, and gone home . . . and each time we have had to rebuild at heavy cost of time, money, and lives. This time we will try to use the lessons so clearly illustrated by our past.

It is anybody's guess how long it will be until we have a genuine peace in Korea. The first step, the repatriation of prisoners of war who do not want to return home, already has been complicated by Communist behavior as great numbers of prisoners refuse to return to Red countries.

The second step, the political conference, still is in the formative stages without an agreement having been reached on any of the major questions such as who will participate, where and when it will be held, or how broad a field it will consider. Until all of these are answered, the conference cannot begin.

Until there is peace on the Korean peninsula, U. S. and UN armed forces dare not move out—this would leave the Republic of Korea still facing Communist aggression.

The job which now faces every serviceman is to maintain complete combat readiness. This goes for every man, from those beginning basic training on through those about to be discharged. It includes those on the front lines and those supporting them thousands of miles away.

The United States is making the maximum effort to develop the armistice into a peace. Do your share by showing our enemy that this time we aren't going to quit with the job only half finished. (AFPS)

In Korea, Desperate Delay

Two months have gone by since the repatriation of Korean prisoners of war began. Although this is half of the 120-day period allowed for the screening, only a fraction of the 25,000 anti-Communist POWs have been interviewed by the Communist explainers.

The stalemate into which the repatriation problem has fallen is the result of the poor showing thus far by the Reds. Out of the first 2431 prisoners interviewed only 70 chose to return to the Communist side. Adding those who made this choice before the explanations started, only about 250 have said they wanted to go home. This mass defection is too much in the eyes of the world for the Communists to allow it to continue.

The Communists were not the only ones surprised by the heavy adverse score. Some neutral nations believed that at least 5000 or 6000 prisoners would choose repatriation if privately given a chance away from the pressure of fellow POWs. Naively they believed Communists propaganda that many Chinese and North Koreans were being held forcibly by terrorist groups in the camps.

The problem facing the Communists now is how they can prevent the continuation of these heavy psychological losses without openly admitting they want to quit. They have begun adopting delaying tactics. Individual interviews have continued for hours. Last-minute changes of compounds to be interviewed have been demanded. Segregation of the interviewed and non-interviewed was proposed even though the Reds knew there was not enough room to do it.

Probably the outstanding result of the repatriation problem has been the defeat of Communist propaganda. The conduct of the Communists has opened the eyes of many nations to a side not seen before.

In their struggle to divert attention from their losses, the Communists have ranted that U. N. agents have been planted in the compounds to influence the prisoners. They have renewed their old charges of germ warfare. However, the figures still tell the story. The Communist promises of home, family, property, and success are not enough to convince any but a small fraction of the prisoners. (AFPS)

Crepe Christmas

That white Christmas we dream about could be a nightmare for the careless walker or driver. Bad weather is one of the greatest driving and walking hazards at this time of year; but snow is not the only villain in this respect. Fog, rain, and ice also are a snare for the unwary. Whether you're walking or driving, bad weather—in any form—is a signal to slow down.

Snow or rain make it difficult for motorists to see pedestrians. Muddy, icy, or wet pavements make it harder for the driver to stop the car after he has spotted a walker or some other obstruction in his path.

On the other hand, pedestrians too are handicapped by bad weather conditions. They can't see cars as quickly through a screen of snow, rain, or fog. And they are not so sure-footed on slippery pavements. At Christmas time, too, many pedestrians obscure their vision by carrying high stacks of packages.

The Camp Traffic Section advises both walkers and drivers that slower speed and increased alertness are the best defense against winter's dangerous weather.

Interior At CG's O'Club Redecorated

Ingenuity, detailed planning, and long hours of arduous labor have combined to transform a relatively bare room into a well-appointed and cheerful lounge at the Camp Senior Officers Club.

The new look, unveiled recently, is the result of close cooperation between a rededicating committee headed by Mrs. F. S. Loomis Jr. and a crew of skilled workmen from the 8th Engineer Bn. under the supervision of Wgpt. Robert F. Purnaghan.

