

The Camp Lejeune Globe

Written For Marines By Marines

CAMP LEJEUNE, N. C., THURSDAY, AUGUST 19, 1948

NO. 33

Distinguished Visitor

General A. A. Vandegrift, former Commandant of the Marine Corps, and Maj. Gen. Franklin A. Hart, Commanding General, Marine Barracks and 2d Marine Division, ascend the steps of Building during Gen. Vandegrift's visit here last week. (Photo by Pfc. J. Skurien, and)

Former Commandant, Gen. Vandegrift, Guest Of The Commanding General

General A. A. Vandegrift, former Commandant of the Marine Corps, and Mrs. Vandegrift visited Camp Lejeune this past week-end as house guests at the beach home of Major General and Mrs. Frank A. Hart.

On Monday evening General and Mrs. Vandegrift were entertained by friends of the Vandegrifts for cocktails and buffet supper. The guests included Major General and Mrs. Field Harris from Fort Belvoir, who had been host to General and Mrs. Vandegrift before their arrival at Camp Lejeune.

On Monday found a busy schedule for General Vandegrift. Accompanied by General Hart, he proceeded to the new housing area which is nearing completion. General Vandegrift was greatly impressed by the setting and beauty of the new housing area.

General Vandegrift was greatly impressed by the setting and beauty of the new housing area. He was also impressed by the many outstanding additions and continued improvements since their last visit and that they hoped to be able to stay longer the next time.

General and Mrs. Vandegrift have returned to their home in Lynchburg, Virginia. The special operation will consist of a series of six three-day exercises which will include actual air and ground demonstrations as well as lectures and dramatized skits to explain the detailed staff planning necessary in joint operations.

According to Lt. Gen. Elwood R. Quesada, TAC Commanding General, the purpose of the maneuvers will be to demonstrate to student officers air-ground planning and operations. A group of about 100 Navy planes from Atlantic Fleet Forces and a group of approximately 100 Marine planes will take part in the exercises. They will be supported by about 2,000 Navy and Marine personnel, under command of Rear Admiral John W. Reeves, Jr., Chief of Naval Air Training at Pensacola.

Naval and Marine participation has been coordinated under the direction of Adm. W. H. P. Blandy, Commander-in-Chief of the Atlantic Fleet.

On Monday evening, Mrs. William Hart, wife of the Assistant Division Commander, Brigadier General Riley, who is on detached duty, remained at dinner for General and Mrs. Vandegrift, with the Commanding General and Mrs. Hart.

Reserve Training Program Nears End; Largest Ever Undertaken At Lejeune

By PFC. R. K. DALY

The largest Marine Corps Reserve training program ever launched at Camp Lejeune will be brought to a close September 4th when the last of approximately 600 officers and 12,000 enlisted men complete their summer training period. Compared to last year's figures, twice as many officers and five times as many enlisted men will have received training here under the 1948 program.

Football Schedule Announced; Seven Games Definite

The Camp Lejeune football schedule was announced this week with seven games already arranged and two open dates remaining. The opening game of the season will be against the Philadelphia Naval Base on the Hadnot Point gridiron, September 25.

The schedule, as completed to date, follows:

- September 25—Philadelphia Naval Base—Here.
- October 2—MCS, Quantico—There.
- October 9—Open date.
- October 16—Albright College, Reading, Pa.—There.
- October 24—32d Airborne Division—Here.
- October 30—Little Creek Amphib Base—Here.
- November 6—Open date.
- November 13—MCAS, Cherry Point—There.
- November 25—MCRD, Parris Island—There.

Pavilion Dance Tonight; Music By Division Orch

One of Camp Lejeune's top recreation features again gains the spotlight tonight when the doors of Marston Pavilion swing wide from 2000 to 2330 for the regular enlisted men's dance.

Music will be furnished by the ever-popular 2d Division dance orchestra under the baton of TSgt. Holt.

Besides the band's top-flight brand of music, another of the regular features rated in the highest bracket by Pavilion-goers will be the dancing partners from local cities.

All enlisted personnel at Camp Lejeune and their guests are invited to attend.

High School Student Gets Award From Reader's Digest

Carolyn Florella Boney, valedictorian of the 1948 graduating class at Camp Lejeune High School, has been given the Twelfth Annual Award of The Reader's Digest Association for students who by their successful school work give promise of attaining leadership, announced Mr. B. A. Barringer, principal.

Miss Boney will receive an honorary subscription to The Reader's Digest for one year and an engraved certificate from the Editors, "in recognition of past accomplishment and in anticipation of unusual achievement to come."

Since 1937, The Reader's Digest Association has presented these awards yearly in senior high schools throughout the United States and Canada to the highest honor student of the graduating class.

The award to Miss Boney, who is the daughter of Mr. and Mrs. G. E. Boney of 507 Butler Drive, Midway Park, is designed to stimulate scholarship, citizenship, and continued contact with good reading after graduation.

Read the Globe Classified Ads.

Scattered throughout the ranks were quite a number of veterans, some returning to Camp Lejeune for the second or third time. All enjoyed the recreation facilities and were enthusiastic about the training schedule.

Those units now in training are: 6th Infantry Bn., Philadelphia, Pa.; LtCol Robert W. Shaw; "B" Co. 6th Infantry Bn., Reading, Pa.; Capt. William V. Bottonari; 10th Infantry Bn., New Orleans, La.; LtCol James A. Moreau; "C" Co. 10th Infantry Bn., Shreveport, La.; 1st Lt. Junie F. Wilkins; 19th Engineer Co., Knoxville, Tenn.; Major Joe B. Wallen; 3rd 105 Howitzer Bn., Rome, Ga.; Capt. James M. Thomas; "B" Btry. 3rd 105 Howitzer Bn., Augusta, Ga.; Capt. Charles W. Lowery; "C" Btry. 3rd 105 Howitzer Bn., Decatur, Ga.; Capt. John A. Crown; 16th Engineer Co., Roanoke, Va.; Capt. William T. Watkins.

The remaining reserve units scheduled for training from 21 August to 4 September are: 5th Infantry Bn., Washington, D. C.; Lt Col. John E. Fondahl; "B" Co. 5th Infantry Bn., Lynchburg, Va.; Ma-

See RESERVE On Page 6

Member Of PLC Ties World BAR Record At Quantico Range

QUANTICO, Virginia (August 10).—Blasting the 1948 Browning Automatic Rifle record of 234, Marine Corporal Henderson Barkley III, 19, a member of the Platoon Leaders' Class here, went on to tie the existing world's record with a high score of 237 out of a possible 250 here at the Marine Corps Schools recently.

Firing both slow and rapid fire at 200, 300 and 500 yards from the prone position, Corporal Barkley equalled the previous record which was set on Guam in 1945. The 1948 record was established here last week.

The record firing was part of the training currently being given members of the Platoon Leaders' Class.

Corporal Barkley, who resides at 4514 Prytania Street, New Orleans, Louisiana, served in the Marine Corps in 1946 and 1947. He is presently enrolled at Tulane University from which institution he was accepted for officer training in the Marine Corps Reserve.

Discuss Camid Exercises

HEADQUARTERS, FMF, ATLANTIC—Brig. Gen. W. A. Worton, Commanding General, Troop Training Unit, Little Creek, Virginia, discusses the landing area being used during Camid III Exercises with Colonel R. M. Victory, Commanding Officer Boat Landing Team Two, on his right, and Colonel T. A. Wornham, Chief of Staff, TTU, on his left. BLT/2, composed of the 2d Marines under the command of Colonel Victory, are acting as demonstration troops during the Camid III Exercises scheduled for completion this week. General Worton is Landing Force Commander for the exercises. (Photo by M/Sgt. A. W. Rohde)

Requests For Overseas Assignments Still Accepted By HQMC

WASHINGTON, D. C. (August 10).—Enlisted personnel may continue to submit requests to Marine Corps Headquarters for assignment to overseas duty, it was announced today.

Those of the fourth, fifth, sixth and seventh pay grade having less than two years to serve on their current enlistments, and desiring a specific overseas area in which to serve, should express their willingness in their applications to extend their enlistments in order to meet the time requirement.

Extension of enlistments will not be affected prior to the receipt of transfer directives from Marine Corps Headquarters, it was added.

Leatherneck Copies No Longer Provided By Special Services

Copies of Leatherneck Magazine will no longer be distributed to Marines by Special Services offices, but will go on sale at Post Exchanges throughout the Corps beginning with the September issue, it was announced this week.

Individual subscriptions may still be obtained through authorized agents or by writing direct to the Leatherneck, P. O. Box 1913, Washington 13, D. C.

The magazine sells for 25c per copy at news stands or a full year's subscription by mail may be obtained for \$2.50. Most units have a Marine agent authorized to take subscriptions.

Special machinery has been set up for expediting the handling of the large number of subscriptions expected as a result of the Special Services change of policy, which results from a change in budget.

"Hit The Beach"

... the pictorial story of the Marine Corps in World War II and the VFW pictorial library of four volumes, "History of World War II," will be on display in Building 233 this Friday and Saturday between the hours of 0900 and 1700.

Government Life Insurance

No 'Flying Saucer'

Remember the days when "Flying Saucers" abounded in daily discussions? What were they, who had seen them? It was proven that these missiles of flight were no tangible objects and therefore unworthy of more discussion.

Remember when you were a child and you bought your first kite? What a thrill it was to see it up in the sky flying around as though it were a bird... how disappointed you were when that same kite caught itself on the telephone wires or the uppermost branch of a spreading tree. No more kite, nothing to fly, nothing to look forward to, it saddened your youthful hopes.

