## Men To Fill 300 Foreign Posts Needed

Headquarters Marine Corps has  
announced 300 immediate openings  
for special foreign duty billets  
with the Department of State.

Headquarters will assign 50  
Pfc's and Corporals to this duty  
during August and approximately  
250 during the remainder of the  
year.

Interested men should forward  
applications to Headquarters  
Marine Corps on or before July  
20, next Monday. Preference is  
given to those who agree to ex-  
tend or reenlist for this duty.

Requirement are: American  
born; single and agree to remain  
single during the assignment;  
member of either the regular or  
Reserve components of the Marine  
Corps; have already served one  
year of active duty and have 30  
months' obligated service on date  
of the transfer.

Applicants must be of stable  
character, mature in behavior,  
have a GCT of 90 or above, not be  
in need of dental treatment, and  
show negative results on the  
Schick test. Those physically qual-  
ified for overseas duty must en-  
close completed Standard Forms  
88 and 89 with their requests.

## 'Saddle Up' Moves To Cherry Point For Three Nights

"Saddle Up!" has saddled up.  
Lock, stock and scenery, the 83  
men of the massive musical's cast  
and stage and production crews  
moved to Cherry Point, N. C.,  
this week for a three-performance  
stint which started last night.

The invitation to play at the  
giant air base was received Fri-  
day afternoon, when "Saddle  
Up!" played its fourteenth, and  
final, performance at Lejeune's  
Camp Theater.

A capacity audience at the mat-  
inee saw Maj. Gen. George F.  
Good Jr., commanding general of  
the 2nd Division, congratulate the  
showmen on their contribution to  
Armed Forces entertainment. Gen-  
eral Good was accompanied by  
Brig. Gen. Robert E. Hogaboom,

Marines' new Dacron summer  
uniform which went on sale here  
last Saturday (Official USMC

## Chic Dress Revamps WM Style

Saturday Women Marine Co. ex-  
perienced a great fashion change  
—from a two-piece seersucker  
dress to a slim Dacron dress and  
jacket—as the new uniforms went  
on sale.

The new Dacron, polyester fi-  
ber, and nylon uniform, which  
will be optional for two years,  
was designed by Mainbocher.

It is a trim one-piece shirtwaist  
dress featuring a straight skirt ac-  
cented by a front pleat. The upper  
collar and shoulder straps are  
piped in dark green. Seven green  
plastic buttons, worn on the pre-  
sent uniform, are used and the  
short sleeves have a narrow cuff.

### Cap and Jacket

A garrison cap of the same fab-  
ric, piped in dark green, is worn  
and blends exactly with the dress.  
An unlined jacket for a more for-  
mal appearance is designed for the  
dress.

The fabric is a combination  
woven material which provides  
high wrinkle resistance, ease in  
washing, quick drying, long  
wear, and little or no ironing. Ev-  
en under difficult weather con-  
ditions the uniform is supposed  
to appear sharp and fresh.

This uniform may be worn for  
duty and liberty during the sum-  
mer months. The jacket is optional  
for duty but must be worn on  
liberty.

The Cordovan brown shoes,  
matching shoulder bag, and white  
gloves presently worn by Women  
Marines also will be worn with  
this uniform.

### SEEK WAITRESSES

The Paradise Point Officers  
Club has positions available for  
dependents wishing waitresses'  
jobs.

## Tarawa Terrace II Provides 1054 New Housing Units

## Navy Relief Drive Garner Over \$55,000

Camp Lejeune's personnel turned  
to on the recent 1953 Navy Relief  
Drive here to net this benevolent  
organization \$55,195.83.

This year's drive got underway  
officially May 4, although on Ap-  
ril 29 Spike Jones and his zany  
band started the ball rolling with  
a two-hour show.

Harry James and his orchestra,  
featuring Buddy Rich, played for  
two shows at the Camp Theater  
May 19 to help fill Navy Relief cof-  
fers.

### Carnival Time

Aside from booking two of Amer-  
ica's foremost entertainers, Navy  
Relief again staged its annual car-  
nival, which saw the Field House  
transformed into a miniature three-  
ring circus.

Final figures show that,  
through voluntary contributions,  
personnel of the 2nd Division  
led the three separate units here  
with Marine Barracks second and  
Force Troops third.

In a recent directive, Maj. Gen.  
Henry D. Linscott, camp command-  
ing general, extended a personal  
thanks to all who contributed to-  
ward making the drive successful.

## 581 EAD Officers To Get Promotions By Month's End

A Marine Corps selection board  
which convened June 15 has picked  
581 Reserve officers on extended  
active duty for early promotion to  
first lieutenant, captain, major and  
lieutenant colonel.

Names of officers selected for  
the temporary promotions will be  
announced later this month.  
Those considered were officers  
on extended active duty Febru-  
ary 16, 1953, and certain other  
officers erroneously left off pro-  
motion lists filed in February  
and March.

Of 58 second lieutenants consid-  
ered for promotions to first lieuten-  
ants, 50 were picked. A total of  
606 first lieutenants were consid-  
ered for captain and 524 were picked.

With the completion of the last  
units of Tarawa Terrace II, and a  
modern, one million-gallon-per-  
day water filtering plant for use  
by both Tarawa Terrace I and II  
awaiting finishing touches, the  
housing situation here will soon be  
well in hand.

Mr. E. A. Wohlford, manager  
of the Tarawa Terrace projects,  
figures to have the last units  
ready for occupancy by the end  
of the month.

This will bring the total housing  
facilities of the two Tarawa Ter-  
race projects to 2,108 units, with  
an estimated population of 7,200.  
The projects are limited to Staff  
NCO's and officers through the  
rank of captain.

### Mostly Two-Bedroom

There are an equal number of  
units in each of the Terraces, 1,054,  
divided into one, two and three-  
bedroom units, with the two-bed-  
room variety the most numerous.

As the last housing units are  
being completed, work is pro-  
gressing on the modern shopping  
center which will be located mid-  
way between the two Terraces.

First scheduled for completion  
is the grocery store. After that, a  
dime store, men and women's  
ready-to-wear shop, children's  
shop, variety store, barber shop,  
beauty parlor, shoe repair shop,  
post office, drug store, and two  
service stations will be opened.

Most of these buildings have been  
started. Among them there will  
be space to park at least 500 cars.

