NO. 7

\$14,000 For March Of Dimes

Gen. Thomas Holcomb Visits Lejeune Briefly

General Thomas Holcomb, 17th Commandant of the Marine Corps Vice Ambassador to South Africa, and Mrs. Holcomb visited Camp Lejeune last Thursday to spend three days with Maj. Gen. and Mrs. A. Hart.

Members of the Training Group, Battalion, 2d Division, completely of one-year volunteers, passed in review in honor of General Holcomb at 1000 a.m. The 2d Division band played the music for the ceremony.

During his visit, General Holcomb visited both the Protestant and Catholic Chapels to view the beautiful stained glass memorial windows.

Former Commandant and Maj. Gen. Hart inspected Mess Hall during the evening meal.

General Holcomb also made a trip to Onslow Beach to witness operations as some of the members of the 2d Division prepared for the Atlantic Command Exercises.

General Holcomb, always active in sports, played the Paradise Point course with Col. Lee H. Walker, taking advantage of one of Lejeune's top recreation facilities. **HOLCOMB On Page 8**

Intensive Bond Program Now Underway

The period 14 February through 28 February has been set aside for an intensive person-to-person canvass in order that all personnel of this command may have the opportunity to purchase U. S. Savings Bonds through the Navy Allotment and Payroll Savings Plan.

The Commanding General strongly endorses the Savings Bond Program, and desires full participation by all personnel. The success of the program depends on seeing to it that each person purchases at least one bond. **See BOND PROGRAM Page 8**

HOLIDAY

Tuesday, 22 February, will be observed as a holiday at Camp Lejeune in commemoration of George Washington's birthday. All work will be suspended with the exception of activities required to be maintained on a twenty-four hour watch or service basis.

C.G. Thanks All Hands For Excellent Support

Final tabulation of contributions to the 1949 March of Dimes fund appeal, the most crucial in history, shows a grand total of \$14,263.89 received from all activities at Camp Lejeune. This sum is far in excess of an arbitrary quota considered at the beginning of the campaign and shows that again, as so often in the past, the Marines and civilians at this giant base have done a fine job.

Famed Bob Astor For Dance Tonight; Bill Green At MPC

Having just completed an engagement at Frank Dailey's at Meadowbrook, N. J., the famed Bob Astor orchestra of 12 artists will play for the dance at Marston Pavilion tonight from 2030 to 2400. For the regular dance at Montford Point tonight, Bill Green and his orchestra will play a return engagement.

The Green aggregation, as MPC personnel can attest, is one of the best Southland bands and has been a not infrequent attraction at their dances.

The Astor orchestra features ten musicians and a girl vocalist, Helen Walker, plus "Astormania." A complete list of dances is on page 6. **See DANCES On Page 6**

The Commanding General, Maj. Gen. Franklin A. Hart, thanks the personnel of this command for their whole-hearted support of this very worthy cause. Through the generosity of the Marines and civilians at Lejeune, a substantial contribution to the fight against the dread disease of infantile paralysis has been forwarded to the National Foundation.

Although not figured exactly, the March of Dimes appeal here truly turned into a Deluge of Dollars with the average contribution standing at nearly one dollar per person.

The complete breakdown of contributions by organizations and activities to the March of Dimes is printed on Page 8.

Teamwork And Coordination

Maneuvers

As this edition of the Globe is distributed the last echelons of the Second Marine Division will be leaving Morehead City for winter maneuvers in the Caribbean.

Our landing on Vieques will be the zenith of our year's training, the end of long weeks of practice in the boondocks of Camp Lejeune and on the beaches of Little Creek. But it is more than a Division operation. It is the climax of exercises in which the entire Atlantic Fleet is participating. It is the culmination of a year's training for thousands of sailors, airmen and marines. In these days when we must account for every round of ammunition and every gallon of fuel these fleet exercises are the only chance our Navy has to practice its battle drills under simulated wartime conditions. It is up to us, as one part of the Atlantic Fleet, to take full advantage of this chance to rehearse the role we play so seriously in time of war.

Every aspect of modern warfare will be tested during these exercises. As the great convoys move south from their home ports they will be stalked by submarines and attacked by "enemy" aircraft and surface vessels. On D Day (about March first) the Marines of the Second Division will be put ashore on the enemy-held island of Vieques, a few miles east of Puerto Rico. Reinforced by an Army Regimental Combat Team, supported by Underwater Demolition Teams, naval gunfire and Marine aircraft, the division will attempt, in a three day operation, to wrest Vieques from an aggressor force of about five thousand men.

The following ten days will be devoted to training of a sort that is not possible in the flat terrain of Camp Lejeune. Then the men of the division will reembarc for visits to the fabulous liberty ports of the Spanish Main. They will go ashore in cities from Venezuela and Columbia, up through the Lesser Antilles, amaica, Puerto Rico, Hispaniola, to a final rendezvous in Guantánamo Bay, Cuba.

Most of the Marines will enjoy these six weeks spent away from the winter rain and cold weather. All of them will benefit by it. But the greatest benefit to the Armed Services and to the country will come from the example that the Vieques operation will set as a model of cooperation between the four components of our fighting services. Vieques will not be hit by Marines alone, but by a coordinated attack from the sea and from the air. Vieques will be hit (and hit hard) by a team. We learned in World War II that battles are won by powerful blows struck by teamwork of land, sea and air power—not by any one "Sunday punch." We will further demonstrate the potency of these tactics on Vieques next month.—G.S.W.

Contentment

Contentment is a very desirable attainment for any person. Its realization marks an advanced step towards a superior and relatively rare type of life. The fact was recognized long ago by one of the inspired writers, when he wrote, "Religion with contentment is a great means of gain." The Apostle Paul was a truly religious man and a tireless soul in preaching the doctrines of religion, but he implied that religion itself without contentment lacked something vital. One may be sincerely religious and not possess that tranquility of mind, that genuine happiness born of contentment. A certain writer tells of his grandfather who was an elder in the church and superintendent in the Sunday school; a successful business man, who was so religious that he would not permit a Sunday newspaper in the home, a trip on the street car, or the cooking of a meal on Sunday. Yet there was never a quiet moment in that home. "I can hear him yet raving, 'Ellen, why in the name of common sense,' etc. He sent my grandmother to a premature grave, yet people thought he was a good man."

