PORT BRAGG THIS WEEK

Port Bragg's Formidable Squad These 48 confident appearing huskies expect to give the Lejeune Varsity some of the toughest opposition of the season when the two teams meet at Fort Bragg, N. C., this coming Sunday. Bragg will take the with a 1-1 record, having decisively defeated Chatham Air Base in the season's opener and a close one last week to Army's "B" team. Lejeune will answer the whistle with two wins in credit, one over Campbell College and one over Fort Jackson. (Official U. S. Army Photo by K. L. Allen, USA).

School Battalion Graduates 67 Men From Five Classes

Brig. Gen. Selden Principal Speaker; 17 Reserves Avail Themselves Of Courses

Captain M. D. Grush, Officer in Charge of the Motor Transport Division of the Supply School Battalion, on Friday, September 30, included the following poem in his opening remarks at the graduation ceremonies of five classes. Its text emphasizes his remark that young Marines, given the sound basis for further study and thought at the school, must compose an energetic attitude and display it accordingly.

Beware the deadly sitting habit,
Or, if you like, be like a rabbit,
Who keepeth ever on the jump
By springs concealed beneath his rump.
A little ginger 'neath the tail,
Will oft for lack of brains avail;
Eschew the dull and slothful seat,
And move about with willing feet.
Man was not made to sit a-
trance,
And press and press and press his pants;
But rather with an open mind,
To circulate among his kind.
And so, my son, avoid the snare

Bragg Will Field Fleet, Heavy Backs And Rugged 200 - Pound Line From "T" Formation

Fresh from last week's win over Fort Jackson by a score of 14-7, the Lejeune gridders will be out gunning for their third straight victory this coming Sunday afternoon when they meet the Fort Bragg "Troopers" at Fort Bragg, N. C. Game time has been set at 1400.

Some of the 10,000 spectators who witnessed last year's colorful game will recall how the All-Americans, from Fort Bragg, came from behind in the closing minutes of the game and dropped Lejeune, 27-21, in the most thrilling game witnessed here last year. Some may also recall the little quarterback, "Rog" Mendel, who tossed the pass that defeated Lejeune. Those that make the trip to Fort Bragg this week-end will have another chance to watch him perform. Reports from Bragg show that the team this year is a great improvement over last year's. The Troopers opened up their football season this year with an impressive 74-0 win over Chatham Air Base, and this past week-end dropped a hard fought 13-7 decision to the West Point "B" team. Bragg will operate out of the "T" with a line average of 200 pounds and a backfield averaging 185. No major injuries were recorded in the game last week and all of the Troopers are expected to be set for this coming Sunday's game.

The Commanding General of Fort Bragg has extended a cordial invitation to the officers and men of Camp Lejeune to attend the game. Arrangements have been made by the Camp Special Services, for all military personnel to travel to Fort Bragg and return at no cost to the individual. It may be recalled that 2,400 rooters from Fort Bragg were our guests at Camp Lejeune to root for their team last year. A like number is expected to make the trip from Camp Lejeune for the game.

On hand for the game will be the famed Second Marine Division Band and Drum and Bugle Corps. They are expected to put on another fine exhibition at half time. The Lejeune cheer leaders will also make the trip to lead the Lejeune rooters.

Sgt. Philip E. Nolan Retires After 30 Years Honorable Service

Receives Letter Of Tribute From The Commandant; Started Service Career With Navy Enlistment In 1918

By SSgt. EARL WILSON
You have served your country and faithfully, and your record a credit to yourself and to the Marine Corps. This office expresses a sincere wish that you may find every happiness in your well-earned retirement from active duty.

The foregoing paragraph, contained in a letter of tribute from C. B. Cates, Commandant of the Marine Corps, to MSgt. Philip E. Nolan, was the highlight of the recent ceremonies held for the retiree at the Parade Field last Friday.

The playing of the Marines' Band and the precision march of Headquarters and Service Battalion, Second Marine Division, they passed in review, presented a colorful and impressive climax to a long and interesting career of Master Sergeant Nolan which spanned 30 years, 1 month, and 23 days. The sergeant's upright, dignified bearing, as he marched forward with the color guard to receive his congratulatory letter of retirement from LtCol. William P. Kaempfer, Commanding Officer, Headquarters and Service Battalion, Second Marine Division, brought to the fact that he was engulfed in a flood of memories.

Master Sergeant Nolan began his service career by enlisting in the United States Navy on April 8, 1918. His desire to travel was fulfilled, and his 3 years, 3 months and 15 days

of Navy life reads like a travel folder as he visited those "far away places" including Constantinople; Cairo, Egypt; Palestine; Jerusalem; Paris, France; Cherbourg; Rome, Italy; Venice; London; Gibraltar; Odessa, Russia; Sevastopol; and Yalta, to name only a few. The travel-wise master sergeant terminated his Navy career by returning to the United States for discharge in June of 1922.

On September 13, 1922, Nolan realized his utmost desire and became a "Leatherneck." He received his recruit training at Parris Island, S. C., and then remained there as a member of the boat crew until discharged in September, 1925. He reenlisted on November 24, 1925 and from then on it was a career of continuous service, "Out one day and in the next."

His travels began again. . . just as it states in the recruiting announcements. . . "Join the Marines and See the World". . . from Norfolk, Va., to the West Coast and San Diego, Calif., and on to San Francisco where he boarded the transport USS Chaumont for Pearl Harbor, T. H. Nolan stayed in Pearl Harbor until June of 1929 when he returned to Mare Island, Calif., for further transfer to Quantico, Va. Leaving Quantico, he went to the Boston Navy Yard and next set sail for Port Au Prince, Haiti, returning to Parris Island for discharge in 1931.