These days, dollar bills are flying around waiting for someone with an eye to the future to gather them while they fall. Everyone is anxious to anchor these bills to the ground but how many people do something about it today? How many of us are insured for the future needs of ourselves or dependents?

National Service Life Insurance is standing on its own record. Facts and figures prove that during World War II about 97 percent of all service men and women were covered by this insurance, to an average amount of protection close to \$9,500 each. At its peak, the total coverage under NSLI policies in effect was 149 billion dollars—about equal to the total of all commercial life insurance protection in effect throughout the United States.

The story of how we came to have National Service Life Insurance begins with World War I. Most commercial policies then offered either did not cover military service or provided coverage at prohibitively high rates. Congress, recognizing this situation, and knowing the needs for a plan of insurance for our sailors and soldiers, amended the War Risk Insurance Act of 1917 so as to allow Armed Forces Personnel to purchase insurance from the Government at normal peace-time rates. This insurance is known as U. S. Government Life Insurance.

Do not be misled by "flying saucers". Take heed of the tangible advantages of "flying dollars" and gather them while you are in the Armed Services.—The Bluejacket.

Books are the quietest and most constant of friends; they are the most accessible and wisest of counselors, and the most patient of teachers.

It is not of so much consequence what you say, as how you say it. Memorable sentences are memorable on account of some single irradiating word.

"A man wrapped up in himself makes a very small package."

Divine Services

SUNDAY PROTESTANT SERVICES

- 0800—Camp Chapel, Holy Communion Service
- 0845—Paradise Point, Church School
- 0900—Tent Camp, Worship Service
- 0900—Montford Point, Church School
- 0900—Theater, Courthouse Bay
- 1000—Montford Point Chapel, Worship Service
- 1000—Midway Park Church School
- 1000—Trailer Park Church School
- 1030—Naval Hospital Worship Service
- 1030—Camp Chapel, Worship Service
- 0830—Onslow Beach
- 1100—Midway Park Community Bldg., Worship Service
- 1100—Trailer Park Worship Service
- 1730—Rifle Range

All are invited to attend any of the above services.

WEEKDAY SERVICES

- 1800—Wednesdays—Montford Point Chapel, Midweek Service.
- 1845—Thursdays—Camp Chapel, Choir Rehearsal

ROMAN CATHOLIC SERVICES

SUNDAY MASSES

- 0730—Chapel (Hadnot Point)
- 0800—Theatre, Courthouse Bay

JEWISH SERVICES

Rabbi Jerome G. Tolochko of Temple Israel, Kinston, will conduct services each Tuesday evening at 2000 in the Camp Chapel. A social and refreshments will follow.

Chaplain's Corner

The Magic Word

Man in his attempt to become a Christian has been taught to read the Bible. He reads and reads; then he waits to see what will happen. We throw seeds into the ground and do nothing more, the ground takes care of it; and by and by the seeds will begin to sprout. Man has a vague impression that the Bible is just of that kind, and that you are to take a handful—just a handful mind you—of its truth, throw it inward, add two glasses of water and a good night's sleep—then wait to see if anything good comes up, thinking that there is some secret and hidden power by which goodness will sprout and grow.

There are a great many persons who have no very distinct conception of Christ but this, that there are some favored ones who may come into personal relationship with Christ, and that when they have come into that relationship, they are very happy, and have "got religion" as the expression goes. Therefore, they hurry back to their Bibles prefacing the act with a short sigh and wishing they, too, might become Christians. They read one, two, three chapters and wait to see if they feel any better. Since they do not know, they go back again and read more of their Bible, just as if it were medicine taken, they watch to see what the results will be. They are surprised when nothing happens. What's wrong? The magic doesn't work.

The power of the Bible rests in man's attempt to live by its truths. The Bible receives its magical power only when man attempts to live within the confines of its teachings. The Bible, when a closed book upon a shelf, is like any other closed book. It only receives power when a man searches the contents for those great teachings of Christ that point out the Way of Life.

The Bible is like a telescope! If a man looks through his telescope, he sees worlds beyond; but if he looks at his telescope, then he does not see anything but that! The Bible is a book to be looked through to see that which is beyond; to see that which can bring about a better understanding between man and man, and man and God. Therein lies its magic.

ROBERT "Q" JONES
Chaplain, 4th Marines.

Family Hospital

Stork Club

5 August—Howard Owens McDaniell to Mrs. Helen and Sgt. Edison McDaniell.

5 August—Leroy Claxton Chambers to Mrs. Myrtis and Cpl. Leroy Chambers.

8 August—David Thomas Rider to Mrs. Stella and Sgt. Alexander D. Rider.

Reserve Chaplain Guest Speaker at Camp Chapel

Chaplain Otis Bruce Newsom, USNR, will be guest speaker at the Camp Chapel this coming Sunday at the 10:30 a.m. services. He is a Reservist attached to the 3rd 105mm Howitzer Bn., from Atlanta, Ga. He was first commissioned in the Chaplain Corps in 1943 and served in the Pacific for 34 months with the Seabees and Marines. At present he is pastor of the Oates Avenue Baptist Church, in Columbus, Ga. He received his AB and MA at Mercer University, Macon, Ga. Chaplain Newsom also holds a THM and PHD degree from Southern Baptist Seminary in Louisville, Ky. Chaplain Robert "Q" Jones will conduct the regular services.

New Unified Justice Code To Be Drafted

WASHINGTON (AFPS)—A new unified code of military justice for the Armed Forces will be drafted to replace the present separate

What's New

Wish You Knew?

(AFPS)—Never before in the history of human events has news of the world held more significance or been of more interest to the serviceman. Despite the complexities of world conditions, the American serviceman continues to fulfill the proud boast that he is the best informed in the world. He maintains his place as a well-informed soldier through newspapers, radios and his own healthy, inherent interests. To judge the scope of your own general knowledge of national affairs, try answering the following news quiz.—Ed. note.

QUESTIONS

1. Under Senate rules, two-thirds of the present members can stop a filibuster by voting for "closure"—a rule under which each Senator can speak for only one hour on the bill in question. The closure rule was adopted after a filibuster by a "little group of willful men." Do you remember when that was?

2. The new French Government formed by Andre Marie includes three immediate predecessors as Premier. Can you name them?

3. The longest bombing mission, flown by B-29's against Japan in the late war, was about 3,200 miles. Three Boeing Superfortresses recently made a non-stop flight within the United States to exceed that distance. Do you remember where the flight was made and how far it was?

4. The Republic of _____ celebrated the 101st anniversary of its founding recently with a celebration attended by President V. S. Tubman at its capital city of Moravia. Fill in the blank.

5. Recent estimates place Soviet air power at from 8,000 to 16,000 first-line operational planes in its army and another 7,500 first-line planes in the Soviet Air Force as compared with about 7,000 planes in actual operation by the United States. What is the present rate of Russia's plane production?

ANSWERS

1. The closure rule was adopted by the Senate on March 8, 1917. President Wilson had demanded it after a group of Senators had filibustered his armed neutrality bill to death at the close of the previous session.

2. M. Marie's predecessors were Robert Schuman, Paul Ramandier, Leon Blum.

3. The Superfortresses made the first non-stop flight between Los Angeles and New York, a total of about 5,000 miles, as part of an Air Force program to mark the opening of the Idlewild, New York, International Airport. Lt. Col. James H. Thompson, who commanded the flight, described it as a routine hop that any B-29 could carry out at any time.

4. Liberia.

5. According to the magazine United Nations World, Soviet figures placed Russian aircraft production at 120,000 planes over a period of three years between 1944 and 1946; present-day production is estimated at 60,000 to 100,000 planes a year.

Army, Navy and Air Force systems.

Defense Secretary James V. Forrestal has named a committee of civilian and military experts to prepare the new code for submission to Congress.

Heading the group is Edmund Morris Morgan, Harvard Law School professor. Other members are Undersecretary of the Navy John Kenney, Assistant Army Secretary Gordon Gray, and Assistant Secretary of the Air Force Eugene M. Zuckert.

NEW RIVER RIPPLES

When Will Smith applied for driver's license in Detroit's crowded License Bureau, an officer hastily thrust a paper across the desk. "Write your last name first, your first name last," he said hurriedly.

"How's that again, sir?" asked Smith somewhat confused.

"Like I said," replied the officer.

Smith shrugged his shoulders. After all they knew what they wanted. Laboriously he wrote "Smith Will."

"What is it about a dachshund you don't care for?" asked the shopkeeper.

"They make such a draft when they come into a room," complained the sergeant. "They always keep the door open so long."

Col. E. O. Thompson, a Texas railroad man and a veteran of both World Wars, tells about an elderly friend who called and asked that Thompson "talk" to his son.

"You were his commanding officer," the friend said, "and may you can get him to settle down and go to work."

Colonel Thompson said he'd glad to see the boy, but suggested that he just needed a little more time for adjustment to civilian life.

"More time?" the father said. "He served in the first World War."

On a trip from North Ireland to Erie, an elderly Irish woman was stopped at the boundary line by the customs officer, who asked she had anything to declare.

"Only a bottle of water," she replied.

"What kind?" asked the official.

"Holy water."

Long experience had taught the officer to take nothing for granted so he asked to see the bottle. The lady protested, but he snatched from her and took a whiff of the cork.

"It's whiskey," he cried.

