THURSDAY, JULY 14, 1949 — CIRCULATION 11,000

NO. 3

## Lejeune Bests Carolina Police Team

**Match** Members of the Camp Lejeune and North Carolina State Highway Police Pistol Teams posed for a picture prior to firing an informal practice match on the Camp Rifle Range last Friday morning. Camp Lejeune's pistol representatives in the match were: Nielson, (extreme left); TSgt. John A. Fowler, (second from left top row); WO H. Cleghorne, (second from right); and team captain WO R. C. McIntyre, shaking hands with Police team captain, Cpl. A. Laws. In addition to the police pistol captain, the members of the team are: (left to right) Patrolman C. L. Teague; Patrolman G. C. Langston; Cpl. H. C. Johnson; and Cpl. Fearing. (Photo by SSgt. Walter F. Powers, Camp Photo Lab).

## Match Staged At Camp Rifle Range

### Division Marksmanship

### 10th Marines Hold Edge In Shooting

### Lead With 92.5% In Intra-Division Competition

Units of the 10th Marines, artillery regiment of the 2d Marine Division, are leading the Intra-Division Marksmanship Competition, as revealed by 1 July standings. The 2d Battalion, 10th Marines, is in first place in the battalion competition with an all-weapon percentage qualification of 92.5%, while the 1st Bn., 10th Marines is close behind in second place with 90.04%. The 4.5" Rocket Battery is leading the company competition with 97.01% of its members qualified. The Division Signal Company is listed in second place with 96.3%.

A system of Intra-Division competition was established at the beginning of the 1949 requalification season in order to stimulate interest in small arms marksmanship. The Division unit ending the year with the highest percentage of qualification in the category in which it is competing will be awarded an appropriate trophy. In addition, trophies will be awarded to the battalion and the company which achieve the highest percentage for each weapon. Trophies will be competed for annually, remaining in possession of the winning unit one year. Determination of the winners will be made at the end of the firing season and trophies will be presented to the winning units at a division parade.

Going into the second half of the firing year, even more spirited competition than that shown in the first half is forecast. Results so far greatly exceed those of last year and additional improvement in qualification percentages should be achieved by the end of the year. Prior to 1 July, approximately 55% of division personnel have fired for requalification. Some units, however, in view of other commitments, have been unable to fire the major portion of their unit. The 2d Marines, 8th Marines, 9th Marines, and Division Signal Company are in this category, and, during the latter half of the competition, will be afforded an opportunity to give the present leaders a stiff battle.

### Final Totals Show Police Team Down By Ten Points

The newly organized Camp Lejeune Pistol Team acted as hosts last Friday morning to five members of the North Carolina State Highway Patrol's pistol aggregation at 1000 on the Camp Lejeune Rifle Range.

The four members of the Camp Lejeune team that fired against the North Carolina State Highway Patrol's representatives compiled a total of 1104 to defeat the Police's 1094 by a composite score of 10 points.

The five members of the Police team were from surrounding cities and were all members of Troop 8.

The Police fired the .38 calibre pistol while the Marines fired the .45.

Members of the Camp Lejeune Pistol squad who participated in the match are: WO R. C. McIntyre, Sgt. R. Nielson, WO H. Cleghorne and TSgt. J. A. Fowler. Their five opponents were: Cpl. John Laws, Patrolman C. L. Teague, Cpl. T. W. Fearing, Patrolman G. C. Langston and Cpl. H. C. Johnson.

The Camp Lejeune pistoliers fired in the recent Southeastern Regional Pistol Matches held in Jacksonville, Fla. The top 20 per cent of the qualifying members will fire in the National Rifle Association's matches scheduled to be held at Fort Sheridan, Ill., the first week in September. Names of qualifying members have not been released yet.

Warrant Officer McIntyre, captain and coach of the team, has collected over 500 trophies and medals during his shooting career. He also won the recent Southeastern Division Pistol Matches held at Camp Lejeune.

Lieutenant Colonel W. A. Lee, Officer in Charge of the Camp Lejeune Rifle Range, was present at the informal practice match.

### Staff NCO Club Dance Friday Eve.

The much-heralded dance band of the 11th Engineer Battalion, USMCR, will play for a dance at the Staff NCO Club tomorrow from 2030 until?

Many will remember the band from its visit of last summer. The return engagement is being played by popular request, in spite of the fact that the regular Friday night dance schedule has been discontinued for the summer months.

The 13-piece band, under the able direction of MSgt. Jerry Gladden, is much in demand for military, civic, and state functions in and around its home city of Baltimore, Md.

Each member of the band is a master of his instrument and an accomplished soloist. They will be prepared to render all types of request numbers from Bach to Bethoven, adding a bit of "Be-Bop" of their own making.

### Nursery Notice

The Paradise Point Nursery is open regularly every Friday, Saturday, and Sunday evening from 1900 to 2400 and on special occasions by calling Mrs. Chaney at 2642.