A fireplace, new lounge furniture, drapes and an interesting display of Chinese poems are included in the new decorating scheme. The Engineers also built a bar service bar that will speed service at the weekly Friday night dances.

The fireplace, another attraction of the lounge, was designed by the Engineer's 5-2 section and was erected by two enterprising members of the battalion, Cpl. Charles Currell and Cpl. Gerald D. Peliquis.

Lejeune Ends Grid Schedule With Tilt Against Pensacola

Camp Lejeune comes to the end of a long, grueling schedule—12 games in 12 weeks—tomorrow, traveling to Key West, Fla., to play a charity game with Pensacola Naval Air Station under the lights.

Lejeune has not picked a "breather" to wind up its schedule. The Goshawks, ranked as the tenth service team in the nation by the Williamson Ratings, have lost but one game this year. Great Lakes, one of the strongest clubs in the country, tipped them earlier in the season. In its last game, Pensacola defeated Bainbridge NTC, 31-23.

Unlike other service teams, Pensacola does not possess a roster packed with "name" players. Most of the Goshawk talent has had only high school and small college experience. One player, center Dwight Follin, has played professional ball with the Cleveland Browns.

Pensacola has blended a good passing game with speedy ground play to chalk up eight wins in nine games. The line averages slightly over 190.

Lejeune will be short-handed for the Pensacola tilt. Four players have been separated from the Marine Corps and two have hung up their cleats for the season due to injuries. Jack Connor, Glen Graham, Jack Maultsby, and Chuck Scott are returning to civilian life, while Frank Nastro and Tony Anton have succumbed to injuries.

The Lejeune line will have Joe Rilo and Bill Samer at ends, Lou Golie and Rex Boggan at tackles, and Dick Steber and Bill Stovall at guards. Steve Lazarus moves up to the center slot vacated by Graham.

Rocky Byrd has received the nod at quarterback. Ray Smith and Reggie Lee will start at halfback and either Joe Caprara or Billy Hayes will be at full.

Boggan and Smith have been named co-captains for the game.

Station WJNC of Jacksonville will broadcast the game from Key West starting at 7:45 p.m. tomorrow night.

Life is much happier for the man who reconciles himself to his habits and lets it go at that.

AmTrac's Double Win Earns Lead Slot In FT Hoop Fight

Amphibian Tractor's 79-57 win over Hq. Co. officers last week and its 111-41 slaughter of ANGLICO Monday earned it the lead in the Force Troops Basketball League.

Zilinsky, with 20 points, spearheaded the attack for AmTrac against the officers while Dollard, who has scored 84 points in three games, was the mainstay for Headquarters.

Speed and teamwork on the part of the AmTrac five combined to give them the season's biggest game when they defeated ANGLICO. Zilinsky again was tops for AmTrac with 17 points. Dufford scored ten for ANGLICO.

Armored Amphibian's 65-42 win over Reconnaissance Co. and its 72-50 defeat of 8th Motor Transport lifted it into a second-place tie with 2nd Combat Service Group, which won its only game of the week by beating Headquarters enlisted, 90-52.

In both of Amphibian's games Richter was top man, with 28 points against Motor and 30 against Recon. High for the Motor quint was McCormick, who scored 20. The Gabriele brothers were tops for Recon.

As usual, Martin and Southwick turned in terrific games for Combat. Their 19 tallies apiece was tops while Barlow was high scorer for Headquarters.

Eighth Engineer Bn. also played two games this week and won both by defeating Recon., 88-50, and

Aggressor Co., 84-38.

In its game against the newly returned Aggressor team, Sodders was the high man with 18 points. Dingley, the runner-up with 16, sparked the Engineers to their second win of the season. Bates was high for Aggressor with 14.

In the Recon game Sodders again was top man with 20 tallies while Zilkey did the honors for Recon with 12.

Eighth Signal Bn. won its first game of the season last week, defeating Amphibian Truck Co., 66-47. Bowman led the way with 23 while Scott was high for the Truckmen with 14.