Does it seem ironical and ill advised to tell people to be satisfied and pleased with things as they are. The world is topsy-turvy. There seems to be so little with which one can be really satisfied. Present conditions are rather similar to the world of the early years of the Christian era. That great apostle to the gentiles suffered as much as any man from the violence of men and hostile conditions, yet he acquired a philosophy and the state of mind whereby he could declare, "I have learned how to be contented with the condition I am in." He strove mightily to change prevailing conditions for the better, but within himself he experienced contentment. This involves a big order, but it indicates the possibility of enjoying a tranquil and unperturbed mind in a chaotic environment. One may feel a divine discontent with this world and at the same time have that peace of mind which we call contentment.

Bob Hoffman, editor of "Strength and Health" magazine said of himself, "I do not let anything affect me. I manage to enter many important athletic contests without the slightest nervousness when others were so upset they were sick. I fired my first shot in the war as calmly as I eat my first bite of a good dinner. I always insist that I could go to the electric chair or lose everything I have in the world without showing emotion." He had attained a poise of mind and an equilibrium of spirit whereby he could be in contentment with whatever condition he faced.

Life will be happier and richer if one is not constantly griping. It is good to be content with what you have. Make the best of your present situation and keep a courageous and hopeful attitude towards the future. Then you too will have a tranquil mind and a heart at ease though the spheres clash around you.

QUESTIONS

1. When Mr. Truman took the oath of office, one of the two Bibles on which his left hand rested was opened to the Ten Commandments. The President said the Tenth Commandment "will do you a lot of good, especially here in Washington." Do you know the text of the Tenth Commandment?

2. Reports from Cominform countries recently indicated that there has been a change in the communist party line. Which of the following countries have communist parties that do not belong to the Cominform: Bulgaria, France, Yugoslavia, Italy, Czechoslovakia, Albania?

ANSWERS

1. The Tenth Commandment (in the text used at the inauguration) reads: "Thou shalt not covet thy neighbor's house, thou shalt not covet thy neighbor's wife, nor his manservant, nor his maid-servant, nor his ox, nor his ass, nor anything that is thy neighbor's."

2. Yugoslavia's communist party was expelled from the Cominform last summer; Albania's party never has been a member.

Colonels Selected For Promotion To Brigadier General

WASHINGTON, D. C. — February 15.—Selection of five Marine colonels for promotion to brigadier general was approved today by the War Department. Four colonels were promoted for line service and one for staff duty.

Colonel William J. Whaling, Commanding Officer, Marine Barracks, Philadelphia, Pennsylvania, (sup-

Colonel William S. Fellers, Chief of Staff, Troop Training Unit, Amphibious Training Command, Fleet, Coronado, California.

Colonel James H. Strother, Executive Officer, Depot of Supplies, Philadelphia, Pennsylvania, (sup-

Colonel Edwin Allen Pollock, Secretary to the Commanding Officer of the Marine Corps, Washington, D. C.

Colonel Randolph M. Pate, Director of Instruction, Academic Quarters, Marine Corps Center, Quantico, Virginia.

Colonel Pate's promotion will be made effective when vacancies occur. Selections are based on the number of vacancies occurring during the current year.

The selections announced today were made by a board headed by General LeRoy P. Hunt, Landing General, Department of the Pacific, San Francisco, California.

Colonel Whaling is a veteran Marine who saw service in both world wars and was in the first and last battles of World War II.

He was awarded the Navy Cross for extraordinary heroism in commanding a Marine regiment at Okinawa. He was at Pearl Harbor when the Japanese attacked and won the Medal of Merit and Gold Star for awards for service during the Guadalcanal and Cape Moresby.

Colonel Whaling is known for competitive marksmanship, Colonel Whaling is "distinguished" with both rifle and pistol.

Colonel William S. Fellers, currently Chief of Staff of the 1st Marine Division, is promoted to Brigadier General.

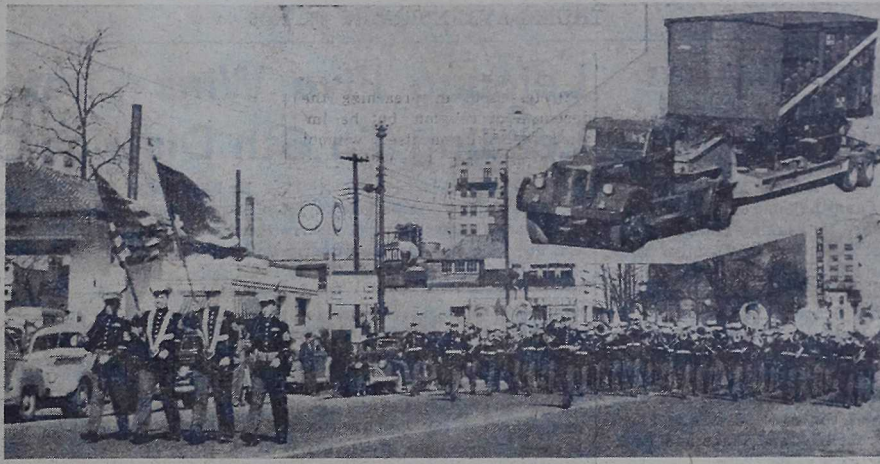

Contest Winners

Winner and runner-up in the contest to find a suitable name for the new Camp Lejeune mascot received prizes last week from Lt. Col. Kenneth R. Long, Camp Special Services Officer, in an informal ceremony. SSgt. Jerome Pressley received a \$15 chit for a sport jacket from the Men's Shop and Pfc. W. E. Cladek was awarded a \$7.50 chit for a pair of sport shoes. Although it was decided by judges that the present name of Sir Dusty was the most suitable, SSgt. Pressley's "Amphib" and Pfc. Cladek's "Boondocker" were considered next best. (Photo by Cpl. Rider).