"Glorious," exclaimed the old woman fervently. "—a miracle!"

It seems that an Indian in New Mexico was smoke-signaling long messages to his Injun sweetheart a few miles away. Right in the middle of it, the atom bomb went off, covering the sky with smoke for miles. "Gosh," cried the Indian enviously, "I wish I'd said that!"

A fool and his money are soon parted—they were lucky to get together in the first place.

He was determined to mend his ways and not stop at his favorite tavern on the way home. Stiffening his spine and taking a grip on his will power, he passed on. After walking a few yards he stopped and said inwardly: "Al, my boy, I'm proud of you. Come back and I'll treat you."

One day Mr. and Mrs. Snak went to call on Mr. and Mrs. Rabbit. During the visit, Mrs. Snak noted the bunnies scampering over the place and sadly remarked to Mrs. Rabbit: "Oh, you must be so very happy. We can't multiply. You see, we're adders."

Sea Marines' Rifle Team Cops Honors in Gibraltar Match

ABOARD THE USS CORAL SEA (By Mail).—Answering a challenge from the British garrison of Gibraltar, the USS Coral Sea's Marine detachment came through with a high score of 761 to defeat rifle teams of the garrison's officers, noncommissioned officers, and the U. S. Naval Academy Midshipmen during a hotly contested competition match on July 9. The garrison's officers fired 15 shots below the score of the Marines for third place, while the Naval Academy "Middies" were inner-ups with 12 points below that of the sharpshooting Marines. After the meet the British served lunch for all competitors under shadow of the historic old rock. Captained by Second Lieutenant W. Ashlaw, the firing members of the Marine team were: Private First Class G. G. Pendas, Albany, New York; Corporal E. E. Wissler, Mori Heights, Illinois; Sergeant A. Richmond, Providence, Rhode Island; Corporal G. R. Steinke, Milwaukee, Wisconsin; Staff Sergeant A. C. Kailer, Brooklyn, New York; Private First Class J. R. Ado, San Antonio, Texas; and Private First Class H. E. Lucken, Chicago, Illinois.

Interesting Study of Anthropology Offered By MCI

WASHINGTON, D. C.—Have you found the missing link? A few months ago several Marines in China uncovered the bones of a prehistoric man bringing to the forefront the theory of evolution—the one of the many interesting problems studied by Anthropologists. Ancient cultures and societies interest students of history. The mystery and awe surrounding the tombs of the Pharaohs, the adventure and spirit of discovery in penetrating unknown areas belong to men who spend their lives exploring and examining the civilizations of ancient peoples. Anthropology is the study of man—his cultures, customs, religious and ethical values, and the effects See MCI on Page 7

Second Consecutive Award

The second consecutive award of the mess efficiency pennant was made to the 1st AAA Bn. mess hall at Courthouse Bay during ceremonies last Friday. Col. R. H. Jeschke, Officer in Charge of Reserve Training and Administration, made the presentation and is shown above congratulating the mess sergeant, M/Sgt. H. H. Holley. On Holley's right is the mess officer, WO J. A. Martin. (Photo by Pfc. LaTerre)

CG, MCRD, Parris Is. Host To Portuguese Naval Attaches

PARRIS ISLAND, South Carolina (By Mail).—Major General Alfred H. Noble, Commanding General of the Marine Corps Recruit Depot, here, recently played host to Captain J. M. Esparteiro and Commander J. N. Milheirico, Naval Attaches of the Portuguese Embassy in Washington, D. C. for a two-day stay.

The visiting officers who arrived here on July 29, were conducted on a tour throughout the post by Colonel Russell N. Jordahl, and attended a dinner given by General Noble. Also attending was Brigadier General John T. Selden, Director of Public Information and Recruiting, and members of General Noble's staff.

Following the viewing of the weekly battalion parade on July 30, Captain Esparteiro stated, "I am very glad that our mission here has been completed with such satisfaction and pleasure. The training we, the Commander and I, saw here was most enlightening and I have only praises for the fine job we have seen being done here. I hope that we may come back someday and visit again with our fine host, General Noble, who has been so considerate to us."

All Armed Forces Writers May Enter Army Song Contest

(SEA)—All personnel in the armed forces in the U.S. and overseas, and American citizens, are eligible to compete in a world-wide Army song contest. Civilians need not be connected with the military service to compete.

The Army is seeking an official song, distinct from any of the various arms or services.

Songs submitted must be original and of military character and range easily adaptable to marching and singing. They will be judged on a basis of originality, melodic and rhythmic appeal, fitness of words and over-all suitability of the song for general Army use.

Winners will be selected by a group of prominent judges and announced on Army Day, 1949. The first five winning songs will be See SONG CONTEST On Page 6

Promoted To 2d Lieutenant

During ceremonies Monday, General A. A. Vandegrift, 18th Commandant of the Marine Corps, congratulates four former officers who were promoted to second lieutenant. Maj. Gen. F. A. Hart, Commanding General, looks on after administering the oath of office. Left to right are Gen. Hart, 2d Lt. Joseph M. Wester, 2d Lt. Joel H. Holmes, 2d Lt. Charles B. Haslam, 2d Lt. Aubrey P. Ford, and Gen. Vandegrift. (Photo by Pfc. Rider)

Grateful Guamanian Says 'Thanks' By Enlisting In Corps

(SEA)—Enrique S. Gogo traveled to the United States from Guam to join the Marine Corps.

Gogo was interned in a prison camp with his parents when the Japanese occupied the island of Guam. His parents were killed later by the Sons of Nippon. When the U. S. Marines stormed ashore, Gogo was freed with the other prisoners.

So grateful for his liberation was the Guamanian that he discontinued his education and paid passage to the United States so he could enlist and serve with the unit that gave him his freedom.

The 21-year-old Marine is returning to Guam in his new uniform to serve with the Corps.

16th Marines Stage Operation "Fun" At Onslow Beach

After many a hard day of preparation for a big inspection, there is nothing like a moment to pause and relax. This is what the renowned 16th Marines did last Tuesday. With a wide assortment of refreshments and a well-planned recreation schedule, an enjoyable day was spent at Onslow Beach by the FMF outfit.

Games such as Horse and Rider, One Out (a variation of around the chairs), Beater Goes Around and the old reliable Tug O' War were played. The prizes consisted of cigarettes.

Cpl. Waida won the One Out game and was awarded a carton of smokes. In the game Beater Goes Around, Cpl. Goodrich came out on top and also received a carton of cigarettes. There were two winners in the Horse and Rider contest, Cpl. Neill and Cpl. Willinger. In the Tug O' War, an entire Battery won. It was the First Battery, 16th Marines.

An interesting fact concerning the Beach Party was that the Staff NCO's, instead of the usual messmen, served chow. As the old saying goes, "the tables were turned." The chow itself was equal to that of the Stork Club.

Stated T/Sgt. J. G. Twyman of Culpepper, Va., "I think the beach party is a great thing. It keeps up the morale of the men."

Sgt. E. L. Leiblein of Boston, Mass. thought it was "The best party I've seen in the Marine Corps. It's a good way to become associated with your fellow Marines."

Said Cpl. Eugene Sanders of Evansville, Ind., "A wonderful idea, they should have one a month. Gets more teamwork."

Pfc. J. J. Osborne of Brooklyn, N. Y., says, "It's a good party. Gives the men a chance to compete in sporting contests among themselves."

T/Sgt. C. D. Scott of Des Moines, Iowa said, "This is one of the best parties since I've been in the Marine Corps. Everybody has had a good time."

Dude—"Why do you ride while your wife walks?" Indian—"She no gottum horse."

Maj. Gen. S. L. Howard, CG, MGF, Pacific, To HQMC Next Month

Major General Samuel L. Howard, USMC, Commanding General, Marine Garrison Forces, Pacific, whose headquarters are at Pearl Harbor, will be ordered from his present assignment to Headquarters, Marine Corps, Washington, D. C., in September, it was announced this week.

General Howard was born March 1891, in Washington, D. C. He graduated from the Virginia Military Institute in 1912 and two years later was commissioned a second lieutenant in the Marine Corps.

At the outbreak of World War II, he was commanding the Fourth Marine Regiment in the Philippines and immediately threw his forces into the opening phases of the struggle to defend these islands. With his regiment, he participated in the defense of Corregidor against the Japanese invaders, where he commanded all beach defenses. Repeatedly exposed to enemy bombing and strafing attacks, he was awarded the Navy Cross for his outstanding qualities of courage, leadership and efficiency under the most difficult and hazardous conditions that lasted until the fall of Corregidor. He was captured by the Japanese in May 1942, and remained a prisoner-of-war until liberated in August 1945.

At the conclusion of the war, General Howard was returned to the United States. Shortly thereafter he returned to the Far East to command the famous First Marine Division at Tientsin, China, where he remained until assuming the command of the Marine Garrison Forces, Pacific, in June 1947.

Air Cadet Program Open To Qualified Enlisted Personnel

(SEA)—The Navy's program to train 1,979 aviation cadets during the year beginning 1 July 1948 has been opened to include enlisted personnel on active duty with the Navy and Marine Corps.

Candidates are enlisted into the Naval Reserve and agree to serve four years on active duty. This includes approximately 18 months' indoctrination and flight training and service in operating forces. Upon completion of flight training, cadets are commissioned as ensigns in the Naval Reserve or second lieutenants in the Marine Corps Reserve.