Reenlisting for four years, Sergeant Nolan went to Charleston, S. C., where he boarded the USS Arkansas for Cuba and up through the Panama Canal to Seattle, Wash. There he transferred to the USS Tennessee and sailed back to San Francisco just in time to catch the transport ship USS Henderson leaving for Guam. He remained in Guam for two months and then was transferred back to Pearl Har-

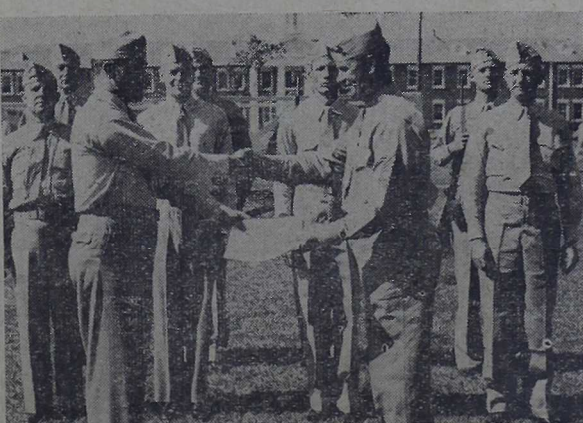

bor, T. H., where he remained as a boat coxswain until May, 1935, when he was transferred once again to Parris Island, S. C., arriving on August 29, 1935. This particular date is clear in the mind of Nolan as it was the beginning of nine years and six months of enviable duty at the Marine Corps Base in Parris Island, S. C.

In March of 1945, Sergeant Nolan was transferred to Camp Lejeune, N. C., where he joined a troop unit leaving for Camp Pendleton, Calif. Arriving in California, he went im-

Reminiscing

They say there's nothing like an easy chair and a pipe filled with good tobacco to start a man remembering and reminiscing...

Sometimes these journeys into the past are very pleasant. Sometimes—especially when you recall the time you've wasted and the opportunities you've missed—they're painfully sad.

As the smoke rings drift lazily ceilingward, you see framed in each one of them pictures out of the past, some dim and hazy, some bright and clear.

Your school days float before you in retrospect. You see again the faces and recall the names of now-almost-forgotten pals of those days—those with whom at that time you were inseparable and never meant to lose track of. But now—along the road of life—you and they have taken different roads and the realization comes to you with a pang that a mere few of them remain within the contacts of your business and social life. You hear again the youth of yesterday laying their plans for a successful life tomorrow—that tomorrow which is now today.

As the fire glows deeper in the bowl of your pipe, you find yourself comparing your lot with their's—with Jack and Fred and Bill.

Jack—the deep thinker and planner—who conscientiously banked a portion of his earnings every week and then invested them in "sure-fire" stocks, and lost everything when the crash came and has never recovered from the shock of it.

Fred—who seemed to have a hole in his hand and was just naturally unable to crumple his good, hard fist around a piece of folding money and latch onto it... tight. Fred—with the deep-etched lines of worry in his forehead—that worry that is almost always synonymous with financial anxiety.

Bill—the devil-may-care, reckless, debonaire, and never worrying—the one who lived only from day to day—the one who in his youth was certain that the world was his pet pigeon—the one who broke every rule in the books and always seemed to get away with it—the one to whom things came easily—the one who was the envy of his classmates—but alas, the one who awoke one day to find himself nearing the half-way mark in his life with nothing solid in the way of worldly goods or financial savings to show for the half that was gone.

And then you come to yourself—never too outstanding but neither ever too far down on the scale. Never one with grandiose plans, but always with the solid determination never to fail. Keeping your nose to the grindstone—working hard and faithfully at that to which you were assigned—moving slowly, but also steadily, up the ladder. You consider your comfortable home, your faithful and devoted wife, and your loveable, growing daughter. And with this last comes the realization that the years are passing all too rapidly, and that almost before you know it she will be choosing a life-partner and will be going her way to build her own life around her own fireside.

With a start you realize that your pipe has long since been cold. And as you rouse yourself, a pleasant glow envelops you and you are once again thankful that you have had the forethought to SAVE REGULARLY, these past years and the years to come, RIGHT WHERE YOU WORK. You are thankful once again for those SYSTEMATIC, AUTOMATIC, PAYROLL SAVINGS—THOSE EVERY PAYDAY SAVINGS THAT HAVE PAID YOU BACK \$100 FOR EVERY \$75 THAT YOU HAVE SET ASIDE.

Chaplains' Corner

THE FIRST STEP

Sooner or later, every bull-session gets around to the question: "What are you going to do with your future?" Of course, the question is seldom put in that precise form. During the war it was "What are you going to do after the war?" And now, as often as not, it is: "What are you going to do when this hitch is up, when you retire or when you leave the Marine Corps?" Planning for the future is sensible, and can be a lot of fun. It is certainly a lot better than not planning. The trouble is that a lot of lives never get beyond the blueprint stage. Our plans are good, but we just never get around to living them. We are like high school students who think that life will begin after graduation, when actually they are living some of the most wonderful and interesting years of their lives.

No plan for the future is good unless you can start to work on it now. If you really mean to finish school after this enlistment, you can begin now. If you really intend to make a staff grade, don't wait until your next hitch—begin now. Some of the world's finest music will never be played or heard because the composer did not know how or when to begin. There are great things to be learned and done and said, if only we begin.

That is especially true about the deepest things of life. The security of a life anchored in a strong

relationship with God is to everyone—at least to who is willing to begin now. He is. Jesus was very about His life and work. have been just another dreamer, musing under a But He made a beginning human history has been ably changed.

It is desirable to be able see and to attain our goal of the most useful and happy however, have ended far from objectives. Dr. Grenfell first intend, for example, his life in Labrador. Yet people who laugh at him at his sanity will ever have him in power and vitality. Maybe it is a good rule to take care of our objectives will certainly do so, if we care of the beginning.

mediately aboard ship and sailed for Guam where he joined the First Marine Division in their conquest of Okinawa. In September of 1945, the First Division, with Nolan a full-fledged member, was transferred to North China where he did duty in Peking and Tientsin. In October of 1946, he returned to Camp Lejeune, N. C., where he was discharged and immediately reenlisted for three years, to finish his total of 30 years.

Reminiscing over his career brought to light many interesting features. Among the most interesting was the signing of his discharge in 1925 by the late Lt. Gen. John A. Lejeune, the man for whom this base is named. Also of note was the fact Gen. Clifton B. Cates, Commandant of the Marine Corps, who signed his letter congratulating him on his "long and faithful service," was a major serving as Executive Officer of the 4th Regiment when Nolan was a proud member of that organization.

When asked what his intentions were upon retirement, Nolan replied, "I will visit my relatives that I haven't seen in years, and then spend many long-awaited, enjoyable hours in hunting and fishing." He gave his future address as: MSgt. Philip E. Nolan, USMC (Retired), c/o Rose O. Nolan, 9 O'Meara Court, Charlestown, Mass.