On Parade

Once again the 2d Marine Division Marching Band and Drum and Bugle Corps, under the direction of WO Fred O. Locke, furnished color and stirring martial music for one of North Carolina's special occasions. This time the band and a Marine Color Guard participated in the parade and ceremonies marking the presentation to the people of this state of a "Forty and Eight" box car (inset) from the French "Merci" train. The large crowds lining the streets in Raleigh last Tuesday again accorded the Marines a fine hand. (Photo by Cpl. Sage).

TTU Atlantic Fleet 'Makes' Amphibians; Observes Results

Most amphibians are born that way, but the Marine Corps' Troop Training Unit Atlantic Fleet from Little Creek, Virginia can take the ordinary male biped and make an amphibian out of him.

Proof of the efficiency of these amphibious instructors will be shown during the Atlantic Command Exercises when Army, Marine Corps and Canadian Cadre units under the command of Lieutenant General Keller E. Rockey move ashore in an assault landing on Vieques Island, Puerto Rico.

Labeled the "Joint Expeditionary Troops," the assault group has received its amphibian phase of training by the land and water experts from Little Creek.

The Troop Training Unit (TTU) was activated in April of 1946 in accordance with an approved directive from the Joint Chiefs of Staff. This unit now headed by Brigadier General W. A. Worton, a veteran of more than 30 years service in the Marine Corps, is charged with the mission of training any units of the armed forces that may be assigned in the principles of amphibious landings.

Marines Volunteer To Paint Onslow County Hospital

Marines of Hadnot Sandlin Post 9010 of the Veterans of Foreign Wars have volunteered their time and effort to give the interior of the Onslow County Hospital a fresh coat of paint, it was announced recently by Hospital Administrator E. L. McLaughlin.

Work was scheduled to commence Tuesday under the supervision of Paul Wiggins, a painter on the base, and Frank Aman of Jacksonville. The V.F.W. Post has tentatively promised to provide 20 volunteer painters for the job and the paint has been donated by the Hadassah, the Onslow County Hospital Auxiliary, and other women's organizations.

For a short time, the gift-paint job was delayed because of a need for a supervisor. All arrangements were completed but a professional painter who would assign the volunteers to different sections of the building, mix and thin paint, and generally supervise the work was needed.

Paul Wiggins and Frank Aman solved this problem by volunteering last week. McLaughlin expressed his appreciation for their services, which will be totally supervisory, and said that even one or two more would be appreciated to share the responsibilities with them.

Of the manual labor and actual painting which will be done by Marine members of the Hadnot-Sandlin Post, McLaughlin said, "This is a very generous offer on the part of the V.F.W."

Services Called 'Armed Forces'

WASHINGTON, D. C., Feb 5.—The heads of the Army, Navy, Air Force and Coast Guard have ordered, in a joint directive, that only the terms "Armed Forces of the United States" and "United States Armed Forces" be used in denoting or referring to the Army, Navy, Air Force, Marine Corps and Coast Guard collectively, Armed Force reported today.

"Armed Forces of the United States" will be used to denote, collectively, all components of the Army, Navy, Air Force, Marine Corps and Coast Guard.

"United States Armed Forces" will be used to denote collectively only the regular components of the Army, Navy, Air Force, Marine Corps and Coast Guard.

2d Division Band In 'Merci' Train Parade, Ceremony

By CPL. RICHARD J. MURDOC JR. The 2d Marine Division band participated in the ceremonies in Raleigh last Tuesday in connection with the arrival of the "Merci" train, the token of appreciation for the "Friendship" train on behalf of the people of France.

Crowds of people lined the street from the Capitol to the Municipal auditorium where the parade ended and presentation ceremonies took place. The parade, composed of 33 units, was led by Uncle Sam and the 82nd Airborne Division Band. Two platoons of Airborne Infantry formed the honor guard and marching element for the "Forty and Eight" car and locomotive. Governor W. Kerr Scott and the French Diplomatic Party rode directly behind the national colors and the French flag. Uncle Rufe Colley, one of North Carolina's three surviving Confederate veterans, was one of the most cheered participants of the parade.

The famed Second Marine Division Marching Band and Drum and Bugle Corps gave an accent on color as they paraded in their dress blue uniforms, playing for the crowds the soul-stirring music that is typical of the proud organization they represent.

After the parade, the municipal auditorium rapidly became crowded as the 82nd Airborne and Second Division bands played until the opening of the program. The ceremonies commenced with the invocation by Chaplain A. C. Edens, Jr. after the assembled spectators had risen and stood for a moment in silence to remember the American war dead. The Honorable Jonathan Daniels delivered the welcoming address and presented the Countess de Fels of Paris, who had accompanied the car to Raleigh.

Monsieur Jean Strauss presented the boxcar and contents to Governor Scott on behalf of the people of France. The Governor then gave a short address of acceptance and assured the gathering that should the people of France need aid from their American friends, it was theirs.

Seventh Marines Dig Foxholes In Snow In Sub-Zero Site

KODIAK ISLAND, Alaska, Feb. 1.—Those Seventh Marines from Southern California are building foxholes in the snow.

On this bleak, snow-mantled island—known as "the rock"—which anchors the chain of the vital Aleutian Islands—the Leathernecks are going through an indoctrination course which is as rugged as a Kodiak bear.

They are marching, sleeping, eating and firing their weapons in snow as deep as their hips. They are going through all of this—the cold, the wet, and the danger—to learn to fight in sub-Arctic temperature.

Just as they proved they could take the jungle heat of the South Pacific, the Marines are proving they can take the snow, slush and cold of this storm-battered North Pacific island in stride.

The Marines are taking the lessons and equipment of the South Pacific and adapting them for use on snow-covered terrain.