### Community Building

As part of the new center, a  
community building is being erect-  
ed for use by Terrace inhabitants  
and will provide facilities for meet-  
(See TARAWA TERRACE, Page 2)

## Staff NCO Club's Voting Wednesday

Election of the president and  
vice-president of the Staff Non-  
Commissioned Officers Club will be  
held Wednesday at 2:30 p.m. in the  
Goettge Memorial Field House.

Ballot boxes will be set up in  
the Field House and in the Staff  
Clubs at Camp Geiger and Mont-  
ford Point. Voting will cease at  
5:30 p.m., at which time the bal-  
lots will be counted and the re-  
sults reported immediately to the  
Camp Chief of Staff and Club Ad-  
visor.

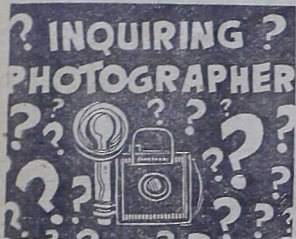

TERRACE TANK—Simultaneous completion of the filter plant's  
new 250,000-gallon elevated tank and the last few housing units of  
Tarawa Terrace II brings the dwelling facilities of the two "Ter-  
races" to 2,108 family units. They have a water consumption capacity  
of 1,000,000 gallons daily (Official USMC Photo).

### HOW COULD RECREATIONAL FACILITIES HERE BE IMPROVED?

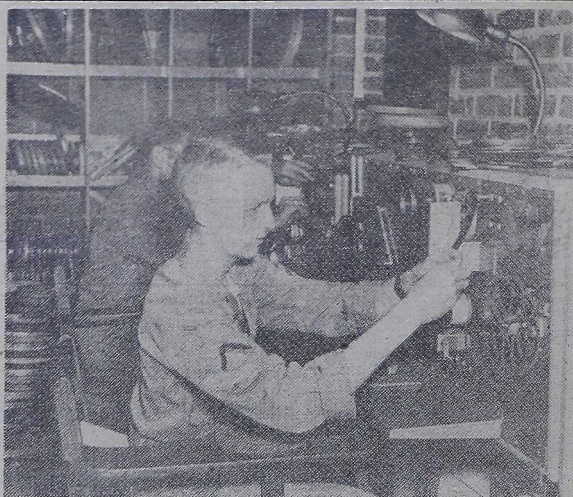

**SGT. H. J. COZZI, 2ND COMBAT SERVICE GROUP**—We don't have a gymnasium at Camp Geiger now because it was just converted into a movie. So we won't have one during the winter months. I think we should have one. We should also have a swimming pool here or a bus to take us directly to Onslow Beach. Right now we have to come all the way over to "Main Side" and change buses.

**SSGT. RICHARD AHLERS, HQ, CO., 4TH BN., 10TH MARINES**—I think they should have more dances plus more and better dance bands. I prefer band music to that of the juke box and so does everyone else. Not only that, but when you do go most of the girls are taken, so I suggest that there be more civilian women there.

**SGT. JOHN L. SARAF, "B" CO., 2ND ENGINEER BN.**—I think the field projectors should be kept in better operating condition. Half-way through most of the movies, most of the projectors black out. Because the new outdoor drive-in is always so crowded I think we should have another one, too. And we should be permitted to wear civilian clothes instead of our uniforms there.

**CPL. EARL BAYER, H&S CO., 3RD BN., 2ND MARINES**—I like to do a lot of fishing, but when it comes time to check out the necessary gear you might just as well stay home. I think all the red tape should be eliminated. There aren't very many facilities for people who like to play musical instruments. I think more of these instruments should be made available for use.

**CPL. MIKE FEUER, SUPPLY DE POT**—As far as I can remember, the only time that any worthwhile show or band has come to Camp Lejeune has been during the Navy Relief Drive. No USO show of high caliber has come here at any other time. I think that we should have more of these entertainers, because I know there are quite a few on the road.

**REELING IN**—Perhaps the most time-saving device at the Training Aids Library here is the Inspecto-Film Machine, which not only cleans and inspects the film, but does everything but splice it. Over 3,000 training films, whose subjects range from surgeries to famous battles, are housed at the library. Working at the machine is Pfc Billy Lowe (Official USMC Photo).

**MODEL GUNNERY**—TSgt. Gus Pittman (left) and Pfc Raymond Ketz, both of the Training Aids Library here, put together a model of the .30 caliber machine gun three times the actual weapon's size. The library here can service the entire 6th Naval District with training aids when called upon (Official USMC Photo).

## Training Aids Library Keeps Base 'Hep' On Military Score

It might seem inconceivable that a unit as small as the Marine Barracks Training Aids Library here, whose personnel total 37, should service the whole of Camp Lejeune with the thousands of training aids that are in continual demand.

But it does! And the library also fills the needs of Marine organizations in the 6th Naval District and Marine units in the 6th Marine Corps Reserve and Recruitment District when called upon.

Most of a Marine's time is spent in training, which consists of more than just running through obstacle courses and making amphibious landings. He must know his weapons, first aid, combat operations, and scores of other subjects.

### Means At Hand

To impart this knowledge, the organizations of Camp Lejeune have access to the Training Aids Library and its five departments: projector equipment and film, art, recording, books, and foreign and American weapons. Overseeing this educational storehouse is 1st Lt. William H. Powell, officer in charge.

Within these departments are found everything from map reading kits and knife fighting equipment, complete with face masks

and body protectors, to weapons that have been enlarged ten times and others with cut-away sections showing their intricacies.

The most widely used training aids are films, records, and charts.

The Training Aids Library has over 3,000 cans of film, whose subjects range from delicate surgeries to tumultuous battles. These films are in demand not only by units within Camp Lejeune but also by some as far away as Mississippi.

### Waxworks

Everything from languages to battle sounds are on the records in the library's shelves. Their use is to keep classes interested and wide awake when slides or silent films are being shown.

As with the films and recordings, the charts and manuals also cover practically any subject that can be of military use.

Supplying organizations with the training aids is not the library's only duty. The projector equipment and film department repairs all 16 millimeter movie projectors on the base and, in addition, has facilities to make all major repairs on projectors belonging to Marine organizations within the 6th Naval District.

### Reel Overhaul

When films are returned to the library, they are cleaned, inspected, and rewound by two Inspecto-Film machines housed there. These machines, valued at \$25,000 apiece, do everything but splice film, which is done by the library personnel.

As Sgt. Jack Stuckey, of the projector equipment and film department, puts it, "We have men from all walks of life in the Marine Corps; they must all be taught and we have the stuff it takes to teach them."