First Marine Division History Ready Nov. 10

Distribution Will Be Free to Former Members Of 1stMarDiv

"The Old Breed," a history of the First Marine Division in World War II, authored by George McMillan and published by Infantry Journal Press, Washington, D. C., will be released to the public November 10.

The volume, to be distributed to members of the famed Pacific fighting unit at no cost, will retail for \$6.50 per copy in book stores.

The author, a former Marine combat correspondent with the First Division, has combined an accurate and authentic account of the unit's campaigns with a strong element of human interest telling the story of the Marines in and out of combat.

This has led Fletcher Pratt, widely read writer on naval and military subjects, to acclaim "The Old Breed" as "one of the best war histories yet published. . . I know of hardly any book that has so well depicted the emotional content of the war; which so well gives the reader the feeling of actual presence."

The volume is illustrated with a wealth of official Marine Corps photographs and authentic maps of the terrain which formed the unit's

battlegrounds in the Pacific. Roland James, prominent New York commercial artist who served with the division during the war, has contributed a number of line drawings which are of special interest as the work of an eye witness.

The Pavuyu (Solomon Islands) Chapter of "The Old Breed" has been purchased by Harper's Magazine and will appear in the October issue in slightly abridged form.

Distribution of free copies to Marine Corps and Navy personnel who served in organic units of the division between August 1, 1942, and September 2, 1945, will begin in the latter part of October.

Personnel eligible to receive free copies may also purchase additional books at \$5 per copy.

Members whose address has been verified by the First Marine Division History Board, but who do not receive their copy by November 30, should write the Infantry Journal, Washington, D. C., giving a correct address in order to receive the book.

Members who have not been reached by a request for verification of address should notify the First Marine Division History Board, 1115 17th Street, N. W., Washington, D. C., giving their full name, period of service with the division, and the unit or units to which assigned.

CWO Frank W. Brooks Recipient Of Air Medal

CWO. Frank W. Brooks, Engineer Maintenance Company, Second Maintenance Battalion, 2d Combat Service Group (Medium), was the recipient of the permanent citation of the Air Medal at informal ceremonies held at his Battalion Headquarters last week. The presentation was made by LtCol. R. M. Fawell, Jr., Battalion Commander of the Second Maintenance Battalion.

The citation, signed by Gen. C. B. Cates, Commandant of the Marine Corps, lauded Commissioned Warrant Officer Brooks for "meritorious achievement in aerial flight in connection with military operations." It contained in part the following message from the commandant: "Be assured of my deep appreciation of your devotion to duty and gallant action, which were in keeping with the highest traditions of the United States Marine Corps."

Commissioned Warrant Officer Brooks enlisted in the Marine Corps in August, 1933, at Philadelphia, Pa., where he makes his home

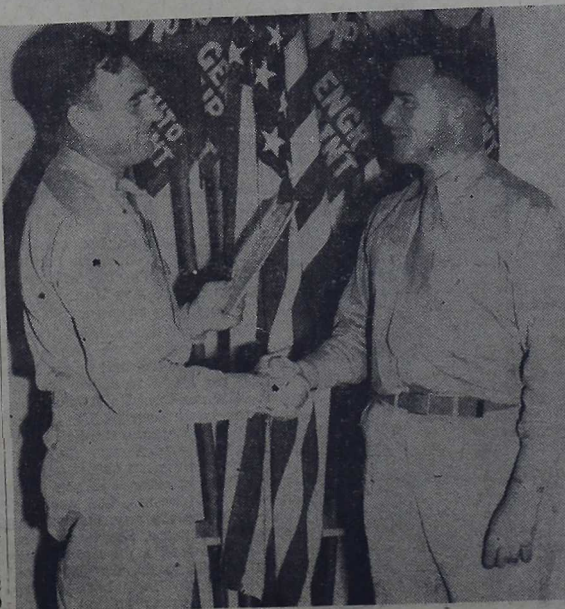

with his sister, Mrs. Gilbert R. Longacre, 4710 Locust Street, that city. He was commissioned a warrant officer in October, 1942. During World War II, he served in the Pacific Ocean Area with the South Pacific Combat Air Transport. It was while serving with SCAT that he performed the services which resulted in his receiving the Air Medal.

In addition to the Air Medal, Commissioned Warrant Officer Brooks wears the Presidential Unit Citation; the Navy Unit Commendation; the Good Conduct Medal; the American Defense Service Medal with one bronze star; the Asiatic-Pacific Area Campaign Medal with two bronze stars; the China Service Medal; the American Area Campaign Medal; and the World War II Victory Medal.

He is married to the former Wanda Virginia Madison of 2853 College Street, Jacksonville, Fla. They have three children, Pamela Gene, 4; Maureen Madison, 2; and the latest arrival, Byron Terrence, three weeks old.

Welcome Back

Eighth Marines Return To Lejeune

Served Four Months In Mediterranean As FMF Unit Of 6th Task Fleet

The 8th Marines (Reinforced), an element of the Second Marine Division, returned to the United States and to Camp Lejeune on October 1 after four months as the Fleet Marine Force unit of Vice Admiral Forrest P. Sherman's 6th Naval Task Fleet.

Commanded by LtCol. A. N. B. Robertson, 524 Halifax Street, Raleigh, N. C., the 8th Marines left Gibraltar on Saturday, September 17, having been relieved by the 21st Marines (Reinforced), also an element of the Second Division, commanded by LtCol. Charles L. Banks, 263 Vassar Avenue, Newark, N. J.

Since joining the 6th Task Fleet on May 15 at Gibraltar, the 8th Marines have been stationed aboard various vessels of the fleet with the Marine Command Post aboard the aircraft carrier USS Coral Sea.

The ships, travelling through the Mediterranean, visited ports in France, Italy, Greece, Turkey, and various historically important islands, the most notable of which was Crete.

Author Unknown.

A few apt remarks were then delivered by WO. D. R. Lebock, Officer in Charge of the Food Service School Division. He urged the men to continue their technical studies and, from time to time, to correspond with their school, giving their advice gained in the field on improvements that could be made in the school's program of studies. Col. G. H. Cloud, Commanding Officer of the Supply School Battalion, asked the men to live up to their school's tradition and to be thorough in their new assignments. "Do your job right," he said, "even though it may be menial. Be the best man in your outfit for your particular work." He especially congratulated the Marine Reserves in the group, saying, "It makes us feel your still Marines by your coming here to keep abreast of what is going on, relieving the old adage that 'there is no ex-Marine'."