Davis Takes Lone Title For Lejeune In Piedmont Gloves

Camp Lejeune pugilists were virtually knocked out of the ring last week in the Piedmont Golden Gloves Tournament at Greensboro, N. C. when they placed only two men in the finals against five from Quantico and the same number from Cherry Point.

As it turned out, Red Davis is the only champion from Camp Lejeune and Quantico easily walked off with the team honors, thus relieving Lejeune of the title which they won last year.

Three top Lejeune fighters were out of action from the start, Joe Pinelli and Pete Schiro have been sick, and Lee Damon was injured while training. Another blow was received during the fights when Tommy Otero was upset in the semi-finals by Mayo Smith of Greensboro. A seasoned fighter, Smith gained a decision when he finished the third round aggressively.

Bucky McHugh, rugged Lejeune middleweight, lost out in the semi-finals when he met Peter Oliver of Quantico. The Quantico fighter had too much foot-work for hard-punching McHugh.

Light-heavy Eldridge Thompson of Quantico, decisioned Bob Schommer of the Lejeune squad in the semi-finals also. Thompson was crowned champion in his class the next night when he whipped Spencer of Cherry Point.

In the final bouts, Rudy Lara of Cherry Point took a TKO over William Mickulecky, 126 pounder of Camp Lejeune, in the second round of their battle. Mickulecky tried hard, but Lara connected with a staggering right early in the round. Lara is one of the top 126 pounders in the South, but Mickulecky was handicapped by a lack of experience.

Myrven "Red" Davis of Lejeune came through his early bouts easily and then, in the championship match, won on a TKO over Jimmy Fisher of Charlotte. Davis had won last year at Greensboro also, and spunky Fisher was touted as the "civilian hope" to take the title away from Davis. The Lejeune Marine had other ideas though, and Fisher soon found how they went.

Although they came away with few titles, the Lejeune squad was loudly commended by their opponents and the officials and spectators for the clean, hard fights they staged every time they entered the ring.

Judo Announcement

All men desiring to learn Judo are urged to attend the preliminary Judo classes which will be held in Gymn 115 beginning tomorrow at 1800. A period of 7 weeks training in basic Judo will be offered to those attending.

Advanced Judo men will continue working out as prescribed by TSgt McNeese, who is in charge of Judo instruction during the absence of 1st Lt. Donn Draeger.

Quantico High Bows To Lejeune Quintet, 43-36, At Quantico

By AL MUNCH

Camp Lejeune High School continued its winning basketball ways last Saturday at Quantico when, for the second time this year, the "Devil Pups" defeated Quantico High School, 43-36.

Franklin Watson of Quantico was high scorer for the evening, tossing the ball for 19 points, but three of the local lads were good for over 10 points; Floyd Probst, 14, and Blake and Barker each made 12.

The local lads held a 23-9 advantage at half time, but a fighting Quantico five came back at the start of the third period to come within one point of the lead.

When the final whistle sounded the Lejeune quintet was again building up a lead, outplaying and outshooting the Quantico team. Blake, Barker, Probst, Sutherland, Barringer, and Simpson all played excellent ball for the Camp High School, and Coach Joe Ellington was more than pleased with the result.

Pugilists Enter Carolinas Gloves Championship Bouts

Camp Lejeune's boxers are off on another road trip, this time to Charlotte, North Carolina, for the Carolinas Golden Gloves Championship bouts. The fighting started Wednesday and will conclude Monday.

A strengthened Lejeune squad went up for the tourney, and Coach Cockrum has high hopes for his team. Pinelli, out last week for the Greensboro tournament, will fight, though he is not in top shape, and Pete Schiro will also be in the ring for Lejeune. Lee Damon will not fight. His injury is still bad enough to keep him out of competition but his loss is made up for by the presence of Mike Kovacs, promising heavy who has been out of competition while attending school.

Winners in this tournament will be eligible for the Tournament of Champions in New York in March.

BOXING OFFICIALS

Lt. J. E. Cockrum, coach of the Camp Lejeune boxing squad, has information available for men who wish to qualify as A.A.U. boxing officials. Lt. Cockrum may be contacted at the Athletic Office of Camp Special Services.

Marine Corps, Navy Pistoleers Invited To National Shoot

(SEA)—Navy and Marine Corps pistol marksmen have been invited to compete in the National Mid-Winter Pistol Matches at Tampa, Fla., 15-19 March.

Dubbed the "Winter Camp Perry," the meet will feature individual and team matches in .22 and .45 caliber events.

Competition is open to all members of the National Rifle Association or to non-members who are firing the first competition.

Further details may be obtained from any naval district or river command headquarters.

Lejeune Five Wins First Tourney Tilt Leading To 6th District Championship

By PFC. JACK SELLES

Camp Lejeune basketballers got off to a winning start Monday in the Sixth Naval District Elimination Tournament at Cherry Point when they trounced the Navy from Green Cove Springs, Fla. The Lejeune squad met Cherry Point, victors over the Atlantic Reserve Fleet five, on Tuesday the outcome of the Lejeune-Cherry Point game is carried in a bulletin on this page.

TOURNEY BULLETIN

The Camp Lejeune basketball team defeated the Cherry Point Flyers Tuesday night in the second round of the Sixth Naval District Tournament. By virtue of their 66-31 win over the Flyers the Lejeune quintet met the Key West Naval Station five yesterday.

If the local squad defeated the Key West team, they meet the strong Pensacola team tonight at 1930 at Cherry Point. Bob Williams, new addition to the varsity squad, was high man in the Cherry Point encounter, scoring 17 points.

Camp Cagers Beat Langley Field Five In Pre-Tourney Tilt

In their final game before commencing play in the Sixth Naval District Tournament at Cherry Point, the Camp Lejeune Marines overpowered a hapless Air Force quintet 69-47, at Langley Field, Virginia, last Saturday.

The Camp team played without the services of Lou Anderson, high scoring guard, who is in the process of being discharged. The loss of Anderson was not particularly evident in this game. However, in the future his sharp shooting and ball stealing tactics will be sorely missed.