Eighth Motor Transport defeated ANGLICO, 59-42, with McCormick playing a fine game. He was high with 31 points while Dufford's 14 was the best for ANGLICO.

The standings:

2nd Amphibian Tractor Bn.	4	0
2nd Combat Service Group	3	0
2nd Armored Amphibian Bn.	3	0
8th Engineer Bn.	3	1
8th Motor Transport Bn.	3	1

Consolation flights now have reached the quarter-finals and pairings for the consolation semi-finals will be announced soon.

Lejeune Gains 3-Way Tie By Booting Visitors, 16-0

Speedster Reggie Lee whisked around end twice for two touchdowns here Saturday as Camp Lejeune, adding total with a fourth quarter safety, blanked the Parris Marines, 16-0, before 4000 shivering spectators at Liversedge Field.

Quantico Gets Mauling From Lejeune Pugs

Camp Lejeune won its second set of boxing matches in as many starts here last week by taking six out of eight bouts from Quantico at the Goettge Memorial Field House.

In winning, the locals tagged Quantico with its first loss of the season. The Virginia Marines had been seeking their fourth win in five outings. Earlier in the season they tied one match.

The slim card of eight bouts saw Bob Riggsby, Charles Leeman, Sam Branch, Don Davis, Red Barriereau, and Bud House cop wins for

The victory placed the Lejeune team in a three-way tie for the Marine football crown. Lee now has a 2-1 record against Quantico and Cherry Point. Quantico and Cherry Point have each won one of their three games against Lejeune this season. Six of the Marine Corps champions have won 287 victories over Quantico in the past.

Lee's first score for Lejeune came late in the first quarter when he scampered 100 yards around left end on a drive. His second tally came in the third quarter, a 25-yard run for a touchdown.

Lee was the entire story of the game. The lanky, broken-nosed, and certain to receive pointers, carried the ball for a net gain of 118 yards.

With less than two minutes remaining in the game, Lejeune man Bill Southerland tackled Parris back Sam Angotti in the end zone for a safety.

Big Wind

Due to the stiff wind, the land punters could muster only a slight 21-yard kicking average in 10 attempts. Lejeune's average was scarcely higher, 26 yards. Only six passes were completed during the game.

Lejeune won the game by a 16-0 margin. The strategy worked at Camp Lejeune, bucking the wind to move the ball out of the territory until the second quarter.

Neither team could mount a sustained offense in the first period, with the exception of Lee's touchdown jaunt. Lee's first quarter was picked up by Parris in the 1933 and 1936, 1943, 1946 and 1947.

A poor punt by Rodolfo Parris Island, covering 40 yards, set up the first score. Lash punted from the 30 and the wind grabbed the ball, sailed out of bounds on the 37.

Lee Goes Over — Ray Smith picked up the 35 and Lee, after the entire defense had been faked to the left, swept around the left flank for the first score guarded by blockers. Howie Hostettler was the extra point.

Parris Island started its attack after this tally and, within a tailwind in the second quarter, won the game (See LEJEUNE GAINS, Page 7).

Jackson Mittmen Cancel Date Here

Cancellation of the Fort Jackson bouts, carded for last night, postponed the Lejeune ringmen's plans a week but the squad still faces two tough opponents during December.

The local mittmen will battle Fort Eustis in a return match next Wednesday night here. Cherry Point's fighters follow Fort Eustis here December 16 at the Goettge Memorial Field House. Both matches start at 8 p.m.

Lejeune. Riggsby, Davis, and Barriereau won their second fights of the year. Dave Gonsalves and Walt Byars dropped decisions.

Billed As Best

Byars was entered in the fight billed as the best of the night. He was paired against Harold Conklin, who lost to Byars in the finals for the All-Marine featherweight crown last season. This year Byars and Conklin have moved up to the light-welter division.

Byars went slightly ahead of Conklin early in the first round, relying mainly on cool boxing ability and greater speed. Conklin started to catch up with his opponent towards the end of the round, meting out punishment (See QUANTICO GETS, Page 7).