Guest speaker on the occasion was Brig. Gen. John T. Selden, Chief of Staff, Marine Barracks. "It is always a pleasure to take part in the graduation ceremonies of men who have accomplished their mission," remarked General Selden, "the men in this instance becoming better citizens and better Marines. You are first, last, and always a Marine," he emphasized, "and you must now be ready to perform any duty you may be called upon for and must carry your own weight. Your instructors," he reminded them, "spent 10 hours to prepare their one-hour class lesson for you." This impressed upon the young minds in the audience that they must live up to what was taught to them and in time, with further study and experience, become specialists in their trades. "You take with you the good wishes of all hands in Camp Lejeune," said the general, adding that he wished them all the success in the world.

The five graduating classes were: the Automotive Mechanics' Class No. 30, with 38 men, a 20-week course; Pfc. C. F. Slupinek, honor man; the Marine Reserve Motor Transport Junior Class with 13 men, a two-week course; the Stevedores' Class No. 20, three men graduating, an 18-week course; Pfc. E. L. Brooks, honor man; the Mess Management Class No. 311, nine men, a four-week course; SSgt. H. C. Kinney, honor man; and lastly the Marine Reserve Supply Course Junior, four men, a two-week course.

PATIENT OF THE WEEK

A real favorite with Red Cross at the U. S. Naval Hospital is Pfc. James Kelly, our Patient of the Week.

Kelly, a native of Philadelphia, Pa., has been at the hospital so long that he's not even sure of the exact date, but he thinks it's about 30 months. That's long enough for any man to become thoroughly bored with hospital routine, but Kelly hasn't let it get him down. Between rushing in and out of

LEJEUNE 14 - FORT JACKSON

Team Comes Back After Trailing At Halftime To Win Hard Battle

Minihan's Pass to Hennely In Closing Minutes Wins Game; Fort Bragg Game Expected To Be Tough

By MSgt. A. STANKATIS

The Lejeune Marines made it two straight last Sunday afternoon by downing Fort Jackson at Columbia, S. C., 14-7. Some 4000 fans were on hand to watch the two evenly matched teams go at it hammer and tong for the entire 60 minutes.

Dick Stein, Lejeune's fullback, got off one of the longest punts ever booted on the Army's field, when in the second quarter he dropped back and booted one from Lejeune's 18-yard line to Jackson's two.

Fort Jackson took the lead in the closing minutes of the first half when Sanford, Jackson's quarterback, intercepted a pass from Minihan that was intended for Zakula and raced 50 yards, behind

perfect blocking, for the tally. The conversion was good and Jackson led 7-0.

Lejeune struck back in the opening minutes of the second half when Bertholf recovered a Jackson fumble on Jackson's 29-yard line, and in five plays Lejeune drove down to the one-yard stripe where Dick Stein plowed over for the first score. Stein's conversion was good and the ball game was all tied up.

With the ball game tied and only three minutes left in the game, Bill Minihan dropped back and pitched a 28-yard pass to Hennely in the end zone to put the game on ice for Lejeune. Stein split the uprights with his second conversion of the day and Lejeune led 14-7, a lead they had to hold right down to the last minute to win. On the last play of the game Singleton, Jackson's quarterback, completed a pass for 42 yards to Cassidy, Jackson's end, and Cassidy was off for a TD, but Hershey, Lejeune's halfback, chased him down and caught him on Lejeune's 30-yard line as the final gun ended

the game.

FIRST QUARTER

Stein kicked off for Lejeune. Sanford, Jackson's quarterback, took the kick on the goal line and brought it up to Jackson's 25. Woodruff, Jackson's star halfback, went through the right side of Lejeune's line for 15 yards and a first down. The Lejeune line held for the next three downs and Hudson punted for Jackson out of bounds on Lejeune's 38. Maksin, on a handoff, picked up a first down. Maksin plunged through center for five and then Stein went over right tackle for six and another first down. Maksin picked up three through the left guard. Zakula hit the right side for nine and another first down. Minihan's pass, intended for Maksin, was intercepted by Sanford on Jackson's three-yard line to cut off the scoring threat. The rest of the quarter was a saw battle with neither team being able to penetrate the other's defense.

SECOND QUARTER

Unable to gain, Stein punted from his 18-yard line for 80 yards down to Jackson's two, where Sanford returned it for 12 yards. Jackson punted. Serres returned it to Jackson's 44. Hickoff hit the left side for eight, and Fort Jackson was penalized 15 yards for a personal foul. Minihan passed to Davidson for seven yards. Zakula fumbled on the next play and Jackson took over on their own 11-yard line, killing another touchdown drive. Late in the second quarter, Hudson punted for Jackson from his 15. Moody returned the punt. Minihan passed to Davidson, incomplete. Minihan dropped back and threw a pass intended for Zakula, Sanford raced in and intercepted it and ran 50 yards for the first score of the game. Hudson's conversion was good and Fort Jackson led at the half seven to nothing.

THIRD QUARTER

Lejeune came to life early in the quarter and played heads-up ball. Nichols, Jackson's halfback, fumbled on Jackson's 29. Bertholf recovered for Lejeune. Miller went around right end for two yards. Minihan passed to Hennely for a first down on Jackson's 15. Stein hit the right side of the line for no gain. Fort Jackson was penalized 15 yards for a personal foul, putting the ball on the one-yard line. Stein plowed over for the touchdown. Stein's conversion was good. The score was tied.

FOURTH QUARTER

With a first down and 20 yards to go, and only three and a half minutes left in the ball game, Maksin hit the left side of the line for two. Minihan tossed a 26-yard pass to Hennely who caught it in the end zone to give Lejeune the ball game. Stein's conversion was good for the second time. In the final minutes of the quarter, Jackson filled the air with passes, but were unable to complete any. On the last play of the game, Singleton faded back and tossed a pass to Cassidy good for 42 yards. Cassidy raced for the goal line, but Hershey caught him from behind on Lejeune's 30-yard line as the game ended.