Playing a tight man to man defense, the Lejeune squad was good for 16 points during the first quarter, holding their opponents to eight during the same period. Bishop and Kubiskey, guarding Bill Jackson and Ray Griffiths, top scorers for the Air Force team, held their men to 8 and 6 points respectively. Kubiskey hit the hoops for 26 points to take top scoring honors, and Bishop was runner-up with 14.

High handed Howie Westphal held control of both backboards for Camp Lejeune, and his long passes kept Lejeune's fast break operative. The Marines led 36-22 at the half time break, and were never pressed through the remainder of the game.

The next game on the Lejeune schedule is a battle with the strong Jacksonville, Florida, NAS on 28 February. During the interim the local lads will be playing in the District Tournament at Cherry Point.

Lejeune Quintet Tops Cherry Point 53-48 In Thriller

By PFC. JACK SELLE

Camp Lejeune cagers added another win to their record last Tuesday when they squeezed by the Cherry Point Flyers, 53-48, in a hard fought contest played at the air station.

Using a shifting combination of the man to man and zone defenses, the Flyers led the Lejeune five for two quarters and kept the final outcome in doubt all the way. The local team trounced the Pointers by 30 points only two weeks ago, but the Fly-boys' excellent defensive play in this game often made the Lejeune quintet wonder if they were playing the right team.

"Whiz" Bishop took top scoring honors for the night, racking up 24 points. Charlie Ford, lanky Flyer center, hit the nets for 18, while Lou Anderson of Lejeune was good for 16 tallies.

During the first two quarters the tight Cherry Point defense kept the local quintet more than under control. The Flyers fed the ball to Ford in the slot, where he used the pivot shot to good advantage. Ford also played an excellent defensive game—holding Howie Westphal to only three points, all of them on charity tosses.

The second half saw a fired-up Lejeune team score 10 more points than their opponents in a spree which proved to be the margin of victory. Both fives scored 13 in the final period, with superior ball being played by both teams.

Buses To Tourney

A portion of Camp Memorandum No. 22 is printed below for the convenience of men interested in attending the 6th Naval District Basketball Tournament.

"Commencing Thursday, 17 February, 1949, a limited number of buses will be provided to transport service personnel to Cherry Point for games in which Camp Lejeune will be participating. Details of this transportation will be published in Special Services Memorandums. Buses will depart from the bus terminal at Hadnot Point two hours before game time in each case. Space in the buses will be on a first-come, first served basis."

Coach Anthony Caputo's encountered no serious trouble in taking the Green Cove team 74-44, in their first game of the tourney. Everyone on the Lejeune squad got into the game including surprise starter Anderson, who, it was feared, would be unable to compete the tournament.

The high scoring five from Lejeune took a big first quarter lead, scoring 16 points while a defense held the Sailors to 3 points. The second quarter saw the making pace continue as the Lejeune built up a 34-16 half lead.

"Whiz Bishop, crack Lejeune forward, took high point honors for the game, with a total of 24 tallies. Succ of Green Cove next, scoring 14.

Reserves started the second quarter for Lejeune, and, high-lighted the set shots of Bob Williams in addition to the squad, the Lejeune soared into a 55-28 advantage at the end of the third period.

The Green Cove team took a hard during the final period, they hit the hoops for nearly 20 points in their attempt to overcome the Marines from Lejeune.

By winning Monday, Lejeune came to the meeting with their rivals from the Air Station at Cherry Point on Tuesday. The winner of the Cherry Point-Lejeune game plays Key West NAS on Wednesday evening, and the winner of that game will probably meet Pensacola NAS tonight.

If Lejeune lost to Cherry Point Tuesday, the local team drops to the losers bracket, where they still have a chance, by overcoming all opposition from the district.

The winner of the Sixth Naval District Championship will represent Lejeune at Cherry Point where next week the top teams from the 6th, 7th and 9th Naval Districts meet in the Group playoffs.

Commencing today, Special Services has arranged for transportation to Cherry Point for men who wish to attend the tourney. Buses will leave from the Hadnot Point Bus Terminal two hours before the start of games in which Lejeune will participate. Space in the buses will be on a first-come, first served basis. Camp Memorandum No. 22 contains a schedule of tournament games, and Special Services will publish details of the transportation arrangements as they are known.

Up to the minute details of schedule and game times may be obtained by calling 5528 or 3659.

Wilmington Snaps Camp High School Streak, 38-35

By AL MUNCH
New Hanover High School
of Wilmington handed
Lejeune High School their
first defeat of the 1948-49 basket-
ball season last Wednesday when
they came up on the short end of
the 38-35 score at the Wilmington

though it ended in defeat for
"Devil Pups," the game was
a moral victory for the local
team. New Hanover high is one
of the strongest teams in the
AA league, and is present-
ly fighting for the number one
position in the AA race. Camp Le-
jeune high operates in the Class
B league, where the competition
is much less strong.

Lejeune took high
honors with a total of 18
points. Outstanding throughout the
game was the excellent defensive
play of guard Joe Barringer.

The Wildcats used their sur-
prise height most effectively;
although pressed hard by
Lejeune team, they maintain-
ed a slight lead for the most of
the distance.

Lejeune led at the half, 13-15,
but at the end of the third quar-
ter the lead remained in the hands
of the Wildcats. Frederic led the
attack of the Wilmington

pouring in a total of 14
points, and he was ably assisted by
Austin with 7 each.

In all, the Lejeune team
made, Barker, Probst, South-
ard, and Barringer, played
the finest game of the season,
their defeat by the Wildcats
has no blotch on the record.

Lejeune Loses Twice Holly Ridge Five Recent Games

Lejeune High School was the scene
of two hard-fought basket-
ball games between the Dixon
High school and a team
composed of boys from Marine
Barracks living in Holly Ridge.

Holly Ridge lads, who call
themselves the Wolverines, defeat-
ed the Dixon team in both games.
Lejeune won the first by a 47-30 score,
then squeezed by their op-
ponents in the second game, 39-36.