COVERING UP—Harold Conklin of Quantico delivers a right to the partially concealed head of Walt Byars during Lejeune-Quantico boxing matches here last week as referee Craft looks on. Conklin dropped Byars once during the fight but built up enough points to win. Lejeune went on to cop the match, however, taking six out of eight bouts from the mittmen (Official USMC Photo).

waiting that accompanied the three-way tie resulting in the Marine football race ended suddenly earlier this week when was chosen to represent the East Coast for the All-Marine Camp Pendleton in California December 12.

For the fans of Lejeune and Cherry Point who were hoping their teams might get a crack at Pendleton, it no doubt came as a disappointment. But to the average fan on the East Coast, who was hoping for an East Coast win, the choice was sound and we echo the sentiment favors Cherry Point, for the Flyers pulled one of the upsets in service football by dumping Quantico to open the season.

We saw the game and thought that Cherry Point played inspired. But it couldn't keep up the pace. Looking at its schedule and its record, it was a surprise that it was able to progress, it's a fact to think that the Flyers rate playing at Pendleton. Quantico bounced back in grand fashion from the defeat by Cherry Point. Six shutouts against some of the best teams and service talent in the country speak for themselves. A 28-7 victory over Fort Belvoir on Thanksgiving Day to bid to the Poinsettia Bowl for the inter-service football championship only adds to Quantico's football stature. If Quantico had been selected as the East Coast Marine champion and had gone to beat Fort Ord for the inter-service bauble, it would have been very strange.

For Camp Lejeune, the locals are an excellent ball club. Com-scores, with the exception of the Bolling game, put them in a very close to Quantico, but yet slightly below it. The chips were down here October 31 when Lejeune and Quantico played. The was certain to receive the East Coast crown. In a wonderful game Quantico edged by Lejeune, 3-0, and that was it. Quantico won by a margin that truly indicates its superiority over Lejeune, in points.

From this corner's viewpoint the right team was picked. A fact doubtless would have proved what everyone knows now. Cherry Point would be a six- or seven-touchdown underdog against Quantico and almost that much against Lejeune. Quantico, if it were to play again this year, would win again. The margin of victory would be slim, but it would be decisive.

Football is over and the basketball teams on the East Coast now worry about Quantico. The Virginia hoopsters are loaded for this season and, like the football team, are solid pre-season favorites to win the East Coast title.

Lejeune Riflemen Blast Prize Marks In Firing Contest

Camp Lejeune captured the lion's share of awards presented by "Leatherneck" magazine during the third quarter of its annual rifle marksmanship competition.

Cpl. Donald H. Johnson, formerly of 2nd Amphibian Tractor Bn., Force Troops, led Lejeune shooters by posting a 239 to win the third grand prize award of 50 dollars and a Bronze Medal. Corporal Johnson now is assigned to the embassy detachment at Belgrade, Yugoslavia.

Local Marines also captured a first place, two seconds, a third and fourth, and five "Leatherneck" Certificates of Achievement.

Three grand prizes are awarded, after which the competition is subdivided into four divisions.

T/Sgt. J. A. Graham, 2nd Combat Service Group, edged out **Sgt. W. R. Hornsby Jr.**, 2nd Service Bn., at the 500-yard line to take first place in the Sergeant-Staff NCO class although both fired scores of 238. Sergeant Hornsby was awarded a Silver Medal and 15 dollars for second place while Sergeant Graham received a Gold Medal and 30 dollars.

In the Private-Pfc competition, **Pfc K. R. Nelson**, 8th Marines, took second place and received a Silver Medal and 15 dollars. Pfc—now Cpl.—**T. R. Sarna**, 2nd Amphibian Tractor Bn., won a Bronze Medal and 15 dollars for third spot and **Pvt. C. C. Scott**, 8th Marines, was awarded a Bronze Medal for fourth place. Nelson fired 236 while Sarna and Scott had scores of 235.