Deadly Passer

Rodger Mendevil, first string quarterback is the smallest man on the Fort Bragg Team which Lejeune will meet this coming Sunday afternoon at Fort Bragg. Mendevil stands only 5' 5" and tips the scales at 145. "Rog" hails from Los Angeles, Calif., where he played high school ball at Manual Arts High School. You may remember him as the back who tossed the touchdown pass that beat Lejeune last year 27-21. This is Mendevil third season for Fort Bragg. (Official U. S. Army Photo).

Attention Bowlers

The bowling season is all set to get underway at the Staff NCO Club. The alleys have just been refinished and are in A-1 shape.

Applications are now available at the club information desk for the first league competition (five-man team). Play will begin on or about October 18, 1949. The deadline for the filing of applications will be 11:30 p.m., October 14, 1949.

**Basketball Team Cut
To Standard Squad;
20 Games Assured**

The Lejeune Varsity Basketball Team, under the coaching of Major Bolish, is progressing rapidly through the early stages of the ball handling training designed to give Lejeune another top team in service and college competition.

Over 75 hopefuls turned out for the first week's practice, but they have been slashed down to the final crew which will take to the hardwood for the opening encounter.

Coach Bolish is still on the lookout for players, however, and anyone who wants to try out will be given a good chance to prove himself. Time is running short—only a month or so before the first game; so, anyone who has not already tried out for the team and thinks that he can make it, hurry down to Gym 201 and see Coach Bolish. (EIGHTH MARINES PLEASE NOTE.)

The schedule for the team is almost complete. Over 20 games have already been confirmed. The Citadel, Elon College, and Presbyterian are just a few college teams which will appear here. There are also others in the making.

Missing when the opening whistle sounds will be "Whiz" Bishop, Lejeune's brilliant forward last season, who had a total of 558 points during the regular season play. He averaged 18.5 points per game in the six

**Second Combat 'Trojans'
Drop Supply School 13-0**

**10-16th Marines Stay
Undeclared By Drop-
ping Medical Bn. 67-0**

The "Cannoneers" of the 10-16th Marines stayed undefeated last Sunday afternoon as they stomped the Second Medical Battalion, 67-0.

In only three games so far this season, the "Cannoneers" have rolled up 139 points to their opponents 14.

Opening the first quarter, Muzzie went around his right end then reversed his field and went 35 yards to score. Midway in the quarter, Beall romped around the left end, behind fine blocking, for 70 yards to add another tally. The conversion was good.

In the second quarter, the scoring continued as Tuirney tallied on a 20-yard end run. McCaney attempted the conversion, but fumbled the pass from center. He picked it up and drove through the center for the point. Annexing a 50-yard drive, Evans plowed over from the one-yard line to add yet another marker. The conversion was good.

Opening the second half, Devau picked up the kickoff and was hit behind the goal by Evans for a safety. Washington was next to add another six points as he plowed over from the four line. Muzzie set up the next TD with a 30-yard run. Evans plowed over for the score. The conversion was good.

Settimio dropped back on the 20 and threw a pass to Rainey for a TD to start the scoring spree in the last quarter. The conversion was good. Washington added number two for the afternoon as he plowed over again for another marker. Passes from Schwass to Settimio, and Hobson to Stead, netted the two final touchdowns of the afternoon.

Auto, Boat Collide

Games played in the District tourney, and 23 points per game during the South Central Group event. At Norfolk, "Bish" averaged 15 per game. This is quite a record for one season. Bishop was discharged last Monday morning and plans to enter college in time to participate in collegiate basketball this coming season.

Intramural Sidelines

He's down! The Second Combat Service "Trojans" defeated the "Learners" from Supply School Battalion 13-0, Saturday afternoon, in one of the most evenly matched games of this year's season. (Photo by SSgt. Walter Powers, CampPhotoLab.)

**'Meniffee' Runs Wild;
Leese Outstanding In
Line For Supply
School Battalion**

The Second Combat Service Group (Medium) opened their football season in the Intramural Football League last Saturday afternoon by handing the Supply School Battalion their second straight loss.

Meniffee, the "Trojans" right halfback, started the ball rolling as he scored on a power play thru the center of the line for six yards early in the first period, after Clark had set it up on an end run that netted him 20 yards before he was knocked out of bounds on the six yard line. Clark's conversion was no good.

Second Combat Service kicked off. Bostian returned the punt. The "Learners" were unable to gain and had to punt. Schoener took the ball on the next play for 20 yards. A few plays later, Meniffee scored around his left end. This time Clark's conversion was good and the "Trojans" led 13-0.

In the second quarter, Meniffee returned Smith's punt from his own 25 yard line to the "Learners" 10 in a brilliant exhibition of broken field running, but subsequent plays gained nothing before a fumble broke up the threat. As the half ended, Snider, the quarterback for the "Trojans," filled the air with passes. The score at the half was 13-0.

The third and fourth periods were both scoreless. The outstanding run of the afternoon came in the closing minutes of the game. Meniffee returned Beverley's punt for 35 yards, pointing out his interference coming down the field.

Final Score—13-0.

Armed Services Exchange Regulations Defined

The attention of all personnel is called to the Armed Services Exchange Regulations which require the following:

1. ALL personnel who desire to use the Exchange facilities must positively identify their right to such privileges by presenting a valid Marine Corps Exchange Identification Card prior to selecting and making a purchase.

2. Unlimited privileges are granted to all uniformed personnel and their dependents, widows of deceased members of the uniformed services who have not remarried, contract surgeons during period of their contract, uniformed personnel of the Red Cross assigned to duty with an activity of the Armed Services, and officers and enlisted men of the Armed Services of foreign nations when on duty with United States Armed Services under competent orders.

3. Limited privileges are granted to Reserve components on duty for less than 72 hours, inactive Reserve Components, Hospitalized Veterans, totally disabled Veterans, Armed Services personnel of foreign nations, and Exchange employees.

4. Fountain and Snack Bar privileges only are granted to Red Cross non-uniformed personnel working in Red Cross offices within an activity, civilian employees residing on a Military Reservation, civilian employees not residing on a Military Reservation, and visitors.

The cooperation of all personnel is requested in assisting with Exchange in carrying out the spirit as well as the letter of these regulations pertaining to the operation of all Armed Services Exchange facilities.

