**NEW CHIEF**—Change of command orders that name him the new  
Commanding General of the 2nd Division are read by Maj. Gen.  
George F. Good Jr. to more than 600 Division officers who partici-  
pated in the formal ceremonies Tuesday which saw the general  
take the helm of the division he had last served with nine years  
ago as chief of staff (Official USMC Photo).

### New Staff NCO's Asked To Appear At Housing Office

The Camp Housing Office has  
requested that all married per-  
sonnel receiving promotions to  
Staff NCO ranks report to the  
Housing Office Bldg. 1, to file  
application for appropriate  
housing. Those on the waiting  
list for Midway Park or Trailer  
Park who have been promoted  
to Staff ranks are also request-  
ed to appear.

All concerned are asked to re-  
port within 48 hours after ac-  
cepting their new ranks. Those  
of Staff grades will be graded  
on the housing lists for Tarawa  
Terrace or New River as of  
their dates of promotion.

### Commandant Lauds Marine Personnel For Iwo Donations

Six months ago a memorial statue  
dedicated to the men who made  
the supreme sacrifice while wrest-  
ling Iwo Jima from the Japanese  
stood uncompleted in Washington  
because of lack of funds.

Today this statue is on its way  
towards final completion, thanks  
to the men of the U. S. Marine  
Corps.

Gen. Lemuel C. Shepherd Jr.,  
commandant of the Marine Corps,  
announced that the aggregate Ma-  
rine Corps contributions for the  
National Marine Memorial reached  
\$249,109.15, representing an indi-  
vidual average exceeding the goal of  
one dollar per Marine.

This amount is sufficient to in-  
sure the complete casting in bronze  
of the statue itself.

The commandant, in a person-  
al letter to Maj. Gen. Henry D.  
Linscott, camp commander, voiced  
his sincere thanks for the do-  
nations made by the men of Gen-  
eral Linscott's command.

The letter stated that the costs  
of constructing an appropriate  
base, preparing the site, and ac-  
tual erection cannot be accurately  
determined but General Shepherd  
wrote, "I sincerely hope these fi-  
nal costs can be met from a source  
other than individual Marine con-  
tributions."

In the event the costs cannot  
be met from other sources the  
commandant hoped Marines  
would again come to the assist-  
ance of the memorial statue by  
contributing their second dollar.

In expressing his thanks the com-  
mandant said, "Please extend to  
the personnel of your command my  
sincere congratulations and deep  
appreciation for their generous re-  
sponse. It is indeed indicative of  
the true spirit of our Corps and  
is a source of personal gratification  
to me."

### Formal Ceremonies Honor New Division Commander

Maj. Gen. George F. Good Jr. officially assumed com-  
mand of the 2nd Division Tuesday morning.

### Extra June Pay Day For Base Personnel

June 30 will be Camp Lejeune's  
next pay day.

Marine Barracks and Force  
Troops personnel will be paid that  
day while Division personnel will  
receive their checks July 1 and  
2. The checks given the Division  
personnel will be pre-dated as of  
June 30.

ed out a thundering 13-gun salute.  
After mounting the reviewing  
stand, Brig. Gen. Robert E. Hoga-  
boom, who has commanded the  
division since the departure of  
Maj. Gen. R. McC. Pate, address-  
ed the officers and their guests.

"It was with the greatest possi-  
ble pride that I assumed cus-  
tody of this division from Gen-  
eral Pate, and it is with utmost  
confidence that the 2nd Marine  
Division will remain the great  
division that it has been in the  
past, that I turn it over to my  
new Commanding General, Maj.  
Gen. George F. Good Jr."

At the final note of the "Flag  
Officers March," which marked  
the unfurling of General Good's  
flag upon the reviewing stand, the  
saluting battery roared its 13-gun  
salute. When the last echo died in  
the distance, the new Commanding  
General spoke.

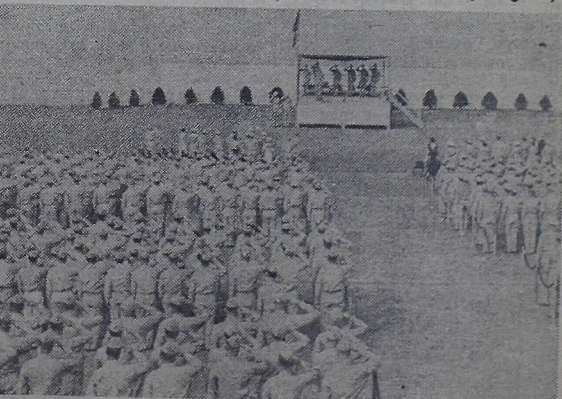

"In assuming command of this  
division," General Good said, "I  
do so with humility, confidence  
and enthusiasm."

**Solve Problems**  
Expressing his faith in the abil-  
ity of his officers to work together  
and carry on the fine tradition of  
the 2nd Division, the general went  
on to say, "Together," we shall  
solve the problems which may  
confront us."

Concluding his remarks, Gen-  
eral Good observed, "Our na-  
tion—and the world—needs a  
ready fighting force. The Fleet  
Marine Force, Atlantic, is THE  
ready force available to the  
United States, and this division  
is the heart and soul of that  
force."

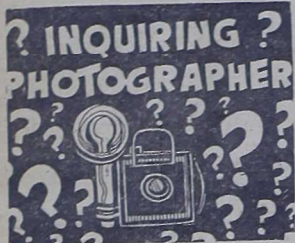

Holder of the Legion of Merit  
with one Gold Star, and the Ni-  
caraguan Cross of Valor, General  
Good is no stranger to the 2nd  
Division. In October 1944 he was  
assigned duties as Chief of Staff,  
2nd Division, FMF, Pacific. Dur-  
ing this tour of duty he participat-  
ed in combat operations against

2 Tuesday (Official USMC Photo).

WHY DID YOU RE-ENLIST?

**SSGT. JOHN R. McDERMOTT, CAMP PERSONNEL OFFICE —** I had time in the Corps before I was discharged as a civilian. I spent 5½ years shifting from job to job and not being able to find anything satisfactory. My wife and I decided that "Once a Marine, always a Marine," so I came back in. I'm in for 20 now, all I can say is "I never had it so good."