## Second Marine Air Wing Celebrates Twelfth Year

**CHERRY POINT, N. C.**—Twelve proud years as a combat force in the Pacific during World War II and a training and defense element here, in the Caribbean, and Mediterranean, were celebrated Friday when the 2nd Air Wing observed the twelfth anniversary of its commissioning.

The Marine Corps Air Station here, home of the 2nd Wing since March 1946, was the scene for the day-long schedule of a battalion-sized parade and award ceremonies, mass flyover of Marine aircraft, static displays, visit by 150 members of the North Carolina Press Association, and anniversary balls at each of the three recreation clubs.

From the time on December 7, 1941, when a Marine manning a free gun on a parked dive bomber downed a Japanese plane attacking Pearl Harbor, the 2nd Wing had a distinguished record as the air nucleus of the first action with the enemy in the Central Pacific.

### Wake Island Defense

Marine Fighter Squadron - 211 posted an enviable record in the heroic defense of Wake Island. Four days after Pearl Harbor the squadron became the first to use fighter planes as bombers and with the only four planes available sank a cruiser and one submarine and downed 12 planes from a Japanese task force.

The 2nd Wing was busy also at the battle of Midway, the fighter planes from Marine Air Group-22 playing a decisive part in the action which has been termed the

turning point of the Pacific because it returned supremacy to the seas to the United States.

The "island hopping" campaign at Guadalcanal with 2nd Wing aiding in the capture of this historic island. From there the continued a campaign that total 83 combat operations in the Pacific by fighting in the Solomons, Bougainville, Saipan, Tinian, and the Marianas.

### Okinawa Assault

Every unit of the 2nd Wing participated in the next and final phase of the island warfare assisting with the capture of Okinawa's three main islands. The rines helped win a suitable base for fighter plane tactics against Japanese mainland and earned Presidential Unit Citation for the campaign.

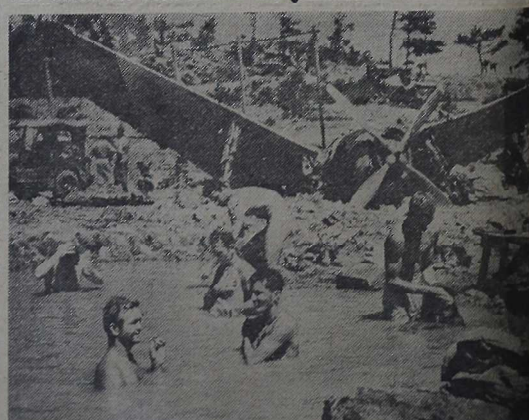

After a brief stay with occupation forces in Japan after the end, 2nd Wing elements returned to this country and the new at Cherry Point. Since locating it has trained at the air station on extensive maneuvers, maintained a reputation for carrier pilots.

ings, luncheons, dances, child recreation, and the like.

Until recently, there was a shortage at the Terraces, but the finishing of a 250,000 gallon elevated tank plus a 750,000 gallon clean water reservoir, the capacity of the plant is now 1,000,000 gallons.

## 100 More Reservists Due To Train Here By September

In the past month Camp Lejeune has played host to over 100 Citizen-Marines. Reservists have come here to undergo annual two weeks of summer training.

Training period began here in June. Before it ends September 1, approximately 2500 more Marine Reservists. In all, over 60 Reserve units will come here for yearly stint.

They come from far and near. The 3rd Truck Co. from Marietta, Ga.; the 1st Engineer Bn. from Castle, Pa.; the Women's Administration Platoon from Minneapolis, Minn.; and 2nd Bn., from Syracuse, N. Y.; scores of others from almost every state on this side of the Mississippi.

Typically every specialty field Marine Corps is represented here. Reserves, with the infantry and engineers predominant.

**In The Swing**  
At their arrival, the reserve units are met by an instructor and assigned to a "regular" training similar to their own. They participate in parades, inspections, and whatever training their host outfit receives.

They land here the reaction of the famous U. S. Navy world of 1908 was under the command of Rear Admiral Robert (Bob) Evans.

of the men varies. Most of the "boots", as the old-timers call them, arrive with anticipation for the training ahead. The old-timers, however, go about their tasks with an experienced military air. Many of the Reserves are veterans of World War II and Korea.

The theme of the Reserve program is "learn by doing," and these Citizen-Marines are doing just that.

They fire weapons from the .45 pistol to the 15-ton 105 mm howitzer; drive vehicles from the jeep to the juggernaut M-47 tank; and carry out construction and destruction in engineering problems.

### Time Off

However, all their time here is not spent training. They get a weekend of liberty and are invited to make use of the various free recreational facilities here.

After two-weeks of on-the-job training, the Reserves return to their civilian occupations, and their once-a-week training, tanned and fit.

### WRITERS WANTED

Marines with newspaper or general writing experience are requested to contact the Division Public Information Office if they are interested in becoming qualified combat correspondents. There are several openings in the Division PIO section's writing staff which are to be filled soon. If you are interested, either apply in person at the Division PIO office in the Field House or call 5680.

## Budget Cut Forces Curtailing Officer Candidate Program

Due to recent budgetary restrictions, Headquarters Marine Corps has found it necessary to curtail the number of officers commissioned under the officer program established by Marine Corps Memo 23-52 for appointing enlisted men on active duty as second lieutenants.

In the fiscal year of 1954 only two officer candidate classes will convene, in November 1953 and May 1954.

The provisions of MC Memorandum 23-52 and the MC Reserve Memo 13-52 concerning the assignment of inactive Reservists to officer candidate screening courses will be cancelled August 1. However, the provision of waiving active duty requirements and assignment to organized Reserve units remain in effect.

Headquarters has announced through Almar 15 that applicants who have attained the two-year college level educational equivalency test score will be withdrawn without further action. Applicants now awaiting final action by Headquarters, who have 120 GCT but haven't taken the EET, will have to take it.

Persons whose applications are on file or are received by Headquarters before August 1, and who have a college degree or a four-year college equivalency EET score, will undergo selection for the November class.

All applications except those in the last group will be considered eligible for sea and foreign service.

## Alien GI's Benefit By Citizenship Law Just Signed By Ike

Under a new law just signed by President Eisenhower an almost automatic citizenship will be granted to all aliens who have served honorably with the U. S. Armed Forces for a minimum of 90 days since the outbreak of the Korean conflict.

The law, identical to the one which granted citizenship during World War II, permits quick naturalization of aliens lawfully admitted to the United States who have served, or are serving, during the period beginning June 25, 1950, and ending June 30, 1955.