MERCHANDISE REGULATIONS

Although the restrictions placed on merchandise which may be carried in Exchanges have been drastic, Lejeune rumors which have recently been circulating have been even more so. The major changes have been the discontinuance of all special orders and price limitations on other items. Large electrical appliances will no longer be carried when present supplies have been sold, but in most respects your Exchange will continue to offer you an excellent choice of items of the type with which you are already familiar.

NEW MERCHANDISE

Items which were ordered some time ago for the Holiday Season are already putting in their pre-Christmas appearance at Central, Central Annex, and many of the Branch Exchanges. Wise shoppers will need more than ever the usual encouragement to "do your Christmas shopping early."

These first October days will see a new and beautiful assortment of ladies' handbags appearing on the attractive shelves of Central Annex. You men who are looking for unusual and practical gifts for mother, sweetheart, wife, or daughter will find one of the answers in the highly varied handbag assortment.

Industrial Accident Prevention Awards Presented To Industrialists

Record Is Best Activation Of Camp Lejeune

Presentation ceremonies held in Building No. 1005 on Friday, September 30, Industrial Accident Prevention Certificates were distributed to 73 supervisors of 32 shops of Camp Lejeune industrial organizations. The largest number of shops ever to receive safety awards since the inception of Camp Lejeune. Certificates were for operation of a lost-time accident including the calendar of 1948. Included were 13 two-year bars; 13 three-year bars; and 13 four-year bars. In addition, supervisors receiving the bars also received a commendation from the Dan A. Kimball, Under Secretary of the Navy. Mr. James F. Lowery of Working Shop and Mr. John T. McDowell of the Sewage Treatment Plant. Both shops are maintenance activities. Two men have operated their departments the longest

period without lost-time accidents of all industrial personnel at Camp Lejeune. The awards cover a collective period of time, not necessarily running concurrently. Col. H. D. Hansen, Assistant Camp Supply Officer, distributed the awards and delivered an appropriate address, as well as personally congratulating each individual recipient.

WJNC

THE SPORTS DEPARTMENT OF WJNC WISHES TO MAKE AN APPEAL TO ALL OUR LISTENERS AT CAMP LEJEUNE AND MIDWAY PARK TO REFRAIN FROM CALLING THE RADIO STATION FOR WORLD SERIES BASEBALL SCORES.

WJNC, as an affiliate of the Mutual Broadcasting System, has the EXCLUSIVE broadcast of the World Series in this area. Weekday broadcasts will commence at 12:45; Sundays at 1:45. Telephone calls to the station, especially during World Series broadcasts, seriously handicaps the work of all at the station. A complete summary of each day's game will be broadcast at 6:45 p.m. on the Marines' Sports Review by Jim Cooney, WJNC Sports Director.

Word has just been received that Mutual and WJNC will broadcast the ARMY-NAVY football game on November 26. Due to the World Series broadcast beginning at 1:45 p.m. on Sunday, October 9, WJNC regrets that it will not be able to air the broadcast of the Lejeune-Fort Bragg football game as originally planned.

P-TA Notes

Calling for active participation by all parents in the work ahead, Brig. Gen. John T. Selden, Chief of Staff, Marine Barracks, sounded the keynote at the first meeting of the local Parent-Teachers Association, held last Monday evening at the Camp Lejeune school auditorium. Attended by a large opening crowd of approximately 300 parents, the meeting had as its theme "Know Your P-TA."

"The P-TA is no different from a football team, a military unit, or the Rotarians," General Selden declared. "To be 100 per cent successful and accomplish the mission assigned, each and every person who has entered a child in school should actively participate in the work that must be done in order that real benefit may be derived and that the youngsters who are in school today will be ready to take over the running of the country tomorrow," he stated.

Calling attention to the overcrowded conditions existing in the school kindergarten, General Selden stated that a new kindergarten teacher has been obtained recently. In view of the curtailment of government funds, the cost of the new teacher can only be paid by increasing tuition for those whose parents are in the upper pay brackets, he said.

Emphasizing the dangers to democratic institutions caused by indifference and neglect on the part of our citizens, LtCol. W. W. Buchanan, president of the local P-TA chapter, asked that all parents make the school a matter of their personal concern. Citing the objectives of the P-TA, he outlined the means available to each individual to share in promoting the welfare of our school children.

During the remainder of the program, the other officers, Mrs. D. H. Kirk, 1st vice president; Mrs. A. S. Chrisman, 2d vice president; Mrs. H. D. Hansen, Secretary; and Mr. T. A. Backus, treasurer, spoke briefly on the nature of their duties.

Mrs. W. C. Edison, chairman of the Program Committee, introduced other chairmen of standing committees who outlined plans and projects for the coming year. Chairmen are: Membership, Col. H. D. Hansen; Budget and Finance, Maj. C. A. Lipot; Spiritual Guidance,

Chaplain F. F. Smart; Opportunity Shop, Maj. Bill Ward and Mrs. J. M. Ranck; Publicity, Mrs. P. C. Killeen.

Winning school grades in the attendance contest were: Midway Park & Paradise Point - Miss Ross' 1st grade. Camp Lejeune School - Mr. Gavin's 8th grade.

Following completion of the program, a reception was held. Arrangements were under direction of the chairman of the Hospitality Committee, Mrs. R. L. Hamby, assisted by the following members: Mrs. H. D. Hansen, Miss Carolyn Dukes, Mrs. James Herndon, Mrs. Ladd Hudson, and Miss Dorothy Hoskins.

A nursery for small children has been established in the Camp School for the convenience of members attending P-TA meetings. Caring for children at the first meeting were Bobbie Hamby, Anne Pierce, and Rebecca Anne Parker.

The next regular meeting of the Camp Lejeune P-TA will be held at 8:00 p.m. on Monday evening, November 7, and will feature talks and discussion on the topic "The Health of the School Child," it was announced.