**SSGT. MIRIAM COHEN, JLFB —** would like to finish the job I started and stay in as long as I'm needed. As long as there is fighting going on somewhere, a permanent military staff is of use. I'd like to be a part of that military staff, and since I started here, I'd like to remain in the Marine Corps.

**SGT. JAMES F. GERAHY, CASUAL CO., M. B. —** I re-enlisted because everything about the Marine Corps agrees with me. I like to get out and travel and be in on things. And whether people joke about it or not, you do get to travel and see different things in the Corps. Besides that, my future is secure. The Marine Corps has taken good care of my wife and me so far, and I'm convinced that our future will be taken care of in the same manner.

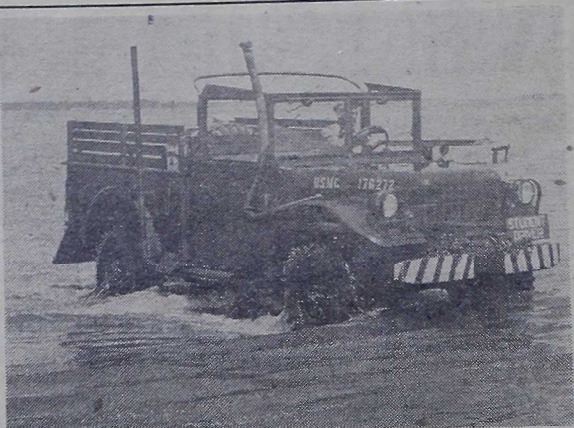

**TSGT. MARGUERITE MAYO, DISBURSING, M. B. —** I've been in for seven years now and as far as I'm concerned, I'd just as soon stay in. I'm used to it, I like my work and the people I work with, and as long as I'm a career woman, I don't mind making the Marine Corps my career.

**TSGT. EDWARD J. STEIN, STAFF NCO CLUB, HADNOT POINT —** I enlisted in 1947 after I had bet someone that I was man enough to join the Marine Corps. I had finished a tour of duty in the Navy, and after I was in the corps, I decided to make it a 20 year proposition. The answer to that is "esprit de corps." I'm a career man and the Marine Corps is an excellent career.

One of the earliest uses of aerial warfare by the U.S. was when observation balloons were used by the Army of the Potomac during the Civil War.

**DAMP DRIVE** is given the new factory-waterproofed M-37 three-quarter ton truck which was demonstrated at French Creek Friday for officers of the 2nd Division. The factory-waterproofing and the snorkel sticking up above the rear wheel enable this truck, which will replace the old 1½-ton personnel carrier, to churn out into water over the hood. The water line reaches to the exhaust pipe next to the windshield at hood level as the M-37 approaches the beach after being out in the water over ten minutes (Official USMC Photo).

## Division Officers Preview New Motor Transportation

BY SGT. FRANCIS McFALL

A display of the first complete new line of combat transportation since World War II, at French Creek Friday, gave officers of the 2nd Division a preview of the tremendous face-lifting the division's motor transport will receive when it begins replacing its old vehicles in July.

Under the supervision of Lt. Col. Carl J. Cagle, CO of the 2nd Motor Transport Bn., 2nd Lt. W. W. Draper, instructor at the Motor Transport School, Montford Point, gave a lecture, using the display of old and new equipment to point out the advantages of the new trucks and the changes in operation and maintenance. With the old World War II Jeep serving as the guinea pig for changes, the new vehicles have incorporated many important improvements—increased road clear-

ance, sturdier body, interchangeable parts, interchangeable electrical systems, 24-volt batteries, and factory-waterproofing, which, with snorkel, enables trucks to travel in hood-deep water.

**Help In Battle Zones**  
The interchangeable parts will be of great assistance to mechanics in battle zones where parts are often scarce. Starting troubles which were experienced in Korea have been licked by the great increase in battery voltage from six to 24 volts. This extra power gives the needed kick for sub-zero starting.

In a demonstration of the new M-37 three-quarter ton truck, which will replace the old 1½ ton personnel carrier, the factory-waterproofed body and snorkel enabled it to churn out into French Creek in water over the hood. This makes it possible for trucks not only to leave landing craft without stalling but to ford streams.

The government has economized on waterproofing and also weatherizing by not treating truck parts for military units that have no need for them and making up a waterproofing and a weatherizing kit of parts which can be added.

**Boxier Look**  
The new jeep, the M-38a-1 (not the Mighty Mite), has a boxier appearance in the cab design as has the M-35, 2½ ton "six-by." Squared fenders in the front act as mud guards. The new springs "give" more, and better seats provide a more comfortable ride.

Another improvement enables mechanics to disconnect the engine and clutch as a whole unit without draining the oil or radiator water and install a new warmed-up engine in a matter of minutes.

Training of drivers and mechanics for the new equipment began five months ago at the Motor Transport School, Montford Point. Instruction in both old and new equipment is being given in the 12-week mechanics' course, five-week drivers' course, 15-week staff NCO course, and the 15-week motor transport officers' course.

This training is being augmented by the 2nd Motor Transport Battalion's five-day driver familiarization course at French Creek for men who have already undergone training at Montford Point.

## New 'Whirly-Bird' Accepted By Navy

The Navy has successfully demonstrated two new helicopters described as "something new and revolutionary in the field of rotary-wing precision flying." The new aircraft, whose design aeronautical experts at first termed unworkable, are the Kaman HOK-1 and the K-225.

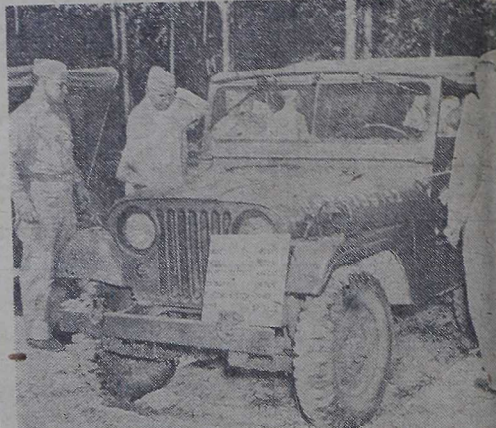

The HOK-1, a four-place observation and rescue craft was officially accepted for the Navy by Rear Admiral John B. Moss, assistant chief of Navy air materials and services.