Aliens on active duty with the Armed Forces can be naturalized without appearing before any court. The alien must have affidavits of at least two credible citizens who can vouch for his moral character.

No subversives or conscientious objectors can be naturalized.

## Minn. Extends Date For WW II Bonus

The Minnesota legislature has extended its deadline date for filing World War II bonus applications until midnight December 31, 1953. The previous deadline was December 31, 1951.

The bonus is paid for service between December 7, 1941, and September 2, 1945. The bonus rates a \$10 a month for stateside service with a \$270 maximum and \$15 a month for overseas service, with a \$400 maximum. Eligibility is based on six months' residence in the state prior to entering the service.

Applications are available from Commissioner of Veterans Affairs, Adjusted Compensation Divisions, Department of Veterans Affairs, 400 Shubert Bldg., St. Paul 2, Minn.

Present and former members of the Marine Corps who have been awarded the Medal of Honor are entitled to free transportation within the continental limits of the U. S. on regularly scheduled flights of Armed Forces aircraft if space is available.

Bruder, assistant G-3 officer, 2nd Division, seems to be asking that as she examines the Bronze Star Medal pinned to her father's shirt by Maj. Gen. George F. Good Jr. (left), division commander, in a recent ceremony here. Colonel Bruder was awarded the decoration for "exceptional ability, initiative and professional skill" as senior liaison officer to a Korean Marine Corps training center and later as assistant division intelligence officer with the 1st Division. ## Reserve Advisors Visit Lejeune For Three-Day Survey

Representatives from the Division of Reserve at Headquarters Marine Corps, and the J. Walter Thompson Co., public relations consultant for the Marine Corps Reserve, arrived here Sunday on the last leg of an East Coast survey tour of Marine Reserve installations.

Maj. Gerald D. Schmidt, Headquarters representative, and Mr. Wallace E. Clayton of the J. Walter Thompson Co., stayed at Lejeune through Tuesday, making a study of the activities and publicity coverage of the Reserve training program here this summer.

They visited the 3rd Cargo Co., Marine Corps Reserve, Charlotte, N. C., and the Reserve training facilities of the Marine Corps Recruit Depot, Parris Island, S. C., before coming here.

The survey is being conducted in order to obtain a complete picture of the problems of Reserve training and publicity coverage. This information will be used to further the Reserve program this year and next summer.

## Dependents' Travel To Hawaiian Area May Be Delayed

Too many overseas transferees are taking it for granted that their dependents will receive concurrent transportation across the water, according to a recent letter from Maj. Gen. Ray A. Robinson, commanding general of the Department of the Pacific.

Concurrent transportation for dependents of Marines being transferred overseas, especially for those going to Hawaii, is not available during the summer months, and transferees are warned that a waiting period of two or three months may be required before dependents can be transported.

In addition, the letter also warns personnel, arriving in San Francisco on leave from stations in the United States and seeking air transportation to Hawaii, that such transportation is usually impossible because of the backlog of priority passengers. Also, in many cases leave orders do not authorize use of government air.

### If Everyone

BY SEYMOUR TAYLOR

If every one who drives a car  
Could lie in bed a month,  
With broken bones and stitched-up  
wounds,  
Or fractures of the head,  
And there endure the agonies  
That many people do,  
They'd never need preach safety  
Any more to me or you.

If every one could stand beside  
The bed of some close friend  
And hear the Doctor say "No  
Hope"  
Before that fatal end,  
And see him there unconscious  
Never knowing what took place,  
The laws and rules of traffic  
I am sure we'd soon embrace.

(EDITOR'S NOTE—The above poem was sent to the GLOBE  
by Capt. L. L. Wilson, camp medical officer.)

If every one could meet  
The wife and children left be-  
hind  
And step into the darkened home  
Where once the sunlight shined,  
And look upon "the Vacant Chair,"  
Where Daddy used to sit,  
I am sure each reckless driver  
Would be forced to think a bit.

If every one who takes the wheel  
Would say a little prayer,  
And keep in mind those in the car  
Depending on his care,  
And make a vow and pledge  
himself  
To never take a chance,  
The Great Crusade for Safety  
Would suddenly advance.

## Marine Tanks In Korea Win Praise

Outstanding fire support by the 1st Tank Bn., 1st Marine Division, has been lauded by the Army as a "contribution towards solidifying effective efforts of our two services."

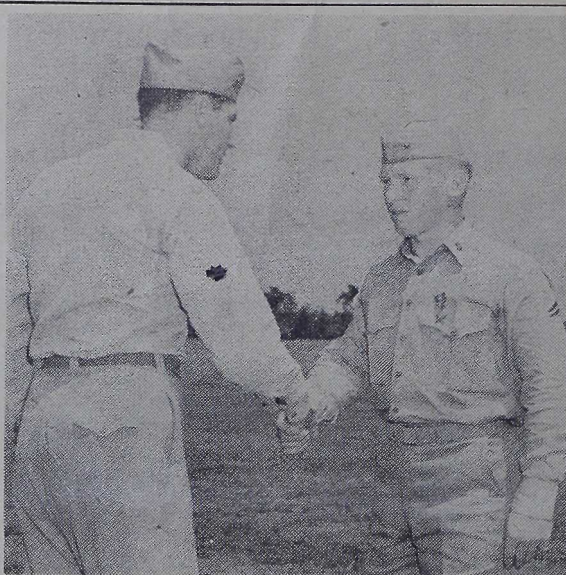

The outfit was commended by Maj. Gen. Samuel T. Williams, commanding general of the 25th Infantry Division, for the support given during recent Chinese Communist assaults on Turkish infantry positions. He praised its "accurate and deadly fire," and added that the heavy damage inflicted had caused the enemy "to withdraw and regroup several times."

## Bridge Club Elects New Club Officers

At a recent meeting of the Paradise Point Bridge Club the following new club officers were elected: Lt. Col. J. T. O'Neill of the Joint Landing Force Board, president, relieving Lt. Col. W. L. Edwards also of JLF; Lt. (jg) S. R. Warner, secretary; and Lt. S. C. Wellwood, treasurer.

The club meets every Tuesday night at 7:30 at the Officers Club. New members are invited and anyone wishing additional information may contact Lieutenant Warner at Jacksonville 4531, or Lieutenant Wellwood at 69-233.

In addition to the regular duplicate tournament next Tuesday the club will hold a duplicate tournament for all beginners.

## Chaplain's Corner

On one occasion two boys came to worship. Both brought offerings. Abel's worship was accepted, but Cain's was rejected. Not all worship is accepted. God - insincere worship is fense to God. The manner proach distinguishes people sight of God. It becomes clear that "Christian" is a tinctly nor discriminating plied to outward appearance forms of conduct.