## Marine Division Band To Broadcast

**Radio Bands - Men To Be Heard Each Wednesday**

PL. R. J. MURDOC JR. Your listening pleasure, the Marine Division Band will be featured in a weekly broadcast from 12:15 to 12:45 EDT, Wednesday, through the facility station WJNC in Jacksonville, starting July 20.

The half-hour program will not only be for the division bandsmen but also for the general public. The program will be featured in re-broadcasts from the Jamboree at Wallace, after this year.

It is the program of the Marine Division Band, which is the stirring marches for the band, but semi-popular music as well. The program will be highlighted by announcements designated to interest to people residing at this vast Marine base. ## Adm. Sprague Congratulates Boxing Coach

CAMP LEJEUNE, N. C. — Rear Admiral Thomas L. Sprague, USN, Chief of Naval Personnel, extended his personal congratulations and a "Well done!" to Lejeune's Boxing Coach in a letter received last Tuesday by Lt. James E. Cockrum, Headquarters and Service Battalion, Second Marine Division.

Admiral Sprague said, "The outstanding service which you performed in connection with the All-A Navy Boxing Championships has been brought to my attention. Bureau of Naval Personnel representatives were high in their praises for the splendid manner in which the boxers from your group were coached, handled and trained. I take this opportunity to extend my gratitude for your assistance in making these matches a huge success."

Lt. Cockrum, handler Sgt. Alex Diaz, and their group of boxers won 12 AAU and Golden Gloves Titles in the Carolinas, 6 District Titles, and climaxed this highly successful season by coping two All-Navy Championships in the finals on the West Coast.

Lt. Cockrum will be detached next month to the Department of the Pacific and Camp Lejeune boxers and fans wish him good luck in his new duties.

## Son Of Marine General Leads Navy Swimmers

(SEA) — Midshipman William K. Rockey, Naval freestyle sprinter, has been elected captain of next year's swimming team. He is the son of Marine Corps Lieutenant General and Mrs. Keller E. Rockey of Norfolk, Va. Lieutenant General Rockey, presently serving as Commanding General, Department of Pacific, during the war commanded the famous Fifth Marine Division which figured so prominently in the fighting at Iwo Jima and the historic flag raising on Mt. Suribachi.

### HOW TO STAY ON TOP

You can weather a lot of price ups and downs if you put your money in U. S. Savings Bonds.

## How To Get Rich Quick

Practically everybody comes down with it sooner or later. For some it works out okay. They're the lucky ones, more power to 'em!

But one thing's for sure. Mr. John J. Average American is NOT going to dig up an oil well in his radish-patch. He is NOT going to inherit \$10,000,000 from his rich uncle Murgatroyd in Austria. He is NOT going to make a killing in the sweepstakes, or invent a machine which everybody will buy.

He's going to have to do it the safe, sure way—all by himself.

Fortunately, the finest opportunity to save for tomorrow is waiting for him where he works. It's the Payroll Savings Plan for the regular, automatic purchase of U. S. Savings Bonds. Without doing more than signing his name—ONCE—on a Payroll Savings Application Blank, John J. Average American can plan for a future of ease and security—and he can do it today.

So, if YOU want the good things of life for yourself and your family, get started NOW on a regular Payroll Savings Plan. Ten years from now, when your Savings Bonds mature, you'll be mighty glad you did!

Everybody knows that a horseshoe is supposed to be the symbol of a good fortune. That makes getting socked by a horseshoe just about the most wonderful thing that can happen to a guy.

But—what happens if you can't be sure that a horseshoe will conk you on the crown some sunny day? Does that mean you've lost your chance at luck—forever?

A thousand times—NO! You can guarantee that good luck will walk right up to you ten years from now if you do just one simple thing today. Sign up for regular Payroll Savings at your plant.

Every pay day from now on a little something will be set aside from your paycheck in U. S. Savings Bonds. And—it's that little something which will make you Mr. Lucky when your Savings Bonds mature, in ten short years, and you find yourself collecting \$100 for every \$75 you've had the practical common sense to salt away today.

## USO Notes

Exercise from head to foot will be provided by the USO Club this evening. The more energetic will choose to take it from the feet up and indulge in their favorite pastime of roller skating, while others may prefer to let their brains do the work while the body relaxes in the coolness of the lounge as they participate in a Quiz Program at eight o'clock. There will not be any refrigerators, cars or round-the-world cruises given for the right answers, but there will be commensurate rewards for the efforts put forth.

At least four participants, and an interested audience, are looking forward to Friday Night's Sports Tournament after a heated play-off of the scores last week. Not often has there been such well-matched skill displayed during one of these tournaments as was shown when Pfc. Joe Escobedo and Pfc. Walter Moyer lost a 15-17 badminton game to Pfc. Willard Chatham and Pfc. Bob Neal to decide the winners of the tournament. These two teams have asked to be matched for the entire tournament this week.

New recordings have been added for the dancing pleasure of the Saturday Night Disc Dance. There will be pinocle, rummy, and bridge games in the lobby during the evening.

Classical recordings will be played over the loud speaker Sunday afternoon and in the evening the movie offering is "The Range Busters," starring Ray "Crash" Corrigan.

