The GLOBE is the official publication of Camp Lejeune. It is printed by the News Publishing Co., Charlotte, N. C., under the direction of the Public Relations Office of Camp Lejeune, in the interest of service and civilian personnel stationed at this base.

The GLOBE accepts no advertising. It is delivered free to service personnel of the camp every Wednesday.

The GLOBE is financed from Camp Recreation Funds at the direction of the Camp Council.

The GLOBE receives material supplied by the Camp Newspaper Service, 205 E. 42nd St., New York City. Credited material may not be republished without permission from Camp Newspaper Service.

The Right To Vote

The casting of the ballot is not only a right and a privilege—but a duty as well! The Navy and Marine Corps are going to great lengths to give you the opportunity to vote in the forthcoming national election.

Although it should be looked upon as a duty, voting is by no means compulsory. If you don't want to cast a ballot, that is your privilege. But isn't it one of the basic principles of our democracy? Isn't it one of the things we are fighting for? Then it behooves every Marine who is a qualified voter to cast his—or her—ballot for the presidential nominee of his choice. Besides, it gives you the feeling that you, personally, are having a hand in choosing the man who will head your government.

To help you cast your ballot, Voting Supervisors have been, or will be, named for every organization at Camp Lejeune. Go to the Voting Supervisor of your unit and he will give you information on the matter and render every assistance possible.

Last week the GLOBE printed the first of a series of informative posters on voting by servicemen. Today, on pages 8 and 9, you will find information relating to voting requirements in your home state. The GLOBE will continue this series for several weeks. It might be well for you to clip these posters and save them for reference.

Some Changes Made

Whether the dismissal of Premier Tojo presages internal dissension in Japan is difficult to determine at the present. Many commentators call the administrative shake-up a confession of weakness but warn that it should NOT be considered an indication of impending collapse.

Tojo's fall followed closely upon the ousting of Navy Minister Shimada who lost face when the Jap navy failed to halt the invasion of Saipan. If Hirohito intends to form a new cabinet after every American move nearer Tokyo, there'll be a lot of changes made in the not-too-far-distant future!

Tojo fired and Hitler's assassination attempted! Could it be that the sinking ships are deserting the rats?

Guam, bombed every day for two weeks, should, according to the man at the next desk, be properly pronounced "Wham!"

The board of directors of the national pretzel bakers institute predicts that the postwar pretzel will be "a petite creation with refinement in every motion." Something like Ann Corio or Gypsy Rose Lee?

NOT ONLY THE RIGHT—THE DUTY.

What Others Say Editorially...

Only The Beginning

Now that the liberation of France has been launched, you have often heard the warning voiced that we must buckle down and work all the harder. That word of advice, we believe bears repetition.

On the morning of June 6, various remarks were heard universally, such as: "What a relief!" — "Now we're over the hump!"

But how about the men who stormed the beaches and dropped from airplanes in enemy-guarded territory? Don't you imagine that one of their first thoughts was: "Will reinforcements and supplies reach us in time?"

After the tension of waiting for D-Day, it was only natural for some of us to relax, breathe a sigh of relief, and hope for the best. And that inclination—to "take it easy"—in what we in this country must now combat.

As Lt. General Somervell, commanding general of the ASF, recently pointed out, the invasion means that now we shall need increased supplies, larger numbers of replacements, more of everything.

Then, as Major General Uhl, Fourth Service Command, declared: "We cannot, of course, match the sacrifices of our men in the front lines. But we can—and we must—make certain that we drive ahead at full speed to give them all the supplies, equipment and weapons they need. Unless we do drive ahead at full speed, we are not worthy to be classed as teammates of our fighting men."

So think it over, Mac and Wac, before you let yourself, intentionally or unintentionally, adopt the attitude that this is the end of the war in Europe.

If you do feel an obligation to those men who led the assault; who faced the crossfire of machine guns; who braved the land and sea mines; who lost their eyes or arms or legs—or, if you feel you owe a debt to those who gave their lives in order to invade Hitler's fortress... then do not relax. Buddy, and just watch the fight, and "take it easy."

—Camp Sibert News, Camp Sibert, Ala.

G. I. Bill Of Rights

Enactment of the "G. I. Bill of Rights" and its signing into law by the President marks a new conception of governmental re-

sponsibility to those in the armed forces.

The bill is a definite step assuring the discharged veteran that the nation is ready to help him in taking the step back into civilian life. Coupled with the comprehensive rehabilitation program already set up by the Marine Corps, it means that when the war is over, Leathernecks will not just be discharged and forgotten.

This is the first time in the country's history that veterans have been assured speedy post-war assistance and rewards. Veterans of the Civil and Spanish-American Wars waited for years for such help, and even at the close of World War I men demobilized from the AEF were handed but \$60 in cash for their immediate needs.

Actual mustering-out pay was provided under earlier legislation. The "G. I. Bill of Rights" goes further in the realization that temporary financial help falls far short of what needs to be done.

Here are some of the things assured you under this new law: Speedy settlement of disability claims and ample free hospital facilities.

Unemployment insurance of \$20

a week for a maximum of year and the aid of a vocational placement bureau in finding a job.

If you want to buy a home or business, the Government will insure one-half loan up to \$4,000. The same vision applies on loans for property already owned, the payment of back debt property.

Education is made available to those who were under 25 when they entered the service, with Government offering a free of college by paying up to a year tuition, plus \$50 a month if the student has dependents. Those who satisfactory school work on the same money for as many three years more.

The Government will see you if you want a trade apprenticeship, vocational training, fresher courses needed for particular jobs.

These are the tangible which your Government is viding to help you make change-over from military civilian life.

—The Chevroon, San Diego,

Chaplain's Corner

BOLDNESS

So often a person feels the need of greater boldness. He is not willing to admit he lacks courage, yet he desires more fortitude. He looks for something to bolster him. He has no intention of becoming a "bully," and yet he would like to be a person of stronger convictions, higher aspirations, so that he could be the master of situations as they arose.

The writer of the Epistle to the Hebrews offered solution: "Let us therefore draw near with boldness to the throne of grace, that we may receive mercy, and find grace to help us in time of need."

First, . . . draw near with BOLDNESS unto throne of GRACE. The writer was deeply conscious of promise, "ask for whatsoever you will in the name of Jesus, and it will be given unto you!"

The first requisite, therefore, becomes; asking—not doubting, at the throne of grace. Approaching the throne of grace . . . that we may receive mercy, and find grace to help us in every time of need." Great changes wrought in a person's life when a dynamic power entered into the person. He is no longer a weakling, void of courage, lacking inspiration, but one with a smile on his countenance—a twinkle in the eye, a spring in the step, courage, conviction, peace of heart and soul, a heavenly aspiration, a God-inspired mission in life—CHRISTIAN BOLDNESS.

Base Artillerymen Know Their Stuff

Practical Training Is Stressed

There are a lot of Japs who would—if they could—testify to the effectiveness of the training given Marines at Camp Lejeune's Base Artillery Battalion. But they can't. They're dead.

For the graduates of this organization, both officers and enlisted men, are scattered over the far reaches of the Pacific war zone. And they have had a hand in the "handwriting on the wall" that is spelling out the doom of the Sons of the Rising Sun.

It is in the schools of the Base Artillery Battalion, under the command of Lt. Col. E. L. Hutchinson, that Marines learn the fine points of seacoast, anti-aircraft, anti-boat and anti-tank firing and, to some extent, field artillery firing. Incidentally, this unit has the only Marine Corps school in the United States that gives specialized training in anti-aircraft firing, according to Lt. Col. H. McMillan, battalion executive officer.

PRACTICAL TRAINING

Practical training is the keynote of the battalion's program of instruction. Most of the instructors are Marines who have returned from combat areas. They give the students the benefit, not only of their knowledge of weapons, but also of their experience in fighting the Japs.

Under a new system of training inaugurated by the battalion, students now specialize in one type of weapon rather than receive partial instruction in several types.

There are two schools in the organization, the school for enlisted men and the Officers Base Defense School.

In the enlisted men's school, there are three groups—the heavy anti-aircraft, the 155 mm. Seacoast Artillery, and the Light Anti-aircraft group. Students are Marines who have just completed boot training or men back from overseas service with defense battalions. The course in each group lasts for four weeks.

A student assigned to the heavy anti-aircraft group will specialize either on searchlight or on the 90 mm. gun battery equipment. If he is working on the gun battery equipment, he will take special training either as a cannoneer or a fire control man.

"LONG TOMS"

Marines studying the operation of the "Long Toms"—the 155 mm. which is the largest piece of artillery the Marine Corps uses—also concentrate their training either on becoming cannoneers or fire control men. Potential fire control men are initiated into the intricacies of both the seacoast plotting room and the field artillery fire direction center.

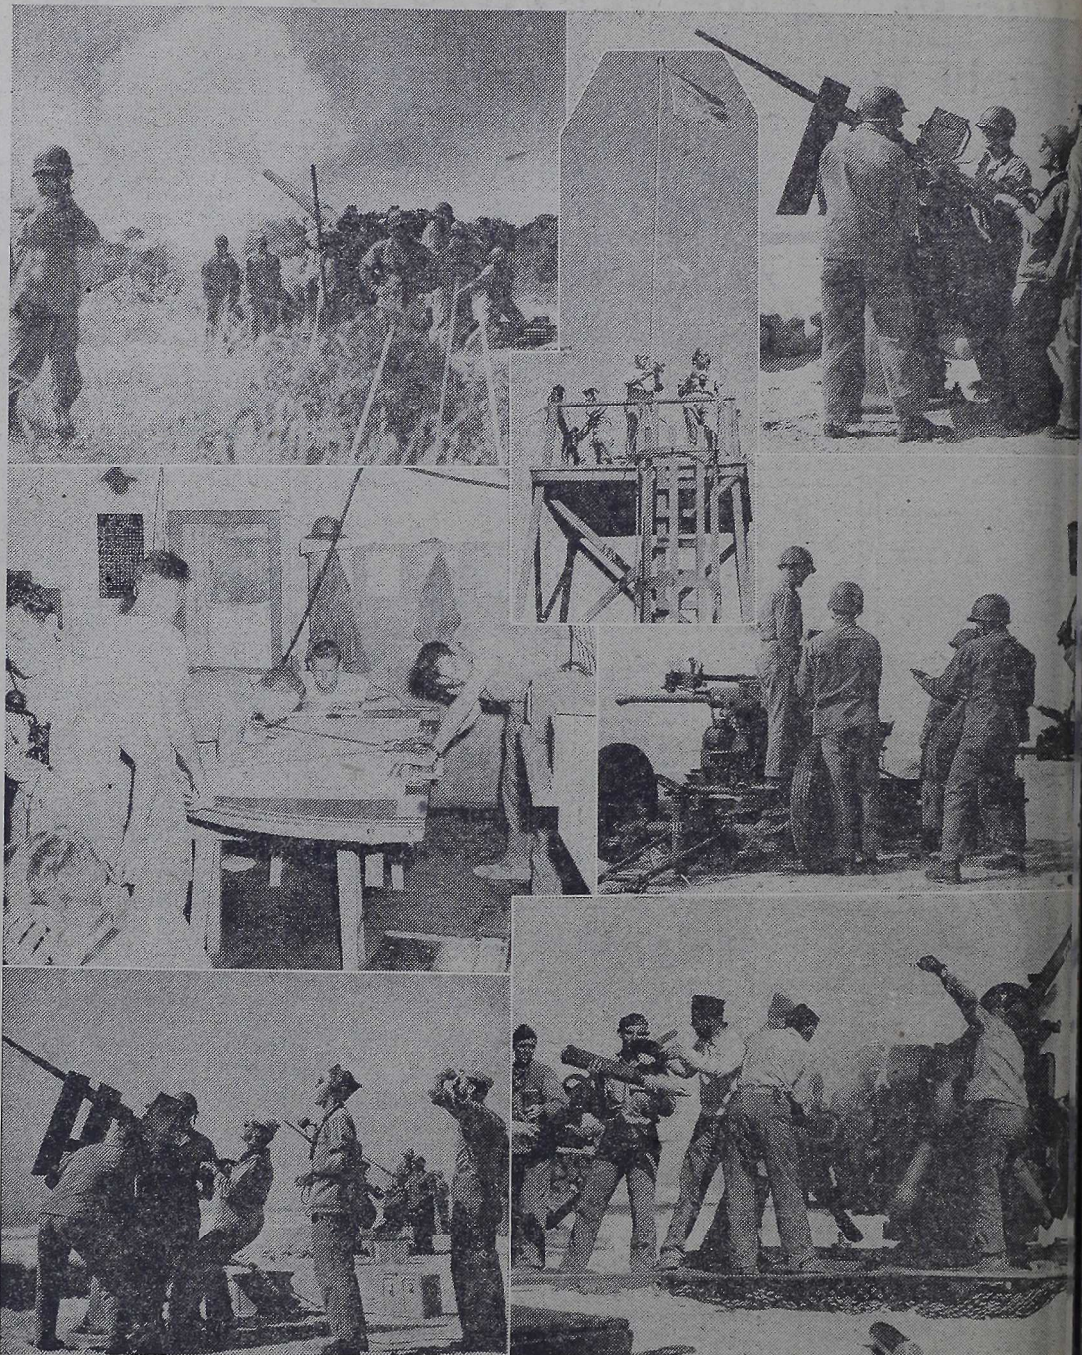

Instruction in the 40 mm. battery and the anti-aircraft machine gun battery is given in the light anti-aircraft group. Students of the 40 mm. battery learn to be either gunners or fire control men. In the AA Machine Gun Battery trainees spend two weeks on the 20 mm. machine gun and two weeks on the .50 caliber. Some instruction in the .30 caliber MG also is given. All would-be machine gunners sharpen their shooting eyes on the Waller and Polaroid Trainers.