Piousness can be imitate ligiosity can be sustain self-discipline. The chara tic appearances and ever psychological experiences sound appraisal. Almost a can make it look good.

That which distinguishes Gospel is not the pattern duct exhibited by believers the more inner frame of in which a person lives, the felt intention with which he and the motivation and po which he lives.

### The Formula

There is no better formul "through Christ." This is ne Christ," nor "in His step," "as He would do if He were," "as He commands me to," "following the Master," ne His sake," - estimable as a are and should be. This is in you—the hope of Glory.

The believer "follows C on just one short, sharp jo to the Cross. In His dying the example for our dyin in His resurrection He a very life.

The word "Christian" ca be reserved to denote only in whom the living Lord Christ is now living His life and now—Chaplain Carl W rick, 2nd AmTrac Bn.

# Money-Saving Food Talks Begin Mon. At Midway Park

The Navy Relief Society will sponsor a series of four lectures entitled "Economic Food Preparation" for married personnel and all those who wish to learn the preparation of food and economical short cuts.

The lectures will be held at the Community Bldg. at Midway Park starting Monday at 2 p. m. and continuing for the next three Mondays at the same time.

Dorothy M. Youland, nutrition consultant from the North Carolina State Board of Health at Raleigh, will conduct the series.

The first lecture, entitled "Why Plan Meals?", will present what foods should be included in the daily budget, a film, and a demonstration of non-fat dry milk.

In her second talk Miss Youland will discuss food buying with emphasis on "good buys" from the Commissary. The third will stress buying and cooking meat. Miss Youland will demonstrate the preparation of a low cost meal in both the second and third talks.

In the final lecture the buying, preparing, and serving of vegetables will be discussed, with an accompanying film strip and demonstration.

# Mary Lou Gibson Weds MP DeMarco At Chapel Here

Pfc Mary Lou Gibson, of Ordnance Supply, and Pfc Joseph DeMarco of MP Co., H&S Bn., were wed Saturday at the Camp Protestant Chapel by Chaplain Ross Trower in a double ring ceremony.

The parents of the bride, Mr. and Mrs. James Hugh of Bedford, Ohio, were here for the wedding. Mr. Hugh gave away the bride.

The bride selected a white full-length satin gown trimmed with lace and a fingertip net illusion veil, gathered to a Juliet cap. She carried a bouquet of orchids and white roses.

Pfc Margaret Jean Gibson, the bride's twin sister, was Maid of honor. She wore a rose colored ballerina-length gown of net with a satin bodice and carried a bouquet of yellow carnations. The bridesmaid, Pfc Dorothy Sellers, wore a similar dress in yellow and carried lavender asters.

The groom, best man, Pfc Dom DiFiglia, and usher, Pfc George McIntyre, all of MP Co., wore white dinner jackets and black trousers.

# Cromwell Trio Ends Musical Visit At OM

The Cromwell Trio will wind up its musical stay at the Officers Mess this week end, before heading over to the Staff Club. The Trio will play tonight and tomorrow night from 6:30 until 8:30 for dinner music and from 9 to 11 for dancing.

Saturday night there will be an informal dance from 9 until 11 and Sunday the group will play at a Tea Dance from 4 to 6 p.m. and for dinner from 6:30 until 8:30 p.m.

The Hadnot Point Staff NCO Club has engaged the musical services of the Cromwell Trio from Tuesday until Sunday.

This feature is an innovation in the field of musical entertainment offered by the club. The Trio will play Tuesday through Thursday nights from 8 to 11 p.m. and Friday and Saturday from 8:30 until 11:30 p.m.

Sunday the club will hold a cocktail hour from 3 until 5 p.m. which will feature the musical stylings of this popular group. Sunday night the boys will play from 8:30 to 11:30 and Monday they will appear from 8 to 11 p.m.

The Cromwell Trio features Dean Robinson, who plays the Hammond organ, Dick Jackey, accordionist who dances while tickling the keys, and Chauncey Cromwell, who plucks a rhythmic guitar. Chauncey also supplies the vocals for the trio.

They have appeared at such places as the Town Casino in Buffalo, N. Y., Ritz Carlton in Atlantic City, and the Bradford Hotel in Boston. After their stay here the trio heads into the Hotel Astor in New York City.

In addition to its military duties, the Army's Corps of Engineers is responsible for river and harbor and flood control projects.

At the recent Woman Marine school graduation top honors were taken by MSgt. Stephanie Straszewski from El Toro with an average of 93.50. Second place honors went to MSgt. Esther D. Wacławski of San Francisco, who averaged 91.97, and Sgt. Joyce Pulliam from El Toro was third with 90.56.

Guest speaker at the exercises was Brig. Gen. R. E. Hogaboom, assistant division commander, who spoke on the role of women in the service. General Hogaboom was introduced by Col. R. J. Straub, H&S Bn. commander. Capt. Mary Elder, WM Co. commander, introduced Colonel Straub.

## 2nd Marine Cindermen Win Meet

The 2nd Marines—with firsts in the mile, 220 low hurdles, the shot put, and the high jump, three seconds, and two thirds, for a total of 31 points—ran away with the 2nd Division track meet here Thursday.

Group One, consisting of entrants from the 2nd Tank Bn., 2nd Service Bn., 2nd Engineer Bn., and Hq. Bn., finished second with 22 points, while the 10th Marines edged the 6th Marines for third with a first in the mile relay, beating the 6th 14-13.

The 8th Marines with six points and Group Two 2nd Shore Party, 2nd Medical Bn., 2nd Ordnance Bn., 2nd Motor Transport Bn., with four points wound up the order of finish.

### Recon Amazing

Recon Co., a member of Hq. Bn., and therefore running under the Group One banners, turned in the most amazing unit performance in the meet.

Entering seven men, three of them running solely in the mile relay, Recon garnered 17 of Group One's 22 points.

George McCoy in the 100 yard dash, Don George in the 880, and Don Kosmo in the 220, each took a first for a total of 15 points. The other two points came on thirds by the relay team and Bob Wanninger.

### Clinch Meet

A win in the high jump by Curtis Swaithe mathematically clinched the meet for the 2nd Marines. Swaithe, using unorthodox form, beat out Group Two's Cassie Dedson (2nd Med. Bn.) and the 10th's Fred Banks, who tied for second. (See 2ND MARINES, Page 7).