The "Divisionaires" will play for the dancing on Wednesday evening and MSgt. M. R. Barton will take on any number of checkers players in the lobby during the dance.

## Chaplains' Corner

### POWER THROUGH PRAYER

A transcontinental plane has a wing spread of 100 feet, a length of 60 feet, a weight of 12 tons, and its engine can hurl it through the air at more than 200 miles per hour. It is to us a token of power. But if the plane carries a man who has just learned of his mother's death, or the loss of wife or child, the plane has no power to mend his broken heart. It is clear that earth's powers are helpless in the area of life's deepest needs. Such needs can be met only by the power of God, on which we draw through prayer.

When Harry Lauder's son was killed in action, and his friends came to him with their words of consolation, he said: "At such a time there are three roads open to a man—the road to drink, the road to despair, and the road to God. I choose to walk the third road."

The heart and condition of prayer is to say, and mean it, "Thy will be done!" We make prayer a mockery when, while we pray, we deliberately hold on to what we know to be against God's will.

Jesus mentions certain specific acts of disobedience which bar the door to real communion with God. One is the sin of vindictiveness, the unbrotherly spirit which will not forgive, nor seek forgiveness. (Matt. 6:14,15). You will recall these words from Coleridge's "Ancient Mariner."

"I looked to heaven and it pray

But ere a prayer had gone  
A wicked whisper came and  
My heart as dry as dust"

Most of us have experienced stanza's truth. The harboring grudge, the envious wish, the other's harm, are attitudes corrupt the heart even if they no expression in word or deed unless confessed and forgiven, come impassable barriers to taneous prayer.

## Receive New Warrants

atus was affirmed. The designation of LDO (Limited Duty Officer) com-  
ting only with other officers in that distinct field of the military service. Recipients of the warrants were First Lieutenant John C. Hud-  
k, (left below, facing camera), and Master Sergeant Harold Bartlett (right below). Colonel G. H. Cloud, Commanding Officer of Supply  
Battalion, issued the warrants and is pictured administering the oath to both lieutenants. First Lieutenant Hudock enlisted in the  
Marine Corps in April, 1935, at Fairchance, Pa. On July 7, 1942, he was appointed warrant officer (temp.) and in November of 1944 was com-  
missioned a second lieutenant (temp.) and has served in that capacity since. During the recent war, the lieutenant was attached to an avia-  
tion unit stationed in the Philippines and China. Lt. Hudock will remain at the Supply School, continuing his duties as a disbursing in-  
structor, for approximately two months before being transferred. Second Lieutenant Bartlett was born in Silver Point, Tenn. He has served  
fourteen years in the Marine Corps, 9 years in an enlisted status and 5 years as a commissioned officer. During World War II, he was a  
first lieutenant in the Marine Corps Reserve and held a temporary rank of captain. Lt. Bartlett, as a master sergeant, performed duties as  
instructor in the Motor Transport School. The lieutenant expects to continue his present duties, pending future assignment. (Photo by

## Marine Officers' Exams Scheduled For August

(SEA)—Professional examinations  
will be conducted 29-30 August for  
certain warrant and commissioned  
Marine Corps officers preliminary  
to their promotions.

Unless authorized to delay exam-  
inations, the following classes of  
Regular officers will be examined:  
second lieutenants with date of  
rank 1946; officers holding perma-  
nent appointments in grade of first  
lieutenant or above who are recom-  
mended by selection boards for pro-  
motion; and permanent warrant of-  
ficers who are individually design-  
ated as having sufficient service  
for promotion.

Examination papers will be for-  
warded by the Testing and Educa-  
tional Unit, Marine Corps Schools,  
Quantico, Va., to commanding of-  
ficers. Supervisory examining boards  
will direct the actual examinations,  
according to Alnav 65 (NDB, 15  
June 1949) which announced de-  
tails of the examinations.

## Leave, Rations

### Remain At \$1.05 A Day

(SEA)—Leave and commuted ra-  
tions for enlisted personnel of the  
Navy and Marine Corps will con-  
tinue to be \$1.05 a day during the  
fiscal year which began 1 July.  
This is the same ration value as has  
been in effect during the past 12  
months.

The ration value for Regular  
Navy Midshipmen, aviation mid-  
shipmen and naval aviation cadets  
remains at \$1.20. The only change  
made in values is the hospital ra-  
tion which has been reduced to  
\$1.11 from \$1.14. Establishment of  
the ration values was made in Al-  
nav 69 (NDB, 30 June 1949).

## Marines Rescue Deer From Guam Wild Dogs

(SEA) — Marines stationed at  
Camp Witek, Guam, rescued an ex-  
pectant mother deer from an island  
swamp where she had been trapped  
and bogged down following a chase  
for several hours by wild dogs.  
Tracking down the sound of the  
barking, the Marines drove off  
the dog's attackers and pulled her  
from the swamp just after she had  
collapsed.

The deer temporarily responded  
to a cold bath and other treatment  
but died later in the day from ex-  
haustion. It had been the first deer  
ever captured at Camp Witek.