The following Lejeune men received "Leatherneck" Certificates of Achievement in the various divisions: **SSgt. F. M. Martin**, 236, Hq. Bn., 2nd Division; **SSgt. G. B. Merrell**, 236, Rifle Range; **Sgt. R. R. Portas**, 236, 2nd Service Bn.; **MSgt. J. W. Muth Jr.**, 235, 2nd Service Bn.; and **Cpl. J. J. Weinograd**, 232, 8th Motor Transport Bn.

A complete list of the winners in the third quarter competition is announced in the December issue of "Leatherneck."

Pup Gridders Given Awards At Banquet

Members of the Camp Lejeune High School football team were awarded gold footballs by their coach, Dick Lauffer, at the annual football banquet at Marston Pavilion last week.

Principal speaker and toastmaster was Mr. W. H. Tuck, school superintendent, who presented the guests and football coaches Dick Lauffer and Lt. Jack Wood.

Maj. Gen. Henry D. Linscott, camp commanding general, and Mrs. Linscott were guests of honor. Guest speaker was Lt. Col. Sidney J. Altman. Maj. J. C. Crawley, Lejeune varsity coach, showed films of the Bolling AFB-Lejeune game. The girl cheerleaders were awarded gold megaphones.

with a powerful right. Conklin kept carrying the fight in the second and dropped Byars for a mandatory nine count midway through the heat. Byars rallied briefly after this, but Conklin showed a decisive edge and won the round.

Not Hard Enough

The third canto was even with Byars carrying the fight. The Lejeune mittman didn't press hard enough, however, and Conklin had built up enough of a lead to receive the referee's nod for the win.

The most realistic TKO—there were no knockouts—of the evening came in the heavyweight class when House stopped Lenny Janoske in 1:40 of the second round. House completely overpowered the Quantico battler and had him sagging as the first frame ended. He floored Janoske twice in the second before the visitor's handlers sagely stopped the bout.

Other results: **Bob Rlesby**, 127, (CL) won decision over **Bob Perz**, 122, (Q); **Charley Leeman**, 131, (CL) won by TKO over **Dick Hilliard**, 130, (Q) in 45 seconds of first round; **Mark Kavanaugh**, 133, (Q) won decision over **Dave Gonsalves**, 131, (CL); **Sam Branch**, 141, (CL) won decision over **Willie Price**, 140, (Q); **Don Davis**, 145, (CL) won decision over **Dave Ogile**, 149, (Q); **Red Barrineau**, 163, (CL) won decision over **Ernie Stephens**, 160, (Q).

Season's Opener

(Continued from Page 6)

Little information has been received concerning the MineLant squad other than it has been accentuating basketball increasingly over the past few seasons. Last season the team wound up with a winning record and most of its operatives are back this season. Lejeune will play four games in Norfolk after its opener before returning to the friendly confines of its own floor to play a two-game set with Springfield (Mass.) College.

It's almost a sure bet that the fellow who continually criticizes the government didn't vote at the last election.

Quantico To Carry East Coast Colors Against Pendleton

Quantico, on the basis of its overall season's record, was chosen to represent the East Coast in the All-Marine football game to be played against Camp Pendleton at Pendleton December 12.

Quantico had wound up in a three-way tie over the regular season with Camp Lejeune and Cherry Point. Each of the three had compiled a 2-1 record against Marine opposition.

After losing to Cherry Point in a widely-heralded upset, 9-6, to open its season, Quantico breezed through its next seven games, scoring wins over Xavier University, Bolling AFB, Dayton University, Fort Eustis, Holy Cross, Parris Island, and Camp Lejeune.

It then lost to Fort Jackson but then rebounded to trip Fort Lee and highly-rated Fort Belvoir. The win over Belvoir brought the Virginians a bid to play in the Poinsettia Bowl at San Diego, Calif., against Fort Ord this month for the inter-service football championship.

Lejeune in 11 games won seven, lost three, and tied one. Its wins came over Baldwin-Wallace, Fort Monmouth, Keesler AFB, Fort Eustis, Cherry Point, Camp Atterbury, and Parris Island. Quantico, Fort Lee, and Bolling AFB defeated the local Leathernecks. Lejeune gained a 6-6 tie with Fort Jackson.