The K-225, the world's first turbopropeller helicopter, is the equivalent, in the rotary-wing field, of turbine-propeller-powered aircraft of the fixed-wing design.

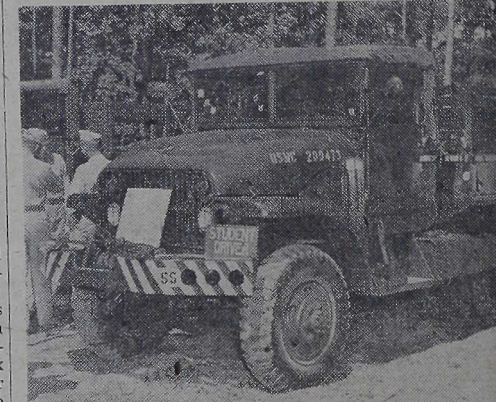

## Marines Authorized To Use Atom Bomb

The Atomic Energy Commission has authorized the Marine Corps to use the atomic bomb as a tactical weapon and has designated two types of Marine Corps fighter-bombers to carry it.

The two Marine planes designated for carrying the bomb are the AD4B Douglas Skyraider and the F2H2B McDonnell Banshee.

**LATEST MODEL**—The new M-38a-1 model Jeep (not to be confused with the Mighty Mite) is inspected by officers of Division during a preview Friday at French Creek of a new line of combat transportation since World War II, which division will start changing over to in July. The new Jeep has a boxier appearance, also has better springs and more comfortable seats (Official USMC Photo).

**NEW "SIX-BY"**—The new M-135 "six-by" 2½-ton truck was inspected during a preview for division officers Friday at French Creek. Interchangeable parts and factory waterproofing are just a few of the new improvements in the equipment (Official USMC Photo).

## Joint Landing Force Board Member Gets Legion Of Merit

Lt. Col. Jacob E. Glick, a member of the Joint Landing Force Board here, received a Legion of Merit Medal with Combat "V" from Maj. Gen. Henry D. Linscott at Saturday's Commanding General's inspection of H&S Bn. Colonel Glick received the award for outstanding performance of duty while a battalion commander in Korea from August 1952 to February 1953.

In addition to the Legion of the holder of a Bronze Star Medal, Merit Medal, Colonel Glick is a Letter of Commendation Medal with Combat V, and the Korean Service Medal with three stars.

**Liaison Duties**  
Before receiving his present assignment, General Good served as Marine Corps Liaison Officer in the office of the Chief of Naval Operations, Washington, D. C.

Seated on the reviewing stand during the ceremony, which was attended by more than 600 officers of the division, were: Maj. Gen. Henry D. Linscott, camp commanding general; Brig. Gen. Matthew C. Horner, deputy president, Joint Landing Force Board; Col. Francis B. Loomis Jr., commanding officer, Force Troops, Atlantic; Col. Donald M. Weller, chief of staff, 2nd Division; and Col. Samuel S. Ballentine, camp chief of staff.

## ROAD CLOSED

Because of military necessity, Lyman Road (formerly Robinson Road) will be closed to all traffic today from 8:15 to 11:15 a. m. and 6 to 11 p. m. Tomorrow it will be closed from 4 to 7 a. m. and 8:15 to 11:15 a. m. (EDST).

## Reservists Learn Marine Concepts Air Envelopment

Acting as an "aggressor" against a 55-man West Virginia Marine Reserve unit in training here, 14 Marines of the 2nd Engineer Bn. recently demonstrated the importance of the ability of the Marine Corps to execute "vertical envelopment."

Faces smeared with green camouflage paint, the lightly-equipped aggressors, transported by helicopter to a problem area, where, after a matter of minutes, they put into action against the "defenders."

Setting up a "T" sign on a dirt road near the area, the Leatherneck aggressors took cover and scanned the planes which were their supplies. Soon two of the aggressors, in and, right, dropped four para-gliders containing a supply of food and four light .30 caliber guns.

With lightning-swift action, machine guns checked, and loaded, but highly effective, was ready to go. Leading the 2nd Engineer's aggressor force was Arthur Fogarty of "D."

## Exchange ID Extensions

Authorization for the extension of expiration dates for exchange I. D. cards (privileges) has been in Headquarters Marine Corps order are those beginning "A" and which have an expiration date of June 30. Exchange cards beginning "B" (limited privileges renewed by their recordation date).

# Saddle Up! Alive With Leatherneck Humor

## Navy Show Sparkles With Originality, Color, And Zip

**SGT. TED YATES**  
 "Saddle Up!", the 2nd Division's musical revue was unveiled last night at the Camp Theater to an invitation audience. "Up!" is a big production. In every respect. And to 8:30—and every night under notice—the Camp Theater will lift on "Saddle

McC. Pate, then commanding general of the 2nd Division. By April 6, barely two months from the time pens were unlimbered, auditions began, and the cast broke into rehearsals by April 20.

Exuberance vitalizes the production and dulls the rough spots.

Mail call, inspections, and guard duty are among subjects kidded. Despite the length and the poor acoustics of parts of "Saddle Up!", the production has inspired phases and great music.

"First night" flaws, inevitable in any production, were evident. But "Saddle Up!" embodies a rugged humor and zest that has always been an inherent part of the Marines' much-spoken-of "esprit de corps."

Marines, for Marines, written by Marines, the acts, songs, and sets gigantic production neophases of the Marine. ## Clothing Costs Rise July 1 For Officers

Effective July 1 Marine officers' clothing will have new price tags. Thirty-six items will receive price boosts, ranging from nine cents (for white collars) to \$3.50 (for evening dress trousers).

Eleven other officers' uniform items have been reduced in price. The reductions range from a 50-cent cut in khaki gabardine trousers to an eleven dollar cut in green gabardine trousers.