Requirements are: "A candidate must have satisfactorily completed a minimum of two full academic years (60 semester hours or 90 quarters hours) at an accredited college or university. Candidates with barely passing grades in a substantial number of subjects will be rejected. He must be a native born male citizen of the United States or naturalized for a period of at least 10 years. A candidate must have reached his 18th birthday but not have passed his 25th birthday on the date his application is submitted. He must agree to remain on active duty for four years including the period spent in training as a naval aviation cadet, unless sooner released by the Navy Department. The candidate must be unmarried and agree to remain unmarried until commissioned. He must attain at least a 'C' grade in the aviation qualification test, the mechanical comprehension test and flight aptitude rating. Each candidate must be physically qualified and aeronautically adapted for actual control of aircraft in accordance with the current edition of the Manual of the Medical Department, U. S. Navy. He must be strongly motivated to fly, and must possess potential officer-like qualities.

Transcripts of all college work completed before date of application must be attached to the original application for aviation cadet training. Specific instructions are contained in the application form which may be ordered by commands from any district publications or printing office.

vision at Tientsin, China, where he remained until assuming the command of the Marine Garrison Forces, Pacific, in June 1947.

Relaxation, Rigorous Style

A bit of fun and relaxation in the form of a beach party was the big event on the schedule for the 16th Marines last Tuesday. Some of the main attractions, of course, were unorthodox sports events intended to emphasize the fun and minimize the skill. Horse and Rider, above, was one of these contests with Cpl. Neill and Cpl. Willinger coming through the melee in sufficiently good shape to cop the prize. (Photo by Sgt. Robinson)

Lejeune Swimmers Sink Howard Univ.; Win Every Event

Lejeune swimmers have done it again! This time Howard University went to the bottom 58-23 as the Group VI representatives from Camp Lejeune took 10 out of 10 possible first places, and won both relay events. This was one of the most severe drubbings administered to Howard in recent competition, and indicates that the paddlers from Lejeune should make a fair showing at the All-Navy Meet in Philadelphia.

Complete results on the meet with Howard University are not available at this date, but they will be published as soon as received.

2d ComSerGrp Holds Series To Determine Baseball Champions

The Second Combat Service Group has caught the series fever, and is now in the throes of a three-day tournament which will decide the baseball champions of the outfit. Colonel Hough, Commanding Officer of the Group, will present a trophy to the winning team.

2d Supply met the Service Group team for the first game at Tent Camp Tuesday, and the two teams played the second game at Hadnot Point yesterday. Depending on the outcome of the first two games, the boys from Tent Camp may meet the Service Group at Hadnot Point for the crucial game today. Providing the game is necessary, as it probably will be, it will commence at 1500 on the main baseball diamond, and all who can attend are welcome. Both teams, it should be remembered, were runners-up in their respective intramural leagues.

Intra-Mural League Football Underway As Teams Organize

Intra-mural football got off to a good start this week, with almost every unit sponsoring a team now prepared to commence practice. From early indications there will be plenty of action on the Camp gridiron scene when league play starts in September.

The Second Engineers were the first team to get under way, when they started practice early last week. Lt. Kanzona is coaching the team, assisted by M/Sgt. M. M. Hatchell. At present there are about thirty men out for the team, with room on the squad for any Tank or Medical Bn. players who wish to play.

The Tenth Marines commenced practice this week, and Lt. Wilson and Lt. Harris, team coaches, had a large enough turnout to insure plenty of good material. 2d ComSerGrp has made no announcement as yet, but it is expected that the call to practice will be issued sometime next week. Division H&S Bn. also expects to start practice next week under the coaching guidance of Chaplain Sassaman. Marine Barracks has made no statement as yet, pending selection of a coach.

Contrary to last week's an-

AmTracs, Midway Battle For Camp Baseball Crown

The major leagues have nothing on Camp Lejeune now, for the 2d AmTrac Bn and Midway Park, American and National League pennant winners, commenced the Camp Lejeune Championship Series at Courthouse Bay Tuesday. It is a seven game affair, and don't be surprised if it takes the full seven games to determine the baseball champs of Lejeune. Both teams have fine records and are out to bring home the title.

The first two games were played at Courthouse and Midway, respectively; tonight's game will start at Courthouse at 1730, and the fourth game of the series will be played at Midway on Monday, 23 Aug., at the same time. The final three games will be played at Hadnot Point next Wednesday, Thursday, and Friday, all games starting at 1730.

These two teams are comprised of the finest baseball talent in Camp outside the varsity team—each team has played several games outside Camp, and played successfully too, so remember that Hadnot Point diamond will be the place to be next week when Midway meets the AmTracs for the deciding games in the Camp Lejeune Championship Series.

Blind Hole Tourney Results Announced; TSgt. Harless Wins

Results of the Nine Hole Blind Draw Golf Tournament held at Paradise Point last Saturday were announced by M/Sgt. Adams, NCO in charge of the course, on Monday. Holes selected in the blind draw and counting on tournament scores were 1, 7, 8, 11, 12, 13, 15, 16, and 17.

First prize of an \$8.00 PX Merchandise Chit went to T/Sgt. M. H. Harless, whose score of 44 with 1-2 his Handicap subtracted was 30 1-2. M/Sgt. J. F. Gallagher took second prize of a \$6.00 PX Chit with a score of 31 1-2, followed by Ens. E. F. McCormack, Jr., who had 41-9 for 32 and the \$6.00 third prize PX Chit.

Capt. H. D. Hutchcroft tied with M/Sgt. H. L. Walters for 4th, so the fourth and fifth prizes of \$4.50 PX Chits went to them. Capt. Hutchcroft had 47-13 1-2 for 33 1-2 and M/Sgt. Walters had 44-10 1-2 for the same score. Col. G. H. Cloud and Cmdr. W. F. Lyons also tied, for sixth and seventh prizes, and each was awarded a \$2.50 PX Merchandise Chit. Col. Cloud had 46-11 for 35, and Cmdr. Lyons had 48-13 for a score of 35.

Most of us think saving money's a wonderful idea—for the fellow! But not the Payroll Savings "regulars." They KNOW that when you buy Savings Bonds the convenient, automatic way it's actually EASIER to save your folding money than to spend it.

Announcement in the Globe, the Camp Intra-Mural Football League will consist of six teams, not seven as was stated. 2d Supply Bn. personnel will play with 2d ComSerGrp, as will VMO-1. With the change, 2d Med Bn. will play with the 2d Engineers.

Lejeune Tracksters Leave Today To Enter All-Marine Corps Cinder T

With the All-Marine Corps Track and Field Meet only one day away, the Camp Lejeune cinders for All-Marine honors were in fine fettle yesterday as they wound up training for the big meet. The leaves today for Quantico. Track mentor Lt. Col. Robertson, a former University of South Carolina valedictorian, said that his charges are in fair shape and should offer some stiff competition at Quantico.

To Represent Lejeune At Quantico

R. B. HOWELL

R. H. SCHARGUS

Conditions at Camp during the short training period have been the best—the track is really slow, and intense heat and rainy days have not aided track and field men in their quest to get in shape. Col. Robertson and his assistant, Lt. Switzer, are hoping that better conditions at Quantico will make for faster times and greater distances for Lejeune men.

The Camp representatives leave here three and four in most events, and undoubtedly the strongest in the field everywhere. Bob Schargus and R. H. Schargus are outstanding in all weight events. Schargus was captain of his high school track in Connecticut, and has been winning excellent results in the 100 and 200 yard dashes. He is also a high school star and, entering the Corps, heaved shot in many Pennsylvania district meets.

G. E. Kalke, who will compete in high and broad jumps at Quantico, is definitely one of the outstanding men on the team; if he can sail through the preliminaries in practice session, he will be among the leaders at the big meet. Kalke, a sergeant in H&S Bn., hails from Michigan where he set the state high school broad jump record in 1945, placed second in the high jump. Sgt. R. B. Howell of the 2d AmTrac Bn. is a Pennsylvania vaulter who once held the Eastern Penn Class "B" record for the event.

Dick Woods is one of the fast runners on the team, who probably no surprise to those who watched him circle the bases of the Camp baseball team this morning. His entry onto the track over his ambitions, for he wanted to go out while in high school, baseball season always seemed to interfere.

Pennsylvania seems to have corner on the track men from Lejeune—Battiste, Hewitt, and son, speedy runners all, are the Quaker State, as is J. E. T. a high jumper from Philadelphia where he held the City Championship in 1946.

Al Ruscio, the ace middle distance man of the Group, from Jersey, is another who did before entering the Corps. Ruscio has been turning in excellent for the 880 the past few days, may come away from Quantico of the top men.

The Commandant of the Marine Corps, General Clifton B. Clegg, will be present at the meet, along with the Marine Corps Band, Washington, D. C. Other Marine Corps dignitaries will also be present.

It is to be emphasized again that the events will be run and scored computed for individuals, rather than teams, with the exception of the relays.

Roster of men going to Quantico follows:

100 Yard Dash: Battiste, Woods, Vinson, Bell.
220 Yard Dash: Woods, Battiste, Vinson, Hewitt.
440 Yard Dash: Hewitt, Hatter, Huff, Halpin.
880 Yard Dash: Ruscio, Clegg, Hatter.
110 High Hurdles: Brand, Dauer.
220 Low Hurdles: Brand, Dauer, Cloeman, Watson.
Pole Vault: Howell, King, Kalke.
High Jump: Kalke, Ty, Wolfe.
Broad Jump: Kalke, Brand, Berymer.