## Football Schedule Set; First Game Sept. 19

After a lengthy period of dicker-ing during the spring and early summer months, which was rife with cancellations and proposals brought about by the closing of service installations, the Camp Lejeune football schedule finally has been set with a schedule of 11 games.

Of the 11 Lejeune opponents, seven will be returning from last season's schedule. The Marines will tangle with but one college squad this year, Baldwin-Wallace, which tears the lid off the season here September 19. The slate calls for six contests at home and six on the road.

After opening with Baldwin-Wallace, a team which the Marines defeated last year, 32-7, the Leather-necks will play three successive games with Army contingents. These are Fort Monmouth, Fort Lee, and Fort Jackson. The Golden Arrows from Jackson were the first club to defeat Lejeune last year, edging them out, 13-6.

### Quantico Here

The first game Lejeune plays in its own conference, the All-Marine, comes October 31, when the camp plays host to the highly touted Quantico Marines, pre-season favorites to capture the All-Marine toga and just about everything else in sight.

Cherry Point will be the second of the three Marine teams to play here, following Quantico on November 7. The traditional home-coming game with the Parris Island Boots will take place here Thanksgiving Day, marking the closing of Lejeune's regular season play.

The North Carolina Marines travel to Zanesville, Ohio, November 21 to play Camp Atterbury, Ind., in a charity tilt. Originally, Camp

Knox, Ky., was to be the opponent for Lejeune at Zanesville, but that club was forced to cancel its entire football schedule in anticipation of the closing of the Army base there.

### Breckinridge Dropped

Another last minute change in the schedule came when Camp Breckinridge, Ky., had to be dropped from the schedule when it was learned that that Army base would also be deactivated.

Another charity game was contracted for Lejeune last week when

## Grid Candidate Tryouts Begin

Candidates for the camp varsity football team are asked to report to the practice field behind the Field House for preliminary tryouts any day between August 3 and August 7.

## Golf Tournaments Still 'In Swing' At Camp Links

Tournament activity will continue this week at the Paradise Point Golf Course with the monthly Mixed Scotch Foursome and a "Blind Bogey" affair scheduled.

Sunday's Scotch Foursome is open to both established handicap and no-handicap players, with an entry fee of 50 cents. Players with established handicaps will be eligible for the low net and "Blind Bogey" prizes.

A buffet dinner served by the Camp Lejeune Women's Golf Association will be held at the Golf Shop after the tournament. One dollar per plate must be paid to MSgt. Junior Broadus before Saturday.

Also on the agenda, with an entry fee of one dollar, is a "Blind Bogey" tournament with the National Jaycee Tournament and the PGA Relief Fund the recipients of the entry fees.

Last week's winners in the "blind nine holes out of 18" tournament were: Col. M. I. Shuford, Sgt. L. L. Neel, MSgt. A. L. Evrette, and TSgt. H. R. Meafer.

## Reich Snares Tenth Victory Shutting Out ServLant N

NORFOLK, Va.—The superb pitching of Bob Reich of the revived Camp Lejeune batting order were more than enough to subdue ServLant here Tuesday night, 8-0.

Reich was brilliant in blanking the sailors. He struck 15 batters, seven of them in succession. The Lejeune

## PI Nips Lejeune; Takes East Coast WM Softball Title

Playing hard clutch ball in the last three innings of play, the Parris Island Woman Marine softball team defeated the Camp Lejeune girls, 5-4, and won the title of East Coast Woman Marine softball champions Monday at the South Carolina base.

The Island girls took the lead in the first inning, 4-1, and maintained the lead throughout the hard-fought game. In the top of the second, Lejeune pushed across two runs but Parris Island came back with a singleton in its half of the second, making the score 5-3 in favor of PI. Lejeune scored once more, in the top of the third, for its final run.

Willie Evans took credit for the win but was relieved in the bottom of the fifth by Marge Hartford. Rita Cohen went the route for Lejeune.

## Lejeune Cops Year's Series With Pickett

A squeeze bunt by Ed Kabakek that sent Babe Daskalakis home with the winning run in the ninth inning to beat Camp Pickett Monday night, 4-3, gave Camp Lejeune its second one-run victory over the stubborn Army men in two nights of play and a clean sweep of the four games played between the two teams this year.

Lejeune defeated the Chargers, 3 to 2, Sunday night behind Bob Grim, who racked up his eighteenth win of the year against two setbacks.

The Leathernecks were the first to score in Monday's clash, counting twice in the sixth. Pickett came back in the seventh to score all its runs and take a temporary 3-2 lead.

The Marines tied it up in the eighth. (See LEJEUNE COPS, Page 7)

gave up only two walks and allowed a man to reach the ninth inning.

In racking up his tenth the season without a loss was touched for only two blows, all singles. Two hits were of the scratch

Lejeune lost little time in the slants of ServLant hurler Assmussen. In the second Paul Donovan reached first on a bunt. With two out, Jim Regan led Donovan to third. Ed bek hit the first pitch in center for a home run, Donovan and Ryan ahead.

The Marines were held in the ninth inning when they exploded for five more runs. Ed came home on a wild start the rally. With one Assmussen walked Ralph and Don Brown to load the bases.

After Donovan had popped short, Babe Daskalakis drove right center to score Russo. Harry Hill then Daskalakis and Brown had a hot shot to left.

## Camp Schedule Try-Out Session For Hoopster Y

With the ink practically dry in last season's record book, Lejeune again readies itself for another season of basketball.

A two-week screening in preparation for the season will begin at the Memorial Field House Monday and last until July 31.

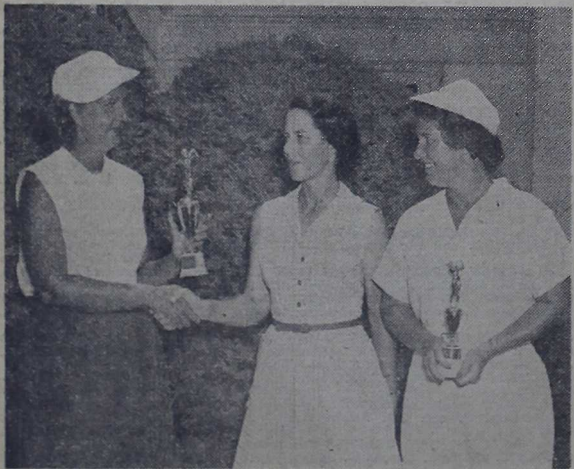

Candidates will report to basketball coach at the House Monday at 2 p. m. They have to supply their own equipment.