Upper Smith of the Wolverines
was high point man in both con-
testing the nets for 23 points
each game. The Holly Ridge
team is composed of Skipper Smith,
Willard, William Kohl,
Smith, and Robert Kohl.

Girls Win Again AS Lejeune High Defeats White Oak

By AL MUNCH
Camp Lejeune High School added
another win to its already im-
pressive basketball record last
Monday when they took White Oak
High School to camp, 68-43. It was
a double victory for the "Devil
Pups" that night, with the girls
winning their second victory of the
year when they edged out the
White Oak girls, 48-49.

Despite the stubborn opposition
of the White Oak boys, the lo-
cal team had no serious trouble
taking their sixteenth win easily.
The Lejeune team led through-
out the game, maintaining a lead
of about 20 points from the first
quarter on.

Probst and Blake of Lejeune led
the scoring with 18 points each.
Mills was high scorer for White
Oak, scoring 12, followed by his
teammate, Parker, with 10 points.
The entire Lejeune team of Blake,
R. Frucci, Probst King, Sutherland,
Barringer, A. Frucci, Simpson,
Brown, and Munch, played an ex-
cellent game.

A fast-moving Lejeune sextet
finally hit its stride in the first
game of the double header. With
Connely and Stepka leading the
scoring parade, the local girls
stayed in front all the way. The
girls played an excellent brand
of fast-moving basketball in win-
ning their second victory.

Connely had 24 points, and
Stepka came up with 14, but the
team of Raney, Macon, Hagerdon,
Bunn, McIntosh, Toler, Haby, and
Henderson all contributed to the
snapping of the losing streak which
has plagued the girls' team.

Tsingtao Marines Assist In Pinch

WASHINGTON, D. C. (January

at Tsingtao, China, were called on
this month for double duty while
the Navy's Radio Shanghai was
temporarily closed down, and re-
ceived from Vice Admiral Oscar C.
Badger a "well done" for their
"ready assumption and competent
handling of the additional duties."

For ten days Radio Tsingtao
assumed responsibility for all ex-
ternal communications traffic. A
Naval Communications facility,
Radio Tsingtao is manned by Ma-
rine operators. Captain B. E. Kil-
day, USMC, is the officer in
charge.

High School Quintet Takes Beaufort High; Lasses Lose Again

By AL MUNCH
The "Devil Pups" of Camp Le-
jeune High School coasted to their
fifteenth straight win last Friday
when they dropped Beaufort High,
33-23, in a game played at Beaufort.
The Lejeune lasses, playing the
Beaufort girls, were unable to over-
come the sharpshooting of the sex-
tet from Beaufort and lost, 38-23.

Floyd Probst led the Post High
Boys to their victory as he scored
16 points, followed by Blake with
8 tallies. The game opened on a
forbidding note as the Beaufort
cagers took an early lead, but the
first quarter score showed Le-
jeune ahead, 9-4.

From then on, the local quintet
was never threatened, and by the
half had a commanding 22-6 lead.
Beaufort came up a bit during the
third period, but the Lejeuners re-
gained their stride during the final
quarter and finished on top again,
38-23.

Sutherland, Barringer, Simp-
son, Barker, Greer, and the Fruc-
ci brothers all contributed to the
Lejeune victory, while Piner and
Fodrie were mainstays for the
losers.

In the girls' game, the Lejeune
sextet was off to a fast start, and
led at the first quarter, 8-6. Dur-
ing the second period the Beaufort
girls shot with accuracy, and took
over with a three point lead at the
half. For the remainder of the
game, the girls from Lejeune were
outplayed, and finished on the
wrong end of a 38-23 score.

High scoring honors went to
Willis of Beaufort, who scored 25
points during the course of the
game. Connely and Stepka of
Lejeune were next with 14 and
9, respectively, and Davis of
Beaufort contributed 7 points.

TTU

Having just finished training
the Army, 65th Infantry, reen-
forced, Antilles Command, the
Troop Training Unit is now on
the island of Vieques. There they
will umpire the land maneuvers
of the troops under General
Rockey's command and control
the "enemy" opposition provided
by Army Aggressor Force units.
The 35,000 men and hundreds of
ships and planes taking part in
the exercises started moving to-
ward the "target" Monday.

Since their activation, the Ma-
rine Corps' amphibious instructors
have trained many thousand troops
including three Marine combat
teams of the Second Division, three
groups of cadets and midshipmen
from the nation's military and naval
academies, a cadre of Chemical
Corps troops, an Army Combat
Command and various units of the
Marine Corps Reserve.

On "D" day, March 2nd, when
General Rocky's troops hit
"Red" and "Blue" beaches on
Vieques the TTU will be on hand
to watch their pupils and evalu-
ate their amphibious combat ef-
ficiency.

After the landings the Marine
Corps troops will remain on the is-
land for a period of 10 days and
undergo intensive combat training
which will be under the umpire
control of Troop Training Unit.

Four teams, H&S Bn, Mont-
ford Point, Supply School Bn.,
and Supply Depot are entered in
the contest, with matches sched-
uled during the remainder of
this week and all of next week.

The matches are being fired with
standard match .22 rifles, on the
1000' range located at the end of
the Industrial Area. All team mem-
bers were selected through com-
petitive firing among the men of
each unit, with the top ten men
chosen for the firing team of 8
shooters and two supernumeraries.

A total of four matches will be
fired altogether, with H&S Bat-
talion, coached by WO Peterson,
meeting the winner of the Mont-
ford Point-Supply School Bat-
talion shoot for the Champion-
ship match. The two losing
teams will fire a consolation
round.

The matches are under the sup-
ervision of Lt. Col. W. A. Lee, vet-
eran Marine marksman.

In addition to a trophy award
which goes to the winning team,
individual members of the win-
ning team will receive medals.
The individuals shooting the five
high scores for the duration of
the matches will also receive in-
dividual medals.