New price lists for enlisted men's clothing will be out July 1.

The Senate has voted to repeal an old forgotten 1890 law permitting servicemen to buy their way out of the Army for \$120.

Below are the names of personnel whose radios will be up for auction if not claimed: Messrs. R. S. Gustafsen, J. R. Rogers, A. T. Groat, T. Thompson, M. T. Winders, S. M. Brainerd, R. E. Rick, A. Warren, H. M. Schoenig, D. Hogan and A. S. Crvist.

## Rev. Peterson Relieved As Top Chaplain

After spending nearly three years here as Camp Chaplain, Cmdr. Abbot Peterson, Jr., soon will be leaving Camp Lejeune to report to the Navy Chaplains School in Newport, R. I., as Officer in Charge there.

Arriving from the Naval Hospital at Portsmouth, Va., as Chaplain Peterson's replacement is Cmdr. Carl M. Sittler. This will be Chaplain Sittler's first assignment on a Marine Corps base. He had served as Senior Chaplain at the hospital for nearly four years.

While here Chaplain Peterson also held the posts of Executive Vice-President of the Navy Relief Society, Officer in Charge of the Camp Libraries, and Officer in Charge of the Camp Nursery School.

A native of Norwell, Mass., and a graduate of the Harvard Divinity School, Chaplain Peterson reported here from the USS Coral Sea in July 1950.

### Traveling Student

Prior to entering the Navy in 1931, Chaplain Sittler's studies led him from one end of the country to the other. He has a Bachelor of Arts degree from Thiel College in Greenville, Pa., and has attended the Evangelical Lutheran Seminary, Columbus, Ohio; Capital University, also in Columbus; Ohio State University; and the University of Southern California.

In the Navy, aboard such ships as the USS Franklin D. Roosevelt, USS Maryland, USS New Orleans, and the USS Melville, Chaplain Sittler's travels became more extensive.

He has visited many of the European and African ports, in addition to being at Tarawa, the Marshall Islands, and Saipan when they were being shelled by the Navy, and aboard the USS Maryland when she was torpedoed.

Chaplain Sittler, a native of Petersburg, Ohio, is expected to be followed by his wife, the former Mary Y. Wilhelm of New Waterford, Ohio, as soon as his residence here has been established. He and his wife have two children, John, 20, studying ministry at Capital University, and Miriam, 18, entering Oberlin College, Oberlin, Ohio.

### 'CAINE MUTINY'

The Pulitzer Prize novel of 1953 "The Caine Mutiny," now being filmed by Columbia Pictures in Hawaii, will have Marines in the movie.

Some 1600 men of the 1st Provisional Marine Air-Ground Task Force, stationed in Hawaii will be filmed making an amphibious landing.

## Thai Naval Leader Arrives Here Mon. For Two-Day Visit

Admiral Luang Yuthasastr Kosol, commander in chief of the Royal Thai Navy, and four other Thailand Naval representatives, will spend Monday and Tuesday here for a general familiarization and orientation visit of Marine training and operational facilities.

Admiral Yuthasastr will have as his Marine Corps aide Col. F. J. McQuillen, from Headquarters Marine Corps, Washington, D. C.

The admiral will be welcomed here from Washington Monday morning at 10:30 with honors at the Hadnot Point parade field. Following this the admiral, and his Thailand party, will visit the Rifle Range, Courthouse Bay, Onslow Beach, Marine Corps Supply Depot, and Supply School Bn.

Tuesday the party will study Division and Force Troops facilities before departing that afternoon.

## GI School Pay Null For Summer Break

The VA has announced that veterans attending school under the new GI Bill will not receive their monthly allowance checks while they are out of school during the summer. Vets who are enrolled for the entire school year will be paid, however, during the breaks that take place during the school year.

The types of school breaks for which allowances will be paid are: regularly-established recesses between terms, quarters, or semesters; and regular school vacation periods that occur during the school year.

## Stopping At High Speed

Stopping at high speed makes special demands. First of all, it takes you at least 318 feet to stop your car. Your car may swerve and you may lose control. The secret of stopping a fast-moving car is to press firmly on the brake pedal . . . but never ram it down. While the wheels are locked, they lose friction and skid.

### LEARNING THE EASY WAY

An old pilot of a river steamer was looking for a job. His prospective employer asked him, "Do you know where all the sand bars snags and other obstructions in the river bed are?" The old man thought for a moment and then replied,

"No, sir, I do not."

"I'm sorry," said the employer, "you won't do for the job."

The old man started to leave. As he reached the door he turned and said, "I don't know where all the bars and snags in the river bed are; but I do know where the channel is, and that is where I calculate to do my sailing."

There is a fallacy in some of our thinking which suggests that a young man must "sow his wild oats." In other words, he must taste sinful living in all its forms before he can know what to keep away from and what to follow.

But it is far more likely that he will never come to wreck on the snags and sand bars of sin if he learns early where the channel of right living is and keeps in that channel. It is a mark of real manhood to live according to what one knows by precept and observation to be right.

The way of happy and successful living has been pretty well marked out for us. Blessed is the man who learns to profit by what others have learned before him—the man who learns the easy way!—Chaplain John L. Curtis, 10th Marines.

## Bible School Starts At Pine Grove Mon.

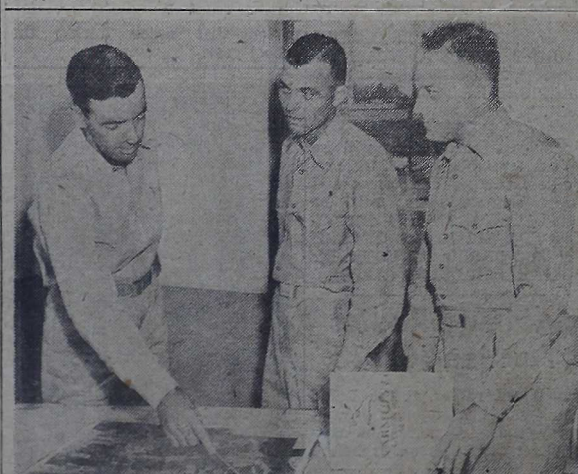

Daily Vacation Bible School at Pine Grove Trailer Park Chapel will begin Monday and continue through July 10. Classes will be held from 8:30 until 11 a. m. Activities include Bible instruction, games, songs, and crafts.