The practice sessions will run from 2 until 4 p. m. Monday through Friday.

Prospective players will be furnished identification while they are on the team. Screening and selection team will be completed by August 1. The regular basketball season will commence tentatively September 2.

**PAT ON THE BACK**—Second baseman Ralph Russo applies a gentle pat on the back of Fort Eustis' Jim Ludtka. The odd started when Chuck Chronopoulos (16), Lejeune's pitcher, fired "Babe" Daskalakis at first, troubling Ludtka between first and second. Daskalakis threw to Russo, who ran down Ludtka just before the Army runner could get back to first (Official USMC Photo).

**LINKS LAURELS**—Mrs. E. W. Murphy (center), president of the camp Women's Golf Association, congratulates Mrs. L. F. Cable (left), winner of the club's recent tournament, after presenting her the President's Cup. Runner-up Mrs. J. F. Breen looks on (Official USMC Photo).

At the end of April, when Pete Larghey took over the baseball team, the retiring Les Veigel, he probably never dreamt that pitch- eventually become his big headache.

At the time Lejeune listed nine pitchers and was about to add one to the staff. A quick listing of the hurlers shows why every reason to be confident. Bob Grim, Jim Waugh, Jesse Reich and Nevio Pelleschi were proven flingers of high newcomers were highly rated. Ben Johnson, from Mil- Parris Island, would be the number-two stopper behind there were Charley Chronopoulos, George Storti and Leo with plenty of minor league experience.

Waugh, Leach, Regan and Storti are no longer with the team. Johnson will leave no later than August 6, and Waugh no later than August 14, reducing the hill staff to four.

Reich and Waugh are being separated from the service, but the team will be left under less pleasant circumstances.

**Sweeney Couldn't Make It**

Joe Sweeney, who belongs to the Dodgers and at one time with the American Association, never was able to get in shape. After 11 months in Korea, Sweeney returned to Lejeune after the season. He hung on for a couple of months, never did much, and finally was transferred. Yet his potential was well known, and the Sweeney of 1951 could have helped the team.

Leo, a young right-hander, seemed headed for a banner year at the beginning of the season. He was rated in the top four or five and looked very impressive. On April 3 in the seventh inning of a game at the University of Virginia, Leach fielded a ground ball on a line drive and dislocated the digit. He pitched one inning after that and was never able to regain his form.

Leo was an eager and willing player, threw too much and too hard. Finally, he threw out his arm in a game against one of the top teams. He tried again a month later against Fort Meade, but the stuff that had made him a winner at San Diego last season was gone.

**Leo The Third**

Leo was a player to be cut, and the most tragic figure of the three. When Leach and Storti have infirmities that time and again, Regan's ailment is one of long standing. A towering pitcher, he was at one time regarded as a prize prospect for the Dodgers. Three times Regan went to spring training with the team, but in a manner that made people consider him as fast as a train. But just as he was about to get untracked, his troubles began.

The season Regan, optimistic once again, started pitching. He pitched seven-inning one-hitter against Washington and Lee and had no after-effects. The next day, he pitched batting practice and threw out his arm. He pitched once more. Against the 1st Bn. he finished the game, but threw only two fast balls, reminiscent of his better days.

At the time Waugh departs and leaves Lejeune with four pitchers, Regan, Chronopoulos, and Pelleschi, the regular season will be over. But tournament action—and Lejeune has hopes of entering the Atlantic Fleet, or National Baseball Congress play-offs—will be about that time.

There is a fault for the position Larghey finds himself in. There is a concrete remedy. There's talk of recalling Regan, and "minors," the battalion leagues, are being scoured by scouts. Possibly a pitcher or two who can help Lejeune will be found.

It would be unfortunate if, after getting to the tournament, Lejeune would be unable to give a good account of itself.

### Lejeune Cops

(Continued from Page 6)

On a walk to Ryan, Ben Rodriguez's drag-bunt on the first base line.

**Ben Lifted**

Ben started for Lejeune and in the eighth in favor of Lejeune. With runners on second, one out, and the score 3-3, Waugh struck out Rodriguez to face him but gave a single to center by Pat Towey. However, a perfect throw from Rodriguez nipped the runner at home.

Kis opened the ninth inning by hitting right and taking a passed ball. After George Dingler walked, both advanced when Charger's Suspenki threw wild to second base, trying to nab Kis on a pickoff.

In the ninth, runners were forced to take when dropped a pennant front of the plate that kept hurler Herb Shank-kott. Shankman's only at-bat was a single to first and Daskalakis hit the winning tally, squeezed through the ninth picked up the win, his team won.

**Sunday Duel**

The game saw Grim and Tom, prize bonus rookie of the Philadelphia Phillies presently in the weeks of summer training, hook up in a tight mound to two hurlers allowed the number of hits, five, with

Grim fanning 11 men and Casa-grande recording ten whiffs.

**Trailing, 2-1, Lejeune pushed over the tying and winning markers in the eighth. Rodriguez drew a walk to open the frame, stole second, and took third on a wild pitch. Jim Gingerella, who led the Lejeune offense with a single and double, drilled a hot shot down to second.**

The Pickett second baseman was wide in his throw, trying to catch Rodriguez at home, with Gingerella reaching first on the fielder's choice. Paul Donovan walked and, after Daskalakis had fanned, Harry Hill singled through short to rescue Gingerella with the winning run.

### 3rd Bn. Holds Lead In Intramural Race

The 2nd Bn. continued to gain on the league-leading 3rd in the 10th Marines intramural baseball race last week. While the 3rd was idle, the 2nd beat 1st Bn., 5-4, and swamped H&S, 13-2.

**Third Bn. has a record of seven wins and two losses while 2nd Bn. has ten and four. In the only other game of the week, H&S took 1st Bn., 6-5.**

In softball the 2nd Bn. team, which has already wrapped up the championship, suffered a 3-2 licking at the hands of the 1st. In another game, 1st Bn. beat 4th Bn., 7-2.

**SECOND TIME**—Capt. William S. Anthony, newly assigned executive officer of Hq. Bn., stands as Maj. Gen. George F. Good Jr., division commander, pins his second Air Medal to his shirt. Captain Anthony earned his award while serving as the commanding officer of the Marine detachment aboard the USS Los Angeles in Korean waters. Doubling as naval gunfire spotter and air observer for the cruiser, he flew 50 missions in helicopters and light observation planes, "constantly exposing himself to hostile enemy ground fire" (Official USMC Photo).