The first two weeks of the course for enlisted men is devoted to the study of nomenclature, stripping and assembling, care and maintenance of the weapons together with the fundamentals of building gun emplacements. Training films, particularly those on aircraft identification, are included in this period.

The students spend the last two weeks in practical application of the theory they have learned—emplacing the guns, tracking and firing. Problems involving all phases of their training mark the completion of the course.

OFFICER TRAINEES

Junior officers, most of them fresh from ROC at Quantico, are the students of the Officers Base Defense School of which Lt. Col. McDonald I. Shuford is director. Here, too, the training is pointed toward specialization. Officers are

Photos by Sgt. E. D. Rickards, Artillery Battalion.

The Glove lifts the curtain of the Base Artillery Battalion to present scenes depicting students of that organization in training here.

Top, left: The photographer snapped his shutter on this scene just as this "Long Tom" (155mm.) went off.

Top, right: An instructor watches while this 20mm. gun crew fires at an anti-aircraft target. The man on the right is handling the magazine while the man on the left raises and lowers the gun to aid the gunner.

Top, inset: From this fire control tower officers direct the fire of gun crews. The man on the left is in contact with those controlling the targets. The officer in the center is the fire control officer and the one on the right relays the word to gun crews to commence firing.

Center, left: In the plotting room for a 155mm

gun battery, students of the Officers Base Defense School are busily plotting the course of the target, figuring the sight setting.

Center, right: This 40mm gun was in semi-fire when this picture was snapped. The safety officer's red flag up, denoting that the gun is trained in safe direction.

Bottom, left: Another shot of a 20mm anti-aircraft. One of the instructors (with head in center) is giving the crew the word to fire while another instructor shades his eyes with his hands to observe the tracer stream.

Bottom, right: The gun crew of this 90mm. gun is busily preparing to re-load. The photographer caught this shot just after the gun had been fired. Note the empty shell being ejected. One man is the next round out of the fuse-cutter while two others pass along another shell to go into the cutter.

assigned to one of the three groups in the school—Heavy anti-aircraft, light anti-aircraft, or field artillery—seacoast.

Students of the heavy AA group concentrate on the 90 mm. gun while those in the light AA work with the .50 caliber AA machine guns, the 20 mm. AA machine gun (the Navy type Oerlikon) and the 40 mm. Bofors. The latter course also includes special training in the handling of searchlights.

The big 155 guns demand the attention of field artillery-seacoast students who spend ten weeks in Quantico learning field artillery firing of the "Long Toms" and another six weeks at Camp Lejeune where they are trained in seacoast firing.

During their training in the base artillery battalion students of the 40 mm. gun fire anti-aircraft, anti-tank and anti-boat problems and

those working with the 90's fire at anti-aircraft, anti-boat and field artillery targets. The 20 mm. and .50 calibre machine guns are used primarily for anti-aircraft firing.

The training given at the Base Artillery Battalion is already paying dividends and those dividends will mount as new graduates move out to combat areas.

They're going to make it even hotter for the Japs—in the air, on the sea and on the land!

DOWN FIVE PLANES

Lt. Russell L. Reiserer, USNR, of Redwood City, Calif., shot five Japanese planes out of the air over Guam and destroyed a sixth on the ground while participating in the interception of the enemy air attack upon Task Force 58 during the Battle of the Eastern Philippines on June 19, 1944.

You Just Know The Guy's From Brooklyn

A Brooklyn Marine on Saipan has his own idea of an ox, S/Sgt. Nolle T. Roberts, a Marine combat correspondent, reports from the Marianas where oxen and carts are used for transportation on the front lines. Ordered to secure an ox for communication gear transportation, he looked at the black oxen hitched up all around, came back with a fat black cow.

Questioned, he became indignant. "What'dya mean that's not an ox?" he demanded. "It's just as black as that one there."

Despite its huge size Great Salt Lake has a maximum depth of only 40 feet.

COMIC MASCOT

Camp Pendleton, Oceanside—Bugs Bunny, motion picture popular rabbit character, adopted as a mascot by the master's section of a Marine artillery unit undergoing training.

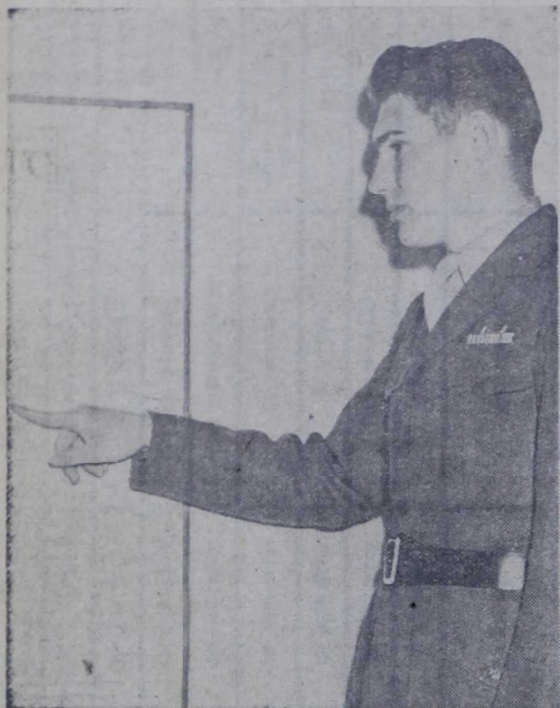

Permission to use Bugs Bunny mascot came from Leonard, inventor of the cocktail tail. The paymaster's adopted, "What's Up, I'll be there."

FOUGHT PIRATES

In 1821, Marines began a campaign against pirates in the Indies that freed the Caribbean free-booters who preyed on sea commerce.

Green was once a sacred color in Mexico.

"It Happened There"

Official U. S. Marine Corps Photo

Marine Private First Class Richard Keith Sorenson, 20, of Anoka, Minn., points to the Marshall Islands where he was cited for extraordinary heroism for throwing himself on a Jap grenade to protect five buddies. Awarded the Congressional Medal of Honor, Private First Class Sorenson was decorated by Major General Joseph C. Fegan, USMC, commanding general, Department of the Pacific. He is one of few living enlisted Marines to wear the nation's highest award."

When The Going Was Tough Gunny Mills Cheered 'Em On

By SGT. DAVID DEMPSEY

Saipan, Marianas Islands—(Delayed)—There are a lot of Marines in one outfit of the Fourth Division who will always remember Gunnery Sgt. Norvell P. Mills as a cheer leader who kept their spirits up through one of their most hectic nights.

That's the tribute he gets from his commanding officer, Capt. William Weinstein of Detroit, Mich., and it ought, to be passed along to the folks back home, who might have worried about how Johnny felt his first night on Saipan.

Johnny didn't feel very good, but the men in Capt. Weinstein's company felt a lot better than they would have if Gunny Mills hadn't been with them. Mills, who comes from Columbia, Miss., is a veteran of sixteen years' Marine Corps service and spent five months on Guadalcanal when that island was the hot spot of the Pacific. He knows how easy it is for a young Marine, with little battle experience, to get scared when things look bad.

THINGS GOT HOT

To most of us, things didn't look so good that first night. The Japs greeted us with a hailstorm of artillery shells and kept it up for 36 hours. The Jap infantry kept pounding at our beachhead.

Throughout the nerve-racking night, Mills moved incessantly among his company, standing up while the rest of us were afraid to lift an eyebrow out of our foxholes. He laughed when we felt like crying. He shook his fist at the Jap lines and swore at them when we could hardly summon a croak out of our dry throats.

"They're only recruits," he yelled, in a voice like a pack howler, "and the only thing they're fighting for is a drink of our water."

When a few hours passed and the Japs hadn't breached our lines, we began to think maybe Gunny Mills was right.

"We may be gettin' hell," he told us, "but they're gettin' it worse."

We weren't so sure about that, but it made us feel good to think so.

"THEY CAN'T FIGHT"—"They're a bunch of ———," he shouted. "I've seen 'em on the Canal and I know they can't fight."

When daybreak came Gunny Mills was still on his feet going strong. Our planes came in and gave the Japs a pasting. Then our artillery knocked out the Jap guns.

We advanced and for five straight days Mills led the cheering section. By this time our first fears

had disappeared and we were confident.

For the first time I realized what the word morale meant. I looked at the big freckle-faced 37-year-old Gunnery Sergeant whose chest is a mass of curly red hair. Then I looked at the 26-year-old captain who insisted that Gunny Mills get the credit for keeping his company on its feet.

I knew then that we were going to win this battle.

Helium gas was not found on earth until about 26 years after its discovery 93,000,000 miles away, the sun.

The noseprint of a dog is as distinctive and individual as the fingerprints of human beings.

Marine Shows Gooney Birds Art Of Flying

By LT. MILLARD KAUFMAN
MIDWAY ISLAND (Delayed)—This is the story of a Marine pilot who taught the gooney birds to fly. It happened on Midway, because Midway is the only place in the world where there are gooney birds.

Capt. Peter Wanger, 25, of San Francisco, Calif., was charmed by the goonies. With members of his dive bomber squadron, he'd watch them for hours. The gooney birds were entertaining.

The gooney is a clownish figure of a fowl with serio-comic human characteristics. He takes himself seriously. The young ones are inveterate show-offs. They swagger and stagger mightily. The fat ones peer nervously over their chubby shoulders, afraid the thin ones will steal their fish.

BIRD PART PLANE

Moreover, the gooney bird is part airplane. He has more trouble flying than anything with wings. Taking off, he taxis down the strip to gain momentum. He tucks into the wind, churning the air with his feathers, kicking up coral with his web feet. When he lands downwind, he noses over like a plane. But after he executes a three-point upwind landing, web feet extended in a flaps down position, he swells his chest and parades before the pilots and girl goonies.

Observing the goonies on maneuvers, Capt. Wanger decided that he and his feathered friends had much in common. He frequented their company and they accepted him as an equal.

The parent birds are devoted to their offspring for a while. They catch a fish, swallow it, pry open the bills of the young and regurgitate the fish pulp into their mouths. The mother gives them flying lessons. She lines them up like tiny planes poised on a runway. She takes off and lands, straining to avoid a crack-up before their dotting pop-eyes. The kids try to imitate her. Occasionally an apt pupil flaps his wings so violently he wafers himself a foot off the ground. Astonished by his achievement, he forgets to flap and goes into a spin.

MIGRATORY BIRDS

Gooney birds are migratory. Nobody knows where they go from the time they leave Midway until they return. About four months after the babies are born, their parents, with a few exceptions, fly away. The chicks who have not yet learned to fly are stranded without visible means of support.

That's what happened to Wanger's brood. The pilot fed them mashed sardines. He herded them along the airstrip, fanning his arms and making funny noises to sound like a member of the family. He revved up the propellers of his dive bomber, build-

New CO, Base Artillery Bn.

LT. COL. HUTCHINSON

Lt. Col. Edward L. Hutchinson, new Commanding Officer of the Base Artillery Battalion, has recently arrived from the South Pacific area where he served with a defense battalion as CO of the 90-mm and Special Weapons Group.

In the last four years, Lt. Col. Hutchinson has seen foreign service from "far off Northern climes" to "sunny tropic scenes." He was with the unit that set up defenses at Dutch Harbor, Alaska, in 1940 and from there was transferred to duty in the South Pacific.