Registration day is tomorrow from 9 a. m. until 4 p. m. at the chapel. Mrs. Lola Cahill, student at Assembly Training School, Richmond, Va. will be the director. Assisting her will be Chaplain W. R. Griswold and several volunteer workers.

Similar schools are being planned for Paradise Point, August 3-14, and for Midway Park, August 17-28.

## Leatherneck's Son Takes Army Oath By Marine Major

It's not unusual to see recruiting offices for the Army, Navy, Air Force, and Marine Corps located in the same building, but when a Marine major at a Marine base swears a Marine captain's son into the regular Army—that's something else.

But that's exactly what happened here last week when Thomas Kelly Whitesel Jr. was sworn into the Army by Marine Maj. C. C. Henderson, camp adjutant, in the presence of his father, Capt. Thomas Kelly Whitesel Sr. Major Henderson was able to administer the oath under the authority of the Uniform Code of Military Justice.

What's more, the senior Whitesel has been in the Marine Corps since 1912, with the exception of two years' inactive duty, 1919-20. He is commanding officer of troops, Supply Depot.

With the swearing in of young Whitesel as a 2nd Lieutenant, the captain's family has become 100 per cent military. He already had one Army son, Capt. William Whitesel, who is en route to the United States after a tour of duty in Japan, while his daughter, Claire Whitesel Steinbeck, is the wife of a Navy Lieutenant now stationed in Germany.

Young Whitesel is a June graduate of Virginia Military Institute, Lexington, Va. He will report to Fort Benning, Ga., for the basic officer's course.

## Beach Closed

The recreational facilities at Onslow Beach, south of Beach Road, will be closed from 8 a. m. until noon on Thursday and Friday due to anti-aircraft artillery firing at pilotless aircraft targets.

## Kin Of Deceased Naval Personnel Get Scholarships

A new scholarship has been established to be awarded to children of officers or enlisted men separate of the Navy or Marine Corps killed in action in World War II or Korea.

The Clausey Medal of Honor Scholarship will be presented in memory of Lt. John J. Clausey, USN, who was awarded the nation's highest military honor in 1905.

The award consists of a tuition payment to the school of the selected candidate's choice, not to exceed \$500 annually. Its qualifications are scholastic achievement and a need for financial help.

Further information concerning the scholarship may be secured by writing to the Bureau of Naval Personnel (Attn: Pers. G212), Washington 25, D. C. The closing date for this year's applications is August 1. (AFPS)

## Lejeune Display Gets AMA Honors At Medical Meeting

An exhibit consisting of materi- als supplied by Lejeune medical facilities and sponsored by the Bureau of Medicine and Surgery took top honors recently at the American Medical Association con- vention in New York. Titled "Field and Amphibious Medicine," it was judged the outstanding display in the Military Medical Section.

Materials for the exhibit came from the Field Medical Service School and the Naval Medical Field Research Laboratory here.

The Certificate of Merit which was awarded the display is the highest honor that can be awarded on a particular section.

### Vest Viewing

On view were such medical "live-savers" as the Marine Corps M51 armored vest and samples of the materials from which it is made. A dummy was set up showing a man wearing the vest caught in a mortar blast.

Evacuation techniques an ex- hibit showing the speed with which a wounded man is moved to medical facilities were shown.

New field medical equipment and findings of Navy researches on the subject of arterial blood transfusion also were presented.

Capt. Eugene R. Hering, MC, USN, of the Medical Field Service School, and Lt. Cmdr. F. J. Lewis Jr. MSC, USN, and Lt. C. M. Smythe, MC, Naval Medical Field Research Laboratory, were the of- ficers that represented Camp Le- Jeune at the exhibit.

## Marines Sustaining Frostbite Injuries To Be Compensated

Under a recent interpretation of the Combat Duty Pay Act of 1952, frostbite suffered in action in Korea is considered an injury. Any Marine who has suffered frostbite while serving with a combat unit in Korea and has been hospitalized for the affliction is now entitled to combat pay amounting to \$45 a month.

This pay will be received by frostbitten men for the month of the injury and for not more than three months after the injury while hospitalized for treatment of the frostbite.

If you are qualified for this pay, you may submit a statement to your commanding officer.

## Rivera 440 Cops Honor For Corps

Camp Lejeune Marine Frank Rivera ran the greatest race of his life at Fort Jackson, S. C., Friday, to win the Inter-Service quarter-mile in 47.8 seconds, one of the best times recorded this year anywhere in the country for the long dash.

The run by the former Puerto Rican Olympic speedster was the highlight of the meet for the Marine team, which came out in third place behind the Army and the Navy who took first and second, respectively. The Air Force placed fourth.

Rivera outran Olympic ace Ollie Matson of the Army and Henry Cryer, one of the nation's top 440 men, to crop the crown after he took his trial heat in 49.2.

### Womer Takes Fourth

One other Camp Lejeune Marine paced in the money in the Inter-Service affair. Frank Womer tied for fourth in the pole vault with George Appel of the Air Force at 13 feet. George Mattos, Olympic vaulter with the Air Force, took first at 14 feet and Bob Smith, Marine from Camp Pendleton, and Leonard Kehl of the Navy tied for second place at 13 feet, six inches.

Bill Miller, who took All-Marine javelin honors here recently at the All-Navy, All-Marine Meets, won his specialty at the Inter-Service Meet with a toss of 2.5 feet, two and one-half inches, and was the only Leatherneck besides Rivera to win a first place at Fort Jackson.

Fine performances were turned in by Lejeune's Clarence Williams in the three-mile run and two-mile steeplechase, coming in fifth in both races.

Rivera will compete for the Marines in the National AAU meet at Dayton, Ohio, this week end.