### FT Baseball Race Grows Tighter As AW Gains On CSG

Automatic Weapons got a timely break last week when its arch rival, Combat Service Group, was upset, 3-2, by 155 Gun Bn. to pull A/W within one game of the leaders in the Force Troops Baseball League. This victory evened up the losses for both CSG and A/W and unless more upsets are in the making, a tie in the league race seems imminent.

**In the big game, Gun's pitcher, Richie LeAndro, was the star for the winners as he hurled 4-hit ball and struck out 13. Center fielder Franz made four tremendous catches, all of which robbed Combat of extra base hits.**

Automatic Weapons gained valuable ground by winning two, both from 8th Tank Bn. Tuesday last week they downed the Tankmen, 3-2, and Wednesday defeated them again, 9-2, to run their victory string to five straight.

Eighth Motor, a team that lost two the week before, bounced back last week to win two and pull itself up to third place. Motor got off to a fast start, squeezing by AmTrac, 1-0, on Clyde Monroe's one-hit pitching and a timely double by second baseman Potterton. It continued its winning ways by downing Aggressor Co., 12-3, on 13 hits, including a home run by first baseman Hicks, his fourth of the year.

**Both 155 Gun and CSG won their other games of the week. Gun squeezed past a slumping 2nd 90 team, 6-5, while CSG was regaining its winning form by downing ArmAmphib, 10-1.**

Other action last week saw 8th Signal win two by downing both 8th Engineers, 15-2, and 8th Tank, 9-2, before it was finally defeated by 8th Engineers, 10-9. Aggressor Co. finally won after going the whole season without victory when it shut out 2nd 90 AAA, 1-0. In the final game, AmTrac salvaged some sort of glory, after losing three straight, by defeating 8th Engineers, 3-1.

### Camp Meets 3 Powerful Army Teams

With one eye on the upcoming "crucial" Quantico series, Lejeune plays five more games away from home this week.

They play a return engagement with Fort Eustis today and tomorrow, take a day off, and then meet Fort Belvoir Sunday and Monday. The week's slate is completed with a single game against Fort Meyer Wednesday.

If Lejeune thinks ahead to the Quantico series too much, it stands a chance of losing any or all the games. All three opposing teams are top calibre outfits, and Eustis and Meyer have split two-game series with the Marines.

Eustis, as fans who watched the series here recently know, is led by Ex-New York Giant Willie Mays and former Pittsburgh Pirate Vern Law. Law, suffering from a sore arm, has spent his service career at first base. Otherwise, the "Wheels" have solid pitching and hitting and offer a definite threat.

If Eustis' major leaguers don't bother Lejeune, then Fort Belvoir's shouldn't bother the Marines either. Starting at short for the Engineers will be ex-Pirate Dick Groat, of Duke basketball and baseball fame. Almost sure to start one of the games is Tom Poholsky, who used to do his pitching for the St. Louis Cardinals.

### Cornwell Sailing Victor

For the second straight week, Maj. C. E. Cornwell of the Joint Landing Force Board sailed to victory in the Sunday sailing races at the Wallace Creek Boathouse. Lt. Cmdr. A. T. Henderson of the Naval Hospital came in second and Capt. W. S. Rump, 2d Tanks, breezed in third. Last week Captain Rump took place honors.

Camp Lejeune's Wildlife Club is fast crystalizing into a well-knit organization. Wednesday last week the group of determined sportsmen who have pushed this club into being, and 30 more outdoor devotees, elected officers for the new club, which has been emphatically endorsed by Maj. Gen. Henry D. Linscott, camp commander.

**General Linscott, a fishing enthusiast himself, was named honorary president in his absence, subject to his acceptance. Maj. William R. Hopkins was elected president of the club; Capt. Robert L. Shuford, vice president; WM 2nd Lt. Olga Mamula, secretary; and CWO Harley F. McCulley, treasurer.**

At the meeting it was decided that each of these offices should have enlisted counterparts. MSgt. W. C. Corbett, was elected assistant president, and Sgt. J. S. McCargo, assistant vice president. Secretary and treasurer posts are still to be filled.

### Heading Stream Synod

To head the stream committee is SSgt. Ronald L. Lowe, who has been one of the primary forces in establishing the Wildlife Club. Lowe, who holds three state fishing records, was elected to this post because of his extensive knowledge of fresh water fishing. Vice chairman of the stream committee is SSgt. Eugene A. Myers.

Lt. Col. W. C. Stoll of 2nd AmTracs was elected head of the education and recreational committee. Vice-chairman is Capt. B. E. Loos. TSgt. J. A. Miller was elected chairman of the field committee and Cpl. Emery Sylvester Jr., vice-chairman.

**Above, Wildlife Club officers admire SSgt. "Red" Lowe's new casting equipment. In the picture, from left to right, are: Cpl. Emery Sylvester, 8th Marines, vice-chairman of the field committee; SSgt. Ronald L. Lowe, MCSD, chairman of the stream committee; TSgt. John A. Miller, MCSD, chairman of the field committee; Maj. William R. Hopkins, MCSD, president; Capt. Robert L. Shuford, 2nd AmTracs, vice-president; Sgt. J. S. McCargo, 2nd Combat Service Group, assistant vice-president; Lt. Col. W. C. Stoll, 2nd AmTracs, chairman of the recreational and education committee; MSgt. W. C. Corbett, MCSD, assistant president, and CWO Harley F. McCulley, treasurer.**

Next Wednesday at 8 p. m. in Bldg. 1404, Industrial Area, Hadnot Point, the Wildlife Club will hold another meeting, and outdoorsmen here are urged to attend. There are many projects the club plans to undertake, and these require the participation of fishermen and hunters stationed here.

# Drummer Man Ray McKinley Plays OM Wednesday Eve

Ray McKinley, one of America's foremost drummers, will bring his band into the Officers Club Wednesday for a special one-night dance engagement. Music will be from 9 p.m. until 1 a.m.

"Look" and "Down Beat" magazines have called the McKinley aggregation the best all-around dance band in America, an appellation backed by his "over the million mark" records of "Civilization," "Red Silk Stockings," "You Came A Long Way From St. Louis," and "Arizona."

Since his break into show business in 1926 Mac has worked with such artists as Benny Goodman, Glenn Miller and Jimmy and Tommy Dorsey.

In '39 Ray formed a band with Will Bradley. Together they made musical history with such "Boogie Woogie" arrangements as "Celery Stalks At Midnight" and "Beat Me Daddy Eight To The Bar." Ray went on to form his own band in 1945.