He relieves Col. Lewis A. Hohn, who has assumed command of the Specialist Training Regiment of the Training Command here.

ing an airstream to give them lift. When the orphans were all of 36 inches in the air, Wanger cut the engine. Tailspin.

Soon the goonies caught on. They learned to fly and they learned to fish. They got fat and they strutted more often. But by this time Capt. Wanger wasn't around to watch his proteges.

He was dive bombing over Balale, Kahili, Bonas, Kara, Buka, Rabaul, and Bougainville. He made 49 strikes against the enemy. He crashed into the ocean once, was picked up four hours later. He took a direct hit over Rabaul, but he piloted the plane back safely. He sank four barges and hit a freighter in Karelia Bay. He's still going strong.

So are his gooney birds.

Its power comes a jet propulsor engine above the tail structure.

Polishes New Bars

Making sure brother Bob gets off to a GI start in the United States Marine Corps, Bing Crosby polishes the new bars. Recently commissioned a Reserve Second Lieutenant and attached to the Marine Fifth Division at Camp Pendleton, Oceanside, Calif., Bob Crosby was greeted by Bing after a show for 5,000 Marines and their guests.

Uniform Of Day, Work And Recreation Given For WRs

The uniform of the day and uniforms for work and for recreation for Women Reserves here are designated in a new Camp General Order setting forth uniform regulations for WRs.

The order reads as follows: Effective immediately, the uniform for members of the Marine Corps Women's Reserve of this command will be as hereinafter indicated:

UNIFORM OF THE DAY:

Officers: Summer service A, with either Summer service cap or Summer service garrison cap (when available). Bronze ornaments shall be worn with Summer service A uniform. Summer service B, or Summer dress, may be worn after working hours. With Summer service B and Summer dress uniform, dress ornaments shall be worn on uniform and cap. The garrison cap may be worn only with Summer service A uniform.

Enlisted: Summer service A, with Summer service hat, bronze ornaments and brown shoes. As soon as Summer service garrison caps are available, they will replace the Summer service hat. Garrison caps shall be worn only with Summer service A uniform. After working hours, Summer service A or Summer service B uniform optional.

Winter Service: The wearing of the Winter service uniform is optional on liberty when weather conditions require it.

UNIFORMS FOR WORK:

In lieu of the uniform of the day, regulation utility and work garments may be worn by all personnel when the wearing of the uniform of the day is impracticable and, in consequence, utility clothes are prescribed by the Commandant, Marine Corps Women's Reserve Schools and the Commanding Officer, Women's Reserve Battalion, for personnel of their respective commands.

Pending the manufacture and distribution of the Women's Reserve utility garrison cap, the men's garrison cap may be worn by members of the Marine Corps Women's Reserve with utility and other work garments under conditions prescribed by the Commandant, Marine Corps Women's Reserve Battalion, for personnel of their respective commands.

REGULATION PLAYSUIT

The regulation playsuit is the authorized recreation garment for all Marine Corps Women's Reserve personnel of this command and it, or the Summer service A uniform, shall be worn for all athletic and recreational activities (exceptions for officers are stated in Paragraph 4 (e) below). Utility clothes may no longer be worn for recreational activities, except when proceeding to and from the beach for swimming (see paragraph 5 below), and on organized beach parties, picnics or similar outings at the discretion of the

Commandant, Marine Corps Women's Reserve Schools, and the Commanding Officer, Women's Reserve Battalion.

The skirt of the playsuit shall be worn at all times except when engaged in playing tennis, basketball, volleyball, badminton and similar games. When bicycling, it shall be kept buttoned.

With the playsuit, plain white or beige ankle socks shall be worn with regulation low-heeled, dark-brown oxfords, or loafers, or play shoes provided they are plain white, tan, or brown in color. Saddle shoes, huaraches, and the like, are not permitted.

Regulation bronze ornaments shall be worn on the collar in the usual place. Officers will also wear their insignia or rank on the shoulder three-fourths of an inch from the arm seam.

OFFICERS:

For canoeing and sailing, or tennis, badminton, basketball and similar games, officers may, in lieu of the regulation playsuit, wear appropriate play clothes including slacks and shorts. Shorts, if worn, shall be covered, in proceeding to and from the place of exercise, by a skirt, regulation trenchcoat, or regulation lightweight raincoat (when available). For no other sports or recreational activities will officers be permitted to wear anything but Summer service A uniform or the regulation playsuit.

GOING TO BEACH

Proceeding to and from beaches for swimming:

OFFICERS AND ENLISTED

Personnel riding on public conveyances or Government vehicles provided for that specific purpose will not wear other than the uniform of the day or the regulation playsuit. Enlisted personnel may also wear the regulation Marine Corps Women's Reserve utility garment. (Men's dungarees are not permitted.) When riding in private cars, shorts or swimming suits may be worn provided they are covered by beach robes or trenchcoats.

FIELD JACKETS

Women's field jackets may be worn with the Summer service A uniform while on the Camp only, with the regulation playsuit, and utility clothes under conditions prescribed by the Commandant, Marine Corps Women's Reserve Schools, and the Commanding Officer, Women's Reserve Battalion. Personnel visiting any post exchange or Woman's Reserve Service Club during working hours may be in the uniform in which they habitually work. After 1700, all personnel visiting any post exchange or Women's Reserve Service Club, shall be in the uniform of the day. An exception to this regulation will be permitted on the nights in the Women's Reserve Service Clubs reserved exclusively for Marine Corps Women's Reserve

SIGNAL BN.

Signalmen Counter PX Girls' List

By PFC. ARNOLD ROSEN

The breach between the Signal Battalion and the Amalgamated Sisterhood of Area 3 PX Workers widened last week with publication of the Amalgamated's demands. In the meantime the Battalion Vigilante Committee brought forth a list of counter-irritants. Leading causes of friction they said were:

- 1) Refusal of PX girls to date more than seven Marines a week.
- 2) The fact that the cokes are warm as often as the girls are cold.
- 3) The sneer on the faces of the girls behind the magazine counter when someone buys a copy of "Giggles," "Eye-ful" or a similar publication.

The Amalgamated also voiced disapproval of the flow of ten dollar bills on payday. There was scuttlebutt to the effect that the Amalgamated would ask authorities to pay the Battalion in nickels and dimes.

Negotiations between the Amalgamated and representatives of the Battalion have been going on far into the night. Members of the latter delegation are ready for a truce!

Sgt. James Aloyous Patrick Michael Mac Gonigle, has become the proud father of a 7 1/2 pounder. The lad's name will be James Aloyous Patrick Michael Mac Gonigle Jr. . . . Not to be outdone, T/Sgt. Earnest announces the birth of a daughter. File and forget: Of the 21 babies born at the hospital last week, 18 were girls. . . . Sgt. Smolynski and Cpl. Meyers have been designated Assistant Navy Mail clerks with the accompanying raise in pay. . . .

Johnny Martinez, the Spanish Frank Sinatra, will be featured with Al Brennen and the Signal Battalion orchestra. . . . August 5th has been set as the tentative date for the next Battalion dance. . . .

Quartermaster came through with a batch of promotions. In the future it will be QM Sgt. Sterner, Supply Sgts. O'Malley and Price, and Sgts. Emmeler and Caine. . . . One of the saltier WRs in Building No. 317 has earned herself the name of "Hashmark." Adda. . . . The officers' softball team is still engulfed in last place. People wonder if the pitching might be responsible. . . . In the meantime Signal Battalion has taken the lead in the Camp Softball League with the highly touted Coast Guard team falling to second place. . . .

Petr Van Meydn, who claimed he was getting a 90-day furlough to make a picture, is humbly undergoing instruction in Norfolk, Va. . . . Billy Aldridge will probably retire for the season after the latter encounter. . . . Headquarters Co. personnel is aroused over reports that mosquitos have been collecting blood for "Tarzan" Heatwole.

Skipper Saves Ship With Bath In Sea

Farragut, Ida. (CNS)—How the skipper of a destroyer saved his blazing ship by giving it a bath in the wake of the aircraft carrier Enterprise was described by Thomas Russell BMIC, formerly a gun captain and now a patient at the naval hospital here.

The destroyer, said Russell, caught fire when attacked by Jap planes. Its skipper swung into the wake of the Enterprise and maneuvered his ship so that it rocked heavily, dipping its sides and decks into the sea on one side, then the other. Finally the fire sizzled out and the destroyer moved back into position.

personnel, when the regulation playsuit may be worn.

Nothing herein permits wearing any but the uniform of the day, or the authorized liberty uniform, while attending Camp theaters, services in chapels or any post exchange, or service club on this Camp other than as stated in Paragraph 7 above.

The attention of all Marine Corps Women's Reserve Officers is directed to ALNAV Number 29, dated 30 January, 1942, which states:

"Hereafter, uniform will be worn at all times except when engaged in exercise or in the home with less than three guests present."

Caring The Word From The Mob

I've been disillusioned—and it ain't funny, McGee! This blight upon my state of mind all began seven days ago when I learned that Horace McMahon, one moviedom's hardest-working bad men, soon would be coming his stony eyes from the Camp Theater stage, as the s of the USO Show, "Clear The Way." The boss was something about him, so last Thursday I went gang-

HORACE MacMAHON

flash, came the answer. Poison! He'd poisoned somebody and chafed his mind about the guy dying. Seemed somewhere I'd read about being a rapid cure for poisoning cases. That was it, surely.

A stooge (isn't that what they call them in the movies?) dashed down with the milk and all was serene.

"Here he comes now," remarked George Watson, standing around to see that everything came off okay.

"Eh, Mr. MacMahon," I began, as the sinister character approached. "I'm from the Globe mob, and we'd like to get some—"

"Globe?" he queried, surprisingly gentle. "Why, certainly, all glad to oblige. But let's take a walk out into the fresh air where we can think better."

Ah-ha! Realizing that I was being taken for a ride (dural style) I nevertheless accompanied him toward Area 2, glad that a trusty pencil was extra sharp.

"You know," he continued, "lots of people think I'm mean and nasty. But I'm not. I like this camp, with lots of sunshine and fresh air. It's really beautiful."

There I was, completely snowed! This guy was supposed to be tough, and here he was going on about fresh air, sunshine and what next?

"Mr. MacMahon," I began again, "How—"

"Just call me Mac."

"Mac," once again, "In that scene in 'Roger Touhy,' where you returns to the hideout to find you drinking, against his orders, gives you a terrific beating—how'd you avoid getting hurt?"

"Well, he socked a lot of punches off my elbows, and hit me with his elbow. It looked pretty real, I guess."

We approached the Area 2 Gym, entered and went topside, dropped in for a chat with Merrill Westhafer, who apparently isn't afraid of gangsters, for he acted quite calm. Only bit off three fingernails.

So we chatted for awhile, until MacMahon took a squint at the watch and discovered he'd better be heading back for the second area.

We'd walked about over to E Street, when the question which been burning in my mind for 40 minutes again came to the fore. For a bit safer by now, I queried: "Say, Mac, how about that bottle of ah—milk, which you wanted before. Do you drink that?"

"Oh, that," he laughed, "No, that's for a baby with the shot always buy some whenever I can."

Well, that did it! I'd lost some faith in movie villains when Ladd smiled a bit in a recent picture, and even more when Peter went soft in "Mask of Dimitrios." But this—this was too much. Snowed. Completely snowed.

Got A Birthday This Month?

If your birthday falls sometime this month, be sure and put an appearance at the Elm Street USO, Jacksonville, tomorrow. At that time the Service women of Camp Lejeune are going to throw a big birthday party for service personnel born during July.

The Women's Reserve band will supply the music, with people putting on a floor show featured by Jack "Uncle Mac" MacMahon, former vaudeville luminary now program director at the club. "Mac" will put on his stage-famous impersonation of John Philip Sousa. Serving on the program committee are Miss Elizabeth Gill, assistant director; Ernestine Grabinski, Helen Blasak, Lillian Nunziato, L. Ball, Rose Hewitt, Edmund Jerk and Michael Amodei Jr.

Captain Helps Us Out

Capt. Lily Hutcheon, MCWR, first woman Judge Advocate in the Marine Corps, and associated with the Camp Law Office, volunteered some information concerning "Give Me a Kiss By The Numbers," words of which were printed in this column last week.

"Those words were written by a WAVE ensign during January 1943," she states. "The ditty was part of a WAVE show at Mt. Holyoke. Captain Hutcheon originally enlisted in the WAVES, but transferred into the WR, where she was one of the first nineteen officers."