'The War Of 1812', Recently Published, Tells Of Early Corps

NEW YORK, New York — How
Marine sharpshooters fought on
and from the rigging of ships
during America's fight for "Free
Trade and Sailors' Rights," is de-
scribed in the new book, "The War
of 1812," released 17 January, it
was announced by the New York
Marine Corps Public Information
Office.

The story, illustrated by maps
of the many campaigns of the
War of 1812, records the struggle
of young America in her second
fight for independence. The book
also tells of the epic deeds of
such early Americans as Oliver
Perry and James Lawrence.

The author, Francis F. Beirne,
is Associate Editor of the Baltimore
Sun and for some years has written
a syndicated column under the pen
name of "Christopher Billogg." The
book is published by the E. P. Dut-

Comic Book Story Tells First Pacific Landing By Marines

NEW YORK, New York—A pic-
torial story of the establishment
of the first U. S. Marine Corps Pacific
outpost, "The Secret of Nukuhiva
Island," will appear in the Febru-
ary issue of Real Life Comics, it
was announced by the New York
Marine Corps Public Information
office.

The article, illustrated by four
pages of color sketches, shows
how Lieutenant John Gamble
and a detail of Marines aboard
the frigate Essex set sail for the
Pacific to find and capture the
British ship Hammond, which
was raiding the American whal-
ing fleet. Further details show
how in the year 1813 the Marines
made their first Pacific landing,
on Nukuhiva Island.

Arrangements for the article
were made by the Marine Corps
Public Information Office in New
York City. Real Life Comics is
published by Visual Editions Inc.,
of New York, N. Y., and has a cir-
culation of 500,000.

Trailer Park

Attention is called to the change in date in our Sewing Circles. We will meet on Thursday afternoons instead of Wednesday afternoons.

The next Council meeting will be held on February 22nd. All members are requested to be present.

Our night nursery, under the supervision of Mrs. Beebe, is open Monday, Friday and Saturday from 7:30 p. m. to 12:30 a. m. Appointments may be made for special occasions. The charge is 25 cents an hour for each child and 10 cents for each additional child. After 12:30 a. m. there will be a charge of \$1.00 per hour.

The Clinic has been moved to the building next to the night nursery. Dr. Boyer is on duty from 10:00 a. m. to 12:00 noon and the Navy Relief nurse is on duty from 8:30 a. m. to 12:00 noon on Tuesdays and Fridays.

Pine Lodge is available for parties. This lodge is located in "A" Village south and a deposit of \$10.00 is required, which will be refunded if the building is left in the order in which it is found.

Every Friday night is Bingo. This is your opportunity to get acquainted with your neighbors for a social evening together.

Miss Ball is a native of Charleston, South Carolina, a city noted for its interest in flowers and beautiful old gardens. She has been active for many years in Garden Club work and has given many flower arranging classes in the area.

In her talk, Miss Ball told the history of flower arrangement from the ancient Babylon Temple to the modern home. She spoke of the rules and regulations governing each type of arrangement, but stressed that individual taste at all times should be an influencing factor.

During the talk, from time to time, Miss Ball illustrated points by producing, with light ease, eight or ten beautiful formal and informal flower designs.

After the discussion, tea served in the River Room.

plete revue, "Astormania" is unlike most band shows and proved highly popular when Astor has played.

This complete revue, "Astormania" is built around the members of Bob Astor's band shows all of the boys and girls showmen. Down Beat Magazine the music bible, said that show was completely different a refreshing and welcome addition to music. All of the members have something to do and make the most of it.

NO TROMBONES

This isn't all that this top-ting band has to offer, however. Dance music is designed just for dancers and is unique in that trombones are used. Music have hailed the orchestra as of the best in the nation, considering some of the best side around. Outstanding soloists, singing, and a style all its own make this band worth hearing and dancing to.

It's unusual to have a good band and just as rare to see good band show, both are features of Bob Astor's Orchestra. Hostesses from neighboring clubs will be present as dancing partners to make the dance really a completely enjoyable affair.

Marine Personnel Cutbacks Proposed Due To '50 Budget

WASHINGTON, D. C., Feb. 2—Secretary of the Navy John L. Sullivan was quoted in Armed Forces as having announced late this week that proposed budget estimates for Fiscal 1950 require that the following cutbacks be made prior to June 30:

1. A reduction of 21,700 in the Navy's enlisted strength; 6,605 in Marine Corps enlisted strength; plus a reduction of 1,195 commissioned officers.
2. Deactivation of the carriers USS Princeton, Tarawa, Antietam; the cruisers USS Providence, Huntington, Portsmouth, Dayton, Astoria, Topeka, Duluth, Atlanta, Fresno, Oakland and Tucson; 31 amphibious craft, 5 patrol vessels, 4 destroyer minesweepers and 17 auxiliaries.
3. Inactivation of Naval Air Stations and Naval Air Facilities at El Centro, Calif.; Santa Ana, Calif.; Weymouth, Mass.; Glynnco, Ga.; Naha, Okinawa; Adak, Aleutians; Ewa, Oahu; Honolulu, Oahu; Orote, Guam; Sangley Point, Philippines; and conversion of the Seattle NAS into a Reserve Station.
4. A reduction from 8,138 to 7,765 in the number of operating aircraft.

Because of new vessels which will join the active fleet next year, Mr. Sullivan said its size actually will drop only from 755 to 731 vessels. Surveys, are being made, he added, to determine where reductions can be made in the shore establishment.

Civil Service Jobs Open On Washington Mel. Police Force

The need for Policemen on the Metropolitan Police Force in Washington, D. C., is still urgent, despite the fact that the U. S. Civil Service Commission has been accepting applications for the position since July of this year. Because of the shortage of qualified candidates, the age and height requirements for policemen have been recently modified. Candidates for that position must be between 21 and 33 years of age (they must not have reached 33 at the time of appointment), must be at least 5'7" tall and weigh at least 136 pounds, and must be in excellent physical condition. Eligibility in a written test is also a requirement for the jobs.