Shotput: Bare, Schargus.
Discus: Schargus, Bare, Watson.
Javelin: Schargus, Bare, Clegg.
440 Relay Team: Woods, Battiste, Vinson, Hewitt, or Bell.
1 Mile Relay: Hewitt, Vinson, Ruscio, Halpin, or Huff.
1 Mile Run: Ruscio, Clegg, Boone, Veberst.
Two Mile Run: McDowell, Sn...

First Sergeant: "Every time I look at you guys, I feel that I'm doing something out of the ordinary."

Sports Summary

...By Porterfield

Perhaps everyone knows that Lejeune has a good swimming team, but how many men on the base realize that it is probably the best Marine team entered in competition? Never before has any group of Marines done so well in the water—unless it was an amphibious landing, and that is not considered a sport. These Mermen from Lejeune have swept just about all available competition they can find overboard; and, although they will be meeting the best the Navy has to offer in the All-Navy match in Philadelphia, it's almost certain that, barring misfortune, we can look forward to at least two or three All-Navy records being brought home to Camp Lejeune.

Another part of the sports scene which is often overlooked is the skeet team which, operating against the better civilian teams around the country, and doing well too, will probably go to Nevada next month for the National Skeet Shoot. Many members of this team, headed by W. O. Stowers of Motor Transport School, spend their weekends going to various matches in this and neighboring states.

Intra-mural football is coming onto the scene again, and those of you who remember the fine brand of ball played last year should be looking forward to the opening game in September. All the teams will welcome the addition of those players cut from the Varsity squad, for the Camp team's loss will be Intra-mural League's gain.

No one who can make it should miss the series between Midway and the 2d AmTrac Bn.—it will be some of the hottest baseball played in Camp this year, and really could be called a series to determine the champs of this part of the state, for both teams have won many games outside Camp. Chaplain Felder, strikeout ace of the AmTrac Bn., and Pappy Diem, experienced curve ball artist for Midway, will probably be the starting pitchers.

The boathouse is the scene of busy activity these days, what with everyone getting ready for the big Labor Day Regatta, and some fine races are in the offing, especially in the Lightning Class.

Varsity football should be the big gun for Camp Lejeune this year. It's really too early to tell yet, and the practice sessions give no cause for over-optimism, but it is a safe bet that no team will find a pushover when they come up against the Camp team this fall.

Read the Globe Classified Ads.

MSgt. Cogsdell Wins Second Straight In Lightning Class Race

A brisk and frisky wind insured all hands who took part in the regular weekly regatta at Wallace Creek last Sunday excellent time over the course. A better day couldn't have been asked for as the sailboats skimmed over the reaches of Morgan Bay.

M/Sgt. Cogsdell rang down the curtain with a repeat performance for the second straight week as he finished with first place honors in the Lightning sailboat event. From the second the starting gun was fired, he leaped to a comfortable lead which was never strongly challenged.

A fight was underway throughout the first part of the course however, for second place. Cpl. Berg made a strong bid for this position on the first leg of the course but was given a big rush by Major Houser, who outflanked and outmaneuvered Berg to Channel Marker No. 36—the crucial turning point of the race. From the marker until the finish it was 1-2-3, M/Sgt. Cogsdell, Major Houser, and Cpl. Berg.

Pfc. Numeracki, and Pfc. Geser who finished 4th and 5th, in that order, sailed with trim sheets after poor starts. These skippers were followed by Pfc's Snyder and Dittoe.

No competition was offered Lt. McPherson in the Town Class event, he had merely to cover the course to gather in a valuable twenty points toward the Labor Day Regatta.

Including this race, the summary of points toward the Labor Day Regatta stand: Cpl. Berg, 56; Major Houser, 53; Pfc. Geser, 53; M/Sgt. Cogsdell, 40. Lt. McPherson is far out in front in the Town Class with 59, followed by WO Krohn, 36, and Pfc. Dittoe, who has secured 18 points.

Navy Regains Armed Forces Tennis Title

(SEA) — The Navy tennis team has been declared the 1948 Armed Forces' Champions by virtue of a 6 to 1 defeat of the Army netmen on the courts of the Army-Navy Country Club at Arlington, Va., and a previous 4-3 win over the Air Force.

Led by Captain James Farrin, USN, team captain, of Washington, D. C., the Navy players won three singles and three doubles matches with the Army. The sole Navy loss in seven events was a singles match won by Lt. Frank Mehner, USA.

DATE	TIME	EVENT	PRIZES	REMARKS

Way Wins Series 2d Supply To lat'l League

ay Park grouped six hits
e runs to down 2d Supply
when they met at Tent
ast Thursday for the de-
me in the series to deter-
ne winner of the National
Baseball League.

Diem and MacNeill shared
honors for Midway, allow-
ing hits, and Washington
six for Second Supply.

A grand total of \$500.00 in PX
Merchandise Chits has been set
aside from the Camp Recreation
Fund to award prizes to the win-
ners and runners-up in each
Flight. There will also be prizes
for the Low Medal Score in the
Qualifying rounds as well as for
each person qualifying in the
Championship and First Flight.

Watch the GLOBE for further
information concerning the An-
nual Golf Club Championship.

Golf Championship Qualification Play Starts Next Week

The first leg of the annual Camp
Lejeune Golf Club Championship
will begin on August 28th at Para-
dise Point. Men's qualifying
rounds will be 36 Hole Medal Play
on Course No. 1 between 28 Aug-
ust and 6 September. Women's 36
hole qualifying rounds must be
played on course No. 2 between
the same dates.

A grand total of \$500.00 in PX
Merchandise Chits has been set
aside from the Camp Recreation
Fund to award prizes to the win-
ners and runners-up in each
Flight. There will also be prizes
for the Low Medal Score in the
Qualifying rounds as well as for
each person qualifying in the
Championship and First Flight.

nual Golf Club Championship.

Marine Colonel Is Tenth In Olympics Free Rifle Matches

BISLEY, England, Aug. 6.—
Emil Grunig of Switzerland scored
1,120 points out of a possible 1,200
today to win the Olympics' 300-
meter full bore rifle championship.
America's best showing was made
by Emmet G. Swanson, Marine Re-
serve Lieutenant Colonel, at one
time stationed at Camp Lejeune,
who registered 1,079 points to fin-
ish 10th.

P. A. Janhonen of Finland was
second with 1,114 and W. Røgeberg
of Norway was third with 1,112.

Arthur C. Jackson of Brooklyn,
N. Y., finished 16th in the field
with 1,067, and Frank T. Parsons of
Chevy Chase, Md., was 18th, with
1,057.

Sports Quiz

By Armed Forces Press Service

1. Herman Hickman is the head
football coach at Yale. Do you re-
member where he served as line
coach from 1943 to 1947?

2. Can you name the cities in
the United States which have
been the scenes of Olympic
Games?

3. Eddie Arcaro holds the re-
cord for riding Kentucky Derby
winners. How many times has this
great little rider brought his
mount home first in the Churchill
Downs classic?

4. The head of the All-Ameri-
can Girls' Baseball League led the
National League in stolen bases
for ten years. Can you name him?

5. One of the following ball
players batted 254 hits in
1929, a National League record:
Was it Paul Waner, Red Lucas or
Lefty O'Doul?

ANSWERS

1. Hickman was line coach for
the United States Military Acad-
emy at West Point.

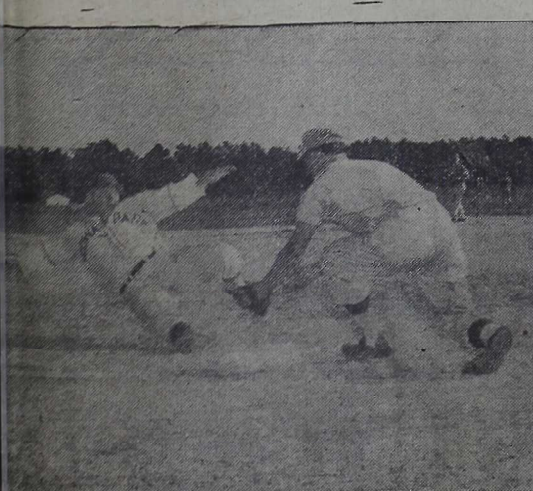

2. St. Louis in 1904 and Los An-
geles in 1932.

3. Arcaro led the field home in
the Derby on four occasions.

4. Max Carey was this Jesse
James of the base paths. However,
Ty Cobb's 96 stolen bags in 1915
remains as the modern American
and National League record for a
single season.

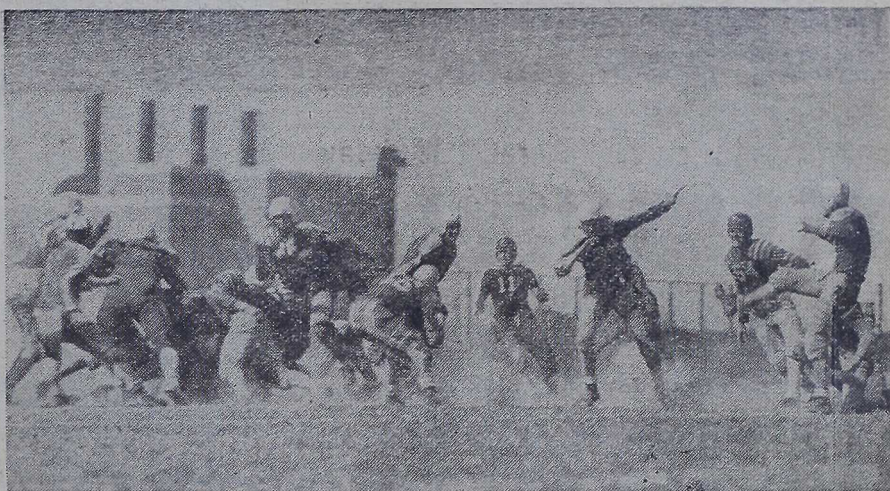

5. Lefty O'Doul.

Out At Third

Walters is out at third in a close play during the final game of
the Midway-Park-2d Supply series to determine the winner of the
National League. Midway won the game, 3-0.