WHIT Connects With Mutual

Louis Howard, president and general manager of WHIT, New York, announces that his station now has become affiliated with the Mutual Broadcasting System, as of two days ago. Full-time network service has been established.

The Globe, realizing that WHIT has many Camp Lejeune listeners, also passes along the dope that they'll now be heard until midnight instead of 2315.

It was WHIT, you may remember, which pioneered a complete radio shows on this base a while back, and their efforts to aid in the line have always been extensive.

SCHOOLS REGIMENT

Infantry Bn. Given New Designation

By PFC. H. E. NEWPHER

Infantry Battalion no longer exists. The Schools Regiment, a component regiment of Training Command, Fleet Marine Force, is the new organizational unit that will replace it. Lt. Col. William R. Williams, former commanding officer of the Infantry Battalion, now is the Regimental Commander of Schools Regiment.

Composed of two battalions and a H&S Company, the new organization became effective Monday, July 17. H&S Company, with Capt. O. F. Haas as Commanding Officer, includes Chemical Warfare School, Cooks and Bakers School, and Combat Intelligence School with its subsidiary, Aerial Photograph Interpretation School.

The two battalions are organized on the following plan: Infantry Schools Battalion, Major L. G. Ditt, Commanding, and Lt. W. C. Shumacher, Adjutant, combines five companies—Headquarters Company, Rifle Classes Company, Machine-Gun Classes Company, Mortar Classes Company, and Infantry Demonstrations Company. Also a part of Infantry Schools Battalion is the Rubber Boat School, at Court House Bay. Officer Candidate Battalion under command of Major Bruggeman, is formed by Headquarters and O.C.A. Companies in Area Two.

MAJ. WATSON LEAVES

Schools Regiment lost an outstanding personality in Major William R. Watson Jr., who vacated his position as Commanding Officer, Combat Intelligence School, to join another organization. Major Watson also holds diplomas from Anacostia Aerial Photograph Interpretation School and Military Intelligence School, Camp Ritchie, Md. Serving overseas at Guadalcanal with the First Battalion, Seventh Marines, he experienced all battles with the Seventh Marines. Advancing from second lieutenant to captain while overseas, he received his gold oak leaves in May, 1944.

Also leaving with Major Watson is Sgt. Robert C. "Cooky" Graves, popular Dublin, Ga., edition of Brian Aherne. Veteran of Tulagi, Guadalcanal, and New Georgia campaigns with the First Raider Battalion, he holds the Presidential Citation and a commendation from one of his former commanders, "Slingshot TNT" in a demolitions platoon with immortal "Gunner" Goss Graves holds many memories of that eventful night along Lunga River. Instructing at Combat Intelligence School since November, 1943, Graves gave to his students much of his knowledge of demolitions.

Capt. Franklin D. Sills, new commanding officer of Combat Intelligence School, also holds an enviable overseas record with the First Battalion, First Marines. Graduate of Quantico ROC and Military Intelligence School, Camp Ritchie, Maryland, he has been an instructor at Combat Intelligence School for the past six months. He returned to the States in September, 1943. . . . Sgt. Graves' successor as demolitions instructor is Sgt. Al Haas, another ex-Raider who recently returned from combat. . . . Pfc. W. L. Edwards has also been added to the staff of Combat Intelligence School.

THIS 'N' THAT

Sgt. George Black and Pfc. Edwards, cooks at 408, have resumed duty upon return from the hospital after a short illness. . . . Chief Cook "Ken" Spade has reached the ripe old age of 20—Wednesday, July 19—rattles and paper dolls omitted, please. . . . Pfc. Francis O'Neill (the original "sad sack") is vacationing again at his home in Haverhill, Mass., on an eight-day furlough.

Mess Hall 408 will again go into business for Pfc. "Big Stoop" Molnar has returned from an eight-day leave. . . . Capt. William L. Seawell finally broke the news of his wedding plans. . . . the lucky miss, Miss Heilig McDowell of Asheville, N. C. . . . the date, Aug. 12. . . . Only error in Field Music, "Cappy Cappola's impersonation of Shickelgruber is the moustache-calling Hollywood make-up artists. . . . Cpl. Joe Pecchone joined the staff of Infantry Battalion at the range.

The Library of Congress, established in 1800 in Washington is the largest in the world.

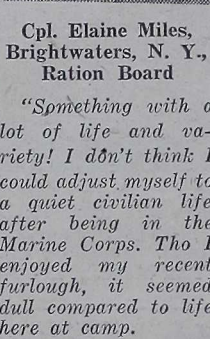

CORP. DON HUNT, THE CURIOUS CAMERAMAN, ASKS:

"What Is Your Idea Of An Ideal Post-War Occupation?"

Cpl. Edward C. Rauch,
Auburn, Iowa,
Motor Transport

"I'm going to get me a farm in the Middle West and live off the fat of the land. That was my old line and it seems even more ideal after being in service."

Cpl. Elaine Miles,
Brightwaters, N. Y.,
Ration Board

"Something with a lot of life and variety! I don't think I could adjust myself to a quiet civilian life after being in the Marine Corps. Tho I enjoyed my recent furlough, it seemed dull compared to life here at camp."

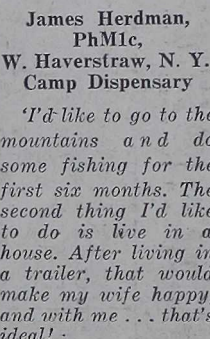

Sgt. Carmino J. Ferrara,
Needham Heights,
Mass.,
Auditor's Office

"I plan to go into business with my brother-in-law to build homes. That was his business until materials became scarce. Now he's in a defense plant. After the war we'll both go back to the work we like best."

Anita Denison,
PhM2c,
Kansas City, Mo.,
Camp Dispensary

"I plan on getting married and raising a family because I think the home is the ideal place for every woman. The service is all right in wartime, but after the war I don't think it's any place for a woman."

James Herdman,
PhM1c,
W. Haverstraw, N. Y.,
Camp Dispensary

"I'd like to go to the mountains and do some fishing for the first six months. The second thing I'd like to do is live in a house. After living in a trailer, that would make my wife happy, and with me . . . that's ideal!"

Cpl. Madeline Scribner,
Lynn, Mass.,
Communications

"My ideal would be to stay in the Marine Corps. It's different from civilian life and something I've always wanted to do. Now that I've had a chance at a military career, I hate to give it up."

News From Your Home Town

BROOKLYN (CNS) — A kibitzer, peering over Dominick Ericolo's shoulder while Ericolo and four cronies were playing pinochle in an empty lot, didn't care for Ericolo's card playing, so he stuck the stem of his briar pipe in Dominick's ear. The kibitzer, unknown to the other players, fled immediately and the police are still seeking him.

CHICAGO (CNS) — A tall stranger, munching a sandwich in a Chicago restaurant, protested when charged 19 cents for the tidbit. After learning who the stranger was the restaurant subsequently cut the sandwich price to its OPA level—a dime. Name of the customer: Henry Morgenthau, Secretary of the Treasury.

GOLDSBORO, N. C. (CNS) — Locked up on an intoxication charge when he was unable to pay his \$5 fine, Harry Hunt found a \$10 bill in his cell. Calling the jailer, he paid the fine, walked out, bought more whiskey. He was back in jail again that night.

KNOXVILLE, Tenn. (CNS) — Here are the results of a four-day cleanup of Cocke County's moonshine liquor stills: 31 stills destroyed, 13,000 gallons of mash poured out, 200 gallons of whiskey destroyed, five persons arrested on moonshining charges.

LINCOLN, Neb. (CNS) — A man walked into a lunch wagon and sat on the stool. "Egg sandwich," he said to the counterwoman. "Make it yourself," the counterwoman snapped, hitting his customer on the head with an egg. "War nerves," was the diagnosis of doctors at the state sanitarium.

MCCALL, Ida. (CNS) — Local residents are complaining of the sea serpent that has been swimming around in Payette Lake of late. It's 35 feet long, bright yellow in color, and has humps on its back.

eyewitnesses declare. Local authorities, most of them scoffers, haven't said what they are going to do about it.

MINNEAPOLIS (CNS) — Charles

Vets Returning Stateside Must File Tax Returns

Men returning from overseas are finding one of their first duties is to settle up with Uncle Sam for income tax. They are reminded by Captain Harold J. Fox, Camp Auditor, that returns must be filed by the 15th day of the fourth month after return to the States.

No one, says Captain Fox, is excused from filing these returns and there are severe penalties for failure to do so.

Income tax blanks for all years are obtainable at the office of the Camp Auditor in Building 1, Hadnot Point. Assistance with tax returns may be had at the office of the Camp Auditor on any Thursday afternoon.

Says Captain Fox: "Estimates of 1944 income were filed on or before 15 April 1944, and anyone who has returned to the States since that date should file his estimate promptly. The estimated tax is payable in quarterly installments, on the 15th day of April, June, September and December. Corrected estimates may be filed on any quarterly payment date."

STRANGE BEDFELLOW

LONDON (CNS) — Pvt. Bert Sather of Tacoma, Wash., a paratrooper who fought in Sicily and on the Normandy beachhead without receiving a scratch, has been returned to London for hospitalization as the invasion's oddest casualty. A cow fell on him in a foxhole.

Fagelund, 32, felt young again so he started to climb a tree. At Minneapolis General Hospital, his knee fracture is "improving," they say.

Newton, N. C. (CNS) — A 29-year-old man serving a 50-year prison term for murder and a nineteen-year-old girl were married in the prison camp yard recently. The bride, who works in a cotton mill near-by, was then permitted to remain with her husband for 30 minutes, after which she was returned to town by bus.

New York (CNS) — New York's police force, which is bigger than Ireland's Army, is red of face today. Someone stole \$400 in cash and \$350 in war bonds from a safe at police headquarters.

Richmond, Va. (CNS) — The Richmond Chamber of Commerce received a communication from a lady in Chicago. "Is it true," she asked, "that there is a law in Virginia which subjects a person to the death penalty if he fails to attend church on Sunday?" The Chamber's reply was brief: "No."

Savannah, Ga. (CNS) — C. B. Wern has spent 38 years as chief clock winder at the Savannah County Courthouse and during that time he has never spent more than 48 hours outside the city of Savannah. "I like it here," he explains.

Yreka, Calif. (CNS) — "You can't do this to me," howled Jess Clemens while being juggled on a drunkenness count. He thereupon smashed all the plumbing in his cell, flooding the paddy house. Next day, Clemens paid \$15 on the drunkenness charge, \$60 more for wrecking the jail.

DID YOU KNOW that you can tell an officer from the rear by the fact that he has hip pockets in his trousers and braid on the cover of his cap?

MEDICAL BN.

Medics U Tank Par In Traini

By CHIEF A. J. The Medical Field Service has taken over Tank Verona, for the second group. When completed will have a large number in training for combat. The specialists responsible for the steward's mates, machine yeomen, pharmacist's the like. This second group will inaugurate new in training Navy for Fleet Marine Force. A. Mathews is handling of putting the area in the commanding officer with the action to date. The Medical Battalion of its record so far in War Loan Drive. In of two months the percentage has gained almost cent. Beginning with at the start of the latest scoreboard tally shows 73 per cent. Most to the personnel for co-operation, and man to the bond officer, who responsible for the success. Mr. Joseph Jennes, C. U.S.N.

C. O. PLEASED The commanding officer than pleased in the made so far. Capt. Don ton, the commanding the Medical Battalion camp surgeon, said in recent talks to the "Need there be anything a Corpsman will do statement has proven and again. On the field, bat, athletics, socially, Navy Corpsmen come to get there first, keep up the good work that we are going to the ladder, let's keep your allotment for a buy that bond today. is small but the benefit. A piece of interesting just reached my ears. Navy" outfit has in its Marines. You never know a Marine around, show time, and then their chops because they beating them to the c. All joking aside, the Medical Field Service are doing a wonderful drill instructing. They sponsonable for the mat dress, and military in the Navy students. to be good men, inas much few of the Navy chiefs Marines themselves.

TOTAL 75 YEARS In order to add to cacies of figures, try to are four chief pharmac on the staff of the M Service School. Together weigh nearly a half-ton an aggregate of 75 years service, of which nearly is time with the Marine. Although they are Navy chew cut plug, and gaff, they are good Marines keep the boys well in it comes to drill person. Platoon Sgt. Canady at last. Now a married man were wondering why he in such a fine humor. Well he rates, he is a and a good sergeant. Canady, from all the Marine and Navy personnel Medical Battalion.