Cherry Point, after its win over Quantico, simply ran out of gas and wound up with a losing season. In Marine competition the Flyers defeated Parris Island, 19-0, and lost to Lejeune, 7-2.

period, put on its best drive of the game, the march carrying them to the Lejeune 24 before running out of gas.

After reaching the Lejeune 30, Lash passed 28 yards to end Tom Jelley on the Lejeune two but the play was called back. Parris Island received an offside penalty and was set back to its 35. Four plays later the Islanders lost the ball on downs at the Lejeune 24.

Almost A Score

Lejeune came close to denting the scoring column just as the half ended. Lee had intercepted a pass on the PI 42, returning it to the 34. Billy Hayes hit Ray Smith with a 27-yard aerial on the Parris Island seven but Smith was hauled down immediately and the second quarter ended there.

The second Lejeune score came early in the third quarter with Smith spearheading the drive. The Lejeune running star, who has teamed with Lee to give Lejeune a potent one-two scoring punch all season, broke free on two long runs.

His first covered 21 yards and was accomplished after breaking free of three Islander tacklers. Actually, the play seemed over before Smith, twisting and squirming, wormed his way to the Parris Island 28.

Second Payoff

Lejeune was tagged with a 15-yard personal penalty back to its 43 but Smith regained the lost yardage on a jaunt through left tackle, again being stopped on the 28. Lee then came through with his second payoff carry, this one on a single reverse, and Lejeune led, 13-0. Jerry Fouts came through with a perfect boot, yielding a 14-0 lead.

The final score came late in the game. Lejeune had smothered Angotti on the Parris Island 15 after he had faked a fourth-down punt. Five plays moved the ball to the Islander four but Joe Capara of Lejeune fumbled, PI recovering.

One Parris Island ground attempt gained nothing and Sutherland broke through to nail Angotti in the end zone on the following play.

Military Fire Fighters To Get New Wardrobes

A new aluminized asbestos fibre-glass suit was recently demonstrated at a world-wide fire fighting conference for military officials from the Far East, Alaska, England, and Germany.

The suit, worn over the conventional white duck fire fighting uniform, is to be used by the Air Force and eventually all the Armed Forces in fire fighting and crash rescue operations.

The new wardrobe includes a mask similar to a welder's mask, with a removable facepiece that can be replaced if damaged.

Red Cross Fixes \$85 Million Goal For 1954 Appeal

The Red Cross will begin in March its 1954 drive for \$85 million of which more than \$31 million will be directed to the Armed Forces and veterans.

Chairman E. Roland Harriman said that a truce in Korea has not lessened Red Cross needs abroad nor decreased its burdens at home.

"The nation's military force now is at a peacetime peak and the end of fighting in Korea has given us an important new assignment . . . providing supplemental recreational activities for our security troops," Mr. Harriman said. "We also must budget for a similar program for isolated troops in Europe," he added.

Another major item on the budget will be to collect more than three million pints of blood for all purposes next year. He estimated this cost at \$12.5 million. Another \$4.9 million will go to its disaster relief and preparedness program. (AFPS)

50th Anniversary Of Powered Flight Ends At Kitty Hawk

The year-long celebration of the Golden Anniversary of Powered Flight will be climaxed by a four-day celebration December 14-17, at Kitty Hawk, N. C., where the Wright brothers tested the world's first successful airplane, December 17, 1903.

Army, Navy, Air Force, Marine Corps, and Coast Guard personnel and equipment will all play a part in the celebration, and scores of military planes will participate in an Air Review.

Feature event will be the unveiling and dedication of the reconstructed hangar and living quarters, furnished exactly as they were when the Wright brothers used them in 1903. (AFPS)

U. S. Helps Train Ethiopian Military

The United States has worked out details of an agreement by which American officers and enlisted men will train Ethiopian military forces.

Based on a mutual defense assistance program signed last May between Ethiopia and the U. S., American military personnel and equipment are being prepared and are expected to arrive in Ethiopia by the first of the year.

Ethiopian forces will be integrated into the general defense plan for the Red Sea area. (AFPS)
