*Upon Transition*

## [NETCOM Army Career Skills Program](#)

NETCOM plans to facilitate individual internships in support of this program. The internships offer the opportunity for Soldiers to gain experience and learn about the NETCOM mission, while possibly identifying potential candidates to fill vacancies.

## [Army Reserve CPB Showcases the Benefits of Military -Civilian Cyber Expertise at Trilateral Event](#)

The Cyber SME Tech Exchange was a four-day event where cyber experts from several partner organizations came together to perform cyber-based hunt operations in a controlled virtual environment at the Tacet Venari range. These operations created a platform for participants to cover various tools and best practices for network hunt operations and overall improve cyberspace defense efforts.

## [The Award for Technician of the Year goes to...](#)

Recently, USASA-K conducted their first ever Technician of the Year Competition. These Technicians were tested on (Baseband, SATCOM, and Maintenance) via a board, written exam, and hands-on test. The Winner of the Technician of the Year was SGT Williams and The Runner-Up for Technician of the Year was SPC Krout.

Congrats to all of our motivated technicians on an outstanding job!

## [106th SIG BDE, with 7th SIG CMD \(Theater\) G1 and the NCC, Conducted a Virtual Hiring Fair](#)

From 28 February to 3 March 2023, 106th Signal Brigade, in conjunction with 7th Signal Command (Theater) G1 and the NCC, conducted a virtual hiring to address personnel shortfalls across the Brigade footprint.

## [335th SC Holds Battle Training Assembly \(BTA\) Weekend](#)

Training started out with all Soldiers conducting the Army Combat Fitness Test (ACFT). Later, the lower enlisted soldiers participate in a career progression workshop given by our outstanding NCOs.

## [2d TSB Shines Spotlight on Kyle Novak](#)

Kyle Novak, a volunteer, outstanding spouse, and supporter of the 44th Expeditionary Signal Battalion-Enhanced. She volunteers her time to give back to the Soldiers and leadership who have welcomed her and her wife with open arms. She's made significant contributions to the unit like building corn hole boards for the Bravo Company Soldier Family Readiness Group program and building a memorial used for the battalion ball in remembrance of 9/11.

## [Mr. Edward Otto, Retired from the Carlisle Barracks NEC After 34 Years of Service](#)

Mr. Otto, the Carlisle Barracks NEC Director, retired on 25 Feb. 2023. He began his Federal Government career in August 1989 at Ft. Huachuca where he was recruited out of college.

## [311th Leadership visits units at Exercise Cobra Gold 2023](#)

The command team visited Soldiers of the 516th Signal Brigade, 307th Expeditionary Signal Battalion - Enhanced at JUSMAGTHAI and Camp Red Horse in Thailand. During their visit, the team also discussed infrastructure, communications support and foreign relations within the area of operations.

## [509th SSB: Achieving Innovative SHARP Training through Immersion](#)

The lessons learned and the experiences gained through the innovative, immersive, and powerful training resonated with Soldiers and Civilians at all levels and has set the standard for training excellence, but more importantly directly contributed to sustaining a safe and secure work environment for all teammates.

## [SANEC Team Modernizes Installation Restaurants across Fort Bragg](#)

Ft. Bragg's NEC team supports our warfighters from 93rd Signal Brigade, but are also crucial in helping support Army modernization strategies to improve the quality of life for the Army's number one priority -- its people.