The pay office feels temporarily of Pfc. E. a patient at the Navy Camp Lejeune, N. C. Pfc. Doing to know this is being handled by LaLiberte and Weston, doing a fine job, but will bless the day who recovers and returns. Pfc. Enck is doing a in the battalion personnel. Being shorthanded, men are taking over two jobs and deserve a lot.

NEW LIFE SUIT NEW YORK (CNS) — chant Marine has developed one-piece rubber suit wrecked seamen—a suit everything but the suit. Made of synthetic rubber worn over all regular, including the life belt.

The CAMP LEJEUNE GLOBE

Written For Marines By Marines

CAMP LEJEUNE, N. C., WEDNESDAY, JULY 26, 1944

NO. 23

Training Command Set Up

ing the place of the Training which has been disbanded, Training Command, Fleet Marine Force, has been activated at Camp Lejeune with a consequent designation of many training units here.

Commanding General of Camp Lejeune, Major General HOWARD MARSTON has been named as Training Command. Col. George H. Henry is Chief of Staff of Training Command and other members are Major Daniel A. Hall, TC-1; Lt. Col. Dixon who is also Camp P&T Officer, TC-3, and Lt. Col. Melvin Miller, TC-4.

TRAINING REGIMENTS

The principal change has been setting up three training regiments within the Training Command. These, together with their commanding officers and the units which will contain, are:

Schools Regiment, commanded by Lt. Col. William R. Dittus, includes the Infantry Battalion of which Major Dittus is CO and the Officer Training Battalion with Major G. Bruggemann as CO. The Specialist Training Regiment, commanded by Col. A. Hohn, comes the Base Battalion, Lt. Col. E. L. Hanson, CO; the Signal Battalion, Lt. Col. George W. G. CO; the Engineer Battalion of which Major A. D. Goring is CO, and the War Dog Regiment, Capt. Jackson H. CO.

Infantry Training Regiment commanded by Col. W. N. McJr., and includes Replacement units as organized.

R UNITS

units under the jurisdiction of the Training Command. Quarters Battalion (TC) with Clay M. Murray as CO; the Battalion of which Lt. Col. Presnell is CO; the Quarter Battalion commanded by Lt. J. O. Butcher, and the Guard Detachment commanded by Capt. Merlin O'Neill.

other organizations will remain as at present, directly under the Training Command. These organizations include:

Quarters Battalion, Service Battalion, Guard Battalion, Women's Reserve Battalion, Medical Battalion, and Montford Point

Car Sales Must Conform To New Prices

are figuring on selling—or a used car, you'll have to pay ceiling prices into consideration. A used car may be below—but not above—ceiling prices. The Camp Lejeune Panel, Price and Rationing Board, list of ceiling prices.

Camp Ration Board does have a price panel and all of used cars must be referred to the Jacksonville board in whose jurisdiction the car was made.

and buyer must complete certificate of transfer, forms which may be obtained from Camp Ration Board. The buyer-completed certificate must be turned in to the Ration Board.

Playing With Fire

Official USMC photo by Cpl. Angus Robertson

Marine infantrymen move fast to take up new positions in Garapan, principal city of Saipan. Jap buildings and installations were set afire by supporting artillery barrages and the Leathernecks entered the town to engage the enemy in street fighting for the first time in the Pacific theater.

Christian Service League Is Popular Activity At Camp

By PL/SGT. ELEANOR HEATH

This week is the first appearance of a column concerning the Young People's Christian Service League. For those of you who are unfamiliar with the activities of this organization, I'll outline briefly just what it is and its purposes.

The Young People's Christian Service League was founded last November under the supervision of Chaplain Walter L. Holcomb. It was organized "to provide a means of Christian fellowship, recreation, devotion, education and evangelism aimed at strengthening the Christian character of young people in the service and to assist young people in the service in maintaining their church affiliation and to prepare them for Christian citizenship in the community, nation, and world when they return to civil life."

MEMBERS GOVERN

The League is governed entirely by the members themselves. The Chaplain acts in an advisory capacity only. The worship meetings are held in the Protestant Chapel

every Sunday evening at 1830. We have monthly topic discussions at these meetings. At 2100, after the Vesper Service, we have a Fellowship Hour.

During the cool months, Fellowship has been taking place in the gymnasium building across the street from the Chapel.

Since the warm weather set in, we have been holding Fellowship out in back of the Chapel. At Fellowship, we play games, sing and just enjoy ourselves. Since we have been meeting out-of-doors, we have been having weenie roasts and watermelon parties.

Our topic for this month is "What Are We Fighting For?" We have had three successive panel discussions, one each Sunday. Four members speak for five minutes each on his views of the subject and then it is thrown open for general discussion.

Sunday evening, 30 July, Chaplain Volbeda of Montford Point will be our guest speaker on the monthly topic. Chaplain Volbeda has always been a favorite speaker of the League because of the quality of his deliverance and the spiritual thoughts of his messages.

NON-SECTARIAN

This organization is non-sectarian. Young people of all denominations are welcome and there is freedom of thought and discussion.

We try to plan something each week to take place during the week. We have picnics, hikes, parties, oyster roasts (in season) and beach parties.

If you attended Christian Endeavor, Epworth League, etc., at home, come out this Sunday evening and join us. You will almost feel like you were at home again. If you never had such an organization in your church, come out once and we guarantee you'll come again.

Limit Number Of Articles In Laundry

The amount of laundry base personnel can put in their weekly bundles has been limited by a Camp Administrative Order setting forth new regulations governing laundry service.

The regulations were promulgated in order that essential laundry may be completed within a reasonable time and to decrease the overload with which the Camp Laundry is now burdened. The regulations became effective 24 July and will remain in effect until further notice.

The number of pieces of laundry weekly will be limited as follows:

- Enlisted men, single, twenty (20).
- Enlisted men, married, forty (40).
- Officers, single, twenty-five (25).
- Officers, married, forty (40).

The order states also: "The use of laundry bags is strongly recommended in order to prevent loss of clothing enroute to the laundry. Individual bundles will be securely tied with cord and the owner's name and organization plainly marked on a tag or laundry slip which will accompany the bundle. Enlisted men should be encouraged to wash small items such as handkerchiefs and socks.

"No woollens (except socks, woolens), silks, or rayons will be accepted. This includes blankets. No items of colored prints will be accepted. The dye in such items is unstable and can easily ruin an entire batch of clothing.

"Officers are advised that under current regulations, their laundry is performed at their risk. There is no reimbursement for loss or damage. Complaints will be taken up with the person at the laundry designated to handle same. (Telephone No. 5395)."

Crack Down On Traffic Violations

Camp authorities are preparing to crack down on traffic violations following the publication of a Camp General Order on this matter.

The order directs that all reports of violations of Camp Lejeune or State of North Carolina traffic regulations which occur within the boundaries of the camp will be referred at once to the Provost Marshal for violation. This applies to military, naval and civilian offenders.

The order states:

"The Provost Marshal is directed to investigate all such cases of traffic violations, and is empowered to award the following:

"(a) Warning.

"(b) Suspension or revocation of Camp Vehicle Permit or Camp Operator's Permit.

"(c) Revocation of U. S. Marine Corps Vehicle Driver's License in the cases of violators of the above traffic regulation when apprehended while driving U. S. Marine Corps vehicles.

"The Provost Marshal will take no further disciplinary action 'in case of minor traffic violations' than that required by the regulations. Violators who fail to report to the Provost Marshal's Office when ordered will receive automatic suspension of Vehicle Permits, Camp Operator's Permits or U. S. Marine Corps Vehicle Driver's License, as the case may be.

"In case of serious traffic violations, the Provost Marshal is directed to investigate and report to the Commanding Officer of any military personnel involved. In the cases of civilian personnel, the Provost Marshal is directed to investigate and report such instances to the nearest U. S. Commissioner for prosecution."

Fine Record By Civilians Bond Drive

Civilian personnel at Camp Lejeune are doing a great job of "backing the attack" by the purchase of War Bonds. The end of June found civilian participation in the allotment program at 88 per cent with 8.6 per cent of payroll deductions, according to the Camp War Bond Promotion Officer.

Already, he said, several civilian departments had reached the Commandant's goal of 90-10 and there are hopes that the July report will show the desired goal for all departments, Malaria Control, G. Course, Camp Engineers and Camp Laundry especially have made showings, he said.

The 90-10 goal means the participation of 90 per cent of personnel taking allotments and at least 10 per cent of their

MAIL GLOBE HOME

Slit an envelope, wrap around this Camp Lejeune Globe, and address it. A ten-cent stamp is all that is necessary to mail it anywhere in the United States.

very man in the Marine

Corps is a fighting man. Every one
of us is out there in our fox-
hole, exchanging lead with the
enemy. Excuse me a moment." He
whirled in his swivel chair,
pulled out a carbine and shot a
Jap sniper who was edging his
way along the top of the Grand
Central Station.
That decided me. The Marine

Corps was my outfit. If there
were no goldbricks, no stateside
staybehinds, and no non-combat-
ants, it was for me. A fighting
group like that needed someone
to stay behind, and that might
just as well be me. Without fur-
ther hesitation I signed up, and
took the first step toward becom-
ing a Marine Corps Non-Combat
Corpsman.

As soon as I had signed up,
the Marine snarled, "You have
ten days to get your personal
affairs in order, and nine and a
half days are gone already."

I raced out, drove home at a mad
speed, and got things in order. I
burned down my house, drove my
car off a cliff, and put Gizma and
the children in a large basket and
placed them on a strange doorstep.
Gizma protested. "Why should
they send you away to fight some-
one you don't know, when you
could stay at home and fight with
the wife you love?" she asked.

"Think of the transportation it
would save."

"The Japs are smaller than I
am," I said. "I've got a fighting
chance to lick one of them."

I was instructed to catch the
train at noon, but I caught it at
Philadelphia. The locomotive
wasn't working that day, so they
put a huge centipede under the
train, and made him carry it to
Yemassee on the double. We beat
the regular running time by two
hours.

At P. I. we were committed to
the care of a Drill Instructor who
didn't like to have a platoon where
his recruits were of varying sizes.
He said it wasn't disciplined

enough. He wanted everybody to
be the same height, so the platoon
wouldn't look ragged.
SIMPLE, ISN'T IT?

His method was simple. Our fall-
er men were made to lie down, they
were marked with chalk, and then
trimmed off with a buzz saw. Once
in a while some recruit who
couldn't follow orders, got his head
sawed off instead of his feet. This
would make our D. I. very angry,
because these men had to be sent
away, where they were sold back to
civilian life as Marine Corps re-
jects.

Following this operation in which
all men were made equal, we were
harrided to the Hygienic Unit, where
we parted company with any little
friends we might have picked up
en route.

Another physical examination
followed on the heels of this seam-
searching experience. A doctor
came along and pinched me. "Does
that hurt?" he asked.
"No Sir," I said with a slight
scream.

The doctor whipped out a pad
and pencil. "Answer my questions
and do what I tell you to," he said.
"Quickly. Lie down. Stand up. Bend
over. Jump on your left leg. Has
any member of your family ever
had spondura of the haverslag? Run
in place with your left nostril
closed. Were you ever inoculated
for rabies, hysteria, ogling, and
second helpings? Have you had any
amphibious operations? Any com-
bined operations?"

AT DISADVANTAGE
My next encounter was with a
gentleman who had me at a pecu-
liar disadvantage. He sat be-
hind a desk, fully clad, in the uni-
form of the day. I stood before him,
fully unclad in the uniform of the
show.

"Sit down," he said kindly. "Cross
your right leg over your left, above
the knee."

"This is a fine time for cheese-
cake photography," I said. "With
the United States being at a state
of war, and all."

The doctor tapped me gently be-
low the knee with a sledge ham-
mer. There was a slight din of
bones crushing. My leg fell off
and rolled on the floor. "Bad re-
flex," the doctor said. "Your leg
should have kicked."

"Leg," I said sternly to the dis-
membered member that lay on the
deck. "In cadence, kick!"

The leg kicked jerkily, got into
an upright position, and hopped
around the room.

AH, WOMEN
The doctor looked into my eyes.
"Tell me," he whispered. "What
do you know about women?"

"Only what my wife, Gizma, told
me," I said.

"And she told you. . . ?"

"To stay away from them."

"Are you shy, timid, hesitant, re-
tiring, meek and quiet?" he asked.

"That's me," I said.

"Why?"

"Join the Marines," I said. "Be-
come a recruit. You'll find out
why."

In another part of the building
two corpsmen stabbed me in the
arms with a peculiar type of li-
quid-injection bayonet. They had
trouble shooting the thick stuff in
my arm.