## 8th Tanks Maintain FT Softball Lead, Beating ANGLICO

Rain put a damper on most of the games in the Force Troops Softball League last week, but the sun shown long enough for 8th Tank Bn. to win its tenth straight victory by downing ANGLICO, 8-4, to maintain the top place in the league standings.

Adenson received credit for the win and Thompson was charged with the defeat.

In another game, ANGLICO again suffered defeat, this time at the hands of the second-place A/W team, 7-5. Dick Noel gave up only five hits, and allowed only one earned run, as he won his fourth start in a row.

The only other game saw the third-place AmTruck team turn back the 2nd 90 AAA group, 3-2.

**FREEWHEELING**—Marine Cpl. Donald Mainland, of Racine, Wis., is hugged by his wife Ruth on arrival in New York City after claiming a bicycle speed record across the nation of 14 days, 11 hours, and 50 minutes. Mainland's time is believed to be nearly six days under the record time of 20 days.

**FLOWING RIVERA**—Frank Rivera of Lejeune floats to the finish line after running the greatest race of his career to win All-Service laurels in the 440-yard run. The former San Juan, Puerto Rico, Olympic performer completely outclassed the strong field of runners which included Henry Cryer (left), one of the leading quarter-milers in the country, and Ollie Matson (rear), former member of the U. S. Olympic team (Official U. S. Army Photo).

## New World's Mark Set By Skeet Team

The Camp Lejeune skeet team added new laurels to its shooting record last week-end as it set a new world's record while sweeping to a convincing victory in the Great Cotton States Open Shoot at Spartansburg, S. C.

The five-man team, composed of Capt. B. E. Loos, 1st Lt. H. B. Stowers, 1st Lt. J. J. Stoffa, CWO J. A. Martin, and MSgt. F. J. Hedit, missed but nine out of 750 targets for a 741x750 to best the old world's record of 737 held by the Jacksonville Gun Club of Jacksonville, Texas.

Capt. Loos captured the major prize of the shoot, the C. B. Fretwell Trophy, by winning the all-gauge championship with a perfect score of 150x150. He also won the Class A .410-gauge championship. Stowers, Stoffa, and Hedit tied in the all-gauge event with 148x150.

Loos teamed with Stowers to win the two-man team championship, and this duo missed tying the world's record by one target. Their score in this match was 298x300.

## Hommel Fans 30 In Divvy 13-Inning Tilt

Baseball took the back seat in the 2nd Division's intramurals last week as rain, track, and swimming grabbed the spotlight.

Highlighting the sparse week of diamond play was the official opening of the 2nd Marines league. Two games were featured, the Provisional Bn. facing 1st Bn., while the 3rd Bn. squad tested its skills against 2nd Bn. Provisional Bn. and 3rd Bn. both captured victories, both games ending with 7-3 scores.

Hurler Ken Hommel of the Provisional Bn. squad paved the way to victory in the 13-inning tilt with a four-hit pitching chore featuring 30 strikeouts. Hommel gave up four walks, four hits, and three runs.

In the 10th Marines league two games were carded. The 3rd Bn. blasted the 2nd Bn., 11-2, and H&S dropped the 1st Bn., 9-2. The 3rd Bn. team at present holds down the top spot with a 7-1 record. Second place belongs to 2nd Bn. with 8-4.

One tilt was featured in the 6th Regiment circuit with the Combined Companies squad defeating the 1st Bn., 2-0, behind the two-hit pitching of Bill Demarest.

Group 1 managed to keep its baseball action alive with a game between Hq. Bn. and 2nd Tanks. Headquarters hurler Bill Winterley pitching his team to an 8-4 victory.

### THANKS

The sports section of the Camp Public Information Office takes this opportunity to recognize publicly the hard work and long hours put in by the Camp Photo Lab in covering the recent All-Marine and All-Navy Track and Field Meets here.

The coverage produced by the crews was not only prompt and efficient, but was of the highest photographic quality.

## Auto. Weapons Jam As Combat Hurler Flings 6-1 Victory

Pitcher Bob Russell allowed Automatic Weapons only three hits and one run as he pitched Combat Service Group to a 6-1 victory over its arch rival as well as to undisputed possession of first place in the Force Troops Baseball League. This victory sent A/W into a three-way tie for third place in the standings, a full game off the pace.

Russell's pitching, backed by the eight-hit slugging of his teammates, was more than a match for A/W's vaunted power. Although A/W drew first blood by scoring one run in its half of the second, it was soon matched and surpassed.

Tom Perez and Tom Grant each contributed three hits for CSG. A/W's Hamlen, who went the distances for the losers, pitched competent ball but suffered mainly from his inability to make the final out in the big innings.

### Two More Scalps

In other action, CSG had added two more victories to its already impressive total by first blasting 8th Engineers, 14-0, and then turning on hapless Aggressor Co. with a 24-1 pounding. Russell turned in the shutout performance over the Engineer nine and Joe Bounano got the win in the Aggressor debacle.

The second-place AmTrac team also stayed on the victory trail with a close win over a stubborn ArmAmphic nine, 2-1. Fred Dostine gave up only three hits, against four by Armored's Perkins. The game, however, rather than being won on hits, was decided by a two-run error in the fifth.

A/W, prior to its defeat by CSG, had won a lopsided victory over 155 Gun Bn., 10-0. Reggie Lee's one-hit pitching plus heavy hitting by Brooks, Long and Padilla was just too powerful a combination for 155 team.

The only other game of the week saw 155 Gun Bn. down a slumping Signal nine, 9-4.

## Little Creek, Kinston Meet Lejeune Nine

Camp Lejeune's nine returns from its southern tour Monday to play host to the Little Creek Gators for two games Monday and Tuesday and to tangle with the Kinston All-Stars in a home-and-home series.

Lejeune split a brace of games with Little Creek earlier in the season.

The loss to Little Creek broke a 20-game Marine winning streak.

Little is known about the Kinston contingent aside from the fact they are a group of the best players in the Kinston area. A two-game series has been scheduled with the All-Stars, the first one here Wednesday night and the second at Kinston the following Sunday.

Games with Little Creek will be broadcast by WJNC.