Report From Washington

Official precedence of Armed Forces components in formations in which all participate has been established as follows: (1)—Cadets, USMA; (2)—Naval Midshipmen; (3)—Coast Guard Cadets; (4)—Army; (5)—Marines; (6)—Navy; (7)—Air Force; (8)—Coast Guard ORC; (9)—National Guard; (10)—Army ORC; (11)—Marine Corps Reserve; (12)—Naval Reserve; (13)—Air National Guard; (14)—Air Force Reserve; (15)—Coast Guard Reserve; (16)—Other training groups of Army, Marine Corps, Navy, Air Force, and Coast Guard in that order.—(AFPS)

Strength of the Armed Forces on July 31 was estimated at 1,616,600, an increase of 2,300 over June. The Army was the only service to show a decrease, dropping to 658,500, a loss of 2,000. Air Force strength went to 421,500, an increase of 2,020 over June. Navy's strength July 31 was 421,500. Marine Corps strength increased from 86,000 to 86,400. Cutbacks in Reserve officer strength, recently directed by Defense Secretary Johnson, will reduce future strength totals by 12,073.—(AFPS)

NEW PAY INFORMATION

The Armed Forces Pay Bill, as written into law, becomes known as—and will be referred to from this time forward as—the Career Compensation Act of 1949. The entire contents of the Act are far too lengthy to reproduce. An attempt has been made to bring out the pertinent facts of the Act and their effect on all personnel concerned.

SCOPE OF THE ACT

The Career Compensation Act of 1949 affects the pay structure, pay rates, and—in some cases—the conditions of entitlement to pay and allowances for members of the uniformed services. The Act is effective for pay purposes on October 1, 1949, and will be implemented with additional instructions promulgated from time to time.

FLIGHT PAY is credited at a fixed rate instead of a percentage rate as heretofore. No additional sea and foreign duty pay is authorized for enlisted persons on account of flight or submarine pay to which they may be entitled.

SEA AND FOREIGN DUTY PAY for enlisted personnel is credited at a fixed rate instead of a percentage rate as heretofore. No additional sea and foreign duty pay is authorized for enlisted persons on account of flight or submarine pay to which they may be entitled.

SPECIAL PAY—REENLISTMENT BONUS. A reenlistment bonus replaces the present reenlistment allowance and is based on the number of years for which the member has contracted to serve in the reenlistment or extension for which payable.

BASIC ALLOWANCE FOR QUARTERS. The basic allowance for quarters replaces rental allowance for officers and money allowance for enlisted persons. Entitlement to basic allowance for quarters for a dependent parent is determined on a different basis from that applicable to increased allowances for a dependent parent under laws and regulations in effect prior to October 1, 1949. Members are not entitled to the basic allowance for quarters when assigned to housing facilities under the jurisdiction of the uniformed services, appropriate to their rank, grade, or rating and adequate for themselves and dependents, if with dependents.

TRAVEL AND TRANSPORTATION ALLOWANCE. Current travel and transportation allowances provided for in the Navy Travel Instructions remain in effect until new regulations become effective.

"MEMBER" DEFINED

The term "member," unless otherwise qualified, means a commissioned officer, warrant officer, flight officer, and enlisted person, including a retired person, of the uniformed services. As used herein, the words "retired person" will include members of the Fleet Reserve and Fleet Marine Corps Reserve who are in receipt of retainer pay.

BASIC PAY

The Act prescribes a monthly basic pay for each member of the uniformed services, such basic pay being determined on the basis of the member's rank or grade and cumulative years of service. Longevity pay—as such—has been discontinued.

DISTRIBUTION OF OFFICERS. For basic pay purposes, commissioned officers are assigned by the rank or grade in which serving, whether under temporary or permanent appointment, to the various pay grades prescribed for them, as follows:

PAY GRADE	RANK
O-8	General, lieutenant general, and major general
O-7	Brigadier general
O-6	Colonel
O-5	Lieutenant colonel
O-4	Major
O-3	Captain
O-2	First lieutenant
O-1	Second lieutenant

DISTRIBUTION OF WARRANT OFFICERS. In the new pay grades provided for warrant officers will be promulgated by ALNAV. Pending receipt of this ALNAV, warrant officers will continue to be paid on the same basis as heretofore.

DISTRIBUTION OF ENLISTED PERSONS. For basic pay purposes, enlisted persons are assigned to the various pay grades prescribed for them, as follows:

PAY GRADE	RANK
E-7	Master sergeant
E-6	Technical sergeant
E-5	Staff sergeant
E-4	Sergeant

E-3—Corporal
E-2—Private first class
E-1—Private

BASIC ALLOWANCE FOR SUBSISTENCE

OFFICERS are entitled to a basic allowance for subsistence at the rate of \$42 a month without regard to rank or grade or dependency status. The basic allowance for subsistence in the case of officers will be computed on a monthly basis in the same manner as basic pay instead of on a daily basis as heretofore.

ENLISTED PERSONS are entitled to basic allowance for subsistence under the following circumstances at the daily rates indicated:

1. When rations in kind are not available (whether or not messing facilities are furnished) . . . \$2.25.
2. When permission to mess separately is granted. . . \$1.05.
3. When assigned to duty under emergency conditions where no government messing facilities are available. . . Not to exceed \$3.00.

Enlisted persons will be entitled to receive the appropriate basic allowance for subsistence while on an authorized leave of absence or while sick in a hospital, except that such allowance will not accrue when such persons are, in fact, being subsisted at government expense.

BASIC ALLOWANCE FOR QUARTERS

Basic allowance for quarters replaces the present rental allowance for officers, and station quarters allowance and money allowance for quarters for dependents in the case of enlisted persons.

DEFINITION OF DEPENDENTS. For the purpose of determining entitlement to basic allowance for quarters applicable to a member with dependents, the definition of the term "dependent" remains the same as heretofore with the following exceptions:

1. A father or mother must be in fact dependent on the member for over half of his or her support and must actually reside in the household of said member.
2. The term "dependent" includes unmarried legitimate children, over 21 years of age, of the member, who are incapable of self-support because of being mentally defective or physically incapacitated, and who are in fact dependent on such member for over half of his or her support.
3. Children of a female member must be in fact dependent on said female member for over half of his or her support even though the father of the children is deceased.

OFFICERS. 1. ENTITLEMENT. Regulations governing conditions under which entitlement to basic allowance for quarters for officers with or without dependents accrues remains the same as heretofore in the case of entitlement to rental allowance except that no basic allowance for quarters will accrue to an officer assigned to housing facilities under the jurisdiction of the uniformed services, appropriate to his rank or grade and adequate for himself and dependents, if he is with his dependents.

ENLISTED PERSONS.