## STUDY PROGRAM

## Reunion Plans

## 1st Mar. Div. Announces Program

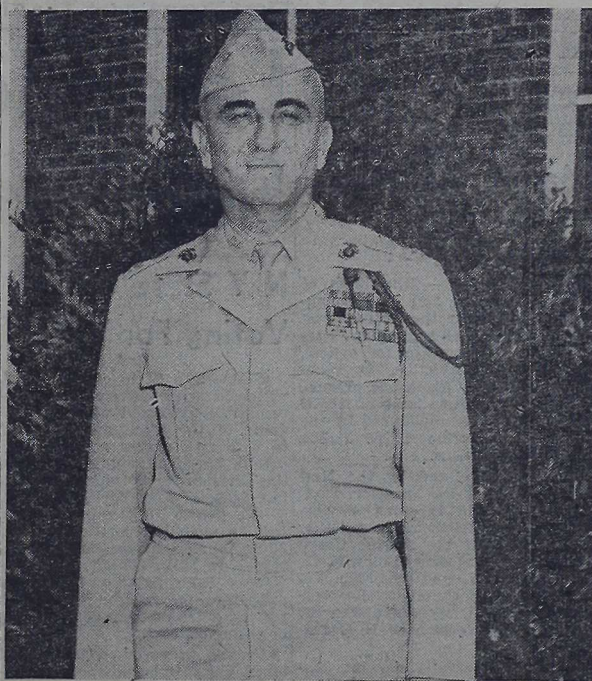

A tentative program of events  
has been scheduled by the First  
Marine Division Association for  
their annual reunion to be held at  
the Hotel Astor in New York City,  
August 6, 7, and 8, it was announced  
recently by the U. S. Marine Corps  
New York Public Information Of-  
fice.

Scheduled for the first day of the  
reunion are registration, the grand  
parade, and banquet. Occupying  
the second day will be memorial  
services, unit reunions, and battle  
pictures of Guadalcanal, New Brit-  
tain, Peleliu, and Okinawa. A busi-  
ness session including election of  
officers, designation of next year's  
convention city, and the adoption of  
the Constitution and Bylaws of the  
Association, will round out the last

## Reserve Officer

## Col. M. L. Krulewitch Here For Training

## Veteran Of Two Wars Was Observer Of Palestine Fighting

Eminent New York City attorney  
and prominent Marine Reserve of-  
ficer Colonel Melvin L. Krulewitch  
has reported to Camp Lejeune for  
two weeks' annual training with the  
Second Marine Division.

An observer during the recent  
Israeli-Arab fighting in Palestine,  
Colonel Krulewitch, who resides at  
45 Gramercy Park in New York  
City, has served as counsel for var-  
ious commissions and committees.  
Among these are the New York  
Public Service Commission, the Re-  
publican Law Committee for New  
York County, and the State of New  
Jersey.

A close friend of Governor  
Thomas E. Dewey of New York  
State, as well as a member of sev-  
eral of his campaign committees,  
Colonel Krulewitch was asked if  
the governor would continue in  
public life.

The colonel's answer was, "Em-  
phatically, yes."

"There is a strong possibility that  
Governor Dewey might run again  
in 1950 for a third term," he added.  
"However, my guess as to that is  
only as good as the next man's."

Colonel Krulewitch's record as a  
Marine is long and outstanding.  
One of five living Marines who  
fought both at Belleau Wood in  
1917 and at Iwo Jima in 1945, he  
currently is Division Commander of  
VTU 3-2, a New York City training  
unit. He was a sergeant in the 78th  
Company of "Holcomb's Battalion"  
of the 6th Marines in France dur-  
ing World War I. Since that time,  
the colonel has commanded every  
type of Marine unit from a squad to  
a regiment.

With the Fourth Marine Division  
continuously from its activation  
through all of its World War II  
campaigns, Colonel Krulewitch,  
who was Commanding Officer of  
the Special Troops Regiment, com-  
manded the Division's Support  
Group at Iwo Jima. This group con-  
sisted of twelve battalions and six  
smaller units.

At the present time, the colonel  
is one of the senior Reserve officers  
in the Marine Corps.

On July 21, at the conclusion of  
his active duty training, the colonel  
will return to New York and his  
law practice.

## Gremlins In TV

New York (AFPS) — The hot,  
dry weather that has tortured the  
nation recently uncovered a new  
category to victimize — the tele-  
vision fan.

The unusual atmospheric condi-  
tions distorted the television sig-  
nals, causing many set owners to  
receive stations hundreds of miles  
away, while unable to pick up local  
stations.

Camp Lejeune Baseball nine left last Saturday morning to powerful Quantico nine on the "Devildogs" diamond. The Lejeune, carrying a power packed squad was ready to tangle with the "Devildogs".

Go to press, the results of the games have just been received. Games met last Sunday afternoon in the initial game of their two. The second game was played Monday night. Complete details of games will be found on page 4.