Lejeune Football Team Scrimmage

The line holds for a safe punt during a scrimmage game at the football field as the Camp Lejeune
football team practices for the coming season.

Camp Football Team Ends Saturday's Scrimmage With Another Large Cut

After a mild scrimmage last Saturday, Coach Missar again cut the strength of his squad by half. There
were not a few bruised noggins and breathless lungs during the course of the workout—an indication that
there is still a lot of work to be accomplished before the team can face the tough schedule mapped out for
them.

There are still about five weeks
of practice before the first game,
however, so the team has plenty
of time to round out into tip-top
shape.

Monday saw the return of the
Spring practice men to active par-
ticipation, bringing the squad to-
tal up to around seventy-five men.
With these men to augment an al-
ready large squad, Major Missar
and his staff of coaches should be
able to screen out some likely
players during the next few weeks.

Right now the team is looking
weak in the end spots and the
fullback position, where only one
man, Pfc. Stein, has shown up
well. The stiff conditioning and
extreme patience of Major Porti-
lo, backfield coach, and Captain
Gallo, handling the ends, should,
if the material is there, develop
these weak points before the

game with Philadelphia Naval
Yard on 25 September.

Captain Marshall and Lt. Bevers,
center coaches, have become slight-
ly concerned about that position,
where Overholt is the only man
with any great promise so far.
There are several other good pros-
pects, however, so there is no cause
for too great an anxiety as yet.

The tackles are big and beefy,
and really were the hardest work-
ers at the last scrimmage. Sgt's
Martin and Ward fought with Barto
and Bakewell all morning, with
neither side gaining much either
way.

Clinkscale and Thompson are

showing up fairly well at right
half, and there is plenty of quar-
terback material in Romy, Slater,
Chiapuzito, and Renshaw. So far
Sparks and Fabrizio have been
doing well at guard, and Miller
and Johnson have stood out at left
half. Both positions are wide open,
yet though, and there are plenty
of candidates for both positions—
as there are for every position on
the team.

The Lejeune team formation
will remain a deep secret until the
opening game, but it can be said
that Coach Missar will not place
all his hopes on any one forma-
tion.

Camp Lejeune Baseball Team Batting and Pitching Averages—'48 Season

Batting averages of the Camp Lejeune baseball team for the sea-
son just ended are given below. The information includes the tourna-
ment play at Norfolk. The team played a total of 57 games, winning 46
and losing 11. The team batting average was .303 for the season—
definitely in the upper brackets.

Lock, Stalk And Billfold

GOSHEN, Ind. (SEA)—For fear
thieves would get his billfold, an
enterprising mechanic rigged up a
little lock on his pants pocket. A
few days later, two robbers trailed
him, dragged him into an alley,
took off his pants and made away
with them—lock and all.

Golf Schedule

28 August—Flag Tournament.
(Plant your flag at your last
stroke).

Watch the Camp Lejeune Globe
for all the details as the tourna-
ments are scheduled. Prizes will
be given for all tournaments.

Civilian Personnel Guide

SAFETY NOTES OPERATION OF POWER TRUCKS

1. At the beginning of each shift or if you change to another truck try out the brakes first.
2. Keep your truck under control. Speeding will only get you into trouble.
3. In crowded aisles and when approaching intersecting aisles, drive slowly and cautiously.
4. Never lounge on the truck while it is in motion. Face in the direction of travel and be alert for danger, particularly when backing up.
5. Never leave truck without shutting off the power and removing the switch key or control handle.
6. Make your warning signals heard but use them only when necessary.
7. Keep a safe stopping distance from other trucks or pedestrians. Always give a pedestrian the benefit of the doubt, he may be deaf.
8. When approaching an elevator, bring truck to a full stop at least six feet from the gate and set the brakes. Walk to the signal button to ring for the elevator. Do not start truck until elevator has stopped. Be sure total weight of truck and load does not exceed safe capacity of elevator.
9. Never haul loads that are not properly piled or trimmed for clearance.
10. Keep to the right of aisles.
11. Do not permit unauthorized persons to ride on truck or trailer.
12. Never tamper with the truck mechanism.

LEAVE POLICY

Attention of all civilian employees is invited to Industrial Relations Office Memorandum No. 14, dated 12 August, 1948. This memorandum contains all the information regarding leave policy that all employees should want to know. Upon receipt of this memorandum by department heads, the present leave regulations are superseded and cancelled.

Beginning Monday, August 16, the Training Section will conduct classes for the next two weeks for all civilian supervisors on the base. These classes are considered necessary in order that all departments will have the same interpretation of the leave policy. It is considered important to good supervision that all supervisors be acquainted with the leave policy so that they may be able to pass the information along to their employees when called upon to do so. This will eliminate numerous questions of the employees being unanswered, thereby leaving the employee "in the dark", and also reduce the number of calls and visits of employees to the Industrial Relations Office and the Department head.

Subjects that will be discussed in these classes are:

- (1) Annual Leave.
- (2) Sick Leave.
- (3) Military Leave.
- (4) Court Leave.
- (5) Holidays.
- (6) Excused Absences.
- (7) Absence Non-Pay Status.

Listed below are a few of the terms and their definitions which are for leave purposes only and are to be distinguished from identical terms having other meanings in other connections.

Accumulated Leave. Unused leave remaining to the credit of the employee at the close of the calendar year.

Contagious Disease. A disease

ruled as subject to quarantine as defined by the health authorities having jurisdiction.

Court Leave. Leave for attending court as witness on behalf of the United States or the government of the District of Columbia, or for jury duty.

Current Accrued Leave. That part of the leave for current year earned but not used.

Excused Absence. Absence administratively granted an employee which is not charged to leave of any kind and for which there is no loss of compensation.

Leave Without Pay. Approved absence from duty without pay, usually at the request of the employee.

Medical Certificate. A written statement signed by a registered physician or other practitioner, certifying to the period of disability of the patient while he was undergoing professional treatment.

Military Leave. Leave of absence with pay for the purpose of receiving military training.

Non-Pay Status. An absence from duty for which no compensation is paid.

Month of Service. A period in pay status covering a full calendar month or beginning on any date of a calendar month and ending at the close of business of the preceding date in the next calendar month.

Overdrawn Leave. The amount of leave advanced beyond that earned.

Pending or Indeterminate Status. An absence from duty without charge to leave and without pay pending determination of the reason for the absence, substantiation thereof, and appropriate action.

Permanent Employees. Those appointed without limitation to length of service or for definite periods in excess of one year, or for the "duration of the job"; and those who, although paid only when actually employed, are continuously employed for a period of not less than one month, as distinguished from part-time or intermittent employees. The term includes employees serving as temporary indefinite employees under the Civil Service Regulations.

Temporary Employees. Those appointed for definite periods of time not to exceed one year.

Unauthorized Absence. Absence from duty without official approval.

All employees are advised to consult the above memorandum in regards to leave policy, which will be made available to them through their department heads. Also they may direct their questions to their immediate supervisor after the supervisor has attended the above-mentioned classes.

WATCH REPAIR SERVICE

DOES YOUR TICKER TICK PROPERLY?

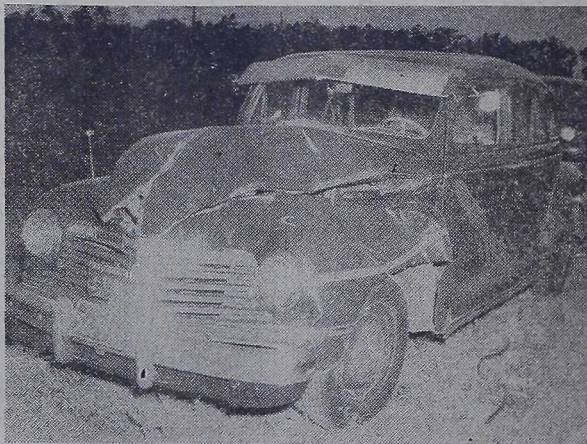

Did you almost miss that formation because your watch is lagging? Even if it has stopped completely, don't worry—take it to Mr. Hartfield, Exchange watch repairman. He'll fix it for half the cost you'd pay elsewhere.

HERE ARE SOME SAMPLE PRICES:

Clean, oil and adjust	\$2.50
Main Springs	\$2.00
Main Spring with cleaning job	\$3.00
Crown on Stems	\$2.00
Crown on Stems with Cleaning Job	\$3.00

Cheap enough, yes—and done by well-trained men. You'll find this service in the Cobbler Shop across from Cleaning & Pressing in the Central Shopping Area.