Appointments on the police force will be made to positions of Private, Class 1, paying \$2,720 a year. Applicants for the examination may live in any locality, but after they are appointed to the police force they must live within a 12-mile radius of the U. S. Capitol Building.

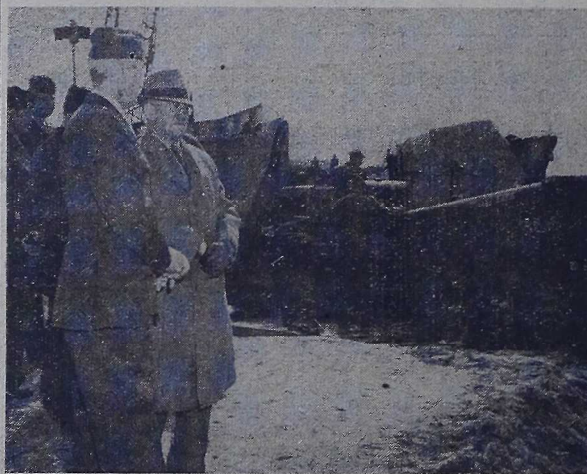

Promotion opportunities for policemen in Washington are good. Salary increases are given each year for six years to those men whose services are satisfactory. They are then eligible to take examinations for promotion to Corporal, at \$3,688 a year. Privates are eligible at any time for assignment to the positions of Probationary Detective, Precinct Detective, and Detective Sergeant, which pay \$162, \$325, and \$812 a year in addition to the basic salary for Private. Privates are also eligible for assignment as Motorcycle Patrolman or as Technician, paying additional compensation.

Persons who wish to apply for the Policeman examination may obtain detailed information and application forms from the Commission's Local Secretary, located at the Jacksonville Post Office, or from the U. S. Civil Service Commission in Washington, D. C. Applications will be accepted by the Commission until further notice.

Distinguished Visitor

General Thomas Holcomb, 17th Commandant of the Marine Corps and Mrs. Holcomb visited Camp Lejeune for three days last week the guests of the Commanding General, Maj. Gen. Franklin A. Hart, and Mrs. Hart. On Saturday morning, units of the Training Group, H&S, Bn., 2d Division passed in review in honor of General Holcomb, shown on the reviewing stand with General Hart in the picture at right, below. During visit, the former Commandant also witnessed loading operations at Onslow Beach where he is pictured, below left, with the Commanding General as the 2d Engineers load some heavy equipment. Ex-Marine Members Of Congress Will Defend Corps - Rep. Jackson

Representative Donald L. Jackson (R-Calif.) served notice on the floor of the House of Representatives this week that he and other members of Congress who served in the Marine Corps "will not stand idly by in the way of thinly veiled threats against the corps", the Army-Navy Journal reported this week.

Calling attention to the article "The Marine Corps Fights for Its Life," by Richard Tregaskis in the Saturday Evening Post, Mr. Jackson said:

"The article throws a bright spotlight upon what must be considered by any objective observer to be a subtle and unceasing attack upon this great fighting organization, an attack which has as its goal the dismemberment and the eventual abolition of the corps as an effective and highly efficient arm of our National military and naval establishments. It is my feeling, Mr. Speaker, that if the facts of this matter are known to the American people there will be such a widespread protest as to render ineffective any move which would threaten the integrity of this famous fighting organization. For that reason I bring to the attention of the Congress this important contribution by Mr. Tregaskis. We in the Congress who have had the high honor of service in the United States Marine Corps serve notice that we will not stand idly by in the way of thinly veiled threats against the corps."

Representative Jackson, in private life a public relations expert, served in the U. S. Marine Corps from 1927 to 1931 and again from 1940 to 1945 in overseas combat service.

Famous Marine Lt's Great, Great Nephew Gets Boot Training

SAN DIEGO, Calif. — Early in the beginning of this nation's history, the Marine Corps acquired a reputation of being one of the world's finest fighting organizations, and one of the men who did perhaps a little more than any others at that time to further this fine tradition was Lieutenant Presley N. O'Bannon. Lt. O'Bannon was instrumental in defeating the Barbary pirates at Tripoli in the year 1804 and raised the Stars and Stripes over Derne, the first time the American flag was ever flown in that part of the world.

At the present time Platoon 1 of Recruit Depot, San Diego, has the great, great nephew of this famous Marine undergoing basic training, his name is Luther C. O'Bannon. Pvt. O'Bannon, whose home is Dallas, Texas, attended Missouri Military Academy before entering the Corps on a one year enlistment.

Lt. O'Bannon, the illustrious relative of the present Pvt. O'Bannon, became known to fame while under the command of William Eaton a Captain at that time in the U. S. Army who had considerable diplomatic experience in the Barbary States. Under Eaton, Lt. O'Bannon and six Marines of his command, thirty eight Greeks and ninety men of an Arabian cavalry unit made a 600 mile forced march across the Libyan Desert, a march that was one of the most difficult any American force has ever participated in.

person is given an opportunity to register an allotment for Savings Bonds.

The overall percentage of participation in the Security Savings Bond Program by Marine Barracks activities is 30.36 percent for military and 31.6 percent for Marine Corps civilian employees. Figures are far below the average of other Marine Corps activities.

In view of the present low percentages of participation, commanding officers and unit representatives have been urged to interview all non-participating personnel and present to them the opportunity to register and pledge during this campaign.

Savings bonds are a safe, investment in future security, as safe and just as sure as United States Government. Every person who invests in bonds only assures his own future but assures the security of his environment.

Each paycheck represents money needed to support wage earner and his family. It should stand for something more as well. A paycheck should mean the assurance of security. This is possible only when a certain portion of each paycheck is saved regularly, systematically, again to the needs of the future.

The easiest way to achieve comforting knowledge that everything possible is being done to anticipate the future's problems is to invest part of every pay in United States Savings Bonds. Remember—every \$3 invested in Bonds today pays \$4 at maturity—that's an extra dollar for the holder.

Don't delay, invest today!