## 10th Marines Hold First Ring Smoker With 8-Bout Card

Intramural boxing made its 2nd Division debut last Tuesday as the 10th Marines artillery regiment held the first "smoker" of the season in its new arena.

The first program of the season included eight bouts, which featured three TKO's and a draw. The crowd pleaser was the draw in the 147 pound class spotlighting Bill Jones and Benny Washington. It was a fast-moving contest with Washington holding a slight edge until he was dropped momentarily by Jones in the third.

In the fifth fight of the evening Nelson Britt TKO'd Herman Pelzold in 1:20 of the first round. In the next bout Kaljo Poomeets stopped Gene Rogregnes in 1:35 of the third round with a knockout.

Heavyweight Pete Walker made it three TKO's for the opening night by winning in 35 seconds of the final stanza. Granrath went down three times in the third round and officials stopped the fight.

Winners of the other events by decision were: Prince Kelley over Aponte Lizardi; Raymond Mewell over Tarconi Barbosa; J. D. Jones over Lewis Van; and Fred Rueke over Steve Marx.

## Diamondmen I Twin Wins Jacksonville M

JACKSONVILLE, Fla.—Grim's dependable eighting and Babe Daskalakis' prowess him fill the w enabled Camp Lejeune two games from the Jacksonville Naval Air Station Saturday, Sunday, 19-3, and 8-3.

Pitching Saturday's game spaced eight hits and seven batters to record a tenth win of the season. Lejeune jumped off to a lead in the first and headed in the 8-3 win.

Three big runs in the contest for the Lejeune Walks to "Chico" Rodriguez, Ralph Russo and singles from Donovan and Daskalakis the three markers across.

Lejeune scored almost in the Sunday game as Chronopoulos breezed to a ninth win of the year. An explosion in the third round was enough to win.

Three singles with loaded bases for Lejeune eventful third and Russo's sacks with a booming center. Jim Ryan batted Russo's hit with a two-right, scoring Russo, and kis applied the clincher a drive over the right field for his third round-trip game.

#### WM Softball Team Downs Shaw Flyers

Camp Lejeune's Woman Marine softball team defeated unbeaten Shaw Air Force Base here Saturday afternoon, 17-14, after losing an 8-3 lead in the fifth, rallying for a tie in the seventh, and running into an extra inning for the final victory.

After a scoreless first inning, the visitors jumped off to a 3-0 lead in the second, but failed to score in the third. The Lejeune girls garnered four when they went to bat in the bottom of the third.

In the fourth and fifth again, the Air Force girls failed to score while the locals counted twice in each inning to lead the WAF's 8-3.

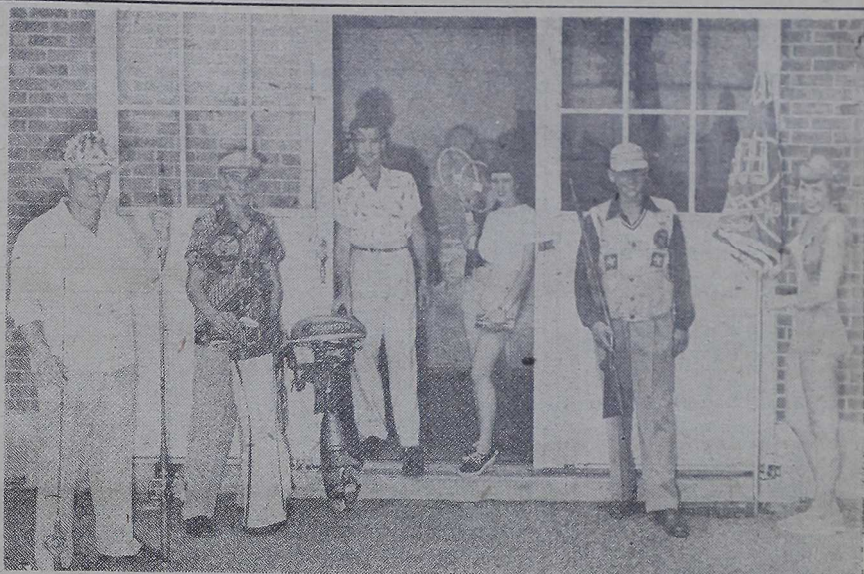

#### Roof Falls In

Bev Moose, who took credit for the win, was relieved in the sixth by Angie Darby after walking six. Darby failed to hit her stride and walked five more before the com-motion ended. Lejeune tallied a single run in the sixth and once again Shaw was leading, 14-9.

After a scoreless seventh for the visitors, the WM's rallied and tied the score at 14-all. In the eighth, the WAF's again had failed to score when their hosts went to bat. Centerfielder Carol Lau's seventh round-tripper of the season scored two and clinched the win in the last of the extra inning.

Today and tomorrow will see the Lejeune Women Marines at Cherry Point for two games. On Saturday they will play host to Parris Island and Sunday will see Henderson Hall here.

Anyone can be a champion in his life's work if he is careful to enter a field that doesn't interest better men.

#### 3 Div. Units Hold Track, Swim Meets

Track and swimming moved into the foreground of the 2nd Divisions' intramural program last week as three units held their league tourneys.

Sgt. W. I. Turkett emerged as the number-one man in the 10th Marines' First Annual Track and Field meet, leading H&S Bn. to a 33-28 margin of victory over the second-place 1st Bn. The fleet Turkett took first place in the 220 low hurdles and the 440 dash and placed second in the 880.

The crowd-pleaser of the rain soaked track meet was the victory of big John Faustroyal, 220-pound star of the Tenth's championship football team, in the 220 yard dash. The big man ran the race bare-footed in the drizzling rain in 25.2.

Headquarters Bn. took first honors in the Group 1 track meet by capturing six firsts and four seconds in the ten-event affair.

Second place was won by the 2nd Tank Bn. with three firsts and two seconds.

The Second Marines' regimental swimming meet was held last week at the Area 2 Pool with six events on tap. Outstanding performances were turned in by G. E. Miller (H&S Co., 2nd Bn) who took two firsts and one third, and by J. Olgoetz (H&S Co., 3rd Bn.) who was judged the best diver. The 2nd and 3rd Bn. battalions tied for team honors.