Object Lesson Number 29

Part of the second general order, "Keeping always on the alert, and observing everything that takes place within sight or hearing," is a mighty good order for every vehicle driver. Being careful himself is not always enough, the driver must often allow for the other fellow's mistake. Even an unwary cow can do a lot of damage. (Photo by Pfc. Ayers)

3rd Bn., FMF WesPac Holds Field Day

TSINGTAO, China (By Mail).—Men of the Third Marine Battalion, Fleet Marine Force, Western Pacific held their annual field day at Lester Field and the Force Enlisted Men's Club here recently. Before a crowd of several hundred cheering and laughing spectators the Marines sprinted, took part in various events that ranged from Rickshaw races to pie eating contests during the furious intra-company competition.

The companies winning the various events were Headquarters Company taking the Yoho Pole Race, 60 yard dash, Sack Race, 100 yard dash and the M-1 rifle assembly and disassembly. "A" Company won the Wheelbarrow Race, Machine Gun Drill, Mortar Drill and Rickshaw Race. "B" Company walked away with the Baseball Throw, Pie Eating Contest and the shot put. Meanwhile "C" Company took the Browning Automatic Rifle assembly and disassembly, Three Legged Race, Tug-of-War and the Clothes Stripping contest.

"C" Company, making extra efforts near the end of the meet, surged forward to come out on top with a score of 59 points, breaking the 56 point lead which Headquarters Company held up to the last few events. Headquarters Company was followed by "A" Company with 53 points and "B" Company with 52.

At the end of the field day, presentations of prizes were made to the winners of the events by Colonel Frederick L. Wieseman, Commanding Officer of the Third Marines, and a plaque was awarded to "C" Company's winning Tug-of-War team. Also, a pennant was awarded to the Company that won the weapons competition.

Song Contest

CONT. FROM PAGE 3

publicized in the hope that an official Army song may be selected and announced on Army Day, 1950. Winning songs will be recorded on V-Discs, published in the Army-Navy Hit Kits, and performed on Army radio shows.

Suitable awards, including a \$1,000 savings bond as first prize, will be awarded.

Entries in the contest will first be screened at Army or overseas command headquarters by a committee appointed by the commanding general of each Army in the U. S., the military district of Washington, and each overseas command.

Great Nebraska 'Navy' Origin Explained

(SEA)—The famed Nebraska "Navy" got its start when a state official became the butt of "ribbing" because he had so little to do.

Back in 1931, Theodore W. Metcalfe, then lieutenant-governor, dreamed up a job for himself by creating the "Great Navy of the State of Nebraska." He appointed himself "Chief Admiral" and took on all responsibilities connected with the position.

The idea caught on and now Nebraska has a great landlocked "navy" with no officially commissioned ships. Everybody in the "navy" is an "admiral." The commissions are usually given celebrities who visit Nebraska. Included are such notables as President Truman, Generals Eisenhower and

Foreign Purchases Up To \$400 Value Admitted Duty Free

(SEA)—Navy and Marine personnel returning to the U. S. may bring in duty free articles acquired while abroad to but not exceeding \$400 in value.

Personnel must have been beyond the territorial limit of the U. S. for at least 12 days to be eligible for the \$400 exemption.

Personnel who have been beyond the territorial limit for at least 48 hours but less than 12 days may bring in duty free articles up to but not exceeding \$100 in value.

As stated in JAG letter (NDB, 15 July 1948), "United States" as used in connection includes all possessions of the U. S., Alaska, Hawaii, Wake Island, Midway, Kingman Reef, and the Guam.

The value of articles includes distilled spirits, wine and liquors (aggregating not more than one wine gallon and exceeding 100) is limited.

To be admitted duty-free articles must not have been in commission or with the U. S. Navy.

Personnel who have been beyond the territorial limit for less than 12 days must not have taken advantage of the exemption within a 30-day period preceding their return to the U. S. Those who have been beyond the limits for more than 12 days must not have taken advantage of the exemption in a six-month period preceding their return to the U. S.

Navy and Marine personnel returning to the U. S. on naval vessels or aircraft are not permitted to take aboard alcoholic liquors, provided the vessel or aircraft is not engaged in the transport of cargo or passengers.

2d Supply Battalion Holds Recreation Party At Tent Camp

Last Friday afternoon, Tent Camp was the scene of an excellent recreation party for the personnel of the Second Supply Battalion. The party was well organized and conducted, with plenty of refreshments and various contests on the schedule.

Commencing in the early part of the afternoon, the party was launched with music by the first section of the Division band and an inter-battalion football game. Later in the afternoon, field and track events were held, and the winners in each event were presented with appropriate prizes.

The afternoon's activities were brought to a close with a tug of war between the various companies of the battalion. These tug of wars proved to be quite amusing and all hands finished the party tired but happy.

Guests of honor were Colonel John F. Hough, commanding officer of the Second Combat Service Group, and Lt. Col. Arthur P. McArthur, commanding officer of Tent Camp.

Charles W. McGaughey, of wide experience, and in the operation of the largest exchanges in the Marine Corps. e Steward of Central Exchange—an Exchange Department store size departments stocked to s with all the merchandise for the Marine and

1240 ON YOUR DIAL
WJ NC

By GORT WILBUR

HEAT WAVES, TYPEWRITER KEYS AND KILOCYCLES: Harry

Wisner, who will do the play-by-play airstac exclusively over WJNC and Mutual on Friday night, beginning at 8:30 p.m., of the Chicago Cards vs. College All-Stars grid tilt at Soldiers Field in Chicago, pointed out the other day that the Cardinals this year will be playing with a two-fold purpose in mind. They're out to stop the All-Stars winning skein in the annual series . . . the Collegians won two in a row, 1946 and last year . . . and they'll be out to prove to the National Pro League that the Cards are still the best team in the pro league.

The Cardinals, Wisner points out, never have won the pro title . . . and accordingly never before have been entered in the 15-year history of the Chicago pre-season grid classic. But they're facing the toughest rah-rah crew ever fielded by Head Coach Frank Leahy of the All-Stars. Such stars as Bob Chapuis, Chalmers Elliott, Johnny Luck and Charlie Conerly are scheduled to wear College colors.

Harold "Red Grange, ex-Illinois grid great, who will join Harry in the MBS play-by-play coverage of the game, concurs with the noted sportscaster in these views, and adds: "After seeing the All-Stars in training these past couple of weeks I've got a hunch they'll repeat and make it three in a row over the National leaguers."

However, those Cards are a rough, tough outfit, and me-thinks the head mentor won't make the same mistake that Halas did in last year's game. The Bears lost last year primarily because they discounted the fact that it would still be hot in Chicago. The All-Stars simply raced the heavier pros right off their feet with sub after sub. The Cards might have learned something from this. However, for the final outcome listen to WJNC on Friday night beginning at 8:30 and right on to conclusion. Maybe a lesson hasn't been learned.

Riders to Pittsburgh, Pa., or Youngstown, Ohio, over this week-end. Leave approximately 1630 Friday 20th August and return 1630 Monday. Call Cpl. Wilgus at 3586 during working hours or 5472 after 1630.

LOST AND FOUND

Lost: Black billfold. Sgt. M. W. Jefferson. Lost at Main Theater 12th Aug. Call 5479 or Bldg. 1313.

Found: Wedding ring, "C" musketry range, 11th Aug. Call LtCol. Hanna at 3524, or call at Bldg. 214.

Lost: Small brown worn billfold. Contains money and personal papers. Call MSgt. Cowart at 5124 during working hours. 2727 after 1630.

Found: Valuable wrist watch in Jacksonville. Owner may have same by calling J.Ville 693 and describing it.

Woman may be physically weaker than man, but she can put a cap on a fruit jar so tight he can't take it off.

Join payroll savings TODAY! You'll find it the safest, SUREST step you've ever taken!

Outdoors

WITH MAJOR DON CARPENTER

Editors Note: This is the first of a series of two articles by Major Don Carpenter, USMCR, an authority on fishing in east coast waters. He has written two books on fishing, magazine articles, and has been the author of "Outdoors", a hunting and fishing column in five large newspapers for over ten years. The editor-in-chief went on a fishing trip with him, last Sunday, and the catch of two hundred fish, which according to the Major was less than average, included sea bass, ling, porgie, weakfish, grunt, pigfish, hogfish, pinfish and blowfish. We think that speaks for his fishing know-how.

Camp Lejeune, North Carolina—Washington's Fifth Infantry Battalion is scheduled to arrive here August 21, hence our report on outdoor sports for the more than 600 D. C. civilian Marines and their families.

Lack of mosquitoes here making fishing and hunting favorite sports. Constant DDT spraying by fog and hand-gun have reduced the pests to the point of extinction.

Camp Lejeune which covers an area of 173.8 square miles, is noted for its fine fishing and hunting. It is located 60 miles north of the famous Frying Pan Shoals deep sea sport fishing grounds.

Game abounds in the natural wild areas of the camp. We have seen as many as two deer at a time. Fox, racoon, quail are plentiful. In the Camps 26,000 acres of water live hundreds of fish species. Waterfowl abound in season and certain areas have been set aside as bird refuges.

ALLIGATOR KILLED
Most unusual sport here is hunting alligators in the dark-water lagoons. Last week Marine Reserves from Baltimore killed one that measured 5½ feet. Larger ones are frequently shot.

Fresh and brackish waters in camp abound with large mouth black bass sometimes weighing 12

pounds. Pickeral hide under the lily pads and in the water grass.

During open seasons, Marine hunters draw shotguns and shells, while fisherman can be issued anything from a sunfish hook to a piece of shark bait. It's all free. Sailboat races are held regularly.