Week's contest with a fast and classy Wallace, N. C., semi-pro Lejeune team, entirely renovated, take the field and play one that would demand circles of conversation in the Yankee Lejeune Wallace nine afforded the Lejeune Marines the type of game that makes a ball game live up to its title as being the sport. It was a hard, fast game that could have gone either way. Wallace nine left the door wide open in the seventh inning. The Lejeune didn't have any trouble in finding it. They scored four runs in the seventh and took a 4-1 count over the Wallace nine.

Crunk has scrambled the players and positions to determine the player for the right position. He evidently found the answer in the Wallace contest.

Lejeune team travelled to Wallace in order to accustom their eyes and fielding eyes to play under the lights. If the final evidence of playing under the lights, then we are sure this Lejeune will come home with the bacon.

Lejeune will leave for the 6th N. D. Trials at Cherry Point in the future and will be the hardest team to stop since the days of the "Devildogs".

Intramural Sidelines

"Intra-Mural" Sidelines" column has been altered this week to give vital information regarding the playoffs in the Softball League. The Baseball League playoffs will be announced in a future issue of the Globe.

National League Champions, H&S Bn, Div., will meet the American League champions, the 16th Marines, for the Camp Championship. The winners will be declared second place winners.

Runners up in both of the respective leagues will meet for the fourth place championship of the Camp. The American League winners will be determined at a later date but the National League winners will be determined by the strong Trailer Park aggregation.

The Globe will carry the dates the games are to be played and the results.

Camp Lejeune Golf Squad Drops Out N. D. To Florida Teams

Camp Lejeune Golf Team, representing the 6th Naval District, hopes last week to leave for Jacksonville and Pensacola, Fla. The Jville quartet placed 10th in the Pensacola aggregation and the Lejeune linksters placed 11th.

Sergeant H. D. Spencer, representing Camp Lejeune in the Central Group Golf Eliminator at New Orleans next week, will compete in the Orleans, he will compete in the Navy Golf Tournament at New Orleans to be played at Parris Island.

Ensign (jg) Neish placed 10th in the tournament. W. S. Anthony, team captain, placed seventh, and Carson placed 10th.

This is the first Tournament that the Lejeune team has won in the current season. They are the Middle Eastern Service and have boasted a perfect record for Match Play events.

Too Powerful

LONG BEACH, Calif., At least one restaurant customer here will probably swear off eating beans for a long time to come. They're too powerful.

Here's what happened when a large pressure cooker full of beans exploded in the restaurant: It blew out three large plate glass windows; blew an 18 inch hole in the ceiling; blew beans in all directions; cracked the plaster, and splattered customer Robert T. Davis with beans from hair to toe.

Alarmed nearby residents called police to ask, "What blew up?" "Beans," the desk sergeant replied. "A whole potful!"

"Send the word, send the word, everywhere, that the Yanks are coming, the Yanks are coming..."

Past seasons have shown that about 75 per cent of the teams that were leading their league on July 4 maintained that position to the World Series. By mid-season, managers have had time to find the flaws, and shape up their squads enough to determine their destiny on the diamond.

In the American league, the potential leader is and has been all the way more decided than in the senior circuit. The National league lead has changed hands as often as an old car with the entire first division separated by only a half game on occasions.

This gives the Yankees a better chance than any of the other 15 teams in either league of claiming a world series bid. For 65 games the Yanks did what had been considered by the pre-season predictors as impossible. They had, without the help of thumpin' Joe DiMaggio, jumped out front and set a pace which was determining the class of the league.

Then, with a crucial series coming up in Fenway Park against the Red Sox—who were just five games off the Yankees' pace and boasting a record of ten victories in their last eleven outings—Joltin' Joe joined the active forces and personally swept the series for the Yanks with four home runs in three games, sending the Bostonians back into the second division.

Last year's champ Cleveland Indians aren't out of the race yet, but then they never really have been an earnest contender this year. They have just been hanging on trying to get started.

Connie Mack's well-balanced pitching staff has kept the Athletics in the first division as a strong threat to the Yankees. The Tigers look good for brief spells, but cannot sustain a drive.

In the National league, the Pittsburgh Pirates, who started the season as co-favorites with the Dodgers and Braves, have fallen by the wayside. The Giants who surprised the league earlier are slowly stumbling farther and farther behind.

And the Boston Braves' chances of repeating as league champions are fading with the ever-increasing rumors of dissension between Billy Southworth and the squad.

That leaves the Brooklyn Dodgers and the St. Louis Cardinals as the big contenders. The recent return of the Mexican jumpers added more oil to the Cardinals' lamp than that of any other team, and the lamp is burning brightly. But they have had lots of sick-bed casualties which undoubtedly will claim its toll.

That narrows the NL race down to dem bums from Brooklyn. The club is well balanced, and young enough to still be playing ball when the rest of the league begins to burst at the seams.

3 Lejeune Shooters Fire In July 4 Meet

Three members of the Camp Lejeune Skeet Team participated in the annual Piedmont Skeet Shoot held over the Fourth of July weekend at Charlotte, N. C. Master Sergeant Charles X. Forrer, CWO H. B. Stowers and Lt. Col. W. A. Lee were the Camp Lejeune representatives in the shoot.