The Group 1 swimming crown was captured by Hq. Bn. with three firsts in the seven events held, while 2nd Service Bn. carried away second-place honors by having two first place winners.

#### Dufault's 95 Score Cops Motor Vehicle Graduation Laurels

Pfc Donald J. Dufault, with a final average of 95.0, led the Motor Vehicle Operators Class No. 107 at graduation last week at Montford Point. The course is conducted by Motor Transport School Co. of Supply School Bn.

Five weeks in length, its objective is to develop the skill and knowledge that is required of Marine Corps motor vehicle operators.

The training program includes intensive classroom study and actual convoy operations under day and night conditions, and is culminated with a one-week bivouac in the field where personnel are trained in combat driving.

Upon successful completion of the course the student becomes a qualified, licensed driver with a primary MOS of 3531 (Truck Driver).

#### Correct Time Error In All-Corps Meet

Roger Montgomery's All-Marine record in the 220-yard dash, set on June 13 at the All-Marine meet here, is 21.9 and not 22-flat as reported previously.

Montgomery posted a 21.9 in the second trial heat of the 220, but the time was not announced as a new record and was overlooked in the final tallying of the meet results, which emphasized the 22-flat by which he won the finals.

This is an official record of the All-Marine Track and Field Meet.

#### Joneses Win Mixed Scotch Foursome

Cpl. and Mrs. R. J. Jones, with a net score of 35½, won a nine-hole Mixed Scotch Foursome tournament Sunday at the Paradise Point Golf Club. MSgt. and Mrs. J. B. Broadus finished second with 36½, and Maj. J. M. Barclay and Mrs. H. L. Hise were third with 37½.

A 26-man Lejeune golfing squad will play host to a like number of Cherry Point linksmen this Sunday in a return match. The two squads played at Cherry Point earlier, with the Flyers winning in an abbreviated tournament.

"Rodeo," the word, is a noun. It has its root in the Spanish language, and means literally, "a going around." In the West it was interpreted once to mean a round-up. Then it came to be the name given an arduous contest between bovine and equine beasts versus bow-legged, soft-spoken men called cowboys, saddle stickers, bull nurses, cow-prods, and so forth.

But "rodeo," the word, has a different meaning to thousands of south-eastern North Carolinians. Corrals, fast calves, long loops, and bad horses have no association with the word. These people think of fish.

They think of fish, and \$5000 worth of prizes—cash prizes. Right now they are thinking of the 1953 annual South-Eastern North Carolina Beach Association's Fishing Rodeo which begins next Wednesday and lasts through October 31. To compete, a dollar registration fee must be paid to the SENCBA Fishing Rodeo, Wilmington, N. C., prior to entering a fish in the contest. People younger than 14 can register for 25 cents. These are season fees.

#### Lejeune Fish Ineligible

All fish entered must be caught from salt water on hook and line within the boundaries of the White Oak River at Swansboro on the North and Holden Beach and Shallotte Inlet on the South. Fish caught on the premises of Camp Lejeune, though, will be ineligible because this area is not open to the fishing public.

All fish entered in the tourney must be weighed by a weighing master at official weighing stations. These stations can easily be found at any fishing hub within the SENCBA boundaries. Each fish must be recorded on an official entry blank signed by the weighing master and a competent witness. Entry blanks then must be filed to Rodeo officials within 24 hours after the catch. Contestants who are trying for the grand award, a \$100 Savings Bond, must submit a picture of the fish, also.

Each month prizes will be given for the largest fish caught by a woman and the largest by a man. Also, there will be a complete set of prizes available to visitors, or people who live outside the boundaries of New Hanover, Pender, Onslow, and Brunswick Counties. Fish caught from off-shore charter boats are eligible for entry into the Rodeo, provided the captain of the boat has entered his craft in the contest.

#### Divisions of Cash Awards

Cash awards are divided among the best fish caught from deep sea fishing boats. One hundred dollars each will go to the woman and the man winning this, and \$50 for the children's grand prize. The best fish caught from a pier, and best fish caught from surf, inlet, and skiff will receive the same prizes as above. Smaller cash prizes will be awarded each month for the largest monthly catches. The Greensboro "News" has dedicated a special trophy for the most unusual fish, one of several special awards given for good fish.

If you want more information and a copy of the official SENCBA Guidebook, write John H. Farrell, executive secretary, SENCBA Headquarters, Wilmington, N. C., or call the GLOBE.

## This Week's Movie Review

(4 Bells: EXCELLENT; 3 Bells: VERY GOOD; 2 Bells: GOOD; 1 Bell: FAIR)

LET'S DO IT AGAIN

Starring Jane Wyman and Ray Milland. No further information available.

THE CLOWN (3 Bells)

A sentimental, heart-warming story of the love of a boy for his father. In the lead roles are Red Skelton, as the warring comic virtually on "Skid Row," and his son, Tim Considine, whose trust and admiration are betrayed by his father's surrender to drink.

FLAME OF CALCUTTA

Starring Denise Dancel and Patrick Knowles. No further information available.

SEA DEVIL (3 Bells)

A romantic adventure, set in the time of Napoleon's threatened invasion of England. Yvonne De Carlo plays the part of a French spy who is captured by smuggler Rock Hudson and returned to England. In accordance with what is expected, the two "fall in love."

BELOW THE SAHARA

A documentary. No further information available.

STORY OF THREE LOVES (3 Bells)

Spinked freely with an impressive array of stars—Pier Angeli, Ethel Barrymore, Leslie Caron, Kirk Douglas and Farley Granger, to name a few—this collection of three vaguely related love stories, in color by Technicolor, provides a type of entertainment to please everyone.

FAIR WIND TO JAVA (3 Bells)

Piracy and a search for legendary diamonds mingle with blood and adventure in "Fair Wind To Java." The film is a big spectacle drama, starring Fred MacMurray and Vera Ralston and filmed in Truicolor, that stirs with action all along the way.

SALOME (4 Bells)

A dramatic story of real power, and a morally significant document concerning the early teachings of Christ and the beginnings of the Christian religion.