1. ENTITLEMENT. Pending promulgation of new regulations, regulations governing entitlement to basic allowance for quarters for personnel without dependents remain the same as heretofore in the case of entitlement to station quarters allowance. Conditions under which entitlement to basic allowance for quarters for enlisted persons with dependents accrues remains the same as heretofore in the case of entitlement to money allowance for quarters for dependents, except that no allotment is required to establish entitlement to basic allowance for quarters. For the purpose of determining entitlement to basic allowance for quarters, an enlisted member in pay grade E-4 (with less than seven years' service), E-3, E-2, and E-1 will be considered at all times as a member without dependents.

INCENTIVE PAY—HAZARDOUS DUTY

Incentive pay is additional pay for the performance of hazardous duty required by competent orders. The following duties constitute hazardous duties:

1. Duty as a crew member, as determined by the Secretary of the Navy, involving frequent and regular participation in aerial flight.
2. Duty involving frequent and regular participation in aerial flights, not as a crew member.
3. Duty on board a submarine, including submarines under construction from the time builders' trials commence.
4. Duty involving frequent and regular participation in glider flights.
5. Duty involving parachute jumping as an essential part of military duty.
6. Duty involving intimate contact with persons afflicted with leprosy.
7. Duty involving the demolition of explosives as a primary duty, including training for such duty.
8. Duty at a submarine escape training tank, when such duty involves participation in the training.
9. Duty at the Navy Deep Sea Diving School, or the Navy Experimental Diving Unit, when such duty involves participation in training.

No hazardous duty pay will be credited for the hazardous duties specified in items 4 through 7 until further notice.

RATES OF PAY FOR HAZARDOUS DUTY

AVIATION CREW MEMBER AND SUBMARINE DUTY. Members entitled to hazardous duty pay for duties specified in items 1 and 3 above will be entitled to pay at the following monthly rates according to the pay grade to which assigned or in which distributed for basic duty purposes:

PAY GRADE	MONTHLY RATE
O-3	\$150.00
O-6	150.00
O-7	210.00
O-4	180.00
O-5	150.00
O-2	120.00
O-1	100.00
E-7	75.00
E-6	67.50
E-5	60.00
E-4	52.50
E-3	45.00

ALL OTHER HAZARDOUS DUTY.

Members entitled to hazardous duty pay for duties specified in item 2, and items 4 through 9 above, when authorized, will be entitled to pay at the following monthly rates:

Officers	\$100.00
Enlisted persons	50.00

SPECIAL PAY—SEA AND FOREIGN DUTY

Under the Act, only enlisted persons are entitled to special pay for sea and foreign duty. Such pay is no longer computed as a percentage of base pay, and may no longer be increased by reason of entitlement to flight or submarine pay. The definitions of sea and foreign duty for the purpose of entitlement to sea and foreign duty pay remain the same as heretofore.

RATES. Enlisted persons entitled to sea and foreign duty pay will be paid in accordance with the following rates:

PAY GRADE	MONTHLY RATE
E-7	\$22.50
E-6	20.00
E-5	18.00
E-4	13.00
E-3	9.00
E-2	8.00
E-1	8.00

SPECIAL PAY—REENLISTMENT BONUS

The reenlistment bonus is to be distinguished from the reenlistment allowance previously authorized. The amount of the reenlistment bonus is based on the number of years for which a member enlists or extends a reenlistment, whereas the amount of the reenlistment allowance was based on the number of years served in the previous enlistment.

ENTITLEMENT.

1. UPON REENLISTMENT. The reenlistment bonus is payable to persons who reenlist in the Regular Marine Corps within three months from the date of discharge or separation from compulsory or voluntary active service in the Regular Marine Corps. An enlistment in the Regular Marine Corps within three months from the date of release from extended active duty of one year or more in the Marine Corps Reserve will be regarded as a reenlistment for the purpose of entitlement to reenlistment bonus. The reenlistment bonus is payable in a lump sum according to the number of years for which a person reenlists as shown in the following table:

YEARS	BONUS
2	\$ 40.00
3	90.00
4	160.00
5	250.00
6	360.00

2. UPON EXTENSION OF REENLISTMENT. An enlisted person who extends a reenlistment entered into on or after October 1, 1949, to any one of the longer enlistment periods listed above shall be paid reenlistment bonus of \$20.00 for each year of such extension. The reenlistment bonus is payable only if the period of the reenlistment plus the period of extension aggregates six years or less. No reenlistment bonus is payable upon extension of the first enlistment or upon extension on or after October 1, 1949, of an enlistment entered into prior to October 1, 1949.

CLOTHING ALLOWANCE

ENLISTED PERSONS. Current regulations governing the payment of cash clothing al-

lowance and the full clothing in kind to enlisted of the Navy and Marine Reserve component remain in effect. The rate remain unchanged.

SAVED PAY GENERAL PROVISIONS DETERMINATION

1. ELIGIBILITY. The Act provides that no member active duty on October 1, 1949, will, prior to July 1, 1951, serving or continuous including for the purpose of reenlistment entered three months from the discharge, suffer any reason of the Act in the pension which he is receive under any provision in effect on the day preceding such effective effect of this language a member to continue the pay and allowance he is entitled on September 30, 1949, for the period if greater than the pay which he is entitled to under the Act. However, allowances under laws in effect on September 30, 1949, combined with pay and allowances under the Act. For the member continues to be paid with saved pay, the maximum compensation to be received on September 30, 1949, as long as he is receiving pay.

In determining whether a member will receive saved pay under the Act, it will be computed the total compensation to which he is entitled under the Act and compared with the total compensation received on September 30, 1949.

2. EXPLANATORY

In the following example is presented to clarify the operation of the saved pay provisions existing on September 30, 1949, are considered with respect to their effect on the total compensation received on September 30, 1949.

EXAMPLE

An enlisted member with more than two years service on duty and entitled to the total compensation at month end on September 30, 1949, at the Act—on October 1, 1949, the member's pay is:

Base pay (6th pay grade) . . . \$100.00
Sea and foreign service duty . . . 10.00
Arms qualification pay . . . 5.00
Messman pay . . . 5.00

TOTAL . . . \$120.00

Basic pay (E-2) . . . \$75.00

Sea and foreign service duty . . . 10.00

TOTAL . . . \$85.00

Since the total compensation which he is entitled on September 30, 1949, is greater than the compensation to which he is entitled on October 1, 1949, he is entitled to receive the difference of \$35.00 in compensation to which he is entitled on September 30, 1949, and the limitations contained in the Act.
