

# TRUTH 1

Air Force installations are power projection platforms.

# TRUTH 2

Asset management principles drive how we mitigate risk to installation health.

# TRUTH 3

We measure readiness first and foremost by the readiness of the weapon systems we support.

# TRUTH 4

Total Force development at home enables Airmen Engineers to rapidly employ forces and adapt to full-spectrum threats.

# TRUTH 5

Presenting agile Prime BEEF and RED HORSE capabilities critically supports Combatant Commanders' projection of airpower.

# TRUTH 6

Installations are built by, maintained by, and recovered by Airmen Engineers.