A doctor came up and watched
them. "What kind of serum are
you using?" he asked, seeing the
molasses-like stuff clog the needle.

"Serum?" the corpsmen asked,
surprised. "We thought you told
us to inject syrup."

Well, I may not be protected
against any diseases, but if any
cannibals get hold of me, I'll taste
pretty good with hot cakes.

PERFECT HEALTH
Our D. I. got us back into for-
mation. "You have just passed

WR BN.

Another WR Band Concert Is Scheduled For Tonight

By PVT. PEARL GOLD

The next concert by the Wo-
men's Reserve Band is scheduled
for tonight, 26 July, in front of
the WR Battalion Recreation Hall.
An entertaining program has been
planned and an invitation is ex-
tended to all music lovers. The
concert is to be presented from
1900 to 2000. These concerts are
scheduled for every other Wednes-
day evening during the Summer
months.

If your birthday falls in July,
you are fortunate indeed. There
will be a gala celebration wait-
ing for you at the USO in Jack-
sonville on Thursday evening, the
27th. The WR Dance Band will
furnish the music and you will
be entertained by the best of our
local Marine and Navy talent.
This is something you can't afford
to miss.

Congratulations to Cpl. Gratia
Howard. She married Sgt. Louis
Oulette last week.

The girls in the Guard Com-
pany who have been assigned as
permanent duty NCOS in the bar-
racks received their PFC ratings.
Good luck, kids, in your new
jobs.

Recreational activities should see
a sharp upswing now that Lts.
Duff and Healy are back from the
conference in Chicago—just chuck
full of new and revolutionary ideas.
With Sgt. Alice Horsley Davis

back in the barracks, almost any-
thing can happen. She has even
taken to riding a bicycle—poor
bicycle—poor Davis. That is one
way of consoling one's self — now
that certain Marines have left —
taking with them the love lives of
any number of girls. The camp
theatres, golf course, art classes,
etc. will be packed with any num-
ber of WRs — ALONE.

There seems to be some con-
trovery as to what constitutes
art in pianos. The Service Club
is due to receive a tastefully de-
corated piano for the outer lobby.
Before the piano could be deliv-
ered it had to be painted for three
days. Private Mavis Pratt gave her
all painting it with white enamel.
It was such a beautiful job that
no lights were needed in the work-
shop at night — the piano just
glowed. Then Art reared its head,
looked around and decided said
piano was to be "antiqued." Now
people walk in and say, "My word,
did you do that on purpose?" Let
us not despair, however, when it
appears in the Rec Hall, Pfc. Stow-
ell will have everything under
control. Bavarian design is to be
the motif.

ODDS 'N' ENDS

Cpl. Ellen Meister and S/Sgt.
Helen Konopka, formerly of the
Union Shop, are off to Quarter-
master School in Area 1.

Welcome is hereby officially ex-
tended to Pvt. Naomi Snyder, new-
comer to Headquarters Company.
When a girl moves into a new
squadroom, she more or less takes
her life in her hands when de-
ciding upon a bunk. There is
that tried and true custom of,
for every occupied bunk, the em-
pty one next to it must be guarded
against invasion. Of course, having
the bunk next to you occupied
eliminates cleaning two of them
— but that is of no consideration.
(Ed. Note: Poor Snyder chose the
bunk next to Reporter Gold who
is now in the Dispensary.)

OPA Is Checking Pleasure Drivers, Carolina Beaches

Check-ups by OPA at Carolina
beaches on recent week-ends
brought summons to 848 North
Carolina motorists to appear be-
fore Ration Boards and explain
how they got the gas to drive to
the beaches.

At Myrtle Beach, S. C. on 4 July,
345 N. C. autos were checked and
the investigation revealed 371 N.
C. cars and 20 out-of-state at Car-
olina Beach on 16 July and 132 N.
C. cars and 18 out-of-state at
Wrightsville Beach the same day.

The OPA announced it would
continue during the summer to
check automobiles found at resort
spots, amusement areas and other
pleasure centers in all parts of the
state and that license numbers of
cars and names of owners would
be sent to their local Ration
Boards. Owners will be called be-
fore boards to explain the use of
gasoline and face revocation of gas
rations.

OPA officials said there was no
ban on pleasure driving but stressed
the fact that supplemental
gasoline was issued for specific
purposes, adding that persons
found using this gas for other driv-
ing purposes face the loss of sup-
plemental gas rations.

a complete physical and mental ex-
amination," he said. "You are all
in perfect health. You can stand
anything. We'll have no falling
down, blisters, or getting tired in
this platoon. Do you understand?"

"Yes Sir," we chorused.

He looked at us. "I didn't hear
nothing."

We all took a deep breath. "Yes
Sir! ! ! " we screamed with all
our might. We yelled so hard that
eight of us swooned, and our teeth
are now slanting outboard from
the force of our cry.

"That's a little better," the D. I.
said.

I rejoined my platoon and
marched away to the barracks. I
had passed the exams. I was a
Marine, at last.

Blasts Three Jap Planes, 30 Seconds

WASHINGTON — Lieutenant
Commander Robert A. Winston,
U. S. N., of New York City, N.
Y., and Washington, D. C. shot
down three Japanese planes with-
in 30 seconds during a Pacific
action in which he participated as
Commanding Officer of the "Meat-
axe" squadron of Navy fighter
pilots, it was revealed today.

Pilots of the squadron chose
as their insignia, a flying meataxe,
painted on the fuselage of their
Grumman Hellcats (F6F) and as
their motto "We Cut 'Em Down."

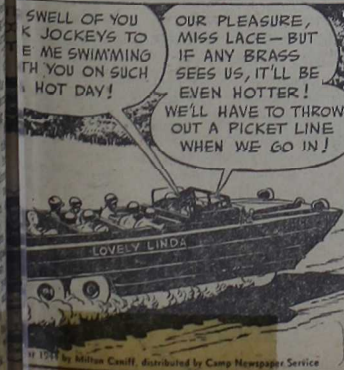

The action in which the squad-
ron commander shot down the three
planes occurred off Palau, when
the "Meataxe" pilots intercepted
and shot down a formation of
nine Japanese dive-bombers head-
ing for an attack upon the air-
craft carrier on which the fighter
squadron was based.

PATCH UNAUTHORIZED

WASHINGTON — The shoulder
patch designed for Marines serving
at the U. S. naval base at Lon-
donderry, Ireland, has been dis-
approved by the commandant and
is therefore unauthorized. The
patch had a red background, a
green shamrock at bottom center,
and a gold and black Marine
emblem at top center.

An Army order for 800,000 wood-
en floating chairs saved 4,000 tons
of steel.

This column is available to service personnel and civilians employed on the base for ads such as Lost, Found, For Sale or Wanted. The Globe offers this service free to the personnel of this base. Copy must be in before noon each Saturday. Telephone 5443 or 5449.

LOST—Ronson cigarette lighter picked up off counter in Area 3 PX. Bears initials M. M. W. Please return to Pfc. Wakem, Area 3 PX.

FOR SALE—1 studio couch. PhM. J. P. Charles, 224 Butler Drive South, Midway Park, or phone 5356 between 0800 and 1600.

FOR SALE—House trailer, completely furnished, ready for occupants. Pfc. Henry Renfrew, phone 3433.

ATTENTION—Will the Marine who helped lady with heavy green suitcase Tuesday, 18 June between 0700-0900 at Jacksonville bus station contact Pfc. Henry J. Poirier, Barracks 318, phone 5303.

WANTED TO BUY—Child's tricycle. Lt. S. B. Williams, phone 3219.

LOST—Ronson cigarette lighter near Maintenance barbecue pit. High sentimental value. Reward. S/Sgt. R. E. Throckmorton, phone 5484.

FOR SALE—Cartop boat, 10 feet long, 54 pounds, carry 2 people. Call PhM. Jack Kanavel, Ext. 262, Tent Camp, between 0800-1530, or at 1227 N. Butler Dr., Midway Park.

LOST—Gold watch with gold strap, at Camp Theatre. WFL engraved on back. Reward. Pfc. Lynch, Barracks 205.

WANTED TO BUY—Inner spring mattress and/or box springs in good condition. ChPhM. R. J. Hanavan, phone 3367 before 1630.

ATTENTION—Will furnish room & 2 meals to wife of Marine in exchange for help with house-keeping and care of children. Mr. J. R. Carroll, phone 5546 or Jacksonville 8-780.

WANTED TO BUY—Any old books, magazines, papers or scrapbooks concerning baseball, football, boxing, golf or other sports. Cpl. Ernie Harwell, phone 5449 between 0800 and 1600.

FOR SALE—Handgrinder for wood, metal or plastics. Heavy duty

Duro. Cpl. Don J. Arnot, Building 412, phone 5485.

FOR SALE—1934 Plymouth coupe, \$165 cash. Lt. R. C. Ausbeck, Barracks 510, between 1700-1800.

FOUND—Express money order for \$20, in Sales Commissary. Call Lt. L. P. Davis, SC Officer, at 5561.

FOUND—Man's Gold Banner wrist watch in Camp Theater after last show Saturday, 15 July. Call Pvt. Madeline Kearns, Bks. 65, WR Bn.

FOUND—At Onslow Beach three weeks ago, woman's sun glasses, red shell rims. Call Pfc. H. E. Newpher, Bks. 410, phone 3562.

FOR SALE—Complete furniture for three rooms, available 29 August. WO G. E. Hollingsworth, 233 Butler Drive, S., Midway Park.

LOST—Around 4 July, alto saxophone, Government instrument; silver lacquered with gold bell. Was in small brown case, 8x24 in. Finder please contact Montford Point Camp Recreation Officer, call MPC 60, dial 58, or MPC Band Director.

FOR SALE—Cash, 1941 Plymouth Special Deluxe Fordor, excellent condition, 4 new tires, good spare. Capt. T. H. Trospier, Heavy AA Grp., 52nd Defense Bn., or Box 671, Jacksonville.

LOST—Top of woman's blue and white bathing suit, Saturday 15 July, in Onslow Beach bath house. Finder please contact Pvt. E. Bouck, Bks. 55.

WANTED—To buy, baby crib for a friend. Pvt. E. Bouck, Bks. 55.

WANTED—One room at Midway Park for young married couple. T/Sgt. John M. Marsh, phone 3517.

LOST—20 July near Tent City Movie No. 1, lady's Bulova Patricia wrist watch. Engraved on back, "Eddie to Esther, 12/25/42". Finder please return to Pfc. George Silva, Motor Transport Co., Tent Camp. Reward.

FOUND—On meat counter of Sales Commissary Saturday, 22 July, lady's brown horn rimmed glasses. Owner may receive them by calling at Sales Commissary office. Phone 5561.

The piano, organ, harp and traps are musical instruments played with both hands and feet.

POET'S CORNER

Poems submitted for publication in the Globe should be written on one side of the paper only. Material should be typewritten preferably, or written in ink in a legible hand. Poems must be signed with name, rank and organization.

MY SOUL

My soul is but a little light
That gleams to lead my steps
aright,
And when they stray from decent
ways
It grieves in pain and meekly
prays.

My soul is all that's left of me
To guide me over land and sea,
And fill my heart with love divine
For serf or king, and all mankind.

So then my soul is kind to all,
Tis pure and clean from wall to
wall,
A lovely rose within the glade,
Immortal love that shall not fade.

SGT. JAMES E. SMITH, Hq. Bn.,
Montford Point Camp.

DAWN—CAMP LEJEUNE

Morning dawns o'er Camp Lejeune
Cerise sun traversing a misty horizon
Spreading day, and
Lifting high, into oblivion
The sleepy veil of night.

Marine Band music floating afar
Drifting seaward. Hour of colors—
Old Glory gliding upward. Insignia
of:
Tears; sacrifice; life, victory.
God's morning dawns o'er Camp
Lejeune.

—PFC. MERLE CRAIGHEAD,
MCWR, Co. "C", WR Bn.

THE THING

There is a Thing,
Large and deep and restless,
Which moves within us—
Against our stomach and against
our heart.

And then—
We see the Thing—
(Thing spelled with capitals)
In the moving clouds,
Pushing up against the sky
And in the wind across the field
of flowers.

The Thing is there,
Pressing from the sea in wave on
wave
Upon sand—and in my hand
I almost hold the Thing
So dear, so soft, so strong,
So full of God.

—Sgt. Barbara Savage
RD, WR Schools.

MY PLEDGE

America, dear native land,
We pledge our lives to thee.
All we who serve to save our land,
Will see thee safe and free.