Although the Marines were not firing for team laurels, the 3 individuals collected a few more trophies to add to their shooting prizes.

Master Sergeant Forrer won the Class "B" Championship but lost in the runnerup finals to Mr. Stowers. Sgt. Forrer fired an impressive 99x100 to win the Class "B" shoot.

Sgt. Forrer has been firing since he was 13 years old. He has held the Pennsylvania State Junior Skeet Championship for 2 years. The husky New England sergeant began his shooting career in the Marine Corps 2 years ago and has fired with the skeet team at various matches with surrounding cities and in the Great Eastern Meet in Lordship, Conn., in 1948.

In the 1949 Great Eastern Tournament, Sgt. Forrer placed third with a score of 138-150. He was also a member of the Camp Lejeune team which placed 2d in the tourney.

Mr. Stowers' record for the week end matches is a record any Marine expert rifleman could be proud of. He won the 410 Runnerup Class "A", with a score of 43x50. He fired 98x100 and 99x100 to win the 20 gauge Championship and the Runnerup for the 12 gauge shootoff respectively.

Lieutenant Colonel Lee, Officer in Charge of the Camp Lejeune Rifle Range, fired an average of 92 throughout the all-gauge shoot-offs. Colonel Lee is a member of the Camp Lejeune Skeet team and has participated in many matches, both service and civilian, throughout the country.

Ed Calhoun, holder of the world's all-time record for "Never missing a target," was also a participant in the skeet shoot.

Clash

Camp Lejeune's Paul "Ripper" Ribnickey, defeated Whiteville's Crowell Williamson in a fast punching amateur bout held July 6 in Wilmington, N. C., at Memorial Park.

Williamson entered the ring with four Golden Gloves championships among his trophies, including the Charlotte Carolinas title, but encountered rugged opposition in the ring-wise Marine.

Dancing around "Ripper" in the first round, Williamson suddenly cut loose with a terrific left jab that bombarded Ribnickey clear across the ring. It was the hardest blow of the evening and it brought tremendous applause from the spectators.

"Ripper" recovered however and came back to scrap Williamson on even terms for the last two rounds. The judges, Adam Smith of the YMCA and Harry Fales of the State Bureau of Identification, gave "Ripper" the decision, which started the crowd yelling long after the boxers had left the ring.

## Legislation Introduced To Preserve U. S. Marine Corps

(ARMY AND NAVY JOURNAL)—Four members of the Senate and 55 members of the House of Representatives simultaneously introduced legislation on 30 June to fix a statutory personnel strength for the Corps.

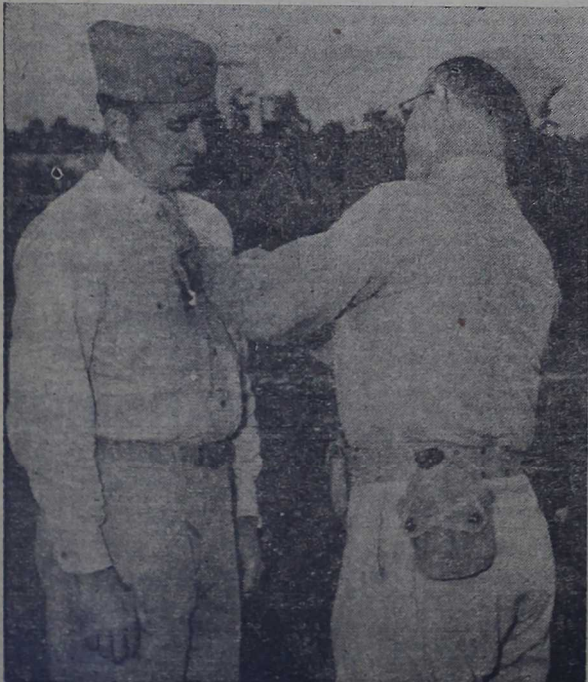

The Corps, under the proposals, would "include land combat and service forces and such aviation as may be organic therein," and the personnel strength would be maintained "at not less than six per cent of combined strengths of the Regular Army, Navy and Air Force."

The nine members of the House who are in the Marine Corps Reserve have enlisted the interest of their fellow members, with the result that identical bills were introduced.

## Maj. Maguire Awarded Two Citations

## Cited For Heroism Displayed And For Meritorious Service

BY PFC. C. F. MATHIEU

The Distinguished Flying Cross and the Air Medal were presented to Major James B. Maguire Jr., of the 16th Marines, by his commanding officer, Lieutenant Colonel Robert G. Ballance, during a formal ceremony held on the parade ground, Friday, July 1.

The ceremony consisted of a formal guard mount by the 16th Marines with martial music furnished by the Second Marine Division Band under the direction of Master Sergeant Hank L. Garner. The Officer of the Day, First Lieutenant Theodore T. Culpepper, read the two citations signed by the Secretary of the Navy.