MANY BLUEFISH
Right now, New River and the Intercoastal Waterway that flows through the camp are teeming with gamey snapper bluefish. Sunday we caught over 40 blues in a couple of hours, casting with only a grey hackle fly and colorado spinner. From a rowboat we caught nearly a dozen kinds of gamey pan fish in a few hours.

Swimming is good on Onslow Beach, but to the surf caster the breakers are grand. Recently red drum and channel bass weighing up to ten pounds each have been numerous in the slews along the beach. In a few hours Sunday, we caught kingfish, sting ray, Gaff-Top-Sail catfish and a pompano. Marine bathers last week captured a 300 pound turtle in the sand.

Bait is no problem. You can catch your own live shrimp and mullet or the camp recreation facilities will provide free bait.

Most glamorous sport is deep sea trolling and bottom fishing parties that are arranged weekly. Government boats are provided and gas is paid for with recreation funds. The camp has purchased 15 custom built deep sea trolling outfits worth over \$100 each for the use of Marine personnel. In the Gulf Stream off shore, sailfish, barracuda, amberjack, tuna and other salt water fish abound. — Reprinted from Washington Daily News.

Coast Guard Passes 158th Anniversary, 'Always Ready'

WASHINGTON (AFPS) —The United States Coast Guard, sea arm in both war and peace, recently celebrated its 158th anniversary.

Founded originally as the Revenue Marine, the Coast Guard has many claims to distinction.

Functions of the Coast Guard include the enforcement of our nation's laws at sea, the maintenance of sea and air rescue service, the providing of assistance to ships at sea and on the Great Lakes, participation in the International Ice Patrol, and supplying weather information for transoceanic planes.

When floods strike inland communities, Coast Guardsmen, adept at handling small craft under emergency conditions, are dispatched to the scene. Lighthouses, buoys, and all navigational aids that protect American shipping, are supervised by the Coast Guard. During war-time, the Coast Guard functions as a branch of our naval forces.

Operating under the Treasury Department, the Coast Guard performs many duties — and performs them well, living up to its service motto Semper Paratus (Always ready).

Don't delay, start today!

Service Personnel Are Urged To Check NSLI Beneficiaries

(SEA) — Active duty personnel and veterans are urged to check up on their National Service Life Insurance Beneficiaries.

Many times, men who marry fail to change their insurance beneficiary. Others have named beneficiaries who have since died, and the policy-holders have failed to designate new beneficiaries.

Other cases have been encountered where a policyholder has died leaving no named beneficiary. In such cases, the insurance goes to his estate and is subject to inheritance taxes. Sometimes insurance is distributed to persons not intended by the policyholder.

Inventions Wanted By Armed Forces

WASHINGTON (AFPS) — Are you an inventor? If so, the Armed Forces is in need of your talents. Here are a few of the items the Services now seek:

Storage batteries for the polar regions.
Smoke producing mixtures that will ignite and burn on wet ground.
A non-detectable ground mine.
Pneumatic tire substitutes.
New, non-magnetic compass.

Information School Opens; 300 From All Services In Class

CARLISLE, Pa. (AFPS) —The new Armed Forces Information School here was opened recently with impressive ceremonies attended by Secretary of Defense James V. Forrestal and many other military and civilian dignitaries.

The School, an outgrowth of the Army Information School established at Carlisle Barracks in 1946, is part of the unification plan for the Armed Forces. It will teach personnel of all the Services the techniques of public relations and the troop information and education program.

Personnel of the Army, Navy, Air Force and Marine Corps were all represented in the first class of 300 officers and enlisted men and in the 60-member faculty and staff.

Secretary Forrestal told his audience it has become as imperative for military commanders to think in terms of the public as of the troops under them.

"The School," said Mr. Forrestal, "is an encouraging sign of our steps toward a common military doctrine, which is what unification really is." He said the largest task confronting the Armed Forces, at the present time, is taking care of the young incoming draftees, which he described as "a great responsibility."

Because of the draft and unsettled world conditions, the new School opens at a time when the need for keeping the public informed about the Armed Forces and military training is greater than ever, said the Defense Secretary, adding, public relations officers must not only keep the public informed, but must also find out what the people are thinking and properly interpret this thinking.

Brig. Gen. Edward J. McGraw, Commandant of Carlisle Barracks, presided at the opening ceremonies, which were attended by Lieut. Gen. Raymond S. McLain, Army Director of Information; Rear Admiral Edward C. Ewan, Director of Naval Public Relations; and Brig. Gen. John T. Selden, Public Relations Officer for the Marine Corps.

Among the civilian guests present were Arthur Hays Sulzberger, publisher of the New York Times; Jack Bisco, vice-president of the United Press; and Mack H. L. Webb, Special Assistant to the Secretary of Air.

Staff NCO Club

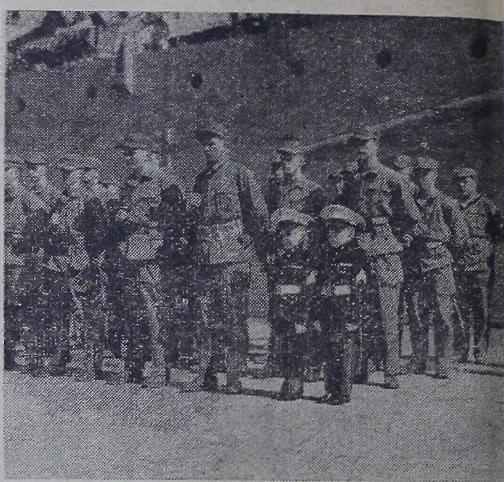

Bingo every Monday night starting at 2000.

Handwheels for vehicles that do not chill operators' hands in cold weather.

These are but a few of several hundred technical defense problems the Armed Services would like to solve. They are from the official list of the National Inventors Council, U. S. Department of Commerce.

All ideas and suggestions submitted to the Council are carefully screened by Council experts. If approved, the Council refers them to the appropriate technical service branch whose opinion is then communicated to the inventor.

Diminutive But Sharp!

When the 14th Signal Company, Marine Corps Reserve, Brooklyn, New York, embarked for Camp Lejeune, two diminutive but sharp-looking honorary sergeants took their places in the Robert and Roger Ehrler, 6-year-old twins, are their names. They are following in their brothers' footsteps. One brother, F., was killed at Iwo Jima while serving with the 5th Marine Division and another brother, Sgt. Charles Ehrler, is presently at Quantico, Va.

Active Duty Naval Personnel Can Get Housing Priority

(SEA) — Under provisions of the Veterans' Preference Regulation which was issued in accordance with the Housing and Rent Act of 1947, Navy personnel on active duty are eligible to receive housing priority.

The Office of the Housing Expediter, Washington, D. C., wishes the following information be given widespread publicity:

"Under existing law, officers and enlisted personnel in the active naval service, as well as veterans of World War II who have terminated active service, are entitled to a preference in purchasing or renting new dwelling accommodations."

This law requires that all for-rent dwellings and for-sale dwellings, completed after June 30, 1947 and prior to April 1, 1949, be offered exclusively to veterans of World War II or their families during construction and for 30 days after completion. Included among the persons eligible for this preference are those now serving in the active naval forces of the U. S. requiring housing accommodations for their dependent family, whether or not such persons are veterans of World War II. Houses designed for owner-occupancy are excepted under the law from veterans' preference."

Two Marines Appear On Radio Programs

NEW YORK, N. Y. (August 9) — Two Marine sergeants appeared as guests on two network radio programs on the Mutual Broadcasting System this weekend, it was announced today.

Marine Technical Sergeant Francis J. Kulluson, formerly with the First Raider Battalion, told of his experiences six years before on Tulagi and Guadalcanal on the program, "Mutual Newsreel," broadcast at 2115 on Friday, August 6th over 248 stations of the network.

Appearing on the show, "Take a Number," was Marine Staff Sergeant Lester Sandler who came through with two correct answers to win several prizes on this audience participation program, aired at 1700 on Saturday, August 7th over 464 stations.

Script for the former and arrangements for both appearances were made by the New York Marine Corps Public Information Office of Brigadier General J. T. Selden, Director, Division of Public Information.

Magazines Wanted

The American Red Cross, Building No. 41 would appreciate receiving copies of used, current magazines for distribution to Camp Dispensaries.

September Gazette Previewed, Features 'The Persian Gulf'

The Marine Corps Gazette continues its series of back numbers in the September issue. The Persian Gulf by Capt. Villiers, the noted travel lecturer.

Captain Villiers says the Persian Gulf is one of the most interesting, and navigationally hazardous of waters in the world of the tropics, it is still one of the hottest regions of the world. On its shores Arab and Persian show most of the trade. Turkey, Hasa, Kuwait, and Trucial states of Arabia on the side — the camel and the pete successfully with the bile and the truck, though these have been known a quarter of a century."

Mariners along the Persian Gulf are among the world's most seamen. They often sail in crepit craft as far as Zanzibar, the coast of Tanganyika, comes to smuggling.

The favorite reception stranger is a potshot from a rock or building. When in this part of the world good idea to be able to do a few physical feats or a few of-hand tricks. The Arab admires of bits of and magic. He has too of time eking out a living physical labor to do the himself.

Subject Of Further Research

Designed and built for the express purpose of slicing through enemy aircraft without destroying itself, this weird looking flying machine has been a carefully guarded military secret until recently. Known as the Northrop XP-79, the experimental plane crashed and killed its pilot, Harry Crosby, in 1945. Development of the plane was stopped soon after because the war had ended. Research with this type ship, in which the pilot flies in a prone position, is again going ahead under auspices of the Navy and the Air Force.