Sweet land of beauty, fair and
true,
Of mountains huge and high;
Of rivers wide that sparkling run
Beneath thy sun-lit sky.

Thy sons and daughters will up-
hold
Thy name by day and night,
And fight for thee, America,
And keep thy honor bright.

—Pfc. Douglas Van Hall
Royl Netherland Marine
Corps.

(Editor's Note—This poem was written by Pfc. Van Hall, while a patient in the Naval Hospital here, as his impression of a true American's love of country).

Marines In Spotlight At DAV Meeting

by SGT. G. E. DAZEY

Justly our adjutant journeyed to Washington, D. C., along with survey L. Miller, Camp Paymaster to be the honored guest of the Touch-down Club and the American Veterans. The night of the week-end was a ball game between the Washington Senators and the St. Louis Cardinals, proceeds of which went to the Army-Navy Relief Society. Miller gave a thirty minute talk to a very appreciative audience of approximately 38,000 people. It was later announced by the National Director of the DVA that the Marine Corps had once again won the Show.

Carlin Snell and his little flag, which was the first American flag to fly over Guadalcanal, have attained national acclaim. The New York Daily News just recently ran a story concerning it.

All the low down on people working in the depot you should read in the Semi-monthly publication put out by the DOS. This paper is put out for the Detachment and contains some interesting dope. The Managing Editor is Corp. Roy G. Carlin, Officer in charge is Lt. Rose, and Honorary Editor-in-Chief is the Camp Quartermaster, carrier of the Depot News under the title of DEPOT EDITOR.

WEDS

Recently married and quite a bit of a party, Earl Bielby from Second Service, SupSgt. Jackson promised to be the license if he married before the 15th and "he dood" kick in Jack. Also in the married bracket comes two from First Service, George and Earl Huber. Best to you all.

Coe Storms of Second Service gained quite a reputation as a hound. Seems as though he can pass every week-end. The Office claims he is going and just to prove it he can out that he has got that First Sergeants Linn and ally gave the boys a laugh every day. They were dancing quite smooth. Linn says it is a very smooth dancer y swears that he tells that of his partners.

has come to us that Kelley, formerly of the Motor Company Office, are now City with the Second Company and are working out mowens and digging ditches. is complaining of the blis-uteh" Butcher is now wears. Can't help but won't it is to see his food better to help run that golf score

1ST LT. ALAN SHILIN

The Revolving Stage.

The undisputed king of Lejeune's baseball hurlers is tall, soft-spoken, easy-going Dan Bankhead of Montford Point. It is Bankhead's habit to amble out to the mound, turn his cap a few degrees counter-clockwise, look so relaxed that spectators expect him to topple over backwards—and then turn in a brand of pitching that would be called outstanding in any league anywhere.

The mark of the mound-master is on him! He has everything—from a fastball that travels about on a par with a thunderbolt to a change of pace so maddening that it has been known to drive first-rate batters to croquet. Spectators contend, however, that his greatest asset is his absolute unconcern—his perfect composure in the face of any situation. Relaxed and phlegmatic as Carl Hubbell was, in comparison with Bankhead he behaved on the mound like a man who had lost everything in the stock market of who was at the mercy of his draft-board!

Nor is the comparison between Bankhead and Hubbell a flight of fancy! As the star hurler of the Birmingham Barons, members of the Negro American League, Bankhead has three times faced Satchel Paige and has three times left the mound with a victory. Some of the greatest big-league pitchers of the decade have failed to match Paige in exhibition games and have walked off saying that "The Satchel" was the greatest ball-tosser in the United States.

BASEBALL FAMILY

Dan Bankhead comes from a baseball family. His father, mother and his sisters are rabid fans. In addition to Dan, son Sam and son Fred are also in the Negro big-leagues. Sam and Fred are both shortstops, the former with the Homestead Greys and the latter with the Memphis Red Sox. Sam Bankhead has been called one of the finest players in organized Negro baseball, and by many—the outstanding shortstop in the game today.

Dan began as a shortstop himself but he used to throw so hard between short and first-base that the Birmingham Industrial League team of which he was a member discovered that he was inculcating a kind of "speedball neurosis" into their first-sackers. The manager wisely suggested that Dan take the mound.

Dan broke right in with the Birmingham Barons and won 23 games against one defeat. His next season was equally successful. In 1941 he went down to Puerto Rico, where the fans drive the umpiradores as crazy as the torreadors do the bulls, and soon developed a tremendous following. He pitched against—and defeated—Hiram Bithorn, pride of Puerto Rico who later saw stellar big league duty with the Chicago Cubs.

Selected to pitch in the East-West game—the annual classic of the Negro baseball world, Bankhead took his turn on the mound for two innings and then voluntarily retired. The opposition batters never quite knew what had happened. Other than the fact that they had noticed certain atmospheric disturbances at the plate, they simply walked up and back between the bench and the batter's box with their weapons on their shoulders—much in the manner of sentries.

Bankhead admits one failure, however. He cannot pitch to his brothers. Asked whether Sam or Fred ever hit him, he replies gloomily:

"I don't know whether they can hit me but I sure hit them. Every time they come to bat I get all tensed up and go wild. Next thing you know I hit them with a pitched ball and the whole family is mad at me!"

In addition to Brother Sam, Bankhead considers Raymond Brown, of the Homestead Greys, and Satchel Paige of the Kansas City Monarchs, as the finest Negro ball players he has ever seen.

Bankhead joined the Marines in the Spring of 1943. He has since risen rapidly to the rank of sergeant and is serving at present as a combat swimming instructor at the new Montford Point Pool. Bankhead is amphibious. He excels at basketball as well as baseball and he is a crack swimmer.

He is known throughout the camp as the finest pitcher on the base and he always draws a

crowd when he is slated to pitch. Backed up by a wonderful team, Bankhead is hard to beat—but as is the case with all champions—it is everybody's desire to beat out a hit against him. Not only does he pitch superbly but he is a slugger as well. (In his first game against Paige, he got three hits—which made the difference of victory.)

HIS CHOICE

Though it is a difficult choice, he selects third baseman Manual Stuart, of Montford Point, as the member of his club most worthy of a big-league trial. And he is exuberant in his praise of Sgt.

Clark, Lejeune's foremost umpire, as being the best arbitrator who has ever held office-hours on him from behind the plate.

Those who have never seen him before can look for the man who most appears to have been bitten by a Tsetse Fly. He will be standing mournfully on the mound and he will look so relaxed that it would seem that a puff of wind would blow him over. But don't believe it. All Sgt. Dan Bankhead usually gets from the batter's box are waves of wind caused by the flight of timber through the atmosphere—and he is always standing when the last man strikes out!

'Gunny' Maghakian Has Many Colorful Exploits To Credit

AN ADVANCED PACIFIC BASE—(Delayed)—Marine Gunny Sgt. Victor "Transport" Maghakian, former Fresno County, Calif., deputy sheriff whose movie counterpart millions of Americans saw "killed" in the film "Gung Ho," has been awarded his second Silver Star medal for heroism in action.

Maghakian, one of this war's most decorated fighting men, already holds the Navy Cross, the Purple Heart, a Gold Star in lieu of another Purple Heart, and his first Silver Star.

He was awarded the second Silver star for his part in the Marshall Islands campaign.

The citation accompanying the medal credited Maghakian with:

- (1) Killing the last four Japs on Mellu Island of Kwajalein Atoll.
- (2) Rescuing a platoon of Marines pinned down by Japanese machine gun fire on a small island in Eniwetok Atoll.
- (3) Keeping the weapons of the men under his command in firing order, "despite their repeated exposure to salt water."

In rescuing the endangered platoon on Eniwetok, he "led a small detachment of men around the enemy flank, crept around a brush and tossed a hand grenade into the enemy position through a maze of undergrowth," according to the citation.

Maghakian's past exploits have been equally colorful. He was a member of Lt.-Col. Evans F. Carlson's famed Second Marine Raiders when that organization annihilated the Jap garrison on Makin Island on Aug. 17, 1942.

BASIS FOR MOVIE

The raid provided the basis for the movie "Gung Ho," in which "Transport's" Prototype was "killed" while crashing a bulldozer into a Jap-filled wooden building.

In actuality, Maghakian was the first American wounded in the raid but after first aid in the field returned to the front lines and led his men in a successful assault on Japanese positions. He received the Navy Cross for the action.

In December, 1942, he was again wounded in action as the Raiders battled the Japs in the Solomon Islands. Despite the wound he re-

mained at his post until loss of blood forced his evacuation. That action brought him his first Silver Star.

He was returned to the United States shortly thereafter and was sent overseas again early this year.

The gunny sergeant is the author of a diary of his war experiences, entitled "Sweet Land of Liberty," just off the presses.

INFANTRY SCHOOLS

List Staff, New Set-Up For Schools

By PFC. JOHN CUMMINGS

The Infantry Leader-Instructor School has "passed on" in favor of the new and enlarged Infantry Schools Battalion, Schools Regiment, Training Command, Fleet Marine Force and new assignments became effective. Major Louis G. Ditta is in command. The staff: Battalion Executive officer, Capt. Arnold G. Edelstein; Bn 1, 2nd Lt. William C. Schumacher; Assistant Bn 1, Warrant Officer John S. Schrenk; Bn 2, Capt. George S. Plantier; Assistant Bn 2, 2nd Lt. Thomas E. Ryan; Bn 3, Capt. William E. Vorhies; Bn 4, Capt. William H. Sager; Bn Police and Maintenance Officer, 1st Lt. Andrew D. Ventresca; Bn Mess Office, 2nd Lt. Roy A. Suominen; Bn Recreation Officer, 2nd Lt. Gerard T. Chiu-razzi.

The organizations and their Commanding Officers: Headquarters Company, 2nd Lt. William C. Schumacher, commanding; Rifleman Classes Company, Capt. Victor V. Valente, commanding; Rifle Indoctrination Classes, Capt. Charles W. Walkup, Officer in Charge; Machine Gun Classes Company, 1st Lt. James G. Ben-nette, commanding; Mortar Classes Company, Capt. Leonard R. Heller, commanding; Infantry Demonstration Company, Capt. Plantier, commanding.

GET SQUARED AWAY

The last few days have seen all hands "pitching in" in an all out effort toward getting "squared away". Of course the classes continue their regular schedule without a letup.

Lt. Chiu-razzi acting in his capacity as Bn. Recreation Officer called a short meeting the other night to obtain the trend of the "voice of the people" on the athletic and social functions of the battalion. Lt. Chiu-razzi is a natural for the job and we are looking forward to the day when under his direction GySgt. Joe Frechette will lead the "Dragons" on a home and home basis.

The new movie outlook has been met with cheers from all sides. Our foremost authority on "Cinema Scoop", Pfc. G. Henzey Connors, predicts a long line of successes from the Hollywood lots. Some outstanding "reel heroes" have graced the screen during the past week, but our particular favorite is an unsung "real hero" who sprays the aisles with "Bugaboo", decking the vaunted "mosquito dive bomber" formations with rapidity and finality.

Closer To Tokyo!

The invasion of Guam by Marines, to strengthen our forces' hold on the Marianas chain, brings the forces of liberation closer to Tokyo, the heart of Japan's far-flung empire. How much the evil rule of the Japs has spread is shown by the map above with Jap-held territory shown in black. It includes Manchuria, Inner Mongolia, Korea, the Philippines, French Indo-China, Malaya, the Dutch East Indies, Thailand, parts of China and many of the Pacific islands.

	No	Yes	No	Yes	No	8 November	9 August	7 November

TERRITORY OF ALASKA		Territorial election is held on 12 September. No voting in Alaska for Federal officers except Delegate to the House of Representatives.						No provision for absentee voting.

Look Out, Kay!

Kay McKenzie, CBS radio player, poses unsuspectingly against the trunk of some lucky tree, unaware of a villain, none other than Groucho Marx himself, leering at her with, perhaps, evil thoughts in mind. He is doing enough leering though, Mac—you can rest your eyes. This duet currently is on a tour of service hospitals.

Montford Quartet Sings, TC Hospital

The Silvertone Quartet of Montford Point made a big hit Sunday in their appearance before patients at the Tent Camp Field Hospital. Hearty applause greeted each number, particularly the featured Negro spirituals. The quartet also sang at Tent Camp Chapel services Sunday morning.

Members of the quartet are Sgt. Charles Lowery, Sgt. Eugene Shelbourn, Sgt. Carl McClellan, Sgt. A. G. Lewis and Corp. Roy W. Buckner.

The Amazon River is navigable for 1,700 miles.