The citation for the Distinguished Flying Cross read in part: "For heroism displayed while attached with the 131st Marine Air Squadron in the Solomons from November, 1942, until November, 1943."

Major Maguire participated in the relentless attack against the Japanese warship Kongo on November 13, 1942. His squadron was attacked by 15 Jap planes during the battle. Major Maguire shot down two before having his own plane shot away by enemy fire.

The Air Medal was presented for meritorious service with the 543rd Marine Air Squadron in July, 1945.

Major Maguire joined the Marine Corps Reserve in January, 1941 and received his regular commission in August, 1944. In 1946, the major resigned but was subsequently recommissioned. He is married to the former Miss Jane Evans of Wyncote, Pennsylvania. They have two children. The major was born in Jenkintown, Pennsylvania.

## Civilian Personnel Guide

## Review Of Classification Is Being Conducted Here

A representative from the Area

Wage and Classification Office, Norfolk, Virginia, Mr. Arthur W. Kilmer, has reviewed all active Group IVb position descriptions within Camp Lejeune and has notified each department which of their position descriptions must be rewritten.

This is the first phase of the classification survey that is now being conducted at this activity. The purpose of the survey is to determine if the civilian positions at Camp Lejeune have been properly classified and allocated and to obtain current and up-to-date descriptions.

The authority to conduct the survey in the field service of the Navy Department has been delegated by the Secretary of the Navy to the Chief of the Office of Industrial Relations. The Area Wage and Classification Office is the organization through which the Chief of the Office of Industrial Relations exercises this authority.

The new position description for each position required to be rewritten should be prepared by the incumbent, who does the work and should know more about what is done and how it is done. If the position is vacant or the incumbent is on leave then the immediate supervisor or department head should prepare the description. A lengthy description is not necessary. All that is needed is to state clearly what the duties are, how they are performed, and why or for what purpose.

When completed, the description prepared by the employee should be reviewed and signed by the immediate supervisor who may make any necessary comments, additions, or corrections, in a separate statement. The immediate supervisor is

the person who assigns the employee his work, gives instructions, to whom he goes and who is responsible for his supervision and/or heads desire to affix their signature to the description, the bottom of Form 75.

All descriptions must be filed in the Industrial Office on or before July 15. Let's get hot and get working hours only in No. 33, the Industrial Office, for any information needed pertaining to the descriptions.

## It's Against The Law

# Capt. Hyman Still Finds Humor

This is the last in a series of humorous laws that prevail in the state of North Carolina from the book "It's Against The Law," written by Captain Dick Hyman, USMCR.

In Durham (Section 17 of Chapter 17 of the Ordinance of 1892): "No occupant of a lot in the town shall be allowed to throw dishwater or slops upon the roof of any building or other offense matter on the ground of such lot, within 30 feet of any public street, and shall not retain nor throw any dishwater or slops so as to be offensive to any person."

North Carolina deems it a nuisance to curse and swear publicly for two hours and it is generally held not within the law to utter a single profane oath—"it is neither brave, nor polite, nor wise."

It is against the law for anyone in Montreal to walk around the lake in a bathing suit unless a beach robe is worn over it; it is a misdemeanor to pick a wild flower or to kill a wild animal or fowl within the incorporated limits of the town, no dancing or card playing is allowed, even in private homes, and no joy riding on Sunday.

In Smithfield, it is unlawful for any person or persons to conduct an open-air preaching without first obtaining permission; unlawful to wash or clean trucks or automobiles in any open street or sidewalk; unlawful for any person to drive any horse or any other animal on any street at a greater speed than 8 miles an hour or in a reckless manner.

North Carolina law makes it illegal for any person to use lewd or profane words to any female telephone operator.

## Camp Call

# Red Cross To Operate Children's Summer Camp

William Gargan, the star of radio, stage and screen, will be featured in a new series of Mutual network adventure programs to be heard on Sunday afternoons in the 4:30 to 5 p. m., EDT, time period. The Gargan program will debut on August 7.

Mr. Gargan will be featured in the role of a private investigator operating in and around New York, the type of part that has made his name a by-word for adventure fans. The title for his new MBS series has not as yet been selected.

The "True Detective Mysteries" program, currently occupying the 4:30 p. m., EDT, time period, will be moved to a new spot on Mutual's Sunday afternoon parade of outstanding adventure features.

The "Man On The Farm" question-and-answer audience participation program, a popular Midwest fun show that actually originates from a large farm outside Libertyville, Ill., will become a noon-time feature on the Mutual network's Saturday schedule starting July 20. The program will be aired 12 noon to 12:30 p. m., local time, in each of the country's time zones.

Chuck Acree is the master of ceremonies for this fast-paced quiz that has, in its local presentations, attracted its farmer audiences from as far as 600 miles. Others in the cast are George Menard, the singing announcer who moves with Acree through the crowds assembled at the Full-O-Pep experimental farm for the interview sessions, comedian Reggie Cross, organist Porter Heaps, and two officials of the Quaker Oats Company, Dr. Olney B. Kent and Arno A. Dennerlein. Dr. Kent is director of feed research for the firm and Mr. Dennerlein is manager of the feed service division.