Camp Characters

PVT. "HOT JIVE" CHARLIE

This character does not play any musical instrument, he does not have to. For nature endowed him with an extra large pair of feet to beat time with, hands with which to clap, and vocal chords which produce weird high-pitched noises at the sight or sound of a swing band. At the movies for instance the moment Harry James' name flashes on the screen he screeches with delight and ascends into the seventh heaven of "jive".

His eyes roll upward in their sockets, he lifts his head as if to scent some far off gardenia, his body begins to twitch and tremble, he beats time with his hands on the back of the seat in front of him, his feet stomp the deck in measure, and he drifts violently off into what Damon Runyon characters call a "transom". Sounds like a steam engine with asthma emerge from his pursed lips and he is completely "sent".

We love music too, can even tolerate certain of the after swing bands, but we do not feel it necessary to give even tacit aid to the assassins of silence in the movies. But the true "hep-cat" does not enjoy any music which does not give him St. Vitus dance—and the louder and more violent, the better.

The fathom is a common nautical term, being equal to six feet.

Huba Wins Battalion Golf Trophy

T. K. N. ZALOUDEK AND SGT. N. J. RADLICK
On Sergeant Huba defeated at DiStefano in a close, but match to win the Battalion golf tourney. Platoon Ser-Huba was presented with a mounted on a plastic base. The base of the trophy is a plate on which will be en-the name of its winner and ct that it was won in the Battalion Golf Tourney.
To all you golf enthusiasts, there at her golf tourney starting th of July. All entries are n by the 26th and the mat- es ill be played in two weeks. The trophies such as described will be presented to the win- d runner-up in this tourna- so everyone, regardless of r you play often, let's get tourney.
An effort is being made to the Battalion up to 90 per cent of War Bonds by allotment the end of the month. The quarters Company and First is anticipated that if the does not reach the 90 per cent, we will at a substantial gain over per cent of last month.

\$10,000 Damage From Blaze At Officers' Mess

which broke out in the room of the Officers' Mess at e Point last Wednesday eve- aused an estimated \$10,000 e of damage, according to t, F. Volkman, assistant pro- arshal.
The blaze was localized to the om wing of the structure, d not spread to the locker r the galley, both of which e burned portion of the e. Discovery of the fire ide when smoke began pour- m the vicinity of the new ator under construction at e. The dining room and e cleared, many of the din- wing half-finished meals, ke began to fill the rest building. No one was in- e the blaze.
Department men were aided nter fire-fighters from the officers in quelling the blaze, and a fire watch was uring the night to prevent outbreak of flames from l-smoking interior of the e. The fire was under con- in an hour and a half was discovered.
\$6,000 worth of canned d stores were destroyed, olkman said, in addition to age to the building itself.

Decorated

CAPT. A. H. HUGHES

For heroic action at Cape Glou- cester, Capt. Alfred H. Hughes was recently awarded the Silver Star at a ceremony here. Capt. Hughes, now attached to Camp Lejeune's Training Command, was decorated for leading a counter-at- tack that repulsed enemy forces.

WAR DOG DET.

Nuzzola Gives Few Tips On Training Dogs

By S/SGT. MICHAEL NUZZOLA

Since we have received hundreds of letters (well, two at least) from people, (naturally from people, who ever heard of a dog writing a letter,) asking questions on how to train their own dogs, this column has decided to, unless this paper has decided not to, give a weekly lesson on training your dog.

Training a dog is easy. It's as easy as eating chow. Well per- haps that is not a good example, eating Mess Sgt. Smith's chow down here is not easy. It's as easy as, shall we say, jumping off a cliff, although I doubt if anyone wants to jump off a cliff, at least not until the next de- pression hits us.

Today dear reader, for our first lesson, we shall take up the sub- ject of "heeling." Immediately questions will pop up. "What does that mean?"

"SIMPLE" RULES

"Does it mean learning to be- come what people call anyone who won't lend them money because they haven't paid back the first loan yet—a heel?"

No, read carefully and it will all be explained.

All dogs should be taught to "heel." The rules for this exer- cise are simple and clear, as fol- lows:

The leash is always held in the right hand, unless you should find it more convenient to hold it in your left hand.

The right side for the dog to be on when he is at "Heel" is the left side. Clarifying that state- ment, the left side is the right side. That is, I mean, if your dog is on the right side of you that would be wrong, because he should be on the left side, which is the right side.

Oh heck, this is getting quite involved, suppose I give you a re- cipe for baking a new kind of Boston Cream pie.

Get this paper next week and if you don't like the lesson in it, try and get your money back.

Southwest Pacific Market Quotations

GUADALCANAL (Delayed) — Here are the latest quotations on Marine-native trading along the local bourse:

Shoes	Nothing
Money	Anything

MONTFORD MUSINGS

Complete New Training Pool For Swimmers, Montford Point

By CPL. L. A. WILSON
Montford's training pool, one of the three at Camp Lejeune for enlisted personnel is completed and ready for use. The pool, 60 feet wide by 150 feet long, ranging in depth from four feet, eight inches to eleven feet, eight inches, is to be used primarily for combat training.

With the completion of the pool, Montford will be able to carry on the training program inaugurated by the Marine Corps at Parris Island, Quantico, and San Diego. "Boot Camp" recruits will not only learn how to swim, but will probably obtain additional instruction in swimming with full packs and other equipment essential in combat.

ALL-SEASON TANK

Training tank room in the build- ing is heated by hot air blowers. These provisions make it possible to utilize the tank room and pool, both Winter and Summer.

Filled, the pool contains 425,000 gallons of water which will be cir- culated, drawn off, filtered, and purified by chlorine at a rate of 1,200 gallons per minute. A com- plete change of water is effected every six hours. Sanitary con- ditions will be maintained at bottom of the pool by "vacuum" equip- ment for cleansing. Dressing rooms and showers are available for trainees.

An experienced staff of instruc- tors has been assigned to duty at the pool: Gy/Sgt. Alvin Ghazlo, Pl/Sgt. V. A. Pottsdamer, Sgts. Dan R. Bankhead, M. Cleveland, Cpls. T. D. Quinn, M. Stewart, Pfc's Louis P. Cooke Jr., W. Morgan, and J. R. Wilson Jr.

Speaking of a proud father, there is one at Montford Point—Sgt. Maj. Charles F. Anderson, Camp

Headquarters, Hedqtrs. Bn. Surely, every day now for him is more pleasant; for, the Stork left a ro- bust, eight pound, eleven ounce son.

BRIEFS

Smoker given at Recruit Depot Recreation Hall July 13, proved to be a thoroughly enjoyable affair. There was quite enough brew and cokes to enliven the jolly group.

Sgt. Maj. Bedford Kinney is at the helm again after a very pleas- ant furlough spent deep in Dixie. Marines come and go. Some are long remembered for their fine, straightforward services. It is the consensus of opinion that Lt. Col. William D. Harden, who is detached as CO of Headquar- ters Battalion, is one of the top Marines whose impressive ad- ministration will not be forgotten.

One of Montford's most depend- able hurlers is on the bench prob- ably for the remainder of the sea- son—Cpl. Wilbur Baham, formerly of the New Orleans Crescent Stars. In top form, pitching a fine game, with a nine score lead against Quartermaster Battalion, he at- tempted to slide into third base, in the third inning, and the dam- age was done. Baham has been on the mound for Montford in three league games. In each he has emerged the winner. One of the three was a shut-out.

ALL STARS

In the biggest non-league game of the season in Dixie, Montford meets the All-Stars, a picked team of the best Sepia players in the South, at Greensboro, N. C., Sun- day, Aug. 20.

An impressive War Bond indi- cator has been constructed ad- jacent to Recruit Depot Head- quarters. The 52nd Depot Battal- ion leads all Battalions here with a possible 100 per cent.

ENGINEER BN.

New System, Exams For Promotion

By S/SGT. S. P. PETROFF

The monthly promotion exami- nations, held under the auspices of the Bn. Promotion Board, pro- duced another ambitious group of candidates. The written examina- tion was held in the Mess Hall, and the oral and field tests were conducted Saturday, 22 July.

A new system was inaugurated, with each candidate taking the examination for the particular rank to which he aspired only. Formerly, the sergeants had to take the corporal and sergeant examination, aspiring staff N.C.O.'s had to take exams for all grades up to and including the grade to which they hoped to get pro- moted, etc. The written examina- tion lasted far, far into the night, and even the members of the board became exam-happy.

Under the new system, a weapons examination was given each candi- date, regardless of rank, and then a special examination for each grade, with a 30-minute time limit, was offered. All candidates agreed that the new idea was a great im- provement.

CALLING ALL LAWYERS

The baseball team hasn't re- gained its full stride since the un- fortunate defeat by Rifle Range, a game which will probably be re- played. After dropping two in a row, the club ran into another disputed struggle with the Quar- termasters, when an umpire re- versed then re-reversed a close one involving the scoring of a run si- multaneously with the third out of a runner on base. With the pres- ent trend of events, the nine will soon need a staff of lawyers, sea, and otherwise, to accompany them to the diamond.

The congratulations, in super- latives, are in line for Sgt. and Mrs. P. V. Russo. On 15 July, Mrs. Russo gave birth to twin girls, Linda and Loretta. Sgt. Russo's mates are still staggering from the multitude of seegars distributed by the proud parent. Sgt. Russo is halfway through his second hitch in the Corps. He is now an in- structor in W. O. Davis's Carpentry Course.

It's always a pleasure to note how some Marines manage to do a little more than their job calls for. Such a man is Pvt. Orrin Reistadt, Motor Transport, nomi- nally a driver for the Demolitions Demonstration Platoon. In addi- tion to getting the boys to and from their explosive rendezvous, Orrin doubles in brass with the band-aids, serving as a general dispenser of first aid for minor cuts, bruises.

GOLDEN GLOVER

Examination of Reistadt's other accomplishments reveals that he hails from Wisconsin, where he operated a heavy crane before en- tering the Marine Corps. Appar- ently he is pretty handy in taking care of himself, as well as others, with an Expert Rifleman's medal, and a Golden Gloves boxing record to show as further evidence of ac- complishment.

Anyone who thought Sgt. C. H. Vaughn, the personnel expert, had gone over the hill recently was quite wrong. He only went to Texas, on furlough. Returning re- cently with his wife, and daugh- ter, he was found sporting a rather wan facsimile of a mustache, prob- ably inspired by some fancier mod- els he may have seen near the Mexican border. Real upper lip forestry information may be ob- tained from Shorty Jean, the man who runs the QM Stockroom in #28. Now there is a real piece of lip-fur, straight from the Canadian wilds.

One-Man Special Weapons Company

U. S. NAVAL HOSPITAL, San Diego, Calif.—Found! A one-man special weapons company.

He is Marine Pfc. Bartrell Paul Spickler, 19, of Muscatine, Iowa, who, during the battle of Tarawa, used a machine gun, a Browning Automatic Rifle, a Reising Gun, a Garand Rifle, a .45 caliber pis- tol, and a flame thrower, all with- in the 50 hours he spent on Betio Beach.

Pfc. Spickler is normally a num- ber-two machine gunner, but at Tarawa, he was called upon to use whatever weapon he could get his hands on. And he got his hands on plenty.

Play At Montford Point

With brand new songs and music straight and deep from "the heart of Texas" come the Prairie View College Co-Eds, a topflight musical aggregation directed by Will Henry Bennett to Montford Point Theater, Thursday evening, July 27.

The sixteen charming swingettes have won the praise of music crit- ics throughout the Lone Star State, and its bordering states. In ad- dition, newspapers in many sec- tions of the country have heralded this popular musical group.

Prairie View's glamour girls of music got their reputation as top- rank performers through individual ability. Several of the Co-Eds are arrangers. Others, natural musi- cians, have mastered the techni- que of swing instruments.

Strictly harmonious, the group offers sweet rhythm and a varia- tion of swing that is melodic. The reed section blends smoothly with the brass. Helen P. Cole on the drums is a rhythmic "Queen." She is rated "aces at wheeling the hot- ticks." Lovely Marian Bridges is the Co-Ed vocalist. Not only can she

sing the blues, but her charm blends with the sentimental tunes to captivate.

Known as the "Chin up Favor- ites", the girls have rated upon each appearance.

Troops Watch Films 50 Feet From Japs

Bougainville (CNS) — Holly- wood has come to Bougainville, which is a long, long way from California.

Soldiers stationed at outposts here now are seeing regularly scheduled motion picture pro- grams, including feature length films and short subjects, some- times within 50 feet of the fight- ing.