# 'Non - Profit Opera- tion Results In Reasonable Rate

An inexpensive summer camp for boys and girls between the ages of 8 and 16, inclusive, will be provided this summer through the joint efforts and cooperation of the New Bern, N. C., City Recreation Department and the Craven County Red Cross Chapter.

The camp will be held between the dates of August 8 and 22 at Fisher's Landing, a camp site built and owned by the U. S. Forestry Service. Fishers Landing is located on the shores of the Neuse River, about 8 miles from New Bern on the Morehead City highway.

The joint sponsors extend a most cordial invitation to civilian and military parents at Camp Lejeune to send their children to this camp. Due to the non-profit operation, the very reasonable rates offered for the two-week encampment are \$30. For a one-week period, the enrollment is \$17.50.

A full recreation and instruction program will be provided under the guidance of competent instructors. A full schedule will be completed prior to the opening date by the program leaders selected by the governing agencies.

Registration applications, medical examination blanks, and instruction forms may be obtained at the office of the American Red Cross Field Director, Building No. 41, Camp Lejeune.

dentist in private life, has garnished many shooting laurels with the rifle that include two world titles and numerous American crowns. He paced the American shooters in the 1948 Olympic Games at London in the .30 caliber competition, finishing tenth with an 18-year-old rifle. The 43-year-old colonel has taken his pistol shooting seriously since 1946, and believes now that he has also mastered this weapon, judging from results in the Reserve matches.

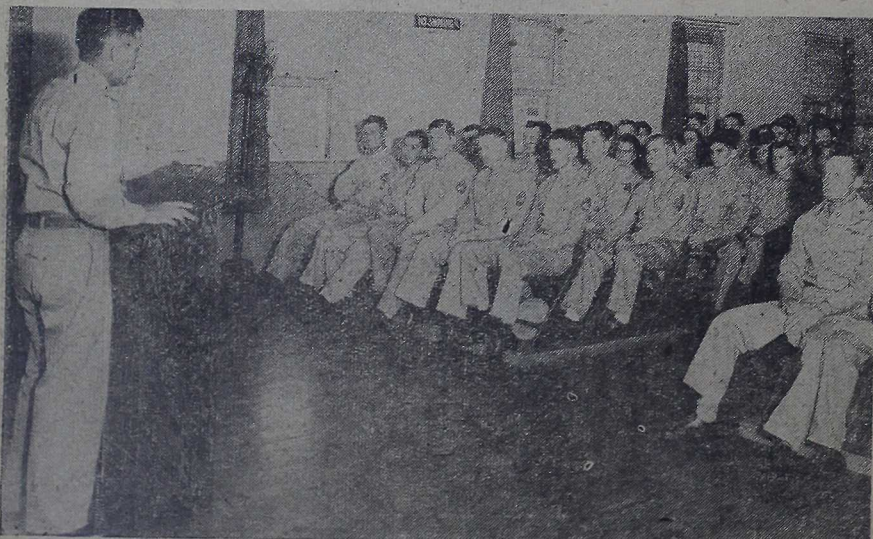

Washington (AFPS) — The second inter-service golf tournament will be played at Maxwell Air Force Base, Alabama, during the period August 17-20, 1949. Golf teams representing the Army, Navy, and Air Force will compete for the Forrestal Cup donated by the then Secretary of Defense James A. Forrestal when the tourney was originated a year ago.

## Graduation Day

## Graduation Day

The Supply School Battalion on Friday, July 8, was the scene of a 4-fold graduation ceremony. Graduating were the 72d Cooks' Class, the 40th Bakers' Class, the 30th Mess Management Class, and the 27th Automotive Mechanics' Class. Col. G. H. Cloud, Commanding Officer of the Supply School Battalion, pictured addressing the graduates, emphasized in his speech the responsibilities of the men must accept to become good Marines and the ability they must conceive in getting along with their fellow men. In the service, he pointed out, a man has the finest opportunity to learn to get along with others by constantly working, playing, and living with them. "Respect the other man's job," he said, "and in turn you will be accepted in your particular group. By so doing, your tour of duty will be much more enjoyable and successful." The Automotive Mechanics' Class, of 20-week duration, graduated 52 men with Sgt. O. L. Cope leading the class. The Cooks' Class, lasting 14 weeks and graduating 25 men, was led by Pfc. M. D. Bellmore. In the 12-week Bakers' Class, with 11 graduates, Pfc. R. J. Stapira finished first. TSgt. W. C. Harris graduated at the head of 10 men finishing the 4-week Mess Management Class. Following Colonel Cloud's address, a few appropriate remarks were rendered by Maj. P. B. McNicol, Director of Instruction, Capt. M. D. Grush, in charge of the Motor Transport School, and WO, D. R. Lebeck, who heads the Cooks' and Bakers' School. Following the presentation of diplomas, the graduates prepared to depart to new duty stations throughout the Marine Corps. (Photo by Pfc. Ray A.
